Who Wants To Be A Commissioner?

Interest at Low Ebb for City Election

With the deadline for filing nominating petitions less than a month away—on Jan. 3—there has been little interest shown in the four vacancies coming up in the Plymouth City Commission.

Matter of fact there is the same "who wants the job" attitude that marked the recent election in Plymouth Township when the present administration and trustees were elected with only one Democrat in opposition.

Inasmuch as the City of Plymouth elections are nonpartisan, there isn't any such designation as Republican or Democrat. But from the interest shown thus far, it appears as if there won't be any designation of candidates either.

The four Commissioners slated to leave at the end of the fiscal year in April unless they seek re-election are: George Lawton, James Jabara, Arch Vallier and George Hudson.

For Lawton, Vallier and Jabara, it is the completion of four year terms. Hudson is ending two years on the Commission.

Each is eligible for re-election for either a four or two-year term. The City Charter provides that the low man of the four elected receives a two-year term while the other three are named for four years.

Of the four, Vallier and Jabara appear to be the only ones certain to file. Vallier, as the City's elected Super-

visor and member of the Wayne County Board of Supervisors, has made quite a name for himself with that Board in recent weeks for his demand for a review of the prices charged at the Metropolitan Airport.

He alleged—and it was later proved—that the menus at Metro were much higher than those at other municipal airports of similar or large size. As a result of Vallier's charges, the airport concessionaire added new items to the menu that were in line with prices charged elsewhere.

Thus, it is almost a certainty that Vallier will run again. Arch has a strong feeling that his job is far from complete in the City of Plymouth and that he may be able to correct some of the faults in another four-year term.

Then, too, it is taken for granted that Vallier will seek another term as Supervisor for the City of Plymouth. He has become a strong influence on the Wayne County Board of Supervisors and appears to be in a position to become chairman of some of the major committees if named to another term.

Jabara hasn't said definitely that he will seek another term but neither has he said that he won't. He and his brother, Kal, are finding it more and more difficult to continue in community activities due to the press of business.

GOODFELLOWS were all over the streets of Plymouth last Saturday, selling their papers in the hope that there would be "No Kiddie Without A Christmas"—but they missed their goal by just a bit.

Goodfellows Just Miss Goal Board Sets Seven Election Precincts

They Need Just a Bit More Help

The Goodfellows Old Newsboys need help!

After braving the cold, rain and slush last Saturday to man the corners and sell their papers in the hope that "No Kiddie Would Be Without a Christmas," they found they failed to reach their goal — by just a little bit.

When they left their homes early in the morning with heads high and confident they felt that there would be little trouble in reaching a goal of \$2,500. Of this amount they hoped to realize about \$2,000 from the sale of papers. The remainder, they figured, would come from special gifts.

But alas, the weather was too much.

They did manage to raise \$1617.74 through the sale of papers and obtained another \$265 from the combined efforts of the four lads — Jerry Stoddard, Henry Whitman, Howard Pelkey and Clarence Wolf, at Chuck Cude's Shell Triple A Service. Other gifts are expected to help the Goodfellows reach the \$2,000 mark. And with a little more help from you, at this season of the year, would help them to reach the goal so hopefully strived for in the inclement weather.

This drop from last year was explained, in part by President John Kerciu who stated, "We sold fewer papers because too many of our younger men were working and our older members couldn't get out because of the inclement weather."

"However," he said, "we are pleased with the sale, considering conditions."

Livonia Office Will Handle License Plates

Officials of Plymouth Township have been notified that the issuing of driver licenses at the Plymouth Township Hall terminated as of Friday.

Director of the Driving Examining Division of the Michigan Secretary of State Office, Mr. Ray Whalen, announced that their new office—32846 Five Mile Road in Livonia—is now open and will serve this area in the future.

The hours for the issuance of licenses will be Monday through Friday each week from 8:30 a.m. until 5:00 p.m. with the exception of Thursday when hours will be from 12:00 noon until 8:30 p.m.

RETARDED CHILDREN SEE SANTA: There was a great time at the Penn Theater last Saturday morning when the retarded children in the area were guests of the Jolly Old Gent with the Whiskers. It was one of the finest turn outs in years despite the inclement weather.

Santa Brings Quarter Million

Santa is being welcomed to Plymouth by the adults as well as the youngsters—and for a very good reason.

In his big pack he is carrying checks amounting to more than \$250,000 and they will be distributed among the members of the Christmas Savings Club of the Plymouth Branch of the

National Bank of Detroit.

This big total does not take in the checks for members in the outlying districts—just for the Plymouth Community.

Santa says a quarter of a million is a lot of dollars.

Officer Badly Injured In Crash

In one of the most spectacular accidents of the year—right in the heart of the downtown Plymouth area—Patrolman Lawrence Ray, of the city police force, narrowly escaped fatal injury shortly after noon on Sunday.

The young officer who resides at 2590 East Michigan

Avenue in Ypsilanti, suffered a series of bruises and lacerations that required 92 stitches at Wayne County General hospital where he was taken after the crash.

The lacerations were around his eyes, his upper lip and under his chin and will possibly require plastic surgery.

According to the official police report Patrolman Ray was driving north on Main Street and was on call. Because of this the flasher on the 1965 Ford police car was turned on and the regular red lights also were on.

As he approached Penniman Avenue, the traffic

Centennial Ideas Asked

The question of whether Plymouth should be celebrating its 100th anniversary next March or not has been answered in the affirmative by Donald Chaput, Research Director of the Michigan Historical Commission, thus putting to an end the queries of numerous organizations and individuals in the city.

Chaput found in the Acts of the Legislature of the State of Michigan, passed at the regular session of 1867, a notation reading "An act to incorporate the Village of Plymouth was approved on March 5, 1867."

The confusion arose from the date of 1825 that appears on the official seal of the City of Plymouth, according to Chaput. It is interesting to note that the year 1825 is not the official date of the founding of the City of Plymouth but, rather, it commemorates the date of the first settlement in the Plymouth City Township area.

Lions to Sell Candy Canes

Members of the Plymouth Lions Club, who take pride in their work with "white canes," will be on the streets of the downtown business section Friday and Saturday for the annual "White Candy Cane" sale.

The annual Christmas event replenishes the club's treasury of the Community Activities Fund. Members are looking forward to a brisk sale so that the club can continue to finance its ever-increasing list of activities.

The activities include: Several hundred dollars spent during the past year to cover the costs of eye examinations and glass fittings for needy children and adults. Sponsorship of Boy and

Roy Montambeau, senior assistant principal at Franklin High School, buys his Christmas tree from Bill Joyner, president of the Franklin chapter of American Field Service. The trees are on sale for four dollars each to raise money to pay the expenses to send an American student abroad next summer. Mrs. Evelyn J. Road Toll Soars Despite New Code

CHICAGO—"Despite the new federal safety regulations, the traffic death toll may get worse before it gets better," warns Harry Porter, Jr., manager of the National Safety Council's Traffic Department.

Pointing out that it will take a number of years for the new vehicle standards and expanded highway safety programs to take effect, Porter listed the following "negative" factors that will tend to push death totals up in the years immediately ahead:

- 1—More young drivers
- 2—Higher speeds.
- 3—Motorcycles.
- 4—Increasing travel.
- 5—Failure to use seat belts.
- 6—Alcohol consumption.

"In the face of these almost overwhelming pressures, it seems almost certain that the total number of fatalities will creep slowly upward for several years at least, barring any major economic or military reversals," said Porter.

"By then we hope and believe that the positive pressures resulting from new legislation will begin to take effect, turning the accident curve downward."

In the meantime, the safety authority cautioned drivers not to expect any overnight lessening of traffic hazards. "On the contrary," he warned, "the next few years will be an especially crucial time for drivers when it will be up to the individual to accept the responsibility for his own well-being as never before."

As a timely example, Porter cited the added hazards facing drivers during the critical winter months and pointed out that safer winter driving is largely a

matter of individual responsibility.

"Reduced visibility and inadequate traction are the principal additional hazards of winter driving over and above those normally encountered all year," he stated.

He reported that the following tips for safe winter driving have been advocated by the National Safety Council's Committee on Winter Driving Hazards:

- 1—Get the "feel" of the road by accelerating carefully to see if wheels spin; or brake gently to see if they skid. Reduce speed accordingly.
- 2—Increase your following distance. It takes three to ten times as far to stop on snow and ice as on dry pavement.
- 3—"Pump" your brakes to slow or stop—don't jam them on. An intermittent pumping action keeps the wheels rolling and helps maintain steering control.
- 4—Have good tires with good treads. Better yet, use snow tires which provide half again as much pulling power in snow as regular tires. Studied snow tires offer still more help on icy surfaces.
- 5—Always carry reinforced fire chains in the trunk of your car for use during severe snow and ice conditions. They provide four to five times as much traction on snow or ice as regular tires.
- 6—Keep your windshield and windows clear at all times. Replace streaking wiper blades gone dead from exposure to sun, wind and oil road film. Be sure that your windshield washer solution contains adequate antifreeze.

"Each of the admonitions," Porter concluded, "calls for a distinct personal response."

Industrial Expansion In Livonia Includes Mini-Bikes

The Wolverine Storage Company is in the process of erecting a 50,400 square foot addition to its present warehouse facilities at 38160 Amrhein Road, according to Dan Andrew, Livonia's Industrial Coordinator. This new structure will be entirely heated and sprinkled and in addition will have a 45 degree cooler room to accommodate certain materials requiring temperature control.

According to John Gilchrist, manager of the warehouse, Wolverine will close their Detroit facility at 6400 E. Hildale before the end of the year and is in the process of moving the complete commercial warehousing operation from there to Livonia. This

along with the industrial growth and resulting demands for warehouse space in the community, has necessitated Wolverine's expansion program. Szarka Enterprises, Inc., will erect a 7,500 square foot building on Industrial Road which will provide 5,400 square feet for lease, and allocate 2,100 square feet for use by Spur and Siding Constructors Co., Inc., presently located in Detroit.

This 10-year old firm is engaged in the construction of industrial railroad sidetracks as well as main line tracks in the eastern half of the United States. The new building in Livonia will house the company's general offices and will also provide space for the warehousing of small rail items.

An interesting note about Paul J. Szarka, president of both firms, is the challenge he accepted for Spur and Siding in 1962. He contracted with the Cold Regions Research and Engineering Laboratory of the U.S. Army to provide consulting services and engineering know-how to build an experimental railroad track under the Arctic

Ice Cap. The purpose of the undertaking, known as Project 6, was to study the potential of a sub-surface railroad track network under the polar ice mass in Greenland. Architectural Forum described the venture as "an extraordinary Arctic subway . . . to determine whether or not a full and complete under-snow

railway system might be built from the beginning of the Ice Cap, approximately 30 miles from the shoreline of the Arctic Ocean, to the supply base camp (Camp Century) 138 miles distant." The unique railroad was successfully completed, and certainly qualifies as one of today's fantastic transportation systems.

Just recently, Spur and Siding accomplished a milestone in railroad annals by becoming the successful bidder for the relocation of 11 miles of the Pennsylvania Railroad's main line track near Altoona, Pa., according to Mr. Szarka. Until this contract was awarded, railroad Maintenance of Way forces had always performed this type of work.

Dan Andrew further disclosed that two companies, which produce mini-bikes and cleaning products, respectively, have begun operations in a new building in the Plymouth-Levan Industrial Subdivision.

Michrina Brothers Enterprises, Inc., manufacturers of Indian Mini-Bikes, was formerly located in Southfield. According to Ray Michrina, spokesman for the company, the unprecedented demand for the 27" high, 38" long bike necessitated several moves to progressively larger quarters since they began operation in 1960. He added that while some of the mini-bikes are factory-assembled in Livonia, two-thirds of all the bikes are shipped in kits with assembly instructions, exploded-view drawings, and parts lists.

The Indian Mini-Bike's four-cycle engine delivers almost 100 miles to a gallon of gas at sustained speeds up to 30 MPH. Disc brakes, which are hand operated from the handle bar, have up to five times the stopping power of band brakes and are not affected by road oils or water. By using this type of engine and brake system, Michrina Brothers incorporate safety and performance considerations for users of

their mini-bikes. Rosenthal Cleans-Quick Company, manufacturers of household cleaning products since 1902, has relocated its operation from Oak Park to Livonia. With a bright outlook for future growth, the firm has purchased property on Industrial Road in the Merriman Road Industrial Park. In the interim, they have leased space at 11871

Levan Road in order to accomplish immediate expansion needs. Donald Houghtby, spokesman for the company, said that their products, All-Purpose Cleaner, 8 to 1 Shampoo, and "C.Q." Foamy Cleaner, are distributed exclusively within Michigan. However, consideration is being given to expanding their market area to nearby states.

ALL PACKED UP and ready to move is the Universalist Unitarian Church of Farmington. The 114 year old structure will move this week from its spot on War-

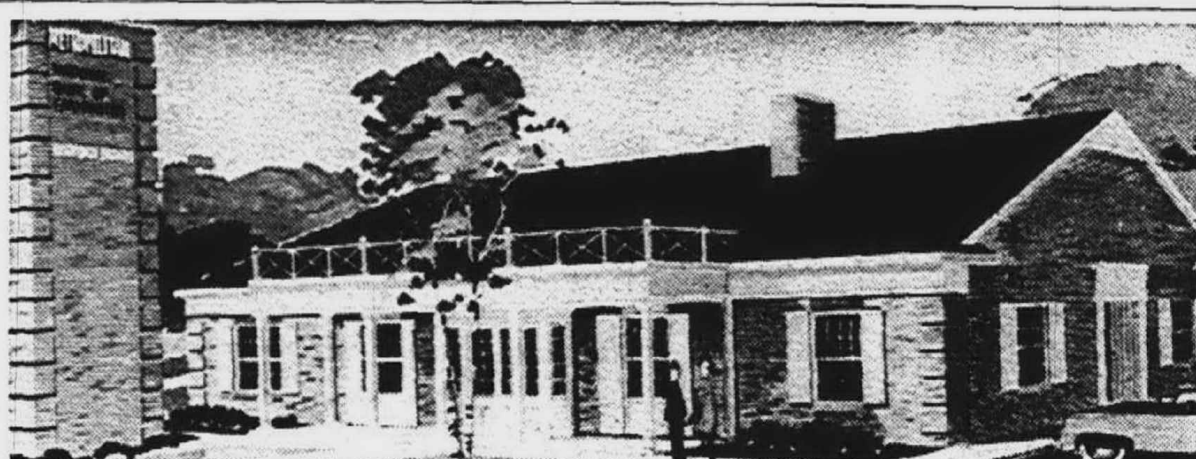

ner St. in the City of Farmington to a large, wooded site on Halstead Rd. in Farmington Township.

Landmark Is Moved

Farmington's historic Universalist Church, which has stood for 114 years in the old village, will move this week to a wooded site three miles away, on Halstead Road in Farmington Township.

Built of virgin timber less than 20 years after the first settler arrived in Farmington, the Greek revival structure allegedly "played an active role in the underground railroad" and heard the impassioned pleas of escaped slave Sojourner Truth "to let my people go." The building provided a birthplace for Farmington's Episcopal congregation and has provided a temporary home for many other congregations in its long history.

Dr. Frank Adams, former president of the Universalist Church in America, served as its pastor for 25 years, sometimes commuting as far as Chicago to hold the small congregation together. Its present pastor, the Rev. Robert M. Eddy, maintains that the church has always been on the frontier of social and religious thinking and that he intends to be faithful to that tradition.

Farmington Bank Opens Branch In Redford

Congressman-elect, Jack McDonald of the 19th Congressional District will officially open the Redford Office of Metropolitan National Bank of Farmington at ribbon cutting ceremonies to be held Thursday, Dec. 15 at 10:30 a.m., to which the public is cordially invited.

This modern banking facility, located at 25719 Grand River Avenue, just East of Beech Daly Road is the first branch office of Metropolitan National, and marks a new milestone for this rapidly expanding bank which was chartered in January, 1963 under the leadership of Louis

J. Lavigne, President. Thomas A. Duke, well known builder and developer in this area, is Chairman of the original 13 member Board of Directors.

Jerrald H. Redecker, Vice President of the bank has been named as manager of the new office. Mr. Redecker, who has a broad background in the banking industry joined Metropolitan National in May, 1965.

Redecker

coming to Farmington from Old Kent Bank and Trust Company in Grand Rapids, Michigan.

Generous banking hours will provide service to customers from 8:30 a.m. to 5:00 p.m. Monday through Thursday, and to 6:30 p.m. on Friday evenings. Saturday banking from 8:30 a.m. to 1:00 p.m. will be a new and welcome service to customers in this locality.

In addition to ample off-street parking, two windows will serve those who prefer the convenience of drive-in banking. A new customer feature to be introduced by the bank concurrent with Grand Opening is the Golden Rate Account, a free checking account service honoring all Senior Citizens who have reached their 62nd birthdays. The Redford Of-

fice is a full-service bank member, and all deposits are insured to \$15,000.00 by the Federal Deposit Insurance Corporation.

Denyes Associates, Inc., Pontiac, Michigan architects, have designed the new structure which presents a pleasing Early American decor theme throughout.

Refreshments will be served during the three days of Grand Opening, Dec. 15, 16, and 17. There will be free gifts for everyone, including popular records for the younger set. A special feature of Grand Opening will be 50 Christmas turkeys to be given to persons opening new accounts during the first week. A drawing for these turkeys will be held Tuesday evening, December 20, 1966.

Ott Trial Delayed

The trial of John Lee Ott, 22, of 22570 Tulane, Farmington Township, has been postponed until the next jury term of the Oakland County Circuit Court. That will begin at the end of January.

Originally scheduled to begin Dec. 8, Ott faces a charge of second degree murder at the trial. He is charged with killing a friend David Garren, 23, of 21756 Whitington, Farmington Township, over a \$50 debt on July 10.

Two Westland People Die In Accidents

A 17-year-old girl and an elderly woman, both from Westland, were among traffic victims during the past week in Western Wayne County.

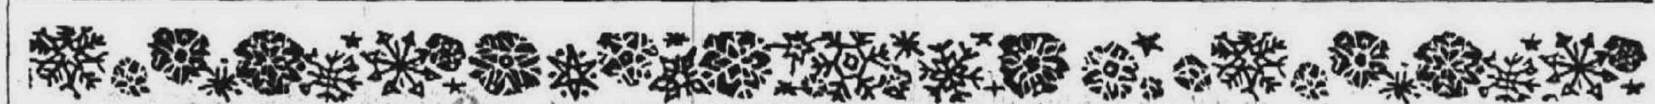

Killed in separate accidents were Jeanne Humphries, of 32642 Birchwood, and Mrs. Ksenia Tur, 64, of 86616 Ford Road.

The young girl was a passenger in an auto driven by Leonard Seale, 39, of Inkster, when it collided with another car driven by Willie Previtt, 26, of Inkster, at the Henry Ruff Road and Van Born Road in Romulus Township.

Sheriff's Department deputies said that they are unable to determine whether the Seale car, southbound on Henry Ruff Road, stopped for the stop sign at the intersection.

Seale was in Wayne County General Hospital and could not be questioned immediately. The other driver was also hospitalized. He suffered internal injuries.

Friday morning, Mrs. Tur was crossing Ford Road near the Westland City Hall when she was struck by an auto driven by Haeley P. Schaefer, 33, of Ann Arbor, an associate professor at the Dearborn Center of University of Michigan. The driver was not held by police.

FIVE-MONTH-OLD "Frisky" — a brown colt, will replace "Timber" in the Joseph Jurkiewicz household. Timber was a Shet-
land Pony shot to death in a cruel Hal-
loween prank. Charles Ball, president of
the Westland Center Merchants Associa-
tion which made the gift, stands with
Danny and Veronica Jurkiewicz.

THIS \$1.7 MILLION warehouse will be
built on Haggerty Road in Plymouth
Township for Spartan Stores, Inc. The 30-
acre site of the warehouse is convenient to
both truck and rail transportation. Two
tracks of the C & I Railroad will enter and
serve the building. It will provide over
290,000 square feet of space including
freezer and cooler space and 23,600 square
feet of office space. The John Hancock
Mutual Life Insurance Company announced
it will provide financing for the endeavor.

Learn Basic Legal Language

You don't have to be a
legal expert, but if you're
thinking about buying or
selling a home it's a good
idea to brush up on some of
the basic legal language used
in real estate transactions.

"Most of the legal terms
used for real estate transac-
tions are simple and almost
self-explanatory," says Bill
Herbert, building specialist
for Allied Chemical's Barrett
Division.

"They have developed
over the centuries and
have become explicit in
their meanings. Because
they are so specific, once
understood, they usually
serve to clarify rather than
obscure real estate trans-
actions."

For the benefit of the po-
tential homeowner, Herbert
has compiled the following
glossary of more common
real estate legal terms:

Assessed Value—The esti-

mated worth of a piece of
property as ascertained by
an authorized appraising
agency.

Certificate of Occupancy—
A statement signed by a
building authority certifying
that a structure meets all the
requirements set forth in
existing building codes for
the area.

Deed—A written docu-
ment by means of which
real property is transferred.

Easement—The right or
privilege of a person, other
than the owner or tenant, to
use a piece of property.

Eminent Domain—The
right of a governmental
body to condemn and/or ac-
quire property for public use.

Encumbrance—A claim
against a piece of property
that lessens its value but
does not prevent it from be-
ing transferred, sold or de-
eded to someone by the owner.
Typical encumbrances are
taxes, mortgages and judg-
ments. These are known as
liens. Easements are also en-
cumbrances, but are not
liens.

Equity—The value, usual-
ly expressed in terms of
money, of a piece of prop-
erty, over and above all liens.

Real Property—This term
is synonymous and used in-
terchangeably with real estate
and includes not only the
land, but buildings, fences,
sidewalks and other improve-
ments on the land. Real prop-
erty also includes all water
within the property bounda-
ries and all minerals, ores
and oils in natural deposit
beneath the surface of the
land.

Title—Evidence of owner-
ship.

Warranty Deed—A guar-
antee that the title the prop-
erty owner transfers to a
buyer has not been given
previously to someone else,
and that the property being
transferred is free of all pre-
vious claims and debts, ex-
cept as noted in the bill of
sale, mortgage or deed.

Dishwasher Safe

That non-stick finish ap-
plied to modern pots and
pans is not harmed by auto-
matic dishwashing deter-
gents. Just make sure that
the utensil itself is dishwash-
er-safe.

EMU Sets Up Seventh Degree

YPSILANTI — The East-
ern Michigan University
Board of Regents today estab-
lished the University's sev-
enth bachelor's degree—bach-
elor of fine arts.

The new degree reflects a
growing art department at
EMU, once aimed strictly at
teacher education, but now
also offering an excellent art
school program for students
not majoring in education.

In the past two years, the
number of art majors at EMU
has doubled — from 153 in
1964-65 to more than 300 this
year.

Other bachelor's degrees
offered at EMU are bachelor
of arts, bachelor of science,
bachelor of education,
bachelor of business educa-
tion, bachelor of business ad-
ministration, and bachelor of
music education.

Do electric dryers really cost less to buy?

Do you really get no-charge service?

Do kids like ice cream?

The answer, of course, is a rousing YES! Model for model, electric
dryers cost up to \$20 less than gas dryers. And every electric dryer
is backed by Edison's No-Charge repair service. No charge for any
electrical parts. No charge for labor. Edison is the only utility company
in this area that offers no-charge repair service.

Can you get this kind of worry-free assurance with a gas dryer?
Sure—with a manufacturer's repair service policy. But it will cost you
up to \$120 over the first five years of operation alone!

One thing more. Edison's No-Charge repair service applies even if
you don't buy your dryer from Edison—so long as the dryer is electric
and you get your electricity from Edison. And if you buy now from a
participating dealer, the low price you pay includes the cost of wiring,
if any's needed. So when you add it up, an electric dryer can save
you up to \$140 in just a few years. That can keep the kids in ice cream a good long time. **EDISON**

Oakland U to Have Child Care Center

The Continuum Child Care Center at Oakland University is now holding pre-enrollment interviews with mothers in preparation for registration of their pre-school children the first of the year.

The services of this newly-developed center are available at a nominal cost to any mother enrolled in a credit or non-credit course at any institution, not necessarily Oakland University. Mothers who are working part time or volunteering their services in the community, and wives of faculty and staff members are also eligible for this service.

Directed by a specialist in child education, Mrs. Diane Gosser, the center is attempting to bring the best knowledge of what is good for the pre-school child into a new framework, arranging the schedule in a flexible manner that best suits the individual mother.

Women who have not yet enrolled in a college or university and wish to do so are advised to make their choice immediately so that an early class schedule may be established and the time of their child's attendance at the center worked out.

The center performs an extremely important function for the child as well as the mother. While it enables the mother who wants an education to obtain it during the time that best suits her needs, it also gives her pre-schooler an opportunity to

FLU-FIGHTERS get boost. Livonia school district employees took advantage of a one day clinic held in Bentley high school to immunize themselves against influenza. Here Kenneth B. McClain, who teaches high school geography, checks in with his wife and family as Mrs. Janet Campbell, R.N., and Bill Lintner of the school staff

look on. Those who got booster shots this month will be set for the year while those getting their initial immunization will have to get a second shot in January. The program was designed to fortify the health of school employees and indirectly children, and to help reduce winter absenteeism due to seasonal ills.

explore a pleasant new world with trained adults, educational equipment and new playmates.

Mrs. Gosser is assisted by trained student aides and the center is operated under strict health and safety standards. Each child must have a physical examination before being formally enrolled. The center is located at Five Points Community Church at the corner of Walton Boulevard and Squirrel Road, directly across from

the University campus. For additional information, interested mothers may call

JUNIORS HOST MEMORABLE DAY FOR SENIORS

Juniors and seniors celebrated the blessing of the seniors' rings Thursday, Dec. 1. The day began with Mass at Madonna College chapel. Rev. Kean Cronin officiated at the ceremony. Breakfast was served in the Madonna College Dining Room. Guest speakers were Father Cronin and Sister Mary Laetantia. Vickie Gillis, junior class president, and senior class president, Cheryl Karbon, addressed a few words to the girls. A program of songs was given by members of the junior class in the dining room. The morning ended with the singing of the school fealty song and a trip back to school.

In the afternoon the juniors presented informal entertainment in the cafeteria followed by punch and cookies. The seniors wish to express their gratitude to the juniors for a memorable and happy day.

A NEW LADYWOODIAN FROM MEXICO

Ladywoodians welcomed a new student during the month. Anelena Barrera started school as a senior and also a lot of new friendships. Anelena hails from Mexico City, Mexico and plans to stay in this country two months. She explains that this is her "long vacation," comparable to our summer vacation. She is the guest of Mr. and Mrs. Aldenberger and the seniors of Rm. 49, Sister Mary Janine.

PARENTS-TEACHERS EXPRESS CHRISTMAS SPIRIT

Sister Mary Huberta has been preparing the Ladywood Choral Club for the annual Christmas program for the Parent-Teacher Club. The preparation was successful because the club enjoyed it. The program was held Monday evening and also featured games, prizes and a short business meeting.

WHAT DEMOCRACY IS TO SOME LADYWOODIANS

An oratorical contest on the subject, "What Democracy Means to Me" won monograms for six girls last

week. The contest was sponsored by the Veterans of Foreign Wars. The girls who gained the awards were: Chris Fox, Charlene Fox, Margarita Valdez, Loretta Kling, Maryanne Gable, and Connie Foley.

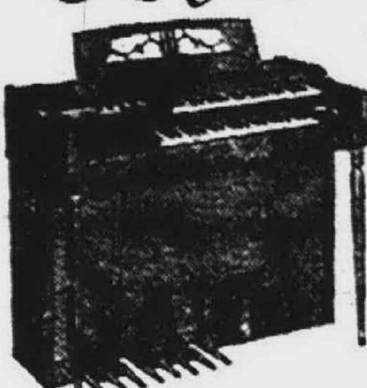

CHRISTMAS PROJECT FOR SCHOOL

The entire school is participating in a Christmas project that originated and is being sponsored by the Sodality. The project is to raise money for the Little Sisters of the Poor who rely solely on contributions. The money will be used to purchase food in gross for the nuns. The sisters care for the aged, the abandoned, and the senile.

POP'S HOP

The Pop's Hop was held last Wednesday evening. It is an annual hop for the fathers and daughters. It's one of the most popular hops of the year.

John Trowbridge and Susan Tauber Chosen

Livonia Youth Symphony Society announces its selection of John Trowbridge to perform the Rhapsody in Blue as guest pianist with the Youth Symphony Orchestra. In addition to serving as alternate, Susan Tauber will also appear as guest soloist at the Appreciation Concert in May.

Thirty-seven pianists answered the "Help Wanted" call for pianists to audition for the honor of playing with the Youth Symphony Orchestra.

The talented young artists who participated in the audition at Stevenson High School in Livonia on Dec. 3 are: Stacey Evans and Kathryn Jarvis of Northville; Clarissa Carrera and Susan Tauber of Southfield; Carol Etring of Garden City; Sheryl Fabo of St. Clair Shores; Lynn Burton of Redford Township; Darlene Booth, Michael Block, John Trowbridge, Jim Amends, Diane Casey, Cheryl Stewart, Dana Hellman, Paula Hennis of Livonia.

One of the judges was Eleanor Scharchburg, a pianist who studied with May King of The New York Conservatory of Music and The Metropolitan Opera Company. Also serving as judges were Lester Farkas, conductor of the Youth Symphony Orchestra and Al Larson, conductor of the String Orchestra of Livonia.

It was only by a strange stroke of fate that John Trowbridge was granted a time to audition. Appointment times were filled. Kathy Landis, a friend of John's, found she had to cancel her audition time. John stepped in and played in her place.

John who lives at 17377 Westmoreland is 16 and a junior at Redford High School. He has studied piano for 9 years. His teacher is Mrs. Florence Zanolli.

John has attained outstanding achievements in both music and scholarship. At Emerson Junior High School he received a certificate for the Outstanding Music Student of the Year and he was tied with two others for top scholastic honors.

His record at Redford High is equally enviable. He is a straight A student. His extra curricular activities include: member of the Redford High Choir and writer of a column, Musical Notes for the Outpost; treasurer of the Key Club and the French Club; member of the Drop In Council and The Exchange Club for American Field Service Students.

John is also accompanist for the Finlandia Choir.

Besides participating actively in all these social and service organizations John reserves one hour and a half each day for practicing the piano.

Susan Tauber just happened to read an article about the Livonia Youth Symphony Society's piano auditions for a piano soloist to play the Rhapsody in Blue with the Youth Symphony Orchestra.

Then she said to herself, "Here I am just working 40 hours a week selling typewriters." It was the impetus she needed to direct her talents toward a serious musical task.

So it was that Susan switched from typewriter keys to piano keys (in her free time).

Just one month before the audition on the same day that she received a copy of the piano score to be played for the audition, Susan began studying with Clark Eastham of Royal Oak. She gives much credit for her success at the audition to her teacher. Mr. Eastham is on the staff at Wayne State University. He is as well known for his musical compositions as for his teaching.

Susan who is 18 lives at 20773 Camden Square, Southfield. Although her reply to questioning about her past performances was "Nothing much, just little things," she has an illustrious background of accomplishments.

Just little things as being a finalist in the Miss Teenager of Memphis, Tennessee where she lived before coming to Michigan and little things as touring Alabama as piano soloist for The Music Federation and playing a lead in Oklahoma. Another little thing was receiving a gold cup and Superior Rating in Piano Work for four years and a scholarship to a summer music camp at the University of the South at Swann, Tennessee. She was also a vocalist with the West Tennessee State Choir.

In high school Susan was accompanist for the Girls Choir, a cheerleader for 3 years and voted the most friendly and most talented in the school. If you could meet Susan personally, you would agree.

Susan plans to continue her nine years of piano study at the University of Michigan, School of Music as a music education major.

FAST AFOOT is Larry Grimm of Bentley Redford Union. Bentley won easily to get (51) as he dribbles in to take a shot against off on right foot in Suburban Six League.

Knowledge Is Helpful

The inexperienced have become experienced and that means:

"Watch out for Bentley high's basketball team."

After splitting their first two games, the young Bentley cagers cut down on their mistakes last Friday and also tightened their defense to beat Redford Union, 69-51, in the opening Suburban Six League game for both teams.

Bentley led all the way, piling up a 18-11 lead in the first quarter and increasing it to 36-27 by half-time.

Ken Bollin's scoring was the big feature of the early Bentley assault as he made 16 of his 25 points before the intermission.

Bentley upped its lead to 52-37 at the three-quarter mark and added to its advantage in the closing period.

Three Bentley players, led by Bollin, scored in double figures. While Bollin had 14, Greg Coleman shot in 14 and Ed Ryan contributed ten.

The defensive play of Ryan and Coleman also impressed coach George Fefles of Bentley.

Ryan held Redford Union ace Leland Bjerke, who whipped in 24 points, to only seven in the second half, while Ryan contained Mark Lindman, another RU ace, to three points.

Observing SPORTS

By George Maskin

VIGNETTES IN LIFE:

Where does time fly? When we first took over writing sports for the Observer papers some six years ago, there was a kid by the name of Dick Gretzinger swimming at Plymouth High School.

Dick was one of Michigan's tank greats of his day. He dominated in the Suburban Six League and won the State Class A breast stroke championship.

When he was graduated from Plymouth in 1961, Dick took off for Michigan State, there to study to become a teacher; there, too, to win honors for the Spartans in swimming.

Today, one calls at Plymouth to talk swimming. They have a new coach, a gentleman who doesn't look a great deal older than his proteges. He really isn't.

Dick Gretzinger has come back to Plymouth ... to teach and to coach. His sport, of course, swimming.

However much one travels, there's always a thrill. Maybe it's just the shining, young faces of the beautiful

Happy Start For Franklin

Scores can be misleading—like the final 75-73 tally when Franklin High downed Thurston last Friday in the Northwest Suburban League opener for both teams.

A two-point game spells closeness. Yet, Franklin was never in danger.

The Livonians were in complete command most of the way.

They took a 20-17 lead after one quarter as Carl Gulbransen drilled in 11 points and Ron Wicks added seven more while Reg Barringer had seven and Bob Wardrop six for Thurston.

Then, in the second period, Franklin pulled away to a 46-31 halftime bulge as Gulbransen added eight more points.

Thurston came back from a 17-point deficit early in the third period to make the score a great deal more respectable.

Between an injury that sidelined Earl Neely, Franklin's top guard; the Livonians losing four players on fouls;

and Thurston's all-court press beginning to work, the big Franklin lead faded away.

But with a minute left in the game, Franklin still led by six and it was Franklin on top when the final score was posted.

Roger Stephan, Barringer and Wardrop each tossed in six points for Thurston in its closing rush. All of Barringer's final-period points came on free throws.

Franklin had three big

29 points on eight baskets and 13 free throws, besides playing a strong floor game and starring as a ball handler.

Wicks tallied 16 points while Tom Reich, a sub guard, fired in 15 points.

Barringer and Wardrop starred for the losers with 23 and 20 points, respectively. Barringer pumped in 11 free throws.

Thurston won the reserve (Continued on Page 4B)

Collegians Suffer Pair Of Losses

The Schoolcraft College basketball team ends the first phase of its 1966-67 schedule Saturday night against Delta College in Bay City.

Hopes at Schoolcraft for going into the 1967 segment of play with at least a .500 record went out the window last week when the collegians were belted by Flint, 117-70, and then by Highland Lakes, 84-74.

Literally fantastic shooting by Flint killed Schoolcraft. The upstarters hit on 24 out of 28 shots for almost 80 per cent in the first half.

What's more, most of the shots came from the outside.

Don Cranford from Plymouth had 15 points and Fred Neal 13 for Schoolcraft.

Against Highland Lakes, Schoolcraft led for almost two-thirds of the action. Then John Olander, ex-Farmington high, cut loose for the Lakes with a 12-point barrage to pace his team to victory.

Olander finished with 27 points, just four more than Schoolcraft's John Filmet.

After the Delta game Schoolcraft will be idle until Jan. 5.

DOYLE, CARRICO PACE SWEEP

Sorrows Cagers Roaring

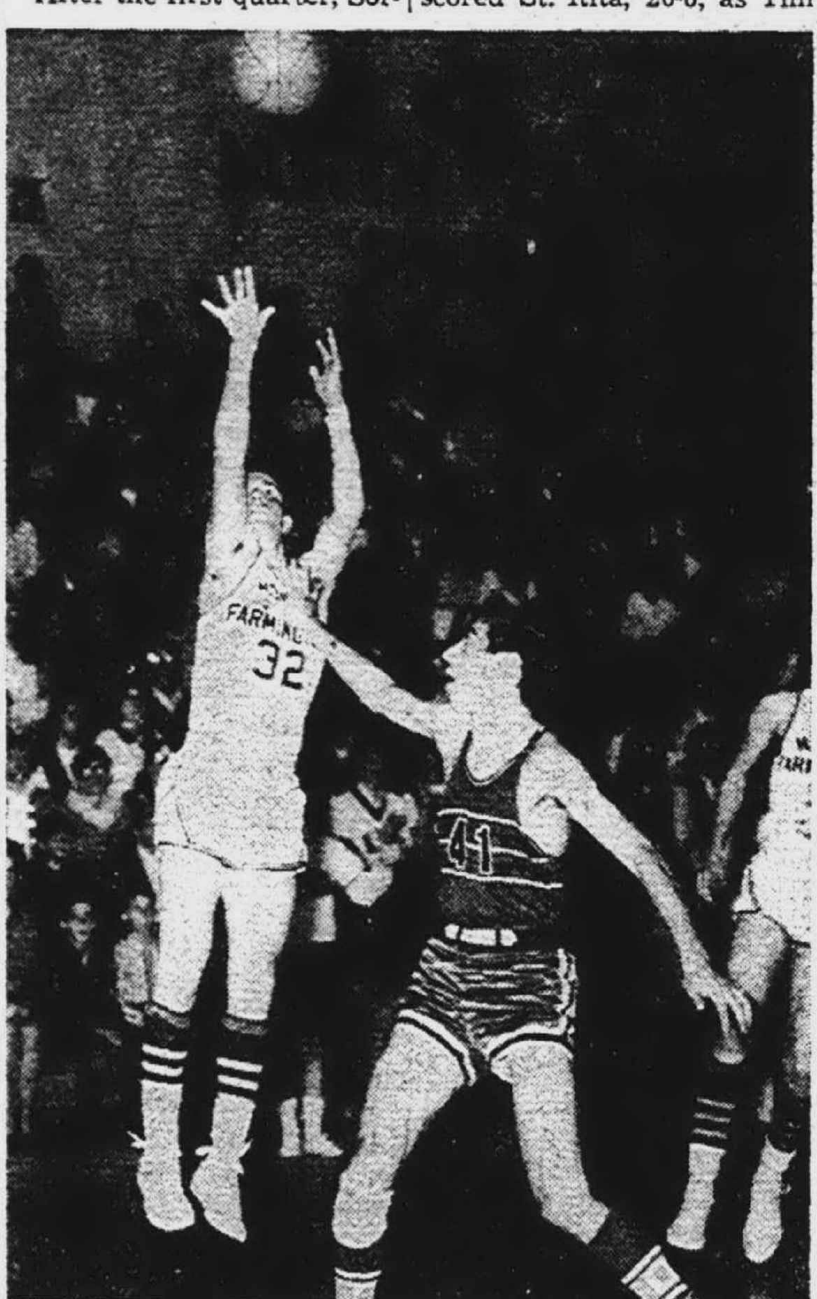

A winner in football . . . ditto in basketball.

That's the happy sports story for Our Lady of Sorrows high school in Farmington.

On the gridiron, Sorrows roared through eight straight games to capture divisional and semi-final playoff honors in the Catholic League before losing in the second division's title game.

Now the Sorrows' basketball team is roaring. With wins over St. Rita, 78-61, and over St. James, 68-60, Sorrows last week hiked its record to 5-1—4-1 in conference action.

There was a strange situation in the win over St. Rita. After the first quarter, Sorrows trailed, 24-14. But in the second period, Sorrows outscored St. Rita, 26-6, as Tim

PERFECT SHOT by Mike McCoy (32) of North Farmington heads for the basket as teammate Jim Rulapaugh (10) watches with a smile on his face. The Raiders won.

Doyle drilled in 10 points and Frank Carrico added 12.

In addition, the Sorrows' defense tightened up and stopped St. Rita in the period with just two baskets and two free throws.

Doyle finished with 31 points on 13 baskets and five free throws. Carrico pumped in eight hoops and seven charities for 23 points.

Against St. James, it took a late rally to turn the trick for Sorrows.

With 2:58 remaining in the third period, Sorrows trailed by seven points.

But Sorrows reeled off seven straight points on single baskets by Doyle, Mike McCaskin and Tom Webster and a free throw by Carrico to pull even by the time the period ended.

In the last period, it was all Sorrows as the Farmington cagers outscored St. James, 68-60, with Doyle leading the closing rampage with three baskets and five free throws.

Carrico wound up as the game's high scorer with 29 points on ten hoops and nine charities. Doyle flipped in 22 points while Dennis Perry had 11.

Sorrows won in both reserve games, whipping St. Rita, 70-47, as Bob Theisen scored 20 points. Tim Mahoney netted 18 in an 80-51 romp over St. James.

Late Rally Fails for Stevenson

Despite troubles getting started, Stevenson high's basketball team came within a whisker of upsetting Walled Lake in an Interlakes League game last Friday night.

The newest of the Livonian high schools, boasting no seniors on its roster, was held to just seven points on two baskets and three free throws in the first period.

Thereafter, Stevenson held its own—in fact, more than held its own—but was unable to overcome the big early deficit and went down a 61-58 loser.

Too many turnovers hurt Stevenson in the early going, according to Stevenson coach George VanWagner.

"After that, we tightened up and didn't make many mistakes," said Van Wagner. "We played really well."

Walled Lake led, 29-24, after the first period, then upped its margin to 44-34 at the three-quarter mark. In the closing period, Stevenson outcounted Walled Lake, 24-17, in staging a roaring finish.

Three Stevenson players finished in double figures. Jerry Detter had 14 points while Nick Exarhos, Jim Olsen and Paul Pender had ten each.

Paul Van Wagner, the coach's son, led the Stevenson reserves to a 50-40 win.

'Command' Night For West Quint

Call it a "command performance," the 78-39 victory Garden City West high's basketball team turned in over Cherry Hill.

That's because West was in "command" all the way in its first game of the season and also its debut in Tri Rivers League action.

West roared off to a 17-9 lead in the first period. By halftime it was 48-18 and West kept pulling away in the final half.

The one-two punch of Don Bazzarelli and Bob Gamache accounted for the knocking out of Cherry Hill in a hurry. Bazzarelli, a guard, tossed in 17 points while Gamache, a forward, drilled home 15 points during the first half.

Fifteen of Bazzarelli's points came in the second period.

Between them, Bazzarelli and Gamache accounted for 49 points. The former had nine baskets and eight free throws for 26 points. Gamache eight and seven for 23.

Don Smith netted 11 points on five hoops and a charity

to round out the "double-figure" scorers for West which hit 26 out of 76 from the field and dominated in rebounding with 48 to 32 as Gary Robinson nailed 13 off the boards and Smith 11 more.

Defensively East sparked, led by Jim Mincey who held Cherry Hill's top scorer to just six points.

If there was one "weakness" by West, it was at the free throw line. The team missed 23 out of 49 charities.

2 Free Throws Save Farmington In Loop Debut

What a way to start a title defense! Win it in the final few seconds with a pair of free throws and then keep the opposition from getting off a good shot.

So it went last Friday night as Farmington High squeezed past Pontiac Northern, 53-52, to get off on the right track in defense of the Inter Lakes League crown. Farmington won under coach Jack Quiggle last year.

The hero?

Well, if you consider just the player who made the final two points, it was Fritz Simon who dropped in a pair of charities with 20 seconds left after Pontiac Northern had gone ahead, 52-51, on a basket by Bob Traylor with 35 seconds on the clock.

After Simons coolly and calmly delivered his vital pair of shots, Northern still had plenty of time.

But Farmington rushed its rival into some hurried tries and finally what seemed like a night and a day of time ran out and the elated Farmington players jumped with merriment.

In Pontiac Northern, the Falcons had tripped the team which generally is figured as the team Farmington must topple for a repeat title.

The game was see-saw all the way. Pontiac Northern

went ahead, 14-9, after one quarter, but its lead stood at only 28-24 at halftime.

In the third period, Farmington rushed ahead by 40-34 thanks to a 16-8 spurt in which Greg Dorow tallied seven points.

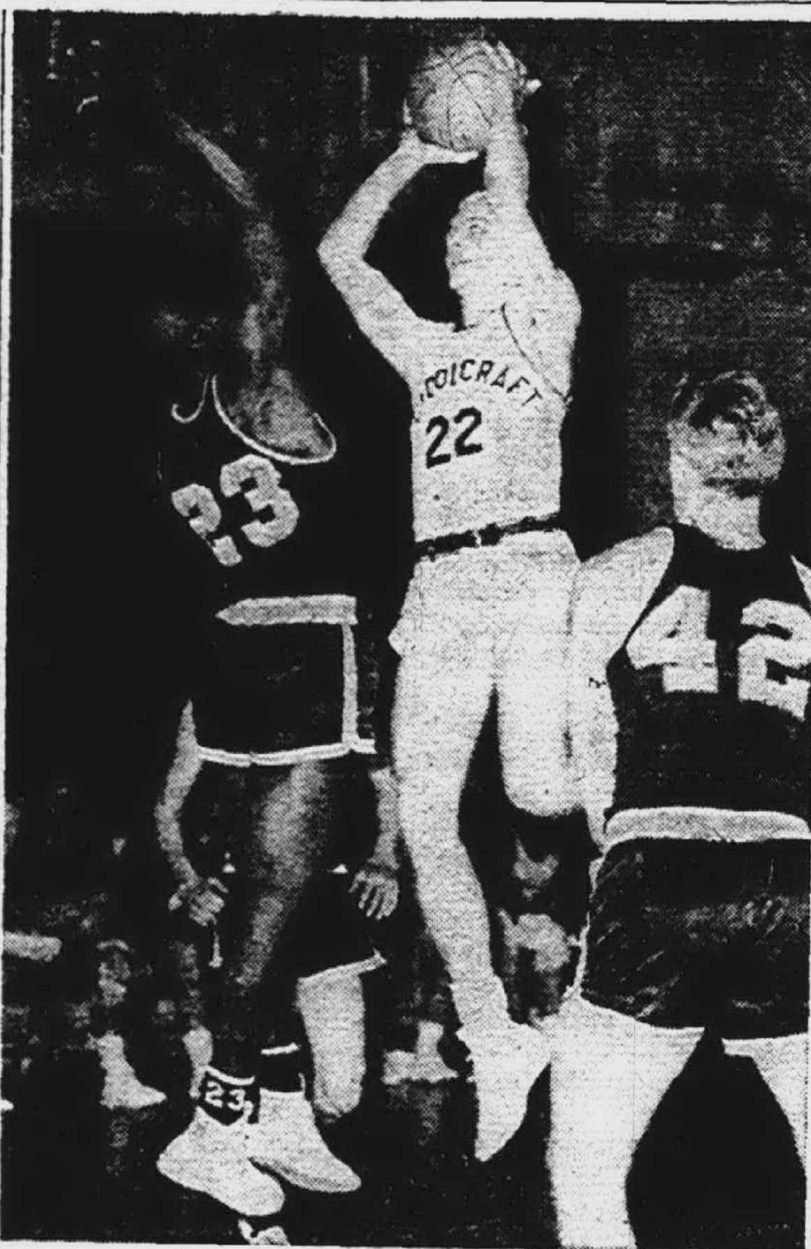

But back stormed Northern and it looked for a few seconds that the Pontiac team's rally would win until Simons connected with all the pressure on him.

Dorow topped the winners' attack with seven baskets and four free throws for 18 points. Next came Mike Ames with 11 points.

Sub guard Tom Wirtz, besides adding 10 points to the Farmington cause, turned in an excellent floor game and his passes were responsible for several of the Falcons' points.

For Northern, the last of the Hayward brothers who have starred for the school — this one's Don — topped the point parade with 17.

Northern's reserves won, 63-46, as Ken Schultz collected 11 points in a losing cause.

UP AND IN goes a shot by Jeff Stevens of Schoolcraft College against Flint J.C. But the Flint team had little trouble in rolling to victory.

Mark Tops Swim Win By Bentley

Faced by Pete Rogissart, who set a new pool record in the 400-yard free style, Bentley high's swimming team whipped Redford Union, 61-44, in a Suburban Six League dual swimming meet.

Rogissart was timed in 4:13.1, compared to the old school mark of 4:17.

Rogissart also won the 200-yard free style and shared individual honors with Redford Union's Mark Favor who won the individual medley and 100-yard butterfly.

The results: Medley relay: 1—Bentley (Bars, Stewart, Kee, Mehal), 2—Haltom (RU), 3—Lepin (RU). Individual Medley: 1—Favor (RU), 2—Trembath (B), 3—Donaldson (B). Diving: 1—Clancy (RU), 2—Roderick (B), 3—Garvey (B). Butterfly: 1—Favor (RU), 2—Kee (B), 3—Marquitt (RU). 100-yard free: 1—Wood (RU), 2—Guthrie (B), 3—Masterson (RU). Back stroke: 1—Donaldson (B), 2—Bars (B), 3—Meyers (RU). 400-yard free: 1—Rogissart (B), 2—Haltom (RU), 3—Whitbeck (RU). Breast stroke: 1—Stewart (B), Trembath (B), 3—Charles (RU). Free style relay: 1—Bentley (Guthrie, Tooley, Mehal and Schreiber).

Wayne State University first-year basketball coach Frank Gompert is only the fourth head coach WSU has had in its 49 years of basketball.

New Track Club Starts with Win

The North Farmington Track Club, formed only a month ago, already has a great victory to its credit.

Competing in the National AAU Eastern Region 10,000 meter cross country championship at Hines Park, the team showed the way to all rivals over the rough, hilly terrain.

Coached by Neil Cohen, the team showed promise of adding a lot more titles before the season is ended.

Rick Randall was Farmington's first finisher, covering the course in 35:16 and he was followed by William Marty Makinen, in sixth place, with Brian Macdonell, seventh; Mark Ziska, eighth; Rod May, ninth, and Gary Carr, Alam Armstrong and Mark Behmer finishing eleventh, twelfth and thirteenth respectively.

Each man received a bronze medal for individual effort and for bringing the team into victory. Rick Ran-

dall, Marty Makinen, Brian Macdonell, Mark Ziska and Rod May received a gold medal in addition to the bronze medal.

All of the boys attend North Farmington High

School and were members of the successful N.F.H.S. Cross Country team this fall. None of the boys are seniors—three are juniors and the remaining five boys are sophomores.

Observing Sports

stewardesses, like the pair who brought the Pistons back from Boston.

Or, perhaps, it was the mother and her infant son of three months, riding in the seat ahead into New York the other foggy evening.

You had to guess that this was a very special trip mom and son were making. You could just sense it by the radiance of the mother, who could hardly have been 20.

And, the baby, he had to understand . . . as he played in a special crib furnished by the airlines.

From time to time, the tiny one would lift his head, stare around and smile. Sure, he knew what was in the near offing for him.

Mom kept looking at her watch. The plane was late.

"I sure hope we make the connection in New York," she remarked, obviously worried. "This is our first trip."

Her destination?

"We're going to Germany. My husband is stationed there. He's a GI. And he's never seen our son."

The big Northwest airliner settled in Kennedy Airport. Most passengers usually can't wait to get off a plane. But this time, they stood aside. They helped as best they could to see to it that mom and son were the first off . . . so that they could make their flight to Germany.

A half dozen or so hours, as we turned off the Johnny Carson show in our hotel room in New York, we thought about mom and son . . . that it now was early in the morning in Germany . . . and how at the airport in Frankfurt one of those great kids serving all of us was waiting . . . waiting for his beautiful wife and for the moment no father ever can forget . . . the first peep at his first child!

While two young Americans were going overseas, the next evening we sat along side a young member of our Air Force returning from overseas.

He had been stationed in Turkey, Greece and surrounding countries. He was attached to our Embassy staffs . . . and, admittedly, as GIs will tell you: "I had a good deal."

But, he was returning to the U. S. for the first time in 18 months . . . and already in the 90 minutes he had spent at the airport waiting for his Detroit flight after deplaning from a Pan American jet inbound from Paris, he had learned to appreciate the thrill that comes with drinking a glass of milk.

"I hadn't had milk like that since I left the country a year and a half ago," he told us. "Nor such a good steak . . . or even a coke."

He had been in Paris earlier in the day, walking around and seeing the sights.

"Imagine, pay 41 cents for a lousy coke," he continued. "Well, I did."

We wondered if they (in Paris) spot an American and try to take advantage of him or her?

"No . . . that's just the way their prices are."

The young man was tired. He had left Turkey the day before . . . hadn't slept in Paris because there was too much to do . . . but when the American Airliner moved to the ramp at Metro Airport, you could see how this fellow was bubbling over within.

He was home . . .

All of which should prove a couple things: 1—How fortunate we are to live in this country; 2—that no place is really that far from us anymore, as proved when a kid who leaves Paris at 10:30 in the morning is able to see his parents in Detroit some 12 hours later, despite a few hours layover in New York.

Nor is this a big world when the guy sitting beside you on another trip tells you that he'll do business the next morning in London and Geneva . . . will return to New York three days later and a couple of days after that he'll be back at this desk—in Tokyo, Japan.

MICHIGAN BANKARD

A NEW BRANCH of Manufacturers National Bank (shown above) has opened its doors for the Livonia-Westland community at 29049 Joy Road, just east of Middlebelt Road in Westland. Open house will be held daily until Dec. 23 to allow residents to get acquainted with the bank's services, which include additional teller windows, drive-in banking windows, walk-in vault, and a customer conference room. Refreshments will be served and gifts presented to all visitors during the office hours of 9:30 a.m. to 5 p.m. Monday through Thursday and to 7:30 p.m. on Fridays.

OK Planning Unit Rules

Westland's Planning Commission adopted its first formal policies and rules of procedure Wednesday night.

The seven-page document, which will be made available to the public when copies are made, outlines the procedure for persons having official business with the planning commission.

The rules cover the procedures for rezoning requests and subdivision approvals in addition to the new planning department operations.

The new rules require that all inquiries, applications, or matters requiring official action by the commission shall be submitted to the commission office in writing at least 15 days before the meeting on which the action is asked for.

On rezoning requests, the commission is now requiring that the planning department, under Planning Director Eugene Katz, give his own views on the request and emphasize to the petitioner that it does not reflect the thinking of the planning commission.

On rezoning petitions denied by the commission, the person seeking the rezoning must be notified that the recommendation will be forwarded to the City Council for action. The petitioner then is also told he can ask the Council for a hearing if he puts the request in writing at the council office.

On subdivision plats, all such plats must be accompanied by a letter stating that the development has been designed so adjacent land has access to all stub streets, utility easements and walkways and that no reserve strips shall exist between the subdivision and the adjacent properties.

In addition, the center line of all stub streets and walkways within the subdivision will be aligned with the centerline of adjacent stub streets and walkways.

If a preliminary subdivision plat approved by the

commission and council and revised in the areas of street layout, plat size and/or other major changes, it shall be resubmitted to both municipal agencies again.

In other matters involving the commission, the rules stipulate that the regular meetings shall be held on the first and third Wednesday

of each month and be open to the public.

On rezoning requests, owners of record lots within 300 feet of the parcel in question must be notified by mail of the hearing at least five days before. Property owners adjacent to the site in question shall also be notified by certified mail.

Folder Gives Tips On Care of Floors

Wood floors add charm and beauty to millions of American homes. To look their best, however, they require special treatment. And lack of knowledge about proper floor care wastes countless hours and can actually harm the wood.

A new folder, prepared by the Armstrong Cork Company, cuts through the myths surrounding wood floor care. It points out, for example, that self-polishing kitchen waxes should never be used on wood flooring.

These water-based waxes can seep down into the floorboards, causing them to warp or swell. Even

when kitchen waxes have been used on wood floors with no apparent damage, the folder goes on to say, removing wax buildup can seriously damage the wood finish.

Wood floors should be cleaned only with chemical solvents, according to Armstrong. Using soap and water may work for a while, but is harmful in the long run and may require costly refinishing.

When waxing wood floors, it's best to use a buffable paste wax or one of the new self-polishing liquid waxes that cleans while it polishes. Both types give deep, safe, long-lasting shines. And the self-polishing wood floor waxes, since they don't require buffing, save time and trouble.

Copies of the new folder entitled, "Your Valuable Wood Floors," can be obtained by writing to Armstrong Cork Company, Department WFC, Lancaster, Pa.

Rough Siding Is Becoming More Popular

More saw-textured cedar siding will be seen on homes built in coming years, architects generally predicted in a recent survey on preferences for home exteriors.

More of this siding will be put on vertically than in the past and more stained finishes are in prospect, the architects said.

Views of the designers contrasted with those of builders interviewed, who favor horizontal siding with smooth face, which is a more traditional styling.

Rough-sawn siding is proving itself as low-maintenance material, architects report. Staining is a finishing method that is rapidly growing, spreading from west to east.

Wood siding is compatible with other materials, hence is an appropriate choice for the exterior of any room added on to present homes.

Light Finish Liked On Wood Paneling

Wood walls need not be dark walls, as in 19th century mansions.

Naturally light-hued woods such as ponderosa pine or western hemlock will brighten a room when finished clear, and at the same time provide a warm yet neutral background for furnishings of practically any bright colors.

Since off-whites are highly popular for walls now, lumber paneling readily meets this choice after a coat of white rez is brushed on and immediately wiped with a lint-free cloth.

Hanging Help

When hanging matching doors for a cabinet, insert a paper match between them, as you set the hinges. This will provide just enough clearance for easy closing of one without scraping the other.

Shelves Use Your Choice Closet Space

Do you need more storage space, and don't know where to turn to find it?

Take a closer look inside present cabinets and closets. You're sure to find some unused space, low, high or in between.

In a cabinet, add some adjustable shelves, or replace shelves with drawers or trays. In the kitchen, shallow racks can be fastened to the

inside of cabinet doors, but be sure they will not bump the shelves or items stored on them.

Closets can provide a surprising amount of space for open shelves or pull drawers. Hanging dresses and robes entirely at one side may leave enough space below the shorter items at the other to allow for a couple of shelves, for storing folded apparel or shoes.

Western pines are ideal for this type of built-ins, with their high resistance to splitting and being easy to saw and nail.

An arbor style roof made of cedar 1x1s spaced a half-inch apart gives filtered light perfect for fuschias, begonias and other shade-loving plants.

School Persons Attend Fiscal Reform Program

Garden City school officials and PTA leaders will participate in a statewide conference on "Fiscal Reform for Quality Education" today, Wednesday, at Detroit's Cobo Hall.

Organized by the Detroit Council of Parent-Teacher Associations, the conference will tackle the problem of finding a more equitable system of financing Michigan public schools.

"Alternatives to the present method of financing our public schools must be found," said Mrs. Earl Tate, president of the Detroit Council of PTA's.

Each of the many proposed changes presented over the years has involved a major revision of Michigan's financial structure, beginning at the state level and extending through the county and local taxation policies, she said.

Heading up the Garden City delegation to the conference will be Russell D. Miller, longtime Board of Education president and currently a trustee, and Robert S. Duhan, special administrative assistant to the superintendent.

Duhan is executive secretary of the Metropolitan Association for Improved School Legislation, an organization of low valuation school districts in Wayne County, which the Garden City District was instrumental in forming.

The Garden City district long has been a leader in the fight for greater equalization of education opportunities and school taxes in Michigan.

"Progress has been made in the improvement of state aid formulas, but much remains to be done," said Dr. Edwin J. O'Leary, superintendent of Garden City schools.

"Our past efforts toward improvement of the state aid distribution formula have cut the differential of money available per pupil on the same tax rate from 6-1 to 3-1."

Co-sponsoring the conference are the Michigan Congress of Parents and Teachers, Greater Detroit Board of Commerce, Michigan Education Association, Michigan's American Association of University Women, Michigan Farm Bureau, Michigan Federation of Teachers,

League of Women Voters and many others.

"These organizations recognize fiscal reform is an absolute necessity if we are to provide an adequate level of assured funding for education and that the best opportunity to secure fiscal reform is during the next session of the State Legislature," said Mrs. William Wertz, conference chairman.

Mrs. Helen Nevill, District 2 director of the Michigan PTA Congress and former president of the Garden City PTA Council, said the conference will provide an opportunity for all citizens to take a "cold, hard look at our antiquated tax structure."

The conference will get under way at 9:30 a.m. and continue until 10 p.m.

The morning session will consist of an address by Prof. James A. Kelly, professor of

education, Teachers College, Columbia University. "How to Achieve Educational Goals" is the title of his talk.

It will be followed by a reactor panel composed of individuals representing various interest and points of view.

Dr. William Haber, dean, College of Literature, Science and Arts, University of Michigan, will keynote the afternoon session, discussing "Fiscal Reform Alternatives for Michigan." There will be discussion groups composed of legislators, parents and/or educators.

The afternoon session will conclude with a summary session.

"Progress Through Action" will be the topic of the evening program. This final session will be devoted to developing an action program to implement the recommendations of the conference.

GMC Sales Up For November

General Motors dealers in the United States sold 155,655 new passenger cars and commercial vehicles in the last 10 days of November, H. E. Crawford, vice president in charge of the Marketing Staff, announced this figure compares with 149,415 units sold in the same period last year.

Sales in the 10 days just ended included 137,496 passenger cars and 18,159 commercial vehicles, compared with sales in the same period last year of 131,824 passenger cars and 17,591 commercial vehicles, the previous records in each category for the period. There were eight selling days in the period just ended compared with seven last year.

Westland Fire Calls Drop 14.9% in Nov.

Winter weather has resulted in a 14.9 per cent drop in Westland Fire Department calls in November as compared to the previous month.

However, the monthly report shows that the 137 calls were slightly above the 129 figure answered in November, 1965, said Fire Marshal Milton Quiring.

In November, there were 19 house fires and 87 rescue runs, which are still running well ahead of this year and last year.

In October, there were 67 rescue calls with 54 recorded in November of 1965. Through November, the department has answered 689 rescue alarms, well over the 424 for the same 11-month period in 1965.

The total department activity shows that 1,323 calls were answered this year as compared to 961 for the first 11 months of 1965, an increase of nearly 50 per cent.

Quiring also reported that the November fire losses amounted to \$11,545, above the previous November's figure of \$8,545. The total damage loss this year is \$217,734, under the \$240,326 figure for the same period of 1965.

In addition, Quiring made 23 fire prevention bureau inspections and department personnel gave eight talks before a combined audience of 254 persons.

Accompanied by the state fire marshal, two local schools were inspected by the Westland department; letters were sent to all Westland churches concerning safety precautions on Christmas decorations, and seven sets of building plans were reviewed with necessary recommendations made.

Deacon Jones To Celebrate 1st Birthday

Celebrating the successful completion of their first year in business at the corner of Middlebelt Road and Eight Mile Road, owners of the Deacon Jones Carry-Out are holding a gala first anniversary celebration.

As a special feature, each visitor will be given a free sample of Deacon Jones' famous Sunday-Style chicken. A contest is also being held and winners will be awarded a one year, six month or one month supply of fried chicken.

The Middlebelt-Eight Mile location is a franchised branch of the original Deacon Jones establishments on the West Coast. These were started a number of years ago by Deacon Everett Jones, who earned the reputation of fried chicken expert from cooking the specialty at affairs sponsored by his congregation.

Decorated in the attractive style and colors of the Deacon Jones chain, the Middlebelt-Eight Mile location is one of five in the Detroit area.

The anniversary celebration begins on Friday, Dec. 16 and ends on Sunday, Dec. 18. Free fried chicken samples will be given out all three days.

Socially Speaking Around Plymouth

By Dorothy Sincok

(Call to report social events in your family, neighborhood)

ONCE AGAIN, Rotary Ann's were delightfully entertained on Wednesday evening at the Mayflower Meeting House. President Frank and his wife Jeanette Allison, looking so Christmasy in her pale green, greeted guests as they arrived.

The program in charge of the fellowship committee, with Howard Green as chairman, succeeded in filling the evening with enjoyment. It included a Barber Shop Quartet "The Four Tunes" as well as the usual turkey raffle.

A night out for the Doctors with the Harry Geitgey's as guests of Dr. Walter Hammond and his wife, Eleanor, and both ladies looking very festive. And then Dr. A. E. Van Ornum and Betty were guests at a table with Dr. Charles Westover and Catherine and the Jo-Johnsons. Dr. Robert Evans were the guests of Dr. Robert Peters and of course both Sallys attended.

The Roswell Tangers, and Nancy with the new look in black, were guests of Art and Vivian Haar, pretty in pink and silver knit.

As tradition goes, the evening ended with the Club President's prize going to Robin Thomas and very special it was, a beautiful silver bowl perfect for a Holiday hollyherry arrangement.

SPACE prevented the Fashion Show pictures and story in its entirety this past week. Not to be slighted was a family in the limelight, the Hugh Browns, with little Erin looking oh so pinchable in her flannel nightie by Little Women and Mommy, too, in a fleecy sleep gown with Old Santa himself arriving on the scene to sing "My Wish" to his daughter.

Vocalist Karen Klepack, attractive in her white Don Sophisticate, and more teens who modeled were Miss Pat Hart and Miss Beverly Patak.

NOTHING CONVEYS the real spirit and meaning of Christmas like the music sung by church choirs, small groups, family get-togethers and such. And so it was at the Annual Christmas Concert which attracted over a thousand on Sunday afternoon at the High School Auditorium.

The Plymouth Symphony Orchestra, in its Third Concert of the Twenty-First Season was assisted by the Eastern Michigan University

Choir and Blaine Ballard, Director in the Christmas Story by Heinrich Schultze. A first performance at these concerts, Antonio Vivaldi's Concerto in C Major for Two Trumpets with Bill Beitner and David Wolter as soloists was tremendous.

Looking forward with great anticipation to a much needed auditorium were the families who were in attendance, and who joined in the Community Sing of Christmas Carols.

OUR NORTHVILLE neighbors packed the High School Auditorium on Saturday evening to observe the Jr. Miss Pageant sponsored by the Jay-Cees in co-operation with Rathburn Chevrolet and the Chevrolet Division of General Motors Corporation.

Crowned was Lynn Tilikka who was awarded a gift of two hundred dollars plus the use of a Camara Car. First Runner-up was Lynn Elkins, and Second Runner-up was Susan Yoder; all girls are high school Seniors and competed on a scholarship, talent, personality and physical fitness basis.

Orville Beamer, President, thanked the committee for the elaborate stage setting and stated that the new Jr. Miss will be off to Pontiac in January to compete in the Michigan contest and then with all hopes to Mobile, Ala.

THE CHERRY HILL Dance Club held its "Yuletide Interlude" Semi-Formal Dance at the Bonnie Brook Country Club, Saturday, Dec. 10. Dancing to the music of Ramon Cerda, soft candlelight, fresh flowers and a tree, oh so tall, completed the evening for Mr. and Mrs. Robert Myrtle, Mr. and Mrs. William Pence, the George Stakias and the T.G. Hayes, all of Plymouth.

The Plymouth Theatre Guild Board of Directors were hosted at a gala Christmas party at the home of Jerry French on Blue Skies in Livonia on Saturday evening. The evening was filled with the singing of Christmas Carols, a delightful buffet and stories of Germany. Gudi French told of the many traditions of her home country.

CLEAN PLATE CHAMPIONS: Each year Ralph Lorenz sponsors the Johnny Billington Clean Plate Club at the Hotel Mayflower and conducts a drawing for a pony from among the 5,000 members. This year the name of Debby Martin, of 16216 Pierston, Detroit 19, was drawn. She had no

place to house the pony, so she accepted the \$100 bond. Ralph is shown here with the other winners: David Mueller, Karen Schwartz, Sherry Gates, Bobby White, Chuck Karrer, Ann Marie Day, Jayne Bingen, Keith McNulty and Carol Ann Lockman.

3 Brothers Buy Romulus Firm

Two Plymouth men have announced the purchase of Dearborn Thread Rolling Co., of Romulus as a subsidiary of Solar Machine Products Company of Romulus.

They are: Wayne Cummins, 50320 Hanford Road, president, and Edgar Cummins, 50100 Hanford, treasurer. They, with their brother, Emory of Inkster, secretary, control the Solar Company. Edgar is the new president of

Dearborn Thread.

Solar Machine does a \$7 million business annually in screw machine products. The new subsidiary has annual sales of \$3 million and is a

specialist in cold impact

stamping. The three brothers also announced that the firm has moved into a new building in Garden City.

A SPECIAL CHRISTMAS PARTY for residents of the West Trail Nursing Home. It will be corsages, cookies, and red ties for the men when members of the V.F.W. Women's Auxiliary hold another of their bi-weekly bingo parties with Vi Sparkman, chairman of the Senior Citizens committee, president Ann Smith and the Post lending a helping hand along with other members on Friday. Here Grace Burley and Jean Maas assists residents at one of the regular parties.

State Police Promotions Announced

Promotion of 10 Michigan State Police officers, including a captain as commander of the reorganized executive division at East Lansing headquarters, and the transfer of two troopers were announced by Col. Fredrick E. Davids, department director.

Lt. John R. Plants, of the division's planning and research section, is promoted to captain and command of the division which also includes data processing and the capital detail sections.

Nine commanders of State Police posts are promoted to staff sergeant rank in accordance with reallocations from III to IIIA level approved by the Department of Civil Service.

The promoted sergeants are Arthur Baker Jr., Grand Haven; Clarence C. Bonter, Paw Paw; Lewis C. Brandt, Wayland; Lloyd V. Brevard, New Buffalo; John K. Cosgrove Jr., St. Clair; Derwood L. Finkbeiner, Bridgeport; Mario E. Formolo, Brighton; Daniel E. Kostreza, Mt. Pleasant; and George W. Lobdell, South Haven.

Troopers transferred are Leonard V. Rish from St. Clair to New Buffalo and Lawrence K. Ritchie from Paw Paw to St. Clair.

Plymouth Army Captain Oversees Rebuilding Of Village in South Vietnam

AN KHE, Vietnam (AHTNC) — Army Captain Donald E. Alsbro, of Plymouth, is tackling the job of resettling the Vietnamese village of An Dan Tao so vigorously that it already has become a model community.

A civil affairs officer, Capt. Alsbro, son of Mrs. Alice Alsbro, 1600 N. Territorial, directed villagers in building stucco and stone houses and painting them in bright blues and yellows.

The permanent homes reflect a new, optimistic attitude on the part of the people, who are combining a 20th century drive for better things with their ancient traditions and folkways.

These things are only possible because of the Free World's success in combating the Viet Cong coupled with the outstanding personal efforts of dedicated men like

Capt. Alsbro and the other men of the 11th Aviation Group which is headquartered in An Khe.

The villagers' new confidence is carried over into another of the captain's projects, a community cooperative, with the unusual function of raising pigs.

The cooperative has proved more than an economic success; it has shown the villagers that improvement can come through their own united efforts.

The former Kalamazoo teacher hasn't forgotten the village children either. Somehow, a swing set has appeared in the village and is seldom neglected, day or night.

Capt. Alsbro also established a free dispensary where the village's illnesses and injuries are treated daily along with a community

shower facility which the children now use without being bribed with candy.

He received his B.A. in 1963 from Western Michigan University, Kalamazoo, where his wife, Sharon, now lives at 115 Cherryhill Drive.

Plymouth Soldier Receives Expert Rating on Rifle

Army Pvt. John M. Porter, son of Mr. and Mrs. Carroll L. Porter, 250 Auburn, Plymouth, fired expert with the M-14 rifle near the completion of his basic combat training at Ft. Hood, Tex. Porter is a 1960 graduate of Plymouth High School and received a bachelor of science degree in landscape architecture in 1965 from Michigan State University.

Forgive Us Our Christmas

Who's afraid of Christmas? A lot of people seem to be. You can spot them, the anxious ones—they look pursued. They run to the tune of canned carols, clutching their credit cards.

"I just can't get the Christmas spirit," they cry. "It's so commercial. Let's put Christ back into Christmas."

Confusion encircles their heads like a wreath.

It's no wonder. The country is caught up in something like the Roman Saturnalia. It is a socio-cultural phenomenon that creeps up in October and harasses the populace till New Year's.

The festivities are marked by overeating, overdrinking, overspending, and ill temper. The guilt that naturally follows is intensified by nostalgic shreds of religious feeling.

Since confusion and guilt are unpleasant and tiresome, we need a new perspective. We should recognize the realities of our secular age, and make an honest effort to shape a constructive alternative.

The thing to do is to reorganize the whole season.

The Citizens' Committee for the Reorganization of Christmas could begin by getting the President to move Thanksgiving up to October, the logical time for a harvest festival. This would eliminate Halloween, which is perfectly useless. More importantly, it would allow the merchants to concentrate on Christmas without distraction.

Having put Thanksgiving in its proper place, we could enjoy Two Months of Christmas, eating and drinking and spending, and satisfying our generous need to give presents to people.

Everyone could share the fun, because religious elements would be removed by proclamation. No one would be left out for reasons of race, creed, or national origin.

We wouldn't have to give up anything to speak of. The Christmas tree and Santa Claus have no real Christian significance. Indeed, most traditional Christmas symbols were borrowed from the pagans. We can keep them all, and deck the halls with plastic holly.

Other societies have faced the problem. In England in 1643, for instance, the Puritans banned Christmas, because it got so hilarious.

A festival so financially important can't be banned today. If a non-religious holiday is inevitable, let us relax and enjoy it. Call it Christmas—we've grown accustomed to the name.

Meanwhile, we could allow two sub-holidays to be observed quietly and joyfully by those remaining souls who feel the season still holds deep religious meaning.

One of these celebrations would be Chanukah, for the members of the Jewish community who treasure their cultural heritage, and for whom religious freedom is precious.

We might call the other the Nativity. Devout Christians, in their homes and churches, could reverently celebrate the coming of the Christ Child, the Good News, that God is with us.

Perhaps if we take Christ right out of Christmas we can find Him where He is and has always been—in the child, in the neighbor, in the stranger, in the hearts of the people of the world.

—FAITH GILLESPIE

Good Choice

After months of screening candidates the Farmington Township Board has finally acted and named a trustee to fill the vacancy created by the resignation of Thomas A. Duke last spring.

James M. Skillman, a past chairman of the Township's Planning Commission, has been named to the post.

We think that the appointment is a good one even if the Board took too long in acting.

Skillman has demonstrated an ability to cut through the chaff and get the meeting back on the track during the planning commission sessions. As chairman he didn't always have a lot to say, but was forceful. At the most recent meeting of the Commission as a member he was quick to point out that he believed the residents of the northeast corner of the Township had a point in requesting that the Commission delay zoning action on the corner of 13 Mile and North-

western.

We aren't so certain that we agree with either him or the Planning Commission's action on this corner, but are delighted to see a trustee who doesn't hesitate to disagree with "official Township policy."

We believe that Skillman's background on the Planning Commission and the Zoning Board of Appeals will be useful at the Township Board table.

It's also interesting to note that while he is nominally a Republican he has not been the GOP's spokesman or hatchet man in local politics. It's refreshing when political appointments are made not to the party workhorses, but to men of ability.

Skillman has the potential of becoming an excellent Board member. Let's hope that he uses it and serves as an effective and able representative of the people.

—SUE SHAUGHNESSY

"Yes" For The Need

Westland voters in the Wayne Community School District will have their first opportunity in next Monday's special election to determine the kind of education their children will have next year and probably for subsequent years. On that day, the district will hold an election to renew a current four-mill tax levy which expires next year and to vote an additional four-mill levy for a five year period.

School officials have pointed out that if the millage is not approved there would be half-day sessions for nearly 9,000 students, or about half of the district's enrollment. In addition, there would be other important program cuts.

Wayne schools have not had an operational tax increase in more than four years, in spite of rising costs in wages for teachers and employees, prices of textbooks and other supplies, and the price of maintaining the district's 33 buildings. Although unions and other executives and salaried personnel in private industry have received raises for the cost of living and improvement factors, the Wayne School District has not had "a raise in income" from the local taxpayers since 1962.

The only way it has been meeting its bills is through increased assessments through development (especially the Westland Shopping Center) and a higher per-pupil aid from the state legislature.

But now the moment of truth is here and there is no way to bail out the current financial problem with some magic solution from

Lansing or the community.

The need is there and the taxpayers should meet their responsibilities.

Numerous citizens, who really want to support their schools, have raised a number of points about public school financing in general which the Wayne School officials have made every effort to answer.

But it seems a shame to this writer that such an important institution as the public school system should suffer because of the very few points of disagreement. The Observer feels that the school system should be supported for the many areas of agreement which prevail between the school board and administration and the general public.

All agree that quality education is essential for today's children and their future. All agree that more money is needed to finance public schools. All agree that the state legislature will have to increase its percentage of the cost of public education and relieve the local property taxpayers of the already-heavy load.

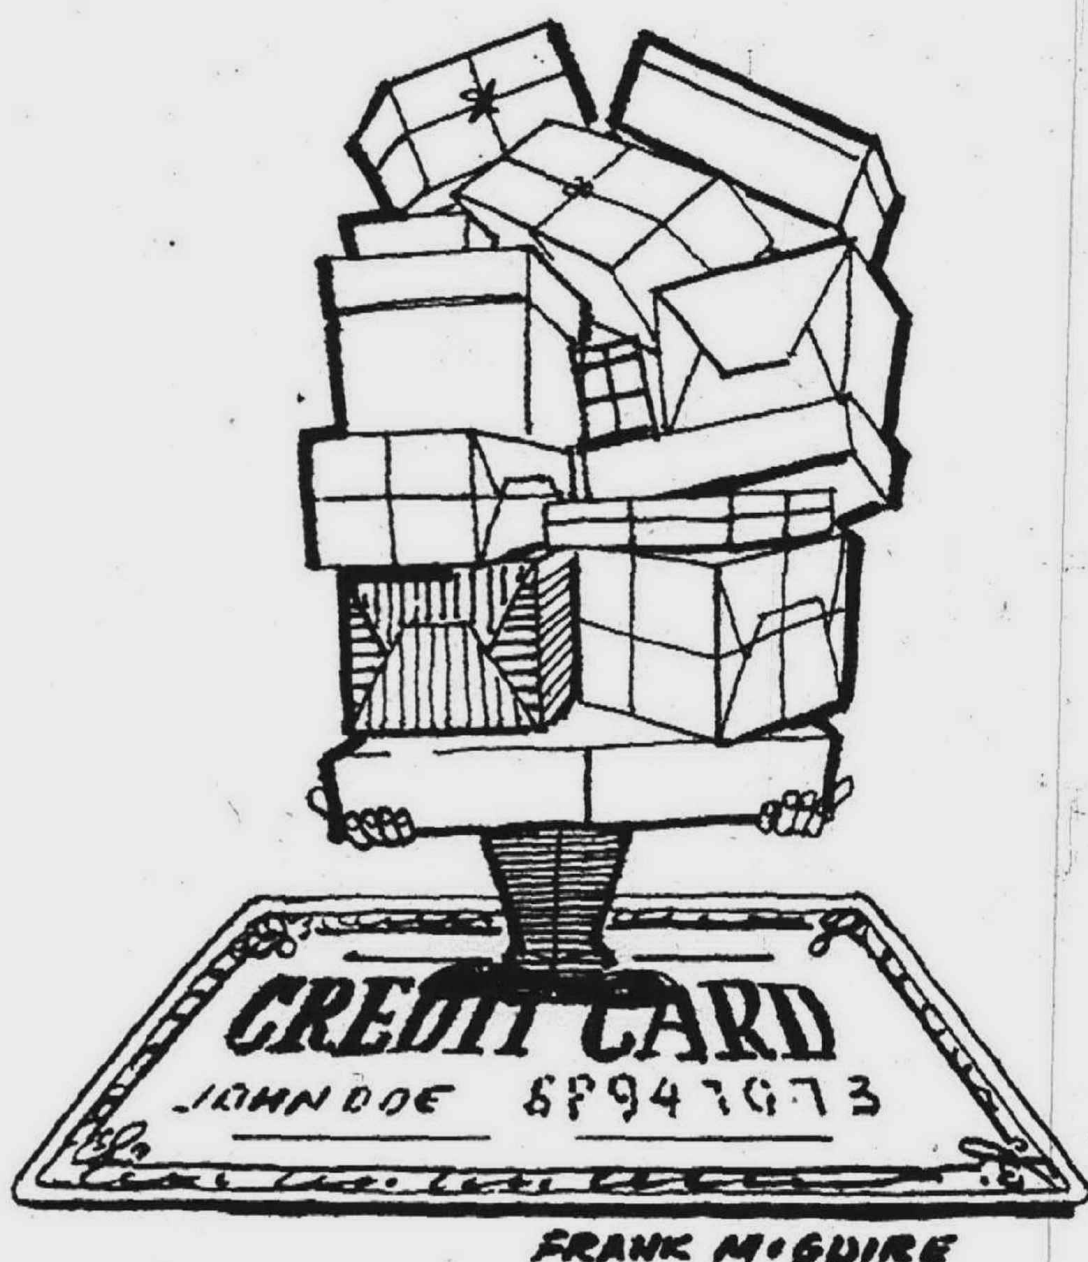

But, to vote against Monday's school millage proposal for an invalid reason compares to refusing to support our children and their future.

These points, obviously, outweigh all of the negative factors which are present in voters' minds.

The Observer urges a "yes" vote Monday for the simple reason that the need is there and the price within reason.

'Tis The Season ...

Letters to the Editor:

Objects To St. John's List

Editor:

The reading list suggested by Robert St. John and printed in your Nov. 30 paper indicates a great deal about Mr. St. John. The idea that this list presents a diversity of opinion shows the narrow minded attitude of the typical "Liberal" today.

His idea of a political spectrum begins with the New York Times, who called Castro the George Washington of Cuba in spite of his participation in Communist affairs, and moves to the Left. No publication unfriendly to the Socialist cause appears on this list.

What Mr. St. John describes as a bold publication—"Minority of One"—mentioned in a Staff Study of the Committee on the Judiciary of the U.S. Senate as follows: "M. S. Aroni, publisher of a review, Minority of One, praised by Peiping and Hanoi as the genuine voice of America and whose collaborators included, among others, Bertrand Russell, Albert Schweitzer, Linus Pauling... defended China's policy in Tibet, against India, in Southeast Asia, and in the conflict with Moscow, and appealed to the American students to join up with the Vietcong as volunteers, and to fight against the U.S. Marines in Vietnam."

That is a little to the left of "bold" in my book! The Communist Party also lists "Minority of One" on their reading list for "Truth." (March 1963 issue of Political Affairs, the theoretical Organ of the Communist Party, for example).

"The National Guardian," from the same narrow spectrum of Mr. St. John's list, was described by the Committee on Un-American Activities as "a virtual official propaganda arm of Soviet Russia." (page 12 of the report dated Aug. 25, 1965).

Some of us "Birchers" read these publications, too, but I think it is important to furnish some of the background available from the House and Senate Committees along with your suggested reading list. It may interest your readers to know that there are publications to the "Right" of the New York Times. I would be happy to furnish copies to any who are interested.

On Puppy Paradise

Editor:

I am the owner of the Puppy Paradise at 28829 Ford Road, Garden City. Dennis Johnson wrote in last week's Observer Ombudsman Column complaining about my establishment saying that the Humane Society, Anti-Cruelty Association, the Wayne County Health Department and the Garden City Police Department all have had numerous complaints about my place selling sick puppies. In the three years open

here I must have satisfied some people or I would have had to close up by now for lack of business.

I do not raise these puppies, if they look sick I will not buy them.

Every time one of the organizations has come to my place they have never been able to find a sick puppy in the place. I am not saying that there has never been any but as soon as a puppy appears to be sick they are destroyed at once or taken to Dr. Elwood Collins at 9525 Wayne Rd. Livonia and left there for treatment until well.

No one gives any better guarantee than I do. The Humane Society, dog pounds or the Anti-Cruelty Association will not refund any money either.

In most cases they will not even replace the puppy. Their prices and mine are about the same. I will replace the puppy up to 30 days.

Besides if my place was full of sick infected animals I would not be raising Maltese in the same building. These dogs are valuable, I paid from \$200 to \$300 each from the Davison Maltese Kennel at 28820 Five Mile Road, Livonia.

Anyone is allowed to go through my place during open hours for their own inspection.

DONALD BENNETT

Backs Homeowners

Editor:

What price must be paid in the name of "Progress!" Why must tax-paying homeowners continually be used as political-pawns in a chess game designed to favor commercial and industrial interests?

The resident-members of the North Central Livonia Civic Association have been waging a correct and courageous fight against the planning and administrative moguls of our city to save their homes and protect the future property values of their neighborhood.

Among the homeowners affected by the irresponsible spot-zoning proposal, in the Eight Mile-Osmus area, are pioneer settlers of Livonia who have and are now making valuable contributions to the growth and progress of our city in many civic endeavors. How can we justifiably equate the harassment and uprooting of these citizens with progress!

There is not space here to enumerate the many arguments against the petition to rezone the North Central area from residential to industrial. However, let us hope that tonight our City Council will consider "people" when they give audience to progress!

The Federation of Livonia Civic Associations voted to support the North Central Civic Association after thorough study, meetings with all concerned, and much debate, a month ago! Two questions remain: Why has the Observer been strangely si-

lent on this important and newsworthy issue? And, why hasn't Mayor Moelke, noted champion of the homeowner, lent his support to the North Central residents?

GEORGE KINDRED
Past-president and present director, Federation of Livonia Civic Assoc's
Editor's Note: As usual, we disagree with Mr. Kindred. Also, it is the Federation of Civic Associations who has been silent on the subject. News releases have come from the Federation in quantity, but not one word on this vote.

Tired of Stray Dogs

Editor:

I don't know why something can't be done about the number of stray dogs in the area to the rear of the Municipal building, in Garden City.

We try to keep our property clean and nice looking but when there is anywhere from one to six stray dog running all over everyday what's the use of trying.

If you call the police they act like we are the one breaking the law, we have to give our name and address, so we just don't call and let them run. If the police do come, they just drive down the street and the dogs are between houses and the scout car is a block away and they're back in the running again.

It seems to me it isn't a policeman's job to catch dogs. Why not a dog warden as other places have, and they could make an effort to catch them without asking the name and address of the person calling in.

I paid good money for shrubs and if they are killed by dogs, as were two evergreens a year ago, I'm not even going to bother keeping up the front of my property.

I have a dog too. I paid for her license, got rabies shots and keep her in the house and yard. She is a registered dog, but I would do the same if I had a mutt, and seeing that it is against the law to let dogs run, why isn't it enforced?

Community School Issue

Editor:

This is the first letter to the Editor that I have ever written. Never before have I been more concerned about an issue so vital to our community. Never before have I heard more nonsense, more bad information, more poorly informed citizens.

The Wayne Community School District is facing a period of growth in its history that never before has presented itself. I refer to the Millage vote set for Dec. 19, 1966.

We have more students than ever before. That is an undisputed fact. More students mean a need for more classrooms, more teachers and more equipment. That is an undisputed fact.

WESTLAND

OBSERVING the Scene ...

By MYRA CHANDLER

Mr. and Mrs. Voter, having done their duty, are now going about their business of Christmas, taxes and finance juggling.

While this business of living goes on the political "in" crowd now takes over. If you are on their Christmas list likely you will be neglected for there is much to do in the maneuvering arena.

In Redford Township there is a tug of war to see who will replace the newly elected Supervisor Aldrick Bellaire at the Trustee table. Congressman-elect Jack McDonald has said to have promised his support to Bob Anderson, defeated candidate for State Representative—and is lining up votes. This could explain (and the only one I can think of) his putting Clerk Dawn Rice's son, Ron, in charge of his office in Farmington.

Supervisor-elect Al Bellaire has made no secret of wanting the veteran Republican party worker Bill Shaw on the Board. Both Anderson and Shaw are able men of integrity. Bill Shaw is no neophyte to Township government and Anderson is. If there is a stalemate there is always Jeanne Leonard who ran against Dawn Rice in the primary for Township Clerk. She is new to Township government but has proven herself to be an able legislator as a school board member. The Board could use "above board" decisiveness.

Being knowledgeable of Clerk Rice's tactics, I think the new Supervisor will need all of the support he can muster to keep intrigue at a minimum.

There is another vacancy in Redford Township created by Justice James Ryan now reaching the status of Judge. But this is less important because the J.P.'s are on the way out, anyway. So aware of this is Justice John M. Dillon, that he is extremely interested in the movement to make Redford Township a City—and he could be judge, too. He came on the scene about 15 years too late for this maneuver. When Redford Township was young and unplanned and the school districts could have merged it would have made sense.

Maneuvering is sometimes a very tough thing for a government body to do. Often it would be easier to do nothing—when in a matter of time the problem would take care of itself.

It has become more and more apparent that absolute integrity in Government has got to be the number one criteria. Because of this I commend the Garden City Council for taking action and declaring the post of Garden City Judge vacant. Then they appointed Judge-elect Richard L. Hammer to fill the vacancy. Actually he is not due to take office until July 4 from Judge Russell L. Swarthout, who refused to resign upon request from the Council.

Judge Swarthout has been on leave of absence from the bench since the summer of 1965 following his indictment by a federal grand jury on income tax evasion charges of a law client in which he was involved. The Federal Court Jury brought in a conviction. It is true the case is being reviewed—and possibly will be dismissed because of "electronic eavesdropping."

If this happens Judge Swarthout can go back to practicing law where clients may come to him of their own free will.

But the poor judgment he showed by his previous involvements should remove him from office where those who have no choice must appear before him. A judge who judges others MUST BE above reproach himself.

On the brighter side of the political scene Congressman-elect Jack McDonald has chosen an able Administrative Assistant who will be going to Washington with him. His name is A. J. Harris and he hails from Walled Lake. He is articulate, organized and full of fresh enthusiasm.

Horace Engler is assisting Congressman McDonald in organizing a Washington, D. C. party for his inauguration. The entourage will leave at 7 a.m. Jan. 10 for \$59.85 per person round trip.

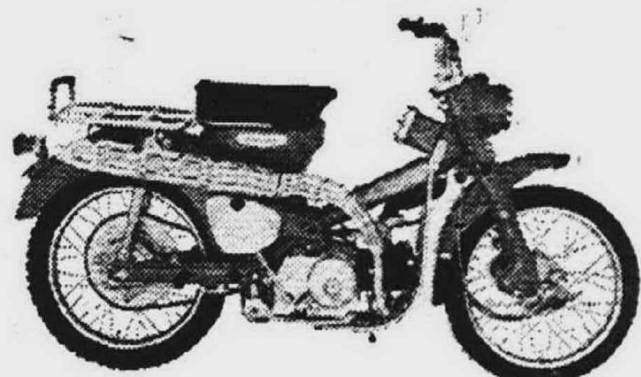

The group will attend a reception at Jack McDonald's office after the inauguration and a cocktail party and luncheon for Senator Robert Griffin. Motel accommodations are being arranged by "Arranger Engler" for \$10 a person and the deposit is required by this week.

Congressman McDonald anticipates being on the Public Works or Education and Labor Committee. Either would be interesting for his district and would allow him to contribute meaningfully to solving the problems of this area.

His predecessor Billie S. Farnum, in leaving the scene—had a few words of advice. At a recent appreciation dinner for him he had the following comments which if heeded, could be valuable to all freshman legislators.

You Can't Beat the Dutch For Christmas Customs
by W. W. EDGAR

WELL, it's Christmastime again, and the joyous occasion never comes around without me suffering a few pangs of nostalgia with a wish that I was back in the Pennsylvania Dutch Country—even for just a visit. Along life's journey one is exposed to many fascinating customs of the people in various sections of the land. But few, if any, are more fascinating than the customs of the Pennsylvania Dutch at Christmastime.

These friendly folks, noted far and wide for their cleanliness and their cooking ability, work all year for the pleasure of displaying their "Putz" at Christmastime. For the uninitiated a "putz" is a platform on which the Christmas tree is placed before it is decorated and it serves as part of the Christmas display.

The "putz" runs the gamut from snow scenes to miniature cities, with such things as electric railroad systems complete with trains and stations. They even have tunnels through which the train must pass to complete its trip.

STILL others are confined to an elaborate display of the Nativity, even to having the Wise Men slowly walking over the hills following the star of Bethlehem.

These things are fascinating, but to the stranger, or visitor, it is the manner in which they are shown. These kindly "Dutch" people, taking pride in their work, invite folks into their home to see the display and the invitation is a simple sign on the porch, "Putz Open."

I had occasion, several years ago, to visit in the "old home town" and while there at Christmastime saw one of the most beautiful "putz" I ever had seen. This family had gone out to the woods to select a tree. Instead of the conventional evergreen, they chose the top of a sassafras tree.

This has a sort of sticky bark. To this was wrapped the electric wires of lights and then the entire tree was sprinkled with imitation snow. Under the tree—on the "putz"—he had crumpled pillows from his bed, covered them with a white sheet and spread mirrors about, then covered the entire section with the imitation snow.

What a winter scene!

The only thing to come close to equaling it was the sight of the Moravian choir, high in the church tower, on Christmas Eve, singing the favorite Christmas carols. If anything were needed to put you in the spirit of things that would.

THE approach of the Pennsylvania Dutch to gifts at the Yuletide is fascinating, too.

For instance, they wouldn't think of filling a stocking for the youngsters until after they had carefully placed a nice, big orange in the toe. If they wanted to punish the youngsters for something they had done, they'd put pieces of hard coal on top of the orange.

And the adults exchange only the type of gifts that would be useful. They don't go much for frivolities.

Which reminds me of the most shocking Yuletide experience I ever have had.

One afternoon I asked a married acquaintance what he was buying his wife for Christmas and he answered, "Nothing—she didn't use what I gave her last year."

"What did you give her?" I asked, and he answered rather snarlingly, "A grave in the cemetery."

That's the Pennsylvania Dutch approach.

Merry Christmas!

The character of the American GI never seems to change. Stories are legendary about the grumbling of the GI combined with a sense of humor from World War I and II and Korea.

In Vietnam, the same situation exists.

Mrs. Florence Altemus of Farmington received a "social warning" from her son Bill's buddies announcing that the young man would soon return to the "land of the big PX."

The letter reads in part:

"Very soon Bill Altemus will once again be in your midst, de-Americanized, demoralized and dehydrated, but ready once more to take his place as a human being, to engage in life, liberty and somewhat delayed pursuit of happiness.

"In making your joyous preparations to welcome him back into respectable society, you must make allowances for the crude environment in which he has suffered for the past 11 months. . . .

"Therefore, show no alarm if he prefers to squat rather than sit on a chair. He may pad around in sandals and towel, slyly offer to sell cigarettes to the postman, and pick at his food suspiciously as though you were trying to poison him. . . . Please be tolerant when he tries to buy everything at half the asking price, accuses the grocer of being a thief, and refuses to enter any establishment that doesn't have steel-mesh screens over the doors and windows. . . .

"Make no flattering remarks about exotic Southeast Asia, avoid mention of the benefits of overseas duty, the fun-sound of monsoon rain on the roof, and, above all, ask for permission before mentioning food delicacies of the East such as fried rice (fried rice). The mere reference to any of the subjects may trigger off an awesome display of violence. . . .

"Keep in mind that beneath this tanned and rugged exterior there beats a heart of pure gold. Treasure this, for it is about the only thing of value he has left. Treat him with kindness, tolerance and an occasional fifth of good whiskey, and you will soon be able to rehabilitate this hollow shell of the man you once knew."

That's the substance of the warning. Some of it hits pretty close to home if you're stationed in Vietnam. The references are a mixture of the hazards of Army life in general and the trials of being stationed in Vietnam in particular.

The grumbling is still mixed with humor though.

LETTERS TO SANTA

Dear Santa:

I love you. My name is Cathy Hall, I'm four years old. I don't suck my thumb anymore but sometimes I do at night.

Observing the Scene

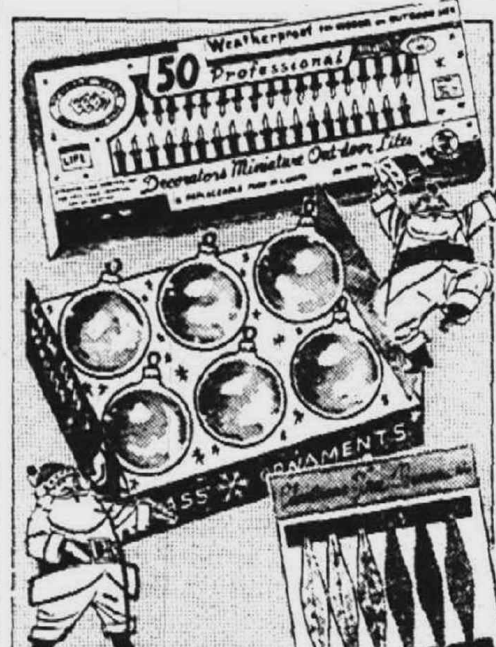

(Continued from Editorial Page)

"One final observation concerns my Appropriations Committee work in the Congress. Few first-term Members can do much more than prove to their colleagues on the Committee whether they can and will work seriously. For many years I studied the operations of the Congress and I knew when I came here that the Committee work had to be taken seriously.

"I started out by doing my homework regularly. Then I began to make modest suggestions in Committee sessions about areas of possible savings, taking one item at a time. In this way I was able to earn the respect of my colleagues on the Committee, on both sides of the aisle.

"It is only after building this kind of respect that a Member of the Committee becomes able to really cut into areas of waste and inefficiency successfully. I think that the second term would have been a particularly productive one, as the relationships had been established, and the nature of effective Committee work had been learned." Congressman Farnum is a veteran politician and fortunately knows how to lose.

Community Group Forms For Oratorio Performance

Singers in the Farmington community have an opportunity to participate in a special performance of the Oratorio, "The Holy City" by A. R. Gaul, April 14 at the Farmington High School.

William Feucht, director of the high school's vocal department, explained that openings now exist for singers to participate in the community performances.

Mrs. Faith Rickey is serving as coordinator for

the production and will contact all interested persons, providing them with information about rehearsal dates, music and other activities. Mrs. Rickey can be contacted at GR. 6-2573 by Dec. 15 if you wish to participate in the performance.

This will be the second performance of the oratorio in the community. In 1960 "The Holy City" was performed by a combined chorus of high school students, adults and the singers of St. Mary's in Orchard Lake.

Feucht decided to repeat the performance using the Farmington All School Orchestra to accompany the community group.

The oratorio activity is an attempt on the part of Farmington High to give the people of the community an opportunity to participate in an activity of the public schools.

TAMING THE LIONS in preparation for New Year's Eve are owner Robert J. the Hillside Inn's Roast African feast on Stremich and Head Chef Britton Crowther.

Hillside 'Roars' In New Year

A roaring way to bring in the New Year.

At least that's how Robert J. Stremich, owner of the Hillside Inn on Plymouth Rd., describes his plans for the Hillside patrons on Dec. 31.

Featured on the menu will be roasted African lion in wine sauce.

For those gourmets, whose taste buds aren't so adventurous, the kitchen will prepare its usual fare of steaks, chops and seafood items.

Last year Stremich tried out the idea. He ordered one

female lion who tipped the scales at 250 pounds and the entire animal was cut into steaks, chops and roasts and was devoured.

(The only thing the patrons left the restaurant was the skin which has since been tanned and made into a rug.)

This year Stremich obtained two male lions whose combined weight is 710 pounds in order to have enough of the delicacy on hand. (Lions sell for about \$2.70 a pound, so that's quite an outlay.)

The animals, which were inspected and graded by the Federal Government and the State of Michigan supplied a wild game permit before it could be served, were brought to the United States from Tanganyika in Africa two years ago.

Since that time, they have resided in the Custer State Park in South Dakota. When the state officials "cull their pride," the two males were weeded out of the herd.

Lion meat is light in color and looks similar to veal. The New Year's Eve feast will feature a half-pound serving of lion and will include everything from soup to dessert.

This is not the only unusual entree which has found its way into the stomachs of the Hillside patrons. Buffalo from Canada, reindeer from Norway, black bear, moose, elk, whale steak, and Iceland lamb have all been featured at the colonial restaurant just outside the City of Plymouth.

At the present time, Stremich is attempting to obtain a 1,000 pound live hippopotamus for his patrons to admire before its slaughter. Zebra and giraffe are also on their way to the dinner menu.

Girl Wins Bike Prize

Carol Depew, an eighth grade student at Cambridge Junior High School in Garden City, won a tandem bicycle built-for-two in a Fire Prevention Week contest sponsored by the Wayne Assembly Plant of the Ford Motor Company.

Contestants were asked to complete the statement: "What can I do to help prevent fires around here..." This was Carol's winning essay:

"Help teach my family to understand how dangerous fire really is. Cigarettes, lighters, matches, cleaning fluids and all flammable materials are kept in safe places.

"Treat and think of fire with respect. You then have a warm friend. Forget for a second and Bang! have a dead friend."

Carol got a first-hand briefing on fire prevention when her home economics class visited the Garden City Fire Department in October.

Her father, H. W. Depew, is a plant security guard at the Wayne Assembly Plant. The family lives at 28444 James, Garden City.

Sports Car Show Slated At Village

Greenfield Village's 15th annual "Sports Cars in Review" show will be held in the Henry Ford Museum starting on Friday, Jan. 13 and running through Feb. 5.

The 1967 show will combine the latest in sports cars alongside classic machines of the past, according to Dr. Donald A. Shelley, executive director of the Museum and Village. This contrast of styles provides an unusual opportunity to trace the development of racing cars from their earliest days to the sophisticated machines of today.

The 50 plus sports cars, both American and foreign, will be displayed along the picturesque Street of Early American Shops, nearby the Museum's outstanding transportation collection.

In addition to the cars themselves, three noted speakers, a fashion show and racing movies will be featured during the three-week event.

In keeping with the old and new concept of the show, Peter DePaolo, winner of the 1925 Indianapolis 500 race and the first man to achieve a racing average over 100 m.p.h. and West Coast builder and designer, Carroll Shelby, manager of the victorious American racing team at Le Mans in 1966, will speak on racing as it was and as it is now. Ralph Stein, automotive editor of This Week Magazine, author and racing authority will also speak.

Christmas Carnival Has Something for the Entire Family

The 1966 Christmas Carnival at Cobo Hall officially was opened at 1:30 p.m. Dec. 11 at special ceremonies.

Participating in the opening program were Walker L. Ciser, chairman of the board of the Detroit Edison Co., and John M. May, general superintendent of the Detroit Department of Parks and Recreation.

The thousands of lights covering trees and displays in the annual holiday show were set ablaze by Joel Schaaf, 9, of Royal Oak, the 1966 United Foundation poster boy.

This is the fifth year the City of Detroit has sponsored

the Christmas Carnival in cooperation with business and industry. Admission is free.

Gifts of candy and comic books will be presented to young visitors.

The Carnival will be open 9 a.m. to 9 p.m. seven days a week in Halls A and B with these exceptions: Dec. 24 and 29, 9 a.m. to 6 p.m. It will also be closed all day Christmas.

More than 300,000 persons are expected to come from all parts of Michigan, neighboring states and Canada to see this collection of displays and children's activities built around the theme of Christmas.

Everything Included At This Low Price

New this year are miniature telephone booths from which youngsters can make direct telephone calls to Santa's workshop. Santa's elves will talk to the children and find out what they want for Christmas.

Santa, himself, will also listen to the children's wishes in his castle. Many favorite displays

from last year have been returned, including the Nativity scene with its creche and live animals in a setting of sand dunes and palm trees. The children will enjoy the

many "climb-on" tot lot toys like the snowman slide, stagecoach, train and real fire engine. Parents can take a break

at the nearby refreshment area.

Clown and puppet performances and comic organ recitals will be given daily. Visitors should consult their programs for times.

One of the spectacular displays of the Christmas Carnival will be the arrangement in the center of the hall which was designed by the Department of Parks and Recreation. It features gaily-lighted 25-foot Christmas trees, three fountains, each with three sprays of colored water reaching 20 feet, and four winter scenes with animated figures of skaters, dancers and skiers.

Some 165 trees, 1,000 strings of lights and a ton and a half of artificial snow have been used to create a fairyland setting that all ages will enjoy.

The Carnival will present many picture possibilities to amateur photographers.

Carnival officials ask that photographers come equipped with battery-powered lights for movie cameras or flash units for still cameras. While some displays may be photographed with available light, many require artificial lighting.

Wizard of Oz Opens at Institute of Arts

A colorful Christmas package of entertainment will open Dec. 26 in the Detroit Institute of Arts auditorium when a cast of 22 brings "The Wizard of Oz" to life for a run of 10 performances.

"The Wizard of Oz" will be performed twice daily at 10 a.m. and 2 p.m. Dec. 26 through Dec. 30.

More than 80 original costumes have been especially designed for the holiday spectacular, as well as lavish sets to delight young spectators and their parents. "The L. Frank Baum story is famous

as a 1939 technicolor film, but we believe our 'living stage' interpretation will give The Wizard terrific vitality and appeal," promised Dr. Audley M. Grossman, Jr., curator of the museum's Theatre Arts Department, who is producing the show.

All seats are reserved and tickets are currently on sale at the museum's ticket office.

J.L. Hudson ticket services and Grinnell's. Call 823-2730 for information.

Players Set Open House

The Nankin Mills Players will hold its Annual Gala Open House Thursday, Dec. 15, from 8 to 10 p.m. at the Nankin Mills School. All those interested in community theatre and anxious to develop their talents are invited. Entertainment will include a one act-comedy skit and monologue featuring members of the Players.

MRS. GEORGE FRANZ

Franz-Randall Marriage Solemnized in Plymouth

Marcia Wheatley Randall and Lt. George M. R. Franz were united in marriage in a Nov. 19 ceremony at Our Lady of Good Counsel Church in Plymouth.

The bride is the daughter of Mr. and Mrs. James Randall of Plymouth and the bridegroom is the son of Mrs. Blanford Franz of Lebanon, Ohio.

Dark red mums and pink gladioli were combined with greens to decorate the church and set off the bride's floor length candlelight peau de soie gown. Her bouquet was white gardenias with white rosebuds.

Gowned in moss green floor length gowns were the attendants, maid of honor Priscilla Freeman, cousin of the bride, bridesmaids Pamela and Patty Ross, also cousins, and two junior bridesmaids, Deborah Randall, the bride's sister, and Cynthia Russell, a niece.

They carried deep brown mums and pale pink roses, and wore headpieces of dark green velvet.

The best man was Brian Smith of Parma Heights, O., Ted and Jamie Randall, brothers of the bride, Geoff Freeman and Charles Franz, brother of the bridegroom, were ushers.

A pewter-colored suit with a rose feather hat was Mrs. Randall's choice for her daughter's wedding, and Mrs. Franz wore a fur trimmed camel colored suit.

Following a wedding reception at the Mayflower Meeting House, the young couple left on a wedding trip to California.

Both bride and groom are University of Michigan graduates, and Lt. Franz is stationed with the Air Force at Rancho Cordova, Calif.

AAUW Sets Program on Orient Music

A University of Michigan authority on Chinese and Japanese Music will speak at the December meeting of the American Association of University Women at 7:45 p.m. tomorrow (Dec. 15) at the Consumers Power Co. building at 11801 Farmington Road.

William P. Malm, U. of M. professor of Music, will report on his recent visit to Japan on a grant from the University and the American Council of Learned Societies.

Aside from having an extensive background in the field of oriental music, Prof. Malm is the author of several books on the subject and has written for many scholarly publications.

Members and guests attending the meeting also will be able to see the original Christmas decorations made by the Consumers Power Co. staff.

Hostesses for the evening are Mrs. Jerry Lee Yohey, chairman, Mrs. J. R. Barnes and Mrs. Clifford G. Smith.

Kinnon, 25686 Ridgewood, in Farmington.

For the past four years, Mrs. MacKinnon has been teaching at the YMCA Farmington branch, specializing in sewing classes and all manner of fancy needlework. Her Christmas decoration classes, which definitely do NOT stress fancy needlework, grow more popular each year.

"I thoroughly enjoy my teaching work," says Mrs. MacKinnon, who also has had considerable experience in fashion coordinating and commentary.

"It's wonderful to pass along some of the ideas I've worked out, and to show women that they need not be experienced seamstresses or artists to rate beautiful effects."

Perhaps the favorite Christmas decoration for this year's classes — Mrs. MacKinnon also teaches in Dearborn — is a striking Christmas tree made of 171 ordinary bottle caps, plywood or cardboard, and 171 tiny Christmas ornaments and a string of Italian lights.

But her pupils also are turning out scores of tree ornaments made from egg shells, and her Christmas party apron that doubles for other festive occasions the rest of the year also is big this year.

Here Mrs. MacKinnon shares with Observer readers directions for these unusual decorations.

Goehringer-Cornwell Marriage Vows Said

Dorothy Jean Cornwell became the bride of C. Gerald Goehringer in a recent candlelight ceremony at Grace Lutheran Church in Redford Township.

The Rev. Victor F. Halboth officiated for the double ring ceremony.

The bride is the daughter of Mrs. Mary Cornwell of Colgate, Farmington, and Virgil Cornwell of Valleyview Circle, Farmington. Mrs. Elizabeth Goehringer of Royal Oak is mother of the bridegroom.

A floor-length peau de soie princess gown with a charmingly lace overlay was the choice of the bride, given in marriage by her father. Her fingertip veil fell from a mantilla crown adorned with

seed pearls, and she carried a nosegay of white orchid and stephanotis.

and carrying pink carnations was matron of honor, and Donald Wissman attended his brother-in-law as best man.

The bride's mother wore an embroidered coat and dress of blue silk taffeta with matching accessories, and Mrs. Goehringer chose an aqua sheath and accessories. Both had corsages of yellow roses.

A dinner reception at the Danish Inn in Farmington followed the wedding. Following a Chicago honeymoon, the couple will be at home in Wixom.

Dime March Plans Start

Plans are already underway for the 1967 March of Dimes in Livonia, set for Tuesday, Jan. 31.

Mrs. Bess Fox, Livonia area chairman, reports that area chairmen have been appointed and are looking for captains, and, most important, the volunteer mothers who will join the door-to-door march.

The funds now collected go into the battle against all types of birth defects, now that the fight against polio is largely in the past.

Mrs. Fox recommended that any women who want to volunteer their services to the drive, get in touch with her at GR 4-1372. Those new in the area, she said, might be especially interested since it's a fine way to meet new people.

The March of Dimes chairman also asked that women's clubs make a note of plans for the Sixth Annual Card Party, to be held at Stevenson High School on Tuesday, Feb. 14. Last year this event netted \$1,200 for the March of Dimes fund.

City Commission Election

(Continued from Page 1)

However, both have shown a willingness to participate and it is thought that Jim may decide to file before the deadline. Many of his friends are urging him to continue but he hasn't said "Yes" or "No."

Hudson probably will seek another term if he isn't transferred from his present position with the transmission plant at Willow Run Airport, according to information from close friends.

Hudson has been a public servant for years as a member of the City Planning Commission and other groups and it was only natural that he made the successful bid for the City Commission.

He has been one of the stronger members and has always made his feelings on controversial issues known in the Commission meetings. There never has been a question at any time as to how Hudson stood on any issue. He has always cast his vote and then explained the reason why.

Lawton, who has been one of the Commission leaders since the first moment he took office, has indicated that he will not seek re-election. He has told friends several times in recent weeks that the Commission is taking too much of his time and he would like to give up the post when his term expires.

Lawton's biggest worry at the moment is that of obtaining capable candidates should any of the present Commission decide to call it quits.

With four vacancies, it was thought there would be a number of candidates but as yet no petitions have been taken out.

From the rumor mills, one hears reports that such names as Art Shepard, long time member of the Planning Commission; Joe Bida, former Department of Public Works superintendent; former Mayor Robert Sincovec, who had to leave the Commission after serving two consecutive terms but is now eligible to run again under the City Charter; John M. Hobem, assistant principal at Plymouth High who was recently named principal of the still to be constructed Senior High No. 2; and Cal Strom, former president of the Plymouth Junior Chamber of Commerce, may be in the running.

Although Jaycee members have been quiet about the matter, they have been taking more and more interest in the city and township affairs and there is a strong feeling the group will try to place a member on the City Commission.

Centennial Ideas

(Continued from Page 1)

tino, head of the Centennial Steering Committee, the City will be celebrating its 100th birthday on March 5, 1967 and plans are being formulated by the Mayor's committee to celebrate the historic occasion.

The Steering Committee is seeking suggestions for a community project for the centennial, not necessarily a retail sales promotion but something that can be completed within the centennial year.

Chairman Tarantino urges all with ideas for the projects to forward them to him at 11333 General Drive, Plymouth, or phone 453-6700.

The project must be a realistic thing that will be of lasting value to the entire community.

"Time is running out and we still need suggestions from a major cross-section of the community before we can run with the ball," said Tarantino. "What we need is something the entire community can dig into. We, on the committee, can't pick a project unless we have community support."

He pointed out that the committee has received few suggestions since it was organized on Nov. 3.

"Those that we have are good and are being taken under advisement," he said. "But we need more, so we can have a better idea of what the community wants."

Tarantino reports three

projects have been submitted, including: a youth center, a program to beautify Kellogg Park, and construction of an ice skating rink in the community.

What is the feeling of the people of Plymouth on these suggestions?

Tarantino and his fellow members would like to have the answers. The date for accepting suggestions and projects has been extended to Jan. 5 after which the committee will make its recommendations to Mayor James Houk for presentation to the City Commission.

Lions

Girl Scout troops and a Cub Pack.

Financial contributions to the Community Opportunity Center for retarded adults, Northville State Hospital, a grant-in-aid to Schoolcraft College, the Michigan Eye Collection Center in Ann Arbor, aid to the Leader Dogs program for the blind in Rochester, donation of a room in the new Welcome Home For the Aged Blind in Grand Rapids, and to the Penickton Nursery for younger children in Taylor Center.

Other local programs supported by the Lions include Junior Achievement, Boys State, YMCA, Symphony Orchestra, and the Community Fund.

In the meantime, there is just slightly more than three weeks remaining to file and those close to the picture are scouring the City for strong candidates should any of the present Commissioners drop out.

School Board

(Continued from Page 1)

would contribute \$228,700.

The school district would pay a matching amount, all of which would be used to pay for the recreation area. The district would also pay \$152,400 for the land on which the school buildings would be located.

Total cost to the district would be \$381,100 out of a total land cost of \$609,900.

In order to be considered for the program, the board had to pass a resolution to work with two area planning groups in southeastern Michigan and let these groups review the board's plans.

The two organizations are the Detroit Metropolitan Area Regional Planning Commission and the Huron-Clinton Metropolitan Authority.

The board also submitted its formal application for the program, including such items as a map of the area, descriptions of school sites and specific uses planned for them, the amount and availability of non-federal funds, and examples of how the school plans were consistent with 701 master plans of local governments.

Pages from the master plans of the City of Plymouth, Plymouth Township, and Canton Township are included in the application. A school site plan, similar to the tentative plan of the board, is included from the city plan, and statements that recreation facilities are largely in the hands of the school district are included from the township plans.

The board also made some mid-year adjustments in its budget at the request of Melvin Blunk, assistant superintendent for business.

The main adjustments came from the 153 more students who enrolled than were expected. About 7,350 students had been forecast at the beginning of the year, but some 7,503 have enrolled to date.

Blunk requested \$3,595 to cover the extra costs of instructional supplies, textbooks and library expenses for the extra students.

This cost would be more than offset, he pointed out, by the increase in receipts over those expected. The increase, which totals \$70,916, comes from the increased state aid, increased federal aid and \$4,500 state reimbursement for a reading teacher.

Also requested as additions to the budget were: \$4,000 to subsidize the interscholastic athletic program at the two junior high schools.

\$750 to cover an increase in the capital outlay for the Junior High West orchestra and capital outlay and instructional supplies for the sixth grade orchestra.

\$1,000 for an increase in elementary and secondary in-service education.

\$250 to match an offer by the Plymouth Symphony Society to help buy blazers for the Plymouth High School orchestra.

\$6,000 for expenses in high school and middle school planning.

\$3,000 for an additional remedial reading teacher for the second semester. This cost is covered by the state grant.

The total expenses added to the budget, including the amount for the extra students, were \$18,595.

Predicting a large turnout at the next school election, Superintendent Russell Isbister convinced the board to approve the expansion of the number of school voting precincts from the present four to a total of seven.

All of the school precincts will contain complete precincts of the city and township and will not divide any of these precincts. Cost of the increase in number of precincts was estimated by the board at about \$700 per election, plus an extra \$500 this year, since all voters whose precinct is changed must be notified by first-class mail.

The new precincts will be as follows:
Precinct 1: Plymouth High School; city precincts 3 and 5.

Precinct 2: Gallimore School; the parts of Canton and Superior Townships which are in the school district.

Precinct 3: Plymouth Township Hall; city precinct 4, township precinct 5.

Precinct 4: Starkweather School; city precincts 1 and 2.

Precinct 5: Allen School; township precincts 3 and 4.

Precinct 6: Junior High West; township precincts 6 and 7 and part of Salem Township.

Precinct 7: Farrand School; township precincts 1 and 2 and part of Northville Township.

With the passage of the new precinct arrangement, no school election will be possible for 120 days. Voters must be notified of their new precincts 90 days before the election.

School Board President Gerald Fischer will be in New York during the first week of January and at that time he will present the Plymouth Community School District case for an improvement in its bond rating to the two major rating companies.

Fischer and Melvin Blunk, who will accompany him, will visit Standard and Poor's and Moody's in an attempt to raise the rating from the present BAA to an A or AA rating. A higher rating would probably increase the interest rate given on the \$5.5 million in bonds which the school district will issue in the coming months.

The board approved final plans and specifications for Elementary School Number 8 and set Jan. 4 as the date for the receiving of bids.

The staff and citizens' committees which are studying possibilities for the new high school will have their fourth Saturday morning meeting this Saturday at 9 in the Junior High East library. The committees, which have been visiting many other schools in southeastern Michigan, will start to draw up a position paper soon.

In other business the board approved:

The appointment of Mrs. Kathleen Stewart to teach elementary physical education at Gallimore, Starkweather, and Truesdell schools.

A leave of absence for Mrs. Florence G. Slocum.

The release from contract of John H. McFall, Plymouth football and swimming coach.

Vocational Program Success

The vocational training program in Plymouth High School is far exceeding expectations.

In his annual report to the State Board of Education, Philip Johnson, co-ordinator of the program, revealed that 60 per cent of the 1966 graduating class enrolled in the vocational program went into the work world.

This percentage is considered to be above the average.

"It is the first time that we have reported on a full scale program," Johnson explained. "In other years we were limited to the co-op program. This year we introduced the full scale program and are well pleased with the results."

The full scale program is broken down into three divisions—Business Education, Trade and Industrial and Distributive Education.

Under Business Education such things as advanced bookkeeping, advanced typing and shorthand, advanced business machines and office practice, are included.

The Trade and Industrial division embraces auto mechanics, welding and food service, while the Distributive Education section includes the co-op program.

Officer Injured

(Continued from Page 1)

light turned red and he started through. At this instant he was hit by a car driven by Carl R. Dennis, 302 Roe Street, Plymouth.

The impact was about in the middle of the street intersection, but the force of the impact caused the police car to do all sorts of gyrations.

First, it hit the light pole at the First Federal Savings Bank, then the curb at the parking sign and caromed off to the other side of Main Street and headed for Schrader's Funeral Home before it finally stopped.

The police car is a total wreck and the Dennis car is badly damaged in the front. Dennis was shaken up, but not injured.

Edison Co. Has TVA Capacity

Detroit Edison has approximately one-fourth the generating capacity of the Tennessee Valley Authority—4,300,000 compared to 15,000,000 kilowatts—but paid nine times as much in federal, state, and local taxes in 1965—\$73,000,000 compared to \$8,000,000.

PHILIP JOHNSON

"In our graduating class of 1966," Johnson confided, "we had 187 students involved in vocational training. Under state law we are requested to make a full scale report on the activities of these graduates after they are eligible for the work world."

At this point he released figures that showed 32.5 per cent of the group went on to full time colleges or universities, and seven per cent married and were not available for work. This left approximately 60 per cent of the vocational students available.

Broken down, Johnson said, 44 per cent of those available were engaged in

occupations for which they were trained in high school. Another 21 per cent were engaged in occupations related to those for which they had trained.

The survey also showed that approximately 20 per cent were in occupations for which they had no high school training.

Four per cent of the group were engaged in part time employment, while three per cent were unemployed and the whereabouts of the other nine per cent were unknown.

Co-ordinator Johnson revealed that the placement of youngsters is confined to the Plymouth area because of a transportation problem.

"We don't contact such places as Westland or either of the big shopping centers in Livonia," he pointed out, "simply because we lack transportation—and the added fact that we are having such fine success right in the Plymouth area."

how much cake should there be in a fruit cake?

Not much!

In fact, we think just enough

to hold the fruit and nuts in place.

You see, our Jane Parker Fruit Cake is over 2/3 fruit and nuts.

Every cake is just bursting with

cherries imported from France, pineapple from the Far East,

citron from Italy, sun-drenched raisins from California

and meaty pecans from the South.

AND ONE OTHER THING YOU SHOULD KNOW:

It's the same wonderful cake... at the same low price as last year.

Isn't that good news?

Is it any wonder Jane Parker Fruit Cake

is America's most popular Fruit Cake?

Is it any wonder it's become such a favorite gift item?

Is Jane Parker Fruit Cake a good reason for shopping A&P?

It's one of many.

Holy Trinity Plans Program For Christmas

A children's Christmas program at 7 p.m. Dec. 18, a choral candlelight service at 7:30 p.m. Christmas Eve and a single communion service at 10 a.m. Christmas Day are on the calendar for Holy Trinity Lutheran Church.

The church is located at 39020 Five Mile, and the Rev. Wayne Koenig is pastor.

Mrs. John Westveer, Sunday school superintendent, will direct the children's traditional Christmas pageant, and the music service Dec. 24 will be under the direction of choir leader Mrs. Alan Drake.

Churches Join for Pot-Luck

A pot-luck supper Friday, Dec. 16, at the Birmingham Unitarian church will be the final event in New Temple's Dedication Pentecost. Members of the Unitarian church will serve as hosts and the two leaders, Rabbi Ernst Conrad and the Rev. Robert Marshall will engage in a dialogue "What Unites Liberal Religion?"

Jarman's Famous

"Deerslayers"

...for the ultimate in Smart Casual Comfort

The comfort you get from a pair of Jarman "Deerslayers" is no happenstance. First there is the wonderfully soft upper leather. Then there is the luxuriously thick cushion insole... the soft leather lining... the traction-tread crepe sole and heel. Comfort definitely is the byword here—and we believe you'll want to make it your "buy word" when you try on a pair.

Shirley Hagel, Harry Wolfe Married

Wearing a gown of white peau-de-soie with jeweled alencon lace trim and a chapel train, Shirley Anne Hagel became the bride of Harry L. Wolfe in a recent ceremony at Our Lady of Victory church in Northville.

The bride is the daughter of Mr. and Mrs. Anton Hagel of Blue Skies drive in Livonia, and the bridegroom's parents are Mr. and Mrs. Harry E. Wolfe of Hidden Lane, Livonia.

Mr. Hagel gave his daughter

in marriage. Her triple bouffant veil fell from a crown of crystal and baby seed pearls.

The bridal attendants, maid of honor Margo Hagel, sister of the bride, and bridesmaids Carol Porter, Marjorie Wolfe, Judy Doyle, and Nancy Nelson, all wore floor-length gowns of aqua with wattleau panels in back.

Young Bonnie Wolfe was flower girl and Stephen Kalik was ring bearer.

Russell Sheehan was best man for the bridegroom, and the ushers included Jim Porter, Donald Wolfe, Bill Joyner and John Manning.

Roma Hall was the site for both a luncheon, after the ceremony, and an evening reception for 300 friends.

The young couple left on a two-week honeymoon in Bermuda, with the bride wearing a three-piece rose linen suit. Their new home is on Sunbury Avenue in Livonia.

The bride is a 1963 graduate of Bentley high school and graduated this year from the Grace Hospital school of nursing. Her husband, a 1961 Bentley graduate, has attended Cleary College and Detroit Business Institute.

One need not leave the United States to become imbued with the great sense of history that comes from viewing the ruins of an ancient civilization.

For Joan and Henry Lemieux and their children,

Joey and Missy, a flight to Arizona and a trip by car to the Mesa Verde, unfolded the fascinating story of the agricultural Indians who inhabited that "green table" from the years AD 1 to 1300.

And they said, dangerous as it appears to us, the women of the pueblo village used toe and finger holds to climb the sheer face of the cliff, with a basket balanced on their heads, then walked a mile and a half to get the water necessary for household use. (And we think we're "roughing it" if the hot water tank goes out!)

For the children — the trips further west to Disneyland and Knott's Berry Farm were the highlights of the Lemieux's two weeks in the Great West, but for Joan and Henry (in addition to being delighted as their plane left Metropolitan Airport with a cake reading "Welcome Aboard for Your First Flight," sent by a kind reservations clerk, was their visit in Tombstone, Arizona.

It was there they saw the scene of the "Shoot-Out at the OK Corral," where the McLaury's and the Clanton Boys met and fought the Earp Brothers and Doc Holliday. Described in the "Tombstone Nugget" the following day as, "October 26, 1881, a day when blood flowed as water, and human life was a shuttlecock; a day to be remembered as witnessing the bloodiest and deadliest street fight that ever occurred in this place, or probably in the Territory," and discussed and debated to this day by the townspeople and visitors alike.

A visit to the Boot Hill Graveyard and a look at some of the epitaphs there and one could better understand the life and the times of the people in this roaring mining town of the early 1880's.

"Charles Helm — Shot 1882 — by Wm. McCauley. Two hot-tempered ranchers who disagreed over the best way to drive cattle, fast or slow."

"George Johnson — Hanged by Mistake — Johnson innocently bought a stolen horse and suffered the consequences."

"Foo Kee — He owned

a grocery store and died of ptomaine poisoning."

"Killeen — Shot by Frank Leslie — 1800 — Results of a disagreement over Killeen's wife, Leslie married the widow."

"Here Lies Lester Moore — Four slugs from a .44. No Les. No More."

"James Hickey — Shot 1881 — He was shot in the left temple by Clayborne for his overinsistence that they drink together."

And when adding the number of deaths from "unknown causes," disease, and suicide, one could picture a town where the challenge of the day was to live, and "justice" was often determined by the fastest gun.

Then it was a trip to the "Four Corner's Monument," the only place in the U.S. where four states border; a tour of a typical frontier mission church, where Christianity was introduced to the Pima Indians by Franciscan priests in the 1700's; a visit with relatives in Phoenix, and the Lemieux's began their trip back with pieces of Indian pottery they had found, some beautiful colored slides, a donkey-shaped pinata, and a much greater appreciation of our country's pioneers, as a result of their wonderful western vacation.

OTTO G. ZIEGENHAGEN, C.S.B. was the speaker at a recent meeting at the Livonia Mall sponsored by the First Church of Christ, Scientist, in Farmington.

The food industry is providing about 210 billion meals per year at an average cost of less than 40 cents per meal, say specialists at Michigan State University.

A HIGH-RISING ROOF topped by a cross will dominate the new sanctuary and education building of the Lutheran Church of the Risen Christ, to be built at Ann Arbor and McClumpha roads in Plymouth.

Ground-breaking was Sunday, Dec. 11, and the construction is to begin immediately.

Construction On Church To Begin

Ground breaking ceremonies to the Lutheran Church of the Risen Christ new sanctuary and education building were conducted at the five-acre site on the northeast corner of Ann Arbor and McClumpha roads Sunday, Dec. 11, at 2:30 p.m.

The Rev. David F. Romberg, pastor, and the building committee chairman Clinton E. Stroebel, Chairman, Aldon Holk, and W. W. Loucks, after extensive planning with K M M Associates of Ann Arbor, announced selection of contractors; they include: architectural—Henry Sonagere of Allen Park; mechanical—Hafke Brothers of Detroit; and electrical—Down River Electric of Trenton. Construction is expected to begin immediately.

Worship services at 8:30 and 11 a.m. are conducted at the present Chapel which is located at 41233 Ann Arbor Trail, Plymouth. At 9:45 a.m. Sunday school classes meet at Allen School on Haggerty Road with classes available for students from three to college age. The adult class studies at the chapel.

An executive board governs the business administration of the congregation. The 1966 Church Council consists of: president, Gerald Becker; vice president, Edward Barber; secretary, Donald Gray; treasurer, Clemens Kromer; membership, Walter Hagen; evangelism, Elton Williams; finance, James Huber; education, Roy Retting; youth, Melvin Pickens.

MR. and MRS. EDWARD COLCLOUGH

Surprise Party For Colclough Anniversary

A visit to relatives in Crosswell, Mich., turned out to be a surprise 25th wedding anniversary party for Mr. and Mrs. Edward Colclough, 8818 Denne, Livonia, last month.

Arriving in Crosswell, the couple was taken to Latter Day Saints church which they formerly attended by Mrs. Colclough's sister, Mrs. Nellie Hazelman of Detroit. Waiting for them were more than 150 friends and relatives, including the Colclough's merchant seaman son, John, who hadn't been home from his Great Lakes ship assignment for several months.

The couple's 11-year-old daughter, Beverly, also was on hand and served as an attendant as her parents renewed their wedding vows. Later, there was a dinner at the Nineteenth Hole restaurant in Lexington, Mich.

Mr. and Mrs. Colclough were married Nov. 29, 1941. He is employed by State Farm Insurance in Garden City.

Entertaining Ideas Shown

"The Perfect Hostess" was the theme of the recent Livonia City Women's Club meeting featuring glamorous preparation of holiday foods. Edna Herig, electric living advisor for the Detroit Edison Co., was the speaker and took her title from recipe

booklet of the same name. Portable electrical appliances were demonstrated for the preparation, cooking, and serving of company foods. The use of the home freezer was discussed in the light of making entertaining fun, with a minimum of last-minute work for the hostess.

Attractive table settings were shown for a special holiday meal and for an "After-glow" party.

This avocado canape recipe is made with the use of an electric blender.

AVOCADO AND TOMATO CANAPES

Place in the container of the electric blender 3 tablespoons lemon, French dressing, 1 ripe avocado (peeled and cut), 1½ teaspoon salt, ½ teaspoon tabasco, and ½ teaspoon curry powder. Blend till smooth.

Add ¼ cup chopped Brazil nuts and blend until nuts are in coarse bits.

Make buttered toast rounds, or cut with cookie cutters in assorted shapes. Lay thin slices of tomato evenly on the toast. Top with avocado mixture and sprinkle with chopped Brazil nuts. To serve, place on small plate garnished with watercress.

Women on The GO!

by MARGARET MILLER

There are several hundred beautifully-dressed young ladies gracing our towns at this pre-holiday time. We find them sitting in sedate rows in banks, offices, stores.

They are wearing velvet cloaks, knitted coats and hats, frilly pink dresses. Some have pretty robes and pajamas and fancy slippers. A few are carrying cases with complete wardrobes. And every one wears a bright Christmas smile.

The young ladies are, of course, the Goodfellow dolls, and paying a visit to them as they sit on display is one of the real fun parts of the season.

But the enjoyment we experience is nothing compared to the delight of the hundreds of little girls throughout the area who will receive the dolls when Goodfellow baskets arrive for their families Christmas morning.

One place to view about 150 lovely dolls is the First Federal Savings and Loan office on Plymouth Road near Merriman in Livonia.

The dolls surrounding the big Christmas tree there were dressed by First Federal customers. The tellers, Mrs. Lillyan Lawson, Mrs. Patricia Kuzma, Mrs. Ellen Thorsen and Mrs. Yvonne Miller, distribute the dolls supplied by realtor Harry Wolfe to ladies who come into the bank and look forward to the project each year.

In Garden City, about 200 dolls are assembled at the fire hall at 6000 Middlebelt. Senior citizens, led by fireman Glenn Hershey, took charge of distribution and collection, and awarded prizes to the prettiest ones.

Redford township employees turned out about two dozen dolls that can be seen in the township office on Beech-Daily near Five Mile.

In Plymouth, employees of the Burroughs Corp. and wives were the wardrobe mistresses for many Goodfellow dolls. A lovely display can be seen at the Burroughs plant.

But perhaps one of the busiest of the Goodfellow doll enthusiasts is dark-haired Mrs. Robert Witt of 31528 Marblehead, Farmington. For three years now, Sally Witt has been ordering dolls, distributing them to employees of Chesley Industries, Inc., senior citizen groups and her own Jaycee auxiliary and oohing and aching over results as the dolls come in.

"I'm sure I get more fun than anyone out of this," she said as she looked over the 180 dolls put on display in the National Bank of Detroit branch on Farmington road and Demery's Store in Kendallwood center.

"Everyone gets into the spirit of the thing, and the dolls are SO beautiful." Besides distributing and collecting, Sally finds time to dress a couple of dolls herself, with her young sons directing the work. This year she sewed a yellow mod outfit for one doll on 11-year-old Bob's plan, and is working on one in lavender directed by Eddie, seven. Two-year-old David isn't quite up to planning doll dresses yet.

For Sally, this project was a natural outgrowth of her leadership in the Jaycee auxiliary, which she has served as president and now regional representative. The group regularly chauffeurs seniors citizens to their meetings and helps them in other ways, as well as handling many other community projects.

Says Sally, who keeps busy with all of these: "I want my sons to know that their father and I believe it's important to give some of ourselves to help others. I just happen to believe that it's truly more blessed to give than to receive."

'Messiah' Presented

The 40-member choir of the Evangelical Covenant Church, 24331 W. Eight Mile, will present major portions of Handel's oratorio, "The Messiah" at 7 p.m. Sunday, Dec. 18.

Leon Anderson directs the choir, and soloists include Mrs. Joanne Gustafson, soprano; Altona Moon, contralto; Charles Wingert, tenor and Duncan Sells, bass.

Earlier in the day the church school will participate in the 10:30 a.m. service, with a program featuring music and recitation of the Christmas story.

DAR Members Enjoy Christmas Music Program

Christmas music made up the program for the December meeting of the John Sackett chapter of Redford, Daughters of the American Revolution.

The luncheon meeting was held Dec. 10 at the home of Mrs. Walter Nacker, 18604 Salem, with Mrs. Walter Fysh as co-hostess. Mrs. Robert Davis and Mrs. Harvey Dettler took charge of the program, which included group singing of Christmas carols.

Mrs. Clayton Nacker also told the group some facts and history of the DAR National Society Museum.

Rabbi Wine Discusses Election Results

Results of the recent national elections and their underlying currents will be discussed by Rabbi Sherwin T. Wine at the Birmingham Temple service Friday, Dec. 16, at 8:30 p.m.

Weekly services are held at Robert Frost junior high school in Oak Park, and visitors are welcome to join in the service, sermon discussion and refreshments.

Engaged

Mr. and Mrs. George J. Rousakis of Ann Arbor Trail, Livonia, announce the engagement of their daughter, Elaine, to Mr. Roger L. Wilhelm, son of Mr. and Mrs. Joseph Wilhelm of Adams Street, Plymouth. The bride-elect, a 1964 graduate of Franklin high school, is working and attending classes at the University of Michigan and her fiancé is employed by Dunn Steel Division of Townsend Co. in Plymouth, following service in the U.S. Army. He graduated from Plymouth High School in 1963. The couple plans a late spring wedding.

Redford Figurines Invite Members

If you've lost your annual battle with calories this year, members of the Redford Figurines chapter of the Buxom Belles International have an invitation of interest.

The group meets Thursday evenings at 7:30 p.m. at Lola Valley Junior High School, and officers said women in the area who need to lose weight to attend the sessions.

Queen of Hearts

Cookie Time!

It's cookie time.
At our house, it gets to be a near-riot. Six delighted children help to mix and stir and roll and cut out cookies. Colored sugar carpets the kitchen. There is frosting on door knobs and pigtailed and noses.

The neighborhood kids hear the commotion, or smell it, and come to add their invaluable assistance in the sprinkling and spoon-licking departments.

Some cut-out cookies after all the trouble they take, turn out tasting like frosted cardboard, but the one we use is as good as it looks. We begged it from a friend long ago, and here it is:

ELAINE'S CHRISTMAS CUT-OUTS: Cream ½ cup butter till light. Gradually add 1 cup sugar; cream thoroughly.

Add 1 egg, beaten till fluffy. Using your electric mixer, beat well.

Sift together 1¼ cups flour, 1 teaspoon baking powder, ¼ teaspoon salt. Stir into butter mixture. Add 1½ teaspoon grated orange rind and/or ¼ teaspoon undiluted frozen orange juice concentrate. Mix and work together thoroughly.

Chill in refrigerator for half an hour or a little longer. Roll thin, cut into stars and trees and angels and bells and Santas.

Bake at 325 degrees for 8 to 10 minutes.

Frost with confectioner's sugar mixed with milk till just thin enough to spread with a table knife and not drip all over. Decorate with a free hand.

Cookies disappear with the speed of light in this house. I have found that if I expect the fancy kinds to last till Christmas comes, I have to intersperse them with several batches of the kinds that don't take so much time and trouble to do.

Bar cookies are the best answer to the problem, and we've found some very good ones. You may want to try some of these:

SPICY COFFEE SQUARES: Combine 1 cup white raisins with ¾ cup hot strong coffee. Let stand 10 minutes.

Sift together 1½ cups flour, ½ teaspoon baking powder, and ½ teaspoon baking soda.

Cream together ¾ cup shortening, ¼ teaspoon salt, ½ teaspoon allspice, and ½ teaspoon cinnamon. Gradually add 1 cup sugar and continue creaming. Add 2 eggs, one at a time, beating well after each addition. Stir in flour mixture alternately with raisin mixture, beginning with flour and ending with flour.

Spread batter in greased shallow pan 15½ by 10½ inches.

Bake at 350 degrees about 28 minutes. While still warm, spread with icing made of confectioner's sugar and cold coffee. When cool, cut into squares.

COCONUT-PECAN SQUARES

Cream ½ cup butter with ½ cup firmly packed dark brown sugar. Add 1 cup flour and mix well. Press into a greased 8 by 8 by 2-inch pan, spreading batter evenly into the corners. Bake in moderate oven, 350 degrees, for 20 minutes.

Meanwhile beat 2 eggs till frothy. Gradually add 1 cup firmly packed brown sugar and beat till thick. Add 1 cup coarsely chopped pecans and ½ cup shredded coconut which has been tossed with 2 tablespoons flour. Add 1 teaspoon vanilla and a pinch of salt. Mix well.

Spread over baked crust. Bake at 350 degrees about 20 minutes, till well browned. When cool, sprinkle with confectioner's sugar and cut into squares.

And then there are the indispensable **TOFFEE BARS:** Mix together 1 cup butter, 1 cup firmly packed brown sugar, 2 cups flour, 1 egg yolk, and 1 teaspoon vanilla.

Spread evenly over 11 by 15-inch pan, preferably with sides. Bake at 350 degrees for 20 minutes. Immediately upon removal from the oven, top with 7 or 8 milk chocolate bars; when melted, spread evenly. Sprinkle ½ cup chopped nuts over and cut into squares right away.
