## City Will Consider Detroit Water When It's 'Economical, Practical'

### Authority Okays City Hall Lease

City of Plymouth and the recently-created Municipal Building Authority entered into a lease agreement over the proposed new City Hall here in quick fashion Monday night.

The lease is based on a possible total bond issue of \$360,000 and an annual rent — which the City would pay the M.B.A. — of \$28,000.

Although the life-time of the bonds would be 25 years, both the City Commission and members of the M.B.A. are eyeing an early retirement date, perhaps before the end of the 18th year.

Meanwhile, no word has been received by local authorities pertaining to the Building Authority's request to the federal government for a \$259,000 grant-in-aid to get the project physically underway.

Persons close to the scene, however, remain optimistic over the City's chances of obtaining the grant, in view of recent developments which include the issuance of a "project number" by the government and more recent official correspondence between the City and the Housing and Home Finance Agency in Chicago.

With regard to the \$360,000 bond issue, City Attorney Edward Draugelis has stated that it provides the Building Authority with sufficient "cushion" to assure against any unknown factor in the financing of the project.

Opening the evening's entertainment will be the Mixed Chorus singing four selections: "The Snow Lay All Around," "Mexican Christmas Procession," "The Three

Re-confirming their interest in acquiring Detroit water here only when it is "economical and practical," City Commissioners coped with the troubled matter in a lengthy discussion Monday night.

The subject reached Commission tables once more in the wake of a special report by Arch Vallier, the City's appointed representative to the Wayne County Board of Supervisors.

Vallier has been acting as the City's liaison on all points of business pertaining to the Detroit water proposal.

In his report Monday night, Vallier told the Commissioners that the Detroit Water Board — including Gerald Remus, general manager — had finally issued an indication as to consumer prices for Detroit water here.

While the price quotation was not termed definitely official yet, it was enough to prompt Vallier to say:

"There's no question that the cost of Detroit water here will substantially increase the cost to the user in the City of Plymouth."

He added that "generally, the rate quoted is not out of line with rates paid now by other communities for Detroit water, but it will increase our costs substantially."

While Vallier and Commissioners, too, noticeably avoided direct reference to the actual figures in the price "quote," it was evident that the cost of Detroit water would be considerably higher than present costs.

There were suggestions that it would practically double the present 34-cents-per-1,000-gallons that users pay here now.

The facts contained in Vallier's report triggered a 30-minute discussion among Commissioners. Ultimate cost of using Detroit water here remained as the primary factor in the discussion.

At one point in the talks, Vallier spoke up again, saying "it will come awfully close to doubling our present

costs." City Manager Albert Glassford nodded his agreement.

Commissioner Richard Wernette suggested that the matter be considered with representatives of Burroughs Corp. and Evans Products, two of the City's largest industrial users of water.

Facts on the relative "softness" of Detroit water were brought out. According to research undertaken by one Commissioner, "softened" water has a rust factor of zero.

City of Plymouth water presently has a rust factor of greater than 300, prior to any in-home softening treatment.

It was mentioned that Detroit water softness is measured at about "130," which is not particularly soft by itself, but is softer than present City water.

The efforts by the City of Plymouth to obtain two acres of land for a new reservoir on Wayne County Training School property along Beck Rd. also got into the discussion.

Although Mayor Robert Sincock said there was no relationship between the City's efforts to obtain training school land and the eventual acceptance of Detroit water here, this thought hung like a cloud over the meeting.

Vallier said at another point that Remus, the manager of the Detroit water board, had stated publicly he would "do everything in his power to block City of Plymouth in its efforts to build a second water reservoir."

The Board of Supervisors must pass on the City's request for two acres of land at the training school site.

Said Commissioner Wernette:

"I personally think there is a strong likelihood that we (City) won't get the Wayne County Training School land."

This alone, however, will not halt the City's plans to build a second reservoir — a 3-million gallon structure — on Beck Rd. Commissioners earlier had picked up an option on three acres of land practically adjacent to the training school property.

It is land that is almost as desirable from a stand-point of altitude as the training school site.

Later, Vallier said:

"I'm confident that you (the Commission) want Detroit water when it is economical and practical, but there's a principle involved here; it's a case of whether we want to permit Detroit to dictate to us on this water business."

Vallier asked that the Commission resolve its intent to build a second reservoir. He asked that the decision be "put in writing" with a stipulation saying "with or without Detroit water."

The Commission is expected to pass such a resolution Thursday night in a special meeting.

The resolution will be acted upon after a review of a prior report submitted by the City's consulting engineer firm of Johnson & Anderson.

Vallier told Commissioners that he has postponed a business trip to California in order to be available for another meeting of the county's Ways & Means committee next week.

He said he needed written evidence of the City's intentions to build the reservoir in time for that meeting.

In his report Monday evening, Vallier singled out several items in a proposed contract agreement between the City of Plymouth and the Detroit Water Board.

He termed the items as "objectionable."

Vallier said that at the present there "is no meeting of the minds over the reservoir between the Detroit Water Board and City of Plymouth officials."

He said that Remus claims City of Plymouth has "no need" for another reservoir, since Detroit water, according to Remus, will fill this gap. On the other hand, the City's consulting engineers have recommended a new reservoir to improve the City's water storage facilities.

Interestingly, Commissioner Marvin Terry told that a previous consulting engineer firm — some seven years ago — had recommended at that time the City build another reservoir.

"Common sense tells us that we want another water reservoir," said Commissioner Carl Shear. DPW director Joseph Bida has come out fully in favor of a new reservoir, too.

### High School Vocal Program Tuesday

The Plymouth High Kings, and Beside Thy Cradle."

Following will be this year's Triple Trios to enchant you with "Little Snowflake," "Love Came Down At Christmas," and "Winter Wonderland," an old favorite of many.

Next on the program is the Girls' Glee Club bringing four lovely songs. They are "Say What Is This Our Hearts Compelling," "In David's Town," with solos by Marna Roy ('64) and Bonnie ('64), and "Jesus, Thou Dear Babe Divine," with a solo by Jackie Maxey ('65).

Starting on their second season in existence, the Madrigal Singers will sing four 16th Century songs: "What Child Is This?" "Coventry Carol," "God Rest Ye Merry Gentlemen," and "Here We Come."

Completing the program will be the 1962-1963 Choir. They will sing seven songs in this year's debut:

"Break Forth, O Beauteous Heavenly Light," which was sung at the recent Suburban Six League Music Festival in Belleville, "Birthday of a King," with a solo by Brenda Newberry ('64), "O Holy Night," with a solo by Faith Raycroft ('63), a long time soloist for the Choir, "Behold a Host," "Ding Dong Merrily On High," and "The Lord Bless You and Keep You," their traditional closing number.

Proceeds will go toward aiding the Goodfellows in their annual charitable projects that include assuring that needy children and families have a Merry Christmas here.

It is the 24th Goodfellows newspaper sale. Some 35 local Goodfellows, headed by current president Paul Sanders, will be hawking 5,500 special issues of The Plymouth Mail at numerous strategic points throughout the community.

With a familiar theme of "No Kiddie Without Christmas," Plymouth's Goodfellows will hold their annual fund-raising newspaper sale throughout the community this Saturday.

Proceeds will go toward aiding the Goodfellows in their annual charitable projects that include assuring that needy children and families have a Merry Christmas here.

The two are:

HARRY HUNTER, 234 Maple;

GEORGE HUDSON, 706 Burroughs.

Meanwhile, no petitions have been filed yet for any of the Township's

elective offices, which will also be determined next Spring.

Filing deadline in both instances is 4 p.m. on Monday, Dec. 31. The petitions are available at the offices of either the City or Township clerks.

It is expected that all incumbent Township officials will run. Included among these will be John McEwen, 55, named recently to fill the remainder of the Clerk's term to which the late Fred Miller was elected in 1961.

While no petitions as yet have been filed in the Township, there apparently will be no shortage of candidates come election day.

"There are a lot of petitions circulating," said Supervisor Roy Lindsay, who will be among those seeking re-election in April.

Neither Hudson nor Hunter has previously held elective office in the City of Plymouth.

Hudson is 44 and has lived in Plymouth eight years. This is his first effort at running for public office here.

An appointee member on the City's planning commission, Hudson is an employee of General Motors at the Detroit Transmission Division.

Hunter, who has lived here since 1926, is 68 and is a retired employee of the Detroit House of Correction. He said he was defeated in his one previous effort to gain elective office.

Both Township and City candidates will undoubtedly have to battle through a primary election in February.

The primary will be held if the number of candidates for office is greater than twice the number of vacancies.

In the City, there will be four Commission chairs being vacated. William Hartmann, Carl Shear, Marvin Terry and Mayor Robert Sincock will all retire to the sidelines for at least two years.

They will each have served two consecutive terms on the Commission and, thus, will

### DPW Crews Continue Urban Renewal Work

Department of Public Works crews were continuing this week with the demolition of buildings in the City's Urban Renewal area as UR director Joseph Near strives to complete the purchase of property there.

Already, under the guidance of DPW director Joe Bida, DPW workers have leveled three buildings located on parcels of land purchased earlier by Near under the terms of the UR redevelopment plan.

Neat has concluded purchase agreements on eight of the 15 pieces of property involved and expected to negotiate the close of another parcel sometime this week.

Bida and the DPW crews have the assignment of demolishing 21 structures — residential homes or commercial buildings — within the Urban Renewal area. Numerous garages and wood-frame sheds are among lesser buildings that also eventually will be razed.

The tentative time-table on the project calls for the installation of utility services there by April 1.

APPEARING WITH the Plymouth Symphony concert this Sunday afternoon here will be the 43-voice Community Chorus, which will sing "The First Nowell." Written by Vaughan Williams, "First Nowell" is based on an old mystery play and includes five reading cast members as well as the combined song and music of the chorus and Symphony orchestra. Sunday will also mark the initial appearance of the

chorus under its new conductor, Wayne Dunlap, who took over this fall when Fred Nelson resigned. Dunlap directs the Symphony orchestra, too. The concert Sunday, in the Senior High gymnasium, begins at 4 p.m. There is no admission charge. The chorus is shown here in rehearsal, with Dunlap and choral members hard at work, and Mrs. Thomas Lock providing the piano accompaniment.

### Symphony Christmas Concert Set Sunday

A musical portrayal of the Christmas season will highlight the Plymouth Symphony's third concert of the season this Sunday afternoon, Dec. 9, at 4 p.m. in the Senior High gym here.

Under the joint direction of Wayne Dunlap, the 100-piece Symphony orchestra will combine with the 40-voice Plymouth Community Chorus in presenting Vaughan Williams' "The First Nowell."

As in the case with all Plymouth Symphony concerts, there is no charge for admission.

Everyone is welcome and a baby sitter service will be provided for all children two years of age and older.

In addition to "The First Nowell," Sunday's program includes two other seasonal selections. One is entitled "Christmas Symphony" by Schiassi, and the other is "Cantata de Noel" from the works of Sarasany.

Four Detroiters will be the soloists during the latter selection. They are Russell Smith, Fay Turner, Shirley LaCroix and Jonathan Swift.

Soloists during "The First Nowell" include Plymouthite

Germaine Ludwig along with Miss Turner and Smith.

"First Nowell" is based on an old mystery play. Five actors from Ann Arbor will fill the speaking roles of The Creator, Gabriel, Joseph, Mary, and three Shepherds and Elizabeth.

### Traffic Light Eyed For Downtown Corner

A traffic signal will evidently be installed at the intersection of West Ann Arbor Trail and Harvey Street. City Commissioners were told Monday night.

Arch Vallier, the City's representative to the Wayne County Board of Supervisors, told the Commission that officials from the county's traffic department have inspected the intersection and acknowledged "the necessity" of a signal there.

Although it is not official at this time, Vallier indicated that the matter would gain approval of the county authorities and that the county "would pay its fair share" toward the cost of installation.

The traffic light will probably not be put in place until next spring, however.

They will each have served two consecutive terms on the Commission and, thus, will

### Fine Local Man \$100 for Theft From Cars Here

A Plymouth man, Louis R. Nostrant, 38, was fined \$100 in municipal court last week and placed on probation after he had pleaded guilty to stealing bags of groceries and Christmas gift items from two parked cars here.

The sentence was handed down by Judge Harry Deyo, who set aside a 30-day term in Detroit House of Correction and instead made it a part of Nostrant's probationary arrangements.

He will be required to serve the 30-day sentence if he violates his probation.

Nostrant, of 43015 Shearer Dr., was arrested late last week following a complaint from a woman shopper who said that groceries and packages had been taken from her car while it was parked in the Kroger lot.

A similar complaint was filed at almost the same time by another woman whose shopping articles had been taken while her car was parked in the downtown Plymouth lot. One woman was from Northville.

Board President Gerald Fischer said during the meeting that the Board "had no intention of excluding local contractors from the project nor on any contractual services in connection with the operation and maintenance of the schools."

Fischer said that "in fact the reverse is true; it is the

## The Professor Says...

By Ed Brown

A few weekends ago I had been under twenty-five years of age, and a few looked around twenty.

My immediate thought was that these younger prisoners must have started their criminal ways at an early age to be in the state penitentiary. For, they must have been through juvenile, before being sent up to the "big house."

Somehow our prison system does not seem to be the corrective or rehabilitation center that it is supposed to be. I am told that a very high percentage of released prisoners return to prison for other crimes.

The spectacle was well-attended, and the hundreds of outsiders, who paid to see the inmates perform, witnessed a variety of talent. The treasury of the Special Services Fund was swelled considerably thus assuring the prisoners of needed reading material, entertainment and other conveniences while shut off from society.

Those inmates taking part in this year's show did fairly well. Some were really exceptional as they had been entertainers on the outside.

The one thing that bothered me was the age of some of the lads in the cast. I would say that about one-fourth of those participating seemed to

The men work each week-

day at their trade but come back to the prison at night and for weekends. The pay received goes to the state, their families, and the prisoner. In most cases in states that do not have this system, the taxpayer pays to keep the inmate in prison and also his family at home.

The big difference though is the fact that it offers an inmate hope, and a job opportunity and is not merely punishment. We all should know that there are many kinds of criminals and various degrees of guilt. In many cases our law states a set sentence for a particular crime regardless of the circumstances — the sentence is determined by the crime rather than degree of guilt and crime determining the sentence.

The five years that North Carolina has had this system in effect has it proven highly satisfying. Authorities are related at the results of the five-year period the system has been in operation. Very few have tried to escape during their day's work outside the walls, more of the released prisoners are getting trade jobs after being released, and the morale of the men is very high — mostly because there is hope and they are treated like human beings while paying for their crime.

I know there are those who will say that everyone sentenced to prison should be locked up for good until released for any crime committed — I just cannot go along with that kind of thinking for many reasons.

This congenial young man left the high school ranks with the Class of 1951 from PHS. While in school he participated in basketball, served on the student council and was a member of the Hi-Y club.

Upon graduation he matriculated at Eastern Michigan from where he received the BA degree in 1956. An MA degree was earned in 1961.

This former grad served in the armed forces as a commissioned lieutenant at Fort Benning, Georgia, and at Fort Leonard Wood in Missouri. It was at the latter assignment where he met Elgin Baylor, the pro basketball star, and Tony Kubik, the Yankee ball player. He was athletic and recreation officer, and also coached the post teams — both the above-mentioned players were on his teams.

Before leaving the army, this young man was decorated with the Accommodation Medal, bestowed upon him by the Army Secretary for meritorious service in promoting and initiating new methods of recreation.

After his release from the army, he came back to his teaching position in Taylor Center for three years. Then he transferred over to near-

## SALEM NEWS

By VERA CLAIR — GL 3-2610

On Dec. 11 the Salem Federated Church will have a pot luck supper followed by the annual election of all church officers.

On Dec. 13 the Ladies Aid will meet at the church for a Pot Luck dinner at twelve noon. After the regular Bible Study and business meeting the ladies will pack Christmas boxes for the church shut-ins.

The Sunshine Club will meet for their annual Christmas party on Wednesday Dec. 12, at the home of Sue Shaffmaster on Curtis Rd. After a turkey planned Pot Luck dinner there will be a Christmas tree and gift exchange.

Names will be drawn at this meeting for your secret pal for the coming year.

Mr. Charles Marshall of Salem Rd. is home from the hospital and would enjoy having visitors.

I have been asked to remind the people again of the M14 Gotfredson Rd. area, of the new Book Mobile stop which is on M14 west of Gotfredson Rd. in Mason's warehouse across from the Geer school. There are books for children and adults. The time is 11:15 to 11:45 I'm sure this will be a great help to the

the Battalion group of the Salem Federated Church accompanied by their leaders Rev. Chipchase, Bob Vibber and Clyde Hiestand along with five boys of the Stockade group namely Frank Hicks, John Lazor, Edward Rohloff, Robert Brideston, and Mike Griffith with their leaders Ted Buers and Willard Wilson left Salem Saturday Morning Dec. 1, for the Glenbard High School in Glen Ellyn, Ill. to attend the Twenty-fifth anniversary of the Christian Service Brigade.

There were over three thousand attending, with nearly every state being represented, and telegrams being read from various groups around the world.

The program was divided into two parts. First, was the reports of the divisions representing battalions with the longest service in their staff personnel. Second the story of the torch bringing a message to boys and men of the Christian Service Brigade by V. Raymond Edman, president of Wheaton College.

Finding extra time before the meeting the group stopped at the Pacific Garden Mission. They were taken on a tour of the mission which made a great impression on the boys. They also had time to visit the Moody Bible Institute. With time to spare Rev. Chipchase called his sister there for a quick supper, and then left for the rally which was enjoyed by all.

# Guild's "Mighty Man" Opens Three-Night Run Tomorrow

For the past two weeks the Dunning-Hough Library here has been "housing a house."

More accurately, it has been displaying a mock-up stage setting of the Alexander Smith residence. This New York, East River mansion is the setting for the Plymouth Theatre Guild's forth-coming production "A Mighty Man Is He."

"Mighty Man" starts tomorrow evening (Thursday) at 8:15 p.m. at the Senior High School Auditorium and has a three-night run (Dec. 6, 7 and 8).

The play is light and hilarious comedy, fast in pace, quick on lines.

To accomodate both the light breeziness of the production and its wealth of worldliness, the Guild has combined an all out effort in unusual set design.

"Strictly modern" applies not only to this adult play but also to the living room of the Smith home. Robinson Furniture has loaned the Guild some imported Danish modern furniture for use on stage.

The furniture not only expresses the open graceful lines of a comedy, but accents the crisp lines of the gray walls and huge eleven foot high window with inlay motif.

As for the walls, the diagonal plan of the room has replaced the old fashioned box room of too many previous productions. Orange and turquoise are the accented colors, with orange taking the lead in door motif, border trim and cushions from the long slim Danish sofa; but there is another accent, the paintings.

The Hartley-Powers Gallery

of Northville has donated for the Guild's use three beautiful paintings by well known local and state artists: Cecil North, well known for his encasian paintings is from Ann Arbor; Barbara Dorr of Ann Arbor is a new personality in the art world with new ideas of her own and has been stacking up one award upon another; and Catherine Hartley, who not only operates the Gallery in Northville,

but has had her work exhibited throughout the state.

The set for the play was designed by William Mandt and the construction was done by Brandt Elliott of Northville. Reserved seat tickets, \$1.50 each, are available at Melody House in Plymouth and the Hartley-Powers Gallery in Northville or from Theatre Guild members. Tickets will be available too at the door.

## Drug Store Break-in Nets Burglars \$424

Burglars broke into the Beyer Rexall Drug Store at Main and Mill Streets last Friday night or early Saturday morning and made off with cash amounting to \$424, a police investigation showed.

There were no clues, police said.

Entry was gained by removing a ventilating fan mounted in the roof.

Police reported that at least one person then crawled down the ventilating shaft, along a short crawl space and broke through the ceiling into a bathroom.

Warren Tillotson was granted permission to place a house trailer on the lot next to the Penn Theater to be used as office space while he sells Christmas trees there from Dec. 4 to Dec. 26.

The City governing body re-appointed Frank Allison and Edward Sawasch to three year terms on the Zoning Board of Appeals and deferred re-appointments to the City's Board of Review.

The Commission also approved final payment of \$4,621 to the Michigan Curb & Construction Co. for work done in connection with the re-surfacing of Penniman Ave. from Main St. to Harvey.

The City Commissioners second and third readings of a proposed ordinance to amend the zoning ordinance. Included in this proposed ordinance is the establishment of PR-2 zoning category, a new category.

Letters To The Editor

Sterling,

Just read your article in "Chips from the Rock". First I was inclined to protest the superlatives you used in describing me.

But I realized that you were governed by the wish to be objective and truthful so you had no alternative.

But as to the beach, that is different. This Beach is a continuation of the famous Daytona Beach and itself is one of the safest and most beautiful in the world. I have seen a few and none to compare with it.

I remember standing on the French Riviera and looking at those beautiful girls reclining on that shell and rock formation with no protection but a skimpy Bikini. It was so affected by the sight that the Courier had to remind me twice "and only then did I tear myself away from this depressing" sight.

The Beach in Holland was composed of coarse, brown sand and did not look very inviting.

One beach in Sweden has mixed nude bathing, which we do not have, but some of the lady visitors seem to be trying to meet the situation half way. It is true that along the shore some people like the writer are very careless about the sand spurs. As to the salt that we cannot help. The Atlantic is full of it and it does wash up in the beach. Ask Howard Stark about the thousand of people who come to this beach on weekends from all over central Europe. Like our precincts, we

could each have a designated shelter (close to our homes).

It may sound confusing, but the British thought nothing of their bomb shelter trips after they became routine.

S. T. Corbett  
New Smyrna Beach, Fla.

Dear Sirs:

Since the Cuban scare, the Civil Defense program has been stepped up. This is fine, because if there are to be anymore wars, we know and should expect them to be "bomb" wars.

The school children have been preparing themselves by getting shelter homes near school. These basement rooms, or even extra shelters, are fine for tornadoes and the ordinary bombs of world-war II, but we will be meeting nuclear bombs. The air is so polluted that we are not to go out into it for 2 weeks. What basement or built-in shelter can filter out this polluted air?

Experts tell us that a safe shelter, built under 2 feet of ground and containing its own sanitary system, heating, lights, supplies for 2 weeks, etc., would cost approximately \$10,000. It would have to be continually cleaned for mildew and canned goods spoilage. Then it might never be needed!

Instead of building all our new Civic structures on flat slabs of concrete, why can't they have shelter basements that are true shelters? Build them 2 feet underground, equip them as shelters, let them year-around as offices. Like our precincts, we

could each have a designated shelter (close to our homes).

It may sound confusing, but the British thought nothing of their bomb shelter trips after they became routine.

Why don't we start with our new City Hall? From the drawings in the paper, it looks as though it should have lots of room for a big basement.

Each person could be ready with a sleeping bag and supplies when the alert sounded.

I will do all in my power to protect my children and any others in my home if a bomb is ever dropped, but I feel they won't be any safer huddling in the basement than they would be in the living room. We breathe the same air down there that we breathe up here.

With so much new development, can't Plymouth take care of its own?

Sincerely,  
Mrs. Ken Weage

To the Publisher:

We are glad you are home again. Glad you felt well enough to write your editorial.

Several of us old timers are wondering if you could reprint the plans of the City park or tell us just what is being planned if anything to change the park.

Gosh, Mr. Editor don't let anyone do too much to our "Village Green". That park has always been a beauty place in Plymouth. It should be in keeping with the rest of the decor of our home town. Please not a mall, as you see in all the big shopping centers. They are all right for such places, but not Plymouth.

Does everything have to be changed? Put a vote to our school kids, I took a small poll and asked some of them

— they said Oh no; put in some more benches — oh yes, maybe a band shell. Plant some new trees, so they can grow up huge for our grand children. Why not?

What does Mr. Balogh want for Plymouth; round or light sided buildings and a lot of roofs? Or maybe like the buildings on U. of M. North Campus.

I am for progress of course but what is good of the past, let's keep it. There must be something pretty wonderful about Plymouth, or why are so many people wanting to live around here and fill up our schools?

Mr. Publisher, you keep your eye on the Village Green, and keep us informed. Just how can it be improved upon and not ruin it? Make it look Carnival style. Heaven Forbid.

become ineligible to run during the coming election.

It is a requirement set down in the City Charter.

In the Township, all administrative officers and Board members are coming up for re-election.

Included are the offices of Supervisor, Clerk, Treasurer, a pair of four-year Trustees and one two-year Trustee term.

The lesser posts of constable — four of them — a justice-of-the-peace, highway commissioner, and a seat on the Township's Board of Review are also up for nominations.

## Annual Boar's Head Dinner Scheduled for December 12

The Men's Council of Plymouth's First Presbyterian Church will sponsor the colorful and traditional "Boar's Head Dinner" for the eighth consecutive year on Wednesday, Dec. 12, at 6:45 p.m., in the Church Dining Room.

This is a social event based on the legendary traditions dating back to the pre-Chris-

tian era of Vikings, Norsemen and ancient Germanic celebrations of the "Yule" or Winter Solstice.

Later this became a part of the traditional Christmas dinners in the homes of nobles and wealthy merchants of England. Legend has it that this custom came from an English university where a hungry and despondent student had wandered into a nearby forest.

When suddenly attacked by a huge boar the student used the only weapon he happened to be carrying: a book on the teachings of Aristotle. This naturally was more than the boar could swallow and he promptly choked to death.

The student quickly summoned his colleagues who helped carry the boar back to the university where it was roasted and joyously devoured.

Under the chairmanship of Mr. Robert B. Delaney, the pomp and color of this ritual are revived annually to the enjoyment of all members, sons and guests of the Men's Council.

Following the dinner will be the evening's speaker, Mr. John Whitley of Yorkshire, England, who is at the University of Michigan on a teaching fellowship.

His topic for the evening is "Christmas Traditions in the Days of Dickens".

A Christian Science teacher and practitioner, Mr. Smith is on a nationwide tour as a member of the Christian Science Board of Lectureship. He will speak on the subject: "Christian Science Board: A Practical Religion in Today's World."

Mr. Smith, a native of Chicago, was educated at The Principia and the University of Chicago. Prior to entering the practice of Christian Science healing, he was in the insurance business. He served for eight years as Christian Science Committee on Publication for the State of Wisconsin. He became an authorized teacher of Christian Science in 1958.

**BEQUEST** of \$11,057.46 was made recently to the Plymouth Rotary Club's student loan fund under the terms of the will of the late Bernice Reddeman, a long-time Plymouthite until her death. Making the presentation was Chuck Cash (standing), brother of Mrs. Reddeman and administrator of her estate. The fund's chairman, Earl West, is shown receiving the bequest. The Rotary Club currently has more than \$15,000 on loan to college students.

## Junior Achievement Firms Receive Operating Charter

Miniature Junior Achievement companies from the Plymouth-Livonia area have received official operating charters which correspond to incorporation papers for an adult scale company.

The announcement was made by Ben D. Mills, southeastern Michigan JA board president. Mills is a vice-president of Ford Motor Company and general manager of the Lincoln-Mercury division.

Mills said the JA firms filed application for their charters and paid a standard two dollar fee to national headquarters of Junior Achievement in New York City.

The charter itself is a legal type document carrying the JA seal and the signatures of national Junior Achievement officials. The small firms which were formed in October are now producing a variety of products which are being sold to the public.

In all, 10 Junior Achievement companies from the Plymouth-Livonia area have

now received company charters.

They include: Belton Company counselled by Michigan Bell Telephone Company; La Bo Co (National Bank of Detroit); Franco (Ford-Livonia Transmission Plant);

An Arthur Murray dancing couple, from Ann Arbor, will be on hand to put on a special dancing demonstration and to offer brief tips on proper dance methods.

## Madonna Sets Christmas Concert For this Sunday

One hundred fifty voices will blend to present a Christmas concert sponsored by Madonna College at the Ladywood high school auditorium, 14680 Newburg Rd., Livonia. The concert will be held this Sunday, Dec. 9, at 7:30 p.m. Featured among other numbers will be selections from the Christmas portion of Handel's "Messiah."

The chorus is comprised of Felician Sisters, college members, alumnae and guest performers. The Sister's String ensemble will also provide seasonal music for the occasion.

Drawn from the score of the beloved oratorio, the program will include 15 selections, among them "For Unto Us a Child Is Born," "He Shall Feed His Flock," and the international favorite, "Hallelujah."

Sister M. Paulette, CSSF, music instructor at the College, is directing the concert. The public is invited to attend. Donation is \$1.25.

## Plymouth Co-op Nursery Sets 2nd Season

The Plymouth Children's Nursery, Inc., announces that there will be a second session beginning after the first of the year.

Plans have been completed for the second cooperative nursery to start classes on Jan. 15 and continue through May 17. It will be a two day session, meeting every Tuesday and Thursday morning from 9:15 to 11:15. Classes are held at the Community Center, 200 Union St.

This session will be open to 20 children between the ages of 3 and 5. The mothers will be on duty at the school and will assist the teacher in the program of songs, games, free play, and outdoor activities.

Two orientation meetings are planned to familiarize the new mothers with the program. There will also be a chance to observe the present nursery in operation and to learn first hand just what is included in the school activities.

The registration fee is \$5. and there is a monthly tuition of \$7.50. Prospective members should contact membership chairman Beverly Stenger at 453-7696.

## Familiar Faces

MARIE L. FRENCH

Although the number 13 usually carries unpleasant connotations with it, it has a completely different meaning to Mrs. Marie L. French, who is celebrating her 13th year with Cassady's women's store. Mrs. French, of 10530 Laurel Ave., Livonia, began working at Cassady's in 1949 as a clerk, and in the ensuing years has moved up to a buyer in junior sportswear, in addition to doing "office work."

Born in Monessen, Pa., Mrs. French, has lived in this area for 23 years, moving here from Detroit.

A member of the Plymouth Branch of the Business and Professional Women's Assn., until recently when transportation became a problem, Mrs. French likes to read in her spare time — mainly historical and biographical novels.

As far as colors go, she likes to use pastels in her house — greens, aquas and gray, in particular — but, for office wear, she prefers the darker shades.

To relax after a busy day, Mrs. French likes to listen to classical and light operetta music.

She has three daughters, Mrs. Leroy Woodard, of 860 Palmer; Mrs. Malcolm Copes, of 815 Garling Dr., and Miss Joyce French, of Van Nuys, Cal., and six grandchildren.

The club will hold its Christmas party, Dec. 17, at the home of Mrs. Sadie Ferguson, 614 Wing St., during which time, a gift exchange will be held. A donation will be made to some charitable organization, to be determined later.

He who waits to do a great deal of good at once, will never do anything.

—Samuel Johnson

## Pioneers Make Yule Decorations

Mrs. William Elliott was hostess to the Plymouth Pioneers Home Economics Extension Club, Monday evening, Nov. 26. Mrs. Otto Reamer assisted her in serving dessert, preceding the business meeting and Mrs. Forrest Olson later instructed the group in making several delightful, interesting Christmas decorations.

The club will hold its Christmas party, Dec. 17, at the home of Mrs. Sadie Ferguson, 614 Wing St., during which time, a gift exchange will be held. A donation will be made to some charitable organization, to be determined later.

He who waits to do a great deal of good at once, will never do anything.

**BIG WREATH** and three big smiles were symbolic last week of successful completion of last minute plans for the Newcomers' Christmas Dinner Dance, Dec. 15 at the Farm Cupboard on Ann Arbor Rd. Shown above (from left) are: Marilyn O'Neil, a member of the ticket committee, and Nancy Albert and Margaret Murawski, both members of the decorating committee. The Newcomers' Dinner Dance, an annual Yule season event, will begin with a cocktail hour at 7 p.m. and dinner will be served starting at 8 p.m. Dancing will follow. Don Barnard's combo will provide the music. Tickets, at \$8.50 per couple, are still available and information on ticket sales may be obtained from Norma Bell at GL 3-3805. The public is invited.

Engaged

CAROL J. WENDLAND

Announcement has been made by Mr. and Mrs. Rudolph Wendland, of Novi, of the engagement of their daughter, Carol Jean to Orris Renner, 9084 Northville, son of William Renner, of Northville, and the late Mabel Renner. A May wedding is planned.

## Meeting Cancelled

The Dec. 6 meeting of the Superior Civic Assn. has been cancelled due to the death of Mrs. George Matthews, wife of one of the trustees. The newsletter will not be printed at this time, as Mr. and Mrs. Matthews take care of the printing and mailing of same.

## Schedules Meeting

Mr. and Mrs. William J. Edgar, of 12350 Ridge Rd., announce the engagement of their daughter, Betsy Lou, to Phillip R. Clissold, son of Mr. and Mrs. Ralph Clissold, of Jackson.

Miss Edgar, a 1959 graduate of Plymouth High School, and Mr. Clissold, are both seniors in music education at Western Michigan University. A summer wedding is planned.

## Parents Discuss Needs of Special Education Classes

Parents of children in the Special Education program classes of Mrs. Shirley Johnson and Mr. Donald Franconer met on Wed., Nov. 28, in the Special Room of Junior High East.

The meeting was an outgrowth of the Exceptional Child Committee, part of the Plymouth Community Planning Group. Eighteen parents

discussed further the great need of a senior high school program for Special Education students.

It was emphasized that parents could work more effectively as a group, rather than as individuals, toward realizing their common goals.

These goals are to expand the present program in the following ways: a type C teacher counselor program for the senior high schools; an additional type A room for the elementary schools; an extension of the part-time diagnostic services to full time; and an additional visiting teacher.

"Tuesday's Child," a film, helped explain some of the problems of mental retardation and how parent's groups could work through the public schools to solve these problems.

Newly-elected chairman, George Conover, stated the philosophy and goals of the school board. They are, he said, "to provide a program which will enable each educable child to reach his maximum educational potential. The cut-off point on the program varies with individual children. As the system grows, further expansion of the special education facilities and program must be given priority."

The value of joining the Association for Retarded Children, a state and national organization, will be discussed in the future by Mr. Harold Rossow and Mrs. George Mecklenburg.

Monthly meetings were decided upon and the next will be held Jan. 16 at 8:00 p.m. in the Junior High East, Special Room B 17. The two special teachers will be present at this open meeting to discuss any problems with the parents of exceptional children.

Those interested in securing additional information on this program may contact George Conover at GL 3-4947 or Mrs. Lee Owens at GL 3-2809.

Roy Fisher, one of Plymouth's stamp enthusiasts, claims a collection which he has been gathering for the past 25 years. His collection is especially interesting because he has included old letters on which the stamps

of the Thirties family knows.

Last Saturday afternoon a man giving his name as Robert Donaldson, appeared at H. C. Robinson's livery barn and hired a rig to drive to a place near Lapham's Corners. Before the stranger got away from town, he picked up three more fellows, and they proceeded in the direction of Lapham's Corners. About five o'clock David Corkins, barn man at Robinson's livery, received a telephone message saying the men were abusing and driving the animal shamefully. Mr. Corkins hitched up a rig immediately and drove out in search of them. He found the horse lying beside the road dead about one-half mile west of Lapham's Corners. He then made a search for the men, and succeeded in locating Donaldson, who was in an intoxicated condition. Mr. Corkins brought the man back here and turned him over to officer Springer, who placed him in the lock-up. Sunday morning Mr. Robinson went to Lapham's Corners and located the other men and together with Donaldson settled with him for the loss of the horse. # Ypsi Experience Squelches Rocks Hopes in Opener

Ypsilanti High Friday night opened Plymouth's 1962-63 varsity basketball season in the same fashion it closed the Rocks' 1961-62 campaign. Namely, by handing the Rocks a decisive loss by a score of 56-34.

It was, in fact, the same manner by which Ypsi helped Plymouth inaugurate the season exactly a year ago.

To Plymouth coach Charlie Ketterer, a clash with Ypsilanti may well be turning into a bad dream...because every time he takes his cagers up against Ypsi, the Rocks get tagged with defeat.

Poor shooting averages from the floor hurt Plymouth in its opener as much as anything else. And the glaring lack of team-wide experience was a telling blow, too.

**The Rocks were out-shot only by the margin of 48-42 from the floor during the course of the evening's work, but Ypsi connected on 21 of its 48 attempts while Plymouth could muster only 11 goals out of its 42 tries.**

It was the same sort of ailment that dogged the Rocks throughout much of last year. A sputtering offense, ham-

pered or stalled repeatedly by bad passing and other fundamental faults, crippled Plymouth as well. The Rocks lost the ball an estimated 20 times on inaccurate passes, travelling violations or otherwise improper attacking efforts.

Afterwards, Ketterer could only say:

"The object of the game — up to a certain point — is to win, but we didn't win."

Other than that, Ketterer was noncommittal over the Rocks loss in their opener. He declined to single out Plymouth's basic flaws.

One of the major ones, however, was the critical lack of experience. Plymouth started the game with only one experienced cager on the floor.

Dick Schryer, senior guard and regular from a year ago, couldn't by himself weld Plymouth's offense into a cohesive unit on the court, just as Ketterer's side-line instructions often appeared to fall on deaf ears.

All reasonably excusable, however, since Plymouth started four cagers with only a bare minimum of previous varsity experience.

Ypsilanti forged a 15-7 first period lead and stretched it to 29-16 at the intermission. The Rocks played their visitors even in the third quarter which ended with Ypsi holding a 15-point spread, 42-27.

But a final period spurge by Ypsi's cagers put the game far out of Plymouth's reach.

Mike Bass claimed individual game scoring honors with a 21-point performance for Ypsilanti.

Plymouth's attack was led by junior forward Dick Egloff with nine points. Schryer, the Rocks' floor captain, had six more. A good performance for Plymouth was turned in by guard Tom McGill.

He scored eight points. McGill, who shone brightly at many spots in the game, last year was a stand-out on the Plymouth JayVee squad. He is a junior.

Walled Lake visits Plymouth Dec. 7 (Friday evening) and Northville hosts the Rocks the following night. From that point on, Plymouth battles its way through a 10-game league schedule, broken only by Farmington on Jan. 4 and Fordson Jan. 12.

## Two Former PHS Athletes Win Awards

Freshmen linebacker Mike Kisabeth of Plymouth, was among 45 Central Michigan University football players named recently to receive varsity letter awards on the strength of their work during the past season.

Kisabeth, a 1962 graduate of Plymouth High where he starred at football and basketball, was the only Suburban Six conference gridder to move to Central Michigan this fall.

In CMU's conference, freshman players are eligible to play varsity football and, of course, are similarly eligible for varsity letter awards.

The same is not true in the Big 10.

Elsewhere, Robert Winterhalter, son of Mr. and Mrs. James S. Winterhalter, 1302 Maple St., has been awarded freshman cross country numerals by DePauw University's athletic board.

Robert is a graduate of Plymouth High School, and is majoring in political science at DePauw, which is located at Greencastle, Indiana.

THE 75-MEMBER Plymouth High band elected new student officers last week. They are shown here. From left, seated: Chuck Hampton, vice president; and Mike Drennan, president. From left, standing: Georgann Kippola, secretary-treasurer; and Mike Britcher, student conductor. Previous student conductor was Doug Eder who has graduated, while Cheryl Wright, now a senior, is the immediate past president of the band.

## New Swim Club Busy Here; Seeks Ways to Raise Funds

The newly-formed Plymouth Swim Club is in full swing with an ambitious program of AAU meet competition and fund raising for team equipment.

With one meet under its belt, it is now aiming at team competition with other AAU swimming clubs on December 16.

Detroit, Swim Committee Chairman Jim Gretzinger has announced.

The club will also kick off its first project to raise funds for team equipment by selling Christmas trees at the corner of Sheldon Road and Ann Arbor Road.

With 57 boys and girls enrolled since Nov. 14, the club has been practicing three nights weekly at the High School pool under the tutelage of Swim Coach John McFall and his staff.

The same is not true in the Big 10.

In group instruction, all youngsters are given the fine points of stroke, breathing and turns to enable any club member who wishes the training to participate in the meets.

The club membership fee of \$10 provides for three nights of practice weekly as well as the AAU enrollment fee.

The excellent turn out proves to us that Plymouth youngsters want a swim club and want to compete," Gretzinger stated.

"We believe we have the makings of the finest swim team in the state and we intend to provide every opportunity to compete as well as the equipment they will need," he stated.

With applications now being processed for AAU cards, it is expected the Dec. 16

meet will have a full turnout of team members. In the first meet at Pontiac on Nov. 24, five Plymouth Swim Club members swam against clubs from all over the midwest as well as Toronto, Ontario. Participating were Terry Gould, Lorraine Daley, Han Klinckhamer, Martha McCord and Pamela Kloote.

Membership is still open and details can be obtained by telephoning Gretzinger at GL 3-5575.

With membership fees pegged at a minimum cost to cover pool and instruction expenses, the Christmas tree sale will provide funds to purchase team emblems and sweat-shirts, and a start on a fund to provide warm-up suits for the youngsters.

"The tremendous civic support to the Plymouth High School varsity, which brought us a state championship, will, we are sure, help make the swim club a success in building healthier boys and girls and first-rate interscholastic swimmers of the future," said Gretzinger.

Junior varsity coach Dick Bearup alternated 12 of his JayVee players Friday night as the Junior Rocks posted a solid 62-44 victory over Ypsilanti's reserves.

As was the case in the varsity game the same evening, it was the opener for Bearup and his JayVees.

Plymouth moved to a 30-20 half-time advantage behind pin-point passing and a smooth shooting attack and then in the fourth quarter exploded with 20 points to win going away.

A trio of sophomores, two fresh from the varsity football season, led the way for Bearup's club.

Jim Lake, aggressive pivot man for the Rocks, dumped in 17 points for game honors, while guard Gary Grady contributed 16 and his partner in the back court, Hal Kuisel, scored 14.

Ypsilanti's reserves were led by Bill Duffin, a slender forward, who scored 16 points.

A year ago, the Plymouth JayVees got off to a fast start early in the season, but faded toward the end of the schedule and had to settle for a 7-won, 8-lost record. Bearup hopes to better this mark this winter.

## Plymouth Swimmers Turn Lincoln Park's Mistakes Into First Victory, 55-46

Plymouth's varsity swimmers capitalized on two critical mistakes by Lincoln Park Thursday evening and posted a tight 55-46 victory over the visiting Parkers in the inaugural for both teams.

On the strength of LP's disqualification, the four some of Dan Olson, Dave Agnew, Dave Beglinger and Pete Gustafson won the 200-yard medley relay.

A pair of disqualifications against Lincoln Park proved to be the margin of difference between the two teams.

The visitors were judged disqualified in the 200-yard medley relay, first event of the evening, and Plymouth gained the winner's eight points there despite the fact that LP turned in the faster time.

A gain, in the 100-yard breast-stroke, Lincoln Park's second place finisher was ruled out of the final standings for an infraction. It gave the Rocks a second and third place finish in the event, opposed to merely a third place position as initial standings indicated.

## Communist Escapee to Speak At First Baptist Church Here

Peter C. Kalinke, journalist, war correspondent and world traveler, will return to Plymouth to speak at the First Baptist Church, at Mill and Spring Streets, Sunday evening, Dec. 9, at 7:30 p.m.

Kalinkin, whose previous appearance here was at a recent Kiwanis club meeting, will tell how he escaped from the "tyrannies of Communism" in the Soviet Union.

A wide range of subjects will be covered in his remarks, entitled "The Crisis of Berlin, the Present Status of Communist East Germany and Communism vs. Democracy in Our Age."

Kalinkin was born in Germany in 1927 and later served in the German Air Force. In 1944, he became a war cor-

respondent of the German Army and was taken prisoner by the Soviets while broadcasting in Prague.

He was sentenced to the mines and stone fields in Northern Russia, but was released in 1950 to East Germany. He escaped from there to West Germany.

He studied political science in Goethe University and later in Paris he majored in economics. Soon he joined the State Department to assist in international studies on Soviet escapees. He was awarded a Fulbright scholarship and enrolled in the graduate school of the University of Michigan.

There, he served the extension department on wide lecture tours in over 600 speaking engagements.

In 1955, Kalinke married a Royal Oak girl who has accompanied him on world tours. They reside at 968 Purdy Ave. in Birmingham.

Michigan ranks second in the production of plums; third in apples, pears, celery and grapes; fourth in peaches; fifth in onions and carrots; sixth in sugar beets; seventh in milk; ninth in potatoes, and tenth in corn and oats.

## Canton News

By CLARA WITHERBY - GL 3-7435

The Hough Extension Group met at the home of Mrs. Hiram Godwin on Warren Rd. on the evening of Nov. 26. Cancer Pads were sewn, and plans for the Christmas Party were made, which will be a dinner (Smorgasbord) at The Gondola in Ypsilanti, Dec. 11 at 6:30 p.m. After the business meeting delicious refreshments were served by the hostess. The Oct. 30 meeting which was not reported at the time, was held at the home of Mrs. Robert Soth on Warren Rd. There was a large attendance, the project being the teaching of the making of smoked pillow tops and aprons, and stuffed toys. Mrs. Richard Scruggs, Mrs. Bert Coverdill, Mrs. Richard Cox, were special guests, as instructors. Cider, tea, coffee, and doughnuts were served by the hostess.

Mr. and Mrs. Mills had approximately twenty-four attended, and Mrs. Mills received many lovely gifts. Games were played, with prizes for same, and delicious refreshments were served.

Mr. and Mrs. Mills had as guests over the Thanksgiving holidays, Mrs. Mills' 86 year old grandmother, Mrs. Luis Halstead, her uncle, Mr. Robert Odham, her aunt, Mrs. Ruby Walker, and cousin, Mrs. Daisy Cooney, all from Sophia, W. Virginia.

Mr. and Mrs. Russell Maas and four children of Sheldon Rd. spent the Thanksgiving weekend touring Michigan's Upper Peninsula, visiting Tahquamenon Falls, Newberry, Indian River, and many other points of interest.

Mr. Steve Paskevich of Beck Rd. is a patient in the Veteran's Administration Hospital in Ann Arbor for x-rays, tests, and observation.

The Christmas Gift Shop at Gallimore School on Tuesday, Nov. 27, 6-8 p.m. was put on by the mothers of the sixth graders to earn money for the Camp Fund. The room mothers wish to report it a success, with a very nice turn out, and to thank the mothers for their donations and help.

Dale Larick, son of Mr. and Mrs. Delbert W. Larick of Elmhurst Rd. left Friday Nov. 30 for service in the Navy.

The Keweenaw Extension group met Tuesday Nov. 20 at the home of Mrs. Maxwell Allen on Ridge Rd. There were ten in attendance and after dessert and coffee, a very informative lesson on fire prevention in the home was given by project leader, Mrs. Lennart Wendell assisted by Mrs. John Schroeder.

The Oct. 25 meeting which was not reported earlier, was held at the home of Mrs. Howard Beck on Amherst Court. A very interesting lesson on Germany, and German cookery, was presented by Mrs. Ira Hauk and Mrs. Harold Neimi.

Mrs. Clifford D. Mills of Elmhurst Rd. was the guest of honor at a stork shower Monday Nov. 12. The hostesses were Mrs. Oma Newport and Mrs. Doris Mc-

Turner. Approximately twenty-four attended, and Mrs. Mills received many lovely gifts. Games were played, with prizes for same, and delicious refreshments were served.

The resuscitator run was last Saturday afternoon and involved James Cox, an auto salesman at Allison Chevrolet here. Cox was found slumped over the wheel of his car on Blunk's Inc.

## Busy Moments Mark Santa's Arrival

SANTA came to town last Saturday morning and began his annual three-week stay in Kellogg Park amidst the cheers and special greetings of his hundreds of youthful followers here.

Arriving in a Plymouth Township fire truck, the bearded and jolly fellow made a couple of circles around the park before stepping down to be greeted by a swarm of young people.

AT THE upper left, Santa waves hello to a pair of children, who answer with their own fond gestures. Below,

at right, he is encircled by laughing children, intent upon returning the seasonal greetings that Santa spoke to all.

After wading through his admirers, Santa took time to pose with local dignitaries in front of Kellogg Park headquarters, which are in a shoe-like house.

STILL CHARMING the children, Santa (lower left) is accompanied by City Mayor Robert Sincock, Township Supervisors Roy Lindsay and businessman Wendell Lent. The youngsters were far more interested in their visitor than they were in the ceremony.

Interestingly, Santa knew many of the community leaders by name, indicating that he remembered well his visits here last year and the seasons before that.

ONCE THE initial excitement of arrival was over, Santa settled himself comfortably in his offices in the Shoe-shaped house (at right above) and listened to the many wishes Plymouth children made regarding items of delight they hoped for on Christmas morning.

As special guest of the Chamber of Commerce's retail merchant committee, Santa will hold regular hours in his Kellogg Park shoe-house up to Dec. 24.

HE WILL be there every Thursday, Friday and Saturday between now and Dec. 22 from 3 p.m. to 8 p.m. In addition, he will be on hand Monday, Dec. 24, from 3 p.m. to 8 p.m. as well.

And, of course, he will have candy for his little visitors at all times, he has announced.

Sealed proposals will be received by the Township of Plymouth, Michigan, as Owner, until 8:00 P.M. Eastern Standard Time, on Tuesday, December 11, 1962, at the Township Hall, 42350 Ann Arbor Road, Plymouth, Michigan, and then publicly opened and read, for the construction of sanitary sewers and appurtenances in Southworth and Bruce Streets in Arbor Village Subdivision.

The principal quantities comprise approximately:  
490 lin. ft. 12" sanitary sewer  
785 lin. ft. 8" sanitary sewer  
924 lin. ft. 6" riser pipe and house connections  
4 each manholes

Plans and specifications may be examined at the Plymouth Township Hall. Copies may be obtained at the office of Herald F. Hamill, Consulting Engineer, 292 S. Main Street, Plymouth, Michigan, by making a deposit of \$10.00 for each set, which will be refunded upon their use in a bona fide proposal or upon their return in good condition prior to the time set for opening bids.

Each proposal shall be accompanied by a Certified Check in the amount of 5% or more of the amount of the bid, payable to the Owner, as security for the acceptance of the contract. A Bid Bond in the Michigan Standard Form, issued by an approved Surety Company, may be furnished in lieu of a Certified Check.

No bidder may withdraw his proposal within 30 days after the date set for the opening thereof.

The right is reserved by the Owner to reject any or all proposals, either in whole or in part, and to waive any irregularities therein.

## Letters To The Editor

Dear Sterling,

We thoroughly enjoy the home news in the Plymouth Mail and wouldn't miss it if possible.

Hope you are feeling better after your trip to the hospital and be able to keep up the good work.

Kindness regards,  
Sincerely  
Beth and Bill McClain

know has been yours and my heritage. I hope that you are feeling fine again and keep up the good work. I can still hear your dad telling about his going through the clinic at University Hospital.

I hope this gets to you before I get the bill but I am certainly glad to pay this time.

I am going home for Christmas. It will be the first Christmas in a long time but if it wasn't for a little homesickness on my part, I would have let it.

Thank you

Best Regards,  
Mae West

Editor's Note. Mrs. West just to refresh your memory, and we do forget as time passes so quickly, it was I who visited your trailer camp in Florida and took the pictures of "Dutch" in his boat along with all those other Florida pictures. As a matter of fact to further refresh your memory I remember distinctly having to sit with "Dutch" and his fishing worms for several hours on the popular "Liar's Bench" there at the camp to listen to the monstrous fish stories those nice guys dreamed up. Those were the good old days, weren't they? Please stop in so we can say hello when you are home for the holidays.

S.E.

It sure looks different to read it now. I especially enjoyed "Chips from the Rock," and to the references to your dad. I can never forget how wonderful you all were to me when I worked so hard for the "Navy Mothers Club," and how many loads of wool material (and moths) came to my house before I got it all ripped and washed for lap robes. Then your dad and mother's visits to see us (little people at the trailer park). Your dad took pictures of "Dutch" in his boat which I have treasured and a whole page of different ones he visited here in Florida.

These are wonderful memories of good people that I

## Chips from the ROCK

When a written word is printed it isn't often that the writer feels or knows the impact of whatever might have been said. However, last week we were more than pleased to learn that a group of school teachers living in the Blunk - Farmer street area had discussed our item about shopping at home and agreed with us one hundred percent.

It seems the subject arose among the group after one family had spent most of Saturday in Ann Arbor trying to find items for their gift list. Having poor luck finding what they wanted they returned to Plymouth where the wife visited Dunning's store. In less than an hour she had found practically all of the items she had searched diligently for in Ann Arbor and by dinner time, after visiting other Plymouth stores, the couple had practically completed their Christmas shopping.

Of prime interest to us, and we hope to other local shoppers, was the solid agreement of the whole group that actually you could find everything you wanted right here, easier, faster and many times at lower cost than by chasing some 20 or 30 miles to battle unknown crowds in unknown stores. We hope that this Saturday night discussion was duplicated many times over throughout our whole community, and we are indebted to the teacher and his wife who took the trouble to come to our office and tell us about the incident.

We are also glad to note that they, and the rest of their group, also took into consideration one salient point we made concerning our many assets in this community . . . all made possible in some part by the home dollars being spent locally which businessmen contribute back to support our cultural projects to the benefit of all concerned. It is a fact that can't be denied.

\* \* \*

I was surrounded by four members of the local clergy at my table in Rotary last Friday and was particularly pleased with their public expressions and concern with the ailments of Pope John.

All agreed he personally had done more to create a friendly climate among all religions than anyone else in modern times. Said the Presbyterian's Dr. Walch, "Pope John's death would be a blow to all the Christian World at this time."

\* \* \*

Another thing that pleased me was the voluntary expression of one of the ministerial group in saying he had thought I had made some particularly good points in my column regarding the liquor-by-the-glass issue, and that inwardly he had agreed with many of the things we had pointed out. However, he was quick to say that morally he couldn't support the issue, even considering the logic of some of my reasoning, and naturally he had voted "no" and urged his friends to do likewise.

For my money this man is a big man and his tolerance, even though not going along with us, convinces me, as I have said before, that the quality of the clergy within our community is higher than average and we are fortunate to have among our religious leaders men with understanding such as this. As far as I am concerned no one can be criticized for having his personal opinion and certainly we are all entitled to our own . . . that's why this is America, isn't it?

\* \* \*

And, speaking about liquor, another question was raised at our table in regards to our feeling about the four o'clock closing question which is now being raised in Detroit. I didn't participate in the discussion but did some thinking about it on the weekend and came up with the following conclusions. Though of no concern here in Plymouth it

may have more local import than we might have thought of here-to-fore.

I remember back when I was courting my "travelling secretary" some 30 years ago. Detroit and this area didn't offer too many places to spend an evening so we frequented, now and then, the then famous Powatan Club and the old 606 club for an evening on the town. They were speak-easies, but of high quality, and each had dance bands where a group could go, enjoy a cocktail, have dinner and dance. There was no legal closing time, of course, because their entire operation was illegal, anyway. But as I look back we seldom stayed after midnight and were always home shortly thereafter.

For some reason youth of today, and I know whereof I speak having close association with many local young people, these youngsters have some silly feeling that if they travel to Detroit for an evening at the Critic's Club or some such other place of amusement it is their responsibility to stay until the last dance is played and the doors close at two a.m. That means they are home around three, and that's a late hour for any parent to toss in bed wondering just when he'll hear the back door open.

Should we have a four a.m. closing I shudder to think how we might get any sleep at all. It has been my experience in conventioneering in Chicago or New York that most people are ready to call it quits anyway around midnight and that the extra opening hours would mean very little to the average person. I can't think of any great advantage to anyone by permitting bars and night clubs to operate a couple of more hours at night. I don't remember whether it was Jackie Gleason or Bob Hope, at least it was someone, who remarked, "that if a visiting fireman couldn't get a snooz full in any local bar by midnight he wasting his time and that of the bar tender, anyway."

There is more sense to that remark than is first apparent.

As a parent, and granted most of us are far more liberal in our views regarding our youngsters today than were our own parents 30 or 40 years ago, I most violently oppose later hours for any and all places of entertainment.

Young people should be home and in bed by two a.m., or shortly thereafter, and an extra two hours to celebrate would be of small attraction to the normal visiting conventioneer and would be only two more hours of concern for the parents of our vigorous youth today.

Special Guest  
Of Kiwanians**

Bert Bates was a guest at the Plymouth Kiwanis Club's regular meeting Tuesday, Nov. 27 and Kenneth Way, program chairman for the evening, presented guest speaker Paul Field to the 71 Kiwanians present.

Field is associated with Goodwill Industries of Detroit. He spoke to the group on the subject, "The Dollars and Sense of Goodwill Industries."

Field first became acquainted with Goodwill activities when, as a program director for WWJ-TV, a sponsor requested that he prepare a 28 minute film on Goodwill Industries for television. In the preparation of this film, he became thoroughly familiar with the organization.

Goodwill Industries is a non-profit organization that helps people through the repairing of discarded objects. The five main goals are Evaluation, Counseling, Training, Employment and Placement of handicapped persons.

In 1961 this organization employed on the average of 400 persons who would conceivably have been unemployable elsewhere. In 1961 this organization paid wages in the amount of \$1,073,000.00 of which \$145,000.00 was deducted for various payroll taxes.

There are eight retail stores in the Detroit area to sell the products that these people produce. The model colonial home in the Parklane Estates Subdivision, just north of Ann Arbor Road and just west of Sheldon Road has been furnished by Goodwill Industries.

There are 126 Goodwill Industries in the United States. Field closed by stressing the motto of Goodwill and its employees: "Not a Charity. But A Chance."

## Ordinance No. 1 Continued

THE PLYMOUTH MAIL Wednesday, Dec. 5, 1962 5

application thereof as required by this Ordinance, and all other duties required to be performed by the Authority pursuant to the contract and this Ordinance.

If there be any default in the payment of the principal or interest upon any of said bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate said project on behalf of the Authority, and under the direction of said court, and by and with the approval of said court, to perform all of the duties of the Authority and its officers more particularly set forth in the contract, this Ordinance and in Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, and in Act 94, Public Acts of Michigan, 1933, as amended.

**Section 9.** The operation, maintenance and management of the project shall be under the immediate supervision and control of the Commission of the Authority or such officer or employee as shall be designated by the Commission and subject to its control.

**Section 10.** The project shall be operated on the basis of a fiscal year commencing on July 1st of each year and ending on June 30th of each year.

**Section 11.** The fixed annual rentals provided by the contract are hereby established and fixed as the rates to be charged to the City for the use of the project. Such fixed annual rentals are estimated to be sufficient to provide for the payment of the interest upon and the principal of all the bonds, as and when the same become due and payable, and the creation of the debt service reserve therefor required by this Ordinance. Such fixed annual rentals shall not be reduced until such time as all bonds and the interest thereon are paid in full. Such fixed annual rentals shall be increased by the Authority, as provided in the contract, if necessary to meet its obligations on the bonds.

**Section 12.** The Authority covenants and agrees to provide in manner set forth in the contract, for sufficient operation and maintenance rentals to properly operate, maintain and keep the project in reasonable repair, and to collect and use the same for such purposes, in manner provided in the contract.

**Section 13.** The operation and maintenance rentals, paid to the Authority by the City are specifically pledged for the operation and maintenance expenses of the Authority in connection with the project, and shall be applied and used by the Authority solely for such purposes.

All such moneys, as received by the Authority, shall immediately be deposited, as received, into a separate depository account with the National Bank of Detroit, Detroit, Michigan, to be designated OPERATION AND MAINTENANCE FUND and such moneys from time to time on deposit in such fund shall be applied and used solely and only for such operation and maintenance expenses of the Authority in connection with the project as have not been assumed by the City.

**Section 14.** The fixed annual rentals to be paid to the Authority in accordance with the provisions of the contract by the City are specifically pledged for the payment of the bonds and attached coupons, and for no other purpose, and shall be applied and used by the Authority solely and only for such purpose. Such moneys, as received by the Authority, shall immediately be deposited into a separate depository account with the paying agent for said bonds, designated BOND AND INTEREST REDEMPTION FUND and used for the payment of the principal and interest on the bonds when due.

Any moneys remaining in said fund at the end of any fiscal year which are in excess of the amount necessary to meet current principal and interest requirements on the bonds shall be allocated and set aside on the books and records of the Authority as a DEBT SERVICE RESERVE, until such debt service reserve totals Twenty-Eight Thousand (\$28,000.00) Dollars, which debt service reserve shall be maintained at such amount. Such moneys so set aside as a debt service reserve shall be used solely and only for the payment of the principal and interest on the bonds as to which there would otherwise be default.

Moneys on hand in the Bond and Interest Redemption Fund over and above the amount necessary to meet current principal and interest requirements and the debt service reserve requirements shall be used for the purpose of calling bonds for redemption, at the times and at the prices herein specified. It shall be the duty of the Authority to call bonds for redemption, in accordance with the requirements herein set forth, whenever the funds on hand available therefor total Five Thousand (\$5,000.00) Dollars or more.

Moneys on hand in the debt service reserve shall not be considered as appropriated or pledged for the purpose of determining the availability of funds for calling bonds for redemption.

No further payments need be made into the Bond and Interest Redemption Fund after enough of the bonds have been retired so that the amount then held in said fund, including the debt reserve, is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the bonds then remaining outstanding.

**Section 15.** It is the intent and purpose of the Authority, pursuant to the provisions of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, to authorize and issue the bonds subject to the provisions of Act 94, Public Acts of Michigan, 1933, as amended, or such of the provisions of that Act as can be applied to the type of issue here involved. It is determination of the Authority, however, that the provisions of said Act relative to establishing a Receiving Fund, which are merely procedural or accounting provisions, are not applicable or pertinent to the present factual situation, where the only rental which can be definitely established and fixed in the first instance is the fixed annual rental which is, and should be, pledged solely and only for the payment of the bonds; the operation and maintenance rental not being subject to establishment in a definite fixed amount, but will vary from year to year. The Authority therefore determines that the plan and procedure herein followed will give maximum security for the bonds and at the same time comply with all applicable substantive requirements of Act 94, Public Acts of Michigan, 1933, as amended, is providing both for the operation and maintenance of the project and payment of the bonds.

**Section 16.** National Bank of Detroit, of Detroit, Michigan, a Federal Reserve System member bank, is hereby designated depository of the proceeds of sale of the bonds. There shall be deposited into a separate depository account with said bank to be designated CONSTRUCTION FUND the proceeds of sale of the bonds. There shall be immediately transferred out of said depository account to the Bond and Interest Redemption Fund the premium, if any, and the accrued interest on the bonds. Thereafter the funds on hand from time to time in said depository account shall be used solely to pay costs of construction of the project and any architectural, legal or other expenses incident thereto on authorization of the Authority in accordance with the provisions of the contract.

**Section 17.** Moneys in the Bond and Interest Redemption Fund and the proceeds of sale of the bonds may be invested by the Authority in bonds, notes, bills and certificates of the United States of America, subject to the provisions of Act 94, Public Acts of Michigan, 1933, as amended. In the event such investments are made, the securities representing the same shall be kept on deposit with the depository or depositaries of the fund or funds from which such investments are made, and such securities and the income therefrom shall become a part of such funds.

**Section 18.** The Authority covenants and agrees with the successive holders of the bonds and coupons that so long as any of the bonds remain outstanding and unpaid as to either principal or interest —

(a) The Authority will punctually perform all of its obligations and duties under this Ordinance and the contract herein set forth, and will collect, segregate and apply the rentals and payments in the manner required under this Ordinance and the contract.

(b) The Authority will maintain and keep proper books of record and account relating to the operation of the project and the rentals and payments received therefrom pursuant to the contract. Not later than three (3) months after the close of each operating year, the Commission will cause to be prepared, a statement in reasonable detail, sworn to by its chief accounting officer, showing the cash receipts and disbursements during such operating year, the assets and liabilities of the project at the beginning and close of the operating year, and such other information as may be necessary to enable any taxpayer or any holder or owner of the bonds, or anyone acting in their behalf, to be fully informed as to all matters pertaining to the financial operation of the project during such year. A certified copy of said statement shall be filed with the City Clerk of the City, and the Municipal Finance Commission, and a copy shall also be sent to the manager or managers of the account purchasing the bonds. The Commission shall also cause an annual audit of such books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and shall mail such audit to the manager of the syndicate of account purchasing the bonds.

(c) The Authority will not sell or otherwise dispose of the project until all of the bonds have been paid in full, both as to principal and interest, and will not do or suffer to be done any act which would affect the project

in such a way as to impair or affect unfavorably the security of the bonds.

**Section 19.** The right is reserved in the Authority to issue additional bonds on a parity with the bonds of this authorized issue for the completion of the project in the event the funds realized from the sale of the bonds herein authorized, are insufficient therefor, but such additional bonds shall be authorized or issued only upon compliance with the following conditions:

(a) A certificate is executed by the architects, Wheeler, Becker and Associates, Inc., or their successor architects, evidencing the fact that additional funds are needed to complete the project in accordance with the plans and specifications, and specifying the amount of money needed therefor. Said certificate shall be filed with the Secretary of the Commission, and a copy thereof shall be filed with the City Clerk.

(b) A supplemental contract is entered into between the Authority and the City, providing for the payment by the City of sufficient additional fixed annual rentals to meet the annual principal and interest requirements on the bonds then to be issued.

**Section 20.** Nothing contained in this Ordinance shall be construed to prevent the Authority from issuing Revenue bonds to finance the construction of additions to the present project or any new buildings or projects within the scope of its corporate powers, but said bonds shall be payable out of, and have a first lien only on, the net revenues or annual rentals for space in such new projects, and shall in no way have any lien on or be payable out of any of the rentals pledged to the payment of the bonds of this authorized issue or any bonds on a parity therewith issued in accordance with the provisions of Section 19 hereof.

**Section 21.** The provisions of this Ordinance, together with the contract herein set forth, shall constitute a contract between the Authority and the holder or holders of the bonds from time to time, and after the issuance of any of such bonds, no change, variation or alteration of the provisions of this Ordinance or the contract may be made which would lessen the security for the bonds. The provisions of this Ordinance and the contract shall be enforceable by appropriate proceedings taken by such holder or holders either at law or in equity.

**Section 22.** Said bonds and coupons shall be in substantially the following form:

UNITED STATES OF AMERICA  
STATE OF MICHIGAN  
COUNTY OF WAYNE  
CITY OF PLYMOUTH  
MUNICIPAL BUILDING AUTHORITY  
REVENUE BOND (1963 Series)

No. KNOW ALL MEN BY THESE PRESENTS that CITY OF PLYMOUTH MUNICIPAL BUILDING AUTHORITY, a public corporation of the State of Michigan, for value received hereby promises to pay to the bearer, or to registered to the registered holder hereof, the sum of ONE THOUSAND DOLLARS

on the first day of July, A.D., 1963, with interest thereon from the date hereof until paid at the rate of ..... per cent per annum, payable on January 1, 1964, and semi-annually thereafter on July 1st and January 1st of each year, on presentation and surrender of the proper interest coupons hereto annexed, as they severally become due. Both principal and interest on this bond are payable in lawful money of the United States of America at

The bonds of this issue are payable solely from the proceeds of fixed annual rentals to be paid by the City of Plymouth, Michigan, pursuant to a certain contract dated December 3, 1962, between said governmental unit and the Building Authority whereby said governmental unit has leased a building constructed by said Authority in the City of Plymouth, Michigan, in accordance with the provisions of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended. The Building Authority has irrevocably

pledged to the payment of the bonds the fixed annual rental chargeable to the City, as set forth in said contract; the total of said fixed annual rentals being sufficient in amount to pay promptly, when due, the principal of and interest on the bonds of this issue.

This bond is one of a total authorized issue of Three Hundred Sixty (360) bonds of even date and like tenor except as to date of maturity, ..... aggregating the principal sum of \$360,000.00, numbered consecutively in direct order of maturity from 1 to 360, inclusive, issued pursuant to an Ordinance duly adopted by the Commission of Building Authority on December 3, 1962, and under and in full compliance with the Constitution and statutes of the State of Michigan, 1948 (First Extra Session), as amended, Public Acts of Michigan, 1948 (First Extra Session), as amended, for the purpose of paying part of the cost of constructing a building in the City of Plymouth, Wayne County, Michigan, for the use of the City of Plymouth.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, and the general covenants and provisions pursuant to which this bond is issued, reference is made to the above-described Ordinance.

Bonds maturing in the years 1965 to 1974, inclusive, shall not be subject to redemption prior to maturity.

Bonds maturing in the years 1975 to 1989, inclusive, shall be subject to redemption prior to maturity on any interest payment date on or after July 1, 1974.

Said bonds shall be subject to redemption at the option of the Authority and in inverse numerical order at par and accrued interest plus a premium as follows:

\$40.00 on each bond called for redemption prior to July 1, 1977;

\$30.00 on each bond called for redemption on or after July 1, 1977, but prior to July 1, 1980;

\$20.00 on each bond called for redemption on or after July 1, 1980 but prior to July 1, 1983;

\$10.00 on each bond called for redemption on or after July 1, 1983, but prior to July 1, 1986;

\$5.00 on each bond called for redemption on or after July 1, 1986.

Thirty days' notice of the call of any bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds thirty days' notice shall be given by mail to the registered address. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

This bond is fully negotiable, having all the qualities of a negotiable instrument under the law merchant and the Negotiable Instrument Law.

This bond is a self-liquidating bond, and is not a general obligation of the Building Authority, and does not constitute an indebtedness of said Authority within any constitutional or statutory limitation, but is payable, both as to principal and interest, solely from the fixed annual rentals required to be paid by the City of Plymouth to the Authority for use of a building owned and constructed for its use by the Authority in the City of Plymouth, in accordance with the terms of the contract herein mentioned. The principal of and interest on this bond are secured by the irrevocable pledge of all of said fixed annual rentals and a statutory first lien thereon has been created by the bond authorizing ordinance.

The Building Authority covenants and agrees to fix and maintain at all times while any of said bonds are outstanding, such fixed annual rentals to the City, in accordance with the terms of the contract, as shall be sufficient to provide for payment of the interest upon and the principal of all such bonds, as and when the same become due and payable, and to comply with all provisions of the Ordinance and contract relative to providing for payment of sufficient operating and maintenance cost and other requirements

contained therein or in the Ordinance.

This bond may be registered as to principal only on the books of the Treasurer of the Building Authority in the name of the holder, and such registration noted on the back hereof by said Treasurer, after which no transfer shall be valid unless made on the books and noted herein by manner, but transferability by delivery may be restored by registration to bearer. Such registration shall not affect the negotiability of the interest coupons.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

**IN WITNESS WHEREOF,** City of Plymouth Municipal Building Authority, by its Commission, has caused this bond to be signed in its name by the Chairman and Secretary of the Commission, and its corporate seal to be affixed thereto, and has caused the annexed interest coupons to be executed by the facsimile signature of the Chairman of said Commission, all as of the first day of March, 1963.

## FRONT ROW CENTER

BY GEORGE SPELVIN

Guild Production No. 44 greets Plymouth audiences tomorrow night (Thursday) as the Plymouth Theater Guild present a gay, mad comedy for a three day run. "A Mighty Man Is He", the adult tongue-in-cheek see-adventure, is gearing to keep you laughing from beginning to end as you discover how mighty a man the leading character truly is in the area of extra-martial affairs.

Earlier this year the Theater Guild members performed a children's play for the opening production (number 43) of their fifteenth year of existence. Their winter show is designed to appeal to the adults in the community with its wild witty lines that tumble out of some of the most lovable characters yet to be seen on our Plymouth theatrical "boards".

Jane Dobies, Kay Hall, Kathleen Dobbs, and Carol Carlson handle the direction with professional aplomb.

Though it's been said many times during the past 15 years of the Theatre Guild program here the worn-out phrases describing the excessive work "back-stage" need to be re-pealed.

Mary Ann Nichols and Jake Rumpf, producer and director respectively, could regale us with stories by the yard as to the countless hours spent with Bill Mandt, the set designer, or Brant Elliott, set constructor, on a plethora of problems.

The solving of these problems and eventually raising the curtain on the production is part of the fun...believe it or not. The Guild welcomes new members at any time.

If you have ever felt that urge to do something either in front of the footlights or in back of them, make plans right now to appear at their monthly meetings (third Monday of each month).

Looking through the back files of the Plymouth Mail, old George discovered some comments made when "Mighty Man Is He" passed through town on its way to Broadway. In my Dec. 29 column (1959): "Praise from all quarters for a brilliant cast. As Mildred, head domestic critic in our household, observed, 'I liked this play.' We laughed and had an enjoyable time watching Nancy Kelly as she straightened out the mighty man."

My 1959 comments continued for another paragraph or two. The gist of the review was that I felt the show kept the audience in high spirits. Take time off from your Christmas shopping to see the Plymouth Theater

## MOM News

Hospital Chairman Mrs. Bertha Knupp and her committee will go to V.A. hospital at Ann Arbor Thursday evening Dec. 6 and put on a games party for the veterans. Prizes will be given and refreshments served with extra holiday treats.

Our next meeting is Dec. 10, 6:30 dinner meal will be furnished. Members bring dish to pass and own table service. There will be gift exchange. Meet at Community Center.

Zone 2 Past Presidents of Moms of America met at the home of Mrs. Maud Anderson Union St. on Wed. Nov. 28. Mrs. Carrie Gladstone was hostess. Guests were present from Dearborn, Allen Park, Ann Arbor, Plymouth.

there is no comparing the excellence of the D'Oyly Carte Opera Company...to anyone else.

Over in Ann Arbor Bizet's "Carmen" is being given the full treatment by a competent cast from the University

School of Music and Drama department. Five performances are scheduled at the Lydia Mendlesohn theater beginning tonight at 8 p.m.

"The Wonderful World of the Brothers Grimm" continues to set house records at

the Music Hall. Bill McLaughlin, the genial publicity chief seemed a bit worried the other day in spite of such fine financial reports. His concern was over the excessive "family trade" for this heart-warming story.

Bill wants everyone to realize that "Wonderful World" is a story for adults as well as children. I assured him that the adults would soon be patronizing in greater numbers as more and more folks spread

the word about "Wonderful World" universal appeal. In fact, I'm going back right after the holidays for a second peek at this brilliant Cinerama production.

Regardless of how you like your eggs at the breakfast table, you'll find the happy, hilarious omlet ("The Egg") at the Vanguard these evenings will suit your theatrical cuisine.

William Shust, a bright-eyed, pleasant young man plays the part of Emile with such elan and ease that you relish his every minute on the stage. And to make the evening an exciting one Mr. Shust bounces around on stage for the entire two hours. Order your tickets now for "The Egg" at the Vanguard.
