A major new industry for Plymouth will be in operation by October 1 when

RCA Corporation moves this week.

men, operating through the Intion, have raised \$48,000 to guar- one. antee the move and groundbreaking for the building will be next week.

The businessmen were all on hand Monday night when the City Commission took the final step in the quick-moving developments that have guaranteed the new plant.

Commissioners quickly and unanimously passed acceptance site Burroughs Corp. for construction of the new factory. Price paid for the land was \$35.000.

The company will transfer the factory to a group of investors who, in turn, will lease the plant what RCA will manufacture or machine vote. many employees it will have will be released until a date, Harold Guenther, chairman of the Industrial Development Corp., said. He said

In the aftermath of a recent election in this area, into a new factory on Ply- many of us have discovered for the first time unusual mouth Road, it was revealed things about a normal election:

1. It is impossible now to conduct a genuine recount More than 20 local business- of absent voter ballots, when voting machines are used.

2. A voter has no assurance, other than faith, that dustrial Development Corpora- his vote actually has been registered if it is an absentee

3. An absentee vote in many cases is far from "secret.

The reason is that absentee voters are registered on the machines in the individual precincts by election workers, after all the regular voting has taken place and the polls have been closed.

This weakness in the system was brought to public attention in Livonia last month, when a recount was demanded in a tight race for Mayor. Things have settled of a bid by the Campbell Con- down now, but in the meanwhile City Clerk Marie struction Co. to purchase the Clark of this city is firmly urging a change and Facts five-acre piece of property oppo- and Opinions supports her recommendation.

When it came time for the Livonia recount, it dawned on the canvassers that since the absentee votes had been added mechanically to the totals on the machine dials, it would be impossible to examine the absentee (paper) ballots and determine whether they had been recorded correctly. There is no way to tell which part to RCA. No further details of of the final total is absentee and which part is regular

> Mrs. Clark's solution is to take advantage of a new state law permitting "Absent oVters' Counting Boards."

In essence, it calls for setting up one additional precinct," or machine, on which would be recorded all the AV ballots in the comunity, regardless of precinct in which the voter resides. Benefits from this, the Clerk notes, would include the permitting of recount, release of precinct workers from a time-consuming chore, improvement of the secrecy of individual voter ballots (because there would be a large group of voters lumped together; in individual precincts often there are only two or three absentee votes, and it's not hard to determine where they went on the machine after the dials change). It is a simple, intelligent change and it should be nity is maturing and growing incorporated into the election procedure of every community.

collected at Our Lady of adult wear. Good Counsel church Sunday, May 13 through Sunday, May 20.

For this yearly drive, sponsored by the Catholic Archdiocese of Detroit, all types of canned goods are needed, especially soups, jellies.

Parishoners are being asked be Mrs. John Daoust, Mrs. Sed to bring suitable, clean, summer Donovan, Mrs. Kenneth B. Davis clothing for the needy workers and Mrs. R. E. Malick.

ATTENTION HOCKEY FANS: Tonight (May 9) there will a preliminary meeting in Plymouth High School auditorium at 7 p.m. of parents and boys interested in youth hockey. Jim Mc-Kindless from the Plymouth Hockey Association will tell about the Toronto Hockey lessons

A painting, entitled "Plymouth Downtown", has won and clear them. At the wells, a first place in the oil division of the Ford Employee 1962 Art Exhibit. The entry was painted by Albert G. Clark to eliminate some of the iron and will be exhibited along with other of Clark's paintings at Riverside Arena on Plymouth Road. The painting received a second place award at the Metropolitan Detroit Final Art Exhibit.

Ground was broken Sunday afternoon for the club house of the Western Wayne County Conservation Association near Plymouth. Officials of the club participated in the ceermonies at 2 p.m. held at the clubhouse site on Napier Rd. between Five Mile and North Territorial. Joseph R. Fortier is president of the Association.

The Rosary and Altar Society of Our Lady of Good Counsel Church in Plymouth will hold a "Maytime Fantasy" fashion show today, Wednesday, May 9, at 7:30 p.m. Dinner will be provided and door prizes will be awarded. Donation is \$3.50 and the event will be held at Redford Inn, Seven Mile and Grand River.

"Who Is My Family?" is the discussion topic that will highlight May Fellowship Day at First Presbyterian Church in Plymouth. Sponsored by the United Church Women, the day will be held May 11, beginning at 9:30 a.m. and community residents are invited to participate.

To understand how more than downpours in Plymouth days rainstorms, their tasks billion gallons of water get were only a drop in the seemed like a picnic comto Plymouth's customers every bucket compared to the pared to the important task year, you have to start at the billion gallons of water that of maintaining and servic- source

In this community's instance, that source is nine operating wells, found three to four miles northwest of the city limits, which, under constant pumping, send the water flowing into more than 3,000 homes and businesses in Plymouth and in parts of Plymouth and Northville Townships.

The wells - some of several that serve communities in this area of the state keep supplying water primarily because they're dug in an area that dates back to the when huge glaciers carved out vallieys on this part of the continent. A depression extending fr. m Jackson. Mich., to a point just north of here, was dug by the glacial movements and large water fields were left behind, not too deep beneath the surface of the earth.

First wells which Plymouh pioneers dug were in Beck Rd. between Six Mile and Seven Mile. Gravity helped the water flow into town via crocks into homes and 60 hydrants. In the early 1900's the crocks were changed to iron mains that covered the four mile distance from the wells to the city and one of these mains-built in 1821-is still in use.

During the years, Bida pointed out, iron deposits gradually built up in the mains, and the DPW's main task lately has been to try to flush these out ' troit

chemical is being added to try deposits.

By the early 1950's a new 2.800-gallon-per-minute producing well had been opened on Beck Rr. and a 16-inch water main was installed on Sheldon Rd, to Five Mile to Beck and 'down Beck. Now there are about 2,700 city customers, another 400 Township customers and 260 to 300 fire hydrants connected to the water service. Altogether, pumps connect-

ing the wells to the mains can produce two million gallons ow water a day-and more, during the summer, when the demand is greater. In 1959, pumps send 1.205,000,000 gallons of water throughout the city, with the largest customer being he

"The importance of a good water system," Bida points out, "is that it can attract industry. Factories don't want to set up shop in an area where they don't have adequate water and sewer service. We have that service

that Shell dealers often hear

Shell dealers answer thousands of questions every year. Here are 8 that crop up all the time. The answers have helped many motorists save money. They may do the same for you.

1 What's that funny noise I hear? All L cars make some noise. But be particularly alert for any squeals, squeaks, clicks, or rattles that crop up suddenly. Could be

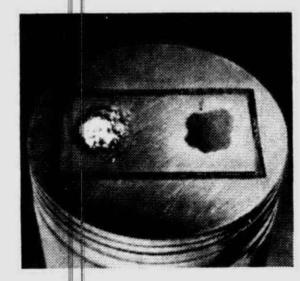

anything from a sticking valve lifter to a loose wheel lug. Ask your Shell dealer to help you track down any unusual noise. You may save yourself a big repair bill later on.

2 How can I get more mileage from my tires? Rotate all tires, including the spare, every 6,000 miles. Drive at moderate speeds. Tires can wear twice as fast at 70 miles per hour as at 45. Avoid fast cornering, "jackrabbit" starts, sudden stops. Try not to bang tires against curbs. And check your tire pressure frequently.

thousand miles? Yes - unless you have one of the newer models that doesn't require it. But with any car, remember that frequent lubrication offers your serviceman a chance to spot trouble before it costs you a lot of money. That's why Shell spection with every Shellubrication.

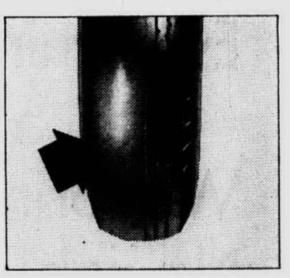

ance and can lead to engine damage. That's why Shell scientists are such sticklers about knock. They even listen for it with stethoscopes and insist that Super Shell contain no fewer than three knock-fighting ingredients.

How can I make my battery last **J** longer? Here are four suggestions: 1. Let your Shell dealer check your car's electrical system. Worn wires and loose connections can drain power. 2. Always maintain battery water to the proper level. 3. Avoid prolonged idling with radio turned on. 4. Go driving! Long drives help charge your battery.

What does TCP do? Shell's unique 6 TCP* is a combustion control addipower loss.

Note: New Shell X-100® Premium is the first premium motor oil that leaves no additive ash deposits. It fights four other internal troubles that can shorten engine life.

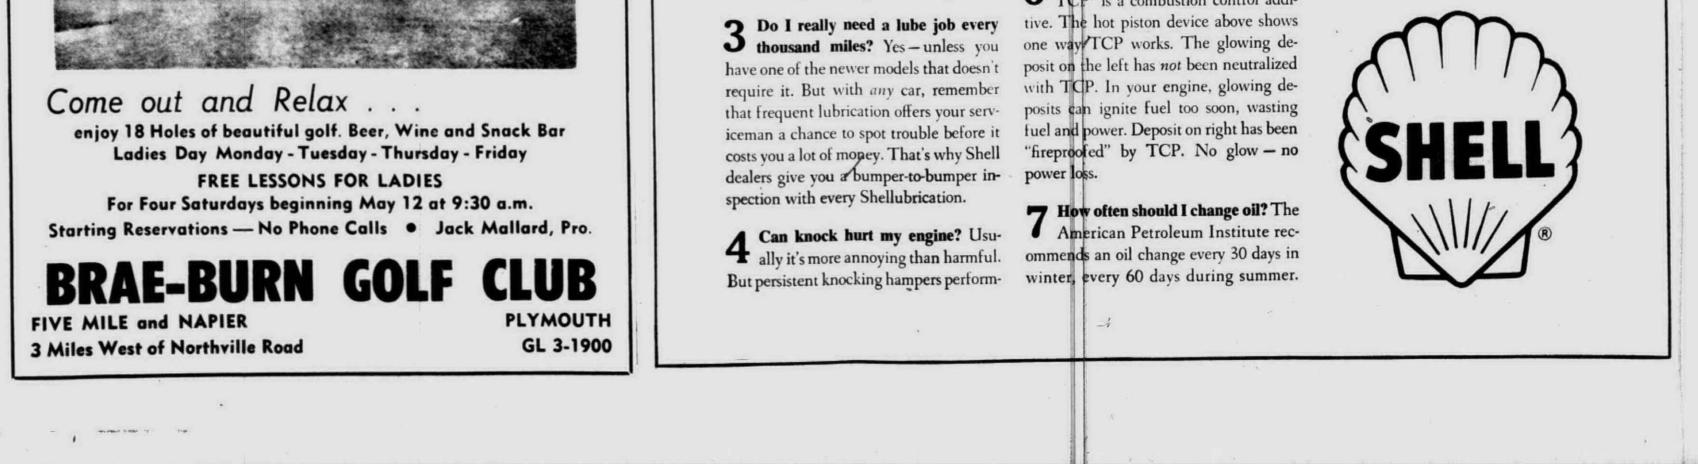

8 Why do my tires wear out on just one side? Most likely cause: wheels out of alignment. Result: your tires drag against the road and wear unevenly. Unbalanced wheels can also cause uneven wear and make your car shake or shimmy. That's why it's a good idea to keep tires balanced and have wheel alignment checked twice a year.

Now a question for you

Is your car giving you top performance? If there's any doubt in your mind, try a tankful of today's Super Shell. It contains 9 ingredients including a gum preventive, three knock-fighters, "cat-cracked" gasoline, a mileage booster, an anti-icer, quickstarting Butane, and Pentane mix for fast warm-ups.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212.

Think of a good idea and a hard-working group of women to promote it and success is automatic, guaranteed, and a foregone conclusion.

The women from "Our Lady of Victory Church" in Northville had the idea of a morning Town Hall lecture series and they were willing to get behind their idea. but were simply amazed at the splendid results.

So grateful are they to members of the communities that supported them-including Plymouth and Livonia-Township, announce the en- Road, Livonia announce the en- announce the engagement of they are continuing the series to be known as the Northville Town Hall Series with members both in Plymouth and Livonia.

> The good and wise ladies who started the idea to raise money for their own church decided part of the profits should go also to the other communities.

Therefore of the \$1,200 in one year they have raised

Any organization in Plymouth or Livonia with a local charity to support may make application before May 20, in Plymouth to Margaret Hough, 1477 W. Ann Arbor Road; in Livonia Mrs. W. E. Parks, 32140 Myrna. They would like the requests to be in writing please. No wonder the affair was an absolute success, they have gone first class all the way.

The lectures were sparkling, well-balanced and timely. They were held at P & A Theatre, Main Street, Northville at 11 a.m. They were only sold as series tickets, which entitled the ticket-holder to a reservation at a celebrity luncheon at Arbor-Lil immediately following the lecture. They wound up the season with Bennett Cerf.

They will open their winter season with Malcolm Muggeridge, Oct. 18. Each lecture will be on the third Thursday of the month. It is 10 dollars for the five lectures which include, besides the brilliant and satirical magazine editor Muggeridge; Robert St. John, the Explorer; Eleanor Foster Dulles, lecturer and author; Emily Kimbrough, who has amused and pleased everybody with her writing, and James J. Wadsworth, President of the Peace Research Institute, formerly U.S. Ambassador to the United Nations.

Contact Mrs. Frank W. Angle, President Chairman; Mrs. J. W. Cheetham, Vice Chairman; Mrs. Roy Mattison, Secretary, or Mrs. Lewis W. Alexander, Treasurer if you are interested in tickets or information. This includes women in Redford too.

Summer School Registration Starts May 17 In Livonia; Some Fees Are Higher

A comprehensive summer \$12.50 to \$15. No fee can be school program will be offered by the Livonia Public Schools this summer for elementary, this summer for elementary.

this summer for elementary, junior high and senior high pupils. Although the operating budget no longer has funds to subsidize the summer program to the extent it has in the past, the Board of Education has approved fee increases and larger class sizes to permit the schools to offer a full schedule.

Extended School Services Director John W. Anderson estimates that nearly 5,000 pupils will be enrolled, including 640 students in driver education classes, which were not offered last year.

As in the past, the summer program will offer: improvement classes, planned specifically for pupils who need remedial work in required school courses, and enrichment classes to provide opportunity for creative work and study of subjects not offered during the regular school year. The high school also offers "enabling" courses, which permit students to take additional courses beyond their regular year's work.

Also offered are driver education for high school students: instrumental music and swimming for elementary, junior high and high school pupils; and art classes for kindergarten through high school students, given by the Detroit Institute of Arts Extension Services.

Registration will begin May 17 and classes will start as follows: elementary and junior high improvement classes. June 25: enrichment classes in twoweek sessions beginning June 25, July 9 and July 23; senior high, seven-week session beginning June 20; driver education in two five-week sessions beginning June 19 and July 24; instrumental music, six weeks beginning June 25: and swimming, eight-week session beginning June 18.

To reduce the deficit on the lowing changes have been made this year:

Elementary and junior high enrichment classes will be raised from a minimum size of 15 pupils to a minimum of 20. The fee of \$8 will cover a twoweek session instead of the previous three-week class. The sixwek improvement classes will be raised from 10 to 12 pupils and

the fee increased to \$15. Improvement classes will still be partially subsidized.

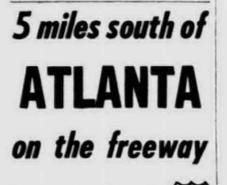

Senior high classes will be increased from 15 to 18 minimum size and fees raised from

Men In Service

Airman Robert Lee Hardacre, son of Mr. and Mrs. Robert Hardacre, 34050 Wadsworth, Livonia, left Thursday from Oceana Beach, Virginia on the aircraft carrier "Independence." Robert will be on a Mediterranean cruise for six months. His first stop will be at Canes, France where his older brother PFC. Larry M. Hardacre, U.S. Army, is stationed. The two brothers will see each other for the first time in 112 years. It will be quite a celebration for Robert will land and see his brother Larry on their younger brother's Danny's, 17th birthday, May 8.

Why Should I Be Bothered With a Community College? My Children Are Young — I Have No Children—My Children Are Older—My Children Are Going to Another College?

This is a college for all the young people as well as many adults. Even if you have no children, or if your children will not attend this college, you will personally benefit because of the increased economic living standards of the community. You are a member of the community and you know that an area with a college will be a better place to live, will improve land values, and in general, make yours a better community.

Baseball:

Plymouth

outh High School's baseball team, or too demanding of his mates.

All he asks that they provide him with a run or two and he'll do the rest.

Against Belleville in the Rocks' conference opener Schryer notched a 2-1 triumph to get his team off on the right road in their title defense.

Last Thursday afternoon, Plymouth managed only one run against Allen Park. But Schryer didn't need any more. The Rocks won, 1-0.

Schryer stopped the Parkers on four hits while fanning four and walking three. He had to work out of jams in the second and third innings when Allen Park put two runners on base each time.

The ace Plymouth pitcher, incidentally, also scored his team's only run. After the Rocks had gone hitless against Ken Kline for three frames, Schryer opened the fourth with a single. Jared Stevens walks and the bases were loaded when Dick Eggloff dropped a perfect bunt

Schryer then came home on a force out, after which Kline fanned the next two men. The Parker pitcher closed with eight strikes to his list. He scattered only three hits while walking four.

Errors contributed to Bent-

SPORTS OBSERVER

- By George Maskin-

Let's go to the races.

These become more than just idle words starting Saturday when the curtain goes up on the 1962 thoroughbred season at the Detroit Race Course, which actually is the Livonia Race Course, over on Middlebelt Road and Schoolcraft.

All signs point to the greatest season ever at the DRC. And all we can say it couldn't happen to nicer folks . . . meaning those who run the track.

While never one to splurge more than a very occasional two bits (note we didn't say bucks) on the borses, this writer long ago found E. E. (Dale) Shaffer, the bossman at the DRC. a gentleman determined to make his operation the best there is.

Certainly nobody can fault Shaffer for any lack of effort and trying. The track facilities at Schoolcraft and Middlebelt improve by the year. The same goes for the calibre of horses.

"It's not an easy battle," Shaffer will tell you. "We must compete with the New York, Chicago and other big tracks. But we're winning, slowly but surely.

. . .

Take this year. The DRC's racing secretary, John Daniel, reports that 40 new stables have been assigned stall space. One of these is the Richard Hazelton group of 32 head.

Hazelton, we're told, ranks as the fifth-leading trainer in the nation. His horses won 49 times at Phoenix during the winter campaigning. Hazelton's top horse is Wondering Boy, who won in a \$40,000 event recently down in the southwest.

Most of the horses at the DRC raced during the winter at

also will be a big one in Redford Township.

BY TRUCK AND VAN, and even Transcontinental Railroad, more than 1,300 thoroughbred horses have been delivered at the Detroit Race Course in preparation for the May 12 opening of the Michigan Mile Track. Thirty-two of the four-legged transients arrived in a unique manner, taking advantage of the specially built railroad siding located right on the DRC grounds at Schoolcraft and Middlebelt. One arrival was "Lady Mingo"

(above), Richard Hazelton, his crew of grooms and exercise boys, and the 32 thoroughbreds completed a 2,500mile door-to-door ride from Arizona's Turf Paradise where Hazelton, fifth leading trainer in the nation in 1961, won 49 races during the winter. Clear skies are expected to bring close to 20,000 people out for Saturday's ninerace card which will open the 1962 thoroughbred season in Michigan. Post time for the first race is 2:00 p.m.

19,000 Expected at DRC For Opening of Races

CROWD OF 19,000 IS EXPECTED at Detroit Race Course in Livonia Saturday when the 1962 Michigan thoroughbred racing season opens. The six million dollar plant is clean and sparkling for

the debut. Saturday's races start at 2 p.m. On weekdays post time is 3:30 p.m.

They're Off' Sounds Again In Livonia This Saturday

Thirteen hundred thoroughbreds will 350 came just two days ago from be in the barns, ready to perform for Churchill Downs, where the Kentucky 700,000 people who will come out during Derby was run last week. With the bedthe summer, when the Detroit Race ding down of this 350, every last stall Course opens its 69-day 1962 meeting at was occupied and it's "no vacancy" to the luxurious Schoolcraft and Middle- everyone now. belt grounds at 2 p.m. Saturday.

For Opening Day, an audience of 19,000 is expected to join the excitement of greeting a new season.

General Manager Paul Ryder has the clubhouse, grandstand and wide grounds scrubbed, polished, painted, trimmed and spotless for the opening.

Refrigerators and storage cabinets of the dining places are laden with choice meats and vegetables, and the pop corn and hot dog cookers all have been tuned for top quality production.

The horses themselves-who'll combeen arriving for weeks. An invasion of at a small additional charge.

OPENS SATURDAY

MAY 12 · Post Time 2 P.M.

Feature of Opening Day will be the \$5,000 Inaugural Handicap, six furlongs for three-year-olds and up.

Among those expected to compete in it are Jockey Clarence Meaux, the DRC's leading rider during 1961, who won last year's inaugural on Mt. Olivet, and Trainer V. R. (Tennessee) Wright, the track's leading trainer last season.

The Detroit Race Course has operated in Livonia since 1950. It provides employment for some 2,100 persons.

General admission is one dollar. The bele in nine races on Saturday - have air-conditioned clubhouse is available

MAY 12 THRU JULY 31... ANOTHER THRILL-PACKED SEASO THOROUGHBR RACING AT LIVONIA'S WORLD-FAMOUS DRC

Yes, "they're off and running" again this Saturday at the DRC. And, again this year Livonia's famous "Michigan Mile Track" will provide thrill upon exciting thrill to thousands of fans of "The Sport of Kings" who will come from all over Midwest America and Canada.

In 1961 the State of Michigan received \$2,725,091.41 additional revenue from your DRC and the City of Livonia received \$500,000.00 of these funds.

Surely, Livonians can be justifiably proud of this famous race track that bolsters the area's economy and provides employment for nearly 1,500 people.

See you at the DRC.

Riverside Coin Club Moves to Livonia For Meeting Place

The membership of the Riverside Coin Club wholeheartedly approved of the new meeting place at 9318 Newburgh Rd. Livonia. The legion hall is both spacious and handy for most of the hobbyists

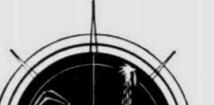

Meetings are held the second and fourth Sunday of each month at 3 p.m. at this same location.

The club is open to everyone interested in numismatics, both junior and adult members. So bring along your trading stock and attend the next meeting this Sunday. There will be an auction, trading session and refreshments.

DAVID N. HOFFMAN of 14110 Cavell has been selected "top man" of the month at the Detroit Branch of Accidental the story of its place in the production which exceeded the communities of Livonia, placed during the month of Novi, and Farmington, repre-March.

company in 1961.

A popular new singing group in this area is making itself heard. "The Charles Madigan Suburban-Aires" are earning a reputation for their enthusiastic delivery of a wide range of selections. Choral favorites such as "Goin' Home" and "Onward, Ye Peoples", spirituals close to everyone's heart, such as "Go Down, Moses" and "Deep River", and show tunes everyone remembers and loves to hear, vie for applause with novelty numbers and special arrangements by the assistant choral director John Anderson. The group has assembled itself from all over this community. Members come to practice on alternate Friday nights in the music room of the Nankin Mills School. They come from Livonia, Plymouth, Wayne, Nankin Township, Garden City, Detroit, Birmingham, Brighton, Northville, and Redford Township. They have a common bond, however, and it shows through in their performances. They love to sing! Perhaps this is the secret of their success. If you are interested in this group, the contact number is GA 2-6289. Taking a minute out of their favorite hobby to pose for a picture are (l-r) front row Rosemarie Lawrence, Paula Madigan, Libby Schrader (2nd row): Mattie Lynch, Pat Bilbia, Gerry Cooney, Pat Mills (3rd row): Bob Kozma, John Anderson, Jim Cullen, Jim Madigan, Vern Lynch, Charles Madigan, (4th row): George Bilbia, Tony Lawrence, Jim Cooney, Dewey Cyr, Del Mills, Pete Peterson.

Student Essay Strikes At Nationalism

(Editor's Note: Recently the Redford Junior Chamber of Commerce selected Miss Rosemary Martin of Thurston High School as the winner of an essay contest on "The Brotherhood of Main Transcends the Sovereignty of Nations." For some of us, the idea might come strange that itoday's young people are thinking beyond the lines of simple mationalism. Miss Martin's winning sesay follows).
By ROSEMARY MARTIN
of a modern hospital, in a million other places, the miracle of birth takes place day after day. A man is born in ignorance of prejudice, bigotry, and false pride; and, though he does not realize it, this is that man's finest moment. It is a moment when he is free could to all other of the second second to distrust. By ROSEMARY MARTIN he is free, equal to all other In the dimly lit room of a human beings, and unspoiled by rowded tenement, in a village the hatred which men have hut, in the bustling whiteness manufactured. He is born un- matures in this world? He sees

all nations involved in a continuous quarrel, mankind divided because its leaders cannot agree on disarmament, nuclear testing, and peace policies. He sees a world struggling for peace, praying for peace, and forever blocking any hope for peace because it has entrusted ali power to nations, which enslave the individual man.

In actuality, the nations rule the world; but it is through their disagreements that peace is consistently put off. People argue this point by saying that nations are made up of men. But can it not be said that nations are set up by men who haven't the strength of purpose to rule themselves? Mankind has delivered itself over to the hands of nationalism and has separated brothers of the world; separated them at a time when they desperately need to be reunited.

The personal contact has been removed from international affairs; men no longer communicate one to another. they leave all negotiations to the government of their nations. They have relinquished their rights as citizens and as free men, because they refuse to be responsible for their freedom. Our remain-

You possess the ability to be positive in your views, but harmonious conditions means more to you than having your own way

Dear Mrs. Andler:

I am glad to know this feature is in our paper again. I never quite got around to submitting my handwriting to the column before and I've always wanted my writing to be analyzed. Can you tell anything about me from this short note?

Yours truly. Miss E. M Dear Miss E. M.

Thank you. While a complete analysis could not possibly be given from the small amount of writing we receive from our interested readers, a great deal can be done with it.

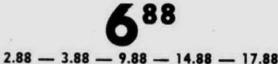

You have a warm, outgoing personality which draws people to you. You will react quickly to incidents which occur and in many cases will remember in detail what has happened. They will leave a lasting impression on you and will influ-
