**LIVONIA**—With orders out by the state's attorney general to hold an election of 26 Wayne County supervisors this fall, in re-districting Wayne County, Mayor Harvey W. Moelke expects to run for the seat that would serve Livonia, Northville, Plymouth, Plymouth Township and Canton Township. He believes he's best qualified, and that Livonia, as the largest unit in the district, should provide the supervisor until the 1970 federal census brings a new alignment. There will be other candidates, however, from the region.

**LIVONIA** — Livonia's City Council by a vote of 5-2 has passed an open housing ordinance. The bill faces the expected veto of Mayor Harvey Moelke but carries strength enough in Council to be carried over his head despite any such veto. In the meantime, a group of prominent Livonia citizens, including Wayne County Republican Henry Sladek, will send a letter to Moelke asking him to refrain from opposing the legislation.

**FARMINGTON** — The biggest parade in Farmington history will start at 10 a.m. Thursday in the city's annual observance of Memorial Day. The parade route will extend more than a mile along Grand River between Orchard Lake and Farmington Rds., and participants will include veterans groups, mobile units of the armed forces, bands and floats.

**FARMINGTON** — Township Supervisor Curtis H. Hall has joined the fight over whether a permanent blockade should be erected on Salvadore St. at the point of its boundary between the city and township. Hall told township residents who oppose the barrier that he will support their cause.

**REDFORD** — Township Supervisor Aldrick Bellaire, currently a member of the Wayne County Board of Supervisors' Ways and Means Committee, says he's not interested in running for county board under the new apportionment. "I've got a job to do here," he said in his Redford office.

**REDFORD** — Redford Union schools announced the promotion of John Rogers to high school principal replacing the retiring John Siefert, and the resignation of George Babich as assistant superintendent. Babich will go to Southfield schools as a data processing administrator.

The old projector is just collecting dust, and some other baby's parents would surely like it. Why not advertise it in an Observer Twin-Action Went Ad? Just dial GA - 20900.

## Re-Apportionment In Court Supervisors Face Battle To Keep Jobs

John E. McEwen

Pending a decision in a show cause hearing before Circuit Court Judge Cornelia Kennedy next Tuesday morning, the two Plymouth area members of the Wayne County Board of Supervisors—Arch Vallier, a city commissioner, and John E. McEwen, the Township supervisor—may face a political struggle to hold their county positions.

The show cause hearing is the result of a suit filed by John Canfield, Mayor of Dearborn Heights, claiming that the proposed "one man-one vote" re-apportionment of the Wayne County Board provided for in the new state constitution and recently approved by the state supreme court was unconstitutional and, in its pres-

ent proposed form based on the 1960 census, did not meet the requirements.

The proposed re-apportionment would reduce the County Board from 136 to 26 members and the Plymouth area, which now has two members, would be linked into one district that would include the City of Livonia, Northville, Northville Township and a portion of Canton Township, and have one representative.

UNDER THE PROPOSED re-apportionment Detroit would have 18 of the 26 members and it is this fact that caused Mayor Canfield to bring suit. And now that Canfield has opened the door the Committee of Chairmen of the County body

has invited all city mayors and township supervisors to join in the suit being heard next Tuesday.

"The Committee Chairmen, of which I am one," Commissioner Vallier reported Wednesday, "has sent wires to all mayors and supervisors asking them to join the battle."

If Judge Kennedy rules against Canfield and the re-apportionment goes through, all members of the County Board will be elected by the people, for that particular job, and those who were appointed or who automatically became eligible by being named a mayor or supervisor now will have to go to the polls—and have only a short time to do it. According to Vallier the fil-

ing date for all candidates would be June 7 with the primary election in August.

"If Canfield loses his case in court," Vallier continued, "I will make the run and from what I hear there will be several other candidates."

**TOWNSHIP SUPERVISOR** McEwen was reluctant to state his position, claiming that he had no official word he would have to face the voters at the polls. Instead, he pointed out that regardless of the court ruling he would remain as the Township Supervisor and head of the township government.

Others in the running, according to reports, would be Livonia Mayor Harvey W. Moel-

Arch Vallier

## Budget Battle Reaches Zero Hour Monday

The zero hour in the Plymouth Battle of the Budget will be reached Monday night.

Sometime, hopefully before midnight, the City Commission will make its much delayed decision on the financial picture for the fiscal year which starts July 1.

When the final argument is ended and the roll is called the commissioners will be voting on the question of a proposed record budget that will include a reported two mill

raise in taxes or whether to confine activities within the city's income and balance the figures.

For more than three months the Battle of the Budget has been going on, with first one issue and then another, causing delays. Finally, City Manager Richard Blodgett, whose duty it is to present a budget to the commission, handed over a document calling for an expenditure of \$2,085,703 and a two mill tax increase to meet it.

HE POINTED out at the time that the budget was high because of the street program that had been proposed. He also pointed out that it was several years since anything of a major nature had been done on the streets and that it might be cheaper in the long run to improve them now.

These streets included Evergreen, Linden and Amelia, at a cost of close to \$190,000. After much discussion the program was offered at a public hearing and the commission, over the objection of the residents, voted to proceed with the improvement.

Other items that caused the record proposal included a negotiated contract with the employees in the Department of Public Works and the pending negotiations with the police and firemen.

The first blow to the plan came with the announcement of the county equalized factor on valuation. It had been expected the factor would increase from the present 1.35 to 1.45. Instead the increase was only to 1.39 or a reduction of approximately \$20,000 in income.

Since that time the commission has been spending hours after hour digesting figures and

attempting to find a solution without a raise in taxes.

WHILE NO official announcement has been made it has been hinted by several members of the commission that "we are in trouble."

Meanwhile there is no telling what the tax rate will be or when the tax bills can be mailed.

But, Mayor Jabara has promised that the tension will be relieved Monday night.

## War Heroes To Be Paid High Tribute

The Plymouth community will pay solemn tribute to its war heroes Thursday morning in the traditional Memorial Day services that open with a parade beginning at the senior high school and terminating with a program in Kellogg Park, culminated by a memorial wreath ceremony at the soldier's monument.

Grand Marshal James McKindles, of VFW Mayflower Post 6695, emphasizes that the Memorial Day Parade, which will include representatives of the various veterans organizations, the Boy Scouts and Girl Scouts, Campfire Girls and similar groups, is a solemn affair and not the flashy, flamboyant march of July 4.

"Many believe the Memorial Day Parade should be a colorful event," McKindles said. "We should all remember that we are paying tribute to our war heroes dating back to the Civil War. This isn't a flashy event with gaily decorated bicycles but a prelude to the memorial services in Kellogg Park."

"This is the one opportunity of the year when the entire community joins in this tribute. It is the one time when we honor the war dead by decorating their graves and paying tribute to their sacrifices. We hope that everyone will treat it in this fashion."

FOR THE FIRST time, the parade will be without a representative of the Spanish American War. Four years ago there were five veterans from

## Eight Given Awards For Michigan Week

Eight citizens were singly honored at the annual Livelihood Day luncheon which has come to be the highlight of Michigan Week.

Gathering in the Meeting House last Wednesday, the officials and their guests paid tribute to leaders in five categories and three others were lauded for their long service to the community.

The top awards went to the following in the various categories:

Employee -- Betty Korte, of the Plymouth Branch of the National Bank of Detroit.

Industry -- Harold Guenther, of E-Z Enterprises Inc. of Plymouth.

Retail -- James Houk, former mayor and member of the City Commission and owner of Fisher's Shoes.

Professional group -- Dr. Don Davies, Plymouth dentist and Chairman of the Human Relations Committee.

Education -- Mike Hoben, former football coach, and head

of the guidance program and the new principal of the new high school.

Aside from these Livelihood Day awards which were made by Carl Pursell, President of the Chamber of Commerce and Chairman of Livelihood Day, three others were honored by the Michigan Week Committee. They are:

Mrs. Louis Norman, named "Native Daughter of the Year" for her outstanding record of civic involvement.

Ernie Henry, named "Native Son of the Year" for his outstanding record as assistant postmaster, former City Commissioner and former member of the Board of Education and long time secretary of the Plymouth Kiwanis Club.

The Employee Award is a new one this year and was given to Betty Korte in recognition of her work with the Fall Festival and the Community Fund, along with her many contributions in club activities.

Guenther was honored for his contributions to industry and his work in helping to attract new industry and business to the community.

Houk was cited for many years of service to the retail community and contributions as a former mayor and present member of the City Commission.

The Professional award went

Continued On Page 2

## City To Get Police Chief Within Week

The City of Plymouth will have a new chief in the police department within the next week.

This was the promise made by City Manager Richard Blodgett, who let it be known that several candidates have been interviewed and that several others also are to be quizzed.

"The final choice has not been made," Blodgett said, "but it will be made before our retiring chief, Robert Corrington, leaves on June 1."

"Of course," Blodgett explained, "the choice will have to be approved by the City Commission."

It is understood that one of the leading candidates is a present police officer in Flint, the former home base of Chief Corrington. Another being considered is a candidate from Dearborn.

The position has been offered to Assistant Chief Loren Johnson, but he rejected it just as he did before Corrington was named little more than a year ago.

## HONORED CITIZENS

Seven persons were cited for outstanding service to the city at the annual Livelihood Day ceremonies on Wednesday as one of the highlights of Michigan Week. In the upper picture are the five who were honored by the various professions. From left to right they are: Betty Korte, of the National Bank, in the Employee division; James Houk, retail division; Mike Hoben, new high school principal, education; Harold Guenther, industry; and Dr. Don Davies, professionals. In the lower picture, Mrs. Louis Norman (left), wife of Township Trustee Louis Norman, was honored as the "native daughter of the year" and Mrs. John McIlhargy as "The Volunteer of the Year." Ernest Henry, the "native son of the year" was not present at the ceremonies.

## High Level Zoning Asked For Township

The western end of Plymouth Township will be reserved for "junior executives" and "estates" if the recommendation of the Township Planning Commission is approved.

In a special meeting last Monday evening, the planning body completed its work on controversial Ordinance No. 14 and sent it along to the Wayne County Planning Commission.

Under the final version all the area on the east side of Beck Road will be zoned for half acre lots, meaning that no more than two homes can be built on an acre.

On the west side of Beck Road, the new zoning calls for one acre home sites and what has been termed three acre

"agricultural" locations. Russell Ash, chairman of the planning commission, explained it was the opinion of the group that the larger lots were what the people in that area wanted.

He also hinted township officials have looked with favor on such a plan.

"I know it has been contro-

versial," he said, "but it was the opinion of the commission that the zoning of larger lots would serve the best purpose at this time."

The recommended zoning also is to be a safeguard against the population explosion that could help to overcrowd the present schools, according to

members of the planning commission.

At a public hearing several weeks ago, some of the school officials, among them Mrs. Joanne Hulce, spoke in behalf of the larger lots, pointing out that zoning for smaller areas would attract more families and more children to the extent that it would be a burden on the schools.

The planning commission's recommendation has been sent to the Wayne County officials where it is expected no decision will be made for at least 30 days.

Following that, the plan and recommendation will be given to the Township Trustees for final action.

## Grass Cuttings Clog Sewers

City Manager Richard Blodgett sent out a plea Friday afternoon asking the residents not to dump their grass cuttings in the street.

"When this is done," he said, "the cuttings find their way to the sewers and block them — and this causes more trouble."

"Aside from that," he said, "it is against the code to do it."

## Covered Sidewalks Get Boost

The covered sidewalk program adopted by merchants in Ann Arbor Trail moved a step closer to realization this week when the Wayne County Road Commission approved the concept.

O.M. Gunderson, assistant engineer for the Commission notified city officials that the idea had been accepted and details would be left to the administration of the Road Commission.

The covered sidewalk plan is for the grouping of stores from Peterson's Drug Store to Bonnie Discount and will consist of new store fronts along with the cover or canopy.

Plymouth, Michigan 48170  
A True Copy  
Herman McKinney  
Deputy Probate Register  
Newspaper:  
Plymouth Mail & Observer  
5-12, 19, 23

More than 3,000 electors have  
received brochures and heard  
a school board member or  
school administrator present  
the need for the increase of one  
and one-half mills for school  
operation and the need for an

\$11 million bond issue, accord-  
ing to James Rossman, super-  
intendent of schools.

Presentations have been  
made at parent-teacher meet-  
ings, taxpayers association  
meetings, coffee klatches and  
open houses.

At the June 10 election there  
will be two proposals on the  
ballot. Proposal I reads as  
follows:

"Authorization to levy one  
and one-half mills for opera-  
tion."

Proposal II is as follows:

"Authorization to issue \$11  
million in qualified bonds."

If both proposals are approv-  
ed there will be an increase  
in tax bills of \$1 per thousand  
equalized valuation for opera-

tion, which was approved in  
1965 but not previously levied,  
plus \$1.50 being requested at  
the June 10 election, plus 1.7  
mills increase for school fa-  
cilities, or a total of \$4.20  
per thousand increase over the  
1967 tax rate.

The average home in Plym-  
outh Community School District  
has an equalized valuation of  
approximately \$8,000; which  
means the increase in the tax  
bill of the average home will  
be \$33.60 per year.

The projected enrollment of  
the school district indicates a  
growth from the 8,366 children  
enrolled this year to 9,251 chil-  
dren to be enrolled during the  
fall of 1968, with an increase  
of more than 1,000 children  
per year to an enrollment of  
more than 14,000 children by  
September, 1972.

THE NEW senior high school  
being constructed on the Cen-  
termiel Education Park site  
south of Joy Road, west of Can-  
ton Center Road, will be com-  
pletely filled with 2,000 tenth,  
11th and 12th grade students  
when it opens during the 1969-  
70 school year. The ninth grade  
will attend the present Plym-  
outh High School. Some remodel-  
ing of the present high school  
will be required, including im-  
proved library facilities, im-  
proved general shop facilities,  
improved arts and crafts facili-  
ties and some minor remodel-  
ing throughout the building.

The top school official ex-  
plained that the proposed bond  
issue includes \$6,200,000 to  
provide for expanded senior  
high school facilities on the  
Educational Park site needed  
for the 1971-72 school year.

One new elementary school is  
needed each year in order to  
keep ahead of the increasing  
pupil population. Therefore,  
\$2,200,000 is provided in the  
bond issue for two new ele-  
mentary school buildings and  
\$450,000 of the bond money is  
proposed for the purchase of  
additional school sites while  
the land value is still reason-  
able.

THE VALUATION OF the  
school district is increasing  
with the increased population;  
therefore, he said, the \$11-  
million bond issue can be fi-  
nanced within a nine-mill limit  
for school facilities with the  
exception of two years when  
the tax rate may reach 10  
mills one year and reduce to  
9.3 mills in one year.

### Supervisors Face Battle

Continued from Page 1

ke, Livonia Council President  
Edward McNamara, Carl Pur-  
sell, president of the Plym-  
outh Community Chamber of  
Commerce, and Marvin Stem-  
pien, former member of the  
state legislature from Livonia.

During a visit to Plymouth  
on Wednesday Mayor Moeke  
wouldn't make a definite state-  
ment that he would run. Rather,  
he pointed out, that "if I am  
eligible, as a duly elected city  
official to seek the county po-  
sition, I certainly would con-  
sider running. Our area should  
be represented and my six years  
experience would be useful."

ACCORDING to Vallier the  
"one man one vote," reapportion-  
ment formula was filed with  
the County Clerk and the Sec-  
retary of State on July 11,  
1967, but no one paid attention  
to it.

"It just sort of slipped  
through," he commented, "and  
now it proves that we were  
caught napping, when former  
representative Stempien, caused  
the entire matter to be  
brought to light."

"The whole thing seems  
rather silly to me," Vallier  
went on, "because it would be  
unfairly one-sided in favor of  
Detroit. More than that, the 1970  
census will reverse things and  
we'll have to do it all over  
again. By that time, he added,  
"we may have county home rule  
and that will complicate mat-  
ters even more."

So, a great deal will be rid-  
ing on Judge Kennedy's ruling  
next Tuesday morning.

### Eight Citizens Given Awards

Continued from Page 1

to Dr. Davies in appreciation  
of his work in Human Relations  
and efforts to help boost the  
prestige of the city.

For years Mike Hoben and the  
Plymouth schools have been  
synonymous. First, as the high  
school football coach, he  
brought honors to the school  
and as head of the guidance  
program, many fine contribu-  
tions. It was for these reasons  
he was named principal of the  
new high school and given the  
award.

Livonia Mayor Harvey  
Moeke, the main speaker,  
spoke of steps that can be  
taken to control the growth of  
a community.

Now's the time to have

## The Stroller...

Through the luck of the draw The Stroller happened to be seated next to Wilford Bunyea, the big, husky gent who takes extreme pride in the fact that he is one of a fading group known as farmers.

And, any time you are seated next to Wilford, the conversation is certain to turn to farming and, especially, to the raising of corn, and if you are like The Stroller you can absorb a great deal of knowledge about the choice delicacy.

In an effort to gain some of this knowledge The Stroller asked:

"When do you start planting?"

"Start," big Wilford shot back, "we've been planting. We plant every seven days and it is quite a trick to plant on a schedule that will keep the crop progressing over the Fall period."

"Sure," he continued, "we have to watch the planting, because you just can't have the crop ready to harvest all at one time. It's got to be progressive. That's why we plant every seven days."

### GOLDEN BANTAM OLD FASHIONED!

He didn't say so, but it would be a horrible thing if the crop was limited to a week or two in the fall, especially for those of us with a great yearning to sink our teeth into what used to be called "Golden Bantam."

"Golden Bantam now is considered old fashioned," Bunyea explained. "It is the strain from which our best corn comes, but we just don't raise golden bantam. It's sort of a grand daddy to the present strains."

The Stroller was surprised to learn that big Wilford and his helpers will plant 300 acres of corn in the Plymouth area this year.

"We won't harvest that many acres," he pointed out, "because the frost and other things cut into the yield. But we will have quite a lot."

Included in the annual crop is all the corn that is needed for the annual Fall Festival chicken dinner that is served each year in Kellogg Park. Last year more than 12,000 dinners were served, and that meant at least the same number of golden ears of corn.

By the time the conversation with Wilford ended it no longer was a surprise to realize that the section of Michigan from Plymouth to South Lyon is recognized as one of the best corn producing areas in the country — and even outranks Iowa, that has been glorified in song and story as the "land where the tall corn grows."

### NOW HERE'S SOMETHING

Speaking of corn, one naturally thinks of borers — the corn borers that ruined so many nice looking cobs.

But when the subject was mentioned the other day, Dean Saxton, the silver-haired patriarch of the Garden Center, came up with a bit of information that caused considerable eye-brow lifting.

"Would you believe it," he asked, "that they now have come up with a new idea to battle the dreaded Dutch Elm disease that has taken so many of our trees?"

Everyone was all ears, but there scarcely is a soul alive that hasn't lost some beautiful trees because of the disease that seemed to be above anything attempted up to now.

"They now have developed a wasp — yes, a wasp that we always considered a pest — that will go right into a tree, ferret out the borer that causes the Dutch Elm disease and that's the end of it."

"From what I understand," Dean went on, "these wasps will be available next year." Then he smiled and added —

"After we have lost so many fine elms."

### SPEAKING OF EMBARRASSING MOMENTS

We were talking about the odd things that happen along life's highway and Plymouth Fire Chief George Schoenneman started to chuckle.

"I'll bet none of you had a more embarrassing moment than I experienced," he said during a lull in the dinner tendered the Manistee Mayor and his official party last Monday night.

Before anyone could answer, Mrs. Schoenneman started to laugh and added, "Wait 'til you hear this."

"A couple of years ago," the Fire Chief began, "I started for Anchor Bay to bring our ice fishing shack home. I do this every year, and I think nothing of it."

"As we were leaving, the Mrs. pointed out that the license on the trailer had expired and that we might get into trouble. Then she asked, 'What would you do if you were stopped?'"

"I'd just tell them who I am," George smiled, "and I'd have no trouble."

Then he recounted how he had attempted to take the shanty off the bay this day and in the process fell through the ice.

"Sure enough," he chuckled, "on the way home I was stopped by the state police. When we stopped, my Mrs. said, 'Tell them who you are,' and this seemed to upset the officer."

"He ordered me out of the car to come up to the police car and I told him I couldn't, I didn't have any pants on — that I was in my underwear. 'And do you know,' the Fire Chief emphasized, 'I got a ticket —'"

"What an embarrassing moment!"

The Plymouth MAIL & OBSERVER

# Let's Not Let Lincoln's Words Become Nothing More Than Echo

PICNIC, ANYONE?

Aside from the regular parades there was always the official stop at the closest body of water to strew flowers in memory of the sailors who had given their lives and were resting in watery graves.

There was always something about the day that was catching. The spirit of patriotism gripped you as the parade went by, and you looked with pride on the veterans in line and felt a warming of the heart that they had done so much for so many.

In a few more days, we will be celebrating one of the most sentimental holidays of the entire year.

Established years ago as Memorial Day — to be celebrated on May 30 — it later was commonly called "Decoration Day" — the day on which the graves in the cemetery should be decorated in tribute to those who have passed on.

And now, still later, the day has lost much of its early glitter and is devoted more to family picnics, recreation and a day of fun.

This is too bad.

Because, in days of yore, it was a day on which we paid tribute to the veterans of our wars, and a special salute was given to those who had given their lives for their country.

Established after the Civil War, the day was set aside as a special day of sentiment and a time of recollection of the deeds done to unite the country after its bloodiest war.

LATER ON, the veterans of the Spanish-American War were included, and the day still meant a great deal. It was a day of patriotic significance, and there were few folks who didn't take some part in the events of the day.

There wasn't a city, town or hamlet in the country that didn't have its Memorial Day exercises. There were all types of civic parades, and special exercises in the cemetery plots for those who had found their last resting place.

Usually, a section was marked off in the cemetery as the G.A.R. plot, meaning a reserved section for veterans of the Grand Army of the Republic — those gallant men who fought in the great battles of the Civil War.

editorial

## Congressman Esch Reports

### Public Becomes Critical Of Selective Service

More and more people are beginning to realize that the draft is outdated, ineffective and inequitable. More and more people are beginning to call for reform. More and more people are recognizing that objective criticism of our draft system is certainly not unpatriotic but rather needed if we are to bring equality under law which is the essence of democracy.

The growing public dissatisfaction with Selective Service policies has not gone unheeded by governmental officials. Most of the Presidential aspirants have urged that changes be made. And the ranks of Congressional critics have increased substantially since a handful of us attempted to make alterations during the debate last year on extending the present system.

The one significant exception to this official recognition of the problem can be found in the Administration which unfortunately is the only force that can bring about immediate change.

NOT ONLY has the Administration chosen to ignore popular opinion on the draft, but also it has summarily rejected and muzzled alternatives presented by its own advisory committees and committees of Congress. Further, it has actually violated the intent of Congress when we extended the draft last year.

The Administration has made it clear that it does not consider the draft a public issue and its recent refusal to make changes despite public and official outcry reinforces that unfortunate stand.

The result of this inaction

means a perpetuation of the many inequities in the present system. It means we will continue to have situations where one individual will be exempt from service while another living across town with the same qualifications and background is drafted. It means that no uniform national criteria will be instituted or enforced. Inaction of the part of the Administration also means we will not have a draft system which will effectively meet both our civilian and military manpower needs.

Such obstruction does not mean, however, that draft reform is completely dead. Congress still has the power to act on this problem and more members now wish that last year's legislation was more definite in its suggestions for improvement.

WHILE WARTIME does not permit the total scrapping of the present system in favor of voluntary military or another desirable alternative, there is still plenty of room to bring equity to the draft. Immediate Congressional action

tion should include at least: —a requirement that local draft boards abide by uniform national criteria for deferment —mandatory enforcement of recommendations by the National Security Council on critical skills —a statement that the government will attempt to meet military manpower needs by

voluntary enlistment before resorting to involuntary conscription —allowance of deferments for junior and community college students on the same basis as baccalaureate candidates —avoidance of unnecessarily heavy reliance on any particular group such as graduate students.

# School Assembly Honored Many

The awarding of two col-  
lege scholarships named in hon-  
or of Plymouth civic leaders  
highlighted the annual Plymouth  
High School Honors Assembly  
Wednesday.

Kathy Gotshall was given the  
Gerald G. Fischer award for  
outstanding leadership and

scholarship. Fischer, who re-  
cently left the community, was  
a member of the school board  
for seven years. He donated  
10 shares of Ford Motor Co.  
stock, then applied to the Ford  
Fund for matching monies,  
which was approved. That  
brought the total grant to \$1,000.  
The award is \$100 annually.

Miss Gotshall was selected  
from a list of five nominees  
compiled by the president of  
the senior class. Staff members  
at Plymouth High made the  
final selection.

Miss Gotshall was cited for  
her outstanding academic  
achievements, and her work  
in band, H-Y, G.A.A., Pilgrim  
Prints and the senior class.

THE RUSSELL ISBISTER  
Scholarship, established in the  
name of the recently retired  
superintendent of schools went  
to Terry Ward, for "emerging  
leadership and exceptionally  
high qualities of citizenship."

The Kiwanis Club administers  
the award.  
The criteria for the award—  
"emerging leadership"—re-  
flects Isbister's well-known  
concern for a wide base of  
citizen interest and participa-  
tion in local affairs.

Other scholarship awards  
went to Judy Bennett, who won  
a certificate of merit from the  
National Merit Scholarship  
Program, the Judson College  
Presidential Scholarship,  
Michigan Baptist's Women's  
Missionary Society Scholar-  
ship, the Soroptimist Citi-  
zenship Award Scholarship, Elk's  
Scholarship, and a Business  
and Professional Women's As-  
sociation Scholarship.

JOHN BORTINS won a NMSP  
certificate as well as a  
MSU Merit Scholarship. Tim  
Brown was awarded a Lawrence  
State University Honorary  
Scholarship and a NMSP cer-  
tificate.

Karen Broxholm won a NMSP  
letter of commendation. Sue  
Camp won the Water Waves  
scholarship. Bruce Cavender  
won a NMSP letter of com-  
mendation.

Martha Cole was given a Sor-  
optimist Citizenship award  
scholarship. Brian Donnelly,

Tim Francisco, Douglas Hawk-  
er, David Johnson, Lyle Meier,  
and John Spruhan all won NMSP  
certificates of merit.

Alan Ferrari was granted a  
U of M Regents Scholarship.  
Grace Glover won the Plym-  
outh Panhellenic Scholarship,  
while Carol Goltz won the Bet-  
ty Crocker American Home-  
maker Award.

MIKE MALBOEUF won a  
Scholastic Writing Awards cer-  
tificate; Nanette Muzzy won  
a scholarship to Eastern Mich-  
igan University.

Dave Olson, Sandy Whitesell,  
and Rodney Ready all won Schol-  
astic Writing Awards. Alice  
Perry was honored with the  
MSU Creative Arts Scholarship.

A Soroptimist Citizenship  
Award Scholarship went to Step-  
hanie Sanocki. Paulette Sten-  
zel won the Ford Scholarship,  
as well as the Honorary Al-  
bion College Scholarship.

Greg Stoeker was the re-  
cipient of an MSU Scholarship.  
Mark Whitaker won the Miami  
University Admission With Dis-  
tinction honor as well as a  
NMSP certificate.

Forty-six seniors won honor  
keys in the following areas:  
John Bortins, science; Diane  
Richardson, acting and Mike  
Haeske, stage technician; Alan  
Ferrari for both English and  
Latin; Judy Bennett in music;  
John Bortins, Donald Snoke and  
John Spruhan in mathematics;  
and Mary Plach in the co-  
op Training Program.

Other winners were Stephanie  
Sanocki for both art and or-  
chestra; Ginnie Benoit in jour-  
nalism; Jenny Bidwell in jour-  
nalism; Donald Snoke, in band;  
Karen Broxholm in Spanish;  
Madeline Hanson and Barbara  
Kromer in German; and Bruce  
Cavender in social studies.

STEPHANIE SANOCKI and  
Dennis McVittie won the citi-  
zenship awards; machine shop  
honor key went to Leonard En-  
gler; industrial arts auto shop  
to Danny Sajewski; welding to  
Larry Cripps; electronics to  
Mike Haeske and Mark Evans.  
Lorraine Rossow for library;  
Judy Bennett for social stud-  
ies; Peggy Clyde and Raina  
Smith for girls' athletics; Tom  
Elias and Pat McCord for boys  
athletics.

Stephanie Caid won a key for  
business education, and a  
bronze key went to these de-  
baters: Bill Russell, Chris  
Schechner, Dennis McVittie,  
Faye Humphries, David John-  
son, Debbie Frost, Darlene Sch-  
lowski and Barbara Ross for  
one year; silver keys went to  
Duane Criger, Doreen Tonko-  
vich and Alice Perry; three  
year gold keys went to Steve  
Lyttle and Ginnie Benoit.

Exactly 103 seniors won  
State of Michigan Competitive  
Scholarship Program Certifi-  
cates of Recognition.

Jeff Adams, Cathy Baxter,  
Nancy Beard, Chris Bellmore,  
Judy Bennett, Jenny Bidwell,  
John Bortins, Pam Bosker and  
Judy Breitmeyer.

Cathy Brink, Karen Brox-  
holm, Dan Byrne, Stephanie  
Caid, Dorothy Caleo, David Cat-  
ton, Jon Childs, Pam Ciampa,  
Martha Cole, Chris Corwin, Jan  
Coxford, Duane Criger and  
Cathy Davis.

Brian Donnelly, Jim Duba,  
Beverly Dundon, Alan Ferrari,  
Debbie Fettes, Richard Fill-  
more, Joanna Firestone, Tim  
Francisco, Grace Glover, Cathy  
Goddard, Carol Goltz, Duncan  
Graham, Steve Grammel,  
Madeline Hanson, James Har-  
man, Jerry Harms, Phillip  
Hart, Denise Hartz, Shellie  
Hawkins, Julie Hegerich, John  
Higgins, Linda Hill, Chris Hoe-  
prich and David Hoffman.

SUE HOPKINS, John Jewell,  
Ellen Jewell, Ted Johnson, Den-  
nis Keller, Tom Kenyon, David  
Kime, Barbara Kromer, Mike  
Kubik, Mike Litalien, Steve Lyt-  
tie, Brent McLachlan, Lyle  
Meier and Cathy Miller.

Maribeth Mills, Corinne Mit-  
chell, Janice Moore, Nanette  
Muzzy, Candace Nay, John Nor-  
man, Dave Olson, Pam Peck-  
ham, Robert Porter, Jill Price,  
Richard Pugsley, Frank Ram-  
bo, William Russell, Debbie  
Sand, Ed Sanocki, Step-  
hanie Sanocki, Mike Sayles, Joe  
Scarpulla, Chris Schechner,  
Maryann Schlie, Donna Schmitz,  
Sharon Schubach, Norma  
Schultz, Christine Siegert, Pam  
Smith and Don Snoke.

Janice Spence, Connie Sprat-  
ling, John Spruhan, Marc Stan-  
kov, Marjorie Starr, Paul-  
ette Stenzel, Greg Stoeker,

Bob Stover, Jan Tatzka, Nancy  
Tripp, Dan Troutman, Sue Van  
Antwerp, Mike Waller, Steve  
Weage, Mark Whitaker, Liana  
Wingerson and Greg Winter-  
halter.

The Michigan Higher Edu-  
cation Assistance Authority  
awarded grants to Mike  
Broderick, Chris Hoeprich,  
Sandy Ochman, Stephanie San-  
ocki, Paulette Stenzel and Mike  
Waller.

Chris Siegert won a National  
Defense Student Loan.

**"a little child  
shall lead them"**

How can a child learn to find  
his place in the world, and make  
it a better place to live?  
We would answer, by having  
the great treasures of the Bible  
opened up to him, and learning  
its lessons of love and spiritual  
power. That's what goes on  
every Sunday at the Christian  
Science Sunday School.

## Harriman, Vietnamese Trade Barbs

PARAMOUNT, Calif. -- Twenty-three persons were killed Thursday when the helicopter they were in mysteriously crashed near Paramount, Calif., west of Los Angeles. The copter was on a return flight from Disneyland when it went down. Federal aviation authorities are on the scene investigating the cause of the crash.

PARIS -- North Vietnam's envoy predicted last week the Paris peace talks might fail and if they did full responsibility must be placed on the United States.

Xuan Thuy reportedly told U.S. Ambassador Averell Harriman talks may fail because of "obstinateness and lack of seriousness of the American side."

Harriman countered by accusing N. Vietnam of using the talks to "make a propaganda impression on the

are ardent movie-goers since there are no televisions, plan to visit neighboring Swaziland or Mozambique to see the film. Other recent rejections by the Control Board include: "Guess Who is Coming to Dinner," "The Graduate," and "In the Heat of the Night."

LIKE A SWARM of litter-eating locusts, three fifth grade classes from Bird Elementary School descended on downtown Plymouth Tuesday afternoon, picking up all the debris in sight. Mrs. Wanda Pykas, one of the teachers leading the group, explained that the project was in connection with Michigan Week. "This is one small thing we thought we could do to show that we're proud of our town," she said. Loot included cigarette butts, beer cans, candy wrappers and even one rusted car muffler.

## Oakland Gains Lakes; Stream Boom Seen

While Oakland County may be starting to run out of open land, it's doing fairly well in the water resources department, according to a Michigan State University expert.

Oakland, long a playground not only for its own residents but for Wayne County as well, has 190 more lakes today than the 1,857 bodies of water it had in 1965, said Prof. Cliff

ford Humphreys of MSU's department of resources development.

What's more, Oakland's streams are also a resource that are far from fully tapped, he told a panel discussion audience last week at Oakland University in a conference sponsored by the county planning commission.

MANY OF THE 390 "artificial" or "disciplined" ponds are small, Humphreys said, but they're an important resource in an area that is becoming urbanized.

Such small ponds also get better protection and management than larger bodies of water, he added.

And Oakland is the first county where pumps are being used to help stabilize lake levels by bringing up ground water, Humphreys said.

Increasingly, Oakland County is importing its domestic water (from the Detroit system) and exporting its waste water (through sewerage), leaving people and government freer to develop their ponds and streams for recreational and residential use.

On the dim side, however, is the so-called "storm water" situation, Humphreys said.

Water that runs off suburban lawns, streets, and roofs is increasingly contaminated by bacteria, oil and other foreign matter. Such water should be treated before it's discharged back into lakes and streams, he declared.

IN MICHIGAN'S northern counties, Humphreys said, lake property is in scarce supply, so streams are now being developed.

But in Oakland County, streams—with the exception of Paint Creek—are still a largely untapped resource, he said.

Humphreys said the subdivision of the future may have an artificial, circular stream with rapids, waterfalls, swimming, wading and even boating areas.

### National Roundup

world," Harriman repeated an earlier suggestion that envoys cease making public statements so progress with discussions can be made.

WASHINGTON -- President Johnson has asked Congress for an additional \$3.9 billion to support military operations in Vietnam and South Korea.

The supplemental appropriation would boost defense spending to \$76.2 billion. Of the \$3.9 billion requested, the bulk would go to Vietnam with \$230 million for Korean operations and \$300 million earmarked for emergencies. Reasons for the request include increased combat operations in Vietnam since the January Tet offensive and increased military support to Korea following the Pueblo seizure.

LONDON -- Fire aboard the Norwegian cruise ship Blenheim forced 98 passengers and 80 crewmen to abandon ship last week in the middle of the North Sea, 170 miles off the Danish harbor of Tyboron.

The rescue was complete with only one passenger reported injured. Cause of the fire is still unknown.

LONDON -- Prime Minister Harold Wilson won a crucial House of Commons vote for his bill to put a lid on runaway pay, price, and dividend increases.

Labor Party floor managers worked hard to obtain a 290-255 vote of approval in principle of the bill, a vital part of the government's post-devaluation economic strategy.

ROME -- Italy's coalition government emerged from its national elections numerically stronger but shaken by Communist gains.

One of the coalition parties, the Unified Socialists, lost a quarter of its 1963 strength to the far-left Proletarian Socialist party and Italian Communist Party.

The Communists gained 11 seats in the chamber of deputies, two in the senate, and enjoyed an increase in its share of the popular vote from 25.3 to 26.9 per cent.

HAMILTON, Bermuda -- An election giving Bermuda its first autonomous government is expected to result in Britain's withdrawal from the island.

The new constitution gives a new 40-man house of assembly control over all the island's affairs except for police, foreign relations and defense which will be governed by the British.

Walter Robinson, leader of the Negro Progressive Labor party, predicted his party would win and force the British out within a year. Robinson's victory chances look good since 63 per cent of Bermuda's 50,000 population is Negro. The voting age had been lowered from 25 to 21 and a system giving certain property owners two ballots dropped.

JOHANNESBURG -- The South Africa Broadcasting Corporation has barred the musical theme of "Bonnie and Clyde" from its airways, and the Publications Control Board has banned showing of the film. South Africans, however, who

**IMMEDIATE TRAFFIC** — No longer will drivers on Wayne County roads have to wait several hours for the drying of the stripes of paint that mark traffic lanes. The County Road Commission has purchased a machine for nearly \$31,600 that applies instantly drying paint, two lines at a time. It moves at 10 to 12 miles an hour and is followed by a supply vehicle.

## Schoolcraft Fighting Time, Tight Money

Schoolcraft College administrators, fighting time and tight money, will find out Tuesday what their chances are of selling a bond issue to help finance construction of a physical education plant.

President Dr. Eric Bradner, will take the school's plight to the Municipal Finance League in Lansing Tuesday and attempt to persuade the League to set an interest rate between 5 1/2 --6 per cent for the sale of a \$3.7 million bond issue on June 12.

Because of the tight money situation, the administration needs a maximum interest rate of 5 1/2 per cent to offer enough incentive to investors to purchase the bond issue.

A PORTION OF the \$3.7 million bond issue, \$600,000, has been set aside to supplement other funds to finance the new P.E. building. The other finances include \$1 million in the bank from last year's bond issue and \$1,780,000 due in state appropriations.

The state appropriations and funds from last year's bond issue were to have been spent last fall but had to be banked when construction bids exceeded available funds. Another factor stopping construction last fall was the Federal government's decision to withhold funds promised earlier.

THE JUNE 12 bond sale is crucial because if the college cannot come up with the \$600,000 for the P.E. building it will lose the \$1,780,000 state appropriation when the fiscal year expires June 30.

The administration has in hand a low bid of \$1,792,000 from Hyatt Construction Co., Wayne, which is expected to be awarded as soon as the monies are available on June 12.

ALL BIDS received will expire by law on June 15.

The combined bids were \$149,340 higher than those opened last September before the project was shelved for lack of

local funding.

If contracts are awarded on June 15, construction should be completed by January 1970. The 97,000 square foot project would provide: a gymnasium seating 2,500; an auxiliary gymnasium; swimming pool with diving area and balcony seating 400; wrestling and corrective exercise room; handball courts and gymnastics room; classrooms and faculty offices.

The school is presently renting physical education facilities from the Northville school district for \$4,200 per year.

### Botsford Gives 12th Scholastic Dinner June 6

The 12th Annual Scholarship Dinner given by Botsford Inn for the eight highest scholastic seniors at Clarenceville High School will be held on Thursday, June 6.

The students were selected by Supt. David B. McDowell and Principal Anthony Marra. John Anhut, Innkeeper, has also invited parents to attend.

The students selected were: Ellen Beerbohm, 1984 Brentwood, Livonia; Janet Hankins, 31745 Norfolk, Livonia; Bernard Kent, 19973 Weyher, Livonia; Sharon Lynn, 18861 Floral, Livonia; Marta Politzer, 19962 Sumbury, Livonia; Esther Rohnitzky, 19339 Rensellor, Livonia; Sue Simpson, 18406 Floral, Livonia and Jerry Wilson, 21130 Middlebelt, Farmington.

## 'Resources Deteriorating'

Oakland County, long a recreation center for southeastern Michigan, is losing its natural resources of land and water through a deterioration in their quality, says outdoors writer Ben East.

This loss in quality is going on entirely separate from the fact that natural land is now being settled, he said.

East, who has lived for 22 years on a farm in northwest Oakland County, writes for Outdoor Life magazine and for the Detroit News. He was a panelist last week at Oakland University in a County Planning Commission conference

on "The Inevitable Loss of Oakland County's Natural Resources and Open Spaces."

"OPEN SPACE," he said, is more than an area without man-made obstruction. It means an area that hasn't been made unattractive by nuisances, pollution, noise or junk.

Open space is lost when, near his home, a 35-acre lake is sliced up dangerously by boaters using outboard motors of 40, 50 or even 75 horsepower.

Open space, East went on, is lost when the county drain commissioner engages in "un-

planned drainage" by turning a twisting, turning natural stream into a straight ditch.

Open space is lost when a naturally beautiful roadside is littered with junk. East charged the state erred in a 1966 law requiring township dumps to be operated as sanitary landfills. Many townships went out of the dump business, and "75 to 80 per cent" of northwest Oakland residents, instead of driving 12 or 15 miles to a landfill, simply discard their trash on the roadside late at night.

Open space is lost when waters become polluted.

WHAT CAN BE done about it? East offered these solutions:

Control boat speeds on lakes. Modify the powers of the drain commissioner by having some other county agency--perhaps the planning department or the parks commission--review drain plans for their effect on natural resources.

Conduct an anti-litter campaign--not just through better police enforcement but through public and publicized attempts to clean up roadsides and streams.

## New Birds In Woods

Viewing birds and picking mushrooms are drawing a lot of people to southeastern Michigan's outdoors as the weather warms.

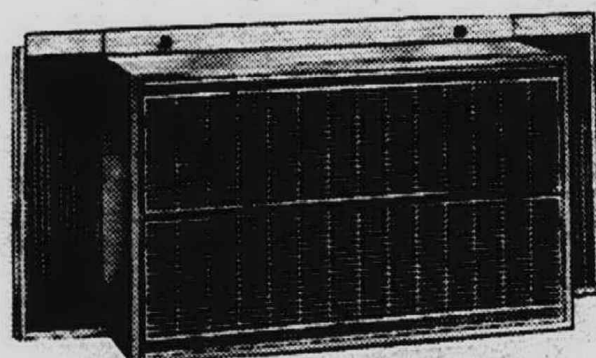

At Bald Mountain Recreation Area, new ducklings and goslings can be seen at Prince Lake, according to the State Conservation Department.

Pontiac Lake has two new broods of Canada geese--exceptionally early this year.

Mushroom hunters are having successful pickings among the hardwoods in Holly Recreation Area. Some mushrooms are still being found in Bald Mountain Recreation Area.

# Kennedy Leads In Franklin Mock Primary Voting

Students, faculty and employees at Livonia's Franklin High voted in a mock primary this week and Sen. Robert F. Kennedy emerged at the top of the list by a wide margin.

Sen. Kennedy received 610 of a total vote of 1,322. Sen. Eugene McCarthy ran second with 232.

On the Republican side of the slate, which received a much lighter vote, Gov. Nelson Rockefeller led with 120, followed by Richard Nixon with 84.

George Wallace, who is running for the presidency on a third party ticket, chalked up 113.

RONALD PODE, a government teacher who set up the mock primary, said he was surprised at the heavy Democratic vote, suggesting that it illus-

trated the appeal of Senators Kennedy and McCarthy to the younger age group. He said informal discussions with students in his classes indicated that much of their appeal was based on the issue of peace in Vietnam.

In all, 60 per cent of the school voted in the election. The breakdown shows 65 per cent of the senior class voting, 59 per cent of the faculty and employees, 53 per cent of the juniors and 51 per cent of the sophomores.

Podé said another mock election is planned at the school in the fall, when students will vote not only for presidential candidates but for local and state races. The elections are organized and operated by Franklin's senior government classes.

KENNEDY	610
MCCARTHY	232
HUMPHREY	144
ROCKEFELLER	120
WALLACE	113
NIXON	84
REAGAN	19

## Universities Can Prevent Much Unrest

Universities can prevent much student stress by meeting student needs for widespread, meaningful intellectual and social interaction, according to University of Michigan social psychologist Donald R. Brown.

"Hopes for intimate contact with faculty and peers, the expectation of a sense of community, the existential hope for deep interpersonal and intrapersonal communication, and the need for true intellectual stimulation can, if met, result in an exciting student body," says the expert from U-M's Center for Research on Learning and Teaching.

But if the institution is not prepared to meet these hopes

for more than a small part of the student body, the result may be a restless college.

"Given the inherent shyness of young people, and yet their great need to communicate with one another, a university atmosphere which throws them together but provides little mutual intellectual experience will quite naturally lead them to seek ways to interact that do not always reflect the purposes of the university," Brown explains.

Brown suggests that the university consider new methods of grouping students in the curriculum, in housing, and in scheduling so that larger numbers will share a common intellectual life.

In general, Brown says, the university can foster a student's development by "freeing" him from his rather limited perspective. The average student in his 18 or 20 years of life has simply not had enough time to gain wide experience.

In studying literature, science and the arts, the student can deal in a social, nondestructive manner with a much wider range of human experience than he has ever been exposed to before or probably will ever be exposed to again.

For example, literature, when properly taught, can introduce the student's imagination to a whole range of experiences denied him physically by such factors as sex, position in history, and values, Brown explains.

The second dimension of student development is "enlightenment of the conscience," which allows the student to arrive at a moral code through reasoned judgment.

The high school graduate has not usually had the opportunity to compare his accepted value system with others. The university presents a challenge and a comparison, forcing the student to change or at least defend his values, Brown explains.

In either case, the student's value system then becomes uni-

quely his own and not one just borrowed for the occasion. Having thus formed his own values, the student is likely to be much more tolerant of other peoples' views.

To do this, Brown recommends "diversity, training in the disciplines, analysis of thought, and a tolerant but committed faculty whose values are made explicit to the student."

Finally, the university can foster a finer understanding of the student's environment and aid him in developing an integrated system of personal beliefs, according to Brown.

As the student broadens his scope, these factors make him more discriminating in determining his own behavior.

"Coming as they do from the larger society, students enter into their college experience with views that may be incongruent with generally held values of the faculty and the high-sounding official ideology of the institution," Brown says.

The faculty see themselves as seekers of specialized knowledge and as privileged social critics. Yet they must educate a semicaptive audience with varied sets of values, many of which may differ considerably from their own.

These are the seeds of conflict.

Students have their own ways of avoiding the conflict, and also missing the educational benefits of its rational resolution.

—They can create a "peer-culture" which perpetuates general social values and turn to this subculture for their goals and rewards.

—They can create their own peer-culture which openly challenges the state of society and provides a comforting way to engage in social and individual revolt.

—The challenge for the University," Brown says, "is to become aware of these groupings and subcultures so that it can enlist the powerful forces inherent in these groups in the service of educationally valid self-development."

## College Planning Pays Off When You Arrive

Whether you're returning to college or looking forward to your freshman year on campus, you may find it easier to make the grade in the fall by doing some homework now! Taking a few studied steps may help you avoid being caught with moss on your feet when the Halls of Ivy open.

First, plan your roommates. Do you really want a room with a girl you know and still be your own woman—by all means do so. Just be super certain—for once you unpack your suitcase, you're already in a package deal. But, if you feel like something new, it's definitely time for a change.

Suppose you've decided to let the college pair you off with a roommate. You're opening your suitcase full of fresh clothes when a voice cries, "Dahling! Such divine rags! And you look just my size—and how marvelous that you're my very own roommate!" You realize that whoever it is behind that cloud of smoke—flicking ashes on your bedspread—is indeed your very own roommate. Don't walk—scurry! If you ask your housemother for a change before everyone gets firmly entrenched, it'll be much easier.

If the next roommate turns out to be another "bird of a feather," brace up and consider that it will be "an experience"—you are in college to learn! (Perhaps later on, you can arrange a mutual switch with two other dissatisfieds.)

When it's time to pack your bag and catch the campus-bound jet, you can be sure your winter clothes don't look like a "rerun" by stashing them care-

fully this summer.

If you're returning to campus with some of the same outfits, you can take advantage of the accent on accessories—to give your oldies—but goodies—an entirely different look. The new chain belts, for example, can link you to the latest fashion and update basics.

Several pairs of panty-hose in different textures and colors can also make those "legacies" you selected last fall look legendary!

Planning to join a sorority? You may get through rush week without a rash by contacting parents' friends who were sorority members in college, or by speaking with an older girl you know who has already made the grade. They can write letters of recommendation to your college sorority chapters and at least get your name in the swim. From then on, you have to do your own "padding," but it helps to remember that sororities are just as eager to "fill their quotas" as you are to be a member!

When you go to your first "rush party," don't try to stand out by dressing too differently, or by talking too loudly—but don't be a quiet little moth in hopes that you'll win them over with your soulful "chemistry."

Just be yourself and make a studied effort to be well-groomed, and chances are you'll not only make the grade, but return to campus with honors!

## The College Whirl

BARRY JAMES ADAMS, of Farmington, has been elected president of next year's senior class at Michigan Technological University in Houghton. A junior majoring in civil engineering, Adams was also one of 36 students at the college named to "Who's Who in American Colleges." He is the son of Mr. and Mrs. James Prisk, of Twin Valley, and is a 1965 graduate of Farmington High.

THE PHI BETA KAPPA chapter at Michigan State University has initiated two new members from Livonia: Sheryl G. Soroka and Mrs. Geraldine E. Wilson. Miss Soroka, the daughter of Mr. and Mrs. John E. Soroka, of 30565 Westfield, is a senior majoring in English. Mrs. Wilson, the daughter of Mr. and Mrs. Russell H. Shults, of 19435 Angling Road, is a senior majoring in biology.

KAREN McALLISTER, of 15674 Lakeside, Plymouth, has been designated as an honor student of the Interlochen Arts Academy graduating class. To earn the honor, students must have been on campus for at least two years and have earned a 3.5 average.

DAVID ROBERT MORTIMER, the son of Mr. and Mrs. Robert Mortimer, of 14102 Farley, Redford Township, has been selected as the Summerfield Scholar of the Year by Phi Kappa Psi fraternity at Michigan State University.

BRIAN BENNER, a student at Olivet College and son of Mr. and Mrs. Mark A. Benner, 27150 Orchard Lake Road, Farmington, was awarded the George Clare Sprague Memorial Scholarship at the annual Honors Convocation. This

award is given annually to the most promising student in fields related to law.

SANDRA K. and DEBORAH J. BANDY, of Plymouth, are in training at the Northern Michigan University Job Corps Center for Women at Marquette. The NMU Center officially opened in 1966, and is the only Job Corps Center in the nation located on a college campus and the only center for women in Michigan. Each of the young women, who come from all sections of the country, are trained in three basic areas, namely, job skill training, general education, and social adjustment.

VIRGINIA FIORENTINO, daughter of Mr. and Mrs. Louis Fiorentino, of 15162 Inbrook, Plymouth has been named a winner in the fifth annual Spanish poetry contest at Michigan State University. Miss Fiorentino, a sophomore majoring in French at MSU, won first prize in the Spanish 200 category.

KALAMAZOO COLLEGE lists two Observerland students on the dean's list for the winter quarter. They are Christine A. Driver, daughter of Mr. and Mrs. Kenneth H. Driver, of 16053 Southampton, Livonia; and Marshall J. Lytle, son of Mr. and Mrs. Robert Lytle, 40998 Jill Court, Plymouth.

MICHAEL A. NELSON, of 34025 West Six Mile, Livonia, a junior at Hamilton College, Clinton, N.Y., has been named to the dean's list for the fall semester. In order to make dean's list, a student must achieve an overall average of at least 85.

DOUGLAS A. CENZER, a senior majoring in mathematics, is one of 24 Michigan State University students named a winner in this year's National Science Foundation Fellowship program. Nine of the recipients are graduate students. NSF graduate fellowships are awarded for a period of study up to 12 months and range in value from \$2,400 to \$2,800 plus \$500 for each dependent. Cenzler is the son of Mr. and Mrs. Alfred Cenzler of 14422 Sarasota, Redford Township. He was a 1965 graduate of Cass Tech High School.

A LIVONIA RESIDENT received the Sons of the American Revolution award at the University of Detroit Air Force Reserve Officer Training Corps Awards assembly. Bruce Himrod, son of Mr. and Mrs. Robert Himrod, of 9855 Camden, received the award for military and academic achievement as a freshman AFROTC cadet. Himrod, a freshman in the College of Business and Administration majoring in accounting, is a member of the Arnold Air Society, a national military honor society, and is a 1967 graduate of Catholic Central High School, Detroit.

MARJORIE C. COOK, daughter of Mr. and Mrs. George J. Cook, of Tralee Trail, Northville, has joined the MSU chapter of Delta Gamma Sigma, an honorary fraternity for business administration students.

SANDRA L. SCHULZE, daughter of Mr. and Mrs. Arthur P. Schulze, of 24144 St. Mary Court, Farmington, has been named to the dean's list at Ohio Wesleyan University. She is a junior.

TAKE-OFFS from the men's fashion scene still have a strong influence in spite of the current enthusiasm for frilly femininity. Here, both a pant-dress and a vest-dress are sketched.

## MISS DEB

... answers questions about Junior Miss etiquette, grooming and interests.

Q. Summer sandals are almost here and my feet are a mess — callouses. Any shortcuts to feet that are sandal-suitable?

A. Pumice stones are the fastest, easiest way to rid feet of callouses. Buy one at any drug store and keep it handy when you take a bath. Wet the stone and rub gently over calloused feet — and bumpy heels. Rub in a rich hand and body lotion over feet and heels. And the last step — a pedicure. Cut nails straight across. To apply polish, separate toes with a tightly rolled section of Kleenex paper towel. Place the towel under one toe, over the next, and then under again. This will keep nails from smearing while the polish dries. By summer your feet should be fit for any sandals!

Q. I'm a conversation dropout. Say something to me and my only reply is a big blushing silence. Have any gambits for filling silence gaps?

A. Interesting people are those who are interested. First, listen actively. If you are absorbed in what the other person is saying, he may just keep right on talking! And keep

abreast of the news. Read, read, read — magazines, newspapers, and books are all good sources of conversation gambits, from Beethoven to the Beatles, fashion to football. Try it — and see if you don't drop into more conversations!

Q. I have a fair complexion, but my hair is a drab neither-here-nor-there mouse brown. I'd like to color my hair, but which way should I go — brown or blonde?

A. The natural look is in! It's best to change your own color only two or three shades. If you're not sure whether to go lighter or darker, experiment with one of the temporary hair colorings available. You're not bound to your decision if you don't like the outcome. When using any haircoloring, slip on a pair of Handgard disposable gloves — so you color your hair — not your hands.

# Transit Body 'Frustrated', Asks Study Of Buses

By TIM RICHARD

At a time when southeastern Michigan's mass transit is in "a state of decay," the only governmental agency that has any authority to do anything finds its first year has been "frustrating" because of begging for office and staff money.

So said Joseph P. Bianco Jr., 31-year-old investment banker who is vice chairman of the year-old Southeastern Michigan Metropolitan Transportation Authority.

While the state government was finding \$600,000 to spend on coho salmon, Bianco said, SEMTA asked for \$90,000 to meet "human needs" and wound up with a \$30,000 loan that must be repaid to the state treasury.

NEVERTHELESS, he said, SEMTA has been able to get some federal money (\$80,000) and a private grant (\$40,000 from the Metropolitan Fund) as a first step toward organizing and acquiring a bus system.

Bianco was a member of a panel on transportation problems at a day-long conference last week sponsored by the Oakland County Planning Commission.

The conference at Oakland University drew 450 local planning commission members, municipal officials, realtors, builders and lawyers from Oakland, Wayne and Macomb Counties.

PANELISTS and audience questioners in general agreed that:

There is no "system" or coordination of road, bus, rail and air transportation -- no overall planning by the hundreds of local governments that govern the single, unified economy in which four million people dwell in southeastern Michigan.

The poor get hurt because they can't get to jobs, stores or even welfare agencies.

The affluent suburbanites get hurt because they get stuck in auto traffic that gets worse by the year, and they have poor connections between suburbs.

William P. Spreitzer, head of General Motors Corp.'s transportation research department, continually drove at the theme that southeastern Michigan should establish transportation goals, not just attempt to solve problems.

Spreitzer reminded anyone enthusiastic about mass transit that the population here is more spread out than in other cities or countries where mass transit has worked well.

Armand Bove, a Detroit lawyer who is deputy director of the state Commerce Department and a co-author (and champion) of the SEMTA legislation, said state government's role should be to coordinate planning between regional authorities, provide engineering grants and perhaps help finance the construction of transit systems with general obligation bonds.

Until last year, the state has confined its interest to rural roads, Bove admitted, "and we are late in our commitment in solving the problems of urban transportation."

AT PRESENT, Bianco, the SEMTA vice chairman, said, the six-county authority's powers are limited to putting together a bus system.

But he made it clear that SEMTA is also looking hard at the lack of coordination between airports, pointing to Oakland County's recent decision to build an airport and the Wayne County Road Commission's separate public and private Metropolitan Airport.

Bianco said SEMTA started its work in the bus field with the idea of coordinating the 11 separate public and private systems.

BUT AT A MEETING with private bus companies presidents two weeks ago, he said, "Every one--without even being asked -- was in a mood to sell

their companies to the Transportation Authority."

The reasons: "Very serious financial problems" and the advancing age of some of the proprietors.

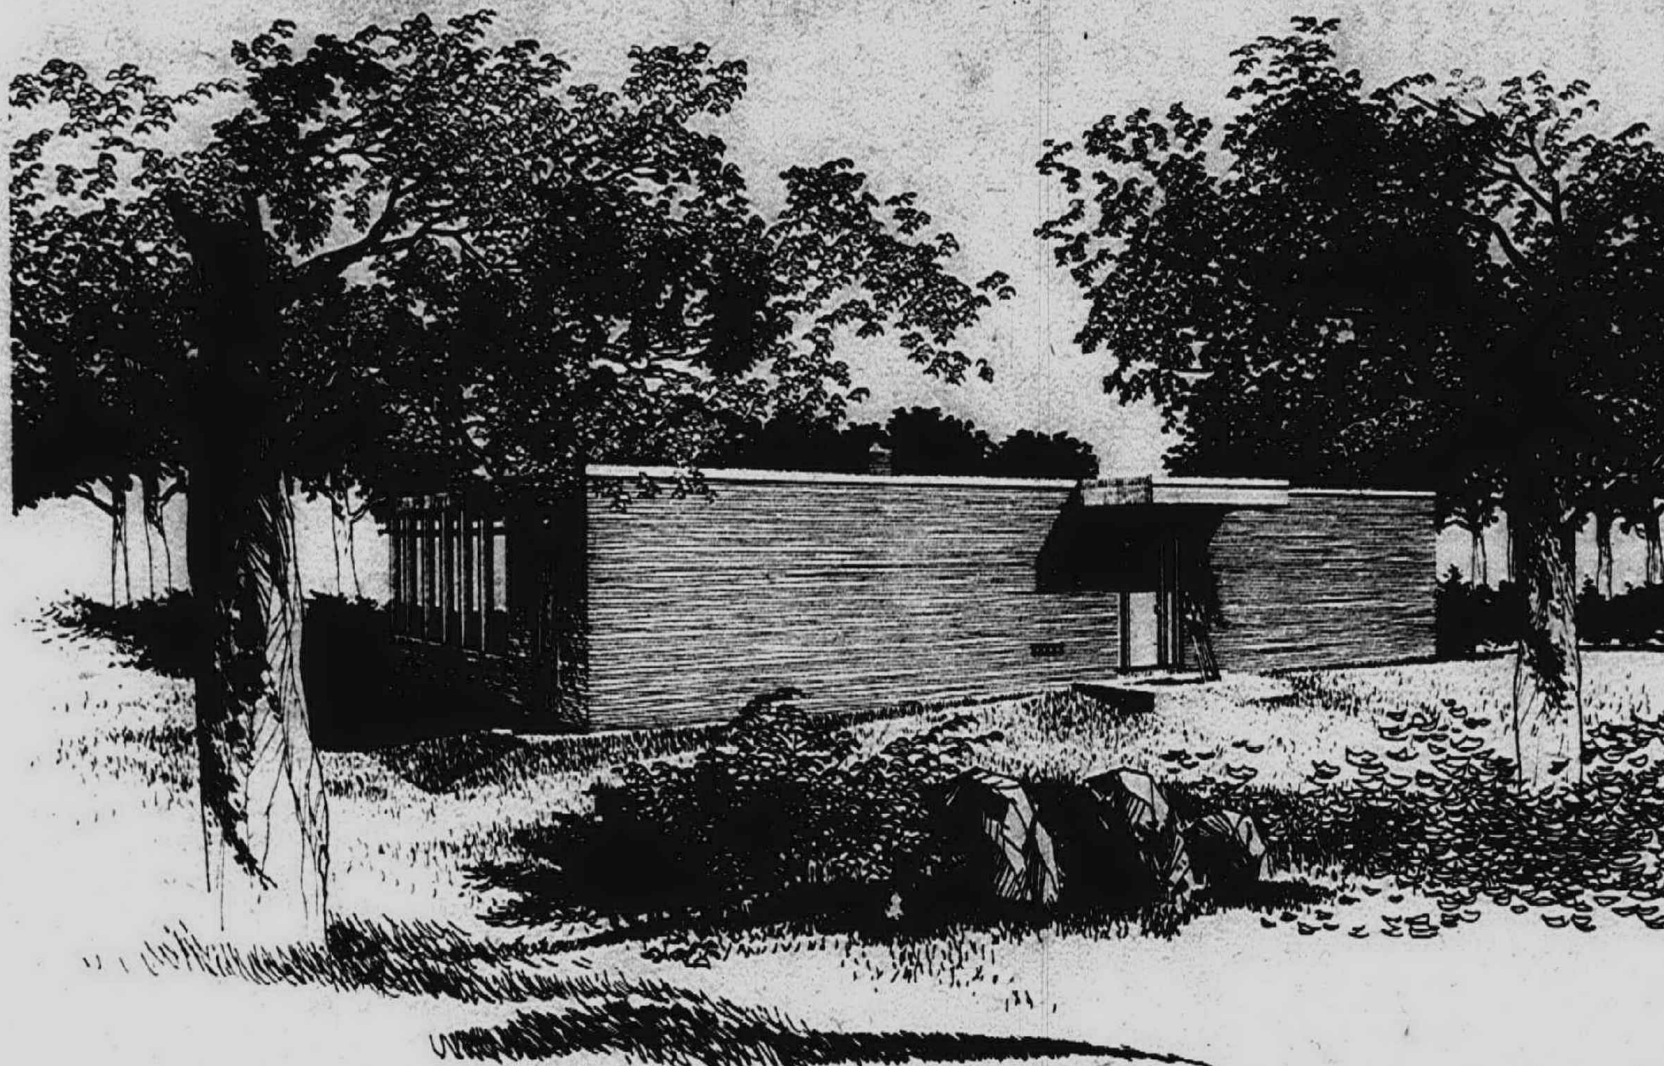

In the six-county region, he added, there are 1,200 buses, four-fifths of them owned by the City of Detroit's DSR system.

A Toronto expert, W.E.P. Duncan, advised the panel that a public mass transit system, no matter how well run, could at best pay only its operating costs.

Capital costs -- for rolling stock, yards, rights-of-way and terminals -- would have to come from government subsidy, Duncan said.

## Eliminate Spring Weight Limits

LANSING -- Spring weight restrictions were removed recently from all seasonal state highways in Michigan, the State Highway Commission reports.

CRANBROOK'S NATURE CENTER — Cranbrook Institute of Science, on Lone Pine Rd. in Bloomfield Hills, is building a nature orientation center on a wooded three-acre plot north of the Science Institute. When completed, the nature

center will have facilities for year-around use by youngsters and adults. It will overlook a system of informal trails. An admission will be charged.

## Dumas Eyes Four-Year School Post

Carl Dumas, appointed to fill the school board vacancy last year after Dick Haight's resignation, is seeking election to the four-year term available now as a result of Jeanne Leonard's failure to file for petition and seek re-election.

Secretary of the board for the past four years, Mrs. Leonard is not completely withdrawing from campaigning; she is actively supporting incumbent president Oriyn Lewis, present member Carl Dumas, and candidate Patricia Ann Miller.

Mrs. Miller is running for the one-year term which will fill out the unexpired term of Dumas' appointment.

## Bass Opener May 30

Black bass season will open May 30, Memorial Day, on Michigan's inland waters.

Meanwhile, the state Conservation Department district office at Pontiac reported good northern pike fishing on Cass, Pickerel and Walled lakes, as well as good walleye catches on Lake St. Clair a half-mile off-shore from 11, 12 and 13 Mile roads.

Pike season opened May 15 in most of the state and on May 21 in Lakes Huron, Michigan and Superior.

Although cool weather recently has kept fishing pressure down, catches have been good in area lakes, the district office said.

Paint Creek is still producing nice German brown trout. Rainbows have hit recently at Teeple, Union and Cooley lakes. Good quality bluegills were taken from Wildwood, Valley, Crystal, Stoney Creek, Cass and Walled lakes.

Perch success has been moderate to good on the Detroit River, Huron River, mouth of the Clinton, Salt River and Anchor Bay.

Good-sized crappies were taken from Graham and Stoney Creek lakes.

## Scout Film Available

"Jamboree for Friendship," a new full-color film on the Boy Scouts' 12th World Jamboree, is now in general distribution throughout the United States and will soon be released in appropriate languages throughout the world.

Produced as the official film

record of the Jamboree, it was sponsored by Ex-Cell-O Corp. and the suppliers of Pure-Pak cartons.

The film emphasizes the virtues of scouting and international friendship, and the advantages of an active life, sound nutrition and a creative mind.

### CITY OF PLYMOUTH NOTICE OF REVIEW OF SPECIAL ASSESSMENT ROLLS

Notice is hereby given that on Monday, June 3, 1968 at 8:00 p.m., the following special assessment rolls will be reviewed by the City Commission of the City of Plymouth in the Commission Chambers of the City Hall:

No. of Roll	Improvement
0682.58	N. & S. Evergreen Avenue, W. Ann Arbor Trail to Penniman Avenue, bituminous concrete paving, 31 ft. back-to-back, with concrete curb, gutter, and new driveway approaches where needed.
0682.59	Amelia Street-Farmer to W. Liberty, bituminous concrete paving, 35 ft. back-to-back, curb, gutter, sidewalk, new driveway approaches where needed, and apurtenances.
0682.60	Linden Street, S. Main Street to McKinley Street, bituminous concrete paving, 31 ft. back-to-back, with concrete curb and gutter, sidewalk, and new driveway approaches where needed.

At this review, objections to said assessments will be heard. The assessment rolls are on file in the office of the City Clerk for public examination.

# Regional Plan Bill Splits Local Lawmakers

A legislative bill to permit formation of regional planning commissions, after passing from the House early in April by a 58 to 40 vote, has been indefinitely postponed in the Senate Municipalities Committee.

Observerland lawmakers split on the issue. According to Rep. John Bennett, D-Redford, there "is a place" for such regional planning commissions. Bennett said "the municipalities which we represent are too small" to effectively handle the major problems which they face.

The bill was originally sponsored by Rep. J.C. Kolderman Jr., R-Wyoming. It is intended, in part, to clarify and give a stronger status to what is already being done by the Southeastern Michigan Council of Governments' regional planning commission.

ACCORDING TO Kolderman, the commissions formed under the bill would not have taxing powers. The commissions would be established in the 14 regional areas created by Gov. George Romney under previous legislation.

To form a commission would require only two or more townships, cities, villages, school

districts, intermediate school districts, authorities or other local units.

These commissions would have power to recommend regional plans for sanitation, public safety, zoning, sewers, drains, roads, transportation, rubbish and garbage collection, water, recreation, parks, ports, purchasing, pollution and noise abatement.

The commissions would be able to accept local and federal grants, plus monies and services from other sources. These grants would help pay for the necessary research studies which would precede the formulation of the commissions' recommendations.

BENNETT SAID that solving the problems of water, parks and recreation, transportation and public safety is simply the government's attempt at "making the community a desirable place to live in." He said that this task of government could be handled better on a regional basis rather than having each small, local unit make their own individual effort.

He pointed out the problem of zoning as an example, noting that present individual municipalities plan only for a small area. Bennett said that this

"sometimes presents a conflict" such as where one community has commercial and industrial zoning on its border while across the street is a residential area in another community.

Bennett said that such zoning problems, as well as others, could be studied by regional planning commissions in an attempt to make the suburban area a more pleasant place to live in.

ON THE OTHER side of the issue is Rep. Raymond Baker, R-Farmington, who voted against the bill.

Baker said that the commissions set up by this "rather comprehensive" bill would, by their acceptance of grants and gifts, leave "the local and county commissions... out in the cold."

Baker sees these regional commissions as "depriving

local planning commissions of their traditional rights and privileges" and said he thinks they would "supersede the local units."

He added that although he can see that some agreement between local and regional groups is needed, the bill as it stands now is rather "all consuming" and "sort of vague."

REP. RICHARD YOUNG, D-DeARBORN HEIGHTS, voted for the bill and compared it to the

somewhat similar concept of county home rule. He said that he is "not sold on county home rule" and that he would "prefer" a regional planning commission of the sort outlined in Kolderman's bill.

Young said that county home rule places a great deal of local government responsibility on the local units. He said that neither this nor being swallowed up by Detroit would help solve the problem of local

school support.

He said that the county home rule could possibly be passed in the Wayne County area with a majority vote from Detroit overriding a vote of dissent from the suburbs. Young noted that, on the other hand, under the regional planning concept "they (the suburbs) would have more say"—as well as "a choice whether to enter or not." Young said that he "hasn't seen where county home rule

has worked elsewhere" and added that the zoning problem could be handled more effectively on a regional basis.

ALSO VOTING for the bill was Rep. James Tierney, D-Garden City, who said that under this bill "the local areas would not lose their authority," but it is becoming obvious that they cannot exist separately from their neighboring communities.

## Farley New No. 2 Man At SEMCOG

E. Robert Turner, executive director of the Southeast Michigan Council of Governments (SEMCOG), has announced the appointment of Robert D. Farley as deputy executive director of SEMCOG.

Turner said, "The Council of Governments is most fortunate in obtaining Farley's services on a permanent basis. We are grateful to Metropolitan Fund, Inc. for making Farley available to direct the early and formative stages of COG's development. The unanimous approval of his appointment by COG's Executive Committee indicates that my admiration of Farley's abilities is shared by the local governmental leaders of this region."

Farley, long associated with regional cooperative groups, leaves the position of director of the Intergovernmental Relations Division of Metropolitan Fund, Inc. During his tenure with Metropolitan Fund, he served as staff director of the "Committee of One Hundred"

(local government leaders who proposed the Council of Governments).

Joseph L. Hudson Jr., chairman of Metropolitan Fund, said, "While we at Metropolitan Fund will miss his valuable contribution to our regional affairs program and our New Detroit Committee task force, I am pleased that he will remain in the Detroit metropolitan area with an organization that is so important to the proper development and future of our region."

Farley, acting executive director of the Council of Governments until April, served four years as assistant director of the Supervisors Inter-County Committee—the predecessor group to SEMCOG.

He previously served as city manager of Hudson and Corunna, Michigan. A graduate of Michigan State University and Jackson Community College, Farley, 32, resides in Clawson with his wife and three children.

## Home-Building Strike Continues In Fourth Week

The strikebound home-construction industry entered its fourth week in the Detroit area and outstate.

The industry estimated the cost at \$16.5 million at the end of three weeks.

A tour of building sites in the area revealed that there was no work being done by carpenters and other workers in any of the thousands of subdivision and apartment projects in the region, which includes Wayne, Oakland, Macomb and Washtenaw counties. The strike began May 1.

GILBERT B. SILVERMAN, president of the Builders Association of Metropolitan Detroit, one of the four employer groups negotiating with the Carpenters' Union, said no progress had been made in the negotiations.

Meanwhile, a delegation of more than 100 builders in cars invaded a subdivision in Oakland County on Old Perch Road, Avon Township, Tuesday, after having heard that the builder there was bringing in carpenters to start work on houses he has under construction. No violence was reported.

Silverman reported that, so far, the strike has cost employers and the tradesmen \$16.5 million in lost time. This includes a virtual paralysis of the lumber supply industry, a huge business in the area which supplies practically everything in the way of materials and equipment going into homes and apartments being built.

Silverman said that checks were being made of municipal building departments in a number of the suburban municipalities—Southfield, Livonia, Farmington, and others on the

north and east side. Reports are that permits for home and apartment construction are off sharply because of the strike and lockout.

FINANCIAL INSTITUTIONS in the area which supply most of the mortgage money for homes and other types of construction report a sharp decline of mortgage applications.

A report on mortgage lending in April was made today by Lawyers Title Insurance Corp. in its monthly mortgage summary. It said that some 70 financial institutions in Wayne, Oakland and Macomb counties loaned \$145 million in April for homes and home improvements, commercial and industrial production. Of this total, the summary said \$83 million was for homes and home improvements for that month.

Home-lending in the area runs into astronomical figures, according to the summary reports. In 1967, a total of \$900-million was loaned for homes in the area. Total mortgage lending in the three-county area for all types of construction and property acquisition was \$1.7 billion.

# A Play Is Born

By SUE SHAUGHNESSY  
Entertainment Editor

Putting together a theater production is like working on a vast jigsaw puzzle.

But it's more than just putting pieces together. There's a sense, a certain type of magic — or even a miracle involved. The magic comes at an undefinable point in a production when the actors cease to be persons on a stage and become living characters in the viable framework of the play.

It doesn't matter whether the production is a five-person serious drama or a full scale musical production with a cast of hundreds. It doesn't matter whether the stage is in a famous Broadway theater, the posh Fisher, the local high school auditorium or community theater group playhouse.

The essential element is the play and the dedication of the scores of people involved in the production.

The world of theater has two distinct fields. Best known is the world of the professional. But, for many people, the world of the theater is an avocation and not a profession. Throughout the country, these individuals turn to community theater groups.

How is this magical, avocational jigsaw puzzle put together?

We followed the Livonia-Redford Theatre Guild production of "The Fantasticks" from the casting session to opening night. We studied the play, the players, the producers, the schedule.

**THE PLAY:** "The Fantasticks" is a musical written specifically to play in a small off-Broadway theater in New York. It opened in 1960 and is still playing to full houses in the Sullivan Street Playhouse in Greenwich Village.

It has a small cast for a musical (seven) and is set on a small platform rather than an elaborate stage. And so it is uniquely adaptable to the limited resources of community theater.

It's also a rough play for the actors in terms of voice ranges required, the lack of props and the cramped space of the stage setting. In this respect it's not often done by community theater groups.

**THE GROUP:** The Livonia-Redford Theatre Guild is one of the largest community theater groups in Observerland. Sponsored by the Adult Education Department of the Livonia School System, it draws members from the northwestern metropolitan area.

They are school teachers, lawyers, writers, salesmen, housewives, students and just about every other calling. They are a cross-section of the population.

Many of the group never appear on stage. They devote their energies to sewing costumes, building sets, arranging for props, selling tickets, selecting the plays and all the other activities needed to compose a group. All of the members love the legitimate theater. Many have had previous contact with the stage in college and, in some cases, in professional companies.

The Livonia-Redford Guild is typical in that it has no permanent home. It owns a

building in Redford Township where rehearsals are held and sets constructed. When it comes time to "hit the boards," the group packs up and moves into one of the local high schools. Of the community theater groups in Observerland, only one — the Farmington Players — has a self-contained unit which houses the entire production from casting to curtain call.

**THE PLOT:** It's a simple story — that of young romantic love and the necessary maturing process. Basic characters in the play are "a boy, a girl, two fathers and a wall."

The wall is important, for when the structure tumbles, romantic love also tumbles in the play. In the closing scene, the narrator-bandit tells the quartet that "the wall must stay."

"Fantasticks" is a rare musical because the story and the songs both help to tell the tale.

In the opening song, "Try To Remember," the narrator sets the stage. He asks the audience to remember when "you were a tender and callow fellow."

DIRECTOR FENTON CALHOUN uses his hands in telling the actors just how to play a scene.

AT THE END of "The Fantasticks," the cast forms the tableau of happiness. The Girl (Mary MacIntosh) and the Boy (Brian Miller) sit at the front of the stage. From left are: the Mute (Jim Gotch); Bellomy, the girl's father (Hal Waller); Mortimer, the Indian (Harold Jurkiewicz); El Gallo (Paul Dufault); Henry, the Actor (David Hirvela); and Hucklebee, the boy's father (Ernest Wendt).

He invites all to "follow" into the play. You must be willing to pick up the spirit of the play in order to understand and enjoy it. The first act is set in moonlight.

The boy and the girl have fallen in love, even though (or because) their fathers are feuding and have built a wall to keep them apart. In the next scene, the audience learns that the fathers have arranged the feud so that the youngsters might fall in love.

The problem of ending the feud so that all might live "happily ever after" is settled by staging an abduction by the narrator-turned bandit. A professional, the bandit insists on calling the scene a "rape" because that "is short and business-like."

The abduction is staged, the boy foils the plan of the bandit and emerges the hero. The feud ends, and the wall tumbles down.

Then comes the disillusionment in the harsh light of reality (the sunlight in the second act). The boy sets off to discover the world, the wall is built again,

## It's Time To Enjoy Rhubarb

By JOYCE TOTTON

Attention all cooks—Spring is the time for rhubarb. If you have some rhubarb plants growing in your backyard, you have probably enjoyed your year's first taste of this interesting food.

There are many ways of preparing rhubarb. It can be made into sauce, cobbler, pie and jam — to mention only a few. Have you ever tried combining rhubarb with raspberries or strawberries? It has a very special taste that many people enjoy.

It's easy to freeze, so you can keep some for future use.

Here are some recipes for this delightful spring dessert. But don't let this list limit you; the possibilities are endless.

### RHUBARB-STRAWBERRY TAPIOCA

- 1 1-lb. pkg. frozen rhubarb, thawed
- 1 10-oz. pkg. frozen sliced strawberries, thawed
- 3 T. quick-cooking tapioca
- 1/4 t. salt
- Whipped topping or whipped cream

Drain rhubarb and strawberries, reserving liquid from each. Cut rhubarb into 1/4-inch pieces; set aside in bowl. Combine rhubarb and strawberry liquids with water to make 2 1/2 cups. In medium saucepan, combine tapioca, salt and liquid. Bring to boil over medium heat, stirring constantly. Remove from heat; cool slightly. Gently stir in rhubarb and berries; let cool 15 minutes. Stir to mix well. Refrigerate, uncovered, until well chilled, about 2 hours. To serve, spoon into sherbet glasses; let stand

at room temperature a few minutes. Serve with whipped topping or whipped cream.

### RHUBARB CHIFFON CRUNCH PIE

- 1 c. uncooked rolled oats
- 1/2 c. brown sugar
- 1/3 c. butter, melted
- 1/2 c. coconut
- 2 1/2 c. cut rhubarb
- 3/4 c. sugar
- 1 3-oz. pkg. strawberry gela-

**NEW STEWARDESS** — Roberta L. Conley, daughter of Mrs. Nancy J. Conley, 18468 Darby Ave., Redford Township, has been assigned to flights originating from Chicago's O'Hare International Airport following her graduation from United Air Lines Stewardess Training Center near Chicago. Miss Conley is a graduate of Redford Union High School.

tin  
1 c. whipped cream

Put rolled oats in shallow pan; place in oven 5 to 6 minutes at 375 degrees. Mix well with brown sugar, melted butter and coconut; pack firmly into bottom and on sides of 9-inch pie plate. Chill until firm in freezing compartment. Combine rhubarb, 1/3 cup water and sugar in saucepan over low heat; simmer until tender, about 20 minutes. Cool. Dissolve gelatin in 1 cup boiling water; add 1/4 cup cold water. Chill until partially set; whip until fluffy. Fold in rhubarb and whipped cream; chill until mixture will hold shape. Swirl into pie shell; chill until firm. Yield: 6-8 servings.

### RHUBARB CREAM PIE

- 2 T. flour
- 1 c. sugar
- 1/8 t. salt
- 2 well-beaten egg yolks
- 1 c. cream or condensed milk
- 2 c. fresh rhubarb, cut in small pieces
- 1 9-in. unbaked pie shell

Turn oven 450 degrees. Mix together flour, sugar and salt; add egg yolks and cream. Put rhubarb into pie crust. Pour mixture over rhubarb. Bake at 450 degrees for 15 minutes. Reduce to 325 degrees until custard sets.

### MERINGUE:

- 2 egg whites
- 1 T. sugar
- 1/2 t. lemon extract

Beat egg whites until stiff. Add sugar and lemon extract. Spoon over pie after baking and bake until golden brown at 350 degrees. Yield: 6 servings.

### Snappy Aspic

Pep up a tomato aspic salad by folding one-half cup (about three ounces, crumbled) American blue cheese into one cup dairy sour cream and one teaspoon prepared horseradish for a delectable sauce. Spoon this over the slices of the aspic to give it that zesty "snap."

**SLEEK OR FANCY** — Spring bonnets take many shapes this year to match the many moods of the women who wear them. Above is a triangular scarf in a medley of colors or two-tone combinations. The posies won't lose their freshness, because they're made of nylon organdy. Below, a Swiss straw braid with a swinger brim that can be worn a dozen different ways. The trim is a wide gold chain. Both are available in the millinery collection at Montgomery Ward and Co.

### 'Y' Travelers Get Short Course On Foreign Currency

Foreign currency and the problems it causes tourists is the topic of a special meeting scheduled by the YWCA of Metropolitan Detroit for those interested in its tour of Scandinavia this summer.

The meeting—with actual currencies of Norway, Sweden, and Denmark available to handle—will be held at 3 p.m., Sunday, May 26, in the Northern Branch YWCA, 13130 Woodward, Highland Park.

The tour from July 15 to Aug. 5 will be conducted by Mrs. Sofia Lindgren, of the Northwest Branch, and Mrs. Mildred Brennan, of the Northern Branch. Reservations still are open, and information is available by calling WO 1-9220, extension 65.

### Bring Out The Fruit Flavor

Apricots, plums, peaches, pears and bananas have a brand new appeal when heated. Cook them just enough to plump or soften or warm yet retain the natural texture. To bring out the flavor and juices of the fruits, pour on a little light corn syrup, right from the bottle, as the fruit heats.

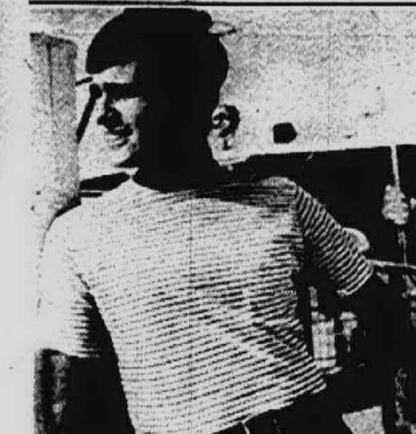

## Beta Sigma Phi Installs Officers

Livonia's chapter of Beta Sigma Phi sorority will install new officers during the May 28 meeting, which will be held at the home of Mrs. Bernard Cymbul in Orchard Lake.

New club leaders will be: Mrs. Donald Heusted, president; Mrs. Joseph Young, vice president; Mrs. William Heedum, recording secretary; Mrs. Herb Lee, corresponding secretary, and Mrs. Robert McIlvaine, treasurer.

At a recent meeting Mrs. Lee was named Girl of the Year and received a Goddess of Diodima pin.

The club is building a float for the Livonia Memorial Day parade, with the theme: "Key to Peace and Learning."

**ON THE DOUBLE**—The mock turtleneck shirt sets a snappy pace for summer. Puritan Sportswear designs it in horizontal stripes on Durene cotton.

STAND UP AND BE COUNTED. And three citizenship award-winners did. From left: Stephanie Sanocki, Judy Lynn Bennett and Martha Cole accept United States Savings Bonds from Mrs. Leo Trower, chairman of the Plymouth Soroptimist awards committee.

### Three Receive Bonds

## Soroptimists Hold Annual Citizenship Award Dinner

Judy Lynn Bennett, daughter of Mr. and Mrs. William A. Bennett of 448 Starkweather, was honored at the recent Soroptimist Citizenship Award Dinner with a United States Saving Bond for her essay on citizenship and its responsibilities.

Judy, who hopes to become a teacher in the foreign mission field, is a member of the National Honor Society, was a semi-finalist in the National Merit Scholarship competition as a soprano vocalist and is one of four Michigan girls honored with membership in the State Fellowship Guild.

She is the first Plymouth student to receive a one-plus rating during the Eastern Michigan University's 1967 Ensemble Festival and holds a school letter in French and English.

THE SOROPTIMIST Foundation Citizenship Award application requires the participants' written views concerning their responsibility as citizens in the family, community and world.

The following is an excerpt from Judy's award-winning essay:

"As a citizen, my role is first of all to regard all men, regardless of race, creed or nationality, as brothers of mine. It is my role to treat them as I would wish to be treated, yet not in order to gain reward."

"However, my primary role is not to think or feel, but to DO. My role is to serve my God and fellow men as best I can and perhaps in this small way make part of the world a better place to live in."

A PANEL OF THREE teachers selected first, second and third place winners. As first place winner, Judy's essay will be entered in a national competition where the winner will receive a \$2,500 award from the Soroptimist Federation of America, Inc.

Second place winner, Stephanie Kay Sanocki, daughter of Mr. and Mrs. Henry Sanocki, 42757 Phoenix Ct., wrote, "The role of the world citizen is a big job that must be carried out in small ways."

Martha Lynn Cole, daughter of Mr. and Mrs. Leonard Cole, 11691 Haggerty Road, won third place with these words regarding a citizen's responsibility in a community:

"If one agrees or disagrees with the way the city is being run...let your voice be heard...do not be an arm-chair critic."

A PROGRAM FEATURING slides taken by Dr. A.E. Van Ornum, while serving the Christian Medical Society in Liberia, followed the presentation of bonds.

### Two Scout Troops Canoe Rifle River

Girl Scout Troop #501 and Boy Scout Troop P-6 of Plymouth, recently spent a three-day weekend canoe trip on the Rifle River in Standish.

The troops are under the leadership of Mrs. Louis Hurdik Jr. and Marvin Van Heest. The trip was without incident and the troops hope to plan a similar trip to another river in 1969.

## The Top Side of Life

By Rev. David Strang

EDITOR'S NOTE: The author, pastor of Epiphany Lutheran Church, is familiar to Plymouth readers and is hereby introduced to Redford, Farmington and Livonia. This column this week is in response to an editorial, "The Poor Hear 2 Different Voices," by Tim Richard, which appeared in Wednesday's editions.

### LETTER TO TIM RICHARD

Gee Whiz! I've been thinking for almost two weeks about the Plymouth Township Planning Commission member who wants to encourage the building of homes around Plymouth for "junior executive" types. I was going to say something about that nonsense. And then you beat me to it and wrote a whole big editorial--in double-size letters yet. You even write well!

I LIKED YOUR suggestion that there ought to be a debate between the Plymouth Township planners and those who believe that "junior executive" types may not be the only worthwhile people in the world.

If such a confrontation took place, one of the first questions to be asked might be this:

What shall we do with all the people in Plymouth Township who are not now nor ever have been junior executives? (Fortunately, Mr. Richard, you left that question out of your editorial, or there might have been nothing left to write about).

The logic is simple. Plymouth Township planners want to encourage a move-in of junior executive class people (not to be confused with a sit-in, lie-in, etc.).

The planners must believe that junior executives would be best for the community. (Maybe for the next issue, Mr. Richard, we could find out why).

It follows, then, that non-junior-executive types are bad for the community. Ergo: Non-junior-executive types should be discouraged from moving into and living in Plymouth Township.

THE PLANNERS NOW have a double problem. In order to be consistent, they must not

only search for this exceptional class of people, they must also get rid of any portion of the population which cannot afford \$35,000-plus homes.

Do you realize what this means, Mr. Richard? The first people to go might be the fireman and public works employees of the Township.

They are not "poor people," but neither are the affluent junior executives. If Plymouth Township adopts the "junior executive policy" they won't be welcome around here anymore.

Then, the people who live in the Shearer Drive area of the Township, near Sheldon Road, must leave. I think most of them own homes, but no matter. They don't have a ticket. Out with them. (Of course, Mr. Richard, you know we already have a way to get rid of them. It's called "Expressway").

I could go on with a list of the people of Plymouth Township who would no longer be wanted. There may even be some members of the current planning commission who couldn't qualify for the NEW Plymouth Township.

JONATHAN KOZOL, writing in a recent book, told us what part of the problem is: "It's the comfortable people by and large who make the decisions in our society. It is only the people those decisions are going to affect who are expected to stand quietly, watch patiently, and wait."

The only thing now, Mr. Richard, is that I suppose the Plymouth Township planning people will deny anyone ever said what the newspaper said they said--and then neither of us will have anything to write about. In the meantime, keep up the good thinking, Mr. Richard, and happy planning.

## Plymouth Symphony Women Present Society With Check

The Plymouth Symphony Society's annual meeting, held last Wednesday evening in the Junior High West, was marked by the presentation of a \$2,000 check to the society by its staff members, the Symphony Women's League.

"The society's best friend is the Women's League," said Symphony President, Robert Sincok. "The team-work displayed among this group is seldom found in any organization."

The check presented by Mrs. Tina Powell, president of the

League, brought the women's total contribution for the current season to \$6,200.

A POTLUCK DINNER preceded the business meeting which included the treasurer's report, given by Robert Beyer; a report on the society's membership drive, by Dr. Robert Petersen; a Detroit Adventure Series report by Mrs. Martha Woolweaver; and an orchestra report by Mrs. Peggy Bunge.

The nominating committee announced the results of elec-

tions to the Symphony Board for the coming season. Arthur Larson, Thomas Adams, Mrs. Eileen Birge and Mrs. Tina Powell will serve in this capacity.

SCHOLARSHIPS WERE presented to the following outstanding students by Plymouth High School orchestra leader, Michael Endres.

Mary Sackett, Jim Lee, Bill Moehle, Janet Shire, Charles Wells, Stephanie Leninger, Mark Lukaski, Carol Gaffield, Howard Norris, Janette Roland and Paulette Stenzel.

"WE'VE HAD A NOTABLE year," said Wayne Dunlap, Symphony conductor, "the maturity of the orchestra couldn't be missed this season nor could the larger crowds and heightened interest in our programs."

An entertainment program featuring Mrs. Nathalie Dale, violinist, accompanied by Alice Sano, followed the business meeting.

Dunlap spoke briefly of the new auditorium and assured his listeners that the summer concerts at Schoolcraft College would be continued this year.

MRS. JAMES W. ALBERS  
(Janet Mary Rakocy)

## Albers-Rakocy Rites In Student Chapel

St. Mary's Student chapel on the University of Michigan campus was the setting for the May 10 wedding of Janet Mary Rakocy and James Wilson Albers.

The bride is the daughter of Mrs. Leonard Rakocy, of Farmington Road, Livonia, and the late Mr. Rakocy, and the bridegroom's parents are Mr. and Mrs. James Albers, of Detroit.

The bride wore a silk organza dress with applied daisies on the bodice. Her headpiece was a small pillbox with daisy trim, and she carried a nosegay of white roses.

FOUR ATTENDANTS wore apricot crepe floor-length gowns and carried yellow and orange mums.

Donna Zbonsek, of Detroit, was matron of honor, and the bridesmaids were Carol Hodgins, of Royal Oak; Johann Parker, of Ann Arbor; Nancy Rus-

sell, of Lansing and Jean Chapman, of Detroit.

The best man was Robert Parker, of Ann Arbor. Guests were seated by Dr. James Shortt, of Ann Arbor; Bruce Roberts, of New York; Robert Grimmer, of Bay City and Denny Huntley, of Hastings, Mich.

The bride's mother wore a silk suit in a celery shade, and Mrs. Albers chose powder blue linen for her dress.

ABOUT 100 guests attended a reception in the Alpha Phi sorority house on campus before the couple left for a one-week honeymoon at French Lick, Ind.

The couple will live in Belleville while the bridegroom, who holds three degrees from the University of Michigan, completes his work in medical school there. The new Mrs. Albers also is a graduate of U. of M. and employed by the Ford Motor Co.

GAIL MCCALLUM

Mr. and Mrs. Alvin J. McCallum, of Donald Avenue, Redford Township, announce the engagement of their daughter, Gail Frances, to Paul R. Nordwall, son of Mr. and Mrs. David S. Nordwall, Denver, Colo. The bride-to-be is a graduate of Redford Union High School and Michigan State University and is employed as a systems engineer for I.B.M. Corp., Dearborn. Her fiancé, also a Michigan State graduate, is an assistant district manager on the Patagonia District of the Coronado National Forest, Ariz. A July 13 wedding is planned in St. Valentine Church, Redford Township.

SUSAN RITTENHOUSE

Mr. and Mrs. Dale L. Rittenhouse, of Plymouth, announce the engagement of their daughter, Susan Marie, to John J. Gore III, son of John J. Gore II, of Lake Orion, and Mrs. Fred Trimble, of Jacksonville, Fla. The bride-to-be is a graduate of Plymouth High School and is employed by D.S.I. Corp. Her fiancé graduated from Lake Orion High School and is in the Veteran's Hospital in Ann Arbor recovering from wounds suffered in Vietnam. An Aug. 24 wedding is planned.

LINDA HODGE

Mr. and Mrs. Homer M. Hodge, of Livonia, announce the engagement of their daughter, Linda Sue, to William Edward Moosekian, son of Mr. and Mrs. Vannig Moosekian, of Detroit. The bride-elect is a graduate of Bentley High School and attends Schoolcraft Community College. She is employed as a secretary at Northville State Hospital. Her fiancé, a graduate of Western High School, Detroit, has been employed by the Ford Motor Co. and will enter the armed services June 26. No wedding date has been set.

SUSAN ROBERTSON

Mr. and Mrs. James A. Robertson, of Pomona Drive, Redford Township, announce the engagement of their daughter, Susan Lee, to Michael Justus, son of Mr. and Mrs. Edward Justus, of Wakenen Avenue, Redford Township. The bride-elect graduated from Redford Union High School and is employed by the Michigan Bell Telephone Co. Her fiancé, also a graduate of Redford Union, is a senior at Western Michigan University. The couple will be married August 10 in the Village United Presbyterian Church.

## Diabetic Camp Will Be Topic

The Livonia Unit of the Michigan Diabetes Association will meet Monday, May 27 at 8 p.m. in the Livonia Mall in the Community Room adjacent to Parking Lot G.

The speaker will be John P. Harm, M.D., pediatrician and medical director of Camp Midcha, the summer camp for diabetic youngsters. He will discuss the 1968 camping program, show color slides of the

camp and explain the active camp routine which also provides necessary medical and dietary supervision needed for the young diabetic.

Dr. Harm encourages parents to bring their youngsters to the meeting and let them ask questions about Camp Midcha.

Following the meeting refreshments will be served. Camp applications and brochures will be available.

## GeGe's

## No Sew Sewing

Wouldn't this sophisticated elephant, cut out of pink Bondex, and ironed onto curtains, or valances in your kitchen, bathroom or especially the children's room suddenly erase winter dullness? Bondex decorates dull corners. Have fun decorating tea towels, aprons and children's clothes.

Why not join our home-makers "No sew sewing" club? All you have to do is pick up a package of Bondex — 25¢, and connect your iron. Then mend everything. What do you do when your 8 year old boy shows up with a horrible hole in the knee of his jeans? Or, a stack of sheets develop all shapes and sizes of rips?

Iron-on Jean patches will restore Bobby's new jeans. For sheets, iron-on soft cotton Bondex and mend T shirts too. In fact, Bondex banishes the mending basket.

## PREPARE WALL

Always prepare the wall carefully before hanging new wallcovering. Be sure to remove old wallpaper and all picture hangers, nails and electrical switch plates.

The United Wallpaper Company of Chicago suggests that this step will not only save time, but will help assure professional results.

## Doctor In The Kitchen

by W.W. Bauer, M.D. Consultant, National Dairy Council

It isn't news that everyone needs protein in their daily diet. But do people really know "why"?

I'm sure most of us could give a list of protein foods that would be correct enough to satisfy one of those quiz programs on television. But probably few people are sufficiently informed to give a truly adequate answer to why we must have protein in our meals.

The easy, quick answers as to which foods give us protein are, of course, eggs, meat, milk, cheese, fish, and poultry—and plants and their seeds, such as beans, peas, nuts, and cereal grains. But let's get to "why" we need protein every day. Also, some of the fascinating details that are known about protein.

AS HUMAN BEINGS we are made of cells. You began life as a single cell. That cell divided, then the two became four, the four became eight, and the process continued until one is composed of 30 trillion cells or more. Cells have different shapes and sizes depending upon what they do. Some form muscle, bone, or blood. Others may form skin tissue. Your brain, heart, lungs, and kidneys are organs made of cell tissues. Protein is in every cell.

Cells constantly suffer injury, wear out, are attacked by germs, or may be lost through open wounds. So, your body needs unceasingly to repair itself by making new cells. Your cells produce new cells from the materials in foods. Thus, your food must regularly provide protein.

The proteins in all foods are built from compounds called amino acids. Protein foods contain these same amino acids. But of the more than 22 different amino acids that make up food protein, eight are called "essential" for adults, nine for infants.

NOW, THE SO-CALLED essential amino acids are given that name because the body is unable to make them in sufficient amounts for its needs. Thus, your cells have to receive these amino acids as they are already formed in food. The other amino acids your cells can form from the components in protein foods.

Animal foods give you complete proteins—that is, pro-

teins that contain all the essential amino acids. Plant sources of protein, such as cereals, are usually eaten with milk, giving us a mix of complete and incomplete protein. The same benefits are intended when the United Nations Children's Fund provides milk to many countries where people must live almost entirely on plant foods.

Energy? Proteins do supply your body with energy. But the most important use of proteins is, as we've said, cell-building and repair. Neither carbohydrates nor fats can take proteins' place for this, but they can supply most of your energy. We'll talk about those in upcoming columns, soon.

FAVORITE RECIPE from  
LADIES' HOME JOURNAL

1 (3-3 1/2-lb.) chicken, cut for  
frying  
3 tablespoons flour  
3/4 teaspoon salt  
1/8 teaspoon pepper  
1/2 cup shortening or salad oil  
1/2 teaspoon rosemary  
2 tablespoons butter  
Few tablespoons of sauteur (optional)

Put flour, salt and pepper in a  
paper bag and shake chicken in the  
seasoned flour a piece at a time.  
Fry in shortening or oil.  
Fry only a few pieces at a time,  
turning frequently to brown  
evenly. Drain on paper towels  
and arrange in 2-quart casserole.  
Sprinkle lightly with rosemary  
and dot with butter. If you like  
the flavor, add sauteur. Bake,  
covered, at 300° about 1 hour or  
until tender. 4 servings.

IN AGING PROCESS, Actor David Hirvela was cast as an aged actor. Thus the make-up problem was to make a young man look old.

## A Play Is Born: Sweat Is Aided By Magic...

Continued from Page 18

the girl is jilted by "her bandit," and the boy returns disillusioned with the world.

Both the boy and the girl have matured, and life begins anew with the caution that "there must always be the wall."

Why? To retain some of the romanticism needed in life.

**THE PRODUCTION:** Directed by Fenton Calhoun, "The Fantasticks" was the final production of this year's Livonia-Redford season. Calhoun is typical of the directors in community theaters.

He earns his living as a creative copy supervisor for Campbell-Ewald Advertising Agency and pursues directing as a spare time activity. He has a theater background (at MSU) and comes from a theater-orientated family (his mother played on the Chautauqua circuit).

He's a no-nonsense director without being a tyrant. His directions are usually made in the form of requests — but the cast has no doubt, who's boss.

Calhoun was assisted by Jack Pierson, who performed the chores of musical director. Pierson, a high school teacher in the Dearborn district, is past president of the Guild. He trained the actors for the musical portions and put together the three-man orchestra for the show.

Pierson's wife, Judy, was assistant director for the show. She made the notes in the script, helped make certain that all the pieces would come together in time for the opening, and in general served as everybody's Gal Friday.

Producer Don Warren rounded up the manpower to build the set, had it moved from the Guild's building to the high school at the right time and in general helped to oversee the technical crew. To sum up his job: He produced the physical effects and setting.

These are only four of the Guild members. From making costumes to painting sets, selling tickets, seeing the programs were printed, and providing ushers and personnel to man the ticket booth, countless numbers of Guild members helped to create the play.

**THE ANATOMY:** Casting to opening curtain was a time span of 40 days. The air and dress at the casting session was informal, but on opening night the air was tense. The cast members made little jokes backstage in an attempt to lighten the atmosphere.

In 40 days they had been transformed from a collection of individuals to integral parts of a whole. This is the magic.

PENSIVE ACTRESS Mary MacIntosh listens carefully to blocking instructions. She notes her particular directions in her copy of the play. Thus as the lines are memorized, the actions and movements become an integral part.

## Newspaper Bargainers Get Called In

MADISON, Wis. -- Labor mediator Nathan Feinsinger has scheduled a Memorial Day meeting between labor and management "with a view to an early and final disposition" of the Detroit newspaper strike.

In a brief statement, Feinsinger said all parties involved in the six-month strike are expected to attend the session. Feinsinger, a law professor at the University of Wisconsin, was asked to enter the dispute by Mayor Cavanagh on March 27.

LANING -- Attorney General Frank Kelley has decided to fight an appeals court upset of a state law requiring motorcycle riders to wear safety helmets.

The American Motorcycle Association brought the original court suit naming state police director Col. Fredrick Davids as defendant. Davids was named because the Legislature gave state police power to enact rules for enforcement of the helmet law. The cycle group argued the law was "an improper invasion of their personal freedom."

State Police statistics indicate that 62 of the 95 persons killed on motorcycles in 1966 died of head injuries.

DETROIT -- Two brothers were found suffocated last week in a refrigerator stored in a garage at the rear of a home on Detroit's West Side. Police identified the two as Monte Martin, 5, and his brother John, 4, sons of Mrs. Daisy Martin. The two had been the object of an all-night search.

LANING -- Governor Romney has signed a bill into law aimed at protecting consumers purchasing food products.

The bill provides for more accurate and descriptive labeling and better control of food advertising bringing the state into conformity with the food section of the Federal Food, Drug and Cosmetic Act.

ALLEGAN -- After a year of court delays, the City of Allegan has received \$1,786,000 from Consumers Power Co. for the sale of the municipal electric power plant and facilities. The sale includes a diesel generating plant, hydroelectric facility, and transmission lines.

ADRIAN -- Gerald B. Reaster, 19, of Palmyra, died of multiple injuries after his car was struck by a freight train east of Adrian. Police report the car was dragged three quarters of a mile after being struck at the crossing which has no signals.

DETROIT -- Ford Motor Co. has announced it will add to its 1969 model cars two safety features--an energy absorbing frame and a computerized skid-control braking system.

The new braking system will prevent rear wheels from locking through the use of an under-the-dash solid state computer about the size of a paper back book. The new S-shape frame collapses, absorbs shock, and reduces front seat belt loads by as much as 25 per cent.

DETROIT -- A 23-year-old man was convicted of first-degree murder this week in the death of a Saginaw couple. William Edgington, Jr., was found guilty in the murder of Mr. and Mrs. Carl Middelendorf. The trial was moved to Detroit on a change of venue because of alleged extensive publicity of the case in Saginaw.

LANING -- Some of the worst drivers in the Grand Rapids area are being asked to submit to voluntary blood test to determine whether a genetic theory may have any relationship with bad driving. Secretary of State James Hare suggested the study to test the validity of a theory that an extra Y chromosome may be related to poor driving attitudes. Hare said the Grand Rapids Butterworth Hospital has received a federal grant for the study.

MIDLAND -- Dow Chemical Co. is closing down more than \$40 million in construction projects in the Saginaw Valley. A Dow spokesman attributed the shutdowns to chaotic conditions in the local building industry. Six construction projects will be halted, affecting 600 non-striking building tradesmen.

EAST LANSING -- Survival of cities may be dependent upon how police do their jobs, U.S. Circuit Court Judge George Edwards told the National Institute on Police and Community Relations.

"In a sense, the policeman today walks the city streets with the wariness of a combat soldier doing occupation duty," Edwards said, but unlike the combat soldier, the policeman must use the least amount of force to apprehend

### STATE AND LOCAL ROUNDUP

the suspect, Edwards, former Detroit police commissioner, urged professional standards be raised to improve law enforcement and condemned police use of "hate words" and police dogs.

DETROIT -- The Michigan Court of Appeals has set a June 10 hearing to review a case against Michigan's state income tax.

Pontiac attorney Richard D. Kuhn has challenged the tax on a number of grounds, including the lack of a public referendum on the issue. Kuhn paid his own taxes under protest to establishing a refund claim.

DETROIT -- The Common Council defeated Mayor Cavanagh's proposal to raise Detroit property taxes by overriding him 18 times while adopting the 1968-69 budget.

It was the most serious political blow Cavanagh has suffered to date. City Controller Bernard Klein blamed vindictiveness on the part of some council members.

LANING -- The Senate has passed an amendment permitting counties to decide on the sale of liquor on Sunday. The proposal was tacked on a bill requiring the Liquor Control Commission to notify county prosecutors of liquor violations by minors. Counties may now conduct referendums on the issue.

NOVI -- Novi voted for cityhood last week and elected nine candidates to a charter commission to form incorporation plans. Residents defeated first-class cityhood in 1959 and 1952.

INKSTER -- The Inkster school district asked the Michigan Legislature for a \$400,000 emergency loan to pay its teachers. The request was made less than eight hours after Governor Romney signed into law a bill establishing a revolving \$1.5 million loan fund. Inkster earlier had threatened to close its schools if emergency funds were not made available.

LANING -- A resolution calling for an August 6 referendum on a constitutional change permitting the governor to make judicial appointments passed the House 89-2 and is now in the Senate where a two-thirds vote is needed to put the change on the ballot.

The resolution allows the governor to fill judicial vacancies created by resignation, removal, vacation of office or death. The appointee would be allowed to hold the post until the Jan. 1 following the general election at which he would face a runoff.

LANING -- The House defeated a proposal last week to give its members four-year terms by a 51-47 vote. House members have been eyeing four-year terms since the Senate was granted them in the new constitution of 1963. Expected soon is a vote by House members on a resolution to reduce its membership from 110 to 99.

LANING -- Funds to continue planning on a new \$40 million Capitol Building gained house approval last week despite a spirited attempt to strip the money out of the bill. An attempt was made to strip \$500,000 in planning money from the Senate's capital outlay bill. Representative Thomas Brown (R-Lansing) argued that by committing the additional \$500,000, backers of the new Capitol will force the Legislature into approving it by pointing out the large expenditures on planning. "This means a new Capitol," he warned.

HAPPINESS IS A NEWCOMERS GAVEL. The smiling faces of Mrs. Richard Brooks, president, Mrs. William Rainaldi, new vice-president and Mrs. Robert Weideman, incoming president, reflect the warmth and friendship found in the Plymouth Newcomers Club.

### City Newcomers Celebrate 10th Year

Plymouth has a 10-year-old that, in the last decade, has grown from infancy to a healthy, friendly, energetic "child." The Plymouth Newcomers Club, which was founded in 1957 by Mrs. Byron Champion, is a gracious blend of new people in the Plymouth community, interest groups and friendship. These three ingredients are apparently nourishing because the "child" is now fully grown and has an impressive membership of 285.  
THE PURPOSE of the Newcomers Club is like a warm handshake: "To bring together, in friendly fellowship, people who are newcomers to the Plymouth area; to help make them feel that Plymouth is a fine place in which to live; and, insofar as possible, to introduce newcomers to this community and its various facilities."  
"It's virtually impossible to find all the new people in the city," said Mrs. Beverly Brooks, president of the Newcomers, "but we try."  
They try through every means available: the Welcome Wagon, real estate offices, this newspaper and neighborhood grapevines.  
"We publicize our membership luncheons and are now giving five coffees a year," said Mrs. Brooks.  
The club has been keeping pace with Plymouth in its rapid growth and membership, which at one time lasted three years, and has, of necessity, been shortened to two.  
While all other officers in the club are elected, Newcomer vice-presidents automatically become presidents the following year, and then act in an advisory capacity during the third year.  
MRS. BROOKS WILL officially relinquish her gavel next month to the club's current vice president, Mrs. Robert Weideman.  
"Newcomers has meant a lot to me," said Mrs. Brooks. "We came from a small town in Ohio, and it seemed that you had to be a resident there for 20 years before you were accepted as a part of the community."  
"When we came to Plymouth, I vowed that it would be different. As it turned out, it has been wonderfully so—and I'll miss it," she said.  
MRS. WEIDEMAN IS excited about her new job and her vice-presidential duties have prepared her for next season's work.  
As vice president she has served as general chairman of Newcomers 13 interest groups.  
During the season's first membership luncheon, the chairman of each interest group makes a centerpiece depicting the activity of her individual group. Prospective members are then able to lunch with those who share a common interest.  
The groups cover a wide range of activities. Women who are new to the community may find friends in the gourmet cooking, bridge, knitting, antiques, crafts, decoupage, pinocchio, or reading groups.  
Active young women may apply for women's bowling, couple's bowling, ballroom dancing or golf.  
There is even a weight watchers group.  
As interests change, so do the groups. If there are many people interested in one subject there may be two groups covering a single activity.  
"We had a great many members interested in crafts and gourmet cooking this year," said Mrs. Brooks, "and now have three groups that are double."  
HER VICE-PRESIDENTIAL year was described by Mrs. Weideman as a "fun" year and one that will make her forthcoming presidency much easier.  
The Weidemans have lived in Plymouth for two years and were newcomers from Rhodessa, where Mr. Weideman was a controller for Ford Motor Co.  
He is now working in Ford's Dearborn offices, and the family chose Plymouth because, said Mrs. Weideman, "we love a small town."  
There are three young Weidemans—Paul, a junior, and Drake, sophomore at Plymouth High School and Karen, a seventh grader.  
"This is the first place we've lived where there has been a club of this type, and it certainly serves a useful purpose by cushioning the shock of coming into a new community," said Mrs. Weideman.  
IT IS IMPOSSIBLE to estimate the number of lasting friendships formed in Newcomers, but it is relatively easy to divide 285 new Plymouth residents into 13 interest groups and come up with an answer that is an asset to the community.

**Put these 3 simple questions to us. They can save you a lot of grief on insurance.**  
1. How many companies do you represent?  
2. How do I keep my insurance up-to-date?  
3. How do I file a claim?  
The three grief-saving answers are:  
1. We represent several strong companies, not just one. We're independent insurance agents, free to pick and choose among many strong companies offering insurance for your home, car, or business.  
2. When you insure through us, we make certain your coverage is kept up-to-date, constantly reflecting the finest available coverage at the lowest available cost.  
3. If you have a claim, we handle the details. We work for you, not for any one company, so we represent your interests. Any further questions? Call us.  
This symbol is your assurance that we are professional independent agents.

## Win Suburban Six Track Crown

# Rocks Give Coach A Fond Farewell

What a going-away present the Plymouth High track team gave Coach Keith Baughman! Baughman is retiring after coaching the Rock trackmen for 17 years, the last 16 as the head mentor.

To make Baughman's swan song something he won't easily forget, the Rocks captured the Suburban Six League title at Belleville Wednesday night.

It wasn't exactly a surprise that Plymouth pulled it off. The Rocks were the only unbe-

aten team in the league in dual competition. In fact, they compiled an overall 7-0 mark.

Depth was the story in Plym-

outh's march to the league crown with 79 points to runner-up Redford Union's 68 1/2. Bentley was third with 50 1/2.

The Rocks won only two of the 14 events—the shot put by Tom Elias and the 880-yard relay.

IN CONTRAST, Redford Union emerged victorious in eight events. The deciding factor was in the sprints where the Rocks scored 27 points to RU's none.

"We just had the boys who placed second, third, etc.," a happy Baughman declared. "These boys of mine just had the desire and the spirit which it takes to win something like this, especially when you don't have the real big stars."

The meet produced three league records. The Plymouth sprint relay of Dave Martin, Terry Wagenschütz, Mike Kubik and Steve Montgomery was clocked in 1:32.2, six-tenths under the former loop standard.

Redford Union's George Corombos clicked off a 440-yard record with a 50.2-second effort to erase the old mark of 50.4. In the 880-yard run, it was RU's Jim Laguna a winner in the record time of 1:57.4, compared to the former mark of 1:58.1.

In addition, RU's John Morrison, who won both the hurdles, tied the league mark in the preliminaries when he was timed in 14.5 seconds.

MORRISON AND Bentley's Tom Spuller were the only double winners. While Morrison won the hurdles, Spuller cracked the line first in both the 100 and 220-yard dashes.

Allen Park placed fourth in the meet with 21 points while Belleville scored 20 and Trenton 19.

How Plymouth, RU and Bentley entries placed:

High Hurdles: 1--Morrison (RU), 2--Derr (P), 3--Martin (P), 5--Howell (B). Time--14.7 seconds.

100-yard: 1--Spuller (B), 2--Kubik (P), 3--Montgomery (P). Time--10.5 seconds.

Low Hurdles: 1--Morrison (RU), 4--Howell (B), 5--Martin (P). Time--20.2 seconds.

220-yard: 1--Spuller (B), 2--Montgomery (P), 3--Kubik (P), 5--McGhie (P). Time--22.7 seconds.

Two Mile: 1--Junk (RU), 2--Savage (RU), 3--McGhie (B), 4--Goepf (P), 5--Viscovich (P). Time--9:58.4.

440-yard: 1--Corombos (RU), 2--Chemello (B), 3--Latham (P), 4--Koch (B), 5--Mieras (RU). Time--50.2 seconds (league record).

Mile relay: 1--Redford Union (Mieras, Childress, Laguna, Corombos), 2--Plymouth, 4--Bentley. Time--3:29.2.

880-yard relay: 1--Plymouth (Martin, Wagenschütz, Kubik, Montgomery), 2--Bentley. Time--1:32.2. (League record).

Mile: 1--Kuhn (RU), 4--McClendon (P), 5--Norman (P). Time--4:29.0.

880-yard: 1--Laguna (RU), 2--Cavender (P), 4--Childress (RU), 5--Nelson (RU). Time--1:57.4. (League record).

Shot Put: 1--Elias (P), 3--Penny (P), 4--Garrett (B), 5--Pokorny (RU). Distance--54 feet, 5 1/2 inches.

Long jump: 2--Bodak (P), 3--Chemello (B). Winning distance--20 feet, 8 1/2 inches.

High jump: 1--McLain (RU), 2--Derr (P). Tie for third--Magee (P) and Morrison (RU). Height--5-11.

Pole Vault: 1--Plumley (B), Tie for second--Bauman (P) and Schramm (B), 4--Myers (RU). Tied for fifth--Headlee (RU) and Kanyon (RU). Height--12 feet, 6 inches.

## Falcons Win In Track-- Thanks To Stevenson

The form sheet held up in the Interlakes Conference track championships at Watford Wednesday.

Farmington emerged as the team champ.

But the Falcons had the battle of their young lives, because while they scored 84 points, Watford was second with 82, Stevenson 79 and Pontiac Northern 78.

"There's never been a meet so close between four teams," said a happy Jerry Young, who coaches at Farmington.

When it was over, Young had a special "thank you" for the Stevenson team from Livonia.

"They are the guys who made it possible for us to win," Young added. "Stevenson really has been coming on in the last part of the season and they took away points that Watford and Pontiac Northern figured they had in the bag."

"Stevenson even took away a few from us."

CHRIS BROWN, climaxed a brilliant three-year career for Farmington, captured the long jump and the 440-yard run to pace the Falcons along with the Williams twins, Larry and Gary, who triumphed in the two mile and 880-yard runs, respectively.

Brown's victories gave him a total of eight in the Interlakes championships. He won three times as a sophomore, three more as a junior and added two as a senior.

Depth was the big story for Farmington since they won only four events. Stevenson likewise had depth, the Livonians collecting just a pair of individual victories--Dale Danver in the shot put and Dale Wendell in the high hurdles. Larry Williams accounted for a league record with his 9:34.9 clocking in the two mile.

How Farmington and Stevenson placed:

Long Jump: 1--Brown (F), 3--Mastny (S). Distance--21 feet, 9 inches.

High Jump: 2--Bush (F), 5--Ellis (F).

Pole Vault: 4--Bush (F), 6--Avis (S).

Shot Put: 1--Danver (S), 3--Gallup (F), 4--Myers (S), 5--Lynott (F). Distance--51 feet, 6 1/4 inches.

Two Mile: 1--L. Williams (F). Time--9:34.9. (League record).

Mile: 3--Reynolds (S), 6--Hullm (F).

High Hurdles: 1--Wendell (S), 3--LaFevre (F), 4--Sacharski (F). Time--14.4 seconds.

880-yard: 1--G. Williams (F), 3--Gores (S), 4--Colone (S), 5--Cardwell (F). Time--1:58.7.

440-yard: 1--Brown (F), 4--Smith (S), 6--Freeman (S). Time--51.1 seconds.

100-yard: 2--Attwell (F), 5--Loewe (S), 6--Bender (F).

Low Hurdles: 2--Wendell (S), 3--LaFevre (F), 5--Sach-

arski (S).

200-yard: 2--Loewe (S), 4--Attwell (F).

880-yard relay: 2--Stevenson, 4--Farmington.

Mile relay: 2--Stevenson, 3--Farmington.

BENTLEY'S TOM SPULLER speeds across the line for a victory in the 100-yard dash. The Livonia star won two firsts in the Suburban Six League championships, sweeping the 100 and 220.

## Trojans Finish With 5 Victories

Clarenceville High's baseball team wound up the 1968 Wayne-Oakland League season with the same record of a year ago--five victories against nine losses.

Two losses last week spoiled the Trojans' chances to improve on the mark.

On Tuesday Clarenceville bowed, 2-0, to Bloomfield Hills Andover as Brian Parrott stopped the Trojans without a hit. Then Thursday, champion Northville took advantage of errors to trounce Clarenceville, 10-3.

Jim McCommon matched

Parrott's pitching for 5 1/3 innings. McCommon, in fact, had a perfect game going until a double, single and error ruined it all for him.

Parrott was in constant trouble by walking eight men. Northville tallied twice "in the second and then eight unearned runs in the fourth to wallop Clarenceville which got all its runs in the sixth inning.

Mike White walked, Bob Ridling doubled and Carl Watkins singled. The latter came around on an error, stolen base and infield out.

AREA PREP DIVISION bowling champions from Livonia Lanes will seek the state title on May 26 in competition in Owosso. The five girls, all in the 12-year-old group, include: (from left) Debbie Pop, Carolyn Mansfield, Deb Kersten, Karen Robertshaw and Capt. Darcy Flynn. The girls won the area championship at Westland Bowl against winners from Western Wayne County bowling establishments.

# Franklin's Great Comeback Wins Baseball Crown

Halfway through the 1968 Northwest Suburban League's baseball chase, they were saying that Franklin High was "dead" in its bid to repeat as outright champions.

The outlook was, indeed, a dark one for Coach Jim Ford's team. The Livonians had managed only two victories in five top outings.

Suddenly Franklin caught fire as the second part of the cam-

paign began. And when the curtain fell Wednesday, Franklin was celebrating again as the conference kingpin.

Five straight victories in loop action, including three in as many days this past week, enabled Franklin to wind up with a 7-3 record.

Thanks to an assist from North Farmington, which clipped John Glenn, 5-3, on the final Wednesday of play, Frank-

lin topped Glenn's closing record of six wins and four losses by a full game.

IN AS HECTIC an assignment that any prep team ever has faced in the stretch drive, Franklin started last Monday by nipping North Farmington, 6-5, in eight innings.

Then came a 2-1 verdict over Birmingham Groves and finally, and most important, a 4-1 triumph in nine innings against Oak Park.

"These boys sure proved something by getting off the ground and roaring through the last half of the season," said Ford, who thus became a winner in his first year as Franklin's coach.

Stellar relief pitching by Dave Paden highlighted Franklin's back-to-back wins over Groves and Oak Park.

He took over from Dennis Fisher with a runner on third and two out in the sixth inning and set down the last four

batters in a row—three on strikes. Against Oak Park he tolled 3 2/3 of runless baseball.

Both the Franklin runs against Groves were made in the third inning. A walk to Dave Tovey and an error giving Mike LeBlanc life put two aboard for Franklin. They moved up on an infield out and scored on a single by Fisher.

Groves' only run also came in the third inning.

OAK PARK took a 1-0 lead

against Mike Moore and Franklin in the second inning, but Dennis Hopkins tied it up with a homer in the fourth.

That's the way matters stood until the ninth. Paden singled and moved to second when Brad Lyons was safe on an error. Charles Wiggins doubled both in and Mike Lehto followed with a single to send Wiggins across.

North Farmington had to overcome a 3-1 lead to squish Glenn's bid to finish as co-champ.

The winners had counted in the first inning on doubles by Tom Snyder and Bob Graessle. But Glenn popped over three markers in the third on a single by Len Anderson, two hit batsmen, a walk, a double by Gary Roland and single by Rick Mar-

timez.

Steve Eversman, who hurled the route for the winners, drove in North Farmington's second run in the fourth after Norm DeCourcy had walked and taken second on an error.

North Farmington tied the game in the fifth on hits by John Thomas and Snyder and won it with two runs in the sixth when Ken Collins and Mike McCoy singled to open the inning. Eversman bunted and when the throw to third was wild, Collins and McCoy roared home.

Tim Carr suffered the loss with Denyo Syrois and John Munson working in relief. A homer by Bud Stacy in the fifth inning broke up a 4-4 tie.

Thurston counted once in the first inning on a single by Tom Roy, an infield out and a single by Charles Pflar. After George Sharkey singled in the second, Carr unloaded a two-run homer.

Carr doubled and came home with the final Thurston run on Roy's single in the fifth.

SNAPPING TAPE for an easy victory in the mile run at the Northwest Suburban League championships is Rick Randall of Farmington. He won the event in 4:26.7, one of the better clockings for the mile in the league history.

### Chinese Letters

Chinese characters were introduced into Japan 1,500 years ago and since have been used as Japanese letters. About 3,000 to 5,000 characters were used in literary works before World War II; afterward the numbers were cut to about 880, which are taught in the first nine years of school.

### Handbag Hazard

If you have a tendency to overstuff your handbag, empty it frequently and sort your collection. Repeated overstuffing will change the shape of the bag, weaken the fastenings and may break the seams. When the outside needs cleaning, follow the recommended methods.

# Raiders Jump Highest In State History

The greatest leap in state high school track history.

It was made Wednesday night by John Mann of North Farmington when he cleared 6 feet, 8-1/2 inches, to capture the high jump in the Northwest Suburban League track finals at Franklin.

No prep ever had gone so high in Michigan. The state Class A record, which Mann sought at Ann Arbor Saturday, belongs to Freels Bacon of Flint Central who scaled 6-8 last May in East Lansing.

Mann's great jump came on the heels of a 6-7 performance last Saturday when he won the regional crown at Madison Heights.

He was heavily favored in the state crown.

THE TEAM title as expected

went to Birmingham Groves with 79 points. Franklin followed with 39, with Thurston 35, North Farmington 31, Oak Park 23 and John Glenn 17.

Don Anderson and Bob Wiggins paced the winning school. Anderson captured both the 100 and 220-yard dashes while Wiggins was first home in the two hurdle events in each of which Groves placed 1-2-3.

The meet featured several fine efforts -- among them Franklin's Andy Charniga who won the shot put with a toss of 51 feet, 5 inches, a 4-26.7 winning mile by North Farmington's Rick Randall and a 1:58.5 half mile by Thurston's Randy Tipton.

Here's how the area thinclads placed and the winning performances in each event:

High Jump: 1--Mann (NF), 2--Decker (G), 3--Dietz (F), 5--Marshall (T). Height--6 feet 8-1/2 inches. (New league and varsity record).

Shot Put: 1--Charniga (F), 2--Bryant (T), 3--Spicer (T), 4--Payne (NF), 5--Schleicher

(G). Distance--51 feet, 5 inches. Long Jump: 2--Kuvsky (NF), 4--Chaveriat (G), Tie for fifth--Kind (F) and Richardson (F). Winning distance -- 21 feet, 4-1/4 inches.

Pole Vault: 2--DeBardo (F), 5--Pollack (G). Winning height

--12 feet, 6 inches. Two-Mile: 2--Kelsey (F), 3--Arble (G), 4--Hallett (F), 5--Kosteva (F). Winning time--9:58.8.

Mile Relay: 1--Thurston, 2--Groves, 3--Glenn, 4--Franklin, 5--N. Farmington. Time--3:32.7.

## Stevenson Win Streak Snapped

It was inevitable that Stevenson High's baseball team should suffer a letdown.

The Livonians had won eight straight in Interlakes League play to capture the championship.

This made a game against Waterford on Tuesday meaningless as far as the flag was concerned, but important for Stevenson in its bid to finish with an untarnished loop record.

But Waterford emerged with a 1-0 victory, thanks to a one-hit pitching effort by Tim Kennedy. Rick Horstman ruined Kennedy's no-hit effort with a single and was one of only two Stevenson men to reach base.

John Kladzyk hurled brilliantly for Stevenson. He allowed only six hits. A double, single and double steal accounted for the only run of the game.

FARMINGTON, ALSO was beaten in a close one, losing to Walled Lake, 7-6.

## Prep Schedule

**BASEBALL**  
Sunday  
Anders tourney at Ford Field. Livonia: Our Lady of Sorrows vs. Garden City West, 6 p.m.; St. Agatha vs. Wayne, 8 p.m.

**Monday**  
Allen Park at Plymouth  
N. Farmington at Farmington  
Redford Union at Trenton  
Bendley at Belleville

**Wednesday**  
Plymouth at Northville  
Thursday  
Quarterfinals in Anders tourney -- four games, starting at 1 p.m., at Ford Field, Livonia.

**Friday**  
Semifinals in Anders tourney, at 6 and 8:30 p.m. at Ford Field.  
Saturday  
Finals in Anders tourney at Ford Field, Livonia, 1:30 p.m.

**TRACK**  
Tuesday  
Northwest Suburban League vs. Suburban Six League at North Farmington.

**Wednesday**  
Clarenceville in Wayne-Oakland meet at Northville.  
Friday  
St. Agatha and Our Lady of Sorrows in Catholic League Second Division finals.

**GOLF**  
Monday  
Redford Union and Our Lady of Sorrows in State meet at Midland.  
Tuesday  
Oak Park, John Glenn and Thurston at Rackham.  
Wednesday  
Thurston, Groves and Franklin at Franklin.

**TENNIS**  
Monday  
North Farmington at Farmington.

**Tuesday**  
Suburban Six League meet at Trenton.  
Wednesday  
Northwest Suburban League meet at Glenn.  
Interlakes League meet at Stevenson.

## Coho Film Available

"Coho," the Conservation Department's new color-sound movie, is now available free from the agency's film loan section in Lansing.

Because of the heavy demand for the 28-minute film, sportsmen's clubs and other organizations must make their loan reservations three weeks in advance. They are also urged to list an alternate showing date in case a booking cannot be made for their first choice.

## Lacrosse Team Seeks Revenge

The Detroit Olympics lacrosse team will be out to avenge its first loss of the season when it hosts Toronto at Olympia Sunday evening at 7 p.m.

Toronto ended Detroit's five-game winning streak, 13-12, Wednesday despite an eight-goal rally in the final period by the Olympics. Gaylor Powell had three goals for the Olympics who continued to lead the league.

The Lakers jumped on Dan Wolfman for all their runs in the first four innings. Thereafter Mike Daly sparked in relief for the Falcons. Two unearned runs in the first inning started Walled Lake on its winning way.

Joe Himmelsbach paced the Farmington attack. He drove in two runs with a single and also unloaded a homer.

Farmington finishes its season Monday, playing North Farmington.

## Trojans Add Mile Mark To Feats

Brian Kent, already the holder of the Clarenceville High 880-yard run record of 1:57, added the school's mile mark to his list of achievements when he was timed in 4:23.7 against Bloomfield Hills Andover.

However, he failed in his bid to add the 440-yard varsity standard when he finished in 51.9 seconds while winning against Holly.

Despite Kent's running, Clarenceville lost both meets. Andover breezed over the Trojans, 96-21, while Holly beat Clarenceville, 66-52.

Against Andover, Tim Lally accounted for Clarenceville's only other victory by taking both hurdles.

He also won the two hurdles and tied for first in the high jump against Holly while Kent won the 440, Bruce Hoffman the 100 and Rick Stearns the 220.

Clarenceville also captured the mile relay.

## Overhaul Tiger Pitching

Almost without notice, the Tiger pitching staff has undergone a major overhaul in the past year.

Only four pitchers on the staff at the beginning of 1967 were still with the club at the start of 1968. They are the Tiger starting aces--Earl Wilson, Denny McLain, Joe Sparna and Mickey Lolich. Every one else is new since opening day of last year.

The average age of Manager Mayo Smith's hurlers is 25.18 years. Its oldest member, Wilson, 32, is not old enough to be elected president, and the youngest, 20-year-old Les Cain, cannot vote.

Lolich is 27; Pat Dobson, Fred Lasher, Dennis Ribant and Sparna 26; John Hiller 25; McLain and Daryl Patterson 24; and Jon Warden 21. Cain, Warden, Hiller, Lolich, Dobson and Sparna were signed by the Tigers.

Lasher signed with Minnesota and pitched briefly for the Twins in 1963. Ribant, a Detroit native, inked his first contract with the Milwaukee Braves. Patterson started his career as an outfielder with the Dodgers and Wilson was signed by the Red Sox as a catcher. McLain was drafted by the Tigers from the White Sox.

THE TIGER HURLERS are from seven states (one from Michigan) and another is a Canadian.

## observing sports

Let's swing down memory lane with all the nostalgia that goes with it!

The occasion is the annual dinner honoring the new inductees into Michigan's Sports Hall of Fame.

The Hall resides in Detroit's Cobo Hall and for those who never have been there, we suggest you make it a stop sometime soon when you visit the big city.

If you have acquired the slightest bit of age, the names of Jack Adams, Ty Cobb, Joe Louis, Walter Hagen, Willie Heston, Fielding Yost and Charles Gehring must mean something to you.

Ditto for Gar Wood, Mickey Cochrane, George Gipp, Gordie Howe, Gus Dorais, Hank Greenberg, Sam Crawford and Eddie Tolan.

The same for Hugh Jennings, Bennie Oosterban, Ray Fisher, Matt Mann, Dutch Clark, Marion Ladewig, Stan Ketchell, Dr. Allen Stowe; also George Sisler, Dutch Schultz, Lloyd Brazil, Bill Hewitt, Bennie Friedman, Schoolboy Rowe, Branch Rickey, Biggie Munn.

Add on names like Tom Harmon, Hal Newhouser, Al Watrous, Ralph Young, George Mullen, Whizzer White, Tommy Bridges, Kiki Cuyler, Henie Manush, Goose Goslin, Bobby Layne, Sid Abel, Mrs. Jean Hoxie, Doak Walker and Jake Mazur.

They and others make up the Michigan Hall of Fame for Sports which this past week swung open to add three more distinguished names—the late John Kobs of Michigan State, plus Ebbie Goodfellow and Harry Kipke.

AS YOU STAND in the corridor at Cobo and stare upward at the various plaques heralding the Hall of Famers, your thoughts zip backward to the days when they were the athletic heroes of the state . . . when you had the privilege of knowing so many of them who are now resting in that most peaceful spot to which all of us someday must go, too.

What's even more nostalgic is to behold the plaques and then turn about to see and greet in person men like Crisler and Munn and Howe and Abel and that grand old lady of tennis, Hamtramck's Mrs. Hoxie.

Mrs. Hoxie appeared to have lost some of her bounce the other evening. What we didn't know is that she had just left the hospital after undergoing major surgery.

What a coach Mrs. Hoxie has been! More than 200 of her charges have won championships of national significance.

## MEMORIES . . . MEMORIES . . . Memories . . .

You looked at the plaques . . . almost side by side, of the late Lloyd Brazil and the still living Ray Fisher who is almost 90 now. And down a ways the plaque saluting John Kobs.

Brazil, Fisher and Kobs . . . and add the late Joe Truske, who never has made it into the Hall—at least, not yet.

Little wonder tears dripped from our eyes. Here were the four men who gave us our chance to umpire big time . . . on the college baseball scene.

It was Kobs who said "okay" to our coming back to Michigan State, as an alumnus, to work such games as Michigan State-Michigan and Michigan State-Western Michigan. It was John who permitted us three times to handle games in the NCAA playoffs.

Fisher, Truske and Brazil . . . they loaded our schedule with games involving Michigan, Wayne and the University of Detroit—not to forget Michigan State.

KIPKE AND GOODFELLOW brought other memories. We were too young when "Kip" played at Michigan, but we recall when he was hired and fired as football coach at Michigan State and later he was named to coach at Michigan where he served for nine years and turned out four Big Ten champs in a row.

Goodfellow was Detroit's first Gordie Howe of the hockey wars. Men like Goodfellow, Sid Howe, Larry Aurie and, of course, the late Jack Adams, laid the foundation for making hockey the game it is in the Detroit area today.

AS ARNIE PALMER, the evening's main speaker, declared: "Memories are the greatest thing one can have."

Palmer also contributed a couple of other significant subjects for us to chew on:

"Sports today are helping to keep our country together . . . and let it not be said that the people who run the various aspects of sports aren't sitting on top of the situation. Otherwise, such rulings as affected Roberto DiVincenzo in the Masters and Dancer's Image in the Kentucky Derby and Preakness might not have happened."

## RU, Bentley Nines In Hot Battle

Will there be an outright champ. . . co-champs. . . or four champs?

Only this, the final week of the Suburban Six League baseball chase will decide what's what at the top of the pack.

With time running out, Redford Union holds a slim lead with six victories and three losses and one game left against Trenton.

Bentley stands second at 5-3 and has games to go with Belleville and Trenton. Both Trenton and Plymouth are deadlocked with 4-4 marks and two contests left—Plymouth's are both against Allen Park.

Thus, either RU or Bentley could win the flag outright or share it or wind up in a deadlock with Plymouth and Trenton.

Redford Union moved closer to the title by blanking Belleville, 1-0, Thursday as Plymouth

nipped Trenton, 3-2, and Bentley won by a 3-2 count from Allen Park.

DALE BJERKE allowed four hits and had to work out of a seventh-inning jam when Belleville put the tying and winning runs on third and second with none out. But Bjerke got the side out on a grounder, pop-up and a strikeout.

The winners notched their only run in the sixth inning when Bill Howe, a big hitter all season in the clutches, sing-

led, roared around to third on Kirk Taylor's bunt hit and scored on Jerry Cook's perfect squeeze play.

John Cederberg, called up from the reserves earlier in the day, made his debut smash hit on the Plymouth varsity, although he needed help from Jeff Gillespie in the seventh inning.

Cederberg, a sophomore, teamed with brother Mike to give Plymouth an all-brother battery.

Trenton scored first on a

bloop hit, an error in the second inning, but Plymouth took a 2-1 lead in the fifth when Barry Good was hit by a pitch, Russ Carlson singled and stole second and Walter Lee connected for a two-run single.

In the sixth Mike Cederberg walked and 'streaked home on Dave Hale's triple with the winning run.

Trenton counted again in the seventh on a walk, fielder's choice and an error before Gillespie arrived to put out the fire.

IT REQUIRED dramatics for Bentley to pull out its victory over Allen Park.

The Livonians trailed, 2-0, when Bentley came to bat in the bottom of the sixth inning. Tim Malone took two bases on a bad throw and scored on a single by Jim Powers.

Still on the short end of a 2-1 count in the last of the seventh, Bentley struck again.

## Jesse Owens, Dan Gurney Honored Again

Jesse Owens and Dan Gurney, members of the Lincoln-Mercury Sports Panel, have each added another honor to their long list of achievements.

Owens, winner of four gold medals during the 1936 Olym-

pics and holder of a host of world track and field records during an illustrious athletic career, has been chosen chairman of the National Sports Committee for Youth Opportunity under the President's Coun-

cil on Physical Fitness.

Gurney, four-time winner of the Riverside 500 and victor in the 24 hours of LeMans, has been selected by Car and Driver magazine the number one driver in the United States.

## Broncs Name Pair Grid Co-Captains

KALAMAZOO -- Two All-Mid-American Conference players have been elected to lead the 1968 Western Michigan University football team.

Elected by their teammates as co-captains for the upcoming season this fall were defensive end Jerry Collins of

John Schroeter walked and went to third on Ken Grates' single. Grates himself took second on the throw.

Bob Cascaden then delivered a fly after which Schroeter scored the tying run. There were two out when Malone broke it up with a single.

Grates tolled the route for Bentley and gave up five hits. His mates helped him out by pulling off three double plays.

EXTRA LOW PRICES FOR ONE DAY ONLY!

## SUNDAY SAVINGS

PRICES SLASHED FOR JUST 6 HOURS FROM 12 NOON TO 6 P.M.

THE LIST of signed Detroit Pistons veterans swelled to seven with the announcement that Harold (Happy) Hairston had inked his 1968-69 contract.

### Sorrows Battles To Final

Everything hinged on Friday's final action in the battle for the pennant in the North-west Division of the Catholic League.

Three teams—Our Lady of Sorrows, Pontiac Catholic and St. Rita—all had a shot at the crown. Sorrows, however, was a game off the pace and had to win while its two rivals lost.

Sorrows had an easy time on Tuesday against St. Mary's of Orchard Lake, pounding out a 9-2 victory to up its record to six wins against three defeats.

After St. Mary's counted twice in the first inning against Ross Patton, Sorrows bounced back in the second to count five times. A grand slam homer by Dennis Perry proved the big blow of the inning as well as the game.

Sorrows added one run in the fourth and two in the fifth before Tom Webster finished the scoring for the victors with another homer.

Patton wound up allowing only three hits while fanning 12 to register the victory.

The Catholic League regular season was to end Friday. The playoffs begin Monday.

### Schoolcraft Golfer 3rd In League

It was a winning season for Schoolcraft College's golf team. Paced by ex-Bentley High star Steve Kazmer, Schoolcraft won nine out of 14 meets in the state junior college league to finish fifth.

However, only the four top teams were permitted to participate in the conference meet at Flint. But Kazmer was picked because of his brilliant play and wound up third overall with a 76-80-156, three strokes off the pace.

Other members of the Schoolcraft team were Larry Wazra, Fred Nell, Larry Dyson, Mike Stevenson and Bill Knutson.

### Drag Drivers To Vie Sunday

Many of the country's top drivers are competing in the American Hot Rod Association's Grand National championships which wind up at the Detroit Dragway Sunday with action beginning at 2 p.m.

The pilots are bidding for \$30,000 in prize money with cars represented in all major categories including Top Fuel, Supercharged Funny Cars, Super Stocks, Top Gas and Junior Fuel eliminator. The track is located on Sibley near Dix Road.

# Livonia To Open New Golf Course Thursday

Observerland's newest municipal golf course, first to open in the area, will start operations Thursday (Memorial Day) in a preview of Whispering Willow, the 18-hole layout in the City of Livonia, operated by the Livonia Department of Parks and Recreation.

## M Teams Win One Loop Title

ANN ARBOR -- Three Michigan spring athletic squads have finished one, two, three in Big Ten championship meets, with only baseball left to wind up the title run this weekend.

The Michigan tennis team compiled one of the greatest records in Big Ten history with a 79-2 record in Conference match play before winning six of nine individual titles at Iowa City last weekend. Although they took only three singles titles, the Wolverines swept all three doubles crowns for one of the finest showings in Conference history.

For veteran coach Bill Murphy it was his tenth Big Ten title winning team in 14 seasons, and now he's planning to shoot for the second NCAA crown under his direction in the national tournament at San Antonio, Texas, June 16-18.

IN TRACK the Wolverines finished second to Minnesota by the margin of a single point 50-49, with Wisconsin only another scant point behind for third in a blanket finish. Movies of one of the events, the 220-yard dash, are being studied to verify or change the first place spot.

Regardless of the outcome, Michigan took three Big Ten titles--Ira Russell winning the long jump; Ron Kutschinski the 880, and Gary Knickerbocker the high jump.

The Wolverines accumulated 15 first places in their 49-point total, and also counted a new Big Ten record in the high jump as Knickerbocker leaped 6'9 1/2" to wipe out the previous mark of 6'9" set by team-mate Clarence Martin last year.

Several Maize and Blue athletes also captured runner-up spots, including the 440-relay foursome; Larry Midiam in the 120-yard high hurdles; Jim Dolan in the three-mile run; Bob Thomas in the discus and Leon Grundstein in the 220-yard dash. Michigan golfers captured third place behind Indiana and Michigan State with 1,526 to 1,511 for the Hoosiers and 1,523 for the Spartans. Randy Erskine, Wolverine sophomore, finished third in the individual scoring, just three strokes off Minnesota medalist Bill Brask's 293 stroke total with 75-75-76-70--296.

## First Round Ends Sunday In Tourney

First-round play winds up Sunday in the fifth annual Les Anders Memorial Invitational baseball tournament at Ford Field in Livonia.

Our Lady of Sorrows takes on Garden City West at 6 p.m. with Wayne facing St. Agatha in the nightcap of the twinbill at 8:30.

The quarterfinals are carded for Thursday with four games booked, starting at 1 p.m. Bentley and Clarenceville, which drew first round byes, are slated to make their first appearances in the meet Thursday.

The semifinals will be played Friday at 6 and 8:30 p.m. with the championship game Saturday at 7:30 p.m.

## R. Union, Sorrows Eye Golf Titles

Redford Union and Our Lady of Sorrows Highs go after state high school golf honors in Midland Monday.

Redford Union won the regional Class A title with a team comprised of Larry Roy, Dennis Anderson, Bill Styles and Dave Dubois. The same combination also brought RU the Suburban Six League title.

Sorrows will go after the Class C state crown with a foursome of Terry Doyle, Tom Strand, Bob Bremner and John Gadaw. Sorrows placed second in the regionals.

DPR Supt. John Dufour indicated that only the front nine will be opened for play Thursday with the back nine scheduled for play in late August or early September.

Under construction for two years, the course, which was financed by millage approved

by a vote of property owners, will measure 6245 yards with a par of 72--36 for each nine. The front nine is reported in excellent shape by golfers who have been able to make inspection tours during the past week.

However, the clubhouse,

which will include a pro shop and concession area, has been delayed by the building trades strike and may not be available for use this season.

GARY WHITENER, assistant pro at Knollwood Country Club for many years, has been hired

as pro at Whispering Willows. He has been on the job since the first of May, supervising some of the work on the greens and fairways and setting up a temporary pro shop.

Dufour announced the rate schedule and general rules of play for the course. Starting

with Memorial Day, it will be opened for play at 6 a.m. daily. The Department of Parks and Recreation has set two rate schedules, one for residents and the second for non-residents.

The rate for residents: Monday through Friday, \$2 for nine holes and \$3 for 18 holes; Saturday, Sunday and Holidays, \$2.50 for nine and \$4 for 18. For non-residents: Monday through Friday, \$2.25 for nine and \$3.50 for 18; Saturday, Sunday and holidays, \$2.75 for nine and \$4.50 for 18.

The DPR Commission also has set a charge of 25 cents per person for reserved starting time on Saturday, Sunday and holidays.

THE NEW COURSE makes Livonia the only city in the area operating a municipal golf links. New semi-private and private courses have been opened in Farmington and Northville Township in recent years but other than the City of Detroit, Livonia becomes the only city in this section of Western Wayne County with a municipal course.

Financing was assured by a favorable veto more than two years ago and the Recreation Commission immediately began the task of selecting a site. With that task accomplished, the work of constructing the course with the grading, building

of the greens and outlining the fairway was started and is just now nearing completion. The Commission had hoped to have the clubhouse and pro shop ready for the Memorial Day opening but the building trades strike put an end to those plans. Members of the Recreation Commission, city officials, councilmen and governmental heads from adjoining communities have been invited to the opening ceremonies.

## Notice of Public Sale

Notice is hereby given that the goods here and after described will be sold at public sale to the highest bidder, (terms cash) on the twenty-ninth day of May, 1968 at ten o'clock, a.m., at Clark Equipment Company, 12851 Prospect, Dearborn, County of Wayne, State of Michigan.

Description of Goods to be Sold  
1960 Fruehauf platform trailer, equipped with 8 10:00x20 used tires, serial number F W 308305.

1964 Monon platform trailer, equipped with 8 10:00x22 used tires, serial number 7775.  
Clark Equipment Company reserves the right to bid at the sale.

The above described goods were retaken pursuant to the terms of a Security Agreement, Conditional Sale Contract or Chattel Mortgage dated August 16th, 1966 entered into by and between Clark Equipment Company as Seller and Secured Party and Franklin Brown car unloading company as buyer and debtor.

Clark Equipment Company  
Brown Trailer Division  
Post Office Box 547, Dearborn, Michigan, dated May 17, 1968  
PUBLISH 5-22-68 and 5-26-68

## Northville Downs Sets 25th Anniversary Opener

Northville Downs, Michigan's pioneer night harness racing plant, is busy preparing for its silver anniversary meeting opening Thursday, May 30, and continuing for 54 nights. It marks the first time in state history that a parimutuel track has opened on a holiday.

All of which makes the 25th anniversary even more colorful. It also gives the 'Downs a long weekend holiday for its first three nights which Executive Manager John Carlopredicts will be the biggest in the track's history.

The Northville plant today is a far cry from that which became the first in the midwest to stage night parimutuel harness racing. Then there were ancient wooden barns with a capacity of less than 400--today there are modern, winter type structures capable of holding more than 700 horses.

Then the grandstand was an old wooden affair with a seating capacity of less than 2,500. Today stands a steel, concrete building with a seating capacity of 5,000 and parking facilities for as many as 3,500 cars.

IN ADDITION there is a modern paddock with stalls for enough horses for a complete 10-race card and stall facilities on the ground level for more than 60.

Then there's the modern re- Francie Kraker of the Michiganamges Track Club set a Michigan AAU outdoor 1500-meter record of 4:51.4 in the First Tri-State Invitational Track Championships in 1968.

Mike Clark, Wayne State University's second-baseman from Royal Oak Kimball, set a school batting record in 1966 as a freshman by accumulating 40 total bases on his safeties.

Wayne State University's new football opponents for 1968 include Temple University, Augustana College, Washington University (St. Louis), and Washington & Jefferson.

Wayne State University's track and cross-country Coach Dick Swanson earned six varsity letters in the two sports as an undergraduate at WSU.

GOOD REASON for the big smile on the face of Redford Union's John Morrison-- he had just completed a sweep in the hurdle events at the Suburban Six League track championships even though his team finished second in the standings.

## Dale Perin Elected By Accountants

Dale O. Perin, controller for The Observer Newspapers, Inc., has been named vice president and president-elect of the Ann Arbor Chapter, National Association of Accountants.

Perin has worked in the accounting field 10 years and has been with the Observer chain for the past year.

He and his wife, Shirley, reside with their four children at 1320 Cambridge Rd., Ann Arbor.

Perin last year was named vice president of the Ann Arbor Chapter.

# Handy Named Top State Teacher

Roger Handy, Redford Union special education teacher, was named Michigan's "outstanding young educator" Thursday in East Lansing.

Handy, who is also chairman of the Parks and Recreation Commission, won the Redford Jaycee outstanding young ed-

ucator (OYE) award last fall, qualifying him for competition with 17 others for the state title.

The announcement came at the Jaycee OYE "congress" held in the MSU Union ballroom. The Handys were noti-

fied Tuesday that "it would be a good idea to be present" at the banquet. Other than that, they had no inkling that Roger had won.

"The suspense was terrible," Roger's wife, Jean, said. "They started off with words 'A 31-year-old teacher...' and I was so excited I couldn't remember how old Roger was."

A CONTINGENT of 15 Redford Jaycees were among the 200 at the dinner which featured Brulio Alonso, president of the National Education Association, as guest speaker. His topic was "Today's Teacher."

Roger was presented with a plaque and \$200 U.S. savings bond by Robert Padgett, of Westland, president-elect of the Michigan Jaycees.

Next stop for the Handys will be Phoenix, Ariz., where Roger will compete for the national title on June 10.

Sponsored nationally by the U.S. Jaycees, the OYE program is designated to focus attention on the achievements being made in the teaching profession.

ROGER HANDY

## He'll Run For Trustee

Roger Handy, Redford and now Michigan's "outstanding young educator" announced today that he will run for the post of Township trustee in the fall election. He will run against incumbents Rhys Lewis and Robert J. Anderson.

## Redford Socially Speaking

By Mrs. Grace Banks

Mrs. Wallace Sloan recently spent 10 days in Chicago at the home of her mother, Mrs. Arthur Szymanski. A highlight of the visit was watching the miniature presentation of the opera "I Pagliacci" while lunching at the Kung Sholm Restaurant.

MRS. HELEN GOODWIN, Redford Township's noted button collector, reported that during her vacation in Florida she had entered eight trays of buttons in the Florida State Show and had received seven blue ribbons. She also had the honor to be asked to judge a show.

MRS. PAUL ROGERS, who with her husband, is leaving to make her home in Lantana, Fla., was the guest of honor at a dinner May 9 in the Hillside Inn. She was presented a gift from the following: Mrs. George Davis, Mrs. Estelle Vaughan, Mrs. Walter Hirtzel, Mrs. Nadine Freeman, Mrs. William Barnett, Mrs. Donald Barnett, Mrs. Vena Sedore, Mrs. Dorothy Pettit, Mrs. Lewis Dickens, Mrs. Walter Hartley, Mrs. Temple Wiles, Mrs. Nathaniel Banks, Mrs. Lawrence Setter, Mrs. Harold Klineck, Mrs. Ted Ford and Mrs. Leslie Rae.

A TOUR OF Hidden Gardens and luncheon at Bauer Manor on Evans Lake in the Irish Hills was enjoyed on May 14 by 12 members of the Redford Township Garden Club and three guests, Mrs. Lewis Dickens, Mrs. Merrick Leaf and Mrs. Edith Lipa.

The club extended best wishes to Mrs. Leon Cutsinger who is moving to Huntsville, Alabama. The annual meeting and election of officers will be held June 11 at the home of Mrs. Nathaniel Banks with co-hostesses, Mrs. William Hermann and Mrs. Ray Banwell.

An auction-luncheon will be held at 10 a.m. prior to the meeting. For reservations call KE 2-7345 or KE 1-1848.

THE NEWLY-ELECTED officers of the South Redford Business and Professional Women's Club are: President Mrs. Marie Ahrens, Vice President Mrs. Mildred Rowison, Recording Secretary Mrs. Diane Johnson, Corresponding Secretary Mrs. Marie Lundy and Treasurer Mrs. Gertie Wilkerson. They will be installed by Mrs. Julia Jewell on June 6 at Paul's Restaurant.

MRS. WILLIAM STARR and Mrs. William Hermann attended the spring luncheon of the Livonia Women's Club held May 16 at The Centaur on Walnut Road.

## UD Sets Theater Seminar

Registration is now open for the Theatre Arts Seminar for high school juniors, seniors, and graduated seniors at the University of Detroit.

The four week course will offer instruction in the fundamentals of acting, introductory stagecraft, principles of costume and make-up, appreciation of the drama and stage movement.

"The seminar will better prepare high school students for college work in the drama," said Dominic Missimi, director. "They will work closely with those involved in the summer repertory festival productions of 'The Fantasticks' and 'Thieves Carnival'."

Classes will meet daily from 10 a.m. to 3 p.m. July 1 through July 26. Registration deadline is June 17, tuition \$40. For further information write Theatre Arts Seminar, U. of D. Theatre, 4001 W. McNichols Rd., Detroit 48221.

## Montreal Exhibit Hosts Irish Tavern Fare

A little bit of heaven from Ireland 'cross the sea will be seen this year at Montreal's "Man and His World" which opened as a permanent exposition May 17.

Ireland did not participate in the extravaganza last year when it was Expo 67 and would not be there this season but for the fierce pride of two Canadian Irishmen and a Canadian Scotchman (yet).

WHILE the Irish government was giving deep thought to the project, Kenneth J. McKenna, a florist, James Donaldson, an architect, and Kenneth Mackay, an attorney, all of Montreal,

took it upon themselves to make numerous trips to Ireland where they solicited private funds for an Irish Pavilion.

Their financial combing of the Irish Country--side paid off handsomely, the needed money was raised, and an additional bonus came in the form of many Irish colleens who expressed the wish to act as hostesses at the Pavilion.

The three explorers then met with Montreal Mayor Jean Drapeau and final arrangements for Irish participation were completed.

The pavilion will be known as "Irish House"--"La Maison d'Irlande"--"high na h'Eireann", and will be under the administration of a non-profit organization known as the Irish House Corporation. The Government of Ireland will collaborate with the organizers to the fullest extent.

ACCORDING to McKenna, the pavilion will occupy the Pavilion of Economic Progress on Ile Notre Dame, one of two islands in the St. Lawrence River which was the site of last year's Expo.

A striking feature of the new pavilion will be an authentic replica of Dublin's famous Abbey Tavern, a world-renowned establishment offering food--flown daily from Dublin--Irish dancers, Irish wit and Irish coffee.

McKenna said there will also be a showcase of the culture, history, arts, crafts and industry of the Emerald Isle, such as Irish lace, Waterford glass, Irish distillers' displays and even a memorial to Thomas D'Arcy McGee, the only member of the Canadian Government ever to be assassinated.

All but three of the 62 pavilions of Expo 67 will remain intact, and two additional nations--Ireland and Poland will exhibit for the first time.

Admission tickets called "visas", are being sold at banks, travel agencies, airline offices, transportation companies, and all offices of the American Express Company, exclusive general agents for "Man and His World" in the U.S.

## UD Sets Radio-TV Institute

Registration is now open for the "Advanced Media Institute" at the University of Detroit to be offered in the summer session June 24 through July 26 under the direction of Rev. James A. Brown, S. J., chairman of radio-TV.

"This institute is intended for college teachers of various academic disciplines who wish to improve undergraduate instruction and who have already studied or had experience in educational TV program preparation," explained Fr. Brown.

"We will provide professional ETV/TV staff and technical facilities for systematic, guided training in advanced planning, preparation, production and critical appraisal of educational TV content for use in higher education, with emphasis on practical utilization of TV in undergraduate college courses."

The U. S. government has provided a grant which pays fees, a living stipend of \$75 a week plus \$15 for dependents with tuition waived.

## OBSERVER

## AMUSEMENTS

### Current History At U-D

"America in Our Generation," a history course covering the post-World War II era, will be offered in the University of Detroit summer session for the first time.

"Two timely circumstances this summer afford us an unusual opportunity to relate the immediate past," said Dr. Clifford Reutter, associate professor, who planned the course.

"All candidates and 'non-candidates' for the presidential nomination are products of American life in our own generation, and the course extends to the very eve of the national conventions. We will relate the course to these men as they are exemplars or products of the history of our time."

The course, carries three credits and is offered Monday through Friday, 8:30 to 9:50 a.m. in the six-week summer session beginning June 24.

Registration is now open for this course and the 100-plus other credit courses offered at U. of D. this summer until June 22.

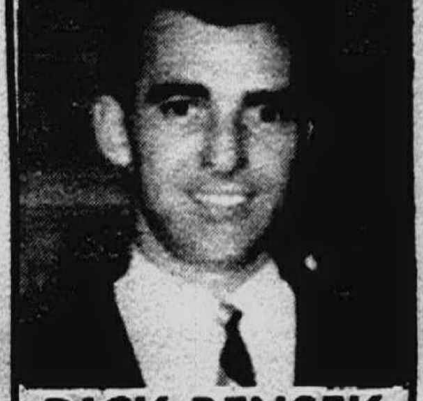

For further information write Summer Session, University of Detroit, 4001 W. McNichols Rd., Detroit, 48221.

# Don't Get Hurt, Be Careful

Before you undertake a fix-it project, make sure that you have selected the right tools for the job, advise safety technicians of the Michigan Department of Labor's Safety Education and Training Division.

Use of the correct hand tools will help you to complete your project safely and successfully. There is a proper tool for every job--and when the wrong tool is selected, such as using a screwdriver as a chisel or a wrench for a hammer, there could be personal danger as well as damage to the tool.

**The Green Thumb**  
By GEORGE ABRAHAM

**INSPECT YOUR TOOLS** to make sure that they are clean and in good condition, the safety technicians suggest, as damaged or defective tools cause accidents resulting in injuries.

A cutting tool that is dull can bind or slip. Tools with wooden handles, such as hammers, should be free of splinters and the heads should be secure.

The safety experts also make

the following points: carrying tools in your pocket is a dangerous practice, particularly if the tools are pointed or sharp; don't hold your work

in the palm of your hand when using a screwdriver, as a slip can cause a painful injury; when using a wrench, always pull rather than push.

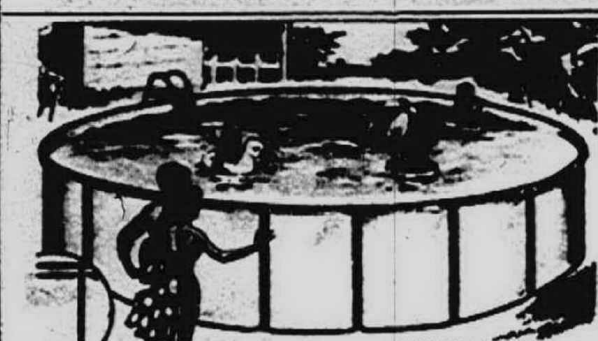

After completing the job, tools should be stored in their proper place. Tools left on the floor can cause trips, or if they are hung improperly they might fall, causing damage or injury. Cutting tools should be stored so that the edges are protected.

In summing up, technicians point out that hand tools don't cause accidents, but the people using them do.

# Your weeds fade away or Scotts will pay!

Ever try digging out dandelions?

It's not only hard work . . . it's a waste of time. The roots go down deep . . . sometimes 18-24 inches. And if you leave the least little bit

of root behind it can grow right back up again.

There's an easier way. Turf Builder Plus 2 gets rid of dandelions and twenty four other lawn weeds with no trouble. No mixing. No spraying. No mess. No odor.

There's no guess work about it. Results are guaranteed--or your money back.

...and grass gets thicker

What's more, you'll be feeding your lawn at the same time with Turf Builder--America's favorite lawn fertilizer. Your grass will get thicker

because Turf Builder makes grass multiply itself.

5,000 sq ft 6.95 (50 x 100 ft)	10,000 sq ft 12.95 (100 x 100 ft)
--------------------------------	-----------------------------------

**Want to prevent Crabgrass, too?**

If you are concerned about crabgrass, ask for Turf Builder plus 4. It clears out this pest before it can get started and disfigure your lawn. It also gets rid of the dandelions and other such weeds--in addition to feeding your grass to new thickness and beauty.

# Radatz May Answer Tiger Problems

One of these days Dick Radatz of Farmington may be able to cut down on the amount of traveling he does to get to work.

Radatz, the one-time "Monster" of the Boston Red Sox when he was considered the No. 1 relief pitcher in baseball, has been commuting between Farmington and Toledo, where he has been trying to win himself a job back in the majors—with the Detroit Tigers.

By the looks of thing, Radatz could be close to that chance to pitch in the majors again. He appears to have found himself again after some unhappy years that saw him fade away from the Red Sox to Cleveland to the Chicago Cubs to the minors and then out of baseball for a brief time this spring.

Then the Tigers expressed an interest in Radatz. They brought him to Tiger stadium to hurl under the guidance of coach Johnny Sain.

RADATZ SEEMED to know what he was doing wrong. He had stopped throwing hard overhand. Instead he was coming sidearm.

Sain helped Radatz rectify the situation and in recent weeks Radatz has become a star for the Toledo Mud Hens. A week ago he hurled a 2-0 shutout and fanned a dozen. He allowed four hits, fanned 11 and beat Buffalo, 4-1, the other night.

Tiger manager Mayo Smith knows how important a big man can be in the bullpen.

The lack of same made the difference Wednesday night when the Tigers lost to Minnesota, 4-3, after rallying to tie the game.

Detroit had come back on

Don Wert's second homer, a pinch triple by Gates Brown and a pinch single by Al Kaline, who was held out of regular action because of a sore back.

But in the Minnesota eighth, Smith brought in Fred Lasher to replace starter Mickey Lolich and Lasher quickly was tagged for a double and single...and that was the ball game.

In contrast, Minnesota turned to its ace relief pair of Ron Perranoski and Al Worthington and they were able to preserve the lead.

AS IT NOW stands the Tiger relief corps lacks maturity. Smith has been going with the likes of Lasher, Jon Warden and Pat Dobson with Dennis Ribant and Daryl Patterson getting very occasional calls.

Thus, Radatz could be the answer, if he truly has licked the wildness that sent him out of the majors after his great campaigns in Boston.

Lolich made one bad pitch in the game—a three-run homer to Jim Perry, the Minnesota starting pitcher. The loss was the second in

a row for the Tigers in Gopherland. They had dropped a 3-1 decision on Tuesday which Rich Rollins singled in two runs off Joe Sparta in the eighth inning after Tony Oliva received an intentional walk so that the Tigers could get at the "easier" Rollins.

Things didn't work out that way and now Sparta is 3-4 for the season.

The Tigers actually were lucky to get out of Minnesota with one victory. They won the opener, 4-3, with three runs unearned, including the winner. The only "honest" Detroit run was a homer by Willie Horton.

Throughout the series, the Tigers bats didn't pop the way they should if the team is to remain in first place.

# Columbia Gets Tough With Rebels

NEW YORK — Columbia President Grayson Kirk took a tough stand last week against rebellious students saying he is prepared to discipline, suspend or expel "any number" and there was "no likelihood" of amnesty.

Kirk's statement followed the second police raid within the month which resulted in 56 more persons injured, including 16 policemen. The month-long rebellion has resulted in 996 arrests and more than 200 injuries.

Rejecting the students most pressing demand, amnesty, Kirk said: "I think it is important for me to state if disciplinary probation, suspension or even permanent expulsion must be dealt out to any number of students, this action will be taken."

DETROIT — Governor Nelson Rockefeller appearing before the Economic Club of Detroit accused the Johnson administration of "grave failures of leadership" in meeting the nation's economic problems.

Rockefeller claimed that inflationary pressures cutting in to purchasing power does more harm to low-income persons than the Great Society has helped.

He proposed the following measures: a halt in the public spending increase; a temporary income tax increase; a review of U.S. commitments around the world; the avoidance of further controls and regulations.

WASHINGTON — Congress has sent to the White House a comprehensive truth-in-lending bill regarded by supporters as one of the strongest consumer protection measures in recent history.

The measure is meant to give consumers full and clear information on how much they pay in interest and other charges on loans and credit purchases. The bill would also impose restrictions on garnishing wages to satisfy debts, make extortion by loans sharks a federal crime, and attempt to protect homeowners from unknowingly signing second mortgages to finance home repairs.

WASHINGTON — President Johnson has accepted the resignation of John A. Gronowski as Ambassador to Poland. The former postmaster requested return to this country for "personal reasons."

LOS ANGELES — Hundreds of college students have charged nearly \$50,000 worth of telephone calls to a credit card number reportedly belonging to actor Steve McQueen, who doesn't have one.

Telephone officials are trying to collect from callers all over the country and so far have identified 116 suspects in southern California. The binge started last fall when a campus newspaper ran an ad saying McQueen was heading for Europe after a beef with a phone company and invited everyone to use his charge number. In some cases, the card number was attributed to actor Paul Newman.

RICHMOND, Va. — The first half of a survey published by the University of Richmond newspaper dealt with student use of marijuana and other drugs. The administration of the Baptist-affiliated school, however, stopped publication of the second half of the survey which dealt with student sexual attitudes.

NEW YORK — Three well-dressed men robbed a Queens bank of between \$250,000 and \$300,000 last week. Armed with two revolvers and a sawed-off shotgun, the men forced tellers to take the money from the main vault and escaped.

WASHINGTON — The population of Resurrection City, U.S.A., fluctuated rapidly last week as Poor People's campaign officials sent 200 demonstrators home and welcomed 400 more.

The departing group was composed largely of Chicago and Detroit militants expelled for disciplinary reasons. The sponsor of the campaign, Rev. James Bevel, said the youths beat up on white members of the camp, interfered with workers and were hostile to the press. The arrivals and departures left the shantytown headquarters near its capacity of 3,000.

WASHINGTON — The Justice Department has formed a new unit to investigate organized crime's involvement in the nation's labor unions.

The unit is investigating violations of these laws: the Hobbs Act, which prohibits extortion affecting interstate commerce; Taft-Hartley Act, which prohibits payment of

## NATIONAL ROUNDUP

bribes; and the Labor Management Reporting and Disclosure Act, and the Welfare and Pension Plans Disclosure Act, which are aimed at stopping embezzlement of union funds.

WASHINGTON — The Administration crime control bill appears headed for legislative defeat unless Senate provisions overturning recent Supreme Court decisions are removed.

One such provision would reverse recent Supreme Court decisions limiting the use in court of confessions and lineup identifications. Another would authorize, under court supervision, wiretapping and electronic eavesdropping against a broad variety of crimes. The third controversial provision, already passed by the Senate, bans mail-order sales of handguns.

ST. PAUL — Stephen Maxwell will become a district court judge on July 1 — the first Negro in Minnesota history to ascend to that high position on the bench. Maxwell served as assistant Ramsey County attorney and as St. Paul city attorney before being appointed last July 1 as a municipal judge. In 1966, he was the Republican candidate for the congressional seat held by Rep. Joseph Karth (D-Minn.)

WASHINGTON — The General Accounting Office has found misleading reports that counted some aid recipients more than once, unjustified financial claims and other shortcomings in Chicago's anti-poverty program.

The GAO, auditing arm of Congress, investigated the anti-poverty agency in Chicago headed by Mayor Richard J. Daley and found that reports given to the Office of Economic Opportunity by Chicago "may have given the impression that significantly more persons and families were served than were actually the case." The agency also indicated Chicago was not paying its share of program costs.

Following similar GAO disclosures about Detroit's anti-poverty program, the OEO pledged stricter reporting requirements would be imposed.

HONOLULU — The Hawaii local of the International Longshoremen and Warehousemen's Union is demanding Sunday closing for retail stores. "We feel that Sunday is a traditional day of rest and people should not work on Sunday," said Eddie DeMello, the union's legislative representative.

COLUMBUS — Investigation is being made of an Ohio State University high-rise dormitory fire that took the life of a coed and injured 15 others, two critically.

Tests are being made from materials taken from a foam padded couch. Arson is suspected as causing the fire on the 11th floor where some 70 girls live.

Student Body President J.C. Shaffer said students living in the dormitory complained recently about their living conditions and fire hazards, and voiced a fear their lives were in danger by living in the structure.

COLUMBUS — James R. Thompson is starting a one-man war on agitators at Ohio State University. Thompson is circulating petitions to expell and prosecute campus agitators whom he estimates represent only one-fifth of one per cent of the student body. He was spurred to action when a group of Black Student Union leaders seized the administration building last month. He said he has given several hundred signatures during the first week he circulated the petition and hopes to have 2,000 before presenting it to university officials.
