

July 9 Vote On Heights Charter Set

July 9 remains as the date for the City of Plymouth Heights charter election in Plymouth Township, despite momentary concern last week over the fact that Gov. Romney had not signed the document.

He signed the revised charter Monday afternoon, however.

The governor's signature, which officially ac-

Township Eyes Legal Opinion On Chief's Job

The hassle over the position of "acting fire chief" in Plymouth Township continued last week with some indication that the matter might be resolved shortly.

Members of the Township Board agreed by unanimous roll-call vote to make a formal request to the Wayne County prosecutor's office for release of a legal opinion that is expected to settle the issue once and for all.

The opinion — in essence — will determine whether or not the fire chief's job in the Township is governed by civil service.

At the present, Township Trustee Louis Norman is serving as acting fire chief. The job pays \$2,500 a year.

Supervisor Roy Lindsay appointed Norman to the post after the previous acting chief, Howard "Bud" Holmes, resigned after a half-year leave of absence.

Local civil service officials appeared at the Township (Continued on page 8)

2nd Plymouth Trust Fund Dividend Paid

The second dividend payment to the 51 participants in the Plymouth Trust Fund is being made this week, according to administrators of the fund. It amounts to \$717.

Dividend checks were to be placed in the mail last Friday. The dividend rate is three per cent annually payable twice a year.

The 51 participants put up \$47,600 for a five-year period beginning last summer in order that Radio Corp. of America could move to Plymouth at that time.

The \$47,600 figure represents a cash bond to cover expenses of finding a new tenant for the RCA building on Plymouth Rd. should the company move from here at the end of its present five-year lease.

The money has been invested in U.S. Treasury

knowledge of the constitutionality of the revised charter, was required before the election itself could be held.

The election, of course, is to either adopt or reject the charter. Two years ago, Township voters rejected a Heights charter by a wide margin.

Should the charter be adopted at this time, most of Plymouth Township will be dissolved and simultaneously the City of Plymouth Heights will come into being.

Plymouth Heights encompasses all of the Township except a small portion nestled along the western boundary. It could not be included because of an insufficient number of residents there.

The charter must now be published in The Plymouth Mail. In view of this requirement, Romney's signature came none too soon.

According to Heights charter committee chairman James Garber, publication must take place "not less than two nor more than four weeks prior to the date of the election."

While publication of the revised charter could have been accomplished without the governor's signature, the election could not be held until Romney signed the document personally.

Thus, had Romney delayed longer, the election could have been postponed.

With July 9 remaining as the election day, the charter must appear in the pages of The Mail no later than the June 25 issue, Garber said.

Only those Township residents within the boundaries of the proposed City of Plymouth Heights will be permitted to vote on the matter of the charter.

Danny to Sing At JayCee Teen Dance Thursday

Fast-rising singer Danny Hargrove, Plymouth, will be the featured attraction at the JayCees' first 1963 "Teen Dance" from 8 to 11 p.m. this Thursday evening at the Senior High gym.

Hargrove, who sings professionally under the name "Danny Wayne," will be accompanied by the Maximilian band, a musical group that has provided the background orchestration for one of Danny's recent recordings.

Admission will be 75 cents per person with tickets available at the door. JayCee members and their wives will chaperone the event.

PLANS FOR Plymouth's 1963 Fall Festival took another big step forward at a special meeting last Thursday evening at the Hotel Mayflower. More than a dozen local organizations were represented and a suggested outline of events for the four-day program was confirmed. Among the planners are these five persons. From left: Harold Shirey, of the Wally Byam

trailer club; James Thornton, general co-chairman; A. F. Haeske, of the Symphony Society; Margaret Wilson, general co-chairman with Thornton; and John Herb, president of the Chamber of Commerce. Dates of the festival are Sept. 5-8. The Rotary Club's chicken barbecue on Sunday, Sept. 8, is expected to attract 10,000 guests.

Plymouth Can Expect 10,000 Dinner Guests Sept. 8

The Plymouth community can look forward to some 10,000 guests for dinner on Sunday, Sept. 8, according to local Rotarians.

To be precise, the guests will be showing up between noon and 6 p.m.

It's the concluding day of the four-day 1963 Fall Festival and the attraction will be the Rotary Club's ever-popular chicken barbecue in Kellogg Park.

The Festival had its inception in a modest way six years ago as a chicken barbecue sponsored by the Plymouth Rotary Club as a means of raising funds for various civic projects.

It has grown to a point where last year it attracted 5,500 visitors and the Rotary Club, which is again spearheading the event, plans to accommodate 10,000 visitors this year.

The Festival, now an annual com-

munity event, has grown far beyond the original concept of a charcoal-broiled chicken dinner. The Rotary Club will again serve chicken dinners out-of-doors in the park as one of the major attractions of the Festival, but other events of a cultural and entertainment nature are also scheduled.

Various arts, musical, historical, and horticultural organizations have teamed up with the Rotary Club to

make the Fall Festival the Plymouth Community's biggest outdoor event of the year.

Last year the Festival was enlivened by exhibits or performances by the Three Cities Arts Club, Marion Sober's Studio, the Plymouth Theatre Guild, the Plymouth Community Band, the Plymouth Historical Society and the Plymouth Garden Club. It is expected that these and other groups will participate in the Festival again this year.

strengthen and promote the economic tax base of the entire community, regardless of municipal boundaries."

Lawton is one of four members comprising the "community development committee," an independent group which has been meeting periodically during the past eight weeks to draw up the details of the proposed joint planning committee.

Other development committee members are chairman Harold Guenther, School Board member Ernest Henry, and Plymouth Township Treasurer Elizabeth Holmes.

Canton Township Treasurer Philip Dingley has also met frequently with the committee as Canton's representative.

The apparent primary objective of the planning authority, once it receives the financial backing of all four taxing units involved, will be to expand local efforts toward increasing the community's commercial and industrial tax base.

Major beneficiary of such efforts will be the School District itself, and hence all of the taxpayers within the district.

Up to now, as Lawton explained during the Commission meeting Monday evening, the bulk of the work in this area has been done by the volunteer non-profit Industrial Development Corp.

The IDC has helped to fill every vacant foot of industrial space in the Plymouth area, wrote Lawton and his community development committee members in a letter that went out late last week (Continued on page 8)

Only Death Wins Two-Car Drag Race

A Plymouth teen-ager was killed and two Redford Township youths were critically injured early Sunday morning when the small sports car in which they were racing struck another auto on Plymouth Rd. near Eckles Rd.

Dead is Robert F. Daley, 19-year-old son of Mrs. Robert Daley, 1480 W. Ann Arbor Tr. He was a 1961 graduate of Plymouth High.

Listed in critical condition at St. Mary Hospital, Livonia, are Douglas Mullins, 21, and Barry Carter, 19, Redford Township. Both sustained skull fractures and other injuries.

The three young men were riding in a Corvette sports car purchased by Daley earlier this month. Livonia police, who investigated the accident, were unsure which of the three was driving the small convertible.

Driver of the other auto was Darris Smith, 32, Lincoln Park, who suffered relatively minor injuries, was treated immediately after the accident and released.

A third automobile, described only as "a black car," is being sought by Livonia police. It is believed to be the car that was racing with Daley's Corvette.

Police gave this account of the incident:

The Corvette and the black car were racing "at a high rate of speed" east on Plymouth Rd., approaching the Eckles Rd. intersection.

Smith had stopped on Eckles Rd. at the Plymouth Rd. traffic signal and then turned left onto Plymouth Rd. after observing the other cars approaching "about four or five blocks away," he told officers later.

No sooner had he completed his left turn when the Corvette slammed into the rear of his auto.

The impact threw all three young men out of the sports car and Smith's car burst into flames. Daley was thrown more than 130 feet

beyond the point of the accident. Both autos were virtually demolished in the crash, although Smith's injuries were described as minor.

The third auto, identified only as a black car, left the scene without stopping. Police

said the Corvette skidded more than 150 feet before hitting Smith's car.

The two Redford Township youths, although critically injured, are reported to be "progressing well" at St. Mary Hospital. Daley was pronounced dead on arrival at the hospital.

The incident happened shortly after midnight Saturday.

Funeral services for the Daley youth will be held at 1 p.m. Wednesday at the Schrader Funeral Home here. (Continued on page 5)

General chairmen of the Rotary Barbecue this year are Edward Sawusch, Kal Jabara and Bob Stremich.

The committee in charge of publicizing the Festival is headed by Phil Scott and Sterling Eaton who have announced that special prizes for children will be awarded to holders of winning chicken dinner tickets. The tickets will be drawn at 6 p.m. on the day of the event. The prizes are donated annually by local industrial firms.

Set August 29 as Target Date For City Hall Ground-Breaking

New City Hall moved several steps nearer reality last week as officials here kept their eyes on the Aug. 29 target date for ground breaking.

Among significant accomplishments in recent days:

- The Michigan Municipal Finance Commission granted permission to the local building authority to sell \$360,000 in revenue bonds with which to finance a portion of the project.
- Tentative approval of revised floor sketches has been given by the building authority, together with a liaison team comprised of two City Commissioners. Nearly \$100,000 in savings are included.
- Architect Byron Becker indicated assurance that the revised working drawings, reflecting the various cost-cutting measures, will be finished by July 9.
- Total estimated cost of the new City Hall has been lowered to \$449,000, excluding land acquisition. It compares to the original estimate of \$545,000.

Several "alternates" have been woven into the plans so that eventual contractor bids may be accepted in such a way that the new cost estimate will not be exceeded. Building authority members, in fact, are hopeful of getting the total construction cost down to about \$436,000, constituting a \$109,000 savings from the original estimate.

- A condemnation hearing,

which will lead ultimately to site acquisition, got underway Monday in Wayne County Circuit Court and is expected to end later this week.

All in all, the series of rapid administrative achievements during the past week have moved new City Hall "well down the road" in the words of one principle participant.

With the start of construction targeted for Aug. 29, a call for bids on the project is expected to be made late in July or very early in August.

The \$360,000 derived through the forth-coming sale of revenue bonds will be coupled with a federal grant for one-half of the project costs, excluding land acquisition expenses.

The grant, via the accelerated public works act, cannot exceed \$255,500 and most likely will be about \$220,000 in view of the cost-cutting measures implemented by the Commission and the building authority.

The bonds will be retired through the payment of rental fees from the City to the building authority. (Continued on page 5)

To Re-Zone For Apartments In Township

Re-zoning of a 25-acre site along Wilcox Rd. in Plymouth Township is expected to take place shortly, thus paving the way for an extensive apartment building project there.

The site is located on Wilcox Rd. directly opposite the Detroit Bank & Trust branch office in Lake Pointe Village.

Lake Pointe developer Fred Greenspan will head up the apartment building project. Preliminary plans call for 150 (Continued on page 8)

Make Plans for Purchase Of Portable Band Platform

Commissioners Monday agreed to have the City purchase half the costs of a \$9,000 portable band platform for community use, providing pledges for the other half can be obtained from local service clubs.

The action followed a second appearance by Wayne Dunlap, director of the Plymouth Symphony, who had first proposed the matter two weeks ago.

During the intervening period, many of the service

clubs here have already been approached and most of them agreed to contribute a certain part of the price of the mobile device.

Dunlap said the 8-foot by 32-foot portable platform will hold an 80-piece band. It can be used for concerts, reviews

and similar community events, he explained.

Commissioners agreed to place the order for the device after the service clubs had tendered their pledges. Dunlap hoped originally to have the device in time for the first community band concert next week.

Commissioners labored through an exceptionally heavy agenda Monday night. Much of the meeting was routine and designed to clear the Commission table in preparation for a joint meeting Monday evening, July 1, with the Township board.

Purpose of that meeting, which will begin at 8:30 p.m., will be to discuss the water situation here with an eye toward mutual solution of it. (Continued on page 5)

884-Home Canton Development Gets Tentative Approval

The Canton Township Board last week tentatively approved a plan for a new subdivision, Holiday Park, located in the northeast corner of the Township.

Approximately 400 acres will be included in the development and 884 homes will be built. A 40-acre area to the west is being considered for use as an industrial park. Subject to water being brought into the area within the next 90 days, work is expected to start next year on the first 100 homes. L.D. Land Co., Detroit, is the developer.

TWELVE Plymouth youngsters started their summer vacation last week by catching a huge snapping turtle along the creek near Junior High East. Robbie Gotshall, 1116 Harding, found the turtle, and in the photo above Jim Lent, 894 Harisough, is holding it. John Brunton actually caught the turtle however. Other neighborhood boys who had a hand in the adventure are Tom Hindman, Tom Gotshall, Dennis Simonds, Eddy Landau, Barry and Bob Coburn, Jr., Greg and Brian Bever, Craig Cash, Jim and Ricky Oury, and Mark Toth.

POSTAL EMPLOYEE Walter Hocklowski (at left) was presented with a superior accomplishment award last week by Postmaster George Timpona (right). Hocklowski, a clerk, was cited for several economizing suggestions he made in the handling of parcel post packages. He also received a cash award. Other postal employees were on hand to congratulate Hocklowski.

Honor Former Commissioners

Four former City Commissioners, whose total service on the Commission amounts to 37 years, were paid tribute in the form of a special resolution passed Monday night by the current Commission.

Cited for their "unselfish and unwavering contributions to the Plymouth community" were Robert Sinecock, William Hartmann, Carl Shear and Marvin Terry.

All four stepped down following the April 1 election, when four new Commissioners were elected to office. None of the four out-going Commission members were eligible to run for re-election, however, since each had served the maximum of two consecutive terms.

Sinecock was cited as mayor of the City from 1961 to 1963 and as a Commissioner from 1954 to 1963. Hartmann was paid tribute as mayor of the City in 1949 and as a Commissioner in 1948-49 and again during 1957-63.

Shear, a former Buick dealer here, was honored as mayor in 1943 and 1945 and as a member of the Commission from 1943 to 1947 and again from 1957 to 1963.

Terry served as mayor pro-tem from 1961 to 1963 and was a Commissioner during the period 1953-63.

Each will receive framed copies of the resolution, which was passed by unanimous vote Monday night by the present seven-member Commission.

A PLYMOUTH LANDMARK, the old carriage house on the former Hough property, 243 N. Main, will be put to new use soon. Bought recently by Harold E. Guenther, 1142 N. Holbrook, it will be moved to the rear of the Guenther home and used to store a 1917 LaFollette fire engine and a 1928 Packard owned by Guenther. The Guenther's have long been interested in the heritage of Plymouth and Mrs. Guenther said if they had the money they would restore every old house in Plymouth.

4 Studio Parties Big Treat For Piano Students

Hanna Strasen entertained her piano pupils at four studio parties last week. A program of piano solos and duets were presented at each party after which refreshments were served and musical games and other types of musical entertainment was presented.

High school pupils present were Christine Arnison, Nadine Criger, Christine Strasen, Marilyn Taylor and Jane Vallier.

The following students from the elementary grades were present: Sheila Buskey, Michelle Dean, Sheryl Elston, Jane Herbold, Judy Katz, Letha Robison, Cindy Sechlin, Carroll Smith, Jean Tyler and Frances Zoet. Judy Katz played three cello solos, accompanied by Miss Strasen.

Eighth and ninth graders attending were Cynthia Eley, Nancy Luelling, Laura Raaflaub, Mary Sinecock, Virginia Smith, Cathy Stone, Mary Vallier and Kay Zoet.

Those attending the Recital party Friday were Paul Arigan, Marie Fleszar, Craig Hondrop, Susan Leonard, Darlene Ramsey, Tim Robison, Shawn Robison and Karen Shultz. Three duets by Barbara Boer, violinist, and Tim Robison, cellist, were presented, accompanied by Miss Strasen.

Charles K. Moiso, son of Mr. and Mrs. Konrad Moiso, 1233 Carol St., has passed his bar exams in the state of Iowa and has been admitted to practice law there. The exams were given at the State University of Iowa last week. Moiso is a graduate of that college, located in Iowa City.

KIWANIS NOTES

By Ken Way

The vital St. Lawrence Seaway, linking the Great Lakes with the Atlantic Ocean, is a showplace of international harmony, according to Joseph McCann, administrator of the St. Lawrence Seaway Development Corp.

McCann spoke last week at the regular Kiwanis Club meeting at Lofy's here.

He emphasized the aspect of "harmony" by pointing out that there are four separate and distinct governmental units involved in the St. Lawrence Seaway.

They are: The two Seaway organizations of Canada and the U.S., together with the Power Authority for the state of New York, and the Hydro-Electric Power Commission of Ontario. Each has its own statutes and regulations, but still the Seaway is one of the most productive shipping lanes built by man.

No problems over administering the Seaway have been difficult to solve mutually and with complete agreement of the four units involved.

In other news from the Kiwanis Club, president Walt Gemperline and his wife, and vice president Gerald Fitch and his wife have registered to attend the 48th International Kiwanis Convention to be held June 30 through July 4 in Atlantic City.

Service Clubs Help Send Music Students to Camp

As they have done each summer during the past decade, a number of Plymouth service clubs are furnishing a portion of the costs of sending worthy music students from here to special summer music camps.

Donors this year include: the Elks Club, Vivians, Plymouth Woman's Club, Kiwanis, Rotary, VFW and the Symphony Society. The Hammell Music Store, Livonia, and Carty's music Box, Ypsilanti, are two other donors, and one anonymous contribution toward the program has also been made.

Wayne Dunlap, director of the Plymouth Symphony Orchestra, is administering the project.

Cost of sending the youngsters to a music camp is \$125 for a two-week stay, Dunlap explained, and the student is asked to earn one-half of this. Donations by local service clubs furnish the remainder of necessary funds.

Randy Allen, Larry Brown, Joel Congden, Cornelia Delaney, Valerie McMullen, Robert Meyers, Dale Schultz and Dona Tate are those who will attend the Eastern Michigan summer music program in July by way of this program.

All are students at Junior High East.

Helen Gottschalk, Nanette Muzzev, Alan Saxton, Carol Scheppelle and Andrew Wisniewski will go to Interlochen Music Camp in August. Dunlap said that later the entire 80-piece Senior High band will also attend Interlochen.

The weekly meeting for the Plymouth Senior citizens was held June 13 in the Masonic Temple with 68 members present.

The entertainment committee suggested a list of bus trips for our consideration. The one most favorably accepted was a trip to Bob-Lo. The date has not been set.

Aside from cards we were entertained by a movie entitled, The World Highways Expedition and was presented by Mr. Calhoun and Mr. Holsworth of the Calhoun Ford Agency, Plymouth.

Our refreshment committee served delicious cookies, tea and coffee.

June 20 will be our birthday party.

Community Improvement Group Meets

Board members of the Community Improvement Association of Plymouth Township were given the following assignments for the year when they met at their May meeting: membership, Roy Rogers, Arnold Johanson, Harry Crawford and John Izett; publicity, James Barber, John McEwen; nominating, Dr. Barry Alford; township affairs, John Bloxson, Ralph Garber; schools, Austin Stecker, Martin Stiglich, Robert Houston; town hall, Frank Millington; annual meeting, Harold Pine.

At the June meeting, a report was made on the locations of street lights needed in the township. The association will write a letter of request for these lights to the Township Supervisor.

Crawford announced his intention of activating the Membership Committee during the summer months as there are a great many newcomers in the township who have expressed interest in joining the association.

Michigan has 1,791,900 pupils enrolled in public schools and the annual total expenditure to educate them is \$737,100,000.

After 41 Years of Teaching, Ex-Plymouthite Is Retiring

A 1920 graduate of Plymouth High, Howard Walker, is saying goodbye to the world of education this month. He retires the end of June after 41 years in the teaching profession, two of them here and the last 33 at McMichael Junior High School which is affiliated with Northwestern High in Detroit.

He has his sights set on extensive travel during the winter and spring months. Walker taught briefly at Lake Odessa and then in Redford before joining the McMichael faculty.

After graduating from Plymouth High with the class of 1920, Walker received his degree from Michigan State Normal College, which today is Eastern Michigan University in Ypsilanti.

He taught sixth grade at the old Central Grade School here during 1922-23. While he was here, Walker belonged to the Plymouth Rock Lodge.

At McMichael he has taught the seventh, eighth and ninth grades. His subjects were drafting and mathematics. Walker and his wife, the former Edith Burrell, of Denton, Mich., live at 14046 Coyle, Detroit.

They have a daughter, Mrs. Donna Grater, of Plymouth, whose husband works at the Plymouth post office.

July 4th Variety Show Auditions Are June 20, 27

"What's Up" is the title of the Plymouth Theatre Guild's Fourth of July variety show, featuring talent from the Plymouth-Livonia-Redford area.

It will be presented the nights of July 4-6, according to co-chairmen Dennis Merchant and Bob Wall.

Auditions will be held June 20 and June 27 in the Senior High auditorium here. Further information may be obtained from either Merchant (GL 3-0673) or Wall (GE 3-4525).

Auditions for persons with any variety of talent will be limited to five minutes, according to Wall and Merchant. Persons who attend the audition are asked to furnish their own music and accompanist.

TREFOIL DOINGS

By Shirley Scout

Mrs. Mimi Brennan extends a thank you to all the leaders and Girl Scouts who participated in the Memorial Day Parade, for their cooperation.

Some 110 girls are currently enjoying the fun and learning of Day Camp. The week's activities will be climaxed with a Scout Campfire ceremony this Friday night.

On Monday, June 10, the girls of Brownie Troop No. 411 received their world pins. Bridgette Buie received another star for her second year in Brownies and Connie Brown was invested into the troop.

Receiving their pins were Christine Ackerman, Bridgette Buie, Connie Brown, Robin Carlson, Diana de Bear, Pamela Fletcher, Stephanie Flora, Deborah Gleason, Michele Harrison and Nancy Henshaw.

Also joining the circle of Girl Scouts around the world were Cindy Jenkins, Stephanie Luce, Gail Mitchell, Peggy O'Day, Kathy Swanson, Joy Tapp, Kathy and Janet Teeple, Connie Turner, Nancy Wehmyer, Gwen Williams and Diana Clark.

The ceremony was witnessed by the honorees of the day, the troop committee mothers. The days activities were climaxed with a party. Patrol No. 3 served the girls and mothers while the other two patrols entertained with songs under the direction of the troop co-leader Mrs. Joan Carlson.

Girl Scout Troop No. 272, under the guidance of Mrs. Lawrence Brennan and Mrs. Irving Milligan, recently completed work on their backyard campers badge. Some 19 girls and 3 adults participated.

Parents and a representative of the troop's sponsor witnessed the Court of Awards Tuesday, June 11. The girls had worked in patrols on their games, health, and home health and safety badges. Many of the girls also received badges they had worked on individually.

The troop will conclude the years activities when they have an overnight at Greenfield Village June 24.

The leaders of all fifth and sixth and seventh grade troops are asked to notify their girls that work on the Girl Scout Float for the July 4 parade will start on July 2. They will work on July 2 and 3 at Mrs. Shannons, 543 Deer St. The theme will be their American Heritage and the float will participate in the Plymouth and Northville parades.

Michigan has 60 state parks and recreation areas, 23 state forests, five national forests and 150 county and municipal camping parks. In this state are more than 9,000 prepared campsites for tent and trailer vacationers.

Salem Says 'No' To College Question

Three issues were discussed and one passed in the Lyons school district election held June 10. Salem Township comprises much of the area concerned.

Voters turned down the Community College question, a tax rate limitation increase, and a high school bond proposition.

Passed was the debt retirement fund transfer proposition.

Four-year trustees elected were Rita M. Chenoweth and Leslie Donald Smith; three-year trustees, Alfred B. Ucker and Phillip Smith; one-year trustee, Harry Colestock, who was unopposed.

Firemen Host 2nd Teen Hop July 3

The second Plymouth Firemen's Association Teen Hop of 1963 will be held from 7:30 to 11 p.m. July 3 at the Senior High gym. Admission is 50 cents and adults are invited.

Don Zee, WXYZ disc jockey will provide the recorded dance music, and the 1963 Miss Plymouth will be crowned during ceremonies beginning at 7:30, a spokesman explained.

Plymouth firemen and their wives will act as chaperones. There will be various special entertainments and refreshments will be served. Local firemen expressed regret that space limitations demanded they turn away nearly 250 young people during a recent teen dance here.

Expecting about 300 teens at that time, the firemen played host to approximately 750 instead. "There just wasn't room for any more," a fireman explained more recently.

Exchange Pupil Makes Long Trip To Attend PHS

Yvonne Bradley, 17, of Staffordshire, England, will arrive in Plymouth the week of Aug. 11 as an exchange student through the Michigan Council of Churches.

Yvonne will stay in the home of Mr. and Mrs. John Haas, 8870 Rocker St., the second exchange student the Haas' have welcomed. A Japanese student lived with the Haas family in 1960-61.

The English girl will enroll in Plymouth High as a senior in the fall. The Haas' have two daughters Betsy, 17, who will also be a senior at Plymouth High, and Barbara, now a student at Western Reserve University, Cleveland.

In a letter from Yvonne she said, "I maintain an interest in a small amount of hobbies, dressmaking, knitting, and reading, and at school I attend meetings of the Science Society, and the Council of Education and World Citizenship. Out of school I sometimes attend films, given by the French Circle."

"I gain much satisfaction from meeting and mixing with people and I like to discuss both their opinions and my own of general topics, thus enjoying the pleasure of company in preference to doing things on my own, although I realize that in order to concentrate and do a thing properly it is necessary at times to work on one's own."

VFW Auxiliary Drill Team to Defend Laurels

The Plymouth VFW post auxiliary's state championship drill team, with drill sergeant Dolly Bouterse, will compete Saturday, June 22, in Kalamazoo for 1963 honors during the VFW's state convention.

The auxiliary drill team was judged the best team in the state a year ago in the same competition.

At the convention Saturday the Plymouth VFW's color guard will also compete for honors. It is directed by Hal Young. Two years ago, the local VFW color guard was awarded first place in its category.

NINE SCHOOL bus drivers in the Plymouth District last week were presented with certificates after having completed a special 12-hour training class conducted by Eastern Michigan University. recognized for having participated in the same program. They are: Fred Blevins, Russ Kaiser, Clyde Laslett, Del Price, Al White, Roy Stover, Hugh Smithson, Robert Liddle, Wesley Bush, Jim White, Bobbie Hunt, Ken Jewell and Jim Harkema. The entire school transportation division is shown above.

Two From Plymouth Injured in 3-Car Crash on Sheldon

Two Plymouth men suffered minor injuries in a three-car crash early last Friday morning at Sheldon and Six Mile Rds. in Northville Township.

In all, six persons were injured, none seriously, according to Wayne County Sheriff's deputies who investigated the incident.

A car driven by Stafford Roach, 46, Ypsilanti, stopped on Sheldon Rd. at the intersection. Sheriff's deputies said that a second car driven by John Konke, 53, 304 Ann Arbor Tr., struck the rear end of Roach's car.

A third auto, this one driven by Charles Dey, 50, Dearborn, rammed into the rear of Konke's car. Konke suffered minor injuries, as did Edward Wesley, 1393 Carol, who was riding with Dey.

Three passengers in the Roach auto were also injured slightly, according to Sheriff's deputies.

EIGHT MEMBERS of Plymouth Cub Scout Pack No. 1533 toured the Plymouth Mail last week in company with their den mother, Mrs. Grace Wheeler. Here, the youngsters and Mrs. Wheeler are being shown the function of a special type-casting machine by managing editor Jerome O'Neil. Cub Scout Pack No. 1533 is comprised mostly of youngsters from Starkweather School.

Legal Opinion

(Continued from page 1)

Board meeting last Tuesday evening, John Ort, the civil service commission secretary here, said the civil service act permits an acting fire chief to hold the job only 90 days.

Norman has held it longer than that.

Ort added "the possibility exists the civil service act is being circumvented."

Township attorney Earl Demel said he "took exception to any innuendos" in Ort's remarks.

Demel said he "took exception to any innuendos" in Ort's remarks.

Although the county prosecutor's office has reportedly written its legal opinion on the matter, the Township has had little success in obtaining a copy of the ruling.

Lindsay personally asked for it on at least one instance, and Demel said he had requested it three times.

The seven-member Township Board passed an official motion to request release of the opinion.

Lindsay earlier had obtained a ruling from the Michigan Township's Association which stated it is legal to abolish the fire chief's job and create the safety director's position.

Ort, secretary of the Township's civil service commission, was accompanied at the meeting by Warren Worth, commission chairman, and Gene Overholt, the third member of the commission.

Two years ago, Township voters approved a request to have the fire department placed under civil service.

The Township's five full-time firemen have since been regulated by the civil service act.

The issue currently is whether the acting fire chief's job is or is not governed by the same act.

If it isn't covered by civil service, Lindsay, as Township Supervisor, may appoint whomever he pleases to fill the job.

In other matters during the Board meeting last week, Supervisor Lindsay and Clerk John McEwen were authorized to sign a contract which will initiate a comprehensive Township-wide planning study.

The consultant firm of Waring & Johnson will undertake the study, which is being financed jointly by the federal

government and the Township. Of a total cost of 20,000, the Township will pay one-quarter.

The Board also agreed to request the Wayne County Road Commission to convert Sheldon Rd. from Joy Rd. to Five Mile Rd. into a primary class "A" pavement.

It will permit heavy truck traffic to use the road and thus enable the industrial development of the Northwestern half of the Township.

A matter involving the installation of a sanitary sewer along Wilcox Rd. to serve a proposed multiple-dwelling development near Lake Pointe Village was tabled for further study.

Engineering plans were approved for the installation of a water main from McClumpha to Beck Rd. to serve Woodlone Subdivision at the corner of Ann Arbor Rd. and Beck.

Authorization was given to invite bids on the project. A \$15 increase in water tap fees was approved, and the Board agreed to contribute \$50 to the cost of the Plymouth July Fourth fireworks program.

A Township employee insurance program was approved. The Township will pay half of the premium. The insurance benefits pertain to hospitalization.

Trustee Dick Lauterbach asked that a committee be established to determine formal policies and procedures on the maximum limits on various employee expenses in connection with attending seminars, institutes and similar conventions.

He also asked that trustees be furnished an advance copy of bills to be paid, and an agenda of the meeting prior to the moment of the meeting.

The Board approved the installation of street lights at three new locations. They are: at Beck Rd. and Five Mile; at Beck and the C & O railroad tracks; and at Ridge Rd. and the C & O railroad crossing.

Approval was granted to send justice of the peace Martin Schornberger to the state convention of JP's at Cadillac, Mich., during the period June 28-30. A maximum expense of \$100 was authorized.

Austin Stecker, Arthur Haeske and Tivador Balogh were re-appointed to the Township planning commission, and Peter Tonkovich and Bruce Kolak were named again to the Township's heating board.

Joint Planning Authority

(Continued from page 1)

to all four taxing units including the City.

"However, future development will require information (and efforts) on a much broader and deeper level," the letter stated.

The gathering and presentation of the necessary information for continuation of these efforts will make it next to impossible to continue our industrial and economic expansion on a volunteer basis."

The letter went on to recommend the formation of the Plymouth, community planning authority, financed by grants from the four taxing units.

"Through a planning authority," Lawton said, "the two townships, the School District and the City can participate in the funding of the project, and the cost can be divided."

In establishing the tentative \$20,000 first year budget, Lawton said the development committee had attempted to apportion the costs in such a way as to create a relationship between cost and direct benefit.

Consequently, the School District, which would be the greatest beneficiary of such a program, is being approached on a basis of \$7,500 participation, \$2,500 more than either the City of Plymouth Township are being asked to contribute.

Canton is being asked to give \$2,500 toward the effort. Lawton said he envisioned a full-time paid employee who would actively engage in the planning authority's work of luring new industry here. He put a ceiling of about 10,000

a year on the salary to be paid the individual.

He said among other immediate expenses would be the preparation of a brochure describing the Plymouth community and its many advantages.

The planning authority would be a 12-member board with each taxing unit furnishing three representatives to the board.

The 12-member board would be the "managing head" of the authority and would report back periodically to the four taxing units which hopefully will finance the project.

It would be organized under incorporating articles, similar in some ways to the municipal building authority here in the City of Plymouth.

The City's \$5,000 allocation was approved contingent upon the fact that the three other taxing units would also agree to pay their apportioned shares.

Girl Scout Day Camp in Progress

The annual Girl Scout Day Camp, attended by Girl Scouts and Brownies from the Plymouth-Northville-Wayne-Belleville district, is in progress this week in Edward Hines Park near Haggerty Rd.

Mrs. Ann Fowler is in charge of the program and is being assisted by Mrs. Helen Lodge. Mrs. Fowler is a leader of Girl Scout Troop No. 501.

Post Office Puts 'Zip' in Mail Handling

The Plymouth post office, acting on the orders of the postmaster general, has joined the confusing world of numerical designations.

Plymouth has been designated as "48170," a five-digit numerical code that will keep the community separate from all other postal areas the nation over, according to postmaster George Timpona.

He said the number "48170" is Plymouth's "ZIP" numerical reference for speedier and more efficient mail service and handling.

"Everyone in Plymouth will use the ZIP code on their letters and parcels in order to speed mail deliveries and reduce the chance of mis-sent mail," Timpona said.

The newly established "ZIP" code system is described as "revolutionary" in a recent postal department news release. The system goes into effect across the nation on July 1.

He stressed the importance of Plymouth citizens learning the ZIP code number and using it in their re-

turn address on all correspondence.

In answering mail, he said, the ZIP codes should be taken from the return address and filed for future use.

The ZIP code number is literally the last word in mail addressing, Timpona pointed out. He cited the following example of the correct use of the new ZIP code as it would pertain to Plymouth users:

John Doe, 12345 Main St., Plymouth, Mich. 48170.

Timpona said that the new plan will permit the post office to short-cut repeated address reading. "An address on mail often must be read as many as eight or ten times by postal employees in order to get it to its proper destination," he said. "Each handling slows the process."

The ZIP code system will apartments in a multiple-building complex there.

Only 12 of the 25 acres will be developed initially, it is understood.

The property is presently zoned for industrial and single family residential use. The Township's planning commission is expected to recommend re-zoning to R-3, which permits multiple-family structures.

Greenspan, reportedly will begin work on the project sometime next year, once the re-zoning has been accomplished and certain legal and financial requirements have been met.

The meeting Wednesday night starts at 8 p.m.

Lake Pointe News

By Marilyn O'Neil — GL 3-0057

New Lake Pointe residents Bob and Dolores Mosley, of Robinwood, have been here since February and seem delighted to testify to the many appealing features of the Plymouth community. They love the Plymouth merchants and everyone else is so friendly," Dolores says. In addition, their seven children "have far more to do out here than they did in Redford" where the Mosleys lived for 13 years previously.

At any rate, Bob is a buyer for Detroit Edison at the downtown office. He has a bachelor's in business administration from the University of Detroit. Both Bob and his wife like to play pinocle and poker, as well as dance and attend baseball and football games.

Their youngsters are headed by 14-year-old Linda who just graduated from OLG and will attend St. Thomas High in Ann Arbor beginning this fall. Linda, by the way, would like to do some baby-sitting. The other Mosley children are Patty, 12, Lorraine, 10, Laura, 8, Paul, 6, Mary, 3, and Mike, 1.

Welcome to Lake Pointe, Bob and Dolores.

"On the road" recently were Fred and Pauline King, Huntington Lane, who journeyed to Pittsburgh for a weekend. They visited Fred's parents, Mr. and Mrs. S. E. King, and took time to enjoy a couple of outdoor weiner roasts with Fred's brothers who live there, too. Six-year-old Scott King made the trip too.

Speaking of cook-outs, there have been any number of them in Lake Pointe already this season and the summer is hardly in full swing. For instance:

Fred and Marilyn Butler, Farmbrook, had a steak fry last Friday on their patio. Guests included Ernie and LaVerne Worm, Farmbrook, and Dick and Sue Miller, Beverly Skingley, Wally and Shelly Bizwell, Lee and Marion Owens, all of the City of Plymouth, and Bill Wilson, of Conneaut, Ohio. Later, they played cards and made an evening of it. Sue Miller, by the way, is a first grade teacher at Farrand School.

Saturday night, the scene shifted to Cam and Ruth Dostie's home on Russet Lane. Lyle and Gertie Horsell, Luke and Lynn Kramer, Russet, and John and Mary-Lou Stevens, Greenbriar, were on hand. The four couples have been meeting

Louis Garber, a member of a Detroit investment counseling firm, is scheduled to speak at Friday noon's regular Rotary Club meeting on the subject of "Long-Term Investments."

Dr. William R. Ross, Plymouth, attended a national post-graduate seminar on clinical endocrinology and the related treatment of metabolic diseases in Dallas, Tex., earlier this month.

as a pinocle club and, of course, they took another turn at that later in the evening. Lyle's mother, Mrs. Bertha Horsell, of Gaylord, was visiting here recently for a few days and also stayed briefly with Lyle's sister and her husband in Northville. The Lake Pointe Horsells have two children, Shirley, 6, and Michael, 2.

But back to the cook-outs... No less than 17 people were guests at Carl and Noreen Marcotte's home on Russet Lane for a Father's Day barbecue. Chicken was the big feature. Noreen's father, Mr. DeWitt Colburn, of Dearborn, was among the guests, as were her sister and brother-in-law, Mr. and Mrs. James Dolan, also of Dearborn. Other guests were from Redford and Detroit. The Marcottes have five children: Caryl Lynne, 6, Darrell, 5, Michael, 4, Janet, 2, and Stephen, eight months.

One of the earliest newcomers' bridge groups met again last Thursday at Eileen Cooper's home in Plymouth. A number of Lake Pointe women are members, including Mary Doherty, Brentwood, and Jan George, Robinwood, along with Marilyn Butler, Farmbrook, and Lois Stanley, Shadywood. There were about 12 women all told and a pot-luck dinner started the proceedings. Bridge followed shortly, of course. The club was organized in 1960.

Kay Devereaux, Clemons Dr., and Phyllis Hess, of Plymouth, combined efforts last Friday evening at Kay's house and hosted a baby shower for Anne Schlick, of Plymouth. Anne and her husband adopted a baby girl on Memorial Day. Carolyn is three months old. Pat Nelson, Brentwood, attended, along with Dorothy Frank, Ellen Thompson, Rita Notebaert, Jan Lucchetti, Rose Marie Chlucuske, all of Plymouth, and Margie Lancaster, of Northville. A whiskey sour punch and a cheesecake dessert were served.

Charles and Florence Irwin, Greenbriar, have visiting them Florence's mother, Mrs. Thomas Wearne, of Calumet. She has numerous friends and relatives in the Plymouth area.

Dick and Midge Bearup, of Greenbrook, visited Midge's mother, Mrs. Katherine Young, of Owosso, last weekend. The Lake Pointe couple took along three-year-old Jeff and one-year-old Lisa, too. Dick is a teacher at the Senior High here and coaches junior varsity football, bas-

DONNA JEAN CHILVERS, daughter of Mr. and Mrs. Ferman H. Overstreet, Pontiac, and Lawrence Richard Sexton, son of Judge and Mrs. James Sexton, 1043 Penniman Ave., exchanged vows in a morning ceremony Saturday, June 8, in Sacred Heart Catholic Church, Auburn Heights.

Lawrence Sexton, Donna J. Chilvers Exchange Vows

Miss Donna Jean Chilvers became the bride of Lawrence Richard Sexton in a morning ceremony in Sacred Heart Catholic Church, Auburn Heights, Saturday, June 8. The bride is the daughter of Mr. and Mrs. Ferman H. Overstreet, of Pontiac, and the bridegroom is the son of Judge and Mrs. James Sexton, 1043 Penniman Ave. Given in marriage by her father, the bride wore a gown of Schiffler embroidered nylon sheer. The gown featured a scalloped neckline, shirred short sleeves and chapel train. Her bouffant skirt was highlighted by panels of accordion pleated nylon adorned by bands of nylon and embroidery. She carried a bouquet of white gardenias and stephanotis and ivy. Attending the bride as maid of honor was Shirley A. McSkullin, Lampoon, Calif. Attending as bridesmaids were Elizabeth Gregory and

Collectors, no matter what they collect, always want to know what, when and where their collectibles were made. In the past few weeks in talking about buttons I have not been able to say much as to dating specifically ones buttons. Buttons are not often marked or stamped with the maker's name, and it wasn't uncommon for a good seller to be produced over an extended period of years. As its popularity subsided their production decreased and in some instances years later revived and were produced again. Thus a button popular in 1850 might have been revived again in the '70's or '80's. The inlay button is a good example of this.

Have you ever strung a love chain of buttons? These were also called memory of charm button strings. The idea was to string 999 beautiful buttons and then the owner would see her future husband, the penalty for adding more in error was to be doomed to spinsterhood. Another variety of the button string game was "touch button". The owner selected a certain button in her mind and if it was correctly named by the guesser the prize to the winner was the prettiest button on the string. Occasionally a button string turns up to the delight of buttons collectors today. You may be interested to know a little of the kinds of buttons that made up collections. Rather than go into great detail in their history

Worth Talking About

By Pat Barton

Proof Positive
Something new has been added and I found the PROOF in the Penn Theatre, 760 Penniman, when I asked Margaret Wilson, co-owner, what Proof pictures really were. The Penn is involved in a new picture policy and Margaret said she was proud the Penn had been chosen to participate in the program. Proof pictures are premiere runs of outstanding films and will be shown only in the finest neighborhood and suburban theatres like the Penn instead of premiering in large downtown theatres which has been the policy in the past. From now until September, Proof pictures will premiere each Sunday at the Penn Theatre and run for a full week, and the Penn will retain its policy of regular prices for Proof pictures. On the summer schedule at the Penn will be the latest movies by such popular thespians as Bob Hope, Jerry Lewis, Paul Newman, Rock Hudson, John Wayne and Doris Day, to name a few — Proof to me that pictures at the Penn are better than ever.

Harvest of Buys
I discovered a wonderful harvest of buys at The Wool Shop, 238 S. Main, this week. Evelyn Arthey, owner, had just received a new order of Pauline Denham, Yarns of California, and Pauline Denham sweater kits are custom packaged and the new pattern books contain only original designs. One of the most attractive kits was the Diamond Chanel Topper — a lovely array of 12 pastel shades of Belgium Mirella Mohair yarn, trimmed in white knitted bias binding. Other kits contained elegant trim of applique and beading. You can also create fashion news with your selection from the beautiful 100 per cent Alpaca yarns made in Italy. They are as soft as a Cloud Nine I visited once. Other distinctive patterns are available for Ballet striped jackets, long line cable, imperial ribbed yoke and open stitch cardigans, Shasta accent Chanel jackets, Sequoia and Florelite short coats and smock dresses. Evelyn said it only takes two weeks to receive special orders too. You can create a whole new elegant wardrobe by visiting with Evelyn at the Wool Shop, or call GL 3-9135.

Always on Wednesday
Hillside Inn, 41661 Plymouth Rd., has just the dish to satisfy either the connoisseur or just plain eager eaters like the Bartons. Every Wednesday from 5 to 9:30 p.m. is "Gourmet Nite" at Hillside Inn and a multitude of succulent selections are served from an attractive 38-foot long smorgasbord table. I chose an appetizer of Bismark herring en cream and the children sampled refreshing shrimp, spiced cauliflower, relishes, cheese and meat spreads. There was an enormous selection of chafing dishes — roast prime rib of beef, roast sirloin, turkey, beef ala Stroganoff, Boston baked beans, hot German potato salad, green vegetables, au gratin potatoes, roasted sausage and meat balls. In the chilled section was beef, ham, turkey, pepper loaf, salami, roast pork and meat spread.

It's Storage Time
My fur coat and the family's winter woollens were beginning to look as lifeless as a noodle in a rain storm, so I decided to give them a summer vacation at Colonial Cleaners, 1275 S. Main. Cliff Speck, owner, told me the storage was FREE for woollens, all garments are freshly finished in the fall and that I wouldn't have to dole out the moolah until then. Furs are pampered and completely protected from moths, heat, fire and theft and Colonial employees are experts at repairing, restoring and reglazing furs which gives them new life, lustre and loveliness. Fur storage rates are reasonable too — \$3.95 and up. I made a memo to beat the first day of summer, June 21, and take advantage of Summer Storage at Colonial. That's fur me!

It's Not Too Late
I had a wrong idea until I dropped in to talk to Bill Ruch, Heide's Greenhouses, 696 N. Mill St. I thought the planting season was over, but Bill assured me that because of cool weather there are two more weeks of planting left. I roamed around and found every variety of annual flowering plant from Petunias, Snap Dragons, Aster, Marigolds, Zinnias and Phlox to Geraniums. Young plants are still available too. Just the plants to add a little color to those empty patches in the yard. For the gardener, there are all varieties of onions, tomatoes, and peppers, and Bill said there was some late cabbage. There was also a late crop of Salvia and Portulaca, (Moss Roses to me), and there were nice hardy mums in the perennials. That's quite a choice, but what attracted me was the Lower Prices, and I took advantage of that fact immediately. Drop by Heide's Greenhouses and see for yourself. Or if you have a problem spot in the yard, don't know what to plant or where, or just want an array of color at reasonable prices, Bill has just the plant to solve your dilemma. It's not too late. Check those prices today.

once a year
A pharmacist may reach for a bottle of aminophylline powder only once a year, yet he always has this heart medicine on hand in case an emergency arises. Approximately 300 pharmaceuticals account for 75% of all prescriptions. Nevertheless, the average pharmacist stocks more than 3,000 drug items so that he will be able to fill immediately even the less common prescriptions. In addition, your neighborhood pharmacist must be prepared to answer questions from doctors about drug dosage, strengths and available forms and sizes. To acquire this knowledge, he spends long hours supplementing his professional education by keeping abreast of the latest pharmaceutical developments. Because the pharmacist keeps more than 3,000 pharmaceuticals in stock and because he is well informed about them, you can be sure that the prescription your doctor writes will be filled accurately and when you need it. Your pharmacist—like doctors, prescription drug manufacturers and drug wholesalers—is a vital member of the team that makes today's life-giving medicines available to you.

CLAIRE ELLEN CALAHAN, daughter of Mr. and Mrs. Foster Calahan, 498 Sunset Ave., became the bride of John Milton Fischer, son of Mr. and Mrs. Milton Fischer, Falls Church, Va., in a garden ceremony in Ann Arbor on June 1.

Garden Ceremony Unites Claire Calahan, J. M. Fischer

Miss Claire Ellen Calahan, after the ceremony at the apartment the couple have rented for the summer at University Terrace. The new Mrs. Fischer is a 1959 graduate of Plymouth High School and graduated June 8th from the Literary College at the University of Michigan, where she majored in Spanish. Mr. Fischer graduated from the University of Michigan Literary College in 1961 and will graduate from the Law School in August. On August 26th, they will leave for Washington, D.C. where Mr. Fischer has accepted a position in the Chief Counsel's Office of the Internal Revenue Service.

Members of the immediate families and a few close friends were in attendance. The bride wore a street length, full-skirted dress of white shantung, with matching bolera jacket and a small white circle hat with a veil. She carried a nosegay of white carnations and stephanotis. College Trustees Accept New Plans For 1-Story Library

Schoolcraft College's board of trustees have approved preliminary plans for the institution's re-designed library.

Earlier, the library had been included in the original complex of four initial buildings, but for reasons of economy it was re-designed and now will be bid as a separate unit.

Ground-breaking for the three other buildings has been held and construction is underway.

The new plans for the college library call for a one-story structure compared to the original two-story building originally planned. It will seat 350 students, according to the architect, and will have stacks of 35,000 books.

Eight classrooms and various faculty offices are also included. As the college's enrollment increases, the classrooms will be converted into an additional wing for the library.

In other college matters recently, the trustees awarded an alternate contract which includes the construction of a radio and television tower.

Plans for a \$16,000 center court have also been accepted. The base bids let to date total \$1,742,781.

TREASURES FROM Plymouth Pantries

FOUR-YEAR-OLD Chris helps his mother, Mrs. William Saxton prepare "Lemon Pudding Cake," a favorite of the family.

When you combine lemon flavoring, pudding and cake, you're sure to have a treat, and this is exactly what Mrs. William Saxton, of 1190 Ross St., has in store for all who try her recipe for "Lemon Pudding Cake."

An avid bridge player, Mrs. Saxton spends much of her time singing, as she is a member of the St. John's Episcopal Church choir and of the Plymouth Civic Chorus.

In addition to caring for her four children, Alan, a freshman at Junior High East; Craig, a second grader at Smith School; Karin, a first grader at Smith; and four-year-old Chris, Mrs. Saxton helps out at Saxton's Garden Center from time to time.

LEMON PUDDING CAKE
4 eggs
1 lb. 3 oz. pkg. yellow cake mix

1 pkg. instant lemon pudding mix
3/4 C. corn oil
3/4 C. water
1/4 tsp. grated lemon or orange peel

Beat eggs thoroughly until thick and yellow. Then add cake mix, pudding mix, corn oil, water and grated peel and beat five minutes. Next turn mixture into 9" angel food cake pan and bake on bottom shelf of oven at 350 degrees one hour. Cool on rack and dust top with sifted confectioner sugar.

Lemon Sauce
2 C. powdered sugar
2 Tbl. butter
2 Tbl. water
1/2 C. lemon juice
Mix above ingredients together (they'll look curdled) and pour over cake, which has been picked with fork, immediately after removing it from the oven.

Fellows Creek Inn Marks First Birthday

Its authentic mid-Victorian atmosphere is a year older now, and Fellows Creek Inn — in Canton Township — is celebrating its first anniversary.

George Luke Noble, owner of the popular dining spot, has extended an invitation to all residents of the area to share in the Inn's first "birthday."

Jim Garber Named Coordinator for New County Committee

James Garber, 42269 Hamill Lane, has been named committee coordinator for a special Wayne County Board of Supervisors sub-committee formed recently to study the possible re-organization of the county's governmental structure.

An attorney, Garber previously had been a member of the Wayne County Road Commission's legal division. Garber was an unsuccessful candidate for School Board here during the June 10 election.

Among the members of the sub-committee is Arch Vallier, a Commissioner here and the City's representative to the board of supervisors. The sub-committee is comprised of chairmen of the boards' various standing committees.

Other members include Detroit Mayor Jerome Cavanaugh, Dearborn Mayor Orville Hubbard, and William Patrick, chairman of the Board of Supervisors.

Garber will be placed on detached service to the board for a period of between three and five years, he said.

Means for re-organizing the county's governmental structure is permitted under the new state constitution, approved by voters in April. A consolidation of certain governmental functions is included.

Plymouth Grange met at 6:30 p.m. Thursday, June 6, with the usual pot-luck supper. The program arranged by Education Chairman Edith Renwick, was a most unusual one and, indeed educational. Mr. Glick of Michigan Bell Telephone Company presented a talk and demonstration on Telstar, the new means of space communication. The business meeting followed.

The Annual Southern Michigan Grange Picnic was held Sunday, June 9, at the Fair Grounds in Kalamazoo. The Southeastern Michigan Grange picnic will be held at Tecumseh Grange in Lenawee County, Sunday, June 23. Pot-luck dinner at 1 p.m. with a program to follow.

Keep the parcels coming for the Parcel Post Booth at the Bazaar to be held in October. When going on vacation be sure to take the following address along, so you can send your parcel back. Mrs. Clyde Williams, 8375 Wayne Road, Plymouth, Michigan. Please mark package "for Grange". For additional information call Dot Williams, GA 2-0484. Also what can you contribute to the other booths for the Bazaar?

The next meeting of Plymouth Grange will be Thursday evening, June 20, with a business meeting at 8 p.m. followed by a program.

Our Master, Jesse Tritten, who returned to St. Joseph Hospital in Ann Arbor about 2 weeks ago, underwent surgery on Monday of last week. While he is recovering from the surgery satisfactorily, he is now suffering from gout.

Gaining daily in popularity, Fellows Creek Inn will eventually prove to be one of the most appealing dining spots in this area.

Quartered in a sprawling brick mansion built in 1884, the Inn is located at 2636 Canton Center Rd., just south of Ford Rd. It opened a year ago this week.

The owner, Noble, is a native Detroit whose experience in the food business dates back a quarter century. He was four years at the highly-ranked Greenbriar Springs, W. Va.

Thousands of diners have visited Fellows Creek Inn and in each instance, Noble was confident that the visitors left with a conclusive belief in the Inn's apt slogan of "relaxed country dining."

The "Fellows Creek" name is derived from the stream that wanders lazily through that part of Canton Township.

Helping mark the Inn's first birthday are a number of Noble's key personnel. Jean Marsh is Fellows Creek Inn's new head chef. She formerly

was at the Hotel Eden Roc at Miami Beach.

Linda Green is the Inn's attractive general manager and is assisted by capable Mariys Harrison, another recent addition.

The talented "Cheryl" has

taken on a significant position as the Inn's singing head waitress and will be an appealing addition to the staff of Elliot's Ness-T, the Roaring Twenties-styled speakeasy bar in the basement.

Art Around Us:

by Mrs. Jessie Hudson

Women, on the whole, have contributed very little to the history of art. When you consider that art goes back to the stone age some 25,000 years, and went through all its various stages and developments right through the Renaissance without one woman's name appearing anywhere along its long climb, they really haven't made much of a splash. In fact, not until Impressionism came into being did women show up at all as major artists and most people are not aware that there were good feminine painters working alongside Manet, Degas, Renoir, et al.

These painters, who deserve to be better known, were Suzanne Valadon, Berthe Marisot and Mary Cassat. Miss Valadon, mother of the better known artist, Maurice Utrillo, painted with strong line in somewhat harsh colors, mostly nudes. Berthe Marisot studied with Edouard Manet, later married his brother. She took part in the famous first Impressionist show.

Mary Cassat, born in Pittsburgh in 1855 lived until 1926. In 1875 she went to Europe to study art and in Paris came under the influence of Monet, Renoir, Degas and the whole new school. Her first exhibition in 1893 was at the gallery of M. Durand-Ruel, friend of the new and then revolutionary painting movement. Since this breakthrough in Paris, women's names have

been appearing more frequently in the annals of art history. The next two of some stature were German Expressionist Paula Becker-Modershon and Gabriele Muntzer. Kathe Kollwitz, working mainly in black and white, is noted for her sense of brooding compassion for the German lower classes. "Few artists have recorded so sear-ingly the anguish of their time, for almost every drawing or lithograph Kathe Kollwitz produced turned out to be a cry of pain." (Time Magazine, July 27, 1962). Her work was banned by the nazi regime, naturally, but last year the Berlin Academy of Arts had on view 106 of her works.

Even scarcer in the history of art than women painters are feminine sculptors. Only two have emerged to date with anything like an international reputation; Barbara Hepworth of England and Germaine Richier of Germany.

On the national scene more women are emerging every year, some, such as Kay Sage and Georgie O'Keefe, are known in Europe also. On the statewide view, women's names are numerous with Louise Janssen Nobili, Mary Jane Bigler, Barbara Dorr, being representative. Most regional and local shows are dominated by women painters, many of them competent, some probably even more, but all as yet unknown and unsung.

Chips from the ROCK

Last Tuesday I had my travelling secretary pack our bags and we took off to explore the new circle route around Lake Superior.

This is written in Manistiquet, Michigan at the beautiful Beachcomber Motel over-looking a rough, windy and rain-soaked Lake Michigan. In fact, the whole trip today has been in a foggy drizzle so we decided to stop early so that I could write this for you.

This was my first trip up to the Mackinac bridge via the new expressway and was I surprised to find we covered the 300 miles in only four and a half hours. About 150 miles further north we made our first stop on the north side of Lake Superior at Wawa, Canada after lunching at Sault St. Marie and after crossing the new International bridge there. It's quite a time saver and reasonable at \$1.25 per car in comparison to the sand-bagging you take at the "Big Mac" where they soak you \$3.75 per car. Actually I would rather have taken the ferry trip, like we used to, but politics have done away with this pleasant break in the journey.

This is Thursday afternoon and we have covered 1,375 miles. We are about 400 miles from home or about six hours driving time considering the new highways one finds throughout this area.

The trip around Lake Superior is beautiful in that this year, to date anyway, it hasn't as yet been commercialized and the natural beauty of the landscape is in its original setting.

The trip from the Soo to Wawa (Wild Goose) is beautiful and the new Wawa Motor Hotel will compare with anything in the United States. This type of accommodation is scarce, however, at this time. Perhaps that's one of the reasons, other than the rain, that we covered the mileage we did. Anyway, we just wanted to see this new road before it became civilized, spattered with signs and strewn with empty bottles.

Fishing spots are numerous and fishermen were reporting excellent catches of pike and trout, especially rainbows near Marathon and White River. You pass through miles of evergreen and hardwood forests sprinkled frequently with beautiful views of Lake Superior, smaller roadside lakes and a multitude of rivers and gushing water falls, in addition to the world's most inviting sand beaches.

You will cross the longest unguarded international border, and pass through an area that, aside from the Himalayan Mountains, is the only spot on earth that has not been under water at some time since creation.

There are beautiful rock formations all across the trip that rise hundreds of feet above your car and each area presents a rock color more spectacular than the last. The roads are mostly new and excellent with one area of about 30 miles still under completion but this is no deterrent.

Prices are reasonable and fresh lake trout and whitefish are available in most of the better eating places. The Hudson Bay post, one of the few in this area located at White River, is an interesting side stop to inspect their stock of Eskimo sandstone carvings, furs, woolsens and Indian trinkets. It's a must for the children as these famous Canadian outposts are fast turning into abbreviated super markets with their regular merchandise being relegated to the back of the store.

This trip is one of the few that is available at this time especially for trailers or campers. There are beautiful accommodations all across the 1,200 mile circle. Clean camp grounds on the shores of lakes or streams and others high up in the woods over-looking the big lake from high in the hills. For an economical weeks outing this trip is an excellent one for the whole family.

Gasoline is available and the furthest distance we found between outlets was 65 miles and this soon will be shortened as a new super service station is under construction in the center of this area. The people along the route are friendly and helpful though most of them have no idea of distances from one place to the other and know absolutely nothing about eating establishments or accommodations along the way. We fortunately were guided most expertly by the Automobile Club and their information was most up-to-date.

An alternative trip that might cost more money, but which would be wonderful, would be to drive west on the north shore to Port Arthur. At this point you have seen practically all of the beauty, then take a ferry back to Michigan across Lake Superior. The boat leaves every Tuesday and Saturday night

and the trip takes 18 hours. Accommodations and food are excellent, they say. This also would eliminate the uninteresting trip back through the dull section of Wisconsin which is a complete waste of time.

If you have a few days, want to see some new wild country, catch some fish and perhaps sleep under the stars... now is the time to do it. Another year may be too late. The whole trip from Plymouth and back is just under 1,800 miles with perfect roads and beautiful scenery. We can recommend it highly.

This is a difficult column to wrap up. Faced with exploring the unknown with surgeons at the University Hospital a day or two after this appears it's pretty hard to know exactly what to say.

About the only certainty in my future, because of my present affliction, is the fact that I am doing all that is known to do and I am sure the world-renowned team of specialists who are handling my case are preparing to do everything they know how to stay the further ravages of my particular malignancy.

I suppose my reactions to the fleeting days before you enter into such an adventure have been quite normal. One's first thoughts are for the future care of his family and the completion of the many details surrounding such an eventuality.

It isn't possible to predict the reactions of others in the months and years ahead but I for one undertake this experience knowing full well my wife and children are dedicated servants of the community in which our business operates. They are well indoctrinated in the importance of their selfish loyalty to the Plymouth Community and I can leave them for any period of time knowing that this will be, and is, their first concern.

Secondly, I am convinced of their unusual love for this business and their training has put them in good stead should they find it necessary to carry on without the senior member of the team.

Thirdly, they are blessed with as fine a group of team-mates in our business as could be assembled anywhere in the world. The know-how, the interest and the loyalty of the talented personnel of The Plymouth Mail is above and beyond reproach.

Fourth, in all the years of my experience in the newspaper business our operation here has been the envy of other publishers throughout the country because of the exceptionally fine class of people that make up our business community. This has made working here a pleasure rather than a toil because there isn't one person that I know of at this time in this area that I, personally, my family and the Mail employees aren't glad to see, talk to and serve. This is most unusual, but it is also true.

So, knowing these things, knowing the fine people we serve, knowing the ability of the team on the job to serve, and knowing the determination of my family team to preserve those things best for this area, entering the period of the unknown, as I will Friday, is much easier for me.

For some reason I have an inner feeling that I may be just one of the fortunate to hurdle this problem as I have other monumental ones in the past. At least I am determined to give it an all-out try and as further proof of my determination and hope I have made arrangements with several of our community leaders to fill this column while I am away.

I am happy to inform our readers that they will hear from our Mayor, the Township Supervisor, other distinguished localities, as well as widely known retailers and manufacturers. In conjunction with my doctors we have calculated the maximum amount of time I might be confined and arrangements have already been made to supplant my efforts with the clear, constructive thinking of people I know you would enjoy hearing from. In fact, fate may have planned my "vacation" just so you could have a change in the content of this column. You can be sure it will be interesting and each contributor has been given carte-blanche on his subject so who knows what words will replace those of mine. I know you will enjoy them and I am most grateful to those citizens who will provide them.

Lus-Trus Firm Plans to Remodel Canton Factory

(Editor's Note - As announced in last week's issue of The Mail, the former Extruded Hinge Co. plant in Canton Township was recently acquired by the Lus-Trus Corp., a division of the Mather Co., of Toledo. This is a company release on the transaction.)

Purchase of additional office and factory facilities in Canton Township by the Mather Co., of Toledo, has

been announced by Henry T. Mather, president. The Canton Township plant, former headquarters for Extruded Hinge Co., will be occupied by Lus-Trus Corp., a division of the Mather Co. The property is located at Cherry Hill and Ridge Rds. Lus-Trus Corp. centers its activities around plastic profile extrusion operations. Lus-Trus main headquarters are in Ypsilanti at present. Although the present Lus-

Trus Ypsilanti plant will be devoted to the extrusion of sheets and vacuum formed products, the Lus-Trus executive office will eventually be located in the new quarters in Canton. The decision to buy the new facilities was precipitated by the rapid expansion by Lus-Trus since it joined the Mather Co. four years ago when Mather began to diversify. In addition, Mather's

Fluorotec Division in Milan, Mich., anticipates that it will soon be buying various plastic products from Lus-Trus, and the expansion will facilitate such an arrangement. The Canton Township plant contains 33,000 square feet, and is being completely remodeled. The exterior will be of colonial design. General Manager of the Ypsilanti Lus-Trus operation is Charles T. Langley, who came to Lus-Trus in March from the Mather Toledo offices, where he had been marketing manager.

FORMER Extruded Hinge Co. plant in Canton Township has been acquired by the Mather Co., of Toledo. The factory will be occupied by Lus-Trus Division. The building will be remodeled and eventually will appear as it is shown in the artist's sketch above.

Arbor-Croft News

by Betty Radcliffe

June is a very important month at the William Penrice home, Palmer Street. Nora is busy baking birthday cakes for four members of her family in June. Tommy was 9 on the 14th, Susan was 5 on the 15th, and Johnny was 7 on the 16th. Tommy and Johnny attend Our Lady of Good Counsel School and Susan will start kindergarten at Smith Elementary School in the fall.

Grandparents, Mr. and Mrs. Charles J. Penrice, Chicago, were here for the weekend to celebrate the birthdays and Father's Day. The other Penrice children, Danny, 10, and Jimmy, 2, were on hand to help blow out the candles. The fourth June birthday - last but not least - is Bill's which is on the 21st. Happy Birthday to the Penrice family!

Mrs. Donald Bidwell was hostess to an afternoon bridge group on Wednesday in her home on Ross Street. Newcomers to Plymouth are Rudy and Janice Fox who have moved to Hartsough Avenue from South Redford. Their three children are Carl, a high school senior; Margaret, 10, who will be in the sixth grade, and 7 year old Andrew who will be in the third grade. Mr. Fox is employed by the J. Walter Thompson Company.

We were glad to see so many flags flying in Arbor-Croft on Flag Day - June 14. We hope every house will have one on the Fourth of July.

Our sympathy is extended to the Norbert Battermann family, Palmer Street. Mr. Battermann's mother died in New York state last week. Visitors from Knoxville, Tenn. are the weekend guests of the George Johnsons. They are Mr. and Mrs. Charles, Arnhart and Dr. and Mrs. L. O. Haaby.

Members of the late Judge Nandino Perlongo's family recently attended the dedication ceremonies for two new children's cottages at the Michigan School for the Blind in Lansing. Widely-known, the late Mr. Perlongo lost his eyesight in a childhood accident and attended the Michigan School for the Blind, where he learned to speak English. He was one of 10 children of Italian immigrant parents.

One of the new children's cottages has been named Nandy House in fond memory of Mr. Perlongo. Among those attending the dedicatory services were Mrs. Dorian Perlongo and the late judge's brothers, Joseph and James.

Rocks Assemble .583 Winning Percentage During 1962-63

Dame fortune treated Plymouth's varsity athletic teams kindly during the course of the 1962-63 sports year. More precisely, the Rocks compiled a .583 winning percentage in 96 contests during the September-to-June span. Broken down in terms of wins and losses, it amounted to a 59-39-1 record.

The single tie game was on the football field, in the midst of a gridiron campaign that wound up 4-3-1 for Plymouth High. A walloping victory over a sturdy Walled Lake team in the last football contest of the fall earned Plymouth the further distinction of having finished better than

.500 on the gridiron in each of the past 12 seasons. In a schedule featuring eight varsity sports, the Rocks emerged with three league championships during their credit during 1962-63. The conference crowns came in swimming, golf and tennis. The tennis team added a Class A regional tournament title to Plymouth's laurels this year, and the swimming team finished a highly-respectable ninth in the state meet.

The eight Plymouth varsity teams finished with these individual accomplishments: Last fall, the football squad compiled its 4-3-1 record and finished fourth

in the Suburban Six on the strength of a 2-3 conference mark. It was the twelfth straight season Plymouth's gridders have finished with better than a .500 record.

In cross country, the Rocks were fifth in the league, 20th in the class. A regional meet and finished with a 1-7 won-lost achievement.

During the winter, the

basketball team won five games while losing 11. Plymouth was fourth in the Suburban Six when the final standings were tallied.

In swimming, the Rocks won 12 of 16 dual-meets, marched to Plymouth's sixth league swimming championship in seven years and also finished ninth in the state class A swimming meet.

All in all, it was the spring sports agenda that found Plymouth at its overall best, at least by comparison. The baseball squad finished in a tie for second place in the league with a 6-4 mark, and was 9-5 for the season.

In golf, the Rocks won 11 of 15 contests and gain-

ed a league championship enroute. Tennis resulted in a 10-2 season record in dual meets as Plymouth won both a league crown and a class A regional title.

Track found Plymouth finishing third in the league, winning four and los-

ing three dual meets, placing fourth in the regionals and ninth in the state contest.

Most certainly, the Rocks have something to crow about as they reflect on their sports accomplishments during the 1962-63 season.

Tait's in Driver's Seat In Softball Loop Again

Just as it did a year ago at this same time, Tait's Cleaners is starting to pile up a substantial lead in the men's recreation softball league here.

"Substantial" may be a misnomer at the moment, but all of the old indications are certainly there. Tait's is undefeated in three games and rests comfortably at the top of the conference ladder of standings. A fourth game was rained out with Tait's leading there, too.

If it had gone to completion, chances are good that Tait's record to date would be 4-0 instead of 3-0. But regardless, Tait's is already in the driver's seat.

Only Plymouth Plating and Men's Lutheran appear capable of furnishing any strong opposition. The Plating team racked up two easy wins last week to run its record to 4-1, while Men's Lutheran won one and now boasts a 4-2 mark.

These were the results of last week's games in the softball league here:

Tait's dumped McAllister's, 8-3, and Men's Lutheran defeated Paragon Steel, 19-3, on Monday evening. Tuesday Box Bar won its third straight, a 13-5 victory over Local 102, and Plymouth Plating dumped Vico Products, 21-4.

Thursday evening, Tait's shut-out Vico, 1-0, and Plymouth Plating defeated Local 102, 9-4.

According to league supervisor Earl Gray, these are the current standings in the men's softball circuit:

Team	W	L
Tait's	3	0
Ply. Plating	4	1
Men's Lutheran	4	2
Evans Products	2	1
Box Bar	3	2
McAllister's	2	3
Vico Products	2	3
Paragon Steel	1	5
Local 102	0	5

TOP FOUR winners in the local Grand National model car competition at Jerry's Hobby Shop here recently were these youngsters. Front row, from left: Stuart Delaney, fourth place, and Greg Merriman, third. Back row, from left: Tom Tate, first place, and Guy Bear, second.

THE PLYMOUTH MAIL Tuesday, June 18, 1963 5

REGIONAL WINNERS in a model car contest sponsored locally by Jerry's Hobby Shop here were these six young men. Standing, from left, in the front are: Don Hudson, who won first place in the junior division, and Bill Hudson, who was third in the same division. In the back row, from left, are: John Cumming, who was first in the intermediate division; Bob Grubb, second in the intermediate class; Bill Norgrove, second and third in the senior division; and Fred Reiman, first in the senior division. The model cars made by Don Hudson, John Cumming and Fred Reiman will all be sent to California later this month to be entered there in the first National Open Custom Car Contest. Revell Toy Co. sponsors the national competition. All six of these young men won trophies or similar awards signifying their accomplishments locally.

Special Meeting Irons Out Junior League Problems

By John Schmidt

A special meeting of the re-organized Plymouth Junior League was held last week with newly-elected president Joseph Bida presiding. A number of controversial issues were discussed. The purpose, scope, history, problem areas and long-range planning were among the major topics.

Members reconfirmed the purpose of the league: "To enable as many boys within the community to participate in a well-organized, meaningful recreation program." Other items acted upon included plans for recognition of sponsors, the issuance of a financial report, and other matters designed to further improve and expand the league's capabilities.

Problem areas that will require attention include such issues as "adult pressures" or "parental politics" which have given Junior League baseball an unfavorable reputation at times.

It was felt, however, that this is a minor problem in Plymouth since the Junior

baseball program here is entirely divorced from the National Junior Baseball program.

Somewhat associated with this issue was the apparent lack of cooperation between the league and the community.

It was pointed out that such events as the annual candy sale and community-wide fund-raising events, from which proceeds are turned over to the league, were held with local news media and the general public almost completely unaware of such events.

It was agreed that with approximately 500 boys participating in the program, the community must be better informed. Steps were taken to assure this improvement in communications.

The next league meetings will be at 3:30 p.m. Friday, July 12. A televised re-run of Carl Cederberg's excellent film on the Junior League program in Plymouth is tentatively scheduled for June 25. This is subject to change, however.

(Junior League officers please note: The Plymouth Mail stands ready to print any and all stories of community interest, but cannot accomplish this without being first notified of what is taking place. — Editor.)

Class E, F Baseball Underway

The local recreation baseball leagues got underway last week with seven games in the class F conference and another eight in class E.

These were the scores: In class E, Bill's Market absorbed a 2-1 loss at the hands of Loper Tire; Northville Plumbers defeated T-Bird Inn, 7-1; the training school beat Northville Recreation, 7-6; Novi Flyers bombed General Filters, 9-0; Fisher's nipped Kiwanis, 8-7; Novi Flyers dumped T-Bird Inn, 10-0; Kiwanis lost to Loper 4-3, and Bill's Market defeated Northville Recreation, 9-4.

In class F, the Orioles defeated Casterline, 12-4; Party Pantry whipped DiPonia, 13-0; Plymouth Recreation dumped Fidler's, 5-3; Casterline edged Ely Filters, 8-8; the Orioles tripped WCTS, 9-3; Finlan Realty beat DiPonia, 10-2, and Party Pantry shut out Plymouth Recreation, 2-0.

Junior League in Seventh Week; Pirates, Orioles Are Leaders

Plymouth's Junior Baseball League moves into its seventh week of the 1963 season with all 12 major league teams at full strength.

Minor league activity will start this week and an estimated 500 boys will participate.

In the National Division, the Pirates continue to lead the way with a 6-0 record, while the Cubs are two games behind at 4-2.

Leading the American Division are the Orioles with a healthy 5-1 mark. The Yanks are in second with a 4-2 accomplishment to date.

All games are played on the Junior League diamonds across from Burroughs Corp. on Plymouth Rd. The National Division games are played Monday and Wednesday of each week of the season, and the American Division games are Tuesdays and Thursdays.

The season ends July 18. Playoffs — the local "World Series" — will be held July 29-31. An annual Senior All-Star game will be held July 4. The Junior League playing fields are fully-equipped.

There are three diamonds, each completely fenced. Other facilities include bleachers, dug-outs and large parking lots nearby. The Junior League owes its thanks to many individuals, local organizations and business firms for these fine facilities.

League officials, managers and friends encourage everyone to attend the games. Contributions to help maintain the facilities and equipment are given strictly on a voluntary basis.

The umpires volunteer their time at the games, which is another indication of the na-

ture of the Junior League program here.

These are the major league standings as of June 14:

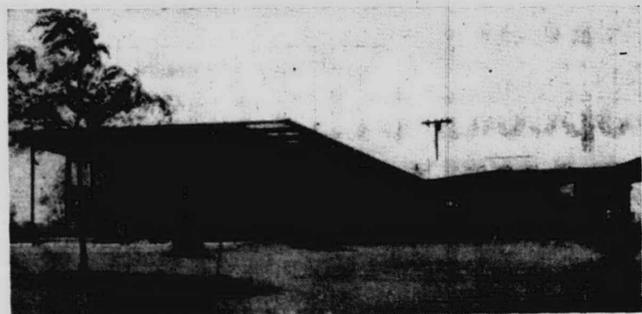

Team	WON	LOST
Orioles	5	1
Yanks	4	2
Indians	3	3
Red Sox	3	3
White Sox	2	4
Tigers	1	5
National Division:		
Pirates	6	0
Cubs	4	2
Braves	3	3
Red Legs	2	4
Dodgers	2	4
Giants	1	5

The team is undergoing training and maneuvers while aboard various amphibious ships of the fleet. The fleet serves as a primary force in readiness in the event of an emergency in that part of the world.

Charles B. Hanlon

Charles B. Hanlon, U. S. Navy hospital corpsman first class and the son of Mr. and Mrs. Charles A. Hanlon, 628 Adams St., is scheduled to be promoted to the rate of chief hospital corpsman, on Jan. 16, while serving at the Naval School of Aviation Medicine, Naval Aviation Medical Center, Pensacola, Fla.

He was selected on the basis of his score in the Navy-wide examination which he took last February. Promotions are scheduled throughout the year, according to the needs of the service.

Hanlon is assigned to the Fiscal-Supply Division of the Administrative Department. He is a graduate of Plymouth High.

George F. Vargo

George F. Vargo, Jr., electrician's mate fireman apprentice USN, son of Mrs. R. Veteese, 42324 Brentwood St., Plymouth, serving aboard the attack aircraft carrier USS Hancock, recently participated in Exercise Flying Fox, a major fleet striking and anti-aircraft warfare training exercise conducted May 20 through 24 off the coast of California.

Lawrence Foreman
Lawrence E. Foreman, USN, son of Mr. and Mrs. Clinton B. Foreman of 9295 S. Main, Plymouth, completed nine weeks basic training June 7 at the Naval Training Center, San Diego, Calif., in the weekly Recruit Brigade Review involving some 3,000 recruits.

At the completion of his present leave, which he is spending with his parents, Foreman will report to the Naval Air Station, Phoenix Ariz., where he will be working in the Navy's aviation program.

David Travis

David Leslie Travis, son of Mr. and Mrs. Jack Vernon Travis, 48107 Hanford, Plymouth, left last week for Yeoman Class "A" School in Bainbridge, Md. David will complete 16 weeks school then will be further transferred. David was a graduate of Plymouth High.

Robert A. Paul

Marine Private First Class Robert A. Paul, son of Mr. and Mrs. Henry L. Paul, 15058 Robinwood Dr., completed the two-week Aviation Familiarization School April 26 at the Naval Air Technical Training Center, Memphis, Tenn.

The course includes flight theory, aircraft handling, survival practices and firefighting. Graduates of the program are qualified to attend a technical training school in preparation for duties with Marine aviation units.

THIRD GRADERS at Starkweather School last week said good-by for the summer to "Junior Ann," a three-month-old chicken that was born in their classroom March 15. It was hatched by means of an incubator. Above, in the front row, are Tammy Tallmadge, Ron Bramlett and Roxanne Tarrow. Standing behind them are Mrs. Richard Fritz, the teacher, and Steve Vincent.

New Business Leases, Sells Home Beer Dispensers

A unique new business has opened its doors here. Named the Hom-Draft Brau Co., the firm leases and sells portable home draft beer dispensers, manufactured by Cervitor Kitchens, Inc., Los Angeles.

The new Plymouth sales office is at 838 Penniman Ave., in the building formerly occupied by the State Farm Insurance agency and the Stark Realty firm. They have moved to new locations. Owners of the new company here are Neal Lamphere and George Kolb. They also own Hillcrest Auto Sales and the Gulf service station at Ann Arbor Rd. and Main St.

Charles Wood, Royal Oak, is the general manager for Hom-Draft Brau Co. He said that he plans to move to Plymouth soon. Wood said that the company already has a six-man sales force concentrating on the Detroit market area and eventually coverage will extend to all of Michigan and parts of Ohio.

Wood explained that the firm is not yet licensed to sell the kegs of beer that are used in the portable dispenser, but such a license will be sought shortly. The dispenser resembles a refrigerator in its method of operation, but is not as large. It is mounted on casters in order to remain portable.

SUFFERS STROKE

Donald "Mike" Herrick, familiar face at the post office here, suffered a slight stroke last week and is recovering at University Hospital in Ann Arbor. He was reported to be slightly paralyzed in his right side. Herrick lives at 14341 Northville Rd.

PLYMOUTH telephone lines

By H. J. WILSON, Manager

FOR MOST OF US, communicating with others is as natural as breathing. But what about the person who can't speak due to surgical removal of his larynx? Or those with impaired hearing, or who can't see? Michigan Bell, together with the Bell Telephone Laboratories, the research arm of the Bell System, is continually seeking ways to improve communications for handicapped persons. Braille switchboards for blind operators, a special telephone handset for the hard-of-hearing, and the artificial larynx that serves as a workable voice for the voiceless are a few examples the Laboratories has come up with. These and other special telephone services offer encouraging hope for a better way of life to many persons handicapped by physical disabilities.

WELCOME TO SUMMER! It's the happy time for vacations and weekend trips to your favorite pleasure spots. But remember to go first by Long Distance. This is the busy season for motels and hotels, so be sure to call ahead for reservations. And when you arrive, call the folks back home to put everyone at ease. A Long Distance call costs so little... in fact, after 9 p.m. you can make a 3-minute station call to any place in the continental United States for \$1 or less, plus tax.

PEOPLE SOMETIMES THINK they have a "bad connection" when they can't hear the person at the other end of the line clearly. So they ask our Repair Service to find the trouble. We've found, though, that what often seems to be a poor connection is actually a case of the other person's "tired arm"! Inadvertently he lets the handset wander away from his mouth. To be clearly understood, it's best to hold the transmitter end of the handset directly in front of your lips. It's a small courtesy others appreciate.
