DPW Demonstrates

The 16 employees of the City of Plymouth Public Works Dept. who are members of the Teamsters union, decided Friday to add emphasis to their demands by a 2½-hour picketing of City Hall. There was no work stoppage and union officials said that any picketing at this point will be on their own time. Their contract expired March 28 and negotiations have been in progress for some time. Any agreement is expected to be retroactive.

New Concert Hall

One of Plymouth's top musical events every year is the spring "Parade of Bands," and this time it has even greater significance. All 11 bands from the schools will join in presenting Tuesday's concert, and for the first time the new high school will be the site for the event.

One Definition

As a newspaper reader, undoubtedly you have shaped your own definition of news. It is a subject that is discussed in today's Bifocals, linked with how freedom of news is part of the philosophy of "the people's right to know."

Women and want ads go together. The ladies love the money they can make with Observer Want Ads. That's why we want to remind them to save the Observer carrier collection receipt their husbands get when they pay the new 60¢ a month on the Carrier Subscription Plan. The receipt is also a coupon worth 60¢ toward an Observer Want Ad. Beautiful idea? We think so.

DEBATERS — Four Plymouth High School students have been awarded certificates of merit for having distinguished themselves as outstanding debaters. They participated during the 1970-71 season in the Michigan High School Forensic Association debate series. Holding trophies won in previous debates are (from left) Jill Jackson, Armando Menendez, John Lang and Jill Price. (Observer photo by Bob Woodring)

ORATORICAL WINNERS — The annual public speaking contest sponsored by the Plymouth Optimists Club produced these winners who are seen receiving their trophies from James Green. All from Our Lady of Good Counsel, they include (from left) Michael Sochacki, 42237 Brentwood, first place; Brian Walcott, 44729 Clare, third place, and Marty Peck, 15131 Robinwood, second place. Their coach was Jack Coury, OLGC eighth grade teacher. (Observer photo by Bob Woodring)

Chief Cites False Alarm Dangers

False alarms, a costly and potentially dangerous prank, are on the increase in Plymouth Township, Fire Chief James Gignac reports.

To date, the department has received six since Jan. 1, which is half the number received in all of 1970. So far this month three false alarms have been turned in, the chief said.

"This is a dangerous and expensive prank," Gignac pointed out.

"Everytime a fire truck is called out, it costs money. Firemen have no way of knowing if there is actually a fire or not and consequently the trip to the site is under fire conditions. The equipment gets there as rapidly as possible."

Gignac said there is always the danger of an accident when a fire truck is speeding to answer an alarm.

"An accident could result in loss of life or serious injury. The danger is just as real if the run is only for a false alarm."

Another problem in false alarms cited by Gignac is the fact that in answering the call, the fire station is taking a piece of equipment out of service at the station.

"It could be that while the men were answering a false alarm, the station would get an alarm for an actual fire and wouldn't have the equipment to send," he pointed out.

Since the township does not have fire alarm boxes, the

calls are received by telephone, he said.

The chief pointed out that anyone convicted of turning in a false alarm faces a \$100 fine or 90 days in jail, or both.

INFORMATION received

by Gignac that a Detroit firm is selling alarm systems in the area claiming the fire department has approved the product brought a statement of denial from the chief.

"The fire department does not recommend any product," the chief emphasized.

"If any resident is approached by an alarm salesman, they are invited to call us and we will be happy to test the system."

Gignac said some alarm systems are good and some are not.

"The danger of any alarm is that it sometimes gives the owner a false sense of security."

The product being sold in the township is a smoke and heat alarm for homes, Gignac said.

Quartet To Present 6 Concerts

Six "Excursions In Music" concerts for the entertainment of Plymouth area fourth and fifth graders will be presented Monday and Tuesday by a string quartet sponsored by Detroit Adventure, the Plymouth Symphony Society and elementary school PTAs.

On Monday, April 26, the quartet will perform at 10 a.m. at Allen School and then at 1:15 p.m. at Tanger and 2:30 p.m. at Farrand.

The schedule for Tuesday, April 27 calls for appearances at 10 a.m. at Smith, 1:15 p.m. at Ishbister and 2:15 p.m. at Bird. Students from other elementary schools will be taken to the host schools according to the geographical pattern in which they are included.

Chairman for the project, representing the Plymouth Symphony Society, is Mrs. Robert (Emily) Sparling.

"Excursions In Music" is a

project designed to bring the cultural opportunities of Detroit to the attention of the children in public and parochial schools throughout the metropolitan area.

Since the program was initiated in 1959, more than 1,000 individual concerts have been given by these string, brass, woodwind, harp

and percussion ensembles.

The concerts are given in the schools by professional musicians who discuss the music, explain and demonstrate their instruments, and answer the students' questions. It is estimated that since 1959 at least 350,000 school children have heard such Detroit Adventure concerts.

KOREAN ARTISTRY — Bird School students received authentic instruction this week in dances, games, songs and customs of Korea. It came from two Korean natives who now reside in the area, Mrs. Ilhyang Kim and Mrs. Chung Mae Kingman, here performing a dance of her homeland. (Observer photo by Bob Woodring)

Pauli Awarded Combat Badge

Army Pfc. William D. Pauli Jr., 20, whose parents live at 9162 Tavistock Dr., Plymouth, recently received the combat infantryman badge while serving with the Americal Division in Vietnam.

The award was originated during World War II to recognize the role of the infantryman. The CIB can be awarded only to a member of an infantry unit of brigade, regimental or smaller size unit who satisfactorily performed in active ground combat against a hostile force for a period of time.

In honor of its singular meaning, the badge is worn above all other awards and decorations, over the left breast. It is a blue rectangle with a silver rifle mounted on it, superimposed over a curved wreath. Subsequent awards are represented by stars at the top center of the wreath.

Pauli received the award while assigned as a rifleman in Company D, 1st Battalion, 20th Infantry of the division's 198th infantry brigade near Duc Pho. He entered the Army in June 1970 and was last stationed at Ft. Campbell, Ky.

INTRODUCTION — Plymouth Township's fire department has two new men added to the force. Getting instructions on the department's snorkel from Fire Chief James Gignac (left) and Sgt. Fred Knupp are the new men, Chris Degen, in the basket with Knupp; and James Bailey (right) with Gignac. (Observer photo by Maurice Walker)

The Stroller...

'Farmer's' Thumb Is Too Green

This is the season of the year when each mail brings another stack of multi-colored seed catalogues. They picture the most beautiful looking flowers and the most luscious appearing vegetables, and all so easy to raise - by just following a few simple instructions.

But never does The Stroller look at one of them than he recalls some interesting experiences as a "gentleman farmer" who oftentimes has tried to duplicate the pictures in real life.

Back home, in the days of his youth, there always was the little garden patch - a bit

of earth about 20 feet square - in which mother managed to raise more vegetables per square foot than many farmers.

In that little vegetable garden she managed to come up with a nice batch of green onions, leaf lettuce, several tomato plants, carrots and the other edibles produced in the common garden.

Funny thing, she never wanted any help. She wanted to dig and cultivate the ground "her way." And she never failed to have a good crop.

So, years later, when The Stroller got a bit of ground of

his own, his first thought was to try to duplicate what mother had done.

INSTEAD OF A small 20 foot section, he became ambitious and had to have a garden that was four times that size. The ground was there, he thought, so why not use it?

What a surprise he was to get!

As he stood looking at the nice, fresh, fertile soil, he had visions of some wonderful sights and, better yet, some wonderful enjoyment of fresh vegetables.

In due time the ground was

prepared, the seeds planted. He stood back, just waiting for the miracle of gardening to unfold.

He had followed instructions to the letter - even to the mounting of little hills for the cucumber seeds. Instead of dropping one little seed in each opening, he dropped four or five on the theory that nothing much could come from one little seed.

What little he knew! Then came the string beans - and he planted four rows, each about 30 feet in length. It was the same with carrots.

To grace the garden, he

planted 200 red raspberry bushes because he liked nothing better than those "red lathams" with cream.

He didn't have long to wait.

IN A FEW WEEKS a neighbor lady said, "Your cucumbers soon will be ready to run," and The Stroller, being a neophyte said, "run where?"

He found out. Those cucumbers ran all over the garden. And the yellow string beans - the more we picked, the faster they seemed to grow. It was the same with the red raspberries.

For a few days there was

great enjoyment - just looking at the crops.

The climax came one evening when The Stroller, unable to control his desire, started picking the beans. One large bag of them. Then another.

With the two big bags he sauntered to the kitchen door and called into the little woman:

"Where do you want me to put these beans?" "I don't care where you put them - just don't bring them to here. I picked some today and I've got plans and cucumbers all

2 Area Craftsmen Exhibit At Institute

Ceramics, textiles and jewelry by 13 Michigan craftsmen, including two from Observerland, will be featured in the Museum Shop at the Detroit Institute of Arts during April and May.

John Glick of Farmington and Richard Saunders of Plymouth will have pottery on display and for sale.

Other artists in the sale are Joan David of Huntington Woods, Hiroko Ininger of Birmingham, Tyrone and Julie Larson of Royal Oak and John Loe of Ypsilanti, pottery; Elen Auil of Romeo and May Douglas of Royal Oak, weaving; and Karen Hills, of Okemos and Bruce Blyth, of Franklin, jewelry.

This special presentation is a tribute to the skill of the individual artists.

Appropriately it will continue through Michigan Week, May 15 to 30.

The Museum Shop, located off the Farnsworth entrance lobby, is open Tuesday through Sunday from 9:30

a.m. to 5:30 p.m. Organized by the Founders Society, it is managed by David Henry Krahel of Birmingham, assisted by a volunteer advisory committee, headed by Mrs. Stanley Winkelman of Detroit. Mrs. Mettie Baron Golub of Southfield, Mrs. Resse Wilkins of Grosse Pointe Farms and Mrs. J. Denton Anderson of Bloomfield Hills.

Another Founders committee, headed by Ruth Bowman of Detroit and Mrs. Ivan Frankel of Farmington, helps in staffing it.

Marygrove Chorus Will Give Concert

DETROIT

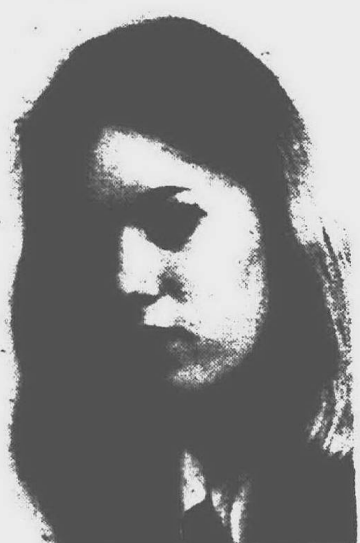

A spring concert by the Marygrove College Chorus at 3:30 p.m., Sunday, April 25, will include works by Handel, Pergolesi, Frost and Thompson.

A Livonia student, Margaret Krause, daughter of Mr. and Mrs. Michael M. Krause, and two from Redford Township, Mary Glasgow, daughter of Mr. and Mrs. Bert Glasgow, and Kathleen Rust, daughter of Mr. and Mrs. Edward C. Rust, are in the chorus.

The concert will be held in the college auditorium and there is no admission charge.

A LIVONIAN, Carole Valleskey, will play the lead role of Swanilda in the ballet "Coppelia" Sunday, May 2. Ronald Jones of Detroit plays her fiance, Franz. Carole is the daughter of Mr. and Mrs. Roy E. Valleskey. The ballet will be performed in the Louis E. Schmidt auditorium, Clarenceville High School, 20155 Middle Belt, Livonia, at 7:30 p.m. by the Severo Ballet Company. Music will be by the Plymouth Symphony. The auditorium box office will be open April 26 to 30 from 10 a.m. to 1 p.m. Tickets are also available from Mrs. Jan Slatin, 20394 Louise, Livonia.

Clark Suttle Is Among Top 10 At Interlochen

Clark Suttle of Livonia, a string bass player, received a cheering, standing ovation and a place among 10 winners in the Michigan Youth Arts Festival auditions at Interlochen last Saturday.

This was a repeat performance for Suttle. He also won in 1970.

Another Livonian, Eleanor A. Roth, violinist, was among the 18 finalists.

THE TWO WERE in the last 18 of more than 25,000 Michigan music students from more than 400 high schools who began competition early in the year. Seventy-three reached the

semi-finals and 18 the finals, which were judged by 15 music teachers from across the state.

The 10 winners will perform their selections with a specially-chosen orchestra at the Michigan Week Youth Arts Festival. Five will be in Traverse City May 21 and five at the Interlochen Arts Academy May 22.

Suttle, a senior at Franklin High School, performed Paganini's Variations on the G String on a Theme by Rossini. He is the son of Mr. and Mrs. George W. Suttle, and his teacher is Lawrence P. Hurst.

Miss Roth, daughter of Mr. and Mrs. William A. Roth is a junior at Bentley High School. She played DeFalla's "Espagnole."

The festival is the closing event of Michigan Week. In addition to the individual winners in music, the state honors orchestra, band and choir will perform May 22 on the Interlochen campus.

Harry Welliver of Ann Arbor heads the festival activities which will also include competition in classical ballet and the visual arts.

Club Plans Concert

Seven Livonia and Farmington women will be singing in a spring concert Sunday, April 25, at 3 p.m., in the auditorium of Ford Central Office Building, Michigan Ave., and the Southfield freeway, Dearborn.

They are among the 35 talented women singers from Detroit and suburbs who are members of the Madrigal Club. From Livonia are Mrs. P.H. Foss, Mrs. Vernon Oxender and Mrs. E. Eugene Weaner, and from Farmington are Mrs. Roger Bellanger, Mrs. Neil McCallum, Camille Thompson and Mrs. Lynn Wallas.

This year marks August Maekelberghe's 25th year as conductor of the club, which is now in its 56th year.

THROUGH INFOCALS
By FRED DELANO / Editor: Mail & Observer

THE THEME of today's sermon again is "the people's right to know." However, let's look at it from angles other than the fact that I despise attempts at secrecy from within government, which was last Sabbath's topic.

For one thing, what is news? For another, what does the public want in its news?

I think the honest answer is the same in both cases, but the closer to home that a real touchy issue arises, the less objective the great unwashed public becomes.

I've never read my definition of news in a textbook on journalism, but many years in the trade have taught me that news is anything which interests more than one person; the more who are interested, the more significant that news becomes — and the more prominence it should be given.

Thus, when five teachers are fired by the Plymouth school board — which is our biggest unit of local government, spending the most money, and involved with the most families — it is, indeed, news of major description.

AS I SAY, objectivity fades the closer one is to the center of a newsworthy situation, particularly when that situation is not all peaches and

cream. You may not think that this applies to you individually, but it would be interesting to see how you would react when the shoe begins to pinch.

Mothers and fathers who are delighted to see their names in print, or those of their sons and daughters, when it concerns something for the good of humanity automatically turn antagonistic toward the same newspaper when it is printed that they have offended society.

We in the business get used to it. We know exactly what to expect, for it is the modus operandi of all the public. We live with it, and while we do not enjoy the personal embarrassment often suffered by those in the news, this is no grounds for suppression.

Newspapermen have many acquaintances in public life, but few true friends there. The latter are found among colleagues or stemming from other relationships. You see, it's as simple as this: the right to praise (which everyone welcomes) carries with it the right to criticize (which no one enjoys), and we have no bones about doing either. I can sum it up another way: I am paid to put out a newspaper, not to win a popularity contest.

I AM CONCERNED very sincerely about the number of times it is suggested to me by persons who should know better that certain matters of public record reflecting discussions and decisions by tax-supported governmental bodies be left out of print.

I almost typed the phrase "persons of responsibility," then realized that in our "one-man, one-vote" society this is not an acceptable concept. On public issues, no man's responsibility is either less or greater than his neighbor's. It's a shame that we don't all show equal interest, however.

The person who would suggest deflation or suppression of what we call local governmental news — city, township, school board and county — is saying, although this is the first thing that he would deny, that if this fits his selfish interests here it would be equally just for someone else to do the same at Lansing — and then at Washington. In other words, he is suggesting that his government not be one of freedom at all.

For a parallel, consider the fact that the precinct delegate is the backbone of the American two-party system. This is where it all starts — nine precincts in Plymouth Township and five in the city of Plymouth. The open book of governmental decision starts at exactly the same place. So endeth the lesson.

over the kitchen," was her answer.

That was it. The Stroller hadn't prepared for the flood. And ever since that day, he hasn't been caught again. Those seed catalogs no longer have any attraction for him.

He's satisfied to let some other unsuspecting "gentleman farmer" have all the fun.

Down by the Old Mill Stream.

Yes, Virginia, there really is an Old Mill Stream. The Blanchard River in Ohio.

At the turn of the century, it was where boy met girl. A spot for spooning and crooning, June-mooning. And fishing was a lazy pastime.

It was the idyllic setting that inspired "Till Taylor" to write his famous song in 1910.

Today, sweet sixteens still stroll there, but not in gingham blue. You're more likely to see them in hip boots.

The water is polluted. Fishing

is poor. But the catches are bigger than ever. Old cars, refrigerators, stoves, tires.

The romance is gone. But not for long. RCA employees are helping make the Old Mill Stream good as new again.

The Blanchard runs through Findlay, Ohio, the site of one of our plants.

RCA volunteers there have joined with Hancock County civic groups to start a major cleanup campaign. Not because we're one of the polluters, but because we're members of the community. In fact, our plant engineering manager is co-chairman of the local environmental committee directing the project.

Within a year or two, they plan to clean up the river, plant flowers and shrubs along the banks, build walkways, and install lighting and benches.

Thousands of people at over 40 RCA plants across the country are involved in similar projects, all part of the RCA Environmental Improvement Program initiated by Robert W. Sarnoff to encourage voluntary action in our plant communities.

At RCA we make good things. It's our responsibility. We also try to do good things. That's our responsibility, too.

Vintage Car Travels Memory Lane

By W.W. EDGAR

Fond memories came tumbling down through the years when the little green antique Ford car appeared in the driveway to take Clarence and Flossie Hoffman to lunch on their 50th anniversary last Tuesday.

"It's almost like it was 50 years ago," Mrs. Hoffman chuckled, "only it was a black Model T in those days, and we rode to the church in it."

The ride to lunch in the 1929 model was arranged by the Ford Motor Co., as a tribute to the well-known Livonia couple who have never driven anything but Ford cars for the past half-century.

"I don't know how the company learned about it," Clarence smiled, "but we must have bought 25 cars since the day we were married. And even when we bought a truck it was a Ford."

AS GUESTS of the Ford Co. for the golden anniversary luncheon, the Hoffmans had a great time riding along Five Mile Road en route to Huck's Bavarian Inn.

"They don't have horns and whistles on the Fords now," Mrs. Hoffman said every time the driver sounded a warning along the way.

GOP Club Will Hear Senator

The Republican Women's Organization of Farmington will hear a talk by State Senator Carl D. Pursell of the 14th District at a meeting April 26.

It will open at 1 p.m. in the home of Mrs. Richard Scott, 28010 Forestbrook, Farmington.

Sen. Pursell will discuss such current legislative issues as stated, education aid and abortion reform.

As a major fund-raising project, the GOP women will sponsor the Farmington Players' presentation of "Cactus Flower" Sunday, May 9, at 7 p.m. This is the evening of Mother's Day.

Donation is \$2.50 per person and tickets will be on sale by May 1. Mrs. V.C. Crump is ways and means chairman.

With the ride in the antique came a letter of congratulations from Lee Iacocca, president of Ford Motor Co., wishing much happiness to two of his firm's most devoted customers.

MRS. HOFFMAN recalled that they rode in a Model T to the Plymouth Presbyterian Church on their wedding day.

"We were driven to the church, where Rev. S.C. Hathaway, one of the first ministers in Plymouth conducted the ceremony. And what a ride it was in those days from the old McKinney homestead to the church and then back here for the celebration."

Many other recollections of that wedding day a half-century ago were exchanged by more than 130 guests at a special anniversary dinner at Thunderbird Inn last Sunday.

THE DINNER, sponsored by the couple's children, was conducted along the lines of "This Is Your Life."

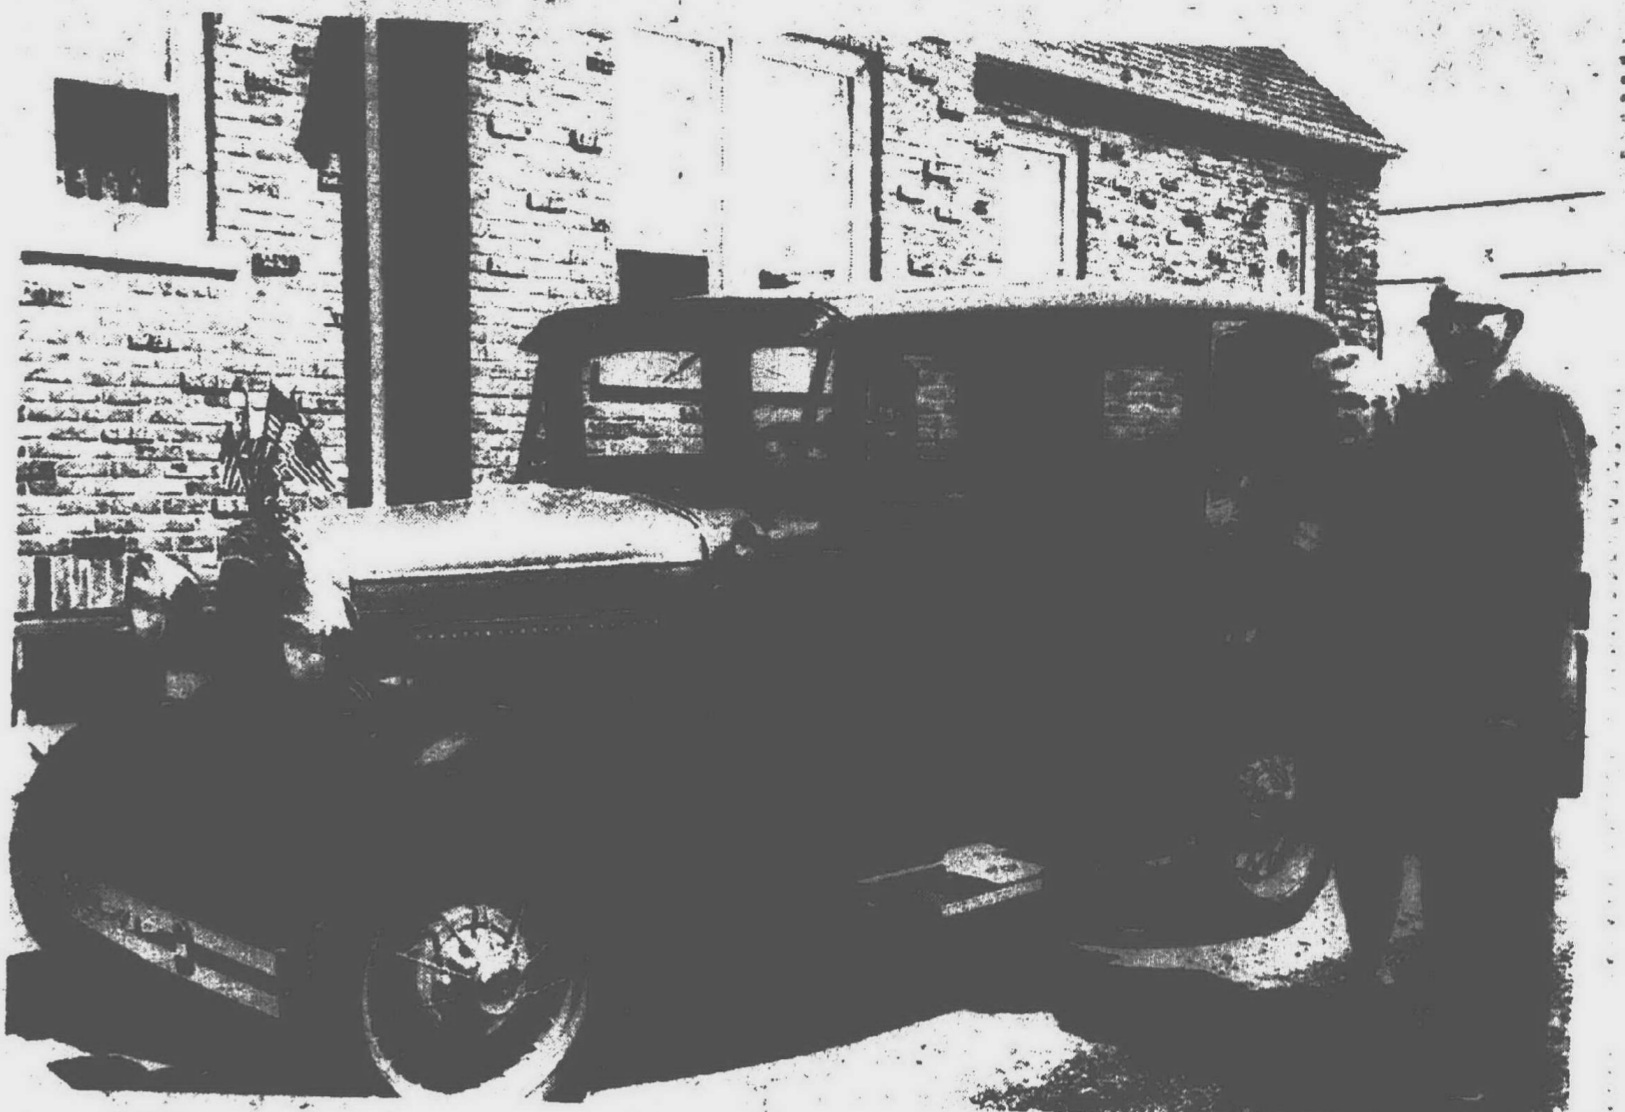

Warren, the oldest living son (Wesley, the oldest, lost his life in World War II), recalled the many incidents of growing up. And what details he left were picked up by the two other living children--Mrs. William (Lois) McAllister and Cass.

1946 Class Honored At WSU

C. Gilbert Hudson of Farmington has been named chairman of the ticket committee for the 1971 Wayne State University alumni reunion, scheduled for Saturday, April 24, in the WSU Community Arts Building.

Beverly Ellis of Farmington and Walter A. Goodman of Southfield have been chosen class coordinators for the class of 1946, which will be honored at the reunion.

The program will begin with a champagne reception at 6:30 p.m. in the McGregor Memorial Building. A gourmet dinner and entertainment will be followed by a dance in the Community Arts Gallery. For tickets call the WSU Alumni House, 441 W. Ferry, Detroit.

A FORD CAR — 1929 vintage — took Mr. and Mrs. Clarence Hoffman of Livonia to lunch on their golden wedding anniversary, just as a

Model T had carried them to the church on April 20, 1921. (Observer photo by Bob Woodring)

A champagne toast to the happy couple opened the dinner and the climax came when the four grandchildren gave the Hoffman's a framed color photograph.

The Hoffmans, who operated Livonia Lanes until several weeks ago, are one of the best known families in Livonia. Mrs. Hoffman, third of the McKinney daughters, has lived within a stone's throw of the old homestead on Merriman Road all of her life.

Women Plan 'Day At Races'

Clipped Wings Southeast Chapter will hold "Ladies' Day at the Races" Tuesday, April 27. Members of the chapter and their guests will be entertained with cocktails and a buffet in the Detroit Race Course club house.

Carpentering With Scraps To Be Taught

A special course in the creative use of scrap pieces of carpet will be offered at the Northwest Branch of the YWCA, 25040 Grand River, Redford Township, beginning April 26.

Content of the class will be the technique of placing pieces of various sizes, shapes and colors of carpeting into an attractive area rug.

The three-session workshop begins April 26 at 1 p.m. No supplies will be necessary for the session, which explains the technique and materials needed. Time will be allowed for the student to gather carpet scraps and samples. A nominal class fee will be charged and YWCA membership is required.

The chapter will hold a bake sale at Penny's, Arborland, Ann Arbor, May 8, and will hold its May meeting in the home of Mrs. Beverlee Mittino in Taylor.

Those interested in attending should contact Mrs. Gordon Kubiak, 32751 Maplewood, Garden City.

The Clipped Wings club is composed of United Air Lines stewardess alumnae.

DICK BENSEK

Queen Victoria's interest in recipes was more than academic for she often cooked for Prince Albert over the little stove in their private rooms at Windsor, even teaching herself to make his favorite German dishes such as potato pancakes and gingerbread, poppy-seed and almond sweetmeats. The Queen's recipe book contains notes about pastry that is best made upon a marble slab with flour of the finest quality and butter which should be very fresh and slightly salted. "In the richest crust the quantity of butter should never exceed the quantity of flour. For ordinary pastry half the weight is sufficient."

For extraordinary meals, made with the finest ingredients and cooked with special care, dine soon and often at DANISH INN, 32305 Grand River Ave., 476-5320. For your dining pleasure and listening enjoyment we present Pat Flowers at the Piano nightly Tues. thru Sat. from 8:30 p.m. to closing. Make your Mother's Day reservations early! Be sure to call 476-5320.

HELPFUL HINT: Adding salt to the water when you hard-cook eggs makes the shell easier to peel off.

TO BE DEDICATED — The Livonia Wesleyan Church, 14560 Merriman Road, at Lyndon, Livonia, will be dedicated Sunday, April 25, at 3 p.m. The present property was purchased from the Immanuel Baptist Church and has been extensively remodeled and expanded. Dr. J. D. Abbott, general superintendent of the Wesleyan Church, will give the dedication address, and the Rev. William Doe, district superintendent of East Michigan District of the Wesleyan Church, will perform the Act of Dedication. The Rev. W. C. Jones is the pastor.

STEVEN L. EGLER, assistant organist at Rosedale Gardens United Presbyterian Church, will play a recital at 7 p.m. Sunday, April 25, in the sanctuary at West Chicago and Hubbard in Livonia. His program will include a harpsichord concerto, with Shirley Hardin, the church's director of music, at the organ, and selections by Bach, Walther, Franck, Messiaen and Liszt. Egler, a senior in the University of Michigan school of music, is one of four finalists in a national organ competition to be held May 1 in Worcester, Mass.

Jeremy Slavin To Be Soloist

When the Rev. George H. Slavin is installed as new minister of Highland Park Baptist Church, 28600 Lahser, Southfield, his son, Jeremy, will be the guest soloist.

The installation ceremony will take place at 3:30 p.m. Sunday, April 25, in the sanctuary.

Rev. Slavin's son is a teacher at the Philadelphia College of Bible.

Philip Armstrong of the Far Eastern Gospel Crusade and Dr. Wendell Johnson of the Detroit Bible College.

Staff pastors, the Rev. Albert Kee, the Rev. Theodore Stromberg and the Rev. Kenneth Travilla will welcome the new pastor. Warren Wigand, chairman of the board of deacons, will offer the dedicatory prayer.

REV. SLAVIN comes to Highland Park Baptist after 22 years as pastor of Faith Community Church, Roslyn, Pa.

Highland Park Baptist has a membership of approximately 1,400, supports 70 missionaries throughout the world, and operates the Southfield Christian School as a part of its ministry. The school has an enrollment of 130 with classes from kindergarten through eighth grade. Plans call for the construction of a high school building in the immediate future.

Plan Social

The Moms' and Dads' Club of St. Mary's Preparatory School is sponsoring a social Tuesday, April 27, in St. Andrew's gym, Orchard Lake.

Rev. Thomason To Be Honored

The Livonia Christian Church will honor its departing pastor, the Rev. Laird Thomason, and his family with a reception in the church Meetinghouse, 36075 Seven Mile, Livonia, from 3 to 5 p.m. Sunday, April 25.

Rev. Thomason, who became the church's first full time pastor about five years ago, will leave with his wife, Evelyn and their sons, Andrew and Jan, on May 1.

He will be pastor of the Bethesda Christian Church in Chevy Chase, Md.

Friends from the Christian (Disciples of Christ) state office, as well as members of the local congregation and several neighboring churches will greet the Thomason family at the reception.

Rev. Thomason, son of a Christian Church minister and graduate of the University of Chicago seminary, came to the young congregation shortly after it was organized under the leadership of John Boruss of the Michigan Christian Church office.

The congregation met in Dickinson Junior High School and the Pierson elementary school before accepting the invitation of the Pilgrim United Church to share its Meetinghouse about two years ago.

A supply minister will preach for the church while a pulpit committee seeks a successor for Rev. Thomason.

REV. LAIRD THOMASON

Lutherans Plan New Buildings

Some 170 families of Prince of Peace Lutheran Church will gather for ground-breaking ceremonies for a new \$325,000 sanctuary and multi-purpose wing Sunday, April 25, following the 10:45 a.m. worship service.

The Sunday School children will be given small shovels to use in the groundbreaking and as mementos of the occasion.

THE 13-YEAR-OLD congregation, at 28000 New Market Road, Farmington, decided to go ahead with the building this month.

A perfect square, the church will house a free-standing altar with the communion rail encircling it. Seating capacity will be approximately 400.

The new church will free the existing building for social, educational and recreational activities.

ASSISTING THE Rev. Victor H. Mesenbring will be representatives of the various groups within the church. Officers of the congregation are James Paul,

president; Ed Thoms, vice president; James Ebel, secretary; and Howard Lieder, treasurer. Chairmen of the various boards are Carl Welte, elders; Douglas Brown, trustees; Wilbert Abram, stewardship; and John Webber, education.

Representing the Sunday School will be Charles Kupferschmidt, superintendent; Debbie Meier, Jim LePor, Pat Leitch and Bill Mehl.

The women of the church will be represented by Doris Gaiser, Women's League president; Janet Provan, vice president; Arlene Lieder, secretary; and Joyce Davis, treasurer.

Jayne Mantey will represent the church choir.

Emma Dick and Frank Ohst, the two eldest members of the congregation, will also take part in the ceremonies.

Also attending will be Earl Teeples, township supervisor, and Gordon Merritt from the firm of Merritt, Cole and McCallum, who designed the new building, and Ken Evans from Wetterau Builders, Inc., the general contractor.

Suburbs Are Challenge, Says New Minister

A minister who believes "the need for spiritual leadership is perhaps more evident in suburban areas than in less affluent communities," will be installed as minister of North Farmington Baptist Church Sunday, April 25.

The Rev. Stanley D. Nicol, will be welcomed by members in ceremonies in the church, 32500 W. 13 Mile, at 8 p.m.

The former pastor of First Baptist Church, Greencastle, Ind., he believes the suburban community offers the ministry one of its biggest challenges today.

"PEOPLE TODAY are searching desperately for a new dimension in their lives, and there is growing realization that this can be found only in the spiritual realm," he said in his Easter Sunday sermon.

"The hunger for Christian experience is especially strong among young people, and the ministry is challenged to anticipate and meet their needs — even though it means some difficult adjustments for the tradition-minded."

Rev. Nicol appeared on a Channel 7 TV discussion of the rock opera, "Jesus Christ

Superstar." He took the position that such music has a place in the modern church as it opens the way to youthful understanding of Christian beliefs.

"I find nothing irreverent or any conflict with accepted Christian ideology in the 'Superstar' treatment of Christ's last days," he said. "For many, it is an uplifting experience."

DR. WILLIAM KEUCHER of Covenant Baptist Church, will be the speaker at the installation. Also attending will be Earl Teeples, Farmington Township supervisor, the Rev. Hugh White, president of the Farmington Ministerial Association, and the Rev. William Nelson, executive secretary of the Detroit Association of American Baptist Churches.

Rev. Nicol and his wife, Margaret, and four children, David, Jane, Susan and Tim, are living at 29017 Lorikay, Farmington.

He is the fourth minister to serve the church since it was founded in 1956 as a mission of Covenant Baptist Church in North Farmington.

REV. STANLEY NICOL

The church has been without a pastor for nearly a year since the Rev. Ralph Ridout left in mid-1970 to devote his full time to social work with the youth of the Farmington area.

The new minister graduated from the University of Southern Illinois in 1955. He received his degree in divinity from the Southern Baptist Seminary in Louisville, Ky., in 1959, and was awarded a master's degree in divinity from the seminary last year.

Change Is Talk Topic

Robert H. Mitchell, CSB, will speak at 8 p.m. Saturday, May 1, in the First Church of Christ, Scientist, of Plymouth. His topic will be "Are You Receptive to Change?"

A resident of Edinburgh, Scotland, Mitchell is a Christian Science teacher and practitioner currently on tour in the United States and Canada.

The church is located on Ann Arbor Trail north of Main.

Benkelman Is Elected Reader

John F. Benkelman of Livonia has been elected to serve as first reader by members of Fourth Church of Christ, Scientist, 24400 West Seven Mile, Detroit. His term will be three years.

In this position he will conduct the Sunday and Wednesday evening services. He replaces Edmund W. Rausch of Detroit.

Assisting him as second reader will be Mrs. Chloara D. Austin of Westland. The retiring second reader is

Mrs. Marianne Cook of Livonia.

The Christian Science Church consists entirely of laymen. Local members are elected to fill all administrative posts and conduct services.

Mariners Will Sing

The Gospel Mariners, a men's quartet that performs regularly on the television program Good Ship Zion, will sing during morning and evening services in the Forest Hills Missionary Church, 30623 12 Mile, Farmington. Services are held at 10:30 a.m. and 7 p.m.

Style Show Set

Johanna Circle of Mt. Hope Congregational Church will present a spring fashion show at 8 p.m. Wednesday, April 28, in the church located at 30330 Schoolcraft, Livonia. Tickets are \$1.50 and available at the door.

Top Stars To Compete In Relays

Area track enthusiasts will have an opportunity to see all of the celebrity stars that have climbed into the limelight during the early part of the season in the first annual Observerland Relays at Hilbert Junior High on Saturday, May 1.

That was assured by the announcement from Meet Director John MacKenzie that 15 schools have entered including the powerful Farmington, Livonia Stevenson, Redford Union and Garden City West teams.

The list includes: Southfield, Southfield Lathrup, Farmington, Farmington-Burton and North Farmington, from Oakland County; Farmington, Livonia Stevenson, Redford Union and Garden City West, from Wayne County; and Farmington, Livonia Stevenson, Redford Union and Garden City West, from MacKenzie County.

"This represents most all of the better teams which means the standard athletes," said MacKenzie, who also is track coach at RU.

"We feel this first relay meet will be one of the better events of the early season," he stated. "A few of the area teams had filed entries in other meets on the same day and thus will not compete but we hope to have as many as 25 schools entered in another year."

THE PROGRAM is slated to start at 8:30 a.m. with the field events including shot put, high jump, pole vault and long jump.

Those events will be well underway when the relays begin at 7:30 p.m. with seven running events on the program.

These are: four mile relay, half mile relay, two mile, distance medley, shuttle hurdle, 440 and the spectacular mile.

Based on team record and personnel, Farmington is the early favorite to capture the team title.

The unbeaten Falcons, who boast a string of six in a row and who impressed in the giant Mansfield (O) Relays, are the defending champions of the Inter Lakes Conference.

They have stand out stars in Kim Hildebrandt, the area's leading half-mile who was clocked in 1:58.4 recently. Then there is Mike McGlothlin, a 4:26 miler; Mark Timmons in the sprints, Randy Pender and Dan Steinko in the hurdles; Nat Durham, a 13 foot pole vaulter; and Tom Massey who has tossed the shot 36 feet already.

The Falcons will be strong in the shuttle hurdle relay, 800, mile and two mile events.

Garden City West will be sparked by Don Anderson, state AAU indoor two mile champion and an all-state selection in cross country for the past two years. He had a fantastic 9:30 for two miles at the Huron Relays.

Mac KENZIE modestly opines that Redford Union could be a strong contender for the team honors.

RU is led by Roger Blanchard, a premier vaulter who already has cleared 14 feet this season and expects to go

even higher before the end of the high school outdoor season.

David Schoof, a hurdler and 6 foot high jumper; distance runner Steve Nelson; Rick Kirtzman and Bob Barber; sprinters Tom Tullock and Keith Everett; and middle

distance runner, Ray Rodgers. The Falcons also have a strong team in the shot put, discus and javelin.

MacKenzie believes the most interest will be in the two mile and mile relays where several schools have joined

their best performers to bid for the team honors.

Participants in the meet are: Farmington, Livonia Stevenson, Redford Union, Garden City West, Farmington-Burton, Livonia Stevenson, Redford Union, Garden City West, Farmington, Livonia Stevenson, Redford Union and Garden City West.

There will be an admission charge of 50 cents for students and \$1 for adults to cover expenses of the meet.

Franklin Rolls Past Thurston For 4th Win

A year ago, the Northwest Suburban League track title wound up with Franklin and Thurston sharing honors.

After what happened, in the opener of the 1971 league dual meet season, it would appear that Franklin will be the team to beat this spring.

The Livonians ran their unbeaten streak to 4-0 by

whipping Thurston in decisive fashion, 70-40.

GUY BURK led the way when he set a school record of six feet, two inches in the high jump.

Meantime, for the fourth time in a row, the Jimnet brothers, Mike and Joe, finished one-two in that order in

the 440-yard dash for Franklin.

Ken Yehesz was a double winner for Franklin. He took both the 100 and 220-yard dashes and anchored the winning 800-yard relay.

Thurston's chances for victory suffered when star Tom Shabean, usually a two and

three-event winner, pulled a leg muscle in the 800-yard relay after he had won the long jump with a jump of 21 feet, 7 1/2 inches.

Shabean didn't run in either dash, both of which are his specialties.

The results:

SHOT PUT: 1--Pawlowski (T), 2--Craig (F), 3--Hagen (T). Distance: 62 feet.

LONG JUMP: 1--Shabean (T), 2--Donatelli (T), 3--Gapping (F). Distance: 21 feet, 7 1/2 inches.

800-YARD RELAY: 1--Franklin (McKenna, Pender, Yehesz, M. Jimnet), 2--Thurston (T), 3--Chandler (F), 4--Pender (T). Time: 2:01.

HIGH HURDLES: 1--Lee (F), 2--Baird (F), 3--Gardner (T). Time: 16.2.

HIGH JUMP: 1--Burke (F), 2--Hunter (T), 3--Pawlowski (T). Height: 6 feet, 2 inches.

100-YARD: 1--Yehesz (F), 2--McKenna (F), 3--Pawlowski (T). Time: 16.3.

440-YARD: 1--Mike Jimnet (F), 2--Joe Jimnet (F), 3--Jones (T). Time: 1:14.

LOW HURDLES: 1--Hawman (F), 2--Baird (F), 3--Gardner (T). Time: 21.2.

POLE VAULT: 1--Burke (T), 2--Foster (F), 3--Donatelli (T). Height: 12 feet, 8 inches.

TWO MILE: 1--Gapping (F), 2--Baird (F), 3--Gardner (T). Time: 10:04.

220-YARD: 1--Yehesz (F), 2--Pawlowski (F), 3--McKenna (F). Time: 22.2.

MILE RELAY: 1--Thurston (Woolch, Meredith, Boyl, Juncal). Time: 3:29.7.

OFF THEY GO!! Scenes like this will be old stuff Sunday, May 2 in the Livonia Stevenson High pool when the Livonia Spartan Aquatic Club sponsors the winter league championships. Teams from Grosse Pte. Park, Grosse Pte. Farms, Women's City Club, Detroit Yacht Club, Clarenceville and the Jewish Community Center will compete. The action is slated to start at 9 a.m.

North Victor in 9th

It took nine innings, two over regulation, before North Farmington High's baseball team could down Franklin, 5-3, in the Northwest Suburban League.

After Franklin rallied in the sixth to tie the

game at 3-3, North pulled it out in the ninth when winning pitcher Jim White singled to start things off.

After Rick Garneau went out, Gary Gasper walked. Then came the big blow of the game—a double by Dan Delling—to account for the deciding runs.

North Farmington scored twice in the second inning on a walk to John Combs and hits by John Haine and Marty Raymond.

Franklin picked up a run in the second when John Grills walked, two men were hit by pitches and then an error.

Franklin scored again in the fourth on hits by Randy Taylor and Karney Derderian, along with a walk in between to Rick Smithers.

Hits by Raymond and Mike Collar and an error netted North a run in the fifth before Smithers singled and came home with the tying run for Franklin in the sixth.

White was the winning pitcher, Mike Redouty the loser in relief.

Rally Short In 4-3 Loss

Waterford High held off Stevenson to gain a 4-3 win in Inter-Lakes Conference baseball action.

It was the second one-run loss in two conference starts for Stevenson, which previously had dropped a 1-0 battle to Farmington.

THE LIVONIAN almost pulled it out in the final inning when they rallied for all three of their runs and had the winning run aboard when the game ended.

Tom Cee singled for the Spartans' second hit to start the Stevenson seventh. John Lewis walked and both advanced on an infield out before scoring on an error which put Rick Thomas aboard.

Mark Kiefer kept things alive with a walk and then Scott Carbone was safe on a fielder's choice to send Thomas home.

That's as far as Stevenson could go, while two men stood waiting to camp in.

Thomas advanced for the only other run in the game.

Lighting, rain, and other factors kept the game from being a closer.

Fefles At It Again; Now Golf Coach

Athletic Director George Fefles, of Livonia Bentley, is at it again. George retired as basketball coach two years ago and then came out of retirement to take over last winter due to the illness of Ken Timmons.

Now he has donned the hat of golf coach, filling the shoes of ailing Fred McGlone who was unable to coach this spring due to illness.

"Best move I ever made," said George in telling of his new duties, "Now I'm getting outdoors and the sun I have needed for so long."

He guided Bentley to victories in a Suburban Six League match with Allen Park and then won a triangular meet from Churchill and Franklin.

The Bulldogs bested Allen Park, 150-179 and beat their two city rivals, Bentley 238, Churchill 242 and Franklin 246.

Tom Sheldon fired a subpar 34 in the Allen Park meet, one of the lowest scores by a Bentley golfer in 10 years. Other scores were: Tom Stang 37, Brian Gates 40 and Mark Zelazny 37.

George has a bit of assistance in handling the golfers from John Ginopolis, a longtime friend and veteran player, who is serving as a consultant.

F'ton Records 6th Track Victory

Farmington High's track team charged past another foe Thursday, adding Stevenson to its list of victims, 76-62.

It was the sixth straight victory for the Falcons and second without a blemish in Inter-Lakes Conference action.

Farmington won everything except the two mile and the high jump which went to Stevenson's Mike Opsommer and Neal Bowlby, respectively.

Randy Pender with victories in the high and low hurdles and Mike Timmons with wins in the two dashes led the Farmington Express.

Stevenson Whips S-L Trackmen

Neil Bowlby, of Livonia Stevenson High, has become a track winner deluxe.

In his team's first dual meet, he won only one event. The next time out he triumphed twice.

But in meets three and four he has captured three events each time with his latest coming in a 70-40 romp against Southfield Lathrup in the opening Inter-Lakes Conference meet.

Bowlby specializes in the hurdles and the high jump. He won the high jump against Lathrup with a leap of six feet, 1 1/4 inches and then triumphed in both the high and low hurdles.

Lathrup's Mark Radant was the only other double winner in the meet. He took the 440 and followed up with a victory in the 220-yard dash.

Lathrup also came through with victories in the pole vault, the shot put, 100-yard dash and 800-yard relay.

The meet also produced victories by two of the three Opsommer brothers who run for Stevenson. Paul won the mile with brother Pat third. Mike Opsommer took the two mile.

The results:

POLE VAULT: 1—Shaglin (L), 2—O'Keefe (S), 3—Pavel (S). Height: 12 feet.

SHOT PUT: 1—Hopper (L), 2—Shelby (S), 3—Fedrow (S). Distance: 46 feet, 8 inches.

Plymouth, RU Standout In Suburban Six

It could be a red-letter day on April 29 when the baseball teams of Redford Union and Plymouth collide for the first time this season.

The two have emerged as the early season powers in the Suburban Six League with each winning twice during the first week of conference competition.

Plymouth added to its streak by downing defending champion Bentley, 5-1, while Redford Union coasted along, blanking Belleville, 5-0.

BRAD TRUAX allowed Bentley only five hits and struck out five in turning back the 1970 titlists, who now are 0-2 in their bid to repeat.

Bentley took a 1-0 lead in the second inning on a walk to Paul Saventy, a sacrifice and a single by Dave Preston.

But in the fourth, the Rocks came to life.

Stan Britton walked and two outs later Dan Hees also walked. Then Jim Grimmer collected Plymouth's first hit—a double—to knock in two runs and Truax followed with a single that chased in Grimmer.

A walk to Britton, a passed ball and single by Howie

Schryer made it 4-1 in the fifth. In the sixth, Schryer singled in Ken Rocco who had walked and was safe on an error.

RANDY FERGUSON, became the No. 1 prep winner in the area as Redford Union posted its sixth win

RU, Bentley Win

Redford Union withstood the one-man assault of Gerardo Pettus of Belleville to win its second straight Suburban Six League meet while Bentley had too much power for Plymouth in action Thursday.

Although Pettus won the high hurdles, high jump and long jump and anchored the winning 800-yard relay, Redford Union had too much team balance to win the meet, 68-50.

Keith Everett captured both dashes to lead slams in each and also took a second in the long jump.

Meantime, David Schoof took a first in the low hurdles, a second in the high hurdles and a third in the high jump for RU while Roger Blanchard continued his fine efforts in the pole vault with a

overall against one loss at Belleville.

It was Ferguson's fifth victory without a setback. He allowed only two hits, walked one and struck out 14 to bring the number of players he has fanned to 49 for the season in just 34 innings.

leap of 13 feet as RU took 1-2-3.

Mark Johnson with three victories and Brad Scott, a sophomore, with two personal triumphs led Bentley in a 68-50 win over Plymouth.

Johnson won the long jump along with the 100 and 220-yard dashes. Scott captured the low hurdles and the hurdles.

The summaries of the Bentley-Plymouth meet and how Redford Union placed against Belleville:

Glen Checks Thurston, 4-2

The bubble broke for Thurston High's baseball team.

After getting off to a winning start Monday in Northwest Suburban League play, Thurston fell to John Glenn, 4-2, two days later.

Six-hit pitching by Glen Osborn kept Thurston, which had an overall 4-1 record going into the game, well in check.

THE ONLY TWO Thurston runs were scored in the fifth when Bruce Hobbs singled, losing pitcher Mark Miller walked and both came home on Scott Irwin's hit.

Glenn counted in the second inning on only one hit—by Randy Horshok. Gary Pack had walked and Mark Szymanski was safe on an error before Horshok singled to jam the bases. Then two runs came in when Mike Borders was safe on an error.

In the fifth a hit by Borders, followed by doubles by Daryl Demaray and Dave Barrows produced two more runs and what proved the deciding markers.

Harrison Loses Pair

Although beaten twice in a row, the results were contrasting as far as Farmington Harrison's baseball team was concerned.

First, Harrison was nipped by Walled Lake Western, 3-2, before being snowed under by Utica Eisenhower, 14-5.

Gary Morrison hurled against Western and gave up eight hits.

Brian Collins knocked in both the Harrison runs after Morrison and Gary Mooney had singled.

Harrison's pitchers were too generous against Eisenhower, allowing 11 hits and putting 12 men on base with walks.

Morrison and Dave Manos each had three hits in a losing cause.

IN THE POCKET

By E.W. EDGAR

After laying off all star competition all season Mary Mohacsi proved the idleness didn't hurt her game when she bowled in the city tournament last weekend.

She put together scores of 555 in the team event, 616 in the doubles and 661 in the singles for 1832 and top place in the actual all-events.

With a "spot" of nine pins a game she posted a 1913 handicap all events count and missed top place by three pins.

In the singles she had games of 213, 213 and 235 for the 661, plus a 27 pin "spot" for a 688 that gave her top place in both the handicap and actual divisions.

Mary, a former "Bowling Queen", bowled with the Thunderbird Inn team before she decided to take a year's vacation from top flight competition.

JAY DISHONG turned in one of the best "iron man" performances of the season at Westland.

Bowling a double header in the Classic he put together 196, 254 and 226 for a 676, then came back with games of 290, 206 and 200 for a 696 for a one night average of 228.

Meanwhile, Larry Kellogg topped the Classic in a 236-235 finish for a 680 and Jay Hay opened with a 290 for a 670.

The big gun for the week at Westland, however, was John Wordarski who fashioned a 738 on games of 256, 287 and 275.

In the women's classic, Marcie Basher was high with a 236 finish in 623 and Mary Rady topped the Friday Mixed league with 606.

In other women's circuits Marilyn Ruggle, a 126 average bowler, fired a 255 and Shirley Gay topped the Early Birds with a 257 in 614 and Midge Pashkot finally got going with a 247 in 599.

THE HIGH SCHOOL bowlers turned in some fine performances at Cloverlanes where Frank Migerdician posted a 252 and Alan Taylor a 235, while Robert Novak had high series with a 578.

In the Saturh Teens Richard Cantin, a 14-year-old lad put together games of 212, 219 and 223 for 654.

AL KOWALSKI again was high in the Garden Lanes Classic. This time with a 697.

Trailing in order were: John Grindrod 683, Bob Grenier 680, Gary Johnson 676, Bill Collett 667, Paul Ishkin 664, Jim Pierce 661, Joe Dixon 660, Bill Gay 656 and Ed Bybas 650.

LES BAYLO, secretary of the Livonia Classic, didn't let his work stop him from leading the pack Monday. He posted games of 235 and 229 in 636.

Other high series included John Hutchinson 616, Matt Hayes 617, Pat Byrnes 611 and Cass Hoffman 606.

Mary Worden took top honors in the final day of the Ladies Classic with a 561-105-666. This count included a high game of 212-35-247. Other high games were Betty Moeller 196-35-231 and Lois McAllister 221-21-242.

Lois finished on top in the averages for the season.

In the Whirlwind League Jerry Pollard had a 231, but top honors went to George Merna who had games of 216 and 237 for 672.

ED MUIR was the man of the week at Bel-Aire Lanes with a 720 that included counts of 249 in each of his first two games.

Bill Rose was runner-up with a 235 in 677.

Among the women, Jackie Dix had a 242 in 579, Eve Lennon topped the Thursday mixed league with a 233 in 593.

The most pleased bowler of the week was Ed Pigeon. Bowling in the Moonshiners League, he posted the first 700 series of his career. He linked games of 245, 232 and 270 for a 707.

AT FARMINGTON Lanes, Steve Renner topped the junior bowlers with a 211 in 539, while Dan Dorman paced the high school stars with a 228 in 511 and Marti Daumler topped the girls with 201 in 500.

Sam Pona won't forget this week for a long time. Bowling in the Auto-Lite league at Mayflower Lanes he opened with a 225, followed with a 278 and closed with 204 for 707.

Pat Ganicki will have good cause to remember it too, for she converted the 3-6-7-10 split.

HOWARD BAYER, a 16-year-old who has been bowling in the Oak Park junior leagues for the past 10 years, left the lanes with tears in his eyes—and for a good reason.

Competing in the regular Saturday morning session he piled up 10 strikes in a row and seemed on his way to the coveted 300.

But, despite a good hit on his 11th ball, the No. 4 pin refused to fall and he had to settle for a 289.

Patriots Continue Track Win Streak

There appears to be no slowing down of the Franklin High track express.

The Livonians made it 5-0 for the season and 2-0 in Northwest Suburban League action Thursday by crushing North Farmington, 85-30, while John Glenn turned back Thurston, 60 2/3-57 1/3.

Mike Jimmet won the 440-yard run for the fourth time and ran on both winning re-

lays to lead Franklin to its victory.

Mike Gow, of North Farmington, was the only double winner, capturing the long jump and the high hurdles and also taking a second in the low hurdles.

Glenn had a pair of double winners in Charley Young (long jump and 100-yard dash) and Al Borowsky (the pole vault and high jump) in edging Thurston which was minus star sprinter jumper Tom Shaheen, out with an injury.

The meet summaries:

Turf Tips, Quips

By Doc Minard

A million dollar handle at Hazel Park Raceway?

There's a bit of a rumble to that effect from top officials at the harness racing operation on the east side of metropolitan Detroit. Our own opinion is that they better get another jolt from whatever kind of needle they are using...in other words we don't think it will happen this year.

True enough the track has been over \$800,000 for a single night on two different occasions during the present meeting but that's still quite a bit short of a million and there isn't any reason to believe that wagering will go that much higher in the remainder of the campaign.

Per capita wagering has

been around \$75 on Hazel Park's biggest night. To hit a million on a Friday or Saturday, the track would have to have a crowd of more than 14,000 and meet the per capita.

Opening of the Jackson meeting last Friday won't take any of the better horses from Hazel Park but it will keep bettors from that part of the state from making trips to the Detroit area. They'll take the shorter route to the races closer to home and a much easier trip at the end of the evening.

That's one of the reasons for our pessimistic view of the million dollar night. Added to this is the fact that the impetus of the thoroughbred programs at Crosstown Detroit Race Course is picking up and that, also will have

some effect on the handle at the trotters and pacers.

Nene doubts that either Hazel Park or Wolverine Raceway will hit the million mark some time...but that sometime appears to be another year or two off the future.

A prime example is Chicago where it took quite a few years for harness racing to catch on. Then it took equally as long before wagering and attendance reached the proportions expected of that large a population area.

The growth in the Windy City was much more rapid than that in the Motor City. Hazel Park and Wolverine are just now reaching the levels that Chicago achieved as many as four and five years ago.

We would like to see the

trotters hit the magic million but we believe it's just a lot of wishful thinking at this time.

"IF ONLY the rain had held off for another day."

That's the feeling of the top brass at the Detroit Race Course where the "Good Ol' Days" celebration, which officially rang down the curtain on the 30-day winter meeting, fell short of the anticipated 30,000 by some 6,000 souls.

It was a big success as far as the bargain prices for hot dogs, beer, coke, popcorn etc. went but the betting was a bit lower than that for the previous Saturday.

"We anticipated 30,000 if the weatherman cooperated," said a spokesman for the DRC. "Then came the showers in the late morning and

we knew then that we would never make it...we didn't."

As it was there were more than 3,000 youngsters in the crowd of 24,000 and each must have come with the one idea — eat as many of the dime hot dogs as possible without getting sick.

We didn't hear of any rush on the first aid station but the concessionaires reported more than 31,000 hot dogs went over the counters.

Now the DRC is entering into its 90-day spring and summer program and already figures show a hike in crowds and wagering. All of which points to better things when the vacation period begins, the weather gets better and the better horses arrive.

Many of the latter already are on the scene but there'll

be an influx of top performers after the Kentucky Derby at Churchill Downs in another week.

LOOKING FOR some horses to give more than a single glance at the Detroit Race Course.

From up in the press box experts who follow the runners daily come a few tips on horses that seem fit and ready and should be worth a second look in their next starts:

Hawaiian Voyage, who didn't quite catch up in his last race; Cantell, Miss Nash, Fleet Deet, Eastern Edition (on an off track), Danny L, Texas Goddess, No Countess, Blue Bridge, Derby Ruler, Tiwanon, Singing Sword, Hi Skyer, Graphic Style and Miss Skidoo.

Invest in the good earth

Land is our most precious commodity and it is becoming more precious with each passing day. Whenever a new factory, office building, apartment complex, super highway, airport, or a new home is built, our supply of land suitable for home building is decreased. And as the supply decreases, the price of the remaining land increases. Barring an economic catastrophe, land will never cost less than it does now. Owning your own portion of the good earth, is a lasting investment.

Home ownership is more than just an investment in the good earth. It is the best single investment, certainly the best hedge against inflation, available to any family. No other type of consumer durable goods increases in value over the years as does a home. And no other purchase enriches family life in the same way as does home ownership.

Draugelis Quits As SC Attorney

Giving "personal reasons" for his action, Edward Draugelis, Plymouth attorney who has been the legal counsel for Schoolcraft College for the past seven years, Wednesday tendered his resignation to the board of trustees prior to a study session on the campus.

The resignation becomes effective June 1, the date by which the board has to present a plan for reapportionment to Circuit Court Judge Roland Olzak after he ruled the college's present system of electing trustees violates the 1970 U.S. Supreme Court requirement of equal representation for community college districts.

A suit challenging the constitutionality of the board was filed by representatives of the Livonia New Democratic Coalition.

IN HIS LETTER to the board, Draugelis stated he would continue to handle the reapportionment case and would lend whatever assistance was necessary after the June 1 date of resignation.

Draugelis has served as counsel during the growing years of the college, which consists of five K-12 school districts — Livonia, Garden City, Plymouth, Clarenceville and Northville.

He was the advisor through the lengthy teachers' negotiations of two years back that brought a long strike before a settlement was reached.

He was counsel for the college during the period of the now historic "four-letter word" troubles that threatened at one time to bring student demonstrations.

IT WAS Draugelis who gave an opinion to the board in March 1970 that it was affected by the decision of the

U.S. Supreme court in the now famous Hadley case . . . a ruling handed down by the high court on Feb. 25, 1970.

Draugelis went to the law library in downtown Detroit, copied the Hadley opinion which decreed "one-man, one-vote" representation for community college districts.

He then wrote his own opinion and sent copies of both to each of the eight members of the board and to the administration.

At the same time, he recommended the board ask Attorney General Frank Kelley for an opinion and act to amend the law in Michigan. He stressed need for immediate action.

NO ACTION was taken until two months ago when representatives of the NDCL presented a communication to the board asking why it had taken no action in reapportionment after the Hadley opinion.

The NDC in its letter asked the board for an answer as quickly as possible, and, when none came, took the matter to Circuit Court.

In the meantime, the board voted to have Draugelis' opinion of some 14 months earlier checked by another law firm for its opinion. Draugelis' findings were verified.

Those close to the Plymouth lawyer believe it was the long delay in taking action and the decision to have the opinion studied by another law firm that ignited Draugelis' resignation action.

QUERIED about his reasons, Draugelis referred to his resignation letter which stated "for personal reasons."

"I believe it best that I resign as Schoolcraft College counsel at this time," he said. "This means that I will no longer be bound by the

code of a lawyer and client and start taking an interest in the college affairs as a taxpayer, voter and individual who is much interested in the future development of the college.

"I plan to take an active part in the Sept. 13 election and hope that the bill presented by State Sen. Carl Pursell is approved for immediate action.

"I would love to participate in a campaign to elect six members at-large to the board. My hands have been tied for seven years, but I'll be just another individual come June 1, and that will make a big difference."

The Draugelis resignation is expected to be accepted at the regular monthly meeting of trustees next Wednesday night.

EDWARD DRAUGELIS

Reappears

Schoolcraft College's missing trustee put in his first appearance in 13 months at the board of trustees' study session last week.

James Boswell, the Livonia trustee, attended the session which was called to study the upcoming budget for the college. Boswell had left the board in March of 1970, declaring that the board was unconstitutional and seated.

Pursell's Bill Asks At-Large S'craft Vote

A bill to elect Schoolcraft College trustees at-large has been introduced in the Michigan Legislature by State Sen. Carl Pursell (R-Plymouth).

Pursell's bill provides that the college would have nine trustees. The three present at-large trustees — Dr. George Martin, John LaRue and Dr. Robert Geake — would retain their seats, and six new members would be elected on a non-partisan ballot Sept. 30.

PURSELL'S IS the second legislative bill aimed at bringing "one-man, one-vote" apportionment to the Schoolcraft district. State Rep. Marvin Stempien (D-Livonia) offered a bill two weeks ago to create seven single-member wards.

A Wayne County circuit judge and Atty. Gen. Frank Kelley both ruled April 8 that Schoolcraft's present system violates the 1970 U.S. Supreme Court requirement of equal representation for community college districts.

The circuit court order by Judge Roland Olzak delayed the scheduled June 14 election to Sept. 13, with the new trustees to take office Oct. 4. Pursell's bill would set the same dates.

Pursell's bill calls for electing two new trustees for six-year terms, two for four years and two for two years. Thereafter, the district would go back to the traditional June election and six-year staggered terms for trustees.

Schoolcraft's present board has eight members — three elected at-large and the others from the five K-12 member school districts. Mathematically, Livonia School District was under-represented, resulting in the court case.

Pursell's bill has support from college Attorney Edward Draugelis and college President Eric Bradner. The freshman senator also said he polled the Michigan Community College Assn., and the consensus was for an at-large election.

PURSELL AND Draugelis saw these advantages for Pursell's Senate Bill 50:

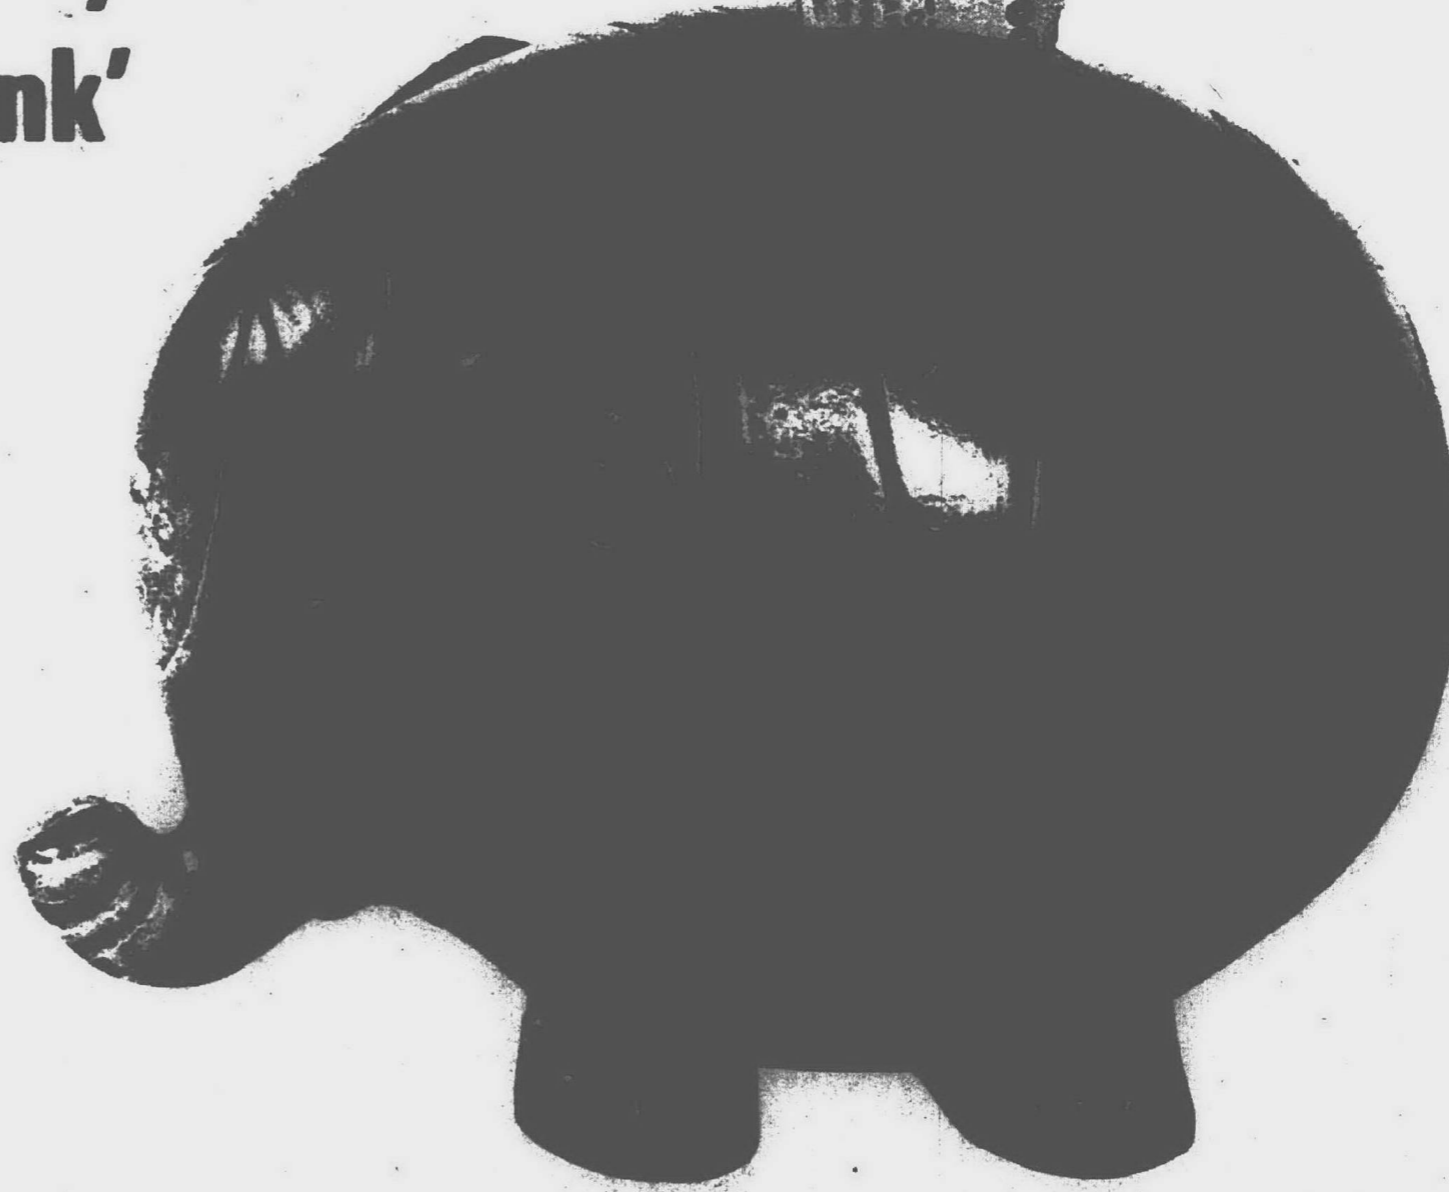

• It is unfeasible, as Stempien proposes, to split the college district into smaller divisions, because the local school districts cross county and municipal lines, and census figures for those fractional units are unavailable.

• A large amount of resident development is under way — notably the Levitt and Sons complex in Northville Township — and any ward system would quickly be obsolete.

• Under Stempien's bill, it would be possible for voters to pick an entirely new college board, thus destroying continuity, but Pursell's bill would save at least three experienced trustees.

"Especially at this crucial time, with Dr. Bradner retiring, the situation at Schoolcraft could become chaotic if the new incoming president had no experienced trustees to fall back on for background and assistance."

We want to talk about that receipt. What do you do with it? Does it land on the coffee table and get scraped into the trash with the dregs of the ashtray? Or does it go into one of those drawers that everyone has along with junior's kite string, carpet tacks, the family scissors and a dried up bottle of glue?

If this is a fairly accurate description of what happens to your receipt, we'd like you to first make sure you are given a receipt and then take a good look at it. Madonna Will Honor Sen. Hart At Graduation

Madonna College will honor 94 graduates and U.S. Sen. Philip A. Hart (D-Mich.) at commencement activities this weekend.

Hart will receive an honorary doctor of humanities degree from the four-year women's college operated by the Felician Sisters in Livonia.

A senior honors program will be held in the student center Saturday at 7 p.m., with the graduation exercises and presentation of diplomas on Sunday.

SISTER M. DANATHA, college president, will present awards and a congratulatory message on the senior honors night.

Valedictorian is Susan Adamczak of Manistee and salutatorian is Inez R. Hunter of Dover, Del. Also graduating with honors are Cheryl Karbon of Farmington and Linda Holty of Detroit.

An alumnae reception will follow the program.

A baccalaureate mass Sunday at 2 p.m. will be offered in the Presentation Chapel by the Rev. John J. Catelet. Afterwards, the graduates will form a procession to march to graduation exercises in the student center at 3 p.m.

Madonna Hikes Fees

Madonna College has raised its tuition \$100 a year for full-time students beginning with the fall semester.

Tuition will be \$900 for full-time students and \$400 per credit hour, a 94 increase, for part-timers.

Room and board will rise by \$25 a year to \$400 for a semi-private room, \$500 for a private and \$600 for board.

Rising costs were blamed for the increase.

The Catholic women's four-year college in Livonia is operated by the Felician Sisters.

SEN. PHILIP HART
Madonna Speaker

Most Rev. Thomas J. Gumbleton, auxiliary bishop of the Archdiocese of Detroit, will preside and present diplomas to the graduates. About two-thirds will receive the bachelor of arts and the rest the bachelor of science degrees.

Hart, a Catholic, will be honored for 22 years of public service, the last 12 in the Senate.

McDonald Sues For Divorce

U. S. Rep. Jack McDonald (R-Farmington) is suing his wife, L. Joyce, for divorce in Oakland Circuit Court.

Charging "extreme and repeated cruelty," a standard charge in Michigan divorce cases, McDonald asks custody of their sons, Michael, 16, and David, 11.

The McDonalds separated April 1 after 17 years of marriage. They lived in Redford Township, where he was supervisor, until 1960 when they established legal residence at 28000 Grand River, Farmington, and built a house in Great Falls, Va.

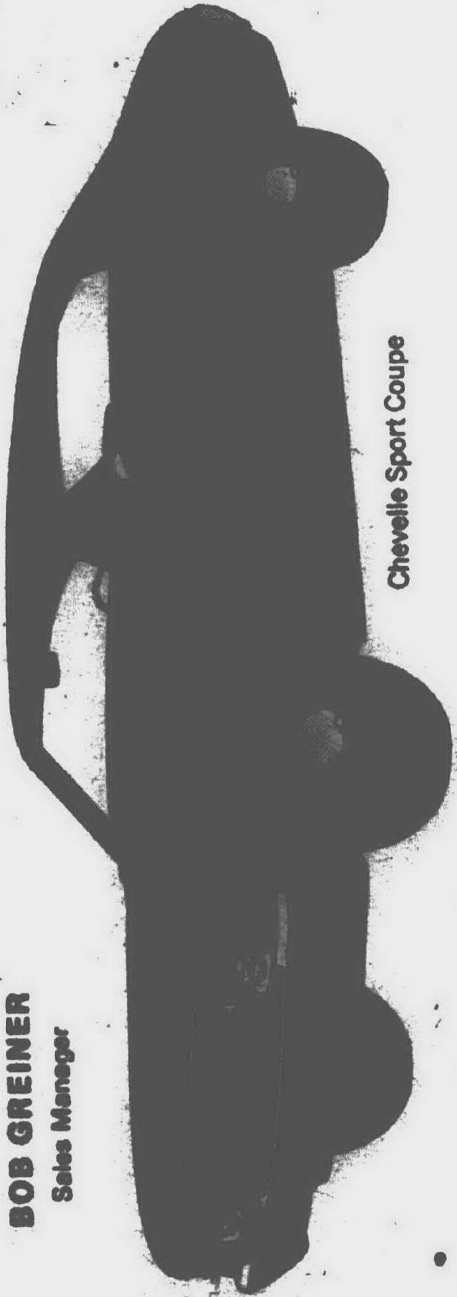

McDonald, 38, is serving his third term in the House. He is the third young Michigan congressman to seek a divorce in three years. William D. Ford (D-Taylor) was divorced in 1960 and Gerry E. Brown (R-Kalamazoo) in 1970.

New Handbook on Motoring Safety Says Cars Now Better Than Drivers

Since the first self-propelled vehicle moved over a road, there have been thousands of improvements made in the car. In that time, there have been no basic improvements in the operator: man.

Based on this premise, the Aerospace Education Foundation, with an assist from the United States Air Force, has published The Safe Driving Handbook, which, it is hoped, is a step in the right direction to help improve the driver.

The foundation makes reference to the difference between the flyer and the automobile driver. They conclude that driving on a city street is more complicated than flying. Their reasoning is that conditions on the ground are more challenging than in the air.

The Safe Driving Handbook covers the whole spectrum of driving situations, including considerable emphasis on driver personality and attitude, important factors in the overall safety of the operator. It also states that boredom, a main reason for driver inattention, is involved in nearly every form of unsafe driving.

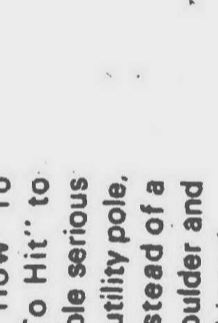

The handbook reduces safe driving techniques to basic fundamentals: where and how to sit in the driver's seat so you become less fatigued and therefore more alert; techniques in braking, speeding, passing and stopping; information on recovering from a skid; importance of conscientious automobile maintenance; estimating following distance for safe braking; right of way at intersections, and hundreds of other well-explained and illustrated tips.

The book also describes in detail how a driver can judge his own driving ability. This factor is important when you consider that even the worst drivers feel they are among the best, according to the authors. This observation was made when scientists interviewed drivers who were in bad collisions and it was learned that 80 percent of these drivers were convinced that the other driver was to blame.

When asked if they thought a refresher course in operating the automobile would help them avoid accidents in the future, only one in 20 thought it could teach them anything. Only two percent of these drivers thought that courtesy was important in any way when driving.

For emergency situations the handbook even has tips on "How To Choose What To Hit" to help avoid possible serious injury. Choose a utility pole, for instance, instead of a large tree or a boulder and the impact is cushioned.

The information in the booklet has been successful in reducing the number of automobile accidents among Air Force personnel and reducing fatalities by 25%. It is scheduled in the course of study for airmen. It could also be studied usefully by all drivers--whether they are just starting or have been driving for 30 or 40 years.

Auto Service Industry Changing By Degrees — 'Academic,' That Is

This is a report on what one institution of higher learning is doing to prepare young folks for the executive and management careers that are opening up for them in the important, growing Car Care Servicing Industry. Others among the rising number of two-year community colleges are becoming active in this area.

The automotive service industry is changing by degrees -- academic degrees. Preparation for careers in car servicing is now becoming a job for colleges starting with Northwood Institute in Midland, Michigan.

The Midland campus is adding to its curriculum, the first full time college program of study dedicated to the auto service industry. Its goal is to upgrade the qualifications of men and women who enter the field.

Included in the curriculum, in addition to regular liberal arts and business courses, will be five courses in automotive service. Students will study the history of transportation, organization and management of the auto service industry and merchandising.

According to Dr. Arthur E. Turner, President of Northwood Institute, the demand for trained personnel in auto servicing is insatiable.

The industry represents an estimated 25,000 firms which range from manufacturing to distribution of thousands of parts for the nation's 100 million cars and trucks.

Objective of the Northwood program is to encourage young people to see the potential opportunities in the industry, which is constantly looking for sources of executive and management personnel.

The Northwood Institute course is the latest the service industry is undertaking to upgrade the quality of service personnel.

The car-conscious students at Northwood Institute in Midland, Michigan, held an auto show on their attractive campus. Northwood's interest in autos also extends to their unique curriculum training automobile aftermarket executives, giving the industry a good source of manpower.

Front Wheels That Wander Like Dog That Won't Heel

Have you ever watched the owner of a poorly trained pup trying to walk his dog on a leash? By the end of the stroll, they both are exhausted; the master from continually trying to pull his errant pooch back on the track, and the dog from tugging the other way and having walked at least twice the distance his master covered.

After a few sessions in a good obedience course, the pup heels comfortably and an evening's outing becomes a relaxing time for both.

This is not unlike the case of the car with faulty wheel alignment. The front wheels want to head for the gutter, while the rest of the car (under its driver's influence) tries to go straight ahead.

By the end of a long day on the road, the driver is worn out and so are the wandering tires. They have been literally dragged sideways back on track every inch of the way.

Obedience training for wheels, of course, is accomplished in an alignment shop. A trained technician checks them for accuracy of toe-in, camber, caster and other geometric factors that make the car steer and handle properly.

Part of this project is a close examination of all the linkage and suspension parts involved in the steering and suspension system. Loose parts cannot be kept in alignment.

If your car has power steering, which does a lot of the struggling for you, you may be unaware of misalignment. One finger on the steering wheel keeps you going straight ahead. But your tires know the difference.

You may be reducing the life of your tires by 20 or 30 percent just trying to pull them back on course. Their increased resistance will cause your car to use more gas, too.

Unlike the educated pup, your car needs a refresher course every six months in the form of an alignment checkup and, if necessary, adjustment.

You and your car both will be happier for it.

Proper Tire Care

Proper tire inflation is essential. Underinflation causes extreme sidewall flexing, builds up excessive heat, and causes rapid wear on the tire tread's outer edges.

Overinflation causes tires to run hard, subjects them to damage and weakening of the carcass, and causes excessive wear in the middle of the tread.

Check your owner's manual for recommended tire pressure.

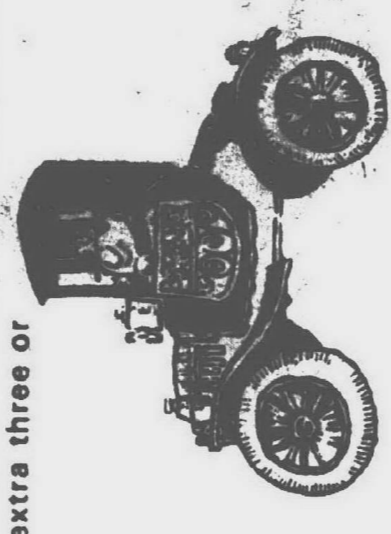

Inspect tire exterior regularly for excessive or abnormal wear, fabric breaks, and cuts. Remove imbedded foreign matter. Add an extra three or

four pounds of pressure to cold tires prior to long trips where you anticipate driving at sustained high speeds.

Replace tires when tread is thinner than 3/32 of an inch, or the "wear indicator" on the tire appears.

Use the "air loss" method of spotting a potential tire failure. A tire that loses three or more pounds of pressure in a week or less, when the others remain the same, should be removed and inspected.

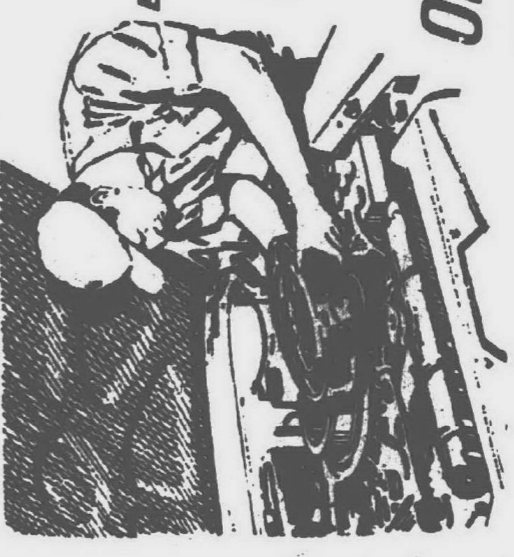

Carry a spare tire that is properly inflated and in good condition.

There is nothing as delightful as leaving the well-traveled highways on a summer vacation trip. Yet, those out-of-the-way roadides can prove exasperating if your car should break down, far away from service facilities. To make certain this doesn't happen to you on your outing, take your car to your favorite service outlet for a thorough pre-trip check of all components, and have a fun filled, care-free vacation.

Auto Background Steers This Girl To Sales(man)ship

A "skirt" swings in Greene Motors sales department. If you stop in to buy a Volkswagen or just look, you're likely to meet a smart looking young lady named Nancy Pyle.

At sixteen Nancy entered the sales world through women's fashions. "It's a lot more fun selling bumpers than skirts," she says. (She'll be happy to sell you a whole car along with the bumpers.)

Nancy's automotive orientation stemmed from the fact that from 1937 to 1969 her father, Austin Grant, was associated closely with the automotive industry, being news and automotive editor for three of the major radio and television stations in Detroit. Nancy accompanied her father on many of the automotive press previews and auto shows.

"When I was finally persuaded by my father to purchase my first Volkswagen, I became acquainted

with the Sales Manager of Greene Motors. He felt that, with my background, I would be a well-qualified addition to the sales force and customer relations. He offered me the opportunity and I took it, and I'm very glad I did," said Nancy.

Her full responsibility is sales, show displays and customer relations. She is vitally interested in customer relations because she feels there has been a lack of communication between car owners and service departments.

Greene Motors makes every effort to have the best customer relations in the Detroit area.

You might think a girl wouldn't know where to find an engine in a VW but she has found out - and learned a lot more about Volkswagen products.

"She's become one of our dependable salesmen! Nancy has spirit," said Greene Motors' Sales Manager Mr. Dick Welland.

This series of photos from Ford Motor Company's Automotive Safety Research Center dramatically demonstrates the value of wearing seat belts. First, a new Ford is mechanically induced into a roll-over at 50 miles per hour. Then, as the car rolls, the dummy flies high into the air, landing 50 feet from the overturned car. A study of film from movie cameras mounted both inside and outside the car showed that the unbelted dummy was ejected from the right front passenger seat through the open side window after being shoved by the unbelted driver dummy. Accident statistics from rural areas indicate that 85 per cent of those killed in roll-over accidents had been ejected -- lives that might have been saved by use of safety seat belts.

Why Use Seat Belts?

Seat belts are a well-known, yet tragically unused device for saving lives in automobile accidents.

They were first used in airplanes during the first World War; more than 50 years ago, to keep aircrews from falling out during acrobatics or from being bounced out in rough air.

Nobody thought of them in connection with automobile safety until the 1950's, because the common belief -- which now seems silly -- was that you were better off in an accident if you were thrown out.

AN INDIANA State Police sergeant named Elmer Paul stimulated some new thinking on that in the late 1940s. He noticed that many seemingly minor crashes became fatal accidents because someone was thrown out of the car and either hit something on the outside or was crushed when the car rolled over.

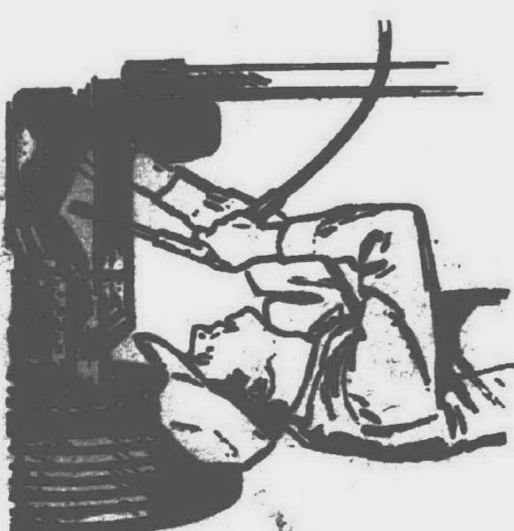

Sgt. Paul started a systematic study of such accidents in Indiana, and succeeded in interesting the Cornell (University) Aeronautical Laboratory -- up to that time involved in aircraft studies -- in doing a scientific analysis of accident statistics to isolate causes of fatal injury.

The results of this study provided the first conclusive evidence that ejection was the leading cause of fatal injury in auto accidents. The second leading cause of injury was impact of the occupant against the interior of the car when he kept moving after the car stopped -- what is known as the "second collision."

Most Tire Repairs Are Temporary, Reports National Safety Council

Careful drivers have their tire pressure checked regularly, as the National Safety Council advises. However, in the event of a flat tire, do you know how to have it repaired properly? Many of the tires supposedly receiving "permanent repair" do not meet safety tests.

speeds not exceeding 50 miles per hour. It is recommended that these temporary repairs be used only in emergencies.

For safe and permanent repair, a tire must be sealed from the inside. The use of an outside plug is only a temporary repair. Unless the tire is removed from the wheel, it is impossible to know if the inner layer is intact and not broken, damage which is critical to the tire.

The Council warns that external repairs on tubeless tires are good only for up to 100 miles of travel at

FINGER LICKIN' GOOD -- Two-year-old Scott Houran of Taylor, Mich., samples a piece of birthday cake he shares with Ford Division's favorite two-year-old, Maverick. Scott and Maverick both made their public debuts on April 17, 1969 -- Scott in Oakwood Hospital in Dearborn, Mich. (Maverick's hometown) and Maverick in nearly 5,000 Ford dealerships from coast-to-coast. Since that time Scott has gained 20 pounds, added 14 inches to his height and learned that nothing is more fun than a birthday party. In its two years, Maverick has added two new models to its family tree, earned a reputation as "The Simple Machine," and has found itself a home in 634,357 hearts and garages.

Birthday Celebrated By Ford's Maverick

Ford's Maverick, --No. 1 seller among the domestic compact during the 1970 and 1971 model years-- celebrated its second anniversary Saturday, (April 17).

Maverick sales through March totaled 634,357. "The key factor in Maverick's sales success is the car's reputation as a 'Simple Machine' -- durable, economical and dependable," said John Naughton, Ford vice president and Ford Division general manager.

"Statistics prove that Maverick still is easier and cheaper to repair than any car in its class," Mr. Naughton said. "In fact, most maintenance and repair functions are completed more quickly on the Maverick than on the leading import."

A study of scheduled maintenance procedures over the first 12,000 miles showed that Maverick maintenance procedures cost less than half of the leading import. Scheduled maintenance for the Maverick included two checkups--at 6,000 and 12,000 miles--and covered such items as change of oil and oil filter, fuel filter, air cleaner and emission control valve.

Maverick has remained relatively unchanged since its introduction. "While we haven't altered the Maverick, we have made some significant additions," Mr. Naughton said. "We introduced the four-door and Grabber models last fall and offered the economical 302-CID V-8 as an option in January."

Want to Enjoy a Picture-Perfect Trip? Have Car and Camera Fully Inspected!

Before leaving on a motor trip, the average driver is likely to have his car inspected to make sure it is running properly and smoothly.

In the same vein, the camera depended upon for the vacation record should also receive the same careful inspection. There is nothing as aggravating or disappointing as discovering those fabulous pictures you thought you took are all a blur or nothing at all.

The easiest way to check the camera, especially if it has not been used for a while, is to shoot a test roll of film. If the pictures are satisfactory, you can be reasonably sure your camera is working properly. If not, take it to a dealer and have him check it.

A profitable "before-leaving" photograph is one picturing the things you are taking with you. While a photo inventory will not prevent you from losing

something, it is one good way not to leave things behind. Each time you move on, check the photo and see if you have everything. The same photo record could also be handy when filing an insurance claim for lost or stolen property.

Instead of "packing" your camera for the trip, keep it out of suitcases and handy for any scene that presents itself during the trip. Seeing a photographic scene is worthless if no camera is available.

A word of advice--film is perishable. Heat and humidity are particularly harmful and have the greatest effect on color film. In summer, don't place your camera or film in the trunk, glove compartment or on the rear deck. The best place for the camera is on the seat beside you. Extra film can be carried in a cooling chest.

While it's possible to take good pictures from inside the car, it's better to get outside the vehicle, especially in a scenic spot. Even in the sunshine, using a flash bulb will heighten the effect of the photo as it eliminates shadows.

Observer

Cowboys, riding the lonesome range, often talked to their horses for want of better conversational company, although there is no record of the horse ever answering in intelligible English.

Your car often communicates with you and when it does it's usually in the form of a complaint. See if you can identify the following sounds in terms of what your car is complaining about.

1. Your brakes squeal when applied. Two of these conditions may be the cause:
 - a. Weather conditions are cold and damp, affecting linings.
 - b. You are low in brake fluid.
- c. Steering linkage is rubbing against the brakes.
- d. Brake linings are worn.
2. Upon sudden acceleration, there is an engine sound something like the rattling of B.B. shot in a tin can. The cause is most likely:
 - a. Preignition
 - b. Worn bearings
 - c. Worn pistons and/or rings.
 - d. Thermostat needs adjustment.
3. There's no sound but a click when you turn the ignition key. Two probable causes are:
 - a. Battery is dead.
 - b. Starter mechanism is defective.
4. Low-key rumbling sound in the engine, particularly accompanied by power loss-and stalling, probably means two of the following:
 - a. Preignition
 - b. Worn bearings
 - c. Worn pistons and/or rings.
 - d. Thermostat needs adjustment.
5. There's no sound but a click when you turn the ignition key. Two probable causes are:
 - a. Battery is dead.
 - b. Starter mechanism is defective.

Spring Car Care Quiz

c. Spark plug wire is worn

d. You're out of gas

6. There is a thumping sound from a tire assuming it's not the fault of the road surface, probable reason is:

- a. A defect in the tire rod
- b. A power steering system leakage.
- c. A defect in the body of the tire

7. Your car suddenly develops a "sports car rap" and makes excess noise under the chassis. The cause is undoubtedly:

- a. A leaking exhaust system.
- b. The gasoline you're using is too powerful for your engine.
- c. Due to fibrillation, your engine is experiencing horsepower surge.
- d. A screeching sound when you turn your steering wheel as far as it will go usually means:
 - a. Defective steering linkage.
 - b. Underinflated tires.

8. A screeching sound when you turn your steering wheel as far as it will go usually means:

- a. Defective steering linkage.
- b. Underinflated tires.

9. Upon shutting off the ignition, the engine keeps running, sounding something like Jack Benny's old Maxwell. Two of the possible causes are:

- a. Gasoline is of too high an octane
- b. The engine is running too cold
- c. The idle speed is set too fast
- d. Fuel mixture is too lean at idle

10. There is the sound of a quick, insistent rapping on metal, like a woodpecker was at work under the hood. It is most likely:

- a. A defective alternator or generator.
- b. Sticky hydraulic valve lifters.
- c. A cracked distributor cap.
