## 'Lights On for Safety' Gains Wide Acceptance

DETROIT, Mich. — A dramatic and relatively new safety concept was reviewed with Detroit and Michigan safety officials and members of the press today at a special conference at the Detroit Press Club. The concept is based on a daylight running light, installed on the grille of automobiles. It helps eliminate the problem of "I didn't even see the car coming."

It is especially effective during "half-light" periods, in school crossing areas, on freeways and other high speed or crowded thoroughfares.

"Lights on for Safety"

The concept of safety running lights originated with the Greyhound Bus Lines about four years ago when they started running with their headlights on during daytime hours.

Greyhound safety officials report that use of this concept has resulted in a 15% decline in accidents. Railroad, military fleet movements and funeral processions also incorporate the concept. Many areas have sponsored "turn your headlights on for safety" during several holiday weekends. The Michigan Trucking Association sponsored such a campaign in the Detroit area a few years ago.

Also, safe drivers themselves have made use of the concept by turning headlights on during the day when passing. is catching on both as a concept and a slogan.

Mayor Westlake of Columbus and other influential Ohio officials endorsed the concept and use the running light themselves. By August 18, over 12,000 safety running lights were in use in the Columbus area alone.

Currently in Detroit, the Schaefer's Bakeries fleet, the Rexall Drug Company officials' cars, and Hudson Department Store's station wagon fleet are installing safety running lights.

With traffic deaths at a record high already this year, 116 more on Michigan highways than last year at this time, it is hoped that Michigan motorists will take up this safety concept. As Ohio Safety Director Warren C. Nelson said, "If it saves only one life it's worth the effort."

The safety conference was sponsored by Mr. James S. Scales, President of Nadisco of Michigan, Inc., a distributor of automotive safety equipment. He stated that, "As an individual vitally interested in combating the needless waste of life on our highways, I wholeheartedly endorse this concept for all Michigan motorists."

## Announce Local Safety Program

The Beyer Rexall Drug stores and Plymouth's "dynamic" JayCees this week announce the start of their joint Plymouth Safety Program.

It constitutes the endorsement and sale of automobile safe-t-lites and seat belts. Local druggist Robert Beyer explained he is furnishing the safe-t-lites at cost to the JayCees and allowing them the use of two ample parking lots for the sale and installation of the safety devices.

Both items — the safe-t-lite and the seat belts — will be available for the next three weekends in succession.

They will be sold by JayCees at the parking lots adjoining the Beyer Rexall Drug Stores at Main and Mill Sts. and Ann Arbor Rd. Precise dates of the special "safety sale" will be Friday and Saturday, Sept. 20-21, Sept. 27-28, and Oct. 4-5.

Installation of both items will take place in the Kroger parking lot Saturday and Sunday, Sept. 28-29 and Oct. 5-6.

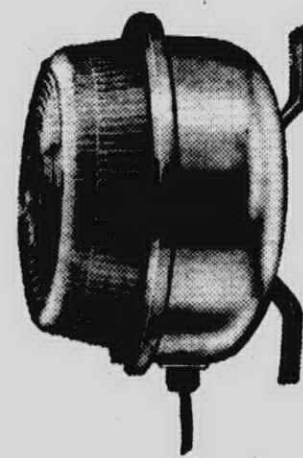

The seat-belt will shortly be unlawful to be without, so this is a good opportunity to get yours at a low cost, plus the free installation. The JayCees are selling them for \$6.50, also in the Beyer parking lots.

The 21-candlepower lights are mounted on the grills of cars and trucks and are wired so they are lighted whenever a vehicle's ignition switch is on. They are designed to increase the visibility of a vehicle during daytime driving and to reduce accidents caused by failure of drivers to see other cars.

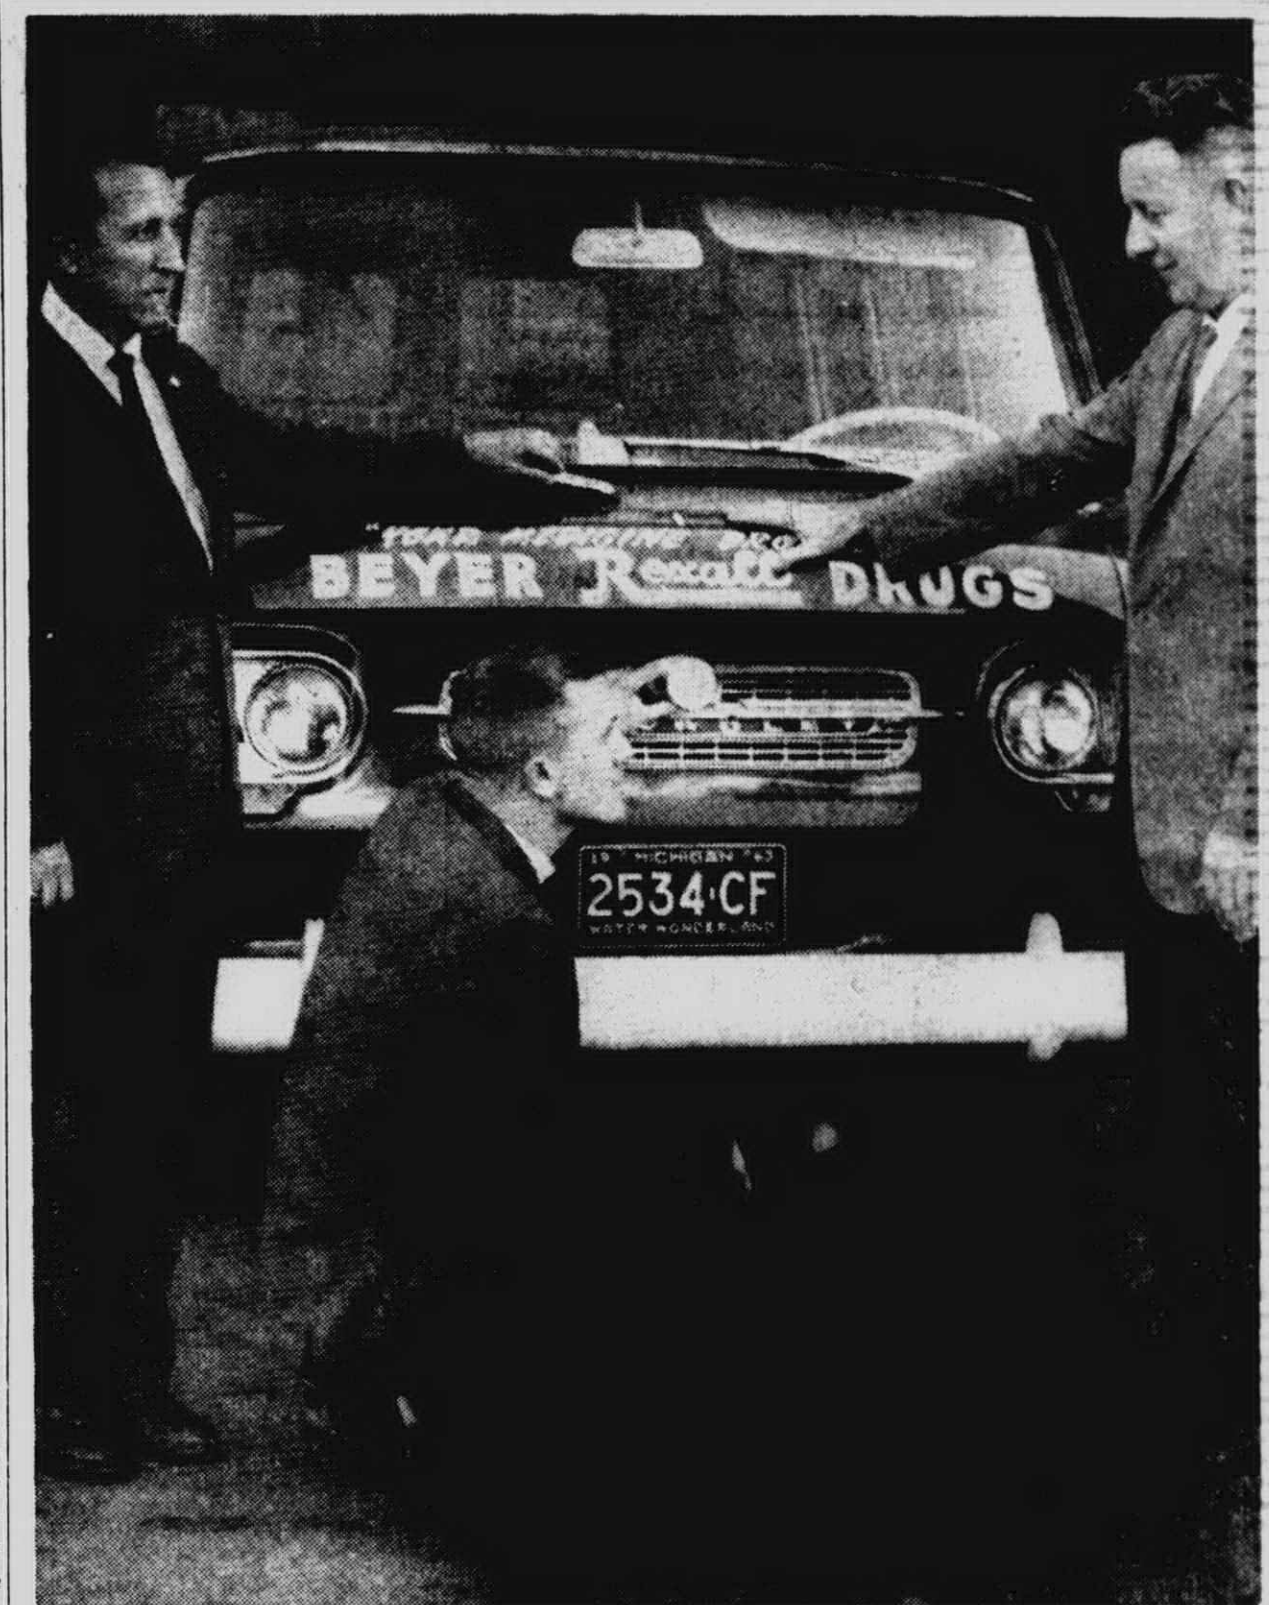

In Indiana, The Indianapolis Star inaugurated a statewide campaign in support of the concept of safety running lights. In Ohio, The Columbus Dispatch followed suit. Mayors of both cities endorsed the concept and ordered all city cars and trucks outfitted with safety running lights. Cab companies, utility companies, driving school fleets, and hundreds of private firms equipped their vehicles with the safety running light.

The light (pictured below) was introduced to the United States Junior Chamber of Commerce at its convention in June by champion race driver Roger Ward of Indianapolis, two-time winner of the 500 mile race.

The light is wired to the ignition switch or the battery side of the ignition coil. They cost \$2.75 and installation is free.

One safety agency from a large Ohio community said, "It is obvious every one must do all he personally can to reduce this terrible accident rate." "Running lights are an excellent idea." From our personal experience, it is difficult under certain conditions to see other vehicles. The light attracts attention to a car which might not otherwise be seen." "The running light on the front grill is designed to permit drivers from an opposite direction to spot a car which might blend into the background of the roadway or roadside. It is effective on hazy or overcast too."

PLYMOUTH'S MAYOR, Richard Wernette, (standing at the right) shows his approval of the Safe-T-Lite here with Robert Beyer and JayCee president Wendall Smith (L to R). The light is a safety precaution which acts as an attention compeller for cars that might not otherwise be seen. JayCees are selling the lights in Beyer Drug parking lots.

Mrs. Byron (Vivian) Champion, of 1150 S. Harvey St., has been named volunteer of the week by United Community Services of Metropolitan Detroit.

## Seek Red Cross Volunteers

Mrs. C. B. Lytle, of Dewey St., regional volunteer service representative for the Northwest branches of the Detroit Red Cross Chapter, speaking for volunteers in the Northwest Region, has issued an invitation for women interested in participating in Red Cross Service programs to enroll between September 23 and 27.

"There are openings for additional volunteers in every one of our Services. In order to maintain our service these gaps must be filled. Many of our duties are performed right in our own communities, such as volunteers trained in car, motor, staff and blood program Aide duties to help at bloodmobiles; and Gray Ladies to work in local hospitals. Volunteers who can accept assignments at the Chapter Headquarters in downtown Detroit are needed in these same Services.

"Many requests for classes in Home Nursing, Mother and Baby Care and Home Care of the Disabled can be scheduled in our Region if graduate, registered nurses volunteer to take the Red Cross training course which will start on September 13 or 14.

"At the request of military authorities Red Cross is scheduling volunteers to be on duty at the induction centers in the Federal Building and Ft. Wayne. Many of the ap-

proximately 200 inductees and enlistees who are leaving these centers each day are young men experiencing their first separation from home. The familiar symbol of the Red Cross on a volunteer's uniform will be a morale booster," Mrs. Lytle said.

Volunteers choose the type of service they wish to give and select the day of the week and time of day most convenient for them. The general orientation class will be held on September 30 and specific training for each Service will follow on a schedule to be announced.

Prospective volunteers should call Mrs. Lytle at GL 3-5428 or the Red Cross headquarters, 961-3900, or the Northwest Regional office, GA 4-0220, for further information or to make an appointment for a personal interview.

## Art Around Us:

by Mrs. Jessie Hudson

A recent Gallery-Goes-out list by Lilian Braun in the Detroit Free Press (Sunday) listed "art classes for everyone." One especially interesting course mentioned is a Family Workshop offered by the UCAE (University Center for Adult Education) in cooperation with the Detroit Institute of Arts. Mother and the children are invited to join in class projects in paintings, clay and other media. Strangest part, though, is that it is scheduled for Sunday afternoons.

The idea of the whole family working together in art is an excellent one. Actually it is the parents who really need art education. Most of the time, that is, preschoolers and early elementary age children are quite uninhibited and extremely creative until some "superior" grownup laughs at their imaginative offerings.

Coloring-books are another

harmful influence, according to Dr. Viktor Lowenfeld, an authority in art-education of children. He believes that the stiff, "perfect" drawing of people and animals printed in coloring books sets up a stereotype image in the mind of the innocent crayoner. Later when he tries to draw he tries to match the image, is unsuccessful, and becomes certain that he can't draw at all. The rigid "stay within the line" approach of the coloring-book is usually offered to a child before he has the proper motor control to handle such an assignment. This experience either frustrates his creative instincts, or if he is successful and is praised for his efforts, tends to give him a "button-down-mind" approach to art. It is better, Dr. Lowenfeld advises, to give the child a large black crayon and a big blank sheet of paper and let him make up his own people and animals.

In The Galleries:

WHEATON GALLERY, 18928 W. McNichols (between Southfield and Sutherland) Started Sunday, September 15, work by talented Michigan artists Richard Jerzy of Detroit, Lou Rizzolo of Petoskey, Leslie, the Beachcomber, of Traverse City. Also on view, a historical book collection of Mr. Wheaton's and a preview for Christmas (already?). The gallery hours are now 11-5 Tuesday, Wednesday, Thursday and Saturday, 11-8 on Friday. Note: not open on Sunday or Monday. This current exhibit will be around for the month of September.

LITTLE GALLERY, 915 East Maple, Birmingham. Original drawings by great masters of the eight centuries from 1270 to 1963. The drawings cover all subjects from a 1270 illuminated leaf from a French Bible right up to a 1927 drawing by Glen Michaels who does some extremely imaginative collages using even discarded piano wire hardware. The hours here are from 9 to 6 Tuesdays through Saturday. Note: Not open Sunday or Monday.

ARTIST'S GALLERY, used to be on Washington Street in Ann Arbor is now upstairs at 330 Nickels Arcade sharing the spotlight with a Us-NSA Bookstore. Paintings, pottery and prints will be featured and most of the articles exhibited will be modestly priced. Hours are 10-5 on weekdays, 10-2 on Saturdays. This one is open on Monday. This is an artist owned and operated gallery but this year will be managed by Carol Carr Wigle who is also running the student bookstore.

HARTLEY-POWERS GALLERY, 116 E. Main Street, Northville. Regular gallery artists now up. Some large but reasonably priced paintings on view this time, include some interesting landscapes in autumn tones. A special feature of this little gallery is the handcrafted furniture by Harold Hartley, poet-carpenter, carpenter-poet. These pieces, hewn from solid pine to individual requirements are equally at home with antique or modern interiors. Gallery hours here are 12-6 weekdays, 12-9 Friday, 9-6 Saturday.

SHOWING THEIR APPROVAL of the about-to-be served "Lemon Cake," are left to right, Mrs. Charles Quinlan (the former Pat Wilkins), of Oakview; Mrs. Robert Southgate (Shirley Plant), of Ann Arbor; Mrs. Donald Taylor (Dorothy Curtis), of Livonia; Mrs. Judson Spencer (Ann Vincent, of Ross St., and Mrs. Frank Kasper (Joyce Kubick), of Dearborn, on the far right. Serving the cake to her luncheon guests, last week, all friends from school days, is Mrs. Roger Corey, of Ross St., this week's guest cook.

If you've been looking for a recipe for a cake that's light, fluffy, moist and easy to make, your search is over once you try this recipe for "Lemon Cake," suggested by Mrs. Roger Corey, of 958 Ross St.

Mrs. Corey, the former Mary Ann Witwer, daughter of Mr. and Mrs. Joseph Witwer, of Hartsgrove St., and her family, moved back to Plymouth from Grand Rapids a little more than a year ago when her husband went into

business with his father, Kenneth Corey, of Ann Arbor Rd., operating and managing Perfection Cleaners.

Chairman of the 1964 Mothers March of Dimes in this area, Mrs. Corey likes to spend her spare time knitting, reading and keeping up a large correspondence with friends.

The Corey's have two children, Mark, a first grader at Smith Elementary School and Alan, who will be 3 years old next month.

### LEMON CAKE

1 box yellow cake mix  
1 pkg. lemon jello  
4 eggs  
¾ C. water

¾ C. salad oil

1 C. powdered sugar

Add small package of lemon jello to yellow cake mix and beat in eggs and water. Beat 3-4 minutes, then add salad oil and beat mixture for about two minutes on low speed, or until well blended. Bake in rectangular pan at 350 degrees. While cake is baking, squeeze lemon for juice and grate the rind. To the lemon juice and rind, add powdered sugar and mix well. When cake is baked, prick top with fork and immediately pour the lemon-sugar glaze over top. Cool and serve.

## Newcomers Plan Pot-luck Dinner

Plymouth Newcomers' first pot-luck dinner of the fall season will be held at 7:30 p.m., Sept. 28, at the home of Mr. and Mrs. Henry Albert, 46770 Betty Hill, in Glenview Subdivision of N. Territorial Rd.

Each couple is asked to bring a dish to pass along

with their own table service. Planners are urging those who attend to dress warmly and casually.

In the event of rain, the dinner will be cancelled. Reservations may be made as late as Sept. 26 by calling Judy Henley at GL 3-8446.

## League for Peace to Hold Meeting

The Northville-Plymouth Branch of the Women's International League for Peace and Freedom will hold its first fall meeting on Tuesday, September 24, at 8 p.m. at the home of Mrs. Paul Kauffman, 720 Parkview, Plymouth.

A legislative workshop will be conducted at this meeting by Mrs. C. E. Woodruff of Northville, who is Legislative Chairman for the Michigan Branch of WILPF. Issues before Congress in which the WILPF has a particular interest are the atomic test ban treaty and the President's proposed civil rights legislation. Since its beginning in 1915 the WILPF has worked by non-violent means for the establishment throughout the world of those political, economic and social conditions which can assure peace and freedom under law.

Mrs. Woodruff was reelected

to the National Board of the United States Section of WILPF at its annual meeting in July in Estes Park, Colorado. She has served several terms on the national board and has also been president of the Michigan Branch.

Women in the Northville-Plymouth area who are interested in learning more about the organization may call the Membership Chairman and Secretary, Mrs. Sheldon Blackman, GL 3-3788. Other officers for 1963-64 are Mrs. Paul Kauffman, President, Plymouth; Mrs. Rodney Grover, Vice President, and Mrs. Cy Frid, Treasurer, both of Northville.

Michigan's expenditures for each pupil in average daily attendance in its public schools is \$447, compared to the national average of \$432.
