EXCITING

IDEA!

Women and want ads go together. The ladies love the money they can make with Observer Want Ads. That's why it's time to remind them again this month to save the Observer carrier collection receipt their husbands receive when they pay for this month's hometown newspaper. The receipt is worth its face value toward an Observer Want Ad. And if you have your coupons from April and May, put them together with Julie's and you'll have a totally FREE want ad! What could be more exciting than that?

IT LOOKED LIKE any other platform on a set of wheels when Plymouth teenagers began building their special float a few days ago to enter in the Independence Week parade July 3. However, saws, hammers, wire mesh, flowers and other results of their lively imaginations are turning it into something special in their workroom in the old M&O Building. The public won't see it until Saturday. (Observer photo by Bob Woodring)

PLYMOUTH YOUNG PEOPLE were as good as their word when they said that if they could have the use of the Mail & Observer Building as an activities center they would provide their own labor for the repainting project. One of the first jobs these four tackled after the city took trusteeship of the building was scraping the exterior walls, not the easiest of jobs under a hot summer sun. Holiday Fete To Open With Queen's Selection

Greater Plymouth will begin its share of the nation's 195th birthday party with an incongruous parlay marked by the selection of a beauty queen Monday and the welcoming to town of a carnival Tuesday.

Twenty-four girls will go through the process of final judging in a public pageant beginning at 8 p.m. Monday in the auditorium of Central Junior High School to determine who will reign as "Miss Plymouth" of 1971.

On hand to crown her successor will be the pert and vivacious Amy Fedor who reigned over Independence

Week festivities a year ago, and who now is awaiting her bridal day less than a month distant.

In addition to the prizes contributed by various merchants, the new "Miss Plymouth" will gain the honored spot in next Saturday's two hour parade which promises to be the most lavish since it became an annual promotion of the local Jaycee organization some years ago.

JUDGES ALREADY have had their individual interviews with the 24 candidates for queen and there will be no admission charge for the final round as the girls appear in evening gowns while the judges complete their tally on beauty, poise and personality.

During the remainder of the week the playfield of East Middle School on Mill Street will be the focal point of major activity prior to parade time, as this will be the site of the carnival of rides and concessions.

Because the actual Independence Day holiday falls on Sunday this year, the parade has been booked for Saturday, July 3 and will start at 12 noon from Main and Union before winding its way through downtown and on across Hartsough to East School.

Floats, bands, clowns and even an elephant will pass in review during this climactic event, with judges who will be

stationed at Kellogg Park determining trophy winners in the many categories of parade competition.

SATURDAY'S GAY atmosphere will set the stage for a ground fireworks display to be set off at 8:30 p.m. the same night at the carnival grounds.

However, this will be only a preliminary to the gigantic aerial fireworks bombardment scheduled for approximately 9 p.m. Sunday, July 4 at the Plymouth Road Little League baseball diamonds.

Public parking will be available in the Burroughs lots across the street, a site which has permitted thousands to view the spectacle in recent years with a minimum of traffic problems. Jaycee President Jim Herter is parade chairman and Dave Swinton is in charge of details of the "Miss Plymouth" contest.

Theme of the parade will be "Life, Liberty and the Pursuit of Happiness," and more than 500 invitations were sent out to organizations inviting their participation.

As a special parade feature, Scoutmaster Charles Guideau of Troop 862 has invited all boys of scouting age to march as a unit, each bearing an American flag on a staff. Guideau asks that boys bring their flags from home and gather in the parade formation area if they wish to march.

County Promises New Asphalting As Joy Rd. Cure

The screams of anguish which for months have been heard from residents of the Joy Road area where it links Plymouth and Canton Townships with Westland and Livonia finally have been heard by the Wayne County Road Commission.

"By early fall, Joy Road from Wayne Road to Main Street will be in excellent condition," said County Highway Engineer W.P. Meyers Friday.

"Progress in this direction will be underway, by sections, throughout the summer and will be coordinated with the construction of the water main."

Meyers disclosed that a new asphalt surface will be laid from Wayne to Main, adding that no concrete reconstruction is programmed or budgeted by the county at this time.

His assurance of asphalt resurfacing was hailed in glee by the nearly 500 families who live in the bordering Holiday Park subdivision, as well as those of Deer Creek Apartments and other neighborhoods served in the area of Plymouth's Fiegel School.

THE COUNTY water main project has been in progress for months, starting at Five Mile and Sheldon and then running south along Sheldon and then east along Joy.

Meyers informed officials of the Holiday Park Homeowners Association:

"The Road Commission maintenance division is planning repairs (essentially involving complete resurfacing) on Joy Road to be completed in coordination with such road restoration as is required from the contractor currently working on the water main project."

"Some asphalt will be started early in July by the water main contractor, to be supplemented immediately by asphalt work by Road Commission forces."

"Building or repairing the asphalt surface will begin and will progress in segments on those sections (about one mile in length) where the water

main installation has been completed."

THE DECISION by the county to resurface the highly traveled road is an outgrowth of public clamor which reached its zenith late in the winter when more than 100 angry residents met in Fiegel's gymnasium to voice their complaints directly to county representatives.

At the time, it was asserted that driving on the shoulders of Joy Road was safer than using the thoroughfare itself, if for no other reason than to avoid the axle-splintering chuckholes.

As for any repairs to the shoulders, Meyers had this word in a statement addressed to Ray Adams, president of the Holiday Park Homeowners Association.

"If there are immediate problems where the contractor is not working, temporary repairs will be made by Road Commission forces."

"Where water main work is in progress, the contractor is responsible to keep the road in 'reasonable' condition until restoration resurfacing can be completed. Shoulders on the restored pavement also will be reconstructed."

At their public meeting, the motorists of the area forcefully requested that a traffic count be made to determine Joy's usage in relation to other

principal arteries in western Wayne County, but Meyers said, "This information has not been obtained as yet."

HE PROMISED to transmit the traffic statistics to the homeowners as soon as they become available, meanwhile explaining:

"I believe priority of repair (in this case, resurfacing or reconstruction of the asphalt surface) has been explained to be dependent on the progress of the water main work."

"Emergency repairs, of course, will be made as required."

"Extensive interim maintenance work which would be destroyed by the water main construction, I'm sure you would agree, is certainly an undesirable expenditure of public funds."

His written promise that Joy "will be in excellent condition by early fall" was conveyed also to County Commissioner John McCann, who helped residents in their demands for county attention.

City OKs Downtown 'Tot Lot'

City Recreation Director Stanley Stenek's idea of a downtown "vest pocket park" for tiny tots was given a \$3,000 blessing by the City Commission this week and soon will be a reality.

The money will go for equipment and supervision to provide a weekday, daytime playground for children roughly of eight years of age or under on a small piece of city-owned property between Bonnie Drugs and the Boron Station on Ann Arbor Trail, just east of Harvey.

"In order to prevent this service from being used as an all day nursery, parents can be given tickets providing for a limited number of hours of free park play for their children," said Stenek.

"For the first time, these mothers who have had to stay home to care for their small children will be able to leave them in a safe, supervised play area while shopping."

The City Commission approved the Stenek plan unanimously to encourage downtown business during the summer shopping season and to provide a new facet to the growing recreation program.

DAR Picks Officers

Mrs. David Christensen has been elected regent of the Sarah Ann Cochran chapter of the DAR for 1971-72. Other new officers for the organization include:

Mrs. John W. Armstrong, first vice regent; Mrs. Donald F. Sober, second vice regent; Rev. Elizabeth Eitz, chaplain; Mrs. Theodore Benson, recording secretary; and Mrs. Donald Hiller, corresponding secretary.

Also, Mrs. William Bake, treasurer; Mrs. Robert Coolman, assistant treasurer; Mrs. Eleanor Hammond, registrar; Mrs. Thomas Lovett, historian, and Mrs. Theodore Kampf, librarian. New directors are Mrs. Sherwin Hill, Mrs. Felix Hohelsel, Mrs. George Merwin and Mrs. Robert Willoughby.

Drug Study Submitted

An extensive 201-page Substance Use and Abuse curriculum guide was submitted to the Plymouth Board of Education Tuesday. It was completed by a 13-member committee under the direction of Dr. James Doyle, special projects director.

The program will focus on all drugs, distinguishing their positive use from abuse of drugs. Various informational tools will be used in the programs, such as filmstrips, slides and diagrams.

Beginning at the early elementary level, the program emphasis will be on the total approach to healthy living and will develop an understanding of the role of drugs in health.

It will gradually develop into the study of use and abuse of drugs.

In the curriculum guide, a provision is made to have a selected group of high school students educated in factual information on drugs that will speak in teams to students at the middle school and elementary level.

Also, an evening course is being set up in the continuing education department which will be taught by Carl Berry, youth officer, and Doyle.

Members of the committee are: Janet Lawson, East; Keith Alford, West; George Dodson, Title I; Ray Borzi, PHS; Joe Henshaw, Central; John Howe, Starkweather; Mary Knopf, Smith; Jan Elston, Tanager; Kendall O'Brien, Gallimore; Carolyn Powell, Tanager; Terry Furr, Fiegel; Patty Brink, Bird; and two students, Donna White and Phyllis Lash.

LACK OF PROGRESS in negotiations on a new contract since their old pact expired May 5 led members of UAW Local 236 into an admittedly unauthorized walkout this week at the Plymouth Road plant of Associated Spring Corp. A company spokesman said that picketing such as this, which began Tuesday, has been "very orderly," although conceding it has brought production to a halt. Approximately 250 hourly workers were involved, with economic differences holding up a new agreement. (Observer photo by Harry Mauthe)

Sick Takes Board Oath

Wilson W. Sick Jr. was officially sworn in as a member of the Plymouth Board of Education Tuesday. Sick, of 12401 Beacon Hill Dr., was appointed by the board to fill the unexpired term of trustee Robert Gilmore. Gilmore is being transferred to Connecticut. He had one year left in his term.

Gordon Limburg is the director of this group which holds rehearsal sessions each Tuesday night in Central Junior High School. Recently the chorus won the district championship in competition at Traverse City.

Inquisition Film Will Be Shown

"Flame in the Wind," a two-hour, full-color film production of Bob Jones University, will be shown Saturday, June 26, at 7 p.m., in Temple Baptist Church, 23800 W. Chicago at Telegraph, Redford Township.

Set in the splendor of 16th century Spain and the terror of the Spanish Inquisition, "Flame in the Wind" is the story of Carlos, a young Spanish student who is desperately searching for truth in his turbulent era.

Bishop Gaspar Munebraga, the inquisitor general is portrayed by Bob Jones, and Fernando, a peddler, who smuggles the Scriptures to the Spanish people, is played by Bob Jones III.

Two years of research, writing and pre-production planning by Unusual Films, the motion-picture unit of the university went into the movie. Another two years were spent in technical phases.

The original musical score, composed by Dwight Gustafson, dean of the school of fine arts, was performed by the Bob Jones University Orchestra.

The film is a faculty-student production. Bob Jones University, located in Greenville, S.C., is the largest independent fundamental Christian school in the world. Its student body of more than 4,500 comes from every state and some 30 foreign countries.

Rev. Lester Kinsolving's Religion Update

There are few, if any, of the world's monasteries who would care to take on three of their church's bishops as well as the Vatican's daily newspaper - all at once.

But Msgr. John Osterreich of New Jersey's Seton Hall University is a doughty and intrepid individual, particularly when, as director of the Institute of Judeo-Christian Studies, he feels bound to contend for desperately needed common sense regarding the world's holiest city, Jerusalem.

Msgr. Osterreich even went so far as to describe a letter to Pope Paul from Bishops Sabe Youwakim and Nemah Simaan (of Amman, Jordan) as containing "various falsehoods."

THE BISHOPS had written a strongly-worded letter of protest concerning a new Israeli housing development on the outskirts of Jerusalem. Noting that "I do not know how this obviously private letter was made public," Msgr. Osterreich replied that the bishops' claim of "Jerusalem's being traditionally united with Jordan" overlooks its having been annexed by Trans Jordan's King Abdullah, only in 1949.

"If the brief possession of the Old City of Jerusalem by Jordan can be called a tradition, then the stationing of the Soviet army of occupation in Czechoslovakia is a tradition as well."

"I cannot see how a housing project on the outskirts of Jerusalem, desirable or not, can change the sacred character of the Old City," he observed. "Does an Arlington Va. housing project threaten the historic character of the White House?"

"Whoever sold the bishops the idea that these dwellings will confine Christians and Moslems in a suffocating

ghetto surrounded by a Hebrew Belt" must suffer from an imagination gone wild. What interest could Israel have in drying up so formidable a source of income as pilgrimages?"

THE BISHOPS had also written Pope Paul: "As Jerusalem is entirely and actually occupied by Israel, we feel we are obliged - before God, before history and before our conscience - to raise the voice of Christ."

This familiar drafting of Jesus was dealt with crisply by the monsignor: "May I be so bold as to remind these bishops that Jesus, God's word to all men, was a Jew, not a Jordanian."

Then, in reaction to a recent speech in which Pope Paul spoke of "the recognition of the extraordinary requirements of the Holy Places," Msgr. Osterreich noted: "He did not, as alleged, call for its internationalization. . . . It would be insulting his intelligence to assume that he favors a Jerusalem governed or supervised by a body in which Messers Mao and Brezhnev have vote and veto."

He also noted that the 1968 "UN resolution to internationalize" was voted by Arab governments' rejection of the UN vote for an independent Jewish state and their war on it. Moreover he asks:

"Where was the Christian protest against the destruction of all Jerusalem's synagogues while Jordan ruled? . . . Rome is a universal city even though - or rather because - she is very Italian. I doubt if any Catholics would prefer her to be like Noah's Ark!"

POPE PAUL'S Apostolic Delegate in Jerusalem, Msgr. Pio Laghi, has stated that an editorial reference to "the Judaization of Jerusalem at the expense of the non-Jewish population," which appeared in the Vatican daily newspaper L'Osservatore Romano, is NOT official Vatican policy.

Israel has repeatedly offered to turn over jurisdiction of Christian holy places to responsible Christian bodies - provided they are able to come to some agreement among themselves.

MARK BARRINGER shows Mrs. Chris Foy of Farmington how he uses his Braille textbooks. Mrs. Foy is helping transcribe the social studies book Mark will use next September when he starts going to East Junior High School (Evert photo)

Braille Transcribers Perform Needed Service

Mark Barringer of Farmington will be able to attend East Junior High School next year because of the faithful efforts of several specially-trained women.

Mark needs the assistance because he's nearly blind and does his learning with his fingers -- through Braille books. Up to now he has attended the Lockman school in Royal Oak so he could be placed in a class that uses Braille.

Now, ready for seventh grade, he can go to the junior high near his home if he has the Braille books. Several of the texts he'll use are available in Braille and he will be able to borrow them from the state of Michigan's extensive library.

But one, "Living as World Neighbors," is fairly new in Farmington seventh-grade social studies classes and had never been transcribed in Braille.

SO FOUR WOMEN who studied the method in a course last year at Nardin Park United Methodist Church last year are making a book for Mark--and it will also be available to the next seventh grader who needs that social studies text.

Mrs. William Cramer of Farmington, who was instrumental in starting the course two years ago, described how the women worked their way through its

requirements so they could participate in the service work.

They learned how to use a Braille writer, she said, in weekly hour and a half sessions with Mrs. Mary Begle, a teacher from Northville.

"The course runs from September to June, and at the end of it each student has to take a book of his own choosing and transcribed 35 pages," Mrs. Cramer said.

THE TRANSCRIPTS are carefully checked by the Library of Congress, she added, and points are taken off for each mistake. To qualify as a Braille transcriber, a student must score at least 75 per cent.

"We've had good girls," Carol Cramer said. "They pass with 90 per cent or more."

The course given at Nardin Park two years ago started with 12 women and graduated five. Four members of that group are working on Mark's book.

The second class, which completed work in recent weeks, had 11 graduates.

Preparations are under way now for a class to begin work in September.

"Three women already are signed up," said Carol Cramer. "We can use nine more to fill the class."

CLASSES TO LEARN the

rewarding work are strictly non-denominational. Mrs. Cramer said, and women who might be interested in other aspects of aiding the blind, such as learning to bind the big books of Braille, also are needed. Those who want more information may call Mrs. Cramer, who lives at 25320 Lyncastle, Farmington.

The project really began "strictly on faith," recalled Mrs. Cramer and Mrs. Marion Barringer, Mark's mother.

"We ordered \$1,200 worth of Braille writers," they said, without being sure how they would be financed.

A gift from the Nardin Park Church Woman's Association and donations from the Lions Club in Farmington, along with special projects like a candy sale took care of that problem.

THE BRAILLE writers, worth \$100 each, are furnished to the students, but a class charge of \$10 is made to cover expenses.

"We have the Braille writers purchased for next year's class," Mrs. Cramer said, "so we just need to get the class organized."

She said she became interested in Braille writing as a means of giving some service in her spare time.

"I especially like working on transcribing books on religion--all religions," she said. "I think blind people need ways to know God."

Teen Musicians To Tour Europe

Seventy-five teenage musicians from throughout Michigan and other mid-western states have assembled at Blue Lakes Fine Arts Camp for rehearsals prior to departing July 1 for a four-week European tour.

Among the group are two from Farmington, Deborah Tomchak, daughter of Mr. and Mrs. Frank A. Tomchak, and Deborah Benden, daughter of Mr. and Mrs. Alan C. Benden. Miss Tomchak plays the French horn, and Miss Benden, the alto clarinet.

THEY WILL BE part of the Blue Lakes International Band which will present concerts in Holland, Germany, Switzerland, Belgium, Austria and Italy.

Band members were selected from hundreds who auditioned at the camp last summer and at Lansing during the winter.

They will be accompanied by eight supervisors and will be directed by Prof. Leonard Falcone, director emeritus of bands, Michigan State University. Blue Lake is affiliated with MSU, and is the second largest summer camp of the arts in Michigan. The camp is located about 15 miles north of Muskegon.

THE TOUR IS the second under the auspices of Blue Lake. Last year, an international choir was assembled for a similar trip. Arrangements are made for

the students to stay in private homes to increase their knowledge of foreign customs.

The band is scheduled to leave Detroit July 1 by chartered jet for Holland, and will then board chartered busses for the European tour.

A special concert will be presented in Prof. Falcone's home town near Foggia, Italy. After arrival home, July 28, the band will present a homecoming concert at the Blue Lake Camp.

AN UNUSUAL FLAG POLE has been created by Anthony Purzer of Livonia. Holding the flag in Purzer's back yard is a recreation of the famous photograph "The Raising of the Flag at Iwo Jima." Purzer, who is a talented artist and sculptor, made the 600-pound statue himself. It took two years of work.

600-Pound Statue Is Livonian's Flag Pole

Because Anthony Purzer wanted an unusual flag pole, he now has a 600-pound statue in his backyard.

Purzer, who lives on Deering Street in Livonia, unveiled his new flag pole this month. It's taken him two years to put it together, but his new flag is held by a depiction of the famous scene "The Raising of the Flag at Iwo Jima."

It's in plaster of paris coated with a silver overlay of bismuth, solder and lead.

FIRST MODELS for the statue were made from clay, after Purzer saw a similar statue in Newark, N.J., and "fell in love with it." Purzer, has been a "Sunday artist" ever since he was a boy, and

now that he is retired from working he was a model maker for General Motors in Warren... he hopes to devote still more time to art.

"It gives me great joy when I can transfer my knowledge to someone else," he says.

Right now, he is pretty busy with gardening, but in the fall he hopes to start classes and teach others all he knows about oil and water color painting and sculpturing.

Purzer's home is filled with examples of his work in landscapes and portraits. Included is his largest work, a copy of a Rosa Bonheur painting. It's 11 feet long and five feet wide, a little smaller than the original. It took him about eight months to complete the many horses and figures in the painting.

MANY OF HIS ceramic sculptures form the bases of lamps and he has even turned his talents to ship-building and created a model which not only has finely-detailed paintings on it, but is also utilitarian since it carries a radio in its midsection.

Mr. and Mrs. Purzer moved to Livonia just this spring. Before that they lived in Wixom and then in an apartment in Brighton, where he was urged to begin giving classes in painting. But the

apartment was too small for this.

So when they moved to Livonia to be closer to their only son, Richard, who lives in Dearborn Heights, they looked for a house with a place for a studio. The large well-lighted, basement in their new home seems like a perfect spot.

The Purzers also have a daughter who lives in Larchmont, N.Y., and two grandchildren.

Purzer, while pursuing art until now mainly as a hobby, studied in Detroit for a time with the artist Rolshoven. His talents were recognized even earlier, when as a junior high school student in Newark, he was sent to art school by the city.

'Suite' No Place To See Friends

By BETTY HANSON

Checking into "Plaza Suite", now playing at local theatres, is like spending Saturday night in a town where you don't know anyone. It's a bore.

The Neil Simon Broadway hit of 1968 just doesn't come off on the wider scale of the screen, even with Walter Matthau in the starring roles.

PLAZA SUITE

Americana,
Penthouse I.
Rating: **GP**

There are some funny lines in the play, but no better than you can hear any night of the week in TV situation comedies.

I suppose one could make some observations about marriage and marriages in general from the situations in "Plaza Suite." But it doesn't seem like a very profound or worthwhile activity in this case.

Maureen Stapleton tells her philandering husband, "Everyone cheats with their secretaries. I expected more from my husband."

I expected more from "Plaza Suite." It was a delight to check out.

The fair is being held at 5640 Williams Lake Rd., Drayton Plains. A patriotic concert will be given at 3:15 p.m. by the Lionettes Drum and Bugle Corps from Sarnia, Ont.

Trophies will be given out at 4 p.m., and at 11 a.m. the fair will close.

Parade entries will meet at Williams Lake School, Airport and Hatchery Rd. They will proceed down Airport Rd. to Williams Lake Rd., where the viewing and judging stands will be located.

They will then go to the fair grounds, where trophies for the best entries will be awarded.

Betsy Ross Fans Can Use #1776

Women who wish to emulate Betsy Ross are receiving assistance this year from McCall's Patterns.

The company is offering to the home-sewing public, pattern No. 1776 for a three by five foot American flag. It is the first flag pattern ever offered by a pattern company.

Pattern No. 1776 has only four pattern pieces and has ingenious easy-to-sew-on stars. This is accomplished by a transfer sheet with stars

grouped in a regulation arrangement. A sandwich effect of white, blue, then stamped white fabric is arranged and then stitched around the stars. They can be stitched with a zig-zag or straight stitch. Then the white part of the fabric sandwich is cut away leaving 50 perfect stars on a blue background.

The red and white stripes must be stitched together with a flat-fell seam to insure a finished seam on both sides. Grommets must be used for the binding to make the flag officially perfect.

Fabric suggestions for the flags are cotton broadcloth, sailcloth, duck, sateen, polyester or nylon.

A ROSEY THANKS -- Four Franklin students who successfully completed a unique 10 week nurses' aide training program at the Middlebelt Nursing Centre, 14900 Middlebelt Rd., present one of their instructors with a bouquet of roses in ceremonies marking the completion of their training. The Centre offered the program in cooperation with Franklin High School at practically no cost to the school district.

**Acid Fallout
Claims Pending**

LIVONIA

About 160 workers from the Hydromation Engineering Co., 39201 Amrhein, Livonia, are awaiting settlements from an insurance company after chronic acid fallout from the GM Chevrolet Spring and Bumper plant damaged their cars.

The employees indicate that in early May the corrosive substance fell and damaged their cars. Investigations by the Wayne County Air Pollution Control division show that equipment used to cleanse the air that is released from the acid bath to the outside had broken down.

SOME WORKERS reported last week that the stuff was falling again, but Chevy spokesmen said the equipment had been fixed. They also said that the day the first fallout occurred, the plant's line was shut down until repairs were made.

Clellan French, shop steward for Local 566, Sheet Metal Workers Association, said Wednesday that few, if any, workers had settled with the insurance company.

"The insurance company wanted to rub out and sand the cars and paint them, but the acid left spots right down to the bare metal," Chevy's insurance company in the case is Royal Globe of Southfield.

Plant superintendent Edward Davis said Thursday that adjusters had been out Wednesday and that he personally felt they were being very cooperative.

A unique experiment in cooperation between private business and the public schools achieved a milestone last week when 14 Franklin High School students received certificates of achievement for a 10 week nurses' aide program.

Training for the Franklin students was provided by the Middlebelt Nursing Centre, 14900 Middlebelt Rd., at practically no cost to the Livonia School District. The public schools provided only students, supplies and a few teaching aids for instructors.

All of the instruction and training was provided at the Nursing Centre by Mrs. Genevieve Butler and Mrs. Rheta LeBlanc.

Students attended classes at the Centre from 2-4 p.m., Monday, Wednesday and Friday, 5-9 p.m. on Tuesday; and Thursdays from 8 a.m. until noon. They worked directly with patients under the supervision of the Nursing Centre staff.

"This program is an excellent example of using the community as a classroom," said Franklin principal, David Amerman.

At ceremonies for completion of the program, the students presented Mrs. Butler and Mrs. LeBlanc with a bouquet of roses. Among those at the ceremony were Rev. Lyle Adams of the Centre's board of directors; Charles Gutowski, Centre administrator; Robert Zang, technical and industry coordinator at Franklin High School; and Arlie Fairman, coordinator of vocational education for Livonia Public Schools.

Turf Tips, Quips

By Doc Minard

Members of Northville Downs' official family won't soon forget the 28th summer opening...on Thursday night when the harness racing scene shifted from Hazel Park crostowns to the state's pioneer night parimutuel betting harness racing operation.

In the first place it was a hot, muggy night...one in which most everyone in attendance was interested in cool liquids and that's what the track had the least of.

The air conditioning in the clubhouse and the grandstand made things comfortable but a broken water main on Eight Mile Road shut off the supply of water.

There was none in the drinking fountains, none in the lavatories, none anywhere and probably the same situation existed throughout Northville and surrounding areas.

As if that wasn't bad enough, the supply of soft drinks was quickly absorbed and then it was a question of how long one could exist before thirst took over. Fortunately, it didn't get to that point and few customers took off before the final race.

OTHERWISE it was a highly successful opening from a business and attendance standpoint.

After a slow start, wagering kept mounting and when the final count was made, it was the best opening night in Northville history with a total of \$354,956 going through the mutuel machines. That bettered the record of \$353,996 set at the 1970 opener.

The turnstile count was down a bit but the hot weather could account for that dip. As it was there were 4,867 in the stands contrasted with 5,191 a year ago.

And there are better things coming up since Racing Secretary Harry Peterson believes he has the best crop of pacers and trotters on hand in several years.

He has arranged a 10-race program for Saturday that could be one of the finest of the 35-night meeting.

A \$4,000 preferred event that matches six speedsters and a \$6,000 invitational with a field of five headlines the all-star card.

The preferred brings out Beta Bill, Winter Dean, Record Time, The Big Bear, Bret Johnson and Reeds Waylay.

Tangling in the Invitational

are such standouts as Caviland, Breadman George, Prince Knox, Johnny G and Blaze Pick.

A race like that should provide thrills enough for entire night since all have been flirting with 2:00 and have been beating each other all season.

HAZEL PARK wound up its second best meeting in history earlier in the week but still fell below the figures for last year's record campaign.

The track ended its 76 night season with an average nightly handle of \$634,821 and an average attendance of 7,277.

This was a decline in comparison with 1970 when the wagering averaged \$643,887 and turnstile count 8,186.

This year's meeting was 15 nights longer than that of 1970 and as a result attracted more fans—553,080—who wagered more money—\$47,786,676—than any previous Michigan harness racing meeting.

A year ago 499,369 attended and total betting was \$39,216,114.

ONCE AGAIN, a triple-header holiday weekend program will be offered by the Detroit Race Course Friday, Saturday, and Monday, with the July 3 card to be highlighted by the "Fire Cracker Handicap," and Monday, July 5 program will feature the Independence Day Handicap. Friday's nine race card will have the same starting time as usual with a 3:20 p.m. post parade. Saturday's 10 race program is scheduled for a 2:10 p.m. parade, as is Monday's holiday line-up.

Paul R. Ryder, Vice-President and General Manager, announced the DRC will advance Monday's first post to 2:10 p.m. and the track will offer a holiday styled 10-race attraction.

Saturday's spotlight will focus on the local speed merchants challenging a host of invaders in a six-furlong dash, for three-year-olds and upward, for a purse of \$15,000-added in the Fire Cracker 'Cap. Twenty-eight names showed up on the nomination list for this race.

Some of the locals that have to be considered top contenders for this crown are: Mrs. B. L. Rimar's Long Road, the spring-meet speed king, F.J. Carlin's Alhambra Son, R.T. Dolese's Hark The Heark, Crimmon King Farm's Amber Song, Grace Kosiba's Abreast, and J. Ferrara's Booray Joe.

Two of the out-of-towners that have to be reckoned with are: Sankar Stable's Fleet Wing, recent winner of the \$25,000-added Olympia Stakes at Arlington Park, and is trained by Richard Hazelton, and C.H. Sturrock's Coup Landing, one of Canada's exceptional speedsters.

Mayfield Stable's Metric Mile, who took the early lead

in the recent Michigan Mile, and finished a disappointing 10th in a field of 11 is also nominated.

Monday's limelight will shine for the fourth time this season on the 3-year-olds and winners of two of the three previous stakes already contested in this division are among the 37 nominees for the \$15,000-added purse.

Tops among these has to be Sugar Hill Farm's La Song, one part of a three-horse entry that won the Seway Stakes earlier in the season. Another winner is S. Gray's Spotted Kid, winner of the Memorial Day 'Cap, and second in the Ohio Derby last week.

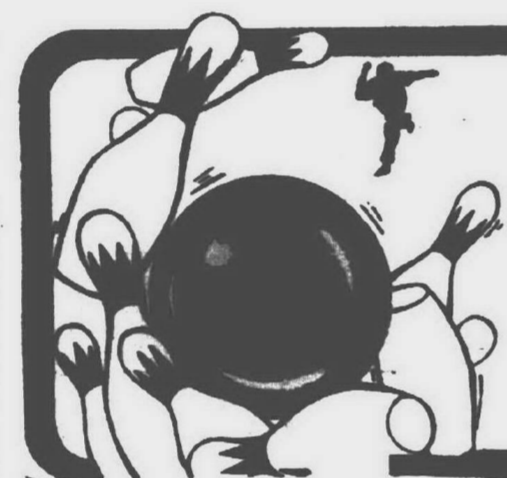

Always a threat is F.J. Carlin's Alhambra Gal, 3-year-old filly, who in the past has beaten colts and older horses. North of the border, two Canadian invaders that have to be reckoned with are: D.A. MacDonald and R.T. Barnard's Royal Landy, and S. Wagman's Great Gabe, who finished a strong third in the Queen's Plate against the Canadian best.

Fishing Just 'Fair'

Fishing reports have been only fair during the last week in southeastern Michigan.

State DNR officers found "fair" bass fishing on Squaw, Union, Lakeville, Lake Orion and Teepie lakes, with some big bass still biting on Pontiac Lake.

Small bluegills were biting on Union, Teepie, Orion, Pontiac, White, Louise, Little Silver and the lakes in the Holly area.

There is a possible chance that one of the next international bowling champions to be crowned in August will hail from Observerland.

When the pin battle starts in Milwaukee Mrs. Penny McClain, a member of the Ladies All-Star Classic that bowls annually in the area, will have the role of favorite.

She earned this high position by pacing the qualifying trials recently in Columbus, O. and is now rated one of the best young bowlers to come along in quite a spell.

With her will be Fred Vitali, the Westland bricklayer, who finished fourth in the trials—only a few pins back of the leaders.

Fred is a member of the All-Star Classic and is one of the top pin spillers in the Friday night Classic at Westland.

He finished in eighth place in the recent ABC tournament all-events and is considered one of the strongest of the challengers for the international title.

When the battle starts in Milwaukee it will mark the first time the event has been held in the United States. In the first of the in-

international series Mrs. Helen Shablis, an instructor at Merri-Bowl Lanes, won the all-events.

MRS. McCLAIN showed her friends this week why she was given the favorite's role when she paced the Ladies Classic with a 641 series, at Garden Lanes.

After opening with a 225 she followed with counts of 213 and 203 to gain a nine pin edge over Polly Cole, her nearest rival, who finished with a 248 for 633. Helen Baker landed in third with a 628 and Edna Pikulinski rounded out the double century shooters with a 610, the result of a finishing game of 214.

RANDY ONZCA, son of the famed Livonia milkman, Monte Onzca, proved to be a chip off the old block this week in the Thursday Classic at Westland.

Carrying a 185 average he opened with a 206, followed a 211 and closed with a 230 for 648.

Other high scorers included Bob Chapman with 630 and Rene Ostyn with 622.

Though he carries only a 157 average he won the "Beat The Champ" TV special last week and became the first "amateur" in months to turn the trick.

Folks who want their neighborhoods to be peaceful and quiet get annoyed by the racket of motorcycles, trail bikes and other machines.

Yet there's no doubt about the popularity of these expensive toys, along with the growing number of all-terrain vehicles. About 200,000 of them are owned by Michiganders, and state officials feel they must view them as a legitimate form of recreation, not just a fad.

The problem is where to let them operate.

THE STATE Natural Resources Commission has told its staff to go ahead with a study of five 250-acre areas in southern Michigan which may be set aside for off-road recreation vehicles.

Four of the five areas are near Observerland—Brighton, Pontiac Lake, Waterloo and Pinckney state recreation areas—and the fifth is Yankee Springs, between Grand Rapids and Kalamazoo.

Larry Miller, who's in charge of master planning for DNR's parks division, says a preliminary study shows those areas have isolated blocks of acreage with no potential as natural areas or for other recreational development.

This doesn't mean that the areas WILL be opened. It's just that staff men are seriously looking them over.

They've got to decide whether those areas can be properly controlled if opened to off-road vehicles.

WHATS HAPPENED is that a lot of kids with big eyes have gone to a lot of parents with more money than sense and persuaded them to get these motorized toys.

The dealers are more than willing to sell them. Once they get their money, why should they worry?

The problem is that there are few places to use them, to begin with, and that you need a good-sized amount of space to use them in.

Look at it this way: Picture an acre of land with trees and trails. Calculate in your mind how many people could walk there; quite a few—right?

Then calculate how many bicycles could be ridden there in that one acre; much fewer—right?

Then calculate how many mini-bikes or ATVs could be driven on that acre; very few—just a handful.

THE POINT is that it takes much more land to provide recreation for motorized off-road vehicles than to accommodate hikers and bicyclists. And if you've taken a look at Michigan real estate prices in recent years, you know they're shooting sky-high.

Moreover, when you ride a mini-bike, you "spook"

whatever game animals might be around. And you can't even hear the chattering of chipmunks and squirrels, or the sounds of birds.

To put it bluntly, these off-road recreation vehicles are anti-ecological, harmful to the environment, and anything else you'd care to call them.

You would think that people who live in cities and suburbs, whether they're kids or adults, would be so sick and tired of cars and traffic that they'd want to get away from it all. Not so. It seems some people can't be happy unless they hear the roar of an engine, sniff the fragrance of gasoline and feel the bump of springs.

You almost feel sorry for them that they've got so few places to run their machines. Almost, I said.

Southfield Legion Rolls To Seventh Victory

Off and flying to its greatest start in years, Southfield's Legion baseballers continued their undefeated ways in the league and stretched their string to seven wins and a tie

with a 5-1 victory over Auburn Heights. "Hitting is the big reason for our success thus far," said Coach Will Oliver. "These players are belting the ball out

of sight and currently boast a team average of .300. That has to be one of the highest averages ever compiled by a team after eight games. "Kevin Milliken and Gary

Mazza are clouting the ball at better than .500 and Johnny Solberg, who was one of the sluggers on our team a year ago, is hitting at a .420 clip. "We're going to be hard to

beat if we continue this kind of slugging for the summer." SOUTHFIELD WILL try to stretch its string to nine triumphs when it faces

Berkley Sunday in a doubleheader on the Southfield High diamond starting at 2 p.m. A pair of wins will boost the

team into a commanding lead in the first half of the Legion campaign. Auburn Heights tallied its lone run in the opening frame

to take a 1-0 lead that was quickly tied by Southfield in the bottom half. With two out Auburn's Dick Hewitt doubled and then raced home as the right fielder dropped a fly ball and then threw wild to second.

Rick Stabile knotted the count when he opened the Southfield inning with a triple and scampered across on Milliken's long fly to center.

THEN SOUTHFIELD went to work in the third to score three times and ice the victory.

Stabile started the rally with a single and then stole second. Milliken sent him across with the lead run with a single to left and advanced to second on an infield out. Solberg drove Milliken home with a single and then raced all the way round when trapped in a rundown and an Auburn Heights infielder threw wild into the outfield, giving Southfield a 4-1 margin.

Solberg accounted for the fifth and final tally in the sixth when he doubled to center and sped around on Mark Ditchfield's long single.

Righthander Denny O'Rourke was the winning pitcher, turning in a four hitter, whiffing eight and handing out two free tickets.

Southfield collected seven hits but received help from Auburn's misplays afield.

IT'S NEVER TOO LATE to show a happy moment for two very happy individuals. Jack Cotton, member of the State High School Athletic Board and athletic director of the Farmington public schools, hands the regional track championship trophy to Coach Jerry Young of Farmington High's Falcons. It was just one of many won by the best Farmington track team in years. (Observer photo)

Westland's Timmerman Shifted To Toledo

The baseball career of Tom Timmerman, strong man of the Tigers' bullpen a year ago, took a twist Thursday afternoon—and Westland lost a resident.

Voted the "Tiger of the Year" in 1970 when he appeared in 39 games, Tom was shipped down to Toledo, along with Bill Zepp, a hurler obtained from Minnesota only a few months ago, in exchange for two young pitchers — Bill Gilbreath and Charles Seelbach.

Buoyed by his record of a

year ago, Timmerman had been looking forward to a great season. But he just couldn't get going.

IT WAS A BITTER pill for Tom, when he was informed of the transfer and he complained to all who would listen that he hadn't even been interviewed regarding his trouble.

Up to now he had been rooming with Joe Niekro in the Wood Villa Apartments in Westland and it is more than

likely that he will now move to Toledo.

"I didn't see him pitch last year," Manager Billy Martin stated when told of Timmerman's record.

"All I know is that he compiled his record after coming up from Toledo in June. I hope the trip down there does him as much good this year."

Martin later hinted that he didn't expect either pitcher to be riding the minor league busses too long — and that they'd soon be back at Tiger Stadium.

Westland Smiths Off To Majors

The Westland Smiths have gone marching off — to cast their fortunes with professional baseball.

Al Smith and his twin brother Mitchell have been signed by the San Francisco Giants and assigned to minor league teams.

Al, 21, an all-MIAA outfielder at Adrian College, was the Giants No. 8 choice in the recent draft. Mitchell was the Adrian catcher.

During his three varsity seasons, Al hit .341, .346, and .377.

Both played at Wayne High and then on Redford Township's Adray League team.

They have been performing in the Dearborn Class A league this season.

Al has been assigned to the Decatur (Ill.) farm in the Class A Midwest League while Mitchell will play for Great Falls, Mont., in the rookie Pioneer League.

U-M Frosh Will Meet MSU Twice

ANN ARBOR

Michigan's freshman football team will have a long look at their counterparts from Michigan State this season as the Wolverine and Spartan yearlings meet twice.

Michigan plays at Michigan State October 22 and at Michigan November 13. Spiced between these two games is a meeting with Notre Dame in South Bend Nov. 6.

Michigan freshman coach Tirrel Burton starts his second season as head coach. His first frosh team defeated Notre Dame and split two decisions with MSU.

TAYLOR PLAYED the outside because of his great speed but this season will switch to the middle to replace All-American Marty Huff as the signal caller. And just as he should easily fill Huff's shoes, there should be no drop in efficiency at the outside post. Junior Tom Kee and senior Dana Coin, both experienced, are ready to do the job.

experienced group of linebackers, headed up by Mike Taylor, who Schembechler considers the finest in college football.

Taylor, a senior from Detroit, 6-foot-2, 224 pounds, is one of the toughest hitters to be found anywhere. Last year he finished second on the Wolverine squad in tackles with 83, despite missing one

game. He also intercepted one pass and broke up five others while playing the demanding outside linebacker position.

Kaleidocycle; Yosemite Sam's Acid Indigestion; and Tony Carlini's Iron Butterfly, which will be unveiled for the first time at the show.

Owners of cycles are invited to exhibit their own machines in the show, which will be awarding trophies for the various classifications.

In addition to the many cycles and booths that will be on display during the show, there will be five thrill shows presented in front of the grandstand at the Fairgrounds. Highlight will be the appearance of the Kawasaki Factory Thrill Team.

Show hours are Friday, June 25, from 4-11 p.m.; Saturday, June 26, from 11 a.m. to 11 p.m. and Sunday, June 27, from 11 a.m. to 10 p.m.

New Motorcycles In State Fair Show

Cycle-Rama '71, the most complete motorcycle show ever to come into the Detroit area, arrives in Detroit on June 25, 26 and 27 at the Michigan State Fairgrounds.

Sponsored by American Motorcycle Shows, Inc., Cycle-Rama '71 moves into the Fairgrounds after a highly successful show in Chicago.

On exhibit in the Community Arts Building will be hundreds of motorcycles — custom, trail, mini, antique and all-terrain — as well as accessories, mechanic instruction, movies and other features pertaining to this fast growing industry.

Among the featured cycles will be Odin's Axle, a \$10,000 motorcycle built by Tom Lang; Ron Finch's

LIFE OF A JOCKEY. There's more to a race at the Detroit Race Course than meets the eye. This shot was snapped during the running of a dash this week as the field turned into the stretch. Note the jockey in the rear grabbing the whip with his teeth as he prepares to shift it to the other hand. It's all in a day's work for the tiny men who guide thoroughbreds.

2 New Coaches For Borgess

The hiring of two new coaches has been announced by Bishop Borgess high school.

Steve Strauch has been appointed track coach succeeding Brian Schwall who has accepted a post at Catholic Central. Strauch has served as Schwall's assistant.

Strauch has been teaching math at Borgess for the last three years. He is a former Catholic League sprint champion and later ran for Western Michigan.

Tom Kennedy, who has been coaching wrestling at Borgess, will take over as the cross country coach. He came to Borgess in 1969.
