### 13 Arrested At High School

Michigan state police from the Redford and Ypsilanti posts arrested 13 Plymouth High School students, while one other was suspended by Principal Bill Brown, during disorders Friday.

Joy and Canton Center roads and the school parking lots were turned virtually into dragstrips by young motorists, and all arrests were on speeding or reckless driving charges.

Brown said that end-of-the-semester problems mounted throughout the week and that state police and Wayne County sheriff's deputies were requested by the school Friday. The trouble was entirely outside the new building and not in the halls or classrooms, said Brown.

He blamed it on "100 to 150 of our nearly 2,100 students" and said that "to protect life and limb, extra police surveillance to control traffic in the school area has been asked for Monday." From then on, it will be handled on a day-to-day basis until classes end Thursday.

### Future Unknown

It's that time of year when graduating high school seniors step out into new paths, but for some the road ahead may have many unexpected turns. The Stroller cites local examples proving that often this works out for the best.

# Light Voter Turnout Sighted In Making Bd. Of Ed. Choices

BOARD OF EDUCATION candidates and an audience of interested voters took over the City Commission chambers Wednesday night in the major public forum prior to Monday's election. On the dais (from left) are Thomas Fidge,

## City-Twp. 'Love Pact' Aids Recreation Plans

Plymouth Township's Board of Trustees didn't break the sound barrier, land a man on the moon or find a cure for the common cold Tuesday night. But for purely local political impact, it was just as significant when the township "loaned" its population to the city.

By unanimous vote, the trustees directed a resolution to the State Department of Natural Resources asking that the township's per capita allocation for funds for distribution under the state recreation bond formula be made available to the city.

Already Natural Resources officials have accepted the city's proposal for a cultural center and ice rink, requesting the Legislature to grant Plymouth \$33,574 to get the ball rolling.

All such grants are based on population. Now, with the township saying, "Here, count our people in, too," the community has been treated to one of the best displays of cooperation between the two governments on record.

Financially, it is likely to

mean at least the doubling of money from the state, but the biggest gain may prove to be a psychological one in that it demonstrates a unified community purpose which can't be overlooked by local die-hards any more than at Lansing.

THE MOTION to make such a decision a matter of record was made by Trustee Frank Millington, and it was seconded by Russell Ash.

The resolution emphasized that the township never has applied for recreation funds under the same state program which was authorized by a statewide election in 1968, and then significantly added:

"The City of Plymouth has pledged the use of its recreational facilities to township residents on an equal basis with residents of the City of Plymouth."

In those words, the trustees not only recognized the city's willingness "to share and share alike" in the use of the new center, but to all intent and purpose joined in throwing their own political

weight behind the worthiness of the undertaking.

Mayor James McKeon and City Manager Norman Gaffney were quick to praise Supervisor Maurice Breen and his colleagues of the trustees for both their actual and moral support, indicating it presages a new era of enlightened cooperation for the good of Greater Plymouth.

RECENTLY, THE city's new recreation director, Stanley Stenek, revealed that 21 separate civic organizations, with memberships in which township and city residents function as one, had endorsed the cultural center project in writing to the Natural Resources Department.

"Cooperation is the key to success of a recreation program," said Stenek in a report to the City Commission. "The provision of an adequate program will require all available energies and the

finest leadership the area can command.

"There is no patent formula for securing cooperation, but I am pleased to witness the type of leadership that is required. I am particularly pleased with the fine welcome and cooperation I have received from fellow workers, school officials, Plymouth Township and civic groups. If success is forthcoming, Plymouth will certainly witness one of the finest recreation programs to be found anywhere."

More bubbles are coming to a boil in Plymouth's political pot this weekend than just those concerning Monday's Board of Education election.

Because the City of Plymouth has switched its bi-annual municipal election from spring to fall, the deadline for filing nominating petitions for the City Com-

By FRED DELANO

A strictly lack-lustre Plymouth Board of Education campaign will result in the election of three new members Monday, but possibly with no more than one registered voter in five taking part in the decision.

Polls will be open from 7 a.m. to 8 p.m. at these seven school district precinct sites: Central Junior High School, Gallimore School, Plymouth Township Hall, Starkweather School, Allen School, Junior High West and Farrand School.

However, the prospect of an extremely light turnout - perhaps even smaller than last year's 19.3 per cent of more than 12,000 registered voters - is emphasized by the fact that a mere seven absentee ballots were requested.

Approximately 100 persons turned out for a two-hour candidates' forum Wednesday night in City Hall, but it was a crowd dominated by special interest factions rather than the public at large.

TWO CONTESTS are involved.

In the first, just one of three contenders will be elected for two years to fill out the unexpired term of R. Bruce Scott. These rivals are Mrs. Karl (Kathleen) Williams, John M. Ohno and Thomas J. Fidge Jr.

In the other race, to pick successors to retiring incumbents Ned Stirling and Donald Tripp, two of these

four will be elected for four years: John C. Graves, Fredrick M. Penar, Winton E. Kloosterman and Paul W. Huyck.

Both the Plymouth Education Association and the executive committee of the local Democratic organization have endorsed Ohno, Graves and Penar.

At Plymouth High School, a so-called "Student Election Support Committee" of 13 students from an American government class interviewed five of the candidates and decided on Huyck as the single most desirable prospect. They will spend the weekend working in his behalf.

The students are Doug Rick, chairman; Dennis Mutch, Howie Schryer, Melinda Bidwell, Sharon Gyorkey, Don Chisholm, George Wisman, Mary Ann Kraay, Pam Maxwell, Steve Benson, Francie Markes, Paul Green and Carol MacMillan.

TIME RESTRICTIONS kept candidates to capsule-type comments in Wednesday night's City Hall forum - which was the only time during the campaign all seven shared the same platform - and these were the highlights of the positions expressed, given in the order of speaking appearance:

MRS. WILLIAMS -- "The problem of communication is one I can directly help in, and I offer myself as a link between the two groups."

## City Race Deadline Is At Hand

mission will fall at 4 p.m. Tuesday.

So far, five persons have filed with City Clerk Eugene S. Slider: Incumbents Robert Sincok and William Silvis, plus newcomers Paul Muller, Walter Nelsen and Mahlon Green.

Petitions for several other candidates are currently being circulated, but with four

seats at stake, it will take nine candidates to force a primary.

If a primary does prove necessary, it will be held Tuesday, Aug. 3. The general election will be Tuesday, Nov. 2. Slider suggests that any others who may wish to join the race pick up petitions at City Hall Monday.

## Williams, Graves And Penar Recommended For Election

JUST A YEAR AGO, what with all the problems at the high school, Plymouth desperately needed a construction expert on its Board of Education, and we not only elected such a man, but he actually was the top vote-getter among 12 candidates. In brief, the citizens recognized a particular problem at a particular point in time and in their wisdom answered it.

For 13 hours Monday balloting will be in progress to select three of 1971's seven candidates for seats on this same board and the question boils down to this: What training, what expertise, what social consciousness will be of greatest value to this 54-square-mile school district in relation to today's problems - not yesterday's and not the far-off future's.

It is an approach which leads one partially into a process of elimination, for, of our seven candidates, each in his or her own way boasts credentials meriting support and indicating that there is no possibility of making such a thing as a bad choice.

THERE ARE THREE in the contest for the two-year term: Mrs. Karl Williams, John M. Ohno and Thomas J. Fidge. Of this trio, Mrs. Williams is the only one who has hammered away at the great and crying need for better communication and a closer relationship between the board and the public - which we agree is paramount NOW.

Despite Dr. Ohno's genius and far-flung educational background, and despite Fidge's special personnel skills, we support Mrs. Williams to meet TODAY'S need and believe her when she says she will take the time to meet with all groups, large or small, to bring the board closer to the public.

While only one is to be elected from that threesome, there will be two persons elected from among the four candidates for the four-year terms, in the

## Editorial

running are John C. Graves, Fredrick M. Penar, Winton E. Kloosterman and Paul W. Huyck.

GRAVES, who is on the faculty of Livonia's Franklin High School has done so much for the good of youth in that community - good in the direction of combating drug use and bringing young people into broad and constructive community involvement - that he was chosen as one of Michigan's five outstanding young men for 1970. We need that sort of expertise on the Plymouth Board of Education and we need it NOW.

Dr. Kloosterman is a parallel to Dr. Ohno - a wonderful educational specialist; in fact, a college professor. But his is a realm and understanding which Plymouth could gain exactly the way Eastern Michigan University does in Dr. Kloosterman's very own case: hire it.

Mr. Huyck is a financial expert, but what he could add that George Lawton doesn't already bring to the board we know not. You see, we believe in a board of seven separate talents and interests - not seven of an identical mold.

This leaves us Mr. Penar, who answers the cry for a man who wants to see more direct involvement between teachers and administration, who would have a board member in negotiating sessions and who decries the admitted tragic breakdown in communication between citizens and their school system. We believe his thinking is needed NOW.

Our recommendation is thus that ballots be cast for Mrs. Karl Williams, John C. Graves and Fredrick M. Penar.

## Many Senior Stars But Drew Tabbed 'Greatest'

# Mahalic Named 'Athlete Of Year'

By GEORGE MASKIN  
Sports Editor

To single out one athlete over others never is an easy task.

And, it's no different this spring in proclaiming the Observerland's prep-sports performer of 1970-71.

Once again, there were a host of standout athletes, playing at the 22 high schools served by the Observer newspapers.

There were one-sport standouts, two sport greats and several who excelled in three and even four sports during the past nine months.

There were all-stars and all-suburban selections. There were All-Observer, All-County and All-League greats.

Typical of every succeeding year, the prep athletes seemed to get better and better, despite cries from some quarters that the

teenage group is collapsing and slipping around the world.

The Observer honor as "athlete of the year" is reserved only for graduating seniors which naturally shrinks the list of candidates to some degree.

BUT IT'S nonetheless a sparkling lineup from which the Observer picks Drew Mahalic of North Farmington as No. 1 for 1970-71 in the area.

Mahalic's credentials are numerous:

1 - As the Raiders' quarterback he led North Farmington to a perfect 9-0 season and the state Class A title.

2 - He was picked on everybody's All-State football team.

3 - The Free Press saluted Mahalic as the "football player-of-the-year" in Michigan.

4 - He starred in basketball for the Raiders.

5 - He excelled in the hurdles in track and this past week was named as the No. 1 low hurdler on the 1971 All-Observer area track team.

6 - His brilliance has won him a scholarship to Notre Dame.

7 - He was named with Mike Gow as the winner of the Raider Cup, annually presented the top senior athlete at North Farmington. This time the honor was split because Gow was all-state in football, a star in basketball and a standout in track.

FOLLOWING MAHALIC on the All-Observerland Athlete of the year honor roll are:

Mike Page of Country Day School: All-State in football and basketball and one of the standouts in leading Country Day to the state Class C track title.

Mike Gow of North Farmington: As already outlined, a three sport great in football, basketball and track.

Roger Peterman of Southfield: A star in football, basketball and baseball.

Mike Jinnett of Franklin: A standout in football and one of Michigan's best in the 440-yard run in track.

Ron Hoekstra of Stevenson: A sparkling performer in football, basketball and tennis.

Jim Craig of Franklin: All-State in football at tackle and one of the area's best shot-puffers.

Daryl Demaray of John Glenn: a three sport standout in football, basketball and track.

In acclaiming top athletes, special bouquets also should go to a pair of Redford Union performers - Randy Ferguson and Roger Blanchard.

Ferguson boasted 14 pitching victories - believed to be tops in the state - going into Saturday's regionals.

Blanchard won the state Class A pole vault title and although missing out on the state record, he earlier had cleared 14 feet, 8 inches, the second highest vault ever by a Michigan prep.

## Sandlotters Open Play Sunday

It'll be "Play Ball" on the sandlots of Greater Livonia starting Sunday.

The strong Adray League from which has come Michigan's perennial outstate champion in Redford Township will swing into action Sunday with six of seven teams in action.

Then on Tuesday, the lid springs up in the Connie Mack League with a record number of 21 teams from virtually every Observerland community.

The Mack circuit for the first time is being split into three divisions of seven teams each because of the entry.

IN ESSENCE, the Mack circuit also is a summer high school league for Ob-

serverland teams, many of which will play intact with the lineups they used during the recent spring prep campaign.

"If we had a spot, we could have added two or three more Connie Mack teams," said Bob Schwarz of the Livonia Recreation Department which runs the entire program.

Schwarz was asked: "How come the Livonia Mack and Adray League have spread out to include all nearby communities?"

"It's this way," he explained.

"Originally, a group of communities discussed how they could get started with these programs. It was felt that Livonia alone or Plymouth alone or Redford Township alone couldn't field a decent league.

"The best solution was to band together. And the communities agreed. Since then we have just grown and grown and now we have reached a point where we can't add any more teams.

"But we do feel that we have one of the best programs going in the entire state.

"We have teams from adjacent areas and with boys who are able to carry on their high school rivalries into

summer baseball. This is good for everybody, the boys, their parents, their followers, and mostly the communities involved."

Again, this season appliance dealer Mike Adray of Dearborn is the man behind the Adray League program throughout Michigan.

The Livonia League is one of four Adray is sponsoring.

SEVEN TEAMS will contest for honors topped by Redford Township which not only has won the league crown year after year, but also has carried off the state title and played in the All America Boys tournament in Johnstown and Altoona, Pa.

Redford will have a new manager this year in Pat Sheridan replacing Bob Atkins, who has guided Redford to its great seasons in the past.

Atkins gave up the Adray team, but will remain with his Warholek Connie Mack team.

The other six teams in the Adray League are Livonia's Hubert Realty; Westland, managed by Ernie Lyons; Plymouth Bidwell, managed by Duane Becker; North Farmington, managed by Ray Carr; Garden City, bossed by George Lerchen, who once played for the Detroit Tigers and Northville.

Teams in the Adray League will play on Sunday, Wednesday, and Friday.

SUNDAY'S OPENERS match Redford against Westland at 1:30 p.m.; Northville vs. North Farmington at 6 p.m. and Hubert vs. Bidwell at 8:30 p.m. All the games will be played at the Ford Field in Livonia.

On Wednesday, Northville meets Westland, Hubert plays Redford at Thurston and Plymouth Bidwell goes to Garden City for 6 p.m.

CONNIE MACK league teams will play in what will be known as the National, American and International Division.

Livonia's Crown Royals, made up of members of the Bentley High varsity, will return to defend its championship in the National Division, going against Plymouth Gates Realty, Redford Warholek, Garden City East, Franklin High's JVs, North Farmington and Tom's Service (Stevenson High's JVs).

In the American Division, Plymouth Holman Pontiac, National Pride (the Livonia Churchill varsity), Garden City West, West Bloomfield, the Livonia Optimists (Bentley's JVs), Northville and Little Caesars of Farmington (Farmington High) will contest for laurels.

The International Division will be comprised of Thurston, Plymouth Elks, Farmington Harrison, Novi B and V, Livonia Patriots (Franklin varsity), Hubert Realty (Stevenson varsity) and Redford Tooling (Churchill JVs).

GAMES IN THE Mack League will be played on Tuesday, Thursday and Saturday.

Only Monday will be an off day for Adray and Mack teams, but it will be available to make up any rain-outs.

Each of the Mack League champs will qualify for a district playoff.

## Sad Days For Sorrows As High School Closes

By GEORGE MASKIN  
Sports Editor

Bob Kelley looked across the athletic field at Our Lady of Sorrows High School.

Life had just about run its course for Sorrows as a high school and for the various athletic teams which have represented the Farmington school for 14 years.

There was still Saturday's regional baseball tournament at Capac and, hopefully, maybe going on to win the state championship in Class C next Saturday.

But with the final clang of the school bells, Sorrows is closing down as a senior high.

A change in the school's format will eliminate grades 10-12. The other grades will remain.

"This is like a human expiring," Kelley declared as he stared at the football and baseball fields where the Sorrows athletes have performed so well and back at the gym, the indoor hub of Sorrows' sports since the school was opened in 1958.

"We had been looking forward to a great football season next fall when the news came that we were closing as a high school.

"We had 16 boys back from last year's league champion which won its first seven games. And 11 of those boys had played football at least two seasons for us.

"And, now, well, I guess our loss will be the gain of other high schools. Seven of the boys will go to Farmington High. The others have selected Stevenson, Harrison, Divine Child and Southfield, depending on where they live."

KELLEY IS DOWN in the dumps. He hasn't been able to connect on a coaching or teaching job for next year.

Neither has Bob Morris who has coached basketball and track at Sorrows and like Kelley has worked full-time at Sorrows.

Greg Doty, the wrestling coach, who was named mat coach of the year in the state in 1970-71, has served the school in his after regular-work hours with the Oakland County engineering division.

"I suppose I might be tossing in the towel as a coach and teacher if it weren't for the fact I keep reminding myself what I have told my athletes time again," said Kelley.

"I constantly have preached to them: 'Don't give up.' So, I'm not. At least not yet."

KELLEY HAS SHOWN over the years with his success story in football and baseball that he rates a job elsewhere in coaching. But these are trying times for the schools.

Many schools are in the process of cutting back instead of hiring replacements or new coaches.

Kelley walked around, near home plate on the baseball field. He kicked up a little

BOB KELLEY

career strikeout record of 342, now is at Central Michigan.

dust. He rambled over to the adjacent football field.

"A guy wants to cry," he said.

HE TALKED ABOUT the golden days Sorrows has enjoyed in sports.

"I guess our biggest achievement was winning the state Class C wrestling title a year ago. And then our baseball team which went 17-3 in 1970 and won the Division title.

"We have had some league winners in golf and football and tennis. And we've had some very fine individual athletes."

He recalled Mike Bars, a 6-6 football player who went from Sorrows to Notre Dame only to have his career ruined by a leg fracture.

Frank Walsh, an all-Catholic football tackle a few years back, will be the football captain next fall at Brown University.

Greg Main, the finest pitcher the school ever has had and the holder of the Sorrows'

So is Tommy Webster, a four-year Sorrows catcher.

Tim Doyle, Barry Walsh, Stan Secosky, Paul Osen-toski... just a few other names which would have to be enshrined in a Sorrows' Hall of Fame.

And, other additions could be Newt Hurst and Tom Centers of this year's baseball team. Hurst has set a school career record for hits and runs...Centers a school mark with 10 pitching victories.

Kelley started walking back toward the school.

The youngsters were flocking from their classes...and Kelley sized some of the young men up:

"There's no question there are some star athletes in this crop, boys who could have starred here for us in high school. But it isn't to be..."

THROUGH BIFOCALS

By FRED DELANO / Editor: Mail & Observer

**MY HAT IS OFF** to five women who on Monday will begin the final week of Plymouth teaching careers which total 140 years in company with your little darlings, and more than 200 years of actual service to education when you add in the time they taught elsewhere before joining the local system.

Listing them in order according to their years in Plymouth, this distinguished quintet includes Miss Sarah C. Lickly, 40 years; Miss Ruth E. Eriksson, 32; Miss Verlie O. Crawford, 29; Miss Margaret Roberts, 23, and Miss Marie F. Cox, 16.

All five are retiring at the conclusion of the present semester and in their present assignments have these teaching roles: Miss Lickly, mathematics at the high school (just as for all those 40 years); Miss Eriksson, principal of Smith School, which is a post she has held since 1950; Miss Crawford, fifth grade at Allen School; Miss Roberts, first grade at Fiegel, and Miss Cox, fourth grade at Allen.

I daresay these five ladies have done more good in giving proper motivation to the several thousand young lives that have passed fleetingly through their hands than any five parents you can name.

AS BEFITS THE OCCASION, retirement parties organized by friends and former pupils have been the order of the day lately for these five educators, and I think the general feeling is best described by this portion from a letter to this desk:

"It is difficult to describe her 44 years of generosity and concern in a single paragraph, but the impression she leaves best is depicted by the crowd of former students, including graduates, that stop by at any time during the week to say hello and pass the time."

The words were written about Miss Cox, who

began her teaching career in 1927 near her home town of Peck, but I have the feeling they apply equally to the other four of these ladies as well.

I don't suppose teachers ever are fully appreciated and understood by the pupils under their immediate thumb at a given time. The friendship, and certainly the understanding, come later. Tune in on the conversations that go on in any class reunion and you will find this to be true.

THE THING WHICH amazes me the most about those who pursue a teaching career is not the knowledge they possess, but the patience of which they are capable. I'm afraid that if I were in any of their shoes, kindergarten to high school, I would knock a few heads together every day. That those in the profession don't do it more often is the hallmark of their success.

It was my good fortune to have a mother who, like these five good Plymouth ladies, taught school in Michigan something like 40 years, all of it in the lower grades. Things like no summer vacation pay checks — albeit in many years there was a demand to take more college credit work — were part of a way of life.

Maybe need helped lead to that long career, but I really think that she reflected a characteristic of just about every teacher I've ever known: They like it, and deep inside there simply has to be a sense of accomplishment and of pride.

As this column joins in the salute to the Misses Lickly, Eriksson, Crawford, Roberts and Cox, I can't restrain a chuckle in recalling that the year I had my mother as first grade teacher, I received what was to be the lowest grade on a report card for many, many years. Demonstrating that she could be a realist when necessary, it was in a category in which many times later I set such an exemplary example — conduct.

## Seek More Queen Candidates

PLYMOUTH The Plymouth Jaycees appear this weekend to be in the strange position of having more confirmed sponsors for 1971 "Miss Plymouth" candidates than they have contestants and now are scurrying about in quest of pretty girls to join the contest.

Chairman Dave Swinton has reported that 16 business firms already have agreed to sponsorship — and even more are expected — but as of Thursday, the names of only six girls were on the roster.

It is Plymouth tradition that

each girl wears the sash identifying her business, industrial or organizational sponsor (who pays the \$15 entry fee). At this point, several sponsorships are there for the taking. Girls who are interested should contact Swinton, 9169 Hackberry.

Contestants must be at least 17 and must either live, work or attend school in the Plymouth community. Judging will be based solely upon beauty, personality and poise, no talent competition such as music or dancing being involved.

day, June 28 when the contestants appear in evening gowns for final judging in the auditorium of Central Junior High School. This will be a public event and the girl selected as "Miss Plymouth" for 1971 will be crowned at the end of that program.

This will put into motion the week-long celebration of the

Fourth of July, sponsored by the Jaycees, and the queen will make her major public appearance when she rides in the Independence Day parade which this year is scheduled for 12 noon Saturday, July 3.

Savings bonds and merchandise awards also are in store both for the queen and her princesses.

## PHS Senior Badly Injured By Train

PLYMOUTH A Plymouth High School senior scheduled to graduate next Thursday is listed in serious condition in Wayne County General Hospital and suffering from "multiple trauma" after being struck by a C&O freight train at a Canton Township crossing.

A hospital spokesman said Thursday that Michael Hallman, 17, of 11266 Terry, received fractures of the left leg and left shoulder when, according to the sheriff's office, he walked out of some trackside bushes and stood, waving his arms, in front of the southbound train at approximately 11 p.m. June 7.

The incident occurred near C&O's Warren Rd. crossing, shortly west of the Warren-Lutz intersection.

Engineer Dan Ryan told deputies that although he saw the youth on the tracks, he was unable to stop the train, which was traveling at 45 miles per hour. The train was made up of 16 freight cars and a caboose and the impact hurled Hallman into a ditch and bent the right railing of the train's diesel engine.

A published report that Hallman had made a wager that he could stop a train was not confirmed in the sheriff's written report on the accident, although it was confirmed that four other youths were with him at the time. All four declined to make statements to officers.

## PROBLEMS and SOLUTIONS

### PROBLEM: LEAF MINERS

Leaf miner damage is now appearing on elms, oak, maple and birches in this area. These are small, white maggots that tunnel out the insides of leaves. Whole leaves or major parts may be destroyed.

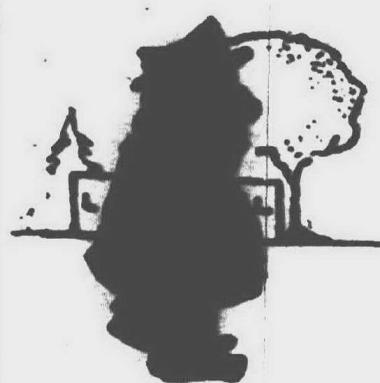

### SOLUTION:

Systemic insecticides are effective in killing these insects if used early enough. Malathion sprays are effective if repeated.

## The Stroller... Tip To Graduates

This is the time of the year when thousands of young people will be parading up to the rostrums in every town and hamlet in the country to take part in commencement day exercises.

Attired in their caps and gowns, they'll be enjoying one of the first big thrills of their lives as they step forward to receive their diplomas and have a brief moment in the spotlight.

For some time it will be the first step on the way to an institution of higher learning.

For others it will be arrival at the economic brink where they'll have to turn their backs on books to face the world in pursuit of a livelihood.

As they go their private ways, it may come as a surprise that many of America's most successful men reached their high station in life by traveling a road other than the one for which they prepared in their school years.

This strange twist in many lives was brought to The Stroller's attention during a friendly chat with Ken

Harrison, the veteran Plymouth real estate impresario, the other afternoon.

DURING THE CHAT on the projected development of the Plymouth area, Ken, as likable a fellow as you'd ever want to meet, suddenly remarked:

"This is a peculiar subject for a doctor to be discussing."

"A doctor!" The Stroller repeated.

"Yes," he chuckled. "I was a student at the University of Michigan Medical School and was well on my way to begin practice when World War I came along."

"Like many other students I went into service, hoping to pick up where I left off when I returned home. But it didn't work out that way."

"When I was mustered out, I learned that not many of them — the fellows with whom I attended school — had followed me into service. They had opened offices and were doing fine."

Ken smilingly admitted the idea of returning to class with a younger group wasn't to his liking.

"So, I turned my back on medicine," he said, "and, you know, I've never been sorry."

HIS TALE turned the discussion to others who had taken a different course in life than the one for which they prepared.

Seated at the table was another grand old fellow — Frank Henderson — who is in that category.

"When I went to work at the old Daisy plant," he said, "I never dreamed that some day I would be a metal plater and have my own business. But that's what happened — and I have had a very enjoyable life. 'I often look back and wonder where I'd be if the Daisy company hadn't hired me.'"

For the young graduates who now claim there are few opportunities for them, there's another fine example right here in Plymouth.

He's Thomas Carmondy who is displaying a new contraption to perform what is called "blister packaging." You see, many plastic packages are damaged in the store. They contain toys and all sorts of merchandise. But with the package damaged they must be sold at discount prices.

With this new contraption the damaged packages are replaced with the "blistering" system and the merchant gets full price — and averts what could be heavy losses.

So, here's a word of advice to the young graduates — opportunities always are available if you use your imagination.

Remember! They laughed at the man who made the first umbrella.

PRESENTATION OF THE Sears & Roebuck "symbol of excellence" award to the Plymouth firm of Whitman & Barnes Wednesday featured this plaque ceremony. Making the presentation was Carmin Pizzi (left), a Sears buyer, with Whitman & Barnes employees being represented by Ted Burkhardt. (Observer photo by Bob Woodring).

## Whitman-Barnes Is Given Award

Fifty years ago, Mike Kearns, retired president of Whitman & Barnes and past chairman of the board of United-Greenfield Corp., was successful in establishing the Sears & Roebuck account.

Now, after 49 years (1970) Whitman & Barnes, which has its plant at 40600 Plymouth Rd., has been selected by Sears to receive its "symbol of excellence" award which is presented to companies in the top one per cent of over 20,000 Sears' suppliers.

The visit by Sears representatives, presentation of the award, and a luncheon occurred Wednesday. A plant tour also was made by the Sears personnel.

Ted Burkhardt, a Whitman & Barnes hourly supervisor, was selected to receive the

plaque as a representative of all Whitman & Barnes employees, past and present, who contributed to this achievement.

All personnel now working in the Sears stockroom were guests at the ceremony and luncheon along with representatives from Sears which included Carmin Pizzi, buyer; David Loving, assistant buyer; and Robert Chandler, Detroit group merchandising manager.

Ed Burkhardt, group vice president of United-Greenfield; Claude Boring, vice president and general manager of Whitman & Barnes; and representatives from the U.A.W. Local 157 also were among the dignitaries present at the luncheon.

## Light Vote Anticipated

Continued from Page 1A  
ween the school board and the public."

KLOOSTERMAN — "There must be a willingness to bring top ideas and research to Plymouth and bring them to bear on our system to make our growth productive, profitable and meaningful. The real problem will be in assimilating many new people, but we have the resources to do it and come to grips with the real issues of education."

PENAR — "We must give attention to the decline in rapport between the board, administration and teachers, to better communication between citizens and the school system, to spending practices and to recognizing student opinions."

"I propose more direct involvement between teachers and administration, representation for teachers to be part of the discussions at board meetings, and direct board representation in all contract sessions."

OHNO — "The main reason I am running for the board is my desire to help organize the vocational education courses, to emphasize the training of young people not only in academic areas, but also in proper discipline with the

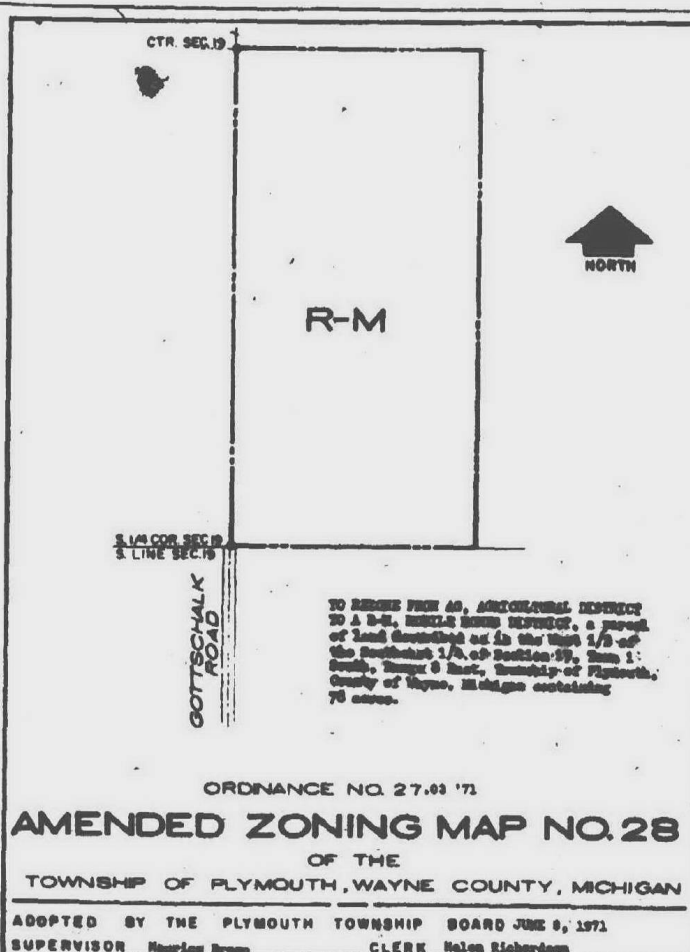

cooperation of community leaders and parents. Because of rapid development of technology, what students learn at school will never be sufficient."

"Therefore, orientation and assistance in vocational choice may often be more valid determinants of employment success than specific skill training."

GRAVES — "We must meet the ever-changing needs of students, including those who are not self-directed, not college-bound. Students learn everywhere and the facilities that surround us are fantastic for involvement. I am convinced that schools should view the community as a laboratory in citizenship education."

FIDGE — "I've dealt with public employees across the negotiating table for seven years, and we need that kind of person. The voters three years ago and more gave the board everything it asked for, but taxes are constantly going up and they are spending my money foolishly."

HUYCK — "One area that's weak is evaluation of how well students are doing, evaluation of the system itself. If elected, evaluation is the area I intend to hit the strongest."

## 4 Methodist Churches Get New Ministers

Appointment of four new ministers to Farmington, Livonia and Plymouth churches was made this week at the Detroit annual conference of the United Methodist Church, held at Adrian College. The appointments were made by Bishop Dwight E. Loder.

The Rev. Howard F. Snell of Marysville was named associated minister of First United Methodist Church of Farmington. He is succeeding the Rev. B. Bryce Swiler.

ST. MATTHEW'S United Church in Livonia is also getting a new associate minister. He is the Rev. Jerome K. Smith, who comes from Garrett Theological Seminary in Evanston, Ill. He succeeds the Rev. Haldon Ferris, whose new appointment is to Romulus and New Boston.

In Plymouth, the associate minister, the Rev. Ronald K. Cori, is being succeeded by the Rev. Dean A. Klump of Evangelical Theological Seminary, Naperville, Ill. Rev. Cori is going to Samaria Church.

THE FINAL AREA appointment is that of the Rev. Neal R. Parker to St. Luke's Methodist Church, Plymouth. Rev. Parker, who comes from Ohio Theological Seminary, Delaware, succeeds the Rev. Ernest L. Otter.

The ministers are expected to be in their new churches by June 20. Bishop Loder made pastoral appointments and reassignments to the more than 400 United Methodist Churches in the Upper Peninsula and the eastern part of the Lower Peninsula.

THE WORLD is bound to get smaller this summer for these Ladywood High School students, half of a contingent from the Livonia school leaving June 29 for a European study

tour sponsored by the Archdiocese of Detroit. From left are Mary Reddington, Mary Krempa, Carole Barann, Lynne Niznik and Felicia Tanguay. (Observer photo by Bob Woodring)

## 60-Up Is Age Limit For Jewish Camp

The Jewish Community Center, 18100 Meyers Rd., Detroit, is initiating a new camp program for Jewish adults 60 years of age and older.

The program will be held at the Butzel Conference Center at Camp Tamarack. Registration is now open at the center for members. Non-members will be registered after July 6.

Two one-week sessions will be held. The first will begin Monday, July 26 and run through Sunday, Aug. 1. This will be a vacation week featuring swimming, boating,

fishing, art lessons, craft sessions, singing, dancing and socials.

The second week, Aug. 2 through Sunday, Aug. 8, will be a seminar week. Abe Dishell will serve as chairman, and will present a variety of discussions with noted lecturers and book reviews, plus recreation programs.

The Conference Center is located on a lake surrounded by 3,000 wooded acres. It features a convenient pavilion with a library, a dining hall and three guest houses, each with room for 16 persons.

## Ladywood Students Join European Study Tour

Ten Ladywood High School students will spend this summer learning to appreciate first-hand the various cultures of Europe.

They will join 50 other students from all parts of the Detroit Archdiocese in a "Summertime in Europe" study course that covers six weeks beginning June 29.

Study stops in London, Paris, the Netherlands, Tyrol and Rome are included in the itinerary.

LADYWOOD MEMBERS of the group taking the ar-

chdiocese-sponsored tour will include Mary Redington, Carole Baronne and Michelle Mayville of Livonia, Mary Krempa, Patricia Gunstemberger and Cynthia Zuzga of Detroit, Catherine Bammell, Lynnette Mazur and Lynne Niznik of Dearborn Heights and Felicia Tanguay of Inkster.

"The stress will be on the culture of each country and how they compare with each other," said Sister Francilene, Madonna faculty member who will go along as a counselor

and teacher of music history. Sister Margaret Mary, who teaches in Divine Child Catholic School in Dearborn, will be principal of the study expedition.

THE STUDENTS' visit will include nine days in London and eight at each of the other stops.

Their days will feature

classes each morning and expeditions and sight-seeing in the afternoons and visits to concerts, plays or discoteques on many evenings.

They will fly to Rome and travel by various local means - mostly bus - for six weeks. Sr. F. Francilene said the total fee is \$1,030 for the tour, and some students are attending on scholarships.

## Church Lobby Is Most Powerful

(The following column by Republican Rep. Richard J. Allen of Ithaca was printed recently in several newspapers in his home area. He reports the reaction was "extensive" and that the column "found its way into at least three church services and sparked quite a flurry of letters, both pro and con." We reprint it here because we agree with Rep. Allen that "it will be met with some interest.")

By REP. RICHARD ALLEN  
What special interest group has Lansing's most powerful lobby? Take a guess. Automobile companies... labor unions... highway construction industry... teachers... farmers...? Naturally, the lobby effort of most organizations varies from year to year depending on the issues before us. But through the peaks and valleys for year in-year out top effort, I'll pick a group that will

surprise you. Michigan's churches.

General Motors may buy more lunches, but only the churches have caused me to receive as many as 75 personal phone calls at home on a Sunday afternoon.

The farmers were upset about daylight savings time, but didn't write nearly as many letters as one church denomination recently has sent to my desk.

THE POLITICAL POWER of churches lies not so much in the money spent but in the zeal of their members and their willingness to write, call, speak to on the street and otherwise communicate with their representative. This, combined with a statewide organization that holds regular weekly meetings in most every community of the State, makes for power.

Has this power been a strong moral force in Michigan, leading to a more Christian society?

Well, I'd say not. The reason being that I cannot remember an issue where all, or even a large majority, of our churches have agreed and taken a strong stand.

This seems strange since all Christian doctrine seems in accord on the brotherhood of man, respect for the elderly, benevolence towards the poor, crippled or otherwise afflicted, the need for love and forgiveness in place of violence and vengeance...and so on.

But rather than a united powerful stand for advancement in any of these areas of general Christian commitment, most lobbying centers on specific tenets of one or a few denominations.

This is viewed by the general public, including other Christians, as an attempt to force by law one's religion on others. It amounts to a contest amongst Christians for the control of law on their own members and others.

THE FOLLOWING are viewpoints held by various religious denominations in our society. Each is strongly related to one or more bills presently before the Legislature:

"Consumption of alcohol is a sin or at least highly immoral. It should be prohibited or at least restricted to the fullest extent possible by law."

"Gambling is a sin or at least highly immoral. It should not be used as a source of tax money. Tax money should be used to enforce laws against it."

"Abortion is a sin much worse than bringing an unwanted child into the world. Abortion should be prohibited to the fullest extent of the law."

NOW HEAR THIS, good friends and neighbors of the 88th District. We are small town and rural people, generally close to our churches. But my surveys would indicate that none of the above is the consensus of a majority of the CHRISTIANS in our area.

We are a pluralistic society. We certainly must each live by our own moral codes, but should be a little more careful about imposing them on others.

This column will bring letters from a good many Christians in my area. I wish those letters would be about the elderly, the poor, the crippled, drug abusers, criminals, prostitutes, etc.

But I think they'll be about drinking, gambling, and abortion law.

### OLGC Social Honors Dads

An old-fashioned ice cream social designed to "Treat Dad on Father's Day" will be sponsored by the Rosary-Altar Society of Our Lady of Good Counsel Catholic Church in Plymouth from 1 to 4 p.m. Sunday, June 20.

Ice cream, cake, pie and coffee will be served on the

lawn of the church, located on Penniman between Main and Sheldon. If the weather is bad, the social will be held in the school hall.

Mrs. Joseph Calleja is chairman of the social, and Mrs. Robert Hall is president of the Altar Society.

### Alliance Sets Convention

The Hebrew Christian Alliance of America will hold its 56th anniversary conference from June 26 to 30 in the First Baptist Church of

Oak Park, 24201 Coolidge.

Some 200 delegates are expected from many parts of the United States and Canada.

## Cornerstone To Be Laid June 13

Church and lay representatives will take part in the cornerstone laying ceremony Sunday, June 13, at 11:45 a.m., at the new First United Methodist Church of Plymouth. The location is North Territorial Rd., west of Sheldon Rd.

The cornerstone is for a sanctuary and two-story education building, which it is expected will be completed by Jan. 1, 1972.

The representatives are Joseph F. Gates, chairman of the administrative board; Norman Olson, chairman of the Council on Ministries; Mrs. Eric Childs, chairman of

worship; Mrs. Arthur Smith, president of the Women's Society; Glenn Tuffnell, who was recently received into membership; Kathleen Lewelling, a member of the Youth Confirmation Class, and Joseph Kordick, chairman of the study program.

Sanford Burr, lay reader, will describe the contents of the box to be sealed in the cornerstone. Joseph Witwer, chairman of the trustees, and Loren Gould, chairman of the building committee, will lay the cornerstone. The Rev. Paul M. Cargo, senior minister of the church, also will take part in the ceremony.

## Southfield Pastor To Retire June 30

The Rev. J. Albert Kee, associate pastor of Highland Park Baptist church, will end a 29-year ministry in the Southfield church when he retires June 30.

Rev. and Mrs. Kee will greet their friends at a reception after Sunday evening services, May 16, in the church fellowship hall, 28600 Lahser.

During his years at Highland Park, Rev. Kee acted several times as interim pastor, but his major activity was ministering to people in their homes, counseling and hospital visits.

He will be associate pastor

emeritus and will retain membership in the church.

The Kees make their home in Farmington.

Mrs. Kee built the children's church and helped organize it from one to six separate units. She is an instructor at the Detroit Bible College, specializing in Christian education. She has been active in boys' and girls' Bible clubs.

Rev. Kee is a graduate of Kalamazoo College and the Moody Bible Institute. He came to Highland Park from Emmanuel Bible Church, Detroit. He was executive director of the Christian Business Men's Club for one year.

## Fellowship Meets Set

North Farmington Baptist Church, 32500 W. 13 Mile, will begin a series of midweek fellowship meetings Wednesday, June 23. Meetings will begin at 6 p.m. for those who wish to bring their own snack and eat together. Bible study and discussion will be led by the Rev. Stanley Nichol, new pastor at the church, from 6:30 to 7:30 p.m. Beginning June 20, the

church will hold Sunday morning worship services at 9 a.m. Church school will follow at 10 a.m. This schedule will continue throughout the summer.

The church is also making plans for its annual vacation church school June 21 through 25. Classes for age four and up will be held from 9 a.m. to 11:30 a.m. each day.

## Clarenceville Church Sets Annual Parade

The largest vacation bible school in the Methodist Church will begin June 21 and continue through June 30 in the Clarenceville United

### Nuns Join Environment Seminar

Sister Dena Marie Baronn, Sister Mary Bridget Rozonowski and Sister Marie Karen Shirilla, members of the faculty of Madonna College, Livonia, are participating in a two-week seminar, "Environmental Awareness: Urban and Regional Situations."

From June 6 to 12, the participants studied the total ecology of two inner city parks while staying at the University of Detroit.

The faculty members will study at Hope College, Holland, Mich., from June 13 to 19, concentrating on the Black River watershed, including Lake Macatawa and Lake Michigan.

Speakers in Holland will include several noted environmentalists and Michigan Attorney General Frank Kelley.

The conference is being sponsored by the Association of Independent Colleges and Universities of Michigan.

Methodist Church, 20300 Middle Belt, Livonia.

Kicking off the school for children and young men and women will be the fourth annual vacation Bible school parade at 1 p.m. Saturday, June 19.

The parade, featuring floats, bands and decorated cars, will start at Clarenceville High School and travel through Bretton, Purlingbrook, Navin, Doris, Melvin, Morlock, Norfolk and Fremont streets before returning to the school.

It will end in a 2 p.m. "Picnic under a roof" in the church, where "new, improved Clarenceburgers" will be served.

THE BIBLE SCHOOL will be conducted for all ages from kindergarten through youth from 9 to 11:45 a.m. each of the eight days in the session. Prizes, games and fun as well as study will be part of the program.

An adult Bible school will be conducted at 7:30 p.m. each evening of the session by Les McCabe. His topic will be "What's God Been Doing All This Time?"

VBS WILL conclude with a demonstration program at 7:30 p.m. June 30.

The Rev. Elsie A. Johns is minister of the church and the Bible School head will be Aletha Straight, religious education director.

## Mrs. Hanks New Head Of Christian Scientists

Needs of the whole human family can be met through individual spiritual recognition of divine power, Mrs. Lenore D. Hanks, the new chairman of the Christian Science Board of Directors, said at the denomination's annual meeting in Boston on June 7.

It is not too late, Mrs. Hanks told the gathering, for the individual to learn about the spiritual resources which enable mankind to repair the ecology, reverse the population explosion, and arrest drug abuse, war, crime, injustice, apathy and greed.

"Peoples everywhere," she said, "need to get the feel of irresistible divine power, of divine activity going on all over the world. We must never allow human action to overshadow the recognition of divine action."

THE RESULTS of recognizing the power and presence of God are shared at Wednesday evening meetings held in more than a hundred branches of the denomination in Michigan, according to A. Dean Joki of Detroit, the Committee on Publication for Michigan.

"There is no substitute for firsthand religious experience," Joki said, in commenting on the call of the Boston meeting for increased spiritual activity.

Ways for helping mankind were emphasized throughout the message of The Christian Science Board of Directors. "When we open our thought," Mrs. Hanks said, "to this great fact—that God

MRS. LENORE HANKS

is always expressing Himself in man—we'll find not only ourselves liberated, but our world delivered from the threats that press upon it.

"Tremendous possibilities await the individual and the society which see man as the very expression of God's being because this divine being is the only source of saving, healing activity."

"But such understanding must be communicated. Here's where our institutions come in. And when we realize that every right activity is initiated by God, church efforts will rise to the greatness of our opportunities."

MOTIVES and standards for helping humanity must be relevant, Mrs. Hanks brought out.

"It will never do to be behind the times in things most essential, which proceed from the standard of right that regulates human destiny," she said, quoting from one of the writings of Mary Baker Eddy who discovered and founded Christian Science. "So," she continued,

"there's always the necessity to strengthen our institutions, to examine our programs and keep them relevant not merely to the assertive needs of today and tomorrow but to humanity's high destiny—which is not that of a condemned race on a poisoned planet."

"We need to be radical activists—spiritual activists," she said. "We need to take the initiative in identifying and focusing on what are the real issues."

Those attending the meeting heard a report on the progress of the massive building development in the Christian Science Center in Boston, read by Carl B. Rechner, Development Consultant.

Of special interest was information about a new training program initiated and funded by The Mother Church "to employ minority unskilled workers leading to union apprenticeship."

The program, which was referred to as unique, has been in force for a year and a half and is considered a model for the Boston area.

New construction is now more than half completed, a 550-car underground garage is in its final stages, the Colonnade building should be occupied late this year and the new administration building is scheduled for occupancy late next year.

The new chairman of the denomination's Board of Directors is a native of Portland, Ore.

## ECUMENICAL REFLECTIONS

By Dr. Bartlett L. Hess  
Ward United  
Presbyterian Church

Visiting the Middle East impressed me with the fact that more people call Abraham father than any man who ever lived.

The Moslems call him father for Ishmael was born to Hagar; the Jews call him father through Isaac; the Christians call him father for "if ye be Christ's, then are ye Abraham's seed, and heirs according to the promise" (Galatians 3:29). "Know ye therefore that they which are of faith, the same are the children of Abraham" (Galatians 3:7).

Those of all these three religions revere Abraham, the first Hebrew.

JUNE BRINGS us Father's Day along with many other blessings such as roses and weddings and school's out and commencements and the beginning of vacation for many. We do well to read the account in the Book of Genesis of Abraham the father. Ab means father, Abram, "exalted father," Abraham, "father of a multitude."

God promised him that his descendants would be multiplied as the stars in the heavens—spiritual seed—and the sands on the seashore—natural posterity. Today over a billion Christians, Jews and Moslems call Abraham father.

After recording God's dealings with man through many centuries, the writer of Genesis first mentions love in the 22nd chapter.

Interestingly enough, this love does not refer to that of God for man, or man for man, or husband for wife, or wife for husband, or mother for daughter, but a father's love for his son.

"Take now thy son, thine only son—the unique one—whom thou lovest—hast grown to love maturely and completely—and get thee into the land of Moriah; and offer him there for a burnt offering upon one of the mountains which I will tell thee of" (Genesis 22:2).

ABRAHAM'S offering of Isaac climaxed his life. God appeared to him seven times, and this was the seventh and last time. God tested Abraham four times, and this completed the tests.

The first test came when Abraham was called to separate from his native land and kindred (Genesis 12:3); the second test required him to give up nephew Lot (Gen. 13:1-18); the third test made him willing to abandon his cherished plan for Ishmael; the fourth test proved the most excruciating and complete of all—to be willing to give up Isaac, the son of his old age, waited for 25 years, the bearer of the promises of God to Abraham for posterity and the

human race.

If Abraham represents ideal fatherhood, Isaac speaks of ideal sonship. Some fathers and sons pass as strangers and others share the deepest secrets of their hearts. The picture of manhood that daughters usually have their fathers make.

The intensity and intimacy of the father-son relationship is indicated by the repetition of the word "son" 10 times in the 22nd chapter of Genesis. "Here am I, my son...My son, God will provide himself a lamb" (22:7,8).

WE ARE TOLD "They went both of them together." They did not say much but they understood each other and trusted one another. They listened to each other. Abraham said to the young man whom he left at the foot of the mountain, "I and the lad will...come again to you."

Abraham believed God and loved his son and Isaac believed in his father though he could not understand what might have resulted in death to him.

We talk much about the generation gap today, but faith and love can bridge these gaps. As we make the Lord a partner in our relationships they will be renewed and rebuilt.

## Religion Update

What could very well grow into a nation-wide parochial revolt against the national headquarters of the 3.3 million-member Episcopal Church, has been set off by Manhattan's famed -St. Thomas' Church on Fifth Ave. The Vestry (church board) of St. Thomas' has voted unanimously (with one abstention) to send \$20,000 directly to missions and other church institutions—instead of sending it through the national headquarters, as is customary.

AND THE ST. Thomas' rector, Dr. Frederick Morris, in a sermon has charged the national headquarters of the nation's fifth largest denomination with:

• Maintaining "a total centrality of power" and a "credibility gap," while either ignoring or rejecting objections from diocesan authorities, "sometimes with angry replies from the bureaucrats."

• Ignoring directives from General Convention (the denomination's highest authority) regarding needed economies at headquarters as well as prohibiting the funding of groups either practicing or advocating violence.

• Financing a number of violent groups (black militants as well as New Mexico's trigger-happy followers of Reis Tijerina, who is now in federal prison) "at the expense of prior, long-standing commitments of the church all over the world." (One of the most recent consequences of this was at Cuttington College in Liberia, where Dr. Christian Baker, the black president, has resigned in disgust.)

• Calling for national church support of a student strike last year and then cancelling the project (after furious nation-wide protest) when it was learned that contributions to it would not be tax exempt. (The national headquarters has also been

funding the Liberation News Service, which serves the underground press, and whose funding a U.S. Senate subcommittee has been trying to ascertain.)

• Calling upon General Motors to close down all its plants in South Africa, despite G.M.'s having raised its percentage of non-white employees there to 65 per cent—all of whom would be thrown out of work.

DR. MORRIS, also spoke of his denominational headquarters' acute need for better public relations. This is well illustrated in the reaction to his sermon by the head of the national headquarters, President Bishop John E. Hines.

"I don't think I'll comment; I haven't read the sermon," said Bishop Hines—one month after it had been featured by The New York Times.

Hines' headquarters are located in New York City, just

14 blocks away from St. Thomas and Dr. Morris.

A FREQUENT Episcopal headquarters reaction to criticism is to brand the critic as invariably either far right or socially unconcerned. If the press reports any of its more bizarre actions, the headquarters charges either distortion or inaccuracy—even to The New York Times.

Such criticism can hardly apply to St. Thomas, however, given this parish's \$175,000 in support of a welter of Harlem and Lower East Side projects, not to mention the fact that Dr. Morris is hardly renowned for avoiding controversial social issues.

Iowa's Bishop Gordon Smith, chairman of the General Convention's program and budget committee, has charged the Hines administration with "an intolerable position" and "a contravention of General Convention" in the current use of designated legacies to pay for operating costs.

# Ann And Alexandra -- A Good Reading Team

Ann Elizabeth Sulkowski and Alexandra Gram Bell should make a winning combination for young readers.

Ann Elizabeth is a 13-year-old seventh-grader in Plymouth Pioneer School and Alexandra Gram is the leading character in her recently-published book "The Witch Who Used A Six-Shift Vacuum Cleaner."

The book has been ordered by local bookstores and should soon be available. Vantage Press is the publisher.

ANN, DAUGHTER of Mr. and Mrs. Edward Sulkowski of Plymouth, wrote the story two years ago when she was in Mrs. Carole Rundio's fifth-grade class at Isbister School.

"We had to write a story about a witch who lost something," she said. "And I decided a broom head would be a pretty good thing for a witch to lose."

Her leading character, she explains in the story, isn't related to the famous inventor and "it's just a coincidence that their names are almost alike, and anyway Alexandra invented the frogphone before Alexander even thought of inventing the telephone."

AFTER ANN had finished her story, her friend Fonda Markiewicz drew pictures of Alexandra and the vacuum

cleaner that replaced her unfortunate broom.

And the story was judged good enough to take Ann to the young author's conference at Oakland University.

It was after that that Ann's grandfather, F.R. Wren of Plymouth, decided the story was worth adding to the supply of children's literature and started writing to a few publishers.

The result was a small volume, just right for young readers, complete with new illustrations of a most unfrightening witch.

PUBLICATION day was

April 30, a bit later than the hoped-for Christmas release. But the pretty author hopes it may be a good one for vacation reading.

Ann's more recent writing ventures include a play written for a Pioneer student committee that attended a drug clinic in Downtown Detroit.

For three weeks at Easter time, Ann and her parents and older brother, Mark, traveled in Europe, visiting Vienna, Warsaw, Paris and Rome.

So, who knows? We may see a sequel about Alexandra Gram Bell flying her six-shift vacuum across the Atlantic.

## Sgt. Atwell Married

Sgt. William David Atwell, son of Mr. and Mrs. Raymond Atwell of Farmington, claimed Scherry Lynn Branson as his bride in a May 15 ceremony in the McClellan Air Force Base chapel in California.

The bride is the daughter of Mr. and Mrs. James M. Branson of North Highlands, Calif.

Carol Branson, sister of the bride, was maid of honor and the bridesmaids were Mrs. William Scott, Sue Smith and Mrs. Efrén Sandoval.

Assisting the bridegroom were his brother, Raymond, as best man and William Scott, Dave Holmwood and Darr Pace.

A reception in the non-commissioned officers club at the base followed the ceremony, and the couple went to Lake Tahoe for their honeymoon. They will live in Sacramento.

The new Mrs. Atwell attended American River College and her husband attended the University of Michigan.

MRS. PETER CASSANI JR.  
(Pamela Propes)

## Livonians Wed At St. Andrew's

With their godchildren as flower girl and ring bearer, Pamela Lynn Propes and Peter H. Cassani Jr. were married in a recent afternoon ceremony in St. Andrew Episcopal Church, Livonia.

Young members of the wedding party were Sandra Woodruff, the bride's godchild, and Dean Cassini, godchild of the bridegroom.

The bride is the daughter of Mr. and Mrs. James Propes of Livonia, and the bridegroom is the son of Mr. and Mrs. Peter Cassani, also of Livonia.

The Rev. Kenneth G. Davis officiated at the double-ring ceremony.

Given in marriage by her father, the bride wore an empire style dress of organdy and lace, fashioned with a mandarin collar and short puff sleeves. Her floor-length veil of illusion was trimmed with lace, and she carried a cascade of white roses and stephanotis.

Her attendants wore pink and burgundy satin gowns designed and made by the bride and her aunt, Mrs. Jack Kurgin. The flower girl wore a miniature version of their gowns. Jacqueline Czarnik was maid of honor. Connie Warner, Rebecca Propes, the bride's sister, Shannon Hoehn, the bride's cousin, and Theresa LeBlanc of Fall River, Mass., were the

bridesmaids. They carried white baskets of pink daisies and baby breath.

Robert Harding was best man. Tom Goebel, Pete Haller, Neil Reimer and Tim Hoehn, the bride's cousin, were the ushers.

Mrs. Propes wore a floor-length gown of blue chiffon with matching accessories and a corsage of yellow roses. Mrs. Cassani wore a bone colored gown with gold accessories and red roses.

A reception and dinner for 200 guests were held at Hawthorne Valley Country Club.

The couple honeymooned in Ft. Lauderdale, Fla., and are now living in Detroit.

## Club Will Assist With Baby Clinic

The Western Suburban Junior Woman's Club will hold its final meeting of the year Monday, June 14, at 8 p.m., in Sword of the Spirit Lutheran Church, 34563 Seven Mile Rd., Livonia.

A program entitled "The Michigan Indian" will be presented by club members, who have been collecting clothing and baby food for Indians in the Detroit area.

Already making plans for next year, the Juniors have organized and will assist in operating a bi-monthly Well Baby Clinic, in St. Paul's Presbyterian Church, 27475 Five Mile, Livonia.

Dr. Charles Truscon is head physician for the clinic which has been part of the Wayne County Health Department for

15 years. The Juniors took over the project in April from the Livonia Health Guild.

The club now has a membership of 41 women in Plymouth, Livonia, Northville and Westland. Potential members may contact the membership chairman, Mrs. James Clarke, 18219 Arselot, Northville.

Other projects recently completed include the third annual \$300 grant-in-aid presented to Schoolcraft College, and donation of \$400 to Girlstown for the building fund. Girlstown, located in Belleville, is a temporary home for girls who cannot function in their home environment. It is supported by all the Federated Woman's Clubs in Michigan.

## Society Plans Party June 12

The Natural Hygiene Society of Detroit will hold an evening of music, dancing and watermelon eating Saturday, June 12, at 8 p.m.

The event, featuring all the watermelon you can eat, will be held in the Ferndale Community Center, 400 E. Nine Mile Rd., Ferndale.

## The Gourmet Asparagus

### DICK BENSEK

Asparagus? A delicious vegetable, especially when in season, young and fresh. Asparagus is an eastern Mediterranean dish which was cultivated by the ancient Greeks in spite of warnings that it would cause blindness. The Romans evidently liked their asparagus barely blanched, since Augustus once demanded that certain tasks be done "Quicker than you would cook asparagus." The Chinese make a delicious salad of cooked asparagus and walnuts: 1 1/2 lbs. asparagus, 1 c. walnuts, 2 tbs. sesame oil, 1/4 cup vinegar, 1/4 c. soy sauce, 1/4 c. sugar -- these are the only ingredients. The oil, vinegar, soy sauce, walnuts, and sugar are mixed together and poured over the just tender asparagus. For most of us, this is an exciting new way to use a vegetable which is really ancient history.

Not so ancient, but just as delicious are the dishes at DANISH INN, 32305 Grand River Ave., 476-6320, "Farmington's Finest." We have a 33 entree menu, and find Roast Prime Rib of Beef, Frikadeller, Viking Sword and Dover Sole our most popular dishes.

# 4 Area Teams Seek Berths In Semis

Four teams carried the hopes of Observerland in Saturday's state high school baseball regionals. Only three, however, stood a chance of surviving and getting into next Saturday's semifinals and finals to crown the first state Michigan prep baseball kings in history.

THE CHAMP — Jeff Teeter, 15, of 14765 Ronnie Lane, Livonia, won a traveling trophy for his city hall by being the area resident to catch the best fish in the Tom Sawyer-Becky Thatcher fishing derby at Newburgh Lake. Using a hunk of bacon as bait, the Frost Junior High student caught a 12-inch largemouth black bass. (Observer photo)

The other two hopefuls are John Glenn, playing at Southfield, and Our Lady of Sorrows, which is returning to Capac for action for the second week in a row.

A REGIONAL FINAL pitting Rice and Redford Union was possible, since Redford Union was to meet Dearborn Edsel Ford at 10 a.m. while Rice faced Royal Oak Kimball at 1 for the right to meet in the title game at 4. Memorial Park is located at Woodward and 13 Mile Road in Royal Oak.

Glenn, which won the district crown at Southfield, now goes against Monroe while Waterford Mott's Western Six League champs face Flint Northern in the other semifinal game at Southfield.

The winners of the Royal Oak and Southfield regionals will move on to the state semis at Wyandotte.

Redford Union went eight innings Monday to beat

## Wolverine Cagers Face Rough Going

Michigan Athletic Director Don Canham has announced the 1971-72 Wolverine basketball schedule and once again coach Johnny Orr's squad will be tackling the nation's toughest teams.

The 24 game slate begins on Dec. 1 at Notre Dame and

until the finish on March 11 at Iowa Michigan fans can once again expect to see the nation's finest basketball.

Nov. 23, varsity-freshman game

Dec. 1 - at Notre Dame; 4 - West Mich.; 7 - East Mich; 11 - at Marquette; 20-21 - Michigan Invitational (Ohio U., Detroit, Toledo); 27-30 - Far West Classic.

Jan. 4 - at Princeton; 8 - Michigan State; 11 - at Illinois; 15 - at Ohio State; 22 - Northwestern; 25 - Iowa; 29 - Ohio State;

Feb. 5 - at Purdue; 12 - Illinois; 19 - at Northwestern; 26 - Minnesota; 29 - at Indiana; March 4 - at Michigan State; 7 - Wisconsin; 11 - at Iowa.

COMMANDER DELL, who checked into Hazel Park fresh from Brandywine Raceway with a 2:00.3 mile to his credit and more than \$40,000 banked this year, will go after his fourth straight victory Saturday in the \$7,500 Highland Park Pace.

The fleet gelding, owned and driven by John Hayes, Jr., of Oshawa, Ontario, shows seven wins and four seconds in 21 starts this year.

He faces the stiffest kind of opposition from Gaviland, Breadman George, Shiaway Lad, Blaze Pick and Knox Patch.

Breadman George, one of the fastest at Hazel Park, is owned by Bill Longo of Farmington. He is rated as one of the early choices.

Out Jackson way, an almost completely new field of pacers will compete in the featured invitational pace as the track holds its second last Saturday program of the meeting.

The field lists such standouts as Bright's Isabelle, Billy Bob Adios, Chief Okemos, Watta Knox, Elizabeth Gallon and Born Yesterday.

## Turf Tips, Quips

By Doc Minard

Just a year ago harness racing fans were conjecturing as to which of the two-year-old pacers would develop enough to become another Bret Hanover or even to follow in the paths of Columbia George or Most Happy Fella.

Then in the Geers pace for juveniles at Hazel Park, a Windsor (Ontario) owned colt by the name of Albatross won a division in the time of 2:06.3. Albatross was lengths in front of his nearest rival but even then was much slower in his victory than High Ideal (2:04.1) in the second division.

But as the season progressed so did Albatross and eventually he went on to win the Matron Pace at Wolverine Raceway and honors as the two-year-old of the year.

ALL OF WHICH leads up to the renewal of the Joe Neville Memorial for three-year-olds Thursday night at Hazel Park when this same Albatross appeared to bid for the winner's share of the \$20,000 stake.

Winner of five in a row against three-year-olds, the son of Meadow Skipper went off at 1-10 odds, allowed Deb Adios, a Michigan owned colt to set the lead for a half-mile, then came on the outside to take the top spot and sit there for the remainder of the mile.

It isn't exactly true that Albatross 'sat' there, for Driver Stan Dancer sent the colt to a 30 second third quarter and the final lap in a quick :29.3 for a mile in 1:59.3.... fastest of the season in Michigan.

It probably could have been faster but Dancer appeared to be content with a victory rather than an attempt at a track record and had Albatross coasting through the final 100 yards.

Deb Adios, guided by Wally McMurray, furnished the big surprise by taking the lead from the gate, holding off Albatross for a half mile which went in 1:00.1 and then actually closing on the leader in the drive to the wire.

Deb Adios was clocked in 2:00.2 and fourth place Local Time, owned by Ray Forsythe of Birmingham, in 2:00.4.

As expected Albatross' victory was a bit costly to Hazel Park when it showed a minus pool of \$5,735. It also demonstrated to the betting public that the track wasn't afraid to allow wagering on a horse that it knew in advance would cost a pretty penny. We would have to say that \$5,735 is quite a pretty penny.

Area harness racing enthusiasts will have another chance to see the great pacer race when he competes in the Matron stake at Wolverine Raceway in September just a week in advance of the Little Brown Jug in Delaware, O.

The second division was a tight fight all the way and found longshot Slopes Skipper, which led for most of the half, coming strong in the stretch to win by a nose over the fast closing Young Turk in 2:02.

Slopes Skipper paid a fast \$31 for a \$2 win ticket and Young Turk, driven by Gene Riegler, rewarded his backers with \$9.80 for second.

The even money favorite Paulos Hanover faded after leading to the three quarter pole and wound up out of the money.

High Ideal, a Canadian owned from Dutton, Ontario, was third after twice holding the lead in the first half mile.

MICHIGAN MILE Week begins Monday at the Detroit Race Course and will reach its climax Saturday in the running of the traditional \$100,000 added stake over a distance of a mile and an eighth.

Entries will be filed Thursday morning and drawings for post positions will take place in a brunch for members of the press corps, jockeys, trainers and owners.

The DRC added this special a year ago and it brought so much favorable comment that Vice President and General Manager Paul Ryder decided to make it an annual event.

With more than 15 eligibles on the ground and the prospect of Canoneri II fading into oblivion after his stunning defeat in the Belmont a week ago, Racing Secretary Norris Gwinn is looking for a total of perhaps 14 starters.

The DRC is still awaiting word from several of the eastern and midwestern tracks as to whether owners plan on shipping in some of the stars.

Vice President and Promotional Director Dick Wilson has a number of special events slated for the week and expects to have the complete program available Monday.

Anyway one looks at it...it is Michigan Mile week and that is to the DRC and Livonia what the Kentucky Derby is to Louisville and Churchill Downs.

Regardless of weather conditions, the largest crowd of the season will be on hand and there is every prospect of a \$2 million handle even though economic conditions aren't the best ever.

# Southfield Legion Starts Play Under New Coach

It was play ball starting Saturday for Southfield's American Legion baseball team.

The team is back in action with two new coaches and some new players after it appeared last fall Southfield would drop out of the 17th District after a rubeatub over an eligibility ruling.

Veteran Southfield manager Will Oliver had felt that his team received "a raw deal"

and he wanted no further part of continuing.

But everything was smoothed out during the winter and Southfield plunges into the new season with a strong lineup comprised of players from Southfield and Brother Rice High.

FOR SATURDAY'S opener at Walled Lake then Sunday's doubleheader home opener against Farmington at Southfield High, it was possible the Southfield Legion team might

be short its representatives from Brother Rice.

Rice was involved in the state regionals Saturday at Royal Oak and if the team stayed alive and qualified for next Saturday's state semifinals, none of its players could play on an outside team until its prep schedule was completed.

The head coach of Southfield's Legion team is Fred Goldberg, by profession a counselor at Southfield High. He'll be assisted by Greg

Slivka, another Southfield High teacher, and they also hope to get some aid from Dick Radatz, one-time relief-pitching ace of the Boston Red Sox, who resides in nearby Farmington.

Goldberg is no stranger to coaching. He formerly coached in Detroit's Catholic League and for many years has worked with summer basketball programs in the Detroit area.

HE EXPLAINED why the Southfield Legion team is

restricted only to boys from Southfield High and Brother Rice.

"It's a shame why we must exclude Southfield Lathrup," he said. "But this is not our doing."

"In the Legion, we can draw only from schools with a total enrollment of 3,000 students. If we picked Southfield and Lathrup, we'd be far over the limit."

The Southfield team is sponsored by Post 407 of the community and Goldberg

calls it "one of the best posts around when it comes to baseball."

Said Goldberg: "They really treat us royally and make sure that we are first-class all the way."

Most of last year's players who helped Southfield come within an eyelash of the Legion title are back.

They include Steve Gombar, the young pitching star at Brother Rice; ex-Rice shortstop Denny O'Rourke, who attended Michigan State

this past year, and third baseman Gary Mazza, who's now in school at Albion College.

Returnees from Southfield High are outfielder John Solberg, one of the Legion league's top hitters; outfielder-pitcher Al Davis, Mark Ditchfield at first base, and Rick Stabile, a standout at second.

Goldberg also expects to have outfielders Dan Damiani and Kevin Milliken, catcher Gary Martin and pitcher Bob

Brown from Rice available as soon as their team winds up in the state prep tournament.

Shortstop John Manchell of Southfield also has indicated he'll be out for the Legion team.

Teams in the 17th District will play a doubleheader each Sunday and twilight games at 6 p.m. on Wednesday and Fridays beginning this week.

## Cagers Gave Jays Biggest Thrill

Another school year had gone by the boards, athletically and otherwise, at Southfield High.

There was still some unfinished business for athletic director Ed Bryant to handle, but unfortunately Southfield's hosting of the state Class A regional baseball tournament Saturday, didn't involve the school that means the most to Bryant.

"All in all," said Bryant, "it wasn't too bad a year for us in athletics. We had our ups ... and we had our downs. And, in between, we didn't do badly either."

BRYANT PULLED forth his various records, those which now go into the history file to detail with bygone years what has happened in sports at Lahser and 10 Mile.

"The biggest thing that happened to us in sports during 1970-71?" said Bryant. "I guess that's easy to answer. It was the 15 games in a row our basketball

team won before finally losing."

The 15-0 start smashed the previous high for a Blue Jay cage team—a record that had stood at nine in a row.

No Southfield team ever had jumped off to such a glorious beginning, although as the Blue Jays later realized happiness sometimes comes in what happens at the end.

While Southfield did win the Southeastern Michigan Association basketball title, the Blue Jays disappointed in the state tournament. Although among the top-ranked teams in Michigan, Southfield failed to survive the second round of the districts played in its own gym.

The No. 2 highlight at Southfield?

Bryant thought a little.

"I think it would be a toss-up between our football victory over Southfield Lathrup and our golfers winning the league crown (the only other flag the Blue Jays won during the school year)."

"Lathrup didn't lose again after we beat them, so I guess that victory had to be a notable for us in football," Bryant continued.

"Overall, we didn't do badly in football. Our 6-3 record was very respectable as we finished third in the league."

THE GOLFERS had a fine season, losing only once in the regular season before finally taking the league crown.

It was a big year, too, in which some individual records went by the boards, particularly in football.

Roger Peterman set a career mark when he upped his pass receptions to 32, to break a previous record set by Ron Brewer.

Then there was the rushing of John Solberg, who wound up with 1305 yards to shatter the mark set by Ted Simmons, the most illustrious of all Southfield prep athletes in the school's history.

Simmons now is starring for

the St. Louis Cards in the National League.

Southfield came up with a third title during the year. It came in skiing where the Blue Jays competed in a special schoolboy conference and led by Ken Kato, Chris Hibbler and Rotenberg came out on top.

As usual, graduation will take its toll of standout athletes this week.

Peterman, who starred in football, basketball and baseball, is stepping on to attend the University of Kentucky.

Brad Allen, all-star basketball player for the last two years, is heading for Central Michigan.

Solberg, who sparkled in football and baseball, has his eyes on Western Michigan.

It's the end of the prep line for Rick Strauss, a wrestler who placed fourth in the 185-pound division in the state meet last winter.

So long, too, to Bill Srock, the left-handed pitcher who a

year ago made big headlines when he pitched two no-hitters within a week.

DESPITE THE departure of several stars, Bryant sees a big athletic year in 1971-72 for Southfield.

"I think we'll be very decent again in football," he said.

"We had the best reserve cross country team in the county last fall in Oakland County. That's bound to help us in both cross country and track."

"We're improving rapidly in swimming and wrestling. If we can find a big man in basketball, we'll be tough again."

"And, we're coming along in baseball and didn't do badly this past season in tennis."

The millage vote, which is upcoming in Southfield, may have its effects on the Southfield high sports program.

"It could result in some coaches changes and maybe some minor cutbacks. But we think we'll be back as strong

as ever in our varsity sports," Bryant concluded.

As an after thought...

"Hey, don't forget we beat

Lathrup four out of six meetings during the year; that's our most bitter rival," Bryant said.

**IN THE POCKET**

By W.W. EDGAR

Have you ever heard of a bowling match being postponed because of the wind? Sounds like a joke, doesn't it?

Well, it was no joke to bowlers at Merri-Bowl Monday night when the leagues across the entire 40 lanes had to call off activity when wind blew down power lines.

With the lines down there was no electricity to provide lights and no power to run the automatic pinsetters and the ball returns.

There were no foul lights and bowling was out of the question.

As a result the summer leagues will extend their schedule one full week to make up for the "wind" postponement.

It was the first time, according to veteran bowling officials, that league matches had to be postponed because of wind damage.

ONE OF THE oldest and most dedicated sponsors in the metropolitan area—Charlie Helin, of Helin Tackle—will be without a team in the all-star leagues next season.

For years he sponsored teams in both the men's and women's circuits. First, the men's team faded from the scene and now the women's long captained by Maxine Cruchon, is leaving the Bowlerettes and the Ladies Major Leagues.

COMPETITION in the Ladies Major League, long considered one of the strongest circuits in the country, will be much hotter next season—and for a very good reason.

The Motown Record team that won the Bowlerettes championship in its first bid, last fall, has been awarded the franchise in the Ladies Major caused by the withdrawal of the Helin team.

Motown not only topped the Bowlerettes, but won the actual pinfall crown in the Women's State Tournament.

TONY LINDEMANN, former captain of the famed Stroh team who has been one of the pillars in the Westland Classic, had decided to "take it easy."

He has turned over the Alexander-Hornung franchise in the All-Star Classic to Pat Iannucci, and will spend next winter just being a spectator.

At least that is his plan.

His closest friends are willing to wager to won't remain on the sidelines very long.

JAN SCHEBER rolled a 215 Tuesday in the Super-Stars at Westland and it was not just an ordinary 215.

It was the highest game she ever bowled and high for the league this summer.

In the Ladies trio new highs also were recorded.

Kay Wickline posted a 201 to set the pace and Jane Martin fashioned a 543 to top the 24-team loop.

A WOBBLY NO. 10 pin

## Plan Summer Cage Schools

The fourth annual Southfield basketball schools will be staged from June 21-July 16 under the auspices of the Parks and Recreation department.

The school will be held at the Southfield High school under the guidance of coach Don Kaump and Bill Foley, until recently the coach at Detroit Catholic Central.

"We'll devote our time to individual instruction," said Kaump whose Blue Jays won the Southeastern Michigan Association basketball title last winter.

Classes will be held Monday through Friday for 90 minutes each. Boys in grades seven through nine will attend from 9-10 a.m., with 10th-12th graders from 10:30-noon.

### Sets Records

Wayne State University freshman slugger Ken Madeja set school records for hits (30), homers (6), extra base hits (14) and total bases (60) and equalled the school's triples mark (4) during the 1971 season.

deprived Larry Boncher of one of his goals in the summer league at Country Lanes.

After games of 227 and 235 he had visions of a 700 series. Coming into the final frame of the third game he still had the vision—then it happened.

On an apparently good hit the No. 10 pin wobbled but wouldn't fall and he had to settle for a 233 finish and a 695 series.

Walter Olszewski and Pat Roberts took top honors in the Kings and Queens. Walter fashioned a 631 and Pat landed on top for the ladies with a 551.

Meanwhile in the Men's Tuesday league, Ron Laird put together games of 217, 167 and 221 for a 605. It was his first series in double century figures.

## U-M Frosh Will Meet MSU Twice

Tuition per pupil is \$35. Checks should be made payable to the Recreation Department and mailed to Kaump, care of the Southfield High School, 24675 Lahser, 48075.

## U-M Frosh Will Meet MSU Twice

ANN ARBOR

Michigan's freshman football team will have a long look at their counterparts from Michigan State this season as the Wolverine and Spartan yearlings meet twice.

Michigan plays at Michigan State October 22 and at Michigan November 13.

Spliced between these two games is a meeting with Notre Dame in South Bend Nov. 6. Michigan freshman coach Tirrel Burton starts his second season as head coach. His first frosh team defeated Notre Dame and split two decisions with MSU.

## Peterman Is Voted Top Senior

Roger Peterman, a three-sport star in football, basketball and baseball, was honored Friday as the top graduating senior at Southfield High School.

Peterman was awarded the Dave Wieland trophy which honors the memory of a former Southfield High athlete who was killed in an accident.

Peterman played three years on the three varsity teams at Southfield. He closed his football career with 32 receptions, an all-time school record.

He has accepted a scholarship to attend the University of Kentucky.

## Jays' Davis All-Star Selection

Outfielder-pitcher Al Davis was the only Southfield High baseball player named on the 1971 All-Southeastern Michigan Association team. He is a senior.

Royal Oak Kimball placed five and Birmingham Seaholm four.

Paul Heffner, an outfielder, and Rick Stabile, a shortstop, were named as honorable mention choices from Southfield.

## 'Snow Bowl' Team Meets

Michigan's famed 1950 "Snow Bowl" team which went on to a Rose Bowl victory held its 20th reunion recently along with a gathering of the 1921 Michigan football team. Team members were honored guests at Michigan annual "M" Day Outing here.

The 1950 Wolverines defeated Ohio State 9-3 in that memorable blizzard at Columbus.

## Memory Lane is now a super highway.

This face could have graced a cough medicine bottle of yesteryear or could be hidden away in someone's attic at the bottom of a dusty trunk.

A face like this belongs to another less complicated time. A time of gas lights, shaded front porches, quiet evening strolls and hometown gatherings like band concerts and Fourth of July parades.

Although we've lost, perhaps forever, the innocence of this gentleman's era, we haven't lost the feeling of hometown neighborliness. We may have exchanged porches for patios, but our community spirit remains. We still have hometown gatherings — there are just more of us to enjoy them now.

Every issue of your hometown newspaper is filled with what's happening in your community. Every issue keeps you informed about city hall and the larger more pressing issues that face our modern communities. But there is always a hometown human interest story of what your friends and neighbors are doing.

And in a new decade faced with pollution, rising prices, war, drug abuse and any number of mind-bending problems (that our friend here never dreamed about even in his wildest nightmares) we think that's good.
