Packaging Firm Unveils Drawing of Addition

A 60 PER CENT increase in floor area is being built by the Packaging Corporation of America at its plant on Sheldon Rd. The area with the black roof is the 43,000 square foot addition now under construction. The administrative office, now located on Ann Arbor Rd., will be in the section shown in the foreground. Of the

43,000 square feet, 7,000 will be for offices and 36,000 for additional manufacturing space. The firm, which manufactures corrugated cartons and special packages, employs 80 hourly and 30 salaried workers. The addition is to be completed by mid-October.

IN PLYMOUTH last weekend to inspect progress of the 43,000 square foot addition to the Packaging Corporation of America plant was the vice-president of the Eastern Region, S. F. Allison, shown here with representatives of the company and the contractor. From left are John Zaccaro, construction engineer for PCA, A. B. Killen, sales manager; Jack McFada, plant manager; S. F. Allison; and Ed Campbell vice-president of R. G. Smith Co., the contractor. The new addition will include both production and office space.

Twp. Halts Annual Meetings

With only 16 per cent of Plymouth Township registered voters going to the polls and 18 per cent of the City voters, it cost taxpayers an estimated \$1 per vote to stage the state biennial primary election here Tuesday.

There are 4,211 registered voters in the City and 3,800 in Plymouth Township. Figuring the cost of election workers, setting up the machines

and polling places, printing, and advertising the election, officials of both the City and Township estimate the cost of the election at \$1 a vote.

When Plymouth electors go to the polls once again Nov. 6, they will find...

- Republican James O'Neil facing incumbent Democrat Martha Griffiths in the 17th Congressional District race.

- Incumbent Democratic State Senator Raymond Dzandzel meeting Republican hopeful Patrick McNally.

- And Harvey J. Beadle, incumbent Democratic state representative, facing the GOP's P. M. Chandler.

Except for the unusually small turnout at the polls, there were no surprises in Plymouth part of the state primary election Tuesday.

The only completely local contest on the ballot was in Plymouth Township where voters were asked to decide if the annual Township meeting should be abolished. This was approved 285-176.

Wayne Co. 4-H Fair Opens Next Tuesday

Several hundred Plymouth area young people are expected to participate one way or another in the 16th Annual Wayne County 4-H Fair that opens its gates next Tuesday and ends Sunday, Aug. 19.

From all indications, a thousand 4-H Club boys and girls will have on exhibition 150 pleasure horses, their dairy calves, their beef cattle, sheep, swine, rabbits and poultry, along with vegetables, flower gardening and home arts exhibits.

It is expected that hundreds of Plymouthites will be among the estimated 25,000 citizens attending the fair. In addition to the exhibits there will be a midway of rides and shows.

There is no admission charge, but a small charge for parking will be made. TUESDAY will be Entry Day and the entertainment on the grandstand will be provided by the Skyler Music Store, of Belleville, starting at 8:00 p.m. and followed by fireworks at 9:30.

WEDNESDAY will be Judging Day. Most of the displays and exhibits will be judged. The grandstand show at 8 p.m. will include the Red Ace Clown, Fred Daye and his band of zany musicians will have stunts and variety acts and will involve audience participation. Irene Burns will have her trained bird act. She has performed in hotels, clubs and has been on TV shows with Ed Sullivan and Captain Kangaroo.

THURSDAY will involve the judging of horse exhibits and horsemanship and the grandstand show Thursday evening will be the same as on Wednesday evening with a couple of acts selected by Al Nalli.

FRIDAY will be a continuation of horse judging, principally the saddle classes. The evening show will consist of the Ray LeBar Trio variety show, Joan Riss, champion baton twirler, Irene Burns with her trained birds and barberhop singing at its best.

Winners of trophies will be awarded each evening. SATURDAY morning will be the Tractor Operators contest, the Archery Shoot and a Tractor Plowing Contest. The evening program will be the best horsemanship of the 4-H Club members will be on revue in front of the grandstand.

SUNDAY, August 19, will be (Continued on Page 6)

Acquisition Begins For U-R Program

Acquisition of property for the City's first Urban Renewal project has begun and four options for purchase have already been negotiated, Urban Renewal Director Joseph Near said this week.

There are 15 parcels of land in the project located in an area bounded by Mill St., Ann Arbor Trail, the C & O Railroad and Bathey Manufacturing. Manufacturing property and a large parking lot already in the area are exempt. The City intends to resell the land for industrial use.

Near said that offers for the sale of land were mailed to the property owners July 27. Within a few days, four of the options had been signed and most of the others have made appointments to discuss the options. Owners are given 60 days to negotiate the option.

Near said that three of the 15 parcels are owned by one person.

As soon as titles to the first properties are obtained, bids for razing the buildings will be taken. It is estimated that the first buildings will be torn down in September and that all will be gone this fall.

Part of the director's job (Continued on page 6)

There were only 764 voters going to the polls Tuesday in the City. In the last primary two years ago, the City vote was 1,129.

In Plymouth Township, 554 people voted, compared with 881 two years ago.

The lack of a real controversial contest and a driving rain at 6 p.m. were blamed for the smaller-than-usual turnout.

As would be expected, three times as many Republicans voted than Democrats. This is Plymouth's traditional vote. In the vote for governor where one might judge the ratio of Democratic-Republican vote, Governor John B. Swainson polled 174 complimentary votes in the City; George Romney polled 532.

In Plymouth Township, Swainson received 136 votes; Romney, 376.

Governor and Mrs. Swainson arrived at the Township Hall Tuesday morning to cast their votes. Accompanied by aides and newsmen, the Michigan's first couple were a little more at ease than they were two years ago when John Swainson had two foes in the primary.

Most Plymouthites were especially interested in the Congressional and state legislative races. Here are those results:

17th District

In the Congressional race, Martha Griffiths had no opposition within the Democratic party for re-nomination. She polled 23,137 complimentary votes.

On the Republican side, Livonia's James F. O'Neil, 38, a Ford administrator drew 12,636 votes. His rivals were James Heaney, 5,042; and Gregory Pillon, 3,949.

State Senator

Patrick J. McNally, 60, Detroit, state supervisor for Michigan Bell, won the Republican nomination with 12,653 votes. He was tracked by Harry Weindendorf, 5,466; (Continued on page 6)

College Decision Due

Livonia Offers New Sites

Trustees of the Northwest Wayne County Community College, who last week received a petition from Northville residents asking admission of the Northville District to the college district, will again tackle the controversial job of selecting a college site tonight (Wednesday). There are predictions that the final decision will be made.

Adding to the Board's site selection problem is the addition of three more possible locations. Livonia's Mayor Harvey Moelke appeared before the Trustees last week to toss into the hopper the three new sites.

Petitions asking for the Northville District's admission to the college district were submitted by a group of interested parents in the Northville area.

If the Board of Trustees should be favorable to the admission of Northville, a ballot proposal would then be presented to Northville electors.

The college district now has five school districts within its borders — Plymouth,

Wolverine Honors Plymouth Saturday

It will be "Plymouth Night" at the Wolverine Harness Raceway this Saturday night.

Special guests of the management at the track at Schoolcraft and Middlebell, Livonia, will be Plymouth Mayor R. J. Sincock and his party. They will be invited into the winners' circle after a race named in honor of Plymouth.

In addition, the public will hear — over the public address system — about the City of Plymouth, its special features and history.

Wolverine Harness Raceway's season opened Aug. 6 and runs through Oct. 2, with racing each evening except Sundays.

concerning extension of sewer and water to the Northville location. Northville officials replied that water would be available from Plymouth Township at Five Mile Rd., but that the sewer problem may not be as easy to whip.

The college would require 1 cubic foot per second capacity and the Township has but 1.6 CFS. This would leave insufficient capacity for further residential, commercial and industrial development.

Asks Bikes Not Be Ridden On Busy Sidewalks

Bicycles should not be ridden on downtown sidewalks, Assistant Police Chief Loren Johnson reminded young cyclists and their parents this week after more complaints were received from downtown pedestrians.

"If bikes must be ridden on the street, or pushed on the sidewalk," Johnson declared, "And they must yield the right-of-way to the pedestrian, the same as cars," he added. Pushing bicycles on downtown sidewalks would be the preferable method.

Outside of the business area, cyclists are urged to ride on the sidewalk.

According to City ordinance, no more than one person should be on a bike, both hands should be on the handlebars, persons riding on a roadway are subject to the provision of the Traffic Ordinance, and bikes may be ridden on sidewalks but they "must yield the right-of-way to pedestrians and give an audible signal before overtaking and passing the pedestrian."

Meanwhile, the Northville Township Board called a special meeting last week to reply to a request from trustees

Water For Northville Twp. Asked

A request from Northville Township Supervisor George L. Clark requesting that the City of Plymouth sell water to a subdivision was placed before the City Commission Monday night.

Also taking place during the evening were these items of business:

- The County drain commissioner is ready to refund \$11,099 to the City for sewer system overpayment.

- Bids for two trucks were approved.

- A \$200 contribution to the Community Band was reaffirmed.

- Purchase of a new sewer routing machine for \$4,442 was okayed.

According to Supervisor Clark, Northville Township would like to have Plymouth City water for a subdivision being constructed along Seven Mile Rd., between Beck and the park. The City's water main from its well fields now cuts through subdivision property.

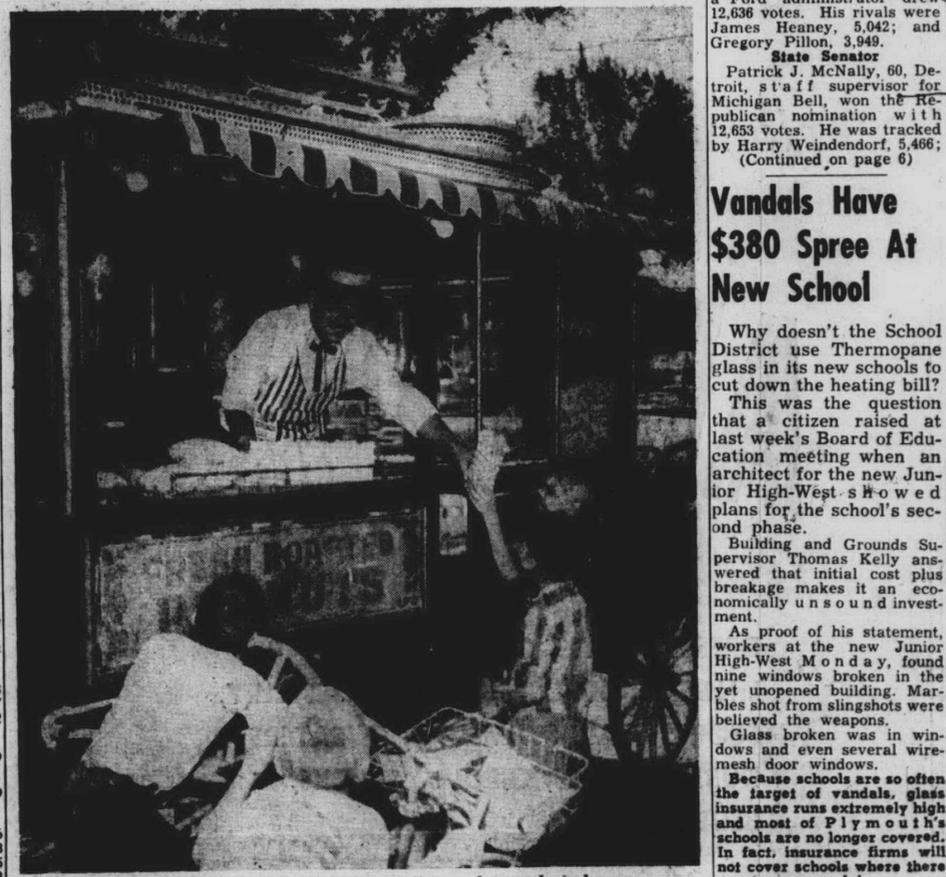

City Commissioners decided to turn the matter over to their consulting engineers, Johnson & Anderson, for study. A joint meeting between representatives of Northville Township and City, the City of Plymouth and the Detroit Water Board may be called before any decision is reached, since Detroit water will eventually serve this entire area.

A representative of the Wayne County Drain Commission appeared at the meeting to inform the Commission that the City is due for a \$11,099 refund from a bond issue floated 10 years ago for the Middle Rouge interceptor sewer. The bond issue had a 15 year life but (Continued on page 6)

No More Maps

There will be no more official State Highway Department maps available this year. The Plymouth mail was told this week.

Last month The Mail distributed 200 maps in a few days and has been receiving requests daily for more. The state has 600,000 printed and all are gone.

"FRESH PEANUTS — POPCORN!" was the cry heard as young people gathered in awe to view the unusual wagon parked in downtown Plymouth last week for the Chamber of Commerce Sidewalk Sale. To most adults, of course, the wagon was a familiar sight and a few are still being used across the nation. This one is owned by Al Stasie of Lincoln Park and was built in 1886. It was brought to Plymouth on a trailer where Stasie, sporting a mustache and apparel from the gay 90's, sold hundreds of bags of popcorn and peanuts. He purchased the wagon in a run-down condition from an Ann Arbor woman.

Vandals Have \$380 Spree At New School

Why doesn't the School District use Thermopane glass in its new schools to cut down the heating bill?

This was the question that a citizen raised at last week's Board of Education meeting when an architect for the new Junior High-West s # o w e d plans for the school's second phase.

Building and Grounds Supervisor Thomas Kelly answered that initial cost plus breakage makes it an economically unsound investment.

As proof of his statement, works at the new Junior High-West Monday, found nine windows broken in the yet unopened building. Marbles shot from slingshots were believed the weapons.

Glass broken was in windows and even several wire-mesh door windows.

Because schools are so often the target of vandals, glass insurance runs extremely high and most of Plymouth's schools are no longer covered. In fact, insurance firms will not cover schools where there are too many claims.

Cost of the "fun" had by vandals last weekend will be \$380.96, which will not be covered, a spokesman said.

Parents whose children own slingshots and similar weapons are asked to warn children of the trouble they may get into and the cost of such acts to taxpayers.

John Wiltse Heads Romney Volunteers

Plymouth Volunteers for Romney got down to business last week as John Wiltse was named chairman of the local chapter on Thursday evening and house to house canvassing was started on Saturday.

Romney Volunteers plan to finish their canvass of every voter in Plymouth and Plymouth township by Sept. 15, thereby completing the initial phase of the three phase program, which is being duplicated throughout the state.

Results of the canvass are being eagerly awaited by 17th congressional district headquarters in Detroit, and Volunteers for Romney central headquarters, in Detroit, as the 17th district is the first district in the state to begin canvassing.

At its second meeting last Thursday in the Mayflower Hotel, the local chapter of Volunteers for Romney, in addition to electing John Wiltse chairman, elected the following officers: Kenneth Hulising, finance; Robert Iles, membership; Robert Tripp, headquarters, and Ned Striton, public relations.

Volunteers for Romney, a statewide organization, is a non-partisan group, and is open to every citizen interested in electing George Romney governor of the state.

Anyone interested in joining the local chapter or doing volunteer work should contact Mr. Iles at 453-8434.

CLERKS IN MOST Plymouth stores were decked out in costumes from the turn of the century for last week's two-day Sidewalk Sale. All of the clerks at Dunning's wore garb from a generation or two ago — all except one who drew much comment with her Hawaiian grass skirt. From left are Mrs. Besse Sallow, Mrs. Emma Schaufele, Mrs. Ethyl Widmayer, Mrs. Helen Bowden and Mrs. Camilla Barringer. Come to think of it, Hawaiians were probably wearing this same costume long before the Gay 90's.

Letters TO THE EDITOR

Gentlemen: Enclosed herein, please find our check for \$4 to cover a year's subscription to your fine newspaper. Will you please make this subscription effective as of Feb. 1962 as that is the date that we started to receive your newspaper on a subscription basis. We just never got around to sending you the check and want to apologize for not doing such.

We think that you have a very fine newspaper and do enjoy reading it very much. Being from Pennsylvania, we were strangers to your community, but your friendly paper has made us feel very much at home and we are looking forward to purchasing property in this area.

Grange Gleanings

The Grange potluck supper, Thursday, Aug. 2, was a very happy occasion as it always is. Those that couldn't make it for supper missed some mighty fine eating. All told, there were 61 present.

Our lecturer, Bessie Sallow, introduced Betty and Jodie Edwards, who sang three beautiful selections, accompanied on the piano by Marie Adams. It was just wonderful and thank you girls — we hope you will come again.

Last Saturday evening, Aug. 4, the Grange members were invited out to Mr. and Mrs. Willoughby Wisely's for a corn roast. Forty-two were present, and from all reports, they had a full and wonderful time.

We were happy to have Mrs. Carl Blaich with us at Grange. Sorry her husband was ill and couldn't be with us. It was good to see Addie Story back with us again, after spending some time in the hospital.

We send our love to all our sick members. We hope you will be with us soon. Keep in mind the rummage sale, also the bazaar which is coming very soon. The next Grange meeting will be Aug. 16. Let's all be there.

Recovery Meetings Held Each Tuesday

Weekly meetings of Recovery, Inc. are held at St. John's Episcopal Church on Sheldon Rd. on Tuesday at 8 p.m.

Recovery Inc., a non-sectarian non-profit organization, was founded in 1937 for the purpose of preventing relapses in former mental patients and chronicity in nervous patients. Headquartered in Chicago, the organization has local units in 27 states and several Canadian provinces. It is a self-help organization, operated, managed, supported and controlled by patients and former patients trained in the Recovery method.

Hosts Three New Industry Managers

Representatives of the Plymouth Community Chamber of Commerce and its Industrial Committee hosted managers of three local industries at a recent luncheon at the Round Table Club.

The three were Lester Johnson, general manager of the Barnes-Gibson-Raymond Division; Edward Burkhardt, manager of Whitman & Barnes; and Norman Prince, head of the Aero Hinge Co., a new firm locating on Ann Arbor Rd.

The Tahquamenon Falls in the upper peninsula is one of the most beautiful waterfalls anywhere in the world. It is 206 feet wide, with a drop of more than 500 feet. The Tahquamenon river is the famous "Golden Stream" of Longfellow's "Song of Hiawatha".

Mrs. James S. Woodburne

Susan Bradner, J. S. Woodburne Exchange Vows

Miss Susan Bradner became the bride of James Stewart Woodburne on Saturday, Aug. 4, at the First Presbyterian Church, in Bay City.

The new Mrs. Woodburne is the daughter of Dr. and Mrs. Eric Bradner, of Livonia. Dr. Bradner is president of Northwest Wayne County Community College.

The bridegroom is the son of Dr. and Mrs. Harris Woodburne, Essexville.

Meets Rotarians, Then Incorporates Them in Address

Dr. Norman Crawford, a past district governor of Rotary and now speech professor at Jacksonville (Fla.) University, was the speaker at last week's Rotary Club meeting.

Using a unique method of putting together an address, Dr. Crawford was escorted around downtown Plymouth Friday morning by his host, Frank Henderson. He greeted 14 Rotarians in their places of business and on the street.

For his address, he told about the Rotarians he met and how their occupations fit into the goals of Rotary.

The 14 were Fred Beitner, Carl Caplin, Harry Draper, Sterling Eaton, Frank Henderson, Sam Hudson, David Mather, Perry Richwine, Edward Sawusch, Loren Goodale, William C. Scott, Robert Sincock, James Sponseller and Robert Willoughby.

DSI Employee Wins Beauty Title in Detroit

A stenographer at Distribution Service, Inc., here was named Miss Northwest Detroit last Thursday evening at Northwest Gala Day festivities in Stoepel Park.

The new beauty queen is Barbara Schatz, 19-year-old graduate of Henry Ford High School.

She has been employed at Distribution Service for the past year.

She won a \$100 gift certificate, a personal trophy, the opportunity to ride in the lead car on the opening day of the 1962 State Fair, and will have breakfast with Gov. Swainson.

Barbara lives at 18445 Greenview in Detroit.

Senior Citizens

By Iva Shipley

A large group of Senior Citizens from Plymouth attended the trip to Bob-Lo July 26. All had a very good time.

On August 2 the Citizens held a business meeting in the Masonic Temple. The meeting was called to order by President Mildred Higgins. A report was heard from Secretary, Treasurer, and sick committee. Sorry to hear of several members who are still ill at home and in the hospital.

A trip is being planned for a Pot Luck picnic at Jackson and Cascades on August 30. Cards and refreshments completed the afternoon activities. The Hostesses for the month of August are Mollie Tracey - Chairman, Mary Schultz, Mildred Collins, Margaret Merrill, Iva Shipley.

Kisabeths Hold 8th Annual Reunion

Attending the eighth annual Kisabeth reunion, held at Hayes State Park at Wampplers Lake near Brooklyn, Mich., on July 29, were 56 Kisabeth's and relatives from Avon, Antwerp, Farmer, Defiance and Hicksville O., Butler, Ind., and Wayne, Northville, Lansing, Inkster, and Plymouth. The group voted to hold the reunion at the same place next year on July 28. Officers are Foster B. Kisabeth, president, and Mrs. Hazel Cotrell, secretary.

Judge Spends Morning Listening To Gunshot at Conservation Club

Circuit Court Judge James Montante spent three hours last Sunday morning in Plymouth Township with a recorder turned on and his ears wide open. The listening session was part of a court case to determine just how bothersome the target shooting is at the Western Wayne County Conservation Association.

The association is the defendant in a case filed by Clyde Smith, owner of the nearby Oak Haven Trailer Park, and seven other area property owners. They maintain that shooting at the association's target ranges is too loud and that a bullet ricocheted above the trailers.

To help in making his decision, Judge Montante decided to stage a shoot Sunday morning. He listened at a variety of locations in the area while a team of conservation club members blasted away at targets.

The judge and a group of followers drove to various locations in the area, including the trailer park and the homes of plaintiffs. Ten minutes was allowed between stops.

Among those on the scene as an interested party was Plymouth Township Supervisor Roy Lindsay. The club owns 40 acres in Plymouth Township and 22 acres in Salem Township in Washtenaw County. The \$60,000 clubhouse is being built in Plymouth Township.

Last month Washtenaw County Judge James Breakley ruled in favor of 16 Salem residents who brought suit against the club. It prohibited any use of the Salem Township property by the club, even for parking or picnic grounds.

The conservation club has been barred by injunction issued by Judge Montante from using the target ranges since May 26. The injunction was temporarily lifted to stage Sunday's shoot.

A MICHIGAN FLAG was presented by the Plymouth Kiwanis Club to the City of Plymouth at last week's Kiwanis meeting. At left is club President Neil Davidson making the presentation to Mayor Pro-tem Marvin Terry.

Kiwanis Presents State Flag to City

Kiwanis President Neil Davidson presented a State of Michigan flag to the City of Plymouth at last week's meeting. Mayor pro-tem Marvin Terry accepted the flag on behalf of the City.

A documentary film, "The Idea of Michigan" was presented by program chairman Walter Gempferline. It told how Judge Woodward conceived the idea of a system of public education for the State of Michigan capped by a University. The original Board of Regents were selected by the state legislature but this proved very unsatisfactory.

The 1870 constitution corrected this mistake and provided that the Board of Regents would be elected directly by the people and this system has proved very satisfactory. The list of U of M first would fill a book; the first laboratory for chemistry experiments, the first professor for various departments such as physics and engineering, the first nuclear reactor and many, many others.

This film presented a complete history of the U of M from the very beginning to the present.

Moved by Comm. Wernette and supported by Comm. Shear that the Personnel Rules and Regulations relative to sick leave be revised as follows:

110. SICK LEAVE
Each regular full-time employee paid on an annual basis, or on an hourly basis, may be allowed sick leave, subject to the following conditions, beginning on July 1, 1962 and thereafter:

1. Sick leave shall accrue from the date of entry into service at the rate of one (1) day per month of service.

2. No employee is eligible to take sick leave until at least six (6) months probation period has elapsed.

3. Sick leave may be anticipated up to five (5) days in advance; that is, it may be used before it is earned up to five (5) days of leave. In the event that an employee is separated from the service, a proper deduction from his final pay check shall be made for any anticipated sick leave taken.

4. Sick leave shall be granted only with the approval of the City Manager, upon recommendation of the Department Head.

5. A certificate from a reputable physician may be required as evidence of illness before compensation for the period is allowed.

6. In case of illness, the employee shall notify his Department Head by telephone or messenger promptly.

7. Each regular full-time employee paid on an annual basis, or on an hourly basis, with at least five (5) years continuous service, who terminates his employment with the city by reason of his death or retirement, shall be paid for one-half of his accumulated sick leave.

8. Each regular full-time employee paid on an annual basis, or on an hourly basis, with at least five (5) years continuous service, who resigns from his employment with the city, shall be paid for one-third of his accumulated sick leave.

9. In no case shall a city employee who has been discharged be entitled to pay for accumulated sick leave.

YES: Comms. Hartman, Shear, Wernette and Mayor Sincok.
NO: Comm. Beyer and Houk.

Motion carried. Moved by Comm. Houk and supported by Comm. Hartmann that the Mayor and Clerk be authorized to amend the Central Parking Lot Improvement contract with Thompson-McCully Paving Company by extending the completion time until the paving season of 1963 in order to delay the application of the 1-inch finish coat until the lot has settled. Carried unanimously.

The City Manager presented a report of the last Parking Study Committee meeting advising that the Committee is considering the adoption of the proposed Fralick Avenue Main Street Parking Lot project, at a total cost of \$236,245.87. The report was accepted and filed. Mayor Sincok appointed A. E. Vallier as the representative of the City on the citizen's committee for the Wayne County Renewal Program.

KEEP IT CLEAN

We are sometimes asked whether drycleaning is harmful to a good suit of clothes. As far as we have been able to find out, it is not! The danger is rather that a man will wear a suit for too long a time without cleaning. London's Trade Magazine, Tailor and Cutter, recently explained why:

"There is an enormous amount of smoke, dirt and grit in the air that penetrates into the fibres of the suiting. After a while this dirt, instead of being removed by brushing, is pressed further into the material and causes it to become hard. This transition, however, is gradual and people do not notice the cloth becoming slightly sticky. The dirt must be coaxed out at regular intervals by drycleaning. Without this maintenance a suit is not being treated properly and it is unfair to both your tailor and the cloth manufacturer."

To which we at Caplin's would add that trying to save a few pennies on drycleaning is misguided economy. Take the trouble to find the very best local cleaner. It pays.

The Professor Sez . . .

by Ed Brown

Remember the newspaper strike of several weeks ago? The time when metropolitan daily readers were scrambling all over the city trying to find any kind of tabloid to read. Yes, I even witnessed people picking up magazines they never would have looked at before, and many more were going around with eyes scanning everywhere for anything readable. It all reminded me of the depression days in the early thirties when many needy people were always walking with their eyes to the ground looking for a little-used cigarette butt.

All this did bring home one thing though, and that being the fact that many people rely very much upon the printed word for much of their information. Also it must be a vital part in the use of leisure time for many persons.

As I have mentioned before we just take too many things for granted these days — we never know how much they mean until we lose them. Of course, there are those who reply that if people did not rely upon newspapers so much they might be better off. That they contain "slanted" news articles according to what paper you are reading at the moment, and then all the sensational items, such as, murders, divorce scandals, gangland crimes, graft, cheap politics, etc.

To many people, however, a newspaper is as important at breakfast as a cup of coffee. It is just not the same — eating alone without something to read, particularly in a restaurant. However, a newspaper should not be read at a family meal for I think family discussion should take place at that time.

Some enjoy reading after they go to bed, others want to read in the living room in the evening, or in a lawn chair on the patio; some like to read in another room in the house. This is just something that has become routine in our lives, and therefore is badly missed when something "messes" it up.

Good reading does relieve tension, particularly a good book. One can gain much from reading well-written articles if he can digest the real information from the propaganda, but sometimes this is rather difficult to do because of the clever way in which it is camouflaged.

On our recent sojourn through the southland we had occasion to read some 30 different newspapers. It was most interesting reading the various editorials — many on the same subjects, such as, integration, sit-down strikes in business places, merchant boycotts — each editor had a different way of attack, and some were for following the court's rulings as the community was suffering so much economically. One said — "so, we have our segregation, but the entire community is in dire circumstances because of a few diehards who would rather see this happen than give in."

It is a real problem down there.

WHAT EVER HAPPENED TO???

Another member of that first swimming team to represent PHS in that sport. Naturally he also graduated in 1955, and was voted the most valuable team swimmer in his senior year.

Leaving high school he matriculated at Michigan State University, and attended that fine institution for two years. At that time he thought he would like to try the business world, and accepted a position with the local Continental Can Company.

Some months later our mystery man was promoted and transferred to the company plant at Cleveland, Ohio. Two years later he felt that to gain more advancement a college degree would be necessary, and promptly entered MSU again last January.

At present he is at home for the summer vacation — you see, girls, the man is still single.

Our mystery guest had a sister who graduated in 1952, and was a peppy cheerleader of the early fifties. She and her husband are the proud parents of three lovely offspring — Scott, 7; Stephen, 5; and a future cheerleader, Suzanne, who is only three.

Her husband, a 1946 graduate, is in the insurance field. They have a home in Lakepointe. If you are looking for some good insurance give Jay Hanna a ring.

Who are these former graduates? David, and the former Nancy Beagle, son and daughter of Mrs. Charles Beagle of North Harvey Street, and the late Mr. Beagle, who passed away last year.

VFW NEWS

The family picnic held July 29 was certainly enjoyed by the forty some people there. With all the family fun it's a shame so many did not bring the kids and make a day of it. Thanks to Bill Cadaret the games and ball game were a lot of laughs. The way Bill played ball next season the Tigers will probably have him. That one play at third was terrific!

Dates to check on your calendar are — Aug. 19 National Home trip, Aug. 25 Juke Box dance, Aug. 28 Fourth district planning conference. This will be held at the Mark Twain Hall 14340 Joy Rd. (near Hubbell) 7:30 p.m. Fourth district President Josephine Modzelewski asks that all officers and chairmen attend this meeting. Also keep Sept. 16 open as that will be her first district rally.

We have a Rummage Sale coming up in Sept. Save anything and everything. Contact chairman Geraldine Olson or Pres. Neale for things to be picked up. Get well wishes go to Linda Foerster, daughter of Eileen Williams. Special wishes of congratulations go to post and auxiliary members Art and Vivian Haar, as they celebrated their 25th anniversary. With all the dates above don't forget we still have meetings in the summer months.

NOTICE OF PUBLIC HEARING APPEAL BOARD ON ZONING CITY OF PLYMOUTH, MICHIGAN

At a meeting of the Appeal Board on Zoning scheduled for Tuesday, August 14, 1962, at 7:30 p.m. in the City Hall, a public hearing will be held to consider:

Appeal Case No. 62-133 of the Plymouth Community School District requesting permission to erect approximately 120 feet of four foot chain link fence in front of the Starkweather School, 550 N. Holbrook Avenue, said fence to be approximately five feet from and running parallel with the sidewalk. Ordinance No. 219, Fence Ordinance of the City of Plymouth prohibits the erection of a fence in front of the building line in an R-2 District.

All interested parties will be given an ample opportunity to participate in the hearing, and at the close of the hearing, all comments and suggestions of those citizens participating will be considered by the Appeal Board on Zoning before making its decision.

and A. Thomas Daoust, 4,039. On the Democratic side, incumbent Raymond Dzendzel of Redford received 16,144 votes; Russell Davidson, 3,802; and Fred Robinson, 2,195.

State Representative
Incumbent Harvey J. Beadle of Redford Township, a Democrat, easily won over his opponent, Beverly Pool, 3,411 to 1,514.
Livonia Publisher P. M. Chandler polled 3,920 votes to rival Robert Hoard's 2,934.

Other Races
Plymouthites followed closely the other county and statewide trends, although Democrats here gave their sheriff nomination to Phillip Van Antwerp, not to winner Andrew Baird. Township Democrats also favored Joseph Sullivan for prosecutor and not winner Samuel Olsen. City Democrats gave both 56 votes.

Precinct Delegates
Those filing for precinct delegates in both the Township and City had no opposition. There were a few write-ins.

In the Township Republicans nominated the following: Precinct 1, Charles Childs, 71; Precinct 2, William Frank, 15 (write-in); Precinct 3, Ray Hulce, 117; Precinct 4, Jessie Lattier, 4; and Beulah Smith, 2 (both write-ins). Democrats: None in Precinct 1; Precinct 2, Orville Tungate, 2 (write-in); Precinct 3, Thomas Foley, 1 (write-in); Precinct 4, Charles Bartolo, 23.

In the City, Republicans nominated: Precinct 1, Richard Merriam, 95; Precinct 2, Charles Zott, 58; Precinct 3, George Bauer, 116; Precinct 4, William Saxton, 63; Precinct 5, Betty Jacobus, 102.

Democrats in the City voted as follows: Precinct 1, James Kearns, 1 (write-in); Precinct 2, Dorothy Frank, 39; Precinct 3, Charles Root, 39; Precinct 4, George Onuski, 29; Precinct 5, Lois Jensen, 22.

SHOPPERS BY THE hundred walked the sidewalks of downtown Plymouth last Friday and Saturday for the annual Sidewalk Sale. Here is shown the crowd in front of several Main St. stores. Most stores had their clerks dressed in garb of the Gay 90's. The annual sale is coordinated by the Plymouth Community Chamber of Commerce.

FOR SEVERAL MONTHS these committee chairmen have been busy preparing Plymouth's annual Fall Festival. The affair, on Sunday, Sept. 9, has attracted thousands of people for the broiled chicken dinner and afternoon activities. From left are Carl Caplin, Robert Sincock, Clifford Tait, Loren Gould, Donald Lightfoot, Dr. William Covington, Wayne Dunlap, Frank Arlen, General Chairman Edward Sawusch, Co-chairman Kal Jabara, Phil Scott, Sam Hudson and John Wertman. Tickets are now being sold by Rotarians and many stores.

80 MPH Crash Injures Girls

Two Lincoln Park girls were seriously injured Sunday night when their convertible, traveling at an estimated 80 miles an hour, went off Edward Hines Drive, crashed through trees and rolled over.

The Sheriff's Road Patrol said that Melene Black 18, was driving the car. She was accompanied by a neighbor, Mary Orman, 17.

Neighbors living near Hines Drive and Lakeview Drive reported to the Road Patrol at 10 p.m. Sunday that they heard screams from the park. Investigating, Patrolmen found the wrecked convertible and the two girls who had been thrown from the car. Some 15 to 20 small trees had been knocked down and the car demolished, they said.

Both girls have broken arms, legs and numerous other injuries.

The Road Patrol said that the girls had been drinking and a park attendant reported that there had been a party earlier in that area.

At 12:37 a.m. Saturday, two cars collided at N. Territorial and Beck Roads with three persons injured. Hurt were Sidney Ray, 41, Detroit, who was traveling on N. Territorial Rd.; Harvey Wilson, 18, Garden City, driving on Beck Rd.; and Wilson's passenger, Barbara LeLong, Livonia.

Wilson said he had stopped at N. Territorial Rd. and had then pulled out into the intersection when his car was struck. The three were taken to Wayne County General Hospital.

Water for Northville

(Continued from page 1)
It has been paid off in 10 years. It now has a \$293,000 surplus which will be returned to the contributing communities.

The Commission turned the settlement agreement over to City Attorney Edward Draugelis.

Four bids were received on a 1963 three-quarter ton pickup truck for the DPW. The low bid was from Murphy Motor Sales on Grand River for a Dodge, but the Commission by-passed this because of the distance required to obtain parts and repairs. The next bid was \$126 higher. It came from Ernest Allison, Inc. The Chevrolet will cost \$1,920. Other bids came from Paul J. Wiedman, Inc., \$1,956; and West Bros. Motors, Inc., \$1,998.

A tilt-cab and chassis truck to be used by the Sewer Department attracted but one bid. It came from Wiedman and was \$3,511. The bid was accepted.

Commissioners tabled a decision on bids from two heating supply dealers for an air-conditioning unit for City Hall. The specifications called for reducing temperature in the building 3 degrees under the outside heat and limiting humidity to 55 per cent. Otwell Heating bid \$4,800 with an eight ton unit while Keith Heating bid \$2,585 with a five ton unit.

Commissioner Marvin Terry questioned the difference of tonnage and both bidders declared that their figures were correct. The Commission voted to turn the matter over to local architect Byron Becker for a recommendation.

Three representatives of the Community Band were present to answer questions concerning the need of money to keep the band going this summer. A donation of \$200 was approved at the last meeting, but Commissioner Richard Wernette later questioned whether all facts had been presented. William Ed-

gar, Keith Burton and William Upton, members of the band, explained fully the need of hiring a qualified director for the eight summer concerts. Satisfied, the Commission voted to release the check.

A new high-speed sewer routing machine made by Flexible, Inc. will be acquired by the City. It will be purchased on a monthly rental plan at a total cost of \$4,142.

In other business, Commissioner Terry questioned the slowness of the State in releasing reports on suspected Dutch elm diseased trees. The manager will investigate other agencies which may obtain quicker results.

The City will investigate the need of widening the southwest corner of Harvey and Penniman to make turning easier. After the meeting, they went to the corner to examine the situation.

One citizen, Mrs. Florence Rose, 357-Ann, expressed her appreciation to the City in a letter Monday night for widening the opposite corner. She suggested that a traffic light at Ann Arbor Trail and Harvey be the next project. The City, however, has long wanted this but Ann Arbor Trail is under jurisdiction of Wayne County and the County so far has not been sold on the necessity of a light.

Vandals Strike
Thefts and vandalism involving cars were reported to Plymouth police last Friday morning.
Charles Campbell, 42006 Miccol Dr., reported that his car's manifold, two four-barrel carburetors, air cleaner and linkage distributor were stolen.
Another City resident reported that someone had dropped a raw egg into his car's gas tank and put a tomato in the exhaust. Another resident found his car's distributor cover missing.

Saturday and Sunday afternoons there will be an old-fashioned threshing bee. There will be 3 to 4 steam engines and 2 grain separators. Ten acres of oats which have been cut with a binder will be threshed. Old-timers will enjoy the aroma of the steam, smoke and oil characteristic of old time threshing. Bring your camera.

The City of Plymouth's fire hydrants are getting a new look. Once yellow, and in recent years painted red, the hydrants are now being painted white.

According to Deputy Fire Chief Charles Groth, the white paint will be the reflective variety so that the hydrants can be easily seen at night. "When they were red, we would fall over them at night before we found them," Groth said.

It came from Ernest Allison, Inc. The Chevrolet will cost \$1,920. Other bids came from Paul J. Wiedman, Inc., \$1,956; and West Bros. Motors, Inc., \$1,998.

A tilt-cab and chassis truck to be used by the Sewer Department attracted but one bid. It came from Wiedman and was \$3,511. The bid was accepted.

Commissioners tabled a decision on bids from two heating supply dealers for an air-conditioning unit for City Hall. The specifications called for reducing temperature in the building 3 degrees under the outside heat and limiting humidity to 55 per cent. Otwell Heating bid \$4,800 with an eight ton unit while Keith Heating bid \$2,585 with a five ton unit.

Commissioner Marvin Terry questioned the difference of tonnage and both bidders declared that their figures were correct. The Commission voted to turn the matter over to local architect Byron Becker for a recommendation.

Three representatives of the Community Band were present to answer questions concerning the need of money to keep the band going this summer. A donation of \$200 was approved at the last meeting, but Commissioner Richard Wernette later questioned whether all facts had been presented. William Ed-

gar, Keith Burton and William Upton, members of the band, explained fully the need of hiring a qualified director for the eight summer concerts. Satisfied, the Commission voted to release the check.

A new high-speed sewer routing machine made by Flexible, Inc. will be acquired by the City. It will be purchased on a monthly rental plan at a total cost of \$4,142.

In other business, Commissioner Terry questioned the slowness of the State in releasing reports on suspected Dutch elm diseased trees. The manager will investigate other agencies which may obtain quicker results.

The City will investigate the need of widening the southwest corner of Harvey and Penniman to make turning easier. After the meeting, they went to the corner to examine the situation.

One citizen, Mrs. Florence Rose, 357-Ann, expressed her appreciation to the City in a letter Monday night for widening the opposite corner. She suggested that a traffic light at Ann Arbor Trail and Harvey be the next project. The City, however, has long wanted this but Ann Arbor Trail is under jurisdiction of Wayne County and the County so far has not been sold on the necessity of a light.

Vandals Strike

Thefts and vandalism involving cars were reported to Plymouth police last Friday morning.
Charles Campbell, 42006 Miccol Dr., reported that his car's manifold, two four-barrel carburetors, air cleaner and linkage distributor were stolen.
Another City resident reported that someone had dropped a raw egg into his car's gas tank and put a tomato in the exhaust. Another resident found his car's distributor cover missing.

AN AWARD OF Merit for achieving over a million man hours without a disabling injury is accepted by C. E. Hinck, left, area manager of the Installation Organization of Western Electric. Gerald E. Montgomery, center, made the presentation in behalf of the Greater Detroit Safety Council. At right is W. J. Marvin, staff superintendent.

Western Electric Installers Go 1,382,083 Hours Without Injury

An award for achieving over a million man hours without a disabling injury was presented to the Installation Organization of Western Electric Co. at a luncheon here last week.

Gerald E. Montgomery, executive director of the Greater Detroit Safety Council, made the presentation. The luncheon took place at the Roundtable Club with district superintendents of Michigan and Indiana attending.

The Installation Organization is separate from the distribution unit at the Western Electric plant. Most of the installation group is spread out over Michigan and Indiana. There are approximately 1,100 employees. Area manager of the In-

stallation Organization is C. E. Hinck, who accepted the plaque from Montgomery.

The plaque was given when there were 1,382,083 man hours worked without a disabling injury.

In addition, the group has more than 10 1/2 million man hours of exposure without a disabling injury. This record goes back to 1954.

In making the presentation, Montgomery declared that the record is even more remarkable when one remembers that the employees are "scattered all the way from the Copper Country to Evansville, Ind. It would take only one person to spoil this record."

Figured another way, the accident-free hours would mean that one man, working a 40-hour week, would have to work 691 years without loss of time.

Exchange Students Tell Experiences

Thrilling, beautiful, exciting — these are a few of the terms used by Sue Hoepflich, daughter of Mr. and Mrs. Frederick M. Hoepflich, of 42490 Schoolcraft, and Bob Webber, son of Mr. and Mrs. Robert A. Webber, of 190 Blunk St., to describe their stay in Germany.

Sue, who left June 25, and Bob, who left June 19, are spending the summer in Germany as exchange students under the Youth for Understanding program. Sue is living on a dairy and poultry farm in Hergatz. One of her foster sisters has been living in Scottsville, Mich., as an exchange student, and returned to Hergatz July 28.

Bob's foster family lives in Lesum, suburb of Bremen, in a "huge old house which was built about 50 years ago" by his foster father's father.

On route to their German homes the students' first stop was in Amsterdam, where they were introduced to European table service. Sue expressed surprise at the size of the dessert spoons, which she says are the size of American soup spoons. While in Holland the students toured the Hague, by canal boat, bus and by foot, and visited the towns of Marcham and Volendam, where residents wore wooden shoes and boys under the age of seven wear long curls. The only distinguishing factor between girls and boys under the age of seven, Sue said, was that the boys wore stars on their caps and their name on the side of their apron.

Sue added that the one thing that has impressed her about her stay in Germany is the wonderful people she has met. She said, even though she can't speak the language, the German people do all they can to help her.

Sue, also noted, that in Germany school is in session all year long, but is interrupted by many holidays.

Bob wrote that during his first week in Lesum, he went to the Island of Norderney with his foster brother, Frank, and Frank's class from school. He also at-

tended school with Frank, and said the German students were very kind to him and were interested in hearing about American teenagers. Bob, also, mentioned that he has been introduced to the sport of rowing, which is very popular in Germany. He added that he found rowing, difficult at first.

compiled a 2-12 record and tied for seventh.

Redford DAV emerged as Champion with a 12-2 record. The D league is administered by the Livonia Parks and Recreation department, in conjunction with the Plymouth recreation department.

Plymouth Elks made a last-minute surge into fourth place in the league. They won three straight games last week to jump from the second division in the conference.

The Elks dumped Northville Plumbers, 7-0, and then punted Novi by the same score. Later, the Elks defeated Plymouth Optimists, 12-7, before losing a 4-3 decision to Champion Sporting Goods.

The Optimists, in addition to their loss to the Elks, bowed twice more in final games. Redford DAV trimmed the Optimists, 8-0, and Champion Sporting Goods defeated them, 7-0.

In other games last week, the Wayne Monarchs beat Livonia Saints, 4-2; Champion Sporting Goods defeated Novi, 10-0; Northville Plumbers trimmed the Wayne Tigers, 7-0; DAV dumped Livonia Saints, 14-0; DAV defeated Wayne Monarchs, 6-1; and Novi beat the Tigers, 7-0.

THE PLYMOUTH JUNIOR Golf Association ended its 1962 season last week with an awards ceremony at Hilltop Golf Club. Trophies, donated by the Plymouth JayCeers, were awarded to numerous divisional winners. Among the recipients were flight winners from the season-end nine-hole match-play tourney. The flight winners and tournament officials are shown here. From left: Hilltop Manager Chris Burghardt; PJGA director Mrs. Wilson Augustine; Gerald Scott, championship flight winner; Bob Kreitsch, first flight finalist; Dave Dunlap, second flight winner; Jeff Manley, winner of the third flight; and Mike Joslin, fourth flight champ. The PJGA program lasted seven weeks.

Tait's Captures All the Marbles In "B" Softball

A pair of victories last week clinched a fourth straight Class B recreation softball championship for Tait's Cleaners, as the 1962 season neared its end.

Tait's blasted McAllister Bros., 16-7, early last week and later added Carling's to its list of victims, 9-4.

It gave the Cleaners' team an 11-2 won-lost record and an undisputed league crown.

Vico Products nailed down second place in the conference with a 20-5 decision over Carling's, good for an overall 9-4 mark in the ladder of standings.

In third place as the week ended was Toll House, which was idle last week but was clinging to the league's "show" position on the strength of a 8-4 record.

Pursell's Office Supply and DeHoCo shared fourth place, each with 8-5 standings.

DeHoCo registered a pair of wins last week to rise out of the second division. The margin of victory was 4-1 as DeHoCo downed IBM early in the week, while Men's Lutheran bowed by a 5-1 score later.

Pursell's was a 7-5 winner over Box Bar in other games, and Men's Lutheran downed Plymouth Plating, 9-4. McAllister Bros. also defeated Plymouth Plating by a 9-4 score last week.

Final games in the league were played Monday and Tuesday nights, but none of them figured in the final standings to any great degree.

Tait's faced Plymouth Plating Tuesday night as the season drew to a close. (Results were not immediately available.)

Last week, Tait's was decisive in its victory over McAllister Bros. Tait's opened with seven runs in the first and stacked pitcher Bob Anderson to all the advantage he needed.

Don Thompson hit his fifth grand-slam homer of the season in the fourth inning as insurance for Tait's.

It was Thompson's bat that made things easier for Tait's in a battle late in the week with Carling's. He hit a three-run homer in the fourth to pace a six-run uprising by Tait's that made the difference in what previously had been a tight duel between the two teams.

Manager Gordon Robinson was on the mound for Tait's

and served mostly slow knuckle-ball pitches during the contest and effectively befuddled the Carling's batters. A year ago, Carling's was the champion in the fast-pitch division here.

Thompson, with two homers last week, upped his production to 11 and strengthened his league lead in the home-run department.

The standings as the week ended:

Tait's Cleaners	W	L
Vico Products	11	2
Toll House	9	4
Pursell's	8	5
DeHoCo	8	5
Carling's	6	7
Men's Lutheran	6	7
McA Bros. & Ply. Sch.	5	8
IBM	4	9
Plymouth Plating	3	9
Box Bar	3	11

SPORTSEEN

By Jezome O'Neil

The 1962 edition of the recreation department's Class B. softball league passed into history earlier this week as Tait's Cleaners swept up all the marbles.

When the schedule got underway here two months ago, it wasn't quite a foregone conclusion that Tait's would claim the league crown.

But on the other hand, there were very few foolish enough to doubt that Tait's carried the label of "favorite" into opening action within the conference.

That sort of stood to reason, since the same bunch of players that this year combined to form the Tait's team had taken home three previous Class B crowns since 1959. Playing as Nick's Barber Shop a year ago, they handily won that championship and the two previous seasons they also emerged as champs, only then under the name of Gould Homes, Inc.

In five years, with Gordie Robinson handling the managing tasks, Tait's (nee Nick's, nee Gould Homes) has won 57 games, lost five and tied one.

And to make the record even more impressive, the same team has played together in a Class B softball conference in Livonia for the past four years and has compiled an awesome 63-2 mark.

While Tait's feasted on most of the league pie — and also earned a majority of the headlines here — there were 10 other teams in the conference that fought a good battle against long odds.

These teams, as well, deserve full recognition — starting with the players, moving to the managers and right up to the 10 other sponsors.

Vico Products, Toll House and Pursell's put up the biggest chase of the eventual winners, while Carling's, DeHoCo and Men's Lutheran beefed up the middle of the league standings.

Down towards the cellar were McAllister Bros., IBM, Plymouth Plating (who led the league briefly) and Box Bar.

Sponsoring a softball team is no easy matter from a money standpoint. Entries in the local softball conference had to pay out \$55 just to get a team name on the league roster.

Over and above that expense was the cost of balls (\$24 a dozen) and uniforms (a variety of prices). The 11 sponsors this year, it is estimated, each paid out a minimum of \$100 and many (specifically those that purchased full team uniforms) found their sponsor's costs spiraling upward to \$200.

(Interestingly, every team this year in the Class B loop was outfitted in uniforms.)

The 11 teams each played 14 games over a two-month period and faced some opponents twice over that span of time. All rained-out games were made up before the season ended.

At any rate, another successful softball season has been concluded here.

On another subject, Mike Hoben is set to begin his eighth season as head football coach at Plymouth High.

He said last weekend that 56 candidates have already signed up for the coming season, about 20 less than he usually has listed by this time.

Immediately after the 5-mill school operating fund tax was passed by voters last week, Hoben saw to ordering the necessary football equipment so that his team can be adequately outfitted when the season gets underway.

The schedule for the Rocks consists of eight games, comprised of five conference opponents and three others, Walled Lake, Farmington and Northville.

The latter school will form the opposition in the opener on September 14. Meanwhile, practice will begin August 27.

The Michigan High School Athletic Association — in conjunction with a national rules committee — has adopted a regulation that all high school players must wear fitted mouth protectors beginning this fall.

While Hoben will be able to provide one style (at \$2.25), players will also be able to obtain the protectors, which are individually fitted to each respective set of teeth, from local dentists at an approximate cost of \$6.00.

Scott's 36 Wins PJGA Season-End Tourney

Gerald Scott fired a 36 at Hilltop last week to win the Plymouth Junior Golf Association season-end match-play tournament. He defeated Bob Beck, defending championship flight winner from a year ago.

In other divisions in the PJGA tournament, Bob Kreitsch defeated Jeff Scott to win the first flight crown. Dave Dunlap nipped Dave Parker in the second flight. Jeff Manley downed Jeff Gulbransen in the third flight. Mike Joslin beat John Hoffman in the fourth flight.

There were more than 60 youngsters enrolled in the seven-week PJGA program, which concluded with last week's match-play tourney.

An awards event followed that evening, at which time all divisional winners along with other champions in a variety of categories received individual trophies which were donated by the Plymouth JayCeers.

Parents and friends were in the audience at Hilltop last Tuesday when the awards were passed out by PJGA chairman Mrs. Wilson Augustine.

Chris Burghardt, Hilltop pro, presented Bob Stover the trophy for the most improved player in the Advanced Division and a similar award went to Sue Green and John Russell in the Beginners Division.

Buck Zornow was medalist for the tournament play and Al Roberts received the Oscar for low net. In the first flight Dick Lorenz had low gross and Mike Manley low net. Burleson had low gross in the second flight with David Hoffman earning low net.

Tom Munzer won low Gross in the third flight and Regan Fluckey had low net. Special awards were given to Sandy Pentecost and Gail Schneegg, the only girls who participated in play in the advanced division this year.

The committee felt that special recognition should be given these young ladies who were matched with boys throughout the season.

In winding up the season, the PJGA officials committee extended thanks to all parents who served as "walkers" during the year and also extended their appreciation to Hilltop and Host Pro Chris Burghardt, along with the JayCeers who donated the PJGA trophies.

Fisher's Finishes 2nd in "E" League

Northville Plumbers, twice-tied but never defeated, last week won the Class E baseball league championship. The Plumbers finished the season with an 8-4 victory over Novi Giants and a 10-0-2 overall record.

Two Plymouth entries in the conference — Fisher's Shoes and Finlan Real Estate — finished second and third, respectively.

Fisher's posted a 9-2 win over Novi Flyers last week as Terry Cruse hit a three-run homer in the fifth for the winners and Bruce Vernon turned in a neat three-hitter. Meanwhile, Finlan's defeated Wayne County Training School, 7-5, early in the week and then was forced to settle for a 9-9 tie with the Novi Flyers in a game that was called by darkness.

Plymouth Kiwanis, which finished the season in fourth place in the league, downed Bill's Market, 9-0, in another final game. Bill's Market absorbed one other loss last week, an 11-4 defeat at the hands of Northville Recreation.

The final standings in the Class E conference:

N'ville Plumbers	W	L	T
Fisher's Shoes	10	0	2
Finlan Real Estate	9	3	0
Plymouth Kiwanis	7	4	1
Novi Giants	5	6	0
Novi Flyers	4	6	2
Bill's Market	3	8	0
N'ville Recreation	3	9	0
WCTS	1	10	0

Northville Plumbers, league champs, will represent the local conference in the Recreation Association of Michigan junior baseball district tournament next week in Wayne.

Play Area Program Concludes

The summer recreation playground program ended late last month with more than 300 Plymouth youngsters participating daily in the activities conducted at seven play areas here.

Recreation Director Herb Woolweaver explained that only seven of the 12 available playgrounds opened in June due to a lack of funds.

Over the course of the ensuing two months, three of the seven play areas were forced to close for lack of adequate participation and another playground was opened midway through the period.

As a result, when the program concluded on July 27, only five playgrounds were still in operation.

A minimum of 35 youngsters is necessary on a daily average in order for a playground to remain open, Woolweaver said. The three play areas that were closed were those at Starkweather and Gallimore schools and the one behind the high school.

The playground at the south end of Hamilton St. was opened especially at the request of mothers in that neighborhood. The mothers helped staff the playground there.

No "bankers' hours" here

As you know, we're open hours after most other stores are closed.

This makes it convenient for you to pick up many nondrug items. But think how often it's evening when you discover you need a thermometer... or a hot-water bottle... or aspirin... not to mention prescription medication.

This is the important reason for our extra hours. It's a traditional service we provide because illness doesn't keep bankers' hours either.

For lovers of Chocolate Meringue pie, Mrs. Charles Westover, of 1405 W. Maple, offers her recipe which she gleaned from a Crisco cookbook, some 25 years ago.

Chocolate Meringue Pie
2 squares from 1/2 lb. cake of chocolate
3/4 c. cornstarch
2 c. milk
3/4 c. sugar
3 egg yolks
1 Tbl. vanilla
1 tsp. Crisco

Melt chocolate in double boiler. Add sugar, cornstarch, egg yolks, Crisco, and milk. Cook until thickened, stirring constantly. Add flavoring. Pour into baked pie shell. Cover with meringue, made with three egg

whites and six tablespoons of sugar. Brown in slow oven (325 degrees).
With all three of her sons in college, Mrs. Westover keeps her time occupied with club activities, including Rotary Anns, National Farm & Garden Club of Plymouth, Circle 7 of the First Presbyterian Church, Plymouth Nurses Civil Defense Organization, and the Washtenaw County Auxiliary Medical Society. Her son, Charles, 22, is in graduate school at the University of Pittsburgh; Bob, 21, is a senior at University of Michigan and David, 19, is a sophomore at University of Michigan.

EVERY HOME-MAKER needs this book

to bring peace to the household

Today's homemaker finds it increasingly important to maintain an atmosphere of peace in the family, where each member can find strength to meet the problems of the outside world. In Science and Health with Key to the Scriptures by Mary Baker Eddy many families are finding the intelligent answer to all their problems.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

Postmaster Tells How to Get Mail At New Homes

America is a land of rapidly expanding suburbs. It is our desire to furnish these new residential areas with prompt, accurate mail service," says Postmaster George Timpona.

The postmaster has the following advice for those living in newly-constructed homes:

1. If you occupy a new home on a street already receiving mail delivery, install your house number and appropriate mail receptacle or door slot immediately. Should you be located on a mounted route (served by motor vehicle), you will be required to furnish a rural-type mail box or other suitable receptacle erected at the curbline. Ordinarily, the type of receptacle being used by your neighbors would be the correct one. If you have any question as to the type of box or as to where and how it should be installed, get in touch with the post office. Also, be sure to notify the post office at once when you are ready for service to begin.

LOSE WEIGHT

UNITROL Capsules available in Plymouth at BEYER REXALL DRUG STORES ALL 3 STORES

2. If your new home is on a street not receiving mail delivery, get in touch with the post office immediately and ascertain where and how you may receive mail. Usually, it is necessary that you install a rural-type mail box at the nearest point in the carrier's regular line of travel, but it may be necessary, under certain circumstances, that you receive your mail temporarily through general delivery. Notify the post office immediately when you are ready for service to begin.

Unless a new resident meets the requirements for delivery to a box or other receptacle, properly placed and installed, his mail is placed in general delivery at the main post office or station or branch from which his address is served, where it is held for 10 days (or fewer if the sender so specifies on the mail matter). After this period, the mail will be endorsed "Unclaimed" and returned to sender or otherwise appropriately disposed of.

For Our FARM RESIDENTS

BY MELVIN L. WOELL, MANAGER
INFORMATION DIVISION
MICHIGAN FARM BUREAU

Hit a slow-moving tractor with a fast-moving car and you might as well plow into a brick wall; — and results are about the same.

Add an unprotected man atop the wall, and the rest of the tragedy unfolds, Humpty Dumpty fashion.

Witness: — photos of a large modern tractor split completely, lengthwise, — its rider nearly so. Witness: — the pretty teen-age girl lying in the ditch UNDER the tractor she was driving to "daddy" in the nearby field.

In accidents between tractors and cars, the slow-moving vehicle comes out a poor second. Its operator hasn't a decent chance. In accidents between tractors and cars, seventy-five per cent of the fatalities occur to the tractor operator. Nearly one-third of all deaths involving tractors happen on highways. Nearly one-half of the highway tractor deaths occur to drivers under 16.

Accident files are filled with evidence to show what happens in a moment of carelessness, caused in many cases by increasing farm-use of highways and pressure of harvest-season work.

When the hay is down, — when grain is ripe, — when the weather is threatening, farmers spring into action. Not all farm-land is adjoining. It is common for one farmer to work several farms some miles apart.

Farmers must remember that tractors are "motor vehicles" — defined as such under the motor vehicle code, — and when on highways they should be handled the same as cars. Not that they are expected to whiz down roads at car speeds, — rather that the basic rules of the road do apply.

These rules include arm signals when turning, lights at night, (white light in front, red in the rear) — and of course, common courtesy. If through slowness, a tractor driver is holding up traffic, common courtesy (and common sense) dictates that he take to the shoulder of the road.

The moral? "All the King's Horses and all the King's Men, Can't put Humpty Dumpty together again."

Who's Who

In the Plymouth Community Schools

Robert Anderson

All seven years of Bob Anderson's teaching experiences have been in the Plymouth school system. First, a member of the Plymouth teaching social studies and English in the Junior High, then driver education in the High School, and for the last four years, a sixth grade class at Gallimore.

WHILE AT Gallimore School, one of the class lessons has grown into a pet project of his — the conservation and development of a nature area in the Gallimore Woods, about 20 acres of land around the school. With contributions from the Conservation Department, the six grade classes under his direction have planted evergreens, honeysuckle shrubs, and multifloral roses. They have built wildlife shelters, and learned how to preserve the natural plant life already there. Mr. Anderson believes that much more needs to be done to enhance the natural beauty of this area, and he has many plans for it.

He is able to identify most birds by sight and has in the past been a member of the Detroit Audubon Society.

He also enjoys fishing, hunting, and softball having been a member of the Plymouth championship team for the last four years. In between times he is a rock hound.

BORN IN Flat Rock, reared in Waltz, graduated from the Carlton High School, employed as an auto mechanic and as a volunteer fireman for three years after his graduation, he entered Eastern Michigan University. Here he earned a secondary teaching certificate and a bachelor's degree while also working as manager of the duplicating office of the university, and later as a product control clerk at the Lincoln Mercury Plant in Wayne. During this time he was also a recipient of a State Board scholarship for three years of undergraduate work.

SINCE HE has been teaching in Plymouth, he has continued his studies at Ann Arbor earning his elementary teaching certificate and his masters degree. He has also received scholarship awards for a few summer workshops. One, from the National Council of Christians and Jews was as an assistant staff member for a human relationship workshop, and two were from Michigan State University. The first one was for driver education, and the second was for an outdoor education workshop.

Now after seven years of teaching experience, Mr. Anderson has received a sabbatical leave of absence to spend one year of concentrated study toward a PhD in curriculum development. In this year he hopes to com-

plete all of his work with the exception of his dissertation. His field experience will be in the Wayne School System working with Dan Moore, the curriculum coordinator, and Dr. Godbey, the assistant superintendent of schools.

Following this leave, he is under contract to return to the Plymouth system for at least three years.

He is a member of Phi Delta Kappa, an honorary educational fraternity, and at the present time is the historian for his chapter.

HE IS A supporting member of the NEA, MEA, PEA, and the association for supervision and curriculum development. Next year he plans to become an active member of the MSCD.

Mr. Anderson maintains a home at 113 S. Harvey for his wife, Evelyn (his high school sweetheart) and their three boys, Terry, a Junior High student of 16, Robert and Jeff, both Smithonians age 11 and 8 respectively.

Plymouth Vending Is Subject Of Magazine Article

An article relating how a Detroit vending machine firm that moved to Plymouth has prospered despite the big difference in population appears in the current issue of a trade magazine, American Automatic Merchandiser.

It relates to the Plymouth Vending Co., 770 Davis St., which last fall moved here from Detroit. Carl Hopkins, owner of the firm, tells in the article how his firm is growing faster now than any time in his previous 10 years of vending. Volume, this year he says, will exceed \$225,000 and his main problem is how to keep up with the business.

Hopkins designed the building himself to fit the operation. He employs three route men and has several other part-time people working in the building. Hopkins estimates that 50 per cent of his new business has been acquired unsolicited — referrals from satisfied customers.

Chips from the ROCK

Two of my lifelong friends, Tim Meulenbergh and Robert Redmond, are basking this week in the light of the twenty fifth anniversary of the founding of their business. Late in their twenties, long after leaving our mutual hometown of Kalamazoo, they were rooming together in Detroit. One a salesman for Standard Oil Company and the other a chemist for Chrysler Corporation. Deciding there was no long range future in their present occupations they pooled their limited resources and opened a rubber fabrication operation on Woodward avenue. The first two or three years saw them on the verge of bankruptcy many times, and many of their weekends were spent at our home where with my salary from the Plymouth Mail and my wife's salary from Northville schools we were able to provide food, golf fees, shot gun shells, etc. which helped them survive through a mighty tough period.

About 10 years ago they pulled up to my office door and invited me out to lunch on the occasion of their business reaching its first million dollar year. The rest of the story is easy. Now, it's how many millions will we do this year, and which of our many interests, which run from rubber processing, rubber manufacturing to steel fabrication to air-pollution control equipment, will have the biggest year? In one sense it is just another success story proving once again that opportunity is here if you have the vision, courage and the determination. But it hasn't stopped here with my two friends. Over on the shores of Gull Lake, Michigan, there is almost an exact duplicate of our local Episcopal Church. Viewed first from the air over Plymouth by one of these men, he visited the Church shortly thereafter and had me furnish him a complete series of photographs inside and out. Dedication of St. Timothy's Episcopal Church will be in October, through his efforts.

Detroit's Old Newsboys are the recipients of thousands of dollars each year through the untiring efforts of the other of this twosome, as are University of Detroit Athletic programs which benefit greatly from his personal contributions. Sportsmen, civic leaders, unusually keen businessmen, charitable, and true friends these two have made an unusually large acquaintance and circle of friends throughout this quarter of a century, but most interesting to me is the compact little circle of lifelong friends that they have kept close at hand and close together by their humble belief that old friends are the best — and, I'm proud to be one of these and I congratulate them on their tremendous success, loyalty and achievement. Certainly they truly exemplify in the

fullest degree that man is mighty, man can have heartaches, man can have fun, and yet man can be of service to his fellowmen as well as to himself.

Plymouth's sidewalk sales event proved a greater drawing card last weekend than was expected. Local streets were swarming from 10 a.m. Friday morning right up until it started to rain late Saturday afternoon. Not actually intended as a major selling event the promotion did exactly what merchants had hoped... that was, to let people know what the various stores in Plymouth sell, and to acquaint new people with their services. In another year it would be an excellent idea for all stores or offices in the town to have some sort of activity on the streets if only a table with an umbrella and chairs to furnish seats for visitors wishing to rest. Birmingham has a similar event but it takes on the appearance of a Parisian boulevard at the same time with ice cream and flower vending carts all over the town. It is an excellent promotion and could be greatly expanded in another year.

Of interest to us, too, was the fact that of all the coupons which were collected at the auto show 91 per cent of them were from Plymouth, four per cent from Northville, three per cent from South Lyon and Wayne and only two per cent from Livonia. This bears out a suspicion we have long had that, first, Plymouth merchants have a tremendous area right here at home to draw business from if they will go after it, and, that it is possible to draw from the smaller areas surrounding us but that it is almost impossible to attract or draw people from metropolitan centers into this area for their shopping.

Apparently I've lost all judgement on what makes news. I've gone so far out that I am just plain disgusted to have the names of Finkbine and Soblen thrown at me almost every day now for the last two weeks. If an abortion and the escapades of a convicted spy are so important to the people it's time the people had their heads examined, and much more important is the fact that probably the big city newspaper publishers, if they think this is news, need a head examination more than the people.

Blue Star Gas Home
GO MODERN — GO GAS!

The days have long passed when a woman's work was confined to her home. Today she searches out better buys at far-flung stores, chauffeurs her family, copes with emergencies, serves her community, etc. That's why the Blue Star Gas Home plays a stellar role in the modern homemaker's life!

Blue Star Gas Homes with efficient, economical, automatic Gas appliances help meet the demands of a busy schedule and at the same time offer extra advantages such as dependability, easy convenient installation and lower operating costs. And, most important — while these built-in gas servants take over major household chores, the homemaker has more time for relaxation with her family!

CONSUMERS POWER COMPANY

Front Row Center

By George Spelvin

On the campus of the Eastern Michigan University nestled among a complex of dormitories is a red-brick building labeled "Quirk Theater." For those of you in Plymouth that have yet to make the journey over to Ypsilanti to see this magnificent theater a distinct pleasure awaits you. Jacob Z. Rumpf, Plymouth Theater Guild treasurer, and old George visited the Quirk Theater to see a summer production of "The Waltz of the Toreadors."

BOTH JAKE AND I have seen "Waltz" a number of times. We wondered what the EMU players would do with this satirical comedy. "Waltz" is not the easiest show in the world to do because of the way in which the author oscillates between philosophy and a plot that borders at times on matters most insane. George Bird, the director, recognized the problems of the script and kept his actors on their zig-zag course in true fashion. At times, the farcical nature of the plot took over and became a bit much. Several times during the evening the actors were allowed to divert attention away from the main act with added bits of mugging. In the professional theater such "upstaging" is tantamount to outright murder.

Burt Belant as General St. Pe did an outstanding job. His scenes with his secretary were truly classic. Old George would have appreciated a bit more movement from all the actors during the second act. I'm sure that Mr. Belant as the fussy, old General would have enjoyed using more of the stage. No doubt, Mr. Bird felt that "Waltz of the Toreadors" final 2 acts should be played in three-four time.

My preference would have been for something more on the snappy, military side of the metronome.

After the spirited performance, Jake and I meandered backstage to see the unique trapdoor set-up necessary for the "downstairs" entrance effect. While studying its many novel nuances, we noticed a key young man by the name of William Moore gathering up the props used on the show. We were surprised to see Bill, a member of the Plymouth Theater Guild, working as a student. We had thought that he was going to begin his academic career later this fall.

BILL MOORE has directed a number of plays for the Guild, been stage manager, painted sets, and well, you name it and Bill has done it with our local thespians. Here is a case of an individual getting all the practical experience and then going back to school for the theory. Of course, all of Bill's hours at Eastern Michigan University will not be filled with mere theorizing. He will have ample opportunity to test his theories under the guidance of some excellent drama instructors. Dr. William Work, Bill Hulsopple, and George Bird will give our Bill Moore a real workout, physically and mentally.

And while we are talking about old friends seen backstage, I'd like to take a moment to relate how old George's friend, Bob Wall, accomplished an acting stint recently. Bob hasn't been on "the boards" since "Here Comes Mr. Jordan" five years ago with the Theater Guild. According to all reports, Bob retained a good deal of his stage acumen and only flubbed his lines two or three times. Our reliable source happens to be his daughter, Linda, who played the leading part in the play.

Yes, it was a grand night in the theater. Father and daughter were vying for the honor. What a battle royal it was! The "upstaging" that took place that evening will go down in history. Mr. Wall, always the ad-libber, even re-wrote the ending to the play in a final attempt to wrest the audience's attention away from his capable daughter.

THE PLAY, "The Fool's Pool" (an original one act play) was performed at Arnold Pytkas's Camp in Indian River, Mich. on beautiful Burt Lake. Dick Stewart and Terry Ward were two Plymouthites in the audience that applauded the zany efforts of our vanishing actor-friend, Bob. Incidentally, Linda did all the scenery and painted 16 exotic, exorcisingly-wierd fish for the production. Old George is working on Mr. Wall to re-stage this comic masterpiece in Kellogg Park at intermission on August 17. True, it's not Shakespearean, but then, we have to start somewhere.

ONE OF Plymouth High's top athletes in recent years recently tied the highest score ever achieved on the physical training test at Fort Riley, Kan. He is **Cadet Donald Alsbro**, now a student at Western Michigan, who is shown on the overhead swing bars. He scored 499 out of a possible 500 points. The ROTC cadet also won the singles championship in the camp badminton tournament. He is the son of Mrs. Alice Alsbro, 999 Penniman Ave.

GRAHM'S CHATTER

by Millie Rostow
From an article entitled "Choice Bits" we find the following... "Great minds discuss ideas, average minds discuss people"... It goes on to say, this cannot be repeated too often.

Now, do you suppose the great philosopher who made this profound statement would mind if we combine all these together? In our humble opinion, ideas and events, great or small, will never take place without people. And since women are people, we would like to give you some ideas on what to wear to any and all events.

Regardless of what you may think about knitted clothes, they are here to stay. The reason is simple, they are so wearable. They give when you move, hold their shape and do wonders for yours! The newest fashion scope is the knit dress ensemble. The dress that goes beautifully alone, or escorted by its own jacket. The waistline is gently sashed in soft leather. Superbly styled in finest French wool knit, the slender skirt is fully lined. Price, \$20.00 and up.

Are you going to tea in town? Keep your appointment with ease in a two-piece Jantzen worsted wool knit, the jacket is edged with braid at the collar and pocket flaps. The skirt is slim and straight.

The three-piece costume is the answer to two worlds: city elegance and suburban leisure; skirt, over-blouse and jacket. The colors are really beautiful, you will find them in all price ranges.

Yes, we have been tending to our knitting and would like nothing better than to show you the results. We invite you to shop today and hope to be seeing you at Gramh's in the Center of Plymouth!

EVER SINCE they graduated from Plymouth High School during the years of 1900 to 1902, a number of the women grads have been meeting once a year for a reunion. Originally there were a dozen, last week they held their annual reunion at the home of Mrs. Ada Murray on Mill St. with five members attending the luncheon. From left are Maud Bennett, Ada Murray, Bertha Warner and Carrie Ableson. Also attending, but not pictured, was Charlotte Williams. Another member, Mrs. Harry McClumpha, lives in Tribes Hill, N.Y.

Cub Scout Pack 766, of the Gallimore School enjoyed a swimming party at the home of Mr. Ray Denison of Gyde Rd. at their last month's Pack meeting, which ended in a Pot-Luck supper and hot-dog roast. This month they held a corn and hot-dog roast at Gallimore School. The corn was donated by the Palmers on Warren Rd. The Fathers and Sons had a baseball game with the Sons the winners. The Pack is hoping to interest more boys into joining.

Mr. and Mrs. Fredk. Green of Lotz Rd. proudly announce the birth of a new grandson, Ronald Luce Green, on July 24. The parents are Mr. and Mrs. David F. Green of Battle Creek, Mich. Mother and baby are doing fine.

Mrs. Joseph Skerrett, Mrs. Ina Harrison, and Mrs. Alger Smith, all of Wayne, were Wednesday luncheon guests of Miss Rose Fulton of Lotz Rd. at the Mayflower Hotel in Plymouth. After a delicious lunch, the ladies returned to Miss Fulton's home for a nice visit.

Mr. and Mrs. Fredk. Green of Lotz Rd. attended a recital Monday evening July 30, held in Lane Hall in Ann Arbor. Their son David participated, playing the trombone. He will receive his Masters' Degree in music education in late summer.

Mr. and Mrs. Frederick Leithe of Joy Rd. have just

returned home after a very unusual vacation; as they took a 10-day trip on a Wind-Jammer, in the Caribbean. They flew to Miami, Florida; and on from there to Bimini, by Seaplane, where they boarded the ship. Among the small islands they visited, were: Great Isaac, Stirrup Cay, Abaco, Freeport, and Gun Cay. They spent two days at Nassau. The sailing at night, the swimming, and exploring were greatly enjoyed.

Grocery Winners Announced by Auto Dealers

Winners of \$30 grocery orders from Kroger's were selected last Saturday at the conclusion of a two-day Side-walk Sale display by Plymouth auto dealers.

The winners were Ralph Minehart, 990 Linden, Plymouth; and Mrs. G. E. Conden, 46270 Bloomcrest Dr., Northville.

Plymouth auto dealers each displayed a car in front of Kellogg Park during the two days. A coupon appearing in their Plymouth Mail advertisement last week was filled out by contestants and deposited at the display. Mayor Robert Sincock drew the winning entries.

Joseph Aquino former Plymouth resident, Joseph Aquino, 25089 Carver Rd., Taylor Township, died July 31 at the age of 82. He died at Wayne County General Hospital.

A retired C & O Railroad foreman, Mr. Aquino was born on Feb. 13, 1880.

He is survived by his wife, Ella; five sons, Albert of Traverse City, Frank of Illinois, Andrew of Chicago, Charles of Lincoln Park, and Marino of Inkster; a daughter, Mrs. Rose Micol of California; 11 grandchildren; and 7 great grandchildren.

Funeral services were conducted Friday by the Vorum Funeral Home in Allen Park at St. Alfred's Catholic Church. Interment was in Holy Sepulchre Cemetery.

Theodore John Mastick A graveside service was held Friday, Aug. 3, in West Highland cemetery for Theodore J. Mastick, infant son of Mr. and Mrs. Thomas A. Rowe Mastick, of 2360 Lone Tree Rd., Milford.

The baby was born July 15 and died Aug. 2. Maternal grandparents and great grandparents are Mr. and Mrs. Steve Veresh, of Clemons Dr., and Mr. and Mrs. John Veresh, of Mill St., Plymouth. Paternal grandparents are Mr. and Mrs. Earl S. Mastick, of Milford.

George C. Harper George C. Harper, nationally known artist, and former resident of Northville, for 37 years, died July 31, in Santa Barbara, Cal.

Born Oct. 23, 1887, he was the son of Charles B. Harper and Lydia Coburn Harper. He married Helen McCambridge Dec. 26, 1912.

Listed in the "Artist's Who's Who," Mr. Harper studied at several Ohio art schools before he became a student at the Detroit Institute of Arts in 1930.

His works, which consist mainly of fine art engravings, are exhibited in the Akron, Detroit and Los Angeles Art Institutes, and the National Library in Paris, France.

In 1945 Mr. Harper's engravings were exhibited at the Library of Congress.

Besides his wife, Mr. Harper is survived by three daughters, Mrs. Peter Yost of Plymouth, Mrs. Morton Noble of Santa Barbara and Mrs. Steven C. Armstrong of Del Ray Beach, Fla.; two sons, John C. Harper, of Plymouth, and James A. Harper, Boca Raton, Fla.; a sister, Miss Louise Harper of Akron, O.; and a brother, C. L. Harper, and nineteen grandchildren.
