

Expect 3,000 Plymouthites At City Hall Sunday

More than 3,000 Plymouth residents are expected to visit and tour the new half-million dollar City Hall Sunday in the official "Open House" program starting at 2 p.m.

The city's official family moved into the City Hall in August but the "open house" was delayed until the parking lot was completed and work finished on the interior.

Harold Guenther, chairman of the Municipal Building Authority, and Mayor Richard Wernette, representing the City Commission, sent invitations to the more than 3,000 water customers, urging all to come and inspect the new building.

They and City Manager Albert Glassford anticipate that between 2,500 and 3,000 Plymouthites will tour and visit the building during the four-hour "open house" which continues until 6 p.m.

Robert Sincok, who was Mayor at the time the City Commission approved plans for the structure, will serve as master of ceremonies for the brief opening program in the council chambers.

Sincok, and his fellow members of that Commission including Marvin Terry, Carl Shear, and William Hartmann, who have since retired from the Board, have been invited to attend. Other members of that

Commission are James Houk, Richard Wernette and Robert Beyer, who are still serving.

Rev. Donald Williams, of the First Baptist Church, will give the invocation and then the building will officially be presented to the Building Authority when Architect By Becker presents the keys to MBA Chairman Guenther. He in turn will hand the keys to Mayor Wernette and the building will officially be open.

Sincok will introduce members of the Authority, including Guenther, Glassford, Louis Borregard, Edward Dobbs and John Moehle.

He also will introduce members of the past Com-

mission, which started the job, and the present Commission, which was on hand for the completion.

Invitations have been extended to Gov. George Romney, Senators Philip Hart and Patrick McNamara, Congressman Wes Vivian and Mrs. Martha Griffiths, State Senator Paul Chandler and Ray Dzendzel, State Representative James Tierney and representatives of the Housing and Home Finance Agency in Chicago.

The Women's Plymouth Symphony League will serve refreshments in the fire station throughout the afternoon.

Chandler and Vivian Win; Green Loses

McFall Is Named PHS Grid Coach

"The coach is gone, long live the new coach" could well be the cry at Plymouth High School.

Coach Mike Hoben, who handled the football duties for the past 10 years, ended his lengthy career Friday.

John McFall, who has been Hoben's assistant for the past 10 years and served five years under Charley Ketterer prior to that, was named the new football coach Monday afternoon by School Supt. Russell Isbister.

Isbister made the appointment after conferring with Principal Carvel Bentley, Director of Athletics John Sandman, Hoben and Assistant Supt. William Harding.

McFall's appointment is expected to meet with enthusiasm from the student body. The personal McFall has been head swimming coach since 1953 and teaches physical education.

He has been connected with the football fortunes at Plymouth High ever since he ac-

J. John McFall

cepted a position with the school system in 1950, shortly after graduation from Western Michigan University.

McFall was a member of the football and boxing teams at Western. He was a starting guard on the varsity for three years.

Isbister indicated the remainder of the football coaching staff would be named in the near future.

"We aren't planning changes," he said, "but we will make a study of the situation and reach a decision within a matter of a few months."

MEANWHILE, Hoben, who gave up the coaching reins when he was promoted to assistant principal in charge of counseling at the high school, was busy with his administrative duties Monday.

He bowed out on a rather sad note when the Rocks took a

APPECIATION AWARDS are presented to division leaders after the successful Plymouth Community Fund drive went over the top for the ninth straight year. Holding the awards are (from left): Perry Rich-

wine, James Jabara, Leo Calhoun, Mrs. Betty Norman, James Houk and General Chairman Charles Bruce, who made the presentations.

Twp. Voters Hits Record \$78,569 Total

Irked Over Poll Delay

Angry voters in Plymouth Township, some of whom had to wait as long as two and a half hours in line to vote, are thinking of asking township officials to either set up a new precinct in the Lakepointe subdivision or add additional voting machines at precincts 1 and 4.

In addition, one hears that the voters will demand that the precincts be moved from Fire Station No. 2 to Farrand School where increased facilities will be available.

It became apparent that changes are necessary, especially in Precinct 1 at the Fire Station, where voters were still in line at 10:40 p.m.—the polls were scheduled to close at 8 p.m. with all in line getting a chance to cast their ballots.

However, the state law provides that there shall be more than 1,400 voters in a precinct before a new one may be added. The total in Precinct 1 was far short of the required 1,400 but the fact remains that voters were in line as long as two hours or more throughout the afternoon and especially in the evening.

The addition of a machine or two would probably solve the situation for the moment but the rapid population growth in the area indicates the Township Board will have to start thinking in terms of changes.

Regardless of what the final decision is, the voters in the area are up in arms over last week's jam — they want steps taken to insure all of having a chance to vote within a reasonable time.

It is the unanimous opinion that two and a half hours is not a reasonable time.

Harry Hunter Dies; Rites Friday at 3 p.m.

Harry Hunter, 234 Maple Street, Plymouth, who was a candidate for Plymouth's City Commission in 1963, died Tuesday morning. Hunter, a veteran of World War I, was prominent in veterans affairs and as late Decoration Day, participated in the annual parade.

He was well known as a school guard at Bird School until stricken.

Funeral services will be conducted at 3 p.m. Friday in the Schrader Funeral Home.

PCF Drive Goes Over Top By Slim Margin of \$9

Thanks to a tremendous team effort on the part of all division leaders, team captains and workers in the closing hours,

the Plymouth Community Fund campaign still has a perfect record — it went over the top to maintain its unbeaten mark,

PLAQUE is presented to School Supt. Russell Isbister (right), past president of the Plymouth Community Fund, by the current President Frank Palmer appreciation of his efforts in behalf of the PCF during the past year.

COVETED GO-GO BIRD goes to Plymouth Community Fund General Chairman Charles Bruce (right) with the proper ceremonies and instructions from President Frank Palmer.

Publisher Only Area GOP Victor

Voters in the Plymouth community turned out in the greatest numbers in history but when the final tabulations were in, the traditionally Republican district will be represented by only one member of the GOP in state and national offices.

Both the Township and the City had the largest numbers of voters in history but strange enough neither had a percentage as high as that in 1960.

Each reported better than 85 per cent in 1960 while this year the Township had less than 82 per cent with a turnout of 3,528 of the registered total of 4,357.

In the City, Clerk Richard Shafer reported 4,177 of the 5,055 registered voters went to the polls for an average of 82.3 per cent.

For the first time in history, Plymouth voters favored two Democrats — President Lyndon Johnson and Senator Philip Hart — with majorities. Other than that, they gave an edge to Republicans all the way. Johnson had a 4371 to 3185 margin over Barry Goldwater and Hart had 3893 to Elly Peterson's 3544.

In the final count, Paul Chandler, Livonia Republican and publisher of the Observer Newspapers, including the Plymouth Observer, won a tight duel from James McCarthy, Livonia Democrat, 46,843 to 42,286.

Plymouth electors favored Chandler with a 4,392 total against 2,916 for his opponent. The newspaper publisher carried the city, 2422 to 1555 and the Township, 1970 to 1361.

Wallace Green, Plymouth Republican, lost to James Tierney, Garden City Democrat, in the battle for the state legislature, representing the 38th district, 15,367 to 9,650.

Green took the City, 2305 to 1606 and the Township, 1915 to 1347, but couldn't cope with Tierney's strength in Garden City and surrounding areas. The former Garden City Mayor figured to beat his opponent, making a first try for an elected position, but the margin from his home town was much greater than anticipated.

The biggest surprised came in the Congressional race for the Second District seat where Wes Vivian, Ann Arbor Democrat, upset veteran George Meader, Ann Arbor Republican, by such a slim margin that there still is a chance of recount.

Inasmuch as the new Congressional district includes only the Plymouth community and a comparatively small corner of

FACTS and OPINIONS by Paul Chandler

ON MONTEGO BEACH, JAMAICA—If you have a friend who'll drive you, after 25 minutes from your home you can be aboard a plane at 10:55 p.m., airborne and en route to Miami.

By 9:30 the next morning you will be here in Jamaica for breakfast, and that elapsed time includes five hours of sleep at the Miami Airport hotel. According to the Jamaican habit, breakfast begins when they hand each traveler a goblet of shaved ice, rum and lime juice at the airport while he waits to receive his baggage from the airline.

Almost on impulse we decided to come down here to the Caribbean to shake away the grind and weariness of the election. After several weeks of tension, the desire to escape was strong and Florida just didn't seem far enough nor different enough.

Jamaica is only 80 minutes farther than the neon lights of Miami's strip but there must be at least 80 years in difference.

The idea seemed original enough, but once checked into our rooms on the north shore of the island, we discovered that almost at the same time two hotels to the left Barry Goldwater was arriving for what he called "complete relaxation—to play golf and go fishing."

And in the adjacent hotel to ours is a sister of the Kennedy's and her family, Mrs. Jean Smith. Senator Robert Kennedy also had reservations, but cancelled. No one has been unkind enough to suggest he changed would be a next-door neighbor.

So, the escape from politics wasn't quite as complete as first appeared.

Jamaica is brushed constantly by the trade winds. It

Yule Mail? Clip These Deadlines

Planning on mailing Christmas packages this year? Then you had better follow the list of mailing deadlines announced Friday by Plymouth's retiring Postmaster George Timpona as one of his last official acts before leaving his post after 15 years of service.

Dr. Timpona announced two weeks ago that his request for retirement has been approved by Postal officials in Washington, effective last Friday.

Before leaving, Postmaster Timpona listed deadlines for mailing packages:

The recommendations are as follows to insure delivery before Christmas Day:

- 1—Surface parcels for overseas members of the Armed Forces and civilians who receive mail through APO addresses, Tuesday, Nov. 10.
- 2—Surface mail to Hawaii and Alaska, Nov. 30.
- 3—Gift parcels to distant points in the United States, Dec. 5.
- 4—Air parcels to APO addresses, Dec. 10.
- 5—Greeting cards to distant points in the United States, Dec. 10.
- 6—Gift parcels in local areas, Dec. 14.
- 7—Greeting cards to local areas, Dec. 15.

Postmaster Timpona urges all mail users in the Plymouth area to follow the recommendations and insure delivery of all parcels and cards well in advance of Christmas Day.

"If our patrons follow these deadlines," he said, "then we know that delivery will be assured and it certainly will relieve that tremendous rush in the final seven or eight days before Christmas."

Adult Education Offers Many Unusual Classes

Many unusual and interesting classes will be offered during the second semester of the Plymouth School system Adult Education program, according to Director Herb Woolweaver. The new offerings include: Commercial Art, to discuss and work on sculpturing, posters and advertising, cartoons, sketching and such programs. Golf classes at Gallimore School gym on Monday or Tuesday evenings. Prospective students are urged to organize their own classes of six or eight and contact Wool-

weaver early to reserve a preferred time. Millinery to be taught on Monday nights. This gives women an opportunity to make their own hats and accessories. Advanced ballroom dancing will be available, taught by an expert instructor. Yoga will be taught Wednesday morning in Dunning Hough Library. Take advantage of this opportunity to learn the oldest known method of relaxation. Guitar instruction will be

available for the beginner as well as advanced students. Jewelry making and leather craft classes are now available for those who have the time to make beautiful articles that are usually too expensive to buy. High school credit classes are free now. Take advantage of the change to make up missing high school credits and work towards a diploma. Woolweaver urges all desiring additional information to contact the Adult Education office at 453-3190, extension 4.

Township Board Cold To Michigan Bell Tower Request

Michigan Bell officials were told rather politely but firmly that the Plymouth Township Board has no intentions of speeding up action on a request for permission to erect a 300-foot microwave tower in the vicinity of Napier and Powell Roads.

Edward Lees, representing Michigan Bell had made a similar request to the Planning Commission two weeks earlier and it was referred to the Trustees for tax information and guidance as to procedural policy.

Lees made an almost identical presentation to the Trustees as that to the Planning Commission but, much to his chagrin, learned that the grizzled veterans on the Board aren't as easy to convince.

His request for a special zoning of Public Utility to construct the facility on the O. Stacey farm at Napier and Powell Roads received a chilly reception.

His request for speedy action didn't exactly have the Trustees jumping in glee with the result that he was informed in just so many words that the matter was one that would have to be studied before any action could be taken.

"I'm not saying that a tower won't be erected at this

site," said Supervisor Roy Lindsay during the special meeting. "But I am saying that the request will have to go through proper channels. This involves another meeting with the Planning Commission, a public hearing a month later and then a rec-

ommendation to this Board. Then we'll take action, probably three months from now." Lees' plea for special, speedy consideration fell on deaf ears, especially when Treasurer Mrs. Elizabeth Holmes asked if it was true that Michigan Bell had

tried to purchase a site in Salem Township for the same project and had been turned down by the landowner.

Lees admitted there had been such an incident and the air was a bit chilly from that point.

The next step is a meeting

with the Planning Commission and then the matter will — as Lindsay indicated — come back to the Trustees, probably in January.

In other matters during the special meeting, the Trustees discussed various phases of the Fire Department, the recently approved but yet unappointed

Fire Administration Board and learned that Trustee Louis Norman will have to resign as Captain of the Volunteer Fire Department as a result of a recent court ruling.

This was a bitter pill for Norman to swallow since he had been a member of the

Volunteers for 11 years, took pride in his work as a firefighter and in his capacity of Captain.

The Trustees also took action to request a developer to sign an assumption of risk agreement when permission is granted to install underground utilities at a new subdivision.

PCF Over Goal

(Continued from Page 1) pointed out, "I had some doubts at the start but I knew that the proud heritage of Plymouth would make every one work a bit harder — this total shows that they did — what a victory."

The program opened with the invocation by Rev. Hugh White, of the First Methodist Church, followed by a welcome address by Bruce but even during the dinner it was apparent that all were interested in one thing—did the fund drive go over?

Even Bruce was a bit fidgety and finally — at the request of the newspaper writers present — advanced the division reports.

Perry Richwine, head of the advanced gifts committee, was the first to report, checking in with \$1,860.

James Houk, chairman of the Business division, reported a record high \$15,268 for his group, indicative of the things to come.

Leo Calhoun, chairman of the Professional division, chipped in with a \$4,461 total for his workers. This was more than \$1,200 more than the \$3,257 of a year ago.

Then came the all-time record making \$52,286 from the Industrial division with Chairman Jabara making the

report. A year ago the Industrial workers raised \$43,040, highest ever but that record was shattered into small bits this year.

Mrs. Norman added the piece de resistance with her report of \$4,894 for the residential workers, putting the total over the top by the \$9 margin. Mrs. Norman's report represented the most ever raised by the women workers who make a house-to-house campaign. The residential total was \$4,535 in 1963.

The all-time high total of \$78,569 compared to the previous standard of \$69,460 of 1963. Then to make the evening a complete success, Bruce awarded appreciation plaques to the various division leaders for a job well done.

Palmer was called to the podium and awarded a plaque to School Supt. Russell Isbister, retiring president of the Community Fund, and then presented the much coveted "Go-Go" Bird to Bruce for his tremendous job in leading the PCF to its greatest victory.

Music during the dinner was presented by the Minor Keys, a musical trio from Plymouth High School.

The "Treble Shooters", area champions of the "Barbershop Quartet" competition, presented an unusual program as one of the highspots of the entertainment.

The quartet, all from the Detroit area, includes: Bob Mulligan, Bob Winters, Cliff Jorgenson and Bob Whittleigh.

The Detroit Pistons all-time attendance record was set on February 12, 1963, when 11,028 jammed into Cobo Arena for a National Basketball Association doubleheader.

UNITED NATIONS was discussed by members of a government class at Plymouth High School at the Rotary Club program last week. The six students were introduced by Rev. Dr. Henry Walch. The group includes (from left): Bill Brooks, Jan Larkin, Chris Rowland, Rev. Walch, Bill Nelson, Mary Perlongo and Alice Wildmaier.

Facts, Opinions

(Continued from Page 1)

is one of those islands where it often rains while the sun is shining and almost always when it isn't shining.

Hence, the first reaction of the newcomer is the vivid green color of hills and foliage—greener even than a leprechaun's heart. But the air and water scarcely vary in temperature, hovering between 70 and 85 degrees year around.

Once airplanes arrived here by flying directly over Cuba. This is enough to get the passenger thinking about international politics and the Jamaican newspaper makes the subject even more urgent.

Jamaica has been an independent state for only two years. For 300 years before that it was a British colony. Almost 98 per cent of the population has colored skin. Land ownership, education and general wealth is concentrated in a few hands. Poverty and unemployment are great.

Hence it was huge front page news Saturday when one of the two political parties announced a program of out-and-out socialism for the island.

An advertisement run on the front page was something like home to see the familiar "B" of Burrough's Corporation. The local outlet was offering six cash registers for 80 pounds sterling. Another ad threatened to develop into an international incident.

A man who signed his name as R. N. Ackles and who gave an address in Flint, Michigan, ran a full-page ad asserting that by use of plastic precut panels he could provide at low cost "millions of homes for the world's homeless." Five-room houses could be built for \$900, the ad said.

But the ad complained bitterly about the corporation being blocked legally and given the runaround in Washington. So, it said, it was appealing to any government in the world which had a "sincere interest in better housing."

By nightfall the U.S. Embassy in Jamaica was trying without success to locate an "R. N. Ackles" who was saying harsh things about the United States government.

There is a University of the West Indies nearby and it was news Monday that the Freshmen had defeated the Seniors in a debating contest. The winners cast the affirmative position on the question: "Does the institution of marriage cause more problems than it solves?"

Incredibly the biggest entertainment event of the moment is an offering by the Jamaican Choral and Orchestral Society of "Hiawatha—a Trilogy: The Immortal Story of Life, Love and Ideals of an Indian Chief. Poem by Henry Wadsworth Longfellow. Music by Samuel Coleridge Taylor."

The musical craze of the moment is called Ska—and apparently Ska is something that can be played, danced or sung all or in part. It looks and sounds like rum-and-coke jitterbug to this non-affiliated.

Alas—it's raining again . . . have to close the shutters and switch on that fan which juts from the ceiling and which sometimes makes this whole event seem like an unreal cutting from a Humphrey Bogart movie.

Chandler Victor

(Continued from Page 1)

Wayne County plus Washtenaw County and a section of Lenawee County, interest in the area was relatively low.

Meader was an unknown to most residents even though he had represented the Ann Arbor sector for several terms in Congress. Vivian was unknown to all since he was in politics for the first time.

Thus, even though he rode in on the crest of the Democratic landslide, the victory of Vivian by an unofficial 77,052 to 75,310 came as a major shock.

Like most Republicans, Meader carried the Plymouth community. He picked up 1774 votes in the Township against 1515 for his rival and 2110 in the five precincts in the City contracted to 1790 for his youthful foe.

But the story had a different ring when the voters in the Democratic areas of Ann Arbor and Adrian went into action with the result that Vivian gradually swung a head and

finally ended with his unofficial plurality.

The official tabulation in the tight race won't be available for another week or 10 days at which time Meader is expected to decide whether he will ask for a recount. Indications were that he probably would make the request.

At the local level, Township Supervisor Roy Lindsay rolled to his sixth consecutive term. He left Democrat Orville Tunge gasping for air as he totaled 2063 against 765.

The races for other Township posts weren't contested and found Treasurer Mrs. Elizabeth Holmes reelected for a sixth term; John McEwen returned as Clerk; Louis Norman and Dick Lauterbach back as Trustees; and all Republicans named to other posts.

Martin Schomberger was re-named to another term as Justice of Peace.

Destiny has a way of turning the man down who waits for something to turn up.

The Workshop Season

With the Garden Clubs' Greens Mart, the St. John's Holiday Mart and the Methodist Church's International Fair drawing nearer, workshops are the order of the day.

Mrs. John Jacobs, chairman of the Holiday Mart, reports that the ladies in her group have been meeting on Wednesday mornings. They have been sewing, making aprons and articles for the gift shop and the Children's booth.

At the Methodist Church, Mrs. Kenneth Bisbee and Mrs. Blaine Lytle, chairmen of the Christmas booth, have had Wednesday candlemaking sessions.

Mrs. George Andrews and Mrs. Edwin Wingard, who are in charge of the British booth, have had groups making English mince meat and boutique mirrors.

Mrs. Kenneth Leader had a workshop to assemble topiary trees for her Holland booth. The Oriental booth workers met to dress little Japanese dolls. Miss Helen DesJardins has donated a trunkful of beautiful hand-embroidered articles that she brought from China years ago.

Garden Club members are making their jeweled eggs again that were the hit of last year's Greens Mart. Mrs. Clayton La Rue has the workshop for these set up in her basement. Remember the Swedish straw angels and bird cages that they made last year? Mrs. Austin Stecker's home is the scene of the straw-making activities. Mrs. James Gilbert has the feathered flower workshops in her home.

The Invisible Rabbit

Although it was their seventh rehearsal on Monday night, members of the cast were still laughing over their lines in May Chase's great comedy, "Harvey".

Ever see a play in rehearsal? Slip into the annex auditorium of the High School on a Monday, Wednesday, or Friday evening and see the Plymouth Theatre Guild in action. It's an interesting experience.

Folk Medicine

After looking through an old book entitled "The Circle of Useful Knowledge" it is apparent that great-grandmother must have been a busy gal getting ready for winter and its health problems.

To treat her family's chapped lips it suggests: "Oil of almonds 3 oz.; spermaceti 1 oz.; virgin rice 1/2 oz.; melt these together over a slow fire, mixing with them a little powder of alkanet root to color it. Keep stirring until cold, then add a few drops of oil of rhodium."

For influenza: "Equal parts of good vinegar and water, and to a teaspoonful of this mixture add one teaspoonful of the best African cayenne, and sweeten with honey or sugar. Dose: one teaspoonful, which will allay cough instantly."

For scrofulous sore eyes: "Take blue violets, dig them up, top and root, wash clean, dry them, make a tea. Drink several times a day, wetting the eyes with it each time and it will soon cure."

Forum Told Of Truck Industry

"Our Business is Your Business," was discussed by Robert Taylor, vice president of sales for U.S. Truck Co., in a talk to 45 in attendance at the Plymouth Chamber of Commerce Businessmen's Forum luncheon at Hillside Inn.

Taylor pointed out that when the trucking industry paid drivers an average wage which is 27 per cent higher than the average for all private industries, the shipper eventually absorbed the cost in increased freight rates.

He stated that there were 56,700 trucking firms in the United States with 10 trucks or more, and that 10,587 of these were individual common and contract carriers regulated by the Interstate Commerce Commission, and in Michigan by the Michigan Public Service Commission.

He cautioned that it was too easy an answer for companies to state that if the common carriers charged too much that the companies would get their own trucks. He suggested that most companies couldn't afford this luxury, and for those who could, they were eventually beset by the same problems as the truckers themselves.

Taylor suggested that the common cry among many people was "They should get those trucks off the road." He countered this by stating that one out of every three dollars collected in highway-use taxes was paid for by trucks, amounting to nearly 4 billion dollars a year.

He continued that the trucking industry employs over eight million people in the United States, and the nation's truck fleet which amounted to only 700 trucks 60 years ago now reaches 13 million vehicles, representing 41 per cent of the world's trucks—a tangible display of our nation's might.

He projected a brilliant future for the trucking industry, and industry in general, and urged that industry lock arms with the carriers toward achieving their mutual goals.

The Presidents' Athletic Conference All-Sports trophy has been claimed by Wayne State University eight times in the nine years of league competition.

PLYMOUTH COMMUNITY SCHOOLS LUNCH MENUS										NOVEMBER 16 thru 20
ALLEN SCHOOL Nov. 16 thru Nov. 20 MONDAY — Beef Bean Soup and Crackers, Peanut Butter and Jelly Sandwich, Cheese Slick, Fruit Cup, Brownie, Milk. TUESDAY — Sloppy Joes on Buttered Buns, Baked Beans, Pickles, Cabbage Salad, Apple Crisp, Milk. WEDNESDAY — Ham and Cheese Sandwich, Buttered Corn, Potato Chips, Olives, Fruit Cup, Cookies, Milk. THURSDAY — Roast Turkey, Mashed Potatoes and Gravy, Cranberries, Buttered Carrots, Buttered French Bread, Fruit Jello, Rice Krispie Bar, Milk. THURSDAY — THANKSGIVING DINNER: Roast Turkey and Dressing, Mashed Potatoes and Gravy, Cranberry Sauce, Vegetable, Pumpkin Cake, Milk. FRIDAY — Meat or Meatless Pizza, Cole Slaw, Fruit, Cheese Chews, Milk.		

New Red Cross Building for Area to Open

The new location of the Northwest Regional Office of the Detroit Chapter of American Red Cross, 31228 Five Mile Road at Merriman, in the Mer-

ri-5 Plaza, is facilitating greater service to communities in the area, announced Henry Maurer, Red Cross Field Representative for the Northwest Office.

More centrally located than before, the office has increased classroom space and better parking facilities. It is used as operations base for the two full-

time staff members and more than 300 active Red Cross volunteers working in the eight communities serviced by the office. Among the Northwest Office's regular activities are continuous programs and classes in Home Nursing, First Aid, Instructor Training, Disaster Preparedness, and assisting servicemen, veterans and their families with Home Service problems. A Red Cross bloodmobile visits the office the third Thursday of each month.

"Voices From Home Recordings" will be made in the new office beginning November 30-December 12, announced Mrs. C. B. Lytle, Regional Volunteer Representative for the Northwest Red Cross Office. "You can't pack Home itself into your serviceman's Christmas package," said Mrs. Lytle, "but you can send the next best thing—the sound of it." The recordings permit 12½ minutes of personal message which can be played back on equipment provided by the Red Cross field director stationed at the military installa-

tion. Persons in the area with servicemen overseas are invited to make appointments Monday-Saturday, 11 a.m.-8 p.m., No-

vember 30-December 12. The Northwest Office services Garden City, Livonia, Plymouth, Plymouth Town-

ship, Northville, Northville Township, Redford Township, and the Blood Program needs of Highland Park. Persons de-

siring information about Red Cross services are invited to call 422-2787, Monday-Friday, 8:45 a.m.-4:45 p.m.

WINNERS of a contest conducted by Sears Livonia Mall in the Observer Newspapers are shown receiving prizes from C. M. Sheer, sales superintendent for Sears. The group includes (from left): Mrs. Elizabeth Sherman, 20010 Mayfield, Livonia, transistor radio; Sheer, Mrs. J.

Orel, 14751 Cavell, Livonia, portable television set; and Mrs. J. Berezinski, 31636 Pembroke, Livonia, phonograph. Other winners not in the picture were: Mrs. Eileen Harris, 31003 Dorais, Livonia, clock radio, and Mrs. Susan Racin, 9611 Brookfield, Livonia, transistor radio.

Scouts to Dine at Franklin High

The Sunset District Boy Scouts will hold their annual recognition dinner November 17 at Franklin High School in Livonia.

Adult scouters and wives are invited to the program, which will include installation of new officers, Silver Beaver presentations, a speaker and dinner. Tickets are \$2.50 and may be obtained from commissioners or

at the Council Office.

On Nov. 18, the Order of Arrow chapter meeting will be held at 7:30 p.m. at Rosedale Gardens United Presbyterian Church.

On Nov. 19, a Cub Scout, Boy Scout and Explorer Leaders Round table will be held at Grant Elementary School, 9300 Hubbard.

Hawthorne Church to Worship in School

The Hawthorne United Presbyterian Church will move its temporary meeting place to the Herbert Hoover Elementary School located on Levan Road at Ladywood. First services at the recently completed school will be on Sunday, November

15. Both the Worship Service and the Church School are held at 10 a.m.

The Presbyterians have been meeting at the Lincoln School since they first began on February 16 of this year. According to the Organizing Pastor, The Reverend Carl A. Gundersen, the move to the Hoover School is being made so that the church will be in a better position to minister to the new residents in the western sections of Livonia. Future plans call for a permanent church home not far from the new place of meeting.

Birthday Party

Mr. and Mrs. Thomas Anthony of 673 S. Main held a birthday party for their four-year-old grandson, Andrew Paladino, on Oct. 17. Twenty-two relatives including both sets of grandparents, uncles and aunts and six cousins attended. Andrew and his parents were visiting from their home in Buffalo, New York, at the time.

Mr. and Mrs. Sanford Knapp, 497 Irvin Street, in Plymouth, spent a pleasant weekend with their son Robert who is a student at Mt. Pleasant.

Pete Seeger Sings Sunday

Famed American folk singer Pete Seeger—just back from a ten-month around-the-world tour—will appear in concert this weekend at Detroit's Masonic Temple.

Seeger, called the "dean of American folksingers", will sing Sunday night at 8 p.m. in a benefit concert for the American Civil Liberties Union.

A former Harvard student, Seeger left college in the 1930s, singing individually before helping to organize the Al-

Pete Seeger

manac Singers. In 1949, he and three others organized The Weavers, a quartet which started and contributed greatly to the spread of folk music popularity in the United States and which recently marked its 15th anniversary with two Carnegie Hall concerts.

Seeger's performance Sunday will include many songs and examples of folklore gathered during his recent worldwide tour. The popular folksinger was the subject of an extensive picture story in Life magazine Oct. 9.

Tickets for the concert, ranging from \$1.50 to \$4.50, are available at Grinnell's, Marwill's in Northland, the Music World, the Retort and the ACLU offices, 1600 Washington Blvd. Building.

Busy in Ozarks

M/Sgt. Ernest J. Liddle, son of Mr. and Mrs. E. Liddle, 47055 Five Mile Road, Plymouth, is a member of the U.S. Air Force Tactical Air Command forces now engaged in exercise Gold Fire I in the Ozark Mountains of south-central Missouri. A graduate of Plymouth High School, the sergeant attended Altus (Okla.) Junior College.

SC Sights Maximum Enrollment

Early indications point to continuation of the maximum enrollment in the Schoolcraft College Evening College for the second semester of the 1964-1965 school year.

More than 930 have been enrolled in the fall semester, according to Dell Reed, Director of the Evening College.

"Most of these have already completed the pre-enrollment for the second semester," Reed reports, "and counseling appointments are now being taken for new students planning to enroll at Schoolcraft in January."

The second semester course offerings with enrollment and admissions procedures are listed in this issue.

"In attempting to fill the higher education needs of the district, the College is continuing to offer a broad offering of courses in both the Business and Technical areas as well as Academic courses," he said.

"Various courses in accounting, agriculture, automotive technology, business, drafting, electricity and electronics, manufacturing technology, art, music, biology, chemistry, physics, English, reading, foreign languages, geology, mathematics, economics, history, philosophy, political science, psychology, and speech are included," Reed continued.

All students entering Schoolcraft College for the first time in January must complete the application for admission. Students desiring to accumulate college credit or work toward a college degree must also take the counseling tests. The only remaining testing date for the tests is Nov. 21.

Local Engineers Meet Nov. 17

The Rouge Valley Chapter of the Michigan Society of Professional Engineers will hold its November meeting at Suburban Chop House, 30325 Six Mile Road, Livonia, on November 17, with dinner at 7 p.m. and the program at 8 p.m.

The program will have guest Kimfield Parks of Burroughs Corporation give a presentation on "How Computers Are Being Applied Today."

All Engineers-In-Training and Professional Engineers in the area are invited to attend, especially those who recently passed their Michigan Registration examinations. Those wishing to attend the dinner should call Paul Roberts PE, Chapter Program Chairman at GA 7-7487.

Wins Rating

Airman Third Class Nick Duncan, son of Mr. and Mrs. Nick Duncan of 9103 Dale, Redford Township has graduated from the training course for U.S. Air Force communications wiring specialists at Sheppard AFB, Tex. Airman Duncan, a graduate of Thurston High School, is being reassigned to McChord AFB, Wash., for duty in his new specialty.

Texas Graduate

Staff Sergeant Alfred J. Stever, son of Mrs. Cora M. Stever of 1-321 Rockland, Redford Township, has been awarded the Air Training Command (ATC) Master Instructor rating at Sheppard AFB, Tex.

Gene Washington, Michigan State University sophomore end, tied the Spartan single-game reception record when he snared seven passes against Wisconsin in 1964.

HORSE CARE AMONG ADDITIONS

Schoolcraft Adds Technical Courses To Offerings at Evening College

Technical courses in agriculture and automotive and manufacturing technology have been added to the offerings of Schoolcraft College and will be available for the first time in the Evening College beginning with the second semester, January 4, 1965.

Horse care and farm management is a unique course designed for horse-owners, trainers and others, and for horse-farm managers. Class time will be devoted to the study of the history of the horse, care and sanitation, grooming, anatomy, nutrition, breeding, horsemanship, and horse-farm management.

A doctor of veterinary medicine will be the class coordinator.

A second course pertaining to agriculture is ornamental horticulture. Consideration will be given to identification, growth habits, culture and ornamental use of house plants, vines, ground covers, annuals, perennials, small shrubs, and trees adapted to the climate of lower Michigan.

Automotive electrical service and advanced welding class will be held at Bentley High School in Livonia as a part of the Schoolcraft College offerings.

The automotive electrical service class will include the study of automotive electricity and magnetism, storage batteries, cranking motors, ignition circuits, generators, regulators, and AC charging circuits.

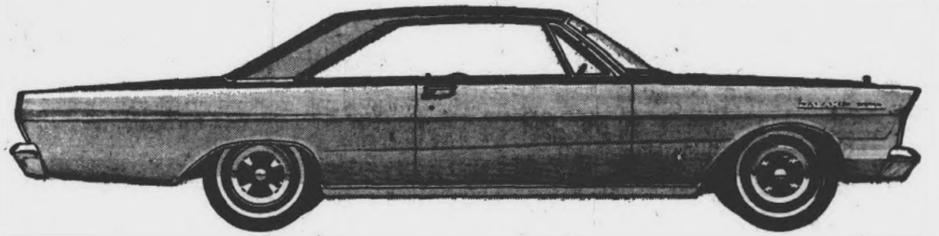

The welding class will deal with advanced elements of oxy-acetylene, arc and inert gas

welding, and testing of welds. Time will also be devoted to vertical and overhead welding techniques.

Full information relative to time, cost, hours, and registration for these classes is found in the classified section of this issue. Any questions may be directed to Dell Reed, Evening College Director at Schoolcraft College.

GETTING FIRST HAND look at Schoolcraft College during Sunday's "open house" are representatives of the City of Plymouth and Plymouth Township. Schoolcraft Board Chairman Harold Fischer, also of Plymouth, shows future plans to (from left) Township Trustee Dick Lauterbach, Treasurer Mrs. Elizabeth Holmes, Supervisor and Mrs. Roy Lindsay, Fischer, Plymouth Councilman James Jabara, his wife, Jean, and son, Mike. More than 3,500 viewed the college and facilities during the four-hour "open house" tours of inspection.

Can't Change Salem Avenue Situation

"No Exceptions," School Board Tells Parents

The Plymouth School Board can't deviate from its transportation policy to take care of pupils in the Salem Square subdivision who are on the border line of the mile and a half limit.

That's what a delegation of parents were informed Monday night by Board President Gerald Fischer, who explained that it would be impossible to make exceptions for a single subdivision.

Trustee Carl Schultheiss, who was appointed by Fischer to make a study of the situation and report to the meeting, indicated that an exception for Salem Square would involve only a few students there but would force the board to furnish transportation for as many as 400 others in fringe areas.

"The school board is reimbursed by the State

on the basis of those students transported who live outside the mile and a half zone—this limit is set by the state," said Schultheiss in his report.

"We would find ourselves in the position of having to pick up an additional 400 pupils if we relax the rules. Inasmuch as the cost of the transporting a single student is \$30 for the school year, it would involve something like \$12,000.

"In addition, Transportation Director Bob Houghton has told us that it would require three additional buses at an expense of another estimated \$22,000. That totals to \$34,000 which we don't have in this year's budget."

Fischer told the delegation that the Board was in sympathy with the problem which has pupils walking along busy

Ann Arbor Road to get to Junior High East.

"However, we are not in a position to make exceptions and we most certainly can't afford an additional \$34,000 expense at this time," he said.

The Board heard a report from School Supt. Russell Isbister in which he announced the appointment of John McFall, longtime assistant to the post of heard foot-

ball coach at Plymouth High.

McFall will continue as head swimming coach and take over the grid duties next fall, succeeding Mike Hoben, who resigned when named assistant principal in charge of counseling at the high school.

In other actions, the Board:

Approved a contract for Mrs. Ethylene Hazelwood, of An Arbor, as business education teacher at Plymouth High School on recommendation of Supt. Isbister.

Approved a trip of the International Relations class at Plymouth High to the United Nations in New York City in the spring.

THIS POSTURE exercises most of the body muscles. Some are tensed and others stretched. The back muscles are greatly strengthened, enabling one to maintain an erect spine. All the muscles of the thighs are tensed; the internal ones in order to keep the knees close together; the posterior ones to keep the legs lifted, and the anterior ones to straighten the legs. The abdominal muscles are fully stretched during this posture. The thyroid gland is invigorated by the increase of blood circulation. Ron Tipping of Novi demonstrates the bow posture in this picture.

Plymouth Oldsters Active

One hundred and two senior citizens of Plymouth attended the Nov. 5 meeting at Plymouth's Masonic Temple. Arrangements were made at the meeting for a Thanksgiving Dinner on Nov. 19 at 12:30 p.m. Mrs. Goodale will cater the dinner and tickets are available to members for \$1. Reservations must be made by Nov. 12.

On Nov. 14 the Plymouth Senior Citizens will attend the Ice Capades. A bus will leave the Masonic Temple at 3:30 p.m. Mr. John Gillis, president of the group, has been unable to attend due to illness. In addition the first vice president, Grant Camphouse, is ill and is due to enter the hospital for surgery.

At the next meeting the Senior Citizens will honor all the members who have November birthdays.

MRS. ISABEL QUIGBY poses for the camera with one of her paintings. The picture is one of many that decorates the interior of her home on Coventry Drive.

WORD PORTRAIT OF AN ARTIST

Livonian Helps Decorate Marycrest Manor Home

By BETTY BALDWIN

This is a portrait of an artist, Mrs. Isabel Quigley, who uses her God-given artistic ability to bless many people throughout the year.

She is well known in this area for her services in volunteer work. At present she is chairman of the decorating committee at Marycrest Manor, home for the aging, in Livonia, where she designs unique favors and unusual centerpieces for the tables.

Many a day is made more interesting for those at Marycrest through her creative ideas. Her work is not only clever, colorful and creative, it is always a conversation piece. Isabel is never at a loss for new designs. Her friends marvel at the never ending ideas that pour forth from her rich storehouse. She is most unselfish in sharing her artistic ability, whenever the need arises.

Since 1953 Isabel and her husband have resided in Livonia.

Before coming to Livonia she attended St. Mary's College and Academy in Monroe where she was first violinist in the school orchestra.

While in Pasadena, California, she studied at the Stickney

Memorial Art School. She has also taught handicrafts to Girl Scouts in Belleville, Mich.

Creative artists usually have many talents, and Isabel is no exception to that rule. Besides oil paintings, she does photo tinting, ceramics, china painting, makes pottery on the potter's wheel, does needlepoint, chair re-caning, rug hooking, and professional dressmaking.

She is at present recording secretary of the Metropolitan Creative Art Guild.

First place in "The Picture of the Month" contest was won by Isabel. This is considered quite an honor by guild members.

Starting Nov. 26 some of Mrs. Quigley's work can be seen at the "Vogue Gallery", at Seven Mile and Evergreen in Detroit. Her work will remain on display there until after Christmas.

Easy, Delicious

Add raisins or currants to rich biscuit dough; roll out and cut into squares; cut each square into a triangle. Brush with cream, sprinkle with sugar and bake in a hot oven. Call these scones!

Family Study Slated

The Michigan State University Cooperative Extension Service is offering parents three meetings on "Understand Yourself and Your Family."

These meetings are designed to give parents an opportunity to do some thinking with trained family-life specialists about teenagers, high school graduates and married children.

These meetings are sponsored by the Home Economics Extension Study Groups. They chose to study the family because they felt they needed to think creatively and objectively about themselves and their children.

The Extension Study Groups invite everyone to come to Smith Jr. High School, 23851 Yale Street, Dearborn, on Tuesdays, Nov. 10, 17, and 24, at 7:30 p.m. to the "Understand Yourself and Family" Series.

Farmington BPW Meets Monday

The Farmington Business and Professional Women's Club will meet Nov. 16 at Kosteres. It will be a dinner meeting beginning at 7 p.m.

Guest speaker will be Mrs. William Smith from the League of Women Voters. She will discuss the history and background of the League.

Professional and business women are cordially invited to attend. Reservations may be made by calling Dorothy Sheffert at GR 4-5442 or KE 2-0080 by Nov. 14.

The Club recently made a donation to the Farmington Board of Commerce for the Christmas Lighting Fund. In December the club will solicit donations from members for the Wayne County Training School for the Retarded.

The Observer WOMEN

Dennis Glen Cooper Film To Be Shown

Dennis Glen Cooper, nationally known explorer, travel photographer, and lecturer will speak at the Nov. 16 meeting of the Cleveland P.T.A.

The meeting will begin at 7:45 p.m. in the multi-purpose room of the school.

Cooper will present a color film, "Bauff, Glacier and Jasper National Parks."

A member of the world-famous Explorer's Club in New York, Cooper has achieved nationwide fame for his lectures and unusual presentations.

He is the head of the Exact Science Department at Detroit's Sherrard Junior High School. In March, 1961, Cooper was named the "Teacher of the Month" by the Detroit Board of Education.

DENNIS GLEN COOPER
Currently, Cooper is appearing on the TV show, "Realm of the Wild," seen Mondays on Channel 7.

Conference To Offer Guidelines For Women

A conference for women will be held from 9 a.m. to 3 p.m. Saturday, Nov. 14, in the Rackham Educational Memorial, Detroit.

Co-sponsored by the Women of Wayne State University Alumni and the University Center for Adult Education (WSU), The University of Michigan, Eastern Michigan University, the conference is designed to give guidance and direction to women who wish to take better advantage of their capabilities.

Eve Merriam, author of "After Nora Slammed the Door," a new book which questions the myths and beliefs that

hampers the American woman in realizing her potential, will be guest speaker. Her articles have appeared in leading magazines, including the October issue of the "Ladies Home Journal."

Conference topics will include: continuing education and specialized training, employment opportunities, creative living and professional volunteering. More than 40 experts in these fields will participate in seminars and provide personal counseling.

For further information or a brochure explaining the conference, call Temple 3-1400, ext. 416.

Antique Lovers Meet

The Millcreek Questers met Nov. 9 at the home of Mrs. George Carter on Ashton Road.

The Questers is a national organization formed for the purpose of antique study and preservation of historical sites.

Guest speaker at the meeting was Diana Wood, a member of the Birmingham chapter of the Questers. Mrs. Wood spoke on the caning and rushing of chair seats.

The Millcreek chapter is composed of women from Farmington and Livonia. It meets in the evening thus enabling the mother's of pre-school children and working women to attend.

Many trips to area antique shops and to view private collections are made by the group. Further information on the organization and its activities may be obtained by calling Mrs. Preston Meisel at GR 3-6099.

Danish cooks often add a pinch of sugar to chopped, creamed spinach. Worth trying!

New Child Guidance Clinic Holds Open House Nov. 15

The public is invited to an open house at the Northwestern Child Guidance Clinic located at 6221 Merriman Road in Garden City on Sunday, Nov. 15, from 1 to 6 p.m.

A welcome addition to Western Wayne County, the clinic provides help for children with emotional problems who may be referred by their parents, physicians or the school.

Area school districts refer children to the clinic for guidance. At the present time four children from the Clarenceville District, 107 from Livonia, 12 from Plymouth, 26 from Redford Union, and nine from the South Redford District are using the facilities of the clinic.

A psychiatrist, two case workers and a stenographer were hired during the summer. Diagnostic services are provided by Children's Center of Wayne County consisting of one psychiatrist one half day every other week, a psychologist one half day weekly and additional psychiatric consultation another half day bi-weekly. There is also a clinic supervisor and a secretary.

The idea for the clinic grew out of a study conducted by a Wayne County committee of 12 which was appointed by the metropolitan branch of the United Community Services to study the treatment needs of children with emotional problems.

Under the direction of Mrs. Crispin Hammond the clinic began to emerge as a going concern. It became a branch of Children's Center of Wayne County and the State Legislature recognized the clinic in 1963.

Until July, 1964 when the

State began to give partial financial assistance the clinic was solely dependent on local contributions for its income. The bulk of these local funds came from many of the school boards in the areas to be served who contributed 25 cents per enrolled child. Other contributors were the United Community Services of Metropolitan Detroit, the Plymouth Community Chest, service and professional groups, and individuals.

Currently the State pays only the salaries of a specified number of professional workers. All other financial responsibilities are to be assumed locally.

The recent move to Garden City was necessary due to the increased case load requiring a larger staff which outgrew the three offices rented at the Wayne County Health Center.

The large, old frame house on Merriman Road is of Victorian Architecture and the reception room is decorated in the Victorian manner. The five offices downstairs are done in modern but the upstairs is expected to be also finished in a Victorian decor. The enclosed back porch is planned to be eventually used as a play area.

The house is 100 years old so much work was needed to make it suitable for a clinic. The original timber supports are solid enough to last at least another 100 years.

The members of the board of directors volunteered their time and effort to renovate the old house. Those who were especially diligent were Dr. and Mrs. James Oliver, of Dearborn Heights; Mr. and Mrs. Crispin Hammond, of Northville; and the Joseph Hunter family of Redford.

The Hunters (including sons Don and Ken, students at Schoolcraft Community College and Redford Union High School, respectively) cleared away bushels of debris and prepared the way for the carpenters. Mrs. Hunter chose to oversee the problem of getting the work done and was personally responsible for getting approximately \$10,000 worth of materials and labor donated.

The citizens of Garden City put their shoulders to the grindstone also. Electricians donated their time and materials, with the blessing of the business office of the Electrical Union. Much of the lumber was bought at a good discount.

Jaycees of Garden City did the backbreaking task of painting the outside of the house.

A board member of the clinic donated the shrubbery. The drapes were made of donated car upholstery material.

The complete effect of the clinic is one of a lovely old home and is a pure delight to see.

It will be well worth one's time to attend the open house, see the result of the tremendous effort put forth and learn of the clinic's many facilities. Board and staff members will be on hand and coffee and cookies will be served.

Plymouth DAR Meets

The Sarah Ann Cochran Chapter of the Daughters of the American Revolution will meet Nov. 17 at 7:30 p.m. at 1457 Carol, Plymouth.

Hostess at the meeting will be Mrs. Ellis Wylie. She will be assisted by Mrs. Stewart Oldford, Miss Mary Severance and Miss Sally Sample.

AN OPEN HOUSE will be held Sunday, Nov. 15 from 1 to 6 p.m. at the new Northwestern Child Guidance Clinic at 6221 Merriman Road. The 100-year-old house, originally built during the Civil War, has been renovated while maintaining the atmosphere and charm of the Civil War period. The public is invited to the open house.

To Women It May Concern

By MYRA COX

(Editor's Note: Myra Cox is currently on vacation.)

By SUE SHAUGHNESSY

On the entertainment page in this week's issue of The Observer you will find notices of several amateur theatre productions opening this weekend.

These notices have once again prompted the all-too-familiar reaction that "all actors are kooks."

Impossible, you say. The statement is a generality and as such must be false. I agree. However, many individuals still believe this.

Actors are just as normal or abnormal as any other individuals.

In community and amateur theatre groups such as the Nankin Mills Players, the Redford-Livonia Theatre League, college dramatic societies, etc., the membership is composed of hard-working, sober citizens whose part-time avocation is the theatre.

These part-time thespians are no different from the person who paints as a hobby, the stamp collector or the bridge fiend.

Occasionally one discovers in the community theatre real talent. Sometimes, but not always, this talent leaves the productions "on a shoestring" for the glitter and glamour of Broadway and/or Hollywood.

The point of all these observations is simply that community theatre—often good theatre—does exist in this area. Without budgeting from the four communities covered by this newspaper one can experience the joy of participating in an actual art form.

If the area is broadened to the Metropolitan Detroit region the possibilities for enjoyment are countless.

However, the continued existence of these groups depends upon community support. For a nominal sum an excellent evening's entertainment can be had.

A prime example of the necessity for community support of the legitimate theatre is the story of the Vanguard Theatre in Detroit. This group, which billed itself as "the only resident professional theatre group in Detroit," produced some excellent productions. However, because of lack of community support the organization was forced to close its doors during the past year.

How about it? Tired of doing the same old things on your evening out? Consult the entertainment page of this paper or contact your local group and take your pick of serious drama, comedy or tragedy or musical comedy.

As an art form, true theatre demands something not only of the participant but of the spectator. For true enjoyment and understanding of a play the observer must maintain what is called "a conscious suspension of reality."

In other words the audience must accept and judge the play solely on its merits. Is the plot consistent? It doesn't matter that such a thing could happen in real life. Are the characters portrayed consistently? No other frame of reference holds in true enjoyment.

Of course, if the playwright has a message or moral to present and does it effectively so much the better. This is an added bonus.

Community theatre runs the gamut from excellent to horrid. However, if the legitimate theatre is to survive anywhere in the country, and especially outside the New York area the community theatre movement must prosper.

Mothers To Meet

The Wayne County Mothers duces by the Acme Quality of Twins Club will hold their Paints, with guest Mr. George Nov. 16 meeting at the bank Johnson narrating. Anyone in-building, Telegraph at Cherry terested in attending this meet-Hill. Highlights of the evening ing call: Mrs. Albert Augustine, will be a color film entitled PA 1-7598, or Mrs. Russell Max. "Color Newsreel of '64," pro-well, GL 3-1437.

Christmas Cards Sold by Blind

In its continuous effort to raise funds, the Blind Service Center of Metropolitan Detroit is selling Christmas cards again this year. Purchase of the cards will enable the Blind Service Center to continue its many service programs to blind citizens of the tri-county area.

The cards are of heavy quality, antique finish paper and each card states "Proceeds from the sale of these cards help support the Blind Service Center of Metropolitan Detroit."

The cost of the cards is income tax deductible, since the Blind Service Center is a charitable organization.

Especially designed for the Blind Service Center by talented artists, the purchaser will find the variety of choice enables him to express individual taste in either social or business use of these cards.

Two of the cards are of modern design in contemporary studio style, using colors of orange, black and white on a dark green background, single folded to 4 1/4" x 5 1/2". The cover design of one of the contemporary cards features a Christmas tree, the other has a Madonna and Child.

The two traditional cards present Christmas themes in the conventional style and are single-folded to 3 3/4" x 7 1/4". One of them has a cover design of a silhouette view of Detroit's skyline from the waterfront on Christmas eve, with illuminated tree. It is in shades of brilliant blue, red, black and white, with border of red. The other traditional card has a cover design of the first Christmas night, with Mary and Joseph at the entrance gates of Bethlehem, in shades of dark brown, blue and yellow.

For samples of these distinctive cards, or for further information, please call the Blind Service Center of Metropolitan Detroit at TRinity 5-1000.

Book Fair At Pierce This Week

The John D. Pierce Junior High School will hold its annual book fair during the week of Nov. 16-20.

Paperback books for all ages, with emphasis on the junior high level, and ranging in price from 35 cents to \$1.25 will be on sale to parents.

Hours of this portion of the Fair are Monday, 1 to 4 p.m.; Tuesday, 7 to 10 p.m., and on Wednesday, 1 to 4 p.m.

During these three days, Nov. 16 through 18, parents will be able to make selections from the more than 200 book titles including a collection of best sellers geared only to the adult level.

Students, on the other hand, will be able to select books during the entire week that are geared to the junior high level.

The book fair is sponsored by the Pierce PTA. Mrs. Betty Harris is in charge of all the arrangements.

To err is human—and a great many people find it virtually impossible to forgive.

Judith Ann Cohen

Mr. and Mrs. Zeldon S. Cohen of Warrington Drive announce the engagement of their daughter Judith Ann, to Mr. Leonard J. Lipkin, son of Mr. and Mrs. Max J. Lipkin, of Peoria, Illinois. Miss Cohen, a senior in Art History at the University of Michigan, is also a graduate of the University of Detroit School of Dental Hygiene. Her fiancé, a graduate of Oberlin College, is a doctoral candidate in Mathematics at the University of Michigan. A January wedding is planned.

Auction for Plymouth State Home

The Detroit and Dearborn chapters of Pi Beta Phi Alumnae will hold a joint meeting Nov. 16 at the home of Mrs. E. E. Llaen, Jr., at 18834 Shaftsbury, Detroit.

Beginning at 8 p.m., the short business meeting will be followed by a "Do It Yourself" Auction. Proceeds from the auction, which will include baked goods, hand sewing and garden products, will go to the children at the Plymouth State Home.

For further information about the auction and reservations call Mrs. Robert Bulo at GA 7-1276.

On Nov. 18 the alumnae will hold a special birthday party for the children of the Home. Mrs. Clifford Harris of Greenview Ave. is chairman. For information call her at KE 7-8945.

Masons Install Officers

Colonial Chapter 187 of the Royal Arch Masons in Plymouth will hold a public installation of officers Nov. 14.

The ceremony, scheduled for 7:30 p.m. at the Masonic Temple, will hear William Inwood, Grand Master of the Second Veil, R.A.M. of Michigan, who will be one of the installing officers.

List Winners In Plymouth Bridge Meet

At the weekly duplicate Bridge held at the Plymouth Bridge Club on Friday, Nov. 6, the following were winners:

NORTH-SOUTH — J. and L. Augustine; Sue Fuller and Stella Fitzpatrick; and J. Nunkle and B. Augustine.

EAST-WEST — R. Haas and M. Rapin; J. Fitzpatrick and C. Miller; and E. Scheppel and M. Moebis.

Weekly duplicate bridge is held each Friday at 8 p.m. in the Colonial Professional Building located at 729 West Ann Arbor Trail in Plymouth. For further information, call Director, Bill Tullis, GARfield 2-7848.

'Education Pays Dividends' Is Theme for Education Week

"Education Pays Dividends" is the theme for the 1964 observance (Nov. 8-14) of American Education Week.

Representing classroom teachers, principals, professors, superintendents and specialist teachers in Michigan, members of Michigan Education Ass'n. board of directors point out that besides the purely financial dividends education may bring to the student and his community, it can bring others, less tangible perhaps but nonetheless real.

The Michigan members of the NEA board of directors are Robert E. Campbell, a teacher at Midland's Central Intermediate School, and Mrs. Lucile MacArthur, a teacher at Cheboygan High School.

The NEA directors declare that the individual student may earn more money as his educational level increases, and the governments of which he is a citizen may thus be strengthened through his increased financial capacity to pay taxes. But, they add, education can also bring the individual a sense of self-fulfillment in realizing more fully his intellectual powers, in understanding the facts and philosophies of the world, in appreciating its culture. And through these changes, they point out, education can help turn the individual into a more active and effective citizen thereby benefitting the entire nation.

But the tangible dividends are indicated by these facts:

- The better an individual's education, the more he produces, the more he buys and consumes, the more he reads, the more active he is in civic and national affairs, the higher his standards of living. (Source: U. S. Chamber of Commerce.)

- On the average, in 1961, men with less than an eighth grade education earned \$2,090; men who finished eighth grade \$3,452; men who completed high school \$5,052; men who graduated from college, \$7,691. (Source: U.S. Census Bureau.)
- For every \$1,000 spent building new schools, 212 hours of work are created. The average school job takes 81 persons to complete. At least 38 of these come from the community where the school is built. (Source: Bureau of Statistics.)

- For every \$100,000 spent on a new school, \$26,000 comes back directly to local merchants. The average school construction cost is \$730,000, including \$190,000 in wages to local workers—architects, engineers, truck drivers, carpenters, plumbers, and others. School construction provides

jobs for 275,000 persons annually. (Source: Bureau of Labor Statistics.)

The observance this year of American Education Week will be the 43rd. Since it was started in 1921 by the National Education Association and the American Legion (the U.S. Office of Education and the National Congress of Parents and Teachers) have since joined as sponsors) the week has been devoted to increasing public understanding of education and its role in a democracy.

Kiwanians Are Told Story of Girl Scouts

Members of the Plymouth Kiwanis Club heard the story of the scouting programs and activities of the Huron Valley Girls Scout Council of which the Plymouth groups are a part.

Camp Chairman Mrs. Carol Nevins, of Ann Arbor, who has 10 years experience in the work of the Council told the Kiwanians that the Huron Valley Council is a merger of the Girl Scout units with 7,200 Scouts in three counties.

"Girl Scouts of America is listed as a non-profit organization," she said, "I do not believe this is true. Our products and our profit to the community are the fine young girls who are our members. It is not possible to place a dollar value on a good wife, mother, nurse or teacher."

"Our program is operated by volunteers helped by professionals; it is not just work, it's also fun. Scouting teaches service, citizenship, initiative, self-reliance, resourcefulness and provides a camping experience of the out-of-doors."

"Our girls are advanced through four levels: Brownies, Juniors, Cadets and Seniors. The Plymouth community has given much to the Council: 685 active Scouts, the Kiwanis Lodge, and many active and interested volunteer leaders, such as Council President Esther Hulsing.

"Other facilities used by the Council are Hilltop Lodge in Ann Arbor, Camp Crawford near Milan, and Linden Camp in Livingston County, the largest one with 500 acres and five lakes.

"Cedar Camp is a resident camp rented annually from the State Conservation Dept. Also available are: a chalet in Mexico, a chalet in Switzerland and an ark in London."

Mrs. Helen Crooks, finance chairman with 15 years in Scouting, said "We have inaugurated a forward looking program. The Council's annual income is approximately \$93,

000 of which the cookie sale contributes almost \$30,000.

"The bulk of our income comes from 15 community fund organizations such as that in Plymouth. The Linden camp is still a primitive operation with two shelters. It needs an underground power line, dining facilities and floors. We would like to have a small residence for the caretaker in the future."

Dr. A. E. Ornum will have charge of the program on Nov. 24 and Norb Lofy will present a fashion show on Nov. 17.

Rev. and Mrs. Perkins Attend WMU Program

Rev. and Mrs. William Perkins, of Plymouth, attended the Fathers' Day celebration at Western Michigan University in Kalamazoo over the weekend, visiting their daughter, Pam.

Pam and her dad attended a Saturday luncheon sponsored by Kappa Phi sorority.

While in Kalamazoo, Rev. and Mrs. Perkins learned that Pam had been awarded a four-year scholarship from the WMU Board.

Reuther to Address Easter Seal Meeting

Walter P. Reuther will address the annual convention of the National Society for Crippled Children and Adults (the Easter Seal Society), November 14 at the Statler-Hilton hotel in Detroit. The convention will be in session November 13 through November 16.

Reuther, president of the United Auto Workers and vice-president of the AFL-CIO, will speak at the opening general session, on the theme "Greater Expectations for the Handicapped."

He will stress the great potentialities today in the labor market for handicapped persons and describe the essential jobs that disabled persons are filling in business and industry.

Active in civic affairs, Reuther works for the American Association for the United Nations; the Eleanor Roosevelt Cancer Research Society; Community Health Association of Detroit; Department of Church and Economic Life of the National Council of Churches; and the National Association for the Advancement of Colored People.

Host for the National Society convention is the Michigan Society for Crippled Children and Adults, Detroit. The four-day meeting will focus on rehabilitation services and how the constantly increasing need for them can be expanded and improved.

MESC Says More Jobs Than People

Richard Bashara, Manager of the Redford Office of the Michigan Employment Security Commission, stated today that there is a great need of qualified applicants to fill the many job openings that have recently been received by the office.

The Michigan Employment Security Commission is located at 24444 W. Seven Mile Rd., between Grand River and Telegraph.

Some of the jobs available are: skilled and semi-skilled workers in all categories; sales people in all departments of retail trade with any clerical skills, such as bookkeeping, typing, stenography and general office work; service station attendants, with or without mechanical experience; alteration women; markers; stock clerks; bag boys; cooks; waitresses; salad girls; dishwashers; and bus boys.

At the present time the M.E.S.C. has training program available for those people 18 years of age and over, who have not had the formal training.

Anyone registered with the Commission is automatically considered for any job for which he qualifies. The Commission is a community service and anyone wishing to register may do so Monday through Friday from 8:30 a.m. to 12 noon and 1 p.m. to 4:30 p.m.

GET READY FOR **WINTER**

Plymouth A.A.U.W. To Hear U. of M. Professor

The Plymouth Community Junior High School-West is the place for the Nov. 19 meeting of the Plymouth Branch of the American Association of University Women.

The co-hostesses are Mrs. John Barnes, Chairman, Mrs. Arthur Domaiske, Mrs. Rudolph Fedus and Mrs. I. G. Penhale.

The guest speaker for the evening is Hazel M. Losh, associate professor of astronomy at the University of Michigan. Professor Losh will speak on the subject, "Bridg-

ing the Gap Between Science and the Layman. Professor Losh received the degree of Bachelor of Arts in 1920 from Ohio Wesleyan University and the degrees of Master of Arts and the Doctor of Philosophy in 1922 and 1924, respectively, from the University of Michigan.

She was instructor in astronomy at the U. of M. from 1928 to 1936, becoming assistant professor in the College of Literature, Science and the Arts in 1936.

Previous to coming to the University, she had been an instructor in astronomy at Smith College (1924-25) and computer in the Solar Department, Mt. Wilson Observatory (1925-27).

Her academic honors included a University Scholarship at Ohio Wesleyan University, and a Lawton Fellowship in Astronomy, University of Michigan.

Professor Losh is the secretary-treasurer of the Michigan chapter of Phi Beta Kappa; a member of the American Astronomical Society; Sigma Xi; Fellow of the Royal Astronomical Society; American Association for the Advancement of Science; Astronomical Society of the Pacific; History of Science Society; Women's Research Club; The American Association of University Women and the Michigan Alumnae Club.

She is a sponsor and honorary member of the Mortar Board, which is a national senior Women's honor society.

Inspection Night Nov. 3 for Auxiliary

The Mayflower Auxiliary 6695 met on Tuesday, Nov. 3. It was Inspection Night and the Inspection Officers were Helene Werbin, 4th District President.

Four members of the Wayne Auxiliary were guests at the meeting. Barbara Larkins is a new member of the Mayflower Auxiliary.

Members Helen Smith and Mary Jones are on the "get well list."

For one hundred per cent membership by December call Eileen Williams about dues payment.

First Aid Class in Farmington

A standard first aid course is currently being taught at the Farmington Junior High School. The class is held on Wednesday from 7 to 9 p.m. in the school cafeteria. It runs through Dec. 2. The only charge for the course, which needs fifteen enrollees to continue, is 75 cents for the book and 25 cents for the bandages. Since only seven people have enrolled to date additional students are needed. For further information call Mrs. Brigget Reaeen at 474-3309.

See You There!

The B.P.W. of South Redford would be pleased to see you at their third annual fashion show, Nov. 12, at Marshall Junior High. The show begins at 8 p.m. Proceeds from the event will go to the Scholarship Fund, and a grand prize of a mink-trimmed cashmere sweater will be awarded.

"Laura," the production of the Nankin Mills Players, opens on Friday, Nov. 13 at Franklin High School. The performance will be repeated again on Saturday.

St. Edith's Altar Society will hold a card party on Nov. 13. It will begin at 8 p.m. in the St. Edith Parish Hall, 15089 Newburg, Livonia. Refreshments will be served and table and door prizes will be provided. Tickets may be obtained at the door for \$1.50.

Orchard Lake St. Mary's Moms and Dads Club is sponsoring their annual Fall Social on Wednesday, Nov. 18 in the P.N.A. Hall, Council 122, 10211 Conant at Belmont. The party will begin at 8 p.m.

The regular meeting of the Botsford Garden Club will be at 11 a.m. on Monday, Nov. 16, at the home of Mrs. Lowell Palmer, 29600 Eldred, Farmington.

A flower workshop will be the highlight of the meeting. Members are asked to bring their own materials and containers. Co-hostesses for the meeting are Mrs. Earl Marks and Mrs. George Keller.

With Christmas only 44 days

away, members and guests of the Women's Club of the Rose-dale Gardens Civic Association will begin preparing for the holiday by attending a Christmas Foods Demonstration on Thursday, Nov. 19. Presented by Consumer's Ppwer Co. the demonstration will begin at 8 p.m. in the company auditorium, 11801 Farmington Road.

Redford Jaycee Auxiliary Card Party Chairman Mrs. Shirley Nowak is "jumping with joy" about the fine results her committee has achieved. She says that the card party on Tuesday, Nov. 17, at 8 p.m. at the Roma Hall promises to be a fun night. Tickets may be purchased at the door.

The Redford Re-Organized Church of the Latter Day Saints will hold a Christmas Bazaar on Nov. 14. Scheduled from 9:30 a.m. to 8:30 p.m., the Bazaar will be at 16621 Lahser Road. Some of the highlights of the Bazaar will be: "Old Tyme Country Store", Handcraft Booth, Apron Booth, Parcel Post Sale, Kiddy Korner and Christmas Decorations and Gifts. Both luncheon and dinner will be served.

Delta Delta Delta Alumae will commemorate their founders' day Nov. 19 with a luncheon at the Dearborn Country Club.

All area Tri Deltas are invited to attend. For information or reservations contact Mrs. Frank J. Drayton, Jr. at 425-1108.

Church Meetings Planned

Members of the Women's Association of the First United Presbyterian Church of Plymouth will serve dessert and coffee after two general meetings of the congregation.

The meetings, which are scheduled for Nov. 11 and Nov. 17 at 7:30 p.m., are designed to inform the congregation about the total needs of the church. The question of participation and involvement in the church's life will also be discussed.

Time will be reserved during the open forum for questions and answers.

St. Paul's Plans Party

The Women's League of St. Paul's Lutheran Church is having a "Christmas Workshop" party on November 21 from three to five o'clock at the Social Hall on Eight Mile and Middlebelt. Materials will be furnished to make attractive Christmas decorations for wall or table. There will be several tables on display, plus items for sale. Door prizes will also be awarded. Dessert and coffee will be served.

Mrs. Rhoda Neukaukatz is chairman of the affair. Tickets will be \$1.50. Call Mrs. Beverly Rodda at GR 4-1834 for more information.

Livonian's Work Featured at Sale

A Livonia resident's hand-painted china will be featured at the Michigan Handicrafters Handmade Craft Articles sale at the Dearborn Youth Center Thursday and Friday, Nov. 19 and 20.

The Center is located at Greenfield and Michigan next to the Dearborn Municipal Building. Hours for the sale are 10 a.m. to 10 p.m.

Carol Lee Hoffman's ching painting will be one of the many fine items displayed. Miss Hoffman is a resident of Livonia.

Other craft items featured are: hand-knit baby wear, ceramic tiles, leather purses and billfolds, children's dresses,

aprons, hand-knit ski sweaters, Christmas novelties, wooden and stuffed toys, dolls and jewelry.

Also featured will be personal notepaper. The designs on this notepaper are executed entirely by mouthstick painting as the designer, a polio victim, is a quadriplegic.

The Michigan Handicrafters is a craft organization sponsored by the Vocational Rehabilitation Department of Public Instruction for disabled home-bound persons who cannot for one reason or another engage in competitive employment, but who have talent and ability to produce unusual craft items in their home.

Kathleen Alice Fedoriuk

Mr. and Mrs. George Fedoriuk of Glenmore Ave., Redford Township, announce the engagement of their daughter, Kathleen Alice, to Martin Walter Peters, Jr. He is the son of Mr. and Mrs. Martin W. Peters of Farmington Township. Miss Fedoriuk is a 1962 graduate of Redford Union High School. Her fiancé is a 1961 graduate of Clarenceville High School. The couple plans a May wedding.

Senior Citizens Hold Fair

The Senior Citizens of Farmington will hold their annual Christmas Fair Nov. 19 from 10 a.m. to 5 p.m. in the First Methodist Church of Farmington at Warner and Grand River Streets.

It will be an opportunity to do your Christmas shopping early. Hand made gifts will be featured. Two beautifully made hand-made quilts which will be awarded. Tickets will be sold at the door for the drawing of this quilt. White elephants, candies, surprise packages are also on display. Refreshments and coffee will be served.

Clothing Drive For Home

The Plymouth Jay-C-Ettes wish to obtain articles of clothing for their winter clothing drive for the children at the Plymouth State Home.

Clothing sought includes: snowsuits, boots, mittens, earmuffs, jackets, coats, pajamas, and sweaters.

The age range of the children at the home is from one to twenty years.

If you have any clothes that can be used the Jay-C-Ettes will pick them up. Call Mrs. Steve Brimso, 453-9207, Mrs. Ted Campbell, 453-2990 or Mrs. Robert Shuman, 453-8243 by Nov. 30 to arrange for a home pick up.

Birthday Ball for 189 Years

The Northwest Detachment Marine Corps League will hold a Birthday Ball Saturday, Nov. 14. Beginning at 8 p.m. the Ball, which celebrates the 189th year of the Corps, will be at the Western Wayne County Conservation Club at 8700 Napier Road (between N. Territorial and Five Mile) in Plymouth.

A highlight of the evening will be a special cake cutting ceremony by marines from the Naval Air Station at Grosse Ile. For information or tickets which are priced at \$6 per couple call GA 2-8122 or GL 3-0379.

As a rule adversity never builds character—it merely places it on exhibition.

Ski Classes To Begin

The Farmington YMCA Ski Program will begin Nov. 17 and 19 with an open meeting for all interested skiers.

Mr. Eugene Hill, the head ski instructor at Mt. Brighton, will demonstrate ski equipment, show ski movies and show what pre-season exercises are necessary.

Families are encouraged to participate with the special family rate of \$25 for ten lessons. Individuals may enroll for \$10.

Ski instruction will be given on Thursday evenings at the ski area beginning in January.

On Nov. 17 at Farmington's Dunckel Junior High School the first open ski meeting will begin at 8 p.m.

A second session will be Nov. 19 at 8 p.m. in the Farmington Junior High School.

Contact the YMCA at 474-3232 for further information.

Fashion Show on Nov. 12

The Forest Park Garden Club of Farmington will hold its annual card party and fashion show on Thursday, Nov. 12. The party will begin at 8 p.m. at the Junior High School on Middlebelt.

Sponsors of the fashion show are: The Alyce Rebecca Salon, Pixieland Shop and the Ye Olde Knit Shop. Models will be members of the Forest Park Garden Club.

For information or tickets which are \$1.25 call GR. 6-2996. Mrs. Tom Nolan is general chairman of the affair.

Garden Club Meets

Mrs. Paul Wiedman will speak at the Nov. 19 meeting of the Lake Pointe Branch of the Women's National Farm and Garden Club. The meeting will be at the home of Mrs. Jack Wibby at 15047 Robinwood Dr.

Mrs. Wieman will demonstrate aids in making Christmas flower arrangements.

Co-hostesses for the meeting are Mrs. Fern Urson and Mrs. Lois Dusibier.

Livonia Teenager Sends Another Report from Australia

(Editor's Note: Livonia teenager Marilyn Schuidt has been traveling in Australia as a foreign exchange student under the American Field Service program. Here, in her latest letter to the United States, she describes some of her latest activities.)

"Hi! And how are you all? We have just returned from a three-week holiday to Brisbane. During the previous week Rose-

mary and I were in Melbourne for an exchange visit with Heidelberg High School. We left Adelaide by train on Aug. 21 and arrived in Melbourne the next morning. We all stayed with different families, and I was lucky enough to stay with the Ginters who showed me many points of interest in Melbourne on the weekend and made me feel at home immediately. On Monday and Tuesday, the days at school were taken up by sporting and debating contests. On Wednesday, we had

a bus trip to Mt. Donna Buang, and as many of the kids had never seen snow before, everyone thoroughly enjoyed himself. Thursday morning many of the girls went into the city to shop, and at noon there was a farewell luncheon and assembly. We left that night, arriving in Adelaide the next morning. "That same afternoon Rosemary, Dad, Mum and I left for Brisbane. Andrew had to stay home because of his classes at the University. On the way

to Brisbane, we stopped in Canberra for 3½ hours. Canberra is a young city, and so the capitol building, the embassies and the office buildings are all real new. "We were in Sydney for four days where we had friends. I saw some AFS friends, including the Frasers with whom I stayed on my arrival in Australia. Rose and I went shopping on several mornings in town, and the family also went out to a Koala Bear sanctuary where I saw my first real koalas and

also kangaroos, wombats and emus. "We arrived at Brisbane three days after leaving Sydney. Driving those three days we passed through country producing pineapples, bananas, paw paws and sugar cane. Brisbane is more or less on the edge of the tropics so it's beautiful and green and covered with palm trees and gorgeous flowers. While in Brisbane, Mum was attending a National Council of Women convention, and so Dad, Rose

and I visited a number of places in the area, including a bird sanctuary, a porpoise show, a pineapple cannery, and the Oasis, a beautiful swimming area. We also went 75 miles north to visit an AFS friend of mine vacationing at Maloolooba. "We left Brisbane ten days later for Adelaide, passing through rich farming areas and also through the area known as the outback where emus, kangaroos, galas (white and pink birds), parrots, sheep and cat-

tle were common sights. We stopped in Broken Hill, which is a mining area for zinc and iron ore, and visited friends of ours. "With a month's vacation from school, I'll have to start studying since my first exam is November 28th which isn't too far off. Not too long from now I will be leaving my family, the Stirlings. I am due to leave Adelaide December 28th, heading for Canberra to meet the 14 other AFSers and be with them for two weeks or so until our

flight leaves Sydney for the U.S. "No more news. Love, Marilyn."

Round Dancing

A program of round dancing instruction is currently being taught by the Redford Township Parks and Recreation Commission at the Township Junior High School. The class takes place each Wednesday from 8 p.m. to 10:30 p.m. Fee is \$2 per couple per session.

Institute Plans Art Lecture

A lecture of special interest during the exhibition of "Whistler's Mother" ("Arrangement in Grey and Black" by James Abbott McNeill Whistler) at The Detroit Institute of Arts will be given by Mr. Ronald Pickvance of The Arts Council of Britain on Sunday, Nov. 22.

His lecture on "Degas and Whistler" is open to the public without charge in the museum lecture hall at 2 p.m. He will explore aspects of the London-Paris art axis from 1860 to 1900, in which both artists were prominent figures.

Supplementing his lecture with slides, Mr. Pickvance will trace the contacts of Degas and Whistler, and the many interesting connections and affinities that exist in their work.

A graduate of Cambridge University and the Courtauld Institute of Art, he has published articles and reviews in the Burlington Magazine, Connoisseur and Apollo.

"Whistler's Mother" will remain at The Detroit Institute of Arts on special loan exhibition from The Louvre Museum, Paris, through Dec. 27. Regular Museum hours are Tuesday through Friday, 9 a.m. to 9 p.m.; Saturday and Sunday, 9 a.m. to 6 p.m. Closed Mondays and holidays.

PHS Pupils Join in Art Exhibit

Using scrap wood from the woodworking shop, wire and brazing rods from the welding shop, and studies in the history of Primitive Art and of the art of Ancient Egypt at both Plymouth High School and Dunning-Hough Libraries, students of Mrs. Jessie Hudson's beginning and advanced art classes have produced a variety of sculpture and bas-relief now on view in the showcases at the Dunning-Hough Library in Plymouth.

Wood sculpture pieces by Dorothy Dodge, Sue Uppleger, Sue Holland, Bob Thompson, Chuck Olson, Phyllis Gothe, Sharon Kippola, Randy Fettes, Judy Overmeyer, John Schaufele; and plaster and wire sculpture by Pat Turrentine, Rick Smith, John Schaufele, Chuck Olson and Torbett Guenther, all advanced art students, were chosen for the exhibit.

Mrs. Hudson's beginning art classes are also represented with work from Ann Cunningham, Margaret Rudloff, Jack Wiley, Pat Ross, Nancy Popp, Karen Freed, Gloria Jones, Jack Taylor and Daryl Kiefer. Mrs. Carolyn Sam's intermediate class has several handsome pieces of embossed copper foil also on view.

The exhibit was installed by seniors Karen Davids and Cynthia Allen and will remain at the Dunning-Hough for the month of November with occasional changes as new work is produced.

Top Speakers Available To PHS

Plymouth High School is one of 12 selected high schools participating in the speakers' bureau program of the Institute of Economic Education in the Detroit area.

The Institute, in cooperation with a committee of educators from local public and private school systems, set up the bureau on an experimental basis for the current school year.

Ray Homer, chairman of the Social Studies Department of Plymouth High, was named Plymouth's representative by School Superintendent Russell Labister.

Speakers will be available for school programs from the following companies and organizations: Chrysler, Detroit Bank and Trust, Detroit Edison, Federal-Mogul-Bower Bearings, Inc., Federal Reserve Bank, Ford Motor Co., General Motors, Marathon Oil, Michigan Bell, Michigan Consolidated Gas, National Bank of Detroit, Retail Merchants Association and Rockwell Standard Corp.

Windowsill Damaged By Steam?

Windowsills rank high on the list of all-time household nuisances. In any room, they are dust-catchers and frequently need sanding and repainting. In bathrooms, kitchens and laun-

dries, they are easily damaged by steam and soap.

These annoyances can be reduced or eliminated for all time if you surface your windowsills with ceramic tile. What's more, you can do the job inexpensively and, in the process, have some fun. Here's how:

Measure the sill area that you wish to have covered in tile. Then take the measurements to a tile contractor listed in the Yellow Pages under "Tile-Ceramics." He'll be able to show you an almost unlimited selection of colors, plus various sizes and shapes. If there is any cutting necessary, he'll do that, too.

From the tile contractor you can also purchase the adhesive you'll need to secure the tile to the windowsill and the grout for filling the small joints between the tiles.

You'll find it easy to install tile. The cost for a single win-

Prize Home Features Lean Look

A long, low and lean house in Beaumont, Texas, was rated one of the "best built" in a contest sponsored by American Builder magazine.

The awards, according to American Builder, were based on "quality of design, materials and the use of modern building methods."

Designed and built by Sandy Hawthorne of Beaumont, the house features an open central section formed by the living room, family room and kitchen-dining area. It has three bedrooms and two full baths and is well laid out for maximum privacy.

The contest judges particularly liked the restrained use of exterior materials and textures including charcoal gray asphalt roofing shingles.

A growing number of new-home builders are turning to new, heavier asphalt shingles to add a greater feeling of substance and eyepleasing texture to a roof.

Because of their extra thickness, heavy-weight asphalt shingles provide naturally deeper shadow lines and have a life expectancy of up to 25 years.

Powder Room Saves Steps for Elderly

Everyone's heard of the old maxim, "Good things come in small packages." This is particularly true in describing powder rooms for both new and existing homes.

Most people try to plan their homes to give family and friends the utmost in comfort and convenience. In terms of materially increasing the value of a home, as well as increasing convenience, a powder room is well worth considering.

It can save countless steps in any home, and is a particular blessing to elderly persons who find it strenuous climbing stairs to a bathroom on the second floor.

Another big point in its favor, says the Plumbing-Heating-

Cooling Information Bureau, is that it can easily be kept clean for the use of visiting friends. Never again will someone have to rush to clean up the main bathroom when unexpected guests knock on the front door. If you are thinking of building a home, it will pay you to talk to the architect about making provisions for a powder room.

Most any house, though, says the Bureau, has some small space that can accommodate a modern off-the-floor water closet and a smartly styled oval counter-sunk lavatory. These classically beautiful fixtures require little space and provide glamor combined with convenience.

A large closet, the end of a hallway, an old pantry, the space under a stairway—any such area is a good possibility for installation of a modern powder room.

To help you determine the best location for a powder room, consult a qualified plumbing contractor. He'll help keep remodeling expenses to a minimum with his knowledge of piping availability in walls and floors.

Check Home For Possible Hazards

In older homes, a check should be made to be certain that the home is adequately wired. This is especially important where major appliances have been installed without the supervision of an electrical contractor.

Faulty furnaces, ranges, hot water heaters and other heating units should be examined carefully by a competent serviceman. They should be cleaned and repaired immediately, if necessary.

Flammable fluids should not be used indoors, since they provide a distinct fire hazard. Tightly-closed galvanized steel fuel cans should be used to store all fuel needed for an outboard motor, power mower or other small motors used around the house.

Every home also should be equipped with a fire extinguisher or some form of fire-fighting apparatus. Standard galvanized steel pails used for household chores should be kept in a central location to be used as water buckets in case of emergency.

Install Grab Bar For Bathroom Safety

An important safety asset in the bathroom is the installation of a grab bar on the wall next to the bathtub.

In installing a grab bar, it should always be firmly anchored to the wall studs, not just "tacked" onto the tile or plaster.

Treat Varnish Gently To Avoid Bubbling

Don't shake or stir varnish before you use it. Doing this tends to create bubbles that may remain in the dried varnish film.

You'll always find a narrow mind and a loud mouth mighty close together.

Garbage Pail Is Obsolete, Unsanitary

No modern housewife would ever consider having an old coal-burning range, a vintage icebox or a leg-supported sink in her kitchen.

Yet, inconsistently, many women manage to ignore an even more archaic kitchen item—the garbage pail.

It seems strange to manufacturers of automatic garbage disposers that any homemaker with so many other modern conveniences and comforts will put up with an accumulation of kitchen

wastes in a sack or pail, plus the daily task of taking it to another container outside.

There is also the problem of garbage-attracted bugs and insects that appear in warm weather.

A garbage disposal unit installed under the sink shreds food waste into small particles and swishes them down the drain before the waste has a chance to spoil.

Food scraps, even meat bones, are shredded, ground and pulverized at the flick of a switch.

Since the waste is completely disposed of at the sink, thousands of steps are saved each year, and there's no need to trudge outside in inclement weather to the garbage can.

All in all, the automatic under-the-sink garbage disposer is one of the most useful appliances in modern housekeeping.

The compact unit can be installed in accordance with plumbing codes quickly and easily by any qualified plumbing contractor. From that point on, the kitchen garbage pail will be as obsolete as the wooden washtub.

Bit of Color Refreshes a Drab Room

Do you have a room in your home that has become drab and dull through the years?

You can breathe new life into it without extensive, expensive remodeling. Try using color.

Splash it around generously in money-wise forms like paint, fabric and sensible surfacing materials such as ceramic tile.

For example, if your rug is worn and old, you can surface your floor with colorful, durable, easily cleaned ceramic tile and you'll never need a new carpet, or other surfacing.

Keep Fuels, Flammables In Containers

Americans nowadays have to be more fire safety-conscious than ever before. One reason is that so many families have power lawn mowers and outboard motors stored in either the basement or garage, and this means there is always fuel stored where it could cause trouble. Starter fluids for charcoal grills also present fire hazards.

Flash fires are frequently started because gas or oil or other combustible fluids are stored.

All motors should be drained before they are put away for the season. All gasoline, kerosene, turpentine and other flammable fluids should be stored in leak-proof metal containers, such as galvanized steel fuel cans, and kept away from heating units and power tools.

If possible, these fluids should be kept in the garage or tool shed to lessen the possibility of a house fire. A properly designed steel fuel can is equipped with a screw type cap and pouring spout to confine dangerous fumes.

Such fumes can easily be ignited by a lighted cigarette or electrical short circuit. It doesn't take much to start a costly fire.

When you give a person enough rope, he may skip out—or he may hogtie you.

Good Way to Build for Future Home

When the honeymoon is over, many of the 100,000 young Americans married in June—the marrying-est month of the year—will invest in a home. For newlyweds in increasing numbers realize that becoming the owner of a home with good resale value is one of the soundest ways to build for the future.

Low down-payments and convenient financing make it possible for persons with limited funds to move into new homes. Usually these homes are in planned communities in which couples with similar objectives become lasting friends, and raise youngsters who will be the citizens—and homeowners—of the next generation.

Buying a tract is usually considered a fine investment, provided the house incorporates sufficient quality features to assure its resale value.

Studies show that high on the

Home Chores Are Lightened By New Devices

Cleaning and garbage removal are among the most disliked jobs in homemaking.

However, little changes in these jobs can make a big difference.

A fresh coat of paint in a cleaning closet or a friendly light added to a dark area can change attitudes about housework.

Installation of a smokeless, odorless gas incinerator will reduce the problem of garbage removal.

Painter Dons Hat—Why Don't You?

Did you ever notice how a professional painter always wears a hat while he is working? He's not wearing it just to be stylish.

His visored cap protects his hair and eyes from paint splatters, especially when he is painting a ceiling.

So the next time you paint, don that old scarf, the battered fedora, or any other covering to protect your hair and eyes.

VISIT BOOK FAIR—Getting a look at children's literature on exhibition at the annual Book Fair in Wayne State University's Community Arts Center are Schoolcraft College students Sheila Stephens of 14752 Heyer, Peggy Nedeau of 11320 Arden, and Sheila's sister, Patricia Stephens, a Bentley High School senior.

Business Leaders Discuss Industry's Effects on City's Youth

Aside from a child's own individuality, what can this community do to improve his chances for a bright future in Livonia?

Lincoln Elementary School's Parent-Teacher Association found some enlightening information in its first meeting on November 4, entitled "How Does Industry and Business Influence and Educate the Younger Children of Our Community?"

Industry and business play a "tremendous part" in the education of children in our community was the consensus of opinion of a special panel of Livonians.

Serving on the panel were Donald Pollack, Chairman of

Opportunity may knock, but not as often as some of our hard-up friends.

the Industrial Development Commission and Sales Manager of Bulldog Factory Service Inc.; Daniel Andrew, Industrial Coordinator in Livonia; Mrs. Edwina King, Personnel Manager of Montgomery Wards; Douglas Mullen, Personnel Director of Chevrolet Spring and Bumper; and Herbert Nelson, owner of Livonia Picture Framing Co. Moderator was Mrs. Roger E. Winship, a past President of Lincoln P.T.A.

A good industrial-residential tax ratio was considered to encourage business to locate in a community and bear some of the burden of taxes necessary to educate children. Many job opportunities provide financial resources whereby the education of children may be furthered. Job opportunities now and in the future for youth and parents were discussed. Parents

were urged to supervise courses of education closely, to encourage good work habits and attitudes, and to insist upon neat appearances in young people.

Panelists mentioned the impact that new jobs make upon a community—in real estate, banking, retailing, education and transportation. How outward appearance of business establishments and public relations of employers and employees influence children was brought into the discussion. It was felt that the quality of education in Livonia's youth will determine Livonia's future—that progressive industry and commerce will support and encourage good education, which in turn will produce mature citizens to live and work in a future Livonia.

Study of the Present and Future of Livonia and Its Effect Upon Our Children" will continue in December with a program relating to the cultural activities available to children in Livonia.

Cub Scouts Prepare for Pow-Wow

What's worth more than money these days? Among other things, say Scout leaders of the Detroit Area Council, are the ideas that hundreds of Cub Scout leaders from Detroit area communities will receive when they take part in one of three special Pow-Wow training courses to be held this Satur-

day, November 7, from 1 p.m. to 5:30 p.m.

Harold Reid, 13564 Brady, Redford Twp., will aid the Pow-Wow courses.

The three sessions for Cub Scout leaders—one at Southfield High School, 24675 Lahser Road, Southfield; one at Parcels Junior High School, 20600 Mack, Grosse Pointe Woods; and the third one at Cherry Hill High School, Avondale at Harrington, Inkster—will be staffed by scores of volunteer and professional scouters who will lead the themecraft, pack administration, Webelos den, ceremonies and games sessions that will be covered in detail at each of the three Pow-Wows.

Cub leaders are asked to register between 11:30 a.m. and 12:50 p.m., so they will have ample time to see the Midway

exhibits area at each of the Pow-Wows. Included in each midway will be such "how-to-make-it-yourself" items as ceremony boards, handicraft ideas, decorations, and favorite games.

The PowWow itself will begin at 1:00 p.m. with a general meeting for all taking part. Following the general meeting the Cub leaders—men and women—will meet in one of the special interest meetings mentioned above. Cub Packs in our community are asked to have a minimum of two adult leaders in each of the five sessions, so that they may return home and share the ideas and knowledge they have gained with others in the Pack.

In Far East

Robert Pregitzer, aviation electronics technician third class, USN, son of Mr. and Mrs. Robert Pregitzer, 35891 Richard Ave., Livonia, is serving with Airborne Early Warning Squadron One, operating with the Seventh Fleet in the Far East.

The University of Michigan Jazz Band, an 18-member student group, will tour 13 countries in Central America and the Caribbean next year as part of the Cultural Presentations Program of the U. S. Department of State.

Henry Ford Museum To Show 1928 Film

Emil Jannings, famed German-American actor of the silent screen era, stars in the classic film, "The Last Command," featured at the Henry Ford Museum theater, Sunday, Nov. 15, at 2 and 4 p.m.

SHOWN ABOVE is a scene from "The Caretakers" starring Joan Crawford now showing at the Wayne Drive-In Theater. Playing with it is Ian Fleming's "From Russia with Love."

"Laura" To Open This Weekend

The Nankin Mills Players are all ready for the curtain to go up on Nov. 13 and 14 at the Franklin High School Auditorium, 31000 Joy Road.

Films for Children at Art Institute

Films with an international background dominate the Great Stories in Film program for Saturday, November 21, at The Detroit Institute of Arts.

The film program will be shown at 10 a.m. and 2 p.m. in the museum auditorium. It is open to the public without charge.

"The Scribbling Kitten" centers around "Miaow" whose drawings of mice come to life and pursue her. This cartoon received a first prize award in Tokyo's Educational Film Festival.

"The Flute and The Arrow," is the result of three years' work and focuses on an ancient Indian civilization, whose people seem to have solved better than many more "advanced" groups the problem of how human beings can live together peacefully and happily.

Wants ads get quick results!

CURTAIN GOING UP

Buddy Hackett's "I Had A Ball" rolled erratically into town last week. This new musical lacks a consistent bounce and gaiety one associates with the comedy's riot setting.

When the dancers were stomping, buck and winging, and generally floating beautifully through the air, "I Had A Ball" was bouncing resolutely.

The act curtain is artistically fabulous. The opening number is an eye-pleaser as you meet all the drifters, citizens, denizens of the Coney Boardwalk, and the principal characters of the play.

To put a little zip back into the "I Had A Ball" a musical comedy doctor needs to make some quick deletions.

The Billboard (Week of November 11-15) Fisher Theater, "I HAD A BALL." A few melodic tunes might save this show before it hits Broadway.

Don't misunderstand me. I think Buddy Hackett does a yeoman's job in this show. In fact, in spite of many of its glaring errors, Mr. Hackett will carry this musical.

"I Had A Ball" has been lucky to snag Richard Kiley for the romantic lead. His confident baritone warbling gives real support to the thin songs.

RACHEL ROBERTS, who won an "Oscar" from the British Academy as "Best Actress of the Year," co-stars with Richard Harris in "This Sporting Life," the award-winning film opening at the Plymouth Art Theatre on Wed., Nov. 18th.

U. of D. Repertory Theatre Opens Season This Weekend

Jean Baptiste Moliere's first full-length Paris comedy, "School for Wives" opens Thursday (Nov. 19) at the University of Detroit Repertory Theatre.

The 300-year-old farce-comedy joins Anouilh's "Antigone" in the U. of D. repertory. The two plays will be seen in alternate performances on week ends through Jan. 10.

With the 1662 premiere of "School for Wives" French theatergoers who previously had gone to the theatre to be uplifted and purged by the heroes

of tragedy, began flocking to the Palais-Royal Theatre to roar at Moliere's delightful old fool, Arnolphe.

Although bitterly criticized by strict classicists as being vulgar and beneath contempt, "School for Wives" suddenly thrust comedy into a position to outrage everything which was being admired in the serious drama of the day.

Despite the controversy created by the initial performance of "School for Wives," Moliere won from the struggle the one

LEE G. O'CONNELL is seen as Chrysalde in the University of Detroit Repertory Theatre production of Moliere's "School for Wives." O'Connell, who teaches at Madonna College, Livonia, is a member of the U. of D. Players Associates.

Theatre Party Planned Nov. 14

A theatre party is planned for Nov. 14 by the Single Professionals. The group will attend a performance of "H.M.S. Pinafore" at the Masonic Temple.

A wine-tasting party is scheduled for Nov. 23 by the group.

'Bye Bye Birdie' Opens November 27

Ever find yourself dreaming of pretty girls? Jim Coburn has and he has his dream come true in the forthcoming Theatre Guild of Livonia-Redford musical production of "Bye, Bye Birdie."

This, the Guild's fourth musical comedy will be seen Nov. 27, 28, Dec. 4, 5 and 6 at Bentley High School.

Jim who in real life is a top Detroit commercial model, is a natural to portray the part of the agent for the rock'n'roll singer, Conrad Birdie.

A member of the Guild for three years, Jim has delighted many theatre-goers as the cemetery lot salesman in "Send Me No Flowers," the kooky director in "Critic's Choice" and the bad guy in last year's musical, "Destry Rides Again."

He is just a part of the cast of 100, the largest ever assembled in a musical comedy in Western Wayne County.

A full orchestra is also in rehearsal for the eighteen mu-

sical numbers that are sprinkled throughout the show.

With only two weeks until opening night things are really humming with the Guild.

Co-producers Pat Kenney and Bob Brown report that the sets for the eighteen scenes are nearing completion.

Jerry Pember reports that the November general meeting of the Guild will be held Thursday, Nov. 12 at the Newburg Church, Ann Arbor Trail and Farmington Road.

Prospective members are always welcome.

Beverly Green advises that Season Tickets for the re-

mainder of the season are on sale; couple \$10, single \$6. The season ticket includes the shows of "Bye, Bye Birdie," "Gigi," "Mary, Mary" and a family ticket to the annual children's show. For information on season tickets, call GA 7-6263.

Carole Reed, Business Director, announced that tickets for "Bye, Bye Birdie" will be on sale at Wards Friday evening Nov. 13.

In addition, tickets may be purchased any time at Dunn's Pharmacy, Plymouth Road, in Livonia or by calling GA 1-1481 or GA 1-5716.

JIM COBURN has his dreams of pretty girls fulfilled in the forthcoming Theatre Guild of Livonia-Redford production of "Bye Bye Birdie." He is surrounded here by cast members (from left to right): June Eden, Delores Edmonds, Rayda Warren and Lana Lovelady. The production opens Nov. 27 and will run that weekend and the following weekend at Bentley.

Two Theatre Workshops Scheduled

Enrollment is now open for a series of theatre workshops for adults and young people, scheduled to begin Nov. 18 and Nov. 21 at The Detroit Institute of Arts.

"Makeup for The Theatre" will be taught on eight Wednesday evenings, beginning Nov. 18, from 7 p.m. to 9 p.m. This workshop is designed for older high school students and adults.

Acting classes for youngsters (9-12 yrs.) and teenagers will be taught on Saturday mornings and afternoons, beginning Nov. 21.

Instructors for the classes are Mrs. Lynn Finn of the Oak Park Board of Education, who also teaches creative dramatics at Wayne University, and Mr. Paul Marchese, of the Detroit Public School system, who frequently appears in Wayne State University's Bonstelle Theatre productions.

Advance enrollment must be made through the Theatre Arts Department of The Detroit Institute of Arts, 5200 Woodward Avenue. Further information may be obtained by calling Theatre Arts at 832-2730 or 831-0360. Nominal fees will be charged for the classes, and early enrollment is recommended, because the classes are limited in size.

Artists To Meet Thursday

The regular meeting of the Livonia Artists Club will be held at 8 p.m. on Nov. 12. The meeting will be at the home of Catherine Degutis, 13967 Stamford.

Plans for a Christmas Workshop will be completed at the meeting.

Bill Hanford, Livonia artist and teacher, will present a critique of the members latest paintings following the business meeting.

Refreshments will be served.

Concert at W.S.U.

The Wayne State University Symphony Orchestra under the direction of Professor Valter Poole, will perform its fall concert at 8:15 p.m. Tuesday, Nov. 17, at the Community Arts Auditorium on campus.

Professor Poole, who also serves as associate conductor of the Detroit Symphony Orchestra, will conduct a varied program including Beethoven's "Egmont Overture," Barber's "Adagio for Strings," Sibelius' "Symphony No. 2 in D Major" and the final scene from the opera "Der Rosenkavalier," by Richard Strauss.

Featured will be guest conductor Major Brian S. McCool, director of music for the department of education, Ontario, Canada. Major McCool, who will conduct the Beethoven overture, is one of Canada's leading music educators.

Three vocal soloists will join in the performance of "Der Rosenkavalier." They are: Carolyn Grimes, Alice Dutcher and Ernestine Nimmons, all widely recognized in the Metropolitan area.

There is no charge for the concert and the public is invited.

W.S.U. Production of 'J.B.' Opens Friday

"J. B.," Archibald MacLeish's 1959 Pulitzer Prize-winning version of the story of Job, opens at Wayne State University's Bonstelle Theatre at 8:30 p.m. Friday, Nov. 13. Additional evening performances will also be offered at 8:30 Saturday, Nov. 14 and Thursday through Saturday, Nov. 19-21 at 8:30. A Sunday matinee is scheduled for 2:30 p.m. Nov. 22.

This morality play takes the place of "Luther," originally announced as the Bonstelle's second production of the season, but not yet released for production here.

"J. B." was first presented in April, 1958, by the Yale University Theatre. The Broadway production opened in December of the same year. A verse play, it is set in a worn, tattered circus which symbolizes the world.

Two ex-actors, Zuss and Nickles, now circus vendors, enter

Lectures on Music of Africa Nov. 18

Dr. Klaus P. Wachsmann, professor of music at the University of California, will speak on "The Music and History of Africa," at 8 p.m. Wednesday, Nov. 18, at the Helen L. DeRoy Lecture Hall on the Wayne State University campus.

Dr. Wachsmann is a noted authority on African music, linguistics, and the historical development of musical instruments. He spent most of his professional life in Africa and studied at the School of Oriental and African Languages at the University of London.

His talk is being sponsored by Dr. John M. Dorsey, The University Professor at WSU. There is no charge for admission and the public is invited. The lecture will serve as a prelude to the national meeting of the Society for Ethnomusicology which will be held at Wayne State Nov. 19-21.

AFS Finalists Are Chosen at Clarenceville High

A reading demonstration by first and third grade students at Livonia's Botsford School was given for new teachers at a meeting on Tuesday, Oct. 6.

The students were led by Miss Mary Jo Zion of the Ginn Publishing Co. and came from Mrs. Zilch's and Miss Swigert's classes.

On Oct. 22, 150 parents turned out to hear Mrs. Jane Prebo discuss the modern mathematics program.

Other news from schools in Clarenceville includes:

ANN ARBOR STORY of industrial development was the goal of these members of the Plymouth Community Regional Planning Commission who are shown departing for a meeting with William Bott, executive manager of the Ann Arbor Chamber of Commerce. The meeting was termed as educational by all. The group includes: Clarence Moore, George Lawton, School Supt. Russell Isbister, Clark Finley, Richard Palmer and Phil Dingley.

New Computer Course Starts at Franklin

Progressive improvement in curriculum is a goal toward which Franklin High School is always striving. Last week, for the first time, a new course in computer programming was started. Sixteen seniors, enrolled in mathematics, elected to add the new ten-week experimental course to their schedules. The class meets for one hour, five days a week — but no credit is given.

EDGEWOOD: The fourth, fifth, and sixth grades at Edgewood have been busy producing dermatologists, astronomers, and entomologists respectively. Looking at skin under a reading glass and microscope helped the fourth grade class draw better diagrams of skin and its composition. A large reflector astronomical telescope has made the fifth grade student much more aware of planets in space. They hope to soon be able to meet one night and look for Jupiter and Saturn as well as other space items. The sixth grade has learned much about insects and many of the students are no longer afraid of "bugs". These classes are taught by Miss Lubner (fourth), Mr. Wilton (fifth), and Mr. Brenner (sixth).

GRANDVIEW: David Thayer's room provided the students and teachers of Grandview with much excitement as well as information as their goldfish began laying eggs and hatching fish. With the help of Miss Evelyn Cohen, high school science teacher, students observed egg growth and the hatching process under micro-projectors. This activity provided both a rare and educational experience for the entire population of Grandview School.

WESTBROOK: The sixth grade at Westbrook, under the direction of Mrs. Patricia Vickery presented a Greek Festival last week as a part of a social studies unit on ancient Greek living. An olympic demonstration, sculpture and pottery, mythology, and folk dances were all part of the program. Grecian refreshments were served by students dressed in ancient costumes. Mrs. Joyce Mutnick and Ted Mallires aided in this program.

HIGH SCHOOL: The American Field Service, Clarenceville Committee, headed by Mrs. Warren Mills of Livonia announced the names of the four finalists to be sent on to the National A.F.S. for final selection. Those named to represent Clarenceville were: Seniors, Linda Harrington, Deborah Johnson, and Sharon Rudman, and Junior Gerald Litwin. Each of the seniors has selected the school program while Gerald has chosen the summer program. They are now waiting word from the national committee meeting in New York before final plans are determined. Other Clarenceville finalists were: Warren Berger, Suzanne Fell, Lynn Fouts, Barbara Harden, Pamela Milarch, Allen Rauschert, Linda Sunday, and Linda Thornton.

JUNIOR HIGH: Adding another game to the football schedule helped the team to an even better season. The Junior High Trojans defeated Christ the Good Shepherd of Lincoln Park by the score of 13-6 to finish the year undefeated. American Education Week will find the Social Studies classes studying International Relations (Monday), Richer Personal Life (Tuesday), Good Citizenship (Wednesday), National Economic Growth (Thursday), and Better Communities (Friday).

Along Realty Row

By JERRY WENDT
When Lillian Goodwin came to Detroit with her husband, Harold, to make their home, she didn't foresee that someday she would be finding homes for other newcomers to that area.

Born in Haverhill, Mass., Lillian attended schools there, graduated from Business University and married Harold Goodwin, an engineer with General Motors. When her husband

was transferred to Detroit, she settled down to domestic life and raised a son and daughter. When the children were well along in school, Lillian became restless and decided to carve out a career for herself.

She wanted to make a success of whatever field she chose so she studied her assets carefully and finally decided to go into the real estate field. She knew that she genuinely liked people and enjoyed being of service to them, and she felt this would be an ideal vocation.

She went to the B. E. Kearns Co. eleven years ago, as a real-estate saleswoman. It proved to be a wise choice as today she is manager of the Galen Realty Co.

The company is a thriving concern which specializes in selling suburban homes in the Redford, Livonia area. Capitalizing on her gift of service to people, Mrs. Goodwin finds that most of her business comes from referrals of satisfied customers. She considers that the secret of her success.

"I try to find out just what people consider the most important in a home and then I keep searching until I find a home which contains just those things," she explained. Men and women want different things, she has found. "The primary interest of women is in adequate space in the home, the near location of shopping centers and schools."

The men are interested in the construction of the houses. The pendulum has swung to suburban living with four bedroom ranch homes leading the lists. Ten years ago, three bedroom Colonial homes in the city were the most sought after listings.

Lillian Goodwin intends to continue selling in the Redford-Livonia area indefinitely. "These areas have much to offer people," she says. "Redford, for example, has an invitingly low tax rate," "Livonia, a wonderful school system." She does not just give lip service to this thought either for the Goodwins have just bought a new home on Flamingo Road in Livonia.

For further information, call Directors Bill Tullis, GARfield 2-7848, or Margaret Armstrong, KNwood 3-4465.

C&O To Drop Two Grand Rapids-Detroit Trains

GRAND RAPIDS — Completion of Interstate Highway 1-96 has so reduced public need for and increased the deficit of the Grand Rapids morning train to Lansing and Detroit and the evening return train that the Chesapeake and Ohio Railway is taking the trains out of service, it was announced here last Monday.

The C&O planned to eliminate the trains, on which patronage has declined just as steadily as traffic has boomed on I-96, on Nov. 15, Howard Skidmore, C&O vice president, said.

However, Skidmore added, when Peter B. Spivak, chairman of the Michigan Public Service Commission, was given informal notice of this proposed termination date, he pointed out that the Thanksgiving and Christmas-New Year holidays were coming soon. Chairman Spivak suggested that C&O at least operate the trains through the rest of 1964.

C&O was happy to meet this suggestion, Skidmore said, and the trains will be taken off not on November 15, but almost two months later on January 4.

Because C&O presently has three trains each way between Grand Rapids and Detroit, it does not need permission of the Michigan Public Service Commission to make the January 4 removal.

The trains to come off January 4 are Train No. 14, which leaves Grand Rapids for Lansing and Detroit at 7:30 a.m., and Train No. 15, which leaves Detroit at 5:20 p.m., for the return trip.

Not affected by the January 4 action would be Train No. 11, which leaves Detroit for Lansing and Grand Rapids at 8:30 a.m., and Train No. 12, which leaves Grand Rapids on the return trip at 3:30 p.m.

These latter two trains provide connections at Detroit with C&O and Baltimore and Ohio Railroad long-distance trains for the East and South. Passenger Trains No. 19 and No. 20 operate between Grand Rapids and Detroit late at night and currently are paying their way because of a high volume of mail.

"As everyone knows, C&O's passenger train philosophy is a positive one, not a negative one," Skidmore said. "The Pere Marquette streamliners between Grand Rapids and Detroit have equipment as fine as any in this country or abroad and famous dining cars attended by attractive waitresses."

"These trains were started August 6, 1946, with cars and locomotives for which the railroad paid \$1.5 million. Just four years later, the C&O received a large order of new passenger equipment and the Pere Marquette cars, although still in excellent shape, were replaced with new equipment costing another \$1.5 million.

"Our passenger sales force at

Grand Rapids and Detroit has pursued a vigorous program of getting business for the trains. Constant promotional effort, including incentive fares, sports and theater excursions, trips for school children and special diner prices, have been undertaken regularly.

"Regrettably, but not surprisingly, even passenger trains as good as the Pere Marquettes can't compete on a short 152-mile run against the convenience to the traveler of jumping into a car and driving at high speed non-stop over a new divided highway built with \$150 million of taxpayers' money. The Rand McNally road atlas gives the driving time between Grand Rapids and Detroit as two hours and forty minutes — the train requires three hours.

"Highway vehicle counts show," Skidmore said, "that the jump in the number of cars each year on I-96 has matched a continuous drop in the number of passengers dependent on

Trains Nos. 14-15. From 1958, when the first sections of I-96 were opened, to 1963, motor vehicle traffic, according to a Michigan State 24-hour count, more than doubled between Grand Rapids and Lansing and increased over half between Lansing and Detroit."

Trains Nos. 14 and 15, which had been meeting the costs of their operation through 1960, dipped into the red in 1961 and have gone steadily deeper into a deficit position because of lost revenues and increased costs. The trains lost \$11,000 in 1962, \$45,000 in 1963 and their loss this year will be about \$70,000.

Trains No. 11, the morning Detroit-Grand Rapids service, and Train No. 12, the evening return service, are losing even more money than Trains Nos. 14 and 15, Skidmore pointed out. These connections with the long-distance trains at Detroit have also steadily declined in patron-

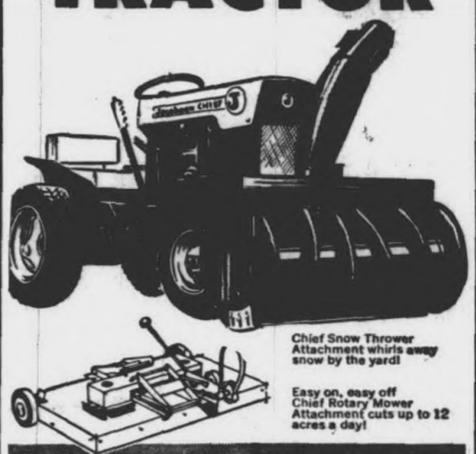

age. Loss for them this year should be over \$100,000.

"We will continue our sales efforts on behalf of Trains Nos. 11 and 12," Skidmore said, "and promote and advertise them as the connections with the long-distance trains to Washington, Cincinnati, Richmond, Norfolk and other cities. However, it is obvious that the outlook for them is not good if they cannot be put in a position to at least earn the cost of running them."

Data Processing Studied By Livonia Educators

Four Livonia educators, William Bedell, assistant business manager, John Boeve, administrative intern, Dr. Al Goldberg, director of data processing, and Victor Wenzel, coordinator of pupil personnel services, participated in an East Lansing conference on new technology in education. The meeting sponsored by Michigan State University

brought to the campus, last Wednesday, 125 school leaders of the state. Top administrative officers and coordinators of pupil personnel programs from Michigan's fifty largest school districts met to study the use of advanced photo-mechanical devices to assist with the data storage and search problems faced by large schools.

The Learning Systems Institute, major sponsor of the conference, is a new research and development organization in MSU's College of Education. The Institute was established to find ways to shorten the time lag between research and practice in education.

Major speaker of the day was Dr. John Cogswell, a research director from System Development Corporation, Santa Monica, California. Dr. James Heald, Department of Administration and Dr. James Costar, Department of Guidance and Personnel Services held specialized seminar sessions for school record-system managers. A highlight of the day was the demonstration of a large collection of information processing equipment provided for the conference by industrial developers and manufacturers.

State Road Toll Up 16 Per Cent

Michigan's 184 traffic deaths in October brought the year's count to date to 1,729, which is 234 or 16 percent higher than 1,495 for the same 10-month period last year, according to State Police provisional figures. The October fatalities were five more than 179 in that month a year ago. October's averages were 160 for five years of 1959-63, and 158 for the 31 years of record keeping, 1933-63. Highest toll for the month was 230 in 1941 while the low of 97 was in 1944.

It was the fourth month in a row to show an increase in deaths compared with the same months in 1963. Only one month in the first 10 this year, June, has shown a decrease compared with corresponding months last year.

Delayed death reports will add somewhat to the October and 10-month provision tolls. More complete figures for September showed 179 deaths, up 16 or 10 per cent, 12,454 injuries, increased by 2,271 or 22 per cent, and 22,865 accidents, up by 3,105 or 18 per cent compared with the same month a year ago.

Estimated mileage for the first eight months, the latest information available, was 25 billions, a gain of six per cent, while the death rate of 5.4 per 100 million vehicle miles was increased by 11 per cent compared with the same period in 1963.

Franklin Bombs Bentley 32-0

Two goals down and one to go. That's the score for the Franklin high school football team.

Already accomplished are:
1—Winning the Northwest Suburban League championship.

2—Beating Bentley, 32-0, (last Saturday) to repeat as Livonia city prep grid champs.

Still to be accomplished:
The wrapping up of the first perfect season in the short (three-year) history of Livonia's south-side high school.

This matter can be achieved by Franklin this Saturday when the curtain falls on the 1964 season as Franklin entertains Wayne High on the Bentley High field at 2 p.m.

On the heels of last Saturday's romp over Bentley, a week after Franklin "killed" North Farmington for the

league crown, it might appear to some that Franklin is due for a letdown.

Coach Bob Bentley, who is in his first year as a varsity football coach after many years of success in basketball, sees no collapse this coming Saturday for Franklin.

"I've been around schoolboy teams for a long time," said Bentley.

"This is the nicest bunch I ever have handled. They have pride in themselves, pride in their team, pride in their school. They'll come to play next Saturday.

"I have every confidence the boys will win."
A victory would bring Franklin's record to 9-0 . . . thus putting the school in a very select class among prep teams in the state of Michigan.

In fact, they'll be one of the very few of Class A standing to go through the campaign unbeaten and untied—should Franklin take the measure of the Wayne team.

"Our kids came up with a real team effort against Bentley, which had taken the field fresh from gaining a share of the Suburban Six League title.

"Franklin just wanted to beat Bentley," said Coach Bentley.

"Our fellows had heard a lot about the Bentley team and the Bentley line," the Franklin coach declared. "Well, our kids thought they were better. They had a pride in themselves. And they had to show Bentley and the rest of Livonia."

And show Bentley . . . that's what Franklin did.

Both offensively and defensively, it was all Franklin.

The South Siders pushed over five touchdowns and added two extra points.

On defense, Franklin never permitted Bentley to get closer than the Franklin 30.

Larry Joiner, the Bentley coach, whose forces now have lost two straight years (in 1963 the score was 7-6) to Franklin, had no alibis.

"I'd say that the biggest reason we lost was their (Franklin's) foot speed," declared Joiner. "They just moved quicker all around."

Joiner said he figured his team was ready.

"Perhaps," he added, "we were over ready, which is why we made some extra mistakes."

Franklin went to work early to get on the scoreboard.

Starting from its own 46, Franklin went to the air as Dennis Wagner heaved to Neal Thomas for six yards and then to Sam Antonazzo for 30.

The latter toss put Franklin on the Bentley 4. Wagner cracked to the one from Larry Yonish, a power runner and big scorer the past four weeks, slammed across.

Antonazzo's conversion made it 7-0 for Franklin.

In the second period, Franklin added to its lead.

A Bentley fumble landed in the hands of a Franklin player on the Bentley 30.

Wagner required two passes to make the score 13-7. First he went to Thomas for 15.

Next it was to Antonazzo for the final 15.

The score of 13-0 held through half time.

The third period came and Franklin continued to roll.

Another Bentley fumble gave Franklin the ball on the Franklin 44.

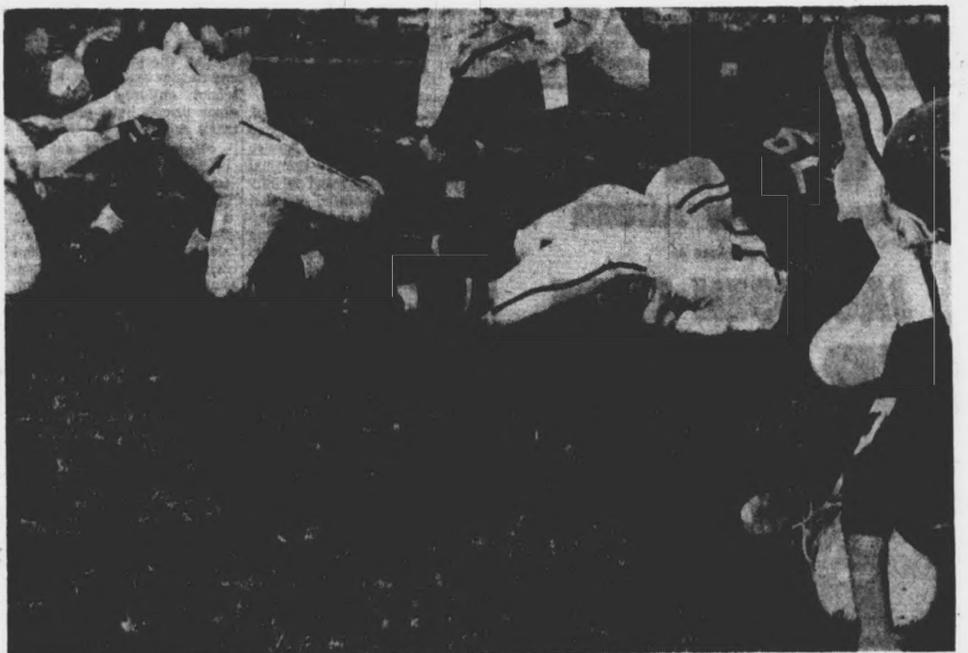

Now it was Ken Bratherton who entered the picture. He scooted for 25 yards. A then for 10 . . . to help Franklin get to the one.

Antonazzo carried the final yard and then he passed to Roger Frayer for the extra point.

The fourth Franklin touchdown required a march from midfield.

The arm of Wagner again provided the big bomb.

He flipped to Frayer who ran 46 yards to the Bentley one. From there it was Yonish who (Continued on Page Three-C)

BENTLEY'S John Plumley does some high-stepping as he rips through for a gain against Franklin. Note one of the Franklin players on his head after being blocked on the play. Franklin won 32-0.

WINNING COACH DECLINES ORCHIDS

Salute To Players, Ex-Coach

When your team has won two championships and stands on the threshold of a perfect season, you as the coach are entitled to a flock of orchids.

Coach Bob Bentley of Franklin wants none.

Instead, he talks about his "kids" and the man (Jack Hudnut) who preceded him on the job as football coach at Franklin.

"I've never handled a group of kids who deserved to win more than these boys we have had here at Franklin this year," said Bentley.

Then he talked about Hudnut, who for years coached winners at Bentley High and handled the first two teams at Franklin before leaving the school system last spring.

"Our winning this year has to be a real tribute to Hudnut," said Bentley, "because it was Jack who gave these boys a real good football education during the first two years of school.

"He should be proud of the job he did at Franklin, while he was with us."

Hudnut still is around Livonia . . . and undoubtedly one of the biggest rooters the Franklin team has had all fall.

Pistons Plan Annual Prep Cage Clinic

Schoolboy basketball teams in this area are invited to attend the sixth annual high school basketball clinic to be conducted on the afternoon of Saturday, Nov. 28, at Cobo Arena.

Sponsored by the Detroit Pistons, the clinic will commence at 4:30 p.m. and will feature a number of outstanding prep and college coaches as well as Charley Wolf of the Pistons and Dolph Schayes of the Philadelphia 76ers.

Tickets for the clinic also are good for admission to the Pistons' game that evening, starting at 8 p.m., against the 76ers.

Each schoolboy team may secure 10 complimentary tickets for the clinic and game by writing to: Detroit Pistons Basketball Club, 1618 Sheraton-Cadillac Hotel, Detroit 26, Michigan. Additional adjacent seats may be purchased at \$1 each.

The deadline for ordering tickets is Nov. 20.

Guard Rod Thorn of the Detroit Pistons is the third player from West Virginia University in recent National Basketball Association history to step into a starting berth in the pros. He was preceded by Rod Hundley (now retired) and Jerry West, both of the Los Angeles Lakers.

REACHING IN VAIN for a pass is Bentley's Bauhman as Franklin's Sam tips. Antonazzo makes the chase. The ball

OVER GOES Larry Yonish (32) for a Franklin touchdown as Bentley's Elsmar (21) tries vainly to make the stop. It was one of five touchdowns Franklin registered in winning, 32-0.

R. Union Clobbers Thurston

One game usually doesn't make a season.

For Redford Union high school's football team—it did. The Townshipers won their season's opener from Redford and then lost six in a row.

Last Friday night, Redford Union locked horns with Thurston for the Redford Township public school football title.

R. U. came out a winner, 18-7, and the school's supporters celebrated.

The six previous setbacks quickly were forgotten. That RU had proved itself No. 1 in the Township—at least as far as the public teams were concerned — helped to wipe out those sad moments which had gone before.

Coach John Rogers of RU led the cheers.

"They had us outweighed," declared Rogers, in referring to the opposition from the south side of the Township.

"Our kids could very well have fallen flat, considering some of the tough breaks we have experienced during the season.

"But they were up for this one. The rivalry which exists within the township really is something."

Redford Union finally unveiled a powerful running attack to go with its fine passing game, which had carried the brunt of the offense during the season.

While Rick Barryman clicked seven times in 13 tries for 59 yards, the RU runners ground out 268 with sophomore Ted Shirkey turning in a super effort.

Shirkey carried 20 times for 140 yards. That figures out to seven yards per try.

It was Shirkey, who started the scoring for Redford Union. (Continued on Page Three-C)

SPORTS OBSERVER

By George Mankin

It takes courage to play on any athletic team . . . or, for that matter, to do almost anything in this life of ours. Sometimes, extra courage is required . . . along with extra heart . . . and extra DESIRE.

This is a story about just such an athlete. His name: Ron Zimmerman. His school: St. Agatha High of Redford Township.

It was after St. Agatha had won its final game of the 1964 football season 10 days ago to: 1—Finish with its first unbeaten year in history, and 2—wind up as co-champs with Orchard Lake St. Mary's in the Catholic League—that we talked with Coach Dave Brazil of the Aggies.

The question we directed at Brazil was a natural for such an occasion:

"What were some of the reasons behind your great season?" Brazil easily could have talked about himself, and the job he has done.

But he didn't. Instead, he talked about his players. And that's how the name of Zimmerman entered the picture.

Brazil had been counting upon Zimmerman as one of his first-string guards.

But the youngster, a senior, banged up his knees. As the summer passed, and football time approached, there appeared only a slim chance that Zimmerman would be able to play for St. Agatha.

The doctors kept looking and examining the knees.

Finally, and it was just a week or so before the first game of the season, the doctor called in Brazil. Zimmerman was present, too.

"This is the way the matter shapes up," the doctor said. "I think Ron can play for you this season . . . but you'll be able to use him only in games. No contact for Ron in any practice sessions."

Brazil's face flashed a smile. Ditto for Zimmerman.

"But it was touch and go all season for Ron," Brazil explained as the curtain fell on the fine season for St. Agatha.

"He'd drop around for practice and do a little running by himself. One of the other fellows would play a little football catch.

"We, of course, kept in close contact with the doctor. We were worried. But the doctor kept reassuring us . . . that as long as we restricted Ron's contact on the gridiron just to games, everything would be all right.

"And, things we're GREAT on the field. Ron was a stand-out guard. He should be named on the All Catholic and mentioned on some of the all-states.

"But, you don't know what the kid had to go through. There were Monday mornings when he'd get out of bed . . . and suddenly find he couldn't walk a step.

"His knees would buckle . . . Ron needed help to get back to his bed . . . or to a chair.

"Some day he couldn't get to school. We'd call the doctor. The doctor would check on Ron . . . and again tell us . . . that he'd be okay . . . that the knees were strong enough . . . just as long as he limited his contact.

"Sure enough, Ron also came bouncing back . . . greater than ever. Even when he bruised his shoulder and had to be all taped up, he continued to give his all and star for us.

"Opposing teams stayed away from Ron. They knew that they couldn't make much headway through his side of the line. "Kids like Zimmerman come few and far between. But the inspiration they lend to the other players on the team . . . and the others in school . . . can't be measured by any yardstick, however big it might be.

"It's boys like Zimmerman who help win championships. He certainly helped our cause no little."

Zimmerman is hopeful that he can go on to college and continue his football career.

"I think he can," says Brazil. "The doctor also is optimistic." In the meantime, the operator of this corner salutes St. (Continued on Page Three-C)

HAPPY FRANKLIN players lift one of their coaches and carry him off the field after beating Bentley to win for the eighth straight time this season and also bring Franklin its second consecutive Livonia city prep football crown. Now, only Wayne High stands in Franklin's path to an unbeaten-untied season. The finale takes place this Saturday on the Bentley high field.

Sorrows Captures Final Tilt

The high school days of Miles Kearney are over at Farmington Our Lady of Sorrows.

He'll be missed . . . after four years of outstanding play on the varsity.

Just how much he meant to Sorrows was reflected in his final performance last Sunday when Sorrows won over Ann Arbor St. Thomas, 18-7, to finish the campaign with a record of five wins and three defeats.

This was the Kearney story against St. Thomas:

1—He tallied all three of his team's touchdowns.

2—He personally gained 168 yards rushing.

"He was a dandy," said Coach Bud Webster after the final Sorrows game.

"Miles could run with the best. He was a fine kicker . . . a fine defensive player."

Webster also talked about three other four-year veterans, who now are through with football at Sorrows. They are Mike Bars, Jim McPeak and Tony Stencil.

"It won't be the same without (Continued on Page Four-C)

Hoben Era Ends in Setback As Walled Lake Rips Rocks

Plymouth No Match

The football coaching career of John (Mike) Hoben didn't end the way he wanted it to at Plymouth High School.

For ten years, Hoben had been turning out winners on the gridiron.

No less than six times, his Rocks had either won outright or shared the Suburban Six League crown.

Going into the 1964 season, Hoben had announced "this would be it."

He had been promoted to a principal's post in the high school. The added administrative duties would be too much to make it possible for Hoben to continue any longer as both football and baseball coach.

It was natural that Hoben had hoped to bow out a winner. But, this wasn't to be.

Not only did the Rocks fail in their bid to repeat as Suburban Six League champs, but the Rocks fell in their final three games—thus ending Hoben's final season with a record of three wins against five setbacks.

But, the final Hoben appearance as a Plymouth coach is one he'll never forget.

His Rocks had to contend with a powerhouse from Walled Lake.

And the Lakers showed no mercy on either Hoben or the Rocks. Not that Hoben expected any.

When Hoben walked from the Plymouth gridiron for the last time Friday night, the scoreboard read:

"Walled Lake 48, Plymouth 13."

There wasn't much Hoben could say.

He knew that his boys had given their all. No pep talks were necessary before the game.

Every member of the Rocks' team wanted to win as badly as did their coach.

"Maybe we tried too hard," said Hoben afterward.

But, dejected as Hoben had to be at the finish, he still could hold his head high.

And, there were many who cheered for this man, despite the unhappiness of the particular hour.

After all, in his ten years of coaching the Rocks . . . Hoben had guided his team to 58 victories . . . 20 defeats and one tie.

Few are the coaches who can match the record Hoben turned in.

The Rocks had their troubles trying to move the ball on the ground against Walled Lake. The final statistics showed Plymouth with negative 25 yards rushing. In the air, Plymouth managed to gain 105 yards.

Walled Lake tallied once in the first quarter, three times in the second, twice in the third and once in the fourth.

The Lakers had a devastating attack. They rushed for 266 yards, passed for another 188.

In first downs, Walled Lake had an 18-13 edge.

A 21-yard run by Gary Gigli accounted for Walled Lake's only touchdown in the first quarter.

It was a different story in the second frame. A 35-yard pass to Bill Williams netted one scored. Then Bob Godfrey went 26 and later one for scores.

In the meantime, Plymouth engineered a spectacular 71-yard pass, run play with Terry Cosgrove tossing to Gary Grady. The maneuver originated from the Rocks' 29. Grady took the ball around midfield and out-streaked the Laker defenders to the goal line.

Grady also counted the other Plymouth touchdown. He started from his own 40 . . . and ran 28. Then he carried twice more. Finally, after getting to the Lakers' one, Grady smacked again—and went over.

But, it was too little and too late for Plymouth.

Bill Leman, the Walled Lake passer, had engineered a couple of long bombs. One went 35 and another 56 yards. Both produced touchdowns and Walled Lake coasted in.

Coach Hoben alone wasn't finishing up his football at Plymouth.

Standouts like Grady, Jim Lake, Cosgrove, John Daniels, Roger Toby also were engaging in their final football action for Plymouth.

Ditto for Gary and Dennis Fuelling, Gary Watson, Phil Hruska, Fred Boldrick, John Berger, Tom Price, Paul Densmore, Dick Baron, Dave Tidwell, Bill Cummins, Terry Cruise, Bill Fillen and Tom Wiles.

But there also will be another year . . . for Plymouth . . . in football . . . and standing on the sidelines . . . or maybe sitting in the warm press box, there'll be Mike Hoben "working" his heart out for the Rocks.

What he's done for Plymouth won't soon be forgotten. Fortunately, for the community, he isn't leaving.

DIRECTING Plymouth High in football for the final time is Coach Mike Hoben, who is retiring from the grid wars to an administrative position in the school. The Rocks lost their finale under Hoben.

PLYMOUTH'S Jim Lake snaring a pass for a gain against Walled Lake in Rocks' final game of season.

Observing Sports

(Continued from Page Two-C) Agatha, a little school with a great big heart.

There are more orchids for Franklin and Bentley, two more league champions.

And a special salute at this time for Mike Hoben, who has coached his last football game at Plymouth high school. Football will go on at Plymouth. And the Rocks will continue to have their fine grid teams.

But, for a while at least, things won't seem the same at Plymouth—without Hoben in command of the gridmen.

Franklin Wins, 32-0

(Continued from Page 2-C) dashed into the end zone. The second and third stringers came on the field for Franklin. There was no containing them, either.

Starting from Franklin's 45, Gary Burkett hit J. D. Sabin for 16. Gary Junk picked up 25 on a run. Then it was Burkett for 15 more.

A Burkett to Steve Dippert connection brought the touchdown and ended the scoring. Defensively, the heroes for Franklin were Larry Vaughn, Bernie Carbo, Bill Mauzy and Gary Rogalski. The latter is the only sophomore among the regulars.

For Bentley, it was the end of the line for what started as a rough season, two defeats and a tie in the first three games.

Livonia DPR Seeks Players For Boys' Loop

Final registration for the Livonia Department of Parks and Recreation and the Little Football League of Livonia basketball program for boys ages nine through 12 years of age (nine before May 1 and not 13 before this date) will be held Saturday, Nov. 14 from 10 a.m. to 1 p.m. at the Parks and Recreation Office, 14305 Farmington Road.

Registered boys will be placed (Continued on Page 4-C)

Farmington Entry 16th In Race

Joe Watson of Farmington placed sixteenth last Saturday, in the State Class A high school cross country meet at Ypsilanti.

Teammates Bruce Anderson and John Karwowski were 21st and 46th, respectively.

Brian Moore of Detroit Cass Tech won the individual honors while the Class A team title went to Royal Oak Kimball with Detroit Redford second.

March of Dimes Honors Bowlers From Northville

Angelo Gadioli, proprietor of Northville Lanes, 123 S. Center in Northville, and league secretaries of Northville Lanes were honored at a March of Dimes recognition dinner at the Thunderbird Inn.

Northville Lanes raised more money per lane than any other bowling establishment in Wayne, Oakland or Macomb counties during last year's 1964 March of Dimes Annual Bowling Tournament.

An appreciation certificate was presented to Gadioli by Charles L. Gehringer, the baseball great, and March of Dimes Campaign Director of the Wayne County Chapter and Richard T. Kelly, Chairman of the Board of the Wayne County Chapter.

Completes Training

Brian R. Wallace, USN, son of Mr. and Mrs. Mitchell Wallace, 14035 Arcola, Livonia, recently completed basic training at the Recruit Training Command, Naval Training Center, San Diego, Calif.

R. Union Clobbers Thurston

(Continued from Page Two-C)

He streaked away for 41 yards and a touchdown. On the way, he had to work his way free from several Thurston players who looked like they were going to haul him down.

But RU didn't add the point. In fact, RU failed on all three of its conversions.

Thurston came rushing back after Shirkey's initial touchdown. With only 32 seconds left in the half, Reg Barringer slashed across the two-yard line to climax a march of some 50 yards.

When Dan Harris converted, Coach Bill McDonald's Thurston gang had a 7-6 lead.

Into the dressing room the two teams went. Coach Rogers of RU must have shouted some fiery words.

When the second half began, Thurston kicked to RU.

The first thing that happened after the kickoff was Shirkey breaking loose for 12 yards.

On the next play, he went for ten more.

Barryman decided to take to the air.

Bingo . . . he hit Ernie Bourassa for 32 yards.

With no waste of time, Barryman dropped back on the next play and shot an eight-yarder to Mike Fritz.

The ball now rested on the Thurston five.

Barryman still was on the passing kick. So he tossed again.

This time he aimed at Bourassa who slipped into the end zone for the touchdown that put RU in front, 12-7.

Not long afterward, another Barryman pass started the RU team in motion for its third touchdown.

That made it four straight strikes in a row for the crafty Barryman, who tossed 'em like Johnny Unitas.

Then with the ball on Thurston's 31, Shirkey took off again. He went 31 yards . . . and that

was the final score of the game.

Perhaps, the most thrilling play of the night went for naught.

With six minutes remaining in the game, Thurston's Barrington took a punt on his own four. He wiggled around . . . going from one side of the field to another.

In all, he must have covered some 125 yards.

While Thurston fans went wild, Barrington roared across the goal line.

But the effort was ruled out. One of the officials detected clipping.

Thurston kept working, however, until Harry Kenrick intercepted a pass at midfield to end the final threat of the game by the Southsiders.

It was only fitting that Kenrick should make the interception.

The grab merely typified the fine work of the RU secondary all season.

Despite the team's 2-6 final record, not once did a rival pass its way for a touchdown against the likes of Kenrick, Bourassa, Shirkey and Glen Davis.

In the final game, the work of Middle Guard Pat Ryan and Tackle Charles Srock stood out defensively for the winners.

Thurston Coach McDonald still is puzzled by what's happened to his first team.

"It's hard to figure out," says McDonald. "We have a big team. We're fast and aggressive. We should be winning, but we aren't."

"The kids have desire and fight. I can't find too much fault with what they're doing."

Thurston, which gained 25 yards against RU, still has one more chance to wind up on the happy side.

It'll be Thurston against Hamtramck this Saturday at Thurston.

Game time will be 2 p.m. Hamtramck downed Romulus, 26-13, last Friday night.

A 47-yard field goal by Wayne State's Paul Jane against Case Tech on October 31 set a Tartar record and is believed to be the second longest in NCAA history.

Clarenceville Spirits Stay High After Loss

When your team has won only once in eight games, there wouldn't appear much—nice—that you could say.

Not so far as Coach Ralph Temby is concerned at Clarenceville High School.

His Trojans had just been drubbed, 39-0, by Milford—which in winning sewed up the Wayne-Oakland League title with a perfect 7-0 record.

"Milford has a great team," declared Temby. "They deserved to win."

The coach paused for a moment.

"But, I'm proud of my kids. They gave forth with an all-out effort."

Temby didn't say so, but he could have noted the fact that Milford is a Class A school. So are some of the others in the Wayne-Oakland League.

Clarenceville is a smaller school . . . rated as Class B by the enrollment standards set up by the State High School Athletic Association.

"Our kids have really worked hard," continued Temby. "Sure we know it's a little discouraging for them."

"Some of their parents even go so far as to ask the boys when they get home: 'How much did you lose by tonight?'"

"Yet, the kids haven't lost heart. This makes losing just a little easier."

Breaks figure into the winning and losing of many athletic contests.

Clarenceville hasn't had too many go in its favor this season.

Not that Temby is alibing. He's not that kind.

But take the play in the second quarter against Milford.

"We were trailing, 7-0," the coach said. "Dan Freels throws a pass which Mike Luka catches for what we think is a touchdown."

"But it's no good. We're penalized for illegal motion."

"If we make the score, we're either one point down . . . or maybe tied. It could have become a different game."

"That's the way it has gone for us all season. A break here . . . a break there . . . against us."

Halfback Jim Ward was a tiger for Milford last Friday night. He streaked for four touchdowns on runs of one, three, three and 47 yards. Mike Yeager scored the other two TD's from seven and 10 yards as Milford won its first outright league title since 1943.

In the statistical department, Milford had 288 yards to 112 for Clarenceville.

Jim Bedson, Chris Hawkins, Jim Prisk and Larry Ray stood out for Clarenceville which has one game left to play—this Friday at home against Dearborn-Haston.

Pistons Face Wilt and Los Angeles

Wilt (The Stilt) Chamberlain missed the first five games of the season and the defending Western Division Champion San Francisco Warriors posted a 1-4 record.

But the 7'2" super-scorer and defensive ace, apparently recovered from hospitalization for inflammation of the pancreas, is back in uniform . . . and that spells trouble for National Basketball Association rivals.

Chamberlain will be back at his customary center position on Thursday night when the Warriors invade Cobo Arena for the second time this season. Tip-off is scheduled for 8 p.m.

In their first clash at the Arena, the Pistons eked out a well-earned 108-104 triumph over Frisco. The win was all the more impressive inasmuch as Chamberlain's understudy, Nate Thurmond, played a sparkling game with 19 points, 27 rebounds and a dozen blocked shots.

Another great twosome, this one geared to the offense, will be seen at the Arena next Sunday evening (Nov. 15) when the Pistons face title-hungry Los Angeles. Game time is 8 p.m. for the season's only Sabbath night game.

Cage Clinic Set Nov. 17 At Franklin

The Hawthorn Valley Sports Association will conduct its fifth annual basketball clinic on Tuesday, Nov. 17 in Franklin High, Joy Road west of Middlebelt Road in Livonia.

The program, which will be in charge of President "Doc" Kosteva and Board member Larry McDonald, will begin at 7 p.m. and all coaches, players and interested fans are invited.

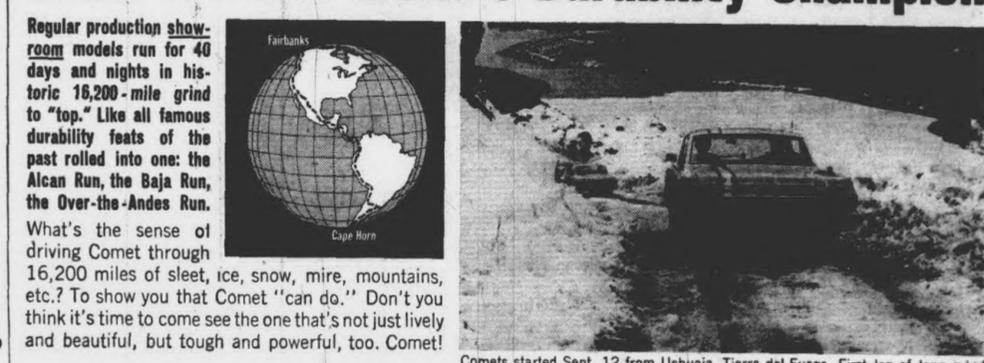

The clinic will include an interpretation of the new rules along with demonstrations and proper signals used by officials.

For additional information call GA 2-7867.

Comet roars from bottom to top of world to show it's still World's Durability Champion

Regular production show-room models run for 40 days and nights in historic 18,200-mile grind to "top." Like all famous durability feats of the past rolled into one: the Alcan Run, the Baja Run, the Over-the-Andes Run.

What's the sense of driving Comet through 16,200 miles of sleet, ice, snow, mire, mountains, etc.? To show you that Comet "can do." Don't you think it's time to come see the one that's not just lively and beautiful, but tough and powerful, too. Comet!

Comets started Sept. 12 from Ushuaia, Tierra del Fuego. First leg of long grind wound up and down tough, single-lane, snow-covered stretch of Andes Mountains.

Everyone seemed to know the Comets were coming. Mud, mire, jungle. Comets had it—and took it all without any mechanical repairs at all on the route.

In Canada, Comets near goal. No other cars had ever tried to complete long run in so little time.

Mercury Comet
world's durability champion

Farmington, N. Farm. Battle for City Title

Big Clash Set For Sat. at 2 p.m.

Farmington vs. North Farmington! The time: Saturday afternoon at 2 o'clock at North Farmington.

What more need be said about this titanic struggle between the two public high school teams in Farmington?

The city title rides on the outcome. Both teams go into action with fine records behind them.

North Farmington has won seven and lost only once—to Franklin.

Farmington has a 5-3 record, the first time since 1959 that the school is

assured a winning mark on the grid-iron.

North Farmington never has lost to Farmington. That is, in football.

The schools first met in 1962 and North Farmington won, 7-0. Last year it was 18-6 for Farmington.

If there's a favorite this time, it would have to be Farmington.

The older of the two schools has the bigger line. It has played a slightly more difficult schedule.

But the form sheet means nothing for a game like this. It didn't last year, or the year before.

There'll be special doings at half time Saturday. Rex Cawley, Farmington's own Olympic hurdles champion, will be on deck. He'll be saluted at half time.

It shapes up as a wonderful afternoon in Farmington. Perhaps, the best thing that could happen is the game to end in a tie.

Son Again Tops Pop In Football

In the battle of Father vs. Son, as often is the case, youth had to be served.

This is just another way of saying that Farmington high's football team emerged with a 16-0 win over Southfield last Friday afternoon as Halfback Bruce Charles of Farmington confronted his dad, Monte Charles, the head coach at Southfield.

It marked the third time in his varsity career, that Bruce had been on a winner against his dad.

And when it was all over—and Bruce had led the Farmington running attack in helping to subdue his pop—dad met his son in the middle of the field.

The Southfield coach put his hand around his own boy and congratulated him. Those close could hear Monte Charles tell Bruce:

"You did a great job out there. I'm glad that at least one of us could win today."

A tear or two rolled down Bruce's face. The incident had choked the senior Farmington back.

But in the game in itself, Bruce was a hard-charging runner. He personally reeled off 57 yards in ten carries for a 5.7 yard average and knocked off a 30-yard run in the second quarter to set up Farmington's first touchdown.

Moments before Bruce's run Jerry Tinkle had covered a Southfield fumble on the Farmington 30.

Bruce wasted no time getting Farmington to the Southfield 40. Then a pass from Mike Wilson to Terry Nielsen was good for 21 more yards.

A few line smashes . . . and Farmington was on the Southfield three.

From there Roy Leach slammed across and Wayne Johnston converted.

That made the score 7-0 and that's the way the count read until the final quarter.

Early in the last period, Farmington pushed down to the Southfield 15.

When the drive was stalled, Wayne Johnston dropped back and kicked a perfect 24-yard field goal.

The final Farmington score came after Ray Lardie covered a fumble on the Southfield 32. Two plays later from the 15, Lardie flipped around end and went in for the game-clinching touchdown.

Southfield never threatened seriously against Farmington which posted its fifth win in eight starts and thus assured the school a winning record under Coach John Hayes for the first time since 1959.

"You can't say enough about our defense," Hayes said in the lockerroom. "Look at the statistics."

Southfield was held to just 21 yards rushing and 54 yards on passes. The closest Southfield came all afternoon was the Farmington 25.

"I was very happy about one thing," added Hayes.

"Throughout the week, we had been telling our linemen on defense that they must rush the passer with their hands up."

"Well, our kids did. And I guess they must have knocked down four passes before the ball reached the line of scrimmage."

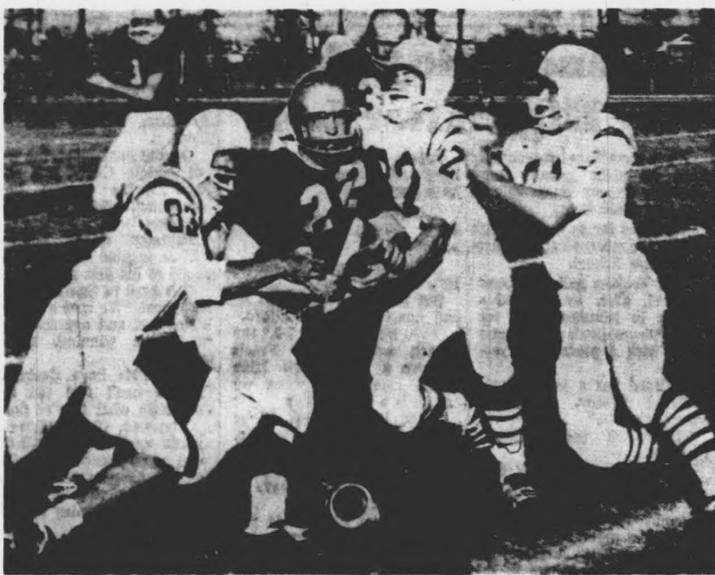

Hayes refers to his defensive corps as "the demolition crew."

"The title sure fified the kids against Southfield," the coach resumed.

"There was one time when Southfield tried a dive play. We had two men waiting for the diver before he even started to move. That's what you call great defense."

While Southfield was held to a total of 75 yards, Farmington picked up 186 yards rushing and 45 through the air.

In addition to the 50 yards gained by Charles, Leach gained 50 in 14 carries and Lardie added 41 in seven tries.

GANG TACKLING pays off by Farmington as Southfield Quarterback Ted Simmons is forced into a fumble. Tom Mitchell (83), Ray Lardie (82) and Dick

ON HIS WAY for gain is Bruce Charles (20) of Farmington as he steps for a first down against Southfield. Charles led Farmington in ground-gaining.

'NICE GOING, SON' is the salute from Monte Charles (left), Southfield coach, to his son, Bruce, who starred for Farmington in victory over his dad's team.

LIT to Play Home Basketball Games in Southfield This Fall

Lawrence Tech's Blue Devils will play their home basketball games in Southfield this Fall. Lew Moon, basketball coach and director of student activities, announced the change from Hackett Fieldhouse in Highland Park.

The home court for eight games of the 1964-65 season will be the Levey Junior High gym, on Nine Mile Road just west of Telegraph.

Cobo Arena will be the court for a home game—with Taylor University on January 2—which will be the preliminary to the

Detroit Pistons vs. Boston Celtics game. Then on January 14, the Tech will return to Cobo Arena to meet Detroit Tech. A home game for the Dynamics, it will be the preliminary to the Detroit Pistons vs. Los Angeles Lakers game.

Detroit Pistons rookie Joe Caldwell starred for the title-winning United States Olympic team this fall before entering the National Basketball Association, getting 16 points in the championship game versus Russia.

Registration fee, which covers insurance and other costs will be \$2.75 per youngster.

Sorrows Captures Final Tilt

(Continued from Page 2-C) these boys around here next fall," added the coach.

Departing, too, will be Dennis Conley, Rick Korte and Tom McAskin.

Kearney tallied once each in the first three quarters.

He took a pass from Jim McGrath and ran 15 yards for the initial score.

In the second period, Kearney broke loose from the eight and went over.

In the third stanza, he went around end from the 15 to hit paydirt.

Webster had his reserves on the field when St. Thomas scored on a pass early in the final period.

The season turned out a little better than Webster had expected.

He had predicted a 4-4 record. Sorrows won one more game.

Seek Players

(Continued from Page 3-C) on teams on a first-come-first-serve basis. An initial quota of 450 boys will be placed on Class "G" teams comprised of 9 and 10 year olds, or on Class "F" teams made up of 11 and 12 year olds. After the quota is reached, boys will be placed on a waiting list.

Registration fee, which covers insurance and other costs will be \$2.75 per youngster.

Holland's Coaching Rates Nod

When they start talking about a "Coach-of-the-year" the name of Ron Holland of North Farmington High School must enter the picture.

Holland started the 1964 season with a bunch of new faces. He had lost 25 regulars from his 1963 teams.

Twelve lettermen returned, but only two were what one might call regulars.

It was strictly a rebuilding job that confronted Holland and his staff.

There were those who early in September figured they already should shed a tear or two for Holland and North Farmington.

But, now two months later, North Farmington is preparing to close its season hosting arch-rival Farmington next Saturday afternoon.

Whether North Farmington wins or loses, the school already has wrapped up the finest football record in its young history.

By routing Jackson, 33-7, at Jackson last Friday night, North Farmington posted its seventh win against one defeat.

The most wins previously fashioned by a North Farmington team in a single season were six.

North Farmington showed against Jackson that it can run as well as pass.

In fact, Coach Holland held back on throwing the ball.

"After all, we knew the Farmington coaches were in the stands and we didn't want to show them too much," said Holland.

As a result, North Farmington stuck pretty much on the ground.

The Farmington team rushed for 207 yards and picked up only 44 in the air by hitting on two of seven passes.

The scoring began only the second time North Farmington had the ball.

With North Farmington in possession on the Jackson 45, Jim Wigglesworth slid off tackle and zoomed the distance to the touchdown.

Tom Trauch converted, the first of three extra points he was to make in the game.

Touchdown No. 2 resulted on a three-yard charge of Bill Oldershaw after Ron Peterson had run 27 yards to set up the counter.

Jerry Blas went five for another North Farmington touchdown.

It was Oldershaw from the one-yard line for TD No. 4, then Mike Maloney, a guard, reaped his greatest moment for North Farmington when he covered a Jackson fumble in the end zone for a touchdown.

Wigglesworth picked up almost 100 yards, although he carried the ball only four times.

Peterson and Oldershaw also did well in the ball-carrying department.

The North Farmington defense turned in another fine effort.

Jackson made little headway, especially in trying to pass. The quarterback was smeared time and time again before he could let loose the pigskin.

R. U. Soph Takes First In Meeting

Jack Shepherd of Redford Union was the individual winner last Thursday in the Farmington High Sophomore cross country meet.

He was timed in 10:21.5. Hazel Park took the team title with 64 points. Birmingham Seaholm was second with 72, followed by Royal Oak Kimball with 75.

Redford had 85 points, then Redford Union 117, Walled Lake, 144, Farmington 154 and North Farmington 281.

Shepherd was the only area runner to finish in the first ten. Paul Hyre of Hazel Park was second.

Feely Jr., Jack DiBlasi and Ed Columba.

REDFORD UNION PANTHER TRACKS

By Pam Ziemiak

Redford Union's annual "Sadie Hawkins" dance was held on Halloween night. This dance is a girl-ask-boy affair and is conducted by the Sophomore Class. Everyone was encouraged to wear clothes similar to those of the characters in the "Li'l Abner" comic strip. Many came in shabby old clothing with patches and tears, wearing straw hats, and carrying old whiskey jugs. Most of the girls made original vegetable corsages or weed bouquets for their partners. Dennis Aldrich, the "Marryin' Sam," presided over the mock "hillbilly" wedding throughout the evening. He performed short comical ceremonies and presented each person with a gold ring. Each couple received a marriage certificate and had their picture taken. A small fee was necessary for this "hitching" service. As it has been in the past, the "Sadie Hawkins" dance was again a great success for the Sophomore Class.

The debate team this year will be sponsored by Mr. Gregory, a teacher of English, Speech, Dramatics, and also sponsor of the Thespians.

The team, consisting of eight volunteers, is divided into two separate groups. They are the Varsity and Junior Varsity teams. The members of the Varsity are Marcia Glencer, Jo Ann Bradshaw, Peggy Schindler, and Helen Baron, Jr. Varsity includes Bob Compton, Barb Livorine, Larry Proksch, and Kurt Theil.

The officers for this year are Bob Compton, President; Peggy Schindler, Vice-President; and Jo Ann Bradshaw, secretary and treasurer. The topic of debate for this year will be "Resolved: That nuclear weapons should be controlled by an international organization."

Redford Union's debate team is a member of the Suburban Six League and the State League. R. U.'s first debate in the Suburban Six League will be held at Redford Union with Plymouth on December 3.

Fifteen members of Redford Union's Girls' Athletic Association attended a soccer playday at Trenton High School on October 27. All of the Suburban Six schools attended. R. U.'s girls included: Jo Ann Karl, Debbie Sarnes, Penny Sanchez, Cindy Mercer, Karen Anderson, Diana Urbas, Barb Traller, Judy Urbas, Lyn Smith, Sue Richmond, Linda Maxwell, Nancy Kelly, and Connie Schell. Liz Parr acted as scorekeeper, and Barb Tober was the referee. With the completion of the soccer games, the girls were served cider and doughnuts.

R. U. welcomes everyone to come and watch the excitement as the "ferocious females" of the senior class battle for victory at the Powder-Puff football game. The action will take place on November 13 at the Redford Union Panther Stadium.

The majorettes for this year are Karen Supanich, Pat DeBusscherre, Jerry Anderson, Robbie Wilcox, Darlene Pianparelli, Chris March, Janet Smith, Sandy Whitehead, Teresa Andrews, and Kathy Herzing. These girls have practiced diligently, and have made a good performance for the school.

The Thespians will be sponsored by Mr. Heuser and Mr. Gregory this year. Redford Union is represented by Troup 600 in the National Thespian

Society. The offices are held by Judy Littleton, President; Ron Barnett, Vice-President; Melody Cunningham, secretary; Peter Yori, treasurer; and Dave Ferris, historian.

Eight people were initiated into the club during the robed traditional ceremony of October 13. The Thespians have had a bake sale and are planning to take many trips to see plays.

The annual American Field Service Canister Drive was held from 9:30 a.m. to 1 p.m. on Saturday, Oct. 21. Students covered the Redford Union school district with a door-to-door campaign requesting contributions.

A prize of \$5 was awarded to the most ambitious campaigners. They were Karen Vargo, who collected \$27.34, and Doug Cassidy, who collected \$19.29. Contributions totaled \$752.05.

The Future Nurses is under the sponsorship of Miss Cotton, a new teacher this year. Two guest speakers have visited the club and given advice on types of medical careers. The Future Nurses have decided that they would like to make a combined "Future Doctors and Nurses Club." They urge young men interested in the medical field to come to the next meeting. With the addition of the proposed new members, new elections will be held for this year's club officers.

Redford Union has a new plan this year in which two students will be sent to foreign countries as foreign exchange students. One student will be sent for the summer months, and one for a full school year. In the past, the plan has been to send one student abroad for the summer.

Students were asked to write a qualification essay, and this was sent to the A.F.S. office in New York. Then they were each interviewed. The finalists for a full school year are Liz Parr, senior; and Brandon Price, junior. The finalists for a summer are Jan Junke and Tom McLain, both juniors. These finalists have been asked to write another essay in which they will explain why they want to visit a foreign country, what they hope to achieve from this experience, and what they hope to bring back with them.

First Federal Offers New Mortgage Plan

Numbers play an important role in everyday living. Sometimes, it would seem, they govern the lives of people from the cradle to the grave.

Your house number is indispensable and your phone number keeps you in touch with the outside world and hardly a household today can get along without a phone number.

Social security, zip codes, auto license plates and many other phases of modern living are tied to numbers. And now, numbers mean more to prospective home buyers.

This was revealed by Hans Gehrke, Jr., president of First Federal Savings of Detroit, in describing a popular home mortgage loan plan offered by the 30-year-old savings association, the largest in Michigan.

Said Gehrke: "We gave this number business quite a lot of thought. We were trying to find a short form that might be meaningful to real estate men, builders and prospective home buyers.

"One of our employees came up with the name—'80-30-5 1/2 plan'. The 80 means a person may borrow up to 80 per cent of the appraised value of a well-located modern home. The 30 means the borrower may take as long as 30 years to repay the loan. The 5 1/2 refers to the interest rate. We are making mortgage loans today at as low as 5 1/2 per cent interest."

Gehrke explained that the figures were based on the association's conventional loan plan. First Federal also makes FHA and VA loans on home mortgages to qualified persons.

During the last 30 years since First Federal was organized as a small savings and loan institution to encourage savers and finance prospective home owners, more than 75,000 families in Wayne, Oakland and Macomb counties have taken advantage of the association's home mortgage plan. Mortgage loans made up to now, according to Gehrke, total more than \$885 million.

The association now has more than 179,000 savings customers, whose savings have increased since the first of the year by more than \$48 million. During the same period, First Federal made 3,219 mortgage loans in the three-county area, totaling approximately \$60 million for the first nine months of 1964.

"We expect that our '80-30-5 1/2' program will attract increasingly widespread attention among prospective home buyers," said Gehrke. "We are backing the program with the experience of our entire organization, with the facilities of our downtown headquarters and our 18 branches in the three-county area, with the assurance that applications may be processed quickly and closed at any of our conveniently located branch offices."

13 Richman Stores In Detroit Area

Richman Brothers Company, with over 250 stores throughout the country, today opened its 11th and 12th stores in the Detroit area, bringing to five the total of new Richman stores opened here in the last two years. A 13th store is scheduled to open in the area next spring, company officials said.

The two new stores are in the new Macomb Mall Shopping Center at Gratiot Avenue and Masonic Boulevard, Roseville, and the new Livonia Mall Shopping Center at Middlebelt and Seven Mile Road.

Edward Chalka, formerly manager of the Highland Park Richman store, is in charge of the Livonia store. A father of three and an Army Air Force veteran, Chalka is a native of Detroit.

George H. Richman, president of the 86-year-old store chain, said Detroit is now second only to Cleveland, where the company is headquartered, in terms of numbers of outlets. There are 14 in Cleveland.

THIS BIG ONE didn't get away from Arnold Plichta, 356 N. Evergreen, Plymouth. He's shown displaying this large mouth bass which weighed 7 pounds, 14 1/2 ounces and was 23 1/2 inches long. Plichta landed his prize while fishing at Sandy Bottom Lake in Livingston County. He will receive a bronze award from Field and Stream Magazine for bringing in one of the biggest fish of its kind in this area.

Bentley Book Drive Nets 1000 Volumes

Bentley High School's Girls' Athletic Association held their second annual book drive last Thursday, November 5. This book drive is one of the many helpful community projects which are performed throughout the school year by GAA.

The girls collected a thousand books from different areas in and around Livonia. Books of all shapes and sizes were donated. They were all taken to one house in each area and from there were taken to Virginia Beven's house, to be sorted into various classifications according to age level and type of book. Virginia is a member of the GAA.

The books were then donated to the Boys' Republic of Farmington, a home for boys from the ages of 11 to 17 with emotional problems.

Educators Study A-V At Meeting

Livonia school board staff members George Bageris and Dr. Albert Goldberg will attend the Fourth Joint Conference on Instructional Materials sponsored by The Michigan Association for School Librarians, The Michigan Audio-Visual Association, and the Michigan Association for Supervision and Curriculum Development, in Kalamazoo on November 12 and 13, 1964. The theme of the Conference is "Instructional Materials—Designs for Curriculum Innovation."

For the last several months the Livonia Public Schools Library Services Department, Miss Viola Fitch, Coordinator of Library Instruction, and George Bageris, Director of Library Processing, have been working intensively with data processing techniques and equipment in an attempt to develop a more efficient and faster method of acquiring books for the system.

At the request of the Conference Committee in Kalamazoo, Dr. Goldberg and Mr. Bageris will present a summary of what has been developed in Livonia in a presentation entitled "First Steps in Automating Libraries." It is expected that the Conference will draw more than 500 leading educators from all over the state, together with people from national organizations.

Area Accountants To Make Tour of Ford Assembly Plant

The Oakland County Chapter of the National Association of Accountants will hold two meetings during November. On Thursday, Nov. 12, a plant visitation will be conducted of the Ford, Dearborn Assembly Plant, where the group will watch final assembly operations of the new Mustang line.

Immediately thereafter, the group will visit the Steel Division to view the open hearth operations. Following dinner at 7:30 p.m. W. E. Axelson, Manager, Manufacturing and Plant Engineering, Steel Division will address the group.

Reservations may be made by calling R. E. Ross at JE 9-3900, Ext 4471.

The Chapter will meet at 6:30 p.m. on Nov. 19, at Devon Gables for the regular monthly meeting.

Speaker will be George B. Morris, Jr. of the Labor Relations Staff of General Motors Corporation, who will discuss "Labor Relations and the Accountant."

All area accountants are invited to attend and reservations may be made by calling J. E. Mead at WO 5-2200.

MR. AND MRS. FRED GATES, of 14489 Alexander Drive, Livonia, were the winners of Wonderland Center's grand prize, a 1965 Mustang. Presenting keys to the vehicle is Ernest Epps, promotional director for the 57-store Center at Plymouth Road and Middlebelt. The Gates' indicated that they would switch to a station wagon to accommodate their six children. Car courtesy of Bill Brown.

Expect 150,000 Attendance At Auto Show

Officials of the 49th annual Detroit Auto Show are planning for an attendance of 150,000 during the nine day run, January 9 through 17, at the Detroit Artillery Armory, West 8 Mile near Northland.

Harold C. Johns, chairman of the Detroit Auto Dealers Association show committee for the sixth time, said that interest in the 1965 show will be particularly high this year because of the many changes and fresh look of practically all 1965 automobiles.

He said his committee is planning expanded facilities of every type to accommodate the expected increase in attendance.

Boyce Tope, show manager, reports that all domestic and many foreign car manufacturers will be represented in the show.

Many special show models and "cars of the future" are expected.

The huge hall contains 290,000 square feet of floor space — about seven acres for the beautifully decorated and colorful showing. The mammoth parking lots will accommodate more than 7,000 cars.

The show hours will be 11 a.m. to 11 p.m. daily.

"AREN'T YOU GLAD OUR STREETS ARE CONCRETE? THEY'RE SO CLEAN AND SAFE!"

Concrete's light, bright color alone gives the whole neighborhood a cheerful, well-tended look. It's a real safety factor, too, during dark hours. Driving or walking, you see better—and are seen better. The dependable skid resistance of concrete, even in wet weather, is well known.

And concrete's protection even extends to your billfold. Solid clear through, unexcelled for strength, it stands up to traffic—a fact conclusively proved again in the biggest pavement test of all time, the recent National Road Test. In fact, your state shared in this test.

A concrete street costs less to keep up and saves your tax dollars. Concrete stays smooth-riding through the years. Because there is no substitute for strength, there's no substitute for concrete.

Election Is Prime Topic as Observer Readers "Speak Up"

Water Fund Surplus

Editor: We wish to take this opportunity to express our sincere appreciation to each and every one of you who, by your vote, expressed your confidence in my ability to serve as your Supervisor.

We also wish to express publicly, our gratitude to the truly wonderful people who made many, many sacrifices to help us in this effort. It would be impossible to single out any one person's efforts over another's. Let us say a great big thanks to each and every one of you.

To Mr. Democrat in Redford Township, John Bennett, a very special thanks for the many kindnesses and courtesies you have shown me. You are a credit to your Party and your community. Good luck to you in your new endeavors, John. You certainly deserve promotion.

We entered the jungle of politics with a reputation for honesty, integrity and truthfulness. Mr. McDonald, several times, twisted and distorted some of my statements but since we were opponents in the election this was to be expected. I did not expect, or appreciate, the 11th hour assault on my character by Mr. Horace Engler, Chairman of the Redford Township Republican Club, Water Department Superintendent, Building Department Superintendent, D.P.W. Department Superintendent and Public Safety Officer.

The only Democrat who issued any public statement about a Water Department operating surplus was myself. Mr. Engler placed a full page ad in a local newspaper and a full page ad in a 4-page political publication calling the Dems liars, stating there was no surplus in the Water Department and that we were lying to you to "steal your vote."

Let's set the record straight. The operating surplus in the Redford Township Water Department as of June 30, 1964, is \$891,400.69. This represents an increase of \$117,053.65 in operating surplus for just 3 months! This is based on the Water Department Audit Report signed by Mr. Robert G. Adams, a Certified Public Accountant.

So long as there is a partisan system of local politics in our Township, we know it is now our duty to serve as a watchdog in the interests of all the people. We accept this responsibility to the community and will do our best to prove worthy of this trust.

NATHANIEL BANKS
Redford Township

'Hounded for Parks'

Editor: I would like to appeal to the citizens of Livonia—as a tax payer and citizen, I am opposed to our tax money being spent for golf courses, park sites, law suits, most of these law suits the mayor has lost and we the citizens foot the bills.

Now we are being hounded for park sites at an increase of taxes. These are luxuries that can come later, it's about time, we citizens fight for more important needs.

- 1) Fire stations.
- 2) More police and firemen (not intergrated).
- 3) Paved streets.
- 4) Street lighting on public thoroughfares.
- 5) Adequate drainage in some areas.

I would rather my increase in taxes go for the above mentioned, not golf courses or park sites.

The mayor has asked for an increase of money, to run his own office, he got an increase last year, and is asking for it to be doubled this year.

Our firemen had to wait nearly five years, for an increase in their pay, along with our policemen.

What ever happened to promises of lower taxes? Each year our taxes have gone up. Senior Citizens ignored with their pleas for lower income apartments. City ordinances being passed from one department to another.

To me, it seems that, we the citizens have to pay the bills, but we are not allowed to be heard, on anything anymore. So let's wake up, Livonia, find out what is going on at City Hall. Instead of being like puppets on a string, like some of our poor city officials.

DISGUSTED CITIZEN

Shirking our Duties?

Editor: I simply cannot restrain myself from answering the writer of the letter signed "A Redford Township Citizen," which was published in your paper on November 4.

Putting the blame for the tragic accident of October 17 on the police is just another way of shirking our responsibility as adults and parents. By allowing our children to obtain driver's licenses at age 16 and by permitting the teaching of driving courses in our high schools we have in effect handed our teenagers a loaded gun.

I live in the vicinity of one of our high schools and every day God performs miracles and keeps near-accidents from happening to drivers and pedestrians alike.

I would suggest, "Township Citizen," that if your sons are allowed to drive that you do a little checking into their driving habits when they are away from your home. Every day I see such horrible examples of careless, homicidal driving being committed by someone's teenager that I am heartsick.

TERRIFIED OF TRAFFIC.

'Duty to Pursue'

Editor: It seems to be the fashion now to blame policemen for crashes which result from the high-speed pursuit of cars, whose drivers are trying to escape, after a traffic violation. An officer would naturally prefer to not risk his own neck in a dangerous chase. He does it because we citizens have hired him to protect us against law-breakers. In any situation calling for police action, an officer is greatly limited in what he must or must not do, by numerous laws and regulations, which he, as an individual, did not make. Put the blame where it belongs, not on the policeman.

Should we citizens be blamed collectively for bad laws and regulations concerning crashes resulting from police chases? In my opinion, the police should be required to pursue fleeing law-breakers. A person who attempts to escape at high speed after violating the law puts the lives of innocent people in terrible danger. Regardless of his age, and whether he does this thing because of panic or desire for greater thrills, he is demonstrating that he is unfit to be at liberty in society. If allowed to race away, a wild spree could be continued without check, persons fleeing from felonies would have their chances of escape improved, and enforcement of traffic laws would become even more difficult than it is now. Unless ticketed on the against a traffic offender. It is

When I read that Farmington was to have a "traditional" football classic this year, I was pleased that they had joined other communities with a fine fund-raising project. These games heighten interest in local athletics by providing a mythical city championship, but more important they offer the chance for local charitable organizations to receive some needed assistance. Detroit has similar games with their Soup Bowl and Goodfellow games—all for good causes. But what use does Farmington plan for the extra money raised with their game?

Will it help the Farmington Old Newsboys who sell newspapers to raise money for the food baskets Goodfellows distribute? Or maybe help repair and distribute the toys the Elks collect—all these so "that no child shall be without a Christmas"?

No. They are going to use it for an important project—to put up new Christmas lights in the city.

I am not against the practice of "lighting up" the town, shopping center or homes. In fact, I look forward to seeing the lights every year because it heralds the beginning of the holiday season with all its attendant joys and excitement.

But the reason for lighting the town or shopping centers, whether it be Northland or Farmington, is still the same: it is primarily a promotion to attract people—and business. It is probably justifiable, certainly it is an enjoyable practice, but it still is a promotion, and as such, I believe it should be paid for by all the people it benefits most—the Board of Commerce members or the local merchants.

Perhaps there is no charitable need for this "extra" money in Farmington. If this is true, then why not keep the money where it is earned, and improve the facilities that earn it instead of using tax money for this purpose.

If the Board of Commerce is determined to buy lights, why not use the money toward lighting one of the high school athletic fields? Then "Progressive Farmington" wouldn't be the only community in this

spot, there is usually no case too hard to prove the driver's identity, with friends covering up for each other, etc. Without the ability to pursue persons who have been seen breaking the law, law enforcement would collapse, and civilization with it. Put the blame where it belongs, on the law-breaker.

DEANE McDARIS

A Big Thanks

Editor: Dear Mr. and Mrs. Redford Township:

Thank you for the overwhelming vote of confidence. I promise you that I will do my very best for the people of Redford Township and the State of Michigan.

Sincerely,
JOHN BENNETT
Your State Representative

Partisan News

Editor: I enjoyed Mrs. Raymond's article in the last "Observer." However, there are facts which have escaped many readers, which bear on the main thesis of her article. One is, that the theoretically non-partisan agencies of the Federal Government have been made the organs of the administration. The Voice of America has become the voice of the Democratic machine. Parts of the vitriolic editorial on Senator Goldwater, from the Saturday Evening Post, were broadcast to foreign correspondents and to American voters abroad.

The U.S.A. has given out handouts to the foreign press copied word-for-word from labor publications without corresponding exposure from more conservative publications. The American Embassy in London was the scene of a discussion on the American election top-heavy with partisan material and talk. No wonder foreign residents consider Senator Goldwater as all that is undesirable in a president.

I top, was in Europe this past summer and read and heard some of the results of this vilification.

Yours Truly,
FLORENCE LATHERS
Plymouth

Better Use of Funds?

Editor: Drive into Farmington this holiday season and see the new Christmas lights. And when you do... remember that for every five or 10 of these new lights a child could have had a new Christmas toy or a needy family a better meal.

When I read that Farmington was to have a "traditional" football classic this year, I was pleased that they had joined other communities with a fine fund-raising project. These games heighten interest in local athletics by providing a mythical city championship, but more important they offer the chance for local charitable organizations to receive some needed assistance. Detroit has similar games with their Soup Bowl and Goodfellow games—all for good causes. But what use does Farmington plan for the extra money raised with their game?

Will it help the Farmington Old Newsboys who sell newspapers to raise money for the food baskets Goodfellows distribute? Or maybe help repair and distribute the toys the Elks collect—all these so "that no child shall be without a Christmas"?

No. They are going to use it for an important project—to put up new Christmas lights in the city.

I am not against the practice of "lighting up" the town, shopping center or homes. In fact, I look forward to seeing the lights every year because it heralds the beginning of the holiday season with all its attendant joys and excitement.

But the reason for lighting the town or shopping centers, whether it be Northland or Farmington, is still the same: it is primarily a promotion to attract people—and business. It is probably justifiable, certainly it is an enjoyable practice, but it still is a promotion, and as such, I believe it should be paid for by all the people it benefits most—the Board of Commerce members or the local merchants.

Perhaps there is no charitable need for this "extra" money in Farmington. If this is true, then why not keep the money where it is earned, and improve the facilities that earn it instead of using tax money for this purpose.

If the Board of Commerce is determined to buy lights, why not use the money toward lighting one of the high school athletic fields? Then "Progressive Farmington" wouldn't be the only community in this

Department will be very big and solicitous and put up a light. When it's too late you will put your great seal of approval when some child is killed or crippled for life.

I would like you to spend one day in Farmington and try crossing on foot and by car. It has taken as long as 7 or 8 minutes to get across at times. And for a child who may be late this is a little too much.

As for your study of this corner I have seen meters longer on less traveled streets. If one life is saved by a light then it is worth every cent it would cost to erect and maintain.

I suggest you do some soul searching and make another study of this corner soon.

Or is this to be another Beech and Grand River, Orchard Lake and Grand River, Telegraph and Schoolcraft, 12 Mile and Middlebelt, and so many more that I could name.

Farmington Is Willing to Foot The Bill
Just remember any child that is going to school today is a voter of the future and I think that some of the politicians in this state start thinking of this.

Some day soon a child will die at this corner and I hope and pray that it will not be mine.

When the people, Mayor, City

Manager, City Councilmen, and Police Department are in agreement that we need a light. Who are you to STOP it?
We are not asking for something that is not necessary this is something we need to help keep Farmington safe for our children.
We do not want to make headlines or seek publicity but if that is the only way to reach a goal than that may be the next step if you are not willing to study this further.

Very Sincerely Yours,
Mrs. Geraldine Kinjorski,
22805 Brookdale,
Farmington

A Different Analysis

Editor: As chairman of the now defunct Livonia Staebler for Governor Steering Committee, I would like to express my deep appreciation for the fairness you exhibited in your news columns during the last gubernatorial campaign.

When I took of this position, I felt that possibly I was wasting my time attempting to get any coverage for our committee and our candidate, because it would either not be printed, or it would be twisted, slanted and slurred. I reminded myself that you were a Republican, and a Republican candidate for the State Senate.

However, you proved the oracles wrong. I would venture to say that 90% of the news releases and issue materials submitted to you, regarding our committee, and Neil Staebler, was printed without embellishment or cutting. For that I am most grateful. There were only two instances where you attempted to editorialize in our material. However, I am still grateful.

My mother once told me that in life, along with the kudos there are always knocks. I am now referring to your Facts and Opinions column of November 4. Without stating any facts, it is your opinion that something went wrong with the presidential election, and many American citizens found "themselves locked into a position where many (if not most) did not really want to vote for either Presidential candidate and only went to the polls out of duty, with a sense of heavy burden?"

I dispute that! If the usual spirit that runs in this country during a presidential election was missing, it was due to the fact that there was no contest. The results indicate that most Americans did believe in their hearts that Goldwater was wrong and Johnson was right. And they did so in such overwhelming numbers that they realized that the pollsters were correct—the election was over before it started.

Thank you,
DEL LAMB

When the people, Mayor, City

Manager, City Councilmen, and Police Department are in agreement that we need a light. Who are you to STOP it?
We are not asking for something that is not necessary this is something we need to help keep Farmington safe for our children.
We do not want to make headlines or seek publicity but if that is the only way to reach a goal than that may be the next step if you are not willing to study this further.

Very Sincerely Yours,
Mrs. Geraldine Kinjorski,
22805 Brookdale,
Farmington

A Different Analysis

Editor: As chairman of the now defunct Livonia Staebler for Governor Steering Committee, I would like to express my deep appreciation for the fairness you exhibited in your news columns during the last gubernatorial campaign.

When I took of this position, I felt that possibly I was wasting my time attempting to get any coverage for our committee and our candidate, because it would either not be printed, or it would be twisted, slanted and slurred. I reminded myself that you were a Republican, and a Republican candidate for the State Senate.

However, you proved the oracles wrong. I would venture to say that 90% of the news releases and issue materials submitted to you, regarding our committee, and Neil Staebler, was printed without embellishment or cutting. For that I am most grateful. There were only two instances where you attempted to editorialize in our material. However, I am still grateful.

My mother once told me that in life, along with the kudos there are always knocks. I am now referring to your Facts and Opinions column of November 4. Without stating any facts, it is your opinion that something went wrong with the presidential election, and many American citizens found "themselves locked into a position where many (if not most) did not really want to vote for either Presidential candidate and only went to the polls out of duty, with a sense of heavy burden?"

I dispute that! If the usual spirit that runs in this country during a presidential election was missing, it was due to the fact that there was no contest. The results indicate that most Americans did believe in their hearts that Goldwater was wrong and Johnson was right. And they did so in such overwhelming numbers that they realized that the pollsters were correct—the election was over before it started.

Thank you,
DEL LAMB

STEPHEN ROFFI, now in the third grade at Redford Township's Horace Mann School, is a celebrity already. At least, that is the way his classmates think of him after his drawing of an octopus appeared in Scholastic Magazine. The periodical is published for thousands of second grade classes across the country as a supplement to regular reading. Here he looks at the paper, proud as Punch of his creation, which his second grade teacher, Miss Eileen Thomas, sent to the publisher last spring. Stephen's present teacher is Mrs. Nancy Spore. His parents are Mr. and Mrs. Harry Roffi, of 11790 Columbia.

Curriculum Conference At MSU

More than 450 educators will meet at Michigan State University's Kellogg Center Nov. 19-20 for the annual conference of the Michigan Association for Supervision and Curriculum Development, a department of the Michigan Education Association.

Keynoting the conference will be Dr. Herbert A. Thelen, head of the educational psychology faculty, University of Chicago. Thelen's topic will be "Must We Teach Ignorantly? Or The Stubborn Facts About the Teaching-Learning Process."

Other conference speakers are Earl Kelley, distinguished professor of education, Wayne State University; Ned Flanders, professor of education and research consultant, University of Michigan; John E. Ivey, Jr., dean of Michigan State University's College of Education; E. Dale Kennedy, Michigan Education Association executive secretary; and Wendell M. Hough, associate professor of education, Wayne State University, and president of MASCD.

A major part of the conference will be small discussion sessions. Participants may choose from such topics as teacher evaluation, the process of curriculum change, mental health in the classroom, and schools as instruments for social change.

The theme of the meeting is "Teaching and Learning: Using What We Know and Searching for What We Need to Know" and a special symposium will apply this topic to local school situations.

Let's Talk Travel

By ELEANOR ATKINSON
Last week in our column we talked about Mexico, the country and its peoples. This week we want to talk with you, the traveler, as you prepare for your trip South of the Border.

Although you are going into a "foreign" country you do not need a passport, but you must have a tourist card issued by the Mexican government and a smallpox vaccination certificate. If your stay in Mexico is less than thirty days, the tourist card is issued to you free. For more than thirty days the cost is \$3.00 for single entry. Your travel agent will secure the tourist card for you and have your vaccination certificate stamped by the Public Health Service after your doctor has signed for your vaccination. Just ask your agent for the yellow health card.

Always carry with you the evidence of citizenship used to secure the tourist card, and if you have valuable items of foreign-make, register them with the U. S. Customs before leaving the United States. There are no restrictions on importation or exportation of money except for gold, so don't buy jewelry containing gold coins. If you carry a radio with you, it is registered and must be taken out of Mexico on departure.

Bargaining is accepted practice in the markets and in small shops. The big shops have a one-price policy. Mexico City's Avenida Madero is like the Rue de la Paix in Paris. Sanborn's is famous for textiles and hand-crafts. Tillet's has wonderful handblocked prints. Mexican jewelry of handmade silver can be bought everywhere, but Taxco is the place to buy your silver articles. Perfumes are lower priced than at home, and there are good buys in quality leather and suede articles. Be sure to visit the markets. There is one in every district. The National Pawn Shop is operated on a different basis from the pawn shops in the United States, and they turn up bargains.

Mexico City is cosmopolitan and you would dress there as you would in Detroit. For the coastal regions take cottons, sports clothes, bathing suits. But—wherever you are, remember that good walking shoes are a must, and we have found that a good sweater is the best traveling companion wherever you go.

Mexico is everyone's vacation from the economy-minded to the man of means. For the trip that is just right for you, see your travel agent. (For further information, phone Eleanor Atkinson, Kenwood 5-3388.)

100 Years Celebrated by Lodge

In celebration of the 100-year anniversary of the Montefiore Lodge in Detroit a current Broadway musical will be presented Dec. 2 at 8 p.m.

The production will be handled by Sulie Harand at the Temple Israel at 17400 Manderon Road, Detroit.

Tickets are \$2. For further information contact the chairman, Mr. and Mrs. Horace J. Haber at UN 2-8530.

Michigan Catholic Alumnae Hold Convention at Madonna

Catholic alumnae from throughout the State of Michigan gathered at Madonna College on Nov. 7 for the 18th Triennial Convention of the Michigan Chapter of the International Federation of Catholic Alumnae.

A highlight of the convention was the drawing of four scholarships for the summer session at the University of Detroit; and one for the upcoming summer session at the college of the recipients choice.

The U. of D. scholarships were awarded to a faculty member at Madonna College, St. Mary Academy in Monroe, St. Benedict's High School in Highland Park, and St. John Vianney High School in Flint.

A faculty member of St. Matthew's High School in Flint received the fifth scholarship.

All of these scholarships were awarded to religious teaching sisters for the continuance of their education.

In other action the convention delegates elected Mrs. Thomas Shea of the Loretto College Alumnae as Governor of the Michigan Chapter for a three-year term.

Mrs. Thomas J. Callan, Governor of the Chapter, extended greetings to the delegates and members at the opening session. The Very Rev. Msgr. Vincent J. Horkan, Ph.D., the Superintendent of the Catholic schools in the Archdiocese, said the invocation.

Sister Mary Reynolda, C.S.S.F., President of the Madonna, welcomed the delegates as did the president of the Madonna Alumnae, Mrs. Thomas Enright.

A dialogue Mass for the de-

ceased members of the Michigan chapter preceded the luncheon session.

The Rev. William J. Sherzer, S.T.L., Chairman of the Liturgical Commission of the Archdiocese of Detroit, was the luncheon speaker. He spoke on the "Liturgical Aspects of the Ecumenical Council."

Mrs. Callan reported to the delegates on the golden jubilee International Convention of the

Federation which was held in Washington, D.C. in August at the afternoon session.

Also included in the day's program were workshops for teachers and other groups.

A tour of the Madonna College campus and a tea honoring past Governor's of the Chapter closed the Convention.

Miss Gertrude Bonk of the Madonna College Alumnae was the general chairman of the convention.

WJR's Lee Murray To Head Women for Michigan Week

Mrs. Lee Murray, women's director of radio station WJR, Detroit, has been chosen to lead a campaign in connection with the 1965 Michigan Week to enlist every state and local women's organization in active promotion of Michigan.

She will be chairman of a Michigan Week Council of Women's Organizations that will represent women's groups of all interests, Woodward C. Smith, general chairman of the 12th annual Michigan Week, announced.

"We expect 1965 to see more women working for the progress of Michigan than ever before, far more," Mr. Smith said. "In fact, we expect it to be the start of a continuing program of women-at-work-for-Michigan that

Five religious teaching sisters received scholarships for summer school studies at the International Federation of Catholic Alumnae Convention at Madonna College Saturday. Drawing for one of the scholarships is (from left to right) Miss Gertrude Bonk, convention chairman, and Mrs. Thomas J. Callan, immediate past Governor of the Michigan chapter.

will bring important results for Michigan in many fields year after year. We are especially fortunate in getting Lee Murray to head this effort."

Presidents and other representatives of a number of women's organizations will be asked to serve on the council which Mrs. Murray will direct.

Not only state-wide organizations will be included but those that function regionally in the state. Mrs. Murray is president of the Detroit chapter of American Women in Radio and Television Inc. and is on the board of the Women's Advertising Club of Detroit.

Traditionally Michigan Week has had a committee representing state women's organizations but never one of the scope of the council now being organized, Mr. Smith said.

Because the theme of Michigan Week this time is "Michigan—Dynamic in World Progress," women's organizations are urged to take special interest during 1965 in Michigan's world trade and the part Michigan people have in world affairs and to look for opportunities to help show Michigan to advantage around the world.

Each women's organization, whether a state association or a local group, is being asked to undertake in 1965 some special project of its own for the good of Michigan. The suggestion is that the organization use Michigan Week, May 16-22, as a focal point for launching or highlighting the project.

A handbook for state and local groups being published by the Michigan Week Council of Women's Organizations will be ready for distribution in November.

13th Annual Ford Museum Lecture Series Opens Nov. 20

The 13th annual Henry Ford Museum Antiques Lecture Series opens Friday, Nov. 20, when Milo Naeve of the Henry Francis du Pont Winterthur Museum, Winterthur, Del., presents an illustrated talk on "Collectors and Collecting of Americana; 1707-1929."

This year, the monthly series focuses on "A Collector's Report," and features six notable antique lecturers who will discuss various phases in the adventure of collecting Americana.

The featured speaker for Dec. 11 will be Mrs. George Maurice Morris, Washington, D.C.; who lectures on her house and collections, "The Lindens, a Massachusetts House in Washington, D.C." On Feb. 19, Detroit's Charles Feinberg speaks on "Collecting American Literary Manuscripts and Letters."

Warren Baker, Michigan City, Ind., speaks on "Reminiscences of a Collector—English and Dutch Delft and English Lustre Pottery," on March 19.

On April 9, Birmingham, Mich., collector James Keene lectures on "Collecting Americana—Unlimited." Philip H. Hamerslough, West Hartford, Conn., speaks on "Experiences of a Collector of American Silver," concluding the lecture series on May 21.

During the past twelve years, this series has brought to Michigan over seventy lecturers in various fields of American study. The Henry Ford Museum Antiques Lecturers Series recognized as the foremost program of its type in the Midwest is designed principally to increase our understanding and appreciation of America's Decorative Arts.

Registration is \$1.50 per lecture, or \$5.00 for the six lectures. For information, contact Henry Ford Museum and Greenfield Village, Dearborn, Mich. 271-1620.

Visits Son

Mr. and Mrs. Ward E. Clemens and Darlene Barry of 18625 Foch, Livonia, Michigan were guests of their son, Ronald W., for the annual Parents' Day festivities at Wheaton College (Illinois) for the weekend of October 31. Mr. Clemens is a senior student at the college.

The wise husband finds business to be urgent, at the sight of a dustrag or detergent.

Jacqueline Fulton

Mr. and Mrs. Arthur V. Fulton of Plymouth wish to announce the engagement of their daughter, Jacqueline C. Fulton, to John Rellias Jr. of Garden City. Jacqueline graduated from Plymouth High in 1964 and John from Franklin High in 1964. John is the son of Mr. and Mrs. John W. Rellias Sr. of Garden City. The wedding date has not been set.

AAUW of Farmington to Meet Nov. 18

The Farmington Branch of the American Association of University Women will welcome the public at its general meeting Wednesday, Nov. 18, 8 p.m., in the cafeteria of the East Junior High School, 25000 Middlebelt.

Dr. George Zissus will talk on the subject, "Science and the Layman." Dr. Zissus is an infra-red physicist at the University of Michigan Laboratory at Willow Run. He has served at the Laboratory since October, 1955, with a leave of absence during 1962 and 1963 in Washington at the Institute for Defense Analysis. He has received the degrees of BS, MS and PhD from Purdue University.

Mrs. David Mills, Program Chairman, will introduce the speaker. After the program and refreshments, a business meeting for members will be conducted by Mrs. T. F. Lapinski, president.

Serving on the committee for this meeting are Mrs. Robert Benya (chairman), C. Sutherland, S. Taylor, V. Grant, B. Justice and N. Orr. Hostesses will be Mrs. R. M. Grinager and Mrs. C. R. Krall.

Redford Girl Scouts To Represent Area

Redford Township senior girl scouts and their leaders will be well represented at Council meetings and national Roundups in the future.

Six leaders and committee members of the Redford District of the Girl Scouts plus two Metropolitan Board members from the District will be among the 100 representatives of the Metropolitan Detroit District attending the four state conference in Chicago, Nov. 11-13.

The delegation from Detroit will be headed by Mrs. William E. Wilson, Metropolitan Council president.

Those attending from the Redford District include: Mrs. Shirley G. Dearth, Mrs. Richard Guregan, Mrs. Wayne Hildeman, Mrs. Betty Johns, Mrs. William Oas, Mrs. Frank Maier, Mrs. K. E. Johnson, and Mrs. Robert Keene.

Theme of the conference is "Girl Scouting—A Promise in Action." Adult members of the Girl Scouts from Indiana, Illinois, Michigan and Wisconsin will attend.

Speakers will include: Bishop Richard C. Raines of Indiana and Dr. Jeanne L. Noble, Associate Professor of Education at New York University's Center for Human Relations and Community Service and a member of the National Board of Directors of the Girl Scouts.

Sixteen Redford District Senior Scouts and two alternates will be among the 94 Senior Scouts from the Metropolitan District to attend the Senior Roundup at Coeur D'Alene, Idaho, in July, 1965.

Approximately 10,000 campers and staff members from the United States and other coun-

tries will attend the Roundup. Senior Scouts and their troop numbers from the Redford District are: Troop 1167, Ruth Craig, Jamie Dearth, Mary Lynn Gross, Reisa Hamilton, Linda Hay, Cheryl Karbon, Kathy Meinschein, Chris Newton, Betty Southart, Sharon Wieland and Karen Obsniuk (alternate).

Troop 2188: Dianna Fritts and Diane T. Gallia; Troop 2305: Geraldine Head and Karlene Usesh; Troop 1209: Kathy O'Neill and Pat Menninger (alternate) and Lynda Wilkerson of Troop 1128.

WSU Professor To Speak to Plymouth BPW

The Plymouth Business & Professional Women's Club will hold its monthly meeting Nov. 16 at Hillside Inn. The program will begin at 6:30 p.m.

Guest speaker will be George Andrews, Associate Professor of Physical Therapy at the Wayne State University School of Medicine. He will discuss mental retardation and what might be done in the locale to help with this problem.

An honored guest will be Patricia Skinner who will tell about her experiences at Girls State. Patricia was selected by the BPW last year to be a delegate to Girls State.

Members are requested to pick up the boxes of candy at Beyers Rexall Drug Store on Ann Arbor Road which will be sold by the Plymouth chapter for \$1 a box.

Newspaper Gals Form Press Club

Newspaper women from every section of the state traveled to East Lansing, last Saturday morning, in an initial effort to form a Michigan Woman's Press Club.

Barbara Komar, 29490 Robert Drive, Livonia, the editor of the Northwest Detroit chain of newspapers, which includes the Detroit Emergency Press, was selected to serve on a committee of eight to organize the new state wide organization.

Comments from some of the top news women in Michigan all served to punctuate the need and desirability of forming a press association such as already exists in many other parts of the country.

All agreed that the new clubs should be comprised of only professional working press women and that the constitution and by-laws should be formulated to be acceptable to the National Woman's Press Association.

The all-day meeting was held at Michigan State University under the chairmanship of Sharon Nelton of the Department of Informational Services (MSU).

In addition to Mrs. Komar, others of the organizational committee are Janet Odell, Woman's Editor of the Pontiac Press, Marion S. Gratton, Woman's Editor of the Jackson Citizen Patriot, Virginia Redfern, Woman's Editor of the Lansing State Journal, Elaine Morrissy, News Editor of Coldwater Daily Reporter, Arlys Derrick, Woman's Editor of the St. Joseph Herald Press, Doris Mack, Otsego County Herald Times in Gaylord, and Louise Leisner, Woman's Editor of the Petoskey News Review.

Toastmistress Club Elects New Officers

Mrs. John Ralston was elected president of the Redford Toastmistress Club at the Oct. 27 regular meeting.

Other officers elected to one year terms are: Mrs. Clifford Terry, vice president; Mrs. Richard Meier, recording secretary; Mrs. Rahula Prouse, Mrs. Ralston treasurer, and Mrs. Nobel Burgener, council representative.

A round table discussion on "Election Year and Party Politics" highlighted the meeting at the Danish Club. Mrs. Clifford Terry moderated the forum.

The next meeting will be Nov. 10 at the Danish Club. General theme of the meeting is "Creative Reading." Mrs. Robert Baxter will present a book review and Mrs. John Ralston will present a "Founders Day Tribute."

Redford Toastmistress Club meets every second and fourth Tuesday at 12:30 p.m. at the Danish Club on Grand River. Further information may be obtained by calling the membership chairman Mrs. Clifford Terry at GR 4-6179.

Kappa Deltas Promised Gay Meeting

Kappa Deltas of the Northwest Suburban Alumnae group will have a wine tasting party, Wednesday, Nov. 11. The meeting will be held at the home of Mrs. Ruth Hartman, 9306 W. Outer Drive, Detroit at 7:45.

The party is being held in conjunction with West Side Kappa Deltas and will also feature films on the selection and care of wine.

Assisting the hostess from the Northwest group will be Mrs. Thomas Hofman and Mrs. Robert Benjamin. For more information call Mrs. Thomas Hofman 474-6180 or Mrs. John Dawe, 422-2244.

Sandre Barrie Married Nov. 7

Mr. and Mrs. Robert H. Barrie of 17351 Sumner Ave., Redford Township announce the marriage of their daughter, Sandra Margaret, to Robert Brown. The groom is the son of Mr. and Mrs. John Brown of 18770 Grandville Ave., Detroit.

The couple were united in marriage at an 11 a.m. Nuptial Mass at Our Lady of Loretto Catholic Church in Redford Township on Nov. 7.

The bride's sister, Sheryl, served as the Maid of Honor, while Thomas Brown, brother of the groom, was best man.

The newlyweds are honeymooning in Colorado and the west.

Thrift is a wonderful idea—it's a shame our ancestors didn't practice it more.

UM Bowl Chances Soar—Thanks To MSU Help

The sniff of roses gets a little more stimulating as far as the University of Michigan football team is concerned.

Thanks to an assist from rival Michigan State last Saturday, Michigan now has a fair chance to win the Big Ten title and also the trip to Pasadena, Calif., for the New Year's Day activities.

Michigan whipped Illinois by a 21-6 score last Saturday as State trimmed Purdue, 21-7.

Both Michigan and Purdue now stand 4-1 in the Big Ten, a half-game behind Ohio State (4-0). However, the Buckeyes were far from themselves in a non-leaguer against Penn State and were crushed by a 27-0 score.

Michigan now goes on the road this Saturday to meet Iowa and finishes the following Saturday against Ohio State. The Buckeyes get back into conference action this Saturday against Northwestern. Purdue has Indiana and Minnesota left in the league.

Notre Dame's No. 1 ranked Irish had their problems Saturday, barely winning over Pittsburgh, 17-15. This Saturday, the Irish host vastly improved Michigan State in the nationally televised game . . . and it will be in color, too, if you have such an instrument around the premises.

Alabama, Nebraska, Syracuse, Texas, Arkansas and Southern California were among the leading teams which won last week. Florida and LSU got beat.

On the local scene, University of Detroit routed Virginia Military, 28-7; Wayne beat Thiel, 12-7, to take the Presidents' Athletic Conference title, and Albion finished with a perfect 8-0 record, something no other Michigan team could achieve.

Elsewhere in the world of sports:

PRO FOOTBALL
The Lions took a 30-7 licking from the hands of the Green Bay Packers. They also lost Joe Schmidt, their star linebacker, with a dislocated shoulder. He may be out for the rest of the season.

Baltimore won from Chicago, 40-24, and now leads the Western Division by 2½ games. Cleveland took care of Washington and holds a two-game bulge in the East.

This Sunday it will be the

DPW News and Notes

By JOSEPH BIDA, Supt. Plymouth DPW

The department has been busy this week with all the city streets being swept and the business section as well. Leaves were picked up throughout the city with a cost of \$1,194.28 for the week and a total for the season of \$4,158.15. Men have been working early and late to get these picked up before rains or bad weather sets in.

Flower boxes were built for Kellogg Park and tulip bulbs planted. Grading was continued on Coolidge Street and work is now completed. Cold patching was done through the city where needed. A ¾" and a 1" water tap were installed and a 6" sanitary sewer tap made.

Cleaning was done at the Riverside Cemetery and four funerals were handled.

Men came in early on Nov. 3 to set up the voting booths and mark boundaries for solicitors. The next day a crew was sent in to close the voting stations and put the machines away.

Signs were made and installed at various locations for traffic control. The rubbish container that was in the Central Parking Lot is now at the City of Trenton on lease. The container has a capacity of 35 cubic yards. When this is emptied it costs the City of Trenton \$1.75 per cubic yard or \$61.25.

Two Livonians Get Key AMC Promotions

Guy Hadsall, Jr., of 32023 W. Chicago, Livonia, has been appointed national merchandising manager of the Automotive Division of American Motors, it has been announced by Thomas A. Coupe, vice-president of automotive sales.

At the same time, Coupe announced the appointment of Robert F. Cullen of 18234 Freemont, Livonia, to succeed Hadsall as automotive shows and

Hadsall Cullen

exhibits manager. Cullen formerly had been an assistant merchandising manager.

In his new position Hadsall will be responsible for the development and execution of sales promotion programs for the 3,000 Rambler dealers, the creation of all Rambler merchandising materials and sales aids, and the development of sales incentive programs and consumer promotions.

Lions vs. Cleveland in the first of two television games. The second encounter will bring together Green Bay and San Francisco.

The big news in the American Football League was the crowd of 60,300 who watched the New York Jets in Shea Stadium as they lost to Buffalo, 27-0. Buffalo remains the only unbeaten team in all of pro football.

PRO HOCKEY
The Red Wings have become the talk of the National Hockey League. They're out in front of the race as Roger Crozier has emerged as the NHL's foremost goalie.

In their last start, the Wings beat Montreal, 2-1, to stretch their winning streak to five in a row. And, they're unbeaten in their last eight games. Crozier has yielded only five goals in his last seven games.

Toronto and Montreal are tied for second.

The Wings now go on the road for four weeks starting in Boston Tuesday night.

The Wings go on to Toronto, Montreal and New York before returning home to Olympia next Tuesday.

PRO BASKETBALL
The Pistons are again experiencing troubles. They entered the week with a streak of six straight losses and nine defeats in 11 starts. They were again last in the Western Division.

Coach Charley Wolf had reason to be gloomy, except

Ski Program New Movies

"Adventures in Skiing," the American Youth Hostels' annual curtain-raiser for the local ski season, will be presented at Ford Auditorium Wednesday evenings, November 18 and 25 at 8:20 p.m.

The 18th annual movie series will bring the international ski photographers and lecturers, Dick Barrymore and Warren Miller to Detroit.

Barrymore's color film, "Snow Motion" features highlights of the 1964 Winter Olympics in Innsbruck. Viewers will be taken on a unique tour of Oriental ski resorts in Japan where they will visit the only indoor ski area in the world and will tour numerous U. S. ski areas.

Known for his "humor on skis," Miller has captured some off-beat antics in his film sequence, "The Skiers," to be shown November 25. His cameras also recorded the skiing greats in action in The Silver Belt Giant Slalom and Buddy Werner Memorial Slalom at the Sugar Bowl in California, among the action at top-caliber tournaments.

Tickets are on sale at all local ski shops, Ford Auditorium and the American Youth Hostels office, TE 1-4800. Series tickets are \$4.50; single tickets are \$2.50 and children's admission \$1.25.

The ski lecture series has been a unique project for the Detroit AYH which is a pioneer in the program of educating its members in the use of recreational facilities in its "learn how-to" programs in skiing, sailing, canoeing and bicycling, among other activities.

Farmington

Continued from Page 4
Charles, Dick Johnson and Mike Wilson each took turns in throwing. The best they could do was complete one a piece.

"We'll have to work on the aerials this week," says Hayes as he prepared his forces for Saturday's season's finale at North Farmington.

This is the game which means just about everything to both teams.

And, understandably, so!!

for the 31-point effort by Rookie Joe Caldwell against Boston last Saturday. But the Pistons still lost the game by 17 points.

The world champion Boston Celtics, meantime, were run-

ning away with the league as usual. At week's end, they had won ten straight.

In the Western division, St. Louis and Los Angeles were showing the way. The defending champion San Francisco War-

riors had their problems . . . just like the Pistons.

BASEBALL
The National League ordered the Milwaukee Braves to stay in Milwaukee for another year. But, the league said it would

be "in best interests" if the Braves move to Atlanta, Ga., in 1966.

The N.L. declaration came less than 24 hours after both major leagues had announced they should do something to im-

prove baseball's image. The situation with the "lame duck Braves" is causing a lot of laughs around the country.

HIGH SCHOOL
St. Ambrose won the Detroit Catholic League football champ-

ionship with a 21-13 decision in the Soup Bowl Game at U-D Stadium before 17,200 people and will meet the Public School champion in the Goodfellow Game at Tiger Stadium November 19.

Area Scout Leaders Plan Annual Meeting

The annual business meeting of the Sunset District of the Boy Scouts of America is scheduled for Tuesday evening, Nov. 17. This is the occasion when all the adult scouters—those who make scouting available to the boys of this and adjacent communities—gather with their wives or husbands for a combined social and business evening.

Growth and progress of scout-

ing in the community is reviewed and goals established for the coming year. A major item on the agenda is the installation of the new officers whose election will be revealed at that time.

Ken Bergen is in charge of physical arrangements at the Franklin High School, 31000 Joy Road, Livonia, where the Scouters will gather at 6:30 for dinner.

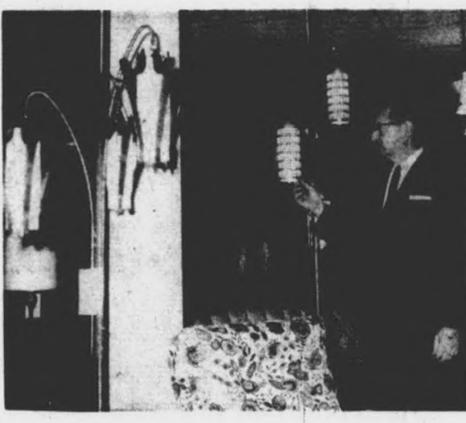

The Annual Meeting Committee Chairman is Lonnie Brasher and he has arranged to have Cecil Alford serve as Master of Ceremonies. Alford is Asst. Superintendent of Livonia schools with responsibility for buildings and sites.

Entertainment will be provided by Earl Collins of Northville and his "Harmonicasuals."

Highlight of the evening is the presentation of the coveted "Silver Beaver" award for long and outstanding service both to Scouting and the Community.

Dinner tickets are \$2.50 each and may be procured from Federal's Boy Scout Dept. in Wonderland Center, Mulholland's Dept. Store in Wayne, or Davis and Lent in Plymouth.

All adults, active now or in the past as Scouters, are invited to attend. Institutions which sponsor Scout units may arrange a group attendance: Institutional Representative, Members of the Unit Committees and Scoutmasters. The Scouters will bring their wives and the Den Mothers bring their husbands.

UNUSUAL LAMPS of this type, shown by Jerry Snyder, Sr., owner of the Snyder Furniture store, 584 W. Ann Arbor Trail, will be on display when the newest addition to Plymouth's business community starts its grand opening sale Thursday morning. The celebration will continue through Saturday.

Snyder's Furniture Store Opens Thursday In Plymouth

Snyder's Furniture store, the newest addition to Plymouth's downtown business colony, will open doors for a three-day grand opening sale starting Thursday at 584 W. Ann Arbor Trail.

Owned by Jerry Snyder, a longtime resident of Grand Rapids where he operated furniture and appliance distributorships for years until he turned the businesses over to his son so that he could move to Plymouth, the new store will offer three unusual prizes for those visiting the building during the grand opening.

The store hours for the big celebration will be from 9 a.m. to 9 p.m. on Thursday and Friday and from 9 a.m. to 6 p.m. on Saturday.

Snyder plans a contest for visitors and will offer a complete three piece bedroom suite for the winner of the first prize; a deluxe mattress for second; and a beautiful lamp for third.

Snyder operated a furniture and appliance distributorship for more than 20 years in Grand

Rapids. It was the largest agency in the outstate area but he decided to turn it over to his son, Jerry Jr., who promptly opened two stores in Grand Rapids.

Meanwhile, Papa was looking around for a location, thinking in terms of California or Florida.

During this time, he visited his daughter, Mrs. Robert Olsen in Plymouth and she convinced him that the building on W. Ann Arbor Trail would be an ideal site for a furniture store.

So, the elder Jerry Snyder, examined the building, looked over the site, which is just a long block away from Main Street, and decided he liked what he saw. That's when he became the newest member of Plymouth's business colony.

It took more than six weeks to get the building in proper shape for a furniture store but Snyder is convinced that it is an ideal location and that he has the things Plymouth buyers want.

He plans to carry a complete line of furniture and

home furnishings. He has years of experience in marketing and buying and feels he will be able to give his customers the advantages that comes from volume buying and wholesale business since he still will be working in close cooperation with his son.

The Snyders have access to factories all over the United States including the huge furniture firms in Grand Rapids.

The new store has ample parking, north and south, of the building; an unusual method of displaying merchandise; and a collection of lamps that Snyder feels is second to none in the area.

The store was opened earlier in the week for a preview inspection by customers but the grand opening celebration starts Thursday and Snyder invites everyone in the area to drop in—he feels all will be surprised at the complete display of furniture and home furnishings.

The rut of necessity has guided many people into eventual success.

Your Child's Homework
By DUMONT F. HIXSON, JR.

How's your child's reading? Just for fun it might be interesting to check your child's understanding, spelling and pronunciation of the following words taken from the McHugh and the Durrell second, fourth, and sixth grade vocabulary lists.

2nd Grade: because, beautiful, died, dollar, arrive; 4th Grade: recent, rummage, sandal, telegraph, vacation; 6th grade: impressive, immaculate, juvenile, prejudice, unstable.

If you suspect that your child might need reading instruction, it might be well to have appro-

appropriate school personnel test your child to ascertain his reading level. After all nothing is quite as important as reading since all subjects depend upon it. Moreover everyone, even executives, can improve their reading proficiency.

If your child tests one or more years below grade level, he might do well with some type of remedial reading instruction provided by the school. Even if your child tests on level, a developmental reading program might increase his proficiency. If a child can double his reading speed, he should be able to do his reading tasks in one half the time.

The fact that the child does not read on level does not necessarily mean that he is not intelligent. Reading scores do not correlate very highly with most intelligence tests. Moreover the causes of reading deficiencies are multiple rather than singular. The reading impairment may be caused by socio-economic factors, educational factors, psychological, neurological and motor determinants. The diagnosis should be determined by a competent reading clinician, trained in diagnostic, clinical, and remedial procedures. It can be very valuable to have a reading profile of your child's oral and silent reading levels, his word recognition and word analysis abilities, and his spelling and visual imagery proficiencies. It can be seen that, while phonics is important, it is not the entire answer. If small groups are available with teachers who are trained in clinical procedures, every child can make reading progress. Reading need not be the cause for academic deficiency.

Library Spotlights Biographies

"Men Who Made the Nation," a display of books about famous persons who have played an important role in the growth and development of this country, was opened at the Livonia Public Library this week.

"Life stories of historical figures, presidents, statesmen, military men, explorers, scientists, inventors and other outstanding personalities are in constant demand," Librarian Skip Rosenthal explained.

Requested frequently are biographies of men who played an important role in the early years of the American nation. Some of the available titles are "Thomas Jefferson: Fighters for Freedom," by Henrik Van Loon; "Benjamin Franklin," by Carl Van Doren; "John Adams and the American Revolution," by Catherine Bowen, and "Thomas Paine," by William Woodward.

One of the latest books covering the early West is Noel Gerson's "Kit Carson: Folk Hero and Man." U.S. Presidents are represented by "The Lyndon Johnson Story," by Booth Mooney; "Portrait of a President: John F. Kennedy in Profile," by William Manchester; "Roosevelt in Retrospect," by John Gunther, and the last years of Woodrow Wilson in the book written by Gene Smith entitled "When the Cheering Stopped."

The library also has the life stories of inventors, scientists, statesmen, religious leaders, and other outstanding personalities in the history of our country.

The South Branch is located at 33720 Plymouth Road, GA 7-1990 and the Sandburg Branch is at 30100 W. Seven Mile Road, 476-0700. The Livonia Libraries are now open as follows: Monday through Thursday, 12-9; Friday and Saturday, 9-5.

Livonian Injured in Auto Crash

Arnold Szeljack, 33469 Michele, Livonia, was seriously injured on Monday, Nov. 2 when the compact car he was driving collided head-on with a pickup truck on South Huron Drive east of Telegraph Road in Flat Rock.

Police reports show that Clarence Spence, of Flat Rock, driver of the truck, was ticketed for driving in the wrong lane.

Szeljack, a machine field service engineer for Tyrcan Follower Machine Co., was enroute to Pennsylvania on business. He was rushed to Sea-way Hospital in Trenton where he was found to have suffered head injuries, a broken foot, fractured knee and other injuries. His condition was regarded as fair by hospital officials.

GIRL SCOUTS of Metropolitan Detroit Council will make an area wide clothing drive for Goodwill Industries Saturday. Materials collected by the Scouts will keep 450 handicapped men and women employed during the winter months. Pictured at Rosedale School in Livonia, Troop 2433, are (from left): Cynthia Stanhus, 9828 Loveland; Linda Bussler, 9804 Shady-side; Mrs. Kenneth Bussler, 9804 Shady-side; Sally Kinyon, 32910 W. Chicago and Carol Lescoe, 9805 Woodring.

Schoolcraft College

18600 Haggerty Road, Livonia, Michigan

ANNOUNCEMENT OF EVENING CLASSES — Second Semester

16 Weeks—January 4 thru April 26, 1965

Schoolcraft College will offer the following courses during the second semester of the 1964-1965 school year which begins January 4, for persons who want to upgrade their occupational skills or who want to continue their education for any reason. Additional courses and sections may be added for which there is a demand, but the College reserves the right to drop courses for which there is insufficient enrollment.

FRIDAY, JANUARY 15, 5 P.M. IS THE LAST DAY AND HOUR TO APPLY FOR PARTIAL REFUND OF FEES AND TUITION.													

Wayne Board OK's 39 District Community College Plan

(This is the fifth in a series of six articles dealing with plans being formulated by the Wayne County Intermediate School District for the eventual formation of Community Colleges in Wayne County.)

state equalized valuation. If all the potential 32,700 students were enrolled in the seven

campuses, the final figure of \$269 would be possible for each student.

Such money would be only available if a one mill levy were to take place and be

spread against the 8.5 billion valuation. Revenue to meet the op-

erating cost of each student would come from three sources: (1) state aid, \$224; (2) tuition,

\$195; and (3) local tax revenue, \$269. The recommended operating cost was \$650 per full-

time student. The new 39 school district plan operating cost would total \$688.

After carefully evaluating four recommended plans as submitted in Dr. Robert Keene's analytical report, the Wayne County Intermediate Board of Education voted unanimously to accept the 39 district plan of organization. All school districts, including Detroit, will form one large community college district.

The 39 school district plan involves virtually the entire Wayne County area, with the exception of the northwest corner where Schoolcraft College is presently operating.

The school districts of Plymouth, Livonia, Clarenceville, Northville and Garden City will NOT be involved in the new community college plan since they are a part of the Northwest Wayne County Community College District with their own Board of Trustees.

"We felt the 39 district plan answered the necessary criteria most adequately for an economic and effective organization for community colleges in Wayne County," stated Carl Morris, President of the Wayne County Intermediate Board.

"The combined wealth of all the districts will provide a sound fiscal base for establishing seven campuses throughout Wayne County. In this way we hope to provide more than 40,000 potential post-high school youth with an increased opportunity for additional education."

Superintendent William Shunck pointed out that the 39 district plan would establish community colleges throughout Wayne County and in this manner meet the interest and needs of the total metropolitan community.

To fully understand the community college organizational plans prior to State Department approval and an election sometime next year, Superintendent Shunck emphasized the immediate formation of citizen study committees.

Financially, the new community college district of Wayne County has 8.5 billion dollars of

U-M Plans Study of '64 Voting

ANN ARBOR — University of Michigan social scientists are performing the final phase of a major 1964 election study. The first part of the study involved the taking of 2,000 pre-election interviews representing the national voting population. Researchers will go into the field immediately after the November election seeking to interview approximately 1,800 citizens.

The 1964 election study represents the eighth in a series initiated by the Survey Research Center of the Institute for Social Research in 1948. Subsequent studies have been conducted for every presidential and congressional election since then, using similar national samples.

The results of these studies have been published in "The Voter Decides," "Group Differences in Attitudes and Votes," "The American Voter" and numerous articles in magazines and journals.

This year's analysis is exploring the factors which influence voting decisions of the electorate. The Survey Research Center staff is particularly interested in the attitudes of the public on major political issues. The study is financed by a \$165,000 grant from the Carnegie Foundation. The interviews will be taken by professional interviewers employed by the Survey Research Center who will present credentials from the University.

Nov. 25 Final Date to Enter LIT Courses

Lawrence Institute of Technology will begin its second day college term this Fall on December 7 anticipating more than 100 additional students. The September enrollment was an all-time high of 3,836 in all divisions.

Registrar Robert Hart said that November 25 is the final day for applications from both beginning and advanced students. They may enroll in courses leading to a bachelor of science degree in mechanical and electrical engineering, architecture or industrial management.

Mordica M. Ryan, dean of academic affairs, explained that high school graduates enrolling for the December day section are offered the opportunity of becoming sophomores by Fall, 1965, if they also attend summer school.

DR. TOM MALONE

Dr. Malone Speaking in Livonia

Dr. Tom Malone, founder of the Emmanuel Baptist Church in Pontiac, is speaking at the Galilean Baptist Church each evening at 7 p.m. through Nov. 15.

Protestants Asked To Support Aid Program

Protestant organizations throughout the United States will be asked to contribute \$1,073,850 during the Thanksgiving season to finance the annual Share Our Substance program through which millions of needy persons overseas receive life-sustaining food.

Church World Service, the overseas agency for the National Council of Churches of Christ, announced that during 1965 approximately one third billion pounds of foodstuffs donated from U.S. Government stocks, and valued at \$18,000,000, in addition to 5,000,000 pounds donated by the Christian Rural Overseas Program (CROP), will be sent to areas of acute need in many parts of the world.

Church World Service conducts programs of relief and rehabilitation in 42 countries in Africa, Asia, the Near East, Latin America and Europe.

The big Protestant agency works closely with the Division of Inter-Church Aid, Refugee and World Service, its counterpart branch of the World Council of Churches with headquarters in Geneva, Switzerland.

Kinds of foods shipped to the needy are principally wheat, flour, bulgar (a wheat com-

Lecture Tells Us "To Awake"

A man's awareness of what is really going on around him depends upon the element of "spiritual perception," said a Christian Science lecturer in Livonia on Nov. 5.

"True sight is spiritual," said Martin N. Heffer, and without this "spiritual sense" man is for all practical purposes asleep.

Most of us are somewhere in the process of gradually waking up, he indicated, quoting the Bible: "It is high time to awake out of sleep: for now is our salvation nearer than when we believed" (Romans).

Mr. Heffer's public lecture was sponsored by First Church of Christ Scientist and held in Franklin High School, Garden City.

Love, faith, the awareness of God's presence, all come to us through "spiritual sense," said Mr. Heffer. This is "the great awakener."

Everyone has this spiritual sense, he declared.

Books Sought for College in India

Libraries are the backbone of colleges and the library for the Neuman College now being built in Kerala, India, is no exception.

The Rev. Paul Tharaniyl, who is currently in the country, studying for his doctorate in education at the University of Detroit, is seeking to obtain 10,000 volumes as a start for the new library.

What the Rev. Tharaniyl desires is texts and hardback books which can be used as reference materials by the students.

To date he has collected 4,000 books, but he needs the additional six thousand volumes by December. He promises that the college will be responsible for the shipping costs of the books.

The Rosary Court of the Catholic Daughters of America is assisting Fr. Tharaniyl in his quest.

If you have any volumes that could be donated or wish further information contact the Chairman of the Catholic Daughters, Mrs. Jerome A. Mullett at GA 2-2122.

Study Sessions Scheduled At Ascension Lutheran Church

Mrs. Mark Hinderlie, Janesville, Wisconsin, will be the instructor initiating a special stewardship emphasis at Ascension Lutheran Church, 35301 Five Mile, Road Livonia, during a series of study sessions Nov. 14 through 23.

Mr. Hinderlie is a resident counselor on the Stewardship Staff of The American Lutheran Church. He will be in Livonia for ten days to direct the stewardship-education program in Ascension Lutheran Church.

Purpose of the program, according to Pastor Arnold H. Jahr, is to "increase the spiritual vitality of each of the members of Ascension Lutheran Church through a series of congregational meetings, Bible studies, and home visitations."

The entire program is oriented around a system of Bible study which involves every member of the congregation.

Members of the congregation who are serving as committee chairmen for the program are: Eldon Avery, 14905 Country Club, general chairman; Gerald Grosh, 30840 Wentworth, visitation chairman; Mrs. Zelma Orns, 30130 Hoy Road, arrangements chairman, and Mrs. Glenna Grosh, 30840 Wentworth, hostesses chairman.

The calendar of events at Ascension Lutheran Church during the next two weeks includes: Worship Services on Sunday, Nov. 15, 10:45 a.m.; Sunday,

Nov. 22, 10:45 a.m., and Thanksgiving Eve, Nov. 25, 7:30 p.m. At these Pastor Jahr will deliver a series of three sermons: "Stewardship of God's Gifts By God's Grace" (Romans 11:36-12:8); "The Practice of Christian Stewardship Is To God's Glory" (Matthew 15:16; John 15:4-8), and "We Fulfill Our Stewardship As Grateful Givers" (2 Corinthians 9:1-15).

Two Bible Studies will be conducted by Mr. Hinderlie: Sunday, Nov. 15, 7 p.m.; Tuesday, Nov. 17, 7:30 p.m. He will also be in charge of meetings with those in charge of arrangements and the hostesses for the Loyalty Dinner, and those who will make the visits in the homes of members.

Ascension Lutheran Church, organized on March 13 this year, has almost 300 members, and is presently one of the fastest growing congregations of The Michigan District of The American Lutheran Church.

The Church Council, serving as the corps group for this stewardship-education program is composed of: Robert Radzwin, 14706 Fairway Dr., president; Robert Merrill, 38474 Elsie, vice president; Gerald Grosh, 30840 Wentworth, secretary; Fred Beyer, 35571 Five Mile Road, treasurer; Roy Anderson, 6850 Moccasin, Wayne; Eldon Avery, 14905 Country Club; Ted Frederickson, 14857 Park Ave.; Robert Gebrke, 14145 Brentwood; Dale Hohman, 14172 Yale Ave.; Cliff Neynaber, 15040 Fairlane; Ronald Prieskorn, 14728 Yale Ave., and William Zombory, 15571 Ingram.

OTTO ZIEGENHAGEN

Mr. Ziegenhagen To Lecture in Plymouth Nov. 15

The power of scientific prayer to overcome fear and other everyday problems will be discussed in a free public lecture in Plymouth next Sunday, Nov. 15, by Otto G. Ziegenhagen, a Christian Science lecturer from Chicago.

First Church of Christ, Scientist, Plymouth is sponsoring the lecture, to be delivered in the church edifice at 4 p.m.

The subject of the lecture will be "How Christian Science Destroys Fear."

Mr. Ziegenhagen, an authorized teacher and practitioner of Christian Science, is on nationwide tour as a member of The Christian Science Board of Lectureship.

Unitarians To Hear "Talkback"

A "talkback" on the subject "Can You Afford to Die?" is scheduled at the 10 a.m. service Sunday, Nov. 15, at the Unitarian Universalist Church of Farmington.

The talkback gives an opportunity to church members and others in the community interested in the subject to air their views and pose questions on subjects previously discussed from the pulpit.

Present for the discussion, along with minister Robert M. Eddy, will be Mrs. Pat Thornton, recording secretary of the Detroit Memorial Society, and her husband William Thornton, representative of the legal company of the society.

Mr. Eddy discussed the subject several weeks ago, detailing in part the work of the Memorial Society and its work in offering members alternatives to current funeral practices in this country.

Talks in Plymouth Compare Christianity

"Comparing Christianity" is the theme of a series of lecture-discussions that will be held at The Lutheran Church of the Risen Christ, Plymouth.

The purpose of the lecture series, according to the Pastor, D. F. Romberg, is to acquaint the members of the congregation with the beliefs of the other denominations of the Christian Church, and to compare these beliefs with the Lutheran faith for the benefit of non-Lutherans.

The public is invited. The series begins Sunday, Nov. 15, and will include two identical lectures each week. The first on Sunday mornings at 9:30 a.m., and the same material on Thursday evenings at 7:30 p.m.

The "Comparing Christianity" series begin with the topic: "The Bible As the Basis," a view of the Word of God as it is used by the various Christian denominations.

Risen Christ Lutheran Church, a Missouri Synod congregation, will conduct the series of lecture-discussions at its chapel, 41233 E. Ann Arbor Trail, Plymouth.

Livonian Enrolled In Dartmouth College
HANOVER, N.H.—Ten Michigan students, one of them from Livonia, were among the more than 800 freshmen entering Dartmouth College this fall.
James J. Lewis, son of Mr. and Mrs. Albert E. Lewis, 32044 Maine Street, was greeted by President John Sloan Dickey during matriculation ceremonies marking Dartmouth's 196th year. Lewis is a 1964 graduate of the Cranbrook High School.

NURSERY AVAILABLE FOR ALL SERVICES

SINCE 1910

The Harris Livonia Funeral Home is personally supervised by the Harris family. For more than a half century they have provided outstanding services for the people of Greater Detroit and, more recently, families of Livonia and the nearby communities.

The personality of the Harris' is clearly seen in the unusual consideration given to members of bereaved families and in their thoughtful attitude toward funeral expenses. This institution has served five generations in many families.

You are invited to come in or phone the Harris Livonia Funeral Home and receive direct, factual answers to all of your questions.

Lutherans Warned About Compromise

A faculty member of the Milwaukee Lutheran Teachers College told 600 members of the Wisconsin Evangelical Lutheran Synod that the Lutheran Church today "is in danger of losing its strength when it compromises with the verbally inspired inherent scripture."

Dr. Siebert Becker told delegates to the Seventh Annual Reformation Rally at St. Peter's Lutheran Church in Plymouth that just as Samson lost his strength when deprived of his locks by Delilah

the Church loses its power in compromise. He pointed out that in the current trend of Church mergers the necessary compromise results in a loss of the power of God's word.

"The Lutheran doctrine of 'inherent scripture' holds that the scriptures are the divinely inspired word of God and as such are without error in every part. The current approach to scriptures often holds that it is merely a work of man and therefore, fallible. The Reformation Rally com-

memorates the anniversary of Martin Luther's nailing of his 95 theses to the door of a Church in Germany which began the Reformation in 1517.

Also participating in the service were Joint Choirs under the direction of the Rev. Edward Zell of the Lola Park Evangelical Lutheran Church in Redford Township and the Rev. K. Koepf of Tecumseh, Mich. A Joint Children's Choir under the direction of Mrs. Norman Goebel also sang. Members of the Wisconsin Synod from Washtenaw, Macomb

and Western Wayne County County attended.

Christmas Carols Booklet
The church bulletin "The Upper Room" has reprinted its booklet of Christmas Carols, spirituals and fun songs are included. Copies may be ordered from The Upper Room, 1908 Grand Avenue, Nashville, Tenn. The cost for the booklet is 20 cents each or six for \$1. If the booklets are ordered in 100 lots the price is \$12.50.

Livonia Businessmen Going 'Back'

Seventy-five businessmen representing forty-two firms spent a full day in the city's three senior high schools Tuesday. They participated in an Education - Business Day program sponsored by the Livonia Chamber's Joint Business - Education Committee which has been devising programs to foster better acquaintanceship between our local school systems and the business community. The committee is composed of both

school men and businessmen: Hugh Bronaugh, chairman, David Amerman, William Arthur, Arlie Fahrman, Jay Formosa, Donald Friedricks, Lynn Gilmore, Harold Lane, Paul Lutzier, David McDowell, William Ralston, Louis Schmidt, John Schultz, Charles Westin, Benton Yates, and Robert Young. At 11 a.m. plant managers, comptrollers, attorneys, industrial relations directors, engineers, etc., representing a wide

scope of business activity were greeted by Benton Yates, Superintendent of Schools and Dr. Donald Friedrick at Bentley High School and David Amerman at Franklin High School. In the Clarenceville district, Louis Schmidt, Superintendent greeted his guests at Clarenceville High School together with Principal David McDowe. The day's program included a tour of facilities, luncheon at the school (from the student menu of the day), formal discussion panel and an opportunity to observe any particular department of greatest interest to each guest.

Highly favored during the day were the business education departments of the three high schools involved, the industrial arts departments and guidance counseling. Department heads readily answered all questions which related in large part to the subjects offered and how worthwhile they were in training for future employment. The Chamber of Commerce

plans to conduct such programs as this one each year. Next spring Business-Education Day will be held when teachers will visit business—a repeat of a similar program held last May. Today's happy thought: The bath tub was invented in 1850, the telephone, in 1875. Thus, if you were around then, you could have sat in a tub for 25 years, without the phone ringing, once.

Representatives from other schools were warmly welcomed by Student Council members. The welcoming and guides committee consisted of Barbara Stolliker, Judy Ellis, Jack Forsyth, Sharon Noricks, Beverly Slyzvik, Hannah Johnson, John Garrison, and Larry Gilbert. Student Council President, Dan Crosby, officially opened the W.O.C.L. Workshop at a General Assembly. Dan welcomed all the school representatives and explained the schedule of events for the afternoon. The main purpose of the assembly was the Elections for League Student Council officers.

Clarenceville School News

By MARGARET PAULSON

November 5, was a big day for Clarenceville. Why??? Because Clarenceville was host to the Wayne - Oakland County League Student Council Workshop.

The new officers are: Tom Darnton, President; Eric Foxman, Vice President; Jean Downer, Secretary; and Sue Penny, Treasurer.

Tours of the school building were taken for those who were interested. The League Workshop consists of eight schools. West Bloomfield, Bloomfield Hills, Milford, Holly, Clarkston, Brighton, Northville, and Clarenceville, whose representatives of Student Council, meet at different schools to discuss topics that would improve their schools.

The highlights of the group meetings included several topics. They are: Foreign Exchange, Presidents group, Secretary group, Function of Student Council at local and league level, Dropout Problem, Needs of our Youth, Student Dress, Education Beyond High School, High School Smoking and Drinking, and Next Year's Workshop.

The Clarenceville representatives participating in these group discussions were: Olivia de la Salas, Dan Crosby, Debbie Johnson, Suzie Fell, Dan Carr, Richard Ayotte, Milt Smith, Rhoda Weiss, J. C. Sutton, and Alice Warren.

After the group meetings, everyone adjourned to the cafeteria where dinner was being served.

Reports cards were issued for the first six weeks and the following people made the Honor Roll: 9th grade Judith Bass, Ellen Beerbohm, Har-

vey Benstein, Janet Hankins, Anthony Lee Head, Karen Hillstad, Bernie Kent, Bryan Kent, Bryan Levy, Sharon Lynn, Connie Maslanko, Linda Oddy, Alan Olli, Gary Respecki, Janet Rippon, Esther Rohnitzky, Vicky Seal, Gary Serlin, Sue Ann Simpson, Christine Stosad, Jack Syer, Cynthia Van Zant, Jerry Wilson.

10th grade Tom Bonner, Bonnie DiBiase, Linda Esterhouse, Dan English, Rita Fox, Marcia Harrington, Donna Howell, Debra Lentovich, Heather MacIntosh, Barbara Masell, Linda Sue Paxton, Mike Penskar, Naomi Seedberg, Penelope Smart, Wayne Strang, Sandra Thomas, Rhoda Weiss, Andrea Yuba.

11th grade Beverly Boutwell, Gary Colquist, Jill Cook, Suzie Fell, Teresa Ann Finch, Barbara Mette, Carol Paulson, Mike Prebo, Allen Rauschert, Sue Howe, Daryl Howell, Lewis Jimines, Jerry Litwin, Thomas Maki, Betty Schmidt, Terri Schwartz, Deborah Shoop, Linda Sunday, Pat Torgl, Jeff Waldman, Alice Warren, Chris Wilson.

12th grade Joan Armstrong, Barry Clemens, Dan Crosby, Nylene Ehrmantraut, Judy Ellis, Sandra Graves, Esther Hill, Linda Harrington, Gary Hasley, John Head, Deanna Hill, Debbie Johnson, Laurie Kent, Donna Klaxon, Lynn Maki, Sheryl McDowell, Pam Milarch, Cameron Nelson, Ruth Peters, Gerald Petrosky, Pat Pyle, Riley Saylor, Dianne Spink, Penny Sudt, Leslie Swartz, Carol Teman.

F. H. A. formal initiation was held on Thursday evening, November 4th.

New officers were installed by Teri Kerner, Region President. New officers for the 1964-65 year are Pam Wilson, President; Sue Howe, Vice President; Linda Sunday, Secretary; Sue Fell, Treasurer; Chris Clark, Parliamentarian; Donna Telin, Historian; and Rhoda Weiss, Song Leader.

The new officers initiated the new members into the F.H.A. Club. The new members are Lynn Trestain, Marilyn Schultz, Sharon Maletch, Laura Miller, Kathy Fournier, Sheryl Grundy, Judy Timberlake, Esther Rohnitzky, Linda Blythe, Mary Stimac, May Fraier, Karen Tigan, Cindy Van Zant, Karen Hillstad, Lois Anne D'Oraio, Pat Johnson, and Sandy Thomas.

Franklin High Proud Of Drafting Instruction

Franklin and Bentley High Schools have many seniors in their third year of drafting who need industrial experience to supplement their classroom instructions. These seniors have the know-how of advanced technically trained students.

Franklin High School's drafting room atmosphere and equipment are comparable to local industrial drafting areas. This department is equipped with the latest furniture and equipment that you would find in the most modern engineering drafting rooms. It includes universal drafting machines, vertical wall boards, a complete blue printing and reproduction room and many other pieces of equipment that are used by the students to obtain a great variety of drafting room experiences.

There are four drafting instructors at Franklin and they represent many years of industrial drafting experience. Mr. Zang, who heads the area,

has had fifteen years' experience with American Motors, Hupp Corp., General Motors, and Special Engineering Service. Mr. Gillis, a new staff member, from the Detroit Public Schools, works summers in Body Drafting for Chrysler Corp. Mr. Rice and Mr. Anderson round off the drafting area staff.

Those industries in the Livonia area that need junior detailers may call Arthur Anderson, T&T Coordinator, Franklin High School, GA 5-1900.

3 Livonians To Attend WSU Meeting

Three Livonia area residents will be among 225 outstanding high school students and science teachers from Southeast Michigan who will attend a junior Science and Humanities Symposium at Wayne State University's McGregor Memorial Conference Center on Friday and Saturday, November 20 and 21.

Attending will be: Clifford Jacob Ahola, 29522 Puritan of Bentley High School; James D. Gregg, 14371 Sunbury, of Bentley High School; and Ann Marie St. John, 3084 Dalhaly, of Ladywood High School.

Purpose of the two-day conference is to stimulate interest in science and mathematics among high school students and to stress the interrelation of science and the humanities.

Mercury Sales Near Record For October

Mercury sales in the final ten-day period of October were 87 per cent ahead of the comparable 1963 period and the highest for any ten-day period since 1955. E. J. Cremins, Lincoln-Mercury Division Detroit district sales manager, announced Monday.

For the full month of October, Mercury sales were 27 per cent ahead of the same month last year and were the highest for any month since June, 1955.

Mercury sales totaled 987 in the final third of October, bringing total sales for the month to 2,225. Last year, period sales for Mercury were 528 and October sales, 1,753.

Comet sales in October totaled 1,008, and Lincoln Continental sales for the month were 298.

Evans Names New Manager of Planning

PORTLAND, Ore. — Evans Products Company has named W. Robert Shapton, Manager of Corporate Planning, Lauren L. Wygal, vice president and treasurer, announced Monday.

Shapton joins Evans from Tacoma, where he was assistant director of planning and financial services for Weyerhaeuser Company. He has also served, in planning and control, with General Electric Company, American Cyanamid Company and General Motors Corporation.

Manager of Corporate Planning is a new position on the Evans corporate group staff, according to Wygal, who said that Shapton will deal with development and application of strategic planning activities and assist in evaluation of new ventures.

A diversified producer and distributor of building materials, specialized freight cars and railroad damage-prevention equipment, Evans maintains corporate headquarters at Portland. Offices of its three operating divisions—Building Materials, Plywall and Transportation—are located respectively at Portland, Corona, Calif., and Plymouth, Mich.

NBD Reports Earnings

Net operating earnings of National Bank of Detroit for the nine months ended Sept. 30, 1964, were \$15,241,020, or \$3.81 per share, it was reported by Henry T. Bodman, chairman, and George E. Parker, Jr., president.

This compares with \$13,457,206, or \$3.36 per share, for the corresponding period of 1963, based on 4,000,000 shares outstanding since payment of an 11 1/9 per cent stock dividend in January, 1964.

Total capital funds of the bank were \$196,543,254 on Sept. 30, reflecting an increase of \$9,282,060 in the last 12

months.

Total resources were \$2,682,702,853, an increase of \$322,370,231 over a year ago. Total deposits were \$2,409,829,564 which is an increase of \$275,784,324. Savings and time deposits totaled \$949,460,768 and showed a gain of \$156,547,819.

Loans and mortgages, at \$1,074,529,126, were up \$146,413,714. Holdings of United States securities, totaling \$606,886,256, were \$18,707,060 lower, while other securities, at \$382,189,534, were \$62,220,985 higher than the figure of Sept. 30 last year.

Former Redford Teacher Aids Physically Handicapped Children

James Greiner, Special Education Consultant, has been employed by the Wayne County Intermediate Office of Education to serve all 43 school districts in developing programs for physically handicapped students.

During the past ten years, Jim Greiner has been active working with physically-handicapped children. He initiated the new orthopedic-candiac program at Ecorse, Michigan, and directed it for five years. While

at South Redford school district as a teacher-counselor for the physically handicapped, Jim established an activity center for the children and started an Orthopedic Parents Council. Mr. Greiner was selected three times by the Easter Seal Society of Western Wayne County to be the Director of their day camp. While completing his Master's Degree at Wayne State University Jim did research work at Merrill-Palmer in nursery education.

School districts will be able to receive the benefit of his training and experience without charge. The Wayne County Intermediate Office of Education offers twenty such consultants to the local school districts to provide assistance in the establishing and improving of school programs.

Greiner is a member of the Michigan Council for Exceptional Children, Phi Delta Kappa, and the National Rehabilitation Association. He has also served for four years on the State Curriculum Committee for Exceptional Children.

He lives at 15655 Poplar, Southgate, Michigan with his wife Catherine and their daughter.

GOD AND COUNTRY awards are presented to Boy Scouts from Troop 544. Rev. Garfield N. Brown and Victor Lovett

presented the awards to (from left): Chris Hanson, Patrick Henahan, Roger House, Mark Strong and Douglas Briggs.

Economist To Talk At Marygrove

Robert Theobald, British economist, will conduct an afternoon seminar at Marygrove College, Wednesday, Nov. 13, 1:00 p.m.

The keynote lecture "Income Rights and Human Rights in a Cybernated Era" will be followed by question and answer discussion periods.

Theobald's work is primarily concerned with the effects of scientific and technological change on society and the economy.

He has worked with such organizations as the United Nations, the Economist Intelligence Unit, and the Center for the Study of Democratic Institutions. He teaches at the Foreign Service Institute of the State Department and at New York University.

The seminar is open to the public. Make reservations by calling UN 2-8000. There is no admission charge.

IN A HOSPITAL BED, Robert Bakewell of Boy Scout Troop 544 receives a God and Country Boy Scout award from Rev. Garfield Brown.

Boy Scouts Receive Awards

At a special presentation ceremony on October 11, six boys of the parish of St. James' Episcopal Church-Detroit, Chris Hanson, Robert Bakewell, Douglas Briggs, Patrick Henahan, Mark Strong and Roger House, were awarded the God & Country Medal. This is a religious award given by the Church, to Boy Scouts who have qualified for, and met and passed the requirements of, the God and Country Program of the Episcopal Church, which is to study for at least one year learning about the Church, its history and doctrines, as well as obtaining a knowledge of the Bible and the Book of Common Prayer. The boys were tutored by Mr. Victor Lovett, director of the Acolyte Guild of St. James. The Rev. Garfield N. Brown, Rector, presented the medals, along with a letter of commendation from the Presiding Bishop. The Rt. Rev. Arthur Lichtenberger.

ZENITH—BIG SCREEN LIGHTWEIGHT

1. Zenith's New Deluxe Video Range 82-Channel Tuning System—provides brighter, clear picture . . . greater picture stability.

2. VHF Custom "Parma-Set" Fine Tuning—no need to reset control each time you change channels.

3. 3-Stage IF Amplifier—improved video peaking gives increased detail in both weak and strong signal areas.

4. 16,500 Volts Picture Power—Sunshine® picture tube provides super-bright picture detail and contrast.

5. Zenith Quality Front Mounted Speaker—has Alnico 5 magnet for richer, fuller tone quality.

6. Automatic "Fringe-Lock" Circuit—provides superior picture stability. Regulates contrast when changing channels.

7. Horizontal Linearity Adjustment—used with horizontal width control for excellent horizontal linearity and width.

8. Zenith Quality "Capacity-Plus" Components—exceed maximum circuit requirements. Not over-worked, hence last longer.

Zenith Color TV is backed by 19 years of Color TV pioneering research.

First Federal Plays 'Numbers' In Unusual Mortgage Program

Numbers play an important role in everyday living. Sometimes, it would seem, they govern the lives of people from the cradle to the grave.

Your house number is indispensable and your 'phone number keeps you in touch with the outside world and hardly a household today can get along without a 'phone number.

Social security, zip codes, auto license plates and many other phases of modern living are tied to numbers.

And now, numbers mean more to prospective home buyers.

This was revealed by Hans Gehrke, Jr., president of First Federal Savings of Detroit, in describing a popular home mortgage loan plan offered by the 30-year-old savings association, the largest in Michigan. Said Gehrke:

"We gave this number business quite a lot of thought. We were trying to find a short form that might be meaningful to real estate men, builders and prospective home buyers.

"One of our employees came up with the name—'80-30-5 1/2' plan."

"The 80 means a person may borrow up to 80 per cent of the appraised value of a well-located modern home.

"The 30 means the borrower

may take as long as 30 years to repay the loan.

"The 5 1/2 refers to the interest rate. We are making mortgage loans today at as low as 5 1/2 per cent."

Gehrke explained that the figures were based on the association's conventional loan plan. First Federal also makes FHA and VA loans on home mortgages to qualified persons.

During the last 30 years since First Federal was organized as a small savings and loan institution to encourage savers and finance prospec-

live home owners, more than 75,000 families in Wayne, Oakland and Macomb counties have taken advantage of the association's home mortgage plan. Mortgage loans made up to now, according to Gehrke, total more than \$885,000,000.

The association now has more than 179,000 savings customers, whose savings have increased since the first of the year by more than \$48 millions. During the same period, First Federal made 3,219 mortgage loans in the three-county area, totaling

approximately \$60 millions for the first nine months of 1964.

"We expect that our '80-30-5 1/2' program will attract increasingly widespread attention among prospective home buyers," said Gehrke. "We are backing the program with the experience of our entire organization, while the facilities of our downtown headquarters and our 18 branches in the three-county area, and with the assurance that applications may be processed quickly and closed at any of our conveniently located branch offices."

Arthritis Strikes Early And It Has No Favorites

Arthritis, says a new American Medical Association pamphlet, is a general word that includes several different but related illnesses. It comes from "arthros," meaning joint, and "itis," meaning inflammation.

The most common forms are rheumatoid arthritis and osteoarthritis. They are different ailments, but each produces painful, deformed joints.

RHEUMATOID ARTHRITIS is a disease of the whole body. Three times more common in women than in men, it usually begins when a person is between 20 and 35 years of age. Early symptoms may include weakness, fever, loss of appetite and loss of weight.

The skin, especially the hands, may be cold and clammy. Mental depression is common, and the patient both feels and looks below par. One or more joints become inflamed and swollen.

An attack may begin with a gradually increasing discomfort, or a sudden, dramatic, confining illness, or anything in between. Attacks may come and go for no apparent reason.

Treatment reduces the pain of an acute attack and usually increases motion. Often an attack of pain in the joint will subside by itself. It usually returns. The quack capitalizes on this tendency of the disease to fluctuate. He claims credit for the treatment being used at the time, when actually it is a period of natural remission.

OSTEOARTHRITIS is a quieter, less dramatic illness. However, when it does develop in a joint it is less like-

ly to go away. Eventually the joint is injured, the smooth lining membrane and the cartilage pads are damaged and permanent changes within the joint limits its motion and make any motion painful.

Everyone will develop osteoarthritis if he lives long enough. It begins in middle age, usually in a hip, a knee, shoulder or in the back. Overweight people whose work requires standing or walking, thus overburdening the knees and hips, are especially susceptible to osteoarthritis. Often it is first noticed after an injury to a joint.

Management of arthritis involves skilled medical supervision over a long time, rather than periodic dosing with pain killers or going to bed when one's joints hurt. The physician individualizes his treatment. It is common to prescribe drugs to reduce pain and inflammation.

Exercise and physical therapy may be recommended. Weight control may be ne-

cessary. An arthritic patient often must learn new ways to do common daily tasks. Rest is essential at all times, even in the interludes between acute attacks of pain and swelling.

A person with rheumatoid arthritis or osteoarthritis has a problem that will be with him for life. He should develop a tolerant attitude toward his disability without surrendering to it, rather than exhaust himself fighting against it.

Because the more common forms of arthritis are chronic conditions that fluctuate from better to worse to better again, they are a favorite field for the quack and the nostrum peddler, says the AMA pamphlet.

Secret remedies and mystical deception have no place in the care of arthritis. If and when joint pains develop that persist, a physician should be consulted and his prescribed regimen carefully followed. He can help one to be more comfortable longer. Arthritis is no condition for self-prescribed remedies.

Fisher Girl Scouts Honor Sponsors

At the recent association meeting of the Fisher Neighborhood Girl Scouts the troop sponsors, Chapter No. 113 of the Disabled American Veterans and the Auxiliary were honored.

During the ceremony, which was held in conjunction with Girl Scout Appreciation Day, Mrs. Kenneth Brown, Chairman of the Redford District of the Girl Scouts, presented a Certificate of Appreciation to Commander Washburn and Mrs. Florence Karr, Auxiliary President.

In other business, Senior Scouts Jamie Dearth and Mary Gross reported on their "try-outs" for the National Senior Roundup. Senior Scout Kathy Meinschein told of the troop's canoe trip down the Manistee River.

Plans were also made for the annual cookie sale. Mrs. Lillian Gibbons was named chairman of the effort.

Trio Formed After Impromptu Music Sessions

A few years ago, Eero Keranen, of Larmar Drive, Farmington, saw two of his students graduate with regret. Keranen is the high school band director at Laurey High School in Dearborn.

The two students, Jo Zyskowski and Ron Holmes had been in the concert band and sometimes after practice the three of them had stayed and formed an impromptu trio.

The boys went on to college and their own careers. But the memory of those impromptu sessions stayed with them.

Now, as an outgrowth of these impromptu practice sessions the Jer Trio has been formed. It is headed by Keranen, who plays accordion, guitar, banjo, trumpet, and drums. Zyskowski plays the accordion and Holmes the drums.

Modern music, twist, polkas, any tunes you would enjoy are featured. For further information call GR 4-4568.

You'll seldom hear a centenarian say, "The good die young."

Evarie Corp. Buys Assets Of Lockhart

Hugh M. Lockhart, president of the Lockhart Manufacturing Corporation has announced the sale of all assets of the corporation to the Evarie Corporation of Detroit.

Evarie is a newly-formed corporation whose chairman of the board and chief executive officer is Edward S. Evans, Jr., formerly president and chairman of the board of Evans Products Company.

Evarie's president is Georges Faurie, formerly a vice president of Evans Products Company, and its secretary is James I. McClintock of the law firm of McClintock, Fulton, Donovan & Waterman. The officers and personnel of Lockhart will continue in their present capacities.

The Lockhart Manufacturing Corporation, whose main offices and factory are located in Farmington, is a manufacturer of handling equipment of all types for use in bakeries, department stores and warehouses.

INSTALLATION of a 20-foot torch over the Burroughs Corporation Plymouth Road entrance is symbolic of the firm's participation in the United Foundation and Plymouth Community Fund drives. Pictured from left are: Herbert DeBorde, general manager of the Michigan Manufacturing and Engineering Division; R. LaVerne Carless, Plymouth unit UF chairman; and Richard Kilbride, assistant unit chairman. United Foundation pledge day for all Detroit area Burroughs employees was Wednesday, Oct. 28.

Wayne County Opens Christmas Seal Sale

Gaily illustrated Christmas Seals and the traditional accompanying appeals of the TB and Health Society began arriving at homes in Detroit and other communities in Wayne County this week as the 58th annual Christmas Seal campaign got under way.

Cynthia Roby, 17-year-old recovered tuberculosis patient who is serving as the 1964 Christmas Seal chairman in Michigan, announced that Christmas Seal letters are being sent to some 700,000 homes in Wayne County. Goal of the drive is \$315,000.

"Christmas Seals have as big a job to do as ever in the past," she added. "A research task force reported to the U.S. Surgeon General that new cases of TB have not been decreasing at the hoped-for rate for several years.

"As for the other respiratory diseases (RD), they continue to loom larger in the pattern of public health menaces; a lot can be done to combat them, but one must have the resources to do it.

"Medical experts tell us that TB can eventually be eradicated and RD can be reasonably controlled. We are setting our sights to those targets. Success will depend at least partly on improved prevention,

detection and treatment of these diseases.

"In this work we hope to play our part as we have done for many years, and we are confident that the people of the community who have supported us in the past will show that they are with us more than ever this year."

Ford Promotes Cosner; Heads T-C Division

Robert R. Cosner has been appointed general manufacturing manager of Ford Motor Company's Transmission and Chassis Division. He succeeds Clinton D. York who has been named division general manager.

Ford's Transmission and Chassis Division is responsible for the operation of six plants in three states and Ford Precision Products, Inc., a wholly owned subsidiary in Puerto Rico.

The division manufactures automatic and standard transmissions, axles, front suspension assemblies, standard and power steering gear assemblies, drive shafts, wheel spindles, ball bearings and automotive forgings for Ford Motor Company cars and trucks.

Cosner had been manager of the company's Sterling (Mich.) plant since December, 1960.

KATHLEEN TAYLOR, 32254 Wisconsin, Livonia, was one of five students cited at the fall Honors Convocation of the College of Pharmacy at Wayne State University. Kathleen received the Edward Baron Award presented by the Phi Chapter of Alpha Zeta Omega, professional pharmaceutical fraternity to the students entering the College of Pharmacy with the best grades. Making the presentation is Sheldon Levine, chairman of the fraternity.

Bishop Emrich Comments on Detroit Newspaper Strike

(Editor's Note: The following comments on the current Detroit newspaper strike are the viewpoints of Richard S. Emrich, the Episcopal Bishop of Michigan. Emrich was one of three advisors appointed by Governor Romney to meet with striking union officials and the publishers to resolve the four-month-old strike.)

**BY RICHARD S. EMRICH
EPISCOPAL BISHOP OF MICHIGAN**

Since Governor Romney appointed me as one of a commission of three to advise on procedures in settling the newspaper strike (and subsequently to try our hand at mediation), it may be of interest if I share some personal convictions on this misfortune which has deprived us of newspapers for so many weeks.

Having begun as an impartial mediator, I find, after hours of fruitless work and weeks of reflection, that I now believe that the striking unions are unjustly harming the city, the newspapers, and the cause of all good unions.

What I write is in the realm of principle (although I shall use some details to illustrate principle); for, surely, it is only in the grasp of principle that we can form a moral judgment, or bring order to an unhappy situation.

Let me tell the story, as I see it, with the hope that the moral power of this community will be aroused.

First, a peculiar circumstance of newspapers is the pressure of time upon them, the threatening deadline which must be met; or, to put it another way, a newspaper is an extremely perishable product. While we can make pills or shoes, and store them, there is nothing older than yesterday's paper. Newspapers either come out at the proper time with their information and advertisements, or they are close to worthless. This is an important background fact which distinguishes newspapers from some other business concerns; which can give us sympathy for those responsible for publishing; and which reveals how vulnerable they are to harassment.

Second, this time factor means that no paper can be published in a healthy manner which does not possess an orderly and reliable organization.

Newspapers, by their nature, require more order than many other enterprises; and, injuring everyone, this is precisely what they do not possess. The Detroit News and The Detroit Free Press must sign 21 contracts with 14 different unions.

It requires little imagination to see the result of this messy situation which has grown up like weeds in a garden. Not only is there an enormous waste of time which leads the Publishers, quite understandably, to want longer contracts to give some stability to the future; but the fact of 14 unions leads inevitably to competition between the unions as an ambitious and ill-advised union leader tries to prove he can get more than others.

When one union can tie up an entire organization, this gives to that one union an inordinate amount of power—and power is a heady drink which usually corrupts.

What we are witnessing in the present strike is two unions, with unlimited veto power, depriving an entire metropolitan area of its newspapers, after 12 other unions willingly and responsibly signed their contracts.

For the good of all this organizational situation must be changed. If it is not changed, one can predict in the future the trouble that always arises from confused organization.

On the union side we read, not simply that the Pressmen are picketing the Publishers, but that another union, that wants to return to work, is picketing the picketers. I will defy anyone, who knows anything about the effect of confusion and poor organization upon human nature, not to feel sympathy for the men whose responsibility it is to

publish these papers. We should not lose sight of the real issue by immersing ourselves in details. The real issue is, on the union side, a miserable organizational mess which has tempted a small minority to a scandalous misuse of power. They have closed down two papers, deprived a large metropolitan area of needed news before an election, put thousands out of work; and caused a big enough mess to bring in a mayor, a governor, and even the President, to no effect.

While I developed a personal affection for the men in the two unions, and hope it was mutual, I found that my reason sided with the Publishers in their resolve not to permit this misuse of power, this anarchic power play, to succeed.

The men in the unions, as well as the Publishers, both claim to be "sincere." Since God alone can look on the inward heart and judge sincerity, the people of this city should look at the outward organizational mess, and form their judgment. It is quite possible for men who are inwardly sincere to be outwardly wrong.

Third, one of the most fruitful social truths comes to us from the mind of St. Paul when he describes the Church as a Body, composed of many members, each part of the Body having its necessary function and dignity. This great and true conception can, of course, be applied to all social groups—the body politic, a university, a business enterprise, and the family. There are two truths in this conception of the body which need to be recovered and applied to this strike.

(a) If each person, or group, is only part of the body in Church, State, business or family, then the whole body has its rights, as well as the part. Justice is due to the whole, as well as to the individual units. Freedom, then, must always be social, responsible, and limited, because we are members one of another. So, as against the anarchy of self-will, St. Paul asks each man not to think of himself more highly than he ought to think. If we act without due regard for the common good and the rights of the body, that is arrogance, presumption, and creates anarchy.

(b) Within the social structure, as within the human body, there are distinctions of position and differences of function. If a part of the social body has its necessary and honored place where it belongs, that means also that it can get out of place. In any social organization there is inevitably an "up" and a "down."

"The rule," says Richard Weaver, "is that each shall act where he is strong; the assignment of identical roles produces first confusion and then alienation, as we have increasing opportunity to observe." Or again he says, "It is a matter of common observation, too, that people meet most easily when they know their position. If their work and authority are defined, they can proceed on fixed assumptions and conduct themselves without embarrassment toward inferior and superior. When the rule of equality obtains, however, no one knows where he belongs." There are grades, orders, distinctions, lines of authority, an "up" and a "down," in every social organization, including the unions.

It is an anarchic confusing of functions which has led, in great part, to the tragedy of this long strike.

It is the purpose of management to lead, of government to govern. This responsibility cannot be relinquished; nor are subordinate parts capable of making wise decisions, simply because of the subordinate positions they occupy.

Management stands, so to speak, on a hill overlooking the whole enterprise, seeing the relationship of the parts to each other, seeing the past and planning the future, and possessing a perspective which no other part of the organization can possibly have. By its nature it can-

not relinquish its function, or permit policy to be dictated from below, without bringing disaster to the whole body.

Management can, and should, receive complaints, criticisms, and suggestions from subordinate units; but it must reserve the right to analyze them, to form policy, and not necessarily to agree with a cure demanded by a part of the whole.

Shall one perish in a diocese dictate policy to the Bishop and Council? Shall one department in the University of Michigan presume to dictate policy to the President and Regents? Do we no longer in America see the rights of the total body, or recognize that a man or unit can get "too big for its britches?"

Management cannot permit a part to dictate policy for the whole, for the simple reason that each subordinate unit is in a valley where it often does not see the total picture, or recognize the effect upon the whole of a particular demand.

Not only is the management of the newspapers refusing to permit this destructive power play to succeed (is it right that the misuse of power, jeopardizing the whole, and hurting the city, should be rewarded?), but it is rightly refusing to permit policy to be dictated by a subordinate unit.

The City of Detroit must learn to recognize that any group can misuse power, and that even a union can say, "The public be damned." Remember (a) that 12 out of 14 unions, the vast majority, signed their contracts; (b) that, in the judgment of many, a considerable financial package was offered to the striking unions; and (c) that, compared with labor in general, with teachers, clergy, and public servants, these strikers are

well paid men. The issue here is one of order, of the responsible use of power, of management's right to be management. Consider one of the issues.

The Pressman's Union stated that it had a mandate (which means command, or order) from its membership for time and a half pay on Saturday night, which night falls within their normal 35-hour work week. This means that they were demanding a 28-hour work week at regular pay, with everything over that time and a half. Now this is policy; for management on its hill sees that if this principle is granted to the Pressmen, it must with justice be granted to all.

The Pressmen in their valley are demanding a principle of management which it, on its hill, sees must apply to the average. The union is provoked because management will not compromise on this; but management rightly says it will not compromise on its right to manage, which means to determine policy. In determining policy men are not equals in any sane organization; for what seems reasonable, even of little consequence, to men in a subordinate unit, may be of enormous consequence when applied to the whole.

The Publishers have offered what many consider to be a generous financial package to the striking unions; but they refuse to permit the Pressmen to drive the bus, even though the Pressmen have stopped the bus. Does everyone on a bus have a right to put his hands on the wheel?

Because Pressmen have their rights, and duties, do they have the right to deprive management of its rights and duties? Are the words "arrogance," "presumption," "insubor-

ination," "anarchy" no longer part of America's vocabulary?

Just as the moral indignation of the people rose in the past against the misuse of power by the Church, government, and big business, so it will rise today against the misuse of power by unions. In history irresponsibility and excess are always punished.

Finally, what I have written is really pro-union, for it is obvious that this strike hurts the legitimate cause of unionism. Actually, since organized labor is being hurt by this misuse of power, the strikers may be said to be members of two anti-union unions. It is obvious that all men, and not just some, can be corrupted by power.

Because unions have a legitimate function, it does not follow that they can usurp other functions. Why is it, for example, that one union can veto the capacity of a whole paper to publish, and throw thousands out of work, but no other union can veto the capacity of the Pressmen to strike? What kind of justice is this?

Unions have a right to organize, but they do not have a right to foist an organizational mess upon an industry. They have a right to their place; they do not have a right to get out of place. They have a right to ask, or demand, that labor share in the prosperity of a company; they do not have a right to deprive thousands of employees of their pay for months, when these thousands want to return to work. Because a union was good yesterday, it does not follow that it cannot be foolish, irresponsible, and unjust today.

This strike has gone on long enough, and, in ways hard to

measure, has done incalculable harm. Since the strike hurts the common good, harms the newspapers, throws thousands of innocent people out of work, and injures the cause of good unionism, what in the name of heaven is the sense of it? If it is caused by a personality prob-

lem within a union, let the union members correct the personality problem. Let the unions resolve this problem by themselves before the moral power of the people, or the government acting for the people, steps in with a less desirable solution. If you agree with this analy-

sis of the total situation, speak to the men who are striking, and ask them to exercise some statesmanship. Good union leaders are wise statesmen, loving the common good, and not destroyers. And, wherever you are placed, do what you can to end this shameful situation.

Savings and Loan "Peace Corps" Pushes Home Ownership in South America

There's a new kind of "peace corps" operating in the Latin American countries. Like the other "peace corps," it is showing the way to do things better and its object is to raise the standard of living in this area and, ultimately, to combat the influence of Moscow-Havana-inspired propaganda.

It is a group of men on loan from the savings and loan industry in the United States who are helping to spread the American philosophy of many people

saving regularly in order to provide the funds for others—and themselves—to enjoy the privileges of home ownership through low cost home mortgage loans.

After several years of effort, the savings and loan "peace corps" has achieved some impressive, initial gains. Enabling legislation has already been enacted in Bolivia, Chile, Dominican Republic, Ecuador, El Salvador, Panama, Peru and Venezuela. In five other countries, 70 savings and loan associations have been established. They have more than 125,000 depositors and over \$40,000,000 in savings capital and have financed more than 15,000 homes.

One third of the 4.5 million residents of Mexico City live in shantytowns on land they don't own. Similar belts of slums exist around almost every major city in Latin America.

Strongly contributing to the continuation of these conditions has been the lack of investment capital at low enough rates.

In order to buy a home and thus extricate himself and his family from unbelievable living conditions, the Miguels, Juans and Josés in our neighboring countries to the south have had to meet impossible terms from the money-lenders — 50% cash and the balance in two years at interest rates of 10% to 36%.

Now, with American-type savings and loan associations helping, with reasonable terms and lower interest rates, Miguel, Juan and José will have the opportunity to move out and find

a better life as homeowners and to turn their backs on the living conditions which could influence them to embrace communism.

With more than two thirds of the families in the United States owning their homes, there exists a great reservoir of proud property owners who will not succumb to the blandishments of communism. They are happy, content, building an equity in the property and in the future of the United States

and they would hardly relinquish this standard of living for any system which has less to offer.

As the savings and loan idea spreads throughout the Latin American countries—and after them, through Africa, the Far East and other lands—the sordid frontiers of despair on which communism feeds will retreat and a new strength based on good, old American thrift and homeownership will prevail.

Clarenceville Hosts Two Open Houses

Two Clarenceville schools will hold open house this evening (Wednesday) as part of the school district's observance of American Education Week.

The open house at Edgewood Elementary School will begin at 7:30 p.m. and continue until

p.m. and parents will follow their child's schedule throughout the evening for meetings with teachers.

During each open house, parents will meet teachers, see displays of work and educational equipment, be able to sign up for parent-teacher conferences and generally learn about the schools.
