Anti War Strike In Schools Nov. 3

Classes at Schoolcraft and Oakland Community Colleges and Stevenson High School in Livonia and Clarenceville High School may be empty or show a high absentee rate on the Nov 3 national student strike for peace. Lee Artz, representative of the Student Mobilization Committee, said he has contacts at each of the schools who are working for the strike and organizing anti-war discussions to be held in the schools on that date. Regional-antiwar demonstrations are scheduled for Nov. 6.

It's not too early to start mapping specific plans for the 1972 Fall Festival, and that's exactly what directors will have in mind when they meet Wednesday. In a view through Bifocals, added presence of garden club representatives may provide a bit of extra sparkle.

PLYMOUTH'S 1971 COMMUNITY FUND campaign is officially under way, and by its conclusion Nov. 18 hundreds of volunteer workers hope to have raised their record goal of \$175,600. House-to-house canvassing will begin Monday. The Community Fund torch, which will burn in Kellogg Park throughout the campaign, was ignited Tuesday by the reigning Miss Plymouth, Sherrill Bollin, as Ron Coosaia, general chairman of the drive, looked on (Observer photo by Bob Woodring)

The increase over the \$8.8 million 1970-71 budget was due almost entirely to an increase in student enrollment and salary increases for school district employes, Asst. Supt. Melvin Blunk said.

STUDENT ENROLLMENT is expected to increase by 5.8 per cent this year over the enrollment at the end of the previous school year. A total of 9,545 students was enrolled at the end of last year and 555 more, or 10,100, are expected for this year.

Sixty-four additional personnel were added to the staff including 26 teachers, a social worker, six bus drivers, a crossing guard, an administrator, 23 educational aides, a part time speech correctionist, three custodial workers, two secretaries and a part time bookkeeper.

THE MAIN question raised from the audience concerned the reason for the high operating millage when the school district receives more revenue because of property reassessments.

Hanskat explained that because of the state formula for distributing state aid, when SEV in a district goes up, the state aid automatically goes down. The formula is designed to give more state aid to the poorer school districts with low tax bases, and less to the districts that can afford to carry more of the education costs.

Whereas 40 per cent of Plymouth's budget in 1966 was of state and federal aid, the percentage has decreased to 35 per cent in 1967, 33 per cent in 1968, 30 per cent in 1969, 25 per cent in 1970 and 19 per cent in 1971. Hanskat said.

Actually, by the time an increased SEV is run through the state aid formula and penalized for delinquent taxes, each million dollar increase in SEV only yields about \$10,000 for the school district's general fund, Hanskat said.

Thus, the \$46 million increase in SEV that the district experienced since last year yielded only \$46,000 additional revenue for the district, he

No Reason For Hysteria

Many good people are becoming unnecessarily stirred up at the thought of children being bussed between school districts to achieve racial integration.

There is no reason for alarm, even if you oppose such bussing. Federal Judge Stephen Roth so far has ruled only as a point of law that Detroit's schools are segregated. He has not ruled whether the suburbs will even be a party to the case, let alone that they will be affected. Moreover, it's certain that whatever decision he makes will be appealed to higher courts.

We offer these suggestions:

DON'T BE upset. The court processes alone will children have to cross the road take many months, if not years, to go through. DON'T BOYCOTT your schools by keeping your

children home. It won't cut off any state aid and only widened to four lanes immedi- disrupt your children's education.

DON'T LISTEN to extremists. All sorts of frightened, uninformed people are coming out of the woodwork, hoping to reap a lot of political glory by organizing anti-bussing meetings. They are trying to exploit your emotions. Ignore them.

DON'T PAY attention to anonymous pamphlets

LISTEN to your school board attorney. He's the man who will learn first exactly what the court situation is and he's the man best qualified to explain it.

WATCH YOUR hometown newspaper. We will as extremely dangerous from report exactly what happens - fully, unemotionally The Army assisted 1,232 the sheriff's department and and as carefully as humanly possible.

> Working out the bussing issue - on which many people have strong and differing feelings - through the proper legal channels will take time. Hysteria, rumors and mass meetings can accomplish little now, and they run the risk of seriously hurting our school system in the process.

> Let's handle this difficult situation the way we should - as adults.

taste, not an inherent one.

In fact, vegetables probably started as starvation foods - foods people ate when they couldn't get meet. The bean, for example, is very old. Samples of it have been found as far back as the Neolithic period. The turnip is also very old, so old that no one has been able to trace the date when it was first cultivated. The original parsnip, too, is lost in antiquity. The carrot, on the other hand, comes to us from the eighteenth century, when it was first cultivated; and the popularity of the potato is due to Louis XIV and Frederick the Great. Stevenson Splits In Soccer

Spectacular work in the goal enabled Livonia Stevenson to beat Birmingham Groves, 2-0, in a North Suburban League soccer game.

It was Stevenson's first victory along with one tie in five games this season. Groves now has lost four and tied one. Tom Reid and Dave Spala scored for the Spartans but the play of Jim Dobie was outstanding.

Stevenson dropped a thriller to Birmingham Seaholm Thursday, 1-0. The Spartans have 43 candidates for the soccer varsity, outranking football by eight.

A freak goal enabled Bloomfield Lahser to turn back Country Day, 2-1. A Country Day player ac-cidentally kicked the ball into his own net.

Matt Schlegel scored the only goal for Country Day when he booted one from in front of the Lahser net with five minutes left to go.

X-Country

Brother Rice is enjoying fine fall in golf and cross country as well as football. The Rice golfers won their fifth straight match without a loss when they downed Or-

chard Lake St. Mary, 150-201. In cross country Rice made it two straight by downing Notre Dame, 32-27, despite the fact Notre Dame runners placed first and second.

From North

Birmingham Groves' golfers edged North Farmington, 163-167, in a Northwest Suburban League match at the Farmington Country Club.

Bill Wilson, of Groves, and Jim Landsberg, of North Farmington, each shot a 39 to share medalist honors.
