WITH THIS ISSUE... PLYMOUTH'S OLDEST BUSINESS INSTITUTION, THE PLYMOUTH MAIL, COMMEMORATES THE CONCLUSION OF ITS 75th CONTINUOUS YEAR OF DEDICATED SERVICE TO THE PEOPLE OF THE PLYMOUTH AREA.

"The measure of any man's worth is not the number of his servants, but the number of people whom he serves."

This is a festive week for Plymouth. This is a festive week for the The Plymouth Mail. Coincidental is the fact that the week The Plymouth Mail was born was a week in our fair village comparable to the one we are having here today. That was 75 years ago, now practically 76. A newspaper is many things to many people. It is, above all, a means of chronicling the news. A newspaper built on The Mail's tradition strives to be, more than anything, the true mirror of the community's life... the immediate community it serves. Its job is to tell about people and the human drama along the way. Through its advertising columns it is a meeting place for buyers and sellers. Into every home it serves, it brings a regular fare of information, education and entertainment. For the past 75 years it has been The Mail's privilege to report and perpetuate the news of Plymouth for posterity as no other media is capable of doing. That news has been about you, your parents, your grandparents and your great-grandparents... for people make the news. Because The Mail has held true to its obligation to the Plymouth community since its birth, we are able here today to bring you some most interesting observations and comparisons of the gigantic festival held in our village those long years ago. According to our files the festival or celebration, of which we shall bring you some interesting facts, was the encampment of the Soldiers' and Sailors' Association of Wayne County. This week will see our village in gay attire. Flags will be flying and most of our business places and residences tastefully decorated with red, white and blue. The old veterans will be in their suits of blue, marching through our streets escorted by brass bands and followed by hundreds, more likely thousands, of citizens from both city and country. The G.A.R. will have a large banner stretched diagonally across the street. It will be embellished with the Michigan coat of arms and the G.A.R. badge. The young ladies of the Baptist Church are holding a peach and cream social for our visitors. The old Michigan 24th will hold its annual meeting here during the encampment. Little Minnie Sands, "the daughter of the regiment," will enliven the encampment with her patriotic songs. All railroads are offering half fare to those attending the encampment here. Wednesday's program includes - salute at sunrise, dinner at 12 noon, dress parade at 5 p.m., supper at 6:30 p.m. and a campfire in the evening with spirited addresses by visiting notables. Tattoo at 9:30 with taps at 10 p.m. The afternoon will be interspersed with ball games, races, various sports, etc. Thursday's program includes company reunions, an address by Governor Luce and a concert by the Plymouth Cornet Band. ## Commissioners 'Clear the Decks' For Water Hearing Next Week

City Commissioners breezed through a medium-sized business agenda Tuesday evening in preparation for a closed committee-of-the-whole session on the water issue next Monday night.

Gerald Remus, general manager of the Detroit Water Board, will be invited to present his case once again. He has made one other appearance at a Commission meeting here.

During this week's regular business meeting, Commissioners dealt heavily on two matters involving the firm of Gould Homes, Inc., a local development company, and then passed favorably on both items.

In one request, Loren Gould asked permission for a sanitary sewer tap for a professional office building that he intends to build on Sheldon Rd. just north of Bird School.

The building will be located in Plymouth Township, but the City owns the sanitary sewer line across the road.

Commissioners, after a lengthy debate, finally approved the request subject to Township approval, under the terms of the City-Township mutual sewage-flowage agreement.

Commissioners agreed that a fixed policy on requests of this nature must be formulated.

Gould's other request was for an indication as to the City's plans regarding the construction of a 610-foot sanitary sewer extension at the northeast corner of Ann Arbor Rd. and Sheldon Rd.

The local builder said he requires some indication of the City's intent on the sewer extension in order to complete the sale of his property there to the Shell Oil Co.

Earlier, the City Commission had advertised for bids

on the project — involving a 30-inch sanitary sewer main — and when the bids were received they ranged about \$5,000 higher than the engineering estimate.

After discussing the request, Commissioners agreed to reject the previous bids and advertise for entirely new bids on the project. The lowest bid was for more than \$17,000 and did not include various fees.

The new bids are expected to be opened late this month or early in October.

In other matters, the Commission:

- Gave permission to the new Burroughs Corp. employees credit union to tap into the City's water line at Plymouth and Haggerty Rds. in order to service a building to be constructed there.

- Instructed Manager Albert Glassford to inform local

- Approved the use of a sound truck by the VFW in conjunction with the Pageant of Drums during the Fall Festival.

- Authorized Glassford and Public Safety Director Kenneth Fisher to work with the Chamber of Commerce in all matters pertaining to the Fall Festival this week.

- Confirmed Glassford's appointment of Richard Shafer as the City's new clerk.

- Authorized the payment of \$2,900 in previously withheld funds to the Gaye Bros. Construction Co. for work done a year ago.

- Designated as a no parking area a portion of Ann Arbor Rd. in cooperation with the Michigan State Police.

- Selected the evening of Sept. 12 as the date to visit Western Electric Co. and view the firm's low water pressure problems.

Store windows in Plymouth are displaying antiques and turn-of-the-century clothing styles during Fall Festival Days. Don't miss visiting each and every window during the Festival.

# Night Class Centers On Social Relations

Only three classes apparently will comprise the new evening school vocational training program authorized by the School Board last week.

The first two, one centering on basic arithmetic and the other on English, are fundamental in nature, but the third — termed "human relations" — should prove to be the crux of the novel night school.

All three will be designed to meet special educational needs of youngsters who for varying reasons have dropped out of school before receiving a diploma.

The night school is an outgrowth of the YMCA's highly successful Youth Employment Project that got underway earlier this summer.

The class in human relations will deal with a little bit of everything, according to Supt. of Schools Russell Isbister, who recommended it to the School Board during a special meeting last week.

Among the topics expected to be included in the class are good grooming, telephone etiquette, social graces, proper dress for various occasions, and a multitude of similar subjects.

All of them will combine to equip a young adult with necessary skills and knowledge which, in turn, will enable him to compete more fully for a job and to fit more adequately into a changing society.

Many drop-outs, according to officials of the YMCA Youth Employment Project, lack the basic social graces which often-times mean the difference between landing a permanent job and falling by the way-side in the selection process.

In keeping with a nationwide move in this direction, the local night school will attempt to erase this problem in the Plymouth community.

Isbister hinted that Philip Johnson, recently named as full-time coordinator of the Senior High's occupational training program, may be assigned the supervisory duties accompanying the night school plan.

The evening vocational training classes are being rushed to reality in hopes of getting the program in full operation by Sept. 30.

Actual content of the curriculum will be designed — at least in part — by lay people cooperating with local educators. Teachers, of course, will conduct the instruction.

Isbister suggested that people from Plymouth's business community may appear occasionally as guest instructors and will speak on the practical nature of the subjects being taught in the classroom.

Prior to Isbister's recommendation of the night school program to the members of the School Board, a special 25-man "advisory committee," comprised of community leaders, met and discussed the proposal.

They urged its adoption unanimously and passed their recommendations along to Isbister.

The Board approved the program for a one-year period and asked that a progress report be made at the end of that time.

Actual function of the night school program will involve Mike Hoben, who this summer served as the coordinator of the YMCA Youth Employment Project. Hoben, who will continue as coordinator during the coming school year, will be able to counsel drop-out youngsters into the various night school classes that will benefit them the most.

The School Board approved an approximate expenditure of \$800 to \$1,000 in order to underwrite the costs of the night classes. Consequently, administrators of the pro-

gram will ask youngsters who attend the classes to pay a nominal fee so as to establish the program on a self-sustaining basis, if possible.

Still, those young people unable to pay the admission fee will be permitted to attend anyway. Consequently, no young person who has a need to attend the night classes will be turned away.

Isbister said that about 100 young people — ranging from about 16 to 25 — are expected to take part in the night school classes once the program is in operation.

Simultaneously, the Plymouth adult education curriculum will be made available to these same young people in order to provide a still wider base of vocational instruction.

Such classes as welding or drafting are frequently offered through the adult education program and these are expected to be utilized when it's deemed appropriate.

Although Hoben this week returns to his teaching, counseling and coaching duties at the Senior High, he still will continue to direct the YMCA Youth Employment Project as a result of special permission granted by the School Board last week.

Under the terms of the arrangement, he will be allowed to work on the Youth Project during part of the afternoons throughout the football season.

When the football schedule ends, he will be able to devote the entire afternoon to his coordinator's duties. Hoben's Youth Project office, for the time being at least, will remain in the Plymouth Community Credit Union where it has been housed during the past three months.

Isbister will ask the directors of the Community Fund, which helps support the YMCA here, to increase the annual allocation to the 'Y' by \$2,500. This, in turn, will be paid to the School District as reimbursement for that portion of Hoben's time devoted to the Youth Project. He will continue as a full-time faculty member.

## Festival Fun Set to Start; Financing Still A Concern

The gay, turn-of-the-century fun of Plymouth's four-day 1963 Fall Festival gets underway Thursday and upwards of 25,000 persons are expected to visit the community during that span.

With the start of the Festival only hours away, planners are still busy wrapping up last-minute details and coordinating related projects accompanying the most auspicious community-wide undertaking in Plymouth's history.

Of continuing concern to Festival planners is the financing of the ambitious project.

According to Chamber of Commerce President John Herb, less than \$2,000 of a projected \$4,000 budget had been raised by the end of last week. He urged all sponsors to return their pledges or contributions as soon as possible to the Chamber offices, 455 South Main St.

Herb, who is one of the dozen special planners of the Festival this year, issued a total break-down of the budgetary requirements.

Publicity for the four-day event will require \$1,250. It includes a far-ranging advertising campaign involving 11 newspapers as well as radio announcements and promotional stickers which already are in evidence on numerous auto bumpers throughout town.

Another \$850 is required to meet the expenses of conducting a series of special events during the Festival celebration. Among these are the appearance of a German Band, a balloon man, Indian dancers, a public address system and a Town

Crier, in addition to similar devices, all depicting the theme of the Festival and its precise dates of Sept. 5-8.

Herb listed \$1,900 for permanent-type decorations, bringing the total to \$4,000. The decorations include street banners, oak leaves and electrical wiring, street

## School Doors Swing Open In Prelude to Boom Years

Thursdays and statistics show they are only a figurative "drop in the bucket" to what the School District may expect over the next two decades.

According to projected enrollment figures compiled by Supt. Russell

Plymouth public school system will be bulging at the seams come 1980.

Estimates that the student population in Plymouth classrooms by 1980 will reach the awesome total of 12,300, well more than double what it is going to be this year.

(By comparison, this year's 5,600 enrollment is 300 students greater than the School District encountered last year.)

Utilizing population estimates of the School District as determined by the Greater Metropolitan Planning Commission, Supt. Russell will have 7,733 public school students.

Some time back, Supt. Russell mentioned in casual conversation that the Plymouth School District is large enough geographically to comprise an ultimate student population second only to the Detroit public school system.

The Plymouth District measures approximately 45 square miles and stretches as far south as Michigan Ave., encompassing nearly two-thirds of Canton Township, as yet relatively undeveloped residentially.

According to the 1960 federal census, the population of the Plymouth School District was 22,443. It is estimated at around 26,000 today. By 1970, the figure is expected to reach 37,000 and swell to 62,000 by 1980.

During the next 17 years, City of Plymouth will grow from its present 9,000 approxi-

Safety patrol girls Jill Pedersen and Susan Beyer (above), together with numerous other local safety patrolers, all wearing their familiar white belts, will be doing their part to prevent any tragedy involving school children. The two youngsters are safety patrolers at St. Peter's Lutheran Day School here, where the entire safety patrol force this year will be comprised of girls.

A KEYSTONE COP and a Town Crier will be among the many gayly-costumed personalities who'll stroll during Fall Festival Days later this week. Here, Marvin Cranford — as the Keystone Cop — and Donald Golem — the Town Crier — sound out the announcement of the fast approaching arrival of Plymouth's gigantic Festival celebration. It begins Thursday, Sept. 5, and will conclude on Sunday, Sept. 8. Upwards of 25,000 persons are expected to visit the community during that span of fun and activities. See the complete Fall Festival schedule elsewhere on this page.

## Muskets to Echo Local Civil War Volunteers

(Another aspect of Plymouth's Fall Festival will be Sunday's visit by members of the "North-South Skirmish Association," a group of hobbyists who fire the old muzzle-loading muskets of Civil War Days. Long-time Plymouthite Sidney Strong tells about the event in the following article.)

By Sidney Strong

A hundred and one years ago, about this time of the year, Company C of the 24th Michigan Infantry was recruited in what is now Kellogg Park, the very headquarters of our 1963 Festival.

And, on Sunday, at 4:30 p.m., Company C, 24th Michigan Infantry will come marching to that same park. The uniforms you will see are just like the century-old ones. The black felt hats with their black plumes will be identical with those worn by the Civil War Iron Brigade — and only by that outfit.

And the muskets, hat cords and the round red hat patches of the 1st Division, 1st Corps will be authentic Civil War regiments, with the 19th Indiana

company's drill and manual of arms, these Civil War regulations.

Who are these ghosts from the past? On this day they will be part of the exhibit of the Plymouth Historical Society.

This company, with headquarters in Northville, belongs to the North-South Skirmish Association, a national organization of olds interested in shooting the old muzzle-loading percussion cap muskets of Civil War vintage.

There are both northern and southern groups, each named for some famous organization of its neighborhood. So these men who will come to us on Sunday, actually from all over southeast Michigan, have chosen to honor Plymouth by taking the name of Plymouth's own Company C, 24th Michigan. Mr. Robert J. Reed of Northville, Second in command of this company, has supplied this information. William Whitmore is their Co.

If you don't remember your history, the 24th regiment, with the 19th Indiana

and the 2nd, 6th and 7th Wisconsin, made up the "Iron Brigade," famous for its cast iron stands in the face of the enemy. This Brigade was officially the 1st Brigade, 1st Division, 1st Corps. A whole book has been written about the service records of this regiment — its heavy casualties and its heroic behavior.

## 835 Parochial Pupils 'Hear Bells'

While some 5,600 Plymouth and St. Peter's Lutheran Day school students will be school, these are the back-published back to school later-to-school facts on each of this week, approximately 835 them.

Lady of Good Counsel Only morning classes will be held Thursday, Sept. 5, at Our Lady of Good Counsel school, Williams and Arthur Sts. But full-day sessions will begin Friday.

Sister Christine, principal of OLG school, said that 746 pupils are expected this fall, about 10 more than a year ago. The school conducts classes for children in the first through the eighth grades. There is no kindergarten.

The faculty will number 16 teachers, according to Sister Christine, and although it's a long way off at this point in time, the school year at OLG ends June 12.

Sister Christine pointed out that the OLG annual science fair, centering on contemporary, (Continued on page 4)

All set to welcome upwards of 10,000 hungry guests during their chicken barbecue Sunday, local Rotarians are spreading the word that they'll be "in business" rain or shine.

Just in case it should rain — and Rotarians have their fingers crossed that it won't — the guests will be able to order take-out servings. The barbecue gets underway at noon-time and will last until 6 p.m.

## Head-On Auto Crash Claims Father of Five

A Plymouth father of five was killed in a head-on collision along Edward Hines Dr. last Thursday night and the driver of the other car, who works in Plymouth, was injured.

Dead is Albert Donald Reckinger, 35, who lived at 1567 Lexington. He was pronounced dead on arrival at St. Mary Hospital in Livonia.

Treated and released from St. Mary Hospital was 40-year-old Arthur J. Employat, of Dearborn. He is employed at Begler's Oldsmobile-Cadillac here and was the driver of the other auto.

Reckinger, according to police, was "driving left of the center line" and collided with Walton's car. The force of the impact demolished the front end of Walton's auto and "tore off the side of Reckinger's car," according to officer Erickson.

"It looked worse than some train accidents we've seen," Erickson said later.

The accident occurred about a mile west of Newburg Rd.

Funeral services for Reckinger were held Tuesday at 10 a.m. at the Schrader Funeral Home with Rev. Richard E. Crusius, of the Evangelical and Reformed Church of Ann Arbor, officiating. Burial was at Denton Cemetery in Wayne.

Mr. Reckinger was born March 20, 1928 in Detroit. He was the son of Lotie and Howard Reckinger, of Detroit. Both are among the surviving members of the family.

Others include his wife Dorothy, and five children: David, Diane, Richard, James and William. Two brothers, Roger and Ross, both of Detroit, are also among the survivors.

Mr. Reckinger moved to Plymouth from Detroit in 1959. He was a former medical photographer at the U.S. medical center in Ann Arbor

Division leaders will be present to hear the program explained by various group leaders. City Commissioner George Lawton and Supt. of Schools Russell Isbister will speak. Both will discuss "community responsibility."

Co-chairmen of the membership drive are Rev. John Miller and Jay Hanna. They are also in charge of the meeting.

Division captains who are working toward a goal of 500 new members for the Plymouth 'Y' this fall are Mrs. Wendell Lent, Mrs. James Jabara, Thomas Workman, Douglas Blunk and L. Baker.

During the meeting, Hi-Y girls will serve a dessert.

## Letters to the Editor

(Editor's Comment — The following letter to Public Safety Director Kenneth Fisher outlines the alarming increase in the rate of crime now prevalent in the U.S. It is published here in hopes that it will bring to the attention of all citizens the social problems confronting us in the years ahead.)

Mr. Kenneth Fisher  
Chief of Police  
Plymouth, Michigan

Dear Mr. Fisher:

As you well know, the members of our association in common with law enforcement officers throughout the nation are, in the months ahead, facing a tougher job than ever before.

According to FBI's annual Uniform Crime Report for 1962, serious crime in the United States reached an all-time high during that year with a 6 per cent increase over 1961.

Figures made available by FBI Director J. Edgar Hoover show that for the first time the estimated number of serious offenses known to police passed the two million mark with a total of 2,048,370 crimes of murder, rape, robbery, aggravated assault, burglary, larceny and auto theft.

The Michigan Association of Chiefs of Police has a right to be proud of its accomplishments during the past year, but we must aim at and attain a still higher goal in the year ahead.

At our annual meeting we outlined definite objectives. I want you to help us attain them. It will take time and effort, not only in the performance of your regular duties, but beyond them. To that end I have appointed you a member of the Police Training Committee and it is my earnest hope that you will notify me of your acceptance of this responsibility.

Sincerely,  
Arthur Pears, President  
Mich. Assoc. of  
Chiefs of Police

The Plymouth Mail  
Plymouth, Mich.

Dear Editor:

The variety of items that people send — or try to send — through the mails is amazing. From form notices and tickets of little consequence to social and business transactions of incalculable value, most everything makes its way to the biggest business on earth. But not all that is deposited is welcome.

Certain types of letters and packages are in violation of law. Violations can bring penalties of up to \$5,000 in fine and five years of imprisonment, or both. One of the better known non-mailable items is chain letters. Others are lottery advertising and lottery tickets, sweepstakes tickets, obscene matter, articles relating to birth prevention, liquor, firearms, explosives, matches, caustic acids, treasonable statements, poisons, and poisonous reptiles.

In general, any articles, compositions, or materials which may kill or injure another, or injure the mails or other property, are non-mailable. Primary purpose of the law is to protect the mails against damage, to protect those who handle them against personal harm, and to protect the public against fraud.

Some items ordinarily prohibited may be sent through the mails if they conform to special regulations as to preparation and packaging and if they are not outwardly dangerous, or of their own force dangerous or injurious to life, health, or property.

The burden rests with the mailer to insure that he has complied with the law. So if you are in doubt call GL 3-6110.

The more helpful we can be to our patrons on these and other matters, the greater the profit eventually to both them and us.

Thank you,  
Sincerely,  
George Timpona,  
Postmaster

A RECENT beautification is the home of the Aldenderfer Real Estate Insurance firm on S. Main St. The remodeled office is typical of the ingenuity displayed by local business firms in beautifying the community and leaning toward the colonial theme.

THE COMMUNITY'S most recent colonial remodeling completed last week is Jean and Johnny's Penniman Market, pictured above. In addition to the beautiful exterior which the store now displays, their windows present an interesting display of items garnered from one of Plymouth's pioneer grocery firms, Gayde Brothers, which was located many years ago on Liberty St.

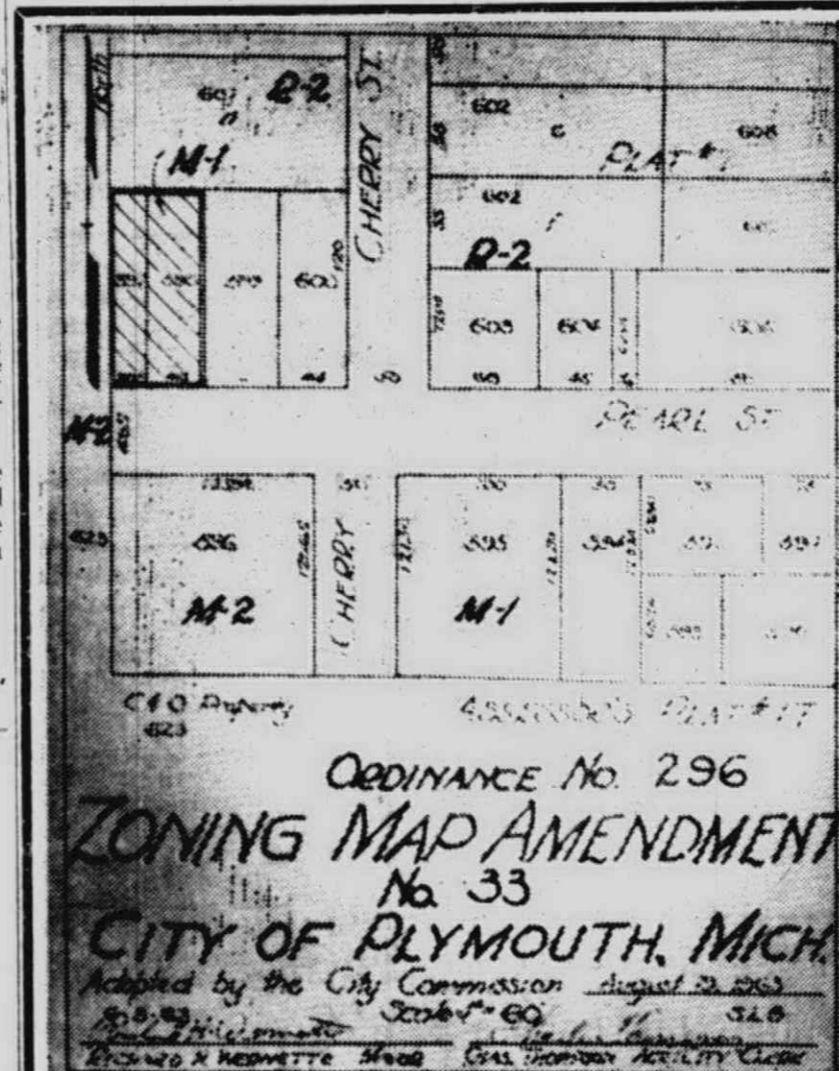

## Magazines Tell of Festival

Plymouth's up-coming Fall Festival got some wide-spread publicity in recent issues of two well-known publications.

Life Magazine listed the Festival and its quaint turn-of-the-century theme, and AAA Motor News also mentioned the forth-coming community-wide event.

In both instances, it was plain that the Festival will be well worth attending. Many guests are expected from out of state.

Plymouth merchants have gone "all-out" on their store-window decorations for the Fall Festival. When you're in town, be sure to visit every window and see the displays of antiques and Gay Nineties styles and fashions.

**How I Earned My First Dollar**

Dr. George Timpona

In a sense George Timpona, Plymouth's postmaster since 1949, got his first taste of "delivering the mail" as an 11-year-old in Pittsburgh.

Actually, he wasn't exactly a mailman, but instead was a messenger for Western Union in his hometown. It was in 1907 and he recalls that he earned about \$25 a month for his fleet-footed services.

Among the persons to whom he frequently delivered telegrams was the governor of Pennsylvania and numerous wealthy members of Pittsburgh's industrial world.

Today — more than 55 years later — "Doc" Timpona can reflect on as varied a career as any one man could expect. And at 67, he looks more like a man of 50.

Really, the first work that Timpona did was as a child apprentice to a tailor in Pittsburgh. But he was not paid for his efforts. And then when his father died in 1906, he took the job as a Western Union messenger.

At 14, he went to work in Pittsburgh's steel mills, working 14 hours a day on a night shift. He was paid \$1.25 a day. Then came a job as a train-caller for the Pennsylvania Railroad at \$63 a month.

In April, 1917, Timpona moved to Detroit. He'd been in Michigan less than three months when he enlisted in the U.S. Army and was shipped overseas.

As an aidman with the 32nd "Red Arrow" Infantry Division, Timpona saw action in France. Among the battles in which he took part were those at Belleau Wood, the Meuse-Argonne and Oise-Aisne. At one point, he narrowly missed being gassed.

After the armistice, he remained overseas with the occupation forces and found time to complete his high school education. When he was discharged in 1920, he went to work as a clerk for a plumbing and heating supply house in Detroit and soon became the manager of the firm.

In 1930, he enrolled in the Humphreys Institute in Davenport, Iowa, intent upon receiving a chiropractor's license. His wife, the former Marie Highland, to whom he was married before his Army duty, had earlier become a chiropractor.

In 1933 Timpona graduated from the Palmer College of Chiropractic in Davenport and returned to Detroit where he set up his practice at Penkell and Potosky Sts. He and his wife moved to Livonia.

Shortly before the Second World War, the couple built a clinic on Plymouth Rd. in Rosedale Gardens and moved their combined practice there. The couple still maintain the clinic and devote hours during the evening to their practice.

Timpona's appointment as postmaster here came at the recommendation of then Gov. G. Mennen Williams. President Truman personally made the appointment, as is the case with all postmasterships. Timpona is a past president of the Plymouth Kiwanis Club. In 1960 he was cited simultaneously by the City of Plymouth and the Rotary Club for outstanding community service.

**Drum Pageant Parade Route Is Announced**

The parade route for the VFW "Pageant of Drums" Sunday evening has been announced.

Assembly point for the parade will be at Ann Arbor Tr. and Forest Ave., and at 5 p.m. the first unit will march to Main St. and turn toward Kellogg Park.

As the units pass Kellogg Park, they will switch their style of music from "marching" to "Bugle Corps Concert" and will perform intricate foot maneuvers.

The line of march will continue north on Main St. to the Senior High.

The "Pageant of Drums" will begin at 6 p.m. at the football field behind the Senior High. Advance tickets will be sold at Kellogg Park during the four days of the Fall Festival and others may be obtained at Don's Sunoco Service, Main St. at Holbrook.

Tickets are \$1 for adults and 50 cents for children under 12. The tickets will be available at the gate to the football field. Refreshments will be sold. The VFW Pageant of Drums will conclude the 1963 Fall Festival celebration.

**4 Attend Workshops At Camp Interlochen**

Miss Hanna Strasen, of 219 S. Harvey St., returned home last week from Interlochen where she attended a piano teachers' institute held at the National Music Camp.

The workshop was under the joint leadership of George Luettgenberg, associate professor of piano and harpsichord at Converse College, and Balint Vazsonyi, head of the piano department at the Academy of Arts at Interlochen.

A string teachers conference was also in progress. It was attended by three members of the Plymouth Symphony Orchestra, Mrs. Percy MacKenzie, Mrs. H. E. Woolweaver and Mrs. Julie McGuire.

All members had unusually fine concerts every evening during their stay at Interlochen. A workshop orchestra performed under the direction of Wilfred Pelletier.

## Plymouth Woman's Niece Stops Here After Visit Abroad

Guest last week at the home of Mr. and Mrs. Goodwin Gumbo, 41136 Russet Lane, was Mrs. Crombie's niece, Miss Georgiana Bowen-Coleman, of Penticon, British Columbia.

Miss Bowen-Coleman, the daughter of a retired British Army officer, was completing a two-month tour of the United States and Canada. During her journey, she visited cities including Russia and France.

She stayed in various homes during the way through an arrangement with an organization identified as the People-to-People Tour, sponsored by a college in Spokane, Washington.

Miss Bowen-Coleman and the other young people in her group carried several dozen copies of the New Testament into Russia and passed them out secretly there. "They were gobbled up," she was reported as saying.

The Crombies drove her to Grand Rapids to visit other relatives. She will then travel to Chicago en route home.

Children are assured of an experienced sitter and look forward to "visiting" when parents are away during the day and to have mothers or fathers as baby sitters at home in the evening.

The group is registered with the Plymouth Chamber of Commerce.

Interested parents may call Mrs. Ronald Wood at GL 3-3791.

## AAUW Launches Membership Drive

A drive for new members which will present the many benefits of AAUW membership is being conducted by the Plymouth-Northville branch of the American Association of University Women, announces Mrs. Richard Fritz, of 47900 W. Ann Arbor Trail, Plymouth, branch president. Any woman who holds an approved degree from one of the 460 American colleges and universities which have met the AAUW standards is eligible for membership.

An approved degree is one which contains a significant program in "liberal arts," literature, languages, history and science. To meet AAUW standards a college must have a high academic rating, a basic liberal arts program, make adequate provision for women students, give recognition to its women faculty members, and maintain freedom in teaching and administration.

A member of AAUW has stimulating contacts in cultural, community and educational fields, as well as the opportunity to serve her community and fellow women throughout the world through the Association's many activities.

The four broad areas of activity are: Community Problems, with Mrs. W. K. Lewis, of 665 Ross St., Plymouth, as representative; Cultural Interests, under Mrs. Wendell Smith, of 14302 Shadywood, Plymouth; Education, with Mrs. A. A. Gulick of 741 Beech Court as representative; and World Problems, under Mrs. LaVerne Jones of 42500 Lakeland Court.

Study groups under these areas will be studying "The American Family in Changing World," Mrs. Howard Raflaub of 172 N. Mill St., chairman; "Bridging the gap between Science and Layman," Mrs. Howard Bloom of 11749 Turkey Run, chairman; "Expectations for Education," under Mrs. Walter Hoegy of Livonia; and "Occident and Orient" with chairman Mrs. E. H. Armstrong, 1700 North Territorial. New members will join those groups which interest them.

The branch also is active on the community level; a used-book sale is held each spring, a children's play is presented in March, and the Listening Post lecture series is given throughout the winter.

The branch also supports the National AAUW Fellowship program, helping many deserving women in graduate studies. The Legislative Committee studies impending legislation and supports that which promotes the ideals and aims of the Association.

Eligible women are invited to the first meeting of the season on September 15 at 7:30 p.m. at the multi-purpose room of Plymouth Jr. High School, East. A coffee social hour will precede a program

## "What Do We Do for Aged?" Kehrl Asks

By Arnold Kehrl  
President

In the vacation absence of our reporter, Ethel Millard, I take this opportunity to say a few words to all Plymouth citizens on behalf of the Plymouth Senior Citizens Club. I am confident that the people of our home town are willing to frankly face the question "What Do We Do for The Aged?"

In all locations in our land, people have come to recognize the needs and necessities required by the ever-growing number of the aged folk. What shall be the status of senior citizens in Plymouth? Shall they be recognized as capable individuals and as a social group in the community? I think they deserve that.

Are you interested in doing a little something that our many senior citizens may have contributed to? This, I think, they deserve. Do you think you will deserve

it when you all too soon are included in the number? These people have lived and worked in our community and have helped build the city in the past with their labors and taxes.

They should now be encouraged by a response to their needs. I hereby express, on behalf of every fine individual comprising our group, his abiding appreciation for including the club in the community fund.

While we are the youngest agency of the lot and our allotment a mere pittance in comparison with others, the \$65.90 per month pays the rental for the weekly meeting place and makes possible some few other features offering new horizons for those who have reached retirement age with much attendance leisure time on their hands.

We believe in the charter rights and obligations of our constitution, that our senior citizens regardless of race, color or creed seek to attain that we have a right to be useful, a right to a fair share of the communities recreation, education and medical resources, a right to obtain decent housing suited to the needs of later years, as well as the obligation to remain active, alert, capable and self-supporting as long as health permits.

The obligation to continue to develop and share in the communities avenues of service, the obligation to make available the benefits of experience and knowledge gained thru long years of hard work, and the obligation to maintain such relationships with family, neighbors and friends as will make each a respected and valued citizen of the community of which he is a part.

Again we herewith extend a most cordial invitation and assurance of welcome to all Plymouth senior citizens to meet with the club and enjoy kindred fellowship every week, on Thursday at the Masonic Temple at 1 p.m.

## Art Around Us:

by Mrs. Jessie Hudson

The muse of art is like a bird; the bird is on the wing. It touched down to rest in various spots this summer inspiring artists to paint, to draw, to carve.

The results of this inspiring are now in full view; in the Dunning-Hough Library, the Northville Library, Hartley-Powers Gallery, the former Fashion shoe-store and in Kellogg Park this coming Sunday.

The greatest share of the showing was produced by members of the Three-Cities Art Club. Their's the painting in both libraries, in the little Northville gallery, in the shoe-store and their's will be the biggest display in the park.

Also in the park will be works from the Joy Road Studios, teachers and pupils, and work from students from Plymouth Community Schools.

Actually, of course, the school exhibit should be the biggest since there are more "artists" involved but the Festival comes at an awkward time of the year for the teachers. Only two days of school in the present year, or conversely, almost three months since the last day of last year; too soon to prepare anything new and too long to keep things from the year before.

Another major handicap is the lack of proper display materials; no wire easels to stick into the ground however precariously, no peg boards to set up around the trees, no men to cart them around and set them up even if they were available, and no place to store them between times.

Last year there was a wall

## Commission "Welcomes" Returning Policeman

Plymouth policeman Robert Coburn, a six-year member of the City's police force, returned to duty Tuesday after a lengthy bout with a back ailment, during which time he underwent surgery to correct the difficulty.

"He had 'gone in the hole' on his sick leave to the tune of 23 1/2 days. City Commissioners Tuesday night granted the police officer a like period of special sick leave so that he would qualify for sick leave pay during the past month.

Coburn, in turn, agreed to "pay back" the special leave time by working extra hours and on his normal days off.

He had previously undergone a similar bout with the same back condition. Doctors have since certified him as "fit to return to duty."

## Homeless Family Living in Hotel

Mr. and Mrs. James O'Day, whose home on Park Place in Fough Subdivision was badly damaged by an early morning fire last week, are staying temporarily at the Hotel Mayflower while plans are being made for the re-building of their home.

A temporary roof has been put on the home in the meantime. Flames destroyed much of the upper story of the \$35,000 house.

CONNECTICUT

(incomparable sound takes a few moments longer)

It's love at first sight when you see Electrohome stereo. The new Connecticut makes it easy to see why. Like all other Electrohome stereo and TV cabinets, the Connecticut is crafted from choice hardwoods to uncompromising standards of perfection.

"Can it possibly sound as good as it looks?" you may ask. We can easily prove that it does indeed. Words can't describe the depth, richness and purity of Electrohome sound reproduction. But it is beautifully clear the moment you place a recording on the turntable.

There are so many features to demonstrate in the new Electrohome line. For example, the superbly engineered, Garrard changer, Jensen speakers, handwired amplifiers and superb cabinets protected by Duradell — an amazing wood finish that resists scuffs, glass rings and burns.

There's no doubt about it — when you buy Electrohome you're buying stereo with a difference you can see and hear!

### PROFESSIONAL SERVICE AT IT'S BEST...

Here, at Wiltse's Community Pharmacy, we have continued, due to its success, our modern "Safeguard Record System" in order to make available to you — at any time — a complete record of your various prescriptions, and prescription refills, for each year or any given period.

Under this system, your family's individual record for prescriptions will be maintained so as to qualify you for Income Tax deduction purposes, insurance requirements, or for any purpose you may desire.

For instance —

If you were to lose, or misplace, your prescription and had no record of its original number through which you would customarily obtain a refill, it would be instantly available to you under our individual record at Wiltse's Community Pharmacy.

As another illustration of the benefits of Wiltse's "Safeguard Record System," your doctor may wish to review the medication that you have taken over a particular period of time. This information, too, is readily available to him from your personal file here at Wiltse's Community Pharmacy.

A copy of your complete prescription record will be available to you at any time during the year, and at the end of the year as well. And, of course, your record for each previous year will become a permanent part of your personal file.

There is no charge for this additional service... in fact, we automatically begin such a file for each of our prescription patrons.

Visit Wiltse's in Plymouth at your next opportunity. We're confident that you will enjoy the visit and will return again over the years.

## Grange Cleanings

Note the change of meeting date: The first September meeting of the Plymouth Grange will be held Thursday evening, Sept. 12, starting with a pot-luck supper at 6:30 p.m., followed by our regular business meeting and program at 8 p.m. This change is due to the fact that our hall will be in use this week Thursday.

The Plymouth Symphony Society is sponsoring an Antique Show at the Plymouth Grange Hall Friday, Saturday and Sunday, Sept. 6, 7, and 8.

Next week-end, Sept. 14 and 15, will be one of our biggest projects when we will be out at Mettetal Air Field. We will be serving lunches starting at 11 a.m. on Saturday. On Sunday morning we will serve a pancake breakfast until 11 a.m., with lunches for the rest of the day. We understand the Air Show is to be outstanding and you will not want to miss it.

Don't forget those useable discards for the Grange Rummage Sale. The Sale is to be Sept. 21. Remember the date and help to make the sale a success. Articles to be donated can be brought in at either of the September meetings, September 12 or 19. Also the Hall will be open Friday, evening Sept. 20, so donations may be left at that time. Anyone wishing to have articles picked up may call Isabelle Taylor at GL 3-7323.

The September meeting of 10. The usual pot-luck refreshments will follow the meeting. Let's start the Fall Season out right with a large attendance from Plymouth Grange.

## Influence of The Bible Is Living, Moving Force

(Editor's comment — Periodically, the Plymouth Kiwanis Club's church committee, headed by Carlton R. Lewis, submits brief statements by Kiwanis Club members on the subject "What My Religion Means To Me." The following article, written by Robert Utter, is one of these. Utter is a director of the local Kiwanis Club and is also a member of the Plymouth Community School Board.)

By Robert Utter

A man's religion is a personal thing and it has many variations of meaning. To some the dominant theme is the promise of everlasting life; to others it is a present comfort and guide in each daily activity.

Yet there will be a few who will not agree that wherever justice and mercy and goodness and truth and love are apparent in our modern society, this is the result of following the basic tenets and teachings of our great religious bodies.

Conversely that part which is contemptible and dishonest and cruel and greedy is this way only because we have turned from these doctrines.

Whether one is an atheist, an agnostic, or of deep religious convictions, the influence of the Bible is a living, moving force effecting every thought and action. The mores of our nation, the seemingly unconscious habits of life, are the result of the deeply ingrained teachings of the Church.

We can not escape from this fact of life. The motivating force of our society, our nation and the western world has been and is the Bible.

Religion is the great unifying force in our world today. It transcends national origins and race. Its influence toward peace and brotherhood is constant. The trend

toward Church reunification is one of the brighter signs of progress.

Yet we must always return to the fact that everyone's religion is personal and individualistic, that its true meaning can not be defined in terms of groups or denominations or sects. This has been exemplified to me by a prayer which was found in my mother's diary shortly after her death.

It was unfamiliar to me and I have never been able to trace its origin. It obviously meant a great deal to her. It read as follows:

"Oh Lord, support us all the day long, until the shadows lengthen and the evening comes and the busy world is hushed and the fever of life is over and our work is done. Then in thy mercy grant us a safe lodging and a holy rest and peace at the last."

Her prayer was a personal one. I have faith that it was granted.

School Tax Rate Remains Unchanged

School Board members last week authorized the levy of 23.70 mills against the state equalized valuation of property within the School District during the 1963-64 fiscal year.

It is the exact same school tax levy that was applied during the past year. The tax rate is comprised of three portions. Largest bite is a 15.90 levy for operating monies. Another 5.0 mills is a continuation of the 1960 building and site sinking fund.

School Board members had an option of reducing the 2.8-mill debt retirement portion to 2.62 mills. They are required to raise a minimum of \$280,000 annually in order to retire the 1955 bond issue.

the outstanding bonds a year earlier, the Board members elected to leave it unchanged for another year. Thus, as Isbister explained it, the District will be able to retire the bonds following the December, 1966, tax levy. It results from an increase in the District's overall state equalized valuation.

In a report submitted by Isbister, members learned that the equalized value of the Plymouth Community School District is \$106,681,964. The 23.70-mill levy will raise slightly more than \$2.5 million during 1963-64.

The 2.8-mill debt retirement portion will raise about \$290,000, compared to the minimum requirement of \$280,000. It will enable the District to gain a full year on the normal retirement of the 1955 bonds.

Plymouth Township's state equalized valuation for this year is \$60,347,000 and will provide almost \$1.5 million in tax revenue. City of Plymouth's valuation is \$35 million and will create \$822,000 in tax monies.

Canton Township's valuation is \$9 million and will create \$226,000 in taxes; Northville Township is valued at \$1.5 million and will provide \$34,000 in tax monies; and Superior Township (in Washtenaw County) is valued at \$117,916 and will create \$2,794 in taxes.

In the latter three municipalities, only the portion of them that lies within the School District's boundaries is taken into consideration. Furthermore, the tax revenue is based on an assumed 100 per cent payment of taxes. It is ordinarily slightly less than that full amount, due to delinquencies.

In each instance, the full 23.70-millage rate has been applied against the state equalized valuation. In other matters during last week's special School Board meeting, members were informed that the annual Michigan School Board conference will be held in Detroit's Cobo Hall Sept. 11-12. The Plymouth Board members were invited to attend, as was Isbister.

Isbister's report, which was turned into an official resolution by the Board, explained the breakdown of the valuation of each municipality within the School District.

Two Plymouth women, Mrs. Joan Gladstone and Mrs. Phyllis Wyman, were among those graduating last Thursday from the Ann Arbor Practical Nurse Education Center. Commencement address was delivered by Miss Frances Whiting, director of nurses, Bixby Hospital, Adrian.

IN AND AROUND PLYMOUTH

# 15 Lettermen Bolster Rocks' Football Hopes

If success is linked to experience, Plymouth's varsity football squad should be able to view the approaching grid campaign with a degree of optimism.

Coach Mike Hoben — entering his eighth season — would deny Plymouth's prospects on the grounds of coaching caution, but never-the-less the Rocks, at least outwardly, have something to crow about.

Among the more than 60 candidates who showed up for Hoben's opening pre-season drills last week were 15 lettermen, who between them represent varying degrees of experience at each of the 11 starting positions.

The returning veterans include three ends, three

tackles, five guards, a center, and a complete backfield contingent. It's a fair assumption that Hoben would tend to soft-pedal Plymouth's football potential this fall, but on paper the possibilities are definitely there.

A sturdy and fleet-footed pair of half-backs, Gary Grady and Roger Tobey, lead the parade of tested Plymouth players. Letter-winner Dave Agnew will be a leading candidate for the full-back's job, and slender Terry Cosgrove is the top choice at quarterback this far.

Cosgrove's experience last year was kept to a minimum while he played in the shadow of versatile Dick Schryer, who gradu-

ated in June. But this fall should prove to be Cosgrove's year.

Terry Clark, Dick Egloff and Jim Lake are the three returning ends, and Chuck Provow, Dave Sackett and Kevin Huntington are the veteran tackles.

Hoben and other coaches joke mildly about Plymouth's "dire need for guards," but actually the Rocks boast of five of them in the form of Hal Smith, Sandy Black, Paul Denmore, Herm Theeke and Dan Hauk.

Burly Phil Hruska is the veteran center from last year's team. He completes Hoben's list of returning letter-winners.

Losses via graduation will undoubtedly hamper

Plymouth to a degree, but there should be no lasting damage. Gone are such stalwart performers as Schryer, considered by many to be the best quarterback in the league a year ago, and all-league guard Jim Ayers.

Others absent this year are Hugh Sarah, a punishing fullback, Mark Schultheiss, an end, and Wayne Cummins, a defensive end and offensive tackle.

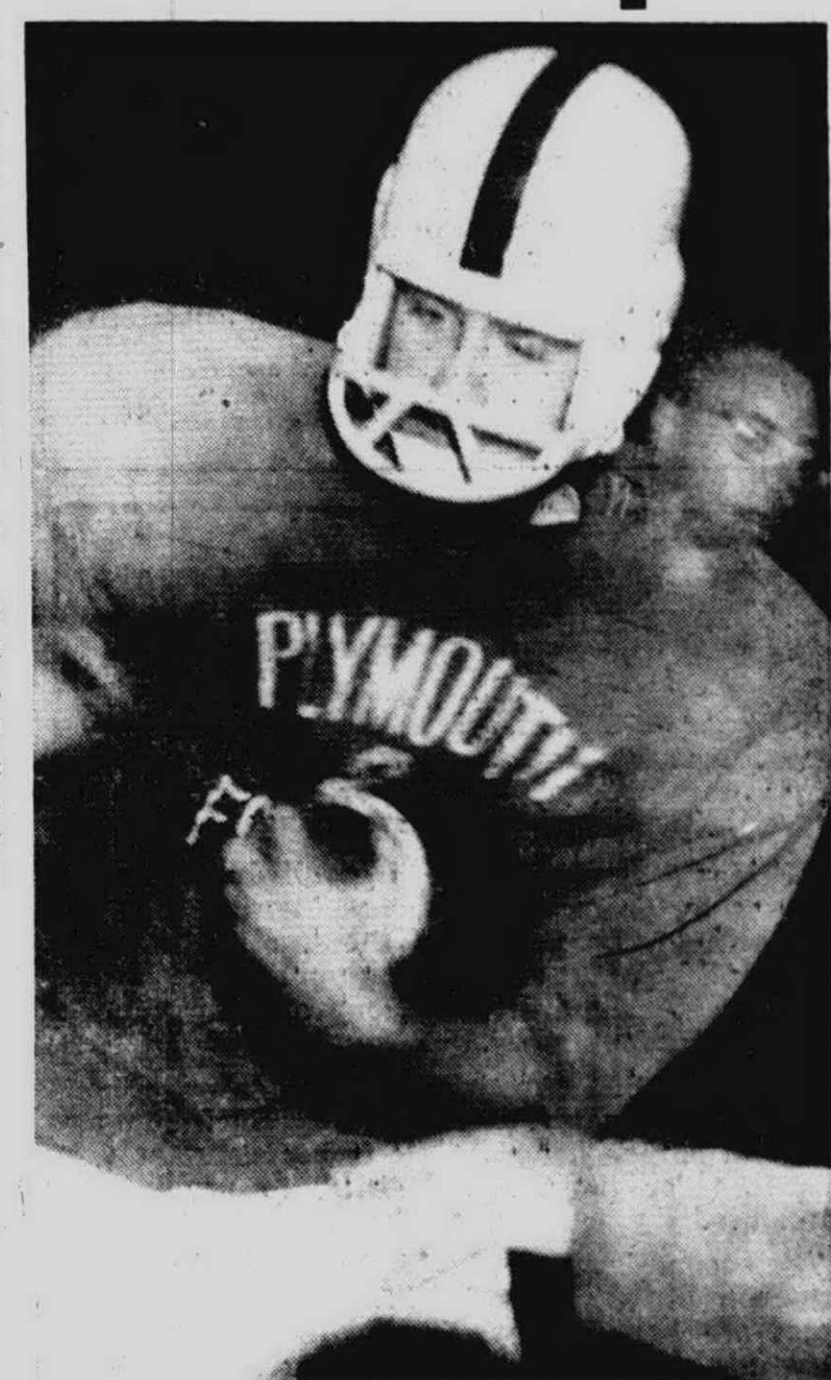

Plymouth will be shooting to improve upon its mediocre 4-3-1 record of a year ago. During 1962, the Rocks finished third in the Suburban Six conference, deadlocked with Belleville. All of Plymouth's losses came in league contests, one to Redford Union, another to

Belleville and the third at the hands of Allen Park. The Rocks' 1962 record was among the poorest during Hoben's regime as head football coach.

Hoben will be helped again this fall by assistant coaches John McFall, Tom Workmann and Dick Bearup. McFall is a line coach, Workmann an end coach and Bearup will be in charge of the junior varsity football team.

This is the 1963 schedule:

Sept. 13	at Northville
Sept. 20	Farmington
Sept. 27	Trenton
Oct. 4	at Redford Union
Oct. 11	Allen Park
Oct. 18	Belleville
Oct. 25	at Bentley
Nov. 1	at Walled Lake

BILL FLIPPEN, a senior and halfback candidate, slips by a would-be tackler who reaches out in vain with one hand in an attempt to halt the ball-carrier.

HALFBACK Roger Tobey didn't get far in this ball-carrying practice attempt. BATTLING for a berth at center is 5-foot-10, 205-pound Chuck Birchler.

ASSISTANT COACH John McFall signals players out of the way during lineman's practice. Towering over McFall is Terry Bevins, 6-foot-7, 245-pound candidate for center.

AMONG THE veterans returning to Yale University's varsity football squad this year is Randy Egloff, of Plymouth, who in 1962 led the Eli's in pass receiving. During his days at Plymouth High, he was an outstanding quarterback. His brother Dick is a member of the Rocks' 1963 football team here.

## Returns to Yale Football Squad

Randy Egloff, son of Mr. and Mrs. Doug Egloff, 336 Adams, is among the veteran players that reported to Yale University's pre-season football drills this week.

A stand-out performer during his high school career at Plymouth, Egloff is among some 100 candidates that turned out for Yale's opening drills in preparation for the 1963 season.

A letter-winner, the past two seasons, Egloff will be seeking a halfback assignment in this, his last, season at Yale. He led the 1962 team in pass receiving.

Egloff participated in basketball and baseball as well as football. He received All-America honorable mention honors in football. Last year, he ranked high in rushing and kick-off returns among the Yale players.

PLYMOUTH'S FOOTBALL hopes this fall will rest heavily on these veteran players, all letter-winners from last year's team which posted a 4-3-1 record. Front row, from left: end and team captain Dick Egloff, end Jim Lake, tackle Kevin Huntington, center Dave Sackett, guard Sandy Black and guard Hal Smith. Back row, from left: tackle Chuck Provow,

quarterback Terry Cosgrove, halfback Gary Grady, guard Dan Hauk, guard Herm Theeke, halfback Roger Tobey, fullback Dave Agnew and end Terry Clark. Another letterman missing from the photo is center Phil Hruska. The Rocks open the season Sept. 13 at Northville and will play a total of eight games concluding Nov. 1 at Walled Lake.

### NORTHVILLE ATHLETE MAY PLAY IN SERIES

A major league baseball player, Ken Rowe, of Northville, stands a good chance of playing in the world series next month. He is a rookie member on the National League Los Angeles Dodgers. He is a graduate of Northville High, Los Angeles is playing the National League.

## To Conduct Seamanship Course at Hillside Inn

The U.S. Coast Guard Auxiliary will conduct a piloting and seamanship course beginning at 7 p.m. Monday, Sept. 9, in the Jacob Room at Hillside Inn on Plymouth Rd.

The class, open to all boat owners and other interested parties, is free. There will be a nominal charge for text book, however.

The course of instruction will ac-

tually comprise eight individual lessons during a 10-week period.

It will cover small boat handling, instruction in chart reading, piloting, use of compass, general safety and boating equipment.

Information about the course is available by calling 921-3306 after 5 p.m. Bob Stremich at Hillside Inn can furnish additional information on the class, too.

A SUMMER YEARLING Angus steer owned by Herman Bakhaus (left), of Plymouth, was judged "reserve grand champion" during competition at the Michigan State Fair last week. With Bakhaus are Mr. and Mrs. John Sheridan, who manage Bakhaus' Anher Farms here. The steer has been sold at auction, along with the grand champion and other prize-winning steers. Bakhaus also owns Cloverdale Farms Dairy.

COACH MIKE HOBEN is entering his eighth year as Plymouth's grid mentor and his 15th as a football coach. Here, he's shown with Terry Cosgrove, a junior and leading candidate for quarterback this fall. Cosgrove, at 5-foot-10 and 170 pounds, is a letterman from last year when he played in the shadow of Dick Schryer, who has since graduated.

## Plymouthite's Chicken Takes Honors at Fair

Out of 1,600 show chickens entered in the poultry exhibition at the Michigan State Fair last week, one belonging to a Plymouthite man was judged "grand champion."

Roger Kiser, 1450 Beck Rd. and a hobbyist at raising chickens, entered 22 of his various show chickens in the exhibiting.

One of them was selected as one of four preliminary champions and it later was chosen "grand champion."

Kiser will receive a cash award in addition to the top ribbon in the poultry exhibit category.

His success was not limited to that one accomplishment, by any means. Kiser's chickens were awarded 10 first place ribbons, six second place ribbons and four third place ribbons.

He had an offer to sell his "grand champion" chicken for \$50 immediately following the announcement of the judges' decision, but he turned it down. "It's just a hobby with me," he said. "I couldn't sell him."

All of the chickens that he raises are of a thoroughbred variety.

TAKING A breather during practice last week is Kevin Huntington, a 6-foot-1, 185-pound tackle who this year should prove to be one of Plymouth's strong points in the line. He is one of 15 returning lettermen who turned out for coach Mike Hoben's pre-season drills last week. In all, 60 candidates showed up for Hoben's first practice.

"Friday's session includes a full dress parade, addresses by Generals Alger and Berdan and Colonels Duffield, Larned and others, after which awards will be made to the group having the largest attendance, the best drilled group and the winners of the various foot races.

"Visitors will be furnished wood, straw and tents for the encampment free by their association and meals can be purchased at the commissary at very low prices for those not desiring to provide for themselves."

The second issue of The Mail records the following account of the celebration. Though it was a huge success we hope the weather will treat us more kindly this week than it did our forefathers these long years ago.

"The rain, wind and dust on Wednesday, the opening day of the encampment, made the day anything but pleasant.

"On account of the rain and wind the large streamer across the street had to be taken down.

"The hitching park, where teams were hitched and watched all day for 10 cents, reported a brisk business during the encampment.

"The 'welcome comrades' streamer in front of the G.A.R. hall was torn in two by the wind.

"Seven Detroit bootblacks with all their paraphernalia arrived in town Tuesday night ready to do business during the encampment.

"There were 70 tents pitched and occupied on the camp grounds by Tuesday night.

"The train from the south brought the Corey post from Wayne and the Wallace post from Flat Rock. Both groups were accompanied by their martial bands and made a stirring sight marching with their muskets through the town.

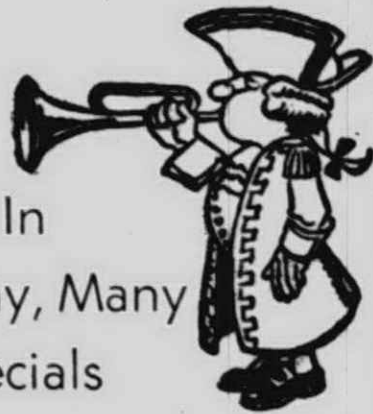

"The business places were attractive with the profuse decorations all of which were quite attractive in their red, white and blues. The trees in the park came in for their share of decorating, too, with most of them supporting flags throughout the week.

"The boys in camp, notwithstanding the rain enjoyed themselves hugely. The campfires burned, songs were sung, stories told, and all manner of fun indulged in."

Entirely apart from the interesting records in our files concerning Plymouth's celebration these 75 years ago was another interesting piece of news reported and recorded in this issue along with the above mentioned items. We couldn't help but smile and thought you, too, might enjoy this choice morsel:

"Girls! The new marriage law takes effect next Tuesday. After that time it will be necessary to get a license before getting married. The cost of this will be fifty cents. All luxuries are taxed."

And so . . . after 75 years, The Plymouth Mail, the faithful servant of the Plymouth Community, can, from its own recordings, bring to you those things which deepen the roots of its community, which perpetuate the news and activities of its residents, its organizations and its governmental units. The Plymouth Mail can, has, does and will continue to be informer, counsellor and recorder of those things of interest and benefit to the total community in which we serve. We are 75 years young in service and look forward to a continuance of this servitude for the good, education and enlightenment of all concerned.

Letter to the Editor

The Plymouth Mail  
Plymouth, Mich.

Dear Editor —  
Forgive me, please, for my tardiness in giving you our very deeply-felt thanks for the article you wrote concerning our cooperative nursery. Every moment I've been able to rob from my family I've been on the phone continuing our desperate search for storage space for the (school) equipment stored in Hough (school).

No, we didn't receive any offers for storage space, but your article was by far the nicest coverage and publicity we've ever had. Guess we'll need to make you our honorary membership chairman, because we received four new members just from your article. They hadn't realized that Plymouth had a cooperative nursery.

We're still in a very desperate state of affairs. I attended a (recent) meeting and it seems as if the area where the nursery equipment is stored when not in use is going to be turned over to the archery club for (its use).

We aren't exactly "ousted" yet, but no one seems to know where they can put us. I'm afraid I'm leaving the hard way the woe of being president of a struggling and not-well-enough-known organization.

Many thanks again for your efforts to make us better known. We truly appreciated your article.

Gratefully,  
Mrs. Hilding Olson  
41215 Bruce St.  
President, Plymouth  
Children's Co-Op Nursery

(Editor's Comment — The article referred to by Mrs. Bruce is one that appeared in The Mail recently and told how the non-profit children's nursery is seeking storage space that will permit the School District to move stored equipment out of the vacant Hough school, and thus make room at the small school building for the nursery.)

Serving Our Country

John Luther  
and  
David Zimmer

Navy enlisted men John C. Luther and David E. Zimmer, both of Plymouth, are serving aboard the attack carrier U.S.S. Enterprise which recently visited Barcelona, Spain, in the course of her six-month deployment with the Sixth Fleet in the Mediterranean.

Luther, an electrician's mate fireman, is the son of Mr. and Mrs. Clayton C. Luther, 42435 Parkhurst. Zimmer's parents are Mr. and Mrs. Ray J. Zimmer, 560 Jener St.

The Enterprise is scheduled to return to her operational port at Norfolk, Virginia, shortly.

James Haynes

James E. Haynes, son of Mr. and Mrs. Chester Haynes, of Simpson St., was recently promoted to the rating of Yeoman third class with the U.S. Navy and has been transferred from the U.S.S. O'Bannon, a destroyer in the Pacific fleet, to the Staff Legal Office in San Diego, Calif.

ANTIQUES — and more antiques — will be on display and offered for sale during a Fall Festival antique show sponsored by the women's league of the Plymouth Symphony Society. The affair will be held in both the Grange Hall and the Community Center Building on Union St. Hours of the show Friday and Saturday are from noon to 10 p.m. On Sunday the show will be held from noon to 8 p.m. Here, Mrs. Ray Hulce displays a few of the antiques that will be included in the show.

"Longest Day" Starts Sept. 11, Not Sept. 4

In 2,100 copies of The Plymouth Mail last week there was an inadvertent error in the advertisement telling of coming attractions at the Penn Theatre.

The mistake was corrected in the balance of the press run.

The erroneous advertisement said that the movie "The Longest Day" would be playing Sept. 4-10. Instead, the film "For Love or Money" is playing those dates and "The Longest Day" starts Sept. 11.

The Plymouth Mail regrets any inconvenience that this oversight may have caused.

Grange Plans Cookie Sale During Festival

Plymouth Grange members will hold a cookie sale this Saturday and Sunday during the Fall Festival here.

The sale will begin each day at 11 a.m. and will be located at a booth between the First Federal building and Melody House on Peniman Ave.

Mrs. Jesse Tritton and Mrs. Lloyd Fillmore are in charge of the affair. They said that the sale will feature home-baked sugar, molasses, oatmeal-chocolate chip and oatmeal-raisin cookies.

Song Group Seeking New Members Here

A non-profit choral group, calling itself the "Suburban Aires" is about to embark upon its fourth season this fall and is looking for new members from the Plymouth area.

"We just sing for the plain fun of it," said Mrs. Patricia Mills, a Livonia housewife who is spearheading the membership drive. She is a member of the song group, which numbers about 30 participants.

Thus far, the "Suburban Aires" have only one or two Plymouth residents among their members. Joy Gabel, of Plymouth, is one of the singers with the choral group, which appears at various community and social functions and sings at no charge.

Other members are from Nankin Township, Garden City and Livonia.

First meeting of the group this fall will be at 3 p.m., Friday, Sept. 13, in the Nankin Mills School, 8100 Hubbard Rd. at Ann Arbor Tr. All interested persons are invited to attend. Further information may be obtained from Mrs. Mills at GA 1-2093.

A Word on School Finances — An Editorial

In view of the multitude of financial problems that the Detroit Public School system is encountering these days, Plymouth probably would be wise to look to its own school financing situation at this time.

Last week, members of the Plymouth School Board continued for another fiscal year the existing 23.70-mill tax rate. It amounts, of course, to a levy of \$23.70 on each \$1,000 of state equalized valuation.

Of this amount, \$15.90 is for operating purposes, \$2.80 is for debt retirement, and the balance — an even \$5 — provides money for a building and site sinking fund.

The sinking fund is undoubtedly the most economical means of providing new school facilities, such as property on which to build and the physical classrooms in which to teach and learn.

It happens that the five-mill sinking fund is about to expire. It can only be renewed with the approval of local voters. If it dies, it is feasible that Plymouth will fall into the unfortunate situation that Detroit now finds itself. Nearby Livonia is in a similar predicament and has been compelled to issue a large quantity of revenue bonds in order to meet the pressing needs of school expansion.

Through the good graces of the electorate here, the Plymouth School District has been able to grow in an orderly and relatively unimpeded manner. It has provided, indeed, a fine school system.

The principles of a sinking fund are quite simple. Voters give the district what amounts to "permission to borrow against future tax collections."

When school authorities borrow this money, they do so at low interest rate, generally less than two per cent. A bond issue would require the payment of perhaps twice that rate of interest. The length of the loan is generally for a rather short period of time; as little as 18 months, in some instances.

Curiously, when the borrowed funds are temporarily invested by the School District, they return almost as much as the interest on the loan amounts to. Thus, the borrowed money practically emerges interest free.

At any rate, it's high time Plymouth voters started thinking about how they will react when the School Board asks them to renew the present five mill sinking fund.

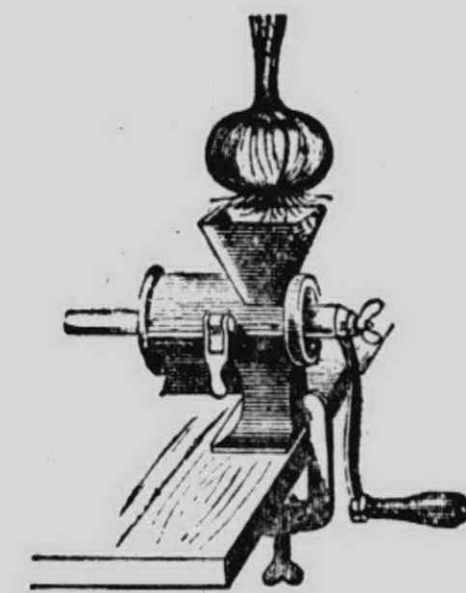

The Board last week agreed to borrow \$475,000 against the December, 1964, school tax collections. It will be the last bit of borrowing under the current sinking fund. Any further major school construction will require a renewal of a sinking fund first, or else a long-term bond issue, which is the only alternative short of not building at all.

The present sinking fund was approved in 1960. School authorities would welcome having this same amount (five mills) renewed until 1969.

According to one school official, it would be "particularly wise" to hold an election on the renewal of the sinking fund later this fall. The very latest the sinking fund could be renewed, and still prevent an interruption in the District's advance borrowing authority, would be August, 1964.

We would urge the School Board to call for the sinking fund election — on the renewal of the present five-mills — just as soon as possible.

We would further urge Plymouth School District voters to approve the renewal without hesitation. It will be in their own very best interests.
