State

Minnesota Mining & Manufacturing Co. has rejected a proposed plant site in Plymouth Township and is negotiating with own-ers of the Farmington Township Industrial Park. Unsightliness of the Plymouth site and "better facilities" in Farmington have been cited as the reasons. Officials of 3M haven't confirmed the story, however.

E. Robert Turner, 41, former Burbank, Calif. city manager, has been named executive director of the fledgling Southeastern Michigan Council of Governments (COG). He starts work April 1 as chief hired man for the cooperative agency that covers six metropolitan counties. Turner has been city man-ager of Brookfield, Mo.; Springfield, Ore., and Boulder, Colo.

FARMINGTON - John Early, 26-yearold roofer, was found guilty in Oakland County Circuit Court of the August, 1967, shooting of his ex-wife, Shirley, 30. A jury convicted Early on a charge of intent to do great bodily harm less than murder. Judge Robert Templin set March 8 for sentencing. Maximum penalty would be imprisonment for 10 years. Early is being held in the county jail in lieu of \$25,000 bond.

FARMINGTON - Four joint meetings annually have been proposed for the Farmington City Council and Township Board to improve communications between the two governments on matters of mutual interest. City approval of the idea was voted this week, and township trustees will weigh it Monday.

REDFORD - Employee's Civil Service Commission Chairman William Shaw acknowledged that many "gray" areas of the commission's duties need clarifying. Entering its second year of activity, the commission is operating under a new state law. Compounding problems is the township's requirement to bargain with Teamsters union representatives, who were chosen by the employees about the same time civil service began.

REDFORD - Senior citizens tax exemption applications have been submitted thus far by 633 persons in the nearly 80,000 person township.

LIVONIA - The city isn't suggesting that anyone get a gun, but for those who have them legally, instruction schools will be set up by the police on orders of the mayor. While a lot of people got them for "self protection" at home, the clinics will be used to teach "self safety" in handling, using and storing the weapons.

LIVONIA - Trying to catch up with District growth, and to anticipate the future, Livonia's school board is preparing to build three more elementary schools, a 10th junior high school, expand two other junior highs, is building a fourth senior high and considering a vocational or technical school, all at a cost of millions. With 34,500 pupils now, the district expects eventually to have 50,000.

THIS IS A

Opponents of the City of Plymouth's open housing ordinance who petitioned the City Ccamission to have the matter placed on the ballot have won their fight.

City Clerk Gene Slider has announced that he has certified 610 signatures on the 39 petitions that were filed with his office a week ago. Under the law the required number of signatures needed was a total equal to 15 per cent of the votes cast for governor in the last state election. This amounted to 520 and the certified signatures far surpass that number.

Now that the certification has been made, the City Commission will be notified at its next regular meeting . on Monday, Feb. 19. At that time the Commission will have the opportunity to set a date for a special election or take the matter under advisement.

"Should the Commission act," Slider pointed out, "It must call for the special elec-

J.A. Campaign Nears Its Goal

In the first week of the 1968 Junior Achievement fund drive, the Plymouth area has contributed \$1,903 which is 35 per cent of its quota.

The over-all goal for the sixcounty Southeastern Michigan area is \$410,000.

tion not less than 40 days nor more than 90 days from the date of its action."

Asked why the City Commission would not be notified officially until Feb. 19, Slider explained that the law states;

proposed zoning ordinance, In-Hard Luck! on the petitions. It Comes

In Bunches A man, who for obvious reasons wished to remain

nameless, remarked "This just isn't my week." He made this prophetic statement after a furnace he was operating caught fire and the flames forced him to crawl out of the building on his hands and knees.

To him this was the last straw.

On Monday, he paid his Michigan income tax, which is a bitter pill for anyone, he said.

On Tuesday, his ex-wife hauled him back into court over an alimony dispute.

And, then, on Wednesday, the furnace blew up in his face.

Someone near him remarked, "What you need is a good drunk,"

With a smirk on his face, the luckless man said to the commentator, "I can't. The doctors won't let me drink."

"the clerk shall notify the Commission at the next regular meeting," which, in this case,

is Feb. 19. The Commission has schediled a meeting for next Monday night to act as a committee of the whole in discussing the

asmuch as this is not a regular meeting no action can be taken Certification of the sig-

natures is a signal victory for the three commissioners who voted against the open housing ordinance last Dec. 4. On that occasion Commissioner George Hudson was joined by Commissioner Arch Vallier and Mayor

In voting against the ordinance the trio went on record that they would much prefer to have the people vote on the measure than have the matter settled by a majority vote of the seven members of the Commission.

Building Lags In Township

Plymouth Township Supervisor John McEwen termed the month of January a slow month for building permits.

Only 12 permits were issued for the entire first month of 1968. Fees from the permits amounted to \$731 and the total value of the construction was \$260,417.

Township 'Farmers'

Take Stand

The long-awaited revision of Plymouth Township's zoning ordinance No. 14 will not be forthcoming for at least another month, and possibly longer.

Retaining agricultural zoning the first unit in what is planned and the new zoning map are the to become a unique high school two items that have halted final approval thus far.

John McEwen, township supervisor, pointed out that there is a question in his mind whether the township should still keep the little amount of land left as agricultural or change it to single family classification.

He said that some of the members of both the planning commission and the township board want agricultural land to stay unchanged.

At a joint meeting between the Township Planning Commission and the Township Board Wednesday night, there was some difference of opinion as to how the new zoning map should look, he said,

McEwen said that the two bodies made excellent progress however, but that a public hearing on the proposed ordinance will not be forthcoming until it has been presented to the heads of home owners groups in the township.

City Joins Protest On Trains

The City of Plymouth will join in the protest against the C&O Railroad curtailing passenger service at a public hear ing scheduled in Detroit on Wednesday, Feb. 28.

The City Commission designated City Attorney Charles Lowe to attend the hearing and present Plymouth's protest.

City Manager Richard Blodgett had asked that the attorney be instructed to prepare a brief. But this was ruled out when Commissioner Vallier stated that a protest, in person, would be sufficient.

For some time it has been rumored that the C&O was planning to eliminate the train that stops in Plymouth each morning on its way to Detroit, and returns each evening.

At the time the plan was rumored City Manager Blodgett refused to enter a protest on the grounds that "we must wait until we hear officially from the Public Service Commission,"

STATE OF MICHIGAN PROBATE COURT FOR THE COUNTY OF WAYNE

GETTING DETAILS OF NEW JOB --- Randy Mason, (right) of the Whitman &

Barnes Sales Department, recently was named local division chairman of the 1968 fund raising campaign for Junior Achievement in Southeastern Michigan.

Ralph Cole, the tall, statesman like-appearing attorney for Plymouth Township, pushed aside his cup of coffee the other day and smilingly remarked:

"This just confirms my belief that there still are many honest people in the world."

He had just regained his overcoat that had been missing in an accidental mixup of garments at the favorite luncheon emporium and no one was more delighted than he - for his "asthma medicine" was in the pocket.

"Reminds me of a vacation trip I had down south some years ago," he informed listeners.

"In those days I owned a camel's hair topcoat and was very proud of it.

"I didn't need it while driving through Florida - at least I didn't think I'd need it. So, I carefully placed it in the trunk of the car.

"Well, when we reached a point near Cape Kennedy, I noticed the trunk lid bobbing up and down. I stopped the car, got out, and without looking into the trunk just closed the lid.

"A bit further on along the highway I started to feel a little chilly. Then I thought of the coat.

"I got out of the car, opened the trunk, but the coat wasn't there. It must have blown out along the way

"I had no way of knowing where it might have parted company with the car. So, I just called it a bit of bad luck and drove on. After all I had the coat about three years.

"About a month later," Cole went on, "I received a letter in some of the darndest scrawling you ever saw. It was from some folks in Florida who wrote to tell me they found the coat and traced it to me because of a cleaning bill they found in the coat pocket.

"Funny thing," he chuckled, "I still have the coat as proof that there are some honest people . . And now it has happened again."

WHEN OLD FRIENDS MEET

You've often heard the expression, "I bumped into an old friend today."

Well, you should hear Dr. Herbold tell of his latest experience in meeting an old friend.

Along with a group of ardent skiing enthusiasts from Plymouth he journeyed to Oscoda last week to enjoy the thrill of sliding around the hills in the snow.

He was doing quite nicely, too, according to all accounts. Then he started another trip down the slide. As he approached the bottom of the hill, he noticed another skier, coming from another direction, and got a rather sinking feeling that there might be a collision.

Proper Regulation Of Land Usage Plymouth Area's Most Vital Need Qne of the most important functions of the

officials in any community is the regulation of land use through proper zoning, ~ *

This suddenly is being realized in the Plymouth area where scarcely a week goes by that some argument doesn't arise over the land or buildings in a given area.

The problem reared its head in the recent controversy on Penniman Avenue when a special assessment was levied against the property owners to pay for the elimination of the old eyesore that was the Davis property.

No sooner had the assessment rolls been made public than a protest was lodged on the claim that, "the property is used as residential property — and shouldn't be taxed as commer-cial land."

The fact that it was zoned commercial didn't seem to make much difference to the owner. He realized that he was making a non-conforming use of the land, but he wanted the rules changed in the middle of the game.

His plan didn't work successfully, even though his complaint altered the period of assessment from five to 10 years.

The latest battle is now going on in Plym-outh Township where the "farmers" are mak-ing a last stand against the inroads of progress.

For several months the Township Board of Trustees and the Planning Commission have been working on what officially is known as Ordinance No. 14. This calls for the zoning of all so-called "agricultural land" in the Township into one acre residential sites - or more officially R1H.

Naturally, the owners of the so-called farm land are howling - and what's more, making their howls heard in the Township Hall.

It is their claim that the land still is being farmed, and that if the proposed zoning is approved — and the state hears about it — their taxes will be given a real boost.

To this, Township Supervisor John McEwen, a backer of the proposed ordinance, answers,

"It is the duty of the officials to zone property for the present and the foreseeable future. This was done in the proposed ordinance."

It is a well known fact that all projections into the future show that the Plymouth area

will be hit by a gigantic population explosion — and that there will be a dire need for residential, business and industrial property. It is to meet this demand that the Township officials have arrived at their decisions in Ordinance No. 14 to zone all present agricultural land into one acre plots.

Insofar as taxes are concerned, the holders of this type of property have been getting a, "break" for years. It wasn't until a year ago that some of the property was re-assessed for the first time in more than a decade.

According to the records, some of it ; was assessed as low as \$10 per acre. At the time, at the urging of the Wayne County Board of Supervisors, Supervisor McEwen, who is also the Township Assessor, boosted the valuation to approximately 25 per cent of true cash value - despite the fact that the state law required assessing at 50 per cent.

The little supervisor readily admits that some of the land at present is assessed at only \$900 per acre. He further adds that it would be difficult to purchase an acre for less than \$5,000 at the moment.

If what the Supervisor says is true - and who is in a better position to know than he then there is no reason why he shouldn't meet state requirements and assess the property at 50 per cent of its cash value.

Should he do that the owners of the agricultural land would be paying their fair share of the taxes . . . there would be no more holding of the land for high prices . . . and the howling against the proposed ordinance would quiet down.

So, now is the time to meet the state requirements, make plans for the proper use of the land, and get set to meet the challenge of the future.

We will have to fight, shoulder to shoulder, to meet this challenge and we shouldn't be squabbling among ourselves now over the zoning that eventually must be for residential use.

Congressman Esch Reports Country Needs Truth In Budgeting System

The 89th Congress passed This budget follows the un- \$4 billion increase in estim- mits that that estimate was at his State of the Union message figures show that the Adminthe "truth in packaging" bill; fortunate and shocking pattern "ated expenditures. the House of Representatives of the last three budgets in last week passed a "truth in overstating estimated receipts THE 1969 BUDGET assume

Sure enough, that's what happened.

After the collision, they just looked at each other. Guess who the other fellow was? It was Bud Schrader.

'That's what you call 'bumping into an old friend,' " Doc recalled as he returned home.

HERE'S AN ODD ONE

Contrary to the belief that to succeed in business you must be up-to-date and have all of the modern conveniences, Isadore Kade, who has been holding forth on Ann Arbor Trail for years, never has had a telephone in the establishment. How about that?

TREASURES IN STROLLER'S MAIL BAG

Here are a few of the nuggets of information gleaned from one morning's mail:

The population of the United States is 200,000,-000 and 60 per cent of them never have been out of their hometown. And only five per cent of them have ever been on a train and less than one per cent on an airplane.

The City of Cleveland soon will have underground rapid transit from the airport to the downtown business area, with a terminal at each end. There will be special baggage racks and there will be no "baggage line-up." The trip will be made at a speed of 60 mph.

No harm in Detroit "stealing" the same idea and running a line from Metro to the downtown area.

The value of last year's mineral production in Michigan was \$599.4 million. And that was about \$3 million less than in 1966. Iron ore topped the list with a figure of \$159 million. Guess what was second! - It was cement with a value of \$99.1 million and sand and gravel was third at \$49 million.

A WELL KNOWN BREAK

Plymouth Township Supervisor John McEwen has received cards and letters from friends on both coasts, sympathizing with him for suffering a broken ankle.

"Never knew one picture in the paper could bring so much publicity," he confided.

Then he added, "and it was all good."

lending" bill; it is now time that the Congress demand "truth in budgeting."

ZONING BOARD OF APPEALS CITY OF PLYMOUTH, MICHIGAN

At a meeting of the Zoning Board of Appeals to be held in the Commission Chambers of the City Hall on Tuesday, February 13, 1968 at 7:30 p.m., a public hearing will be held to consider the following:

Appeal Case No. 68-1 of Donald A. Keeth, requesting permission to remodel an existing building into three apartments on property containing approximately 7,000 square feet of land area, said building located at 416 N. Main Street, Lot 380 of Plymouth Plat #14.

Section 9.09 of Ordinance No. 182, Zoning Ordinance of the City of Plymouth reads: Lot Area Per Family Unit. In C-2 Districts every apartment, single family terrace dwelling and efficiency apartment, hereafter erected, shall provide a lot area of not less than twenty-five hundred (2,500) square feet per each family unit.

Section 2.04 of Ordinance No. 182, Zoning Ordinance of the City of Plymouth reads: No building used as a multiple dwelling or as an apartment house or as an efficiency apartment, hereafter erected or altered, shall provide less than four hundred eighty (480) square feet of floor space for a single housekeeping unit with a maximum occupancy load of three (3) persons and a required one hundred (100) square feet of floor space for each additional inhabitant.

All interested parties will be given an ample opportunity to participate in the hearing, and at the close of said hearing, all comments and suggestions of those citizens participating will be considered by the Zoning Board of Appeals prior to making its decision.

Sunday, February 11, 1968

A motion was made by Schultz and supported by Meyers and unanimously carried that the Treasurer be instructed to collect taxes without penalty until February 29, 1968. A motion was made by Schultz and supported by Flodin and unanimously carried that the Township purchase a type-writer which will be paid from the sewer fund. A motion was made by Palmer and supported by Schultz and unanimously carried that the bills in the amount of \$15.573.57 be paid.

\$15,573.57 be paid. Moved by Palmer supported by Truesdell and unanimously carried the zoning ordinance of Canton Township be amended as follows:

AMEND SCHEDULE OF REGULATIONS AS FOLLOWS:

	Minimum Y	ard Spaces
	Sid	les
Zoning District	At Least One Side (Feet)	Total of Two (Feet)
M-1, Light Industrial	10 Y	20 Y
M-2, General Industrial	20 Y	40 Y

Footnote Y. Where a M-1 and M-2 District abuts directly upon an AG, R-1A, R-1B, R-1BC, R-1C, R-1D, RM or RT District, the side yard adjacent these districts shall be increased to forty (40) feet for the M1, Light Industrial district and fifty (50) feet for the M-2, Heavy Industrial Zone. A landscaped greanbelt, as defined in Article II, shall be provided and main-tained along its entire length by the users of the M-1 or M-2 zoned property. In addition the M-1 or M-2 District shall be further screened from resi-dentially zoned districts by a solid ornamental wall, six (6) feet in height above grade, between said greenbelt area and the industrial use. The remainder of the side yard area shall be in wellkept lawn or other materials acceptable to the Planning Commission. All landscaping shall be maintained in a healthy growing condition, neat and orderly in appearance. If in the opinion of the Planning Commission, either the greenbelt or the ornamental wall would serve no good purpose, the Commission may waive such requirement and pro-vide either the ornamental wall or the greenbelt. If the M-1 or M-2 zoned property abuts a railroad spur or siding located along the property line or within a required yard space, then this particular yard requirement may be modified or waived by the Planning Commission. A motion was made by Hix and supported by Meyers and carried that the meeting be adjourned.

SAVE 20% ON DRAPERY CLEANING DURING FEBRUARY

SLIP COVERS, BLANKETS QUILTS INCLUDED and

During the month of February, Tait's are offering a 20% discount on household cleaning ---draperies, slip covers, and blankets.

In March and April, our plant operates at its highest level of volume. A large percentage of the volume is household. If you will send now, in our slower period, we will bill you at regular price less 20% discount.

We'll benefit by leveling our peak volume into the slower months - you'll get a substantial savings — plus the benefit of having your order handled with extra care since we have more than adequate time now.

At Tait's, your draperies are always carefully measured, gently cleaned by the Sanitone process, and returned to their original measurements. All draperies receive decorator folding for perfect hanging.

because there are lots of other good reasons to belong to Automobile Club of Michigan

COSMOPOLITES -- Bond School sixth graders had lunch with a cosmopolitan touch recently when the 33 boys and girls held an International Festival during which they sampled foods of many lands. FBI Arrests Farmington Man

Police arrested a Farmington Township man in his home at 2 a.m. Wednesday, Feb. 7, in connection with a \$500,000 burglary of a Westland bank 10 months ago.

Christopher Glumb, 29, of 20850 Robinson, Farmington Township, and George German, 30, of Romulus Township, were nabbed by police officers from Westland, Garden City, Inkster, the Wayne County Sheriff's Department and the Federal Bureau of Investigation.

The pair were arraigned the same day before Westland Municipal Judge Thomas G. Smith on charges of breaking and entering of a business place. Preliminary examination is scheduled for 1:30 p.m. Wednesday, Feb. 14, in Westland Municipal Court.

The National Bank of Detroit on Ford Rd. near Wayne Rd. was the scene of the nighttime crime with which the pair are charged. Police said that the burglars broke through a wall leading into the bank's vault. Entry was made behind an air conditioning unit which

Of the \$500,000, about one man's home, police said. third was in cash and the rest in checks and securities, the Westland Police reported.

Detective-Lt. Gail Stanbury of the Westland department said that he was helped by a phone

call from an informant "some time ago" in the case which has been under investigation for eight of the past 10 months. No funds from the bank were found in either Glumb or Ger-

Both stood mute at their arraignments before Judge Smith and were released on bond. Glumb's bond was set at \$10,000 while German's was set at

\$5,000. Stanbury said that Glumbwas out on bond after he had been arrested by Southfield police in connection with a breaking and entering into a Rockwell-

Standard Co. building on the previous Saturday.

Try A Bouquet Of Madras Roses For Dramatic Decor

The committee on decoration

for the recent Business and

Professional Women's district

meeting created a profusion of

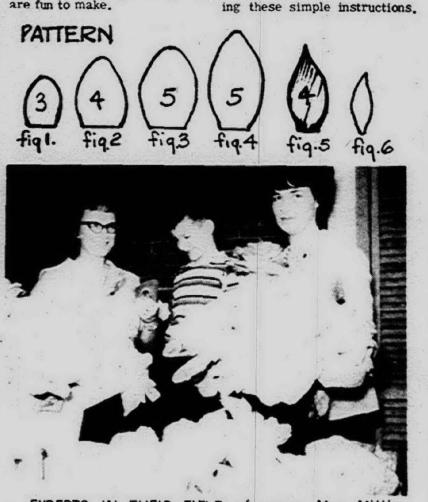

madras roses in shades of

shocking pink and their efforts

can be duplicated on a smaller

scale for your home by follow-

A rose by any other name could be called Madras, those large frankly fake tissue flowers in striking colors. Attractively arranged in a dramatic. bouquet or sitting astride a gift package these flowers are not only delightful to look at, they are fun to make.

MADRAS TISSUE ROSES

To get started on the roses you should have these materials at hand; madras tissue in the desired color, green madras tissue for leaves, wire coat hangers, green floral tape, floral wire for leaves, Elmers glue and a box of facial tissues.

For the stem of each rose, cut the base of the coat hanger. Cut a four inch square of madras tissue, cover it with glue and place a facial tissue that has been rolled into a ball in the center of the square.

When the ball is covered with madras attach it to the end of the coat hanger -- this is the heart of the rose.

Enlarge the rose petal pattern to the desired size (this will vary depending on the size flowers desired) and cut a cardboard pattern. Cut the number of petals marked on the pattern. When all the petals have been cut, wrap the petals (one at a

time) around a pencil and then push the tissue from each side toward the middle. Crush tightly in the center of the pencil, then pull back and slide the pencil out. Crush all the remaining petals, keeping sizes together.

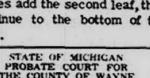

Start with Fig. 1 petals and by pleating each petal at the bottom between thumb and forefinger, gather and glue them around the heart of the rose. Be sure the rolled edges are facing in toward the center of the flower.

Add Fig. 2 petals evenly around the rose with the curled side down and "cupped" to give fullness to the flower. Repeat with Fig. 3 and 4 adding petals evenly one at a time and keeping petals pushed tightly against the rose center.

Using Fig. 5 cut four pieces of green paper. Pink the edges and cut floral wire approximately three inches longer than the leaf to permit attachment to the stem. Cover one leaf with glue, place on wire and add second leaf. Press together and push leaf together on wire to give a crinkled effect.

Make two leaves for each rose.

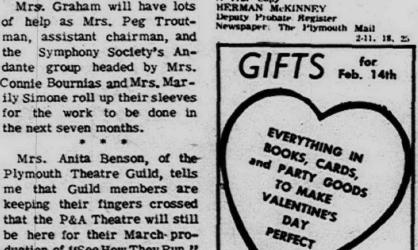

To complete the rose cut four of Fig. 6 from green madras and glue to bottom of rose. Wrap floral tape tightly around the wire beginning at the bottom of the rose. At a point three inches from the beginning add a leaf and after another two inches add the second leaf, then continue to the bottom of the wire.

Al Conery Lays Down His Shears And Calls It A Day As An Artist

For years "Red" Conery has been considered an artist in his own profession ... a tonsorial artist who has cut his last head of hair.

When he put aside his tools the other day an era in Plymouth came to an end and left a lot of people sad for they'll never have the chance to see " od" in action again.

For his last official task Al "Red" Conery planted his feet squarely, looked down at his last customer and said, "How do you want it""

High School Students Peer Into Future

Plymouth High School and Junior High-West students will look into the future Friday, Feb. 16 when General Motors presents its science show, "Previews of Progress."

"This program seeks to inspire more student interest in science and engineering careers to provide the trained talent America needs to keep pace with the promise of the future," states Edward N. Cole, General Motors president.

"Preview" features nine research-in-action demonstrations and is narrated by a two-man team in non-technical language.

As he stood there doing the when he first came to Plymouth one job he could better than in 1928 came flooding through anyone else, the memories of the years.

Ice Skating Under Lights On Upgrade

Skating under the lights is becoming the watchword in Plymouth because the Plymouth Recreation Department has reopened its lighted ice skating rink in the rear of the high school.

The rink is for the exclusive use of non-hockey skaters, but arrangements can be made with the recreation department to set aside certain times for hockey players.

The lights of the football field will be left on each night until 10 p.m. and John Kipke, assistant director of recreation and adult education, urges everyone to take advantage of their rink.

In other action last week, Justice McCarthy handed out a total of \$138 in fines, Rufus G. Johnson, of River Rouge, was the chief victim and was fined \$20 for an improper left turn and disobeying a traffic signal.

More Hose Purchased-Just In Case

Plymouth Township Fire Department has purchased 2,000 feet of new fire hose which Paul Albright, public services director, said is needed in case of a huge fire.

Albright pointed to the large apartment fire in the township and commented that he had to use most of the available hose on the trucks because a lot of hose was held up in the dryers in the stations.

Although he doesn't expect to run out of hose at a crucial moment, he expressed the feeling that this new hose would be good insurance.

The township board of trustees approved the purchase of the hose at a cost of \$1,920.

THURSDAY and

Vows Are Spoken At U. of M.

St. Mary's Catholic chapel at the University of Michigan was the setting for the Jan. 29 wedding of Susan Gay Hayskar and Thomas Michael Zakrzewski.

The bride's parents are Mr. and Mrs. Eino O. Hayskar of Sheldon Road, Plymouth, and Mr. and Mrs. Michael Zakrzewski; of Jackson, are parents of the bridegroom.

The Rev. John J. Fauser performed the double-ring

ceremony.

The bride wore a crystal white peau de soie gown with cathedral train and appliqued with alencon lace and seed pearls. A finger-tip veil fell from a seed pearl tiara. The bride carried snowy sweetheart roses.

SCHARLENE STOFKO of Saratoga, Calif., maid of honor, wore forest green velvet and carried acrescent arrangement of green mums.

groom, and Linda Cheeseman, also wore gowns of forest green bearer.

Steve Hayskar, brother of the bride, who came from his law studies at the University of * * *

THE BRIDE WAS GIVEN in marriage by her father. Her mother wore a floor-length gown of white and gold brocade, and the mother of the bridegroom wore a sheath of green crepe. Both had corsages of red roses. Both grandmothers, Mrs. Vesta Brewer and Mrs. Mary Grygiel wore corsages of tea roses.

A reception for 100 guests was held at Leutheusers Restaurant, Salina.

The couple left by plane to honeymoon in New York City for the week and will return to Ann Arbor, where both will do graduate study.

The bride graduated recently from Eastern Michigan University. She is a member of Zeta Tau Alpha sorority.

Her husband is a graduate from the University of Michigan and is affiliated with Sigma Xi and the American Chemical Society. He is employed by the university in research.

Institute Lists Limon Dancers

One of the great innovators in the field of dance, the famous Jose Limon, will appear with his company of more than 20 members in the Founders Society Concert Series at the Detroit Institute of Arts auditorium on Friday Feb. 16 at 8:30 p.m.

"Missa Brevis," created by Limon following a post World War II tour, will be featured in his program. It is an heroic work expressing Limon's reaction to the war's devastation of the cities of Europe, and his tribute to the transcendent human spirit which survives and persists amid destruction.

"A Choreographic Offering," also on his Detroit program, is Limon's most recent opus and was one of the highlights of the new American Dance Theatre in Lincoln Center. This is the 10th anniversary

tour for the celebrated Mexican-born Limon, and marks also the 10th anniversary of his first appearance in Detroit, at the invitation of Edith J. Freeman, chairman of the Concert

Series. St. Linus Plans Feb. 14 Party The St. Linus Rosary Altar

Meadows this weekend!

Not having a reason to save is one of the best reasons for starting a savings account.

Saving is in style:

More and more people are saving . . . and, not necessarily saving for a specific reason. To be sure, there are still a number of those who have a savings objective; retirement, college, or whatever. But there's a steady increase in the number of people who are saving just to have that good "money in the bank" feeling.

If you're not now putting your money in the bank, NBD can help you. Start with as little as ten dollars. Then deposit a little each week. And watch it grow. Save ten dollars each week, for example, and you will have almost \$2,300 in just four years, based on the current rate of interest.

NBD has more than 95 offices. So, there's bound

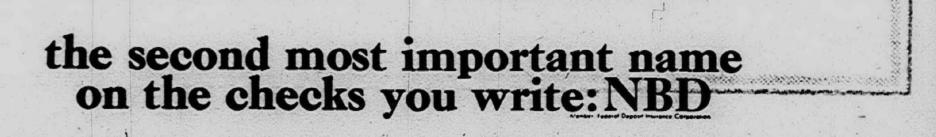

to be an office near your home or work. NBD pays and compounds an annual rate of 4% interest, quarterly. This encourages you to keep your savings where they belong . . . in the bank and continuing to earn.

And you can save automatically by having money transferred into Savings from your Checking Account. You don't even have to come in to make a deposit. NBD does it for you.

Get that good savings habit, now, at Michigan's largest bank. Open your Savings Account at the nearest office of NBD. You'll find we treat your money as if our business depended on it. It does!

At the National Bank of Detroit.

Knudsen Follows Dad's Path

DETROIT -- Semon E. Knudsen, was named president of the Ford Motor Co. less than a week after resigning from General Motors Corp., where he was an executive vice-president, at 55 follows his illustrious father into the presidency of a major American autocompany. Knudsen succeeds Arjay Miller, who has been named vice chairman of the board of directors. Knudsen's father, the late Lt. Gen. William S. Knudsen, was ninth president of GM from 1940 and was the Czar of U.S. defense production during World War II. At one time, Lt. Gen. Knudsen switched from the Ford Motor Co. to become GM president.

FLINT -- Police raids led by Prosecutor Robert F. Leonard have resulted in the arrest of 25 persons on suspicion of burglary and the recovery of thousands of dollars worth of reportedly stolen goods. Leonard said final arrests may total 40 and recovered property worth as much as \$100,000.

LANSING -- School districts will be able to save a little money on the operation of their buses, if the Senate approves a bill passed by the House. The

STATE. LOCAL ROUNDUP

measure deletes à requirement in present law that diesel fuel tanks in school buses have a special heavy protective covering to prevent leakage in case of damage. Also removed from the law would be a provision requiring each tank to be approved by Underwriter's Laboratories, Inc. because the State Police has resumed inspection of school buses.

LANSING -- Holloway Construction Co., alleged beneficiary of improper extra payments for highway building work, demanded that the State Administrative Board accept its low bid for a \$1 million job or explain why it was rejected. Spokesmen for the firm contplained of unfair treatment by the board.

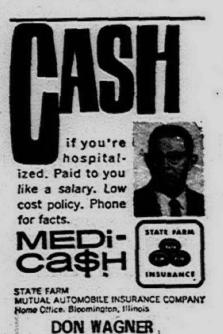

LANSING -- Senate Majority Leader Emil Lockwood introduced a joint resolution Wednesday proposing a 2 per cent increase in Michigan sales tax as insurance against the possible repeal of the Michigan income tax. The Senate joint resolution proposes a constitutional amendment permitting an increase in the sales tax from the present 4 per cent to 6 per cent at any time the state is not imposing and collecting the income tax.

LANSING -- The House passed a bill requiring developers to get state permits before dredging canals into the Great Lakes to provide more "lakefront" lots. The State Conservation Department would issue the permits if it found the dredging would not endanger wildlife, violate sanitation laws or interfere with the rights of owners of existing lakefront property.

LANSING -- Instead of the state paying \$700,000 for home offices for senators, one senator would like to see the State Capitol made just a 10-cent phone call away from all eight million Michigan residents. Sen. George Kuhn (R-Birmingham) said he is investigating the possibility of a telephone hookup so anyone in Michigan can call their lawmakers for just the cost of a local call,

LANSING -- State senators have agreed that the controversial plan to set up home district offices is a dead issue -- at least for the present.

Senate GOP In Veto Grab

CHICAGO--Dr. Ralph R. MacMullen, chief of Michigan's Conservation Department, told a water pollution conference that some pesticides "should be either banned entirely or used only under the most careful controls" in the Lake Michigan basin. He also warned that discharge of hot water into the lake from nuclear power plants and other installations could become large enough to change the biological patterns of the lake.

LANSING--The Michigan Senate erroneously paid out \$1,047.07 for a cocktail party thrown in San Francisco last year to boost the presidential aspirations of Gov. George Romney, it was revealed last week. The bill was paid with State funds after the Legislature was "inadvertantly billed." Republican lawmakers moved to have the charges for the party switched to Romney's campaign fund.

LANSING -- Senate Republicans are ready to grab more political power on appointments made by the governor which require their approval. The policy would in effect give veto power to one senator. The veto plan would go like this: If a senator objected to an appointment of any Republican who resides in his district. the rest of the senators would respect his wishes and refuse to confirm the appointment. The plan was discussed in a meeting last Tuesday but before it can be put into effect it must be approved by some senators who did not attend the session.

PONTIAC -- Pontiac City commissioners have adopted a resolution limiting the collection of property taxes to a levy of seven mills, three mills less than the amount levied in the past. The motion was passed by a 5-2 margin. Commissioner Les H. Hudson, who was one of the dissenting voters, said he opposed the cut because he opposed spending income tax money now being collected.

DETROIT -- During the last few months, more than two dozen attempts have been made in metropolitan Detroit to defraud elderly persons--usually widows -- of their life savings, Detroit police reported. Det. Insp. Roy Chlopan of the Special Investigation Bureau said that a confidence ring is currently operating in the area and has thus far victimized seven persons of an average of \$3,600 each. Chlopan explained, "This person claims to be checking on a persons savings account for counterfeit money and requests the victim to withdraw money from her account in strict secrecy. In the case of a bank official, the men say they are trying to capture an embezzler."

NOVI--The Novi Village Council has decided to put the question of the village becoming a home-rule city on a ballot May 20. The Village Committee for City Incorporation said the May 20 date would allow it time to conduct a campaign.

JACKSON--Two convicts who escaped from Southern Michigan Prison, stole guns from a Jackson home owner and disarmed a Detroit policeman were back behind bars Tuesday. Police arrested Jack A. Hewitt, 26, a convicted armed robber, as he rode with an unidentified man in a car in Madison Heights Monday night. The other escapee, William R.Cager, 24, was captured about the same time in a room at a hotel in Saginaw.

ALBANY, N.Y.--Gov. George Romney, jubilant over New York Gov. Nelson Rockefeller's support of his hoped-for primary victory in New Hampshire, said Rockefeller "has given me support through a period of great criticism. He hasn't even been jubilant as his own stock has risen." Romney was referring to Rockefeller's leading position in public opinion polls.

LANSING--State Sen. Basil W. Brown (D-Highland Park) said he is preparing a resolution which would require the expenses incurred on legislative committee trips be made public record. Brown, who was in the middle of a heated controversy over a so-called committee fishing trip to northern Canada, said his resolution would require submission of ex- SAVE 44%

REDFORD

southeast Asian countries. London's Daily Telegraph said the U.S. effort demands "reserves of resolution, selfreliance, patience and moral stamina such as few countries have been required to display in a cause seemingly so remote from their immediate concerns. We must pray that she is not found wanting."

The Guardian declared, "Negotiation is the only way to bring peace " The Sunday Times said America's presence in Vietnam can be deplored, but added: "It is the Viet Cong --not the Americans -- who are now applying -- and not for the first time--mass terror methods against civilians--women and children."

A French writer spoke of "the docility and even sympathy the majority of the French press has shown in commenting on 'the crash of the B52 carrying nuclear bombs off Greenland and North Korea's seizure of the U.S. intelligence ship Pueblo."

For the Americans to retaliate, major Japanese dailies wrote, would be "only inviting greater misery." They increased their appeals for a political settlement.

SAIGON -- Communist forces

overran the Lang Vei Special Forces camp Wednesday night, with 316 allied defenders killed, wounded or missing. Lang Vei sits between the Laotian border and Khe Sanh in the northwest corner of South Vietnam.

SEOUL -- Despite a lack of response to United States efforts to recover the crew of the Navy intelligence ship, Pueblo, North Koreahas shown a desire to "keep talking" on the issue at Panmunjom, an informed American source said Wednesday.

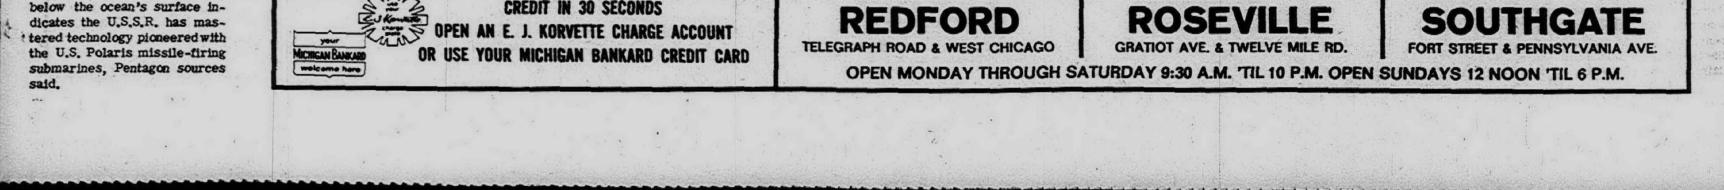

TOKYO -- Followers of Chairman Mao Tse-tung have seized control of Red China's central province of Hupeh, including the troublesome industrial complex of Wohan, Radio Peking announced.

WASHINGTON -- The Russians have moved a force of warships into Korean waters where American fighting ships have been concentrated in the Pueblo crisis. Government sources said there are 10 to 15 Soviet ships in the area, including cruisers, destroyers and frigates. They are believed to have come from Vladivostok, Russia's main Far East Naval base.

BRUSSELS -- The Belgian government fell Wednesday because of a renewed outbreak of the language war between Flemings and Walloons that has deeply divided a country hoping to be the focal point of European unity. The immediate issue was the failure of ministers to agree on a way of settling the crisis at Louvain University, where Dutch-speaking Flemish students have been rioting for the past three weeks.

MEXICO CITY -- A blinding snowstorm caught 29 young boys in the midst of an outing on Mount Iztacchhuatl Sunday and by the time rescuers reached them Tuesday 12 were dead. The 17 survivors, some with hands and feet frozen, were crazed with terror. The boys were part of a group from the Guadalajara Science Institute.

WASHINGTON .- The Soviets are reportedly refitting some of their submarines with nuclear missiles capable of achieving twice the range of present weapons from submerged firing positions. The program to permit the Soviet G Class subs to fire their missiles from below the ocean's surface indicates the U.S.S.R. has mas-

Director Sights 1,500 Entries

Lanes Observer Newspaper June 23. Group mixed doubles tournament, which is rapidly becoming one of the major events in the suburban Detroit area, will be-4, according to an announcement ended the season play. Thursday by Director Mac Goldman, who also is general manager of the Merri-Bowl.

With the total entry nearing Goldman is looking forward to will be \$2,500.

A second prize of \$1,250 and \$750 for third will be up for same team may compete twice grabs in the event which starts

The sixth annual Merri-Bowl May 4 and continues through

The mixed doubles has been set for the late dates in order to give all bowlers an opportunity to compete at a time gin its seven week tour on May when most of the leagues have * * *

GOLDMAN INDICATED several changes have been made in the contest rules this year, 1,000 a year ago, Director one allows a bowler to enter as often as he or she desires more than 1,500 teams this and cash as often as he or year and estimates the top prize she makes the prize list, provided partners are changed. The rules provide that the

> but cash only once. It is the flexibility of the

rules that has made the tournament so popular and the easing of restrictions on the number of times a bowler may enter is expected to boost the entry list to the highest total ever.

The pin meet has an entry fee of \$12 per team for each time the bowlers compete. None of the entry fee is used for anything but the actual tournament expenses and prize money. Of the \$12, \$6,50 goes into the prize fund; a charge of \$3.60 is made for bowling and \$1.70 for scoring and other tournament costs. Any part of the expense fund not used will automatically revert into the prize list.

The tournament is sanctioned by the WIBC and the ABC and conducted under the rules of the two Associations.

It is a handicap affair, using 70 per cent of the difference between the high average and 400 for each team. Handicap can't exceed 120 pins per game per team. A total of 18 games constitute a league average and the averages from 1967 summer leagues will be accepted. * * *

ENTRANTS OTHER than those governed by the Detroit Bowling Association and the Detroit Women's Bowling Association may be required to furnish affidavits of all league averages signed by the league secretary or the city associ-

VARSITY GUARD for the Alma College Scots is Rick Lorenz, a 1966 graduate of North Farmington High, who has seen action in most of the games thus far. He is the son of Mr. and Mrs. Leo Lorenz, 35428 Quakertown, Farmington.

but two other states will recognize the Jerry Quarry-Jim Ellis victor of their World Boxing Association match as the heavyweight king.

THE RED WINGS have their work cut out. They have only 22 games left to stage a belated push to make the playoffs.

The Wings still are last in the Eastern Division and face a busy weekend. They host Boston Saturday at 2 p.m., then meet New York the next afternoon in New York. * *

THE GREEN BAY PACKERS collected \$7,590.96 per man and the Dallas Cowboys \$5,878.-90 each as their shares for ***********************************

Sports Holds Attention On Weekend TV

The Winter Olympics from Grenoble, France, highlight this week's sports television schedule.

Detroit's Channel 7 will feature at least two programs daily, including the windup to the women's figure skating championships Saturday in which Peggy Fleming of the U.S. will be the favorite.

Skiing, slalom competition, bobsledding and hockey will be among the events spotlighted on the telecast which will be beamed to the U.S. via the Early Bird satellite. College and professional

basketball, featuring games involving the Detroit Pistons and UCLA with Lew Alcindor, also will be presented.

So will the back-to-back weekend hockey series between the Montreal Canadiens and Chicago Black Hawks and the Red Wings' final appearance against the Rangers in New York's old Madison Square Garden.

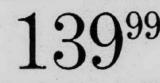

The television sports schedule:

SATURDAY OLYMPICS — Channel 7, 3 p.m., 30 p.m., and 11:15 p.m. C O L L E G E BASKETBALL — UCLA vs. Oregon State. 1 p.m., Channel 7: Indiana vs. Wisconsin,

Channel 7; Indiana vs. Wisconsin, 2 p.m., Channel 4. PRO BASKETBALL — Pistons vs. Baltimore, 8 p.m., Channel 50. HOCKEY — Chicago vs. Mon-treal, 8:30 p.m., Channel 9. GOLF — San Diego Open 6 p.m., Channel 4. SUNDAY

Channel 4. SUNDAY HOCKEY — Chicago vs. Mon-treal. 2 p.m., Channel 2. Detroit vs. New York, 5 p.m., Channel 50. BASKETBALL — Los Angeles vs. Boston, 2 p.m., Channel 7. GOLF — San Diego Open finals, 4:30 p.m., Channel 4. OLYMPICS — 1 p.m., 5 p.m., and 11:15 p.m. in Channel 7. HUNTING AND FISHING — 4 p.m., Channel 7. MONDAY OLYMPICS — 7:30 and 11:30

If purchased separately \$172

Ours is now a computerized world. If we need a wife, or a husband, the computer will find one for us.

As far as the government is concerned, most of us simply are a number and when they toss the facts and figures into a machine, they know what we have earned, what we have spent, whether we're gay or sad, whether our job does or doesn't fit us.

Now the computer has entered in sports.

Every week there's a computer fight on the radio. The greats are "matched" with the machine deciding the winner.

Football uses the computer in its draft of players by the professionals.

* * *

IF THE LIONS need a 260-pound tackle, they

press a button and the facts roll out about every 260-pound tackle who might be available.

The machine reels off information about the player, his family, his weight, his this and his that.

Yet, it's still up to the human to determine which 260-pound tackle to take. The machine doesn't always know whether the athlete really has "a heart" or the right attitude.

ONE SUSPECTS that the way things are going, the day may come when we won't have to have the Tigers meet the Yanks, or Bentley play Franklin, or Michigan State go against Michigan in true physical combat.

Each will have a team, but that's where it will end.

Somebody will feed into a machine all the data about the Michigan or Michigan State team. Comments on what the coaches think, the players may have to say, the sportswriters and the sportcasters, etc.

The weights, ages, family lives and what have you of each player will be added to the data souped up by the machine.

When everything is gathered . . . bingo . . . the button will quickly ascertain whether it's Michigan over Michigan State or Bentley over Franklin, or what have you.

THE BEST THING the computer can do is to serve as a referee or umpire.

Visualize the dramatic play: There's a long pass and the offensive player and defensive man bump in the end zone.

Was there offensive or defensive interference? Or nothing?

Well, there'd have to be a pause in the action. Somebody would have to question the two players involved and any other who might have been close by.

Bentley Tankmen Upset R. Unic Bentley high's swimming team pulled off a surprise 53-32 victory over Redford Union, but it was Redford Union over Bentley, 31-11, in wrestling on Thursday.

The final relay -- the 200yard free style -- decided the race.

Tourney Draws Stars

The Michigan Wrestling Club will stage its ninth annual Invitational tournament at the White Hall in the State Fair Grounds next Saturday.

Many of the leading college wrestlers, including entries from Michigan State, Michigan and Wayne State will compete. Wrestling will begin at noon

with the finals to commence at 7:30 p.m. Admission is \$1 for each session.

Then, too, the coaches would have to get in their says. And why not a few fans . . . or all the fans who might have been in the close proximity of where the action transpired.

Fifteen minutes later, the machine would have its answer.

To be sure, the ruling wouldn't be any more popular than we now have when a human toots his whistle.

The difference, of course, will be that if you jeer a computer, no personal feelings will be hurt. Or is it possible to upset a computer?

WE EVEN CAN see the day when a coach at Franklin High will have the computer size up who

in the school might qualify to swim or play basketball or even play tennis.

What's so funny about this happening? In most our schools now, the various class schedules of the students pop out of computers. They get their grades via computers, although a human first must do the judging.

If the computer breaks down, there are no report cards and what a nerve-wrangling few days that can be around the ol' homestead.

We know. It happened to two of the Maskin clan in recent weeks.

Pair Delineate Sex Ed

EDITOR'S NOTE This is the last in a series of articles by Enterprise & Observer Staff Writer Elizabeth Wissman exploring the growth of sex education in the area and its Generation to Generation." effect on Farmington.)

If sex education is only as good as the people who teach it---

Or only as good as good sex education material is used ----Then the success of the Farmington Area YMCA sex education programs is directly the result of the personal qualitities of Dr. Edwin Blumberg and the Rev. CarlF. Kaltreider, resource persons for the YMCA program.

Both have the primary requisites of skilled teachers in this field -- a relaxed and open approach to the subject matter, concern for sexual honesty, plus the all-important capacity of being unshockable.

They know, moreover, that the teen-agers to whom they talk are moral young people looking for rational values which they can relate to life as it is lived today.

BUT THEY ARE also practical men--they know that an understanding of human sexuality must begin in the home. They agree that sexuality, defined in the sociological sense, means an understanding of what it is to be a man or woman in one's total life.

Blumberg and Pastor Kaltreider are aware that 20th century married life may confuse the children of this marriage.

Time was when the father had specific jobs, the mother her's. The line between the two was sharply drawn.

But now, young wives finance a husband's education; husbands care for children while the wife works. The wife may handle family finances; the husband may cook the meals.

THE MEN WHO conduct the YMCA's program know that the old guidelines between masculine and feminine sexuality have become blurred--and the "Pill" isn't responsible for it all.

The YMCA program, as Blumberg and Pastor Kaltreider run it, is an attempt to establish guidelines; but most important it is an attempt to equip adolescents with facts -facts on sexuality, facts on morals, facts on maturity.

The men never talk at the leve! of their junior high audience. They work with the knowledge that these boys and girls have strong drives for independence from their parents, status with their fellows and socialization with the opposite sex. While Blumberg deals in irrefutable physical facts, Pastor Kaltredier with spiritual and moral concerns, both manage to project sanity and common sense into the not-tobe ignored font of humanism called sex. THEY CALL A spade a spade, and if nothing else, teen-agers leave the sessions possessed with correct terminolgy they may never before have heard in open discussion. Each man shudders at the cutie-pie approach to sexual terminology.

Charts are utilized during knows that no program of sex the first two sessions and the education can work without parsecond session is marked by the showing of the film, "From the YMCA sex series is set for parents. Blumberg tells his audience

Here, open dialogue is enthat he and the pastor viewed couraged -- questions are dozens of films before selecting sought. They may cover anything from double dating to the new morality.

Two Have Roles In WMU Play

Two Farmington residents have roles in performances of "Cry The Beloved Country" to be given at Western Michigan University Feb. 13-16 and Feb. 18.

One student is Stephan Yarian, son of Mr. and Mrs. Henry Yarian, 28410 Alyce Kay. A senior and president of Theta Alpha Phi, Yarian is a 1964 graduate of North Farmington High School.

The other is Polly Brancheau, a freshman and daughter of Mr. and Mrs. P.J. Brancheau, 25031 Lyncastle. She is a member of the WMU Ski Club and Sailing Club and a 1967 graduate of Our Lady of Mercy.

Snowmobile Rally Postponed 2 Weeks

snowmobile rally, originally scheduled for Sunday, Feb. 11, has been rescheduled for Sunday, Feb. 25, when there may be some snow, rally coordinator Eric Peterson has announced.

The rally will be held at the Auburn Hills Campus of Oakland Community College, 2900 Featherstone Rd., Auburn Heights, according to Peterson who is OCC assistant dean of student personnel at Auburn Hills.

* * * TIMED EVENTS for slalom course run, jump event, cross country obstacle run, and sprint course run will be conducted from 11:30 a.m. through 4:30 p.m.

Registration for the competition will be held from 9 a.m. . to 11 a.m.

Competition for oval trackstock machines will be con- 1/2 mile.

The first Oakland County ducted in classes A, B, C, and powder puff (stock) (modified), Competition for oval trackmodified will be conducted in classes F, G, H, and I.

ed for class and modification when assigned number, according to race director Pete Mercberger.

ENTRANCE fee is \$5 per be awarded.

Admission charge is \$1 per car and special features include a nursery, equipment and clothing displays, ice skating, free rides for children, refreshments and warm-up fac-

To get to Auburn Hills, take I-75 to M-59 (X-way - Utica

All machines will be check-* * *

machine, and 39 trophies will

Exit). Go east one mile to Adams Rd. Exit. Stop, turn north on Adams, go 1/8 mile to Hamlin Rd. and then west

ilities.

Fishing, Shanty Rules On Kent Lk.

The following rules regarding fishing and ice fishing shanties now apply to Kent Lake in Kensington Metropolitan Park near Milford according to Robert C. Skellenger, chiefpark ranger.

1. The Michigan State De partment of Conservation has removed Kent Lake in Kensington Metropolitan Park from the list of lakes open for unlimited year-around hook and line fishing. This action was taken because the Dept. of Conservation no longer believes that the annual fall fish die-off is an important factor in the lake's fish population.

Open seasons, creel, and size limits are now the same on Kent Lake as for other non-

trout streams and inland lakes. 2. A change has now been made in the Conservation Law

Lake Trout

which makes it unlawful for any person or persons to set, place, erect or use any fishing shanty or other structure at any time unless the true and complete name and address of the owner shall be affixed to all four sides of the structure in legible letters not less than 2" in height that are not soluble in water.

3. Shanties must be removed from the ice before ice condition appears unsafe for its removal.

All shanties must be removed from the ice no later than March 15 and must be removed from the park by April 1.

Failure to remove the shanty within the above specified time shall constitute a violation and the Authority may remove and store or destroy the shanty and assess the party whose name is affixed thereon to the cost of such removal in addition to any court action that may be taken.

Thrills Due In February

There are some great thrills in store for ice fishermen on frozen waters of the Great Lakes, according to the state Conservation Department.

Big lake trout, on the comeback in Lakes Superior and Michigan, will provide excellent fishing in the Upper Peninsula's Keweenaw Bay and in Grand Traverse Bay, in the Lower Peninsula.

Ice in these afeas is generally not yet safe. About the end of February could be just right, says Stanley Lievense, Department fish biologist.

One successful method for taking the big fish, according to Lievense, is by bobbing with a feathered jig just off bottom with a piece of smelt as bait.

Fishermen who want to try their luck with the big lakers are advised to check ice conditions before going out over the big water. Good sources of information are the Conservation Department's offices af Baraga for Keweenaw Bay, and at Traverse City for Grand Traverse Bay.

Softer, clearer, easier to watch top front controls. Illuminated pop up channel numbers. No wait, warm up. 172 sq. in. viewing area. Sensational buy.

it on a factory-direct basis, you save 40% on the advertised retail price of \$100. To take advantage of this exceptional offer, visit the Rooto plant in Farmington Monday through Saturday, or call 476-6111.
