Silence Reigns

Many pieces still are missing in the puzzle created by last week's murder of Vivian Carol Berry, and in Maurie Walker's quest for answers the most frequent official reply was, "No comment." Motive is among the matters still not disclosed.

The mood will be light-hearted and hilarious Thursday through Saturday nights at Plymouth High School when Drama Club students give their interpretation of "The Man Who Came To Dinner." Dennis Cockrum and Ellen Macocha have the leads.

Call It Progress

Modern-day elections have lost much of their fun with results available almost instantly through television. The Stroller recalls a by-gone era when it wasn't until the victors began their torchlight parades that voters knew who had won - and even then they sometimes weren't sure.

At The 'Pops'

The Plymouth Symphony's "pops" concert combined such diverse elements as an outstanding soprano and a curly-topped conductor. It all made for an evening of good music and fun.

Wallace Rules Roost In Plymouth

Gov. George Wallace of Alabama stuffed corn pone down everyone's throat in every Plymouth city and township precinct Tuesday.

In the process of the three-cornered ballot box scrap between the maverick from the Deep South, the president and the combined artillery of the Democratic Party, Wallace ran off with a huge percentage of the total presidential primary vote.

Running as a Democrat, the 1968 American Independent Party presidential candidate took his Democratic and Republican adversaries into the wilderness and in every one of Plymouth's predominantly GOP precincts whipped them across the back with the letters b-u-s-i-n-g. For the sake of grammarians, he made it two S's.

THE WALLACE landslide reached the level

of ridicule late in the evening when local headquarters in the campaign for Sen. George McGovern refused to accept the city clerk's ballot figures from City Precinct No. 5, and conceded that sector of Hough Park and New England Village, 244 votes to 152.

Earlier, City Hall had insisted that this was the only precinct in Greater Plymouth which McGovern had carried.

At no time did officials of either the city or township ever post figures on their blackboards to show that the president of the United States had gained more votes than the Alabama governor in any precinct.

As a candidate wearing a Democratic lapel pin, Wallace obviously helped boost his state stock

here toward delegate representation in the national convention. Nixon was a shoo-in over his GOP foe, Paul N. McCloskey, who polled something like 50 votes in all 17 precincts.

Analysts were unanimous in conceding that many of Plymouth's usual Republican-minded electors had crossed over to aid the Wallace cause. How else, they reasoned with straight faces, could President Nixon have been outscored in every precinct?

Republicans and Democrats elected to the status of county convention delegates will be announced later in the week. Unofficially, however, McGovern devotees led easily among Democrats, and it was no contest for Nixon in the GOP.

WHEN THE U.S. ARMY FIELD BAND and Soldiers' Chorus present "Sing Out For America" next Saturday in Kellogg Park, featured vocalists will include these four members of the Women's Army Corps. From left, they are Cynthia Stephens of Mesa, Ariz.; Marianne Donnelly of New York City; Ann Sanburn of Flint; and Mildred Lee Christian of Niagara Falls, N.Y. The program will begin at 3 p.m. (U.S. Army photograph)

Army Band Joins Salute

Michigan Week Hailed

Plymouth's opening day features of the 19th annual Michigan Week salute will put the U.S. Army Field Band and Soldiers' Chorus, plus the local American Legion post, squarely in the spotlight Saturday.

Under the general chairmanship of David Aldredge, a wide variety of public attractions will take place through May 27 in cooperation with the statewide observance planned by the Greater Michigan Foundation.

Of special appeal will be the 3 p.m. performance Saturday in Kellogg Park by the touring U.S. Army Band and accompanying chorus. Their show is known as "Sing Out For America," a 90-minute musical review which will be offered as a free open-air attraction.

In case of rain, the performance will be transferred to the gymnasium of nearby Central Junior High School.

The day also will bring the

fifth annual "recognition night" banquet and awards program presented by Passage-Gayde Post 391 of the American Legion.

FESTIVITIES will get under way with a buffet supper at 6:30 p.m. for invited guests in the Legion Hall at 888 N. Sheldon. Presentation of awards to outstanding individuals in six categories of Plymouth community affairs will follow at 7:30.

This portion of the program, and the address by Judge Dunbar Davis, who will be guest speaker, will be open to all interested citizens who wish to attend.

Chairman for this occasion, to which the post and its auxiliary will be hosts, will be Ernest Kol. Numerous city, township and Legion dignitaries are expected to attend.

The Legion also will participate in Michigan Week in another manner. This will be the display of American flags around the perimeter of Kellogg Park each day of the week on which the weather permits.

Additional events Saturday will include field day competition for Plymouth fourth and fifth graders from 9 a.m. to 12 noon on the athletic field behind Central, and the all-day pancake feast being offered by the Kiwanis Club in the Masonic Temple.

ALDREDGE has appointed the following as chairmen to plan special activities for each of the days of Michigan Week:

May 20, Community Pride Day, Stanley Steneck; May 21, Spiritual Foundations Day, John Miller; May 22, Govern-

ment Day, Mayor Pro Tem William Silvis; May 23, Heritage Day, W. W. Edgar; May 24, Livelihood Day, Ed Kivela; May 25, Education Day, William R. Lutz; May 26, Hospitality Day, Paul Huyek, and May 27, Youth Day, Karl Gansler and Douglas Schwartz as co-chairmen.

Government Day will be marked Monday by the annual exchange of mayors by municipalities throughout the state and this year Plymouth is paired with Birmingham.

Guests here throughout that day will be Mayor and Mrs. Robert W. Page of Birmingham while Mayor James B. McKeon enjoys the hospitality of the Oakland County community. The local highlight will be a 6:30 p.m. dinner with municipal officials in the Round Table Club after earlier touring business and industrial facilities.

Specifics of other daily features will be announced later in the week.

9 Candidates To Vie For 2 School Seats

By FRED DeLANO

There will be nine candidates to choose from when Plymouth School District voters go to the polls Monday, June 12 to elect two new members to four-year terms on the Board of Education.

There's no preliminary elimination to go through, and at the ballot box it will be "winner take all" with the two persons gaining the greatest number of votes taking office July 1.

The seven also-rans will have no reward except perhaps the personal knowledge of having contributed materially to public examination of school issues.

These are the nine candidates, listed alphabetically, who filed nominating petitions before Monday's 4 p.m. deadline:

Rosalie Ann Bales, 14590 Shadywood Dr.

Marda J. Benson, 1073 Penniman Ave.

Carl F. Berry, 140 Hartsough St. Dr. Donald J. Davies, 585 S. Sheldon Rd.

Betty Bacik Emanuel, 15047 Lakewood Dr.

Sara (Sally) Evans, 656 S. Evergreen St.

Joseph I. Gray, 40228 Ivywood.

E. J. McClendon, 40742 Crabtree Lane.

Gary Mirto, 39487 Winesap Dr.

The two incumbents on the board who have chosen not to run for reelection are Mrs. Esther Hulsing and Wilson W. Sick Jr., and it is this which has brought about the certainty of two new faces gaining membership.

MRS. HULSING, current board president, is the only woman now serving among the seven members and it is significant that her retirement has led to the candidacy of four women in the June 12 field of nine.

Capsule identifications would label the candidates thusly:

Heart Of City To Gain 4-Story Apt. Building

Ground was broken Monday for the construction of a 43-unit, four-story apartment building on Main Street in the heart of Plymouth.

The structure will be known as Village Green of Plymouth and, with accompanying parking facilities, will occupy approximately a full acre just to the south of the Farmer Jack's supermarket on S. Main.

Spokesman for the Village Green developers is Frank Shepard, whose building will be of "medium" cost - company, Framar Construction, Inc., will handle construction. Work is expected to be completed within

a year at a cost in excess of \$500,000.

The project is being financed privately after purchase of the land from Dr. William Ross, who had presented original plans to the city asking for permissive rezoning for a similar but larger building two years ago.

INCLUDED IN the 43 apartments will be 39 of one-bedroom styling plus four efficiency units. Although the rental scale has not yet been established, Shepard said they will be of "medium" cost - probably starting at about \$150 per month.

It is hoped to make the building attractive to elderly

persons, although there will be no restrictions on residency, said Shepard. The latter's father, Arthur Shepard, is former chairman of the city planning commission from which he resigned in January.

Each unit will include carpeting, draperies, stove, refrigerator and a dishwasher, with heat and air conditioning. Parking will be provided for 65 vehicles.

The building will front toward the east, with vehicular access from Deer Street. There also will be access by sidewalk from Main street on the west. The building will include a lounge and recreation area for use of residents.

LIT Grads Will Hear Riccardo

John J. Riccardo, Chrysler Corp. president, will be the speaker and receive an honorary degree at Lawrence Institute of Technology's 40th annual commencement on Sunday, June 4 at 3 p.m. in the Ford Auditorium of Detroit's Civic Center.

Announcement was made by LIT President Wayne H. Buell, who will present a doctor of science degree in industrial management to Riccardo on behalf of the college board.

Riccardo will address 432 graduates and their families.

HE WAS elected president of Chrysler Corp. on Jan. 8, 1970 after serving three years as group vice-president - U.S. and Canadian Automotive.

Riccardo joined Chrysler Corp. in 1959 as a financial staff executive on the international operations staff. Prior to joining the company, he was a manager in a public accounting firm.

In 1960, he was named general manager of the export-import division and then rose to top executive positions with Chrysler Canada, Dodge Car and Truck, and Chrysler - Plymouth divisions before becoming vice-president marketing for the corporation in 1966, group vice-president in 1967, and president in 1970.

BORN IN Little Falls, N.Y., Riccardo, 47, received bachelor and master's degrees from the University of Michigan where he was elected to Phi Beta Kappa. He is a certified public accountant. He resides in Birmingham.

Woodlot Owners Get Course

Thousands of Michiganders own land that they use for recreational purposes and they are often interested in developing woodlots into worthwhile timber stands as well, according to Don Juchartz, director of the Wayne County office of the Michigan State University Cooperative Extension Service.

These absentee landowners are invited to an on-the-spot woodlot management demonstration to be held on Saturday, May 20, from 10 a.m. to 2 p.m. at the woodlot at the Wayne County Child Development Center, on Sheldon Road just north of Five Mile Road, Northville.

The outdoor demonstration will cover: tree identification, marking trees for cutting, pruning, planting and herbicide use, thinning timber stands, and tapping maple trees for syrup production.

Forestry specialists from MSU will be on hand to assist local county agents in the demonstrations.

There is no charge for participation in this program. Woodlot management bulletins will be available for your use.

Berry Murder Case Puzzles Unanswered

By MAURIE WALKER
PLYMOUTH
While 17-year-old David Leroy Bennett, charged with the murder of Vivian Carol Berry, waits in the sheriff's out-county jail for his pre-trial examination next Monday, a number of questions involving the case remain unanswered.

Questioning the youth's attorney, Jerry Raymond, and sheriff's officers brought only vague answers or "no comment" to some of the puzzles in the murder.

One of the key questions is motive. From reports given out by the sheriff's depart-

ment, robbery was not involved. Proof of criminal assault has not been established because the body was so mutilated from knife wounds that "it is impossible to determine this."

A question raised among some police officers and attorneys not connected with the case is whether a search warrant was obtained before the youth's car was searched, and when sheriff deputies searched the school locker where they reportedly found a switchblade knife and bloody clothing.

Should they have failed to obtain a warrant, it is possible this material would not be allowed as evidence.

said that as far as they are concerned, "Our deputies did everything properly and everything is legal."

He added that as far as searching the car which they did when arresting the youth at Plymouth Central Junior High School, "We don't need a search warrant in conjunction with an arrest." He said the court would rule in these cases.

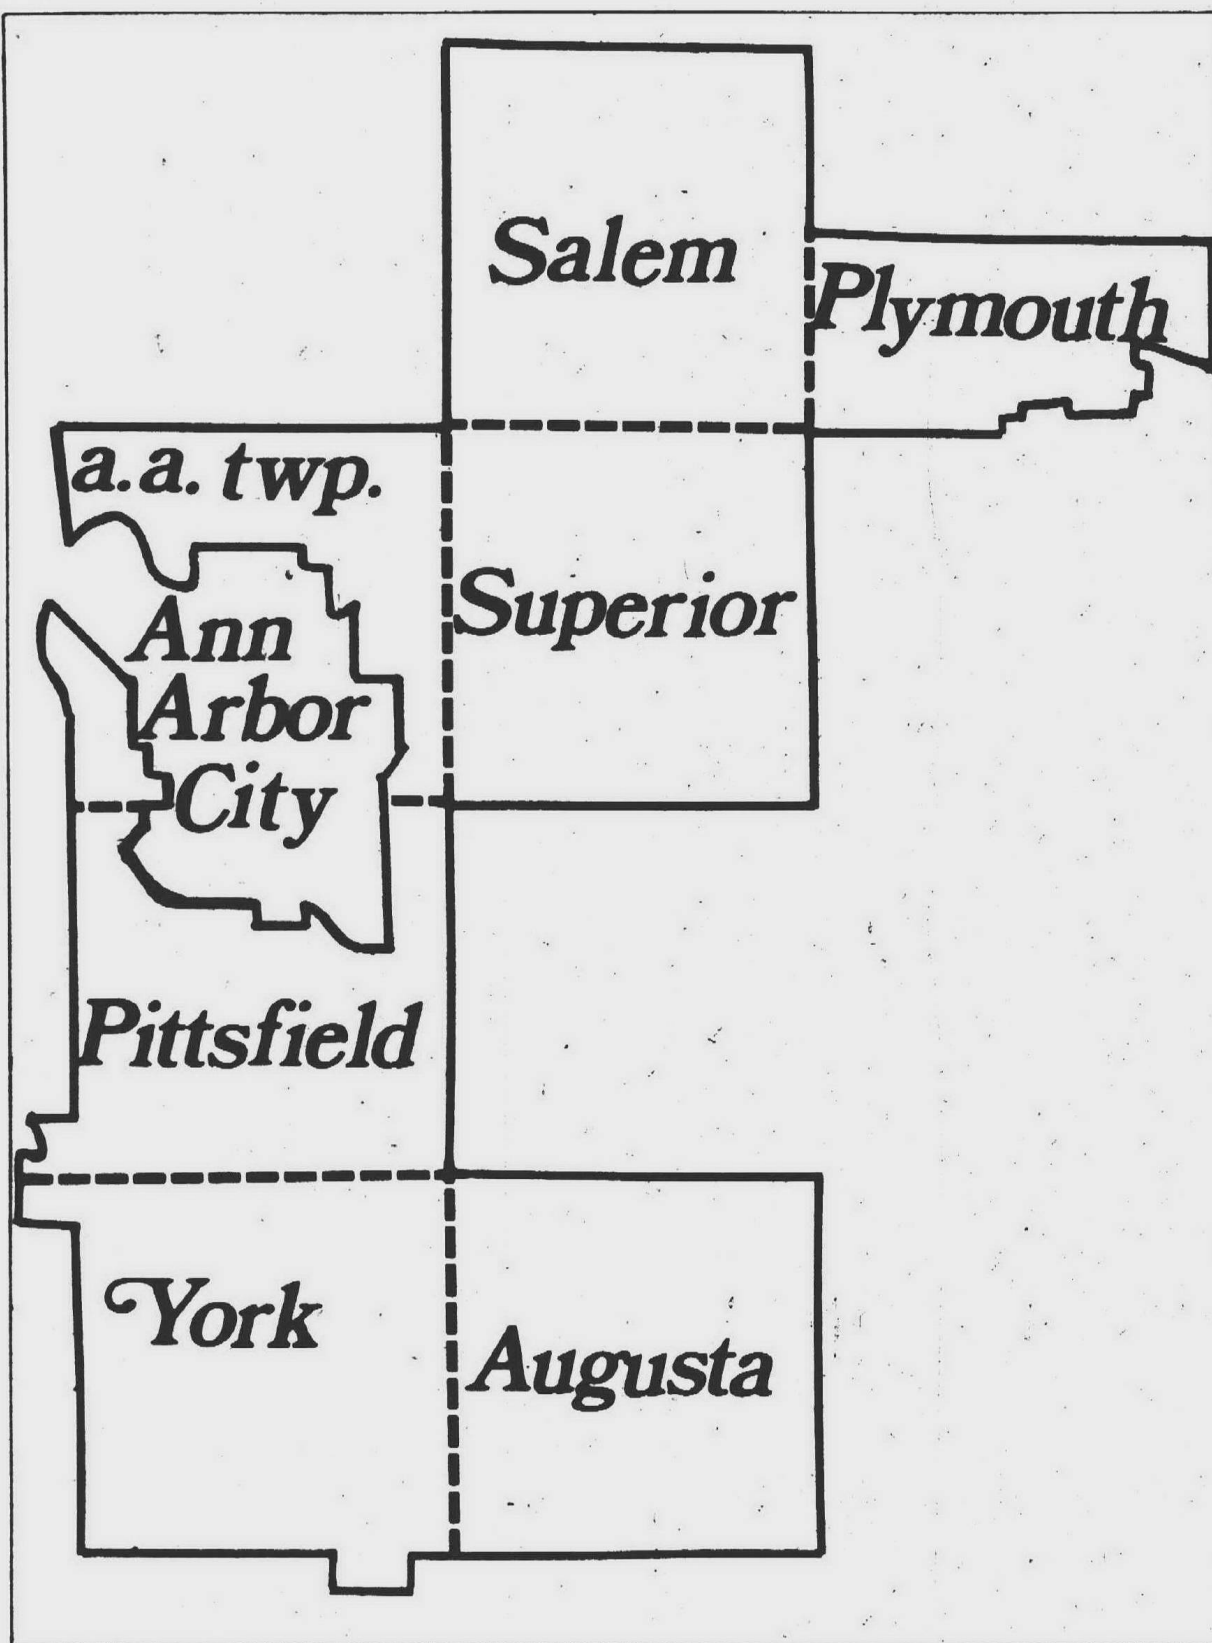

The sheriff's officer did say that as far as they can learn, Bennett didn't work for the Berrys at any time and did not associate with their daughters.

Bennett has not been linked with any other crimes, according to the sheriff department. But he is the only suspect in the Berry murder.

Still another unanswered question is whether or not Bennett's attorneys will seek a change of venue because of Michael Berry's prominence as Wayne County Road Commission chairman.

Raymond's reply to this was

Dogs Need Licenses

PLYMOUTH but the fee will go up to \$5 starting June 1.

Dog owners were reminded both by Plymouth city and township officials this week that new licenses for their pets must be obtained no later than Wednesday, May 31 to avoid the risk of violation citations.

At City Hall, it was reported Monday that only 137 of last year's 771 licenses have been renewed to date, and there was similar apathy in the township where approximately 2,200 licenses were issued in 1971.

Plymouth Township charges \$3 per license, regardless of sex of the dog, but the fee will go up to \$5 starting June 1.

The license fee in the city is \$2 for all dogs, and there will be no increase after the May 31 deadline. It was emphasized, however, that if unlicensed dogs are found running loose after May 31 the owners are subject to penalty.

In requesting a license, owners must show proof of rabies vaccination.

Neither city nor township offices will be open Monday, May 29, which is this year's date for the official observance of Memorial Day.

THROUGH BIFOCALS

By FRED DeLANO / Editor Mail & Observer

WITH MAPS of the new congressional and legislative districts spread before me, I have concluded that with the exception of the 14th State Senatorial District, Plymouth has been given the shaft.

I realize there is still knif-knawing in Lansing and in the courts on all of the reapportionment issues, but it seems more than likely the boundaries will stand as ordered last week.

Before looking at how we shape up with new bedfellows in each of the three areas in which we are involved, let me offer this unsolicited opinion: If Plymouth is to have any political muscle in the decade of the '70s, we will have to gain it through the prowess of individuals with area-wide ballot box magnetism. We certainly have not been favored geographically.

That's why the new design of the senatorial 14th District doesn't hurt us. Although more compact by shedding Oakland County sectors, it picks up Redford and when you couple that population with Livonia, it doesn't give Plymouth and Northville much power.

'Man Who Came To Dinner' Opens 3-Night Run At PHS

PLYMOUTH student staff of Any Kenyon, Bob Signon, Jim Vaughn, Mary Geurgreian, Nancy Hopkins, Donna Mandle, Dave Pelley, Dave Signon, Bev Allen, Glenn Clark and Judy Trombley.

The laugh-filled story centers around the visit of Sheridan Whiteside (played by Dennis Cockrum) to the home of a Mr. and Mrs. Stanley (Pa: England and Ellen Macocha).

After dining with the Stanleys, Whiteside -- a

nationally known figure supposedly patterned after Alexander Woolcott -- slips on the doorstep, breaking his hip. A tumultuous six weeks of confinement in the Stanley home follows.

GUESTS FROM Hollywood and New York who arrive to visit him, and in the process upset the living pattern of the small-town family, include a bug professor (Charles Van Gilder) and a zany movie producer (Ron Berry).

Those friends who can't come, send gifts -- such as

penguins, an octopus and 10,000 cockroaches.

When Whiteside's secretary (Lynne Elton) falls in love with the reporter (Thom Sullivan), Whiteside summons a glamorous actress (Debbie Sims) to break up the match.

In turn, the secretary enlists the aid of a clever impersonator (Don Stankow) to lure the actress to London. This ruse almost works but the actress is smart, as well as pretty, and decides to stay. The surprise arrival of a mummy case comes to the rescue.

Also in the cast in various roles are Rita Stewart, Jim Haggerty, Micki Dubach, Debbie Troutman, Vic Perman, Betsy O'Day, Leslie Thornbladh, Steve Whitesell, Jane Mills, Mark Bradford Bob Myrtle, Mark Voss, Jim Osebold, Eric Hoag, Glenn Clark, Mike Davio, Rob Milford, Kris Benson, Cindy Brown, Jan Burns, Gina Dascenzo, Caron Eddy, Karen Palmer, Joeline Platt, Mark McKelvey, Dave Zart and John Baird.

'72 Party Theme Is 'Fair Night'

Plymouth High School's class of 1972 is planning "A Night at the Fair" as the theme for its graduation party to be held June 14.

With assistance from a committee of 18 parents, Tom Griffin of the YMCA, and Bob

artist, fortune teller and carnival games.

The celebration will also include movies in the auditorium, swimming, basketball and volleyball, and use of the south mall cafeteria for refreshments.

Marjorie Ackerman, chairman for the gala event, has arranged for tickets to be made available beginning this week at the high school. In case of rain June 14, Mrs. Ackerman said the party will be held the next night at the same time, 10 p.m. until 3 a.m.

BEST OF SHOW for the photography competition as part of Kaleidoscope-Plymouth's Artrain exhibit went to Charles W. Whiteley of 8553 Deer Creek Lane. It was the first contest he had ever entered and he finished with two other top awards: best landscape and most popular, the latter being judged by visitors who viewed the entries at Dunning-Hough Library. Whiteley, who works in the administration services department of Ford Motor Company, was awarded a trophy donated by Gaffield Studio, coordinator of the contest.

Murder Motive Undetermined In Berry Case

Continued from Page 3A

"no comment. That is a procedural matter."

AT THE arraignment last Thursday, before District Judge Richard L. Hammer of Garden City, who is filling in for Judge Dunbar Davis while the latter is on another assignment, Bennett's attorneys made a motion to have the warrant dismissed and quashed.

This was based, they said, on the fact that the law states that after an arrest a person is to be arraigned as soon as a judge is available. Hammer had been prepared for the arraignment on Wednesday. However, the prosecutor's office failed to sign the warrant until Thursday morning.

This is another mystery. Why, with the evidence the sheriff is reported to have had on the youth, did the prosecutor deny the warrant on Wednesday?

All evidence was turned over to the Michigan State Police Crime Lab in Plymouth, including the clothing Bennett was wearing at the time of arrest. A pair of coveralls was borrowed from the Plymouth Fire Department for Bennett to wear while the clothes were examined.

The answers to some of these questions may come next Monday in Plymouth District Court before Judge Davis.

MRS. BERRY, 44, was found dead in the garage of the spacious home located at the intersection of N. Territorial and Gottschalk Roads. She had been stabbed several times.

A spokesman for the Plymouth Township Fire department, which had sent a rescue unit to the scene at the request of the sheriff, said Mrs. Berry was dead when the unit arrived.

Bennett was traced through the license plate of a car he is reported to have been driving.

Myths about newspaper advertising:

NOBODY READS NEWSPAPER ADS.

Of course not. Why should they? Just because they're right in the midst of today's most interesting news?
Just because they're full of the useful information people read newspapers for? No, nobody reads newspaper ads.

PLYMOUTH COMMUNITY

SCHOOL DISTRICT

Plymouth, Michigan

BOARD OF EDUCATION MINUTES

A regular meeting of the Board of Education of the Plymouth Community School District, Wayne and Washtenaw Counties, Michigan, was held on Monday evening, March 13, 1972, in the Board Room of the Administration Building, 1024 South Mill Street, Plymouth, Michigan.

The meeting was called to order at 8:00 p.m. by President Hulsing. Present: Members Graves, Hanskat, Hulsing, Lawton, Ohno, Penar and Sick. Absent: None.

Administrators present: Acting Supt. Hoban, Assistant Supts. Blunk and Gibson, Directors Doyle, Kee and Page, Supt. Goble, Administrative Asst. Stribaugh, Principals Brown, Bukema and Smith.

Others present: Bill Heath and John Rider, PEA, Kathy Moran, Plymouth Mail & Observer, and a large group of citizens and teachers.

Additions to the Agenda were called. It was moved by Member Lawton and seconded by Member Ohno to approve the minutes of the regular meeting of February 22, 1972, as written. Ayes: Members Graves, Hanskat, Hulsing, Lawton, Ohno, Penar and Sick. Nays: None.

The motion was carried. The meeting was adjourned due to the number of citizens present and reconvened at Middle School East at 8:15 p.m. President Hulsing called for suggestions from citizens. Requests were made for discussion on school attendance boundaries, the division of the Sophomore Class at Plymouth High School, the accreditation of Canton High School, the Startweaver Principal selection, a problem at Isabster School and the naming of schools.

President Hulsing reviewed the history of Plymouth Centennial Educational Park and outlined how the plans had always called for the establishment of four separate, comprehensive high schools on the site. Acting Supt. Hoban reviewed the basis for establishing revised school attendance boundaries, stating that they had been drawn after considerable study to avoid socioeconomic and achieve imbalances among the middle schools and high schools and to provide for growth with a minimum of boundary changes in the future.

Many questions and viewpoints were raised, including the suggestion to involve citizens in school boundary solutions. An inquiry was made as to what had been done to Central school to qualify it now as a complete middle school. Mr. Hoban described changes made which made it an outstanding middle school facility. Administration explained accreditation of Canton High School and gave assurances it would be fully accredited. Citizens from the Lake Pointe area expressed the view that their children will have a feeling of being cut off from the Plymouth School District by being assigned to Canton High School. Other citizens felt renaming the schools themselves would ease concern within the community. Mr. Harvey Ziel spoke to the existing sophomore class and their desire to graduate from Plymouth High School. He presented a petition with about 400 to 500 signatures which would ask the Board and Administration to insure the sophomore class would graduate as one and not be split between two schools at this time.

Another citizen from Lake Pointe presented a petition with a like number of signatures which asked that parents have a voice in any decisions made with regard to their students' welfare. Administrators answered citizens' questions regarding sports at Plymouth and Canton High Schools, special education classes at Canton and physical education in general. A request was made that Plymouth's Main Street be made the dividing line for middle schools. One citizen requested information as to whether any increased millage would benefit the entire school district.

President Hulsing called for discussion on the Isabster School child who had been injured at school. Mrs. Joanne McGarry read a statement and presented a petition to the Board expressing general concerns at Isabster and requesting that her children be transferred to another elementary school because of alleged lack of discipline and supervision. Ninety-eight signatures appeared thereon.

Mrs. Michaela Page, President of Isabster Steering Committee, Parent-Teacher Group, read a statement by that Committee explaining the open-structure classroom approach and the functions of the steering committee as such. The statement expressed a willingness to work with parents, teachers and the school principal through the steering committee in order to improve the quality of the educational program and specifically stated the opposition of the committee to the petition as presented by Mrs. McGarry.

A group of parents and teachers from Startweaver School spoke to the one-principal concept for Startweaver and Tanager Schools and their opposition to such a plan. President Hulsing asked the group to remain until the matter was taken up on the agenda.

The Administration presented information to the Board on the following items:

Michigan Association of School Administrators Compromise Proposal on Property Tax Relief.

February Membership Report.

State Board of Education plans for Roth decision.

24th Annual Conference of School Boards and Administrators on March 23.

University of Michigan Accreditation of Plymouth High School.

Grosse Pointe Board of Education's resolution in support of the Broomfield Amendment to the Higher Education Act.

The Richmond Decision.

A meeting in Westland on March 16 regarding the Governor's tax program.

The cost of living index report.

It was moved by Member Hanskat and seconded by Member Graves that Keith Alan McArthur be allowed to attend Plymouth High School for the balance of this school year and graduate in June with his class although his parents have moved from this School District.

Ayes: Members Graves, Hanskat, Hulsing, Lawton, Ohno, Penar and Sick. Nays: None.

The motion was carried.

It was moved by Member Lawton and seconded by Member Ohno that the President and Secretary of the Board of Education be authorized to sign a petition to Plymouth Township requesting inclusion of money to build sidewalks to provide safe pedestrian access to schools in the budget proposal for the coming year.

Ayes: Members Graves, Hanskat, Hulsing, Lawton, Ohno, Penar and Sick. Nays: None.

The motion was carried.

The Business Division presented informational reports to the Board on the following items:

Summary of Investments.

Summary of Current Taxes.

Operating Fund Budget Report.

NOTICE OF HEARING WAYNE COUNTY DRAIN COMMISSION TONQUISH CREEK DRAIN

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Chapter 20 of Act 40, Public Acts of Michigan, 1956, as amended, a petition was filed with the Drain Commissioner of the County of Wayne, Michigan, by the City of Plymouth and the Township of Plymouth, Wayne County, Michigan, requesting said Drain Commissioner to locate, establish and construct certain county drainage improvements, the location and route thereof to be as follows:

Clean out, relocate, widen, deepen, straighten, tie construct, reconstruct or alter any necessary culverts or bridges, acquire or construct such improvements, together with any structures, mechanical devices and appurtenances as will properly purify the flow of such drainage project, and extend the Tonquish Creek Drain from its present upstream terminus in Section 27, City of Plymouth, thence westerly and northerly through Sections 27, 28 and 21 of Plymouth Township, ending on the southwest 1/4 of Section 16, Northville Township, and from its present downstream terminus in the southwest 1/4 of Section 35, Plymouth Township, thence southerly through the south half of Section 35, Plymouth Township, thence southerly and easterly through Sections 2 and 12 of Canton Township, and thence easterly and northerly to Sections 7, 5 and 4 of the City of Westland, terminating in a branch of the Rouge River on the northeast 1/4 of Section 4, City of Westland, Wayne County, Michigan.

NOTICE IS FURTHER GIVEN that the Drainage Board for said drain has considered the said petition and made a tentative determination that the said petition is sufficient and that the said project is necessary for the public health and is practicable, has given the name "Tonquish Creek Drain" as the name of said drainage project, has given the name "Tonquish Creek Drain District" to the drainage district thereof, and has made a tentative determination that the following public corporations should be assessed for the cost of said project, to wit:

- CITY OF WESTLAND, Wayne County, Michigan, at large, for benefits to public health.
- TOWNSHIP OF CANTON, Wayne County, Michigan, at large, for benefits to public health.
- TOWNSHIP OF PLYMOUTH, Wayne County, Michigan, at large, for benefits to public health.
- CITY OF PLYMOUTH, Wayne County, Michigan, at large, for benefits to public health.
- TOWNSHIP OF NORTHVILLE, Wayne County, Michigan, at large, for benefits to public health.
- CITY OF LIVONIA, Wayne County, Michigan, at large, for benefits to public health.
- COUNTY OF WAYNE, Michigan, at large, for benefits to County highways.
- STATE OF MICHIGAN, for benefits to State highways.

NOTICE IS FURTHER GIVEN that the Drainage Board will meet on the 7th day of June, 1972, at 11:15 o'clock a.m., Eastern Standard Time, in the Plymouth City Hall, 201 S. Main Street, Plymouth, Michigan, for the purpose of hearing any objections to said project, to the petition therefor, and to the matter of assessing the cost to the public corporations named above. AT SAID HEARING ANY PUBLIC CORPORATION TO BE ASSESSED OR ANY TAXPAYER THEREOF, WILL BE ENTITLED TO BE HEARD.

THIS NOTICE is given by order of said Drainage Board

THROUGH BIFOCALS

By FRED DeLANO / Editor Mail & Observer

Continued from Page 3A

But we do have an ace in the hole — we have the incumbent. Sen. Carl Pursell doesn't have to run for reelection until 1974 and it's exactly this individualism of personal leadership that both parties must have locally if we are not to be just the tail of the dog.

NOW LOOK at the new 52nd District of the State House of Representatives, but if you have a weak stomach don't look long. This is a true political abortion and divorces some Plymouthites from their neighbors by putting the southeastern portion of the township into a separate district with Canton and some of Westland.

After writing this column, I hope space will permit printing a map of the 52nd because otherwise you might not believe it.

All the rest of the district is in Washtenaw County: Salem, Superior, Augusta, York, Pittsfield and Ann Arbor Townships and a teensy weensy corner of Ann Arbor City.

It's in that corner that Republican Rep. Ray Smit, now serving Michigan's 53rd, makes his home. Smit was in the office Friday and said, yes, he's going to run for reelection. I guess that makes him our incumbent, but it could get a little testy for the GOP in the primary.

That's because Rep. Roy Smith (R-Ypsilanti) has his house up for sale, allegedly with the intention of moving into the 52nd — and wouldn't he be identified as an incumbent, too? Or should it be written Incumbent II?

For several years we have been represented by Jim Tierney of Garden City in the House. The Plymouth vote was extremely important to Tierney's election. For the life of me, I cannot see Plymouth continuing that role in a district dominated by Washtenaw — unless we come up with The Man ourselves.

Saddest is the jagged line which slashes across the township to put some in the 37th instead of the 52nd. It castrates the fifth, fourth and third precincts, running thusly:

From Joy, north on Ball to Mayville, east to Main, north to Ann Arbor Rd., east to Haggerty, north to Firwood, east to Brownell, north to Micol, east to Francis, north to Gilbert, west (correct) to Haggerty, north to Plymouth Rd., and east to the township boundary at Eckles. If you live south of that line, you are to be in the 37th.

THEN THERE'S the new 2nd Congressional District ordered by Federal Judge Damon J. Keith. He acted because the Legislature had not, and without getting into all the bickering involved in that latter fact let's accept the boundaries as set down by Keith until proven wrong.

The 2nd includes Plymouth, Northville and Livonia from Wayne County, all of Monroe County and an eastern strip of Washtenaw County that includes the cities of Ann Arbor and Ypsilanti.

Now this isn't all bad. It gets rid of Lenawee and Livingston and western Washtenaw, true. But it also sets up the possibility of a dilly of a fight this fall between the three-term incumbent, Republican Marvin Esch of Ann Arbor, and Democrat Marvin Stempfen of Livonia, now majority leader in the State House.

Thanks strictly to individuals, the old Wayne II was a power in the 2nd and Wayne II still will be with Livonia added. Nonetheless, my original point was that Plymouth per se has seen its own influence lessened through redistricting and there is only one "unless" attached.

That is, unless Plymouth Republicans and Democrats alike stir the fires to mould leaders who can command respect and esteem afar. Don't sell them short to do just that.

Rezoning Approved In Canton

Eight recommendations from the Canton Township planning commission were approved by the township board at its May meeting.

One project was the rezoning of a site on the south side of Joy Rd., one-quarter mile west of Ridge Rd. from R-1A (residential) to OR (open area recreation).

This is the area where a huge recreational facility will be built by a Southfield resident, John White. White's plan calls for a 40-acre development with tennis courts, squash and paddle ball courts as well as a year-round swimming pool and ice skating rink.

PLYMOUTH LANDING, the condominium portion of a 450-acre planned unit development by Republic Development Corp., also received site plan approval when the developers corrected an irregular street pattern. The project is at Sheldon and Warren Rds.

Also approved were the revised site plans for Cedar Valley apartments, south of Warren and near the proposed I-275 expressway.

The 20-acre Franklin Squares subdivision in the Ford-Lilly Rd. area received final preliminary plat approval.

In other action, the board set June 13 for a public hearing on the installation of lighting systems in Windsor Park and Carriage Hill subdivisions.

Property owners affected by the assessment will be notified by mail of the hearing.

Al Guarino, left, receives trophy from Secretary of State, Richard Austin

Our Al is a pro . . . !

He's spent the last 25 years driving the big wheel rigs, hauling steel to Michigan's industrial community. He has driven a million accident free miles during that time.

The 57-year-old River Rouge resident was honored by Secretary of State Richard Austin and the Michigan Trucking Association in February when he was named MTA's Driver of the Year.

It was the 24th year in a row we have honored a Michigan big rig driver for safety efforts during their career. Al Guarino is a pro. Just like the other 250,000 truck drivers in Michigan.

But we don't rest on the laurels of Al Guarino. We look to the future and the Al Guarino's of tomorrow. This year we will award 12 scholarships to Lansing Community College to train the drivers we need for Michigan's fourth largest industry.

By the way, Dick Austin thinks so much of our Al, he is having a copy of the above photograph placed in every Secretary of State branch office. Look for it next time you stop in.

We're proud of Al Guarino, and all of Michigan's professional truck drivers — those of today and those of tomorrow. We're working to keep you in goods and services.

Remember . . . If you got it, a truck brought it.

Letters To The Editor

EDITOR:

Congratulations on your recent editorial concerning the ineptness of the plutocratic Farmington Township Board. Your analysis of the north-south controversy is a fair analysis which the Farmington Township Road and Civic Association also developed about four years ago but did not state so explicitly. The idea that the more affluent, more conservative,

and more populous north end of the township dominates its southern neighbors goes back many years to the time when Clarenceville recognized its urban condition and attempted to do something about it. These citizens were, to a large extent, thwarted at every turn because political control resided with the rural farm community to the north and west.

The same situation exists today except the growers of corn have been replaced by dwellers in affluent suburban subdivisions; whereas the residents of the south end continue to be blue collar and less affluent as they were 40 years ago.

The attitudes of the affluent north-enders are much the same as they were then: since they control the majority political opinion they are determined to preserve their own status and community atmosphere as were their former counterparts in 1930.

This is reflected in all actions of the township. The planning commission has two of its nine members living south of 10 Mile Rd. and one of these is a residential development proprietor hardly representative of other south end residents.

Further, there is essentially no undeveloped land (about half of the township area) which could be developed for low or medium income families because low housing density zoning requirements preclude the construction of low or medium income housing.

Another example is the tardy action of the township in even securing a master drainage plan let alone implementing it. Because of geological factors, and because the township drains to the south and east, the northern part of the township

does not have drainage problems.

The township board almost a year ago authorized engineers to prepare a master drainage plan which has not been expedited but is in the hands of the engineers. Any implementation is still years away because the political control does not have pressing drainage problems.

EDITOR:

The Farmington Coaches Association of Farmington Public Schools would like to thank all members of the F.J.F.A. school fund, and those persons who made individual contributions to the fund, for a year of extra curricular activities in Farmington.

The spirited manner in which you worked to preserve activities for students, athletes, advisors, coaches, and individual school buildings was admired by all of the people who believe in these endeavors for students both inside and outside of the school district.

The coaches, advisors, and students of their school district were elated over the response to our dilemma and enjoyed the opportunity to work with so many community-minded persons.

The individual rivalries will continue between schools when involved in competitive events in the future, but the school year of 1971-72 will always be a reminder that individual rivalries were forgotten when a total school program in extra curricular activities was needed.

May the total commitment of every person who supported, and donated to the F.J.F.A. school fund be a reminder that when people care, people, schools and communities benefit.

There are two basic types of color harmony: one based on contrast, the other based on relation. One color scheme may be centered around a certain color and all the colors that accompany it in its position on the color wheel: yellow, yellow-orange, and orange, for example. Another color scheme is based on contrasting colors: yellow, for example, is opposite purple on the color wheel. Whatever your color scheme, why not try it out on a color wheel to find out what the scheme is based on?

Firefighter Training Includes Local Pair

PLYMOUTH Firemen taking the course are given 20 hours training in forcible entry, rope and portable extinguishers; 20 hours of fire service ladder practice; 20 hours of fire hose practice; 20 hours of rescue operations; 20 hours of first aid; and five hours of aircraft fire protection and rescue training at Metropolitan Airport.

The course, which runs five days a week, eight hours a day, is under the supervision of the Fire Fighters Training Council of Lansing.

The course includes training under simulated fire conditions and incorporates lectures and classroom work.

Additional courses include the study of gas, electric and telephone installations and emergency procedures; fire department organization;

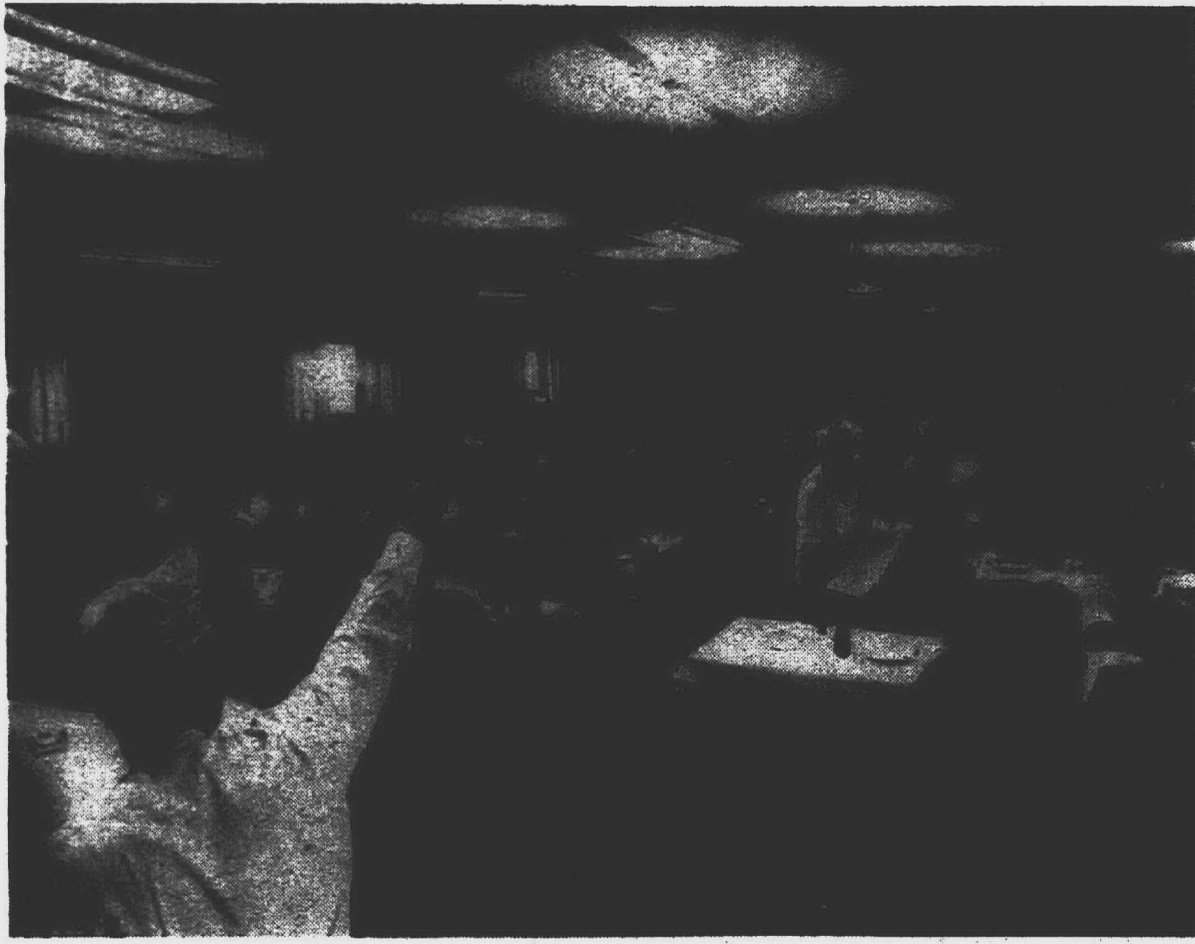

ventilation practices; and fire science.

Prior to graduation, slated for May 26, the firemen will be given a final examination which requires a score of 70 per cent to pass successfully. The examination is conducted by personnel from the Training Council.

During the six-week course, the firemen are required to attend all sessions of the basic program except for valid reasons.

Rummage Sale

PLYMOUTH A rummage sale will be held at St. Luke United Methodist Church from 9 a.m. to 2 p.m. Saturday, May 20. The church is located at 39651 Five Mile Rd., near Haggerty, in Plymouth.

EXPERIENCE IN PAST YEARS has demonstrated that the Plymouth Kiwanis Club can expect such a turnout as this Saturday when it presents its spring pancake jubilee from 7 a.m. to 7 p.m. in Masonic Temple. The price will be \$1.25 per person for pancakes and sausage. (Observer photo)

New Book In Library

"Ambush At Torture Canyon," by Max Brand, is a reprint of a Western originally published in 1931. It is included to alert Western fans, since it has not previously been in the library's collection. The story is set in the deep in the mountain wilderness. It relates a tale of vengeance involving an ex-Ranger, an outlaw with a huge price on his head, and the protected nephew of a wealthy rancher.

Congress Districts Snarled By New Boundaries

The tremors from the new Congressional apportionment plan will be felt more in Observerland than anywhere else in the state.

The new plan was approved last week by U.S. District Judge Damon Keith after the State Legislature could not agree on a plan.

It may result in two local incumbents running against each other in the August primary and is also likely to produce a challenge to another incumbent by a local legislator.

The remaining Michigan Congressmen are protected by the plan. Currently the state has 12 Republican and seven Democratic U.S. Representatives though the Democrats make up a large portion of the state's voters.

THIS PLAN makes the Second Congressional District, now represented by U.S. Rep. Marvin Esch (R-Ann Arbor) a swing district and makes the 18th District, now headed by Republican Rep. William Broomfield of Royal Oak, a largely Democratic district.

Broomfield is rumored to be considering moving to the 19th District to challenge incumbent U.S. Rep. Jack McDonald (R-Farmington).

THE NEW FACE of Observerland's Congressional districts look like this:

Esch's formerly Republican Second District lost Livingston and Lenawee Counties--both GOP strongholds--and moved eastward into Livonia, which is largely Democratic. Livonia is estimated to make up one-third of the population of the new Second District, adding a new liberal makeup to Esch's territory.

Each, who is considered a moderate, may be challenged by State Rep. Marvin Stempien (D-Livonia) who is majority leader in the House.

Stempien has kept an eye on the district and helped author rejected Congressional plans that put Livonia in that district. The large student vote in Ann Arbor and Ypsilanti could work toward Stempien's favor.

Stempien was on vacation and could not be reached for comment on his possible candidacy Monday. Three other Democrats have announced for the August primary.

THE NEW PLAN took McDonald's 19th District almost completely out of Observerland by dropping Farmington City and Township, Livonia and Redford Township.

McDonald will keep most of his Oakland County portion of the district, including Democratic Pontiac, and will annex eastern Livingston County including the City of Brighton, and the townships of Brighton, Green Oak, Highland and Tryone.

The change in boundaries moved McDonald's Farmington residence into the 17th District, but he is expected to move his residence to Waterford Township in the center of his new district.

Broomfield's 18th District will move westward into Macomb County and lose all of Southfield.

U.S. Rep. Martha Griffiths (D-Detroit) will pick up Southfield, Farmington, Farmington Township and Redford Township in her drastically changed 17th District.

Mrs. Griffiths, who was first elected to congress in 1964, represented Redford at one time and will be secure in the largely Democratic district.

The least changed of the districts in the 15th District represented by Congressman William D. Ford (D-Westland). His district moves southward into Brownstown and Ash Townships but retains Westland, Wayne, Garden City and Canton Township and remains solidly Democratic.

It's State Prep Track Meet Saturday

THEY'RE OFF TO THE STATE -- The top three high jumpers from the Farmington regional qualified for the Saturday state meet at Flint Northwestern. From left to right are: Neil Bowlby

(Stevenson); Dave Schoof (RU); and Jim Honke (Churchill). (Observer photos by Tom Donoghue)

Franklin Wins First Regional Crown

By TOM DONOGHUE
Observer Sports Editor

Michigan prep trackmen will be in the limelight Saturday in the state finals at Flint Northwestern with preliminaries set to go off at 10 a.m. and finals at 1:30 p.m.

The Observer area will be well represented with 30 individuals qualifying for state competition as well as five relay teams. To qualify for the state meet, an individual or relay team had to place in the top three in the regionals.

Livonia Franklin finally put it all together in the 19 school Farmington regional to capture the first crown ever for the Livonia school.

The Patriots totaled 35½ points with Livonia Stevenson second at 27, Detroit Cooley third with 25, Oak Park fourth with 21 and Farmington fifth with 20.

STEVENSON ran out of gas in the sprints and the Spartans again took a second seat. Stevenson placed second behind Redford Union in the Observerland Relays.

Franklin scored in 11 of the 15 events with three firsts, two seconds, one third, two fourths and three fifths.

The biggest win had to be in the 440 relay which pitted the Patriot sprinters against the fastest time in the state by Oak Park.

Franklin drew the inside lane with Oak Park in the No. 2 lane.

THE FOURSOME of Mark McKindles, Joe Jinnett, Mark Newman, and Ken Yuhasz dashed to a Franklin win with the top time in the state of :43.2. Oak Park placed second at :44.1, with Bishop Borgess third at :44.1.

"I couldn't have been happier with the performance of the 440," said Franklin Coach Bob Holmes. "You give me that time in the state and I'll sit in the clubhouse and not even watch the race."

"It was fairly close going into the third leg but

Mark Newman really took off and it wasn't even close at the finish," added Holmes.

The same quartet will also be running in the 880 relay Saturday as it finished second behind Oak Park at 1:29.3. Farmington will also be in the 880 with a regional third behind Franklin at 1:30.7.

FRANKLIN BOASTED two individual winners in John Dawe in the mile run and Joe Jinnett in the 440 yard dash. Dawe was not challenged with a 4:24.8, with Stevenson's Dave Mathia second and Southfield's Dan Henry third.

Jinnett outlasted Farmington's Mark Timmons with a :50.1 in the 440 with both running Saturday.

Stevenson's Ron Fedraw scored a first in the shot put with a toss of 52'7½". Tom Haron of Thurston placed second at 51'8" and both will be testing their arms Saturday.

Southfield Lathrup's Matt Heppler placed fourth at 50'1". He had to be the favorite but failed to come up with the big toss.

OBSERVERLAND SCHOOLS swept the high jump with RU's Dave Schoof, Stevenson's Neil Bowlby and Churchill's Jim Honke placing one, two, three.

The long jump saw Stevenson's Charles Babcock place third with a leap of 20'11½".

As expected the pole vault featured a two man show with Farmington's Nat Durham besting Thurston's Craig Boyak. Durham will be one of the favorites in Saturday's showdown.

"Nat has gone 14'4"," said Farmington Coach Jerry Young. "I think 14'6" or maybe 14'8" will take the state title and Nat should be right up there."

Opening height is 13 feet.

GREG BATTLE of Bishop Borgess captured the No. 3 spot in the 100 yard dash with RU's Tom Burk a tenth of a second off, missing the opportunity to go to the state.

The low hurdles went to Battle of Borgess with Franklin's Newman second, and Thurston's Bill

VanAlsten third. Harrison's Dan McConeghy missed the cutoff by one tenth of a second.

Nickolas Ellis, of Detroit Cooley, ran a separate race in the two mile, at least it seemed that way with Churchill's Dennis Kurtis second, 16 seconds off the winning time of 9:21.1.

Farmington sophomore Mike McGuire placed third after giving Kurtis a shot but falling back.

Franklin's Yuhasz qualified in the 220 yard dash with a third and the Churchill mile relay placed second at 3:27.0.

Don Phillips, Ron Miller, Phil Damaska and Rich Kahn made up the Churchill quartet.

Harrison's Frank Arcangeli and Thurston's Dave Drake placed second and third respectively in the 880 yard run.

THE HIGH HURDLES had to be the closest race of the afternoon with some question as to the winner but Stevenson's Neil Bowlby captured first

at :15.6 with RU's Dave Schoof in second with the same time. Thurston's VanAlsten placed third at :15.7.

Four Observerland schools vied for the regional crown at Ypsilanti but didn't have too much luck.

Garden City East failed to place anyone with pole vaulter Lloyd Williams breaking his pole in the warmups.

JOHN GLENN had one runner in the "top three" with junior Jim Lockwood finishing second at 4:20.5 in the mile.

Plymouth's Hooker Wellman took top honors in pole vaulting with a vault of 13'6" and Scott Dunson placed second in the 880 yard run at 1:56.0.

Garden City West will have one representative in the meet Saturday with Bill Batherson appearing in the pole vault event after a third place of 12'6".

Les Anders Opens With Surprises

The Les Anders baseball tournament opened with a few surprises, a few favorites showing true to form, and a lot of wet soggy baseballs.

Two of the eight games have not been finalized with Stevenson leading St. Agatha, 2-0, after four innings, and North Farmington and Thurston deadlocked after seven innings, 5-5.

Stevenson and St. Agatha are to continue play Thursday and Thurston and North Farmington Friday afternoon at North.

The 16 team tourney saw Wayne knock out Farmington Harrison, 3-1; Bishop Borgess outscore Clareville, 8-5; RU bomb Plymouth, 8-1; Farmington spurt past Bentley, 8-4; John Glenn surprise Churchill, 6-4; and Garden City West zip by Franklin, 8-3.

Now there are eight, or will be eight by Saturday's second round.

WAYNE will be pitted against the winner of the

Thurston - North Farmington game at Thurston at noon with Borgess against RU at 3 p.m.

At Franklin it will be Farmington against Glenn at noon with GC West against the winner of the Stevenson - St. Agatha game at 3 p.m.

Winners at Thurston meet Monday (May 29) at Ford Field at 6 p.m. and winners of the Franklin games play the same day at 8:30 p.m. in the semifinals.

The championship game will be Tuesday (June 6) at Livonia Ford Field at 7:30 p.m.

FARMINGTON'S BENTLEY 4

Rick Pauline and Jim Harte worked on the Falcon mound with Farmington scoring a nine inning four run victory over Bentley, 8-4. Joe Kearney, Dan Vezina and Bob Couch hurried for the Bulldogs with Vezina taking the loss.

The Falcons exploded for four runs in the top of the ninth on four hits. Mike Flynn, Tony Wenson and Harte singled followed by a fielder's choice,

a single by Bob Holton and two Bentley errors. Earlier Farmington had fought back featuring a two run homer by Tony Wenson in the sixth.

RU 8

PLYMOUTH 1 A four bagger by Mark Yourchock gave RU a 2-0 lead in the second inning. Plymouth missed a scoring opportunity in the third and the Panthers exploded for five in the seventh to seal the win.

Mark Durance walked, Mike Johnston was safe on an error and Glenn Richmond tripled. Kurt Firtz followed with a single and Friedman blasted another three - bagger and scored on an error.

Tom Nippa, Gary Fuls and Tom Miller worked for RU with Nippa the winner. Steve Robb took the loss for Plymouth.

WAYNE 3 HARRISON 1

Wayne's Art Mach hurled a six hitter against the Hawks and struck out eight with Bryan Collins taking the Harrison loss.

Wayne scored all its runs in the second on walks to Ray Fox and Jack Faber, a single by Kim Herrert and a triple by Chuck Slammer.

Harrison scored its lone run in the third on back to back hits by Nick Nicolay and Collins.

GLENN 6 CHURCHILL 4

Steve Kaufman and Dave Wesley worked for the Rockets in chalking up the first round win with Ken Wood and Mike Panzoff taking the Churchill loss.

Glenn scored two in the fourth on a walk to Roger Sanders and singles by Jim Laughren, and Carl Rich and a Charger throwing error. The Rockets added four in the sixth on a walk to Laughren and singles by John Lee, Sanders, Rick Kaufman, Rich and Jeff Britain.

Churchill rallied in the seventh on two Glenn errors and singles by Rick Dreher and Mick Cron; but fell two runs shy.

Oak Park Zips Past Franklin

Franklin dropped its fifth Northwest Suburban baseball clash to Oak Park, 2-0. The Patriots stand 3-5 in league action and 8-8 overall.

Randy Farber was the difference in the game with a two-hitter to his credit for Oak Park. Tim Griffin and Dennis Watson worked for Franklin with the starter Griffin taking his second loss with three wins to his credit.

triumph over John Glenn and fought to a tie with Ann Arbor Pioneer with 61 points.

JOANNE SCHROETER placed Bentley in the Glenn meet with three firsts. She won the 80 yard hurdles, 100 yard dash, and the 220 yard dash.

Glenn won the 440 relay but Bentley sprinted back with 880 honors.

In the Ann Arbor triangular with Huron and Pioneer, it went right down to the wire of the final race.

Bentley had to win the 440 and 880 relay for a tie with Pioneer and that's just what it did. The 440 relay in :57.0 and the 880 in 1:50.0.

Individual winners for Bentley were Diane Kramer in the running long jump and Joanne Schroeter with a tie for first in the 220 yard dash.

THE BULLDOGS made their move with four seconds, five thirds, and six fourths.

RU Mile Relay Loses; Trenton Snaps String

Redford Union toppled defending Suburban Eight champion Allen Park, 77 to 46, but lost a dual meet to Trenton with the mile relay the deciding factor, 62 to 61.

The Panther trackmen captured nine firsts in the Allen Park meet with RU winning three relays.

THE LOSS was the first time RU has fallen to Trenton since 1949. The mile relay decided the meet with Ernest Nagy holding off RU's Tim Biehl at the tape to win in 3:34.0.

The Panthers scored eight firsts with Dave Schoof a triple winner. Schoof won the low and high hurdles and the high jump with a leap of 6'1".

The Suburban Eight league meet is tonight (May 17) at Belleville with finals slated to begin at 7 p.m. Edsel Ford and Dearborn are premeet favorites with Trenton, RU and Allen Park in the sleeper roles.

GC East Romps To 17 Firsts In Dual Wins

Garden City East romped past Lutheran West, 79 to 44, and then defeated Inkster, 66 to 57.

East scored 10 firsts against Lutheran West and seven against Inkster. A total of 11 seconds proved the winning margin in the Inkster match.

GC West Making Its Move

Garden City West made its move in the Tri-River baseball race with victories over front running Southgate and Taylor Kennedy.

The Tiger baseballers knocked off Schafer and Riverside and stand at 9-3 in the conference, tied with Southgate and Kennedy.

West tipped Kennedy, 4-3, and blasted Southgate, 10-4. Bob Dropp's squad kept on winning with a 4-1 Schafer triumph and 8-7 Riverside victory.

The Tigers stand 13-6 overall and open state tournament play with Livonia Franklin Friday at Franklin.

Jerry Volas hurled a three hitter and struck out five to topple Kennedy with West scoring the winning run in the fourth inning.

Mike Jaska singled, stole second and scampered home on a Cliff McLelland single.

VIC STOCKONIS and Terry Dobbs combined for a win over Southgate, 10-4, with Dobbs getting the triumph in relief. Dobbs also stood out in the hitting department with four hits in four at bats including five runs batted in.

West stock to its winning ways with a 4-1 triumph over Schafer.

Vic Stockonis went the route in picking up the win and Dennis Dumbrowski took the loss.

A Dobbs two-bagger and Jeff Matlin's home run gave West a 2-0 lead in the second inning.

Schafer got one back in the sixth but West added two more in its half of the inning. Five consecutive singles by Volas, Jaska, Mann, McLelland, and Jerry Herbst accounted for two scores.

and four first inning runs, featuring a grand slam by Bill Baker. Herbst and Jim Stawara walked and Dale McHugh singled to load the bases.

Baker uncorked his round tripper and West led, 4-0.

Riverside rebounded with one in its half of the first and two in the third but the Tigers added one in the third to lead, 5-3. Bill Balle singled and scored on a double by Dobbs.

West exploded for three in the top of the fourth to grab a five run margin. McLelland walked and followed four straight singles by Herbst, Stawara, McHugh, and Dobbs.

RIVERSIDE came back in the fourth with a slam of its own. Jerry Syrul blasted a bases loaded round tripper to slice it 8-7.

Volas held his own on the West mound and held off Riverside to score his fourth victory with Tim Adams taking the loss, and the Tiger baseballers concluded a week in which it scored 34 runs on 61 hits.

Churchill Tips Western, 7 1/2-0

Churchill blanked Walled Lake Western to capture its third tennis victory in Western Six competition. The Charger netters scored a perfect 7 1/2 to 0.

FIRST SINGLES went to Mark Osenko who defeated Pat Munson, 6-2 and 6-4. Rick Boehrs won second singles against Tom Ruhde by scores of 7-5 and 6-1.

Third singles went to Churchill's Ray Purdy with 6-0 and 6-3 scores over Jim Miles. Kris Schuls captured fourth singles against Kurt Kessler, 6-3 and 6-2.

First doubles went to Chargers Dave Little and Doug Bar at 7-6 and 6-1. Paul Thomas and Rick VanWagoner took second doubles and Jay Igou and Ken Patterson captured third doubles to make it a clean sweep.

Shatters Mark

John Gores, Wayne State senior track co-captain, shattered his own school indoor mark in the two-mile of 9:17.5 with a 9:08.9 at the 1972 CCC Meet.

Oak Park Makes Northwest Race A Little Tighter

Thurston had a notion and an opportunity to capture a commanding lead in the Northwest Suburban baseball race but Oak Park didn't see eye to eye with Eagle Coach Emil Majeski's thinking.

Thurston knocked off John Glenn, 4-2, but fell victim to a three hitter in a 2-0 loss to Oak Park. The front running

Eagles find themselves on top of the conference with a half game lead over Birmingham Groves with a 5-2 mark.

Groves is second at 5-3 with Thurston having a makeup game with Franklin. Glenn is third at 4-4 with North Farmington fourth with a 3-4 record.

Mark Miller went the distance against Glenn, allowing seven hits, striking out eight and walking seven.

JEFF HODGKINS and Steve Kaufman worked for Glenn with starter Hodgkins taking the loss.

Thurston struck first with four runs coming in the sixth inning. Larry Poma drew a base on balls, followed by singles by Bob Ghanam and Don Murdock.

With two outs, Dave Harding laced a double to center to score Poma and Ghanam. Mike Robinson followed with another hit and Murdock and Harding scored to put the Eagles up by four.

Glenn came back with one in the bottom of the inning on walks to John Lee and Mike Borders. A fielder's choice and single scored Lee with Borders and Brittain cut down on the bases.

THE ROCKETS were on the loose in the final stanza. Roger Sanders singled and advanced on an error. Rayburn singled and J.P. McBride singled with Rayburn thrown out at third.

Hodgkins walked but was forced at second with Jim Laughren on first. Miller got tough and struck out Lee to end the game with Thurston a two run victor.

Thurston just couldn't get the ball rolling in the Oak Park contest.

BILL FRASER collected all three Eagle hits, with two being doubles but meanwhile eight Thurston batsmen went down via strikeouts.

Oak Park rallied for two in the fourth inning off Thurston hurler Ghanam on four consecutive singles, three coming after two outs.

Thurston travels to Catholic Central Monday (May 22) for the opening round of the state baseball tourney.

Spartans Blitz Falcons, 12-2

Turf Tips, Quips

By Doc Minard

It's taken a better portion of the baseball season but Stevenson High finally clicked to trounce Farmington in an Inter-Lakes contest, 12-2.

Nelson Cady went the distance for Stevenson in chalking up his second win against no defeats. He allowed four hits, struck out six and walked none.

The Spartans stand 4-4 in league play and 4-5 overall. Dennis Hagen and Rick Pauline worked for Farmington with Hagen taking the loss.

Stevenson opened its scoring in the second with John Horstman singling, Don Finn safe on an error and Mike Ferarolis driving in Horstman with another single.

The Spartans increased their lead to 6-0 in the third. Bob Ganzak led off with a single and Bob Bialek was safe on an error, with Ganzak moving to third. Bialek stole third and both runners

scampered home on a single by Finn.

FERAROLIS WALKED. stole second and scored on a hit by Mark Klefer. A Mike Godbey single and a Falcon error scored Ferarolis and Klefer and the Falcons found themselves down, 6-0.

Stevenson added five more in the fourth with the help of only two hits. Ganzak was hit by a pitch and Bialek was safe at first on a fielder's choice with Ganzak going to second.

Horstman was safe on an error with Ganzak scoring. Finn connected for his second single driving in Bialek and Horstman. Klefer followed with a walk and a double steal to put runners on second and third.

Godbey laced a single to right and two more Spartans crossed home with the Stevenson lead pushed to 11-0.

Stevenson concluded its attack in the fifth on a solo four-bagger by Bialek and

Coach Joe Jandazek was coaching his biggest margin of the season.

Farmington broke into the scoring column with two in the bottom of the seventh. Bob Holton was safe on an error, Detrich singled and both tallied on a single by Hagen and a Spartan error.

STEVENSON drew a bye in the first round of the state tournament and begins action on May 27 with the winner of the Garden City West-Franklin game.

With five weeks remaining of the meeting, business continues to boom at Wolverine Raceway regardless of weather conditions. Take last Saturday as an example, the rains started in early afternoon and continued through the entire 10-race card in the evening...so what happens, a crowd of 10,000 turns out and sends \$826,213 through the mutual machines.

And that was amazing and a tribute to the track's operation. The patrons had most of the entrances jammed as early as 7:30 p.m. and the last minute crowd was so large that many missed the opening race.

It was amazing from the standpoint that Friday's attendance under perfect weather conditions was 10,469 with wagering hitting \$844,014, the second best Friday in track history.

The weekend total was \$1,672,226, second high for the year, and came during a week when Wolverine handled \$3,797,719 for its second best week. Wagering averaged \$632,953 during the six nights and the nightly average for the first 50 nights is \$585,325. That's up from the \$575,000 a week earlier.

Just to give those interested some idea of what business has been like at the big mile track, located at Schoolcraft and Middle Belt Roads in Livonia, the total betting for 50 nights is \$29,266,257.

Things should get even better during the remaining five weeks. Ahead on the schedule is the annual "Good Ol' Days" program which figures to attract more than the 17,000 of a year ago. Then there is the series of Grand Circuit stakes during the final 10 nights which will bring the

nation's standout two and three year old trotters and pacers to the Detroit area.

Included in the events are the \$40,000 Matron four year old pace with the great Albatross among the eligibles and the \$50,000 four year old trot that lists Speedy Crown as a possible starter.

Then there are the annual Michigan colt stakes with a value of \$5,000 each. Present plans call for holding the eight stakes over a period of five consecutive nights. These events generally attract the horsemen from all over the state inasmuch as it will be the first stakes competition for a while in front of a nose at the most of the eligible this season. From Wolverine, the series continues at the county fairs with appearances at Northville Downs and Hazel Park.

SPEEDY CROWN, last year's Hambletonian champion, must be wondering what he has to do to win a race at Wolverine Raceway. The three year old champion of 1971 couldn't win in the Matron last fall at Wolverine and he was a fast closing second in the \$10,000 invitational Friday at Wolverine.

That race had to be one of the gems of the season since it saw Dearborn Star, the fleet four year old leased by George Raymond of Mason and driven by Bob Stansell, also of Mason, come within a tick of equaling the track record for trotters set last year by Grandpa Jim.

Dearborn Star, winner of three invitational and to his thousands of friends, preferred events at started his string with the Wolverine, has to be the best of Michigan's trotters in tennoon and then came back with seven in a row the next day.

Eddie has been making the program selections ever since he first started calling races, back in the early 1930s at Thistledown Race Track near Cleveland. At that time he made a circuit that included Thistledown, Detroit at the old Fairgrounds and New Orleans at the Fairgrounds there.

Miller isn't saying a word these days about his plans for the future. It's an even bet that he'll be in charge of admissions next fall at Hazel Park's harness racing meet and then return for the runners next year...good health and God willing.

fourth, four lengths back turning into the stretch and did make up a length and a half...but that was all.

Shiway Lad, a six year old owned by Meyer Frank of Cleveland, had the most in the heavy going Saturday night and won the \$10,000 invitational pace in 2:03.

It wasn't an easy victory. Local Time, the speedy Good Time horse owned by Raye Forsyth, of Birmingham, pressed for the entire last half and even caught the leader with 70 yards to go. But Driver Chris Boring still had enough horse to keep Shiway Lad in front by a nose at the end of Game three.

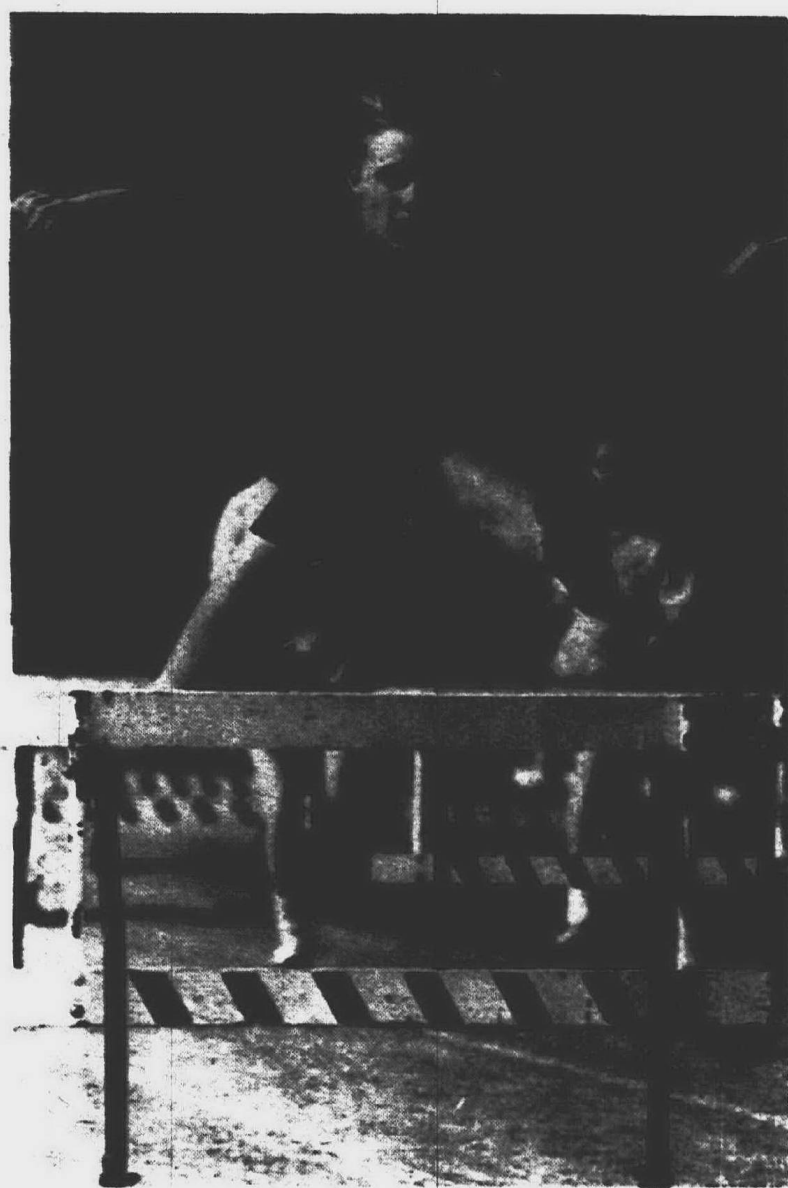

YOU CAN curse him when he fails to get home with favorites and you can sing his praises when he makes you a winner, but the fact remains that Jockey Larry Snyder appears to have a monopoly on riding honors at Hazel Park.

In front of the jockey standings with 48 winners to 15 for his nearest rival, the slender Snyder recorded his second five-bagger of the season Saturday. He just couldn't do any wrong and had those who like favorites going home with big smiles and just the opposite for the longshot pickers.

Which brings to mind that Announcer Eddie Miller, who announced his retirement last fall at age 67 and then changed his mind during the winter, picked a string of 10 straight winners last week. Eddie, better known as "The Chief" at started his string with the final three winners one after tennoon and then came back with seven in a row the next day.

Miller isn't saying a word these days about his plans for the future. It's an even bet that he'll be in charge of admissions next fall at Hazel Park's harness racing meet and then return for the runners next year...good health and God willing.

Franklin Girls Lose, Win

TOP HURDLER -- Franklin's Gail Kopchia takes another step in hurdling to the No. 1 spot in the girl's track ratings. Miss Kopchia is undefeated in dual meets. (Observer photo by Tom Donoghue)

The Franklin girls lost the 880 relay and a dual meet to Birmingham Groves, 53-47, but rebounded with a triumph over previously unbeaten Stevenson, 55-45.

Groves sported two double winners in Kay Searis and Maxine Ceccatto. Miss Searis set a league record in the 100 yard dash with a time of :11.3 along with a first in the 50 yard dash.

Miss Ceccatto took honors in the high jump and standing long jump.

Franklin won the next to the last event in the 440 relay to make it 48-47 Groves with the 880 relay remaining. Groves bettered the Patriots by a little over 13 seconds to win the event and the meet.

The Stevenson matchup was a shade of a different color for Franklin.

GAIL KOPCHIA paced the Patriot lineup with firsts in the standing long jump, 80 yard hurdles and 100 yard dash. Her time of :11.0 set a league record.

The Franklin girls broke two other records in the 440 relay and 880 yard run.

The foursome of Sue Milkiten, Kathy Clark, Maureen Donehue, and Gail Kopchia clocked in a :52.2. Sue Abel also captured Patriot honors with a time of 2:43.3 in the 880 run.

Trojan Racketeers Close Out Season

Clarenceville closed out its tennis season with identical 3-2 losses to Clarkston and Bloomfield Hills Andover to finish with a 4-6 mark in Wayne Oakland league competition.

The Trojan showing in the league meet at Andover was a solo effort with all but one man eliminated in the first round.

Senior Bob LaForest was

undefeated in dual matches and drew a bye in the first round. He came on to win the first two and toppled Brian Bissell in the semifinals, 6-1 and 6-4.

LAFOREST had the flu but took the court against Mattese. Mattese captured two quick wins, 6-2 and 6-3 and LaForest tasted his first defeat of the season.

Four Slams Help Eagles Win, 86-37

Thurston scored eight firsts and recorded four slams in a dual meet win over Northwest Suburban foe Oak Park, 86 to 37.

The Eagle trackmen shut out Oak Park in the high hurdles, mile and two mile runs and pole vault with Bill VanAlsten a double winner.

VanAlsten swept the low and high hurdles and Thurston captured two relays in the 440 and mile.

Lathrup Falls To WL Central For 2nd Loss

Walled Lake Central handed Southfield Lathrup its second Inter-Lakes baseball defeat in an eight inning 3-2 contest.

The Chargers went two up in the second inning on a walk to Jim Lechner and singles by Barry Brodsky and Bruce Ruhl.

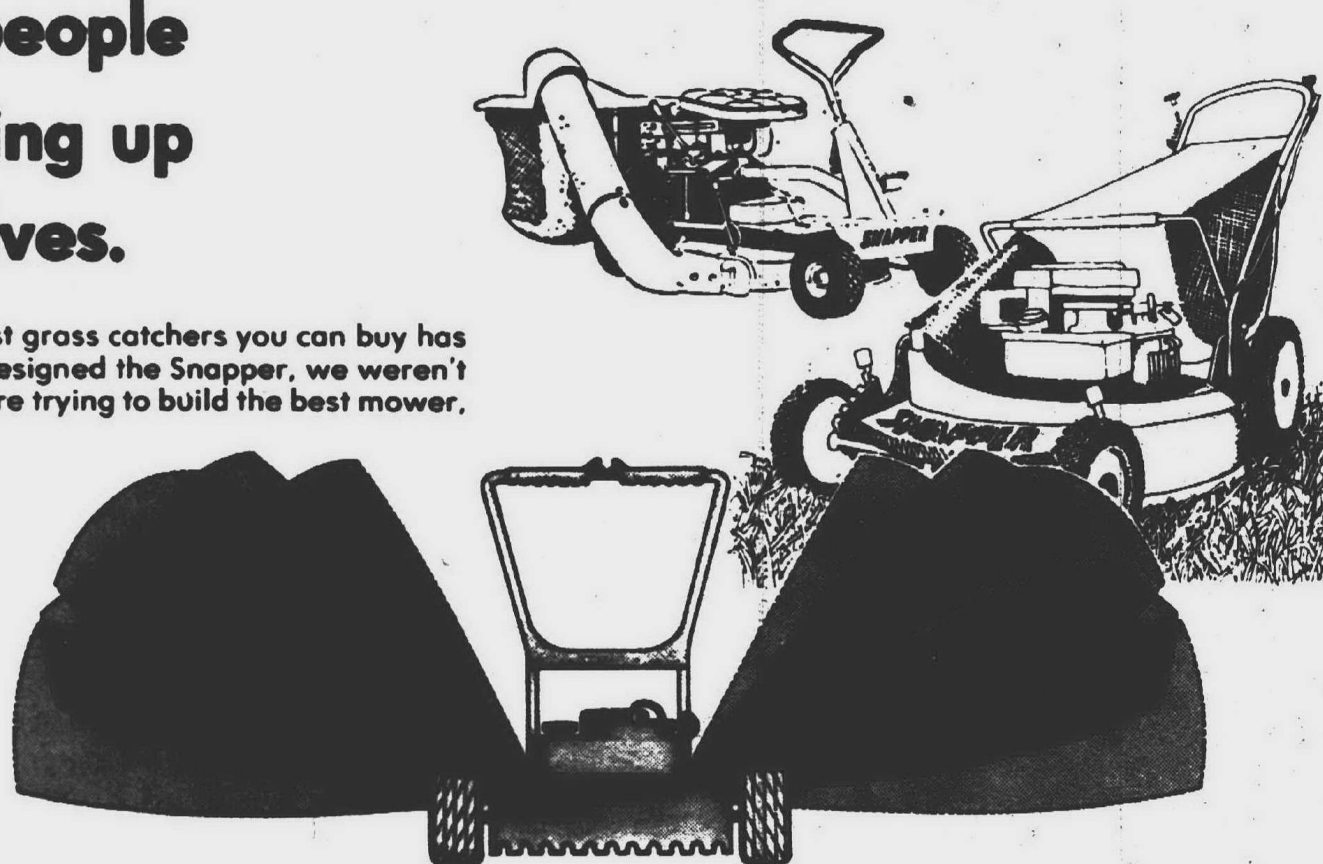

Central rebounded with one in the fourth, one in the sixth, and one in the eighth on three consecutive singles to win, 3-2.

Paul Jacobs worked the distance for Lathrup, allowing eight hits, striking out six and walking two. The senior righthander stands at 3-3.

Snapper For people who hate picking up after themselves.

It's not just luck that one of the largest grass catchers you can buy has our mower attached to it. When we designed the Snapper, we weren't trying to build a better mower, we were trying to build the best mower.

and we did, right down to the grass catcher. The Snapper Comet has a big 6 bushel grass catcher attachment that unloads in seconds. The V-18 and V-21 have a large 3 bushel bag. Whichever one you choose they all pick up grass, leaves and twigs. Work less and enjoy it more!

RU Moves Into Three-Way Tie

Redford Union moved into a three-way tie for third place in the Suburban Eight baseball race with an eight inning, 3-2 victory over Allen Park.

The Panthers have a 4-4 league mark, identical to that of Plymouth and Livonia Bentley. Belleville and Edsel

Ford are tied for No. 1 with 6-2 records. The eight inning victory over Allen Park marked the third consecutive Friday that Bob Atkin's Panthers have won in extra innings. RU has lost only four games in 18 outings with the four being in conference play.

Gary Fulk went the route for RU, scoring his fifth win against no losses. Allen Park mustered only four hits off Fulk who walked four and struck out 11. Jeff Hrdicek and Bill Maddox worked for Allen Park with Maddox taking the loss.

ALLEN PARK struck first in the second inning with the benefit of a hit. Leon Getz walked and scored on a wild pickoff attempt.

RU notched it at one all in the bottom of the third. Rob Campbell walked and stole second. He moved to third on a ground out and scored on a sacrifice fly by Mike Johnston.

Allen Park broke the deadlock with a run in the top of the eighth. Hrdicek opened with a single and Neil Leonard struck out. Fulk bore down and walked out the next two batters but Mike Bockel doubled to score Hrdicek with what

appeared to be the winning run.

The Panthers went on the prowl in the last of the inning when after one out, Johnston tripled. Glenn Richmond followed with a walk and Kurt Fritz singled up the middle to score Johnston and tie it at two all.

Steve Friedman followed with another single and Richmond raced home with the winning run.

RU OPENS state tournament action today, (May 17), against Detroit Redford on the Panther field at 4 p.m.

Chalk Up 5th Win

East Upends Annapolis

Garden City East barreled over Annapolis for a Mid-Wayne baseball triumph, 9-4, pushing the Panther mark to five wins and three losses.

East collected nine runs on 10 hits with Annapolis scoring four times on seven hits. Senior righthander Dennis Ray worked for East, striking out six and walking two in scoring his fifth victory against one defeat.

Bill Leach took the Annapolis loss.

The Panthers scored all

their runs in a two inning span with four in the first, five in the second and held on to win by five.

Steve Orr started the Panthers off in the first with a single to left. Mike Orr grounded out moving brother Steve to second. Pete Anleitner then singled him home and Ray doubled to score Anleitner.

MIKE WHALEY followed with another double to bring in Ray. Jim Wisniewski

grounded into a fielder's choice with Whaley out. Wisniewski proceeded to steal second and scampered around the base paths on a single by Wayne Novess.

As if the first inning wasn't enough, the East bats went to work again in the second.

Steve Orr, Mike Orr, Anleitner, Ray and Whaley all connected for one base hits with Anleitner and Ray getting one run batted in, Whaley

two and scoring himself on a passed ball.

East opens state play with a May 27 game against the winner of the May 18 contest between Southfield and Churchill.

The Court Jester

by BILL CAMERON

"If you can meet with triumph and disaster and treat those two imposters just the same."

The above quotation greets you in the lobby of the All England Lawn Tennis and Croquet Club - or, as it is known to tennis players all over the world - Wimbledon. Actually the club and its impeccable grounds are located in the town of Wimbledon. Founded in 1869 as the All England Croquet Club the name was changed in 1877 and again in 1882.

Army officers seem to retain their titles) was a very polite affable gentleman who patiently answered all my questions and upon completion of my interview presented me with a fact book that he thought might be helpful to me.

After leaving him I glanced through the booklet and, much to my embarrassment, found that all the questions I had asked were the same questions with answers covered the book. Definitely the mark of a gentleman, which seems to be a trait that is typically British.

DID YOU KNOW that during the tourney, approximately 14,400 tennis balls will be used? Did you know that only four left-handers have won the singles championship?

Sir Norman Brooks, 1907 and 1914; J. Drobny, 1954; N. Fraser, 1960; and Rod Laver 1961, 1962, 1968, and 1969. The longest match was Budge Patty vs. J. Drobny 1953; 4 hours 20 minutes won by Drobny 8-6, 16-18, 3-6, 12-10. Ladies first wore shorts at Wimbledon in the early 1930's.

Actually I was a day too early. The major informed me that they were opening the courts for their members, weather permitting, tomorrow. He suggested I return to cover the matches this summer.

5-11 Standout

Michigan State guard 11 sophomore basketball Mike Robinson won the Big Ten scoring championship in 1972 with an average of 27.2 points over 14 games. He's the first Spartan ever to gain the honor.

Quarter-Miler

Michigan State junior Mike Holt of Highland Park, backfield starter on offense and defense in football in 1971, is one of the top quarter-milers on the Spartan varsity track squad.

Hawk Netters Edge Churchill

Farmington Harrison made its move in the Western Six with tennis victories over Churchill and Walled Lake Western but fell a half point short in a non-leaguer with North Farmington.

The Hawk netters edged Churchill, 4 1/2 to 3, blitzed Walled Lake, 7 1/2 to 0, but North Farmington found the string and tipped Harrison, 4 to 3 1/2.

North's Aron Hozman defeated Hawk Eric Rogind in the first singles, 4-6, 6-3 and 6-2. Second singles went to Harrison's Tom Maurer over Mike Daley, 6-2 and 6-3.

Robert Albertson of Harrison captured third singles at 6-1, and 6-4 against Chuck Foster. North's Tom Fredericks crushed Wylie Chan in fourth singles, 6-1 and 6-0.

First doubles went to

Harrison's team of Paul Kubitskey and Steve Weber, 7-5, 3-6 and 6-0.

Mark Garcia and Steve Young won second doubles for North Farmington, 6-2 and 6-4 and third doubles went to North with Ron Rogala and Joe Rosenberg scoring a 6-4 and 6-2 triumph.

Ground Cover Solves Landscape Problems

EAST LANSING
If you are one of the many homeowners who has a landscape problem area, try using ground covers, say horticulturists at Michigan State University.

The problem area may be the bank of a drainage ditch, a bank along a road, or a close area where a lawn mower cannot be used. Ground covers can also replace grass in shady locations or provide erosion control on dry slopes.

Ground covers range in size from lawn grass to larger shrubs and are available in various colors and textures. Like any ornamental tree or shrub, they will become a permanent part of your landscape and should be selected with care.

Such ground covers as wild ginger and English ivy are excellent for shady situations and can easily be planted in small strips between the sidewalk and house and under trees.

THOSE SUITED for sunny locations include evergreen candytuft, Indian or mock-strawberry, and wintercreeper.

Crown vetch and Hall's honeysuckle are especially suited for wastelands or dry situations on banks.

Thorough preparation of the planting sites is a must. Perennial weed areas should be cleared before planting, because most ground covers

cannot compete against established weeds.

The soil should be worked to a depth of eight to 10 inches. Incorporate a two-inch layer of peat moss or compost thoroughly into the soil. Also incorporate a complete fertilizer, such as 10-10-10 or 12-12-12 at the rate of 1½ to two pounds per 100 square feet of bed area. Never add lime or sulphur unless the soil pH has been checked.

USUALLY spring plantings are most successful. Space the plants according to their size, immediate effect desired, and their rate of growth and habit. Always water the plants thoroughly immediately after planting.

Weed control is a must until the ground cover is fully established. A two-inch layer of mulch will control 90 per cent of the weeds. On slopes, coarse netting is also used to hold the slope until the ground cover is established.

The horticulturists suggest visiting a nursery to study the many new varieties of the old standards that might be used as ground covers. They can add that "finished touch" to your landscape.

How To Fill Bare Spots In Lawn

EAST LANSING
Unless those bare spots on your lawn are at least one foot square or larger, attempting to thicken up the grass sod by overseeding may be a waste of

time and lawn seed, say turfgrass specialists at Michigan State University.

Competition from the established sod does not give the young seedlings a chance to get started, explain the specialists. They recommend a good fertilization and weed control program.

They also suggest filling in the small spots with plugs of sod removed from the other areas of the lawn.

HOWEVER, for the larger spots, Robert Shearman, MSU extension turfgrass specialist, recommends the following steps:

1. Go over bare spots with a garden rake to loosen the soil. Soil moisture is right for seeding when the soil rakes loosely (does not form small clods).
2. Select a good seed (certified if possible). Use a Kentucky bluegrass variety for sunny areas and a red fescue variety in shaded spots.
3. Sow the seed by hand, sprinkling it evenly over the entire area. A small handful of seed will cover a bare spot six feet in diameter.
4. After seeding, rake gently so that the seeds will have good contact with the soil. This is important for even seed germination and grass growth.
5. Soil moisture shouldn't be a problem in the spring. However, if the top one inch of soil does dry out, give the seeded area a light watering with a lawn sprinkler or sprinkling can.

Frost Injured Trees Require Special Care

During January, parts of Michigan experienced severe winter temperatures down to -15 degrees F and -20 degrees F, and fruit specialists at Michigan State University report that flower buds of peach and apricot have suffered considerable injury. In some locations cherry buds were also injured. The outlook for flowering on these damaged trees will be minimum this year.

In some cases the wood may also have been injured, evident by discoloration, and the specialists offer these suggestions for handling severely injured trees:

1. Delay pruning until growth starts. Then remove only dead wood. Make no large pruning cuts.
2. Do not use oil sprays on injured stone fruit trees.
3. Apply nitrogen fertilizer before growth starts.
4. Protect foliage from diseases and insects. Do not omit the leaf - curl spray. Protect young trees against cutworms.
5. Give trees good cultural treatment. Keep weeds away from young trees.

Experts Give Tips On Rose Planting

EAST LANSING
The proper time to plant packaged roses depends upon the severity of winter temperatures, say horticulturists at Michigan State University. In Michigan, the homeowner should plant in the spring following this procedure:

1. In a well drained and spaded area, dig a hole approximately 15 inches wide and 18 inches deep. Add a quart of peat moss or compost and mix well with the soil. Form blunt cone of the mixture in planting hole.

2. Prune all rose canes to 12 inches and remove any broken or injured roots. Position rose in soil cone so that the bud union (swelling at base of stem) is about one inch below the surface. Spread roots out in a natural manner down slope of mound.

3. Work in soil around roots to eliminate any air pockets. Firm soil about roots and add more soil until hole is three - fourths full.

4. Fill remainder of hole with water and allow it to soak in; then refill. Fill remainder of hole with soil and tamp. Head canes back to about eight inches, making cuts one-fourth inch above an outside bud.

5. Mound soil around and over plant to height of eight to 10 inches. This protects the rose canes from drying out. When buds break, gradually remove mound of soil - probably within a week or 10 days. When vigorous growth starts, apply plant food according to manufacturer's specifications.

FIX-IT TIP

Wet glasses will leave white rings on furniture. To remove them, try a mixture of olive oil and white vinegar in equal parts. Rub with the grain.

FIX-IT TIP

A fuse is a protective device, though it may seem more like a nuisance when one blows out. That, however, is where the protection comes in. When a fuse blows, it means that the wiring the fuse is designed to protect is dangerously overloaded.

New Grass Tailored To Michigan Weather

EAST LANSING
If you are thinking about establishing a lawn, don't overlook a new grass variety, Wintergreen, tailored to Michigan growing conditions. Wintergreen is a superior red fescue grass developed at Michigan State University. According to Robert Shearman, MSU turfgrass specialist, it is best adapted to central and northern Michigan.

He says that Wintergreen compares favorably to Pennlawn red fescue, and is ideal on low maintenance areas such as cottage lawns, parks, industrial grounds, roadsides and around lakes and streams.

ALSO. Wintergreen produces a superior thick, green turf that will maintain its color late into the fall and

winter, is well adapted to shaded areas and can be grown in sandy soils.

Patio Added When Garage Is Converted

Remodeling a garage into a family room can be a double addition if an outdoor living area is planned along with it.

If the driveway becomes parking space for the family car, a new carport will add a sheltered part-time patio.

Where a new garage and drive are planned, a new deck of 2x4-inch Douglas fir effectively camouflages the old driveway.

Wood screens on the street side fence out distractions and traffic noise.

The new variety has a finer leaf texture than Pennlawn and a superior uniformity.

Shearman stresses low maintenance. The grass requires only one to three pounds of actual nitrogen per 1,000 square feet during the growing season and needs only to be mowed at a height of two inches.

"However," says Shearman, "Wintergreen, like all other red fescues, does not have resistance to Helminthosporium leafspot disease and the turf may be subject to browning and thinning during severe attacks of the disease."

Homeowners may purchase Wintergreen seed through garden stores, local hardware stores, farm elevators and commercial seed dealers who specialize in turf grass seed.

'Iron-Poor Blood' Affects Azaleas

Iron deficiency is probably the most common cause of poor growth in azaleas, according to Michigan State University horticulturists.

The first sign of iron deficiency is chlorosis - a yellowing between the veins of the new upper foliage near the tip of the shoot, while the veins and nearby leaf tissues remain near normal green.

Currently while azaleas provide their splashes and masses of color, iron chlorosis should be corrected or prevented by applying iron to the foliage or soil as chelated iron or ferrous (iron) sulfate.

In addition, adding some well-rotted hardwood sawdust or acid peat moss will help make the soil more acid and provide a longer-lasting availability of iron to the plant. Two parts loam soil to one part organic matter makes a good blend.

Iron chlorosis is often found in azaleas growing near building foundations where calcium from the concrete or mortar causes the acidity of the soil to decrease. Special care should be given to azaleas in these areas, advise the specialists.

Laundry Room Entertaining?

Entertaining friends in the laundry room may sound a little off-beat, but not when washer and dryer are framed into cabinets, the top becoming a serving table for food and drinks.

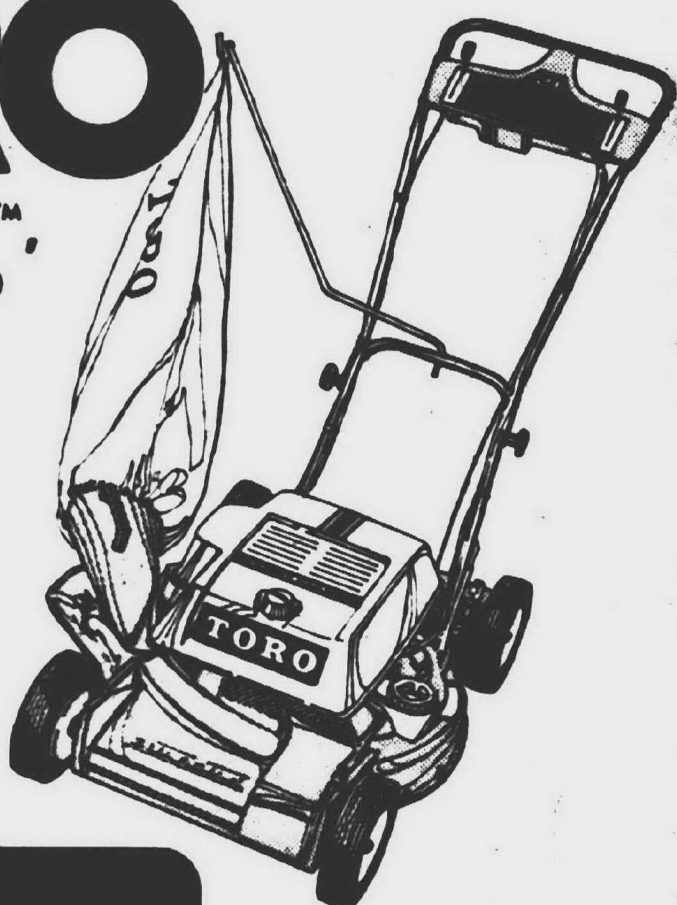

In a basement room, a double-duty table built around a post can be square or round, depending on the area, and used for laundry sorting or suppers.

The Green Thumb

By GEORGE ABRAHAM

Postage stamp gardening: We've mentioned this time and again. If you have a small backyard you can still grow plenty of vegetables in the space you have and harvest a bountiful amount of produce.

Grow herbs in cans as they take up a small amount of space. Tomatoes, onions, peppers, lettuce and other crops can be grown in clay pots resting on a porch railing. And don't forget to garden "vertically"—meaning you should use a wire fence to let the vines grow up instead of out.

I'll repeat our wire corset method for gardeners who have a small space.

Go to your lumber yard and get some concrete reinforcing wire. Roll a piece into a

cylinder, 1 1/2 feet across and five feet tall. The result is a column of vine growth held in place and supported by a wire cylinder. Wire with a six inch mesh is best because it makes it easy to reach in and pick the tomatoes.

Some gardeners train their tomato vines on a wire fence stretched between two posts. Plants are set two feet apart and trained to three strands of wire mesh. Train the vine up, tying with soft cloth or wire twists. We guarantee you'll have plenty of tomatoes and they won't be full of snail holes!

EARTH WORMS: good or bad? People who play golf curse earthworms because of the castings they make on the

turf. However, good gardeners know that the earth worm is a real ally.

Some soils have more earthworms than others. If a soil is too dry or full of some alkaline or acid material, earthworms are apt to be scarce. You can buy earthworms but I doubt if it pays. We've seen some earthworms that eat so much you can actually hear them eating, or crunching.

You can encourage earthworms by building up your soil with extra humus. Some gardeners call the earthworm "nature's plowman" because it turns soil over and over, bringing up subsoil. It eats the soil to get tiny bits of leaves and other pieces of organic material.

They enrich the earth by passing more than 10 tons of dry earth through their bodies annually in one acre alone. They help water and air get down into the subsoil, and can bury two inches or more of decayed material every decade.

FREE: Having trouble with your soil? Send me a self-addressed, stamped envelope and ask for a copy of our guide, "Good Luck from Bad Soils." Our guide will help you produce more crops from your soil, regardless how poor it is. Meanwhile, save all your coffee grounds, tea leaves, orange skins, etc. and toss them into the compost pile.

Pollution Pelts Plants

Air pollution damage to plants is costing the U.S. more than \$500 million a year, reports Dr. William J. Hooker, Michigan State University plant pathologist.

Potatoes have proved to be especially subject to air pollution damage; being the first major Michigan field crop to suffer serious, widespread, commercial yield losses. Symptoms of air pollution damage were observed in Michigan potato fields as early as the mid-60s.

Major sources of damaging pollution are car and truck exhausts.

Hooker and his colleagues are testing materials, including systemic fungicides, to prevent or reduce the damage to plants.

Cotton fabrics in cheery yellow and white companion prints keynote the charm of this living room with traditional furnishings. An all-over floral print appears along one wall as tied-back draperies over sheer curtains of soft yellow. Coordinating floral stripes enhance the classic lines of the sofa. Both of the Waverly prints have a Scotchgard finish for stain and soil resistance. Adding a spot of freshness to the decor is a baker's rack filled with flowers and ferns.

Paneling Hides Old Ceilings

When ceilings start looking shabby it's time to bring them back to life, but this time make it permanent as well as pretty.

Paneling the ceiling with easy-to-handle tongue-and-groove western hemlock or pine boards keeps it light while reflecting a warm glow down into the room.

A deep cornice molding at the wall-ceiling joint will create a coved effect. Lightly sealed, the new ceiling will be maintenance free for years to come.

'Gardening With Children' Is Topic

"Gardening with Children" can be a rewarding experience, according to Alice McCarthy, who will speak on the subject at the next lecture in the Michigan Horticultural Society series "How Does Your Garden Grow?"

The program will be at J.L. Hudson's downtown store in the 13th floor Pine Room, 12 to 1 p.m. Thursday, May 25.

There is no charge for the lecture, but a box lunch charge of \$1.65 will be made for each registrant. Reservations required by calling Hudson's downtown.

Mrs. McCarthy is a Birmingham educator and lecturer. She has been active in the Birmingham School District school beautification and ecology program. Her work with school children on beautification and ecology is known and copied through the country.

Cut your grass, Mister?

Maybe you're the kind of guy who looks forward to getting out on the lawn. But chances are you probably wish the grass would somehow cut itself. It won't. And until someone invents a breed of grass that does, a beautiful lawn will continue to take hard work. And plenty of it.

But love it or loathe it, you don't have to do all the work yourself. Let the International Harvester Cub Cadet® lawn and garden tractor make it a lot easier... and maybe a little more pleasant. And if

you happen to like working on the lawn, we have over 60 special attachments to do almost any kind of work you like. Even shagging golf balls.

How Forgotten Cemetery Became Green Oasis

By BETTY FRANKEL
Special Writer

The little cemetery at the top of the hill had been neglected and overlooked for years. Weeds grew tall and debris collected between the stones which were cracked and broken or leaning crazily askew.

The markers bear names such as Ezra and Eliza, Joshua, Nathan, Phoebe, Lydia, Lovilla and Ursula. On some the name is still sharply incised and on others it has been eroded to oblivion.

Still discernible are roses and open prayer books, urns and clasped hands and weeping willow trees carved into the stone.

Some graves are marked by

tall monuments, some by a simple headstone and many have a stone set flat in the ground. Although some mark the graves of men and women whose lives spanned 70 years or more, many are the graves of small children, new-born babies or very young wives.

THE FIRST BURIAL was made in 1837 and the last in 1916. No longer do wives come to place flowers on the grave of a beloved husband or to sit and meditate by the grave of a dead child. Instead, people hurry past and cars whizz by in a steady stream — because this little graveyard is on busy Michigan Avenue just west of Wayne Road. There is a movie theater on one side and a big new shopping center across the road.

The early settlers of Wayne, known in those days as Derby's Corner, chose for their cemetery a peaceful, quiet hilltop that afforded a pleasant view of the surrounding countryside.

It has long since been engulfed by the expanding city — a quiet anachronism in the midst of the hustle and bustle that surround it.

A few years ago Mrs. Mildred Hanchett, city historian, and other members of the community decided that the old "Burial Lot," as it was originally designated, should be preserved and restored as a valuable bit of history. A decorative, antique-style, black wrought iron fence was erected and the area was made neat and tidy.

was not enough. Aided by Mrs. C. J. Ujda of the Wayne Garden Club, plans were formulated to convert the cemetery into a park and arboretum — a multi-use area to serve the needs of present day residents of Wayne.

Jerome Pryzup, a landscape architect living in the area, and now a Southfield planning department staff member, designed a landscape plan for the two-acre cemetery — park — arboretum. It will include a paved walkway and benches as well as a great many kinds of beautiful ornamental trees.

On Arbor Day, 30 trees were planted. Funds for the trees were donated by the garden club, the Beautification Committee, and the City Historical Commission. Each of the new trees is a different variety and was carefully

selected for its symmetry or artistic form.

Dominating the scene is a tall red oak tree with sturdy, wide-spreading branches. It must have been growing on the hilltop long before the first settlers came to Wayne.

There are also an old silver maple and a large mulberry tree on the west side of the area. Along the eastern edge are some picturesque old Scotch pines, a Norway spruce and some tall junipers. The new trees include both evergreens and shade trees and also numerous smaller flowering trees.

Particularly decorative and appropriate to the cemetery setting are a weeping white birch tree, a weeping flowering cherry and several other weeping trees.

Other pines and a hemlock have been planted on the west side to create a symmetry and to screen the area on this side. Eventually these groups of evergreens will form a pleasant frame for the scene when it is viewed from Michigan Ave.

Swinging in an arc along the north side are a pin oak, a horse chestnut and some other tall shade trees which serve as a backdrop to terminate the view. The spreading branches will form a canopy to provide shade in summer and also to give a psychological feeling of shelter and protection.

Flowering trees and other smaller ornamental trees are grouped closer to the walkway where the beauty of their blossoms can be enjoyed at close range.

Each of the 40 kinds of trees in the cemetery will be carefully labeled.

Shoppers can pause to rest a few minutes, businessmen can take a noon-time stroll. School classes and scout groups will be able to absorb some early history and study fine examples of both native and ornamental trees, and all who pass by will enjoy the renewed beauty of this little cemetery that has been given a new lease on life.

Plan Barrier Against Sun

The more summer sun you can exclude from your home, the more efficiently your central air-conditioning system will operate, says the Air-Conditioning and Refrigeration Institute.

Proper insulation in roof and walls creates the most effective barrier against the sun, but ARI notes that there are other ways that the homeowner can screen out solar rays.

Plant trees on east, west, and south, and plant plenty of grass and shrubs around windows and glass areas to absorb the heat that will otherwise "bounce" into the house.

Awnings or roof overhangs are helpful over large glass areas, and a light-colored roof will deflect the sun's heat.

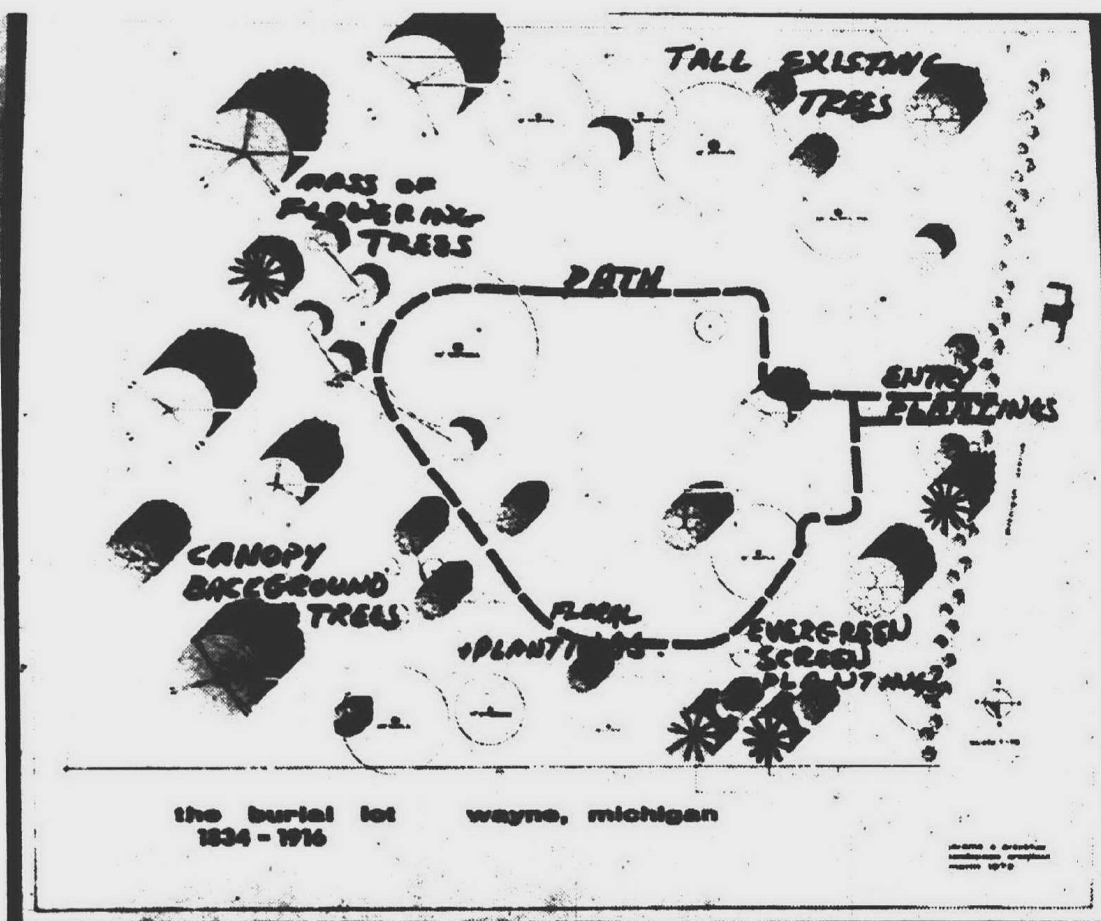

Early morning and late afternoon protection is gained when carports, garages, and porches are oriented to east and west.

Pass The Salt

Two thousand Michigan firms engage in world trade.

HOWEVER, Mrs. Hanchett felt this quiet oasis should not go unused. Mere preservation

C'ville Board Denies Change In School Name

Clarenceville Board of Education members have reluctantly turned down a request from the junior high staff to change the name of the school to the Arthur G. Mann Junior High School of Clarenceville.

A grateful staff had petitioned the board for the name change to honor Mann's 32 of 35 years as an educator in the Clarenceville system.

THEIR RESOLUTION, read at the May 11 board of education meeting, pointed out that Mann was instrumental in the organization of the junior high and served

as its only principal until his recent transfer to Westbrook Elementary School as principal. The Westbrook transfer was at Mann's own request and "opened up new challenges for him," Mann said.

"There's a time in everyone's life when they feel they're in a rut. After all, I had been at the secondary level for a number of years. The Westbrook opening offered a new challenge," he added.

But while they were cognizant of Mann's contribution to the Clarenceville system, the board agreed with

Supt. David McDowell's recommendation that the request be denied.

"The changing of a position within the district doesn't warrant a memorial," McDowell's report said. "Memorials of one type or another are usually reserved for retirees or persons who are deceased."

However, the board did appoint a special committee of junior high teachers to study some other appropriate means of honoring Mann.

One possibility under consideration is the naming of the school's new four-room media center in his honor.

FOUR WINNERS of the 1972 Junior Achievement officer of the year contest were (from left) Michael Schmenk, safety director from Dearborn Heights, James Abowd, best president; Elizabeth Abowd, best treasurer; and David Abowd, best vice president. The Abowd siblings are from Farmington.

Top Local JA Execs Picked

Four young people from the Redford Junior Achievement business center received awards for being the most efficient officers at the 1972 officer of the year contest. They are: James Abowd, 17, president; David Abowd, 16, vice president of sales; Elizabeth Abowd, 15, treasurer; all of Farmington, and Michael Schmenk, 17,

safety director, of Dearborn Heights.

Runners-up from the Redford and Plymouth JA business centers are Steve Schmenk, 16, purchasing agent, of Dearborn Heights; and Mary Schroeder, 16, personnel director, of Plymouth.

THE TEENAGERS competed against 44 other Junior Achievers from the six-county metropolitan Detroit area.

They were judged on the basis of their knowledge of business, their business records, their knowledge of JA and their general feelings about their job as an officer, how they overcame their problems and how their company became successful.

Each winner will receive a free trip to the National Junior Achievement conference in August at the University of Indiana.

The students were judged by members of Young Presidents Organization; the Michigan Association of Certified Public Accountants; American Society of Corporate Secretaries; Sales/Marketing Executives of Detroit; Michigan Manufacturers Association; Greater Detroit Safety Council; Detroit Personnel Management Association; Employers Association of Detroit; Purchasing Agents Association of Detroit; and American Institute of Banking.

2 Top Ratings For C'ville Bands

Clarenceville bands—senior high symphony and junior high concert—brought home Division I ratings from recent state band and orchestra festivals. The senior band played in Flint and the junior band in Saline.

John Nezek's senior band received straight Division I ratings from all four judges. In addition to a required number the band played Sousa's "Nobles of the Mystic Shrine" and "Masque" as its selected composition.

Of the senior band Judge James Hause said: "This is a superior band. You can all take pride in your excellent musical achievement."

The junior high concert band march was "Proud Heritage" and its selected number "Overture for Winds."

"This band had many fine moments," said Judge David McCoy. He added: Judge Root said: "Over all, well done."

You played with sensitivity and musicianship."

PIETRO DIGIORGIO (left) and a former student, Matthew J. Black, are hoping to put out a serious magazine of literature and the arts. It's all ready to go, but a mini-grant is needed. (Observer photo by Bob Woodring)

For Teacher

Self-Expression Is Challenge

By BETTY MASSON

Today's students are interested in expressing themselves.

It's doubtful that anyone would quarrel with that statement, but while many would say it with a sigh, a Garden City East High School teacher regards it as both a challenge and an opportunity.

According to Pietro DiGiorgio, speech and debate teacher, this urge for self-expression means "we're going to have a renaissance of interest in the arts, including poetry and literature."

"Maybe, we're having it right now," he adds thoughtfully.

HE BASES HIS opinion on his students, the increase in "the number of kids showing a

real interest in literature, not for grades but to express themselves."

He and Matthew J. Black, who comes from Garden City but is now living in Detroit while he works on an MA in history at Wayne State University, are ready for this renaissance. Black is a former student of DiGiorgio's.

They'll be even more ready if a hoped-for mini-grant from the Michigan Council for the Arts comes through.

With the grant, they'll be able to put out the first issue of their new magazine "Oyster."

The editorial copy is ready for their first issue of a serious magazine of literature and the arts.

"We decided that there are a lot of mazines around putting out a lot of junk and fads.

amusements

This is not what we want," says Black.

"We know that in this area there are many serious writers, and we have compiled what we think is a good first issue," he adds. Associated editor of the magazine is Floyd Edgar Opperman of Detroit, who is now in California with the U.S. Navy, but will be back soon.

THE FIRST ISSUE is devoted to poetry and contributors come from around the country, but the publishers are hoping to be able to devote more space in future issues to writers in Michigan.

Inquiries about possible publication should be addressed to Matthew Black, 680 Delaware, Detroit, 48205.

Both are well aware that they will never get rich with this type of magazine. It will chiefly be sold to universities, since "it's mostly students and faculty who read poetry."

However, DiGiorgio is convinced that the need exists, because of his experiences as a teacher and as sponsor of his school's literary magazine.

"WE GET more and more good stuff, quality things, from the students. I feel with the kids. They are rejecting

pat answers and they are searching more and more. "Anyone who is a searcher is going to find an expression ... a way to express the joy of discovery, as well as the joy of discovery," he comments.

"We want to be right out in front to capture a lot of this energy, not for gain, but to be a part of it," is his philosophy.

DiGiorgio is also noted as an actor. He has just finished playing Big Daddy in the Will-O-Way Theater production of "Cat on a Hot Tin Roof."

Here again he is impressed by the enthusiasm which is being generated by the arts. "The number of kids who come out to see something take shape is an indication to me that there is a renaissance," he says.

THE U.S. ARMY Field Band and Soldiers' Chorus will present a free concert in Plymouth's Kellogg Park at 3 p.m., Saturday, May 20. Shown above is the chorus. In case of rain, the program "Sing Out for America" will be presented in Plymouth Central Junior High School, Main and Church. This is the only place in Oberlinland in which the group will stage its 90-minute show during this tour.

Suburban Ballet To Hold Auditions

The Suburban Concert Ballet will hold auditions for new members on Sunday, May 21. These are open to all dancers aged 12 and older. Appointments should be made with Mrs. E. J. Gerber, 5651 Old Carriage Lane, Orchard Lake, or with Evelyn Kreason, 31315 W. 13 Mile, Farmington.

The company, which is headquartered in Farmington, was recently chosen as a performing company member of the Mid-States Regional Ballet Association. It was selected along with 10 other groups on the basis of merit and performance by a three-member panel of the National Association of Regional Ballet at a festival in Kansas City, Mo. All companies joining the association are considered to be intern companies until chosen as performing company members.

UNIVERSAL STUDIOS PALM SPRINGS AND MORE!

GOLDEN WEST TOUR 279.

SATURDAY, FIRST DAY, JUNE 24, Arrival & Cocktail Party

The Golden West unfolds to you as you board your scheduled jet flight to Los Angeles, California. High above the Americas your friendly stewardess serves a delicious meal while you gaze out at the wonders below. As we approach Los Angeles we get a panoramic view of this truly magnificent city unfolding beneath us. Upon your arrival you will be met by your California escort, and will be transferred to the beautiful MARINA HOTEL. This evening you enjoy your first taste of California Hospitality at your own Champagne Cocktail Party. This evening you will also be offered an optional 'CITY TOUR AT NIGHT' which includes a leisurely stop at Los Angeles's Famous 'CHINATOWN'.

SUNDAY, SECOND DAY, JUNE 25 - Full Day at Disneyland!

The morning you will be taken to the Wonderful World of the Magic Kingdom of Disneyland. Here you will enjoy walking along Main Street U.S.A., riding the MONORAIL, GAY 90'S HORSE CARS and dozens of other rides and exhibits. Your entrance admission is included, plus rides on your choice of thrilling and delightful features in FANTASYLAND, ADVENTURELAND, TOMORROWLAND, FRONTIERLAND, etc. while we are here.

MONDAY, THIRD DAY, JUNE 26 - Calico Ghost Town/Las Vegas

Along with your escort you leave the beautiful coastlines of California as you ride through forests of weird Joshua Trees, desert cactus and sage of the Old West Ghost Town of CALICO in the foothills of Death Valley. This will be a 'fun' stop for shutterbugs and Wild West fans alike, with its reminders of GOLD RUSH days on every side, from false-front saloons to one-room school to wooden sidewalks to hitching posts for prospectors' jennys. Continuing on, we crest the surrounding mountain range to catch our first glimpse of the breathtaking view of Las Vegas with high-rise hotels, glittering signs and great golf courses strung along the Famous 'STRIP'. Our home will be the Fabulous 'ALLADIN HOTEL'.

TUESDAY, FOURTH DAY, JUNE 27 - Las Vegas at Leisure

Enjoy the 24-hour City of Las Vegas... the Entertainment Capital of the World! The action at the casinos goes round the clock, and the lounges and showrooms offer spectacular extravaganzas from Paris, London, New York and Hollywood far into the wee hours every night. 600 Performers To Be In Festival

DEARBORN

The curtain is about to go up on "Evenings at Fair Lane IV," a spring arts festival being sponsored by the University of Michigan Alumni Club of Dearborn and the Dearborn Community Arts Council.

The event is set for May 19-20 in the Fair Lane Center on the campus of the U-M Dearborn.

More than 600 performers, including 250 musicians, 150 dancers and 200 artists, actors, film-makers and creative writers, are involved in producing the shows. Behind the scenes are another 150 volunteers.

PROGRAMS WILL be held Friday and Saturday evenings at 8, and Saturday afternoon, at 1.

Each evening event will be divided into three segments with a different show in each.

TICKETS AT \$5 for adults and \$2 for students are good for the entire weekend. They may be purchased at the door.

Profits will go the U-M scholarship programs and for the cultural activities of the council.

HFCC Players Will Perform In Redford

Tennessee Williams' Pulitzer prize-winning play, "Cat on a Hot Tin Roof," will be presented by students from Henry Ford Community College May 18 - 21 in the Livonia - Redford Theater Guild playhouse, 15138 Beech - Daly, Redford Township.

Tickets will be available at the Student Center at the college or at the door. Performances are at 8:30 p.m. on weekdays and 7:30 p.m. on Sunday.

Leading roles are being portrayed by Brigid King, Jack Favere, Perry Horvath and Mary Jo Siciliano. Supporting roles are being played by John Rinn, Julie Grove, James Brammer, and Narvel Annable. Todd, Dean, Holly and Scott Montrief and Carmelle Siciliano are taking the children's roles.

Crystal Premo Has Role

DETROIT

Crystal Premo of Livonia is in the cast of the Bonstelle Theater's newest play, opening May 19, at 8:50 p.m., for three weekend performances.

The play is "Marat Sade" by German playwright Peter Weiss.

The complete performance schedule is May 19-20, 26-27 and June 2-3 at 8:30 p.m. and Sunday, June 4, at 2:30 p.m.

Tickets are on sale at the Wayne State University box office, Cass and Hancock, or at Hudson's. Door sale begins one hour before curtain.

The play is Weiss' view of the insane world of politics and revolution. He sets the action in an insane asylum in France in 1808 and has the inmates reenact, with their own disordered comments, events of the French revolution.

'Pops' Is Both Casual And Polished

DRESS WAS CASUAL for members of the Plymouth Symphony as they returned to Central Junior High School Saturday evening for the annual "pops" concert. Theme of the evening

was "Americana" and conductor Wayne Dunlap sported a red, white and blue tie for the occasion. (Photos by Ken Garner)

By BETTY MASSON
The dress was casual, but the music was highly polished Saturday night, when the Plymouth Symphony staged its annual "pops" concert in the gymnasium of Plymouth's Central Junior High School. This is the concert at which both the orchestra and the audience are out to have a lot of fun, and anything can happen, but the quality of the performance is as fine as it is in the more formal Sunday afternoon events.

IN THE anything-can-happen realm were conductor Wayne Dunlap sporting a red, white and blue tie in honor of the "Americana" theme of the affair; a first chair violinist whose face was hidden under a red and white beach hat; and one of two guest conductors doffing a blond curly wig to acknowledge the applause.

Two of the high points of the evening for me were the orchestra's presentation of a "Civil War Fantasy," and selections from George Gershwin's opera, "Porgy and Bess," sung by soprano Connie Heidt.

A very tuneful yet fairly sophisticated piece, the "Fantasy" is an arrangement by Bilik, commissioned for the symphony several years ago. It contains many songs associated with the south, including "Dixie, plus some very convincing "cannon fire."

Gershwin proved to be a most happy showcase for Mrs. Heidt's talents. Her lovely, beautifully - trained voice, was at its best in "Summertime," "Bess, You Is My Woman Now," "It Ain't Necessarily So," "Oh, Lord, I'm On My Way" and "My Man Is Gone."

The latter was an unusual and impressive arrangement by symphony member, Deal Fisher, who also arranged the music for the final sing-along.

Both Mrs. Heidt and George Marsh, the violin soloist, received enthusiastic ovations. Young Marsh gave a fine performance of Ravel's "Tzigane," with its series of gypsy melodies.

IN INTRODUCING him, Dunlap recalled that Doug

CONNIE HEIDT of Plymouth, thrilled the "Pops" concert audience with selections from Gershwin's Porgy and Bess.

Marsh, George's father, had played first cello in the Plymouth Symphony before George was born.

"When George's son comes to play solo, then I'll know it's time for me to retire," Dunlap quipped.

The guest conductors were symphony board members Tivdor Balogh (in the blond wig) and Dr. David McCubrey. They were on the podium for "Guadalcanal March" and "March of the Siamese Children." In the final march, "On the Mall," Dunlap conducted the orchestra, while Balogh and McCubrey hummed and whistled.

In a more serious vein, seven members of the orchestra performed Ravel's "Introduction and Allegro," featuring an outstanding harp performance by Merrylin Martin. Catherine Fischer and Barbara Adams played the violins; Jean Braun and Barbara Goodman, the violas; Nelson Hauenstein, the flute; and John Mohler, the clarinet.

The large audience also enjoyed the symphony's presentations of the rousing overture to "Carmen" by Bizet; a repeat of the "Sorcerer's Apprentice," by Dukas; "Pleasure Train Polka," by Strauss; and "Pumpkin-Eaters Little Fugue" by McBride.

Adelines To Sing In Detroit

The South Oakland County Suburbanette Chapter of Sweet Adelines, Inc., is now in rehearsals for its variety show, "Memories Are Made of This."

The show will be staged at 8:15 p.m., Saturday, May 20, in the Scottish Rites Cathedral, of the Masonic Temple, Detroit. Tickets, at \$3 each, will be on sale at the door.

FOUR-PART barbershop harmony will be the featured attraction, with the Cracker Jills, the 1957-78 international championship quartet as the headliner.

A Livonian, Mrs. Clint Bostick, is included in this group.

Also featured will be the 1972 regional championship chorus, the South Oakland County Suburbanettes, which consists of 80 members.

THE DIRECTOR is Mrs. James Dugan of Taylor, and its members include Mrs. Ralph Reid of Livonia, Lorry Wasielewski and Mrs. Fran Spires of Westland, Mrs. Larry Winchester, Mary Prendergast, Laurie Fryogle and Mrs. Thomas Hine of Southfield; and Mrs. Haig Arabian, Mrs. Timothy Wright, Mrs. Russell Gilbert, Mrs. Rex Hayworth, Mrs. Arthur Leonard, Mrs. Alan Little, Mrs. Donald McEachin, Mrs. William Newlin, Mrs. Herb Rickert, Mrs. Ado Rorai, Jody Billington, Jill Turley, Sue Bedore, Ruby Weidner, Mrs. Alan McPherson; and Mrs. George Rice of Redford Township. The chapter also boasts a dance line which will be performing. Mrs. Rice is leader of this group.

The Song Pipers, the 1972 regional championship quartet, and the Final Touch, the 1972 third place winners, are also on the program.

Wayne Artists Plan 3 Shows

Western Wayne County Artists, a group of amateur artists from the suburbs, have three exhibits scheduled for the next month.

The group will display paintings and small crafts at the Cherry Hill Plaza, Inkster and Cherry Hill Roads, on Saturday and Sunday, May 19-20, and the weekend of June 2-3, and at the Topps Discount Store, Ford Road at Wildwood, in Westland, on the June 9-10 weekend.

Stamp Club

"Cats on Stamps," a slide show, on the affinity of philately and felines, will be featured at a meeting of the West Suburban Stamp Club Thursday, May 18.

The meeting will be held at 7:30 p.m., in the Plymouth Community Credit Union, 500 S. Harvey.

THE DANCE LINE for "Memories Are Made of This" includes (from left) Mary Winchester of Southfield, Marion Rice of Redford Township and Jodi Billington of Farmington. "Memories" will be presented by the Sweet Adelines Saturday, May 20, in Detroit.

County Fair At Village

The annual county fair of yesteryear will come alive at Greenfield Village on May 18-20.

Everything that made the traditional county fair a much - anticipated and well - remembered event will be recreated at the village. Each day will begin with a "Cavalcade of Transportation" at 10:30 a.m., complete with antique bicycles and automobiles, horse - drawn vehicles and bands.

Games and races for children of all ages will be featured and an exhibition tent will display needlework, baking, hobbies and graphic arts.

Displays and demonstrations of early gasoline and steam engines in the village's industrial area will fill the air with the clatter and clank of ancient machinery performing such chores as sawing logs, husking corn and pumping water.

The fair will also feature concerts by high school bands and old - time entertainment including the Maypole Dance.

Madonna To Honor Felicians At 25th Dinner

Timothy Healy, former executive vice-president of Fordham University and currently the vice chancellor for academic affairs at City University of New York will be the main speaker at the jubilee banquet that will conclude the silver anniversary of Madonna College on Saturday evening, May 20 in the College Student Center.

An outstanding speaker, he is the holder of many degrees and will furnish the oratorical highlight of the celebration.

As one of the other features of the evening

Sister Mary Danatha, president of Madonna, will present the 25th anniversary award, initiated this year, to the Felician Sisters of Livonia.

They will be recognized for their devotion to the welfare of the college which is evidenced by their contribution of services equal to an annual endowment of \$66.5 million.

Mother Mary Columbine, CSSF Provincial Superior, will accept the award for the Felician community.

The three past presidents who have served

during the quarter century also will be honored. Receiving these citations will be the late Sister Mary Paula, president-dean (1947-1954) posthumously; Sister Mary Assumpta, president (1954-1960); and Sister Mary Raynelda, president (1960-1965).

Formal greetings also will be extended to the college by various groups that have been close to the school in the 25-year span of its existence. Proceeds from the banquet will be used to establish an Anniversary Endowment Fund at Madonna College.

4 Presidents Guide College For 25 Years

LIVONIA

From an humble beginning in the west wing of the Felician Sisters Motherhouse in 1947, Madonna College has had a most interesting history to gain ranking as one of the educational jewels of the entire Felician Order.

Over the past quarter century it has served the entire community well while graduating 1,146 women whose contributions to their families, communities, professions and country are difficult to estimate in any statistical form.

During its existence Madonna has been served by four presidents, each of whom played an important role in the building of the institution.

SISTER MARY PAULA, the first president, now deceased, held the dual titles of president and academic dean. Serving from 1947 to 1954 her tenure is classified as the growing years.

Highlighting her term was the accreditation by the Michigan Commission on College Accreditation in 1951, the construction of the first student residence that same year and the organizing of the Madonna College Alumnae Association.

In 1952 she opened the Psycho-Educational Center, which in its past 20 years has provided more than 1,300 elementary and secondary students with diagnostic and remedial reading services.

Before the end of her term in 1954 the College was granted approval of its teacher education program by the Michigan Department of Instruction. Teacher preparation was a strong area at the college from its founding, but emphasis on liberal arts has never lessened.

SISTER MARY Assumpta, the second president, served from 1954 to 1960, and her years are looked upon as the expansion period.

Under her guidance student activities were expanded and the services and cultural programs available to both

SISTER M. PAULA

SISTER M. ASSUMPTA

SISTER M. RAYNELDA

SISTER M. DANATHA

students and the public were put into high gear.

During Sister Assumpta's term, a separate office of academic dean was established with Sister Mary Raynelda occupying the position.

The first real "red letter" day came during Sister Assumpta's term. It was April 24, 1959 when the College was notified of its regional accreditation by the North Central Association.

Spurred on by this she initiated a fund-raising drive to realize Sister Paula's dream - construction of new college buildings.

SISTER MARY Raynelda took over the presidency in 1960 with her goal the construction of the new college buildings.

She started by organizing a Parents' Club and in 1961 launched a broad capital fund-raising campaign for construction.

The second "red letter" day

operation of the Academic Dean, Sister Mary Lauriana, the college reached out to share its wisdom with others and to benefit by their wisdom in return.

It was this exchange of wisdom that helped steer the college in the main stream of higher education.

New programs were added to the curriculum - volunteer probation officer training, social welfare, special services for the disadvantaged, gerontology, religious education and physical education.

The finances were bolstered by federal and AICUM grants obtained for faculty and curriculum development along with the construction of the new Activities Building and student financial aids.

SISTER DANATHA'S term has been highlighted by several accreditations - North Central accreditation for another 10 years; Home Economics and Family Life approval for vocational certification by the Michigan State Board of Education; accreditation of the nursing program by the National League of Nursing and this year the school also has been visited for accreditation by the National Council for Accreditation of Teacher Education.

The current enrollment of 727 students (448 full-time equivalent) presents an interesting variety of college age youth and adults, residents and commuters, full time and part time students.

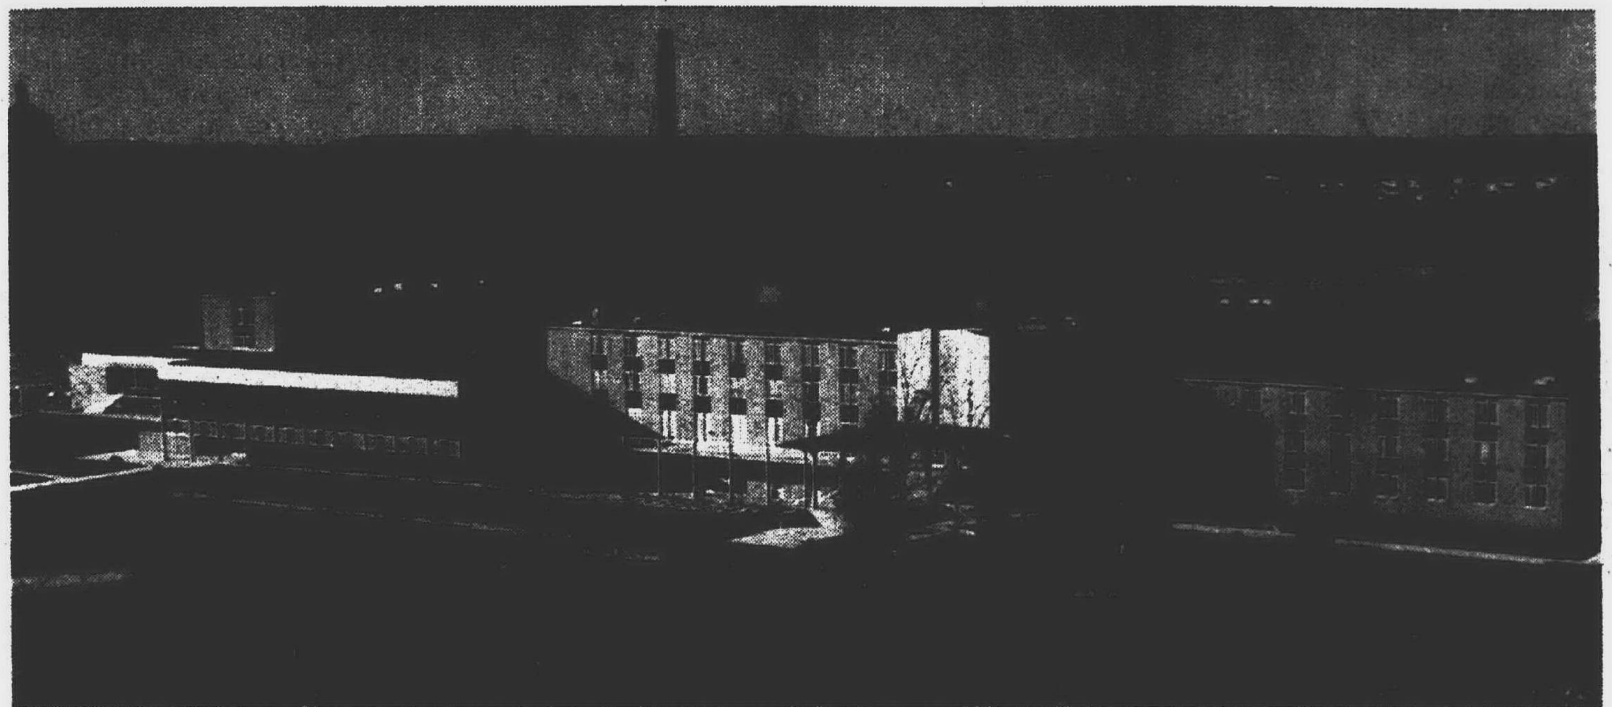

Ninety-five per cent of the students come from Michigan. The remainder are from out state or abroad (Japan, Korea, Nigeria, Brazil). American minority groups are represented by the Blacks, the Spanish speaking and the American Indian. And most of the students come from middle class families.

Since 1966, 15 members of the Alumnae have been listed among the "Outstanding Women of America" and many others have attained graduate degrees and responsible positions.

UNDER HER leadership, however, with the co-

a student center with a cafeteria, lounges (center of picture) and a faculty residence (at left of building).

NEW BUILDINGS added since 1965 consist of the academic building (shown here) and the activities building, located at right of academic structure, which was opened to use in January of this year. (Pictures courtesy Madonna College).

Prizes Offered For Fish Derby

A two-man inflatable canoe will be the grand prize for the largest fish caught in the 10th annual Tom Sawyer-Becky Thatcher fishing derby June 3 on the shores of Newburgh Lake.

The canoe will be donated by the Western Wayne Conservation Assn., a sponsor of the youngsters' fishing contest along with the parks and recreation departments of the cities of Garden City, Livonia, Plymouth and Westland and Redford Township.

HERE ARE some of the other prizes:

Largest bass, a unicycle; largest bluegill, two-man inflatable raft; largest sunfish, junior-size inflatable raft; largest bullhead or catfish, back pack.

Largest trout, tackle box and lures; largest northern pike, gasoline lantern; largest pumpkinseed sunfish, ice chest; largest calico bass, rod, reel and set of lures;

largest carp, rod, reel and set of lures; largest goldfish, rod, reel and set of lures.

To those who raise an eyebrow at the number of species listed above, it should be pointed out that the Dept. of Natural Resources has tested all those species within the last year.

Mike Davis of Livonia recently reported seeing a 21-inch pike hooked by another boy on Newburgh Lake.

THE CONTEST is open to boys and girls in two age groups - 6 to 11, and 12 to 16. There will be two relays - 8 to 10:30 a.m. and 11 a.m. to 1:30 p.m. You may enter either or both.

To register in advance, and thus get more fishing time on June 3, send a postcard with your name, age, address and telephone number to: Hank Chruscial, 19345 Brentwood, Livonia, 48152.

Otherwise, you may register the day of the contest.

Oakland Needs Plan On Disposal

Lawrence Pernick, chairman of the Oakland County Board of Commissioners, has asked the Public Works Committee to select a department to develop a solid waste disposal plan for the county.

"The problem of solid waste disposal can no longer be simply talked about," says Pernick (D - Southfield). "We must take immediate action to implement a solution in a deliberate and planned manner."

A recently revised state law requires the adoption of such a plan by July 1, 1973.

Rather than give the assignment to a new county department established for the task, Pernick has requested the Public Works Committee to make its recommendation to the full board by June 1.

Madonna To Offer Theology Courses

Three two-week summer Institutes in Theology will be offered at Madonna College, 36600 Schoolcraft, Livonia, featuring a variety of speakers and topics. Classes will run Monday through Friday, 1-4 p.m.

Courses may be taken for two undergraduate credits or for audit. A certificate will be issued to participants of each Institute.

The first Institute covers Contemporary Spirituality, (June 26 - July 7). Lectures will be given by experts in the respective fields. Some topics that will be covered are: Scripture in Christianity, the Psychology of Religious Life, and Public Worship in Christian Life.

The Institute will conclude Friday, July 7, at 7:30 p.m. with a talk on "Today's Catholics" by Fr. Eugene C.

Kennedy, MM, a noted priest-psychologist. This session will be open to the public. Admission is \$1.

INSTITUTE II is entitled Basic Concepts of Christian Morality (July 10 - 21). The Instructor will be Fr. Anthony R. Kosnik STD, JCB, Associate Professor of Moral Theology and Dean of Theology at SS. Cyril and Methodius Seminary in Orchard Lake.

The third Institute, The Church in the World, (July 24 - August 4) will be conducted by individual speakers from the Detroit Archdiocese and representatives of other churches.

More information can be obtained by calling the Religious Education Director or Registrar at Madonna College.

Arlen Is 3rd Term President

Richard Arlen, accounting instructor, was elected to his third term as president of the Schoolcraft College Faculty Forum, the bargaining unit of the college's faculty.

Also elected were Richard Tomalty, counselor, who will serve as vice president; Roger Anderson, biology instructor, secretary; and Sandra Florek, counselor, treasurer.

The Forum, which is affiliated with the Michigan Education Assn., has represented the more than 160 faculty members since 1966.

Date Changed

The June 1 meeting date for the Clarenceville Board of Education has been changed to Thursday, June 8, at 7:30 p.m. in the Board of Education office.

"Hi, Mom. Can you talk for a minute?"

On a day when she has hours... you interrupted nothing while your thoughtfulness told her everything... simply with a long distance call.

Now anyone can lower the cost of loving simply by dialing direct on long distance calls within Michigan instead of going through the operator. You save 40% by dialing direct weekdays after 5 p.m. and weekends from 5 p.m. Friday till 5 p.m. Sunday. Dial direct any other time - save 20%.

And if you talk long distance within Michigan for just one minute you pay for one minute, not three.

Know someone in another town who would smile at the sound of your voice? Don't hesitate to call... often.

You can lower the cost of loving by 40%

Discounts also apply to station-to-station calls in areas where direct dialing is not yet available.

The LWV: Hens Hunting For Eggs

EDITOR:

The League of Women Voters from the Farmington, Livonia, and Plymouth areas have all our problems solved for us. They remind me of a group of hens looking under other nests wondering why some have more brown eggs than white.

This league would have us bus our children into the inner city, a most ridiculous plan any intelligent person will recognize. What type of hypocrisy is it that these ladies practice when they move from the unhealthy climate of the inner city, and move to an all white community, place their children in all white school, and then proceed to moralize on the issue?

Here are some real facts the ladies will no doubt cluck and cackle about. There is no place in the U.S. Constitution, the amendments, or the Bill of Rights that spell out how our children are to be educated.

There is no such thing as "free" education, and "equal" standards is an impossible goal. You and I are paying for better education. Parochial and private schools are available for those who wish the best. But you must pay for the "privileges" described in the Bill of Rights article.

I chose this community because of the quality schools and the wonderful feeling of reasonably safe streets, where my wife and children could go outside in the fresh air (in the daytime even), without having them assaulted or otherwise abused.

I've lived in black neighborhoods and those that were "changing." I've been beaten and robbed several times, and my own mother was nearly killed while returning from the stores. You want my children to return to this jungle? No way. I will move on if I cannot choose the schools in my own neighborhood, or I will place them in private schools if possible.

One of the ladies points out "racism" among teachers, as one of the barriers to their plans. Can you blame the teachers? Who wants to take a chance on being brutalized because of some young punk with little or no home discipline? And you want my child to stay over night in the

inner city in case the buses cannot operate?

Cat Damage Is Terrific

EDITOR:

I agree cats should be licensed and on a leash. My poodle dog is on a leash at all times when on public property and also licensed.

The damage cats do in our area is terrific. Rubbish day they tear open the plastic rubbish bags, causing messes. They are very dirty and destructive to our shrubs.

Dogs and cats that are allowed to roam are all destructive to other people's property. This is not their fault. It's the fault of the people who own them, and if they cared for their pets, they wouldn't allow them to roam.

Coverage Superlative

EDITOR:

Congratulations to the Garden City Observer on winning the Michigan Education Associations "school bell award."

The coverage of Garden City schools and education news has indeed been superlative for as long as I can remember. The reporting job done by Leonard Poger and Eddie Edgar has been simply outstanding.

It should be pointed out to your subscribers that only 11 weekly newspapers out of several hundred in the state received the MEA award this year.

You should also be proud of the fact that the Observer is one of the few newspapers in Livonia which is a multiple winner of that award in recent years.

'Our Children Are Ours'

EDITOR:

Stand up and fight for your children. Thousands of you find time to attend political rallies, sports events, etc. Why in God's name can you not find the time to attend meetings that will affect the future of your own children? Our children are ours. How much closer to home can they hit?

Do not be misled, this is not a racial issue; it is a government control issue. If we allow the government to relieve us of our parental

rights we also will be allowing the government to relieve us of our children.

Are we so wrapped up in our comfortable little boob tube, bottle of beer world, that we can't see what's behind all this "fussin about bussin." It is not the issue of white, black, red and oriental children being integrated, it is the fact that we are being dictated to.

I for one want my country back. I love this old U.S.A. and I want to see it as I was brought up to believe it was. I want to feel pride, patriotism, and loyalty like I did as a child. I want to see the "old American spirit."

I want to see equal rights for all men. I want to see people judged for what they are and not for the color of their skin. I want to see love, not hate. I want to see people saluting our flag and singing proudly and loudly our National Anthem. I want to see the old fashioned virtues - honesty, integrity, and loyalty.

I know I must beat them at the polls. Come on, you Yankee Doodle Dandies, let's see that good old American spirit. Wake Up! Send for voting records, congressional records, Senate and House bills. Find out what some of them have up their sleeves.

Who? Us? A Candidate?

EDITOR:

Tim Richard's pronouncement that an 18-year-old Human Rights Party candidate is running for the Livonia Board of Education was most interesting.

He obviously has information that the Human Rights Party in Livonia does not have. We know of no candidate in the school board election that is running on the Human Rights Party platform. Please advise.

Coed Dislikes Riding Bus

EDITOR:

There have been a lot of issues on busing (to create integration in schools) with varied opinions from a multitude of people. How many of these people have been students? Because it's the students who will be bused, not the people who graduated years and years ago.

I am a high school student, and I would like to express my opinion on busing. For one thing, I ride a bus to school now, and I don't really like it, so why would I want to ride a bus for a longer period of time to a school out of my district?

Busing violates the rights of people! We moved to Livonia eight years ago because the schools are so convenient. The cost of busing would be extremely high, and it would be much wiser to spend money improving the education in the schools.

A Candidate For 'Oscar'

EDITOR:

Academy awards were given to our movie greats last month but I have an "oscar" for a person who's a friend who's great in doing everyday things for people.

This is Cranford Tucker of suburbia U.S.A. who has spent many long hours in volunteering his time and talent in entertaining the physically handicapped and many others in guitar playing and singing and countless other ways.

Recognition should be given to what we call in our society the "average guy," like Cranford Tucker who's one of our greats. He has my vote and deep appreciation for

Boys Showed Compassion

EDITOR:

Wednesday, May 10, is a day that won't ever be forgotten. There was a scene that touched my heart.

My husband, children and I were driving down Middle Belt about 1 p.m. and we stopped for a red light at Maplewood. When the light turned green we saw a car load of teenage boys on Maplewood east of Middle Belt jump out of their car through the windows. I thought, "Oh My God, something's going to happen."

But they were hurrying to aid an old man who was lying lifeless on top of his bike.

They were the first to spot this man. I had goose-bumps all over me and I started crying. I've never seen such a heart warming scene in quite a long time.

These beautiful boys would receive the biggest medal for compassion of another human

Cadillac '72

It's a great time to buy the great car.

If you've ever considered owning a Cadillac, or even if you haven't, there are some especially good reasons for considering it right now.

For one, consider what Cadillac can mean to your vacation plans. It affords a degree of comfort, spaciousness and elegance that can help turn long, tedious trips into truly pleasurable ones.

Consider, too, the variety of Cadillac models currently offered. From the beautiful Coupe deVille shown above to the elegant Eldorado Coupe and Convertible, there are nine great cars. And right now, your authorized Cadillac dealer can probably supply just the model you want just the way you want it.

Perhaps the most decisive reason, though,

for buying a Cadillac now is the most practical one—the move to Cadillac ownership is especially easy at this time. Because of this, and because Cadillac's resale value is traditionally the highest in the land, buying a Cadillac now is an especially attractive investment.

So visit your authorized dealer soon. It's a great time for it.

New Congressional Map Spells Increased Power For Suburbs

By Philip H. Power
Publisher

A long time ago, everybody said that the ultimate winners from the one-man one-vote Supreme Court decision would be the suburbs. With the biggest population gains of any sector of the country, periodic reapportionment of congressional and legislative districts to take into account population shifts was bound to increase net representation for the suburbs.

The truth of this argument was conclusively demonstrated right here in this area last week, when Federal Judge Damon Keith finally stepped in and imposed his own plan for congressional re-districting in Michigan.

Up to that point, the state legislature tried for weeks and weeks to get a plan passed. At one point, it looked as though the House had finally passed a plan proposed by the Senate, but then some Senators wound up on the Detroit Chamber of Commerce's annual lobbying cruise and there weren't enough votes to confirm the decision.

So Judge Keith finally ruled, and it looks as though his ruling will stick. (For exact details of the new congressional districting, see our special area-wide wrapup elsewhere in this paper.)

MOST OF THE major changes in districting affect directly this area.

The Nineteenth District, currently represented by Rep. Jack McDonald (R-Farmington), is most severely changed, losing Redford Township and all of Farmington to the new Seventeenth District, Livonia to the new Second District, and picking up the east quarter of Livingston County to go with Pontiac.

The district will probably be a Republican stronghold, despite heavy Democratic votes in Pontiac, and it likely will be the focus of one of the most interesting primary battles seen in these parts for many a year.

Incumbent Rep. McDonald says he will move his residence from Farmington to Waterford Township, from which bastion he will face a probable challenge from the current Eighteenth District incumbent Rep. William Broomfield (R-Royal Oak), whose district has been remapped into a probable Democratic area.

"You can almost predict there is going to be a confrontation between two incumbents," remarked Broomfield when told of McDonald's decision to move.

THE NEW SECOND district will include a large chunk of suburban voters, adding Plymouth, Plymouth Township and Livonia to Ann Arbor, Ypsilanti and Monroe County.

Incumbent Rep. Marvin Esch (R-Ann Arbor) is a moderate Republican who is popular even in ultra-liberal Ann Arbor, but Esch is little known in Livonia and Plymouth and will be forced to take much comfort from the fact that the mathematics of the district look marginally to favor the GOP.

Pawing the dust in the wings is current State Rep. Marvin Stempien (D-Livonia), who has been talking with politicians in Ann Arbor ever since it looked as though Livonia might become part of the district four months ago. Livonia's Mayor Edward McNamara is also known to be checking with his troops to see what his chances might be in a primary fight with Stempien.

Regardless of who wins that one (and if McNamara goes against Stempien it just might be someone from Ann Arbor,

which is about as large as Livonia and votes more), the final election will be tough. The suburban part of the district is strongly against busing, and Ann Arbor liberals are for it.

ANOTHER MUCH changed district is the new Seventeenth, which takes in Farmington, Farmington Township and Southfield, together with Redford Township.

Incumbent Rep. Martha Griffiths (D-Detroit) is a virtually ageless congresswoman who used to represent Redford Township in the old days. She was reportedly against changing her district, on the sensible grounds that she was virtually unbeatable in her old stamping rounds. However, Southfield and Redford Township have enough Democratic potential to add to Mrs. Griffiths' proven vote-getting ability to make this one pretty much of a sure thing for the Democrats.

Much the same message applies to the 15th District, including Westland and Garden City. The district is currently represented by Rep. William

Ford (D-Taylor), who has piled up sizable majorities every time in this solidly Democratic area. There are some reports, however, that State Senator William Faust is thinking of making a primary challenge against the redoubtable Ford.

SO-WHAT DOES it all add up to?

Increased representation for us in the suburbs, regardless of party. The previously outstate Second District is now partly suburban; the previously Detroit-based Seventeenth district is now entirely suburban. In net effect, a new suburban district has been carved right in this area.

Probable elimination of at least one incumbent. If McDonald goes against Broomfield, someone's got to win, and that means the probable end of a political career for the other.

A lot of politicians scrambling around, very fast, to line up allies and mend fences.

It should be an interesting spring.

OUT OF THE ASHES—MORE REPRESENTATION!

Busing Amendment Has Its Faults

There is a proposed amendment to the state constitution which its supporters describe as an anti-busing amendment. It's more than that.

It's downright dangerous because of loose writing and editing by its authors.

IF THE proposal is put on the Nov. 7 election ballot through a current petition campaign, it would do more harm to the public schools than many people realize.

The amendment in the petition drive by various anti-busing groups and state legislators says simply:

"A student shall not be assigned to, transported to, nor compelled to attend any particular public school on account of race, religion, color, national origin or any other purpose without the prior approval of the parent or guardian."

The key to the amendment's weakness is the section concerning the ban on assignment and attendance and the dangerous phrase "or any other purpose."

This goes well beyond the ban on cross-district busing (or even busing within a single district) that busing foes want.

WE DON'T argue at this point with the merit or lack of merit of the busing issue as such but only with the weakness of the wording of the proposed amendment.

If the amendment is eventually approved by voters—who are in the mood to approve anything that looks like an anti-busing move—it could result in substantial harm to school systems.

For example, if a student who lives next door to a school where he doesn't like the teachers, curriculum, prin-

cipal, or the cafeteria offerings, he could demand to be switched to another school in the district, regardless of local attendance boundaries.

Under the amendment, he could achieve that right because the amendment makes it clear that the student can't be "assigned, transported to, nor compelled to attend any particular public school (for race) or any other purpose" without prior written approval of the parent or guardian.

IF A high school athlete wants to switch from a local school to another school where the teams and coaches are stronger and his chances for a college athletic scholarship are better, he could then use the proposed amendment to refuse to attend the school he would normally be assigned to.

Under the amendment, he couldn't be forced to attend the school he would have usually attended without parent's consent.

The threat of cross-district busing also has a double-edge in the proposed amendment.

If a student and his parents wanted the youngster to attend a school in a neighboring school district where the statewide test scores are much higher, then he would refuse to attend the school in his own neighborhood.

The amendment goes beyond the normal passions of the busing movement.

IT GOES beyond the intent of many well-intentioned persons who are opposed to busing for racial integration but who may be in favor of busing for other educational reasons.

The proposed amendment is dangerous to public schools and persons should refuse to sign the petitions now in circulation.

Felician Sisters Deserve Praise For Job Well Done

This has to be one of the biggest weeks in the long history of the proud Sisters of the Felician Order who operate Madonna College, Ladywood High and St. Mary Hospital in Livonia.

The Sisters will celebrate the 25th anniversary of the founding of the college Saturday night in the silver jubilee dinner at which the astounding feats of the period from 1947 to 1972 will be told and retold.

In the first place, few persons, if any, can remember why the Felician Sisters happened to purchase the land which is bordered by Levan, Schoolcraft, Newburgh and Five Mile Roads, back in the mid-30s.

Probably the big reason was that the price was right, a very low cost, since it will be recalled it came during the heart of the big depression. Other reasons were: the Sisters were looking into the future and decided the farm land of then Livonia Township might become an excellent spot for

expansion...if and when the time came.

THE TIME arrived much quicker than many thought.

That all started prior to 1947 but Madonna College opened its doors to students in 1947 and the first class was graduated a few years later. The college was an outgrowth of Presentation Junior College which began operations in 1937.

For years, until 1965, the college occupied a portion of the motherhouse building. Classroom and offices were located on the first and ground floors.

Then came the growth that has brought a residence hall, academic building which includes the administration wing and this year an activities building. This all took place between the years of 1963 and 1972.

During that period, the enrollment increased from 197 to 727 during the past college year. The list included 49 religious and 678 lay students.

FOR MANY years those driving past the college and motherhouse, which sit far

back from Schoolcraft Road behind a huge grove of trees, thought Madonna was a cloistered order.

They didn't realize that they were looking at a four-year liberal arts college for women...one that was making a satisfactory growth and gradually becoming a major leader in the culture of the various communities.

No longer does one have that thought. Now a person driving past sees a complex of ultra-modern college buildings. He or she knows they are viewing the campus of a liberal arts college, one that has dormitory facilities, a huge cafeteria, a large academic building and an activities structure that has a large gym...all of the things that are necessary to make it attractive to students who come from all over the world.

Thus on the eve of the silver anniversary celebration, we doff our hats to the Sisters of the Felician Order who have done a remarkable job for the past 25 years and are looking forward to the next 25 with even more enthusiasm.

C'ville Board Just Protecting Itself

By MARIE MCGEE

Even if they could, Clarenceville Board of Education members probably wouldn't change the name of Clarenceville Junior High School to honor former principal Arthur G. Mann—for a reason much different than the obvious one that surfaced at a recent board meeting.

The board has denied the petition of the junior high staff for the name change on the grounds that a transfer of jobs within the district doesn't call for a memorial despite the length and quality of service to the school district.

For truly, Art Mann has contributed both.

The not-so-obvious reason has to do with history—and the rather unique niche Clarenceville holds in being a school district supported by three different communities.

What the board had to keep in mind was that if the State Board of Education does away with school boundaries, there won't be anymore Clarenceville.

For a school district that's been fighting an identity problem for years, the board figures it better hang onto anything and everything that has the name Clarenceville on it.

Observers Win 4 National Awards

Best in the nation.
That was the opinion of the judges as Observer Newspapers, publishers of your hometown newspaper, walked away with four awards - more than any other entrant - at the first annual meeting of Suburban Newspapers of America.

Observer Newspapers, competing against the best suburban newspapers in the country, won awards in:

• Classified Advertising Section, First Place;

- Display Advertising Sales Promotion, First Place;
- Best Classified Advertising Sales Promotion, Honorable Mention;
- Best Publication Promotion - In Paper, Honorable Mention.

The awards were announced last week in St. Louis, where the newly formed Suburban Newspapers of America convention was held. SNA is a journalism association devoted exclusively to

suburban newspapers, with a nationwide membership of over 100 newspapers.

OBSERVER PUBLISHER
Philip H. Power, who accepted the awards at a luncheon ceremony, remarked:

"These awards are an important symbol of excellence in journalism. We were judged against the finest suburban newspapers throughout the country in terms of

advertising and promotion. To have won more awards than any other entrant is not only a great compliment to our staff but also an indication to our customers and readers of our constant search for quality in all areas of our newspapers.

"Our advertising gets our customers results. Our promotional program has been a proven success.

"It's just one more indication that our commitment to excellence is paying off," Power concluded.

State Police Arrange Emergency Radio Calls

Emergency messages for Michigan travelers or those vacationing in wilderness areas generally hard to reach can be relayed through a cooperative system arranged by the State Police and the state's radio broadcasters.

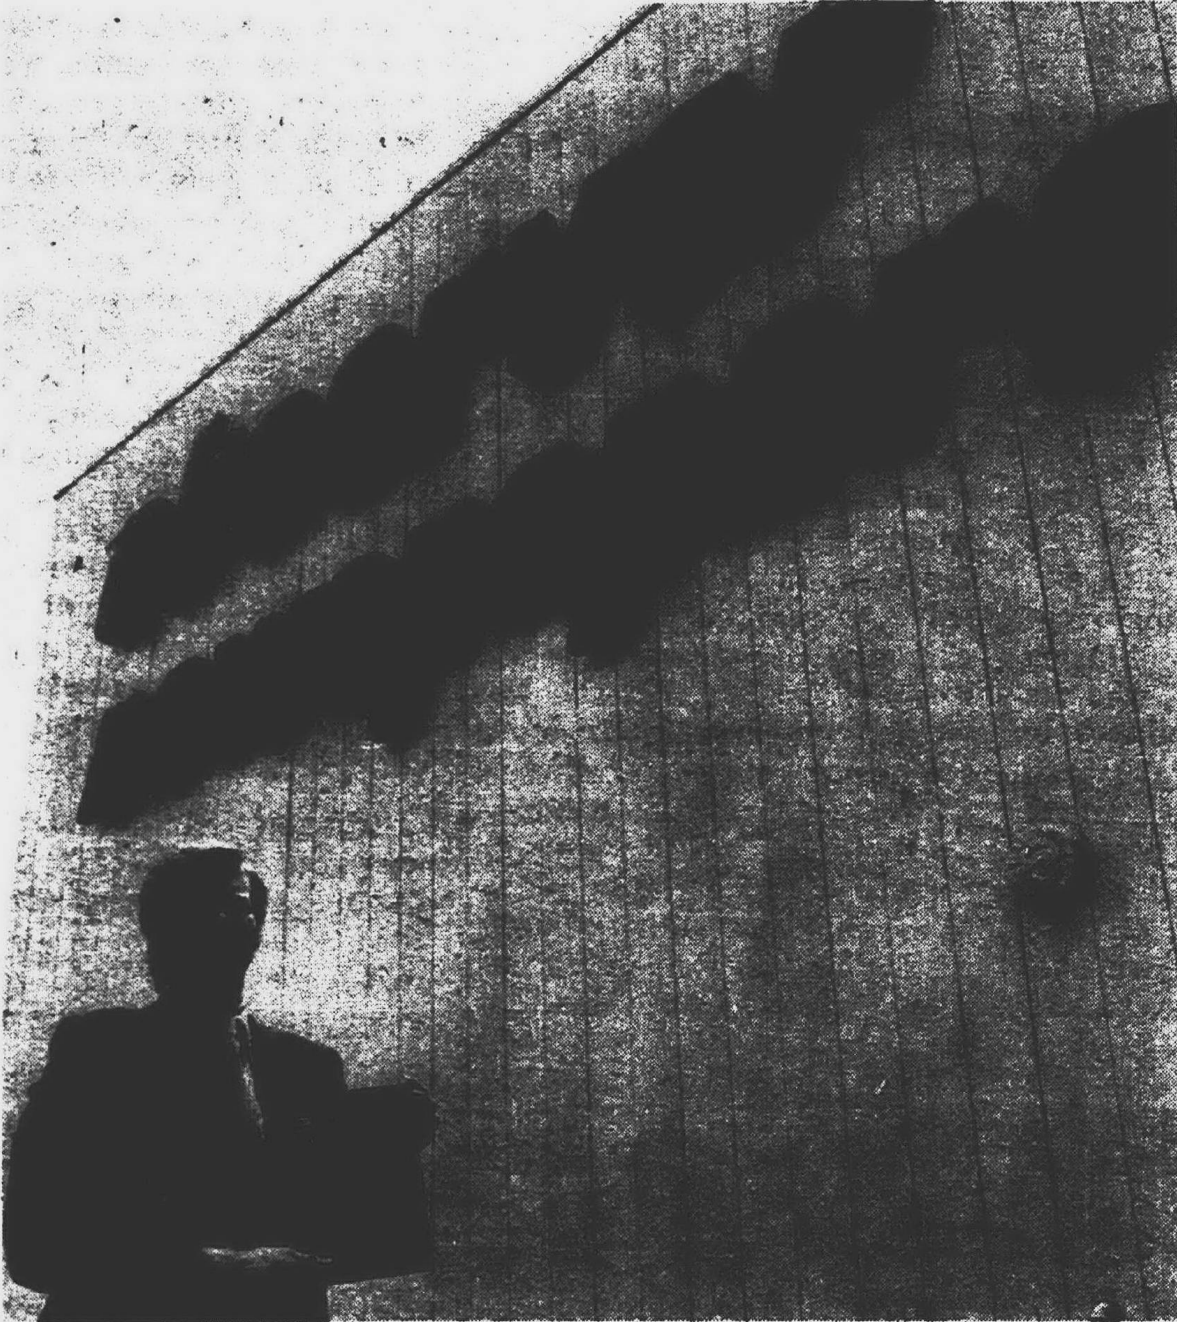

These emergency alerts will be broadcast between the hours of 12 noon and 1 p.m. If there is an emergency at

home, the affected person will be told to call the nearest State Police Post for the contents of the message. A special tone signal may precede the emergency broadcast.

THE EXACT time of the broadcasts cannot be simultaneous throughout the state because of the program requirements of each station,

but it will be sometime during the noon hour.

The plan embodies a fanout of messages to other stations within the area where it is believed the person may be. Each post will have one or more local stations to call. These stations will relay this information to other stations which will inform additional stations to cover the area.

WE'RE NO. 1 in two divisions of the national contest conducted by the Suburban Newspapers of America. Holding plaques symbolic of the awards is Observer Publisher Philip H. Power. Observer Newspapers won first place in two advertising categories and took two honorable mention awards in two others. It was the best showing of any entrant in the competition which included newspapers from coast to coast. (Observer photo by Bob Woodring)

County Lawmakers Hit Road Commission Bldg.

By W.W. EDGAR

When the Wayne County Road Commission, of its own volition, purchased the North American Rockwell Building in downtown Detroit to set up its own headquarters, it stirred up an old controversy in many quarters—especially the County Board of Supervisors—to bring about county reform.

Foremost among those who see the move as one that shows the weakness in the present system are the three commissioners from Ob-

serverland—Richard Manning (D-Redford), James McCartney (D-Westland) and John J. McCann (D-Livonia).

"I AM A FIRM believer that county responsibility should be in one place," Commissioner McCann stated, "and that includes roads and the Metro Airport that is operated by the Road Commission."

"Under the present set-up, the Road Commission has more 'clout' in the State Legislature than we have as a Board of Commissioners. That's not right. And it's

difficult to try to control the Road Commission because it is financed, for the most part, by marked funds."

Commissioner McCartney was vehement in his criticism of the Road Commission's purchase of the building.

"I have been for county reform and reorganization for a long time," he said, "and this move now only helps to bring the matter to a head."

He pointed out that plans are now taking shape for a large annex to the present City-County Building that could take care of the Road Commission's needs without

purchasing a new building.

"AT THE PRESENT time," Commissioner McCartney continued, "they are planning only three floors of office space in the 10-story addition. It could just as well be as tall as the present building and provide the space for all county agencies."

McCartney stated there was need for reorganization in many areas—not only in the Road Commission.

"The purchase of the building has only helped to bring the need into focus again," he said.

He pointed to the recommendations of the Citizens Research Council made some time ago and stated that he was in favor of the CRC's ideas.

"We have made some headway in the past year and a half," he continued, "and the idea of home rule will be on the ballot this fall. But we need help from the State Legislature to bring about all we need."

"PURCHASE of the building came as a surprise to me," Commissioner Manning revealed. "And I think the purchase is a mistake at this time—when we are planning an annex to the present City-County Building."

"Of course," he said, "the needed reorganization must be approved by the electorate, and voters will get a chance this fall to bring it about."

"In the meantime, Sen. Carl Pursell (R-Plymouth) has offered a bill in the Senate to provide for a reform including the establishment of an administrative head."

"No doubt, this bill will have many amendments, but it's

there and that will help to bring about the badly needed reorganization."

ROBERT FITZPATRICK, chairman of the County Commissioners, called the Road Commission's actions in purchasing the building

"piecemeal and inefficient." "Not only is there a question of money," he said, "there also is the matter of efficiency and coordination involved. 'The average taxpayer shouldn't be required to roam all over the county to get a problem solved.'"

Smoking Clinic Is Offered

A smoking withdrawal clinic will be conducted by Dr. Arthur Weaver, associate professor of surgery at Wayne State School of Medicine, June 4 to 8 between 7:30 and 9 p.m. in the Farmington High School auditorium, 3200 Shiawassee. The clinic is offered at no charge as a public service. Donations to cover the cost of materials are appreciated.

Dr. Weaver, who is also the chief of surgery at Veterans Administration Hospital in

Allen Park, is known throughout Michigan for his clinics.

He was awarded the Michigan Cancer Foundation's "man of the year" award in 1970 for his effort in combating cancer by helping people stop smoking.

Several guest experts are scheduled to speak about the medical and psychological aspects of breaking the smoking habit. Dr. Weaver believes that every aspect of

living is involved in the smoking habit and it is necessary to attack the problem for the psychological as well as physiological point of view.

The format for Dr. Weaver's program was developed by the Seventh Day Adventist Church and is considered highly effective. Dr. Weaver estimates he has helped more than 20,000 people quit smoking.

Medicare Charge Complaints Rise

A clerical error in doctors' billing procedures may be costing Medicare beneficiaries additional fees, reports Sam F. Test, manager of the Detroit-Northwest Social Security Office located at 17900 Lahser.

There has been a recent increase in the number of complaints from elderly citizens that doctors are billing for more than the allowed Medicare charges for medical services. These complaints are valid when the physician has accepted "assignment" under Medicare.

BILLING BY assignment is one of the two basic ways of submitting medical bills to Medicare and provides that the Medicare payments go directly to the physician.

The other method requires the patient to submit his own Medicare claims based on an itemized bill which describes the services rendered.

"With this method, the patient is responsible for the physicians' full fee," stated

Test, "but by accepting assignment, the doctor agrees to accept as full payment the amount the carrier (Social

Security's paying agency) allows for the services performed."

Sometimes the carrier

reduces the amount of the doctor's actual charge to conform with Medicare payment principles.

Girl Scouts Meet New Challenge

IN TRAINING to be special aides for summer special education classes in Farmington are Girl Scouts Nancy Evangelista, left, and Janice Madge, right. Nancy, a member of Cadette

troop 701, and Janice, a Senior Scout in Troop 1047, are working with Anna Marie and Chris, both Farmington special education students. (Evert photo)

For cadette girl scouts in Farmington, community service is taking on a new dimension this spring and summer.

These junior high girls - between 30 and 40 of them - are taking over as special aides in the six-week summer school program offered to the handicapped and retarded by the Farmington Schools department of special education.

THEY'VE SPENT four Saturday mornings in training for the work, so when summer school opens June 27 they will

be on hand to assist the teachers and regular aides with the group of about 100 youngsters registered.

In the past, college students and future teachers have helped in the program.

A budget cut posed some problems this year, so Mrs. Herbert Pille, girl scout area association chairman in Farmington, suggested that cadettes could do the job.

Eighth and ninth grade volunteers from nine cadette troops, as well as a few girls from Senior Troop 1047, began the training April 15.

They took out one weekend to go camping and finished it up May 13.

During the training sessions, several professionals in the special education field worked with the girls.

FRED PARKER, director of special education in Farmington outlined the duties and responsibilities of aides and told the girls how to deal with the children.

Mrs. Helen Moore, physical therapist, gave them some suggestions for helping the physically - handicapped

youngsters, especially those who come to school in wheelchairs.

Mrs. Lawrence Sharpe, speech pathologist, showed them how to make some of the elementary sounds they will be using in helping with the pre-schoolers who will be coming for speech therapy.

Mrs. Judy Stanley, who has been leading a girl scout troop for the special education classes at Beechview school, showed them some games they could play with the children and gave them an idea of what they can expect from the children.

The summer school session will run four days a week, and the girls probably will be on duty one day a week each.

THEY WILL EARN a special cadette patch - maybe decorated with a turtle, Mrs. Stanley suggested.

They'll also earn the thanks of the Farmington School District and some specialized knowledge that will long be valuable.

"It's a meaningful service, the kind girl scouts are looking for these days," Mrs. Stanley

said. "And it's good for them to know these special children."

For the school children too, the experience should be valuable, believes Mrs. Nancy Viles, special education teacher.

"They'll have a chance for new contacts, and there will be that many more young people who will have a better understanding of their problems," she said.

The Mother's Day gift I received this year warrants public display, and I'm luckier than most mothers because I have this little show - window to use.

My gift was a junior - sized cherry tree, and it had been carefully planted in our back yard by the time I first viewed it Sunday.

I'm sure I'm not the first mother to be given a tree - mine is a delightful but hardly unique present.

But I wonder how many other mothers have received trees that were lugged nearly a mile through pouring rain in a grocery cart borrowed at the store.

Or how many other Mother's Day gifts have been planted - still in pouring rain - in soil so hard that only a huge hole and plenty of peat moss to replace the rocks and clay would fulfill the planting instructions.

A definitely - to - be - treasured note from the girls mentioned that "more TLC couldn't have been used" and I'm sure that's the understatement of the year.

The unusual preparations were both necessary and possible because the man of our house and I returned from a week's vacation just in time for Mother's Day.

And if we had any doubts about our daughters' ability to function on their own, that tree and its circumstances would have to dispel them. Even the mud-covered tree-planting clothes had been laundered and folded when we arrived home a few hours later.

I'm sure of one thing - the cherries the tree eventually bears are bound to be the sweetest we'll ever taste.

'Open Door' Provides A Lift

By KATHY MORAN

Sometimes wearing a new dress or sports coat is like looking at the world through rose-colored spectacles.

That new skirt or sweater is enough to make you different from the rest of the world.

FOR PATIENTS at Northville State Hospital, the world is taking on a brighter hue with the opening of a clothing shop where they can find attire to make their days more cheerful.

Called "The Open Door,"

the shop opened this month in a freshly painted room that had been abandoned for years.

Volunteers have taken on the chore of washing, ironing, mending, sorting, and sizing the stacks of clothing that have been donated.

When the shop opened its doors, racks of fresh colorful clothing were waiting for patients in need to try on and choose from.

Mrs. Josephine Zylinski of Northville has nursed the project along since early

February together with Mrs. Jennifer Bolenbaugh of Novi.

THE PROJECT'S success first began to penetrate, according to Mrs. Zylinski, when an older man walked in hunched over and wearing pants so oversized that "if it weren't for his belt he'd be wearing them around his ankles."

He picked out some pants that fit and just before he left exchanged a sweater full of holes for a suede jacket.

"It was just like a pauper turning into a prince," she said. "He walked out with his head held up as if he was so proud."

The patients aren't limited to how much they can take but it is required that they come to the shop with a staff member.

"That way we can make sure the clothes get to the people who really need them," Mrs. Zylinski said, explaining that the shop is also open for indigent persons in

convalescent homes from the area.

It is completely manned by volunteers who assist the patient in finding clothes that fit in colors the patient prefers.

BEFORE OPENING the shop, the volunteers painted the reception area a bright orange, decorated the chairs, hung artificial flowers on the windows and even put a silver Christmas tree in the corner.

"We wanted them to come to a room that just doesn't look like the rest of the hospital," Mrs. Bolenbaugh said. "We want them to come somewhere where it is bright, cheerful and different."

It is so unlike the rest of the hospital that one visitor on opening day preferred to sit in the orange room and drink coffee with the staff and volunteers than to look for clothing.

One problem they don't

have is a shortage of clothing, according to Mrs. Zylinski who pointed out stacks of clothing that still must be sorted and cleaned.

They do need volunteers and donations of new underwear and unused make-up. Mrs. Zylinski suggested that local churches might hold underwear showers as a special project to help the patients.

Currently The Open Door can only stay open from 9:30 to 11:30 a.m. on Tuesday and Thursday, but the 12 active volunteers hope they can increase their ranks so that they can keep it open every day.

One volunteer, Mrs. Shirley Penrod, has nine children but still finds time to help because "It's a worthwhile project."

With the steady work from volunteers, more patients are walking around with their heads held higher and the world's a little brighter.

MRS. SHIRLEY PENROD of Northville helps fit this gentleman for new pants. The mother of nine children, Mrs. Penrod works at the hospital once a week helping to prepare and distribute the clothing.

STARTING WITH SHOES and finishing up with dresses and skirts, this woman is aided by volunteer Eileen Patrow (left) in finding some cheery clothes. (Observer photos by Bob Woodring)

3 Named By AAUW In Fellowship Grants

Three members outstanding in educational contributions recently were honored by the Farmington branch of the American Association of University Women through named gifts to the AAUW fellowship fund.

Mrs. Robert Briggs, Mrs. Henry Gram and Mrs. Robert Newhauser were chosen for the honor this year as the branch made its annual contribution to the fund that helps American and foreign women on the higher educational level.

The chapter each year makes grants - from funds earned through its annual book sale - in the name of outstanding members.

With this year's contribution, the Farmington branch has raised its total gift to \$2,033, placing it tenth among the AAUW branches in the nation in the matter of per capita giving to the fellowship fund.

OF THE THREE members cited with named grants, two have earned doctorate degrees and the other a master's.

Kathryn Rupert Briggs, a

CHRISTINE GRAM

special education teacher in the Farmington system, has a master's degree from Wayne State University. She has won many citations for work in the special ed field.

Christine Groefsema Gram, a member of the economics faculty of Oakland Community College, Orchard Ridge campus, earned a doctorate from the University of Michigan last year.

Her dissertation subject was "The Impact of Collecting Bargaining on Faculty Salary

KATHRYN BRIGGS

Structures in Michigan Community Colleges."

Charlotte Lorraine Neuhauser earned a doctorate from Wayne State University last year, writing a dissertation on "The Development of a Statistical Model to Assess Difficulty of Source Documents."

She is a research associate in a project to develop and implement a systems approach to teacher education at Wayne State University.

THIS YEAR'S fellowship committee was headed by Nelda Czubiak and included Betty Frankel, Doreen Ozkar, Mary Stoll, Ruth Wang and Ruth Weber.

As the Farmington branch enters its 21st year, it numbers 190 members.

AAUW was established in 1882 and the first award for graduate study was made in 1888. Since then more than 2,000 women have received support from AAUW fellowships.

One of the largest programs ever developed to aid women students, the AAUW fellowship program has awarded more than 100 grants annually, in amounts varying from \$300 to \$5,000.

Raising its funds each year from the used book sale in September, the Farmington branch is always ready to receive contributed books. Those with donations may contact AAUW members through the Farmington Public Library.

Plymouth AAUW Marks 20 Years

A special 20th anniversary celebration will highlight the next meeting of the Plymouth branch of the American Association of University Women at 7:30 p.m. Thursday, May 18, in Plymouth's West Middle School.

Several of the 44 charter members who established the Plymouth branch back in 1952 will plan the evening program and act as hostesses.

They include Juanita Sutherland, Wilma Barnes, Jean Harsha, Esther Hulsing, Libby Worth, Irene Truesdell, Caroline Gulick, Chris Witter, Mildred Field, Marion Breed, Helen Gilbert, Gertrude Bock, Emmalou Pine, Jane Clark, Maxine Willoughby, and Mary Wiltse.

A vocal group from Plymouth High School, under the direction of Fred Nelson, will add to the evening's nostalgia with songs from the early 50s.

Climaxing the celebration will be the installation of three new officers to two-year terms.

Elaine Kirchgatter will be installed as president and Laura Badendieck and Sally Rowland will take over as recording and corresponding secretaries.

The remaining officers, first vice president Mary Uhl, second vice president Janey Cunningham and treasurer Lynn Culotta, will continue in their posts for the 1972-73 year.

Dystrophy Ball To Be June 9

The annual Michigan Derby Ball, which provides camp experience for children with muscular dystrophy will be held at 8:30 p.m. Friday, June 9, in the Michigan Palace nightclub in Detroit.

The MD ball, sponsored and underwritten by the Hazel Park Racing Association, is being held this year in the

evening before the Michigan Derby so that trainers and jockeys can attend.

Mrs. Fred Yaffe of Birmingham is 1972 chairman. Tickets are \$35 a couple and may be reserved by calling the office of Muscular Dystrophy Associations of America, Greater Detroit -

Southeastern Michigan Chapter, 400 W. Marshall, Ferndale.

All proceeds will go to support the eight-day program at Camp Cavell, near Lexington, which provides swimming, fishing, games and camp life for children afflicted with muscular dystrophy.

Power Society Will Install New Officers

The Lt. John Power Jr. Society of the Children of the American Revolution, will hold its organizational meeting and installation of officers in St. John Lutheran Church of Farmington, 2325 Gill Road, Farmington, on Saturday, May 20 at 1:30 p.m. The society is named for the

father of Arthur Power, who was the first settler in Farmington. Lt. Power, a Quaker, served in the American Revolution.

The society is being sponsored by the Quakertown Chapter of the Daughters of American Revolution of Farmington.

Mrs. Milton Hopkins, vice-regent of Quakertown and Michigan State historian, is the organizing senior president of the society.

Officers to be installed are: Charles E. Hopkins, president; John Weaver Jr., vice-president; Tracy Koupal, chaplain; Patricia Kelly, recording secretary; Lisa Ludington, corresponding secretary; Keith Fowler, treasurer; Diane Kelly, registrar; Nanette Koupal, historian; Dennis Fowler, color-bearer.

Theodore Koupal and Sheri

Ludington of Farmington are among the organizing members with Jeffrey Fowler of Detroit; Kathleen and Laurie German of Novi; and Elizabeth and Andrew Ludington of Albion.

Bridal Gowns Now For Rent

Romance is in the spring air, but so is inflation, so the costs of weddings soar along with everyday living costs.

If you find you've exceeded your budget when totalling expected costs for the wedding, reception, honeymoon, flowers and bridal gown, you might consider renting the latter.

Previously a service only provided for the male members of the wedding party, now the bride and her attendants can rent their outfits for that special day.

A-Glow Bridal Shop, 20506 Warren, Detroit, opened four weeks ago giving women the option of renting their bridal gown or buying it.

MRS. GLORIA ARTTRIP opened the second shop of its

kind in the Detroit for people who want to economize on their wedding costs--and maybe use the savings for a longer honeymoon.

Her store is just four blocks east of Evergreen and features all types of bridal dresses, bunny furs, and dresses for the bridesmaids and flower girls.

And with prom time here, many girls are renting the dresses they will probably only wear once.

Mrs. Arttrip will rent bridal gowns for \$55 to \$65 and bridesmaid gowns for \$15 to \$30 including the headpieces, alterations and cleaning.

BRIDAL DRESSES range from those with hoops and tiers of lace to A-line, empire waist dresses trimmed with white lace and beads. Headpieces come with both short and and floor-length veils.

Her bridesmaid dresses come in all colors and styles featuring bright green nylon dresses with dust ruffles to delicately feminine pastel gowns in crepe and chiffon. Since the store just opened, the dresses are all new and she has more on the way.

Many of her dresses are her own creations, sewn in the back room of the store. "It's a nice way to save money," Mrs. Arttrip said.

Sewing Class Starts May 22

A wide variety of sewing classes will be held at the Westland and Northland stores of the J.L. Hudson Co. beginning May 22.

Persons can register in the pattern department of the stores for the classes in basic sewing, intermediate sewing, fashion knits, tailoring, sewing women's pants, sewing men's pants, knitting and crochet, sewing men's sportcoats, crewel and needlepoint, and how to sew a bathing suit.

Antique Show Opens May 18

The Ann Arbor Women's City Club will hold its fourth antique show and sale on May 18, 19 and 20, in the clubhouse at 1830 Washtenaw, Ann Arbor.

Show times will be from noon to 10 p.m. Thursday and Friday and from noon to 6 p.m. Saturday.

Mrs. Richard Frank will speak on "Historic Preservation" May 18, at 11 a.m., and Mrs. David L. Claggett, will discuss "Shaker Furniture" at 2:30 p.m., Friday.

A collectors' corner will feature antique dolls. Admission to the show is \$1.50, advance sale, and \$2 at the door.

Faculty Wives Meet May 18

Virginia Allan, deputy assistant secretary of state for public affairs, will speak to the Wayne State University Faculty Wives Club at its annual meeting and luncheon at 12 noon, Thursday, May 18, in the Detroit Yacht Club.

Members of other women's organizations are welcome to attend. They may make reservations with Mrs. Adolph Hochstim, 19242 Parkside, Detroit.

Miss Allan will speak on "A Matter of Simple Justice." She was chairman of President Richard M. Nixon's task force on women's rights and responsibilities.

Following the luncheon, new officers will be installed. Mrs. Sidney Dillick, of Birmingham will be the new president.

LWV Will Continue Programs

Members of the Plymouth - Northville Chapter of the League of Women Voters voted to continue their community planning study and their study of the local school districts and to continue to support Wayne County home rule, at their annual dinner meeting.

Lomasneys Celebrate

Mr. and Mrs. Robert E. Lomasney, who this year moved from Detroit to Farmington, will celebrate their 60th wedding anniversary on Monday, May 15, with a quiet family party at their home on Blanchard Street.

Lomasney was a state labor mediator for many years until his retirement 13 years ago. The Lomasneys have one son, Edward Lomasney of Garden City, a daughter, Helen, of Farmington, and three grandchildren and one great-granddaughter.

They were both born in Pt. Huron and were married there.

Geranium Sale Set Saturday

The Livonia Federated Garden Club will hold its annual geranium sale beginning at 10 a.m. Saturday, May 20, at 17557 Fairway Drive, north of Six Mile between Farmington Road and Levan in Livonia.

Petunias and other plants will be available along with the geraniums.

Proceeds will be used to purchase sets of the book series "People and Their Environment" for the Livonia schools.

Mrs. Orban reported on the league's 30th national convention held in Atlanta. Among the items considered were admitting men as full voting members of the league; the extension of the league's current program to cover equal rights for women; and studies of solid waste management and international trade problems. Gloria Steinem addressed the convention on "Women as a Political Force."

It's 'Scary' Returning To School, Women Say

When the mature woman goes back to school, she finds it a pretty scary business.

But this fear of unfamiliar surroundings is quickly replaced by enthusiasm and a love of going back to classes.

This was the consensus of two of the panelists who discussed their experiences last week at a meeting of Alpha Xi Delta Sorority.

THE TWO are Jeanette Hopkins and Betty Weideman, both of Plymouth.

The third panel member was Barbara Riehl of Westland who has never really quit school. Even her honeymoon was spent in graduate school, and she has been taking courses in various phases of mathematics ever since.

The three were joined in their discussion of what it's really like to go back to school by Mrs. Myra Fabian, a counselor at the Center for Continuing Education of Women at the University of Michigan.

Both Mrs. Hopkins and Mrs. Weideman found registration day the biggest hurdle. Surrounded by youngsters, Mrs. Hopkins asked herself, "Am I crazy to be doing this?"

Mrs. Weideman said, "Registration day was somewhat ghastly, and there's no way to prepare for it. You just have to get into it."

She reported that she "burnt a lot of midnight oil and wound up thinking 'I should have done this years back!'"

MRS. HOPKINS was relieved to find that half of her classmates in the library technician course she took at Oakland Community College were her age or older. They included two grandmothers.

Mrs. Fabian told them that 4,000 women between the ages of 23 and 70 are enrolled in classes at the U-M.

"Nearly one-third of the women students are above the age of what we think of as the typical coed," she said.

Mrs. Hopkins, who for many

years had been a nursery school teacher, was advised against going on for an MA when she became interested in becoming a librarian. Instead, she was told to become a "library para-professional."

This is a person who is in the background. There are nine employed in Plymouth High School at the moment.

And with rising school costs, not going back to school, in this case, could be an ad-

vantage. Mrs. Hopkins revealed that since they are paid less than the professional teachers, none of them received "pink slips," in the school's efforts to cut costs.

"When I was going to school," said Mrs. Hopkins, "I worked harder. I had more of a goal and more maturity. I did everything that was asked me...and later was very glad that I did."

Mrs. Weideman, who got

her BA in applied music from DePauw University, and taught piano, first tried being a part-time bank teller but decided that this wasn't for her.

IT WAS THEN she decided to become certified as an elementary school music teacher. Just finished the necessary courses at Eastern Michigan University, she is now looking for a job.

For her, one of the surprises of going back to school was finding that a one-hour or one-credit course can be much harder than others involving more hours of classtime.

Mrs. Riehl has been taking courses off and on ever since she was married. She formerly taught mathematics at Thurston High School, and her college study has been primarily aimed at keeping up

with current teaching methods.

For instance, she studied modern math and is just finishing up two courses in computer math at Schoolcraft College.

She finds substitute teaching enjoyable, though "a little hard on the nerves," but has no plans to return to full-time teaching at the moment. What she would be a school

that wants "half a math teacher."

MRS. FABIAN said that many women who are interested in returning to school can find many answers to their questions at the CEW which is located at 330 Thompson Street, Ann Arbor.

The CEW will be offering counseling all this summer. During the winter, it has scheduled classes so that half

of a student's undergraduate work in liberal arts may be taken in the evenings.

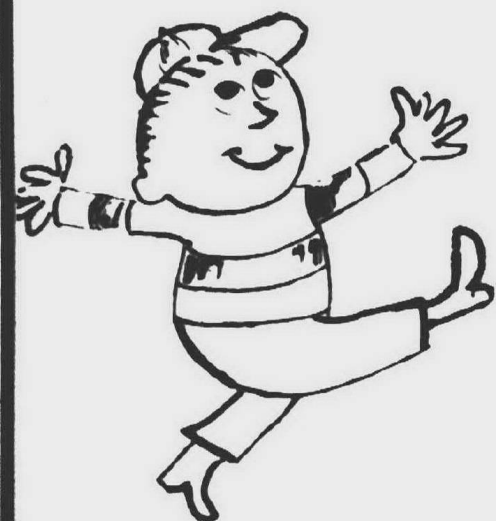

It also has a great fund of information about job opportunities and how to get started back to school.

"Each woman has to look at her own particular setup, her interests and abilities, mobility, the job picture in her community. Each woman has to do her own groundwork, but we can help her," she said.

Imagination Beats High Cost Of Buying Toys

Empty cereal boxes, plastic margarine containers, bottle lids and paper towel tubing can be recycled into engaging and stimulating playthings for preschoolers.

Using more imagination than money or time, six University of Michigan graduate students in public health have assembled building blocks, a mobile, touch board, rattle and other toys from ordinary household items and refuse.

Instead of only documenting the project in writing, they made a 30-minute videotape to show other nurses, teachers,

occupational therapists and homemakers how it's done.

"ADULTS UNDERSTAND that children want to play, but many don't realize that they need to play," the young nurses explain. "Play teaches them to relate to people and to things; it enables them to work off frustrations and discover new experiences."

The toys are designed for children up to five years of age to push, pull, hit, handle and otherwise use to "manipulate their own environment." They require no materials that are poisonous, flammable, sharp or easy to swallow.

Empty cereal, packing and wearing apparel boxes become building blocks of various sizes and shapes when sealed and covered with washable adhesive paper. They may be reinforced with crushed newspaper or filled with rattling objects.

The child can make a game of fitting cardboard tubes of varying diameters within one another. Cover the tubes from paper towels, giftwrap, aluminum foil and the like with adhesive paper of contrasting color and textures.

A MOBILE is made from empty tin cans with edges

pounded smooth, suspended from criss - crossed wooden dowels with dental floss. Holes are punched through the cans with a hammer and screwdriver. A vegetable brush, coffee - scoop, measuring spoons, buttons and bells are among the eye-catching objects that dangle on floss from the tin cans.

An elaborate rattle which may be hung or placed within an infant's reach is made by threading medium width elastic through jar and bottle lids, cookie cutters, painted thread spools, a plastic mesh pot cleaner, a yarn pompom

and a bell. A hammer and screwdriver inserts a hole in the lids. A plastic curtain ring sewn on either end of the elastic lets the baby stretch his rattle like an accordion. The touch board is an arrangement of sandpaper, carpet, cotton, macaroni, nylon net, aluminum foil, a soap slice and other materials of contrasting textures. They are cut or placed in shapes of triangles, circles, rectangles and squares and glued on a piece of poster board to be hung on the wall if desired. CHILDREN WILL THINK of their own creative ways to turn pots, pans, measuring

cups and spoons, cookie cutters and other kitchen utensils into noisy, versatile playthings. The kitchen cupboard also contains the ingredients for homemade clay dough: two cups of flour, one cup of salt, mixed with water to modeling consistency.

The videotape is now being prepared for public distribution, according to Prof. Ann W. Pattullo of the U-M Institute for the Study of Mental Retardation and Related Disabilities, whose students developed the project. She may be contacted at ISMRD, Ann Arbor, Mich.

PHIL BUCALO OWNER

Drainage Ditch Accident Fears Plague Subdivisions In Canton

By MARIE MCGEE
CANTON TOWNSHIP
With the influx of people comes a new set of problems, Canton Township trustees are learning.

One that will need resolving is that facing John Markinowicz, of 43946 Leeann Lane, and several of his neighbors.

Markinowicz lives in Carriage Hill Subdivision No. 2 where a large drain is located at the rear of his corner lot. Subdivision residents are worried about who will be at fault if an accident occurs during the time the drain is filled with water, as it now is.

"If a child drowns, whose liability is it?" asked Markinowicz. He also wondered about the maintenance of the drain area. "Who takes care of that?" he asked trustees.

In the discussion, it was pointed out that the water in the drain, known as Travers Creek, sometimes reaches a depth of four feet.

BY NEXT FALL, a new elementary school will open within two blocks of the trouble area, and it is conceivable that youngsters will attempt to cross the drain in order to get to school, Markinowicz said.

He suggested that the township confront the developer in seeking relief from the problem. He said that he and his immediate neighbors paid "a premium price" for the oversized lots, the last 20-30 feet of which are in the drain field area.

Nor is spring the only time of the year the new residents have trouble, he continued. In

the winter months, snow-mobilers use the private area, scattering beer cans and other debris.

Trustees agreed that the question of liability is a pressing one that requires help from the township attorney. Supervisor Philip Dingeldey said the attorney would be consulted and the homeowners would be notified of his opinion.

THE PERENNIAL drainage problem confronting a group of residents in a portion of Holiday Park Subdivision also came up for discussion.

Hilary Street residents living adjacent to the Deer Creek apartment project complained that the drain at the rear of their lots is "filthy and a definite health hazard."

One of the complainants

said he saw muskrats in the open drainage ditch that catches a good portion of the runoff waters of the apartment complex.

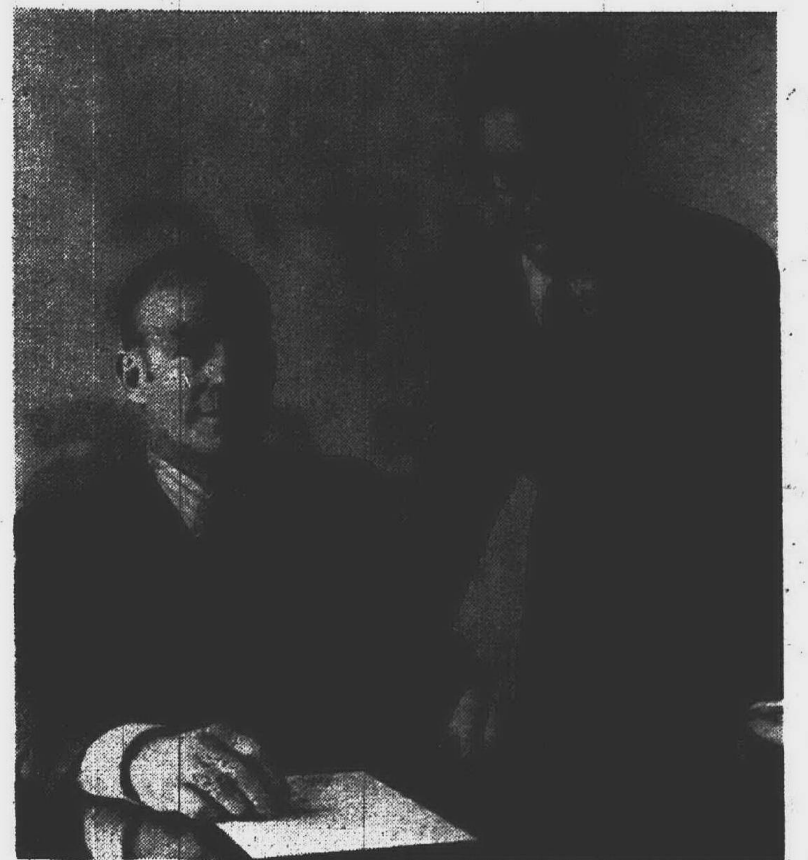

In answer to the plea for township action, Dingeldey asked for board permission to look into the complaint and assign DPW crews "to at least drain the water."

He indicated that he planned to contact Deer Creek officials for help because "it's on their property."

Brooks Now At LeJeune

Marine Lt. Kenneth E. Brooks of 41967 Banbury, Plymouth, has reported for duty with the Second Marine Division at the Marine Corps Base in Camp Lejeune, N.C.

A 1967 graduate of Warren Central High School, Indianapolis, he joined the Marine Corps in February 1968.

TWO PLYMOUTH officials of the Ann Arbor Mortgage Corp. have announced opening of new headquarters at 2512 Carpenter Rd., Ann Arbor. They are George B. Smith (left), president of the firm, who lives at 44411 Beech, and Vice President Orin C. Rogers of 1627 Gloucester. The firm specializes in FHA, VA and conventional home financing services throughout Wayne, Oakland, Washtenaw and adjacent counties.

Liquor License Petition Studied

CANTON TOWNSHIP An Ann Arbor man, Chester Rutledge, has applied to the Canton Township Board of Trustees for one of two remaining Class C liquor licenses available in the township.

Rutledge told the board he plans to convert a former plating shop at 40256 Michigan Ave. into a restaurant and entertainment spot.

The building has 18,000 square feet and could easily accommodate 300 to 400 persons, Rutledge said. There is also sufficient parking space, he added, since the cement block building sits on a two-acre site.

TRUSTEES, HOWEVER, declined to make a decision until Rutledge files detailed plans for the renovation.

"You have to understand if we're hesitant," commented Trustee Ray Deeds. "We have only two licenses to give out and they have to last us for the next 10 years."

Supervisor Philip Dingeldey said an Oak Park man has also filed for one of the licenses and three other persons have indicated an interest in opening restaurants on Ford Rd.

On the basis of the recent U.S. census figures, Canton was allocated three new liquor licenses. Last year after lengthy discussion they awarded one to the owners of Fellows Creek Golf Course. Even so, the approval came

reluctantly on the part of some of the board members who felt that the license should go to an establishment that was open all year round. Despite the fact that the golf course is a nine-month operation, it pays a substantial amount of taxes, it was pointed out at the time of the discussion.

GALLANT LEADERS

by DON KEETH

With a tip of my fedora and a low bow, I salute a gallant group of men. Leaders, all... the home builders of the nation.

Why the applause for home builders? Well, they are the guys who usually lead the masses of people on to better living. For instance, when builders started putting dishwashers in model homes, dishwashers became popular for all homes, old or new. (By "dishwashers" I mean mechanical ones... not husbands.)

The same holds true for double garages, family rooms, built-in ovens, new and exciting appliances of all kinds. Progressive builders establish the trends, create demands.

Of course the builders do this to make a buck. But why not? That's the way our system works.

Deep within my rib cage there is a special warm spot for builders these days. You see, they are leading the masses my way this time. I refer, of course, to central air conditioning for homes.

Yes, leading builders are now putting central air conditioning in their new homes. This will hasten the trend to central air conditioning for all homes. This trend is here, just as sure as you are sitting there reading the newspaper.

Why loiter around and let the trend get out in front of you? You can have central air conditioning now... in your new house or your present pad. See me. The price is right: low. The brand is right: Lennox. The time is right: NOW!

At NBD, it's the same low flat closing fee, no matter what size house you buy

At NBD, we have a closing fee that has nothing to do with the size of your mortgage.

Instead, it's one low flat fee. One low flat fee whether you're buying a \$20,000 house. Or a \$100,000 house.

So you might say, the more your mortgage, the more you save at NBD.

Quite possibly save enough to pay for a new chair. A couple of tables. Perhaps even carpet a room.

And when you get your mortgage from NBD, we'll also give you a good estimate of how much your total cost of closing will be—including our fee, insurance, prepaid taxes, everything.

Which means, at NBD, we'll not only save you money on your closing costs. We'll also save you from any unexpected surprises when you sit down to close.

And those are just two of the reasons more people come to us to finance their new home than to any other bank in town. Come see us.

Williamson Heads Jaycees

WESTLAND Thursday, May 25 through Sunday, June 4. It is expected to be the largest in the nine year history, according to Williamson.

As in the past, the Jaycees are setting aside a special "Kid's Day" on Saturday, May 27, with children 12 and under, eligible to register for a contest that will include many fine prizes.

THE SPRING carnival is the main profit making project for the Jaycees in Westland and the profits enable them to conduct their many community services programs.

Activities this year will take place at Topp's Shopping Center, on Ford at Wildwood. Weekday activities will be from 4 p.m. to 11 p.m. and on weekends from Noon to 11 p.m.

At a recent election meeting for the Westland Jaycees, Bob Williamson, a four year member and supervisor of admitting at Wayne County General Hospital, was elected president.

Serving with Williamson on the Jaycee board will be three vice - presidents, Conrad Hassa, George Veach and Bob Proctor. Treasurer will be George Cousins and the job of secretary will be held by Chuck Erickson.

ELECTED to the board of directors were Max Abad, Jerry Beam, Mike Dyer, Mel Lenczewski, Dick Manke, John Martin, Morey Nunn, and Paul Randles.

Swearing in of the new officers will be held June 10.

The Jaycee's annual spring carnival will be held from

Williamson went on to say: "I'd like to extend an invitation to all young men of Westland to attend one of our meetings. We're all looking forward to an exciting year."

Blood Drive Due May 24

Shoppers and area residents will have an opportunity to insure their family's blood needs for a full year by donating blood during the Westland Shopping Center's voluntary blood drive on Wednesday, May 24.

Unmarried donors may designate any three individuals for coverage.

A mobile unit from the Michigan Community Blood Center (MCBC) will be located in Room B, lower level, from 9 a.m. to 8 p.m. The center is a statewide non-profit organization licensed by the National Institute of Health and accredited by the American Association of Blood Banks.

Councilmen Feud On Housing Issue

GARDEN CITY On the theory that discretion is the better part of valor, the Garden City Council Monday night asked for legal guidance before making any bold moves to rid the city of some of its blighted areas.

This action came after Councilmen James Plakas and Glen Kurtzell put on quite a show for the students of both East and West High Schools who sat with their counterparts as part of the annual Government Day program.

AFTER painting a dismal picture of the conditions he found on an inspection trip through the city in which he claimed he found 34 abandoned homes, Plakas moved that the Department of Public Works be ordered in immediately to clean up the areas and that the bill be sent to the government.

It's Morel Month In Michigan

By ELLY
May is mushroom month in Michigan.

Farther north the great annual hunt for morels should be in full swing. Armed with baskets or shopping bags the hunters will be searching the old beech, maple and oak forests for this spring delicacy.

The morel has the texture of a sponge and the shape of a Christmas tree. It appears when "the leaves on the red oak are the size of a mouse's ear," according to Dr. Alexander H. Smith of the University of Michigan.

To insure safe collecting of morel mushrooms this spring, experts offer these suggestions:

- Know precisely and positively what you are after. (For information on identifying species of mushrooms, see your local county extension agent or write to MSU Bulletin Office, Box 231 E. Lansing, Mich. 48823. Ask for E-614.)

- Collect only one species at a time or keep each species in a separate basket.

- Only young fresh specimens are suitable for food. After a mushroom matures and begins to deteriorate, its edible qualities likewise deteriorate.

- Keep your collection as clean as possible. Pick the entire fruiting body so you're positive it's the right kind. Then trim off the lower parts and clean off any dirt or duff before placing the trophy in your basket.

- Keep mushrooms in the shade and as cool and well ventilated as possible until you get home. Do not place mushrooms in plastic bags; they cause the mushroom to sweat and disintegrate rapidly. Bacteria and yeasts can cause great damage in a few hours on a hot day.

- Clean, process or cook your mushrooms as soon as possible after you get home.

When preparing mushrooms for cooking never peel them, use the stems as well as the caps and wash them gently. Do not overcook them; to retain the flavor and texture four to five minutes cooking is enough.

TUNA-MUSHROOM SALAD

- 1 small head lettuce, shredded
- 1 4-ounce can tuna fish
- 2 stalks celery, diced
- 1 small onion, finely chopped
- 1 c. sliced fresh mushrooms
- 1/4 c. India relish
- 1/2 t. curry powder
- Mayonnaise

Combine all ingredients except the last three in a large bowl. Toss lightly. Add curry powder and India relish to the mayonnaise. Add dressing just before serving. Serves six.

MUSHROOM QUICHE

- 3 eggs.
- 2 c. cream or milk
- 1/2 t. salt
- 1/2 c. finely chopped green onions
- 1 T. cooking oil
- 1/2 lb. grated Swiss or Gruyere cheese
- 1 1/2 c. fresh mushrooms
- 1 9-inch pie shell

Bake pie shell for five minutes at 350 degrees. Beat eggs with milk or cream and salt to make custard. Lightly brown onions in oil. Add cheese, the mushrooms, sliced diagonally, and the custard mix. Pour all in the pie shell. Bake at 450 degrees for 10 minutes; reduce temperature to 350 degrees and continue baking until firm. Serve hot or cold.

HOW TO FREEZE MUSHROOMS

Wash raw mushrooms. Add one half teaspoon salt to one quart rapidly boiling water. To keep mushrooms white add one half teaspoon of lemon juice to boiling water. Add mushrooms. Let water come to a boil again. Boil mushrooms for three minutes. Rinse with cold water. Drain thoroughly. Seal in plastic bags. Freeze. These will keep for one year.

80 Agricultural Fairs Set In State

Eighty county, 4-H and agricultural fairs and two state fairs highlight a summer fair season which opens June 20 and runs through Sept. 20 in Michigan.

"Fairs are both entertaining and educational events in Michigan," said B. Dale Ball, director of the Michigan Department of Agriculture. "As people attend, they become aware of our state's bountiful agricultural harvest. They see, too, evidence of the tremendous investment made by farmers to raise the food and fiber our people need each day."

Michigan's two state fairs are the Upper Peninsula State Fair at Escanaba Aug. 15-20, and the Michigan State Fair at Detroit Aug. 25 - Sept. 10.

OTHER FAIR locations and their dates, as compiled by MDA's County Fair section, are:

June 20-25, Waterford; July 1-4, Lake Odessa; July 2-4, Hillsdale; July 5-8, Marion; July 6-8, Hudson; July 10-15, Big Rapids, Vassar; July 10-16, Port Huron; July 11-16, Milan;

New Questionnaire At Draft Boards

New draft registration procedures have been announced by Arthur A. Holmes, state Selective Service director.

Under the new provisions, young men must register with a draft board or a draft registrar within the period 30 days before to 30 days after their 18th birthdays.

They must have some official identification when they register, such as birth certificate, Social Security account number card, drivers license, school or college activity card, or credit card.

THE NEW registration procedures are designed to make registration more registrant-oriented and draft board operations more streamlined. Registration will consist of filling out a registration card.

A new registration questionnaire must also be filled out, although the registrant can take the questionnaire with him, or it may be mailed to him. He must return it within 10 days.

The new registration questionnaire requires the names and addresses of three persons outside the registrant's immediate family who will always know his address. The names, relationships, and addresses of all the registrant's family over age 16 must also be listed. In addition, the form includes questions inquiring whether the registrant

believes he qualifies for a hardship deferment, for status as a conscientious objector, for a surviving son exemption, or for other Selective Service deferments.

Finally, every registrant must list a place of permanent residence, as well as a current mailing address. The draft board serving his permanent residence will be the registrant's permanent draft board, regardless of where he registers.

Volunteer draft registrars are available at most high schools and public offices in addition to registration service offered at local draft boards.

AFTER HE HAS completed the registration card and questionnaire, the registrant will be issued or mailed his registration certificate and his notice of classification stating that he has been placed administratively into a new holding classification, Class I-H.

Practically all new registrants will remain in Class I-H until after their lottery drawing which will be held early in the calendar year in which they reach age 19.

Those who receive low lottery numbers will then be considered for classification out of Class I-H.

Young men become draft eligible, provided they do not receive a deferment or exemption, during the calendar year in which they reach age 20.

TRY OUT A CHEVY AT VOLKSWAGEN

Try out any of the cars people trade in for new VWs. We get all kinds but we don't sell them again just like that. We check them out first. Give them the 16-point inspection. Fix whatever needed fixing. Then guarantee the repair or replacement of every major working part* 100% for 30 days or 1,000 miles. Whichever comes first. Incidentally, the guarantee comes with all our used cars. Even Volkswagens.
