Massive Music

When the entire Plymouth High School music department combines effort in a single concert it means the participation of more than 400 bandsmen, vocalists and orchestra members. Directors James Griffith, Fred Nelson and Michael Endres have arranged just such a performance for Monday night.

It's Our State

Now's the chance for all Michigan folks to toot their own horn, and The Stroller gives many reasons why it's all very proper. Like he says, where else can one drive from Hell to Paradise in one day except in Michigan?

Churches that want to give Michigan Week a special start may want to use the prayer in our Church Section today. It was written by a Livonian just for this occasion. Page 7A

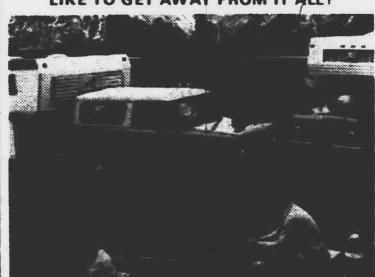

A New World

Going back to school has opened a whole new world for Livonian, Margaret McLeod. She has the ribbons -- and works of art to prove it.

Mr. Burke, supported by Russell Ash moved favorably on the recommendation of Mr. Berry's to authorize \$2,000 for the Council for Community Concern. Unanimously approved. Joe Bids - Re: Recommendation on awarding of bids for Janitorial Service for Township Offices and District Court. The Board members unanimously approved a motion by Helen Richardson, supported by Russell Ash to ac swarded the bid for the Janitorial service for the Township Offices and Dis-

trict Court at a cost of \$225 monthly, cleaning twice weekly. Helen Richardson, Re: Recommendation on purchase of an AM Model 85 Duplicator. Mr. Ash. supported by Mr. Millington, moved approval to purchase a remanufactured AM Model 85 Duplicator at a cost of \$950. Unan-

imously approved.

Elizabeth Holmes & Herald Hamill, Re: Flood Plain Study. Mr. Hamill presented to the Board Members for study, a map of the Flood Plain area. There was much discussion, during which the Flood Plain Study and the Tonquish Creek Drain were both under discussion. It was finally deter by unanimous approval of a motion by Frank Millington, approved by Russell Ash, that the Flood Plain Study would be tabled until Mrs. Holmes'return, and the Committee as a whole would meet and draft a complete report and make a recommendation to the Board of Trustees. This would be submitted at the June 12, 1972, meeting. Mr. Patterson of the Wayne County Drain Office had agreed to meet with the Board to answer questions relating to the petition for the Wayne County Drain Commission to assume jurisdiction of both branches of the Tonquish Creek: therefore Mr. Millington, supported by Mr. Burke, moved that the Township Board ask Mr. Patterson to speak to the Board at a meeting on May 23, 1972, at 7:

Ptterson to confirm the time and date. Gerald Burke, Re: Recommending adoption of the revised amended Re fingeration Ordinance. Mr. Alloway was called upon to give his opinion of the amended ordinance, and his feeling was that we should keep the existing ordinance, with changes being made by amending same. Mr. Millington noted that the major change would be to allow homeowners to install their own units, and Mr. Burke would like the amended ordinance to include an 'accident" paragraph. The Board unanimously approved Mr. Overholt's motion, supported by Mr. Millington, that the Building Inspector submit uggested amendments with a new permit fee schedule without the limitations on charges which have been imposed on us in the past.

ing in the Gould Industrial Park. It was moved by Mrs. Richardson, supmitted by the Township Attorney in a communication of May 8, 1972, be approved: Resolved, that the Township of Plymouth, Wayne County, Michigan, has no objection to the vacation of a certain private easement for public utilities as described in paragraph five (5) of the Petition for Vacation of Essement, made, filed and served in the case of Gould Industrial Park, Inc. vs. Allison Green, Wayne County Circuit Court No. 206.353R, and noticed vs. Altison Green, wayne county circuit, court too. 200,0331, and notices for hearing on June 16. 1972, before Judge John M. Wise, and said TOWNSHIP OF PLYMOUTH hereby consents to said easiement being vacated, subject to the provisions of Act 288, P.A. 1966, as amended, and known as Subdivision Control Act of 1967." Unanimously approved. Brender-Hamill and Associates, Inc. Re: Suggesting a flow test be run on

sewerage in the Township. In a communication to the Board, Brender-Hamill Assoc. suggested that a flow test be run for the purpose of determining a factor for the Township. This flow test could be used as proof of the capacity being used for sewerage, and if we could have this documented we might receive financial relief in the future with the County, according to Mr. Breen. Mr. Hamill said he was not ready to make a recometion, and really could not assess the cost. Mr. Brender ventured to hazard a guess that the cost might be from \$3000 to \$6000 for their work on a flow test. Mr. Burke, supported by Mr. Overholt, moved that the survey be continued and the Township Engineer return with a recommendation and estimated prices of Brender-Hamill's services to the Township for a flow test at the June 13, 1972, meeting.

Brender-Hamill and Associates, Inc., Re: (a) Township Board acceptance of an easement for Sanitary Sewer, Storm Sewer and Water Main on the Thunderbird Inn Sité. Mrs. Richardson, supported by Mr. Millington, moved to adopt the following resolution: RESOLVED, that the Township of Phymouth. Wayne County, Michigan, accept the easement for water main, saniderbird Investment Corporation. Unanimously approved.

(b) Resolution indicating Township Board will maintain the relocated Sani-

tary Sewer and Water Main and a new storm sewer constructed on the Thunderbird Inn Site, upon approval of the Township Engineer, Mr. Ash. supported by Mr. Overholt, moved for adoption of the following resolution: RESOLVED, that the Township of Plymouth, Wayne County, Michigan. agrees to maintain the water main, sanitary sewer and storm sewer to be relocated in the premises set forth in the easement dated and signed May 2, 1972, by Thunderbird Investment Corporation, 14707 Northville Road. Plymouth, Michigan, Wayne County, Michigan, Unanimously approved (c) Approval of the Hilton Hotel Proposal (letter dated May 2, 1972 from

the Department of Natural Resources). Upon a motion by Gene Overholt. supported by Mr. Burke, the Board members unanimously approved that the Supervisor write to the Department of Natural Resources that Plymouth Township has no objection to filling the part of this site that is in the Middle Rouge River Flood Plain. Harvey Ziel, Re: Canton and Plymouth Townships Sewer and Water Au-

thority. Post, Smythe, Lutz and Ziel had sent a communication to the Town ship in regard to \$907.34 carried on the books as an account receivable amount from Canton Township to balance the costs between Canton and Plymouth Townships for a Sewer and Water Authority which was formed in 1955, but dropped at a later date. Canton Township's Attorney had advised Canton they were not obligated for these funds and no payment has been forthcoming: therefore, the Township Accountant now feels the Plymouth Township Board should pass a resolution to remove this item from the Township books as of March 31, 1972. Mr. Ash, supported by Mrs Richardson, moved for adoption of a resolution to remove this item from the Township Books as of March 31, 1972, as recommended by our accountant, subject to one more attempt being made for collection. Elizabeth Holmes, Re (a) Prepayment of sewer connection charges by Stewart Oldford and Sons in Colony Farms Subdivision. A communication was received from Mrs. Holmes concerning Colony Farms Subdivision offer of advance payment for sewer connections being accepted on October 26. 1971. Mrs. Holmes stated that the situation has not been altered, due to the fact that there is sufficient money available by combining the Water and Sewer accounts and she feels the Township could proceed in the case of his subdivision to collect for sewer connections under the normal procedures; therefore, she requested the Board to review the case and make a decision as to what method they wished to use. Mrs. Richardson moved, supported by Mr. Ash, that the action taken on October 26, 1971 for prepayment of sewer connection charges by Stewart Oldford and Sons in Colony Farms Subdivision be rescinded. Mr. Breen noted that others had paid in advance, and Colony Farms Subdivision has already been contacted and agreed to prepay their connection charges, therefore, he felt things should remain as they are, and Mr. Oldford's offer of an advance payment for sewer connections for the Subdivision should stand. Mrs. Richardson advised that the book work involved in doing anything different than the normal procedure would be time consuming and felt that the best solution would be to accept Mrs. Holmes' suggestion. The question was called with the resulting vote being: Ayes: Richardson, Nays: R. Ash, G. Overholt, F. Millington, G. Burke, M. Breen. The motion was defeated.

(b) Rescue Run Collections, Mr. Burke, supported by Mr. Millington, moved that Mrs. Holmes set up a collection procedure and report back to the Board within 60 days. Unanimously approved. Maurice M. Breen, Re: (a) Approval to lease Xerox Photostat Machine.

I HOPE I'M PRESENT at the Gloom and Doom Society's table in the Mayflower Hotel dining room the morning when the unofficial chairman, Ralph Lorenz, spices the coffee discussion with a sales pitch in behalf of his alma mater's newest fund raising wrinkle.

You must understand, of course, that Lorenz, who is proprietor of the Mayflower, also is a bulwark in the alumni association of Eastern Michigan University, located just a few miles down the pike at Ypsilanti.

We have many graduates of EMU in our midst, to say nothing of a number of residents who are on the staff of this growing university, but it's

weight than most in alumni affairs.

It will be worth the price of admission to hear the replies when the portly Lorenz puts the arm on such coffee regulars as Roy Rew and Earl Demel, trying to sell them shares of stock in that sevenstory, 92-year-old water tower that is such a landmark in Ypsilanti.

Additions to the agenda were called. The Board recessed to Executive Session, from which they returned at 8:22 p.m. to reconvene the regular meeting.

It was moved by Member Sick and seconded by Member Lawton to ap-

prove the minutes of the regular meeting of March 13, 1972, as written. Ayes: Members Hanskat, Hulsing, Lawton, Ohno, Penar and Sick. Nays: None. The motion was carried.

The minutes of the regular meeting of March 28, 1972, were tabled until President Hulsing called for suggestions from citizens.

Mrs. Marcia Borowski, representing a group of concerned parents from Starkweather School, spoke to the problem of the driveways adjacent to Plymouth Road at the corner of Mill Street which will be constructed to serve a new Hardy's Drive-In Restaurant. The citizens have contacted city. township and county officials and have had no response. They are most concerned with the safety of children walking to and from Starkweather School crossing these driveways. The Safety Committee has also been investigating the problem

It was moved by Member Lawton and seconded by Member Sick that a let ter be directed to the City Engineer asking that a review of the building permit be made to weigh the possible safety hazards involved and to take corrective action if any hazards are evident Ayes: Members Hanskat, Hulsing, Lawton, Ohno, Penar and Sick.

It was moved by Member Sick and seconded by Member Penar to adopt the resolution prepared by Robert Thrun, Miller, Canfield, Paddock & Stone, relative to the June 12, 1972, Annual Election. (Complete resolution part of

School Site. It was the general consensus that this property was not required for a future school site and that the School District should consider any offers made if a \$5,000 deposit check was included with the offer. Discussion on a possible school site was deferred until executive session. The Board requested that the preliminary report on the survey for starting

and closing times of District schools for 1972-73, which was available at

this meeting, be put in final form for consideration at the next regular meeting of the Board. Supervisor of New Construction Goble reviewed again the proposals for the Willow Creek Bridge and Service Drives at Centennial Educational Park. Member Lawton expressed the opinion that there is an ultimate need for this project but funds should not be approved until the condition of Building and Site Funds is clearer. Member Sick stated that there should be more Alternate No. 1 in the amount of \$44,004 be accepted to construct the Willow Creek Bridge and Service Drive. Ayes: Members Hulsing, Hanskat and Ohno. Ward Begins Services In New Sanctuary

Ward United Presbyterian church, one of Observerland's largest, will hold the first services in its new sanctuary at 9:30 and 11 a.m. Sunday, May 21.

The congregation will meet at 9 a.m. in the chapel that has been the scene of its services since 1960 and will go in a group to the new one with its 1,000 seating capacity and choir loft space for 80.

First services in the new church home, now being completed at a cost of about \$1.5 million, will include music on a three-manual Casavant Freres pipe organ.

THE LIVONIA CHURCH, located at Six Mile and Farmington Road, began with a meeting in the Lincoln school on May 1, 1956.

At that time Dr. Bartlett L. Hess was pastor of Ward Memorial Presbyterian Church in Detroit. He assumed leadership of the new mission church, and continued in the dual capacity for more than a dozen years.

The present chapel was completed in 1960, and a Christian education wing was finished six years later.

On Dec. 1, 1968, Ward United Presbyterian organized as a separate church and called Dr. Hess to its full-time ministry.

Membership then numbered 1,000, with average Sunday morning attendance 600, Sunday school attendance 600 and annual receipts \$153,000.

In a little over three years, the membership has grown to 1,700. Sunday morning attendance now ranges between 1,100 and 1,200 and there are 1,100 in the church school.

Although the church asks no pledges, its free will offerings last year totaled \$400,000, including \$100,000 missions.

WARD'S MOTTO, Dr. Hess said, is "In essentials unity; in non-essentials liberty; in all

things charity." The church preaches and teaches the Bible and historic Christianity applied to the needs and problems of individuals of all ages and with regard to the community, the nation and the world.

Besides regular Sunday services-there have been three each Sunday morning for the last couple of years and

> Bless our political leaders, our civil servants, all who labor for the common good, health and welfare of others, that they may serve in wisdom and integrity. Protect our homes and families, deepen the love of man and wife, let that love nourish their children and be to all the world the sign of your unfailing covenant with man.

Humbly we acknowledge our faults; we ask your help to level the walls of racial bias that divide us, to open our hearts and hands to the

disadvantaged, to understand our youth and their hopes and fears, to provide them with an education of soul as well as of mind that they may fulfill themselves in an enriched society, to conserve and multiply the resources and beauty of your creation.

Heavenly Father, we are pilgrims on a journey to a new Jerusalem. May your law be a lamp for our feet that we may walk in justice and charity. May your fatherly love enfold us that we may greet each other as brothers and live in mutual trust and honor.

While we enjoy the fruits of invention and industry let us not perish in a famine of the spirit. Your solemnity has warned us that they who worship idols of silver and gold will be put to shame. To you we life up our eyes as the eyes of the servant at the hands of their master. As we look about us and see a beautiful peninsula and a prosperous people, we know, oh Lord, that only they who fear and love you are truly great. Amen.

Michigan Is 11th In Safety

Gov. William Milliken recently announced that Michigan was rated 11th in the nation when evaluated on compliance with federally assisted safety programs.

The Michigan Highway Safety Program was evaluated in 16 areas by the U.S. Dept. of Transportation.

The areas include motor vehicle inspection, motor vehicle registration, motorcycle safety, driver education, driver licensing, codes and laws, traffic courts, alcohol safety, identification and surveillance of accident locations, traffic records, emergency medical services, highway design, construction and maintenance, traffic control devices, pedestrian safety, police traffic services, and debris hazard control and cleanup.

"However our highway program scored comparatively lower in six of those guideline categories," the governor cautioned.

his transportation package which "would further improve Michigan's safety record and bring us closer to meeting those firm federal guidelines."

GOLDEN WEST TOUR 279

SATURDAY, FIRST DAY, JUNE 24, Arrival & Cocktail Party

The Golden West unfolds to you as you board your scheduled jet flight to Los Angeles, California. High above the Americas your friendly stewardess serves a delicious meal while you gaze out at the wonders below. As we approach Los Angeles we get a panoramic view of this truly magnificent city unfolding beneath us. Upon your arrival you will be met by your California escort, and will be transferred to the beautiful MARINA HOTEL. This evening you enjoy your first taste of California Hospitality at your own Champagne Cocktail Party. This evening you will also be offered an optional 'CITY TOUR AT NIGHT' which includes a leisurely stop at Los Angeles's Famous 'CHINATOWN'

The morning you will be taken to the Wonderful World of the Magic Kingdom of Disneyland. Here you will enjoy walking along Main Street U.S.A., riding the MONORAIL, GAY 90'S HORSE CARS and dozens of other rides and exhibits. Your entrance admission is included, plus rides on your choice of thrilling and delightful features in FANTASYLAND, ADVENTURELAND, TOMORROWLAND, FRONTIERLAND, etc. while we are here.

MONDAY, THIRD DAY, JUNE 26 - Calico Ghost Town/Las Vegas

Along with your escort you leave the beautiful coastlines of California as you ride through forests of weird Joshua Trees, desert cactus and sage of the Old West Ghost Town of CALICO in the foothills of Death Valley. This will be a 'fun' stop for shutterbugs and Wild West fans alike, with its reminders of GOLD RUSH days on every side, from false-front saloon to one-room school to wooden sidewalks to hitching posts for prospectors' 'jennys'. Continuing on, we crest the surrounding mountain range to catch our first glimpse of the breathtaking view of Las Vegas with high-rise hotels, glittering signs and great green golf courses strung along the Fámous 'STRIP'. Our home will be the Fabulous 'ALLADIN HOTEL'.

TUESDAY, FOURTH DAY, JUNE 27 - Las Vegas at Leisure

Enjoy the 24-hour City of Las Vegas . . . the Entertainment Capital of the World! The action at the casinos goes round the clock, and the lounges and showrooms offer spectacular extravaganzas from Paris, London, New York and Hollywood far into the wee hours every night. Excitement and fun are in the air . . . top talent entertains in the luxurious surroundings everywhere you turn in Fabulous Las Vegas! DICK BENSEK

It's hard to tell from the outside what sort of quality is to be had on the inside when it comes to choosing eggs. The main thing about eggs is their freshness (or the freshness at the time they are cold-storaged). Contrary to popular opinion, there is no difference between white eggs and brown eggs. Yolk colors may also vary without regard to quality.

Commercial eggs are graded U.S. Extra (Grade A); U.S. Standard (Grade B): U.S. Trade, which are useful where flavor is not important. Large, medium, or small eggs vary widely in price according to the quantities which come on the market.

The flavor of food is important to us. Enjoy delicious luncheons and dinners at DANISH INN, 32305 Grand River Ave., 476-5320. We feature a number of Danish dishes and four of our most popular entrees are Roast Prime Rib of Beef, Dover Sole with Almondine. Viking Sword and the Danish Inn Special, Frikadeller.

HELPFUL HINT: Top grade eggs have large, dark, highly curved yolks, wellcentered in thick white and little air space in the egg.

DUNLOP BRINGS YOU THE NEWEST "78" SERIES PROFILE WITH ADVANCED TREAD DESIGN IN 4-PLY POLYESTER CORD CONSTRUCTION.

Dunlop has married smooth-riding, full 4-ply polyester cord construction to the most modern tire configuration -- the low, ground-hugging "78" Series profile that gives stability and control and long mileage. Dunlop pioneered this Optimum Profile wide-tread design, proven best for performance and long wear. The Sport's wide, flat, 7-rib tread provides up to 14,420 biting edges to give you fantastic grip. On wet pavement, tread grooves provide free water passage to prevent aquaplaning, and traction slits squeegee your path through the moisture film that remains.

Assuming you've read a few cycle magazines and picked up a few brochures from dealers, and know what bike you want, the next thing you do is select a

There are several considerations in selecting a dealer. But primarily choose one with a good service department. Let's face it, the bike you buy will need some work done eventually that may or may not be covered under warranty. If it's warranty work you want a dealer who can repair the bike needs repair out of warranty, you want a dealer who can do the job, as inexpensively as possible with as little waiting while the bike is out of commission. Thus, a small shop in a large dealership can mean a six month wait while your bike is being repaired. Word gets around concerning the reputation of a dealer. Check with owners of your brand of bike as sources of

Motorcycle prices are not as flexible as automobile prices so there is not going to be a whole lot of dickering or price differences between dealers.

Don't be fooled by a "low ball" deal. That's an intentional low price thrown at you by a dealer to

THE USED BIKE

Before you buy any bike, shop around. Don't get anxious, if you do it could be a bad purchase.
With patience, common sense and planning, buying a bike can be a happy experience.

Inspect a grease fitting. Remove the plug and look inside the hole. If it's dry, the owner probably didn't maintain the bike properly. A dry battery can be an indication that the bike wasn't "loved" by its previous owner. Just because the bike looks chromed and flashy doesn't mean it runs well. Look for small shiny pieces of metal suspended in oil, this usually means excessive wear. get you back in his showroom after you've shopped around. A low ball usually means that set-up fees, freight, accessories, license and taxes will cost you extra, beyond the original price quote. Responsible dealerships won't try this. If you're victim to one of these sales pitches, watch out! If you still want to deal with the guy, that's fine, but don't start crying when the same guy won't follow up on his warranty claims, or other problems creep up later. If he's anxious to make a better than average profit on a bike sale, he probably is cutting corners or inflating prices in the repair shop and parts department.

Another consideration in your bike purchase is insurance. Check around for the cost of bike insurance. If you own an auto policy, go to that agent. You could make a better insurance deal on your own rather than going through the dealer. Just as your insurance salesman makes a commission on your insurance purchase, a motor-cylce dealer probably gets his commission for pushing a particular insurance company.

If you buy a bike from a private owner, buy a recent model. A very old bike will cost you money on repairs. Current parts and availability of discontinued parts are a consideration when buying an old bike. Try to keep your shopping to the four-year or newer bike.

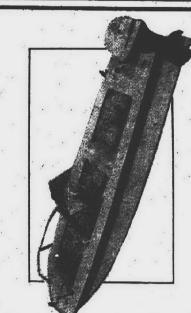

Buying from a private owner can be the cheapest way of purchasing a bike. But it can mean costly repair bills later. Buying from a dealer can cost more money initially but might be a better deal. A dealer often will warranty a used bike or has replaced worn parts on the trade-in you're about to buy.

Everything mentioned in the purchase of a new bike can be applied to the purchase of a used motorcycle. In any deal approach

Leave suitcases at home. With all those closets, drawers and bins, who needs a suitcase with rumpled, wrinkled contents? Suitcases are heavy and require more space than hanging clothes in closets. On rough roads, suitcases rattle and bang into interior walls, leaving scuff marks and creating a general nuisance.

•Sleeping bags are more efficient than blankets in recreation vehicles that do not provide easy access permanent beds. One modern sleeping bag will do the job of several wool blankets in cold country. Yet sleeping bags will roll up and pack in less space than the equivalent number of blankets. They're lighter, and campers can "make beds" faster with sleeping bags.

A. Yes. Rent includes any charge, no matter how set forth, paid by the tenant for the use of any property, or for any service in connection with the residence or other real property. The meals, linen service and the use of the recreational facilities are services furnished in connection with the use of the property. Our Society Of Strength **Ownership** Property

The ownership of real property is one of the basic, fundamental strengths of American society, Frank Crosby, executive vice president of the Western Wayne-Oakland County Board of Realtors said. This is evidenced by the fact that nearly seven of every 10 American families own their own homes, a record equaled by few nations in the world.

This desire to own a piece of this great land of ours is growing. Causing the emergence of new forms of ownership. As examples he cited condominium and cooperative buildings which are common in major metropolitan centers, and are being developed in greater numbers in smaller cities and communities.

The area Board of Realtors is currently celebrating Realtor

Week, a nationwide observance May 21-27. The theme of this year's observance is "Sell America First -- Everyday," emphasizing the positive aspects of our society, which includes working toward a solution to its many problems.

One of the days set aside for special note is American Ownership Day, designed to reem-

phasize the underlying theme of the entire week, the advantages of real property ownership, and why it is wise to handle all real estate transactions through a Realtor.

"IN SPITE of these new forms of ownership, and the increasing demand, there continue to be attacks on the concept of single-family home ownership

To Check It's Time Policies

Most people consider a homeowners policy a real advantage in property insurance, says Lucile Ketchum, extension home management specialist at Michigan State University. It combines many kinds of coverage in one policy, and usually at less cost than separate policies.

"A homeowner's policy may pay for your loss if a storm-felled tree ruins expensive out-door paneling." she points out. "or it may pay medical costs if your neighbor takes a header on your ice-glazed pavement.

"These kinds of coverage are common, but check your policy to be sure you have the right amount of coverage -- no more and no less than you need," she says.

in THESE DAYS of soaring construction costs, high crime and liberal awards in liability costs, you may not have as much coverage as you think. Miss Ketchum advises.

If you haven't increased your homeowner's policy coverage in the last few years, for example, you may be insured for less than 80 per cent of the value of your house. This means you'll be in for a substantial loss if your home is destroyed by fire. One way to be sure your coverage never dips below the value you want is 'inflation guard endorsement" which automatically hikes both your premium and coverage. The premium and coverage would increase about five per cent in an area where home prices rise four to eight per cent per year.

When you review your coverage, remember to check the contents of your home, too. If you've added furnishings or other property, make a record and keep the details in a safe deposit box.

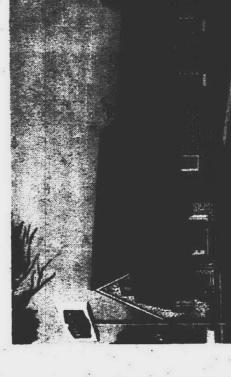

Jewels and furs may need to be covered separately under "scheduled articles endorsements." The premiums on these vary by location and by the kind of article -- costs are higher for goods that are more likely to be lost or stolen.

Realtor... Call Your

He Sells America Daily

Because Realtors believe in emphasizing the positive aspects of America and because this year provides an excellent time to invest in property. "Call Your Realtor. He Sells America First -- Everyday." is the theme for the 1972 observance of Realtor Week, Realtor John H. Hussey, president of the Western Wayne-Oakland County Board of Realtors, announced.

Realtor Hussey listed also the schedule of events through Saturday. May 27, as members of his board join about 100,000 Realtors nationwide in calling attention to the positive attributes of our country and the services rendered by Realtors.

"We have heard enough of the cynicism and unfounded complaints about America and our free enterprise system." Realtor Hussey said. "We have read and listened to a variety of

cial qualifications who is a member of the National Association of Real Estate Boards and one of the 1,600 constituent boards. We foresee a banner year for anyone buying, selling, or investing in real proptive theme. Realtor Hussey explained that a Realtor is not just "anyone in real estate, but one who subscribes to a strict code of ethics. AFTER DISCUSSING why

"As a Realtor," he continued, "he is someone with spe

the professionalism which has become synonomous and ex-pected by the public.

"We know of the problems which exist, but rather than complaining or tearing down a system without a responsible new method, we are trying to improve where changes are required.

"Whether it be in such areas as obtaining improved housing for low-income Americans, or cleaning up our environment. Realtors are taking steps which will benefit all Americans," he concluded.

Good Time Now Is To Sell "Existing homes can be expected to sell readily in the immediate months ahead." Realtor John H. Hussey, president of the Western Wayne-Oakland County Board of Realtors, said in commenting on information discussed during the May directors meeting of the National Association of Real Estate Boards (NAREB).

More than 1,500 Realtors from across the nation attended the annual gathering in Chicago.

June, July and August rank above all other months in volume of transactions, according to Hussey. "May, in consequence, is an excellent month to list a home on the market.

"In addition, mortgage credit is expected to be readily available, with a variety of terms to match borrower needs. There is some possibility that mortgage interest rates may move up in the fall," he continued.

The Western Wayne-Oakland County Board of Realtors is one of 1.600 state and local groups of the National Association of Real Estate Boards (NAREB).

Property taxes, according to a recently published report by the NAREB Department of Research, have grown much faster than federal taxes, and have far outpaced the growth of the Gross National Product.

The report cites a host of local expenditure items which contribute to this trend, but notes that "much of the recent rise in local spending and taxation is directly attributable to the accelerated costs of public education. If new sources or revenue for school districts are not forthcoming, then the future prospects for property tax relief are doomed."

The research project was initiated by the NAREB Tax Study Committee under the chairmanship of John Cotton, San Diego, and completed under the chairmanship of Charles P. Landt, Raleigh, N.C.

The main thrust of the report is to inves-

tigate alternatives to the property tax with an eye toward abating the growth in property tax burdens.

Among the alternatives discussed are taxes on sales and income, service charges, state and federal revenue sharing, and state assumption of selected local functions, particularly the people-related services of welfare and education
