Only A Delay

A previously voted school tax levy of five mills expires this year for the Plymouth district, and the original plan of the Board of Education was to ask approval of an extension in a special election April 10. Now the attitude is that this wouldn't give enough time for an effective campaign.

Another To Go

Downtown Plymouth soon will be losing its last automobile dealership, Plymouth Township having approved rezoning that will permit Hines Park Mercury to move next to the Kmart center on Ann Arbor Rd.

Costly Bubbles

The beautiful tartan floor in the gymnasium of Plymouth's new high school, and the cement base beneath it, will be torn up beginning May 1 and entirely replaced to get rid of air bubbles. The contractor who built the school will bear the expense.

China Revisited

One of this area's most avid followers of President Nixon's trip to China is a Plymouth lady who visited the same spots many years ago. She talks about China then and now in our Church Section.

Joyful Worship

Three services to mark World Day of Prayer are set in Observerland this week. Joy is the theme for these three, as it is in similar services in 169 countries. Get the details in our Church Section.

Highway Needs Here To Be Aired

By FRED DeLANO

Henrik E. Stafseth and Michael Berry, two of the most important individuals in Michigan in respect to highway planning, will meet with 50 or more Plymouth area civic and governmental leaders Monday in an attempt to establish local highway priorities.

Stafseth is director of the Department of State Highways at Lansing and Berry, who recently became a Plymouth Township resident, is chairman of the Wayne County Road Commission.

Monday's meeting has been called by the Plymouth Area Planning Commission, of which James H. Rossman is president. It has been labeled "Highways to Progress" and Rossman calls it "an information conference for action."

IT WILL BE chaired by John Thomas, president of the Plymouth Community Chamber of Commerce, and will be held in the Thunderbird Inn, beginning with a luncheon at 11:45 a.m. and continuing throughout the afternoon.

Both Stafseth and Berry, plus Robert Larson, planning engineer for county roads, have been asked to discuss plans that already exist or that are in formation for the Plymouth area. In turn, they will hear priority suggestions from representatives of the local governments.

THESE WILL include both the City and Township of Plymouth, Canton Township and the Plymouth Community School District.

The impending population growth of the area—with some school officials predicting the doubling of enrollment within five years—is certain to find

expression in requests for road improvements, but there also are some old stand-bys equally certain to be called to state and county attention.

Among them will be the question of whether there can be any assistance to bring about construction of at least a Sheldon Rd. and perhaps Main St. underpass at the C&O crossing.

Also needing timetable determination are projects calling for the widening of Ann Arbor and Sheldon Rds., and improvement in Joy Rd. The issue of adding on and off ramps at the M-14 freeway and Northville Rd. is another item of likely discussion.

Location of a new southeastern Michigan State Police headquarters in that vicinity has been suggested by officials of Plymouth Township and is under consideration at Lansing. Swift access to the freeway system would be a plus in Plymouth's favor if the ramps can be included in the M-14 project.

SOON TO HOUSE the Plymouth school administration is this building at 454 S. Harvey now occupied by the Michigan Bell Telephone Co. The school district purchased the more than 10,000 square foot building for \$165,000 from owner Earl Demel rather than adding onto its current facility on South Mill. The telephone company, which has occupied the building for about 14 years, will move personnel from this office to Livonia when a new office now under construction is completed. The school district becomes the official owner on June 1 and expects to move in the building before Nov. 1. (Observer photo by Bob Woodring)

Bd. of Ed. Buys Office

Instead of adding on to its current office building, the Plymouth school administration has purchased an office in the heart of downtown for less than it would cost to build a facility of similar size.

The two floor building is at 454 S. Harvey and is currently occupied by Michigan Bell Telephone Co. When construction is completed sometime before Nov. 1 on a new Bell building in Livonia, Bell will vacate the offices and the school district administration will move in.

The building was purchased for \$165,000, compared to the estimated \$120,000 cost of a proposed addition to the current administration offices at 1024 S. Mill.

The proposed addition would have been 4,000 square feet while the Bell building is more than 10,000 square feet plus 63 paved parking spaces and on three-quarters acre of land.

BOARD TREASURER George Lawton called the purchase a "tremendous buy" and said he estimated the cost to amount to \$11 per square foot, far cheaper than the cost of building such a facility.

"We just couldn't possibly build a comparable building for that cost," Lawton said. Asst. Supt. of Business Melvin Blunk said the school district will become owner of the building on June 1 and the telephone company will pay

\$1,200 for every month it occupies the building beyond that date.

He said that school officials are currently studying floor plans of the building to determine the layout when the school district moves into it.

One tentative plan puts the entire business operation in the old facility and the remaining administrative offices at the downtown site. Under that plan, the business, accounting and purchasing offices would be housed in the front section of the current board building and the custodial supply and book warehousing in the back section.

The board meetings would probably continue at the current facility, he said.

New Trial Will Relieve Teacher's '64 Slaying

By EDWARD WENDOVER

A 26-year-old man is still behind prison bars despite a U.S. Supreme Court ruling, issued Tuesday, that his rights had been violated during an investigation of the 1964 murder of Plymouth teacher Gary Smock.

Larry Lee Ranes, who is in Southern Michigan Prison at Jackson, was arrested June 4, 1964—six days after Smock's body was found stuffed in the trunk of his car which was parked on the outskirts of Kalamazoo.

Ranes was charged with murder and with "murder while attempting a robbery." Kalamazoo County Prosecutor Donald Burge told The Mail and Observer.

THE U.S. Supreme Court ruling in effect meant that Ranes' conviction on those charges is negated and a new trial ordered.

"We're definitely going to retry him on this," Burge said. The county prosecutor said he was not sure when the new trial would begin but that he had talked to Ranes' attorneys and it was hoped that proceedings would begin "in the very near future."

Tuesday's U.S. Supreme Court ruling upheld a Michigan Supreme Court decision that defendants must be advised of their rights to remain silent and to consult an attorney before they are interrogated by a psychiatrist.

RANES' ATTORNEYS had argued that police refusal to provide him with an attorney before he was interviewed by psychiatrists violated his constitutional rights. They contended that much of Ranes' prosecution was based on the psychiatrists' testimony. The State of Michigan argued that Ranes requested a

lawyer before his psychiatric exam but only as "a passing comment and not a request that all interrogation cease." The state argued that Ranes did not resist the examination by psychiatrists even though he had not talked to a lawyer.

The conviction was appealed to a lower court on those grounds, but the lower court let the conviction stand. Ranes' attorneys appealed to the State Supreme Court, which overturned the conviction last August.

Then Burge appealed to the U.S. Supreme Court, which upheld the Michigan Supreme Court ruling. Burge had asked the U.S. Supreme Court to be allowed to address the courts again on the case but his request was denied.

Ranes, who was 19 when arrested, has remained in jail for seven years and will be moved back to Kalamazoo when the new trial is scheduled, Burge said.

U-M Gives PHS Perfect Score In Ed Processes

By KATHY MORAN

For the first time, an evaluation of Plymouth High School came up with all plus signs.

The high school is evaluated regularly by the University of Michigan Bureau of School Services between evaluations by the North Central Accrediting Assn. and this year the final report indicates that the school does not violate any of the minimal regulations set by the association.

The report of accreditation and evaluation was heavy with praise for the school, its administrators, students, faculty and the community.

THE SCHOOL is evaluated in terms of its teaching facilities, staff, course offerings, equipment, and library resources.

Last year it was criticized because of inadequate resource materials available to the students. These include study carrels, filmstrips, tape recordings, books, etc.

The high school was in the process of setting up a media center at the time of that evaluation.

In the past, the high school was criticized for inadequate facilities and staff, which was remedied when the new school was occupied.

DR. PHILIP HANSON of U-M met with the high school administration and Acting Supt. John Hoben in evaluating the school.

In his report, Hanson commended the school district and community for providing the new high school facility and for planning two high schools on the Centennial Educational Park which will "provide even greater opportunity and flexibility of program for individual students."

"The new high school program represents even more improvement over the old program than the school plant change would suggest," Hanson stated. "Five years

ago the school students at Plymouth High School were on a traditional school day with a total offering of 104 units (classes)."

"In 1971-72 the program is a flexible modular scheduled class arrangement with a total offering of 133 units. This means an individual student has more courses from which to choose, and the computer can plan his week's program to meet his needs and wishes."

HANSON FURTHER states that "the students in the school and classroom setting were observed to be very productive and actively engaged in the learning processes associated with high achievement. The new programs certainly provide wide latitudes of opportunities."

"The staff and faculty appear to be thoroughly pleased with the new programs, and how the new school provided increased opportunities for their role in the educational process."

8th, 9th Graders To Meet

Present eighth and ninth grade students who will be high school freshmen and sophomores in September are urged, with their parents, to attend one of three "registration explanation" meetings scheduled during the coming week.

The meetings have been planned to explain Plymouth high school class registration procedures and will be held in the high school auditorium.

All will be at 7:30 p.m. and the session Tuesday, Feb. 29

will be for incoming freshmen, now eighth graders at West, Pioneer or East Middle Schools. The meeting Wednesday night, March 1, will be for incoming sophomores, now attending the ninth grade at Central.

The third session, Thursday, March 2, will provide information for both groups for the benefit of students and parents unable to make either of the earlier meetings.

All 1972-73 seniors will attend Plymouth High School, but the 9th, 10th and 11th

graders will be assigned to buildings according to their elementary school attendance area.

Students residing in the attendance areas for Tanger, Farrand, Starkweather, Allen and Fiegel schools will attend the new Canton High School building which will open in September.

Those students who reside in the attendance areas of Smith, Bird, Isbister, Gallimore, Geer, Miller and Truesdell will have their classes in Plymouth High School.

THE INTERNATIONALLY KNOWN Augustana College Choir of Rock Island, Ill., will present a concert of sacred and secular music at 1 p.m. Wednesday, March 1 in the Plymouth High School auditorium as part of a 25-city tour. Although essentially for the entertainment of students, there will be 250 balcony seats available to the public. There will be no admission charge.

Bird Houses Can Bring \$\$\$

PLYMOUTH Cash awards totaling \$190 top the prize list being offered by the Plymouth branch of the Women's National Farm and Garden Club in the bird house contest which is open to persons of all ages within the local community.

Those who wish to build bird houses should send their entries to Mrs. Ralph Lorenz, 45885 W. Ann Arbor Trail, who is the chairman of the project. The finished products must be turned in by March 30.

For each of the four categories — martin, wren and

bluebird houses plus bird feeders or other specified bird — the first prize will be a \$25 savings bond and a second prize of \$10 cash. Third prizes will be bird prints.

IN ADDITION, the house deemed by the judges to be the most outstanding will carry a special award of a \$50 bond. Twenty-five paper back books, "Birds of North America," will be given to meritorious contestants, and ribbons of merit will be presented all who participate. Mrs. Lorenz also announced

that in recognition of the efforts put forth by all the schools, the Garden Club will award a fine book on birds to the school attended by the winning student contestant.

In addition to Mrs. Lorenz, Garden Club members who may be contacted for information regarding contest rules are Mrs. George Schmemman, Mrs. Gerald Hon-dorp, Mrs. James O'Day, Mrs. A.E. Van Ornum, Mrs. E.G. Ott, Mrs. Allyn Fletcher and Mrs. Angelo DiPonio. "Everyone is being encouraged to build a summer

place for a couple of friends — feathered ones, that is," said Mrs. Lorenz.

She called bird houses "the symbol of garden hospitality," and said that the club's goal is to have one in every Plymouth yard. It is the first such contest sponsored here in 30 years.

"Houses may be as elaborate or as simple as the builder wishes," she stated. "However, the floor dimensions must conform to the specified ones for the house chosen."

New Books In Library

Those who read "The New Centurions" with enjoyment will be anxious to read Joseph Wambaugh's new novel, "The Blue Knight." This is a realistic novel about an average cop on the beat.

Based on an actual case of a liaison between an eminent physician and a young married woman that scandalized London in the 1870s, "Dr. Gully's Story" is a new book by Elizabeth Jenkins. Viewing the world at once through 19th and 20th century eyes, Miss Jenkins has crafted a subtle love story that is both the touchingly drawn portrait of a man of rare sensitivity and the perceptive dissection of an age that claimed compassion, yet acted cruelly.

Henry Carlisle has written "Voyage to the First of December." This historical novel deals with a little-known mutiny aboard a U.S. brig of war in 1842, which led to the hanging of the 18-year-old midshipman son of the then secretary of war.

A different historical setting appears in Derek Robinson's "Goshawk Squadron." Robinson depicts the World War I aerial warfare experiences of a British squadron under a Martinet of a commanding officer.

"The Safety Matches," by Robert Sabatier was first published in France, and has now been translated into 14 languages. It is the story of a small French boy, newly

orphaned, growing up in Montmartre in the 1930s. Readers of all ages will find much to admire in Sabatier's spare, sensitive prose and nostalgic re-creation of Paris just before the outbreak of World War II. But most of all they will discover in the story of Olivier and his dreams and fears half-forgotten truths of their own growing up, for rarely has a novel penetrated so deeply into the very heart and mind of a child.

Jeannie Morris has written an inspiring story of a Chicago Bear running back — "Brian Piccolo" — whose career was cut short at age 26 by cancer. The background is football. The focus is a man whose record as a human being far exceeds any possible "record" in football.

Dr. Haim Ginott, the author of the best sellers "Between Parent and Child" and "Between Parent and Teenager," a child psychologist and former teacher, writes with grace and humor, again, in "Teacher & Child." The book offers tools and skills for dealing with daily situations and psychological problems faced

by all teachers. Both parents and teachers will find the book a most practical guide for communicating with children.

Peter Stevenson's "The Art of Making Wooden Toys" contains photographs, working plans, and step-by-step instructions illuminating the art of creating original wooden toys for children. Stevenson sees private toymaking as a natural counter-response to the mass production of the gaudy, cheaply made, commercial toy. He also sees the entire business as a wholesome way of showing affection for the child and as a source of relaxing entertainment.

In "Poor Man's Guide to Bottle Collecting," Ferol Austen writes in his preface: "This book... addresses itself to the collector who had dug up a few good items already, cleaned and polished them... and is now ready to go on to bigger things. It is hoped that this book will perk an interest in the story behind the bottles and help weave the various periods of bottle-making into a comprehensive chronological design."

School Millage Vote Scheduled In June Election

PLYMOUTH Plymouth's school millage election is off for April 10 and instead will be held simultaneously with the June 12 board election.

The Plymouth school board voted to postpone the election for a five-mill renewal on Tuesday because of the lack of time to plan an effective campaign.

The board has not indicated whether it will seek a full five mill renewal, or for what period of time the levy will be asked.

A special finance committee, co-chaired by board member George Lawton and industrialist Kal Jabara, will report to the board on March 28 on the millage campaign.

The school district currently levies 26.3 mills for operations and 6.25 for debt retirement. It is authorized to levy the 27.05 mills voted by the voters. Five of these mills expire in June.

THE BOARD had scheduled the millage election for April 10, hoping that if it failed it could come back to the voters during the board election. Two months must elapse between millage campaigns.

Petitions are now available for the board election and must be returned by May 15.

The seats held by Board Chairman Esther Hulsing and Wilson Sick Jr. will expire. Mrs. Hulsing has served

continuously on the board since 1954 and has not indicated if she will run for another term. It is rumored that she won't seek reelection.

Sick, who was appointed last spring to fill the unexpired term of Robert Gilmore, also has not indicated if he will seek election to the four-year post.

Graduation Set Here June 14

PLYMOUTH The graduation date for Plymouth High School students was moved up a day to Wednesday, June 14, by the Plymouth Board of Education Monday.

The date was changed upon recommendation by Acting Supt. John Hoben. An outdoor graduation ceremony is planned and in the event of rainy weather, graduation can be rescheduled for Thursday, June 15.

By FRED DeLANO / Editor Mail & Observer

THE JEWEL, the gem, the treasure of an unremembered possession which has been in the family so long it has been forgotten is at the fingertips of City of Plymouth taxpayers as one of the finest park and recreation areas in Michigan.

The old Beck Road well field property which is owned by the city lies in Northville Township, between Six and Seven Mile Roads, constituting close to 50 acres.

Most of it is wooded and much of it is fenced, just sitting there dormant since its wells are no longer the source of municipal water. Electric lines are in, there is a large central open area perfectly adaptable for picnicking, and the fact that on one of the majestic beech trees one still can distinguish two sets of initials carved in 1939 tells me there may be some grandparents among us who know all about the romance of this site.

City commissioners are pondering whether to put this land up for sale or turn it into something of use to the citizens, which is what prompted me to go out Wednesday and tromp these acres. At a time when virgin park land is becoming more and more difficult to come by, I am convinced the recreational potential of this property should be given utmost consideration.

KEN VOGRAS, the DPW director who has the key to the padlock on the gate out there, and Recreation Director Stan Stenek were my guides for this eyeopening exposure to fresh air, and I believe some of the commissioners are taking the same trek this weekend.

Maybe it would even be worthwhile some nice weekend soon if the administration had sort of an open house out there, inviting the men and women of various clubs and the citizens at large to take a look and offer ideas for recreational development.

It's only minutes away, you know, and although it may not have the potential of a Camp Dearborn, it would provide families and groups an excellent outlet for outside relaxation and to break the monotony of everyday living through an association with nature.

The possibility of gaining state or federal funds could be explored; but even without that, Stenek figures it would cost only about \$3,000 from the recreation budget to make it a workable park the first year. He has in mind some whitewash for the existing sheds, picnic tables, grills, portable toilets, supervision and the like.

A DAY CAMP program is one of the suggested uses offered by the recreation director, and it's also possible that it would be a suitable site for overnight camp - outs for groups of youngsters.

"Because of the rustic nature of the area, counselors would specialize in nature study and outdoor recreation, nature trails, and utilizing the small buildings as the nature museum and educational centers," says Stenek.

"In all probability, one or two of the existing buildings could be used for shelter purposes and for arts and crafts purposes during camp and picnic sessions."

Anyway, this is land that the city does own and it is ironic if Northville bought it as park - and our Leaders will do well to consider turning it into something we all can use. Take a drive and see for yourself.

Twp. Rezoning OK Will Permit Dealer's Move

PLYMOUTH Rezoning of a five-acre site next to the new Kmart center on Ann Arbor Rd. was approved this week by the Plymouth Township Board to permit the Hines Park Mercury automobile dealership to move there from downtown Plymouth.

Next fall has been set by Hines Park as target date for the move, and when it comes about it will complete a trend which over a period of years has seen all automobile dealerships move out of the downtown area to the perimeter of the community.

Hines Park formerly was known as the West Brothers dealership and is located at 534 Forest. George Kolb is the owner, although Joe and Earl West still own the property which runs from Forest to Harvey, bordered on the south by Wing St. Joe West said this week that nothing definite has been decided on the ultimate use of the land after the auto dealership moves out.

THE REZONING issue, involving a change in designation from residential to commercial, has been a thorny one for several months until finally settled by a 4-1 vote of trustees favoring the change. The one negative vote was cast by Gene Overholt.

Late in 1971, after a public hearing, the planning commission had recommended granting the rezoning application. But when it first came to a vote of the trustees in January, it was stalled by a 3-3 split.

Representatives of both the Ford Motor Co. and the dealership appeared before the board twice more before winning their battle, also facing the opposition of the Plymouth Area Planning Commission. The latter, although its voice is only advisory, sought to have all four parcels of land between Kmart and the planned I-275 interchange to the east utilized for a planned unit development.

There also was some sentiment on the board that no decision be made until seeing a recommendation for total use of the land.

A SPOKESMAN for the leasing division of Ford Motor Co. stressed several times during negotiations that Ford considers the timing to be urgent, declaring, "It is important that we have a new location by Sept. 1."

Hines Park plans to add the Lincoln and Continental lines to its present Mercury sales program, and the board was told that the present quarters

MUNICIPAL POWERS

Section 2.1 **General Powers.** The City of Plymouth Heights is hereby vested with any and all powers, privileges and immunities, expressed and implied, which cities and their officers are, or hereafter may be permitted to exercise or provide for in their charter under the Constitution and Laws of the State of Michigan, including all the powers, privileges and immunities which cities are permitted to or may provide for in their charters by Act No. 279 of the Public Acts of 1909, as amended, as fully and completely as though those powers, privileges and immunities were specifically enumerated in and provided for in this Charter, and in no case shall any enumeration of particular powers, privileges or immunities in this Charter be held to be exclusive. The City and its officers shall have the power to exercise all municipal powers in the management and control of municipal property and in the administration of the municipal government, whether such powers be expressly enumerated or not; to do any act to advance the interests and welfare of the City, the good government and prosperity of the municipality and its inhabitants, and through its regularly constituted authority, to pass, adopt, enact, enforce and execute all laws, ordinances and resolutions relating to its municipal concerns, subject to the Constitution and General Laws of the State of Michigan and the provisions of this Charter.

Section 2.3 **Division of Powers.** The municipal government established by this Charter shall be that which is commonly known as the Mayor-Council form. In order to institute and maintain this form of government in the City, all the powers of municipal government possessed by the City are hereby divided into three (3) general divisions, i.e., legislative, executive and judicial. No person or body being a part of one (1) such division shall exercise powers imposed by this Charter upon or properly belonging to another. It shall be the duty of every officer of the City to preserve the three (3) divisions of the City's government distinct and separate.

Section 2.4 **Exercise of Powers.** Where no procedure is set forth in this Charter, for the exercise of any power granted to, retained, or possessed by the City and its officers, resort may be had to any procedure set forth in any statute of the State of Michigan which has passed for the government of Cities or Townships, or in any other statute of the State of Michigan. If alternate procedures are to be found in different statutes, then the Council shall select that procedure which it deems to be the most expeditious and to the best advantage of the City and its inhabitants.

Where no procedure for the exercise of any power in the City is set forth, either in this Charter or in any statute of the State of Michigan, the Council may prescribe by ordinance a reasonable procedure for the exercise thereof.

Section 2.5 **Rights and Liabilities.** All property rights, assets, debts and liabilities of the Township of Plymouth existing at the date of incorporation of the City of Plymouth Heights, shall be divided as provided by state statute. All property, rights, assets, debts and liabilities to which the City shall be entitled as its pro rata share, shall automatically become the property, rights, assets, debts and liabilities of the City as of the date of its incorporation.

CHAPTER III

At each regular City election, there shall be elected three (3) Councilmen for a term of four (4) years, one (1) Councilman, and such additional number of Councilmen as may be required to fill vacancies, pursuant to the provisions of Section 4.4 of this Charter, for a term of office of two (2) years. At the regular City election in 1971 and at each alternate regular City election thereafter, there shall be elected a Mayor, Clerk, and Treasurer, for a term of office of four (4) years. All of such terms of office shall commence on the Monday next following the regular City election at which they are elected.

Section 3.4 **Notice of Election.** The Clerk shall give public notice of the time and place of holding each City election and of the officers to be nominated or elected and the questions to be voted upon, in the same manner as is required by Law for the giving of public notice of general elections in the State.

Section 3.5 **Voting Hours.** The polls of all elections shall be opened and closed at the time prescribed by Law for the opening and closing of polls at State elections.

Section 3.6 **Wards and Precincts.** The City of Plymouth Heights shall constitute one (1) ward. The Council may by ordinance establish convenient election precincts. Until the Council shall otherwise ordain, the election precincts shall continue as established by the Township of Plymouth for the August 5, 1966 election for the incorporation of the City of Plymouth Heights.

Section 3.7 **Regular City Election.** A regular City election shall be held when called by resolution of the Council at least forty (40) days in advance of such election, or when required by this Charter or by Statute. Any resolution calling a special election shall set forth the purpose of such election. No more special elections shall be called in any one year than permitted by Statute.

Section 3.8 **Special Elections.** Special City elections shall be held when called by resolution of the Council at least forty (40) days in advance of such election, or when required by this Charter or by Statute. Any resolution calling a special election shall set forth the purpose of such election. No more special elections shall be called in any one year than permitted by Statute.

Section 3.9 **Primary Elections.** Non-partisan primary elections shall be held on the third Tuesday in February preceding a regular City election and the third Tuesday preceding a special election for the filling of vacancies in offices.

If upon the expiration of the time for filing nomination petitions for any elective City office, valid petitions have been filed for no more than twice the number of candidates for the respective offices to be elected at the following regular City election or Special Election, then no primary shall be held with respect to such offices. If no primary is to be held for one or more offices, the clerk shall publish notice of this fact and the reason therefor as part of, at the time provided for, the publication of notices for such primary election.

Candidates, equal in number to twice the number of persons to be elected to each City office at the next subsequent regular City election, who receive the highest number of votes at such primary election shall be declared the nominees for election to the respective offices for which they are candidates. The names of such candidates, together with the names of candidates who filed valid nomination petitions for any office for which no primary was held, shall be certified by the clerk to the election commission as nominees for the next subsequent regular City election.

Section 3.10 **Nominations.** The method of nomination of all candidates for City elections shall be by petition or by depositing \$100.00 in lieu thereof. If by petition such petition shall be signed by not less than five (5) percent and not more than seven (7) percent of the electors of the City who were registered at the time of the last City election. All nomination petitions shall be accompanied by an affidavit certifying the candidate's residence and containing all information relative to any change in the name of such candidate. Nomination petitions which comply with State Law and this Charter shall be filed with the Clerk not later than 4:00 P.M. on the thirty-fifth (35) day preceding the regular City primary election or any special election for the filling of vacancies in office. Those candidates successfully being nominated shall have their deposit returned.

Prior to each election the Clerk shall publish notice of the number of persons to be nominated or elected to each office and the latest date for filing nomination petitions. Such notice shall be given not less than one (1) week and not more than three (3) weeks before the final filing date.

Section 3.11 **Form of Petition and Affidavit.** The form of the petition shall be substantially the same as that designated by the Secretary of State for the nomination of non-partisan judicial officers. The affidavit shall certify the candidate's residence in the City continuously for at least two (2) years next preceding the primary or election, and contain all information relative to any change in the name of such candidate. A supply of official petition and affidavit forms shall be provided and maintained by the Clerk for use of the electors and candidates of the City.

Section 3.12 **Approval of Nomination Petitions.** The City Clerk shall accept for filing only such petitions as conform with Section 3.10 and 3.11 hereof. When a petition is filed by persons other than the person whose name appears thereon as the candidate, it may be accepted only when accompanied by the written consent of the candidate.

After the filing of a nomination petition in behalf of any candidate proposed for any City office, such candidate shall not be permitted to withdraw until written notice is served on the City Clerk not later than three (3) days after the last day for filing such petition.

Within five (5) days after the last date for filing petitions, the Clerk shall make his final determination as to the validity and sufficiency of each nomination petition, and whether or not the candidate has the qualifications required for his respective elective City office by this Charter, and shall write his determination thereof on the face of the petition. The Clerk shall immediately notify in writing the candidate whose petition is found invalid and the reason therefor.

Section 3.13 **Public Inspection of Petitions.** All nomination petitions shall be open to public inspection in the office of the Clerk.

Section 3.14 **Election Commission.** The Election Commission is hereby created consisting of the City Clerk, the City Attorney, and the City Assessor. The members shall serve without compensation. The Clerk shall be the chairman of the Election Commission. The Commission shall have charge of all activities and duties required of it by State Law and this Charter relating to the conduct of elections in the City. The compensation of election personnel shall be determined in advance by the Council. In any case where election procedure is in doubt the Election Commission shall prescribe the procedure to be followed.

Section 3.15 **Form of Ballot.** The form, printing and numbering of ballots or the preparation of voting machines used in any City election shall conform as nearly as may be to the provisions of statute, except that no party designation or emblem shall appear. In all City elections the names of qualified candidates or nominees for each office shall be listed under a separate heading with respect to the office and shall be rotated as prescribed by statute.

In case of a change of name, the ballot shall show first the candidate's present name, followed by parenthesis enclosing such candidate's prior name preceded by the word "Formerly." In case of a similarity of names of two (2) or more candidates for the same office, the election commission may, in its discretion, prepare the ballot showing first the candidate's name followed by parenthesis enclosing sufficient identification in order that the electors may differentiate between such candidates.

Section 3.16 **Canvass of Votes.** The City Clerk, City Attorney and City Assessor shall constitute the Board of Canvassers to canvass the votes cast at all City primary or elections under this Charter. The Board shall meet on the first day after each City primary or election and publicly canvass or cause to be canvassed the returns of such City primary or election and shall determine the vote upon all questions and propositions, and declare whether the same have been adopted or rejected and what persons have been duly nominated or elected at such City primary or election.

Within five (5) days subsequent to the final certification by the Board of Canvassers of the results of any primary election, the City Clerk shall forward by registered mail to each candidate, at the address shown on the nomination petition, a statement showing the total number of votes cast for each candidate seeking nomination for the office for which such candidate was a contestant.

Section 3.17 **The Vote.** If, at any City primary or election, there shall be no choice between candidates by reason of two (2) or more persons having received an equal number of votes, then the Board of Canvassers shall name a date for the appearance of such persons for the purpose of determining the nomination or election of such candidates, by lot, as provided by State Law. No other mode of determining such City primary or election shall be permitted. Should any person or persons fail or refuse to appear in person or by representative, such determination shall be made by lot in his or their absence at the direction and under the supervision of the Board of Canvassers. Such determination shall in any event be final.

Section 3.18 **Recount.** A recount of the votes cast at any City primary or election for any office, or upon any proposition, may be had in accordance with the General Election Laws of the State.

Section 3.19 **Recall.** Any elective official may be recalled from office by the electors of the City in the manner provided by State Law. A vacancy created by the recall of any elective City official shall be filled in the manner prescribed by Law and this Charter.

Where any recognized official or unofficial standard code is so adopted, it may be published by making available to the public, in the office of the Clerk, not less than fifty (50) copies in book or booklet form, at a reasonable charge, and any amendment to or revision of such adopted code or detailed technical ordinance may be published in the same manner.

(e) **Ordinance Record.** All ordinances and the dates of introduction and enactment and the vote thereon, shall be recorded by the City Clerk in a book called "The Record of Ordinances." Except as otherwise provided by this Charter, all ordinances when enacted shall be forthwith published by the City Clerk, and he shall enter his certificate as to the manner and date of publication under each ordinance in the ordinance book. The organization, powers, duties and functions of the Civil Service Commission and the Civil Service System shall be as follows:

(a) **Organization.** The Civil Service Commission shall consist of three (3) members, one of whom shall be appointed by the Mayor with the approval of the legislative body, and he shall serve for a period of six (6) years from the date of his appointment. The second member of the commission shall be selected by the non-uniformed divisions of the City and he shall serve for a period of four (4) years from the date of his appointment; a majority vote of the members of these divisions or division shall be necessary to select such member. The third member of the commission shall be selected by the uniformed division (Police and Fire) and shall serve for a period of two (2) years from the date of his appointment; a majority vote of the members of these divisions or division shall be necessary to select such member.

Thereafter all appointments shall be made for a period of six (6) years each; each Commissioner to serve until his successor is appointed and qualified by the appointing power hereinbefore designated. In the event of a vacancy in the appointing power, the Council shall fill such vacancy for the term as hereinbefore designated. No member of the commission shall hold any other elective or appointive office of the City, nor be employed by the City in any capacity, nor be an officer or member of a committee of any partisan political club or organization, nor be a candidate for any elective office. The system of Civil Service shall become effective upon the adoption of this Charter. The first

appointments of members of the Commission shall be made not later than thirty (30) days thereafter. The members of the Commission shall receive for their services such compensation as shall be determined by the Council. Vacancies shall be filled for the unexpired terms. Two (2) members of the Commission shall constitute a quorum for the conduct of the business of the Commission. The Mayor may remove any member of the Commission, but only after serving such member with a statement, in writing, of the reasons for such removal and allowing such member to be publicly heard in his defense. The Commissioner whose term of office shall next expire shall serve as Chairman of the Commission.

(b) **Powers and Duties of the Commission.** In order to carry out and make effective the purpose and intent of the provisions of this Charter in establishing a Civil Service System, the Civil Service Commission shall (1) establish and administer a position-classification plan, an examination program, a schedule of compensation, rules and regulations governing the terms and conditions of employment and service, a retirement plan, an insurance and disability plan and a medical program; (2) establish and administer rules and regulations governing residence requirements, probation periods, service records, seniority, hours of service, work-weeks, vacations, leave time, off records, demotions, suspensions, removals, reinstatements, resignations, layoffs and age limits; (3) make such rules and regulations, not inconsistent with this Charter, as it deems necessary and advisable for the administration of the Civil Service program; (4) investigate and enforce the provisions of the Charter and enforce its authorized representatives or its own members, administer oaths and subpoena and compel attendance of witnesses and the producing of records in connection with any matter properly before it; (5) Make annual reports of its activities to the Mayor and Council and such special reports as may be requested by the Mayor and Council; and may (6) contract for such technical personnel services and advice as may be reasonably necessary to the performance of the foregoing duties.

The unclassified service shall specifically include officers elected by popular vote, persons appointed to fill vacancies in such elective offices, directors and heads of all City departments, Clerk of the District Court and all members of boards and commissions required by Law or this Charter to be appointed. The classified service shall comprise all other positions now or hereafter established in all of the departments, divisions, administrative offices of the City, and also including the court of the City. Any board, commission or department, constituted by Law a body corporate, shall be included in the classified service unless specifically excluded by the provisions of this Charter.

(e) **Approval by Council of Commission's Actions.** The actions of the Civil Service Commission in establishing a Classification or Position Plan, a Compensation Plan, an Insurance and Disability Plan, or Retirement Plan shall be approved by the Council before any of such plans may become effective. The Council may withhold its approval of any insurance, disability, or retirement plans until it decides that circumstances justify such approval. When any plan has been once approved, amendments thereto shall not become effective until jointly approved by both the Civil Service Commission and the Council.

(f) **Veterans Preference.** The Commission shall establish fair and equitable rules not inconsistent with Law for the granting of preference points to war veterans on examination for entrance into the service.

(g) **Certification of Eligibility.** Whenever any certification is made by the Commission for eligibility tests to fill a vacancy or make a promotion in the Service, the names of the three (3) persons standing highest on the list shall be certified, and the appointing authority shall forthwith appoint one of the persons so certified to fill such vacancy.

(h) **Status of Employees Upon Adoption of Charter.** All persons in the employ of the City of Plymouth Heights or the Township of Plymouth in the classified service at the time this Charter shall become effective shall be deemed to have regular status and shall hold their positions without examination. All persons entering the classified service and all employees promoted after the adoption of this Charter shall obtain their positions through examinations.

(i) **Filling of Vacancies by Promotion.** Whenever possible, vacancies shall be filled by promotion. An appointing authority may, for the good of the Service, elect to fill a vacancy by appointing a person from the open competitive eligible list rather than from a promotional eligible list.

(j) **Removal Procedures and Appeals.** Any employee or officer in the classified Civil Service may be removed, suspended, or demoted by the appointing authority for cause, as shall be established by the Civil Service Commission, by a written order stating specifically the reasons therefor, upon removal or suspension said employee will be removed from the payroll, subject to his being reinstated if he is found to be "not guilty" of the infraction for which he was suspended or removed. Said re-instatement shall be retroactive to time of suspension. A copy of such order shall be filed with the Commission. Such employee may within ten (10) days after presentation of such order to him appeal from such order to the Civil Service Commission. The Commission shall within two (2) weeks from the filing of such appeal commence the hearing thereon, and shall thereupon fully hear and determine the matter, and either affirm, modify or revoke such order. The appellant shall be entitled to appear personally, produce evidence, have counsel, and a public hearing. The findings and decision of the Commission shall be certified to the official from whose order the appeal is taken and shall forthwith be enforced and followed by him.

(k) **Soliciting for Political Purposes.** No officer or employee in the classified Civil Service shall directly or indirectly solicit or receive any assessment subscription or contribution for any political party or any political purpose whatsoever during his working hours. Any employee violating the provisions of this section may be removed from office by action of the Civil Service Commission.

(l) **Discrimination Prohibited.** No person in the classified Civil Service or seeking admission thereto shall be appointed, removed, promoted, demoted or in any way favored or discriminated against because of his political, racial or religious opinions or affiliations, except for membership in any organization which advocates the overthrow of or disloyalty to the Government of the United States or any subdivision thereof. For the protection of vital governmental services, the Council may remove from the classified Civil Service any employee who is found to be disloyal to the Government of the United States or any subdivision thereof.

Each constable shall have power also to serve all processes issued for breaches of ordinances of the City. The only compensation of the constable shall be the statutory fees of that office, and an accounting of such fees collected in this City shall be made to the City in the manner prescribed by State Law or in any rules which may be established for the regulation and conduct of the District Court by the Council. The bond of each Constable shall be a corporate surety bond in the amount required of Constables in Townships, the cost of such bond to be paid by the City.

CHAPTER VII GENERAL FINANCE

Section 7.1. **Fiscal Year.** The fiscal year of the City and all of its agencies shall begin on the first day of July of each year and end on the thirtieth (30) day of June of the following year.

Section 7.2. **Financial Control.** The Clerk shall be the General Accountant of the City. He shall establish and maintain a General Accounting plan for the City Government, which shall conform to any uniform system of accounting prescribed for cities by Law. He shall maintain accounting control over the finances of the City and make such financial reports as may be required by the City, by ordinances or by the Council. He shall audit and approve all items payable by the City, and shall certify the same to the Treasurer for payment. He shall prescribe and supervise the keeping of detailed accounting records by administrative units and shall audit their financial records. The Council may by a majority vote, provide by ordinance for the creation of the office of Controller, who shall be appointed by the Mayor and who shall be the chief accounting officer of the City and be responsible for such accounting duties as may be required by the City Clerk.

Section 7.3. **Budget Procedure.** The Mayor shall be responsible for the preparation and shall submit to the Council at the second regular Council meeting in April of each year a recommended budget covering the next fiscal year, which budget shall include therein at least the following:

(a) Detailed estimates, with supporting explanation, of all proposed expenditures for each department and office of the City, together with the expenditures for corresponding items for the last preceding fiscal year in full and for the current fiscal year to March 1, and estimated expenditures for the balance of the current fiscal year;

(b) Statements of the bonded and other indebtedness of the City showing the debt redemption and interest requirements, the debt authorized and unissued and the option of sinking funds, if any;

(c) Detailed estimates of all anticipated revenues of the City from sources other than taxes, with a comparative statement of the amounts received by the City from each of the same or similar sources for the last preceding fiscal year in full and for the current fiscal year to March 1, and estimated revenues for the balance of the current fiscal year;

(d) A statement of the estimated balance or deficit for the end of the current fiscal year;

(e) An estimate of the amount of money to be raised from current and delinquent taxes and the amount to be raised from bonds issued, which, together with any available unappropriated surplus and any revenues from other sources, will be necessary to meet the proposed expenditures.

(f) Such other supporting information as the Council may request.

Section 7.4. **Budget Hearing.** A public hearing on the proposed budget shall be held before its final adoption at such time and place as the Council shall direct. Notice of such public hearing shall be published at least one (1) week in advance of the hearing, which publication shall also include notice that the proposed budget and the three (3) preceding fiscal budgets are on file in the office of the Clerk. The complete proposed budget and the three (3) preceding fiscal budgets shall be on file for public inspection during office hours at such office for a period of not less than one (1) week prior to such hearings.

Section 7.5. **Adoption of Budget.** Not later than the second regular monthly meeting in May the Council shall, by resolution, adopt a budget for the next fiscal year and shall appropriate the money needed for municipal purposes during such year, and shall in such resolution provide for a levy of the amount necessary to be raised by taxes upon real and personal property for municipal purposes, subject to the limitations contained in Section 8.1.

Section 7.6. **Budget Control.** Except for purposes which are to be financed by the issuance of bonds or by special assessment, or for other purposes not chargeable to a budget appropriation, no money shall be drawn from the Treasury of the City except in accordance with an appropriation therefor for such specific purpose, nor shall any obligation for the expenditure of money be incurred without an appropriation covering all payments which will be due under such obligation in the current fiscal year.

The Council by resolution may transfer any unencumbered appropriation

balance, or any portion thereof, from one account, department, fund or agency to another.

The Council may make additional appropriations during the fiscal year for unanticipated expenditures required of the City but such additional appropriations shall not exceed the amount by which actual and anticipated revenues of the year exceed the revenues as estimated in the budget unless the appropriations are necessary to relieve an emergency endangering the public health, peace or safety.

Except in those cases where there is no logical account to which an expenditure can be charged, expenditures shall not be charged directly to the contingent fund (or other similar fund); instead, the necessary part of the appropriation for the contingent fund (or other similar fund) shall be transferred to the logical account and the expenditures thereon charged to such account.

At the beginning of each quarterly period during the fiscal year, and more often if required by the Council, the Mayor shall submit to the Council a statement showing the balances at the close of the preceding month in all fund and budget items, the amount of the City's known liabilities and the fund and budget items to which the same are to be chargeable, and all other information necessary to show the City's financial condition, and if it shall appear that the revenues are less than anticipated, the Council may reduce appropriations, except amounts required for debt and interest charges, to such a degree as may be necessary to keep expenditures within the revenues.

The balance in any budget appropriations which has not been encumbered at the end of the fiscal year, subject to statutory restrictions shall revert to the general fund.

Section 7.7. **Depository.** The Council shall designate depositories for the City funds and shall provide for the regular deposit of all City moneys, on the following business day. The Council shall provide for such security for City deposits as is authorized or permitted by statute, except that personal surety bonds shall not be deemed proper security.

Contractor Guarantees New PHS Gym Floor

PLYMOUTH
The floor of the main gymnasium in Plymouth High School is the last big headache in the school's completion—and the asprin given to remedy it may lead to a speedy cure at last.

A series of conflicts and delays has marked the construction of the \$8.8 million building, which was started in late 1967, occupied in the fall of 1970 and still hasn't been

finally accepted by the school district.

The school is one of three planned on the Centennial Educational Park site, Joy and Canton Center Rds. The second, Canton High School, will open this fall but will be operated together with Plymouth High School until the fall of 1973 when it will become a separate school.

Delayed by strikes by trade unions working on the building, the school was not ready for occupancy until a year after the original completion date of fall 1969 and once it did open a number of problems cropped up.

LAST SUMMER a list of 48 complaints against the school was released by the school administration, including a complaint that the expensive tartan floor in the main gymnasium was bubbling.

It is believed that the problem stems from the concrete below the floor which has air bubbles and pockets in the top layers. The pockets in the concrete have lead to pockets in the tartan floor, which is guaranteed for 10 years.

The school district has been withholding \$100,000 from the architect and general contractor until this problem is remedied. But it voted Tuesday to release \$85,000 in payment to the J.A. Ferguson Co., leaving the school district with a balance of \$15,000.

In turn for the \$85,000 payment, the company gave the school district \$50,000 in bonds to guarantee replacement of the tartan floor. The bonds specify that the company will begin work on the floor on May 1 and complete it in 12 weeks.

This is the first time the district has been able to pin the company down on a specific time schedule, board member John Hanska said in discussing the merits of accepting the bonds and releasing the payment.

When George Lawton, board treasurer, moved to release the money, he stipulated that the bond be for \$50,000 "or more," depending on the estimated cost of completing the resurfacing if the com-

pany defaults.

THE MAY 1 date to begin work on the floor was set because many activities that normally would have been in the gym can be transferred outside while the floor and concrete are being torn up.

The board discussed switching to a wooden floor but decided to stick with the original plans because of the recommendations of PHS Principal Bill Brown, athletic Director John Sandmann and construction supervisor Ralph Goble.

One disadvantage to the wooden floor is that it can't be used for other activities without being covered or protected in some way.

The tartan floor is more durable and requires less maintenance work. Whereas wood floors require regular refinishing, the tartan floor can be mopped clean.

CHARTER OF THE CITY OF PLYMOUTH HEIGHTS

June 29, 1970

belong to the City.

Section 8.14 **Tax Roll Certified for Collection.** After spreading the Taxes the City Assessor shall certify the tax roll, and the Mayor shall annex his warrant there-to directing and requiring the Treasurer to collect prior to March first of the following year from the several persons named in said tax roll, the several sums mentioned therein opposite their respective names as a tax or assessment and granting to him for the purpose of collecting the taxes, assessments and charges on such roll all statutory powers and immunities possessed by the township treasurer for the collection of taxes. On or before June fifth, the roll shall be delivered to the Treasurer for collection.

Section 8.15 **Tax Lien on Property.** On July first, the taxes thus assessed shall become a debt due to the City from the persons to whom they are assessed, and the amounts assessed on any interest in real property shall become a lien upon such real property, for such amounts and for all interest and charges thereon, and all personal taxes shall become a first lien on all personal property of such persons so assessed. Such lien shall take precedence over all other claims, encumbrances and liens to the extent provided by State and shall continue until such taxes, interest and charges are paid.

Section 8.16 **Taxes Due, Notification Thereof.** City taxes shall be due on July first of each year. The Treasurer shall not be required to call upon the persons named in the City tax roll, nor make personal demand for the payment of taxes, but he shall: (a) publish between June fifteenth and July first, notice of the time when said taxes will be due for collection and the penalties and fees for late payment of same; and (b) mail a bill to each person named in such roll, but in cases of multiple ownership of property, only one (1) bill need be mailed.

Failure on the part of the Treasurer to publish said notice or mail such bills shall not invalidate the taxes on said tax roll, nor release the person or property assessed from the penalties and fees provided in this Charter in case of late payment or nonpayment of the same.

Section 8.17 **Errors in Tax Roll.** When it shall appear that any tax or special assessment, or part thereof, has been illegally assessed, the Council shall have power to refund the same, or such illegal portion, if collected, or if not collected, to vacate the tax or assessment in whole or in part.

Section 8.18 **Collection Fees.** All taxes paid on or before August thirty-first of each year shall be collected by the Treasurer without collection fee. He shall add to all taxes paid after August thirty-first a collection fee as the Council may determine but not to exceed four (4) percent of the amount of said taxes. Such collection fee shall belong to the City and constitute a charge and shall be a lien against the property the same as the taxes to which they are added.

It is provided, however, that if delivery of the tax roll to the Treasurer, as provided in Section 8.14, is delayed for any reason by more than thirty (30) days after June fifth, the application of the schedule of collection fees provided herein shall be postponed thirty (30) days for the first thirty (30) days of such delay, and shall be postponed an additional thirty (30) days for each additional thirty (30) days, or major fraction thereof, of such delay.

Section 8.19 **Failure or Refusal to Pay Personal Property Tax.** If any person, firm or corporation shall neglect or refuse to pay any personal property tax assessed to him or it by October first, the Treasurer shall collect the same by seizing the personal property of such person, firm or corporation to an amount sufficient to pay such tax, fees and charges for subsequent sale, from which seizure, no property shall be exempt. He may sell the property seized to an amount sufficient to pay the taxes and all charges in accordance with statutory provisions. The Treasurer may, if otherwise unable to collect a tax on personal property, sue in accordance with statute, the person, firm or corporation to whom it is assessed.

Section 8.20 **Delinquent Tax Roll to County Treasurer.** All City taxes on real property remaining uncollected by the Treasurer on the first day of March following the date when said roll was received by him shall be returned to the County Treasurer in the manner and with like effect as provided by Statute for returns by township treasurers of township, school, and county taxes. Such returns shall include all the additional assessments, charges and fees herebefore provided, which shall be added to the amount assessed in said tax roll against each property or person. The taxes thus returned shall be collected in the same manner as other taxes returned to the County Treasurer are collected, in accordance with Statute, and shall be and remain a lien upon the property against which they are assessed until paid. If by change in Statute, or otherwise, the Treasurer of the County of Wayne is no longer charged with the collections of delinquent real property taxes, such delinquent taxes shall be collected in the manner then provided by Statute for the collection of delinquent township, school and county taxes.

Section 8.21 **School Taxes.** For the purpose of assessing and collecting taxes for state, county and school purposes, the City shall be considered the same as a township, and all provisions of Statute relative to the collection of and accounting for such taxes shall apply. For these purposes the Treasurer shall perform the same duties and have the same powers as township treasurers under Statute.

CHAPTER IX

Section 9.1 **Grant of Authority to Borrow.** Subject to the applicable provisions of Statute and constitution, the Council may by ordinance or resolution borrow money and issue bonds and other evidence of indebtedness therefor, for any purpose within the scope of powers vested in the City, such bonds or other evidence of indebtedness shall include, but not be limited to, the following types:

(a) General obligation bonds which pledge the full faith, credit and resources of the City for the payment of such obligations, including bonds for the City's portion of public improvements;

Such special assessment bonds may be an obligation of the special assessment district or districts, or may be both an obligation of the special assessment district or districts and a general obligation of the City;

(e) Mortgage bonds for the acquiring, owning, purchasing, constructing, improving or operating of any public utility which the City is authorized by the Charter to acquire or operate, provided such bonds shall not impose any liability upon the City but shall be secured only upon the property and revenues of such public utility, including a franchise stating the terms upon which, in case of foreclosure, the purchaser may operate the same, which franchise shall in no case extend for a longer period than twenty (20) years from the date of the sale of such utility and franchise or foreclosure. A sinking fund shall be created in the event of the issuance of such bonds, by setting aside such percentage of the gross or net earnings of the public utility as may be deemed sufficient for the payment of the mortgage bonds at maturity, unless serial bonds are issued of such a nature that no sinking fund is required;

(f) Bonds issued at a rate of interest not to exceed six (6) percent per annum to refund money advanced or paid on special assessments;

(g) Bonds for the refunding of the funded indebtedness of the City;

(h) Revenue bonds as authorized by Statute which are secured only by the revenues from a public improvement and do not constitute a general obligation of the City.

Section 9.2 **Limits of Borrowing Powers.** The net bonded indebtedness incurred for all public purposes shall not at any time exceed ten (10) percent of the assessed value of all the real and personal property in the City provided that in computing such net bonded indebtedness there shall be excluded money borrowed under the following section of this chapter: 9.1(b) (tax anticipation notes), 9.1(c) (emergency loans), 9.1(d) (special assessment bonds even though they are also a general obligation of the City), 9.1(e) (mortgage bonds), 9.1(f) (special assessment refunding bonds), 9.1(h) (revenue bonds), and other bonds which do not constitute a general obligation of the City.

The amount of emergency loans which the Council may make under the provisions of Section 9.1(c) of this Charter may not exceed three-eighths (3/8) of (1) one percent of the assessed value of all the real and personal property in the City.

The total amount of special assessment bonds pledging the full faith and credit of the City shall at no time exceed five (5) percent of the assessed value of all the real and personal property in the City, nor shall such bonds be issued in any consecutive period of twelve (12) months in excess of one (1) percent of such assessed value unless authorized by a three-fifths (3/5) vote of the electors voting thereon at any general or special election.

Section 9.3 **Authorization of Electors Required.** (a) Except as provided in Section 9.3(b), no bonds pledging the full faith and credit of the City shall be issued without the approval of three-fifths (3/5) of the electors voting thereon at any general or special election.

(b) The restriction of Section 9.3(a) shall not apply to general obligation bonds issued to pay for the City's portion of Public Improvements, the remainder of which are to be financed by special assessments, tax anticipation notes issued under Section 9.1(b) emergency bonds issued under Section 9.1(c), special assessment bonds issued under Section 9.1(d), refunding bonds issued under Section 9.1(g) or (h) bonds issued under Section 9.1(f) which cannot be restricted by this Charter.

(c) Only those persons who have property assessed for taxes in the City and their husbands or wives shall be entitled to vote on the approval of any issue of bonds which constitute a general obligation of the City; but no person may vote unless he is a registered elector.

Section 9.4 **Preparation and Record of Bonds.** Each bond or other evidence of indebtedness shall contain on its face a statement specifying the purpose for which the same is issued, and it shall be unlawful for any officer of the City to use the proceeds thereof for any other purpose. Any officer who shall violate this provision

shall be deemed guilty of misconduct in office. All bonds and other evidences of indebtedness issued by the City shall be signed by the Mayor and countersigned by the Clerk, under the seal of the City. Interest coupons may be executed with the facsimile signatures of the Mayor and Clerk. A complete and detailed record of all bonds and other evidence of the indebtedness issued by the City shall be kept by the Clerk. Upon the payment of any bond or other evidence of indebtedness, the same shall be canceled.

Section 9.5 **Unissued Bonds.** No unissued bonds of the City shall be issued or sold to secure funds for any purpose other than that for which they were specifically authorized. If any such bonds are not sold within three (3) years after authorization, such authorization shall as to such bonds be null and void, and such bonds shall be canceled.

Section 9.6 **Deferred Payment Contracts.** The City may enter into installment contracts for the purchase of property or capital equipment. Each of such contracts shall not extend over a period greater than five (5) years nor shall the total amount of principal payable in any one fiscal year under all such contracts exceed a sum equal to one-sixth (1/6) of one (1) percent of the total assessed valuation of the City.

All such deferred payments shall be included in the budget, for the year in which the installment is payable.

CHAPTER X
SPECIAL ASSESSMENTS

Section 10.1 **General Power Relative to Special Assessments.** The Council shall have the power to determine after a public hearing thereon, with or without petition, the necessity of any local or public improvement and to determine by resolution that the whole or any part of the expense thereof shall be defrayed by special assessment upon the property especially benefited; provided that in each case, such special assessments shall be based upon or in proportion to benefits derived to or be derived.

Section 10.2 **Special Assessment Procedure.** The Council shall prescribe by ordinance a complete special assessment procedure concerning the initiation of projects, plans and specifications, estimate of costs, creation of districts, notice of hearings, the making and confirming of the assessment rolls and the correction of errors therein, the collection of special assessments and any other matters concerning the making of improvements by the special assessment method, subject to the provisions of this Charter and State law.

Section 10.3 **Initiatory Petitions.** A public improvement, the cost of which in whole or in part is to be defrayed by special assessment, may be initiated by a petition signed by not less than two-thirds (2/3) of the property owners in the proposed public improvement district. All such signatures shall be obtained within thirty (30) days prior to the date of filing the petition with the Clerk. Such petition shall be addressed to the Council and set forth the proposed public improvement and the district relating thereto.

Section 10.4 **Council Procedure on Initiatory Petitions.** Upon receiving such initiatory petition, the Council shall submit a copy thereof to each City department involved for the purpose of examination and review. Such City departments shall upon completion of the examination and review submit to the Council a written report. The Council shall provide a hearing on the advisability of so proceeding with the petitioned improvements. Such hearing shall be held not less than one (1) week after notice thereof has been sent by first class mail to all of the property owners who have petitioned for the proposed district. The Council shall proceed in the manner prescribed by Section 10.2 herein.

Section 10.5 **Excessive Special Assessments.** Should any special assessment exceed by five (5) percent or less the actual cost of the improvement and expenses incidental thereto, the Council may place the excess in the general fund of the City; if more than five (5) percent, the excess shall be refunded pro rata according to assessments.

Section 10.6 **Insufficient Special Assessments.** When any special assessment roll shall prove insufficient to meet the costs of the improvements for which it was made, the Council may make an additional pro rata assessment not to exceed twenty-five (25) percent of the assessment as originally confirmed.

Section 10.7 **Lien and Collection.** Special assessments and all interest and charges thereon shall be and remain a lien upon the property assessed of the same character and effect as the lien created by general law for state and county taxes, until paid. Interest at a rate not to exceed six (6) percent per annum shall be paid on delinquent installments as are provided by this Charter to be paid on delinquent general City taxes.

Section 10.8 **Special Assessment Accounts.** Except as otherwise provided in this Charter, moneys raised by special assessment for any public improvement shall be credited to a special assessment account, and shall be used to pay the costs of the improvement for which the assessment was levied and of expenses incidental thereto, to repay any principal or interest on money borrowed therefor, and to refund excessive assessments.

CHAPTER XI
UTILITIES - FRANCHISES - PERMITS

Section 11.1 **General Powers Respecting Utilities.** The City shall possess and hereby reserves to itself all the powers granted to cities by the Constitution and General Laws of the State of Michigan to acquire, construct, own, operate, improve, enlarge, extend, repair and maintain, either within or without its corporate limits, a hospital and public utilities including but not by way of limitation, public utilities for the purpose of supplying water, light and heat, power, gas, sewage treatment and garbage disposal facilities, or any of them, to the City and its inhabitants; and also to sell and deliver water, light, heat, power, gas and other public utilities and services, without its corporate limits, to an amount not to exceed the limitations set by the State Constitution. The Council shall also have the power to fix, from time to time, such just and equitable rates as may be deemed advisable for supplying the inhabitants of the City and others with water, with electricity for light, heat and power, and with such other utility services as the City may provide. There shall be no discrimination in such rates within any classification of users thereof, nor shall free service be permitted, but higher rates may be charged outside the corporate limits of the City.

Section 11.2 **Municipal Utility, Management and Finance.** All municipally owned or operated utilities shall be administered as a separate department of the City government under the management and supervision of the Mayor. The Council shall, by ordinance, fix the rates to be charged for, and provide for the collection of, all public utility charges made by the City, and for such purpose, shall have all the power granted to cities by Act 178, of the Public Acts of 1939, as amended. Such charges shall be so fixed as to at least meet all the costs of such utility, including depreciation. When any person or persons, or any firm or corporation, shall fail or refuse to pay to the City any sums due on utility bills, the utility service or services upon which such delinquency exists, may be shut off or discontinued and suit may be instituted by the City for the collection of the same in any court of competent jurisdiction. An annual report shall be prepared to show fairly the financial position of each utility and the results of its operation, which report shall be available for inspection at the office of the Clerk. Charges for all services furnished to, or rendered by, other City departments or agencies shall be recorded.

Section 11.3 **Granting of Public Utility Franchises.** All irrevocable public utility franchises and all renewals, extensions and amendments thereof shall be granted only by ordinance. No such ordinance shall be adopted before thirty (30) days after application therefor has been filed with the Council, nor until a full public hearing has been held thereon. No such ordinance shall become effective until it has been submitted to the electors and has been approved by three-fifths (3/5) of the electors voting thereon. No such ordinance shall be submitted to the electors at any election to be held less than sixty (60) days after the grantee named therein has filed its unconditional acceptance of such franchise and it shall not be submitted at a special election unless the expense of holding the election as determined by the Council shall have been paid to the Treasurer by the grantee. No Exclusive Franchise shall ever be granted and no franchise shall be granted for a longer term than thirty (30) years. No such franchise shall be transferable, directly or indirectly, except with the approval of the Council expressed by ordinance.

Section 11.4 **Condition of Franchises.** All public utility franchises, whether it be so provided in the granting ordinance or not, shall be subject to the following rights of the City, but such enumeration shall not be exclusive or impair the right of the Council to insert in such franchise any provision within the powers of the City to impose or require:

(a) To repeal the same for misuse, non-use or failure to comply with the provisions thereof;

(b) To require proper and adequate extension of plant and service and maintenance thereof at the highest practicable standard of efficiency, in any event shall be at least in accordance with the rules and regulations of the Michigan Public Service Commission, or its successor;

(c) To establish reasonable standards of service and quality of products and prevent unjust discrimination in service or rates;

(d) To make independent audit and examination of accounts at any time, and to require reports annually;

(e) To require continuous and uninterrupted service to the public in accordance with the terms of the franchise throughout the entire period thereof;

(f) To impose such other regulations as may be determined by the Council to be conducive to the safety, welfare and accommodation of the public.

Section 11.5 **Regulation of Rates.** All public utility franchises shall make provision for fixing rates, fares and charges, and for readjustments thereof, either upon terms to be specifically set forth in the franchise or, by appeal to the Michigan Public Service Commission or any other proper state agency. The value of the property of the utility used as a basis for fixing such rates, fares and charges shall in no event include a value predicated upon the franchise, good will or prospective profits.

Section 11.6 **Purchase, Condemnation.** The City shall have the right to acquire by purchase, condemnation or otherwise the property of any public utility in accordance with the General Laws of the State, provided that the price to be paid

shall in no event include any value predicated upon the franchise, good will or prospective profits.

Section 11.7 **Revocable Permits.** Temporary permits for public utilities, revocable at any time at the will of the Council, may be granted by the Council by resolution on such terms and conditions as it shall determine, provided that such permits shall in no event be construed to be franchises or amendments to franchises. Any such resolution shall be subject to the referendum provided for by this Charter.

Section 11.8 **Joint Use.** Every public utility may be required by the City to permit joint use of its property and appurtenances located in the streets, alleys and public places of the City by other public utilities insofar as such joint use may be reasonably practicable upon payment of reasonable rental therefor; provided that in the absence of agreement, upon application by any public utility, the Council shall provide for arbitration of the terms and conditions of such joint use and the compensation to be paid therefor, which award shall be final.

Section 11.9 **Use of Streets.** The right to use, control and regulate use of its streets, alleys, bridges and public places, and the space above and beneath them is hereby reserved to the City and every public franchise shall be subject thereto. Every public utility shall pay such part of the cost of improvement or maintenance of streets, alleys, bridges and public places, as shall arise from its use thereof and shall protect and save the City harmless from all damages arising from said use.

The Stroller ... Critics Become Friends

By W. W. EDGAR

One of the first things that attracts a young fellow to the newspaper profession is the

opportunity it provides to meet such interesting people. At least, that's what they

tell him. For good measure, they point out the glamor of gathering news, the many friends he will make... and the fact that he'll be able to get "on the inside" on many activities.

What they don't tell him is that he is embarking on one of the most unusual of all professions — one of the few where your work is held up to public scrutiny every time the paper comes off the press.

Where else do you go to work and find at the end of the day — or two days — that the results of your efforts are available for all the world to see?

This is a really strange twist when you realize that some of the automobile manufacturers are now calling back models that are seven years old to check for possible mistakes.

Not so in the newspaper business. Let a mistake be made, and almost before the ink is dry some reader is on the phone to let you know, in no uncertain terms, that you did him wrong or the information you furnished was incorrect.

TO MANY folks this would be irritating, but years ago The Stroller learned to respect his critics and, strange as it may seem, some very close friendships have resulted.

One of the oddest that comes to The Stroller's mind concerns the professor of English at Highland Park High School a few decades ago.

At the time, The Stroller was doing his daily chores in the sports department of the Detroit Free Press, and he had made it a rule to answer all of his critics no matter how caustic they became.

So, one morning he opened his mail and found a clipping of his story pasted on a sheet of paper with all sorts of pencil marks to correct what the professor called "poor English."

That day a letter went to the professor, thanking him for his criticism and inviting him to visit the sports department any time he chanced to be downtown.

Days went by. Then months. But one night a learned looking fellow stepped from the elevator and asked to see the sports editor. He introduced himself as the professor of English and we sat and chatted for a spell.

"Can you type?" The Stroller asked.

"Quite proficiently," he answered.

With that, The Stroller placed a clean sheet of copy paper in the typewriter and, turning the machine toward him, said —

"We are five minutes away from deadline. Write 200 words on any subject you wish."

HE ACCEPTED the challenge — but at the end of five minutes he had written only two lines of copy.

"Sorry," he was told, "you missed the edition and no story is worth a damn until it's printed."

As an added explanation, The Stroller said, "You see, sir, we aren't hired to write literature. We write news — and just as fast as we can. Our job is to keep the public informed."

The professor stuck out his hand, nodded and smiled, and thus began a friendship that lasted for years.

Within the past week The Stroller experienced another fine example. In a story dealing with the appointment of Mark Howe, son of the former Red Wing star, to the U.S. Olympic hockey team, he stated that young Howe was the first Michigan lad ever named to the team.

In the days that followed the phone rang and rang. And each mail brought the claim that young Howe was not the first Michigan boy so honored.

It so happens that several boys from the upper peninsula — birthplace of hockey in America — were chosen in past years.

Maybe you are proud of your friends. The Stroller is proud — and fond — of his critics.

Plymouth Brevities

JIM SHINN, star Plymouth High School diver who was permanently paralyzed in a trampoline accident during his senior season two years ago, is back in University of Michigan Hospital because of kidney complications.

Friends are undertaking a card and note-writing campaign to lift his spirits, and those who wish to participate may address Jim at Room 8-West, care of the hospital in Ann Arbor.

SOMEONE REALLY guessed right when Plymouth's Junior Basketball Association ordered tickets last summer to let the more than 700 boys in the league see a home basketball game of the University of Michigan.

The game they picked out was today's clash with Minnesota, which turned out to be for first place in the Big Ten.

The association got the tickets for \$1 each and, by paying the drivers out of the league treasury, obtained 14 school busses to provide transportation. At last count, 714 were booked for the trip.

THE COUNCIL for Community Concerns will hold its annual meeting at 7:30 p.m. Tuesday, Feb. 29 in the auditorium of the administration building at the Plymouth State Home and Training School. Election of officers and trustees will top the agenda.

This is the organization that operates "Our House," the problem-solving drop-in center at Fralick and Harvey. Peter Schweitzer is the current president and hopes Tuesday's meeting will attract citizens who would like to boost the council's membership.

DOCUMENTS, PHOTOGRAPHS, clippings, maps, letters and other data pertaining to the history of the Plymouth community are being sought by the Historical Society which will break ground soon for the new museum at Main and Church.

The collection of these items is being handled by Dunning-Hough Library, where bookmarks are being given to all patrons as a reminder that the Historical Society is interested in all such material.

THE SALVATION ARMY CORPS of Plymouth will hold its annual civic dinner the evening of Monday, March 6 in the Mayflower Hotel when Major Kenneth Stange, head of a Salvation Army Harbor Light center in downtown Detroit, will be the guest speaker.

Programs and activities conducted by the local Salvation Army unit in 1971 will be reviewed and plans made for '72. The public may obtain tickets by calling Capt. Warren Yoder at the Army's Plymouth headquarters, 290 Fairground.

TWO HOCKEY TITLES have come to Plymouth this winter, one by the 14 and 15-year-old Bantams who won the Inkster league playoffs in their division and the other by the old timers' team which took first place in a Westland loop.

All of these men are over 30 and Coach Patrick Dugan's roster included Dick Randazzo, Ruben Doumanian, Ron Fabean, Joe Humphreys, Jack L'Heureux, Bob Myrtle, Tom Norton, Sy Smith, Ron Simick, Bill Thomas, Bob Wheaton, Bill Wintersteen, Curt Keach and Cecil Kesson.

A HIGHLIGHT of the annual meeting of the Plymouth YMCA directors Monday night will be a report on the past year's activities by Mark Wehmeyer, the outgoing president. The meeting is to be held at 7:30 p.m. in the library of Allen School. Bill Cameron, director of the Livonia "Y", will be the guest speaker.

Personnel changes in the Plymouth "Y" in 1971 saw Robert Waters and Mrs. Eugene (Johnnie) Crosby leave the staff, with Tom Griffin being hired out of Detroit as director and program administrator. The biggest need of the "Y" here is recognized as being that of a facility which would allow the program to be broadened.

SUBURBAN EIGHT swimming and diving championships will bring the greatest high school aquatic team in Michigan to the Plymouth High School pool Wednesday, Thursday and Friday. The reference is to Dearborn's defending Class A champions, who are new

members this year in the Sub-

8. Diving preliminaries and semi-finals will open at 2:30 p.m. Wednesday and all swimming preliminaries will be held starting at 6:30 p.m. Thursday. Finals in all events will begin at 8 p.m. Friday, with tickets at \$1 each. John Sandmann of PHS is the meet director.

SINCE PLYMOUTH received a national write-up on its downtown "vest pocket park" recently in American City Magazine, praise for this undertaking has come to the municipal administration from throughout the country.

Typical comments were "very good job; you've given me an idea," from Patrick Dugan, Hasting-On-Hudson, N.Y.

Letters To The Editor

Don't Overlook String Players

Yours was a very heart-warming article that was written in last week's Mail and Observer about our senior and junior high school bands. Both groups deserve a great deal of credit for their current performances.

There are times in the light of our instrumental music programs when we tend to think of the band groups without including the orchestral groups.

Would you accept this note as an opportunity on my part to clear the issue a little bit to praise the orchestral mem-

bers of the instrumental program who, too, were winners in the recent district solo and ensemble festival held Saturday, Feb. 12.

In all fairness to those students at Central Junior High School in Plymouth who are not members of the band, but are members of the orchestra, it should be pointed out that among the 32 first division, five medal solo winners, five of the 32 were earned by string players: three violin solos; one viola solo and one cello solo. In addition, the string quartet also earned four first division blue medals.

Central School is justly proud of all our musical groups to include the orchestra and choirs, as well as the band.

He Thinks We Degrade PHS

I found your front page article dealing with the behavioral problems at Plymouth High School to be most beneficial and informative.

You see, I have attended Plymouth High for the last three years and I found it most interesting to learn that my fellow students are a group of violent, gambling, love-crazed perverts. I shudder when I think that I may never have known that I was attending a den of immorality disguised as a public high school. For this I thank your paper.

In conclusion, I would just like to say that in my short life I have never before encountered such a piece of thoroughly disgusting journalism. I admonish your newspaper for making news out of gossip, by transplanting gossip from the back fence to the front page of your newspaper.

Dreams for sale.

Everybody's got a dream lurking around in the back of his mind. A dream vacation. A dream cottage. A dream car.

Dreams can be a lot more fun if you know you're doing something to make them come true.

And that's what the Payroll Savings Plan is all about. When you sign up an amount you specify is set aside from each paycheck and used to buy U.S. Savings Bonds.

Now Bonds mature in less than six years. That's the shortest maturity period ever, and makes Bonds a practical way to save for dreams you want to come true while you're still young enough to enjoy them.

See the folks in the payroll office where you work. They've got dreams for sale.

Now U.S. Bonds pay 5 1/2% interest when held to maturity of 5 years, 10 months, 4 1/2%, the first year. Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America. Now Bonds mature in less than six years.

Nixon China Trip Stirs Memories

By BETTY MASSON

The words "presented live from China" heard on television during President Nixon's visit sound historic to all of us, but are especially moving to a Plymouth resident.

The interested viewer is Helen Desjardins, a former missionary and teacher, who "spoke Chinese for 33 years." Although she spent most of her time teaching in west China, around the area of Chungking, she has visited Peking several times.

When she first went to China in 1918, the trip took more than two months. Now pictures are being flashed back on the spot, and Miss Desjardins is taking time from packing and attending going-away parties to watch the television coverage

of the president's visit very closely.

"I think his trip is the greatest," she says. "He has taken the position most likely to be effective. In establishing friendship, he has the right key. If you began to press for important issues now, the Chinese would turn away."

MISS DESJARDINS is packing because she's preparing to make a trip, too—to Asheville, N.C. She's retiring... again. This makes the third time.

She originally retired from the Methodist Church's field in 1963, and promptly came to Plymouth where she was employed part-time in Plymouth's First United Methodist Church as a consultant in Christian education.

She retired again in 1967, but was still on call when needed

and she often was. Her latest job at the church has been to advise and accompany a young people's group on their outings and retreats. "They seem to appreciate it," is her comment.

On March 9, she is leaving Plymouth to enter a retirement home operated by the Methodist Church's board of missions in Asheville.

But before she goes, her Plymouth friends are honoring her at a "recognition day" in Plymouth's new first United Methodist Church, 45201 N. Territorial, between the two Sunday morning services (at 10:30, this week (Feb. 27).

Miss Desjardins served in China from 1918 until 1961. She left, not because the Communist regime "forced" the Americans out, but because it became impossible to accomplish anything and because "we were a handicap to our own people."

IN HER FIRST year of living under the Communists, there were no problems. In fact, after borrowing the school in which she taught, for classes of their own, they treated the teachers to "one of the finest feasts I've ever had in China."

Then anti-Americanism began to be encouraged and Miss Desjardins was under a sort of house arrest for a few weeks.

"But the people gave up their friendship with America very, very slowly," says Miss Desjardins. At the time of the Korean War, she remembers hearing two young soldiers discussing Americans. When one claimed they were all bad, the other replied, "Americans are anything but bad people." Said Miss Desjardins, "I felt this was very significant."

How much of this feeling has survived or can be revived only history will tell. Certainly Miss Desjardins will be watching with interest.

HELEN DESJARDINS of Plymouth is looking forward to her third retirement. A long-time missionary in China, she is watching the president's visit with great interest.

Faith Choir To Present Passion Of St. Mark

"The Passion According to St. Mark," a cantata by Jan Bender depicting the events of Holy Week, will be presented in Faith Lutheran Church of Livonia at 7:30 p.m. Sunday, March 5.

The 40-voice cantata choir and assisting soloists and instrumentalists will be directed by Maria Schmitz, F.A.G.O. organist and choirmaster at Faith. The work was first performed by the Faith choir during Lent of 1971.

Thomas M. Kuras, a senior in the music department at

Wayne State University, will sing the leading role of the Evangelist.

MEMBERS of the choir singing other leading roles include Demar Helzer, Linda Schacht and Judy Ferrier of Redford Township, Joyce Bigelow, Ralph Paschke, John List, Curtis Druckrey, Bill Tulloch and David Schade of Livonia and Robert and Amy Schmitz of Westland.

Accompaniment for the cantata will be provided by a string ensemble and a harpsichord. Robert W. Jones of Plymouth, composer-in-residence at Schoolcraft College, will be at the harpsichord.

Violinists in the ensemble will be Andy Trestail and Vicki Nemeth of Westland and Joseph Pullin and Bonnie Shirley of Livonia. Jean Braun of Plymouth and Scott Woolweaver of Garden City will play viola and Janet Holt of Plymouth will be at the cello. Livonian Clark Suttle will play the bass viol.

JAN BENDER, composer of the cantata, is composer-in-residence at Wittenberg University in Ohio.

The work is written in a neo-Baroque style with a strongly contemporary flavor.

The public is invited to attend the performance and a free-will offering will be received to help defray production expenses. The church is located at 30000 Five Mile.

'Christ Power' Will Be Sermon Topic

A message on "Christ Power" will be delivered by Sam Dalton at the 11 a.m. service Sunday, Feb. 27, in Calvary Missionary Church, 29850 W. Six Mile, Livonia.

Dalton, who comes from Denver, Colo., his wife, and their three adopted children decided to put their lives at the service of God in 1966.

For more than 14 years he had been a laborer for Protex Industries in Denver. Then he was asked to make a short speech at the 29th annual convention of the Christian Business Men's Committee meeting in Detroit.

His talk lasted for only nine minutes, but what he had to say had a profound effect on his audience and on himself.

For a few weeks later, Dalton, after much prayer and reading of the Bible, requested a three-month leave of absence from his job.

He says, "I stepped out on God's promise, saying to my dear wife Pearl, 'We are going

Joy is the theme of this year's World Day of Prayer. The gatherings are sponsored by Church Women United, and the idea of prayer around the world began with small groups meeting in this country 85 years ago.

St. Andrew Episcopal Church, 16360 Hubbard, Livonia, will be the setting for the service sponsored by Church Women United in Livonia. It is scheduled at 12:30 p.m. and the theme, "All Joy Be Yours," will be expressed in worship through movement as well as by more

conventional means.

The Plymouth service is set at 9:30 a.m. in Our Lady of Good Counsel Catholic Church, Penniman and Arthur, Mrs. Patricia Molland, OLCG religious coordinator, will be speaker, and coffee and refreshments will be served later.

Churches participating will be Assembly of God, Epiphany, First Baptist, First United Methodist, First United Presbyterian, Latter-Day Saints, St. John Episcopal, St. Luke United Methodist, the Salvation Army and Our Lady of Good Counsel.

IN RICE MEMORIAL United Methodist Church, Beech Daly at Eight Mile in Redford Township, an

ecumenical choir will include representatives from more than 20 churches in the township and northwest Detroit. Several more churches will send worshippers.

Speaker for that 1 p.m. service will be the Rev. Donald T. Devine of St. Monica Catholic Church in Detroit. His topic will be "Joy In Christ."

Church Women United of Detroit sponsor the Redford area service, which was held in 1970 in Redford Baptist Church, Redford Township, and last year in Christ The King Catholic Church in Detroit.

Cathy Gress, a Schoolcraft College student.

Explaining use of the new form of worship, Mrs. Lanius said:

"The written and spoken words are common to everyone in a church service. However, there are many other expressions of reverence offered in paintings, music, and the lesser known movement choirs."

"During the last 10 years there has been a tremendous upsurge in the relationship between the arts and religion. This correlation is evidenced

by the growing popularity of such works as "Superstar" and contemporary paintings such as "The Last Supper" by Salvador Dali."

Refreshments will be served following the Livonia service, and babysitting will be available.

CHURCH WOMEN UNITED groups throughout the world have found that World Day of Prayer is their most ecumenical event of the year, joined now by Protestant, Orthodox and Catholic women.

Lent Series Brings 'Superstar,' Talks

A multimedia presentation of "Jesus Christ Superstar" and several guest speakers will highlight four Sunday evening Lenten fellowship programs in the First United Methodist Church of Farmington.

The programs will begin with 5:30 p.m. suppers served by the Women's Society of Christian Service, followed by programs at 6:15 p.m.

Youth of the church will make the presentation of the "Superstar" recording on Sunday, March 12.

The series will begin Sun-

day, Feb. 27, with a talk by Russell King, architect and missionary to India.

Two couples from Ghana, Mr. and Mrs. Opanin Nthi Gyaami and Mr. and Mrs. Osafu Twum, who led an earlier program at the church, will pay a return visit March 5.

The speaker for the final Lenten service on March 19 will be B. Bryce Swiler, the church's former associate minister.

His topic will be "The Complications of a Drug-Dependent Society."

THE WORSHIP through movement to be featured in the Livonia service is described as a new means of expressing joy and faith.

Mrs. David Lanis will direct the offering, which will make use of music from "Joseph and the Amazing Technicolor Dreamcoat," by "Superstar" composers Andrew Lloyd Webber and Tim Rice.

Participating will be Ann and Mark Reinhardt, aged seven and five, Franklin High School student Sue Gallop and

ROBERT CLARK, a member of the organ faculty at the University of Michigan, will play an organ recital in St. John Episcopal Church, 574 S. Sheldon, Plymouth, at 7 p.m. Sunday, Feb. 27. The entire program will be from the organ works of J.S. Bach. A free-will offering will be received.

Seminar Will Look At Guns

"The Psychology of Death" is the title of a Sunday morning seminar beginning Sunday, Feb. 27, in Newburg United Methodist Church, 36500 Ann Arbor Trail in Livonia.

The four-week seminar focuses on death as it belongs to life and as seen in the light of the hope of Easter. Sessions will be held at 9:30 a.m. in the Fellowship Hall.

Class Planned For Retarded

A Sunday school class for retarded children will begin March 5 in First Baptist Church of Plymouth, 45000 N. Territorial.

Bob Gardiner, a special education teacher and coordinator in Wyandotte will supervise the program. Ruby McClendon, a special education teacher in Waterford, and Rosetta Maddick, a teacher at Pioneer Middle School, will be the teachers, with Anita Cameron assisting.

The class will be open to the community and applications may be picked up at the church office.

to trust the Lord and be available to Him if we have to live on peanut butter and crackers."

When the three months expired, he requested another 45 days, but it was only one week later that Dalton felt compelled to resign permanently. "We are committed, totally, not only our lives but all we have to him who worketh all things after the counsel of His own will," he said.

Amnesty And Role Of Suburb St. Clare Topics

Two controversial issues—amnesty for draft evaders and the relationship of inner-city and suburb—will be aired in two Lenten programs in St. Clare Catholic Church, Farmington.

The programs, sponsored by the St. Clare community affairs committee, are scheduled from 8 to 10 p.m. March 2 and March 16 in the church's social hall, 29200 W. 10 Mile, just east of Middle Belt.

SPEAKERS for the March 2 program on draft evasion will be Kenneth Haber, assistant U.S. district attorney, and Bishop Thomas Gumbleton, vicar for parishes of the Detroit Archdiocese.

Haber has been prosecutor in draft evasion cases and Bishop Gumbleton has been

an outspoken advocate of conscientious objection to military service.

The topic March 16 will be "Inner-City and Suburbia: Bedfellows?"

PARTICIPANTS WILL BE Robert Huber, former state senator and chairman of the Conservative Party of Michigan, and the Rev. William Cunningham, director of Focus: Hope Project and Happenings.

In both programs, each speaker will have time to present his views and then answer questions from the opposing speaker and from the audience.

Because the questions presented are of general concern, all in the community are invited to participate.

FOUR CHRISTIAN MINSTRELS from Thurston High School get ready for their folk concert scheduled March 9 and 10 in the Redford Township school. From left, they are C.J. Webb, Dave Meinhard, Judy McGhie and Dave Wilson. (Observer photo by Bob Dadeing)

Child Psychology 1st Thursday Topic

Dr. John George of the Wayne State University faculty will talk about pre-teen development of children for the First Thursday series in St. Gerald Catholic Church, Farmington, at 8 p.m. March 2.

A graduate of St. Louis University, Dr. George is assistant professor in the department of clinical and educational psychology at WSU.

He will deal with such sub-topics as "Each Child Is an Individual," and "Each

Child Mirrors His Parents." Small group discussions will follow his talk, and the program will continue to 10:30 p.m. Tickets are \$2 or \$1 for students.

Missionary Will Speak

Russell King, missionary speaker from India, will talk to the Women's Society of Newburg United Methodist Church, Livonia, at 9:15 a.m. Wednesday, March 1.

Christian Minstrels Set 4th Folk Performance

"You've Got A Friend" will be the theme of a folk performance by The New Christian Minstrels on March 9 and 10 at Thurston High School in Redford Township. The young adults comprising the Minstrels are under the direction of Dave Meinhard, a 17-year-old Thurston student, with 17-year-old C.J. Webb helping as assistant director.

The folk performance will be the fourth annual event of its kind and will include, among other selections, Christian folk songs such as "Here Comes Jesus" and "One Tin Soldier."

Membership in the group is voluntary and non-denominational. Meinhard stated the purpose of the group as "bringing Christ to

others, especially youth." Money raised from the group's performances will support an Indian foster child which the minstrels have "adopted" with the help of Robert Mathers, moderator of the Christian Club at Thurston.

Although the majority of the membership in the 45-member group attends Thurston, others represent Franklin High School and Benedictine High School, Schoolcraft College and Oakland University.

The performances on March 9 and 10 will begin at 8 p.m. in the Thurston High School auditorium, 26255 Schoolcraft, with an admission charge of 50 cents for adults and 25 cents for children 12 and under.

Plymouth Methodists Move To New Building

The first Sunday and week-day services in the new home of the First United Methodist Church of Plymouth are coming this week.

The congregation will worship at 9:30 and 11 a.m. Sunday, Feb. 27, in the new building at 45201 North Territorial.

The Rev. Paul Cargo, senior minister, and the Rev. Dean A. Klump, associate, will conduct a service of praise and thanksgiving as the congregation looks forward to the consecration of the new facilities March 5.

SPEAKER for the first meeting will be Dr. Orville McKay, minister of the Cargill United Methodist Church in Janesville, Wis., who will lead

DR. ORVILLE MCKAY

a Lenten service at 7:30 p.m. Thursday, March 2. A fellowship supper in the new dining room will precede the service.

Dr. McKay and Rev. Cargo worked together several years as officers of the Detroit Conference Board of the Ministry.

The visiting preacher also served as president of Garrett Theological Seminary in Evanston, Ill., and as minister of the First United Methodist Church of Midland.

He is considered one of the leading Methodist preachers in the Midwest.

BISHOP DWIGHT E. LODER, administrative leader of the United Methodist Church in Michigan, will dedicate the new building March 5.

On the same day, the church plans an open house from 3 to 5 p.m., and all in the community are invited.

Seminar Will Deal With Guns

Detroit Police Commissioner John Nichols will lead a gun control seminar in the Birmingham Temple, 28611 W. 12 Mile, at 8:30 p.m. Wednesday, March 1.

Commissioner Nichols has taken a stand favoring gun

control legislation as a means of reducing violence and crime in today's society.

Questions expected to come up for discussion involve whether too many people have too many guns, whether the

situation can be changed and whether there is general fright over the increase in violence in recent years.

The seminar, sponsored by the Birmingham Temple, is open to the public.

Purim Holiday Brings Carnivals

Purim, the holiday based on the biblical story of the Book of Esther, will be celebrated soon by several Jewish congregations in the area.

The Livonia Jewish Congregation Division of United Synagogue Youth will sponsor a Purim carnival from 12 noon to 4 p.m. Sunday, Feb. 27, in the LJC Hebrew School, Seven Mile at Osamus. Another carnival is planned by Temple Kol Ami religious school from 11:30 a.m. to 2:30 p.m. Sunday, March 5, in the West Bloomfield Middle School, 600 Orchard Lake Road.

A FAMILY SERVICE at Kol Ami will mark the holiday. It is scheduled at 7:45 p.m. Friday, March 3, in the Birmingham Unitarian Church, Lone Pine at Woodward.

All children attending the service will be given noise makers so they can, in the traditional manner, drown out the name of Haman, the villain in the story of Esther.

Reading of the story is the main event in the celebration of the Purim holiday.

The story tells of Mordecai, the hero, who defies those bent on destroying the Jews, of Haman, the prime minister who plotted to destroy them, and of Esther, the Jewish maiden who became queen because of the courage and loyalty that saved her people.

In celebrating Purim, the Jewish children traditionally don costumes and the normally serious atmosphere of the synagogue is turned to one of carnival spirit.

Trinity Church Has Worship Workshop

A special meeting for young people and junior high school students is being held at 7 p.m. Saturday, Feb. 26 in Trinity Church of the Brethren, 27330 W. Chicago, Redford Township. This is part of a music and worship workshop being held at the church this weekend.

The workshop will conclude with an innovative worship service Sunday morning at 9:45.

Leaders of the workshop, which is an attempt to deal with new and innovative types of worship and to explore the real meaning of worship itself, are Wil Nolen and Bentley Peters. They are from the Church of the Brethren home offices in Elgin, Ill.

FISH Is Topic For Mt. Hope

FISH will be the topic of a film scheduled for the women's organization of Mt. Hope Congregational Church, 30330 Schoolcraft, Livonia, at 11:30 a.m. Thursday, March 2.

Presenting the film will be Mrs. Ruth Vigna, Livonia chairman of FISH, a Christian concern group that takes its name from the ancient symbol of Christianity.

Mrs. Vigna will tell what volunteers are doing in the Livonia FISH program and explain how anyone interested may become involved. All in the community are invited. Babysitting will be provided.

Luncheon will be served following the program, and reservations may be made by calling the church office by Feb. 24.

Bentley Choir Sings In Ward

The Bentley High School concert choir, preparing for its annual spring tour, will give a concert at 7 p.m. Sunday, Feb. 27, in Ward United Presbyterian Church of Livonia.

The program will include both sacred and popular works.

Jerry J. Smith has been director of the Bentley choir for 12 years. He holds bachelor and master's degrees in music from the University of Michigan.

The public is invited to the concert in Ward Church, located at Six Mile and Farmington Road.

Harrison Upsets Franklin On Shot At Buzzer

Two amazing things happened within a matter of six seconds ... first Jim Mason, senior sharpshooting guard, fired at the basket, missed and grabbed the rebound and then hit the cords from 15 feet out as the whistle sounded ... second, the two points gave Farmington Harrison the most important victory in two years of competition, over powerful Livonia Franklin, 61-60.

Given slight chance against the team which had clinched

the Northwest Suburban Conference championship a few nights earlier, Harrison staged an astonishing comeback in the final period to tie the score, fall behind with 16 seconds to play and then finally recorded the upset when the ball slipped through the hoop as the buzzer ended play.

The triumph gave the Hawks a 7-8 record and the loss was Franklin's fifth against 11 victories.

NEITHER TEAM showed much in the opening quarter which ended in an 8-8 tie with lanky Tim Dietz scoring six points for the Patriots.

The Hawks woke up in the second stanza when senior Tom Doa contributed 10 of 18 points and Harrison went off the floor with a halftime margin of 26-23.

Franklin came out for the second half with a zone press which confused Harrison and resulted in numerous mental lapses and turnovers.

It also found Rick Graham and Tom Luch finding the range for Franklin with the former getting 10 and the latter seven points to push the Patriots ahead, 46-39 going into the final quarter.

Harrison caught fire in the last eight minutes, hitting on eight of 11 free throws to "gradually whittle the Franklin lead. The Hawks finally knotted it at 58-58 when Doa stole the ball on a fast break.

Jeff Sioff's free throw put Harrison in front, 59-58, and

then Luch appeared to clinch the victory for Franklin when he fired one in from the corner with 16 seconds to play.

HARRISON COACH Bob Sutter tried desperately to get his team to take a time out but didn't get the message across until only six seconds remained.

He set the strategy for a final shot and Mason was delegated to take it. He did, the ball hit the edge of the rim and bounced back into his hands.

He fired again from 15 feet and the ball was going through the cords when the final bell sent Harrison rooters into a wild celebration.

Franklin wound up with a 54 per cent average from the field on 23 baskets in 42 shots Harrison had 43 per cent on 23 of 53.

The one point difference came from the foul line where the Hawks made 15 of 21 and Franklin 14 of 22.

Doa and Sioff divided scoring honors for Harrison

with 19 each. Luch was high for the losers with 18.

GC East, Franklin Contest Tops District Tourney Play

The regular season has ended and now Observerland's schoolboy quintets start gazing at the 1972 state championships with play beginning Monday in district tournaments and continuing throughout the week.

Winners of the district meets, which are slated at Livonia Franklin, North Farmington, Ferndale, Southfield and Romulus as far as area teams are concerned, then advance into the regionals on another week and

the survivors there win berths into the quarterfinals.

The sites of quarterfinals haven't been announced as yet but the semis will be held in Crisler Fieldhouse at the University of Michigan and then to the championships at Michigan State University on the final Saturday of the month.

AS THE LUCK of the district draw would have it, two of Observerland's top contenders clash in the opening round of the Franklin district Monday night and one

is certain to end its season in a hurry.

Garden City East, generally considered the finest in the area, tangles with Franklin, recently crowned champions of the Northwest Suburban Conference, at 7:30 p.m.

It will be a battle of East's jumping jack center Dave Jackson, who passed the 1,000 point career mark two weeks ago, and Jack Hayes against Franklin's rangy Tim Dietz, who can be good at times and average at others, and the Graham twins, Rick and Mike.

Despite the fact that Franklin will be playing on the home court, it will enter the contest as the underdog. Billy Joe Young, East coach, has a way of getting his teams primed for the tournament and it looks as if he could go all the way.

The Patriots were upset earlier in the week by Farmington Harrison and on the same night, East dropped a decision to a Lutheran West club it beat by 20 points earlier in the year.

Southfield's Blue Jays swing into tourney play Monday on the home court when they entertain Thurston at 8 p.m. This could be one of the best games of that district.

Neither team has had an exceptionally good year but each has soared to the heights on occasions to knock off top quintets.

Especially has this been true of Thurston, which whipped Redford Union, Franklin and John Glenn during the regular season.

SOUTHFIELD'S biggest moment came in meeting with

unbeaten Birmingham Seaholm when the Jays pressed the state - ranked team all the way before losing.

Two Farmington rivals clash in the opening test on the North Farmington court Monday at 8 p.m.

North, the host team, faces Harrison in a game that could go either way. Harrison showed it has the power when it upended Franklin Tuesday night with the game winning basket at the final buzzer.

Brother Rice, finalists in the Catholic League championship where it was crushed by unbeaten U of D High, goes against Bloomfield Hills Lahser in the first game of the Seaholm district Monday at 7:30 p.m.

The schedule for the remainder of the tournaments is found elsewhere on this page.

REACHING HIGH to tap in a rebound is Harrison's Jeff Sioff (44) who was one of the big reasons for the stunning victory over Franklin. Rich Davis (25) and Mark Newman (43) look on with little chance of stopping the shot. (Observer photo by Bob Woodring)

HARRISON'S Mike McGrath (30) looks for someone to pass the ball as Franklin's Tim Dietz guards him from behind on an attempt to dribble by. The Hawks scored as the buzzer sounded to beat the Patriots, 61-60. (Observer photo by Bob Woodring)

Schoolcraft Goes Wild To Upset Monroe, 90-87

Sometimes it pays to change horses in the middle of the stream.

After playing a man-to-man defense all year, Schoolcraft College's basketball team switched to the zone against Monroe and registered its greatest victory in the eight year history of the sport.

Monroe entered the game with a record of 19-1, losing

only to Highland Park, 90 to 87, compared to Schoolcraft's 12-9 and 7-4 in league play.

Once the game got underway past performances were forgotten as Schoolcraft took the lead on three baskets by Wally Suchara and Jerry Knoph and set the pace the rest of the way.

Schoolcraft held a 47-33

margin at halftime and for a time it appeared that Monroe was about to rally. But the closest the downstate club came was nine points.

Once that rally was turned back Schoolcraft just cantered to the victory that boosted its season record in the league to 8-4 and put the Livonia club in third place.

The victory has given the Schoolcraft club a real shot in the arm as it now looks forward to the meeting with Kellogg, of Battle Creek at Delta on Feb. 29.

Knoph, former Cody star was the top scorer for the winners with 24 points and Joe Jetchick was right behind with 22 and K.C. Jones, former Plymouth luminary, added 21.

2 Livonians Crack Wayne Track Marks

A pair of Livonia products broke Wayne State University indoor track records at the 46th annual Central Collegiate Conference championships at Western Michigan University.

Junior Geoff Lane (Livonia-Bentley) sped to a 1:53.5 clocking in the 880-yard run preliminaries, the third fastest qualifying time, to convincingly erase 1963 record of 1:54.7. Lane came back to place second in the finals of the event at 1:55.0, still a good time.

He's now regarded as an outside threat to make the NCAA indoor meet March 10-11 if he can cut his time in the next two weeks to 1:52.8 or better.

Senior John Gores (Livonia-Stevenson), a WSU team co-captain, raced to a record 9:09.9 in the two-mile run to shatter his own school mark of 9:17.5 set last year.

Can you name the three great radio stations in Detroit?

ONE OF THEM IS WIID. WE'VE GOT TO BE GREAT BECAUSE WE'RE SMALL. WE MAKE UP FOR IT BY BRINGING YOU GREAT MUSIC AND FEATURES. YOU KNOW HOW IT IS WITH LITTLE GUYS. THEY HAVE TO RUN FASTER TO STAY IN THE RACE, WE MAY NOT BE THE BEST RADIO STATION IN DETROIT ... BUT WE'RE RUNNING A CLOSE SECOND.

Churchill Rally Nets Tie

After scoring three times in the second period to take a 4-3 lead, Livonia Stevenson pucksters saw victory snatched away in the opening two minutes of the third when Churchill's Bob Rion broke loose and beat goalie Van Vermeech to knot the count.

Rion's goal, his second unassisted tally of the game, came at 1:24 and the teams battled scoreless for the remainder of the time.

Despite the deadlock, Stevenson retained its one game edge in the Livonia Prep Hockey League standings with two contests remaining on the schedule.

Playing before a near capacity crowd at Ford Arena, the teams had spectators on edge all the way. Churchill was the first to break into the scoring when Dick Saranen took a pass from Mark DeRoche and whipped the puck past Vermeech at 9:48. The Spartans had the tying goal at 11:26 when they caught the Chargers short-handed and Dale Marczak

counted on a power play after a pass from Frank Geluso. Stevenson moved ahead, 3-1, with tallies by Geluso and Johnny Restum. The former slipped one past the goalie at 2:11 on a perfect pass from Marczak. Five minutes later, Restum and Finn closed in on Goalie Tom Hoger with Restum getting the shot at 7:52.

The teams had hardly

settled down after the faceoff until Rion intercepted a Stevenson pass and sped in for an unassisted goal at 8:11.

The Spartans went ahead, 4-2, on another Finn - Geluso combination only this time it was Finn who put the puck in the nets at 12:19.

Saranen hit the net for the second time and narrowed the gap to 4-3 after taking a pass from Dale McIntosh with eight

seconds remaining in the period. That set the stage for the unassisted jaunt by Rion and then a defensive battle for the final 13½ minutes.

FIRST PERIOD: Scoring - Churchill, Saranen (DeRoche), 9:48; Stevenson, Marczak (Geluso), 11:26. Penalties - Churchill (S), 1:53; Restum (S), 8:12; Phillips (C), 10:39; Lloyd (C), 12:45; Marczak (S), 14:45. **SECOND PERIOD:** Scoring - Stevenson, Geluso (Marczak), 2:11; Stevenson, Restum (Finn), 7:52; Churchill,

Turf Tips, Quips

By Doc Minard

Feb. 29 is the day when the gals have the right to look around for an eligible male. It's the one day every four years when a single guy had better look for cover or some pretty, personable, young member of the opposite sex may give him that look that could well end up at the altar.

Executive Manager John Carlo, of Northville Downs, has decided to give the day a bit more emphasis and will sponsor a "silver rush" that night at his plush, half-mile harness racing plant.

A couple of weeks back, Carlo managed to talk one of the area banks out of quite a few of the newly issued Eisenhower silver dollars.

He decided to learn for himself if race track patrons were that much interested in having a silver dollar included in the payoff for winning mutuel tickets.

As expected, the customers didn't want only one, they asked for as many as they could get from a cashier, who

had been ordered to make it one to a person cashing tickets.

WORD SPREAD rapidly about the silver dollar supply and it didn't take long for the cashiers to get rid of all they had.

Within a few days Carlo was being swamped with calls from patrons who hadn't been able to get in on the first silver rush. They wanted another such night as soon as the track could get another bag of the silver goodies.

Then came the thought of Feb. 29 and of making it the day for the second "rush" ... after all, it only comes every four years and that would be an "out" for the track. It wouldn't have to have another "silver" night for four years if the supply remained in short count.

So, come next Tuesday, Northville Downs will have 5,000 silver dollars and 5,000 Kennedy half-dollars available. Those cashing tickets will have the option of either an Eisenhower or a Kennedy in the payoff.

This policy will continue until all coins have been handed out.

So, if you are a collector of silver dollars, here is a chance to pick up a few ... that is if you also are a better than average hand at picking winners.

THE WOLVERINE Raceway management hasn't been sitting around passing the time on these wintry nights ... it is taking steps to improve and expand the facilities for the benefit of patrons and those in the barn area.

Remember those nights when you sat in the grandstand and clubhouse and wondered if the birds overhead were going to make their presence known with droppings on your new hat and coats?

No more will you have to worry. Workers are busy putting a ceiling on the entire grandstand that will keep the birds where they belong ... under cover and out of sight.

The top level of the new clubhouse, which will be known as Top of the Turf room, will have new flooring for the comfort of fans, drinking fountains and new lavatory facilities.

The improvements should make the Top of the Turf room one of the most popular at the track. There are seats for more than 1,200 and management will have a mutuel line to take care of the desires of those who like to have a bob or two on the races.

There isn't a better spot to view the races. Spectators are almost on the finish line, high in the air and can watch the progress of the races for the entire mile with no obstructions.

North Swims Past 2 Foes

With victories over Churchill and Oak Park, North Farmington's Raiders hiked their swim winning record to 14-3 for the season. North had an easy time with both foes, whipping the Chargers, 69-36, and the Redskins, 88-17.

Brad Carr maintained his undefeated string in diving, setting a school pool and varsity record when he totaled 306.20 points against Oak Park.

Paul Peterson churned the 200 individual medley in 2:14.6 against Churchill for another varsity mark. John Griswold turned the same trick in the 200 freestyle with a 1:54.4 clocking against the Chargers. Three records went by the

boards against Oak Park with Jim Munro cracking the varsity mark in the 100 butterfly in :57.6. The medley relay team of Bill Reed, Paul Petersen, Jim Munro and John Griswold, bettered the varsity time in 1:47.2 and the freestyle quartet of Peterson, Bill Gilman, Bill Ankele and Griswold shattered the pool mark with 3:31.2.

North has received invitations to five events in the Scholastic Invitational swimming and diving meet at Wayne State University.

Those invited were: Carr in diving, Munro in 100 butterfly, Griswold in 100 freestyle along with the medley and freestyle relay teams.

Patriot Swimmers Win Relay, Meet

After being disqualified and placed second in the medley relay, Franklin High swimmers roared to victory in the

400 freestyle relay to nip Thurston, 54-51. The disqualification gave the Eagles a big break and kept them in the thick of the fight all the way. The Patriots captured the freestyle relay by a tenth of a second in 3:37.9 for a Franklin pool record.

Franklin won five of the nine individual events but Thurston was never out of the running because of its balanced strength.

The summaries:

GC East Tankmen Swamp Churchill

Prime contenders for the 1972 Mid-Wayne Conference championship, Garden City East swimmers routed Livonia Churchill, 68-39, for their 15th dual meet victory.

East has an 8-0 conference record going into the annual championship meet Wednesday and Thursday at Annapolis High. A victory there will clinch the school's first conference swimming championship.

East also has qualified Jeff Blanchard for the state Jeff A championships in the 100 backstroke. Garden City packed too much power and balance for the Chargers, winning six individual events and both relays.

Churchill won the 200 freestyle with Turner, the 200 individual medley and 400 freestyle with Dove.

Bowling has lost one of its popular promoters with the death of Irv Gies, one-time partner in the old Garden Lanes on Woodward Avenue, and later co-owner of the popular Olympic Recreation.

News of the death in Lake Worth, Fla., several weeks ago, came at a time when two of his favorites - Stella Hartrick, of the old Olympic team, and Ann Sellock, of the Thunderbird Inn team, who started at the Olympic, are headed for the bowling Hall of Fame.

It was at the old Garden Lanes that Gies and his partner, the late Johnny Bauer, inaugurated sweepstakes bowling with matches each afternoon. It was here, too, that high scores became the order of the day - and Gies never revealed his secret.

These daily sweepstakes were the forerunner of the present Pro Bowlers tour and the All-Star Classic Leagues. When they moved to the Olympic high scores just naturally followed and many of the greatest bowlers in the city did their pin spilling at Gies' place.

One time president of the Bowling Proprietors Association, Irv is a member of the Detroit Bowling Hall of Fame.

WHAT ARE THE odds in bowling a perfect game?

If you ask Mac Goldman, at Merri-Bowl, he'll tell you they are beyond belief. He has a good reason.

There hadn't been a perfect game at Merri-Bowl for the past seven years. Then last Sunday the famine ended when James Lykins, a 41-year-old with a 183 average, found the range in the Father and Son League.

He opened with a 168, then collected 12 strikes in a row for 300 and closed with another 168 for 636.

A stock clerk at United Delco, he has bowled in two leagues for the past seven years and his previous high game was a 267.

While he was ending the perfect game drought, a few lanes away Ron Nagle, a 180 average bowler, took scoring honors with games of 218, 197 and 268 for 683.

PENNY McLEAN, the newest star in the Ladies All-Star Leagues, established a record last week when she rolled a 736 series at Pine Tree Bowl. The

previous week she posted a 701 and it was the first time in the history of the league that 700 series were rolled back-to-back.

B.C. NUNNERY, who hadn't been heard from too much this season, made up for lost ground in the Garden Lanes Classic this week by pacing the field with a 741.

Two others broke the 700 barrier when Ken Geisler fashioned a 720 and Don Denham added a 717. Other high scores included Ed Shelley 684, Bob Grenier 671, Mike Mathis 658, Bill Montgomery 653 and Imer Santti 651.

The Moose League also had a new pacemaker when Al Zelek came through with a 675 to beat out Bill Delucca with 647 and Bill Turnow 641.

MIKE BELSON and Jim Macomber put on a real show in the Westland Classic in the battle for scoring honors.

Mike finally won with a 691 on games of 241, 215 and 235 to beat Jim by six pins. Mike opened with 235, came back with 193 and then soared to 257, but couldn't catch his rival.

Among the other high scores were Gary Almasky with 676, Tommy Vallance with 650 and Dandy Rehndorf with 638.

DAN D'ALIMONTI, of Trenton, won the monthly tournament of the Michigan Majors Association, with a final count of 3086 Sunday at Mayflower Lanes.

At that figure he beat out Dick Preston by 95 pins. Dick had a 2991 and Ed Gibbs, of Pontiac, topped the qualifiers with 1296.

Spotlight on Women

Reports Ms. Steinem

They Like 'Ms.'

By KATHY PORTER
Special Writer

Ms. Gloria Steinem came to visit recently to talk about "Ms.", the magazine, and Ms., the liberated woman.

A noted journalist and editor, she joined lib activist Margaret Sloan of Chicago in an Ann Arbor appearance to raise funds for the Ann Arbor Feminist House.

The aisles and doorways of the 1,400-seat University of Michigan Power Center for the Performing Arts were jammed as tickets sold out in advance. Many were turned away at the door, while others waited in the lobby straining to hear parts of the speeches until a special speaker was hooked up.

MS. STEINEM, called one of the most articulate spokeswomen for women's liberation in the country, insisted women's lib does not seek to "exchange roles with men," but rather to abolish role-playing altogether.

"We must learn to celebrate ourselves, take control of our own lives," she said.

In a press conference, Ms. Steinem quoted statistics as evidence that there is discrimination even at the university level.

"Out of 4,500 U-M employees, only 1,500 are women, and of 887 full professors, only 47 are women," she said.

THE NEWS MEDIA have called Gloria Steinem the "high priestess" of women's lib. She still thinks of herself as "the fat brunette from Toledo." But she also considers herself strictly a journalist helping to make women aware that they must work together "to forge a new kind of society where no one is born into a second class role because of race or sex."

She emphasized that women's liberation is a revolution, but one in which you "live every day, not one you die for."

Ms. Steinem said her new magazine, "Ms.," has generated "unbelievable" response. Her New York office has been inundated with letters, most of them favorable, and job applications and manuscripts, she said.

The unfavorable comment, she added, questioned whether "Ms." could continue the quality of writing that

GLORIA STEINEM
(Observer Photo)

appeared in the preview issue. Ms. Steinem answered that there was still so much of the "women's view of life" to explore that she had no doubts the writing would continue to be of the same caliber. The next issue of "Ms." will appear in spring.

MARGARET SLOAN directed much of her speech to the black women in the audience. She said the oppression of black women is double oppression because they are both black and women. She said, however, that black women should not feel that one cause is greater than the other.

Ms. Sloan stated that black women should be working for things that affect them the most, such as "child care centers, abortion reform and equal job opportunity."

Both Gloria Steinem and Margaret Sloan endorse Shirley Chisholm in the coming presidential campaign because of her voting record in support of abortion reform and equal job opportunity legislation. They said she has also made it a practice to hire women on her political staffs. Sen. George McGovern, because of his support in the women's rights movement as shown by his voting record, also gets their approval.

'Cabaret' Is Not As Gay As It Seems

By BETTY MASSON

There's something about the movie "Cabaret" that troubles me. If we went to see it and took the message literally, then maybe we wouldn't go to movies like "Cabaret." Or maybe we would.

The movie operates on two levels. Part of it is surrealistic and sinister. The other part is sex, some of it sick.

Not sick is Liza Minnelli. As the American girl, Sally Bowles, adrift in Germany, she's her mother's daughter and then some. Liza belts out a song in a way that would do Judy Garland proud, and adds her own special qualities to the role.

AS A NAIVE, love-starved, promiscuous and ambitious entertainer, she is perfectly believable. In the stage version (based on Christopher Isherwood's stories of Germany in the 1930s), it was much harder to believe in Sally.

But it's against the background of Sally's love

affair with a young Englishman called Brian Roberts (Michael York) and their (repeat their) affair with a rich German baron (Helmut Griem) that the really fascinating story is set. Some may see it the other way.

It's the story of the German people rushing headlong and thoughtlessly into disaster. In

CABARET
now showing at
Mai Kai
Rating: PG

a frantic frenzy of the pursuit of pleasure and non-involvement.

The neophyte Nazi party savagely beats up the manager of the Kit Kat Klub, while his gaudy, tawdry, bare-thighed dancers entertain the crowd with whom anything goes.

The clean-cut lad with the voice of an angel sings "Tomorrow Belongs to Me," and gradually the beer garden crowd joins in with the swastika-decorated youth.

AN OLD MAN is beaten up in the street, and the citizens go on about their business.

A young Jewish couple is married, and the ceremony is beautiful. But what will the future bring? It's a chilling moment, the realization of where prejudice can lead.

The lipstick-painted grotesque emcee of the Kit Kat Klub extolls the virtues of degradation in his strident, brassy voice, but his eyes never smile.

Nero fiddled while Rome burned, Germans danced in their Kit Kat Clubs, and Americans send their children to films in which amorality is portrayed as an accepted way of life.

Yes, "Cabaret" is a troubling film.

Southfield Ballet To Debut

The Southfield Ballet Company, formed in April, 1971, will present its debut performance at 3 p.m., Sunday, March 5, in Southfield-Lathrup High School Auditorium, 19301 W. 12 Mile, Lathrup Village.

Tickets are on sale at the Southfield Parks and Recreation Building, 26000 Evergreen, the Tel-12 Mall and the Judy Lee Dance Schools in Southfield and Livonia.

THE BROOKSIDE Jazz Ensemble will play for the contemporary program. Craig Strain, its director, has arranged an original score from a Bach violin concerto, to accompany a dance choreographed by George Zoritch. Zoritch, who is artistic advisor to the company, is a former premier danseur with the Ballet Russe de Monte Carlo.

Featured with the company will be two lead dancers from the Flint Ballet Theater Dancers and Alvin Mayes of Oak Park and Lori Kanat of Southfield.

The company was formed under the sponsorship of the Southfield Art Council. It will give a special performance at 12:30 p.m., March 5, for school children who will be bussed to and from the concert. This is being made possible through the council, J.L. Hudson Co., the Oakland National Bank, the National Bank of Southfield, the Southfield Board of Education and many other businesses.

Latin Festival Begins Feb. 27

DETROIT

The first of three Latin-American festivals will be held at 2 p.m., Sunday, Feb. 27, in the International Institute, 11 E. Kirby, at John R.

Movies of Columbia and Chili will be shown. There will also be folk dances and folk movies. Other Latin American countries will be featured March 5 and 12.

'Mackinac' Could Go Far

By BETTY MASSON

Two members of the Farmington Musicales may be doing for Michigan what Rodgers and Hammerstein did for Oklahoma when they wrote the musical of the same name.

But it's hard to imagine Rodgers and Hammerstein doing their collaborating over the telephone late at night, after a day of music lessons and coping with children.

The two who may be putting Michigan on the musical map are June Rado of Farmington and Charlene W. Slabey of Northville. Mrs. Rado has written the play and lyrics for a musical to be presented by the Farmington Musicales and Mrs. Slabey has written the music.

THE BOOK is extremely good, and cast members who are now rehearsing are just as enthusiastic about the music.

When commissioned by the Musicales (affiliated with the National Federation of Music Clubs) to write an original musical, Mrs. Rado and Mrs. Slabey were advised by a Farmington librarian, Clayton (Tim) Timmons, to write something based on the history of Mackinac Island, because "everybody was there."

The new musical thus is entitled "Mackinac!" and not

only will it be performed in Farmington, April 14 and 15 in Harrison High School, but the cast has been asked to go to Mackinac Island for a performance June 25 in the Grand Hotel.

Mrs. Rado has never been to Mackinac Island, but became steeped in its history during many hours of research in the Farmington Library. Mrs. Slabey went to the island last summer "to check it out" with the script.

Bessie Pickering, a settler's wife, is the heroine of the story, which also involves a missing husband, conflict with an Indian mother, and plenty of comic relief in the form of a couple of female tipplers and girl who gets all tied up in her snowshoes.

The action takes place on ice-bound Mackinac Island around 1820, and involves the joys and troubles of settlers, fort wives, traders and Indians, trying to survive the winter.

Or, as Mrs. Rado puts it in the overture, after describing the island in glowing romantic terms, "We shall surely perish here of tedium." The ladies then set out to liven things up a little.

amusements

THE MUSICAL has 13 principals, 11 women and two men. As the authors explain, "With all those characters, you can hardly miss having variety."

Going by the book, it should be a most happy milestone in a creative partnership that's been going on for the past four years.

Mrs. Rado, the mother of seven children, is a graduate of Ursuline College, Cleveland, Ohio. Though writing is her primary interest (she used to scribble verses riding the bus to work), she is also a pianist and was trained as a youngster for the concert stage.

Mrs. Slabey, who has three children, is a well-known composer and piano teacher. Her religious works have been performed in many churches. Delta Omicron, a national music fraternity, and the Tuesday Musicales of Detroit, have featured her compositions as well as the Farmington Musicales. She studied music at the University of Detroit and the Detroit Institute of Musical Art.

Mrs. Rado went to a concert of Mrs. Slabey's work and

"came away on cloud nine." An immediate collaboration was forthcoming, since Mrs. Rado's chief delight is writing poetry and she wanted to hear it set to music.

She has also written three novels, two of which she threw out, and a one-act play when she was in college.

Since then the Slabey-Rado combination has written many art songs, which have been well-received by fellow musicians. Many more are in the works, including a Vacuum Cleaner Suite in B-flat, the note of Mrs. Slabey's Hoover, and some one-acts for women's groups.

THE SOURCES from which they can draw seem endless. Immediately after finishing their first major work, a Christmas cantata, Mrs. Rado was so relieved that the work was ended, she had to write a "Psalm of Thanksgiving."

Then of course, Mrs. Slabey had to write music for it.

The two have found that the best time for collaboration is after 10 p.m., when the house is quiet and they can get together over the telephone. Occasionally when the fires of inspiration are burning bright,

these conversations can go on for four hours.

"We have so much fun, if the operator were listening in, we might be committed," they comment. And for convenience, this form of collaboration has meant an addition to the Slabey household. Instead of moving the grand piano to the telephone, a new jack has been installed for a phone on top of the piano. Now Mrs. Rado can hear the music written for her lyrics without waiting for the movers.

They work well together because "we feel things much the same and we understand each other."

At least once over the past year, the telephonic communiques had to come to a stop. Mrs. Slabey lost her voice for three days after writing (and singing) the music for a bass solo.

Rodgers and Hammerstein never had troubles like these!

All cheeses, with the exception of cream, cottage and ricotta cheeses, are at their best at room temperature! For best results with your cheese, remove it from the refrigerator at least two hours before serving. What to serve with it? It's best to have on hand at least three different kinds of bread, crackers, or rolls. Black breads, thinly sliced are especially delicious. Fresh fruit is also a fine complement to good cheese; a cool pear or an apple is perfect. And wine? A dry red wine, or for a special occasion, an authentic Portuguese port wine is in impeccable taste. Cheese, delicious, economical, full of protein—given the right company, it can be a meal in itself!

You bring the company—we'll provide the meals. Every occasion will be special when you dine at DANISH INN, 32305 Grand River Ave., 476-5320, "Farmington's Finest." For private parties we feature a party room that can seat up to 30 guests and will provide a decorated cake for Birthdays and Anniversaries. How Abraham Lincoln, William Howard Taft, And George Boutwell Dug Into Your Pockets...

On July 3, 1862, President Abraham Lincoln signed bills into law which simultaneously abolished polygamy, and established the first income tax.

The stockmarket took a "strong downward plunge" the same day, according to the Washington Star.

The law called for a 1½ per cent tax on income with liberal deductions, including the standard deduction of \$600, which was estimated to be what it took to maintain a family for a year.

The tax was a dramatic change in federal financing, prompted mainly by the civil war.

GEORGE S. BOUTWELL, the first commissioner of Internal Revenue took office 16 days after the bill to create the department was signed. Boutwell was a Republican lawyer from Massachusetts, a former governor and state legislator.

He hired 3,882 employees within a year, collected \$36.6 million and apparently stayed popular enough to successfully run for Congress the next year.

In addition to incomes, the new law taxed estates, public utilities, occupations, liquors, beer, tobacco, banks, insurance companies, advertisements, slaughtered cattle, railroads, and ferryboats.

Before the Civil War tax bill, federal revenue depended mainly on taxes on

commodities, like taxes on whisky, sugar, snuff, and slaves. Enforcement was rough and unpopular -- it cost about 20 per cent of the revenue just to collect the national budget.

But the income tax was relatively easy to administer, and the Internal Revenue Service brought in enough money to allow the government to increase spending 20 times during the Civil War.

But the new tax had a short life. The progressive rate system was abandoned in 1867. The income tax died in 1872.

Twenty-five years later, the Supreme Court ruled the income tax unconstitutional, but in 1913, a constitutional amendment pushed by President William Howard Taft was passed, and the income tax was back.

It was one per cent on net personal incomes of over \$3,000 with a surtax of up to six per cent on incomes over \$500,000.

WAR WAS the incentive behind almost every major tax change in the United States, and World War II shifted both the amount and the proportion of the tax burden.

Two comparisons bring home the radical changes wrought during World War II: Taxpayers with incomes under \$5,000 accounted for only 10 per cent of

the revenue collected in 1939. By 1948, these taxpayers accounted for 50 per cent of the revenue collected.

In 1939, 700,000 returns accounted for 90 per cent of the total tax liability. By 1948, this number had climbed to 25 million returns.

By the war's end the last big change in the income tax was part of daily life.

Withholding and payroll deductions became effective July 1, 1943.

TODAY, Michigan is the second biggest taxpaying district in the country, second only to the Manhattan district.

4,263,000 returns are filed annually, and last year over \$13 billion was collected from the district, which included \$3 billion from corporations, and the remainder from individuals.

And if you are interested in why people pay income tax as part of the largest voluntary system of tax collection in the world, in 1962 the Internal Revenue Service had an answer.

John F. Kennedy was president, every teenager wanted to join the Peace Corps and the Internal Revenue was rather proud of collecting \$40 billion for defense.

They would continue, they said, "as long as Communism threatens us and our way of life."

The Classic Form 1040--It's Changed, --But Then Again, It Hasn't...

What changes are in store for the taxpayer as he starts to fill in the blanks on the "new look" tax form for 1971?

The first is looking you right in the face, at least if you are used to that old "post card" that took a quick copy of the W-2 form and a drop in the mail box.

The "short form" is no more.

In its place is a revised version of the classic "1040" -- and now you will fill out the long form, just like the doctors and lawyers.

"It's a pretty ingenious document," says William Dunnigan, chief information officer for the Detroit District of Internal Revenue. He has the kind of bureaucratic pride in the service that keeps railroads running on time.

"The one form takes care of everybody, it's so simple if you can read you can fill it out, but it still takes care of the most complicated situations."

The Internal Revenue people are getting a little irritated at the growing number of income tax services.

MOST MAJOR department stores have gotten into the act of filling out forms for a fee, and the small loan companies offer an "instant refund" which is nothing more than a short-term loan based on the expected deduction.

Dunnigan hopes taxpayers won't be

put off or intimidated by the longer piece of paper.

"It's actually nothing much more than the front and back of the old 'card' printed on a single sheet of paper," he said.

He blames "misleading advertising" for exaggerating the changes in the tax laws and the complexity of the form. "40 of the 70 million people who file income tax forms just take the standard deduction anyway," he says.

He takes out a 1040 form and flips open the first page. "See," running a finger across from the sample form printed on the inside cover to the blank, real, form on the opposite page. "All you really have to do is copy down the numbers."

THE INTERNAL Revenue knows that half the American population has an IQ of less than 100 -- they've made allowances.

So now that you have been shamed into doing it yourself, what are you going to end up with this year?

Probably lower taxes.

A tax bill passed at the end of last year allows for minor changes this year, with many more promised for 1972.

Bigger deductions, the end of the surtax, changes in low income exemptions are the "biggies" this year.

But next year, next year comes the big baby sitter bill, allowing up to \$4,000

BUT BEGINNING this year, at least one new law ought to make you more comfortable.

A few income tax services had been selling names and addresses to bulk-mailing companies as a sideline.

Beginning this January, this is illegal, worth a \$1,000 fine or a year in jail. So your pain is private.

FIRST INCOME TAX in United States is shown by this drawing of taxpayers lining up at a collector's office during Civil War. The levy, adopted as an emergency measure, was three per cent on incomes from \$600 to \$10,000, five per cent on larger incomes. Rates were later raised to eight per cent and 10 per cent. The tax was repealed shortly after the war.
