

Does City Own The Land?

'Loop' Park Road Portends Debate

By FRED DELANO

Linking Deer and Union Sts. with a concrete pavement that would cut through Kellogg Park as a step in bringing about a traffic loop around downtown Plymouth will cost an estimated \$24,846, City Engineer Thomas Waffin reports.

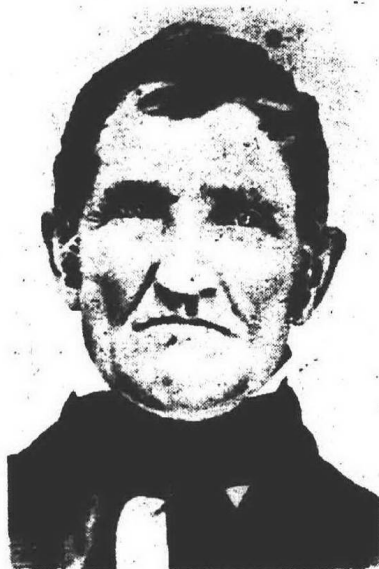

However, preparation of engineering details by Waffin for consideration by the City Commission, is only the initial phase of what could turn into a quarrel among citizens over the issue of loop vs. park.

In fact, the very question of whether the city government has title to the park has led to a search of historic records which to date has been inconclusive.

Nonetheless, city officials are proceeding on the assumption that the land was granted to the city by the original owner sometime between 1843 and 1867, and the commission is now negotiating with the only property owner directly affected by the paving plan. The negotiating committee is headed by Mayor James McKeon.

This is Jack Wilcox, who owns 205 feet fronting on Penniman and whose two driveways from his apartment buildings empty into Penniman at points that would be closed after paving.

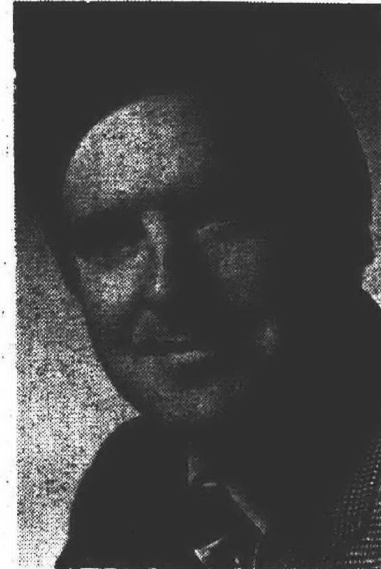

Waffin's proposal is to take 4,000 square feet out of the

JOHN KELLOGG

ALBERT GLASSFORD

EDWARD DRAUGELIS

park for the connection between Deer and Union but then gain 11,000 square feet by sodding the eastern end of Penniman to create what actually would be two parks. No date has been set for the project and it cannot be confirmed without a public hearing.

WILCOX HAS told the commission, "I have strong feelings about cutting through the park, yet I know the importance of the loop to traffic. I'm not in opposition to the program, but I am involved."

Historians agree that the park traces to ownership of a farm by an early settler named John Kellogg. In 1956, City Manager Al Glassford dug into the records for information and in 1962 Edward

Draugelis, who was city attorney at the time, did the same. This was what their reports had to say:

GLASSFORD WROTE, "Because very little information exists on record as to how the City of Plymouth acquired Kellogg Park, this note is being prepared for the deed file."

"The Rotary Club recently requested permission to erect a bus shelter standing in Kellogg Park. According to word of mouth stories, Kellogg Park may not be used for any other purpose except park purposes, or the premises will revert to the Kellogg family. "It was determined that the bus shelter could be used for park purposes and designed as a park shelter as well as a bus shelter."

"In order to determine some of the history of the park, we looked into the records of the Wayne County Tract Index Department, studied the maps of subdivisions, assessor's plats, etc.

"These show without detail that a portion of land exists, but is not a part of any subdivision. Neither is there any indication that the city ever by deed or other conveyance has record title to the park."

"WE THEN got in touch with Mr. Karl Starkweather, who is very much interested in the history of Plymouth, to determine what he knows of the history of the park."

"He advised that about in 1922 to 1926, while his father was a commissioner of Plymouth, the Kellogg family

regularly applied each year for payment for the premises occupied by the city as a park.

"We cannot find any record in the minutes for those years. The village commission, it is thought, never took action, since the city already owned the park through adverse possession."

"Mr. Starkweather thought this came about because Mr. John Kellogg, who originally owned a farm through which was cut Ann Arbor Trail and Penniman Ave., leaving a detached parcel of ground, permitted the ground to be used by the public for various public purposes."

"Apparently the family of John Kellogg never made any claim to the ground until about 1922 - 1926. We can find nowhere any restrictions on the use of the park, except that naturally it must be used as such."

"The minutes of the city from 1867 to 1900 were scanned for the purpose of determining whether or not any mention was made of the acquisition of Kellogg Park. Nothing was found. The minutes, of course, were kept in script and were rather difficult to read. At some future time, the minutes should be transcribed on a typewriter in order that they may more easily be scanned for information."

SIX YEARS later, with Glassford still serving as city manager, this is what Draugelis had to say in a

memo following a title search requested by Glassford:

"Please be advised that in early April, in company with an engineer from the County, I examined the records relating to the above (Kellogg Park) and found as follows:

"The original property which included Kellogg Park was purchased by John Kellogg in about 1843 and the deed is of record."

"Subsequent to this, Mr. Kellogg began conveying away parts of the total property and in 1867 conveyed what appears to be the last property, for therein he mentions, as a point of location, Kellogg Park."

"In 1927 the city assessor recorded Plymouth City Assessor's Plat No. 9 and made reference therein to Kellogg Park, again only as a point of reference and, indeed, the Kellogg Park boundaries are included in Plymouth City Assessor's Plat No. 9 without there being a deed of conveyance recorded, nor is there a public dedication anywhere in the records of the park to the City."

"The conclusion one draws from the above is that the land now known as Kellogg Park was purchased along with other acreage about 1843 by Mr. Kellogg and that some time prior to 1867, by a conveyance not on record, Mr. Kellogg granted the triangular piece known as Kellogg Park to the city."

Lofy Site Sold

Hickox-Barnett Real Estate Co. of Livonia has confirmed that a deal between the owners of the Lofy site, now being cleared of debris, and The Delaware Corp. of Texaco have reached an agreement on purchase of the former night club site for about \$190,000.

A Texaco gas station would be erected on the corner at Ann Arbor and Lilley Rds. if the purchase deal is closed and the necessary zoning changes can be made, Mary Barnett said.

Up And Out

Plymouth's cost of living index is scheduled to go up Feb. 9, although Bifocals questions whether that's really the right phrase for it. Regardless of phrasing, however, the fact remains that charges at Riverside Cemetery have been raised for the first time in 10 years.

Page 3A

Praise Is Sung

What does a vocal music director in the Plymouth schools think when his choir has an opportunity to sing in concert with the Plymouth Symphony? The answer is in William Grimmer's open letter to Wayne Dunlap.

Page 5A

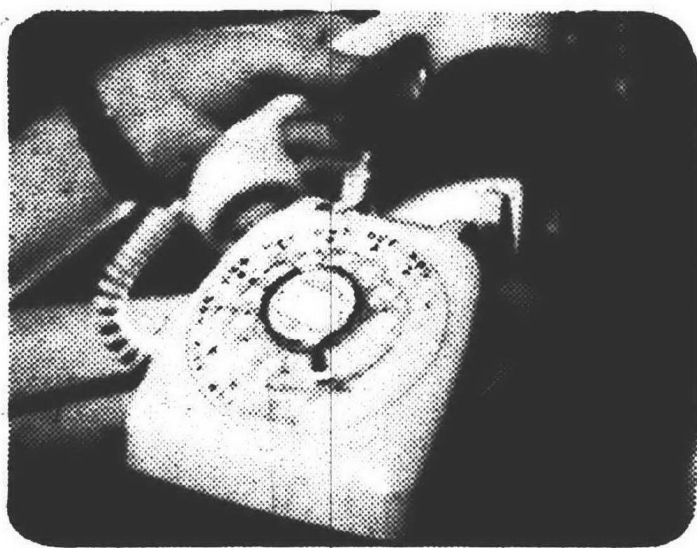

Changing Times

Into the limbo of forgotten things have gone the shaving mug and mustache cup as the old time barber shop has given way through the years to what The Stroller now finds is a "Gentlemen's Salon." Bravely he has survived this transition and even others, as he amusingly relates.

THIS VACANT TEACHER'S DESK in a first grade classroom of the Tonquish Elementary School of the Wayne-Westland District represented the impact Monday of a strike by the 1,110 instructors employed by that school board. The desk is normally occupied by Mrs. James (Pauline) Rossman, wife of the former Plymouth superintendent, who is employed as a full-time Wayne-Westland teacher. (Observer Photo by Leonard Poger).

No Rossman Decision

By KATHY MORAN

Progress is slowly being made toward a final settlement between the Plymouth Board of Education and former Supt. James Rossman.

Rossman, who was fired as superintendent by the board on Dec. 13, was offered the position of consultant to the acting superintendent on Jan. 10 but hasn't officially accepted the position.

Meetings between Rossman; his attorney, H. Rollin Allen; trustee George Lawton; and board attorney Edward Draugelis have been canceled twice. But the two attorneys have been exchanging communications and working toward a settlement.

The first meeting was canceled when weather conditions prevented Rossman's return from Kalkaska on time, and the second meeting was delayed at Allen's request.

Meanwhile, Rossman has been put back on the payroll, and Lawton is optimistic that a settlement will be reached by early February.

"We're continuing to negotiate a final settlement in the best interests of the school district and the ex-superintendent," Lawton said. "I am hopeful an agreement will be finalized in early February."

WHILE THE power struggle goes on between Rossman and the Plymouth board over his contractual settlement, Rossman's wife

has been caught up in an intriguing off - shoot by the fact of her first grade teaching assignment on a full - time basis in the Wayne - Westland District.

As a member of that teacher's union, she has been officially on strike since last Friday morning, even though the flu has prevented her from participating in WWEA affairs and decisions since last Tuesday.

Rossman's attorney answered this week, when asked whether his services had been retained by the Michigan Association of School Administrators, of which the ex-Plymouth school head is a former president, "not exactly."

However, Allen disclosed that the Plymouth case is the ninth Michigan superintendency firing he has adjudicated since 1969, and that in the other eight compromises already have been worked out. East Detroit, Dearborn, Southfield and Harper Woods are among the districts whose dismissed

superintendents he represented.

INTERESTINGLY, Allen also has served as chairman of the National Association of School Board Attorneys for two years, resulting from his post as board attorney previously for East Detroit and Melvindale. He uses such a background as this in citing his knowledge of "both sides" of the Plymouth issue.

Now 44, Allen gained his master's degree in law from Wayne State University just last year and his required thesis was devoted to the subject of the Michigan School Retirement Act as it applies to the Internal Revenue Code. Quite by coincidence, he used as his imaginary example in the thesis a superintendent who was paid an average salary of \$28,000 per year and who had a background of 37½ years in education, striking parallels to Rossman's own statistics.

Of Draugelis, the board's attorney in the Rossman case, Allen's only comment was, "Ed is a hell of a nice guy to work with."

The forgotten men and women of Plymouth's city government found out Monday night that someone remembers them after all.

The occasion was an appreciation steak dinner hosted by the City Commission which, for the 58 members of the municipality's appointed boards in the Mayflower Meeting House.

It was believed to be the first time all of these unpaid public servants ever had gathered together at one time, or that such a good - will gesture ever had been extended them.

Mayor James B. McKeon struck the keynote when he remarked, "The group that is here tonight is doing a first - class job. I never have heard of anyone who has appeared before any of our boards complaining that he wasn't treated fairly."

COMMISSIONER William Silvis, who is mayor pro tem, acted as toastmaster, and the mood of the evening was kept in a light vein, punctuated occasionally by well - meaning barbs based upon "in" jokes and situations dealing essentially with city government.

All city commissioners were present, as were all department heads except City Clerk Eugene Slider and Recreation Director Stanley Stenek, both of whom were ill.

Those honored included members of the planning commission, zoning board of appeals, municipal building authority, board of review, building board of appeals, board of canvassers, police youth club, human relations commission, housing commission, personnel appeal board, and the cemetery,

refrigeration heating and electrical boards. Former city commissioners James Jabara and Arch Vallier also were present.

ALTHOUGH WOMEN'S liberation wasn't mentioned, it was a missed opportunity for only five of the 58 appointees are women. Here is the full list:

Mary E. Childs, William A. Leonard, Carroll Porter, Ezra Rotnour, Arthur L. Shepard, Bernard D. Schmitz, Robert Rowland, James D. Warren, Charles Cash, Frank Allison, Arnold Kehrli, William Saxton.

Also, William Hartmann, Ralph Deetz, Thomas Kelly, Paul Huyck, Clifford Tait, Herbert Burley, Richard Rhinehart, John Hoben,

Clarence Moore, Harry Mumby, Fred Beitner, Carvel Bentley, Gerald Greer, Robert Stewart, Rev. Henry Walch, John Roose, Robert Gilles, Harold Stevens.

Also, Lois Jensen, Joan Voytas, Nancy Johnson, Mark Wehmeyer, Roy Rutledge, Cameron Lodge, William Birge, Howard Dunlap, Charles Olson, Roy Van Buren, Gordon Robinson, Earl Merriman, Peter Aubrey, Rev. Lewis Brown, William McAninch, E.J. McClendon, Paul Thompson.

Also, Donald Trim, Ruth Hines, Norman Thoburn, Paul Green, Mark McKelvey, Rodney Cannon, Roland Lutz, George Lawton, Clifford Smith, Marvin Terry and LaMott Whitebread.

Charter Study Decision Near

Plymouth's municipal government has nudged a step closer to a full review of the city charter with the commission taking under consideration an initial list of 17 names for appointment to a study panel.

These 17 were suggested by a commission committee of Robert Sincok and Beverly McAninch, but the full commission may still augment the list. The Jaycees also have let it be known that they, too, will make some recommendations as to personnel of the advisory body.

Suggested by Sincok and Mrs. McAninch were these residents:

Mrs. Oded (Marcia) Borowski, Herbert Burley, Robert Dwyer, Mrs. George (Betty) Hudson, George Hudson, Fred Hill, James Houk, James Jabara, Anthony Licata, Mrs. Harry (Janet) Luce, Edwin Schrader, Mrs. Edwin (Myrilla) Schrader, Clifford Tait, Norman Thoburn, Richard Wernette, Douglas McCleannan and Timothy Yoe.

City commissioners are expected to give further attention to the need of charter review in their Feb. 7 meeting.

THERE HAS been general

thought in municipal circles for some time that the 20 - year - old charter needs updating, and two outside forces have provided recent impetus that have made it a matter of immediate concern.

The city's auditors have called for numerous revisions concerning financial details, but of even greater significance was the ruling of Federal Judge Damon J. Keith that the entire section pertaining to qualifications of candidacy for elective office is unconstitutional.

When the advisory body takes its final form, one of its charges may be to recommend whether a new charter should be written totally or keep the present basic document and merely revise parts of it in keeping with court decisions and changes in the law.

Mayor James B. McKeon has indicated that he hopes personnel can be broad enough so that sub - committees can focus specialized expertise on given areas of government.

The city's legal advice is that it would be possible to have the electors voted on at the same time the proposal for a charter revision was considered.

Appoint 3 To Area's SS Board

Three new appointees were announced this week to Selective Service Board No. 102 which serves northwestern Wayne County.

George E. Johnson and Raymond W. Foster, both of Livonia, and Dale E. Walton of Plymouth have been named to the board by presidential appointment. Other members

are George Manoleas and Vern Bodker, both of Redford Township.

Areas served by this draft board are Livonia, Redford Township, Canton Township and the city-township sectors of Northville and Plymouth within Wayne County.

Leonard Broquet of Nor-

thville retired from the board Dec. 31 after 20 years of service and recently was presented a certificate of appreciation in recognition of outstanding public service.

The board's headquarters are at 585 Forest, Plymouth, and the executive secretary is Dorothy M. Lynn.

JA Holds Open House In Centers

Junior Achievement centers in Observerland will be open to the public through Thursday so that visitors may see displays and JA companies in action.

In other JA week activities, two area boys are competing as regional champions for the "Mr. Executive of South-eastern Michigan" contest Jan. 28 in the Detroit Hilton Hotel.

They are Nicholas E. Smith, 17, of Plymouth High School, who is president of his company, sponsored by Burroughs Corp.; and Gary Ridner, 17, of Stevenson High School, president of his company. They won in regional competition Jan. 8.

JA centers holding open houses are:

Plymouth — 585 W. Ann Arbor Trail, serving Plymouth and part of Livonia.

Redford — 26905 Grand River, serving Redford Township, Farmington and part of Livonia.

Telegraph — 2220 N. Telegraph, serving some Garden City youngsters.

Wayne — 3139 S. Wayne Rd., serving all of Westland and some of Garden City.

Consumers Council Opened

The mobile home and recreational vehicle industry in Michigan began the new year by establishing a Consumer Relations Council to regulate the industry.

Consumers with a complaint against a business may write to: Mrs. Alice White, director of the Consumer Relations Council; Michigan Mobile Home and Recreational Vehicle Institute; 19045 Farmington Rd., Livonia 48152.

She will send a form to the consumer which should be returned to the Council.

A copy of the complaint will be sent to the business, and the business will be asked to report back to the council. A quarterly analysis of the case files will be conducted by the council to see if any business has an unusual number of unresolved complaints.

In such a case, the board of directors will take remedial action.

Immigrant Information Confidential

Information furnished by an alien in making his annual address report to the government is confidential.

According to Thomas M. Pederson, of the Detroit Immigration and Naturalization office, the information furnished by aliens in reporting their address has been declared confidential by statute.

These reports must be submitted during January each year by all aliens in the United States, with few exceptions. Forms on which to submit the reports are available at any Post Office or office of the Immigration and Naturalization Service.

Persons who are unable to pick up a form because of illness, or other reasons, may have a relative or friend obtain a card for them.

The card should be returned to one of these offices.

Parents or guardians of aliens under 14 years of age must submit reports for such children.

Any Kids For Kindergarten?

All Clarenceville residents will be receiving a stamped, self-addressed postal card requesting information concerning eligible kindergarten children and children not yet enrolled in school for the 1972-73 school year.

Mrs. Patricia J. Vickery, elementary consultant, urges that parents of youngsters to be enrolled in school return the postal cards as early as possible.

Explorers To Expand

An attempt to organize Explorer interest groups in law, communications and music will be made in a meeting of Plymouth High School students Thursday, Jan. 27.

It is hoped to add to the three existing Explorer posts in engineering, business and social services through a session of interested students that will open at 7:30 p.m. in Room 2512 of the high school.

Explorer posts are co-educational and are made up of high school students who have a mutual interest and explore it by talking to speakers, taking field trips and participating in other related activities.

A preliminary meeting was held Jan. 19 under direction of Tad Bury, vocational guidance counselor at PHS, and Preston Clements, who is chairman of Explorer development in the Sunset Scouting District.

Consultants have been selected from professional fields in the local area to work with the students participating. Among them are L.A. Thurston and Al Loos, communications; Eldon Elliot, music; Walter Shepard and John Thomas, law.

Evans To Pay Stockholders Cash Dividend

PLYMOUTH Evans Products Co.'s board of directors has declared a cash dividend of 7.5 cents per common share payable Feb. 15 to common shareholders of record Jan. 20, maintaining the quarterly rate Evans has paid since 1965. Evans' common stock was split 2-for-2 on Dec. 28.

Monford A. Orloff, Evans' chairman of the board, said that Evans had applied to the committee on interest and dividends for approval of an increase in its cash dividend on common stock to an annual rate of 50 cents per share or 12.5 cents quarterly, conditioned on discontinuance of the 4 per cent stock dividend paid annually since 1964. The application was denied by the committee.

Orloff added that management would recommend to the board of directors at its April 5 meeting that the four per cent stock dividend be declared. He said that the board of directors would reconsider its stock dividend policy when restrictions were removed on Evans' ability to increase substantially its cash dividend. One of Evans' plants is located at Plymouth.

plymouth

THROUGH BIFOCALS
By FRED DeLANO / Editor Mail & Observer

YOU THOUGHT the steadily increasing cost of living had wormed its way into your pocketbook in just about every conceivable fashion, covering every purchasable item, didn't you? In your life pattern, possible it has, but you are forgetting Phase 2.

Oh, I'm not referring to the economic controls advanced from Washington under that label. The Phase 2 I have in mind concerns the hereafter, and the fact that as of Feb. 9 the cost of dying will go up for Plymouthites.

The City Commission has seen to this little detail by boosting the price of lots and burial charges in municipally-owned Riverside Cemetery. The fact that the new monetary structure doesn't become effective for two weeks yet may bring one of the best real estate booms the old town ever has seen.

After all, if one looks upon Riverside as a future dwelling place, why not beat inflation and buy now?

For years, the city had allowed a 10 per cent discount for its residents who purchase Riverside lots, and also had permitted a five per cent discount for cash payment. The wording of the new legislation makes no reference to either provision. Thus, I now presume that togetherness between city and township has reached a new plateau of equality.

THE COMMISSION cannot be accused of treating the cemetery financial picture lightly, for the subject got several weeks of attention after presentation of a detailed report from the Riverside trustees.

It was emphasized that although costs have substantially increased, the rates for the cemetery had remained unchanged since March 1961. A study of actual operational costs showed that the fees simply had to be adjusted for proper maintenance and to allow the cemetery to remain self-supporting.

The alternative, of course, would be to operate the cemetery out of the general fund, and any deficit would mean a higher tax rate. It is presumed that victims of increased death costs will squawk less vociferously over that tab than they would over another tax hike.

Since 1961, the basic adult grave in Riverside has cost \$120, but deductions made it possible for city folks to pay only \$102.60, even with inclusion of 30

cents per square foot for perpetual care. The price now will become \$210, including \$1.80 per square foot for perpetual care.

The basic interment charge has stood at \$115 for a decade but a cost analysis shows the city's actual cost is approximately \$157.50. This covers labor, equipment, etc., and now the commission has pegged the rate at \$160, with \$20 to be added for Saturday or Sunday burials because of manpower overtime.

IT HASN'T been mentioned whether anyone asked permission of the federal government to make these changes under the price control program, but maybe the uniqueness of the market makes it unnecessary. Nonetheless, I find the rationale used in setting the price of lots very interesting in light of Plymouth's inflated real estate values. This is the way Plymouth's experts went at it:

"In determining the purchase price for a cemetery lot, three factors must be considered: the original land value, inflation and profit. The total of these three factors should equal the replacement value of the cemetery land on today's market.

"If one is to assume that the private cemeteries are charging the 'market' rate for cemetery land, then the value of said land would range from as little as \$5 to more than \$13 per square foot. It would seem, then, that a minimum current value would be approximately \$5 per square foot. The present Riverside charge is approximately \$4 per square foot.

"If Riverside Cemetery graves were sold at \$5 per square foot rather than the present \$4, the price would still only represent a 25 per cent increase over the price 10 years ago. During that same time period the Bureau of Labor Statistics Consumer Price Index rose nearly 40 per cent.

"Further, land value, particularly in built up areas like Plymouth, generally increase much faster than does the Consumer Price Index. A minimum of \$5 per square foot for cemetery land on today's market is certainly justified with respect to increases in land prices over the past years."

I still say it would be cheaper if we buried 'em vertically on half the land.

Northville Twp. Seeking Police As Volunteers

Northville Township is seeking men interested in becoming members of its volunteer police reserves.

Chief Ron Nisum said he would like 20 to 25 applicants to attend the training classes which he plans starting in February.

"We will train with six other communities at the Novi Police Department," Nisum

said. "Classes will be held two evenings a week or for four hours on Saturdays for a period of approximately 10 weeks."

The chief said the main requirement is that applicants be residents of Northville Township.

Additional requirements include a high school education, or its equivalent,

and good physical condition. Age requirements are from 22 to 40.

Nisum said interested persons may apply at the township office, 107 S. Wing, Northville, any weekday.

New Library Books

The library has just purchased seven new art books which include the complete paintings of Bruegel, Vermeer, the Van Eycks, Raphael, Bosch, Caravaggio, Michelangelo, and Leonardo DaVinci.

"The Nine Months," by Evan McLeod. This is the dramatized account of a physician's practice. It provides insights into modern obstetrical practices and contraceptive techniques.

"Roses from a Haunted Garden," by Jean Francis Webb. Nineteen-year-old Bethany Gifford returns to her native Hawaii to find her beloved sister-in-law and her nanny victims of leprosy, and about to depart for a lepers' colony.

"The Wandering Prince," by Jean Plaidy. This is a novel of Charles II, the rake who spent his young manhood wandering through Europe.

JEFFREY D. BOWMAN, son of Rev. Robert L. Bowman, 650 N. Sheldon Rd., has more than the usual reason to remember the weekend of his 21st birthday, which fell in early January. At that time Bowman completed his basic Army training at Fort Leonard Wood and was presented a special citation by the commanding general as the outstanding trainee of his company. His father, who is chaplain of the 191st Combat Support Squadron of the Michigan Air National Guard, was present for the ceremony.

THE LIONS CLUB of Plymouth held its annual district governor's night program Thursday at the Thunderbird Inn, with District Governor and Mrs. Chuck Lavery as special guests. Harge Green, a past deputy district governor, was chairman for the occasion, which also was a ladies' night for the club.

THE 10 MEMBERS of a newly formed astronomy club at Plymouth High School are making special plans to take a telescopic view of this weekend's total eclipse of the moon. So far they have only minimal equipment, but through their own efforts hope to augment it. The club welcomes new members, no matter whether students or adults, and inquiries may be made with PHS Principal Bill Brown.

EDWARD G. HOLD-SWORTH, commander of Mayflower Post 6696 of the VFW, has been appointed national aide - de - camp by Joseph L. Vicities, of Uniontown, Pa., who is the VFW's national commander. Praising Holdsworth's dedication and leadership, Vicities said, "Mr. Holdsworth possesses both these qualities and I am most grateful that he is giving his whole - hearted support to the internal problems of this nation and to the purposes for which the Veterans of Foreign Wars was chartered by Congress."

DUNNING - HOUGH LIBRARY, which has just completed a recarpeting project, will hold an open house from 10 a.m. to 5 p.m. Friday and Saturday. Librarian Elizabeth Barnwell reports usage of the library increasing steadily and sends to the public a message, "Please join us and view the new carpeting and library arrangement."

ORDINANCE NO. 377
AN ORDINANCE TO AMEND ORDINANCE NO. 229, "AN ORDINANCE RELATIVE TO CEMETERIES AND THE BURIAL OF THE DEAD."
THE CITY OF PLYMOUTH ORDAINS:
Section 1. Section 4 of Ordinance No. 229, "An Ordinance Relative to Cemeteries and the Burial of the Dead," is hereby amended to read as follows:
Section 4. The City Manager shall be the Superintendent of city cemeteries and shall enforce the schedule of fees for cemetery services and collect the same, such schedule of fees for cemetery services and the prices of lots or burial rights to be fixed and established from time to time by the City Commission. The Board of Trustees shall have the power and authority to make necessary or reasonable rules or regulations for the purpose of carrying out the intent and purposes of this ordinance, subject to the approval of the City Commission. The City Clerk shall be the clerk of said Board.
Section 2. Section 8 of said Ordinance No. 229 is hereby amended to read as follows:
Section 8. It shall be the duty of the City Treasurer to deposit all sums in payment of lots or burial rights and in the payment of cemetery services in the Cemetery Fund of the city, except such sums as are provided for perpetual care, which shall be held and invested as provided by state laws governing such trust funds. One dollar and eighty cents (\$1.80) per square foot of the sale price for each lot hereafter sold shall be deposited in a fund for perpetual care for said lot or lots. An account shall be kept of all receipts and disbursements in connection with the acquisition, operation and maintenance of city cemeteries.
Section 3. This Ordinance shall become operative and effective on the 9th day of February, 1972, A.D.
Made, passed and adopted by the City Commission of the City of Plymouth, Michigan, this 18th day of January, 1972, A.D.

Plymouth Brevities

BOOKS ALSO are much in the minds of Brian Smith, Mike Amyx and others of the PHS student council who will launch "Project Recovery" Monday, Jan. 31 with the opening of the second semester. The purpose is to collect books for all Plymouth school libraries. "Any books are welcome because we're planning to cover all age groups from kindergarten through the 12th grade, and all subject areas," read the announcement of the collection drive, which is planned for a minimum of two weeks.

Letters To The Editor

Burden Is Not All President's

EDITOR:
I just finished reading two articles in your weekend paper of January 15-16. One had the by-line by Paul Huyck and the other had none. Mr. Huyck's four points to alleviate the present school problems appear slightly confusing to me.

1. Resignation of the present president of the board. Is the president one of seven? Should all of the burden be borne by the president?

2. No one qualified in the

present administration for the superintendent's position. The basic problem may also be the qualified persons who will select the next superintendent.

3. Board members who have sympathies which lean toward the PEA. What better method if Mr. Huyck's conclusion is correct to place another person who has warm feelings to the PEA on the board. Do not board members select new members upon vacancies between elections?

4. Negotiate immediately a two year contract for extended labor peace. Will Mr. Homer be willing to sit down

now and negotiate with a board which appears can not remember its verbal commitments of Aug. 1971. I think not.

I, too, just paid my taxes which were increased substantially. However, I do not complain about paying them, because I did vote in the last school election and the majority spoke.

THOMAS FIDGE
(Editors Note: Like Mr. Huyck, Mr. Fidge also has twice been a defeated candidate for the Plymouth Board of Education.)

Wayne Dunlap Given Praise

EDITOR:
This is an open letter to Mr. Wayne Dunlap.

Dear Wayne,
We have known each other and worked together for 16 years and again I am indebted to you for the opportunity you have given the youth of our

community. It was a wonderful experience for the Middle School East choir to sing with the Plymouth Symphony last Sunday.

You have been an educational and cultural influence in our community for many years and it has been Plymouth's loss since you left. Thank the powers that be that you have seen fit to continue to contribute your talents to Plymouth, even though you no longer reside in this community.

Your contributions to a better understanding of our culture through the media of fine music well performed is beyond count. You and all the musicians who work in our symphony cannot be thanked enough. We in the musical community are proud of all of you.

Again, thanks for the wonderful experience you have afforded our children.
WILLIAM J. GRIMMER
Director of Vocal Music
Middle School East

INCREASING PUBLIC INTEREST in the activities of Youth Inc. brought the presentation of another helpful check Monday, this one for \$50 from the Rotary Club's auxiliary, the Rotary Anne. From the left, during the presentation at a Mayflower Hotel luncheon, were Patti DeBear, board member for the youth center; Youth Inc. Manager Dale Yagiela; Mrs. Marie Drue, Rotary Ann president, and Doug Shrewsbury, also of the Youth Inc. board which operates the facility in the former Mail & Observer Building. (Observer Photo by Bob Woodring).

TOWNSHIP OF PLYMOUTH

NOTICE OF SPECIAL TOWNSHIP MEETING AND ELECTION AND OF REGISTRATION OF VOTERS

WHEREAS, at a meeting of the Township Board of the Township of Plymouth, Wayne County, Michigan, held on the 14th day of December, 1971, a franchise ordinance was adopted, entitled as follows:

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges, and other public places, and to do a local gas business in the TOWNSHIP OF PLYMOUTH, WAYNE COUNTY, MICHIGAN, for a period of thirty years.

WHEREAS, said Consumers Power Company has heretofore filed its written acceptance of said franchise, and has requested that the question of confirming the grant thereof be submitted to the qualified electors of the Township, at a special election to be held for that purpose, and has also paid to the Township Board the estimated expense of holding such special election; and

WHEREAS, the Township Board of Plymouth, Wayne County, Michigan, has called a special election to be held in said Township for such purpose:

NOW, THEREFORE, pursuant to resolutions adopted by said Board, notice is hereby given that a special meeting and election will be held in said Township at:

Precinct 1: Farrand School - 41400 Greenbriar Lane
Precinct 2: Farrand School - 41400 Greenbriar Lane
Precinct 3: Allen School - 11100 Haggerty Road
Precinct 4: Allen School - 11100 Haggerty Road
Precinct 5: Township Hall - 42350 Ann Arbor Road
Precinct 6: West Middle School - 44401 W. Ann Arbor Trail
Precinct 7: West Middle School - 44401 W. Ann Arbor Trail
Precinct 8: Farrand School - 41400 Greenbriar Lane
Precinct 9: Allen School - 11100 Haggerty Road
Precinct 10: Township Hall - 42350 Ann Arbor Road (Absent Voter Counting Board)

on Tuesday, the 14th day of March, 1972, for the purpose of voting on the confirmation of the action of said Township Board in granting such franchise.

The polls of said election will be opened at 7 o'clock in the forenoon and will be held open until 8 o'clock in the afternoon, Eastern Standard Time. The Township Clerk will be in his office on the 11th day of February, 1972, between the hours of 8 a.m. and 8 p.m., Eastern Standard Time, said date being the fifth Friday, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration and registering such of the qualified electors of the Township as shall appear and apply therefor. In the event such fifth Friday shall fall on a legal holiday, registration shall be accepted during the same hours on the following day.

Said franchise as granted by said Board is on file with the undersigned Township Clerk for the purpose of inspection by the qualified electors.

BY ORDER OF THE TOWNSHIP BOARD
HELEN RICHARDSON
Township Clerk

Dated, January 14, 1972.

TOWNSHIP OF PLYMOUTH

ORDINANCE

AN ORDINANCE, GRANTING TO CONSUMERS POWER COMPANY, ITS SUCCESSORS AND ASSIGNS, THE RIGHT, POWER AND AUTHORITY TO LAY, MAINTAIN AND OPERATE GAS MAINS, PIPES AND SERVICES ON, ALONG, ACROSS AND UNDER THE HIGHWAYS, STREETS, ALLEYS, BRIDGES, AND OTHER PUBLIC PLACES, AND TO DO A LOCAL GAS BUSINESS IN THE TOWNSHIP OF PLYMOUTH, WAYNE COUNTY, MICHIGAN, FOR A PERIOD OF THIRTY YEARS.

SECTION 1. The Township of Plymouth, Wayne County, Michigan, hereby grants to the Consumers Power Company, a Michigan corporation, its successors and assigns, hereinafter called the "Grantee," the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges, and other public places, and to do a local gas business in the Township of Plymouth, Wayne County, Michigan, for a period of thirty years.

SECTION 2. In consideration of the rights, power and authority hereby granted, all of which shall vest in the Grantee for a period of thirty (30) years as aforesaid, said Grantee shall faithfully perform all things required by the terms hereof.

SECTION 3. No highway, street, alley bridge or other public place used by said Grantee shall be obstructed longer than necessary during the work of construction or repair, and shall be restored to the same order and condition as when said work was commenced. All of Grantee's pipes and mains shall be so placed in the highways and other public places as not to unnecessarily interfere with the use thereof for highway purposes.

SECTION 4. Said Grantee shall at all times keep and save the Township free and harmless from all loss, costs and expense to which it may be subject by reason of the negligent construction and maintenance of the structures and equipment hereby authorized. In case any action is commenced against the Township on account of the permission herein given, said Grantee shall, upon notice, defend the Township and save it free and harmless from all loss, cost and damage arising out of such negligent construction and maintenance.

SECTION 5. The rights, power and authority herein granted, are not exclusive. Either manufactured or natural gas may be furnished hereunder.

SECTION 6. Said Grantee shall from time to time extend its gas distribution system to and within said Township, and shall furnish gas to applicants residing therein whenever the amount of gas to be furnished thereby shall provide an adequate and reasonable return upon the cost of making such extensions and providing such service.

SECTION 7. Said Grantee shall be entitled to charge the inhabitants of said Township for gas furnished therein, the rates, including minimum charges, as approved by the Michigan Public Service Commission, to which Commission or its successors authority and jurisdiction to fix and regulate gas rates and rules regulating such service in said Township, are hereby granted for the term of this franchise. Such rates and rules shall be subject to review and change at any time upon petition therefor being made by either said Township, acting by its Township Board, or by said Grantee.

SECTION 8. This ordinance shall cease and be of no effect after thirty days from its adoption, unless within said period the Grantee shall accept the same in writing filed with the Township Clerk, subject to confirmation of the grant hereof by at least a majority of the electors of said Township voting thereon at a regular or special township election to be held in the manner provided by law. Upon the acceptance and confirmation hereof, this ordinance shall constitute a contract between said Township and said Grantee for a period of thirty years from the date of such acceptance.

A Doctor Condemns Abortions-On-Demand

By LORAIN McCLISH

A Southfield doctor who "has been in the business of delivering babies for the past 20 years" is one of 225 physicians who have submitted medical evidence on abortion that will be considered by the United States Supreme Court.

The combined information has been put into a brief which supports the group's position that "the unborn are developing human persons who need the protection of the law just as do adults."

Dr. Joseph Watts, a Catholic, says: "I am no crusader. I do not impose my religious beliefs on any one, and I am not acting or speaking on behalf of the hospital (Providence) or anyone but myself as an obstetrician dedicated to the unborn."

The brief will be put before the high court in connection with two appeals coming from District Courts in Georgia and Texas on abortion issues. Details of the cases are unimportant to Watts.

"Georgia, Texas or Michigan or no matter where - we've all heard the same stories, and the details are unimportant. What we're talking about here is principal, i.e., proving that the unborn is a human being from the time of conception," he said.

He listed many achievements stemming from the field of fetology (the study of maturity and sex of the unborn).

"We can hear a heart tone at 14 weeks. We know the (unborn) infant can feel pain. We know he reacts to sound vibrations. You've got to be an awful tough guy to say 'OK sister, go to New York.' This taking of a life cannot be the answer to economics, ecology, population, or whatever our problems," he said.

ON SEVERAL occasions Watts equated what he termed "abortion on demand" with euthanasia. He feels certain that the next step after legalized abortion will be the sanction of mercy killings. After that, "when grandma is 70 we'll be putting a bag over her head. And then we will be doing exactly what we have condemned Hitler for - taking the prerogative of deciding who should live and who shouldn't."

Another area that Watts feels strongly about concerns the statistics now coming out of New York state which would indicate that the operation is a safe and easy one.

"What the statistics don't tell you," Watts said, "is that 58 per cent (of those having abortions in that state) are non-residents, and there is never a followup on those women. But we see them. We certainly do. They don't want to make a trip back to New York, so they go to their local doctors, sometimes with bleeding, sometimes with lacerations. But the point is that these two sets of statistics might never get together for a true figure."

Dr. Watts stressed that he was not talking about therapeutic abortion - only abortion - on - demand for reasons of convenience. And he emphasized that the brief that the high court will see deals strictly with medical evidence.

"Most of what we've heard from the pro - abortionists has come from lay people - and a lot of social workers have been pushing this - some of it religious, a lot of it emotional. So far as I know, our brief will be the first to deal with the matter from a purely scientific angle," he said.

In all, more than 100 medical professors from 43 medical schools and 125 other physicians, many of whom are fellows of the American College of Obstetrics and Gynecology, have joined in the brief which will be considered in the U.S. Supreme Court's 1972 spring session.

BURTON D. TRACY

MICHAEL TASCHNER

2 Are Promoted At Mfrs. Bank

Two Livonia residents, Burton D. Tracy and Michael D. Taschner, have been advanced to the second vice president level at Manufacturers Bank.

Tracy, 15170 Knolson, now has the title of second vice president and correspondent bank officer. He was promoted from correspondent bank officer. Taschner was promoted to second vice president and operations officer from operations officer.

Assigned to the Michigan division of the United States banking department, Tracy has been with Manufacturers Bank since 1956.

Taschner, who lives on Levan, first started at the bank in 1959. He is assigned to the operations division of the branch department.

Rork Completes Basic Training

Airman Paul W. Rork, son of Mr. and Mrs. Horatio T. Rork of 19250 Flamingo, Livonia, has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Tex.

PHS Scholars Receive Honor

PLYMOUTH Among the 35,000 students in the United States who scored in the upper two per cent of those who are expected to graduate from high school in 1972, are Walter Drummond, Sally Guregian, and Paul Heinmiller of PHS.

Three students at Plymouth High School have received letters of commendation honoring them for their high performance on the 1971 National Merit Scholarship qualifying test.

NOTICE OF PUBLIC HEARING PLYMOUTH TOWNSHIP PLANNING COMMISSION, PLYMOUTH TOWNSHIP, MICHIGAN

NOTICE IS HEREBY GIVEN, that a public hearing will be held Wednesday, February 16, 1972, at 8:00 P.M. at the Township Hall, at 42350 Ann Arbor Road, Plymouth, Michigan, for the purpose of considering the following petitions:

A. The Planning Commission has received a petition to rezone the following described property from an R-1-E Residential District, to a T-O Transitional Office District:

A parcel of land in the N.E. 1/4 of Section 29, Plymouth Township described as commencing at the N.E. Corner of Section 29, T. 15. S. R. 8 E. Plymouth Township, Wayne County, Michigan and proceeding thence along the North line of said Section 29, S. 88 degrees 34' 40" W., 689.00 feet to a Point of Beginning; thence S. 1 degree 55' 00" E., 674.20 feet; thence S. 88 degrees 05' 00" W., 220.00 feet; thence N. 1 degree 55' 00" W., 200.00 feet; thence S. 88 degrees 05' 00" W., 389.20 feet; thence along the West line of the East 1/4 of the N.E. 1/4 of said Section 29, N. 1 degree 47' 47" E., 480.21 feet; thence along the North line of said Section 29, N. 88 degrees 34' 40" E., 589.20 feet to the Point of Beginning containing 7.619 acres of land.

This property is located north of N. Territorial, just west of Beck.

B. The Planning Commission has received a petition to rezone the following described properties from an R-1-H Residential District, to R-2-A, Garden Apartments and R-1, One Family Residential:

R-2-A All that part of southeast 1/4 of the southwest 1/4 of Section 33, T. 15. S. R. 8 E., Plymouth Township, Wayne County, Michigan, described as: Beginning at the intersection of the future northerly line of Joy Road with the future westerly line of McClumpha Road, which point is distant due north 60.00 ft. along the north and south 1/4 line of Section 33 and N. 89 degrees 46' 55" W. 43.00 ft. from the south 1/4 corner of said Section 33; thence along the future northerly line of said Joy Road, N. 89 degrees 46' 55" W. 800.00 ft.; thence due north 561.45 ft. to a point of curve; thence northeasterly on a curve to the right, having a radius of 170.00 ft., an arc distance of 185.48 ft., central angle of 62 degrees 30' 46" and chord bearing N. 31 degrees 15' 23" E. 176.42 ft.; thence along a line tangent to the last described curve, N. 62 degrees 30' 46" E. 501.20 ft.; thence due south 192.00 ft.; thence due east 184.00 ft.; thence along the future westerly line of said McClumpha Road due south 796.17 ft. to the point of beginning, containing 15.0021 acres of land.

R-1 All that part of the southeast 1/4 of the southwest 1/4 of Section 33, T. 15. S. R. 8 E., Plymouth Township, Wayne County, Michigan, described as: Beginning at the future westerly line of McClumpha Road at a point distant due north 1048.33 ft. along the north and south 1/4 line of Section 33 and due west 43.00 ft. from the south 1/4 corner of said Section 33; thence due west 194.00 ft.; thence S. 62 degrees 30' 46" W. 501.20 ft. to a point of curve; thence southwesterly on a curve to the left having a radius of 170.00 ft., an arc distance of 185.48 ft., central angle of 62 degrees 30' 46" and chord bearing, S. 31 degrees 15' 23" E. 176.42 ft.; thence along a line tangent to the last described curve due south 561.45 ft. to a point 60.00 ft. northerly from the south line of said Section 33; thence along the future northerly line of Joy Road, N. 89 degrees 46' 55" W. 483.04 ft.; thence N. 0 degrees 10' 50" W. 1257.27 ft.; thence S. 89 degrees 51' 30" E. 1287.00 ft.; thence along the future westerly line of said McClumpha Road, due south 270.79 ft. to the point of beginning, containing 21.3007 acres of land. Property located on the N.W. Corner Joy and McClumpha Roads.

R-2-A All that part of the southwest 1/4 of the southeast 1/4 of Sec. 33, T. 15. S. R. 8 E., Plymouth Township, Wayne County, Michigan, described as: Beginning at the intersection of the future northerly line of Joy Road with the future easterly line of McClumpha Road, which point is distant N. 0 degrees 23' 40" E. 60.00 ft. along the north and south 1/4 line of Section 33 and S. 89 degrees 15' 00" E. 43.00 ft. from the south 1/4 corner of said Section 33; thence along the future east line of said McClumpha Road, N. 0 degrees 23' 40" E. 1120.05 ft.; thence southeasterly on a curve to the right, having a radius of 655.00 ft., an arc distance of 276.49 ft., central angle of 24 degrees 11' 09" and chord bearing S. 51 degrees 00' 14" E. 274.44 ft.; thence along a line tangent to the last described curve, S. 38 degrees 54' 40" E. 85.00 ft. to the point of curve; thence southeasterly on a curve to the left, having a radius of 1080.00 ft., an arc distance of 515.33 ft., central angle of 27 degrees 20' 20" and chord bearing S. 52 degrees 34' 50" E. 510.45 ft.; thence along a line tangent to the last described curve, S. 46 degrees 15' 00" E. 135.00 ft. to a point of curve; thence southerly on a curve to the right, having a radius of 60.00 ft., an arc distance of 79.06 ft., central angle of 75 degrees 30' 00" and chord bearing S. 28 degrees 30' 00" E. 73.47 ft.; thence along a line tangent to the last described curve, S. 9 degrees 15' 00" W. 190.20 ft. to a point of curve; thence southerly on a curve to the left having a radius of 565.00 ft., an arc distance of 230.90 ft., central angle of 29 degrees 30' 00" and chord bearing S. 5 degrees 30' 00" E. 287.70 ft.; thence along the future northerly line of said Joy Road, N. 89 degrees 15' 00" W. 834.34 ft. to the point of beginning, containing 15.0060 acres of land.

R-1 All that part of the southwest 1/4 of the southeast 1/4 of Section 33, T. 15. S. R. 8 E., Plymouth Township, Wayne County, Michigan, described as: Beginning on the future east line of McClumpha Road at a point distant N. 0 degrees 23' 40" E. 60.00 ft. along the north and south 1/4 line of Section 33, and S. 89 degrees 15' 00" E. 43.00 ft. and N. 0 degrees 23' 40" E. 1120.05 ft. along the future east line of said McClumpha Road from the south 1/4 corner of said Section 33; thence continuing along the future east line of said McClumpha Road, N. 0 degrees 23' 40" E. 116.83 ft.; thence S. 89 degrees 20' 55" E. 1281.77 ft.; thence S. 0 degrees 30' 20" W. 482.20 ft.; thence S. 0 degrees 17' 00" W. 770.76 ft. to a point 60.00 ft. northerly from the south line of said Section 33; thence along the future northerly line of Joy Road, N. 89 degrees 15' 00" W. 447.90 ft.; thence northerly on a curve to the right, having a radius of 565.00 ft., an arc distance of 230.90 ft., central angle of 29 degrees 30' 00" and chord bearing N. 5 degrees 30' 00" W. 287.70 ft.; thence along a line tangent to the last described curve, N. 0 degrees 15' 00" E. 198.20 ft. to a point of curve; thence northwesterly on a curve to the left, having a radius of 60.00 ft., an arc distance of 79.06 ft., central angle of 75 degrees 30' 00" and chord bearing N. 28 degrees 30' 00" W. 73.47 ft.; thence along a line tangent to the last described curve, N. 86 degrees 15' 00" W. 135.00 ft. to a point of curve; thence northwesterly on a curve to the right, having a radius of 1080.00 ft., an arc distance of 515.33 ft., central angle of 27 degrees 20' 20" and chord bearing N. 52 degrees 34' 50" W. 510.45 ft.; thence along a line tangent to the last described curve, N. 38 degrees 54' 40" W. 85.00 ft. to a point of curve; thence northwesterly on a curve to the left, having a radius of 655.00 ft., an arc distance of 276.49 ft., central angle of 24 degrees 11' 09" and chord bearing N. 51 degrees 00' 14" W. 274.44 ft. to the point of beginning, containing 21.9699 acres of land and subject to a 20 ft. wide easement for public utilities over the easterly 20 ft. thereof. Property located on the N. E. Corner of Joy and McClumpha Roads.

C. The Planning Commission has received a petition to rezone the following described property from an R-1, One Family Residential District, to T-O, Transitional Office District:

Lots 91, 92 and parts of Lots 90, 93, 94 and vacated alley lying adjacent to said lots, of Plymouth Gardens Subdivision, of part of the northeast 1/4 of Section 23, T. 15. S. R. 8 E., as recorded in Liber 60, page 63 of Plats, Wayne County Records, and being further described as Beginning at the southeast corner of Lot 93 running thence south 87 degrees 17' 40" E., 35 ft. along the north line of Schoolcraft Road to the west line of Bradner Court; thence on a curve to the right (on 120 foot radius) 73.24 feet along the westerly line of Bradner Court, to a point 2 feet at right angles from the northeasterly line of Lot 91; thence north 43 degrees 38' 54" W. 101.82 feet along a line parallel to said northeasterly line to a point in the center line of vacated alley; thence south 46 degrees 21' 06" W. 39.72 feet along said center line to a point; thence south 20 degrees 28' 20" E., 10.88 feet to a point in the south line of said alley; thence south 19 degrees 05' 40" E. 107.70 feet to the point of beginning. Subject to an easement for Public Utilities in that part of said premises falling in adjacent vacated alley as set forth in Liber 12629, page 108. Property located on the corner of Schoolcraft and Bradner Court.

NOTICE IS HEREBY GIVEN that the proposed Amendments to the Text may be examined at the Township Hall at 42350 Ann Arbor Road, from 8:30 A.M. to 5:00 P.M. each day, Monday thru Friday, until the date of the Public Hearing.

The Stroller...

Anatomy Of A Barber Shop

Stepping out of his car in the downtown parking lot the other day, The Stroller's eyes hit upon a large black sign with several lines of black lettering.

The sign was attractive -- but The Stroller couldn't believe his eyes.

There, on the black background, was printed: "Gentlemen's Salon."

He looked again. Then he rubbed his eyes and asked the gent in the next parking space--

"What do they mean -- Gentlemen's Salon?"

He laughed and answered, "That is a barber shop."

No, no, no, it couldn't be, The Stroller thought, we haven't become that sophisticated.

But, sure enough, it was the barber shop.

When he recovered from the shock, The Stroller couldn't help realizing that the old time barber shop has undergone more changes and leaned more heavily to sophistication than any other trade.

It's true, we have automation and have made many, many improvements among other lines. But the old-time barber shop, with its shelves filled with

shaving mugs and mustache cups and the barber sporting a comb over his ear has come the greatest distance in sophistication in the last half century.

THERE WAS time when the barber shops were identified only with a red, white and blue striped pole. When the barber, back in The Stroller's home town, had one installed that revolved with spiraling stripes he was considered a "glorified upstart," frowned upon more than being looked upon as a progressive merchant of his wares.

Well The Stroller remembers the day this "upstart" hung a new sign on the wall of the shop. Added to the two regular services - shaves 10 cents and haircuts 15 cents were two new ones - trims 10 cents and singes 20 cents.

Singes! the customers asked in astonishment. "What do you mean?"

"We're just going a little high class around here," the barber answered, and then explained that a singe was simply the burning of the tips of the hair to stunt their growth a bit.

"It's something new," he said, "and I am sure you'll like it."

Imagine that! A barber aiding his customers to stunt the growth of their hair.

THE EVOLUTION was on. Into the limbo of forgotten things went the shaving mug and the mustache cup. With the evolution of the trade came the electric razor. Men who never had used a "straight" razor and lather, took kindly to the electric shave... and the price was right.

With this blow to business the barber made his move. The barber shop became a Tonsorial Parlor. He eliminated the "trim" and the "singe" -- and stuck to cutting hair. But he added a few frills of his own.

When the younger generation went "long hair," the barber became a "hair stylist." Then he added a "razor cut," which is something on the order of the old "singe."

And now comes the "Gentlemen's Salon."

In what has been called "staid old Plymouth."

Glory Be!

Bunyea Again Heads County Soil Program

Wilford Bunyea, chairman of the Wayne County Soil Conservation Committee for the past two years, was named to a new one year term at the annual meeting in Plymouth recently.

Re-elected with him was Francis P. Bennett, secretary.

Both men were named to new three-year terms on the board of directors.

Reporting on the soil survey now under way in Wayne County, it was stated that the work has been completed in Sumpter and Van Buren Townships.

When the weather permits, work will be resumed in the southern half of Canton Township and then move north through the Plymouth community and Northville Township.

Hirzel Serves

Navy Seaman Apprentice Thomas J. Hirzel, son of Thomas J. Hirzel of 41600 Warren, Plymouth, has reported for duty aboard the destroyer tender USS Dixie at San Diego.

WHO WANTS TO ESTIVATE

by DON KEETH

Do you ever feel like estivating? Before you take offense, let me state that my research staff has come up with the information that to estivate is to pass the summer in a torpor (they mercifully added) is a state of dormancy or sluggishness.

Estivate, then, is the flip side of hibernate. Some animals do both. Chipmunks, for instance. This probably gets 'em through the hot spells and cold spells with a minimum of discomfort. The rest of the time they are bright-eyed and bushy-tailed.

But I digress. Back to people.

We do not estivate, neither do we hibernate. Couldn't even if we wanted to. Our aim is to be bright-eyed and bushy-tailed the year around -- summer, winter, spring and fall. We beat the hot-cold rap by heating our homes.

Unfortunately, this heating or cooling doesn't always leave us bright-eyed and bushy-tailed. Sometimes indoor winter air is baked bone-dry and how we suffer! Or the indoor air is stale and stuffy, hardly anything to brighten one's eye. Maybe there is dirt, odor, noise. You know the problems. We've all experienced these things. Many are still putting up with them.

But take heart! Help is at hand. It comes undisguised as the Lennox TOTAL COMFORT SYSTEM. You get even heat, humidity control, air freshening, air cleaning, refreshing air circulation and extreme quietness. Gas, oil or electricity can be the heat source... and it's all ready for central air conditioning now or later!

Let our furry friends estivate and hibernate. We've got a better system... Lennox Total Comfort. Call for the whole story. Ask for "Bright Eyes."

Bars, Politicians Like New Adults

KATHY MORAN

The real impact of the new age of majority is being felt in the beer mug.

Thousands of 18 to 20-year-olds were suddenly propelled into legal adulthood as of Jan. 1, but they are finding that the right to purchase liquor is the most tangible right at present.

Since a constitutional amendment was approved last summer, numerous groups are attempting to register the young adults — and are successfully increasing the names on the voting rolls.

But for the young adult who wants to purchase a car or home or take out a loan in his own name, life on the adult side of the fence isn't all that different.

THE BUSINESS world hasn't changed any and the new adults aren't getting special treatment.

Though they have the right to take out a loan in their own name, the cold hard facts of the business world dictate that a stable employment record and good credit rating are essential.

And not many 18-year-olds have two years of steady employment under their belts when they start looking for a loan.

But the local bars aren't ready to turn away the new business that has fallen their way — though some of the "old" patrons wish they would.

"Since the 18-year-olds have been able to drink, I have had to learn a whole new language — gu gu, ga ga," one sarcastic "elder" said. "I'm learning to say it with my thumb in my mouth."

"They took over my favorite bar," another one added.

"I think it's a hassle," one 23-year-old said. "Everyone should be able to drink. But every place is so crowded now — and they are all crawling with 18-year-olds."

A YOUNG TEACHER didn't think the 18-20 group was mature enough to handle the responsibility, "but it's better than having them drink in cars. They'll learn fast enough that it costs plenty."

"If I want to go places where there are all 18-year-olds, I can chaperone a dance."

Not everyone is down on the new drinkers.

One barmaid said, "They are very nice. We've had not one bit of trouble. They seem awed by it all, and some have even left tips."

The Grog Shop in Southfield

The 18-year-olds can drink now, and get involved in politics, but the business world isn't changing fast for a person with no job seniority.

is still attracting primarily the over-21 set, and bouncer Joe Adamy speculated it was because of high prices and the older clientele.

Though he said only a couple of the new adults try to get in at night, he has had several 16- and 17-year-olds trying to get past him.

THE COLONIAL Lounge in Livonia has found 30 to 40 per cent of its audience from the new drinkers since the beginning of 1972, according to owner Nick Malamis.

"The first few weeks have been busy, but I expect it to settle down," he added.

One woman complained that she was waiting to get inside places that she used to be able to walk right into. She suggested that the young drinkers have their own bars.

That could be happening with the Lum's chain where several young adults have said they prefer to go.

Leo Kinor, general manager of the Livonia Lum's, said its business has increased noticeably.

"The first two weeks were a madhouse," Kinor said. "This week it dipped a little. If I had to estimate the increase from them (the new adults), I would say it is 15 to 20 per cent."

BUSINESS FROM the new adults has dipped at Northville Downs, also, where some have been taking advantage of the new right to wager.

While as many as 55 young adults showed up on Fridays and Saturdays during the first two weeks of January, attendance has dropped to around 15 per night on weekends.

So far, only one person has voluntarily committed himself to Northville State Hospital, according to Supt. Richard Budd.

Dr. Budd said he expects to have more in the future since nearly 40 per cent of the hospital's admissions are voluntary. The advantage to a voluntary admission is that the hospital has to release a voluntary patient within five days of his request to leave.

JAYCEES CHAPTERS in Livonia, Redford Township, Southfield, and Farmington are lowering their age requirements despite the fact that the national chapter refused to lower the age in its constitution at the national convention.

Some 18-year-olds have applied for pistol permits in Farmington Township and

Redford Township, but the requests are being held until a ruling is issued by Att. Gen. Frank Kelley.

The Oakland County Police Chiefs Assn. asked Kelley for a ruling because of a federal law which makes it illegal for a gun store to sell a gun to anyone under 21.

The law doesn't state whether an 18-year-old can own a gun.

A GROUP called The New Majority has formed in Redford Township to "stimulate interest in the community" regarding the new age of majority. They are planning workshops to educate the young adults of their rights.

Undoubtedly they will cover the problems the young adults can expect to encounter in the business world, as will some classes being revised in local schools.

The young adults can expect to be quizzed on their employment, credit references, personal background and why they need the money when applying for a loan.

"There is not much we can do for them," Bob Schaefer of Liberty Loans in Livonia said, "until they take out a loan with a co-signer. Then after six or seven months on the books, we can see if they are going to be a good client. If they are, then we can do more for them."

"When you're 18-years-old, how much job experience have you had?" asked Jo Metsa of General Public Loan Corp. of Livonia.

Richard Zeschin, of Beneficial Finance Loans in

Redford Township, said the reason and amount of the loan will be taken into consideration.

"A lot depends on the reason and the amount. If he wants \$800 for a motorcycle, he most likely won't get it, but if he wants \$400 for an engagement ring he might," he said.

Of seven loan companies surveyed at random, only four received requests for loans from the new adults. Eight requests had been made and six had been rejected at that point.

A SAMPLING of five realty companies in the area shows that young adults haven't attempted to purchase homes here yet.

"It could be because banks won't give them the mortgages," one realtor suggested.

A few have tried to purchase used cars from Lou La Riche Chevrolet in Plymouth, but young adults hadn't inquired about new cars.

That pattern was repeated at five dealerships, where a total of four requests for loans for old cars were made. Only one was being considered.

The dealerships check for the same things as do loan companies, but the amount of deposit could sway the auto dealer.

"Even if he was 23-years-old, he would still have problems if the person didn't have a credit background," manager Pat Breen said. "Age doesn't matter."

"But if he had \$2,000 to put down on the car, it would have a lot of bearing on it," he added.

IF THE LOAN companies won't have them, then the politicians will, as evidenced over the political talk over involving the new voters in the

total political process.

Democrats think it could best be done by a precinct delegate election where the new voters could seek the delegate post and then participate in the state and local conventions as well as elect delegates to the national convention.

Republicans think the best way is to have the new voters exercise their privilege in a presidential primary in May where they would vote on

presidential candidates. Under that plan, the candidate would select his own delegates to the national convention, and the voter would select the delegate by voting on the candidate.

Top vote-getters in each congressional district would get the delegate votes for that district, and the top state winner would take at-large delegates.

NOT ALL 18-year-olds

have waited so long to get involved in the political process. One is serving on the board of directors of the Farmington Township Democratic Club and other local political organizations are recruiting the new voters into their ranks.

Some school districts have considered setting up smoking rooms for their young adults, but problems over how to supervise them are causing delays.

U.S. GOVERNMENT REPORT INDICATES 20% OF POPULATION IMPERILED BY POOR DIETARY HABITS!

FREE VITAMIN C
YOU RECEIVE A FULL 2 WEEKS SUPPLY...FREE! NEXT 4 DAYS ONLY

NOW GET AMAZING BENEFITS of VITAMIN C with ACEROLA tablets

Maintain your daily health needs for Vitamin C with Universal's Natural VITAMIN C plus ACEROLA

Luscious, Nutritious, Fruity Melt in your Mouth Tablets...

Vitamin C is not stored in the body — be sure that your daily diet contains enough foods with high Vitamin C content. Vitamin C is probably the most fragile and perishable of all vitamins, it needs replenishing in your body every day. You need Vitamin C in your diet each day and every day. You can be sure of getting enough natural vitamin C if you take Universal's Vitamin C with Acerola daily. Vitamin C is important to the life and health of every single cell in your body and countless bil-

lions of cells are used by Mother Nature to mold a human being. All of these cells are held together by a special cement called "Collagen". Without vital Vitamin C, your body cannot manufacture collagen.

If your daily diet is deficient in Vitamin C you may need to add a supplementary supply of Vitamin C to your diet as an additional protection.

YOU NEED VITAMIN C EVERY DAY!

ACEROLA is fantastically high in Natural C content — up to 80 times higher than an equal amount of orange juice. Just stop for a moment and imagine a fruit so rich in natural vitamin C that its contents cannot be tested until diluted several times for use in test equipment. ACEROLA IS SUCH A MIRACULOUS FRUIT, in the tropics it is called a "health tree" and, according to legend having one in your back yard would keep the family healthy.

TWO POINTS — East's Dave Jackson drives in for score against Inkster. (Observer photo by Tom Donoghue)

Inkster Overcomes GC East In Overtime Battle, 88-83

By TOM DONOGHUE
Observer Sports Editor

Garden City East basketball Coach Billy Joe Young must have a few puzzling thoughts on his mind after his Panthers dropped an overtime 88-83 clash to Inkster.

The No. 1 question on his mind has to be as to what happened in the last minute of the three minute overtime. East was up by four points with 2:10 on the clock and the Vikings proceeded to reel off 11 straight points.

The No. 2 question must be how can a team lose its home court advantage with the visiting fans almost controlling the game. East hosted Inkster but the Inkster fans surrounded three-quarters of the floor.

THE INKSTER followers were called for a technical at 5:44 mark in the third quarter. Inkster Coach George Thompson had to approach the fans and ask them to control their emotions.

Many times, Inkster fans were running onto the floor in disagreement of calls or just the way the game was going. When the action neared the out-of-bound line, fans would press in even closer and many times an East eager had body contact with an Inkster fan.

In the overtime period, Inkster fans crowded on the court making it impossible for the Panthers to work any type of a play pattern.

EAST WON the opening tip and came out with a ball control style of basketball while Inkster was throwing the ball at the hoop every opportunity.

It was nip-and-tuck to the two minute mark in the period when Randy Mastako and Dave Jackson hit from the floor to put East up, 21-16.

With three minutes gone in the second quarter, Inkster took the lead on a bucket by Calvin Redding and the final minutes of the half saw a seesaw contest with John Grigal popping in a two-point shot at the buzzer to give East a 45-43 advantage.

Grigal totaled 17 points and Jackson collected 14 for the Panthers in the first 16 minutes.

Inkster pressed the entire half, but East was breaking

the press with Jackson a key factor on getting the ball over the center line.

EAST OUTSCORED Inkster in the third quarter, 18-15, and the Panthers maintained their lead throughout most of the tense struggle and East was in front going into the final period, 63-58.

Grigal opened the quarter with a 12-footer and it appeared for a moment that East would start to break the game open, but Young decided upon a stall strategy and after three turnovers without a score, the Panthers' lead had vanished and it was knotted, 65-65.

Inkster picked up momentum and exploded to a four point lead with less than a minute to play. Jackson hit on a field goal and with 13 seconds remaining, East was trailing 77-75 and Inkster was at the freethrow line.

The ball bounced off the rim with Grigal grabbing the rebound and passing ahead to Jackson who swished it through the hoop, the buzzer sounded and the score was tied, 77-77, forcing a three minute overtime period.

Grigal popped in two quick field goals and East went up by four but Inkster's Ron Grayson scored on a three-point play and then came back to steal the ball and score on an easy layup to put Inkster up, 82-81.

The roof fell in for East and Inkster scored six more points before Grigal tossed in the game's final bucket.

East warmed up for Tuesday clash against Inkster with a 96-81 romp over Lutheran West.

Lutheran West scored the first four points with East a little slow at the beginning but Jack Hayes popped in a go ahead bucket for East at 8-6 and the Panthers never trailed.

Billy Joe Young's squad did manage a first against Lutheran West... the starting five all hit double figures.

Jackson and Hayes paced the attack with 28 points apiece. Jeff DeHarte followed with 15, Randy Mastako added 11, and John Grigal totaled 10.

Without Coach, Glenn Edges Oak Park 58-54

By TOM DONOGHUE
Observer Sports Editor

The John Glenn basketball team might have been without its coach when it took the floor against Oak Park, but it was far from being without the spirit that has made it the top team in the Northwest Suburban conference and one of the top teams in Observerland.

Under the direction of John Glenn Principal Frank Higgins, the Rockets overcame a 12 point deficit in the fourth quarter to topple Oak Park, 58-54.

Glenn basketball Coach Gordon Davis was unable to assume his coaching duties because of the teacher strike in the Wayne Westlake School District. "The varsity coaches at Glenn agreed to continue their coaching during the strike, but the Wayne-Westland Teacher's Association would not permit such, in direct violation of union ruling," said Davis.

So the home court was changed to Oak Park, and Davis was perched on the top row of the balcony as a spectator.

"IT WAS terrible watching the game as a fan," said Davis. "I was going crazy in not being able to take part in our biggest game to date."

"During the week, I prepared the kids for the possibility of me not coaching," added Davis. "And I think they handled it really great."

"When we were down by nine points in the final quarter, one of the kids looked up at me in the stands and said, 'Don't worry, coach, we'll get them.'"

John Lee popped in the first bucket for Glenn, but Oak Park spurred to a 16-9 first quarter edge. The Redskins outscored Glenn in the second quarter, 19-18, to hold a 35-27 halftime lead.

debut in the basketball coaching world. "The game completely reversed and everything was going our way."

DAVE CARLINGTON sank a two-point shot from the baseline with 37 seconds remaining to put Glenn up, 55-54. Bob Krause added a free-throw to make it 56-54, and Tim Horton stole the ball from Oak Park.

Horton was fouled and made good two from the line to give Glenn a four point lead and the win.

"The kids and myself were trying to win it for Gordie Davis," said Higgins. "This is our year for roundball."

"We have never finished higher than third in our league and we are not going to let a strike ruin our season."

"I just followed the game plan that Davis gave me and all I can say is that we won."

Lee paced the Rocket attack with 16 points followed by Carlington with 13, Horton with 11 and Jim Williams with 10.

MARCELOUSE WILEY and Ed Bradford led Oak Park with 16 and 15 points respectively.

Glenn stands 8-2 overall and holds first in the Northwest Suburban with a 4-1 mark. The Rockets host Groves Friday.

ROCKET ON THE MOVE — Glenn's Dave Carlington glides through the air against Marcelouse Wiley of Oak Park for a score. (Photo by Nick Merrick)

Franklin Tips Groves For 3-2 League Mark

Franklin remained in the thick of the Northwest Suburban basketball race with a 48-45 win over Birmingham Groves. The Patriots stand 3-2 in league play, tied with Oak Park behind John Glenn at 4-1.

"The race is between us (Franklin), Glenn and Oak Park," said Franklin Coach Bob Visser. "Each of us plays each other once more, and the way things have been going this season, any team is capable of beating another on any given night."

"The race is between us (Franklin), Glenn and Oak Park," said Visser. "Each of us plays each other once more, and the way things have been going this season, any team is capable of beating another on any given night."

the remaining five league games.

The Patriots host Thurston Friday, and Franklin is still hurting from the wounds it received in the first matchup which Thurston won, 75-60.

As close as the score was against Groves, a three point margin... Franklin was in command to the finish. The Patriots took a 10-6 first quarter lead and jumped to a 23-15 halftime advantage.

"We were forcing them outside," added Visser. "It was a deliberate half of basketball with Groves hitting on eight of 30 from the field and we connecting on 10 of 25."

GROVES (45)				
	FG	FT	TP	
Larsen	5	3-8	13	With four minutes remaining, Oak Park was on top by 12, and it appeared that Higgins, "opening night" would be a flop. But the tide changed, and in the final four minutes, it was all John Glenn.
Miller	2	1-4	5	
Nance	2	0-0	4	
Batchelor	2	0-1	4

FRANKLIN	10	13	13	12-48
GROVES	6	9	16	14-45

Michigan State's basketball team took runner-up honors in the 1971 Bluebonnet Classic.

The Rockets outscored Oak Park, 18-1, in an unbelievable finish with Oak Park committing eight turnovers in a row.

"I was going crazy on the bench," said Higgins after his

debut in the basketball coaching world. "The game completely reversed and everything was going our way."

DAVE CARLINGTON sank a two-point shot from the baseline with 37 seconds remaining to put Glenn up, 55-54. Bob Krause added a free-throw to make it 56-54, and Tim Horton stole the ball from Oak Park.

Horton was fouled and made good two from the line to give Glenn a four point lead and the win.

"The kids and myself were trying to win it for Gordie Davis," said Higgins. "This is our year for roundball."

"We have never finished higher than third in our league and we are not going to let a strike ruin our season."

"I just followed the game plan that Davis gave me and all I can say is that we won."

Lee paced the Rocket attack with 16 points followed by Carlington with 13, Horton with 11 and Jim Williams with 10.

MARCELOUSE WILEY and Ed Bradford led Oak Park with 16 and 15 points respectively.

Glenn stands 8-2 overall and holds first in the Northwest Suburban with a 4-1 mark. The Rockets host Groves Friday.

Observerland Cage Ratings

It's Garden City East again in the No. 1 position as the Panthers rolled to their 8th win over Lutheran West, 96-81.

Redford Union captured two Suburban Eight wins to hold a firm position in the No. 2 spot. RU topped Belleville and Plymouth to stand 8-2 overall.

The Rockets from John Glenn spurred by Oak Park in the final seconds to take first in the Northwest Suburban league and retain the No. 3 berth with an 8-2 record.

Brother Rice also captured two wins the past week, against Austin and DeLaSalle, and remained in the No. 4 position. Bentley made the biggest jump of the week, from No. 9 to No. 5 with impressive wins over Dearborn and Trenton.

Bob Visser's Franklin Patriots climbed from No. 8 to No. 6 after victories over Stevenson and Birmingham Groves.

Churchill slipped into the No. 7 ranking after a not-so-impressive win over winless Walled Lake Western. Clarenceville fell from No. 7 to No. 8 after a 70-59 lashing against Andover.

ST. AGATHA bounced back into the ratings with wins over St. Andrew and St. Hedwig and a solid bid in the Catholic League playoffs. Country Day crashed from No. 5 to No. 10 after a loss to Clawson.

The ratings:

	W	L
1-Garden City East	8	2
2-Redford Union	8	2
3-John Glenn	8	2
4-Brother Rice	8	2
5-Bentley	8	4
6-Franklin	7	3
7-Churchill	8	2
8-Clarenceville	6	2
9-St. Agatha	8	4
10-Country Day	6	2

GROVES closed the gap to five points at the end of three quarters, 36-31, and with two minutes remaining on the clock... Franklin's lead was sliced to one point, 44-43.

"Tom Adams and Scott Batchelor started hitting for Groves," added Visser. "They were making a pretty good run at us but we still had things in control."

Franklin went into a stall and Tom Luch popped in six straight points for the Patriots. Rob Nance hit for Groves to close it at 46-45 but Luch followed suit with his final two points and Franklin was up at the buzzer.

The Patriots hit on 20 of 51 from the field for a 39 per cent while Groves hit a low of 26 per cent on 18 of 68.

FRANKLIN enjoyed a balance attack on the boards with Luch getting 12 rebounds, 6-8 center Tim Dietz hauling in 11, and 6-3 forward Rick Graham collecting 10. The Patriots outrebounded Groves, 45-27.

"Our rebounding made up for our excessive amount of turnovers," added Visser.

Ski Heil

By

BILL CAMERON

First the good news. The women enrolled in the Livonia Family Y Ladies Ski Day can now ski at Mt. Brighton on either Tuesday or Thursday or both, if they desire. So if the weather looks good on Tuesday, head for Mt. Brighton, otherwise Thursday may be a rotten day.

I wish I had an intelligent answer for the weather this year. I understand some European ski resorts are experiencing lack of snow and warm fronts. Guess we'll all have to head for the Rockies, all reports say skiing is great out there.

NOW FOR THE bad news. The Ski Train that I wrote about last week has been derailed. At least the railroad put the skids to the plan. Something about the track not adequate to handle passenger service.

I would have assumed that the instigators of the idea would have cleared with the railroad first, before pursuing any further action. Nothing

Lions Invade Stevenson Gym

It will be the Detroit Lions against the Livonia faculty, not in a football game, but a basketball game at Stevenson High on Wednesday, Feb. 2. The kickoff time will be 7:30 p.m. with such Lions as Mike Lucci, Nick Eddy, Alti Taylor, Greg Landry, Paul Naumoff, Lem Barney, Jerry Rush, Wayne Walker, Chuck Walton, and Craig Cotton in the Detroit lineup.

The Stevenson High Booster Club is sponsoring the event and tickets will be available at the door for \$1.25.

Autographs will be available from your favorite player, be he a Lion or a Livonia teacher.

seems to be working out right this year.

Another example of frustration is my cross-country class at Madonna College. There I have 12 vivacious girls eagerly awaiting the opportunity to don skis and glide around the area. Last week we walked around the classroom. Can't do much without snow.

It looks like we'll have to get our skiing through watching the Olympic Games from Sapporo, Japan. The ski world is holding its collective breath waiting for Avery Brundage, great white father of the Olympic Games to lower the boom on ski racing.

There is bound to be more publicity over this feud between "amateurism versus professionalism" this year than at any time in the history of the Games. Brundage, of course, is correct when he says the world class skiers are professionals, but I disagree with his total concept of today's amateur.

Even minor sports such as volleyball are no longer truly amateur. Times have changed and people have changed, but Brundage has refused to recognize these changes. His philosophy is admirable but unrealistic.

Bentley's Top Effort Ties Stevenson, 3-3

By TOM DONOGHUE
Observer Sports Editor

gether as a team now and not individuals skating for themselves."

Bentley and Stevenson battled to a 3-3 tie in Livonia prep hockey action in one of the most exciting clashes of the season.

NEITHER TEAM could put the puck in the net in the first period with Stevenson outshooting Bentley, 8-4. Only three penalties were called in the period, and only nine in the entire contest.

Bentley opened the scoring at 4:44 in the second period on a goal by Jeff Monson. Gordon Mullholland put the Bulldogs two up at 7:58.

Stevenson rebounded at 10:22 on Steve Hillman's slap shot past John Fountain and

Bentley held a 2-1 lead going into the final 15 minutes.

Bentley outshot Stevenson in the second period, 11-5.

The Spartans didn't waste any time getting back in the game as Don Finn tied the score 2-2 with only 30 seconds elapsed in the final period.

Bryan Agabashian put Bentley in front at 3:37 and it appeared that Stevenson was back to its winning ways.

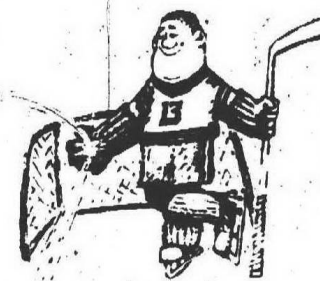

With a little over four minutes remaining, Don Coombe blasted home the tying score, and Bentley had the momentum. The Bulldogs did everything but put the puck in the net in the closing minutes.

STEVENSON outshot Bentley overall, 27-25, with

Fountain and Van Vermeesch turning in brilliant performances in the nets.

Churchill toppled Austin, 7-5, for its fifth win against two ties and two defeats. The Chargers meet Franklin today at Ford Ice Rink.

The Chargers outshot Austin, 34-29, and Dale McIntosh tallied for two goals to pace the Churchill assault.

BENTLEY SCORE -- Bulldog Dave Ward raises his stick high after assisting on a score by Gordon Mullholland. (Observer photo)

GC West Edged In Overtime

Garden City West dropped a notch in the Tri-River conference standings and Coach Chris Babler admits that his Tigers are on "shakey ground" with a 5-2 league mark.

Melvindale stands tall in first with a 7-0 record and the Tigers invade Melvindale Tuesday.

West fell to Taylor Kennedy, 50-48, in overtime and the Tigers stand 5-4 overall.

"We can hold second but our chances of catching Melvindale are getting very slim," added Babler.

WEST GOT OFF to a bad start against Kennedy, shooting three for 10 in the first quarter and the Tigers 9-7.

Kennedy outscored West in the second period and held a 24-21 halftime lead.

West started with a full-court press and continued it throughout the half.

"We have never had it easy at Kennedy," added Babler. "And we knew we had to go and run at them right away."

"In the past three years at Kennedy, we have lost in double overtime, lost by one point and lost by a bucket at the final buzzer... and now another overtime loss."

KENNEDY led at the end of three quarters, 35-27, but West fought back to tie the score midway in the final quarter on a bucket by Mike Lewis which tied it, 42-42.

Mike Laureman connected for Kennedy but Lewis came back with another two-pointer and with 3:15 remaining, it was 44-44. Kennedy missed on its scoring opportunity and West went into a semi-stall in working for the last shot.

With 18 seconds remaining, Jim Harris intercepted a pass for Kennedy but a fast break pass went out of bounds and the score was tied at the end of regulation time.

WEST missed three one-on-one situations early in the

three minute overtime and with 15 seconds to go... the score was notched, 48-48. Laureman was fouled and he popped in two from the line to put Kennedy up, 50-48.

Tom Jones attempted a last second 32 footer for West but the ball bounced off the back of the rim and the Tigers fell to their second league loss.

The Tigers hit on 17 of 48 for 35 per cent and Kennedy averaged 45 per cent on 18 of 40 from the floor. Each squad went 14 for 27 from the free-throw line.

KEN KINSVATER and Lewis led West with nine points apiece.

"This was the first game I have ever coached where not one of my players hit the double figure scoring mark," said Babler.

"The key factor was our inability to put in the short shot, we controlled the boards but missed on the second and third shots," concluded Babler.

West travels to Crestwood Friday.

RU Dazzles Plymouth In 6th Straight Win

Redford Union won its sixth straight basketball clash, downing Plymouth, 77-59, and the Panthers stand alone on top of the Suburban Eight with a 5-1 mark.

Trenton dropped into a second place tie with Bentley. Each squad boasts a 4-2 league record.

RU Coach Carl Andrews has seen his team improve with each contest. The 8-2 Panthers opened the season with wins over Southfield and Allen Park, and then fell to Trenton 84-83, and lost to state ranked

Walled Lake Central in the holiday tournament, 77-70.

The Panthers have beaten North Farmington, Detroit Redford, Dearborn, Bentley, Belleville and Plymouth.

"We really didn't know how good Plymouth was," said Andrews. "They beat Trenton and Trenton had beaten us."

PLYMOUTH stands 2-4 in league play and sits 4-6 overall.

RU tipped in the first basket but the Rocks spurted to an 8-2 advantage. The Panthers

found themselves early in the quarter and jumped to a 19-13 lead.

The front running Panthers exploded for 27 points in the second quarter, hitting on nine of 15 from the floor while Plymouth spurted along with a four for 18 quarter.

RU improved on its 46-25 halftime lead with an 18 point third quarter and the Panthers led into the fourth, 64-38.

The Rocks came on with a 21 point fourth quarter but fell 18 off the mark with RU having control from the opening minute.

The Panthers shot 47 per cent on 30 of 64 from the field and hit on 17 of 25 from the line. Plymouth hit on 21 of 67 for a 31 per cent and made good 17 of 25 also from the line.

MARK KENNY collected 10 rebounds with RU zipping past Plymouth, 45-30.

RU travels to Edsel Ford Friday.

A TENSE Churchill Coach Pat Montagano goes through the motions of watching his squad

topple Walled Lake Western.

Churchill 'Wakes Up' To Stifle WL Western

By TOM DONOGHUE
Observer Sports Editor

Churchill upped its season record to 8-2 and remained undefeated in Western Six action with a 67-53 win over Walled Lake Western.

Farmington Harrison and Waterford Mott stand closest to Churchill with 2-2 marks, while Western and Northville trail at 1-3.

It wasn't an easy victory for Charger Coach Pat Montagano and his team. WL

Western stayed with a cold Churchill squad and captured the lead at one point in the closing minutes of the third quarter, before the Chargers got it together and coasted to victory in the final minutes.

Churchill bounced ahead in the early moments 8-2 on baskets by Bruce Van Wagoner and Mike Keller, and the Chargers were in front at the end of the quarter, 15-11.

WESTERN tied it at 15-15 in the early stages of the second stanza and jumped to as much as a seven point lead. Churchill regained its composure and broke in front at the half, 35-33.

With 3:54 remaining in the third quarter, Scott McCrick put Western up by one, 40-39. The score see - sawed from this stage and Brian Sherman popped in a 12-footer in the last second of the quarter to put Churchill up for good.

The Chargers led going into the last quarter, 47-45, and this was the closest Western could get as Churchill dominated the final minutes.

CHURCHILL shot 31 per cent from the floor on 24 of 78 while Western had 40 per cent on 20 of 50 shots.

The Chargers fell apart at

the freethrow line, making good only 19 of 33 while Western hit on 11 of 18.

Churchill outrebounded Western, 35-32, with Don Brown and Keller collecting 10 apiece. Sophomore 6-6 center Brown was in his first varsity contest and turned in a brilliant performance on the boards.

"We have a two game spread now," said Montagano. "We came on light against Western and didn't expect that close of a game, but we made good when it counted."

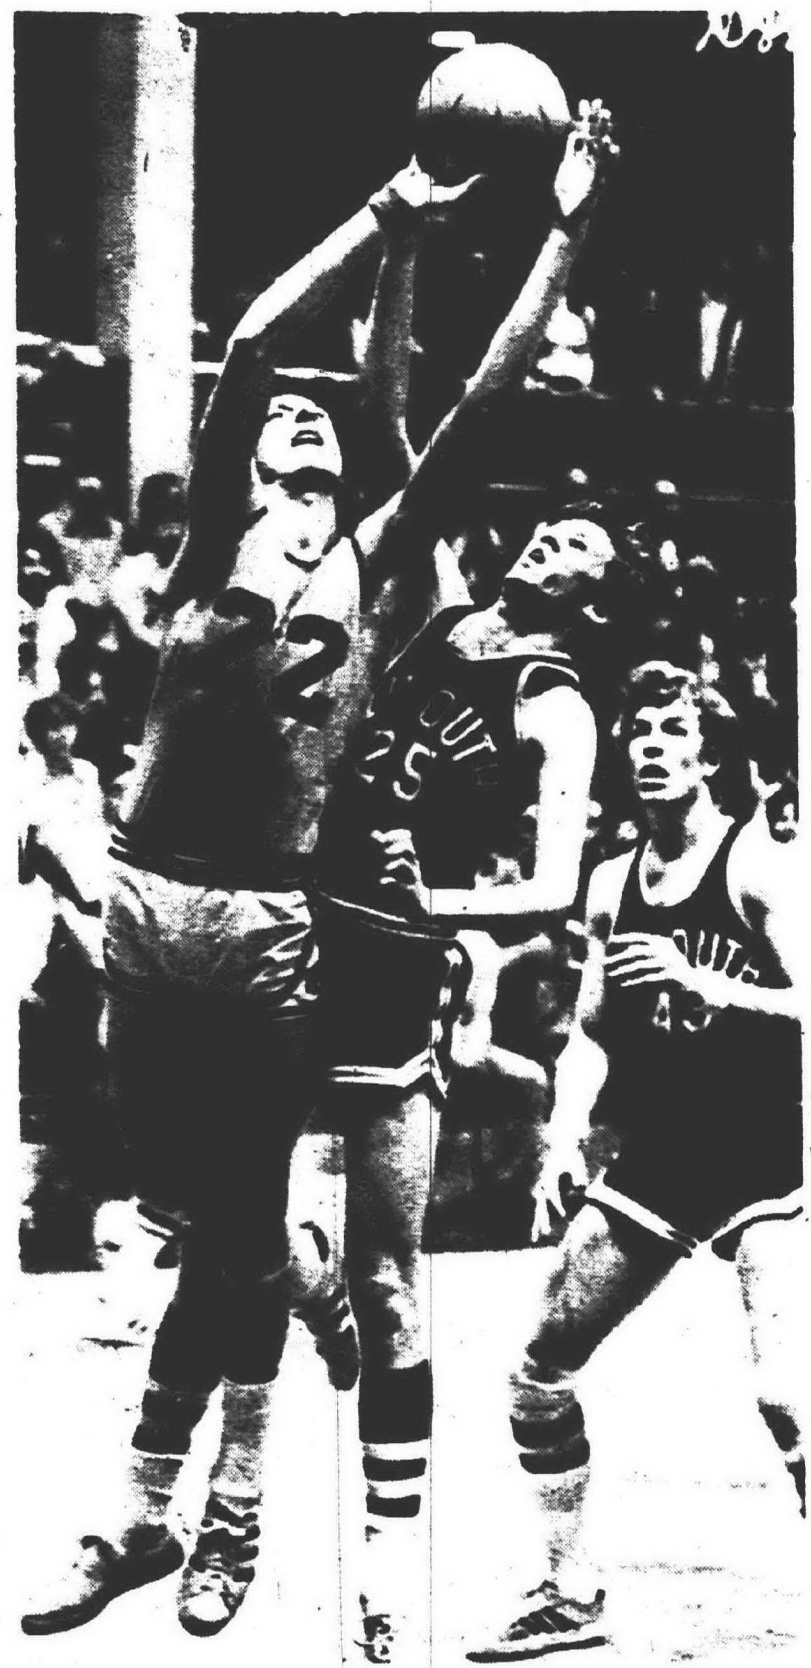

The Chargers host Northville Friday.

Box Score:

UP FOR A SCORE - Redford Union's Gary Fulks (22) drives in against Tim VanWagoner (25) of Plymouth. (Observer photo by Harry Mauthe)

Bentley Cagers Winning

Bulldogs On The Prowl

Trenton popped in the first basket but then it was Bentley all the way.

The up and down Bulldogs knocked off Trenton, 80-68, to move into a second place tie with Trenton in the Suburban Eight conference. Redford Union romped over Plymouth to boost its record to 5-1 and Bentley and Trenton are second with 4-2 marks.

"This league is too crazy to overlook anybody," said Bentley Coach John Farrar. "But I must admit that we are anxious to get Redford Union in our gym... we can beat the Panthers the next time around."

Bentley stands 8-4 overall

and lost to RU in a 62-61 squeaker.

TRENTON, which won its first three league games, ran into an aggressive Bulldog squad. Dan Weiss collected three steals and two field goals in the opening minutes and Bentley jumped ahead. Tim Bollin totaled 10 points and the Bulldogs led after eight minutes, 23-11.

BENTLEY went up, 39-19, before Trenton reeled off 13 straight points to cut the halftime score to 39-32.

"We got cold and Trenton started getting hot from the

floor," added Farrar. "Even though we were up by seven, it didn't look good at halftime."

The Bulldogs quickly changed the pace in the third quarter and upped their lead to 65-52, hitting on eight of 10 from the floor.

Bentley ran into trouble in the final quarter with Bollin picking up his fourth foul and Gordie Chaisson leaving the court because of an ankle injury. The Bulldogs slowed down the pattern of play and coasted to a 12 point victory.

RON BAWULSKI led all scorers with 30 points for Bentley. He was followed by Bollin with 17, Weiss 13 and Brian Gates 11.

Steve Spallsbury paced Trenton with 19 points. Mike Selleck and Tim VanGoethem added 13 and 12 respectively.

BENTLEY shot 52 per cent from the field, hitting on 35 of 68 while Trenton popped in 25 of 68 for 37 per cent.

The Bulldogs didn't fair as well from the freethrow line, making good on only 10 of 23 while Trenton scored on 18 of 25.

Bollin collected 14 rebounds as Bentley outrebounded Trenton, 34-30.

Bentley hosts Allen Park Friday.

Harrison Trims Cranbrook; Faces Mott in 'Must' Game

Farmington Harrison never took command, yet never fell behind in scoring a non-league cage win over Cranbrook, 60-54.

The victory raises the Hawks' overall mark to 4-5 and Harrison hosts Waterford Mott Friday in a Western Six battle. Harrison and Mott stand behind front - running Churchill with 2-2 records while Churchill boasts a 4-0 mark.

"This is a must game for us against Mott," said Harrison Coach Bob Sutter. "If we don't win, there is no way we can stay in contention."

"As it is, we have to beat Mott and Churchill, and Mott has to beat Churchill."

THE HAWKS spurted out front against Cranbrook, 15-12, in the first quarter with Jim Mason popping in the first score.

Harrison led at the half, 32-25, but was outscored in the last two quarters, 29-28, but maintained its lead to score win No. 4.

"There were a phenomenal amount of errors," added Sutter. "For once we were out - errored."

Cranbrook committed 29

turnovers to 22 by Harrison.

Four Hawks hit the double figure scoring mark for the best balance attack Harrison has had this season. Dan Hickey and Mike McGrath

contributed 14 apiece, Mason added 13 and Jeff Siefolt totaled 12 points.

Bob Anderson and Tom Coury paced Cranbrook with 17 and 10 points respectively.

Panthers Take Raider Crown

The Redford Union wrestling squad just keeps rolling along and is currently rated No. 7 in the state UPI poll.

The Panthers, under the direction of Coach Larry Fortner, have compiled at 8-0 dual meet record along with three invitational crowns.

RU WAS CROWNED Walled Lake Invitational champions and won honors in the 28 team Schoolcraft College Invitational. The Panthers fought to a first in the North Farmington Invitational with a 101½ point total. Wayne Memorial placed second with 95½ points and Farmington third with 61½.

Five RU wrestlers were crowned individual champions in the North invitational: Al Lindberg (98 lb.); Kerry Morgan (112 lb.); Dennis Campbell (126 lb.); Fred Lozon (132 lb.); and Matt Stoney (167 lb.).

Redford Union and Belleville are tied with 4-0 marks in the Suburban Eight conference, and the two squads meet on Feb. 10, two days before the league meet.

INDIVIDUAL CLASSES
98 lb.: 1 - Lindberg (RU); 2 - Osentoski (Farmington); 3 - Gierio (Wayne); 4 - Rashid (Lathrup).

Olympics For Mark Howe

By W.W. EDGAR

"Mark's Going!" "Mark's Going!"

These repeated cries emanating from the Olympia Stadium and reverberating through the suburbs to Southfield and Southfield Lathrup High School caused more emotional outbreaks than the sports world has known for a long time.

MARK HOWE

They could have only one meaning — Mark Howe, 16-year-old son of Gordie Howe, the all-time Red Wing great, had been chosen for a place on the U.S. Olympic hockey team and was on his way to Sapporo, Japan, to compete in the international games next month.

For the past several weeks — ever since it was known that he was engaging in tryouts — there has been considerable anxiety regarding his possible selection.

Wherever sports fans gathered, and especially those who lean toward hockey, the uppermost question was — "Do you think the boy will make it?"

Then last Monday came the word.

FROM HIS SHOWING in two exhibition games Mark was selected and immediately given an assignment at left wing on the U.S. team's No. 2 line.

Joy reigned at Olympia and cheers arose at Southfield Lathrup High School where he was given a month's vacation from his studies.

But it was Gordie and his wife, Colleen, who reside in Southfield, who were almost overcome with the news that their boy was given an honor not even his world famous father enjoyed during his brilliant career.

Gordie was signed by the Red Wings when a mere strip of a lad in the Canadian Northwest and never had the opportunity to play on his native Canadian hockey team in the Olympics.

But now, in another country, the son was going on to represent America — and the joy was unconfined.

TYPICAL OF HIS reaction and dry-wit Gordie tried to pass off his excitement with the explanation that he knew a week ago that the boy was going to be selected.

"When we got to Saginaw last Saturday for the exhibition game," he said, "I noticed that Mark's name was sewed on his jersey. Before that it was just planned. So, I figured that was the tip-off."

In making the selection Murray Williamson, the U.S. hockey coach, pointed out that "the boy shoots well and, more important, he can move the puck. That helps a lot."

No Mother ever was prouder of her son than Mrs. Howe when she learned of the selection and in her appearance before the sports writers and broadcasters on Wednesday she ventured the opinion —

"We're all so proud — and we know he'll do all right."

A member of the Junior Red Wings, along with his brother, Marty, Mark is the first hockey player from Michigan ever chosen for the Olympic team.

Ann Setlock Honored

By W.W. EDGAR

Many hours of hard work and long practice sessions plus a "never say die" spirit have combined to make a cherished dream come true for Ann Setlock, Metropolitan Detroit's leading woman bowler.

Holder of the state singles record and the highest average posted in Michigan a year ago, she has been chosen for a place in the Detroit Bowling Hall of Fame and will be inducted with appropriate ceremonies in the Detroit Historical Museum on Saturday, April 1.

Overjoyed at her selection, Ann, in a voice filled with emotion, stated simply, —

"Well, I guess all my hard work is paying off after all."

HER SELECTION also will help heal an old wound that came a year ago when she was denied the role of Bowling Queen when the practice of naming the city's top average bowler was abandoned.

For five years she had been the runnerup and labored under the old saying, "Always a bridesmaid never a bride."

Bowling in the anchor position for the Thunderbird Inn team, she compiled a 204 average in the two leading major leagues and finally landed on top.

In the midst of her glee in earning the average that was tops in the state she learned that her dream of being crowned the "queen" would not be realized because of a change in format.

"Too bad," she said at the time, "but I know I earned it."

Memories of this disappointment faded when she learned of her selection to the Hall of Fame.

"This is even better," she smiled, "and I am deeply grateful for those who made this great moment possible."

A native of Indiana, Pa. she was introduced to bowling at the now defunct Olympic Recreation at Grand River and National in Detroit 22 years ago.

It was there that the late Louise Stockdale, a Hall of Famer, who bowled anchor for the famed Olympic team, found her in a house league and encouraged her to go on.

"I took her advice," Ann stated, "and bowled in eight leagues a week for three years. I bowled in a league every night at a different establishment and then twice on Sundays.

ANN SETLOCK -- Metropolitan Detroit's leading women bowler has been chosen to the Detroit Bowling Hall of Fame. (Observer photo)

NF Cagers Win

North Farmington is enjoying its longest win streak of the cage season.

The up-and-coming Raiders topped Thurston, 75-67, and for the first time this season have put together back-to-back victories. North beat Groves in its first conference win and stands 2-3 in Northwest Suburban action.

THE RAIDERS jumped off to an early lead on a bucket by Jim Fredericks and never fell behind. Thurston scored 18 points in each of the first two quarters, but trailed at the half, 42-36.

North Farmington held a slim edge in the third, 14-13, and a 19-18 edge in the fourth to capture an eight point victory.

Dave Harding was the sparkplug for the Eagles as he popped in 19 points in the first half. Raider Coach Ken Dean put Louie Doot on him in the second half and Harding was limited to six points in the final two quarters.

The Raiders enjoyed a 12 point margin midway through the third but Thurston fought back to within four in the final minute. Doot hit on a three-pointer for North and the Eagle rally was halted.

Thurston scored 42 per cent from the floor on 27 of 65 shots while North connected on 29 of 76 for 39 per cent.

RAIDER Kim Parker paced the scoring with 21 points followed by Fredericks with 18, Dave Ellsworth with 16 and Doot with 14.

Harding was the high scorer with 25 points. Steve Hunter followed in the Thurston attack with 16 and John Stein added 10.

Ellsworth collected 19 rebounds and Fredericks added 10 as North outrebounded Thurston, 50-41. Harding picked off 14 for Thurston.

"This has been a wide open season," said Dean whose Raiders stand 4-7 overall. "Oak Park, Franklin and John Glenn are the teams to beat in our league."

"They all beat us the first time around, but we hope to knock off a couple of the leaders in the second round. We host Oak Park Friday and we were really shut off in the first match, 57-31. We should be able to give a better showing this time."

St. Agatha Captures Cage Playoff Berth

St. Agatha didn't want to sit around and compute mathematical equations to its chances of getting in the Catholic League basketball playoffs... the Aggies didn't sit around and are now in the Feb. 6 playoffs at U-D.

St. Agatha clinched third place in the Catholic Second Division West with a 59-56 win over St. Hedwig and boasts an 8-4 record.

ST. ALPHONSUS and Orchard Lake St. Mary are battling it out for first. St. Agatha is in third, and St. Thomas is in fourth with a 6-6 mark. St. Hedwig fell to a 5-7 record. The first four teams qualify for the playoffs.

"It was a great one to win," said Agatha Coach Tom Sankovic. "It takes the pressure off us in the remaining two games with St. Thomas and OL St. Mary."

Turf Tips, Quips

By Doc Minard

With the opening of Northville Downs' winter meeting less than a week away (Monday, Jan. 31) track officials learned the hard way that there is still plenty of work needed before the newly installed slag racing strip becomes suitable for all-weather racing.

This came to light Saturday when numerous holes developed as far as 10 feet from the rail and gave drivers a bumpy evening over a surface that had to be called muddy and heavy.

Thanks to the complete cooperation of the drivers the program went on as scheduled even though it was apparent from the first race that horses in post positions 1, 2, and 3 had practically no chance of winning... they were mired in the heavy going and the humps and bumps were most frequent along the rail.

There was a bump turning into the backstretch that gave drivers fits all evening. It must have been a big hole for drivers were lifted out of the seats if the horses were going too fast.

For the spectators it was very amusing as they saw the carts bouncing up and down and after a couple of races they concentrated on picking winners from the fourth through eighth positions.

DESPITE the track conditions, the mutual handle was one of the largest of the

Jackson-Northville winter meeting soaring almost to \$350,000.

The meeting was excellent, the crowd was one of the largest but the fact was brought home that additional work is needed this week on the racing strip. The combination of day long showers with an abnormal January thaw was too much for the strip which was installed during the period of Dec. 18 to Dec. 30.

One expects that Northville Executive Manager John Carle started work with Track Supt. Jerry Coons early Monday morning correcting the faults. Prior to Saturday, drivers and trainers had praise for the racing conditions even though they knew holes had opened along the rail.

Meanwhile, Racing Secretary Harry Peterson and assistant Tom Smith began the task of screening horses for the 39 night Northville meet on Monday. Tom, who served as racing secretary for Jackson-Northville, should be an efficient aide since he will be able to tell Peterson of all the horses currently on the grounds.

Peterson's goal is to have nothing but horses that are ready to race in the 720 stalls. That could mean that many on the grounds will be ordered off by next Monday.

Tom Churches opened with a two-pointer for Agatha and St. Hedwig trailed at the end of one quarter, 18-15. St. Hedwig bounced back in the second with 23 points to capture a 38-25 halftime lead.

ST. HEDWIG increased its lead to 40-25 before the Aggies finally put it all together. St. Agatha came up with 17 points in the third quarter to eight by Hedwig and the Aggies trailed by only four going into the last eight minutes, 46-42.

"The entire game started to turn around in the last quarter," added Sankovic. "Mark Miron hit from the corner to tie it at 48-48 and we had the momentum."

Phil Hickey put the Aggies in front but St. Hedwig tied it at 50-50. Miron scored two from the line and Pat Brown popped in a two-pointer and St. Agatha was off and running.

Hickey's two free-throws in the final 12 seconds put the game away for St. Agatha which shot 45 per cent from the field.

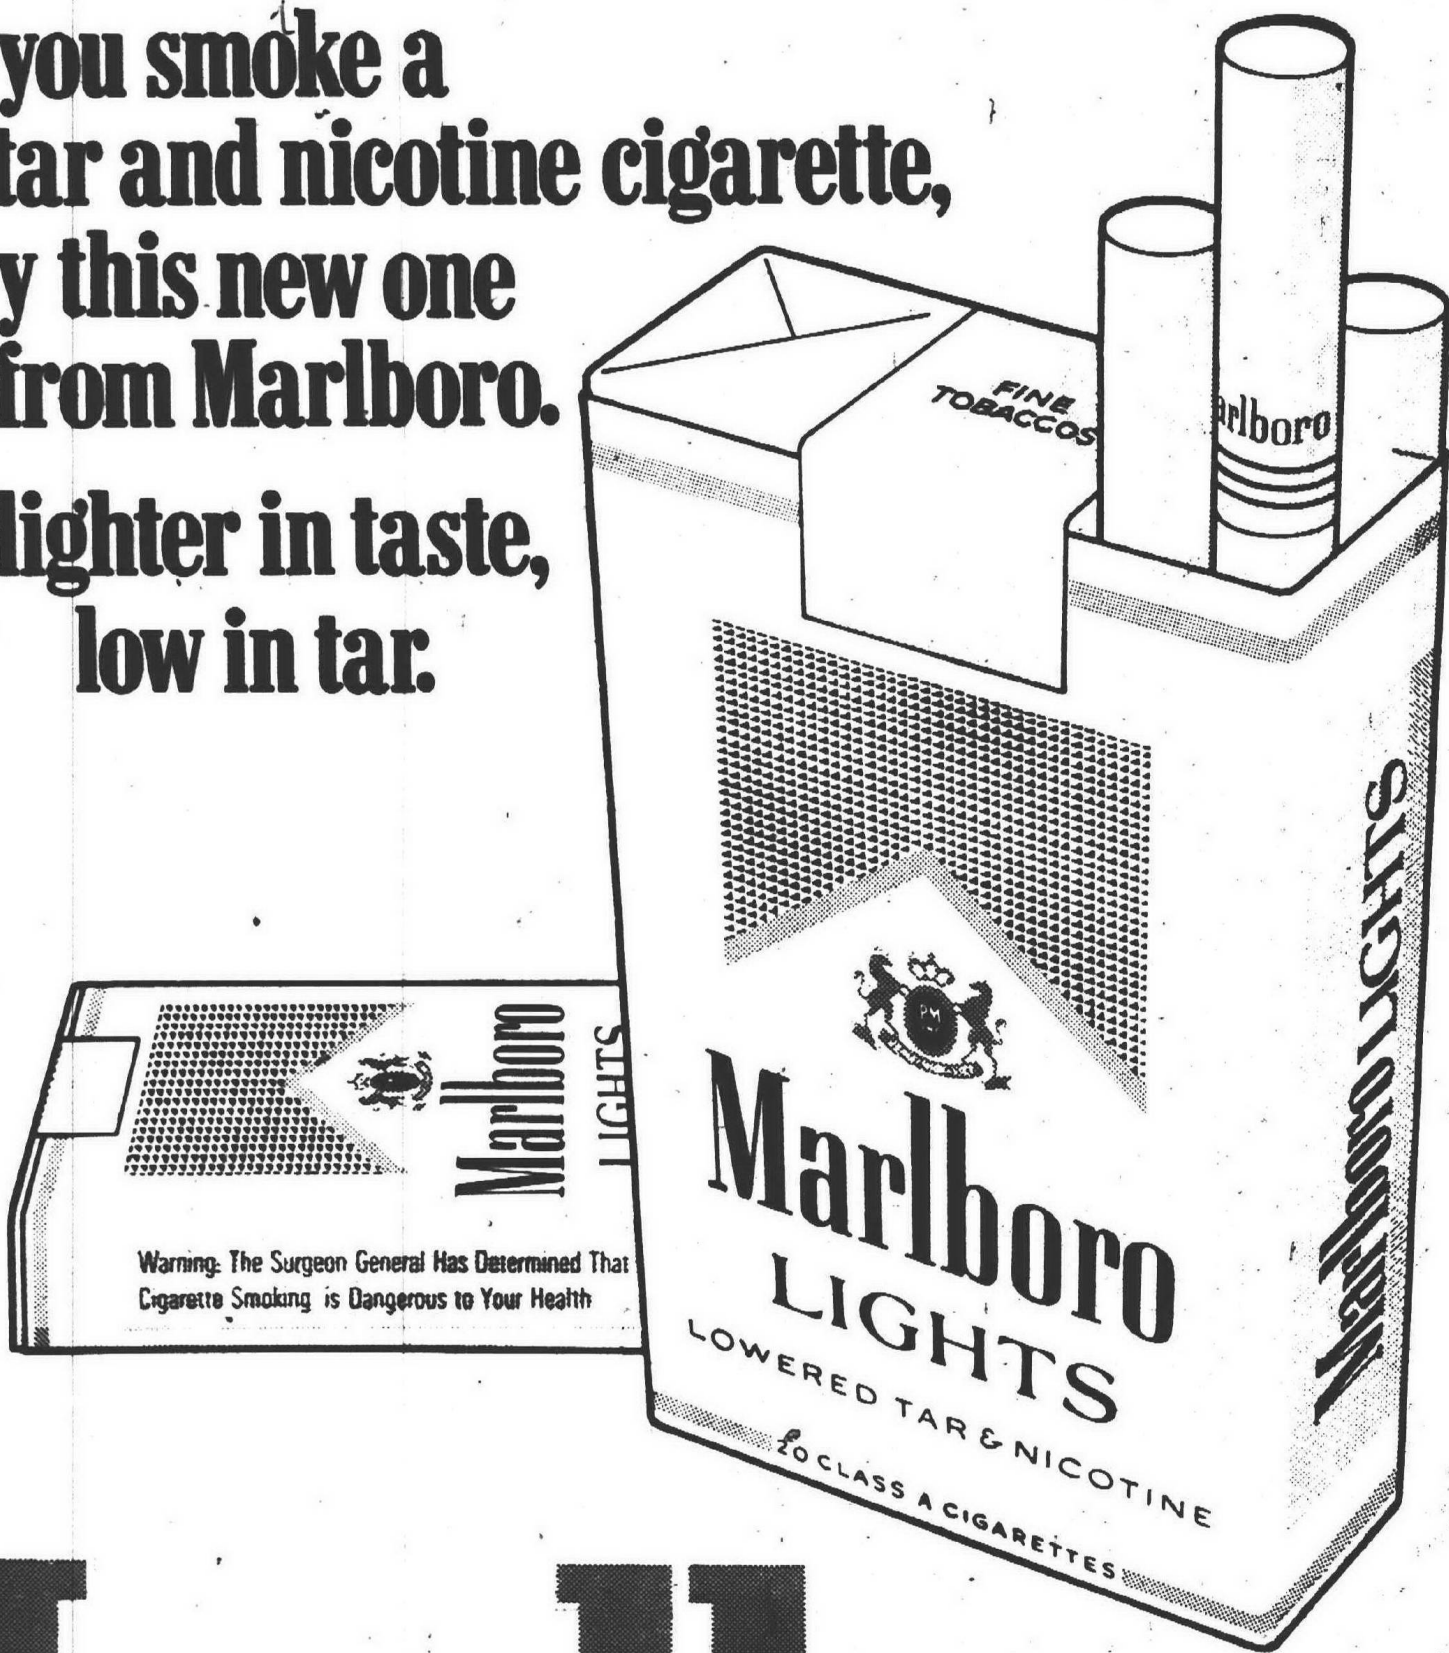

ST. AGATHA hit on 17 of 23 from the line while St. Hedwig made good four of nine.

"St. Hedwig never got into a one-and-one situation the entire second half," added Sankovic.

Miron paced the Aggies with 22 points followed by Churches with 13 and Brown with 10.

St. Agatha travels to St. Thomas Friday.

If you smoke a low tar and nicotine cigarette, try this new one from Marlboro. It's lighter in taste, low in tar.

Marlboro Lights

Marlboro Lights, for those smokers who prefer the lighter taste of a low tar and nicotine cigarette. Made with the same famous quality as full-flavored Marlboro—America's fastest-growing brand.

THE CHARM AND WARMTH of Early American inlaid wood floors is recaptured in this wood parquet design called Stockbridge. The Armstrong Cork Company's design is available in five colors and fits any decor where wood floors are desirable.

Plank Paneling Is 1-Man Job

A home handyman can install beautiful paneled walls, for instance, by using the handy 16"x8" plastic-surfaced planks which come in a variety of colors, patterns and woodgrains.

Robert Huff, home improvement director for Marlite paneling, reports that many handymen are establishing decorative, durable and easy-to-clean wall areas by simply following the instructions included in each carton of paneling.

Planks have tongue-and-groove edges to simplify installation, he points out, and concealed metal clips to speed fitting and assure a neat joint. This prefinished paneling can be cut easily with a hand or power saw.

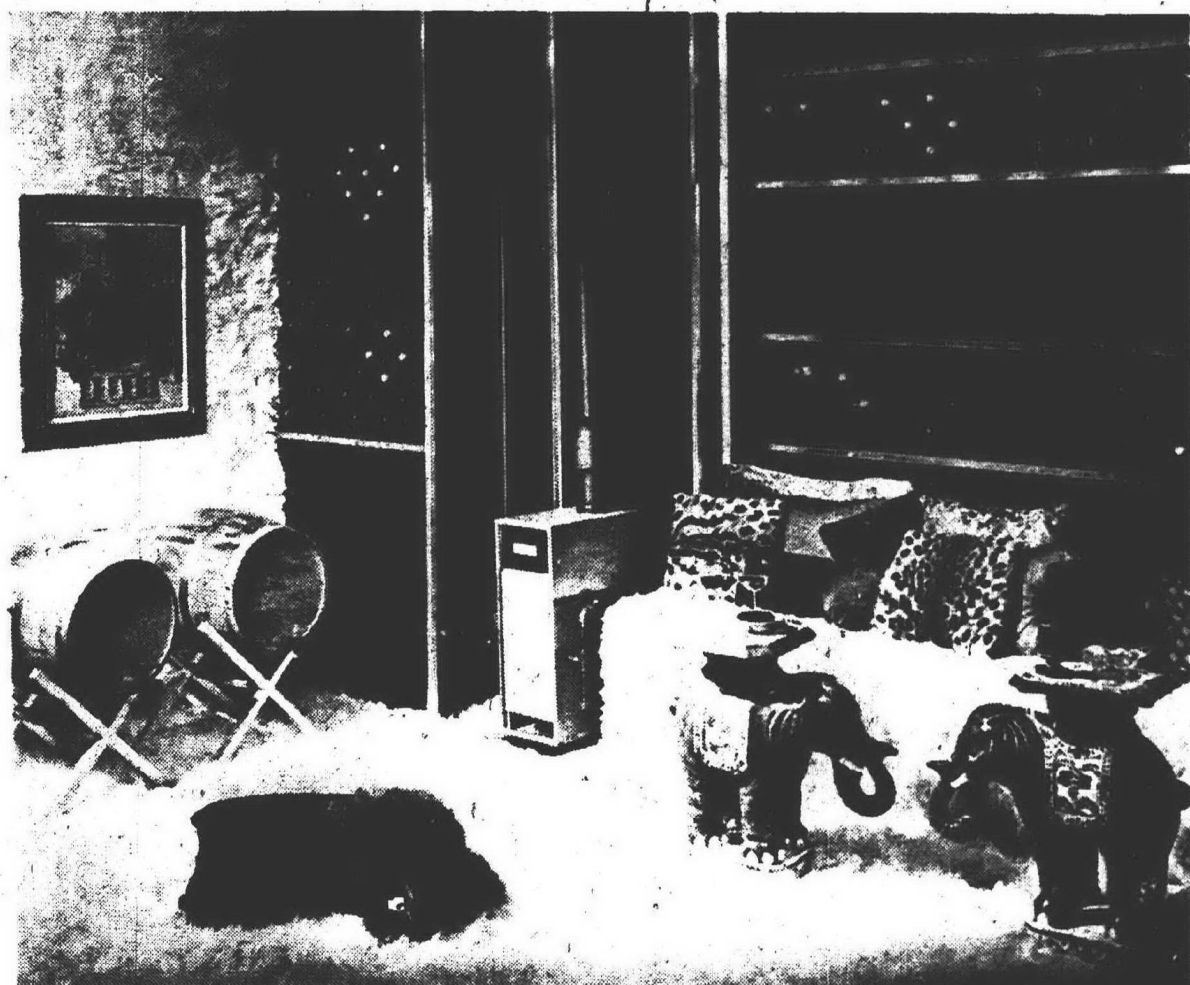

Adhesive is used to secure the paneling to existing walls

or any solid backing. Use a notched-edge spreader to apply the adhesive. The planks are placed on a wood starter strip just above the floorline, which serves as a level guide line during installation. This strip is removed when the base molding is installed after the planks have been applied to the wall.

HOME handymen find that a room can be finished quickly, Huff says, because the tongue edge of a plank fits into the exposed groove edge of the last plank already in place. The eight-foot length of the plank covers the full height of most walls.

While clips inside the joints serve to space the planks, the joint spacing is easily checked by means of a heavy cardboard gauge. This insures proper allowance of 1/16-inch minimum spacing, which is needed to permit expansion.

Edges of planks are concealed in corners by means of moldings, which are finished to match the color or pattern on the planks.

HIDEAWAY BOILER, the new GPMX model from American-Standard is a mere two feet square yet does the job of comfortably heating the average six-room home. With its beige and brown jacket is a completely packaged gas-fired cast iron boiler available with factory-wired controls, expansion tank, auto fill valve, auto air vent and a purge valve arrangement for fast installation.

The Green Thumb
By **GEORGE ABRAHAM**

Save our trees: We not only need to plant more trees, but should try and save those we have. Every year over one million acres of the green earth are paved with masonry, concrete or asphalt.

About 78 trees are needed to absorb carbon dioxide (a waste product) and produce the oxygen needed to maintain the balance in the atmosphere for every single person in the U.S.

Twenty trees are needed to offset the effect of a car driven 60 miles in one day. More than 100,000 trees are needed to cancel the atmospheric pollution of just one commercial jet traveling each day round trip between New York and Los Angeles.

New York City, which should have 78 trees for each person, has only 1 1/4 tree per person! Israel, aware of the growing menace, has planted 100 million trees to reforest mountains which have been barren for 2,000 years. In one state alone, New Jersey in 1971, the population increased at the rate of 12 people per hour. And that state is losing 80 acres of open space each day!

So let's make up our minds to plant more trees in 1972, and to keep the ones we now have in good health. Trees do not die from old age. They die from neglect.

that twenty trillion would weigh only an ounce. Placed end to end, it would take about 20,000 bacteria to span one inch.

Some of these bacteria are good, some are bad. Most of them are beneficial. They reproduce simply by dividing in half every 20 minutes or so, when temperature, moisture and food conditions are just right.

If you took one bacterium and let it divide in half, and all its descendants did likewise every 20 minutes, for just a half a day, this single organism would be responsible for 70 billion bacteria.

We mention these statistics to show you why iris, fruits and some vegetables rot so fast.

ONIONS AGAIN: A reader writes: "Last fall we left our onions in the garden and I'm wondering if they will be good this spring?"

Yes, they'll winter over and you should have some wonderful green onions, well ahead of your neighbors. We like to leave our onion sets in the ground during the winter so we can harvest them early in spring.

FREE: send me a self-addressed, stamped envelope for my bulletin, "How to Grow Onions, Leeks and Garlic." These are real health foods and you should grow more of them.

SCD Offers New Seedlings

Tulip poplar and black walnut have been added to the list of tree seedlings offered through the Oakland County Soil Conservation District, according to James Reid, chairman of the district. Other species available this year are: red, white, Scotch, and Austrian pine; Norway and Colorado spruce; and two wildlife shrubs: autumn olive and honeysuckle.

Order blanks may be obtained at the SCD office, located at 4515 Highland Road, (M-59), Pontiac or the Cooperative Extension Service office, 1075 North Telegraph Road, Pontiac.

The trees will be available sometime between April 1 and 15, Reid said. Those who order trees will be notified of the time and place to pick them up.

All Beets Aren't Round And Red

Beets are grown in gardens for their edible roots, their edible leaves or their ornamental leaves. The rounded root that you frequently eat is just one form of beet.

Of course you know that there are sugar beets and also mangels or mangel - wurzels grown for cattle food but do you know that, in addition to garden beets with red roots there are white and yellow - rooted beets?

That shapes vary too? Long Season, also known as Winter Keeper, has an elongated root shaped like a top. Crosby Green Top has flattened, globe - shaped roots, Redheart tells the shape in its name and so does Cylindra.

Swiss chard, too, is a beet but one grown for its edible leaves, while rhubarb chard is a highly ornamental form that also happens to be good eating.

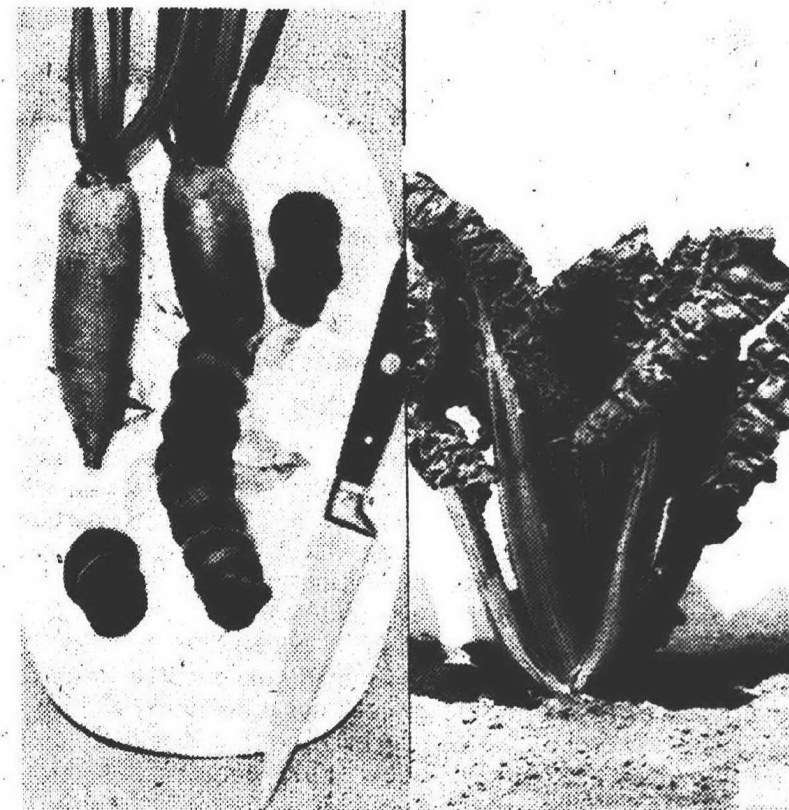

The first usable part from a row of beets will be the tender, young leaves that show you where seeds have sprouted. These usually are too close together because most beet seeds are conglomerates, little clusters of seeds in one group.

PULL THE baby leaves to thin the row and give the other plants a chance.

Wash them, boil only a few minutes, then serve with butter, pepper and salt. A delicacy!

If you wish to use leaves only, choose a quick - growing strain of beets with extra - large foliage.

Newer varieties, like Pacemaker, a hybrid, have monogerm seeds instead of clusters. Thus spacing can be more accurate and perhaps you can avoid thinning.

BEETS ALL-Cylindra beet, on the left, grows in an unusual form. As you see, this makes for round, even slices when the beet is cooked and served. Rhubarb chard, right, is a beet grown for its edible leaves rather than its root. The bright red ribs, dark green leaves make it ornamental too.

Heating Cables Real Icebreakers

If frozen pipes or icy walks cause you trouble, an electric heating cable might be the answer, contends Truman Surbrook, Michigan State University extension agricultural engineer.

"Heating cables come ready to put down and are handy for cow ramps, steps, shop work areas, porches and driveways," says Surbrook.

"This is a job for an electrical contractor," he adds. "You can, however, buy

rubber mats with heating cables in them. These convenient mats are simply plugged into the nearest outlet."

For water pipes, Surbrook says you should insulate them and check manufacturers' recommendations for installing heating cables. Usually, a straight line cable protects down to five below; a spiral of three turns per foot plus insulation protects down to 15 below.

Base Branching: More Flowers, Longer Stems

When you read a description of a plant in a catalog or magazine or newspaper and the words "base branching" are used to describe it, what do these words mean to you?

They're important because the plant that branches from the base, where it grows from the soil, has longer flower stems for more usable cut flowers.

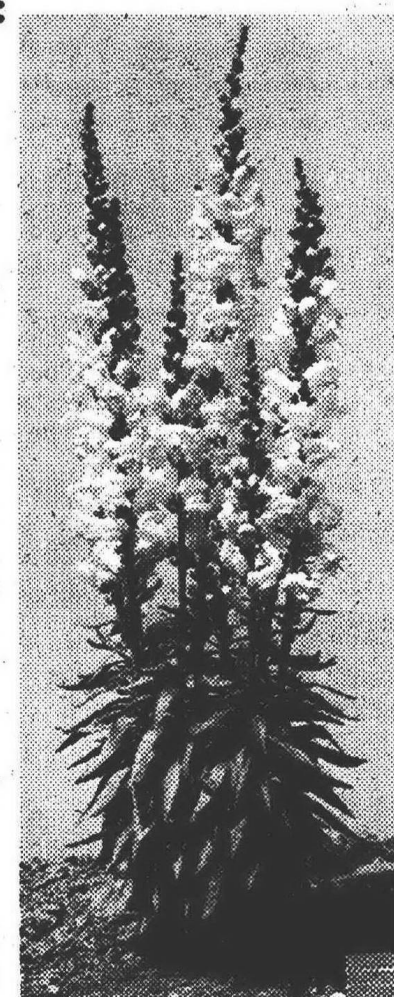

Instead of a single stem growing upright, then branching above ground, there are several too many stems all growing right from ground level. This usually means more flowers as well as longer stems.

All of this is of great interest to people who grow cut flowers for profit.

But it ought also to make the gardener think twice if he wishes to cut and use blossoms from the garden in the house.

Practically always there will be a statement in the description of a variety of plant to show it branches from the ground.

If nothing is said, then you can assume that the plant has a single stem and branches grow from this.

Snapdragons — The more branches a plant has from the base, the longer the flower stems will be.

Ceiling Good Winter Project

When cold weather stalls outdoor home improvements, here is an idea for a warm, inside job.

Putting up a new acoustical ceiling is considered one of the easiest do - it - yourself projects. Only ordinary hand tools are needed for installation. Tile is completely factory - finished and ready to use.

The popular 12 x 12 - inch size tile is commonly applied to 1 x 3 - inch furring strips nailed at each joist crossing with eight penny nails. Then tile is applied to the furring strips with three penny box nails or 9/16 - inch coated staples spaced six inches apart.

Larger 2 x 4 - foot lay - in panels are for use with suspended ceilings of metal grid hung from wire or straps.

How 2 Area Dems Won Party Engineering Firm Has New Prexy

By TIM RICHARD

Two Farmington Township Democrats were architects of a compromise plan for a presidential primary and spring precinct delegate election that was endorsed last week by the Democratic State Central Committee.

"My personal opinion is that the party leadership is happy to see this passed," said Gerald Freedman, "but for various pressures they couldn't come out and say so. Allen Sipher should get the real credit," Freedman added, referring to his local colleague in the 59-58 victory.

SIPHER, 33666 Heritage Hills, Farmington, is by occupation a partner in the Al-Mar Telephone Answering Service. Politically, he is chairman of the subcommittee on the presidential primary of the Reform Commission of the Michigan Democratic Party.

Freedman, of 30178 Muirland, Farmington, is a partner in the law firm of Altman and Freedman in northwest Detroit and a member of the State Central Committee. The compromise resolution passed Saturday was dubbed the "Freedman Plan" by House Speaker William Ryan, but Freedman himself hopes his name will be dropped and that it will be an acceptable compromise to Republicans, too.

"The leadership," said Freedman, "looked like they were going just for a new election of precinct delegates. Al Sipher came over to my office last Friday, and we began working on the rough draft" of the compromise plan.

"Late Friday a few people got together in Detroit and I was up to 5:30 in the morning working on it. At 6 in the morning, it was mimeographed off, and at 9:30 I was up there in East Lansing to

GERALD FREEDMAN
Man with a Plan

present it."

UNDER THE Freedman-Sipher compromise, Michigan would have a May presidential primary in which voters would directly pick up their favorite candidates.

At the same time, a new batch of precinct delegates to county conventions would be selected. They could either carry designations of their presidential preferences or run uncommitted—which Freedman called a distinct advantage over the party leadership plan.

had opposed Gov. Milliken's call for a "pure" presidential primary without a new election for precinct delegates.

"The youth was for the pure primary," said Freedman, "but the resolutions committee opposed this because party rules say that you (a candidate) can't hand-pick delegates and must elect them at the local level. So that plan (in effect, Milliken's) was voted down."

THE RESOLUTIONS committee gave 6-5 support for Freedman's compromise, but Ryan offered the party leadership proposal as a substitute plan when the full State Central Committee met later in the day.

The leadership substitute was voted down and Freedman's approved by a single vote, 59-58.

Observerland DSCC members voted this way on the Freedman compromises: 2nd District, unanimously in favor; 15th District, unanimously opposed; 18th District, 5-2 in favor; and 19th District, 4-2 in favor.

"That was really something for Aldo to do. It was a brave act. It belongs in 'Profiles in Courage,'" said Freedman.

Vagnozzi recalled that a majority of 19th District delegates to a 1969 reform convention supported a presidential primary. Calling Milliken's primary plan a "sham," Vagnozzi supported the compromise because it provides for proportional representation and for wider participation in the precinct delegate election.

The youth caucus swung behind the Freedman plan, and Freedman quoted Sen. Coleman Young (D-Detroit), Democratic national committeeman, as saying he favored it and that he felt Republicans would go along.

IT WAS A particularly satisfying victory for Freedman, a Farmington Township resident for 12 years who has occasionally run for office without success in this predominantly Republican suburb.

It seems that as an 18-year-old Wayne State University student, he helped found a Young Democrats Club on campus at a time when university rules didn't permit political clubs.

Today, however 18-year-olds can not only vote, but they may even get a crack at picking a political party's presidential candidate under the "Freedman Plan."

Joseph J. Grum of 23580 East Newell Circle, Farmington, has been named president of Engineering Service, Inc. of America, product design and manufacturing engineering firm at 21556 Telegraph Rd., Southfield. Grum replaces Clyde T. Mooney.

Succeeding Grum as vice president is Kenneth C. Martens of 37734 Colfax, Farmington, former

secretary-treasurer. Elizabeth B. Kent has been named secretary-treasurer of the 31-year-old firm.

Martens joined Engineering Service Inc. in 1941, and Grum in 1955. Grum is a manufacturing engineer by training, and Martens is a body sheet metal die and iron casting pattern design expert.

2 Livonians Will Call

Leading square dance callers from the metropolitan area will be featured at a benefit square-round dance from 2 to 5 p.m., Sunday, Jan. 30, in the Southfield Civic Center, 10 1/2 Mile at Evergreen.

Prominent callers will include Ed Henson and Bev Tallman of Livonia, Ted Geversink, Vern Smith and Pete Noll of Dearborn; John Korwin of Detroit, Bruce Light of Belleville, and Ken Crowley of Lincoln Park.

The money raised will be used to help send children to summer camp. Admission is \$2.50 per couple.

Two levels of dancing are planned, one for regular and intermediate dancers, and another challenge level for more experienced dancers.

MICHAEL BURDEN will present a one-man dramatic show, "Man and His God" at 8 p.m., Saturday, Jan. 29, in the Student Activities Building of Madonna College.

Michael Burden To Give Show

A one-man performance, "Man and His God," will be presented Saturday, Jan. 29, at 8 p.m. by Michael Burden in the Madonna College Activities Building, 38600 Schoolcraft, Livonia. The production emphasizes the relationship that has existed between God and man since the beginning of time.

Michael Burden is the speech and drama instructor at Madonna College. He received his MA at St. Louis University in Missouri.

Burden portrays nine different characters, drawing them from the Bible and literature. He illustrates the relationship of complete love as seen in Paddy Chayafsky's "Gideon" and moves to the

doubts of Martin Luther, to only name two of his characters.

Each character envisions God in a different manner, ascribes different characteristics to Him and establishes a different relationship.

"The productions are not mere religious exercises," Mr. Burden explains. "They emphasize the universal man as a magnificent being capable of love, hate, joy and sorrow - emotions that prove him to be human and set him apart as the glory of creation."

Tickets for the performance are \$1. They may be purchased at the door or by calling the college.

amusements

Student Gets Lead

Rehearsals have begun for Eastern Michigan University's third 1971-72 EMU Players series production of the season, "The Trial of Tom Sawyer." A Farmington student, Fred Keating, is playing Tom Sawyer.

A Theatre of the Young production dramatized from Mark Twain's famous classic by director Virginia Koste, associate professor of speech and dramatic arts, "The Trial of Tom Sawyer" will open Friday, Feb. 18, at 8 p.m., for five performances that weekend. All will be in Quirk Auditorium.

Rick Underwood of Garden City has been cast as Joe

Harper, one of Tom's friends. Another Garden City resident, Mark Willett, will play Judge Thatcher.

Christopher Porter of Livonia will play Lawyer Lawson, and Linda Hornsby of Wayne is playing Mrs. Harper.

Although there will be no reserved seats for these performances, EMU Players Series season coupon bookholders may exchange their coupons beginning Feb. 7.

Open sale for tickets will begin Monday, Feb. 14. They will be \$1.50 for adults and 75 cents for children through high school age.

Concert Set

YPSILANTI The fourth concert of the current series by the Eastern Michigan University-Civic Orchestra will be presented at 8 p.m., Thursday, Feb. 3, in Pease Auditorium. Edward Szabo, the orchestra's music director, will conduct the 90-member ensemble.

The program includes Mozart's overture to the opera "Titus" Symphony No. 4 in E Minor by Brahms and two works for voice and orchestra.

Guest artist is Krysa Koumparakis Szabo who will perform "Scheherazade" and "Five Greek Folk Melodies" by Maurice Ravel. A mezzo-soprano, she has been recitalist and soloist in opera, oratorio and summer stock productions throughout the eastern U.S. and in Europe. The concert is open to the public without charge.

TOM NOEL is bringing his one-man performance of "Mark Twain at Home" to the Clarenceville High School Auditorium, 20155 Middle Belt, Livonia, at 8 p.m., Friday, Jan. 28. The program is sponsored by the Schoolcraft College Cultural and Public Affairs Committee, and tickets will be on sale at the door.

Paul Randall To Be Soloist

Paul Randall of Livonia will appear as soloist with the Dearborn Symphony Orchestra at its 10th anniversary concert, to be given in the Edsel Ford High School Auditorium, Dearborn, on Friday, Jan. 28, at 8:30 p.m.

At the concert, Paul will be honored as one of the winners of the Dearborn Orchestral Society Scholarships for this year. He will play the Concerto in E flat for Trumpet and Orchestra by Johann Nepomuk Hummel.

Paul will also be playing as principal trumpet of the Detroit Symphony Youth Orchestra at 3:30 p.m., Sunday, Jan. 30, in Ford Auditorium, Detroit.

He is a sophomore at Stevenson High School in Livonia. In previous years, he has received several scholarships. He attended Interlochen in 1970 and the Schoolcraft College Summer Music School in 1969 and 1970. In 1971, he won a scholarship to the Berkshire Music Center

PAUL RANDALL at Tanglewood, Mass., summer home of the Boston Symphony Orchestra.

Berlin Octet To Be Heard

ANN ARBOR The Berlin Philharmonic Octet will give a concert at the University of Michigan in the Chamber Arts Series at 8:30 p.m., Jan. 28, in Rackham Auditorium, under auspices of the University Musical Society.

The program will be Sonata No. 3 by Rossini; "Septet" by Kreutzer; and Octet, Op. 166, by Schubert.

The Berlin Octet, which appeared here in Nov. 1967, is made up of members of the famous Berlin Philharmonic Orchestra which has made several successful tours in the United States, the last one being in 1969.

A limited number of tickets are available at \$5, \$4, and \$2.50

in the office of the University Musical Society, Burton Tower.

Stamp Club Plans Exhibit

The Dearborn Stamp Club will hold its 39th annual stamp exhibition and bourse in the Dearborn Youth Center, Michigan and Greenfield Avenues, on Saturday, Jan. 29, and Sunday, Jan. 30, beginning at noon each day.

There is no admission charge. Twenty dealers will exhibit more than 100 frames of stamps.

Greek Unit To Sponsor Art Auction

A benefit art auction to raise funds for SS. Constantine and Helen Greek Orthodox Church of Detroit and Livonia will be held Sunday, Jan. 30.

A preview showing will begin in the Church Center, 4801 Oakman Blvd., Detroit, at 6 p.m. During this time, a cocktail hour, patterned after a European wine festival, will feature Greek wines, Greek cheese, olives and bread. Tickets for the preview and sale will be sold at the door for \$1.50.

At 7, more than 200 pieces of fine art will go on sale to the highest bidders. Albert P. Scaglione of Southfield will be the auctioneer.

Dr. and Mrs. William Paris of Southfield are general chairmen, and Mrs. John Madias of Farmington is president of Philoptochos Circle II, a philanthropic women's group which is sponsoring the event.

Amusements

MRS. HARRY ROTH of Southfield, chairman of the Sholem Aleichem art show and sale, holds a wine-server designed by John Glick of Farmington. The show will be held Feb. 4, 5 and 6, in the Punch and Judy Building, 19350 Greenfield, Detroit.

Cranbrook Scientists Plan Trips

BLOOMFIELD HILLS For young people who would like to learn about ecology, natural history and geology on actual field trips, Cranbrook Institute of Science is holding several field trips.

Student members will visit Ward Nature Center, Bloomfield Township, Feb. 19; University of Michigan Botanical Gardens, March 18; Arkona, Ont., April 22; Grand Ledge Quarry, May 13; Point Pelee, Ont., June 3; and Wallace Stone Quarry and Sanilac Petroglyphs, June 17.

WINTER ECOLOGY, plants, fossils, minerals, Indian rock carvings and bird migration will be studied.

Each group meets at the Institute nature center, 500 Lone Pine Road. The expeditions are open to student members 11 years old or older. Fee for the six trips is \$6.

To become a student member, contact the institute, 500 Lone Pine.

YEARLY FEE for young people aged 5 through 18 is \$5. Individual adult membership is \$10 and a family membership is \$25.

Membership includes free admission to the institute museum, the right to bring a guest, free use of the observatory with appointment, children's and adult programs throughout the year and several publications.

Show To Feature Top 200 Artists

A total of 25 Observerland artists will participate in the ninth annual Sholem Aleichem art show and sale to be held Friday, Saturday, and Sunday, Feb. 4, 5 and 6, in the Punch and Judy Building, 19350 Greenfield, Detroit.

The show features the art of more than 200 of Michigan's top artists. Biographies of the artists will be available to the viewers. Last year's show attracted about 10,000 visitors.

CHAIRMAN OF the show is Mrs. Harry Roth of Southfield. The admission charge of \$1 includes free refreshments.

Among the artists in the show will be Barbara Bach, Joseph Allen Deininger,

Chuck and Harriet Gelfond and John Glick, all of Farmington. Livonia will be represented by Dorothy Boyack-Riggs and Electra Stamelos.

SOUTHFIELD'S participating artists are Miriam Aston, Marion Beauregard-Bezou, Alexandra Beauregard-Bezou, Sylvia Chover, Ben Glicker, Berta Golahny, Irene Goss, Susan Heideman, Fay B. Herman, Allen A. Herman, Irene Meyer, Norman Prady, Aviva Robinson, Marsha Rosenwasser, Vera Sattler, Sadie Small, Mildred W. Webb, Barbara Wittenberg and Linda Zalla.

Gericault Exhibit To Be At Institute

DETROIT The first major exhibition at the Detroit Institute of Arts, 5200 Woodward, since the opening of the new North Wing last October, will open Jan. 26.

The show is entitled "Passion and Protest in Romantic Art: Theodore Gericault." It was organized by the Los Angeles County Museum of Art and will travel only to the Detroit Institute

and the Philadelphia Museum of Art.

GENERAL ADMISSION will be \$1. Students will be admitted for 50 cents, and children under 12 with an adult will be admitted free. Group appointments may be made in advance by calling the museum's education department.

Re-discovered and now recognized as one of the most innovative painters of the 19th century, Gericault (1791-1824), a Frenchman of the Napoleonic era, exerted great influence on the world-wide movements of romanticism and realism during his brief career.

Dr. Frederick Cummings, assistant director of the museum and curator of European painting, who won popular acclaim for his recent settings for "Rembrandt," has designed another special scene evocative of the period in which Gericault lived.

THE LARGE, five-gallery exhibition of 125 paintings, watercolors and drawings may be seen in the institute's South Wing through March 5.

Exhibition tours will be conducted by the museum's volunteer docents at 11 a.m. and 2 p.m. Tuesday through Friday, and at 12:30 and 2 p.m. on Sundays.

Arts Institute To Host Youth Film Festival

DETROIT Far removed from Hollywood stereotypes, more than two dozen short films by a new generation of filmmakers ranging from seven to 17 years of age will be screened by Detroit Youththeatre on Saturday, Jan. 29, in the Detroit Institute of Arts Auditorium, 5200 Woodward.

The hour-long "Youth Film Festival" will have two showings - at 11 a.m. and 2 p.m. - and includes promising titles like "Slow-Eyed Sailor of the Sadlands" and "Al Keltzer Strikes Again."

'Airborne' Exhibition To Open At Cranbrook

BLOOMFIELD HILLS The senses are bombarded at Cranbrook Academy of Art Galleries, 500 Lone Pine, in a room-sized, inflated form in the exhibition "Airborne," and in three additional environmental experience shows. All begin Jan. 25.

"Airborne," an original exhibition involving participants' reactions to images of the heavens and earth as seen from a plane, will be accompanied by "Personages," literal and non-literal self-portraits by the Academy's ceramics department; an exhibition of two-dimensional photographic paintings by academy alumnus Lynton Wells; and "Soft Swell," a "sandscape" for children in the Young People's Museum.

All shows will run through March 5, except "Soft Swell," which closes Feb. 27.

When the visitor enters the main gallery, he climbs several steps and finds himself in an airplane fuselage-type, cylindrical form 60 feet long. He will sit on a bench in the dark, carpeted form and immediately be involved in an audio-visual experience of the total environment of "Airborne."

OUT THE WINDOW in front of him, the visitor will see the 20 by 60 feet white-inflated form filling the gallery. On the walls of the form will be six constantly changing scenes,

including 500 images of aerial views of Cranbrook, the local area, Detroit and of cloud formations. The images range from heights of 500 to 10,000 feet.

The visitor will also hear sounds. A variety of types of music from classical to rock and electronic will be interspersed with period of silence.

The exhibition has been planned by galleries director John Peterson since he took flying lessons several years ago and decided to reconstruct some of his sensations.

Peterson, and Richard Jackson, head of the academy's photographic studio, photographed the images for the exhibition. Douglas Hollis, of New York City, who constructed the inflated form for the academy's laser-hologram exhibition two years ago, is responsible for the present inflated form.

IN "PERSONAGES" the academy ceramics students have utilized clay and other materials in self-portraits.

"The students have approached the theme as a personalized visual presence consistent with their current search for image and identity," explains Richard DeVore, their teacher.

"Some of the works are expressive of physical objectivity and others are abstract sensual relationships to

the individual's existence." The downstairs gallery will shake the visitor's sense of reality with Lynton Wells' photographic paintings. The nine untitled, enormous "photographs" are life-sized, some measuring 9 by 12 feet, and almost Oriental in Wells' use of negative space.

It is the depth of the photographs, which provides a tromp-l'oeil effect, combined with the use of drawing over the photographs that confuse the senses.

WHETHER THE visitor is a child or an adult, "Soft Swell" will bring back memories of the beach or sandbox and of sand castles and tunnels and mounds and holes and all sorts of other indefinite shapes in the sand.

Using sand, rocks and various other things of nature in combination with electric color lights, with reds and yellows dominating, the exhibition is a minimal environment designed to give the imagination full play.

To provide a tactile experience, large marshmallow forms will be touched, stroked, patted, squished and tapped by adults and children alike.

The exhibit is designed by Galleries Exhibit Designer Richard Krieger.

The galleries are open 1 to 5 p.m. Tuesdays through Sunday, and are closed Mondays and major holidays.

Contests Planned

LANSING

What do you do when the north wind blows and the whole world seems to be covered with snow and ice? In Michigan, you get out and get into the fun of it. And February is filled with "frosty fun," according to the Michigan Tourist Council.

Leading off is the granddaddy of all snowmobile races, the I-500 at Sault Ste. Marie Feb. 5. This exacting 10-hour marathon is not the biggest nor the longest, but it's certainly one of the toughest snowmobile races there is. Tough on the drivers, machines, crews, families and even the spectators. The one-mile oval track, coated with hundreds of layers of ice, has defeated some of the best-known names in snowmobiles and biggest names in snowmobile racing.

FOR THE FIRST time in 20 years, Alpena will play host to the North American Speed Skating Championships, Feb. 5 and 6. Top skaters, age seven to 17 and older, from 37 states and Canada will be competing. This event is the training ground for future U.S. Olympic skating stars.

If you're a 100 per cent "died in the wool" devotee of the grand old game of golf, and you're a hearty soul there's the Polar Ice Cap Golf Tournament, Feb. 12 on the ice of Spring Lake, north of the Spring Lake Country Club. With the exception of being

shorter, the course is a regulation 18 holes for a pitch and putt game. Everyone is welcome to enter. Entry blanks may be obtained by contacting the Grand Haven Chamber of Commerce.

If indoor activities are more to your liking, and you're already looking forward to the summer months, the Detroit Camper and Travel Trailer Show will be held in the West Artillery Armory, near Northland, Feb. 19 through 27. More than 700 campers, travel trailers, motor homes, folding tent trailers and all kinds of camping equipment will be on display.

OTHER FEBRUARY events include the Kiwanis Ski Tournament at Pine Mountain with 90 to 100 jumpers from the U.S. and other countries in exciting competition, sled dog races at Whitehall, the North American Snowmobile Championship Races at Munising, and the Antique Auto Restorers' "sell and swap" get-together at Kalamazoo.

If you'd like a complete list, write for a free copy of the Michigan Calendar of Travel Events to the Michigan Tourist Council, 300 South Capitol, Lansing, 48926.

DIRTY HARRY-Clint Eastwood and Harry Guardino star in a film about cops and robbers and killers. (R, none)

DIAMONDS ARE FOREVER - Sean Connery is back as the legendary James Bond, for the sixth time. (GP, none)

HAROLD AND MAUDE - Ruth Gordon plays a madcap old lady in love with life, and Bud Cort is an unhappy young man in love with death. (GP, none)

KOTCH - Walter Matthau plays the aged parent in this delightful tale of conflict among the generations. Has both humor and truth. (GP, A-3)

KIDNAPPED-A new version of Robert L. Stevenson's famous tale of David Balfour's fight to win his inheritance. (G-A-2)

THE BOYFRIEND-Twiggy and Glenda Jackson star in this musical reminiscent of the 30's. Ken Russell is the director. (GP, A-1)

MURMUR OF THE HEART-Written and directed by Louis Malle, this explores the close relationship between a light-hearted mother and her teenage son in a world of more stolid citizens. (R, none)

PLAY MISTY FOR ME-Clint Eastwood is both director and star of this thriller about what happens when a disc jockey meets a psychotic fan. (R, A-4)

JOHNNY GOT HIS GUN-A grim commentary on war as told through the mind of young Joe Bonham, who came back minus arms and legs. (R, A-4)

THE FRENCH CONNECTION-The fight against heroin smuggling on a large scale makes an exciting, realistic detective movie. With Gene Hackman. (R, A-4)

TOGETHER-This is a pseudo-documentary which shows how uninhibited and unclad couples "tackle sexual problems before they arise." (X, C)

In Ann Arbor

Joe Hickerson, folklorist at the Library of Congress, Washington, D.C., will perform at the Ark, 1421 Hill, Ann Arbor, at 9 p.m., Friday and Saturday, Jan. 28 and 29.

**Shriners Give
Circus Preview**

By CHARLOTTE MAJZNER
Special Writer

Strains of "Havanagila" could be heard echoing through halls of the Livonia Mall as a crowd of young and old swayed to the mystic rhythm of the Shrine Oriental band during a free preview of the 64th annual Shrine Circus.

It began with a parade of Shrine Chanters, Oriental Band, cowboys, Indians and clowns. The enthusiastic crowd with uplifted heads and on tiptoes strained to catch glimpses of the swirling colorful dance by Howard Sien, Shrine Oriental dancer. Presenting the programs were the Shrine Chanters, the Oriental band, the Moslem Shrine Clowns and the Americans.

THE SHRINE Chanters consist of a 40 man chorus from all walks of life. The oldest unit of the Moslem Temple, they were organized in 1917 and are directed by William Crump. The Oriental band is

composed of 60 men organized in 1938. They use oriental instruments only musettes, cymbals, tambourines and drums, under the direction of William Reibitz.

The Americans, under the direction of Bill Semanson, are made up of cowboys, Indians and troops who portray the early winning of the West. One act is a simulated Indian attack on a covered wagon where eventually the Indians are driven off by Seventh Cavalry troopers.

THE MOSLEM Shrine Clowns, a group of about 50, have been with the organization seven years and are directed by Menese Kramer. No two clowns are allowed to be made up exactly alike.

The circus, previewed at the Livonia Mall, will be at the State Fair Coliseum from Jan. 29 to Feb. 13.

**Task Force
Probes Urban
Communication**

An advisory task force on urban communications chaired by Donn Shelton, vice president of Metropolitan Fund, Inc., is at work for the Southeast Michigan Council of Governments (SEMCOG).

First task of the group will be to spell out for the SEMCOG executive committee types of communications problems with region-wide implications and modes adequate to meet future needs in metropolitan areas.

SEMOG Chairman Mel Ravitz appointed 26 citizens to the task force, including several who participated in a conference in 1970 on the problem sponsored by Metropolitan Fund and coordinated by Shelton.

A statement of goals and objectives with recommendations for SEMCOG action were initial matters to be dealt with by the task force.

**SEMOG
To Hear
Milliken**

Gov. William Milliken will herald the beginning of the Southeast Michigan Council of Governments' fifth year at the annual meeting of the SEMCOG General Assembly in Cobo Hall Jan. 28.

Another highlight of the meeting will be the "State of the Region" message of Detroit Common Council President Mel Ravitz, who is completing his second year as chairman of the SEMCOG General Assembly and Executive Committee.

As luncheon speaker, Gov. Milliken is expected to discuss proposals for strengthening the role of regional agencies throughout the state.

His address will deal with the recommendations of a Governor's Special Commission on Local Government which worked throughout 1971 to detail ways in which state and state-county-local relations could be improved.

AGENDA ITEMS due for consideration of the General Assembly include:

- Adoption of the water-sewer-drainage element of SEMPlan-1980.
- Revision of the open space element of SEMPlan-1980.
- Election of officers for 1972.

Robert E. FitzPatrick, Wayne County Board of Commissioners' chairman, has been nominated for chairman. First vice-chairman nominees are Mayor Robert Harris of Ann Arbor and Birmingham City Commissioner Robert W. Page. Second vice-chairman nominees are Homer Case, Bloomfield Township supervisor, and Joseph Mayfield, Taylor Township School District trustee.

**Burroughs
Earnings
Up 11 Pct.**

Record earnings and revenue for 1971 were announced today by Burroughs Corp. Ray W. Macdonald, president, reported that net earnings increased 11 per cent and revenue increased six per cent in 1971.

Audited net earnings for 1971 were \$74,151,000, an 11 per cent increase over 1970 earnings of \$66,542,000. Net earnings per share for 1971 were \$4.03 on 18,402,172 average number of shares outstanding. Net earnings per share in 1970 were \$3.63 on 17,386,661 average number of shares outstanding.

Fourth quarter net earnings in 1971 were \$33,603,000, a 13 per cent increase over the 1970 fourth quarter earnings of \$29,658,000. Earnings per share for the 1971 fourth quarter were \$1.82, compared with \$1.69 per share in the 1970 fourth quarter.

Chinese Cooks Note Year 4760

By ELLY

The Chinese New Year falls on Feb. 15 this year, which officially marks the beginning of "Festival Year 4760" on the Oriental calendar.

Thus, another traditional American celebration, Valentine's Day also becomes New Year's Eve in 1972.

This year's celebrants bid adieu to the Year of the Boar and welcome the Year of the Rat. This follows the tradition of naming the years after animals in 12-year cycles: boar, rat, tiger, ox, horse, ram, rooster, serpent, dragon, hare, dog and monkey.

EVEN THOUGH the Chinese officially changed to the modern Gregorian calendar many years ago, as people they have been reluctant to part with the legend, lore, ritual and rite of the old calendar.

In the Chinese community, everyone claims a king-size share in the fun of the new year festival whether the celebration takes the exuberant form of fireworks in the street, a night at the theater watching old legends retold, or a family reunion.

TRADITIONAL new year's gifts are purchased - flowers, trees and rare fruits.

Food is a welcome new year's gift with oranges a special favorite. For members of ones own family, ornaments or textiles, especially silk are preferred.

From LaChoy Food Products come some recipes for those who would like to combine the two celebrations - Valentine's Day and the Chinese New Year.

CHINESE CREPES
1 pkg. (2 lb.) or 2 pkg. (1 lb.) frozen beef chow mein
1 c. beef broth
1 T. sherry
2 T. oriental sauce
1 T. cornstarch
Chopped green onions

Prepare chow mein according to instructions on the package. Prepare crepes according to the recipe below. Spoon chow mein down center of the crepes. Fold both sides of crepe over filling. Combine remaining ingredients except green onions; blend well. Simmer until clear and thickened, about five minutes. Spoon over crepes. Garnish with green onions. Makes four servings. You may substitute with chicken chow mein and chicken broth.

CREPES
2 eggs slightly beaten
3/4 c. milk
1/3 c. all-purpose flour
1/4 t. salt
1 T. melted butter

Blend eggs with milk. Add flour and salt and beat until smooth. Stir in butter. Refrigerate batter at least two hours. Fry a 6 1/2 to seven-inch crepe or fry pan until a few drops of water sizzle and roll around in pan. Lightly brush or rub bottom and sides of pan with cooking fat. Holding pan above heat, add two tablespoons of batter to the middle of the pan. Immediately tilt the pan so the batter spreads evenly over the bottom of pan. Cook over medium heat until top is dry and bottom is lightly browned, about one minute. Flip crepe over with either spatula or your fingers. Cook on second side for a few seconds. Tip crepe out, onto a plate. Cook crepes, one by one, until batter is used, brushing pan with fat as needed. As the crepes are cooked, stack them on top of each other. If not to be used at once, place cooked crepes on plate separated by waxed paper. Wrap in aluminum foil. Keep warm. Makes eight crepes.

SWEET AND SOUR STUFFED PEPPERS

Cut four large green peppers in half, crosswise. Remove stems and seeds. Preboil in a small amount of boiling, salted water about five minutes. Drain well. Fill pepper cups half full with hot, cooked rice. Prepare one package (one pound) frozen sweet and sour pork according to package directions. Spoon over rice in pepper cups. Serve hot. Makes four servings.

SHRIMP CHOW MEIN

PATTY SHELL
Prepare one package (one pound) frozen shrimp chow mein according to the directions on the package. Bake four frozen patty shells according to directions on package. Fill with hot shrimp chow mein. Makes four servings.

OBSERVATION POINT

Suburbs Should Have Ability To Control Highway Billboards

Some day in the not too distant future there will be two new expressways in this area, one running along Schoolcraft Road through Redford Township, Livonia and Plymouth, and another running north and south along Haggerty Road through Canton Township near Westland, Plymouth, Livonia and Farmington.

Undoubtedly there will be billboards of some kind along these roads.

But just how big they will be and where they will be put is an issue of enormous local importance.

That's the local angle on the big fight now brewing up in Lansing over the billboard control bill. It's a piece of legislation that one local lawmaker, Rep. Marvin Stempien of Livonia, has strong views on.

SOME WEEKS ago, legislation controlling the size and location of billboards on state roads at last passed the House of Representatives.

It was a tough law since it set minimum standards and contained an amendment authored by Stempien that would

allow local government units through which roads passed to set their own standards which could be more strict than those set up by the overall state bill.

Stempien was thinking precisely about the new expressways in this area, and his concern was that local government sign ordinances would be made ineffective unless protected by his amendment. For example, the City of Livonia already has a local sign ordinance considerably tougher than the proposed state bill.

Then last week, the State Senate knocked out the local option amendment in passing the bill, kicking off a fight in which house members and environmentalists charged that the senate had knuckled to pressure from the highway lobby.

THE SENATE version of the bill is now back in the House, and Stempien says it probably will be referred to a conference committee to see if differences can be ironed out.

"What I'm worried about, in addition to the idea that there ought to be tough controls on billboards," Stempien says, "is

that if the bill passes with the local control amendment knocked out, the billboard lobby can then go into court and argue that the legislature intended no local government unit to set standards any tougher than the state law. This would hurt terribly communities in the northwest suburbs, which are trying to control signs along the new expressways."

There is some hope the conference committee will hold the line that the local control amendment should stay in the bill. All state representatives from this area, excepting Joe Forbes who represents part of Southfield, voted for the house version as amended.

Senators from the suburbs showed a mixed pattern in voting on the bill. Senators David Plawecki from Redford Township and Daniel Cooper representing Southfield voted against the bill without the local control amendment, while Senator Carl Pursell who represents Plymouth, Livonia and Farmington voted for it.

MORE EFFECTIVE control of billboards on our state high-

ways has been a high priority for a long time. And, in this age when local communities are losing the ability to control their own destiny, the local control amendment to the highway billboard control bill is a key issue for us in the suburbs.

Rep. Stempien should persevere in his efforts to keep his amendment in the bill.

If the legislation goes to conference committee, let's hope that the billboard lobby is kept out of deliberations.

After all, things are ugly enough along our state's roads. Local communities should have the ability to control things like highway billboards, and the state senate's recent action needs to be rescinded.

LET'S HOPE THE LOCAL GOVERNMENTS DON'T HAVE TO SIT BY AND WATCH THIS HAPPEN!

IT'S VACATION TIME!

Tim Richard writes

Turn Around Needed In Public's Thinking

Growth is taken as a fact of American life. It has become almost an idol. Growth has even become a matter of national policy.

The Eisenhower Administration in the mid-1950s had a National Commission on Goals, and its major recommendations were all in terms of how much more we could produce by the Year X, when the population would be 200 million greater and so on.

To make it bipartisan, the Kennedy Administration made a game of "growthmanship," as it came to be called in political rhetoric, charging that there was some kind of gap between what we were producing and what we could produce. The growth of everything was accepted as a natural and laudable goal, much the same as folks in the Middle Ages considered the bringing of souls to Paradise as their goal.

TODAY'S environmentalist thinking is challenging "growthmanship" head on. A couple of items in the news recently are cases in point.

In Ann Arbor, Mayor Robert Harris is asking the city council and planners to review that great municipality's policy of growth, with the idea of calling a halt somewhere along the line. The immediate problems are the limited capacity of the town's sewage treatment plant and the city's inability to build roads fast enough and maintain them, along with overcrowding in the schools.

Mayor Harris suggests two obvious plans -- requiring developers to make contributions toward new schools, major roads and sewerage capacity -- and limiting annexations -- but he also slipped in this more drastic idea: "We would fix a limit on the

number of units of housing that would be authorized by city council in each calendar year ..."

The first result of such a policy would be that growth would be forced increasingly on surrounding townships. This would include not only those on Ann Arbor's west but could also affect areas on the east, such as Observerland's Plymouth and Canton townships.

But what if all mayors and township supervisors began thinking the same way -- as ultimately they all will? In time we will run out of places upon which to force growth.

AT THAT POINT in time, we must quit growing.

Heretical as it may sound, we must quit increasing our population, our per capita consumption of irreplaceable natural resources, the lot sizes of our houses, the number of automobiles per family -- the implications are massive.

The other item in the news is a bill in Lansing to create a state commission on the impact of population growth on our natural resources.

As I have tried to point out on this page in the past, population growth is not our only problem, although zero population growth must be one of our prime goals.

Rather, we must also be thinking in terms of the big effect a little population growth has on this land. The mere fact that our population growth is slowing down by no means gets us off the environmental hook.

No gradual adjustment of policies will do the trick. A major turn-around in the public's thinking must be achieved. We must reject an old god -- not the god of Moses Paul but the god of automatic, mathematical growth.

DISSENT

View points expressed in DISSENT do not necessarily reflect those of Observer Newspapers, Inc., but are presented in the belief that publication of all segments of thought on a public issue is a prerequisite to understanding and progress.

By JERRY GIST
Campus Globe Editor
Schoolcraft College

Guidelines, parameters, safeguards. This is what the Schoolcraft College Board of Trustees wants from the Student Senate before considering their recent request for a student advisory seat on the board.

Even the concept in principle of such a seat was rejected until the board knew exactly what this seat was to entail.

This may be considered understandable, however, to a greater degree unreasonable in the pure concepts of an advisory position.

One of the problems involved is obviously the definition of 'advisor.' In its pure form an 'advisor' is one who exercises power to advise. To accept an advisor is to take counsel. With this definition it is hard to conceive the reason to reject a student advisor to the board.

Our society has an abundance of advisors, ranging from the President's Cabinet to student counseling on campus.

Why is it then a student advisor to the Board of Trustees is inconceivable? Who but a student can relate problems and concerns of the student body to such an entity. One may assume the student's concerns of this campus but unless you are a student you can never really understand.

I FEAR THE VERY concept of an advisory seat has been obscured with visions of student take over. By no means is this the case. This is a student-trustee rapprochement, not an act of usurping the board. The successful connection of these two lines of communication would have prodigious effects on the college as a whole.

It is hoped that the Board of Trustees will take a long and serious look at the question and exactly what this seat means. The reason for the Waldenwoods Conference was "the cultivation of the spirit of fraternity and good fellowship among us, both as a direct source of pleasure and as a powerful factor in rendering efficient service; the power of the hand the skill of the intellect may be a part engaged for hire, but the last full measure of expression is a volunteer response from the heart."

If this was in vain, I am ashamed to have participated. We have gone to the board with this spirit in mind, and have been rejected. Only four out of eight have turned their backs to us. I hope that those trustees reading this will keep in mind, a person who refuses to change his opinion is like standing water, soon to become stagnant.

Sense And Nonsense

Washington Columnist Roscoe Drummond, in Livonia for a Town Hall lecture recently, lined up a few "new best-sellers in the toy department" inspired by the current political scene.

He listed:
A Muskies doll -- "you wind it up and the Ted Kennedy doll shakes."

A Humphrey doll -- "you wind it once and you never have to wind it again."

A Ted Kennedy watch -- "it doesn't show the time of day, just the years. '72, '76, '80, '84...."

A Nixon clock -- "every hour a cuckoo comes out and announces a new set of policies."

R.T. Thompson writes

Why Shouldn't Townships Pay?

Although the Wayne County Board of Commissioners hasn't taken official action, the day of reckoning nears for those unincorporated townships that have received free police protection from the Sheriff's road patrol.

Included is Plymouth Township, which for years has realized that the protection provided by the road patrol was far from adequate, but since it didn't cost anything, then it was termed adequate.

Going back as far as the administration of the late Roy Lindsay, through the leadership of retired Jack McEwen and now under Maurice Breen, Plymouth Township has often talked about starting its own police department or of working a deal with the City of Plymouth for services.

NOT TOO MANY years ago, a committee was organized to study the feasibility of working with the City of Plymouth and the City of Northville for police services covering five communities. The proposal was to join in an agreement that would include Canton, Plymouth and Northville Townships with the facilities of the two cities.

It probably would have answered the problems since both cities have communication

systems that would have flashed word of incidents to cars patrolling the areas.

For some reason, the proposal never got off the ground ... probably because the three townships were faced with paying what each considered excessive amounts for the services.

Just to review the situation -- and this applies principally to Plymouth Township -- few reports are turned in about break-ins and thefts for the simple reason that residents know from experience that the sheriff's road patrol wouldn't answer a call for a long period unless a car happened to be in the immediate area.

This is not the fault of the road patrol but due to lack of personnel and cars to cover such an extensive area, ranging from as many as 30 to 40 miles for a single car.

For years, former Supervisor McEwen refused to admit to inadequate protection, pointing to the few complaints. Perhaps from his viewpoint and the complaints, he was justified. But this came at a time when the crime rate was climbing in all parts of Wayne County.

THEN IN 1970 the commissioners adopted a resolution to

the effect that free patrol service would be eliminated. The resolution set no specific date for the withdrawal, and that has given the townships a bit of breathing time.

The townships would have been billed starting last Dec. 1, according to a recommendation by the County Board's special subcommittee on the county budget.

That proposal has been turned back to the committee for additional study while the commissioners review all the legal ramifications. The board also faces court action from the townships involved.

In the meantime, it appears the townships should begin making plans to pay for contracted services for use of the road patrol or install their own police departments.

The City of Romulus is the only out-county area currently contracting for the Sheriff's services. Romulus pays \$174,461 per year for 24-hour service of one patrol car seven days per week.

IT APPEARS the problems are much the same in neighboring counties.

The Oakland County Board of Commissioners took the first step recently to charge unincorporated townships for county law enforcement services. It passed a resolution which will provide services by the Sheriff's department to Highland Township for \$17,000 per man per year, not including cars or other equipment.

THE DAYS WHEN Plymouth Township had services of the road patrol and a state police patrol, because Col. Fredrick Davids resided in the township, are gone. Davids no longer is with the State Police, and thus special service is eliminated.

From Northville Township comes word that residents there are considering a proposal for a well-manned police unit, adding to the present two-man staff.

Plymouth Township has more homes, more residents and more money and the time has come to give homeowners the protection they should have ... not a single car from the road patrol covering several communities.

Why Good Teachers Need Tenure

EDITOR:
I should like to reply to a letter (Jan. 19) by Barbara Rankin, college student and future teacher, who supports abolishing tenure for teachers.

It sounds as though Miss Rankin is understandably miffed over what she calls "the overstocked field of education," and she would like to see some teachers removed to make room - I infer - for "good" teachers, the likes of herself and her friends.

I should like very much to know Miss Rankin's definition of "good" teacher and then her suggestions on who will be the judge(s) of "good" teachers.

Miss Rankin is incredibly naive to believe "None of the auto industries would keep an assembly line worker who turned out inferior cars." And despite her weak analogy, I trust she does not believe students are "turned out" from assembly lines.

Unless one subscribes to American planned obsolescence, the "haddies" in education are not to be simply disposed of. They are human beings, most of whom just might respond positively to a kind administrator with guts enough to point out their alleged faults and patience enough to work with them, if the faults are real.

Abolishing tenure could be much more harmful to education than keeping it. It could lead-in some tight-laced districts - to a bland corps of indistinguishable "goodies," financially enslaved to a dead status quo rather than freely dedicated to living students.

I have heard graduate students, their plans to revolutionize education, their cry "The trouble with education is teachers!" And now I hear Miss Rankin: "Our school system is full of teachers who should not be entrusted with preparing the youth of today to be tomorrow's leaders."

Let us hope, Miss Rankin, that you will be up to this awesome task. (Incidentally, they aren't all tomorrow's leaders; some, we pray, will be responsible followers.)

Thief Knew Jacket Stolen

EDITOR:
I would like to say a few words to the person that stole my son's Clarenceville Varsity jacket and black leather gloves one Friday night at his school dance even though it was patrolled by auxiliary police, teachers and parents.

I hope you were nice and warm when you left that dance. My son had to leave in sub-zero weather in his shirt sleeves.

For awhile, I thought it might have been picked up by mistake, but when you found those pictures in the pocket, you knew who it belonged to.

My first thought was what was your parents' reaction when you went home with that jacket that didn't belong to you. They probably didn't even notice or if they did they were just too busy to care.

'Cold-Blooded, Parasitic'

EDITOR:
Kathy Moran's article "How An Abortion Agency Functions" in the Jan. 19, edition really bothers me.

Not only is the opportunistic, cold-blooded, parasitic business "Henry Barton" operates a threat to all of us, but also threatening, is the possibility that the promoters of abortion reform will use him and his kind to further their cause.

The deliberate suctioning

out, scraping (D&C), and poisoning of living, defenseless life in utero, is presently illegal in Michigan. Should we legalize it, just to put "Henry Barton" out of business? I certainly don't think so.

Besides, what's to prevent him from opening up his "legitimate business" in some other state.

What's the solution? Legalize abortion world wide! Is that what we really want? Wake up, America, before it's too late! Far too many of our generation have already been sucked up in a "plush, fully-equipped medical center... by the top gynecologist," by a method known as vacuum curettage.

Have you ever heard that sound, "Mr. Barton? The sound of another life going down the drain!"

Has our generation come so far that we have forgotten from whence we came...and to Whom we shall return!

MRS. MARY RAYES R. N.
Livonia

Fetus Is A Human Being

EDITOR:
There is not a responsible medical book in the world which would not refute all of the medical statements of Mrs. Barton in Kathy Moran's article "How an Abortion Agency Functions."

At 18 weeks, a fetus has every single part of the body. It has a heart, lungs, eyes, ears, nose, arms, legs, fingers, toes and every other part that it will have the day it is born if it is not destroyed before it has a chance to be born.

I wish you would print a picture of a fetus at 18 weeks so your readers could see with their own eyes rather than read an account from someone who can only profit by the fallacies that were printed.

NANCY RIOUX
Redford

'Barton' Plays God

EDITOR:
The article "How an Abortion Agency Functions" was such an assault on the sanctity of human life, I felt impelled to comment.

"Henry Barton" tries to convey that he's referring women for abortions only to get satisfaction of soul; yet evidently he's making enough money to support a family of seven.

If, indeed, "Barton" wanted peace of soul, he wouldn't deliberately misstate facts by saying at two months of pregnancy the girl mentioned had only a "late period." No woman could believe that statement unless to rationalize herself into an abortion without guilt.

Medical books show at eight weeks the fetus is (1) about 1 1/2 in. long, (2) face...features forming, (3) limbs...show distinct divisions into arms, elbows, forearm... hand, thigh, knee, lower leg...foot, (4) long bones...internal organs developing."

These facts cannot be construed as just a "late period." After 12 weeks, more developments are apparent, having been proven with pictures by medical photographers of human development before birth.

Then a woman calls, close to 20 weeks pregnant, "Barton" gives her a "gory description in raw language of what happens" to discourage the abortion. How can a woman who didn't have a baby inside at 12 weeks suddenly have one inside at 20 weeks.

"Barton's" trying to play God with these women, probably doing them more harm than good with his unprofessional advice.

My hope is that the Observer, in all fairness, will soon print a similar feature article (front page, women's section) showing the opposite view of abortion-persons who are against it; how they're combating the revision of the abortion law in Michigan; what's being done, other than abortion, to help women with unwanted pregnancies.

I cannot condone taking of human life (abortion) for I honor life!

It's Murder By Any Name

EDITOR:
I am writing protesting the article "Abortion" which appeared in the Wed., Jan. 19 issue of your newspaper.

This article was a very biased, one-sided opinion. Murder by any other name is still murder.

ALICE E. DUNLERY
Livonia

...And A Reply

READERS:
Observer Newspapers will not use its news columns to take sides on any issue, including abortion, and will neither praise nor condemn "Henry Barton's" apparently legal business. That is for every reader to decide.

Nor have we used Barton's real name and telephone number; we do not intend for our news columns to be used for free advertising.

As for the many written and telephoned suggestions that we tell the "other" side of the issue, careful readers will recall that we have published several stories quoting anti-abortion sources and compiled a major feature on how local hospitals were treating complications from abortions.

Highway Bike Path Proposed

LANSING
State Sen. David Plawewski (D-Dearborn Heights) recently introduced a bill that would provide bicycle paths along the I-75 Expressway from Detroit to the Soo Locks.

He also asked that consideration be given to the establishment of bicycle paths along other expressways.

Black Educator To Speak At SC

A distinguished black educator will address himself to two critical questions at a lecture at Schoolcraft College Feb. 2: "Can the Blacks Go It Alone? What Price Coalition?"

The lecturer is Dr. Ewart Guinier, professor and chairman of Afro-American studies at Harvard University.

Dr. Guinier will speak at 8 p.m. on Wednesday, Feb. 2, in the Waterman Campus Center. Admission is \$1 for students and \$2 for the general public.

He has been called "a profound observer of contemporary life who speaks out meaningfully of black identity in a world of a gripping racial scene."

Dr. Guinier was educated at Harvard College, City College of New York and Columbia Teachers College, and has a

DR. EWART GUINIER

law degree from New York University.

He has been a regional director of the CIO Public Workers Union and executive director of the Brownsville (N.Y.) Community Corp. - transforming it into a wide-ranging and successful anti-poverty agency.

Kunstler, Price Tickets On Sale

Advance tickets are on sale for appearances at Schoolcraft College in early March by Vincent Price and William Kunstler.

Vincent Price, star of stage, screen, radio, and television, will talk March 8 on "The Villains Still Pursue Me," a commentary on the history of villains in the theater and movies.

William Kunstler will lecture on March 14. An attorney much in the news, he has been

counsel to Dr. Martin Luther King Jr., the "Chicago Seven" and the Black Panthers. Kunstler has become a name synonymous with political trials.

Admission to these events is \$1 for students and \$2 for the general public. Mail order tickets are available from the Schoolcraft College Student Activities Office, 18600 Haggerty Road, Livonia 48151. Checks should be made payable to Schoolcraft College.

IT'S TAX TIME
\$300 UP

Let Us Prepare Your INCOME TAX On Our Computer

There's no need for you to slave over your return when FBS Associates will prepare your first computer perfect tax returns at a nominal cost.
FBS Income Tax is not just a three month business only ready to serve you during tax time but a business serving our clientele throughout the year. We have been in Farmington for over ten years and now have offices in Dearborn, Ypsilanti, and Royal Oak. All tax return preparers have a minimum of three years experience before we allow them to counsel or prepare your return. An accredited college background or comparable schooling is required as well as an annual review for tax law changes. Compare our backgrounds to the requirements for personnel at the largest and well advertised tax firms. Also, compare our fees. Despite the low advertised prices of many, our rates compare favorably with all tax services in the Detroit area. You have a choice of three customer-tailored tax services:
ECONOTAX (low cost service for individuals who file standard or normal deductions with few tax problems, \$3.00-\$15.00)
COMPUTAX (low cost computer service for 90% of our customers who want a professionally prepared return at a reasonable cost - average cost \$20.00)
EXECUTAX (for the high income taxpayer who has complex business and tax problems)
FBS offers you more than a professionally prepared return at a reasonable cost. You will receive a quarterly tax alert to keep you informed of tax changes and planning ideas. We guarantee our work and will pay any penalty or interest resulting from errors-we make on your tax returns. All matters are strictly confidential, of course.
As an introductory offer to new clients and friends, mail the coupon below or stop at our office for our free income tax organizer and deduction finder. In addition you will receive a check entitling you to 10% off the regular low price of a computer prepared State & Federal income tax.

'There'll Always Be A SEMCOG' -- Fitzpatrick

By W.W. EDGAR
When he takes over as the new SEMCOG chairman at the annual meeting Friday, Robert FitzPatrick, current chairman of the Wayne County Board of Commissioners, is planning to chart an entirely new course for the Southeastern Michigan Council of Governments.

As the lone nominee for the position now held by Mel Ravitz, head of the Detroit City Council, FitzPatrick will waste little time swinging into action in an attempt to give a new image to SEMCOG, a six-county voluntary association.

"We've been sitting on our hands too long," he stated, "and the time has come to do some positive thinking and take some positive action."

"It's time we stopped begging for members and starting showing the way to make them want to join," he continued. "That can be accomplished only by positive action -- and that's just what we're going to do."

THE INCOMING chairman pointed out that new rules which permits the county to guarantee the dues of all eligible members in the county will be a big help.

"This means that there will always be a SEMCOG," he emphasized. "The \$199,000 the county board pays in guaranteed dues will be refunded as each community pays its dues."

"This means that the county will hold the seats of all those entities who haven't joined or paid dues. We'll vote them, and these communities won't have a voice until they pay their dues and take an active part."

"In practice, this means that the non-members are asking that we make decisions for them rather than having a voice in any action that will have effect on their own communities."

"Educators are a group unto themselves and do not always work for the common good. We'll go on making decisions that could affect them."

--Robert FitzPatrick

The new chairman is confident this approach will give SEMCOG a new image and make the organization attractive enough for all communities to take part.

WHILE HE WOULDN'T admit that it ever would be used as a club, he did point out that SEMCOG must act on federal grants for all entities and that it would be simpler to approve those for member communities.

Among the positive actions he hopes SEMCOG will take are in the area of police and fire protection.

Pointing out that it would be a break for the taxpayer if the smaller communities would contract with a county for these services instead of absorbing the expense of providing their own, he said:

"There's no sensible reason why every little community should be burdened with buying equipment and furnishing buildings when the service can be contracted for at a portion of the present expense."

THE WITHDRAWAL from membership of some of the school districts -- notably Livonia, Plymouth and Farmington within the past year caused the incoming chairman to remark that this is "short-sightedness and a rather selfish attitude."

"Educators are a group unto themselves," he said, "and do not always work for the common good. They are interested only in what SEMCOG can do for them and not what overall good can be accomplished."

"Somehow, they don't realize that the over-all good of a community or area will include them, too. They seem to forget that, as I said, 'there will always be a SEMCOG, and we'll go on making decisions,' decisions that could affect them."

ALTHOUGH some municipalities may think that affiliating with SEMCOG will cause them to lose their individual identities, FitzPatrick was quick to point out that such was not the case and that SEMCOG never was intended to cause the loss of individual identification.

"It just stands to reason," he said, "that there are many things that can be accomplished by joint effort that would be almost impossible for the smaller individual political subdivisions."

"There's the matter of drainage, sewage disposal, environmental programs and the like that can be brought about more easily when we join forces."

"What would happen if each community had to furnish its own?" he asked.

"That's why SEMCOG has to move off dead center and take some positive action. We've got to show these communities we mean business and that things can be done."

HE REPEATED that SEMCOG no longer is going to beg for members. Rather, it will show the way to bigger and better things for all integers.

"And wouldn't it be better," he asked, "if all communities

in the area had a voice in arriving at decisions rather than just a few? One thing is certain -- the decisions are going to be made, and it is short-sightedness if they don't take part."

One of the top priorities will be mass transportation. Like the weather, many persons talk about it, but few do anything.

"We no longer can put it off," FitzPatrick stated. "Transportation is one of our biggest problems. It could be the one program that would link all integers. So why wait?"

Just what course the mass transportation problem would follow FitzPatrick didn't state. But he did promise some objective action.

"We're going to be positive," he repeated. "No longer are we going to put things off we're going to make decisions."

THEN, HOPEFULLY, he added, "we are going to show the outsiders that things can be done ... that problems can be solved ... and outstanding services can be rendered."

"In short, we're going to change the entire SEMCOG image and make membership attractive."

Is Mother's Career A Right Or A Privilege?

By BETTY MASSON

Mrs. Betty Elkins had a problem. Would she be a "bad mother" if she left her seven-month-old son and went back to work?

After calling her husband's attention to the problem (by kicking a hole through a door), she decided to consult her pediatrician.

The pediatrician answered her question with a question.

"Why did you pick me as your baby's doctor?" the lady asked.

"You've already made your decision," she said. Then she went on to explain that most people think there are only two kinds of mothers...those who are home and happy and those who are working and unhappy.

"There's a third kind," said the pediatrician. "The mother who works and is a better mother because of it."

Mrs. Elkins told her story Thursday at a conversation on "The Child and the Working Mother," held in Ann Arbor at the University of Michigan's Center for Continuing Education of Women.

She was one of four panelists, all of whom agreed that working is fun, but it does cause problems for a mother. Many of these problems are connected with feelings of guilt.

Mrs. Elkins decided to make use of her law degree and is employed by a firm with offices in Ann Arbor and Detroit. Her baby is now 13 months old.

Mrs. Bea Kahn was another panelist. The mother of three grown daughters, she has been working as a social worker since the youngest was three. She is employed by the Ann Arbor Child and Family Services.

Panelist Lynn Mattoon is a lecturer in philosophy and moderator of an Ann Arbor television show called "Girls and Women." She is the mother of two pre-schoolers.

Carly Houser is a doctoral student in population planning. The winner of a 1971

CEW scholarship, she is employed and has two sons, aged nine and 11.

AMONG THE interesting points were:

"Never before has society expected that a mother would take full, unrelieved care of the children...this expectation is unique...and I don't think it's a workable expectation. Even in the 1930s, the middle class family had servants,"--Mrs. Hauser.

"Today the average woman has her last baby when she is 26. Even if she stays home with her kids, what does she do after she's 40? Parenting is only a fraction of her life"--Mrs. Hauser.

"Whether mothers feel guilty or not, three and four-year-olds are going to be in public schools," --a member of the audience concerned with child care in Ann Arbor.

"There seems to be a generational difference. We who were young mothers 20 years ago felt terribly guilty about working, partly because we enjoyed it. As a result, we were determined that no one was going to suffer because of it.

"There is an increasing feeling among young women that working is their right and not a privilege. They don't feel apologetic and they don't feel they have to knock themselves out,"--Mrs. Kahn.

"I've been much happier since I went back to work...I'm not messing up anyone's schedule but my own...you have to make a lot of accommodations because the family has already made accommodations,"--Mrs. Elkins.

"If I were two people, I'd be much happier," a working mother in the audience.

"We find repeatedly that when a woman comes into our office complaining that she can't do a thing gets a job, she can do everything,"--Mrs. Kahn.

"Children do take time and energy and this is a terribly personal decision,"--a member of the audience.

"WE KNOW FROM statistics that you don't have any more difficulties with children when a mother works. The quality of parenting is the important thing,"--Mrs. Kahn.

"An active working parent is a good model for children,"--Mrs. Houser.

"We discussed the working mother at our agency. The discussion created a lot of emotion,"--Mrs. Kahn.

Each of the panelists explained how she handled some of the difficulties involved. For Mrs. Elkins and Mrs. Mattoon, pre-school child care was the important consideration.

"Once the decision was made, I first made sure my little boy was cared for in the best possible way," said Mrs. Elkins. "Then I set about getting a job. Many people do it the opposite way. I think my way is best." She found a nurse who was anxious to get away from the hospital atmosphere a few hours a day.

In order to work her schedule around that of the family, she does not stay late at the office. Instead she comes home over the dinner hour, and returns to the office after the baby is in bed. She is presently working 60 to 70 hours a week, but can get along on five hours sleep a night. Also she has no housework to worry about, and her husband's hours are flexible.

MRS. MATTOON found "you have to get out and at the same time it's more difficult to leave pre-school children." She likes having a part-time job and believes that taking children to other people's homes is the best answer, "if you can find the right home."

Calling herself "anti-institutional," she said she did not think that day-long centers were good for young children. Being in a group constantly (children need to be alone sometimes too) and being with only one age group are bad features of this type of care, she feels.

She suggested more flexible schedules for husbands and "extended families" of friends or relatives might be better answers.

Mrs. Houser, whose family consists only of herself and her sons, claims that many parents underestimate their children.

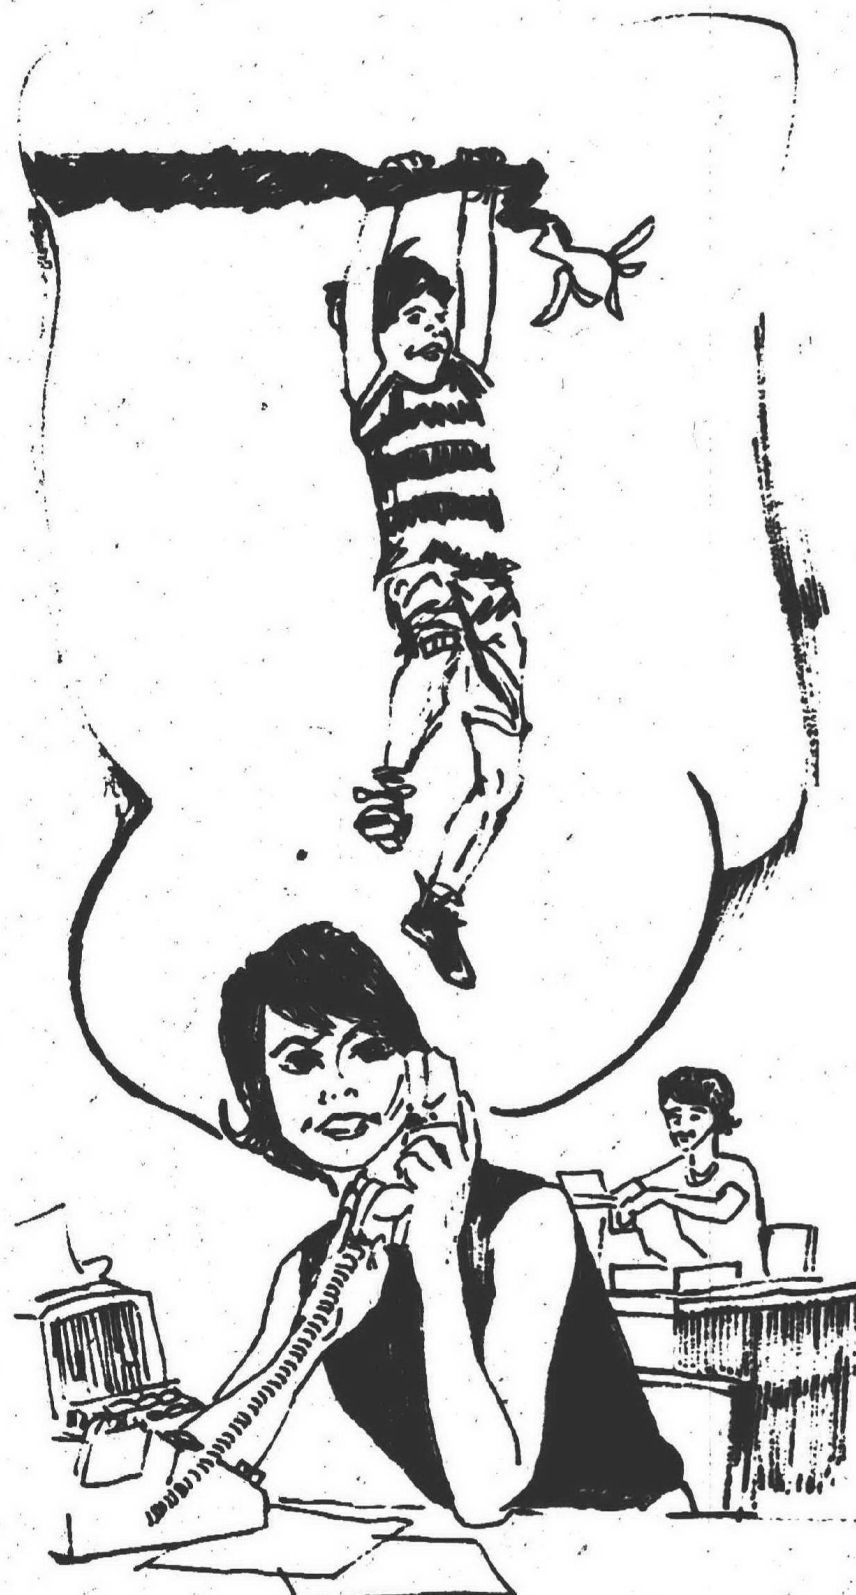

"They underestimate what children can understand and what they can do, and they don't talk things over with their children."

Among the things Mrs. Houser discusses with her children are safety procedures and emergency rules.

Each boy is responsible for his own behavior. The older is not put in charge of the younger.

"We work with a flexible schedule," she said, "and we always have something to look forward to, a movie, a concert or a trip. The early evening hours are essentially family time." Mrs. Houser has found that seeing her work on her thesis has influenced her sons to put more effort into their school projects. In fact, sometimes she has to remind them that they are not working for their doctorates, and insist that they cease.

Even for Mrs. Kahn, the problems of being working mother still exist. She still has to arrange her vacations and holidays around her daughters' plans.

Spotlight on Women

ROSCOE DRUMMOND, Livonia Town Hall speaker, chats with two "mothers" of American Field Service exchange students visiting in Li-

vonias this year. Mrs. Eileen Smith is at the left and Mrs. Ruth Warner is in the center. (Observer photo by Bob Woodring)

Drummond Advises

Get Off 'Dead Center'

By MARGARET MILLER
Women's Editor

Some fundamental changes in the United States government's mode of operation would mean a stronger nation, in the opinion of Washington columnist Roscoe Drummond. Among them would be

strengthening the presidency, scrapping the seniority system in Congress and moving toward less decentralization and a stronger federal government, he told a Livonia Town Hall audience last week.

"Our political institutions

are stuck at dead center," Drummond told several hundred women in the Terrace Theater talk.

"The lobbyists get what they want. But for 30 years the predominant will of the American people has been in favor of a strong anti-gun law.

We have a weak anti-gun law. "For 30 years there has been great sentiment in favor of direct election of the President. Nothing happens. We still have the electoral college."

WHAT'S NEEDED.

Continued on Page 6C

m. m. memos

One of Michigan schools' musical traditions has us running around in circles and up and down a lot of scales these days.

It was five years ago that we first heard about Solo and Ensemble Festivals. We learned quickly then they took place many miles away and involved many more young musicians performing on their instruments.

That first year our then seventh-grader joined a friend in a very simple duet and they came home delighted with blue ribbons that denoted a rating of 1.

Things have mushroomed since then. Lots of blue ribbons (and red ones that mean a 2 rating) have been awarded and carefully saved.

By the second year, two in the family were involved, and one made her first try at piano accompaniment, playing for her sister.

Another Solo and Ensemble rolled around, and they both were soloing and somewhat laboriously playing accompaniments. Sister No. 3 got into the

piano act last year, before she was eligible for the junior high level solo competition.

So we come to the current year and the final flurry of preparation. At last count we figured three instrumentalists in the family were involved in 15 events, what with clarinet, bassoon and French horn solos, an octet and a lot of playing the piano for friends.

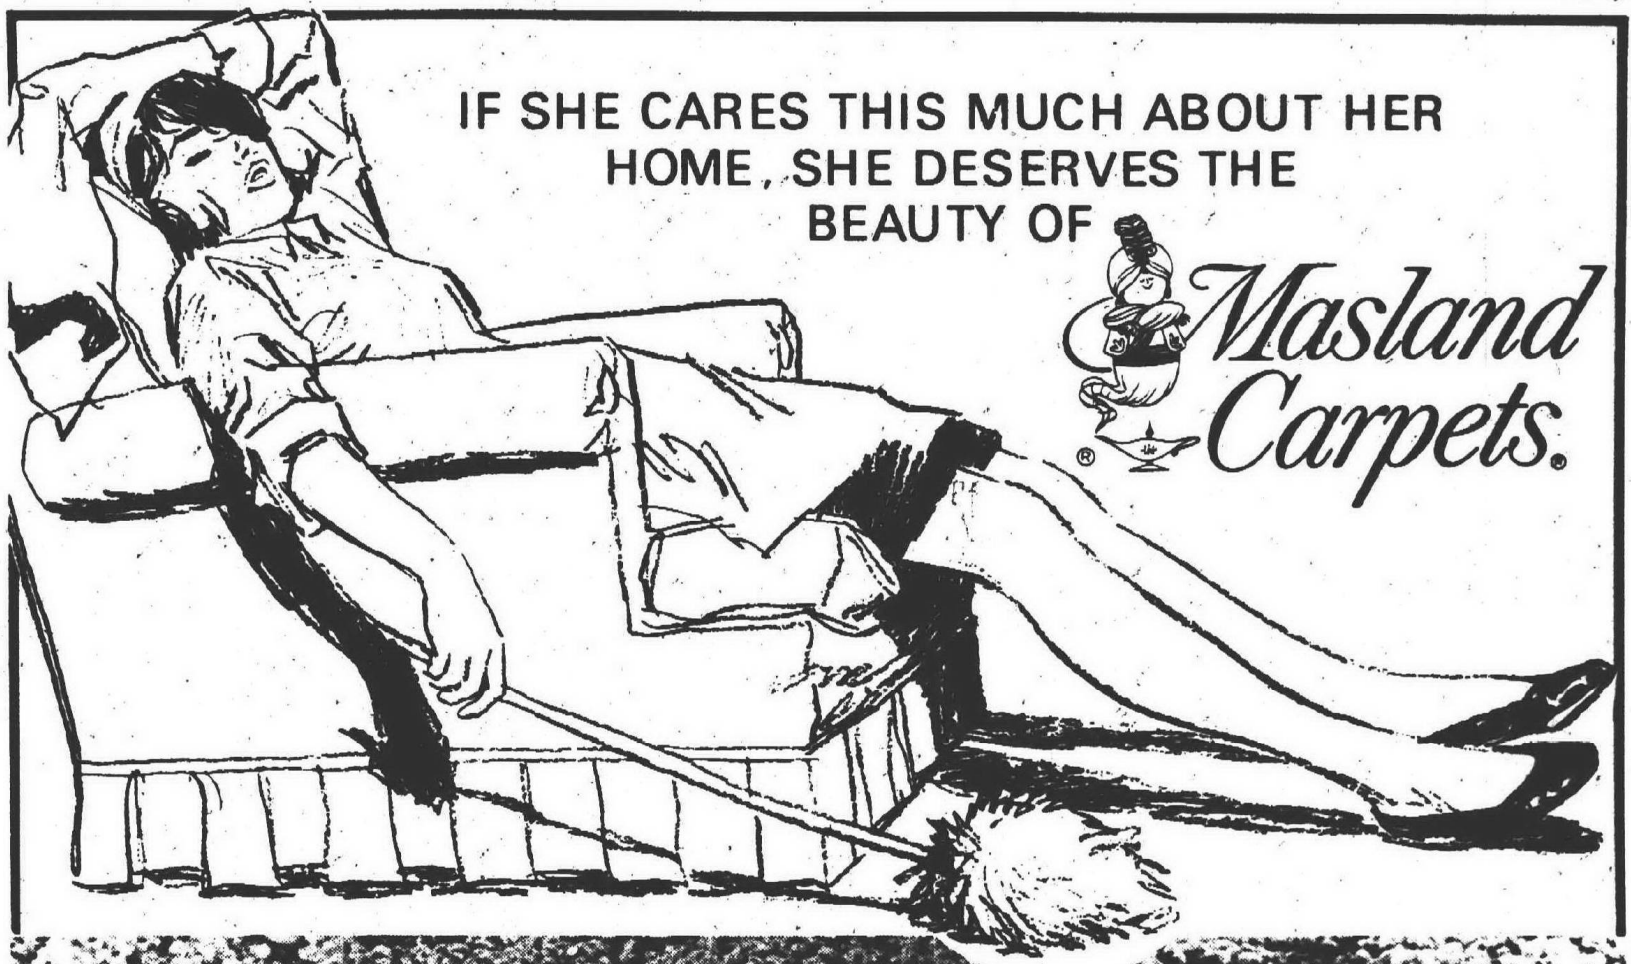

It's the time of year when everybody practices a lot. The beat-up piano in the basement, the two music stands and the metronome get quite a workout. Also the eardrums.

One teacher asked if we had a sign-up sheet by the piano. It might be a good idea.

But in spite of all the work, the girls wouldn't think of missing the excitement of Solo and Ensemble.

And in spite of all the complications, I wouldn't miss this time of year either. It makes worthwhile all those music lessons.

—Margaret Miller

MRS. SYLVIA KATZ, (left), Livonia area March of Dimes chairman, talked over plans for the current campaign during a recent kickoff meeting with Carmen Dones, national March of Dimes poster child, and Metropolitan Chairman Gordie Howe. Mothers throughout Observerland are ringing doorbells this weekend to ask for contributions to aid the fight against birth defects.

Toastmistresses To Host Conference

The Redford Toastmistress Club, an organization of Observer area women interested in public speaking, will host a regional conference Saturday, Jan. 29.

The meeting, designed to help women prepare for speech contests, will be held in the Holiday Inn in Southfield from 10 a.m. to 3 p.m. The Inn is located at 26555 Telegraph.

Toastmistress club members from the Great Lakes region will attend. Mrs. Lynn Reese of Columbus, regional supervisor, will be guest speaker, and Mrs. Stuart Schaeffer, president of the Redford Club, will give the welcoming address.

Assisting in the arrangements are Mrs. John Ralston of Farmington, Mrs. George Hindmarsh of Livonia and Mrs. Earl Philip of Plymouth.

The Toastmistress organization is designed to enable women to develop themselves in various spheres of living - home, business or public life. It presents a tested method of learning in all phases of communication and personal self-development.

The meeting is open to all area women, but luncheon

reservations are necessary. For reservations call Mrs. John Ralston, 25544 Brookview, Farmington.

Moms, Dads Plan Dance

The Moms' and Dads' Club of St. Mary's Preparatory School, Orchard Lake, is sponsoring a "Belles and Beaus" dinner dance beginning at 7:30 p.m., Saturday, Jan. 29. The event will be held in the Knights of Columbus Hall, Holy Cross Council, 4381 Larkins, Detroit. Reservations must be made by calling the school.

Late Start

Col. Harland Sanders started his multimillion-dollar fried chicken business by investing his first social security retirement check - for \$105.

KAREN RINGER

Mr. and Mrs. Richard Ringer of Livonia announce the engagement of their daughter, Karen Lisa, to Joseph Cirka, son of Mr. and Mrs. Joseph Cirka of Southfield. The wedding will take place Feb. 12.

Heart Of Gold Lunch Honors Good Neighbors

Women who are known as good neighbors will share the spotlight with television personality Virginia Graham in the fifth annual Heart of Gold award luncheon Feb. 8 in Cobo Hall.

Between six and 12 Heart of Gold winners from Wayne, Oakland and Macomb counties will be honored on that occasion, and Miss Graham will be the speaker.

Heart of Gold recipients will be selected from 130 volunteers nominated for the award by community agencies, groups and individuals.

SIX COMMUNITY leaders are serving on the panel of judges that will meet Thursday, Jan. 20, in the Pontchartrain Hotel to choose the finalists.

Judges include advertising executive Charles F. Adams, banker Charles T. Fisher III, newspaperman Grant W. Howell, former Detroit Controller Alfred M. Pelham, financier Alan E. Schwartz and Sister Anna Suttman of St. Joseph Hospital in Mt. Clemens.

Volunteers to be cited represent six major categories. These include unsung heroes and services related to youth, community groups, cultural and educational activities, senior citizens, health-related organizations and inner city groups.

MORE THAN 2,000 tri-county residents are expected to attend the recognition luncheon planned by the award council, comprised of 42 leading women's organizations.

Mrs. Lee Hills of Detroit is council chairman, and Mrs. Mary Denzig of Farmington represents the General Motors Girls Club and is serving as screening and judging chairman.

THE LUNCHEON headliner stars in the NBC "Virginia Graham Show" televised daily throughout the country and carried locally by the WWJ Station, Channel 4.

For seven years, she guided "Girl Talk," acclaimed the most successful and longest running of the syndicated five-days-a-week shows.

YWCA Will Give 'Self-Starting' Tips

Possibilities for community service, employment and further education and training will be covered in a new course for women at the Northwest YWCA, 25940 Grand River, Detroit.

Mrs. Lucille Cantoni, director of Family Services of Metropolitan Detroit, will be one of the speakers.

THE COURSE, entitled "Project: Self-Start" will run for three consecutive Mondays, beginning Jan. 31. The sessions will run from 9:30 a.m. to 2:30 p.m.

Cost of the course is \$1.50, which should be sent along with the applicant's name,

address and telephone number to the YWCA.

Mary White, financial aids officer, Oakland Community College, will deliver the opening address. Information on employment opportunities will be covered in the afternoon.

THE SECOND day of the workshop, Feb. 7, will feature information on community service opportunities, application and interview tips and a section entitled "Sizing Up Your Image."

The final day, women will meet in small discussion groups to discuss vocational interest categories from various fields and hear a panel discussion on education and training opportunities. Mrs. Cantoni will close the sessions with a talk on "The Greatest Possible You."

Marcia Wilson Is Bride

St. Mary's Catholic Church in Iowa City was the setting for the Jan. 22 wedding of University of Iowa students Marcia Ann Wilson and Stephen Arthur Swift.

The bride is the daughter of Mr. and Mrs. Stephen F. Wilson of Surrey Drive, Livonia. Mr. and Mrs. Arthur M. Swift of Davenport, Iowa, are the bridegroom's parents.

THE BRIDE'S GOWN was stain with imported venise lace covering the drop-shoulder empire bodice. Matching lace bordered the skirt and chapel train. She wore a lace Juliet bonnet and carried a cascade of white carnations and roses.

Nancy Wilczynski, of Inkster, cousin of the bride, was maid of honor. Her gown had a wine velvet skirt and pink carrie bodice, and she carried pink carnations.

The bridesmaids were Mrs. Barbara Van Osten of East

MRS. STEPHEN SWIFT (Marcia Wilson)

Lansing, Eileen Levitt of Huntington Woods, Mrs. Donna Kopf of Iowa City and Mrs. Sandi Bendixen of Davenport, sister of the bridegroom.

JAMES PRIESTER of Davenport was best man. Seating the guests were the bridegroom's brother-in-law, Devere Bendixen, the bride's brothers, Brian and Gregory Wilson of Livonia, David Schumaker of Bettendorf, Iowa, and Craig Bachelier of Davenport.

A reception in the University Athletic Club, Iowa City, followed the rites.

The newlyweds both are 1971 graduates of Michigan State University. The new Mrs. Swift is a graduate student at the University of Iowa, and her husband attends law school there.

LINDA BENETTI

Mr. and Mrs. Anthony Benetti of Deborah Avenue, Redford Township, announce the engagement of their daughter, Linda Susan, to John Miskowski, son of Mrs. John Miskowski of Detroit. A May 5 wedding is planned.

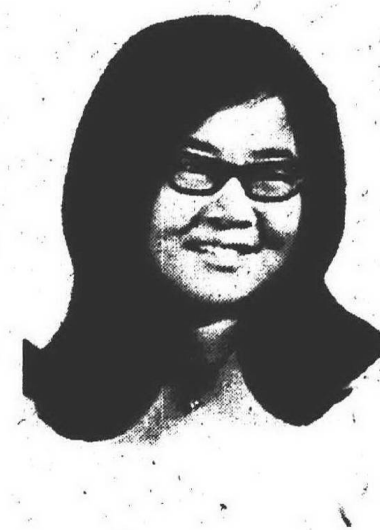

JUDY BENNETT

Mr. and Mrs. William Bennett of Starkweather Road, Plymouth, announce the engagement of their daughter, Judy Lynn, to John Halsey Spruhan, son of Mr. and Mrs. John G. Spruhan of Woodland Place, Plymouth. Both are 1968 graduates of Plymouth High School. The bride-elect attended Judson College in Elgin, Ill., and now is studying in the Cook County School of Nursing in Chicago. Her fiancé is a senior at the University of Michigan. They plan to marry late in the spring in the Albany Park Baptist Church in Chicago.

CHRISTINE PAPAIZIAN

Mr. and Mrs. Aray Papazian of Schaller Drive, Garden City, announce the engagement of their daughter, Christine E., to George J. Kordie, son of Mr. and Mrs. George Kordie of Radcliff Avenue, Garden City. The bride-elect is a 1971 graduate of Garden City East High School and employed by a Detroit insurance company. Her fiancé, a 1970 graduate of Garden City West High School, is a student at Adrian College. They plan to marry July 15.

LEE ANN CLINE

Mr. and Mrs. James Cline of Garden City announce the engagement of their daughter, Lee Ann, to James Rhiner Van Sickle Jr., son of Mr. and Mrs. James Van Sickle of Waldwick, N.J. The bride-elect is a 1970 graduate of Garden City West High School. Her fiancé graduated from the University of Michigan in 1971 and is a second lieutenant in the U.S. Air Force, stationed at San Antonio. They plan to be married Feb. 11.

SHARON TRAUB

Mr. and Mrs. Stephen Traub of Auburndale Avenue, Livonia, announce the engagement of their daughter, Sharon Lorraine, to Gregory Thomas Green, son of Mr. and Mrs. Ralph Green of Edgewood Avenue, Livonia. The bride-elect is a graduate of Bentley High School and Schoolcraft College and is studying art at Eastern Michigan University while employed part-time by the advertising department of Observer Newspapers, Inc. Her fiancé, a 1970 graduate of Stevenson High School, is employed by Michigan Bell Telephone Co. and will be serving in the U.S. Air Force after January. They hope to marry this spring.

Ashtons Have Westland Home

Mr. and Mrs. John E. Ashton Jr. are making their home in Westland following their recent marriage in St. Valentine Catholic Church, Redford Township.

Mrs. Ashton is the former Barbara Ann Collings, daughter of Mr. and Mrs. Alfred L. Collings of Hunters Point Road, Farmington. Mr. and Mrs. John E. Ashton of Royal Oak are the bridegroom's parents.

The Rev. Sidney Eckert officiated for the double-ring candlelight ceremony.

GIVEN IN MARRIAGE by her father, the bride wore a floor-length gown of white peau de soie with alencon lace on the bodice and bishop sleeves and lace medallions applied on the skirt and chapel train.

A profile band of matching lace held her triple-tier elbow-length veil. She carried a Victorian bouquet of white sweetheart roses, gardenias, baby's breath and stephanotis.

Bridal attendants wore floor-length Victorian gowns of moss green velvet with ecru lace trim.

Leslie Johnson of Birmingham was maid of honor, and the bridesmaids were Christine Collings, sister of the bride, Carol Mannisto, sister of the bridegroom and Diane Martin of Inkster.

Kathleen Collings, also sister of the bride, was junior bridesmaid, and Jill Smith, niece of the bridegroom, was flower girl. The ring-bearer was the bridegroom's nephew, Daniel Mannisto.

ASSISTING the bridegroom were Gerard Pound of Ypsilanti, as best man and Thomas Collings, brother of the bride, Robert Muir of Farmington and Mark Oemke of Westland as ushers.

For the wedding and champagne supper reception in Kingsley Inn, Bloomfield Hills, Mrs. Collings chose a soft pink chiffon gown with lace underlay on the bodice and sleeve cuffs, and Mrs.

Ashton wore a floor length empire gown in a pomegranate shade.

The wedding trip was to Washington and New York City.

The newlyweds both are graduates of North Farmington High School. The new

Mrs. Ashton attended Central Michigan University and now is employed as a secretary in Southfield.

Her husband graduated from the University of Michigan and is employed as an engineer by Caliber Construction Co., Oak Park.

MRS. JOHN E. ASHTON JR. (Barbara Ann Collins)

Pictures for wedding and engagement announcements must be mailed or brought to the office of The Observer Newspapers, 36251 Schoolcraft, Livonia, 48150. Forms to supply the necessary information also may be obtained there. Pictures should be black and white and clear, and wedding pictures must be of the bride alone.

Our picture-printing charge is \$2.50 for engagement and one-column wedding pictures, and \$5 for two-column wedding pictures. Checks should be made out to The Observer Newspapers.

Pictures can be mailed back only if an addressed and stamped envelope is supplied. They also may be picked up at the office at 36251 Schoolcraft after publication.

There is no charge for a wedding or engagement announcement with no picture.

It is not possible to inform you exactly when the announcement will be printed. Extra copies of the paper in which it appears must be ordered after publication through our Circulation Department.

TO FRIENDS OF DALE TROJAN

(... and there are many!)

We're sure you've missed his booming, enthusiastic greeting, his genuine concern for you and your comfort at home, his wealth of knowledge and experience that benefited so many for 19 years at the Pleasure and Leisure Shop.

Quite frankly, McLaughlin's of Southgate is so pleased to offer his talents again to old friends that we're using this means... but unless you know Dale or know another exceptional man in our "business" you may not understand this.

McLaughlin's is a shop where "people" make the real difference. Many of the staff began their experience as boys at their father's side, like Dale did, and there is a difference... Call it - "old school," or whatever! — If you would like to talk to Dale or the other "people" that are different at McLaughlin's... call or come in! (... and we didn't even mention the Winter Sale savings)

6 Reps Defeat Abortion Bill

LANSING Only two of Observerland's state representatives voted for an abortion reform proposal that was put before the legislators last week as an amendment to the state's criminal code.

The proposal failed in a 27 to 60 vote with Reps. Joseph Forbes (D-Oak Park) and James Defebaugh (R-Birmingham) voting for it. Negative votes were cast by Reps. John Bennett (D-Redford Township), Marvin Stempien (D-Livonia), James Tierney (D-Garden City), Richard Young (D-Dearborn Heights), Thomas Brown (D-Westland) and Raymond Baker (R-Farmington).

THE SENATE passed a bill last year which would permit abortions in the first 90 days of pregnancy and limit them to Michigan residents.

The House tabled the Senate bill and has not put it up for consideration since.

"It was my feeling that there are many cases, particularly with young unmarried girls, in which an abortion would seem to be the best course," Forbes said.

"These girls should not have to endanger themselves with questionable illegal abortions. Also, the present law discriminates against the poor and lower middle class. Unlike those with means, they cannot afford to travel to some distant state for an abortion," Forbes said. "They are the victims of the abortion quacks."

Madonna Sets Talk By Rabbi

"Jewish Christian Relations in the Aftermath of Vatican II," is the topic of a lecture given at Madonna College, 36600 Schoolcraft, Livonia, on Thursday, Jan. 27 at 7:30 p.m. The lecture will be given by Rabbi R. Monte Syme of Temple Israel in Detroit.

Rabbi Syme, who is a spiritual leader of Temple Israel in Detroit, is a native of Winnipeg, Canada, where he attended college. He has completed credits and examination for a Ph.D. degree at the University of Pittsburgh and is presently writing his thesis.

Some of his many contributions to human rights included service as: co-chairman of the mayor's study committee on crime and crime prevention; past president of the Family Service Society; board of trustees member of the Emergency Psychiatric Facilities for Children, Inc.; co-chairman of the White House conference for the aging; member of Wayne County citizens committee on juvenile delinquency; trustee of Michigan Inter-Marriage, Divorce and the

**RABBI MONTE SYME**
At Madonna

Family; member of Greater Detroit chapter, Michigan Association for Emotionally Disturbed Children; and board member, Michigan Council for the Study of Abortion.

Rabbi Syme lectures on college campuses under sponsorship of the Jewish Chautauqua Society, an organization which creates better understanding of Jews and Judaism through education. The Jewish Chautauqua Society is sponsored by the National Professional Association on Marriage, Divorce and the

Club Sets Trout Talk

A new and scientific approach to trout fishing will be presented at the next meeting of the Michigan Fly Fishing Club. The program is Wednesday, Feb. 2, at 7:30 p.m. in the Bentley High School gym, Five Mile at Hubbard, Livonia.

Doug Swisher and Carl Richards will present "Selective Trout," a slide

show and narrative.

The Michigan Fly Fishing Club is devoted to the art of fly fishing, fly tying and rod-building and the protection of gamefish and their natural habitat, according to club secretary Joyce LeClair of Westland. The club's mailing address is PO Box 114, Dearborn, 48124.

Sen. Cooper Gets Top Postage Bill

LANSING State Sen. Daniel Cooper (D-Oak Park) was the biggest spender for postage in the Senate for 1971.

Cooper topped the list of 38 senators with a postage bill of \$11,943 for the year. Coopers bill was nearly \$4,000 over the next highest spender, Sen. Jack Faxon (D-Detroit), whose bill totaled \$8,054.

Expenditures for postage totaled \$6,294 for Sen. David Plawecki (D-Dearborn Dearborn Heights) and were \$1,637 for Sen. William Faust (D-Westland). Plawecki was sixth highest and Faust was 23rd.

Sen. Carl Pursell (R-Plymouth) had a total bill of \$543. He was 30th on the list.

Teacher Course At Madonna

A new course, "Workshop: Models of Teaching with Emphasis on the Learner," will begin Feb. 1 at Madonna College, 36600 Schoolcraft, Livonia.

The workshop is for teachers on the elementary and junior high level. The sessions will emphasize new methods of teaching that can be used on the elementary level.

The course, which carries two or three credits, will run from Feb. 1 through April. The course will be held Tuesdays from 4:30 - 6:10 p.m. and one Saturday, 9 - 3 p.m. The sessions will be held at Madonna College and other designated schools.

"Organizing a School According to the Philosophy of Individualization," will be the topic of the first lecture Feb. 1. Some of the topics of the following sessions will include: individualized instruction in action, learning disabilities, individualized progression, open classroom (architectural design) and diagnosing classroom learning, micro-teaching - using video taping for instruction analysis and non-graded and modular scheduling.

Registration will be held on Jan. 28 from 6:30 - 8:30 p.m. Fees are \$36 for tuition per credit and \$11 for college fees and materials. For further information, contact Sister Lauriana at the college.

MSU Alumni 'Get-Together' Is Feb. 23

Robert Schackleton, director of the Michigan State University Alumni Assn., will speak to the "get-together" of the MSU Alumni Club of Western Wayne County.

It is scheduled for Feb. 23 at 8 p.m. in Vargo's, 30325 W. Six Mile, Livonia.

Schackleton, a veteran radio broadcaster, will speak on student unrest, MSU President Clifton Wharton Jr., medical school progress and other topics.

Highlights of 1971 Spartans football games will also be shown.

Reservations should be made with club President H. Dow Tunis, 16811 Pollyanna, Livonia, 48154. Cost is \$1 per person.

By Continuum Living Skills Are Taught

Are you a woman alone? A man suffering from career menopause? A parent looking for skills? A couple that can't communicate? A woman looking restlessly for a new lifestyle? An adult who wants to be creative?

All of these problems will be tackled in a series of programs offered by the Continuum Center, which recently moved into new headquarters in the Meadow Brook Farmhouse on the Oakland University campus.

A 10-week program of human relations training in the Gestalt Awareness Training sessions began

Tuesday, Jan. 25. Nine more sessions will begin at 7 p.m. Tuesdays.

Communications training for couples is scheduled at 7:30 p.m. Wednesdays, from Jan. 26 to March 1 in the Meadow Brook Clubhouse.

A practical exploration of the social, economical and psychological problems of the woman alone will also begin at 7:30 p.m. Wednesday, Jan. 26, in St. John Episcopal Church in Royal Oak. Divorcees and widows will discuss their legal rights, as well as the problems of raising children alone.

Mrs. Barbara Hoffmann will encourage a renewal of

creativity in adults during a five-week workshop on using the creative process, from 9:30 a.m. to 12:30 p.m. Wednesdays starting Feb. 2 in the clubhouse.

Men will join the lineup Feb. 5 when Jon Greenawalt, personnel director of Guardian Industries leads a Saturday program in communication skills and personal growth for men who are struggling with the problem of the middle years both at home and at work. Orientation is 10 a.m. to 4 p.m. in the Meadow Brook Farmhouse.

Two eight-week series on parent effectiveness training

begin at noon Monday, Feb. 7, and at 7:30 p.m. Thursday, Feb. 10, in the Farmhouse. Parents are given professional insights and skills for the difficult job of raising children.

The investigation into identity program, which is funded by the Kellogg Foundation to help restless women find a new life style, will be offered in four locations this spring. The program of behavioral, vocational and education testing will begin at 12:30 p.m. Tuesday, Feb. 15, in Fairlane in Dearborn.

MRS. JUDITH CHOATE, executive director of the National Foundation for Sudden Infant Death, will speak at 8 p.m. Wednesday, Feb. 2, in William Beaumont Hospital, Royal Oak, for the foundation's Michigan Chapter. The public may hear her talk on the "crib deaths" of 10,000 babies each year in the United States.

Jobs For Women Topic At EMU

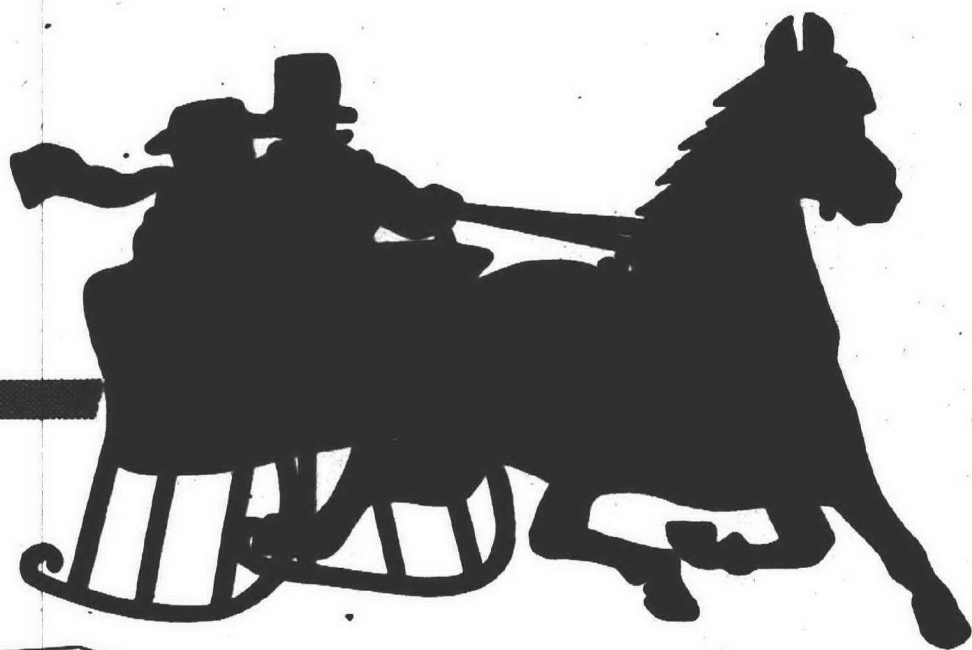

YPSILANTI Elizabeth D. Koontz, director of the women's bureau of the U.S. Department of Labor, will visit Eastern Michigan University Feb. 2 to meet with students, faculty and administrators. She will speak on job opportunities for women at noon in Room 201 of the Pray-Harold classroom building on the EMU campus.

Mrs. Koontz began her career as an elementary and special education teacher in North Carolina. She became the first black to be elected president of the National Education Association in 1968, and initiated the NEA's

conference on critical issues in education. She became head of the Department of Labor's Women's Bureau in 1969 and in that same year was named a delegate to the United Nations Commission on the Status of Women. She has honorary degrees from several colleges and universities, including EMU. Her visit is sponsored by the Cooperative Career Planning Program.

Medicare

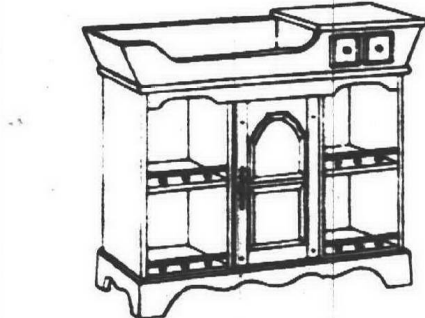

Nearly all of the 20.2 million people 65 and over in the United States are eligible for Medicare hospital insurance.

Drug Programs OK'd By County

Plans for nearly \$2 million worth of programs to combat drug addiction were approved by the Wayne County Board of Commissioners at its latest meeting.

Three programs—two aimed at heroin addiction and one at alcoholism—were given the go-ahead by the county legislative body Jan. 20.

The largest will consist of 10 methadone treatment clinics for heroin addicts, to be operated by the Detroit-Wayne County Community Mental Health Services Board at an annual cost of \$1,602,000.

NO COUNTY funds are involved. The heroin rehabilitation programs will be financed by federal omnibus crime control funds. A \$111,000 grant from the Michigan Department of Public Health will continue an alcoholism treatment program begun a year ago.

The grant for the methadone maintenance program has been approved already by the Michigan Commission on Law Enforcement and Criminal Justice which distributes the omnibus crime funds.

Eight of the 10 clinics will be located in Detroit in areas of high drug activity. One will be in Ecorse or River Rouge and the 10 will be in Inkster. The clinics will serve about 750 patients, primarily persons referred by courts.

County legislators approved

an application for \$177,109 in omnibus crime control funds for SHAR House in Detroit. SHAR stands for Self-Help Addict Rehabilitation and is a successful program operated by former addicts.

THE BOARD OF Commissioners also adopted a resolution opposing a proposal by the state health director, Dr. E. Gordon Yudashkin, to shift a planned 300-bed psychiatric facility from Detroit's Herman Kiefer Hospital to Wayne County General Hospital.

The Legislature appropriated \$4.6 million to expand the Detroit Psychiatric Institute at Kiefer to 300 beds to provide short-term treatment for mental patients from east of Detroit's Woodward Avenue. Patients west of Woodward now go to Northville State Hospital, 20 miles from the city, for such care.

The resolution states that "the location of the facility at Herman Kiefer Hospital assures that patient care can be provided in a community setting which is accessible to both patients and visiting relatives."

Wayne County General Hospital, located in Westland, is 16 miles from Detroit.

Dr. Yudashkin said he proposed the shift to the county hospital partly to offset the possible elimination of 285 jobs there as a result of a state

plan to move some 900 state mental patients out of that hospital to various state facilities.

However, the Board of Commissioners has declared a moratorium on any lay-offs until March 1 until various alternatives to avoid lay-offs are developed.

RELUCTANTLY, the majority of commissioners also appropriated \$637,727 for back pay for the 27 judges of Wayne County Circuit Court, a retired circuit judge and the estate of a deceased circuit judge.

The Board of Commissioners waged a five-year legal battle against the judges' claims, but finally lost after the Michigan Supreme Court denied the board's appeal of circuit court and appeal court rulings that the judges were entitled to the money.

The case began after the Legislature adopted a law in 1966, limiting circuit judges' salaries to \$30,000. The state was paying circuit judges \$20,000 so the county reduced its portion of their salaries from \$14,000 to \$10,000.

The Court of Appeals later declared the state ceiling unconstitutional. After exhausting the appeals process, the Board of Commissioners was advised by its attorneys that it had no choice but to appropriate the back pay.

In-Service Police Class Begins In March At SC

Schoolcraft College and the Wayne County Police Chiefs' Association have joined together to develop an in-service training program for policemen in local area departments.

The 20-hour, two-week training program will be of-

fered at Schoolcraft beginning in March. Local police may apply to attend the course through their respective departments.

Plymouth Police Chief Timothy Ford, WCPA vice president, said, "We've had a concerted effort for seven

years to upgrade the standard of the police officer on the street. One of the vehicles to that is education.

"There's never really been a facility that could be depended on to supply training," Ford said. "The basic police school in Southeastern Michigan is the chief of police - FBI police academy which is conducted in halls, basements, churches or wherever space can be found."

The Schoolcraft program will include training in: police command and supervision; criminal law; arrest, search and seizure laws; and human relations.

The course will be governed by a joint committee of Schoolcraft officials and WCPA officials. Ford credited Livonia Police Chief Robert Turner, chairman of the WCPA training committee, and Ron Griffith, community services director at Schoolcraft, with drawing up many of the program's details.

No Gun Law --Pursell

WALLED LAKE Sen. Carl D. Pursell (R-Plymouth) told members of the Multi-Lakes Conservation Club here that, while Mayor Roman Gribbs may feel that some controls are necessary in Detroit, there is "absolutely no justification to mandate gun control for the entire state."

Speaking to 400 members of one of the largest conservation clubs in the nation, Pursell said "Michigan stands in the forefront with adequate laws in regulating guns.

"Minor changes may be

needed to regulate machine guns and other such devices, but I would emphasize that we should consider stronger enforcement procedures of our present laws as a more sensible approach," said Pursell.

Warning that sportsmen were in danger of losing their basic right to bear arms as provided in the United States and Michigan constitutions, the senator urged that "conservation organizations of the country ought to speak as one voice on this pressing problem."

County Board Honors Porter

"An enduring record of gratitude and appreciation" has been carved by the Wayne County Board of Commissioners in honor of Ike Porter, Plymouth resident who retired last week as superintendent of parks and recreation for the county.

Porter was honored at a testimonial dinner and given a copy of a resolution of the county board honoring his long service. It said:

WHEREAS Carroll L. ("Ike") Porter, superintendent of the Parks and Recreation Department of the Wayne County Road Commission, is retiring Jan. 21, 1972, after 35 years as a loyal Wayne County employee, and—

Whereas many of his numerous friends and associates will gather to affectionately honor Mr. Porter at a testimonial dinner on the evening of Jan. 20, 1972 at Warren Valley Country Club, and—

Whereas Mr. Porter, after graduating from Michigan State University in 1937 with a bachelor of science degree in landscape architecture, progressed steadily through the ranks of some 200 department employees, advancing to parks supervisor, then forestry and field supervisor and demonstrating initiative and ability which earned him the final appointment to department chief, a position he has held for the last 11 years of his distinguished career, and—

"Whereas the highlights of Mr. Porter's career include the opening of the 500-acre William P. Holliday Forest and Wildlife Preserve in Westland, which features 12

miles of hiking trails through unspoiled rustic areas and the creation of the popular Nankin Mills Nature Center, also in Westland, which is a converted grist mill featuring wild animal exhibits and other displays of local nature, and—

"Whereas, Mr. Porter has fulfilled his responsibility while also deeply involved in professional association and civic endeavors, including membership in the Kiwanis, Michigan Academy of Science, Michigan Forestry and Park Association, and the Michigan Chapter of the American Society of Landscape Architects, of which he was president in 1958, and also the Plymouth City Planning Commission on which he has served since 1950, now therefore, be it—

"RESOLVED BY the Wayne County Board of Commissioners this 20th day of January, 1972 that this resolution be spread at length upon the journal of this day's proceedings to stand as an enduring record of gratitude and appreciation for the loyal and lengthy services of Mr. Porter and that a suitably engrossed copy be presented to this dedicated public servant during the dinner held in his honor."

Travel Trailer Show Is Set Feb. 19-27

Some 800 recreational vehicles will be on display during the annual Detroit Camper and Travel Trailer Show.

It's scheduled for Saturday, Feb. 19 to Sunday, Feb. 27 in the Detroit Artillery Armory on W. Eight Mile Rd.

The emphasis is on luxuries as modern trailers and motor coaches go in more for air conditioning, stereo systems, television sets and built-in ovens.

Most popular vehicle is the travel trailer, ranging from 10 to 35 feet in length, followed by the camping trailer, which folds out into a tent affair.

Truck campers are designed to be mounted, either temporarily or permanently, on half-ton or larger pickup trucks. Most luxurious will be the motor homes, self-powered units.

Sponsor of the show is the Michigan Mobile Home and Recreational Vehicle Institute.

Manufacturers Bank Net Up

Manufacturers National Bank of Detroit reported net income of \$14,063,000 or \$6.85 per share for the year 1971 as compared to 1970 net income of \$12,989,000 or \$6.33 per share. It was announced by Roland A. Mewhort, chairman.

Income before securities losses amounted to \$14,217,000 or \$6.92 per share in 1971 while in 1970 income before securities losses amounted to \$13,951,000 or \$6.80 per share. Net securities losses amounted to \$154,000 in 1971 and \$962,000 in 1970.

For the fourth quarter of 1971, net income was \$3,878,000 or \$1.89 per share compared to \$3,011,000 or \$1.47 per share in the same period last year. Income before securities losses was \$3,878,000 or \$1.88 per share compared to \$3,970,000 or \$1.93 per share in the fourth quarters of 1971 and 1970 respectively.

THE AGING SCHOOL BUS at the Wayne County Child Development Center will be rejuvenated with a new custom built engine and transmission presented to the center by Patrick J. Keegan (left), truck service engineering manager for Ford's customer service division. Accepting the engine are Dr. Pasquale Buoniconto (left center), medical superintendent; Sherry Goodwin (right center), recreation director; and Catherine Brown, administrative assistant. Dr. Buoniconto said the bus has outlived three used engines and they "expect this new engine and transmission to long outlast the rest of the bus."

Metropark Guide Map Available

The new Metropark Guide for 1972-73, a map in color illustrating the location of Huron-Clinton Metropolitan Authority park lands, state recreation areas and highway routes throughout the counties of Wayne, Livingston, Oakland, Washtenaw and Macomb, is ready for "free" distribution.

This map has a green cover and shows the location of facilities at HCMA's loop of nine parks in the valleys of the Huron and Clinton rivers stretching from near Lake

Erie to Lake St. Clair. This, the ninth map to be prepared by cartographer Edward Savich, contains detailed information about the new Willow Metropark near New Boston.

The new Metropark Guide is available at Lower Huron Metropark near HCMA park offices.

To obtain a copy by mail write to: Metropark Guide, Huron-Clinton Metropolitan Authority, 600 Woodward, Detroit, 48226.

Decorative Art Classes Start

Classes in decorative arts such as decoupage, paper tole and repousse will begin Feb. 1 in the Carl Sandburg Library, Livonia, under sponsorship of the Livonia Department of Parks and Recreation.

Mrs. Love McCulloch of Livonia will be teacher for the course. She took over the fall series of classes after Mrs. Kay Petris of Farmington, who has taught the course for several years, became ill.

Registration will be held

Feb. 1 from 1 to 3 p.m. in the library, located on Seven Mile between Middle Belt and Merriman. The 10-week course will start the following Tuesday.

Mrs. McCulloch studied with Mrs. Petris and also has been a student at the Society of Arts and Crafts school in Detroit.

Further information on the craft courses is available from William Zerblis in the Livonia Parks and Recreation department office.

Women Voters Will Study U.S. Congress

"The U.S. Congress" will be the topic discussed at a general meeting of the League of Women Voters at 8 p.m., Thursday, Jan. 27, in First Presbyterian Church, Plymouth.

Congressional structures, procedures and practices, their effect on responsible legislative processes will be evaluated by the league.

Members of the league will be asked for suggestions on items they wish the league to study on a national basis for 1972-74.

Mrs. Charles Ayers, 511 Reed Street, Northville, is in charge of arrangements.

Installation Set

New officers of the Mayflower Garden Club will be installed during a luncheon meeting at 11 a.m. Thursday, Jan. 27, in the home of Mrs. W.F. Kennedy, 1465 Palmer, Plymouth. Marie Batterman will be co-hostess.

Continued from Page 1C

Drummond said, he "something between lethargic gradualism and revolution."

"I don't want to patch up the system—that's not good enough—and I certainly don't want to tear it down," he added.

But he suggested that the President might be empowered to move more quickly in many areas—such as the raising or lowering of the income tax—unless Congress acted to stop him.

There was a two-year delay in tax reduction, he said and added:

"We can't wait that long."

Drummond also said he favored an end to the seniority system in Congress and unlimited filibustering, and was inclined to oppose decentralization because "the capacity of government to govern must be equal to the magnitude of the problems, and our biggest problems are national in scope."

ANOTHER CHANGE Drummond thinks advisable is a new method of choosing a vice president.

Predicting that President Richard Nixon might well pick either Treasury Secretary Tom Connolly or New York Gov. Nelson Rockefeller as his running mate, he pointed out that the "choice will be Nixon's alone, and that's regrettable."

"I have reached the conclusion that the vice president is too important an official to leave the choice to one man—even if he is the President," Drummond said. That drew one of the several rounds of applause from the Town Hall audience.

Of Vice President Spiro Agnew, Drummond commented "he's a bright fellow and a better public servant than his image, and he was more right than wrong in his charges against the press and television, though he lacked documentation."

DRUMMOND PREDICTED—more or less by the process of elimination—that Sen. Edmund Muskie of Maine would be the Democratic presidential nominee.

"I think Muskie and Humphrey will pool their strength if either sees he cannot win the nomination," he added, "and the odds seem generally to favor the nomination of Muskie."

TURNING from crystal ball to his topic of the day, "Is Our Democracy in Peril?" Drummond said he really thought "peril" too strong a word but "trouble" would be accurate.
