PEA Gets New Financial Offer

The Plymouth Education Association (PEA) has received a new financial offer from the Board of Education. The offer, which was presented to the PEA on Friday, Sept. 1, is a significant improvement over the previous offer. It includes a 10 percent increase in salaries for the 1972-73 school year, a 5 percent increase for the 1973-74 school year, and a 5 percent increase for the 1974-75 school year. The offer also includes a 10 percent increase in the cost of living allowance and a 5 percent increase in the cost of health insurance. The PEA has accepted the offer, and the Board of Education has agreed to implement it. This is a significant step towards resolving the contract dispute between the PEA and the Board of Education.

PEA, Board Enter Weekend Still At Odds Over Contract

By FRED DELANO

Willingness to bargain throughout the weekend and even on Labor Day in an effort to reach a contract settlement between Plymouth teachers and the Board of Education was expressed by both sides Friday.

While that was the "good news," the "bad news" was in the final paragraph of a statement from Bill Heath, president of the Plymouth Education Association to which the teachers belong. He stated:

"It would be most difficult for the Plymouth Education Association bargaining team to recommend that teachers begin the 1972-73 school year without the protection of a master agreement."

The inference is that unless a deal is reached before the general meeting of all teachers at 8 a.m. Tuesday in the high school, the membership of the PEA is not likely to recommend that they go to their jobs.

All teachers have been advised of that meeting. Normal procedure, if they express a willingness to work, calls for their then reporting to their assigned buildings to prepare for the opening of school.

CLASSES FOR the district's lowest students scheduled to begin Thursday morning, and the administration is proceeding on the assumption that will. However, all was in readiness at 9 a.m. and at a committee meeting the morning after, after the teachers voted against working after a three-day contract.

As a result, schools didn't open until their three-week strike ended.

Although the PEA cites a number of contract issues which still must be ironed out, the major problem is the economic one of salaries. George Lawton, president of the school board, defined it Friday in these words: "Money for teachers is the issue, not money for kids."

A "crisis team" of two men from the Michigan Education Association met with board members, administration bargainers, Supr. John Hoten and PEA officers Thursday, but there was no indication they had brought the two sides any closer together.

The MEA representatives were Don Landry, of Farmington, and Jack Frazer, of Southgate, both of whom are high school teachers in those two systems. They reported on a conference and their observations.

The PEA, represented in negotiations by Roy Homer, John Brown, Billy Carter and Heath. The administration is represented by Norman Kee and Earl Caplan, with board members sitting in on the bargaining talks as observers, but not direct participants.

THE LATEST statement released by Heath, a demand of the PEA's.

The Plymouth Education Association further said in reports that negotiations with the board of

the school board have been extremely difficult. Mediation, Wednesday, through the efforts of Thomas Badoold, state mediator, resulted in no movement on the part of the school board team.

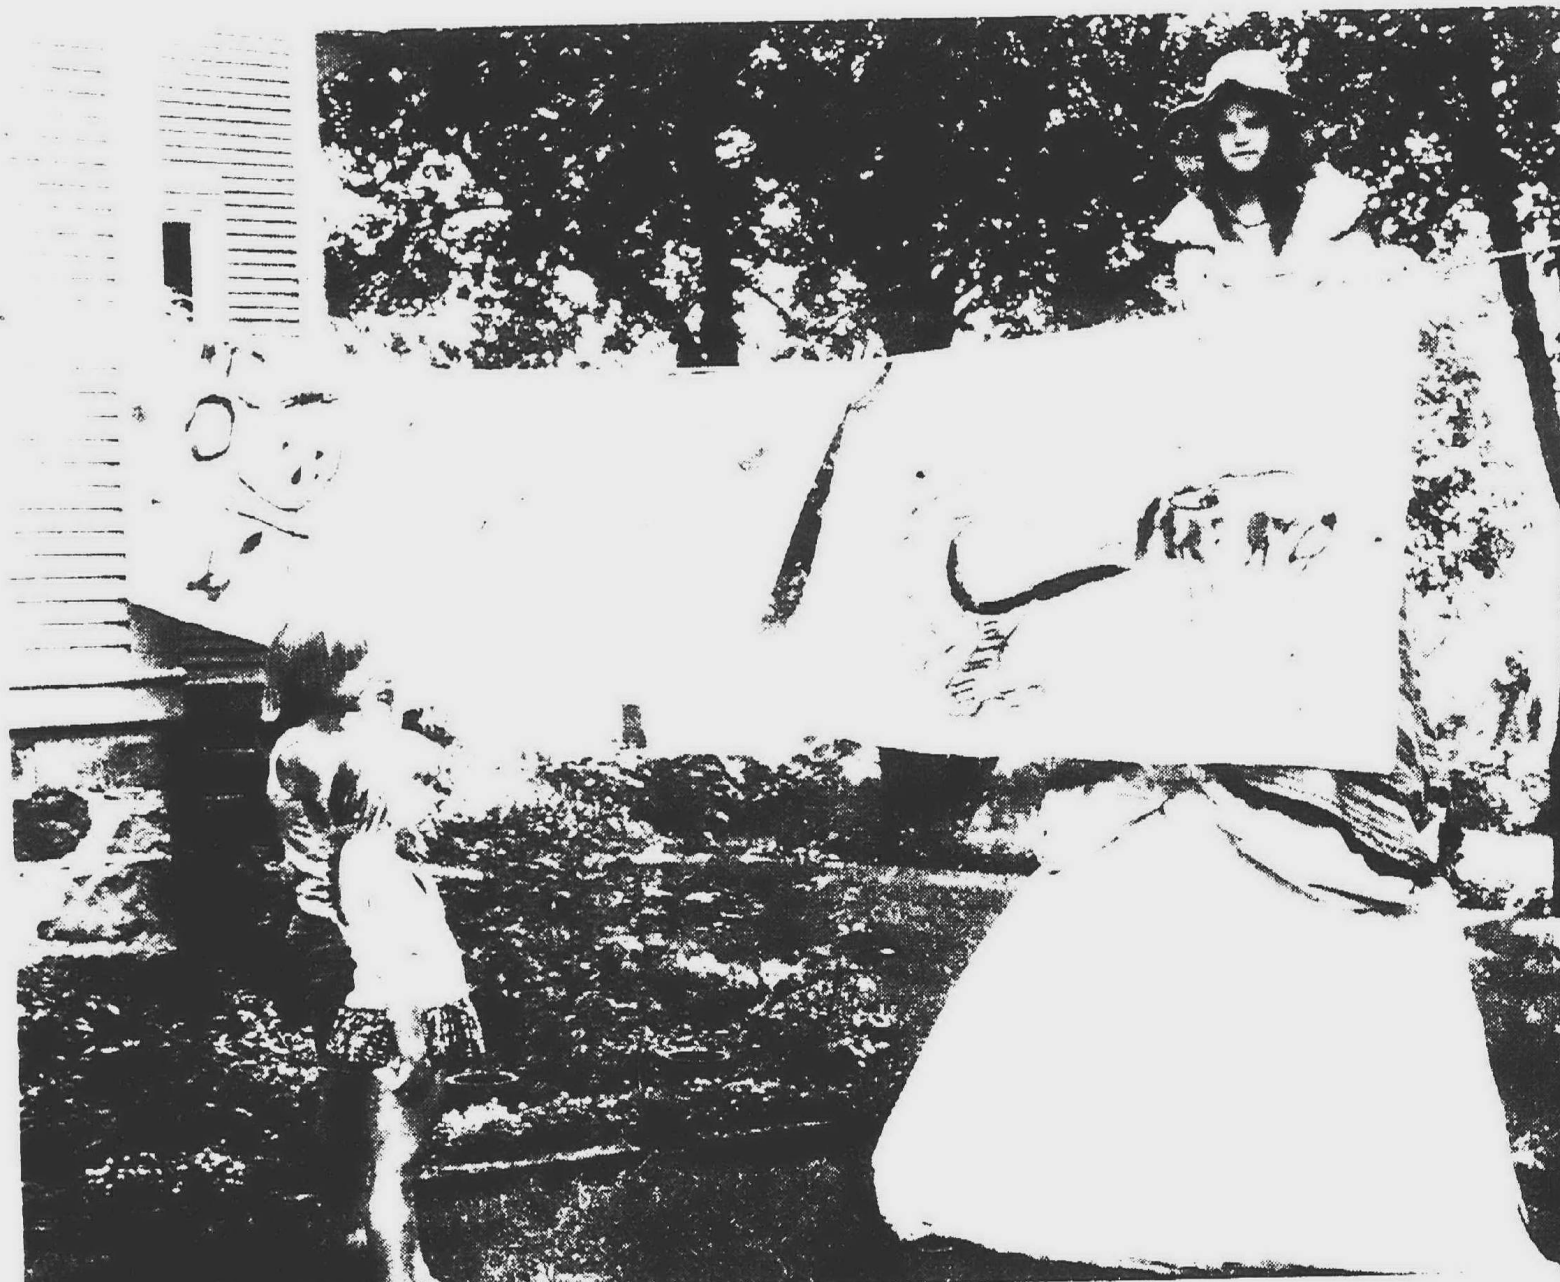

The PEA team will meet with their teachers Tuesday, Sept. 5, where they will present the board all of the facts relative to negotiations and the master agreement. At that time, it will be up to the teachers to decide whether or not they will accept a number of possible courses of action, with the board.

Following free discussion of the possible alternatives, the teachers' group will direct their negotiating team on the course of action they feel is necessary.

The PEA is a 10,000-member organization, and the board is a 10-member organization. The board is the governing body of the school system, and the PEA is the bargaining agent for the teachers.

It would be most difficult for the Plymouth Education Association bargaining team to recommend that teachers begin the 1972-73 school year without the protection of a master agreement.

According to the PEA, the board's offer is a 10 percent increase in salaries for the 1972-73 school year, a 5 percent increase for the 1973-74 school year, and a 5 percent increase for the 1974-75 school year. The PEA is not willing to accept this offer.

KAREN ANDERSON, a young girl, is seen in the foreground, looking at the sculpture. In the background, other children and adults are gathered around the sculpture, which is a large, light-colored, abstract piece of art. The sculpture is made of many small, light-colored pieces, possibly stones or shells, arranged in a circular pattern. The sculpture is located in a park or a public area, and there are trees and bushes in the background.

Centre School Chapter is shown to submit items for show or sale must take them to the Centre school, 1000 W. Main St., between 10 a.m. and 5 p.m. Friday, Sept. 7. Bob Fritz photo.

New Glitter Is Added To Festival

The Plymouth Fair, which is held annually in the town of Plymouth, Michigan, is a popular event for the community. This year, the fair is being held from September 1 to September 7. The fair features a variety of activities, including games, rides, and food. In addition to the traditional fair activities, there is a new addition to the festival: a sculpture exhibit. The exhibit is located in the Central School Chapter, and it features a variety of sculptures made by local artists. The sculptures are made from a variety of materials, including wood, stone, and metal. The exhibit is open to the public from 10 a.m. to 5 p.m. on Friday, September 7. The fair is a great way to spend a day with the family, and it is a great way to support the local community. The fair is held in a beautiful setting, and it is a great way to enjoy the outdoors. The fair is a great way to spend a day with the family, and it is a great way to support the local community. The fair is held in a beautiful setting, and it is a great way to enjoy the outdoors. Teacher Strike Must Be Avoided

LET'S TALK about the results of the 374 teachers of the Plymouth Community School District taking a strike vote when they assemble for the first time this academic year at 8 a.m. Tuesday in the high school auditorium.

This is a request for an intelligent professional group of adults who have as much right as any to stay away from a business economically.

They are a loved one district which is recognized as one of the best in Michigan, attested to within the teaching ranks by the fact that Plymouth this year had more than 3,000 applications for the 40 to 50 teaching jobs open.

Their union, the Plymouth Education Association, has as its adversary across the bargaining table exactly the gutsy Board of Education PEA membership wanted, endorsed and campaigned for — five of the seven members having been PEA election choices in 1971 and 1972. They are John Graves, Fred Penar, John Ohno, Marda Benson and Gary Mirto. So how come, you may ask, aren't these five members pushing for a board decision to give in to PEA contract demands?

FRANKLY, MY FRIENDS, we have a pretty doggone good school board. Their willingness to stand up and be counted — and that includes George Lawton and Carl Berry, too — and to hold the line as they see fit

is a character trait which the PEA must have admired in the first place.

Interestingly enough, it also is a board which is much more teacher and classroom oriented than the entity of a few years ago which had the uniform face of a corporate executive.

Plymouth teachers are not being cheated in the wage offer the board's negotiating team has been authorized to extend.

What it boils down to is that the teachers presented original demands that included a 16 percent average pay raise and now have pulled back to 11 percent, which still leaves a big gap between that and the board's offer. That's where they are mired with school due to open Thursday.

LET'S BE BLUNT: A 1972 strike by Plymouth teachers would be an absolute disaster to this

community. Not only would it be a tragedy for the present, but a tragedy of the future as well.

We implore the PEA membership, if no agreement has been reached on contract terms by Tuesday morning, to show a roll call willingness to go to their jobs on schedule and prepare for the orderly enrollment of 10,800 children. Let negotiations continue, but please disregard that traditional labor union cry: "No contract, no work."

Equally, the school board must do everything possible to reach accord within the financial resources available. In any event, school must open on time.

We all know that in the next few years we are going to have thousands more students in the Plymouth system. We must build more schools, hire twice as many teachers, pay increased bills for heat and lights and in general prepare for a school budget that will make today's look insignificant by comparison.

This is going to mean bond and millage elections in which our teachers themselves must be the first to recognize the necessity of an enlightened, cooperative citizenry.

The bitter taste of the '69 strike slowly has been erased. A repetition now would doom citizen cooperation for years to come and must be avoided — not at any cost — but by sensible compromise of which we know the parties in this dispute to be capable.

COTTONTAIL RABBITS
AND
SNOWSHOE HARE

A special feature of the festival is the display of cottontail rabbits and snowshoe hares. These animals, which are native to the area, will be on display in a special exhibit. The exhibit will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

SQUIRRELS

A special feature of the festival is the display of squirrels. These animals, which are native to the area, will be on display in a special exhibit. The exhibit will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

Festival Sparkles
With New Events

Continued from Page 1A

The American Association of University Women will distribute brochures describing some of the local homes, and churches displaying varieties of period architecture. Visitors and long time residents alike can use this free reference guide in conducting their own architectural tour of the Plymouth area.

The AAUW also will serve as a resource and information center for the festival and the community.

The League of Women Voters has expanded its public information table to include a display of local history and a display of local art.

A special feature of the festival is the display of local art. This exhibit will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

STILL ANOTHER new event will be WSDP's live radio broadcast from a local home during the festival. The student broadcasters will also sell food and beverages to help finance their community radio station.

Other new and unusual events for sale this year include a windshield washer, a car stereo, a boxed lunch and a display of local art.

Youth Inc. will sell corned beef sandwiches and lithographs of the city of Plymouth and of vintage automobiles. The Washtenaw County Medical Assistants Society will offer an array of economical arts and crafts to raise money for its service projects and scholarship fund.

The Plymouth Optimist Club will hold its 11th annual art show with prizes for the best, smallest, cutest and most unusual animals in front of a portable stage on Saturday morning.

As in the past, the Optimists will sell helium-filled balloons and the YMCA will repeat its popular date paint art booth.

The Teenage Republicans hope to combine earnings from this and last year's campaign to finance a trip to Washington, D.C. And the Plymouth High Rockettes are again prepared for a soaking wet, well-aimed pitchers hit the target of their dunking contest.

These combined with the largest number of food concessions ever, should keep the festival a Kwans members extravaganza.

Two more events are planned for the festival. The first is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The second is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The third is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The fourth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The fifth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The sixth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The seventh is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The eighth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The ninth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The tenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The eleventh is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twelfth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The thirteenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The fourteenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The fifteenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The sixteenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The seventeenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The eighteenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The nineteenth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twentieth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-first is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-second is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-third is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-fourth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-fifth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-sixth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-seventh is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-eighth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The twenty-ninth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The thirtieth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The thirty-first is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The thirty-second is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The thirty-third is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The thirty-fourth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

The thirty-fifth is a "Plymouth Area" exhibit, which will be open from 10 a.m. to 5 p.m. on Saturday and Sunday. Admission is free.

WELL KNOWN PLYMOUTH ARTIST Mrs. Eugene (Johnnie) Crosby shows an original plastic collage in water colors which is one of 15 paintings she will display at the PCAC arts and crafts show to be held Sept. 9 and 10 at Central School in conjunction with the Plymouth Fall Festival. A graduate of Cornell University, Mrs. Crosby is now working toward a degree in art at Wayne State University. More than 40 other Michigan artisans will have their works on display during the Fall Festival.

Plymouth Brevities

DEMOCRATS OF the Plymouth area will kick off their general election campaign Sunday with an open house at their new headquarters, 750 S. Main.

Marvin Stempfen and Robert Dwyer, congressional and state representative candidates respectively, plus Plymouth and Northville Township candidates will head this gathering of the clan.

The open house will get under way at 4 p.m. and will include refreshments. An invitation to Amy Gen Frank Kelley also has been extended.

ST. KENNETH Catholic Church Ladies Bowling League is seeking bowlers and substitutes for a Wednesday morning league which will begin competition Sept. 13.

Each session will start at 9

a.m. and baby sitting service will be available. Those who would like to join the league should contact Mrs. Philip Barbara Bucalo, 41430 Crabtree Lane.

A LABOR DISPUTE which interrupted construction of the new \$15 million Plymouth Community Cultural Center now has ended and City Manager Norman Gaffney says that completion before the end of September is expected.

One of the main features of the structure at Farmer and Theodore will be its indoor ice rink. Originally it was hoped to have the building ready for dedication by the time of the Fall Festival, but an area-wide strike by insulation workers prevented that.

DUPLICATE BRIDGE enthusiasts are continuing

their Friday night games in the meeting room of Dunning Hough Library. Play starts each week at 8 p.m. and newcomers are welcome at any time. National rating points are awarded as prizes and the playing fee is \$1.50.

Last week's winning pairs were Bill and Betsy Tullis for the north-south hands and Mike Conti and Fern Hudyma, east-west. Other scoring leaders included John and Arveda Mach, James and Dorothy LaCourse, Ken and Carolyn Zeckman and Lynn Yoshikawa with Marge Stevens.

REQUESTS FROM other governments to borrow Plymouth's portable band shell indicate that this is the only one of its kind in the area. Southgate is one community which wants to use it and so does Livonia.

The Livonia occasion will be for a "Music Under the Stars" program being arranged for Sept. 21 and Sept. 27 by the recreation department. Plymouth's City Commission has approved loaning the unit for \$50 a day plus costs.

PLYMOUTH JAYCEES have asked local professional and business leaders for help in defraying the cost of the aerial fireworks display which was staged as part of the Fourth of July pageant.

The city government gave a \$100 contribution for this purpose recently, recognizing that the week-long program of the Jaycees to celebrate the nation's independence is not self-sustaining.

Bridge Group
Seeks Players

PLYMOUTH The Plymouth Symphony League is sending out a last call for bridge players.

There are five openings in the evening ladies singles group which begins play this month.

Anyone interested may call Charlotte Henley, 11425 Cedar Lane, Plymouth, who is chairman of the round robin. Proceeds go to the support of the Plymouth Symphony Orchestra and prizes are awarded in the spring to winners of the individual groups.

School Tax Rate
Goes Up To \$33

The Plymouth Board of Education has officially set its operating and debt retirement tax levy at 33 mills for 1972-73. It means \$33 tax for each \$1,000 of state equalized valuation.

The levy is just 0.45 mill, or 45 cents per \$1,000, over last year's levy of 32.55 mills and will bring in an estimated \$8.2 million.

Of the levy, 27.05 mills will be for operations, compared to 26.30 last year. The debt retirement levy is 5.95 mills compared to 6.25 mills last year.

THE SCHOOL BOARD deferred action on the 1972-73 budget primarily because the teachers' contract bargaining is incomplete.

The district expects to get \$11 million in its general fund through local taxes, state and federal grants, and miscellaneous sources.

It expects to receive \$2 million in state aid as well as state and federal funds for transportation at \$150,000, special services at \$193,000, vocational education at \$22,000, court-placed children at \$2,500, Title I funds at \$40,000, GUIDE at \$18,000, driver education at \$18,000.

and part-time residents \$11,000.

Local income will include \$5.2 million in taxes, \$300,000 in delinquent taxes, \$12,000 interest on delinquent taxes, \$7,000 summer school, \$2,000 in tuition, \$48,000 interest on investments, \$3,500 from continuing education, \$50,000 recreation receipts, and \$12,000 from miscellaneous sources.

The district projects a student enrollment of 10,800.

3-Dimensional
Maps Produced
By Computer

One of the newest uses of the Michigan State University Computer Center is the production of three-dimensional maps. The maps, which show such data as elevation, rainfall and land use, can be obtained in a variety of sizes and at a fraction of the time needed for the production of such maps by hand.

THE SCHOOL BOARD deferred action on the 1972-73 budget primarily because the teachers' contract bargaining is incomplete.

The district expects to get \$11 million in its general fund through local taxes, state and federal grants, and miscellaneous sources.

It expects to receive \$2 million in state aid as well as state and federal funds for transportation at \$150,000, special services at \$193,000, vocational education at \$22,000, court-placed children at \$2,500, Title I funds at \$40,000, GUIDE at \$18,000, driver education at \$18,000.

The Plymouth Board of Education has officially set its operating and debt retirement tax levy at 33 mills for 1972-73. It means \$33 tax for each \$1,000 of state equalized valuation.

NOTICE OF PUBLIC HEARING
SALEM TOWNSHIP

A public hearing will be held by the Salem Township Planning Commission at 8:30 P.M., Sept. 26th, 1972, at the Salem Township Hall, 42350 Ann Arbor Road, to hear a request from Mr. and Mrs. Alex M. Kowalski for a zoning change of property owned by them from agricultural to residential. The property is located at the intersection of the Salem Township Road and being a part of the NE 1/4 Sec. 25 T. 15 N. R. 10 E. Washtenaw County, Michigan.

Miscellaneous Job Wages Are Boosted

PLYMOUTH
The Plymouth Board of Education has approved salary increases for miscellaneous jobs in the district, including crossing guards, educational aides and substitute secretaries.

Crossing guards will get \$2.50 per hour compared to \$2.30 last year, substitute secretaries will get \$2.35 compared to \$2.25, and cooperative occupational training students will get the same salaries as last year ranging from \$1.65 per hour for the first semester of work to \$1.95 for the fourth.

Educational aides will get \$1.90 for the first year compared to \$1.80 last year, \$2.05 with one year experience and principal's recommendation compared to \$2, \$2.20 with two years compared to \$2.15, and \$2.50 for three years compared to \$2.40.

Teachers who supervise during lunch hours, supervise the playgrounds or buses will earn \$4.50 per hour. Citizens performing these tasks will get \$2.20 the first year, \$2.35 the second, \$2.45 the third, and \$2.60 the fourth. This scale is the same as last year.

AUTOMOTIVE CLASSES in Plymouth high schools will have a new Chevrolet station wagon to work on this fall, a gift of the General Motors Plant City Committee. Supt. John M. Hoben (left) looks over the gift with Walter O. Muller, GM committee chairman and manager of the Chevrolet Spring & Bumper plant on Eckles Rd. This was one of 640 vehicles being shipped to Florida.

dealers damaged by floods caused by Hurricane Agnes. GM planned to scrap the cars, which show signs of only minor water damage, until it came up with the idea of letting vocational classes use them. The cars may not, however, be driven -- only used for classroom work. (Observer photo)

Police Pact Still Under Negotiation

PLYMOUTH
Although there still has been no settlement of the contract dispute between the Plymouth Police Officers Association and municipal administration, several city commissioners have expressed the belief privately that agreement can be reached without going to an arbitration panel.

Picketing of City Hall by the officers proved to be a two-day flurry of off-duty activity, and there has been no repetition since Tuesday.

William Silvis and Beverly McAninch, who have represented the commission in bargaining talks, emphasized their continuing willingness to renew negotiations "at any reasonable time in order to reach a satisfactory settlement."

Meanwhile, both sides also have begun the legal procedures necessary to put the issues before a state arbitrator if their talks at the local level prove fruitless. There has been no work stoppage by the officers, and none is contemplated.

'Y' Gets New Headquarters

The Plymouth Community YMCA moved its headquarters this weekend to the former First United Methodist Church building.

The new location is on the second floor of the former church at 670 Church Street.

The YMCA for the past eight years has occupied quarters at the Plymouth Community Federal Credit Union on S. Harvey.

Director Tom Griffin said the YMCA employment service and general business program will operate from the new location.

Estimate New School Needs At \$17 Million

PLYMOUTH
Within four years, Plymouth School District will need five new elementary schools, one middle school, completion of Plymouth-Canton High School

and rehabilitation and site acquisition estimated at a total cost of \$17 million.

These projections were relayed to the school board recently by Supt. John Hoben. Hoben quoted a study made by Charles Wells Jr., school planning consultant for the Wayne County Intermediate School District.

Five more elementary schools would bring Plymouth to a total of 15 and would cost an estimated \$9.1 million. At an estimated cost of \$4 million, a middle school would bring the district's total to five.

Another \$3 million is estimated as the cost to

complete the second high school on the Centennial Educational Park, and \$380,000 would be needed for building rehabilitation and site acquisition.

Wells' study also estimates the district's needs from 1978 to 1982 at reaching \$32.2 million. This includes five more elementary schools (bringing the total to 20) at an estimated \$11.6 million, one middle school (totaling six) at \$4.7 million, and a third high school projected at \$15 million. Additional rehabilitation and site acquisition will cost an estimated \$854,500.

Food Habits Formed Early

Research at Michigan State University's College of Human Ecology indicates that children learn their food habits as preschoolers from their parents, and that the foods they favor during these early years are the ones they will continue to favor as they grow older. The research emphasizes the importance of training children to eat nutritious foods early in life.

IN COMMAND -- Staff Sgt. Robert Sparks, a member of the famed Green Berets and an 18-year army veteran, is the new commander of the Army Recruiting Station at 819 Penniman, Plymouth. Sparks, who served two years in Vietnam, worked in recruiting offices in Pontiac, Farmington and Livonia before being assigned to Plymouth. He and his wife, Barbara, also an army sergeant, are taking up residence in Plymouth. (Observer photo)

Stempien Spends \$3,000

State Rep. Marvin Stempien (D-Livonia) ran up expenses of \$2,997 as he won the Democratic nomination for Congress in the 2nd District.

That accounting was made on his personal campaign expense report filed with the Wayne County Elections Division.

The candidate said his only committee in the primary was Citizens for Stempien, whose treasurer was Casimir Sitko of Livonia. At midweek, the committee had not yet filed a report.

The personal report also showed Stempien received contributions of \$275 -- including \$200 from Livonia Councilman Jerry Raymond and \$75 from Gregory Stempien, his brother.

Congressman Marvin Esch, unopposed in the Republican primary, filed his report last week.

Here are some clever things to say when the party is dull, the most expensive way to celebrate your wife's birthday is to not get her anything at all. One of the nicest things about the future is that it comes a day at a time. Most of what does not get done in this world is caused by time flying, clocks running -- and men standing. A short cut method of learning to dance the Watusi, tie your shoe laces together and do the fox-trot. If you want to know something, says the old Chinese proverb, ask the young for they know every thing.

New Teachers Attend 2-Day Orientation

For the past three years, as part of the teacher education program, the Plymouth Community Schools have conducted a two day new teacher orientation session.

Under the direction of Norm Kee, Personnel Director, voluntary orientation affords the teacher who is new to the district an opportunity to become familiar with the Community of Plymouth, as well as the operation and administration of the school system.

The program begins with a general meeting at the East Middle School, where the new staff had an opportunity to meet and receive from Superintendent Hoben and Deputy Superintendent Hogan, Assistant Superintendents Gibson and Blunk, a welcome and some of the goals and expectations of the district. These new staffers also became acquainted with procedures in Payroll, Personnel, Special Services, Special Education and the Tenure Coach program.

The Plymouth Education people. Assisting totally in the program were a number of regular teachers who will be acting as tenure coaches for many of these new people.

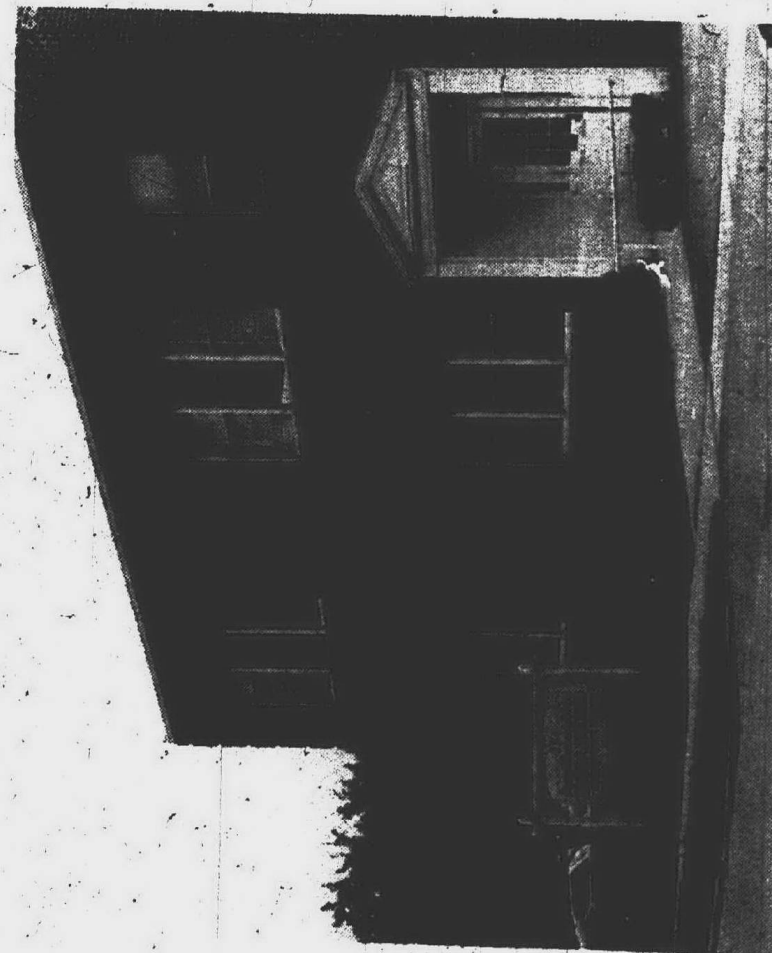

Board Meetings Scheduled

In all-out effort to bring the school board to the people, the Plymouth Board of Education announced a policy of rotating scheduled meetings to all school buildings in the district. Meetings are set for 8:00 p.m. with time clearly reserved on the agenda for citizens to speak to the Board. The schedule is as follows:

September 11	Plymouth Canton High School	February 12	Plymouth Canton High School
September 26	Miller Elementary School	February 27	Gallimore Elementary School
October 9	Plymouth Canton High School	March 12	Plymouth Canton High School
October 24	Fiegl Elementary School	March 27	Bird Elementary School
November 13	Plymouth Canton High School	April 9	Plymouth Canton High School
November 28	Tanger Elementary School	April 24	Farrand Elementary School
December 11	Plymouth Canton High School	May 14	Plymouth Canton High School
December 26	Allen Elementary School	May 22	Allen Elementary School
January 8	Plymouth Canton High School	June 11	Plymouth Canton High School
January 23	Starkweather Elementary School	June 26	Smith Elementary School

10,800 Students Anticipated As Sept. 7 Opening Nears

With the opening of the 1972-73 school year, student enrollment will have increased nearly 600 over last year. This pace is expected to continue at a 5.5 per cent pace between September 1972 and September 1973 as new housing developments and other construction heralds a cycle of rapid growth in the Plymouth community. The district has managed to keep pace with new student housing provided by the opening of Miller Elementary School and Plymouth Canton High School.

BOARD TO OCCUPY NEW OFFICES -- Renovation confines on former Bell Building at 454 S. Harvey in preparation for mid-September move.

Superintendent Hoben Looks To New School Year

As we move toward the 1972-73 school year, we shall make every attempt to improve the quality of instruction and organization in the Plymouth Community School District.

The Plymouth Community enjoys the enviable reputation of having one of the finest teaching staffs, educational programs, and educational facilities to be had. The support staff of custodians, transportation, clerical, and cafeteria employees is of similar quality and performs in a like manner. We are indeed grateful for their contribution and the support and effort this community makes toward quality education.

Although we are operating on a restricted budget which reflects serious cut backs, we have attempted to maintain the integrity of the instructional budget with cuts being made primarily in Capital Outlay, Delayed Maintenance, Operations, and in areas which do not immediately affect the student.

We are operating two new

Opening School Schedule

The Plymouth Community School District will open two new buildings this fall which will increase the total to two high schools, three middle schools and ten elementary schools. In addition we will operate Geer and Truesdell which are two room country schools.

The middle schools will operate on an 8:00-2:50 daily schedule and the elementary schools will open at 8:45 for first through fifth grade with the closing time for first and second graders at 3:20 and third through the fifth at 3:30. There will be at the Bird School a variation in that they will begin at 8:40 and end their day at 3:20; which is due to the traffic conditions on Sheldon Road at the 3:30 time. The AF-

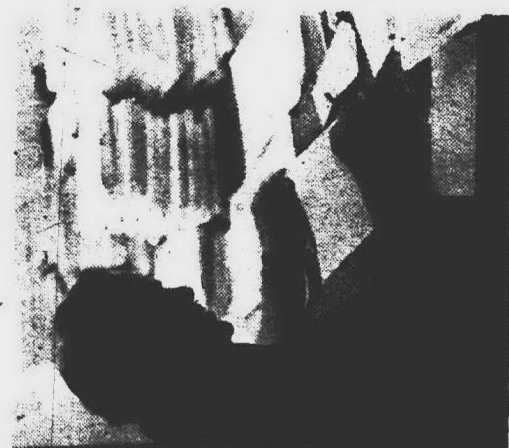

Miller Elementary Ready For Children

Miller Elementary School will open this September with some 500 students in Kindergarten through Grade 5. Miller has a capacity for 660 students to accommodate the rapidly growing Old Plymouth Subdivision on Hanford Road.

Miller School staff and building has the child in mind with learning based upon individual children's interests, needs, enthusiasms and a strong basic skills program. The teaching staff, with well to the Plymouth students new

heart. The center provides in four hundred study spaces for nearly around the center are live teacher centers. The location of these centers will create constant opportunity for student-teacher conferences. Individualizing instruction requires that opportunities for student-teacher meetings be ever present and encouraged.

Canton's attractive lecture theater provides two class meeting rooms which can house 140 students. These facilities will enable teachers to efficiently present material to their classes and many of their classes at Canton.

The new building features many flexible facilities. Moveable walls divide some language, science business education, and art rooms. The attractive cafeteria can also serve school or community meetings.

Three Elementary Schools Renovated

Farrand, Gallimore and Smith Elementary Schools are receiving extensive changes in their physical plants. Monies for these changes as well as new equipment was taken from previously voted Building and Site Funds.

Added to Farrand School will be a 46' x 18' extension to the existing library. This space will allow for a greater number of books and in-

PLYMOUTH Community School News

PLYMOUTH, MICHIGAN

SEPTEMBER 1972

Plymouth Canton High School Opens

The second building on Central Educational Park opens its doors to Plymouth students on September 7. Plymouth Canton High School, constructed to incorporate many modern trends in education, is ready for occupancy as a part of the educational park setting.

Canton will combine with Plymouth, Salem High School to house approximately 3,300 students this fall. The two buildings will operate as one school this year. Students will be assigned a homeroom and most of their classes in one building. Many students will have classes in both buildings and will move back and forth utilizing the facilities of Canton and Salem. Special classes such as Auto Body, Graphic Arts, Radio, Television, Nurse's Training, and others will only be offered in one building. This has been designed to bring about a savings to the district in equipping these specialized facilities.

Canton's student body this year will consist mainly of freshmen and sophomores. Students who attended Allen, Tanger, Farrand, Fiegl, and Starkweather elementary schools and will be ninth or tenth graders this year will be enrolled in Canton. In addition, about one in four of the juniors and seniors at Centennial Park will have their classes at Canton.

The Canton facility is an educationally exciting building. The building features a two-story learning resource center as its

Administrative Team To Work Together At Centennial Park

Centennial Educational Park will open its Canton facility this fall with a new administrative alignment which includes area coordinators.

Large secondary schools demand an administration calling on the strengths of several people who can function as a unit to provide leadership to the total staff. From this a close relationship between teachers and those involved in leadership roles develops.

Plymouth's commitment to a student program of individualized instruction also necessitates such organization.

The team management plan for Centennial Park incorporates two co-principals and eight area coordinators. Bill J. Brown will have primary responsibilities for the Canton building and will specialize in administrative responsibilities. Kent A. Burkema will handle most aspects of the instructional program and have the Canton building in his charge. Each area coordinator will have

responsibilities in the instructional program, student accounting and attendance. The major intent here is to provide instructional leadership for the staff and at the same time to be able to reduce approximately 3,300 students into smaller units to enable the student to gain identity within the large educational complex. The student will benefit from knowing that someone cares about him and his progress and this will be assured further since each coordinator will work closely with a member of the counseling staff.

The eight coordinators and their responsibilities are:

- Area 1: Jerry Berker -- English and most of the Salem juniors.
- Area 2: Richard Bearup -- business education and cooperative education. Mr. Bearup will have some students from each grade level at Salem.
- Area 3: Ken Jacobs -- art, physical education and special education. Mr. Jacobs will be responsible for student accounting on all freshmen in Canton.
- Area 4: Jerry Morris -- foreign language and social studies, plus all juniors and seniors in Canton.
- Area 5: David Oppe -- mathematics and all sophomores at Canton.
- Area 6: Patrick Fitzpatrick -- industrial education and home economics. His student responsibility will be for the majority of the seniors at Salem.
- Area 7: James Hagen -- counseling and library supervision, plus the majority of freshmen at Salem.
- Area 8: Fred Meier -- driver education, all sophomores at their student.

NEW PRINCIPALS CONFER -- From left, John Howe, Starkweather, Shirley Spaniel, Miller, and George Dodson, Galimore, discuss plans for coming school year.

4 British Principals Conduct Summer Classes For Plymouth Teachers

During the summer 79 teachers from Plymouth and the surrounding districts spent three weeks at Libster School in the role of students. Their teachers were four English principals from elementary schools in Oxfordshire, an area where exciting new approaches have been developed for education of young children. A wide range of experience was provided by Eleanor Nisbet, principal of 2 year old open plan school in a small riverside town near London; Fred Mérick, who directs a school in a settled rural community near Oxford; Harry Ducker and David Martin who are each responsible for large schools in a rapidly expanding urban environment.

During the entire period Libster school was a lively scene of busy activity as the student's experiences led them to understand something of the theory and philosophy underlying the concept of child-centered education which has made Oxfordshire world renowned. The four visiting

Student Lunch Cost In Schools

The cost of student lunches served in school cafeterias of the Plymouth Community School District during the 1972-73 school year will be 45 cents for middle school students and 40 cents for elementary school students. Plymouth High School cafeteria service includes a choice of numerous ala carte items with the regular lunch costing 55 cents for students. The cost of milk in all schools except Plymouth High School, Geer School and Truesdell School will be 4 cents per half pint carton. The price to be charged for a half pint carton of milk at Plymouth High School, Geer School, and Truesdell School, will be 5 cents. Lunches may be purchased in all schools of the school district except Geer School and Truesdell School -- beginning Thursday, September 7, 1972 the opening day of school. Milk may be purchased at Geer School and Truesdell School.

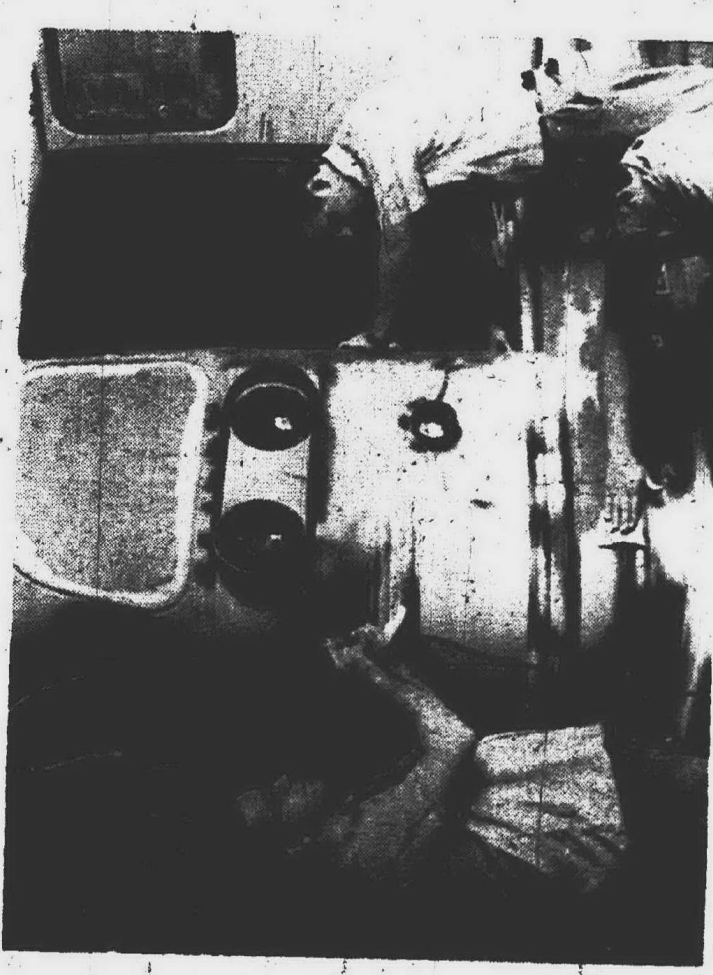

School Farm Adds Exhibit Bus

A new look is coming to the school faculty will select the ten best from their school and each of the ten schools will give the lists to the Jaycees for final selection. There will not be a prize given but credit will be made in the local newspaper.

This year we have retired a fleet bus which will be transformed by volunteers from the Plymouth Jaycees into a farm animal display.

Shown in this picture are Mr. Ken Wambichler, Mr. Carl Glass and Mr. Karl Gansler who are working on the body preparation before the painting takes place.

Members of the Jaycees have designed the interior so that there will be three animal pens and a standing cage for fowl and rabbit exhibits. These are of the demountable variety which will enable the transformed bus to be used for routine farm tasks. The Jaycees, in an attempt to publicize the new addition, are sponsoring a contest to name the farm bus. The children of our elementary schools will be encouraged to submit a name during the week of September 11-18. Each

Shown here from left to right are: Jerry Morris, Fred Meier, David Oppe, Jerry Barker, Patrick Fitzpatrick, Ken Jacobs, James Hagen and Richard Bearup.

A Message From George Lawton, Board President

We approach the 1972-73 school year with enthusiasm and desire to provide a quality education for all Plymouth Community School District children. Many adjustments have been made in the operational structure of the schools to accommodate the millage approval of only Proposition 1 in June. We have made budget reductions in excess of a million dollars and are operating on an austere budget for the 1972-73 school year. Some problems which still plague us are tax suits against the Township Assessor by corporate interest in the District and yet to be resolved negotiated employment contracts.

Looking to the immediate future we see a rapid increase from 11,000 to 22,000 students in the next five to six years. It appears that the District should be building an encouraged and welcome.

Bus Transportation Limits Outlined

Students in Kindergarten, Grade 1 and Grade 2 will be transported to the school they attend if serious hazards exist as determined by school personnel. Students in Grade 3 through Grade 5 will be transported to the school they attend if they reside one mile or more from the school. Students in Grade 6 through Grade 12 will be transported to the school they attend if they reside one and one-half miles or more from the school. These limitations apply to both public and non-public school students. Under normal conditions, elementary pupils can be expected to walk a half mile and secondary pupils one mile to bus stops.

Students and parents desiring transportation information are requested to either obtain the information from neighbors or phone Mr. Robert Houghton, Director of Transportation, at 453-4640. Students and parents residing in new housing developments are encouraged to phone Mr. Houghton.

In view of the fact that the Plymouth Community School District will have more than 236 bus routes and 2,192 bus stops this year, space will not permit us to publish the complete list of all routes and all bus stops. Most pick-up locations on time.

BOARD MEMBERS MEET -- From left, Carl Berry, John Graves, George Lawton, Gary Mirto, Marda Banson, Missing were members Fred Penar and John Ohno.

PHS Band Prepares For Busy Year

The 145 member Plymouth High School Marching Band has just returned from Camp Innisfree where the largest marching band in the school's history has been preparing for the 1972 football season and ultimately, the 94th annual Tournament of Roses Parade in Pasadena, California. The week's activities at the 400 acre camp which overlooks Lake Michigan from the western shore of the Leelanau Peninsula included six hours a day of small section rehearsals, full band rehearsals and marching drills. With this intensive work schedule, it was no wonder that the majority of bandmen spent their hour long recreation period in the morning and afternoon cooling off in the brisk waters of Lake Michigan. Additional recreation hours in the evening included square dancing, movies, treasure hunt, skit night and a trip to the annual fair in nearby Traverse City. The performance highlight of the week was last Saturday afternoon when the 1972 band "put it all together for the many parents, former bandmen and vacationers who came to see an hour long demonstration on the camp's football field. According to Band

Director James Griffith, the performance schedule of this year's high stepping group will be an especially busy one with appearances scheduled at the annual Fall Festival and a district wide Fall Festival, all nine home and away PHS football games, a solo post-game show at the U of M Band Day and finally, the 5 1/2 mile bandmen.

Industrial And Technical Wing To Open At Canton High

The beginning of the new school year will signal the opening of the new Industrial and Technical wing to Canton High School. The Industrial/Technical wing will house twelve new laboratory classrooms designed to expand and broaden career development programs in Industrial Welding, Heating and Air Conditioning, Mechanical and Architectural Drafting, Electricity, Electronics and Graphic Arts, and advanced classes in all Industrial and Technical areas allowing for two-year programs. Several new and unique programs will also be offered for the first time to Plymouth High School students in Industrial Plastics, Auto Body Repair, Metal Fabrication and Residential and Commercial Construction Technology.

Included in the Health Occupations area are classrooms and laboratory facilities for Nurse Assistant and a proposed Dental Assistant Program presently being planned with the assistance of the Plymouth Dental Association. Recent studies completed by the U.S. Department of Labor indicates that by 1980 85 percent of all occupations will require trade or technical training. It is important that career development continue to be an integral part of the total Plymouth School System Program and the Industrial and Technical wing of Canton High School is another step in the commitment of the Board of Education to meet this goal.

Tierney To Write Career Memoirs

By LEONARD POGER

GARDEN CITY
Retiring State Rep. James Tierney, who holds the Garden City record for political longevity, will write about his career in a book to be started next year when he leaves the House of Representatives.

Tierney, 66, has lost only one election in 22 campaigns he has entered. The one he lost was by 91 votes out of 14,000 cast.

"I'll miss the political arena," he said in an Observer interview last week. "It's an arena where people have to be open and above board and have convictions."

Tierney, who has been at the 5633 Arcola address for 38 years, has been in politics as an elected or appointed official for 30 years.

For the past eight years, he has represented the 36th State House District, including Canton Township and Plymouth.

Because of health reasons, the veteran public figure decided to retire when his present term expires Dec. 31.

THE TENTATIVE title of his book will be "Assassin"—a subject in which Tierney has some special and personal thoughts.

It was in the summer of 1957 when he was shot five times by an irate construction firm

owner in a dispute over payment for a police station addition.

Tierney, who was mayor of Garden City at the time, gained national publicity after the shooting.

He was reminded of the near-fatal shooting six years later when President John Kennedy was assassinated in Dallas, Texas.

TIERNEY recalled that in 1959, he was one of the first mayors to join the "Mayors For Kennedy" organization just before Kennedy announced his presidential candidacy.

The threats on the lives of public leaders were raised

again when Tierney, with Democratic presidential candidate Hubert Humphrey on a 1968 campaign trip to Lansing, observed armed security guards on all of the tall buildings along Humphrey's parade route.

Political leaders can't perform their duties to the public without attracting some animosity and hatred of people who won't adhere to the written laws, Tierney said.

TIERNEY recalled that the first political campaign he took part in was also part of a controversy.

It was in 1929 when Tierney was circulating recall petitions against Detroit Mayor Bowles, accused of political graft along with other city officials.

At the same time, Tierney was working for mayoral candidate Frank Murphy,

then a Detroit Recorder's Court judge.

Tierney was threatened by Bowles' supporters to "stop circulating libelous petitions."

TIERNEY wasn't harmed during that campaign, but Detroit radio newscaster Jerry Buckley was gunned down in a downtown hotel lobby by gangsters.

Now, after 43 years of political activity, Tierney admitted that he will find it hard to adjust to retirement after being "on the firing line" for so long.

He said the book on his political experiences will be about his "motivations and others who try to influence government."

"I want to tell the voters about taking an active interest in government — either as candidates or workers for candidates," Tierney said.

"Government won't be any better than the public interest behind it. Bad government comes from a lack of interest."

During retirement, Tierney and his wife will spend the winter months in a Holiday, Fla., home where one of their neighbors will be Glenn Donner, long-time Garden City resident and former postmaster.

THE MORE pleasant memories of his career, Tierney concluded, are the overwhelming victories his home precinct, No. 7, gave him in his last primary and general election.

In the summer of 1970, Tierney outpolled his Democratic primary opponent by a 211-27 margin. In the general election that fall, the legislator piled up a 510-81 margin over his Republican opponent.

NEW RECRUIT—Tim Rybka, 18, recent

graduate of Plymouth High School, has decided to put away his bike, get the traditional shearing and join the United States Army. He leaves Thursday for basic training at Ft. Gordon, Ga., and will go to the military police training school at his personal request. "I'm sort of looking forward to getting my hair cut," he told Sgt. Robert Sparks, a member of the Green Berets who recruited Rybka at the Plymouth recruiting station, 819 Penniman. (Observer photo by Maurie Walker)

Towels Headache For Hoben

PLYMOUTH
Supt. John Hoben threw in the towel last week.

After suffering his estimated ninth defeat on getting a towel service at Plymouth-Salem High School, Hoben said he wouldn't try again.

Hoben said it was about the ninth time in three years that the board had rejected a request to start a towel service at the school. The high school has \$50,000 worth of laundry facilities, but it will take at least \$10,000 to purchase the towels and hire someone to get it started.

THE INITIAL outlay would come from the building and site funds but to keep it operating in subsequent years, the expenditure will have to come from operating funds.

"A health problem does exist," Hoben said of the high school, where students often stuff their towels in the locker and don't take them home to be laundered. He estimated that the school needs 2,400 towels to get it started which have "life expectancy" of 600 commercial washings (about four years).

He said approval of the towel service will "improve the sanitary conditions."

But the board split 3-2 over whether to approve the expenditure, causing the motion to fail for lack of four votes.

Against were Marda Benson and Gary Mirto. Voting for it were Board President George Lawton, Carl Berry and Dr. John Ohno.

Mirto said he wouldn't vote for the expenditure until he knew how much the operation would cost in coming years.

Schools To Add New 5 Teachers

Plymouth School District will hire at least five additional teachers over last year's total of 474, according to Supt. John Hoben.

Hoben said the board has given him the authority to hire up to 19 additional teachers, so he has directed Personnel Director Norman Kee to hire five teachers to take care of the overflow primarily at Gallimore Elementary school and West Middle School.

The board approved contracts this week for six new teachers to replace former teachers in the district.

FOUR TEACHERS at Centennial Educational Park will be Larry R. Deck, industrial arts, BS Eastern Michigan University, nine years experience; Susan L. Esker, computer math, BS Bowling Green University; Christine Matson, business education, BS Western Michigan University, two years experience; and Anthony Monaster, remedial reading, MA EMU.

James H. Burt, who has a BA from University of Michigan, will teach at Miller; May Keder, with a BS from EMU will teach math and science at Pioneer; and Cynthia Zawacki, with a BS from WMU, will teach at Fiegel.

Teachers who resigned from the district effective during August, include Luan Brownlee, elementary at Allen; Herbert Cheney, art at Isbister and Farrand; James Crumbach, music at Pioneer; Elizabeth Hume, second grade at Allen; Millard Hume, music at East and West; Judith A. Peterson, art at Allen and Starkweather; and Carol Wuebblich, Latin and English at Central.

3 Charged With B&E

Two Plymouth youths, along with a Livonia youth, are awaiting arraignment in Wayne County Circuit Court Sept. 12 after waiving pre-trial examination in Livonia on a breaking and entering charge.

According to Livonia Det. Sgt. Bobby Duren, the three are free on \$500 bond set by Livonia District Judge James Mies at their arraignment.

The three youths are Gary R. Randall, 19, of 14509 Huntington Dr., Plymouth; David M. Potts III, 18, of 4185 Wilcox, Plymouth, and Daniel B. Wolvin, 19, of 15101 Hubbard, Livonia.

Duren said the three are charged with breaking into Livonia's Buchanan Elementary School on Aug. 22.

Police say the school's alarm system brought patrol cars to the school at about 12:45 a.m.

The sergeant said that when police arrived, Randall was loading a school business machine in a car while the other two youths handed him items from inside the school.

When the two youths inside the school saw police, Duren said, they tried to get out a door but were caught by police.

According to police, officers found several items from the school in the youths' car, including two typewriters, business machines, two fire extinguishers and an American flag.

TOWNSHIP OF PLYMOUTH BOARD OF TRUSTEES REGULAR MEETING AUGUST 22, 1972

The meeting was called to order at 8:03 P.M. by the Clerk, Mrs. Richardson. All members were present, with the exception of Maurice Breen who was ill. As Supervisor, Breen was ill. Mrs. Richardson said it would be in order to elect a moderator for the evening. Mrs. Holmes nominated Mr. Overholt. Her motion was supported by Mr. Burke and carried unanimously. Mrs. Richardson turned the meeting over to Mr. Overholt who chaired the meeting.

READING, CORRECTING AND APPROVAL OF MINUTES - Regular meeting August 11, 1972. Mrs. Holmes stated that on Page 3 of the minutes there was no mention of what the legal opinion was regarding the addition to the existing fire station. The following legal opinion should be added to the minutes: That the Township did not have ownership of the property now being used as a driveway at the north end of the property, and that such existing easement could expire with a 90-day notice from the owners of the land. Mr. Ash moved that the minutes of the August 11, 1972, regular meeting be approved as corrected. Supported by Mr. Millington and carried unanimously.

READING, CORRECTING AND APPROVAL OF BILLS - Mr. Millington moved that the bills in the corrected grand total amount of \$115,680.29 be approved. Supported by Mr. Ash and carried unanimously.

OLD BUSINESS - G. Remus, General Manager, Water Board Building, Detroit, Michigan, Re: Revenues requirements and rate increase. Mrs. Holmes moved to table this item until the next regular meeting, to await a report from Supervisor Breen and/or members of the Board who will attend the meeting in Southgate on September 5, 1972. Supported by Mr. Burke and carried unanimously.

William O. Cochran, Jr. - Glenview Subdivision - Re: Conduct of persons attending Rock Concerts at Recreation Site on Friday, August 11, 1972 and the methods of supervision. Mr. Cochran appeared before the Board and stated that he had no objections with the young people but was concerned about the noise volume. He stated that he was unable to talk in a normal tone in his own yard, that the windows vibrated and the neighborhood women had trouble getting their children to sleep due to the loud noise. He stated that the concerts were a fine idea, if the noise or volume could be controlled so the residents in the area could enjoy their own homes.

Dale Yagelski, Director of the Youth Center, thanked the Township Board for letting them have the concerts and stated he did realize that there were areas where the concerts could be improved. He stated that the concerts did provide necessary positive activity, and he agreed that Mr. Cochran came to the first concert and that they did evaluate the noise level and they have turned the volume down. He gave a summary of the activities provided by the Youth Center and talked about civic responsibility.

Mr. Cochran stated that last year the concerts were on an experimental basis and he had complained at that time. They then moved the stage and created noise which disturbed other subdivisions. He was of the impression that the concerts were to be allowed this year if the noise level was under control.

Mr. Bida said that last year they had used the Plymouth Community Band Shell, and they had moved it. He stated that if the wind is blowing in the right direction, you would still hear the noise.

mind if a concert would be held on August 25, 1972, with the above stipulation. Glenview residents said this was all right with them.

Mrs. Holmes moved that the request of the Plymouth Youth, Inc. for the additional concert on September 9, 1972, be determined on the basis of their conduct on August 25, 1972. Such determination would be made by the members of the Board and then given to the Township Clerk. Representatives of Plymouth Youth, Inc. should get their decision from the Clerk the following week at the Township Hall. Supported by Mr. Ash and carried unanimously.

Counsel, Edward Johansson, 11731 Turkey Run, Plymouth, Michigan - Re: Daily traffic on Governor Bradford and John Alden roads increased due to gravel trucks traveling to and from new building sites on Turkey Run, requesting "no truck" sign.

The above-mentioned communication was read by Mrs. Richardson. Mr. Bida said that Mr. Johansson had called him, but the Wayne County Road Commission was not happy about putting up such signs. He suggested that someone talk to each of the developers working there and instruct them not to use the roads.

Mr. Burke moved that the Supervisor's office write a letter to each builder in the area stating that no trucks should use the dirt roads off Sheldon Road. Supported by Mr. Ash and carried unanimously.

The AAUW Belonged Earth Study Group, Mary E. Uhl, 725 Arthur Street - Re: Construction of bicycle/walk paths in Plymouth Township to Recreation Site approximately one (1) mile long, from western edge of Plymouth City along north side of Ann Arbor Trail.

Mrs. Mary E. Uhl appeared before the Board and stated her request. She said she had talked with concrete pavers and had estimates ranging from \$5,000 to \$10,000. She stated that the project would be worthwhile and not a waste of money, that it was the Group's desire to use the natural levels and therefor eliminate the need to grade, as would have to be done for sidewalks.

Mrs. Richardson asked if Mrs. Uhl or her group had done thought of the maintenance of these walks, both in the Summer and the Winter. Mrs. Uhl said they had not approached the people, but felt there would be many volunteers for the job. She said they had picked no special spot for the walks, except to the Recreation Site; that she had worked with the City of Plymouth and they were very cooperative and had thoughts of installing bike racks along Main Street, etc. She said her group had walked along the entire area and measured the 60' from centerline, and there did not seem to be any problems. Mr. Overholt stated that the Board had a policy on sidewalks, and this policy should be considered; that eventually there would be paths or walkways within the Recreation Site.

Mrs. Richardson said that sidewalks, walkways and bicycle paths should not be considered an "in large" assessment; as the majority of the Board determined to go on a Special Assessment District. She did not feel that the Board could act on this request. Mr. Burke agreed with Mrs. Richardson.

Mrs. Holmes said the Board cannot use tax money for such a purpose, that this would have to be considered a special assessment, and the sidewalk policy would not permit this. In answer to Mrs. Uhl's question if the policy could be changed, Mr. Ash declared the policy could be changed by a referendum for the people to decide, but that there were not sufficient monies for such an undertaking.

Mr. Overholt stated that due to the present policy, plus the fact that there are not sufficient funds in General Government, this request would have to apply to the policy as stated for special assessment or a possible referendum to the people.

Mr. Ash stated that if enough people want something of this kind, the Board could present a referendum to the people.

to the list requesting liquor licenses. Supported by Mrs. Holmes and carried unanimously.

Helen Richardson - Re: Transfer of funds to overexpended accounts - Mrs. Holmes moved that the Board incur in the recommendation of the Clerk to transfer funds to the over-expended accounts. Supported by Mr. Ash and carried unanimously.

Joe Bida, D.P.W. Superintendent - Re: (a) Requesting bids for Play-ground Equipment at Plymouth Township Recreation Site. Mrs. Holmes moved that the request for bids, as recommended by Mr. Bida be approved, and the date of September 12, 1972, be set to open the bids. Supported by Mr. Burke and carried unanimously. (b) Re: Requesting a policy on installation of outside water meters. Mrs. Holmes moved approval, at the request of the resident, to install a GRS unit at a cost of \$36.00, with an option to pay in full at the time of the request or to pay over a two-billing period. Supported by Mr. Ash. Mrs. Richardson said that perhaps a deadline should be set. It was agreed by both Mrs. Holmes and Mr. Ash to add a six-month period deadline to the motion. The question was called, and the following roll call vote was taken: YEAS: Holmes, Ash, Burke, Richardson, Overholt. NAYS: Millington. The motion carried 5 to 1. Mr. Millington stated that his no vote was because this would be for the Township's benefit and that a lower price would encourage the residents to have this done. (c) Perry Richwines, 41701 Wilcox Road and Donald Sutherland, 41650 Wilcox Road, requesting an extension of sewer on Wilcox Road. Mr. Bida stated that this should be referred to Mr. Hamill. Mr. Overholt requested the Engineer to give a rough estimate of costs for this project at the September 12 meeting.

Residents of Tavistock Drive: Alan and Jane Knaus - Re: Special Assessment petition for installing sidewalk along southeast edge of traffic island located on Tavistock Drive near Joy Road. The above request was read by Mrs. Richardson. Mrs. Knaus commented on the need for the sidewalk and stated that the residents who lived nearest to this spot wanted to put in shrubs and sod, but needed the sidewalk first. She then commented on the hazard to the children in the area. She said that this sidewalk would lead to the school and that over half of the children in the area would benefit from it.

Mr. Dick Kays stated that the problem was there, and that a 6' sidewalk would benefit the entire area. Mrs. Knaus said the area was 51 feet long, 6 feet wide, and a 2' to 3' base would be adequate. There followed much discussion regarding the "Special Assessment" policy. Mrs. Holmes questioned whether this would be making a mountain out of a mole hill, and Mr. Millington agreed. Mr. Burke asked where the Board was to draw the line, as a policy had already been adopted. The Board members discussed whether this was too small a project for the special assessment district. Mr. Burke said the Board would be going against their own policy to deny these people their right to the special assessment district. Mr. Alloway pointed out that this could be done for under \$200.00. Mrs. Richardson said she could not see the expenditures involved in engineering and legal fees for such a small job.

Mrs. Holmes agreed, and said that common sense should also be applied. Mrs. Knaus asked why the Township did not put the sidewalk in, as there should have been a sidewalk constructed at the time the subdivision was platted. Mr. Ash moved that Supervisor Breen be authorized to validate the petition for a Special Assessment District for installing a sidewalk along the southeast edge of the traffic island located in Tavistock Drive near Joy Road. Supported by Mr. Burke. The question was called, and the following roll call vote was taken: YEAS: Burke, Ash, Overholt, NAYS: Holmes, Millington, Richardson. The motion failed, due to a tie vote. Mrs. Richardson moved that this item be tabled until a full Board was present, supported by Mr. Burke. Due to comments from the Board members and request from members of the audience for a special assessment district, Mrs. Richardson withdrew her motion and Mr. Burke withdrew his second. Mr. Ash reinstated his original motion that Mr. Breen implement the provision of the special assessment policy and set up a special assessment district to install a sidewalk along the southeast edge of the traffic island located in Tavistock Drive near Joy Road. Supported by Mr. Burke and carried unanimously.

Breder-Hamill and Associates - Re: Approval of Sanitary Sewer and Water for Daniels property on Ann Arbor Trail near Sheldon Road - Mrs. Holmes moved that the Board accept the Engineer's recommendation and approve the underground sewer and water for the Daniels property on Ann Arbor Trail near Sheldon Road. Supported by Mr. Ash and carried unanimously.

James Griffith, Secretary, Plymouth Township Planning Commission - Re: Action taken at their July 19, 1972, meeting: Stewart Oldford and Sons, Application No. 197. Final preliminary plat of Colony Farms R-U-D-Planning Commission gave preliminary approval. Mr. Morgan appeared before the Board and stated that the Board would have to approve the contract prior to approval of the plat. Mr. Oldford then stated to the Board that the plat was not ready and stated he would have a letter in to the Township requesting a delay until September 12, 1972. Mr. Ash moved that action on this item be tabled until the September 12, 1972 meeting, as requested by Mr. Oldford. Supported by Mr. Burke and carried unanimously. Mr. Oldford requested the Board Members to contact him if they had any comments relative to the contract and would appreciate receiving them prior to the September 12th meeting.

James Gignac, Fire Chief - Re: (a) Volunteer Training - Mrs. Richardson moved that the Board approve the recommendation of Mr. Gignac and employ the University of Michigan to conduct an eighteen (18) hour "Home Town Fire School" at a cost of \$150.00. Supported by Mr. Millington and carried unanimously. (b) Upgrading Communications System. Mr. Burke moved that the Board approve the recommendation of Mr. Gignac to purchase a complete automatic tape recording system, at a cost of \$2000.00. Supported by Mr. Millington and carried unanimously. (c) International Fire Administrative Institute. (d) Fire Chief's Conference. Mr. Ash moved that the Board approve the recommendation of Mr. Gignac to attend the International Fire Administrative Institute and the International Association of Fire Chiefs Conference in Cleveland, Ohio on September 8, 9, 10, 11, 12, 13, 14, also, that the Board grant a \$100.00 advance and the total expenses to not exceed \$300.00. Supported by Mr. Burke and carried unanimously.

Phillip Hinton, Pastor, Allen Heights Baptist Church - Re: Request permission to erect a tent on front lawn of their property for the purpose of holding revival services. YEAS: Holmes, Ash, Burke, Richardson, Overholt. NAYS: Millington. The motion carried 5 to 1. Mr. Millington stated that his no vote was because this would be for the Township's benefit and that a lower price would encourage the residents to have this done. (c) Perry Richwines, 41701 Wilcox Road and Donald Sutherland, 41650 Wilcox Road, requesting an extension of sewer on Wilcox Road. Mr. Bida stated that this should be referred to Mr. Hamill. Mr. Overholt requested the Engineer to give a rough estimate of costs for this project at the September 12 meeting.

Residents of Tavistock Drive: Alan and Jane Knaus - Re: Special Assessment petition for installing sidewalk along southeast edge of traffic island located on Tavistock Drive near Joy Road. The above request was read by Mrs. Richardson. Mrs. Knaus commented on the need for the sidewalk and stated that the residents who lived nearest to this spot wanted to put in shrubs and sod, but needed the sidewalk first. Approved: GENE OVERHOLT, Chairman. Respectfully Submitted, HELEN RICHARDSON, Clerk. Publish: September 2, 1972

EPIPHANY LUTHERAN CHURCH leaders work out church goals and plans at the Plymouth church's annual workshop. This picture was taken during the 1972 workshop last spring, and its decisions are still being put into effect.

From the lower left corner and reading clockwise around the table, the members are James Nowka, Alice Baltz, Don Bosker, Lance Miller, Bob Burke and Dale Boye.

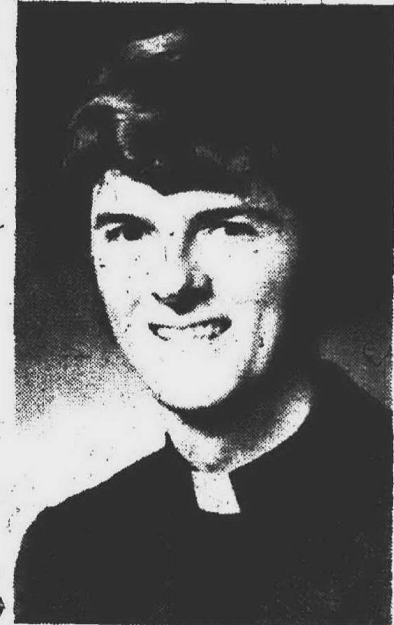

Smith To Be Ordained

Warren Louis Smith, son of Mr. and Mrs. J. Lee Smith of Brookdale Street, Farmington, will be ordained into the ministry at 10 a.m., Sunday, Sept. 3, in St. Paul's Evangelical Lutheran Church, Middle Belt and Eight Mile Roads. A public reception will follow.

After his ordination, he will be installed as pastor at Our Redeemer Lutheran Church, Decatur, Ill.

PASTOR SMITH ATTENDED schools in Redford Township, St. Paul's Lutheran Day School, Farmington, Senior High School and Eastern Michigan University

WARREN SMITH

where he was editor of the campus newspaper "The Echo," and president of Gamma Delta Chapter of the Lutheran Student Organization.

After attending graduate school for one year at the University of Colorado, he entered Concordia Theological Seminary, Springfield, Ill.

His vicarage year was spent at First Lutheran Church, Gainesville, Fla., and Our Redeemer Lutheran Church, Lake City, Fla.

On Aug. 28, 1970, he married Judy Rae Elise of Mapleton, Ia. Mrs. Smith taught for two years at St. Paul's Lutheran School in Farmington.

Fund Drive To Begin

The individual gifts campaign of the Metropolitan Detroit Council of Church will be Sept. 7-28.

The Metropolitan Council unites 23 denominations and

nearly 1,000 churches in the tri-county area of Wayne, Oakland, and Macomb. It was organized in 1919.

A considerable portion of the council's program is

supported through the gifts of many interested people who are concerned about the well-being of the total Detroit community and who believe that in many fields the united efforts of the churches are most effective.

Their System Works

By MARGARET MILLER
Church Editor

Good management practices can work just as well for a church as for a business. Just ask the leaders of Epiphany Lutheran Church in Plymouth.

They reorganized their church's structure about two years ago and have found a dynamic new spirit in their approach to its mission.

"It was a matter of a traditional church system that wasn't working, so we changed it," explained the Rev. Fred Prezioso, pastor.

BASICALLY, what has happened is that Epiphany maps out its goals and means of achieving them in a concentrated once-a-year planning session.

Then its members spend the rest of the year putting the program into effect, with the aid of monthly meetings of leaders.

"We eliminated church committees two years ago," Rev. Prezioso said. "They weren't functioning, as is the case in many churches. A few people were doing most of the work most of the time."

In their place now are task forces, and these first came into being when the pastor asked about 25 or 30 Epiphany members to attend a workshop on a Saturday during Lent in 1971.

"Most of them came to that

workshop as a favor to me," Rev. Prezioso said. "But they stayed and worked hard for a good six hours." And when it was over, they had a program for the year to come.

In that first workshop, five task forces were set up. For each task force, two major thrusts were designated. For each thrust, there were two strategies, and for each strategy four tactics.

"So we could see just where we wanted to go," the pastor said.

THE FIRST YEAR, it was largely a matter of "proving to ourselves we could do what we set out to do," he added. "We heard from different community groups and we experimented with different kinds of worship."

By the time it was Lent again and time for a 1972 workshop, Rev. Prezioso didn't have to urge people to come. The church leaders were ready for another Saturday session.

This time the number of task forces was cut to three. Stewardship and evangelism, spiritual and intellectual life, and community involvement.

As the new system works, a church council delegates work to an ad hoc committee. When each completes its job, the committee is dissolved.

The church council, including heads of the three task forces, meets once a month,

deciding how its program will be implemented during the coming four weeks.

"The most revolutionary thing about our system," Pastor Prezioso said, "is that you can get 20 per cent of the membership spending six hours planning the rest of the year."

"Then later we spend as little time as possible creating programs and as much as possible involving more people in them. It's more intensified, but easier because you know where you're going."

ANOTHER NEW aspect of the program is the fact that each year's committees end their work and are released completely on Palm Sunday, and the new year starts on Easter.

"It's easier to get people to put a great deal of themselves into church work when they know that at the end of the year they will have the option of quitting," the pastor said. "Our one rule in setting up the committees is that task force coordinators can serve only one year."

A difference he noted about the first two years the program has been functioning is that the first year the members were hearing reports from the committee -- and the

second year moving out into the community.

"That shows we're making this work," he added.

Among the implementations have been every-member visitation programs and a family care program. In the first, members went through a specific training developed from scratch on how to speak to today's issues, how to consider problems.

The second is a new idea, in which several key families in the church are being trained to take the responsibility for four or five other families -- working with them, visiting, becoming close to them.

Membership stayed pretty stable during the early years of the program, Rev. Prezioso said, but recently it has started to rise.

The new program was worked out after the pastor attended a ministers' course at the Ecumenical Institute in this area.

"One of my members commented it was just good business," he said. "And that's what it is. Christianity has for so long been equated with spirit, not organization."

"But that's not necessary. We can be organized and structured and still deal with things of the spirit. Only this way we can do it more effectively."

Dr. Marilyn Birch Will Visit Livonia

Dr. Marilyn Birch, a missionary of the Wesleyan Church to Sierra Leone, West Africa, will speak at the Livonia Wesleyan Church, Merriman and Lyndon, Sept. 8, 9 and 10.

She will discuss her work at 7:30 p.m. Friday and Saturday and at the 11 a.m. and 7 p.m. services Sunday.

DR. BIRCH has served as a missionary physician in Kamakwie Hospital in Sierra Leone since 1950. Because of her devotion to the people of Sierra Leone, Queen Elizabeth II made her a Member of the British Empire (MBE) in 1960. That same year she was listed in "Who's Who of American Women."

Dr. Birch graduated from Houghton College in 1944 and from the University of Michigan Medical School in 1948. In 1949 she received her license to practice medicine. She studied surgery in Ypsilanti and later studied eye surgery at the Mayo Clinic. She now specializes in this field.

BESIDES TELLING about her medical and missionary work, Dr. Birch will show colored slides and curios.

DR. MARILYN BIRCH

missionaries at work in 31 foreign countries. While the major emphasis is on evangelism, an extensive medical and educational program has also been carried on by the denomination.

Rally Set

The First United Methodist Church, 6443 Merriman, Garden City, will hold its annual promotion and rally day on Sunday, Sept. 10.

Sunday school classes will be held for everyone at 9:30 a.m. There is an infants as well as an adult department. Morning worship will be at 10:45 a.m. Baby-sitting is provided and there is a children's service.

Hadassah To Meet

The Metropolitan Detroit Chapter of Hadassah will meet at 12:30 p.m., Tuesday, Sept. 12, in Congregation Beth Abraham-Hillel, 5075 W. Maple Road, Birmingham.

Theme of this event is "Prescription for Healing" and it will deal with the Hadassah medical organization's general solicitation campaign.

Mrs. E. Newton Rottenberg, Mrs. Leo Gottfurcht and Mrs. Isadore Kutsinsky are directing the drive to support the healing, teaching and research of the Hadassah medical organization, based since 1961 in the Hadassah Hebrew University medical center, Ein Karem, Jerusalem.

Mrs. Charlotte Jacobson will be the guest speaker. She is now national chairman of the medical organization committee. She served as national president of Hadassah from 1964-68, and for many years was a member of the Hadassah delegation to the Zionist General Council which meets annually in Israel. She is also a member of the board of directors of the United Jewish Appeal and in 1972 was elected chairman of the American Section, World Zionist Organization.

She will greet guests before the meeting at a brunch for new members, new life members and their sponsors.

Oktoberfest

St. John's Catholic Church, 511 S. Monroe Street, Monroe, will hold an Oktoberfest from 12 noon until 9 p.m., Sept. 30 and Oct. 1.

Beth Abraham-Hillel To Celebrate Holidays

Beth Abraham-Hillel Synagogue will usher in the traditional Jewish high holidays with a Selichot service at 10 p.m., Saturday, Sept. 2, in the synagogue on West Maple Road between Inkster and Middle Belt, West Bloomfield.

The synagogue moved to its present location last August, and a full schedule of religious and cultural activities is being inaugurated.

Rabbi Israel I. Halpern will be assisted by Cantors Shabtai Ackerman and Israel Fuchs and the Synagogue Choir.

THE ROSH Hashanah services will be held Friday, Saturday and Sunday evenings, Sept. 8, 9 and 10, at 6:30. Morning services will be held Sept. 9 and 10 at 8 o'clock.

The Yom Kippur Day of Atonement and great white fast services will begin with Kol Nidre at 6:15 p.m., Sunday, Sept. 17. Day-long services will begin at 8 a.m., Sept. 18. Highlights of these services are the Yikor memorial prayers at 11:30 a.m. and the Neilah twilight service at 5:45.

The unaffiliated may call or visit the synagogue office in order to obtain seating tickets for Rosh Hashanah and Yom Kippur.

It also prepares boys and girls for their bar mitzvah and bat mitzvah and high school students for confirmation.

A PRIVATE day nursery meets in the synagogue under the direction of Mrs. Aileen

Prujansky. Youth groups for social and recreational activities and special sabbath services are an important part of the synagogue's program. Harry Jubas is director of education and youth.

The synagogue also has a catering department and facilities for banquets and wedding receptions. This is directed by William Kozin. The synagogue's executive director and administrator is Mrs. Mildred Rubinfeld.

Offers of the congregation

are Irving Adler, president; Menasche Haar, vice president and board chairman; Sigmund Lowenthal, vice president; Sheldon Fishman, treasurer; Jack Schon, financial secretary; Irwin Klar, vice president; and Reider of Oak Park. The officers are from Southfield, Farmington and Oak Park.

The synagogue is planning its 80th anniversary celebration the weekend of Dec. 8.

Congregation Sets Holiday Services

Rabbi Martin Gordon will speak at High Holiday services at the Livonia Jewish Congregation, 31840 W. Seven Mile, Livonia.

The first service will be held Friday, Sept. 8, at 7 p.m. It will be followed by Rosh Hashanah services at 8:30 a.m., Sept. 9 and 10. There will also be a service at 8:30 a.m., Monday, Sept. 18, in observance of Yom Kippur, and at 6:30 p.m., Sept. 17.

In speaking of the holiday season, Rabbi Gordon said, "As the summer draws to a close, as the foliage, animals and insects ready themselves for the winter trek, as the rich production of the earth fades into its final harvest, at this time the Jew readies himself

to face the new year that awaits him with hope, promise and prayer.

"He thanks God for the joy and fulfillment of the departing year and dedicates the new dawn to worthwhile godly living. At this time the Jew reflects on life's problems, reflects upon its meaning and considers how its value and quality can be improved.

"The keynote of the day of Rosh Hashanah is a spirit of quiet confidence in which man seeks to overcome the hindrances to better living by placing his love and trust in God. The rabbi at this time hopes that these 'Days of Awe' as they are called, will influence the lives of his people for the year to come."

Kol Ami To Mark Holidays

Temple Kol Ami, lead by Rabbi Ernst Conrad, will hold High Holiday services in the Hillel Day School, 32200 Middle Belt, (between Northwestern Highway and 14 Mile Road), at 8:30 p.m., Sept. 8.

A morning service will be held at 10 a.m. Saturday, Sept. 9, and a children's service at 2:30 p.m., Saturday.

This will usher in the eight-day period of the Jewish New Year or Rosh Hashanah. The season, beginning with rejoicing, ends with fasting and prayer for the atonement of sins on Yom Kippur. This marks the year 5733 in the Jewish calendar.

Yom Kippur services will be conducted Sunday, Sept. 17, at 8:30 p.m., in the school. Services will also be conducted throughout the day Monday, Sept. 18, beginning at 10 a.m.

Catholic Club Meets Sept. 8

Florence Denser, a handwriting analyst, will be guest speaker at a meeting of the new Westside Chapter for Catholic widows and widowers.

The meeting will be held at 8:30 p.m., Friday, Sept. 8, in St. Maurice Parish Hall, 32765 Lyndon, Livonia. W.F. Kobiellus, 36734 Marler, Livonia, and D. J. Theobald, 9201 Virgil, Livonia, are in charge of the program.

The chapter is a part of the NAIM Conference of the family life bureau of the Archdiocese of Detroit. It is open to persons 59 and under.

Rev. Lester Kinsolving's Religion Update

REV. KINSOLVING

Headline writers have been enjoying a theological field day with two discoveries this year - which one religion columnist went so far as to claim has "strengthened enormously the historical basis of the Christian faith."

But if the admitted speculations of two Hebrew University professors and a Catholic priest-papyrologist constitute an "enormous strengthening," the historicity of Jesus would have to be regarded as practically nil to begin with. The discoveries:

(1) PROFESSORS Shlomo Pines and David Flusser of Jerusalem report an Arabic text of 1st century Jewish historian Flavius Josephus' description of Jesus. They claim that this Arabic text shows more authenticity and less evidence of Christian tampering than the widely-published Greek text of Josephus, which most scholars reject.

The Arabic text, for example, mentions the resurrection as being reported by the disciples - rather than the Greek's text's simply reporting the resurrection as fact. But this Arabic text is dated nearly 1,000 years after the crucifixion - and is written by a Christian bishop named Agapius.

(2) Father Jose O'Callaghan, S.J., of Rome, has taken a tiny and hitherto overlooked fragment of the Dead Sea Scrolls and hypothesized it into the earliest known fragment of the New Testament - dated 90 years prior to the Rylands fragment (140 A.D.). One unrestrained observer suggested that

"seven tons of German scholarship may now be burned." But the "wild speculation" verdict of Prof. Flusser and the dubious reactions of many other reputable scholars would seem more appropriate.

For Father O'Callaghan's fragment contains only 17 letters. And the priest has suggested no less than seven different passages of the New Testament, of which his fragment might be a part. (It could be a part of anything else, for that matter - including a treatise against women, as suggested by Prof. Flusser.)

IN THE GENERAL hoopla over these archeological baubles, a much more valuable study appears to have been overlooked.

Israeli Supreme Court Justice Haim Cohn, when appointed the new nation's first solicitor general in 1948, was assigned an herculean task. For clergy in four nations (including the U.S.) had written what they called

the "New Sanhedrin" - with the plea that the trial of Jesus be rectified.

After 20 years of research on the subject, Justice Cohn has written "The Trial and Death of Jesus," for Harper and Row. He argues legally and persuasively that in holding "The Jews" responsible for the death of Jesus, the Gospel writers were attempting to placate the Roman government.

"Those Apostles and Jesus were hardly Gentiles you know!" laughed Justice Cohn during an interview with this writer.

The eminent jurist notes that the Sanhedrin had the power to execute Jesus, if that had been its desire. But he contends that it would have been inconceivable that Jewish court would confess its inability to maintain law and order among the Jews - especially by offering up a popular leader as one more Jewish victim of Rome.

Instead, he maintains that the Sanhedrin tried assiduously to persuade Jesus to abandon his claim to Messiahship - for which the Romans crucified Him (with a sign, "King of The Jews"), rather than for his upsetting the money changers in the Temple.

Justice Cohn also contends that it is similarly inconceivable for a Roman imperial governor like Pontius Pilate to degrade himself by arguing with or appealing his innocence to a crowd of conquered subjects.

Dr. Roy Eckhardt, professor of religion at Pennsylvania's Lehigh University, notes that Cohn's book may help substantially in eliminating "slander and lies against an entire people...history's greatest perversion of justice."

2 Boys Have Bar Mitzvahs

The bar mitzvahs of Steven Kirsch and Kevin Kron are being observed Saturday, Sept. 2, at the Livonia Jewish Congregation, 31840 W. Seven Mile, Livonia.

Steven is the son of Mr. and Mrs. Daniel Kirsch of Cardwell Avenue, Livonia. Kevin's parents are Mr. and Mrs. Robert Kron of Middle Belt Avenue, Livonia.

Hebrew School To Start

The Beth Abraham-Hillel Synagogue will open its congregational religious Hebrew school on Sunday, Sept. 3, under the direction of Harry Jubas.

The school will be in the educational annex of the new synagogue, West Maple between Inkster and Middle Belt, West Bloomfield. Registration will take place Sept. 3 with the first class session on Sept. 7. Sunday school starts on Oct. 8.

Jubas is a teacher in the Oak Park schools and has taught 12 years at Beth Shalom Hebrew School. His master's degree is in secondary education from Wayne State University and he is working on his doctorate. He recently returned from a year's sabbatical in Israel. Jubas will also supervise the synagogue's youth groups which are now accepting enrollments.

CECIL ROY ROWE - Services for Mr. Rowe, 87, 22624 Powers Avenue, Farmington, were held Aug. 28 at the Thayer Funeral Home. The Rev. Howard F. Snell of the First United Methodist Church of Farmington officiated. Burial was in Acacia Park Cemetery, Birmingham.

STACEY E. HALE - Services for Stacey Hale, 8, daughter of Mrs. Irene Markley of Livonia and Richard Hale of Gibraltar, were held Sept. 1 at the R.G. and G.R. Harris Funeral Home in Livonia. The Rev. John Walker of Livonia Church of God officiated at the services. Burial was in Parkview Memorial Cemetery. Stacey was the stepdaughter of Stanley Markley, 9000 Cardwell, former electrical inspector for the City of Livonia. She died Aug. 28 in University of Michigan Hospital after an extended illness.

MRS. GEORGE ROY KREMER - Services for Mrs. Kremer, 79, of 33880 Hillcrest Drive, Farmington, were held Aug. 28 at Our Lady of Sorrows Church. Burial was in Mt. Hope Cemetery, Pontiac.

ROBERT J. HERMANN - Services for Mr. Hermann, 48, of Farmington, were held Sept. 1 in the McCabe Funeral Home on 12 Mile Road. Burial was in Glen Eden Cemetery.

MRS. ADDIE L. FELDkamp - Services for Mrs. Feldkamp, mother of Dr. Lee E. Feldkamp of Plymouth, were held Sept. 1 in the Schrader Funeral Home with the Rev. Dr. Henry J. Welch officiating. Burial was in White Chapel Cemetery.

MRS. ADDIE L. FELDkamp - Services for Mrs. Feldkamp, 82, a Pontiac resident, died suddenly Aug. 29 at St. Joseph Mercy Hospital, Ann Arbor, after suffering a cerebral hemorrhage.

She once taught school in Ypsilanti Township and was an office worker at the Pontiac Credit Bureau.

She was a member of the United Methodist Church of Pontiac and of the Pontiac Chapter DAR.

Survivors also include her husband, Julius J., a brother, Miles Laffin of Tecumseh; 11 grandchildren and two great-grandchildren.

WILBUR MAULT - Services for Mr. Mault, 45, of Midland, Mich., were held in Schrader Funeral Home, Plymouth, with the Rev. Dean A. Klump officiating. Burial was in Riverside Cemetery, Plymouth.

Mr. Mault, a widower and father of five, died Aug. 23 in Traverse City. Six of his seven sisters reside in the Observer-land area.

The five surviving children are Gary, Kenneth, Warren, Betty and Mark, all of Midland. The sisters are Mrs. Wilford (Margaret) Bunney of Plymouth, Mrs. James (Mildred) Sutherland of Birmingham, Mrs. Orville (Suzette) Kerr of Plymouth, Mrs. William (Shirley) Sutherland of Plymouth, Mrs. James (Fay) Love of Westland, Mrs. William (Dorothy) Kaefer of Plymouth, and Mrs. Doris (Laona) Titus of Gregory.

LEROY A. LADOW - Services for Mr. Ladow, 83, father of Chester S. Ladow of Plymouth, were held in Schrader Funeral Home, Plymouth, with the Rev. Bartel Bylma officiating. Burial was in Parkview Cemetery.

Mr. Ladow, a Detroit resident and retired accountant, died Aug. 25. His wife, Helen, died in 1957.

Other survivors are a son, John M., of Allegan; a sister, Mrs. Richard (Lottie) Brown of Vandalia, O.; four grandchildren and eight great-grandchildren.

His Interests Mix Well

By KATHY MORAN

Theater and psychology may seem like a strange combination of interests but John MacColl of Farmington thinks they fit together smoothly.

A psychology major at Michigan State University, MacColl had devoted his summer to directing the play "Rumplestiltskin."

"Theater is one way of talking about people. Psychology is a way of

amusements

studying the human condition or personality. And philosophy, which is another of my areas of study, is a way of examining people on an intellectual plane," he says.

ALL THESE variations of study fit together perfectly when studying a part in a play

and trying to assume that role, MacColl says.

"When you have to become someone else, you have to know how the character thinks and feels in any situation."

The difficulty of assuming someone else's nature for a play was exemplified in a psycho-drama class MacColl taught where he and several students chose a character completely alien to their own and spent five days camping and trying to be that character.

"We acted as a primitive tribe and set up our own religion, customs, laws, moral codes, and power structure. When you aren't able to escape and have to stay within the other person, you see what your own capabilities are. You never reach the other person, but you learn things about yourself."

EVERY PLAY should have some new challenges in it, and "Rumplestiltskin" isn't any different, MacColl said.

He thinks every director should put at least one person into a lead role who hasn't done a lead before. That provides more of a challenge to the director rather than having all experienced performers.

In "Rumplestiltskin" several of the performers are new, with the age range of the cast from 14 to 20.

MacColl also says work will be evidenced in the something in the play itself which winds up this should be new and creative.

In this play, a dance has been choreographed and the music rewritten so that the "horrible things" in the play break into a go boogie-woogie.

MacColl is also producing "Rumplestiltskin" and "Babes in Arms" which is being directed by his friend Robert Leider of Oak Park.

TOGETHER THEY borrowed \$1,000 to put on two plays during the summer. When the performances are complete, they hope to pay back the loan and have money to put into plans for a summer play next year and into the treasury of the Farmington Community Players.

So far, MacColl has either directed or performed in 15 plays, including the production of "Midsummer Night's Dream" while he attended North Farmington High School.

When he hits his 25th play, MacColl hopes he will have the experience he needs to decide which direction he intends to go in—the theater or psychology.

"Right now I'm splitting my energies," he said.

While working on the summer production, he has emphasized the importance of even the smallest roles. Every character has to know what type of "visual image" should be portrayed at all times to keep the mood in each scene.

He has allowed the actors and actresses to express their own creativity in the play by discussing with them individually how they should dress up and act.

The results of his summer's work will be evidenced in the something in the play itself which winds up this should be new and creative.

JOHN MacCOLL

Casting Call

Auditions for both "One Flew Over the Cuckoo's Nest" and "The Comedy of Errors" will be held by the Performing Arts Center of the University of Detroit and Marygrove College on Tuesday and Wednesday, Sept. 5 and 6 at 7:30 p.m.

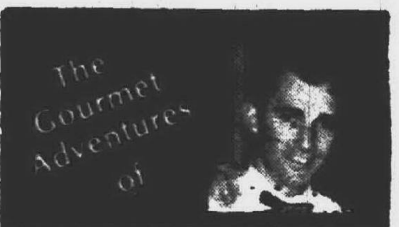

The auditions will be in Room 228 of the Liberal Arts Building at Marygrove.

Five women and 17 men are needed for "One Flew Over the Cuckoo's Nest," adapted from Ken Kesey's novel by Dale Wasserman. All roles are open except McMurphy, which will be played by the guest actor, David Regal. It will be staged Oct. 13-15, 20-22 and 27-29.

"The Comedy of Errors" opens Nov. 17 under the direction of Dominic Missimi. Eleven men and five women are required for the speaking roles and a chorus of clowns will be used for the Shakespearean production. It will be performed Nov. 17-19, 24-26 and Dec. 1-3.

Yoga To Start

A beginners yoga class will begin at Faith Lutheran Church, 30000 Five Mile, Livonia at 7:30 p.m. on Thursday, Sept. 7. Registrations can be made at the education office in the church.

DICK BENSEK

Escoffier, the great chef who dominated French cooking for three-quarters of a century, once said that *relèves* (literally the first dish after the soup) of fresh pork should be served only at family meals. But pork can be extremely haute cuisine! How about Galantine de Porc au Vin Blanc? Or pork in the form of Chef de Châteaufort's Pate de Campagne? Or combined with prunes and cream to make Noisettes de Parc aux Pruneaux (a sumptuous dish served in the best restaurants in Paris)? But you don't have to go that far to make an elegant pork dish! Bake sliced pork in a pie with plenty of apples. It's a meal fine enough for any guest.

Appetizing foods, delicious drinks and calm unhurried surroundings are yours when you dine at DANISH INN, 32305 Grand River Ave., 476-5320. We have a beautiful supper club atmosphere with a good wine selection, and decorated cakes for birthdays or anniversaries. Call for reservations and let us know the number in your party. We have a party room that seats 30 guests.

HELPFUL HINT: It is better to overcook pork than to undercook it.

Music Guide Is Planned

The Farmington Musicale, a division of the National Federation of Music Clubs, is attempting to compile a music teachers register to help music students and their parents find local teachers. All teachers and student teachers of musical instruments and voice in the Farmington area may get on the list by contacting Mrs. Donald Crook, 27556 Bramwell, or Mrs. Richard Truitt, 33053 Meadowlark.

Stagecrafters Set Auditions

Auditions for "The Prince Who Wouldn't Grow" staged by the Stagecrafters Youth Theater program will be held on Sept. 9 at 1 p.m. in the Stagecrafters Playhouse, 176 Bowers Street, Clawson.

Young people between the ages of 12 and 17 are encouraged to audition. David Bodendstedt will direct the play which will be presented on Oct. 14.

Singles Picnic

The Ann Arbor Singles Club will have a picnic Sunday, Sept. 3, at Island Park in Ann Arbor. Visitors are asked to bring a potluck dish to pass. Adults will be charged \$2 and children 50 cents.

Love Music?

Auditions for the Schoolcraft College Stage Band will be held from 7:30 to 9:30 p.m. Sept. 7 and 14 in Room 310 of the Forum Building.

The band has openings for saxophone, trumpet, trombone, guitar, drums, bass and piano. It is open to Schoolcraft students, experienced high school musicians and adult residents of the college area.

Jerry Richardson, jazz musician and teacher will direct the band.

In addition to providing laboratory experience for the study of performance styles related to jazz and pop music, the band accepts a number of performance dates. Last year it played nearly a dozen concerts.

The fee for enrolling in the band is \$11 for residents and \$22 for non-residents. Rehearsals are on Thursday nights.

Area residents interested in singing in Schoolcraft College's Symphonic Choir can contact Bradley Bloom, choir director, at the college.

Open to both students and non-students, the choir rehearses Tuesdays from 7:30 to 9:30 p.m. with the first general meeting set for Sept. 12.

Bloom said he is especially interested in adding more male voices to the choir. Last year nearly 20 of the 60 voices were male but Bloom said it could use as many as 40 male voices.

Some previous choir experience and regular attendance at rehearsals are required.

The first of two concerts scheduled for the year will be in early December featuring the works of R. Vaughan Williams. Two outstanding works will be his "Mass in G minor" and "The Serenade to Music" with orchestra.

Applications for student auditions for the soloist in the Redford Civic Symphony Orchestra's annual Family Concert are available from R.H. Zimmerman, 17233 Kinloch, Detroit 48240.

The applications must be returned by Sept. 23. Auditions will be held on Oct. 7 in Redford Union High School.

All young student musicians from the local area are eligible for the auditions. Soloists are asked to provide their own piano accompanist, if necessary. The concert will be presented Sunday, Feb. 25.

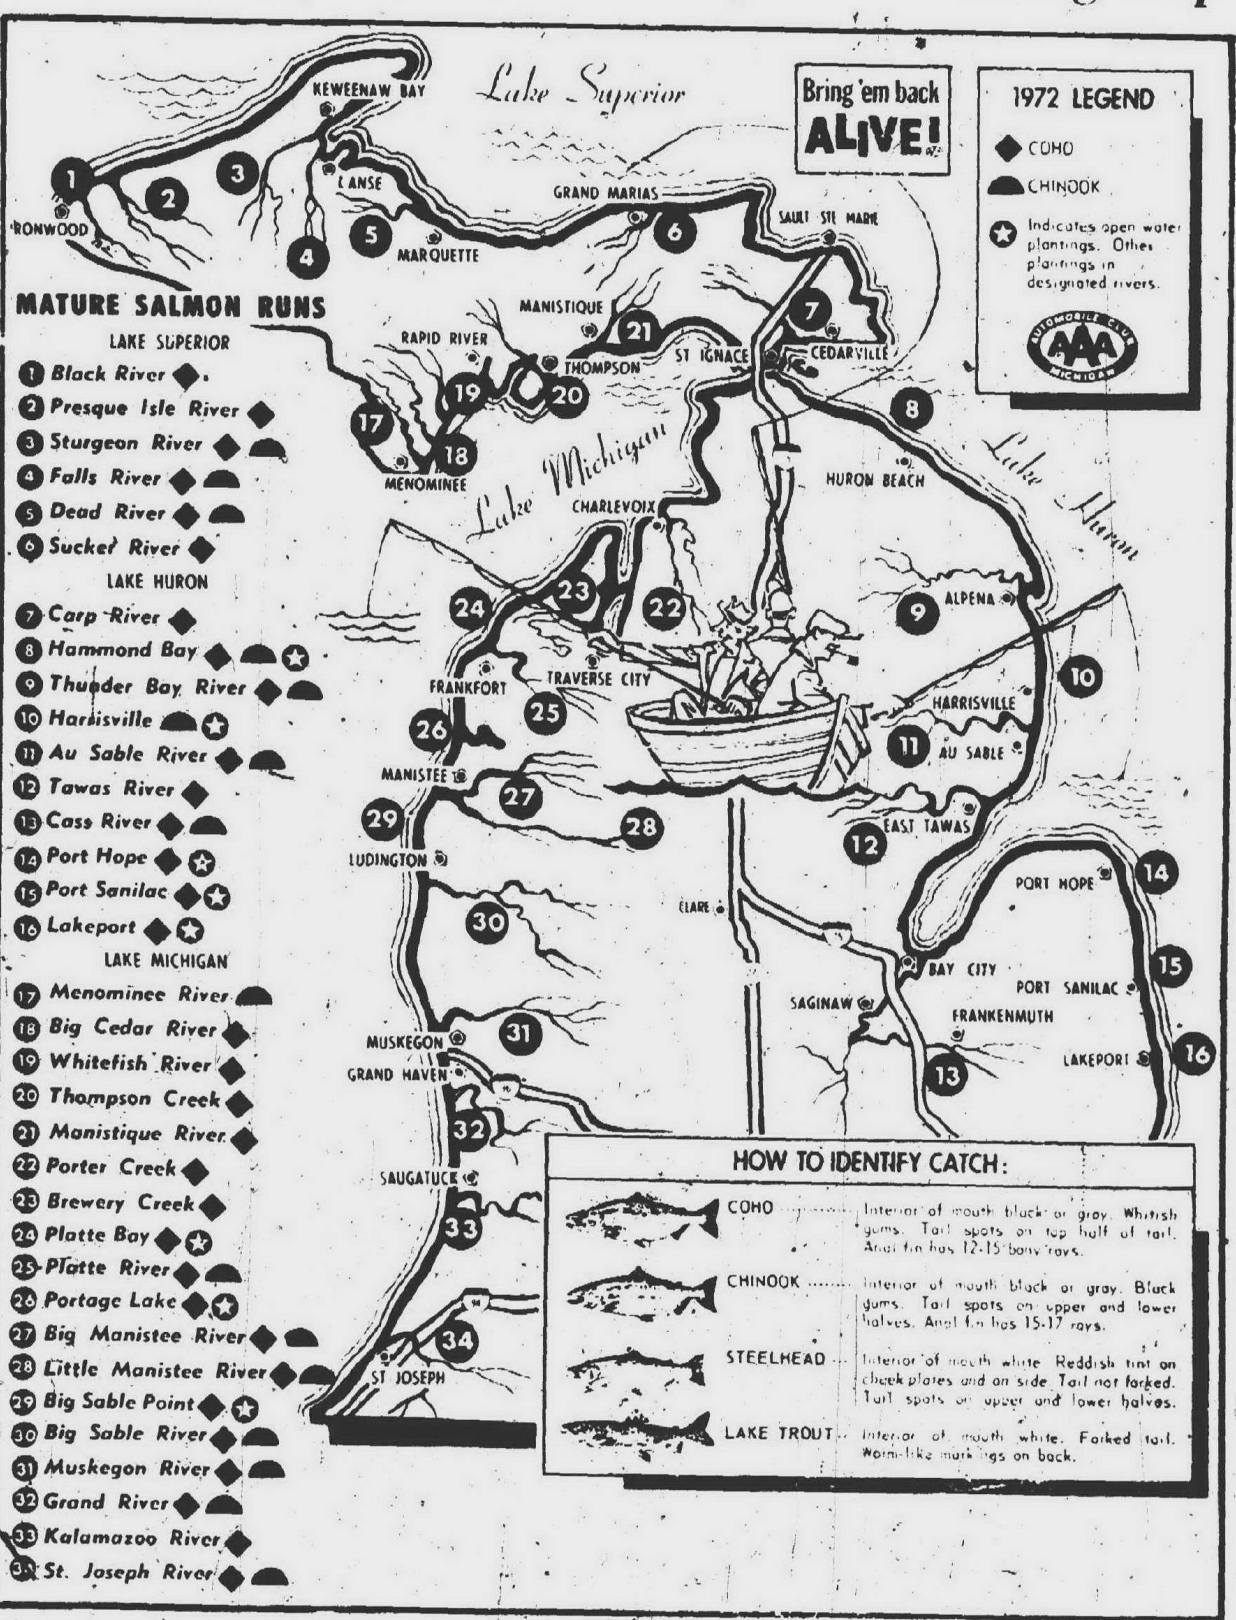

The Scandinavian Symphony Orchestra will hold auditions for qualified musicians at Redford Presbyterian Church, Six Mile and Lahser, Detroit, at 8 p.m. on Sept. 12 to 14.

Applicants will play a selection of their own choice and sight read during the audition.

Major works to be performed by the orchestra during the 1972-73 concert season include "The New World Symphony" by Dvorak, "Symphony Fantastique" by Berlioz, and the "Reformation Symphony" by Mendelssohn.

Women who are interested in joining The Suburban Chorale are invited to attend a meeting Wednesday, Sept. 13, at 7:30 p.m. in Clarenceville High School's music room, on Middle Belt between Seven and Eight Mile. Information on the chorale is available from Mrs. Stanley Goodman, 844 Rae Dr., Westland.

1972 Michigan Coho, Chinook Salmon Fishing Map

Big Weekend For Drivers At Flat Rock

Ron Hutcherson of Keokuk, Iowa clinched the Automobile Racing Club of America National Championship by winning the Royal Triton 100 at Flat Rock Speedway.

In preliminary events Larry Ashley won the dash and Delmar Clark of Dover, and John Linne of Indianapolis, were heat race winners with Clark also capturing the pursuit race.

Chuck Briggs of Belleville, won the special Figure eight feature in a wild accident marred event that was hampered by a terribly wet Figure eight course caused by rains.

On Saturday, Sept. 2, the Late Model Stocks and Figure 8 cars will return to action at Flat Rock. On Labor Day, Monday Sept. 4, the Late Model Stocks will have a 50 lap championship race along with a full program of Figure eight events.

Search For Michigan's Miss Snowmobile

A Michigan wide contest is underway to locate an attractive 18-24 year-old to serve as 1973 Michigan snowmobile queen.

Winner of the competition will receive a \$500 check in addition to the title. She also will reign during the association's three-day Greater Michigan Snowmobile & Winter Sports Show which opens at Detroit's Cobo Hall Friday, Sept. 15.

New Salmon Hot Spots This Fall

Since the first coho and chinook were planted in Lake Michigan six years ago, Michigan has surpassed such dominant west coast fishing states as Washington and Oregon to become "the salmon fishing capital of the world," according to Automobile Club of Michigan.

Last year, state anglers caught more than one million salmon from the Great Lakes and tributaries for the first time. Despite the absence of large numbers of early spawning Alaskan coho this year, the million mark should be equaled again in 1972.

MAJOR REASONS for fishermen to expect another banner year for coho and chinook are:

- The availability of nearly 1.5 million coho and chinook in state waters.
- More anglers being lured to state waters, especially on Lake Michigan and feeder streams, due to added interest in perch, steelhead and lake trout fishing.
- Prospects of latching onto a record catch.
- Improved techniques of anglers in catching the elusive salmon.

"There is no question that in terms of size and total numbers available for catching, Michigan has become the primary salmon fishing location in this country, and perhaps the world," states Joseph Ratke, Auto Club touring manager.

"And this year's catch may be bigger and better than ever, provided the weatherman cooperates as he did last year when anglers were able to get out on the Great Lakes more days than at any time in recent years," Ratke says.

A RECORD 34 locations—three more than last year—will have mature salmon runs this fall. Included in the 1971 spring plantings, which will yield most of the salmon taken this fall, were the first open water plantings of coho and chinook ever.

Besides the open water plantings, salmon were planted in several sections of major rivers to provide more areas for fishing activity. With the diversified stream plantings, DNR officials expect increased river activity this year, even though new snagging rules have been put into effect.

Foul-hooking of spawning salmon with weighted hooks up to three-quarters of an inch across still will be allowed on streams south of the Muskegon and Rifle rivers from Oct. 1 through December. This includes such popular Lake Michigan tributaries as the Grand, Kalamazoo and St. Joseph rivers.

However, special limitations have been placed on northern Michigan streams with only four approved for snagging. Designated sections of the Muskegon and Manistee rivers in Lower Michigan and a portion of the Falls River and the entire length of Haymeadow Creek, Delta County, in the Upper Peninsula will be open for snagging in September and October only.

A few giant chinook from 50 to 65 pounds may be taken from Lake Michigan. These are from the 1967-68 plantings. Coho, which mature at three years, generally will run eight to 18 pounds with a few four-year-olds at 25 to 33 pounds.

The state record for chinook is 42 pounds, eight ounces, caught last fall in Pere Marquette River. The largest coho is a 30-pound, eight-ounce fish hooked last fall in the East Arm of Grand Traverse Bay. A 33-pound, three ounce coho was taken in the Little Manistee River weir below the Six Mile Bridge in 1970, but this was not taken by hook and line.

ALTHOUGH REGULAR salmon runs are under way, the peak is expected to begin in mid-September on the Great Lakes and continue

through the first two weeks of October. Heaviest activity in streams will be in October and November.

Redford Union Stressing Speed And Passing

By TOM DONOGHUE
Sports Editor

The '72 Redford Union "football machine" will be sporting a new personality come its Sept. 16 opener with Livonia Stevenson.

Passing and speed are the key words as the Panthers prepare for the upcoming campaign with "black and blue" football a thing of the past, at least for this season. "Our personality has to

change with our talent," said RU head Coach Bob Atkins who is well into his fifth year. Redford Union finished second last season in the Suburban Eight with a 7-2 overall mark behind front

running Allen Park. Coach Atkins has compiled a four year record of 18-16.

THE PANTHER ATTACK features 11 returning lettermen with six off the starting rotation.

"We're thin as paper this year," said Coach Atkins. "We have no depth with eight players going both ways... defense and offense."

The returning six regulars are: Captain Mike Burke; John Hochstein, Scott Bjerke; Jerry Petsch, Paul Matthews, and Glenn Richmond.

Captain Burke will be performing at guard and tackle on offense and linebacker on defense. Burke stands 6-0 and weighs 185 pounds.

HOCHSTEIN also stands six foot and weighs 185 pounds and plays offensive guard and defensive end. The swingback position has been nailed down by 5-10, 155 pounder Bjerke who also plays defensive safety.

Petsch, according to Coach Atkins, is the key of the team.

"Petsch has the potential to be the best lineman in the area and will be an All-State candidate," said Coach Atkins. "Jerry has to be the key to our season's success."

Petsch plays tackle on both the defensive and offensive lines and checks in at 6-3 and 230 pounds.

PAUL MATTHEWS is a returning 6-1, 195 pound fullback, with Glenn Richmond returning at quarterback.

Richmond was All-League last year on defense and will be working both ways again this season. Glenn stands 6-0 weighs 195 pounds.

That rounds out the returning regulars with the rest of the starting lineup pretty much up for grabs.

"We'll be going to the air more this season than past," added Atkins. "Our receivers

are better and all have good speed, with the one question being if Richmond can get it to them."

Senior Bob Eland joins Bjerke in the receiving department with Bjerke the wide receiver and Eland the split end. Eland stands 6-3 and checks in at 180 pounds.

The other tight end berth features a fight between 6-0, 185 pounder Mike Vanderwalker and junior 6-3, 190 pounder Glenn Sander.

ATKINS received a blow to his running game when two-year letterman Jim Shay took ill and underwent an operation that will sideline him for the entire season. Shay sparked last season with his highlight a 92 yard kickoff touchdown.

The defensive secondary will have Bjerke, Richmond and Eland covering the territory with the linebacker berths a question mark.

Juniors Tom Bogdonas, Dale Long, and Tony Corsi join Burke in the quest of the assignment.

Senior Bob Filtrakis is starting center on offense and another candidate for the linebacker berth, with Bob

White another lineman Atkins is counting heavily on.

According to Atkins, RU's weakness will stem from size. "We are not big," he said, "We average about 185 pounds with our asset our quickness."

Two year letterman Lupe Bravo is sure to bring some spark into the Panther assault in the Suburban Eight. The offensive running back and punt returner has been tagged one of RU's game breakers.

THE KICKING GAME has been tabbed inexperienced.

"Richmond could fit in any kicking situation but you can spread a kid only so far," added Atkins.

Dave Smith, Don Bogan and Steve Friedman are all contesting for the punting chores with Smith and Bogan juniors and Friedman a senior.

Richmond will kick the extra points and field goals with junior Dick Brown hoping to break into the lineup.

This year's Suburban Eight football race could very well shape up to be one of the best in many a year.

"This should be one of the toughest leagues in the state," said Atkins. "It is going to be a

real tough scramble with back-yard rivalries probably deciding the outcome."

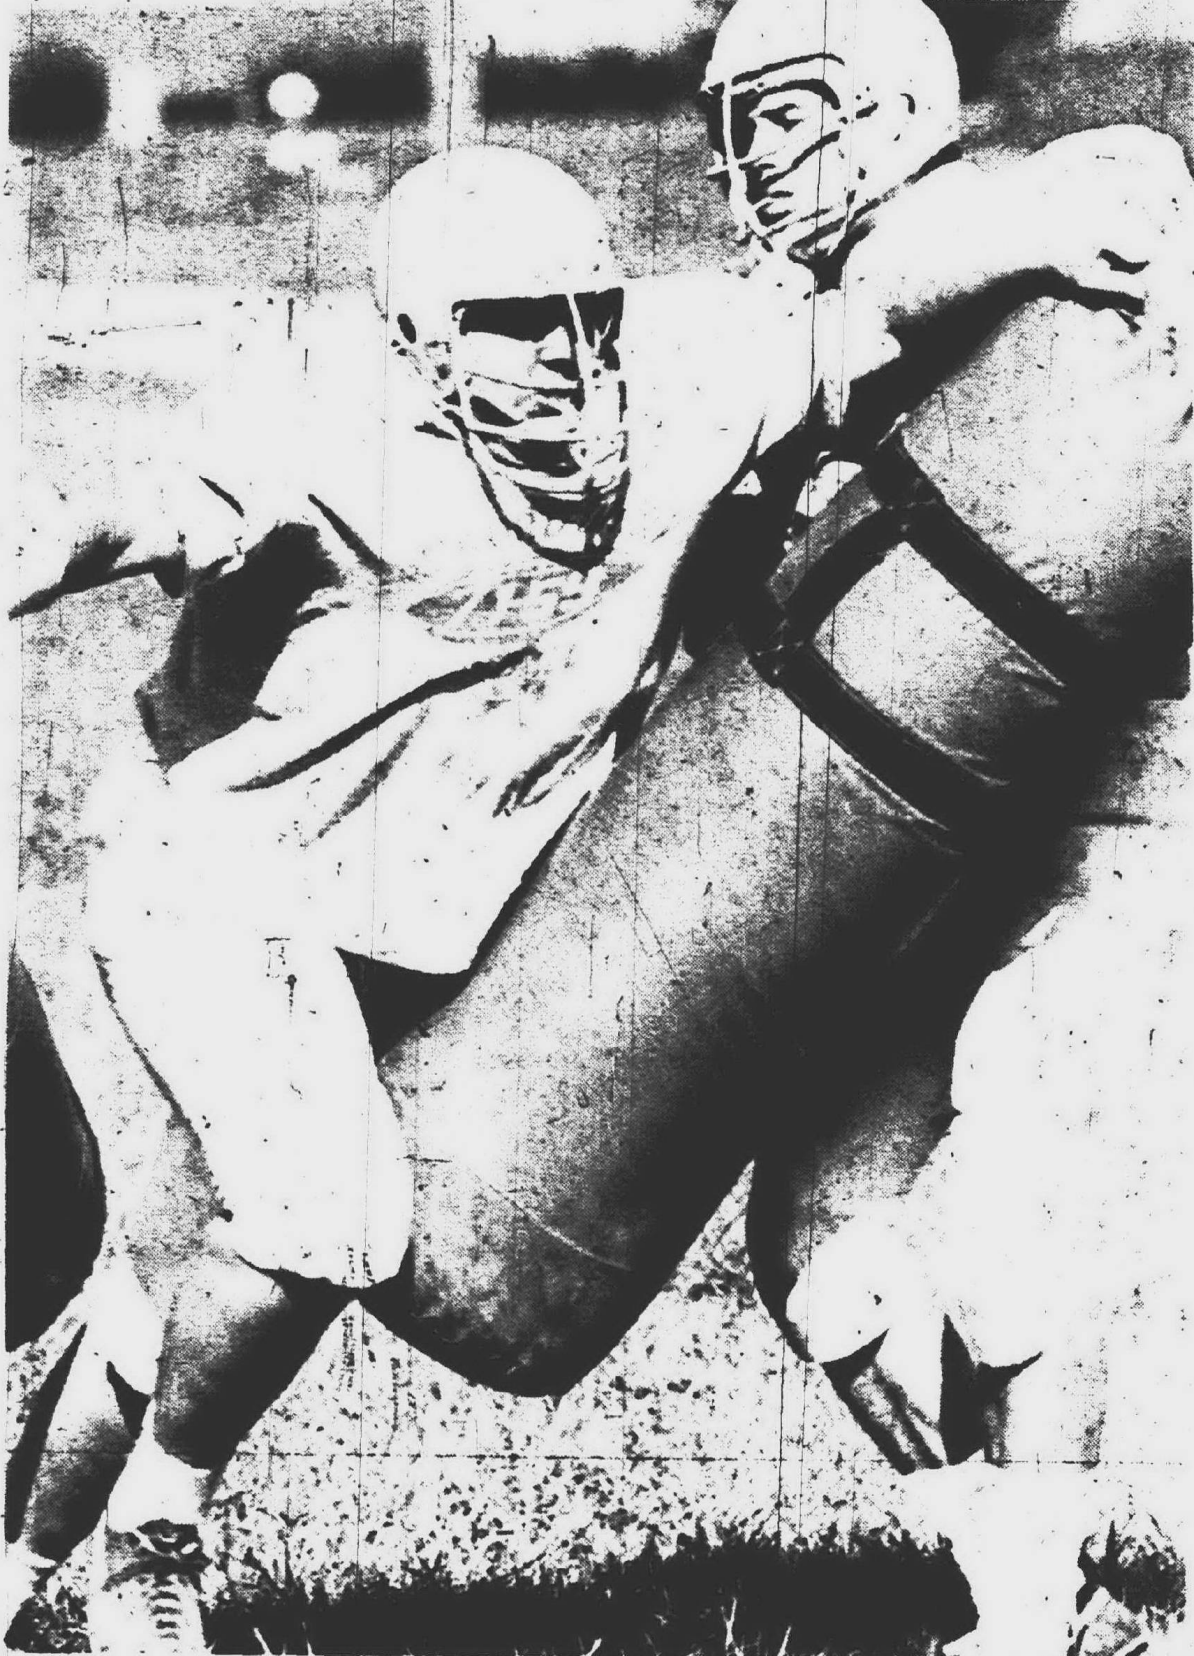

"Edgel Ford, Allen Park and Plymouth should be tough," said Atkins. "Upsets will be plenty with every team having real quality."

RU OPENS pre-season play with a four-way scrimmage with Churchill, Southfield and Catholic Central on Sept. 7 with the real opener the following weekend with Stevenson.

Then it's right into Suburban Eight action at Belleville on Sept. 22.

Assisting Atkins are: Ken Dersey (line); John Colley (receiving and defense); Doug Halliday (junior varsity); and Bob Green (junior varsity.)

The '72 Suburban Eight football race is shaping up to be one of the best ever with RU a sure bet to pass its way somewhere near the top, no matter how crowded it gets.

BREAKING THROUGH -- Redford Union's "big man" Steve Leshuk goes through a defensive line in preparation for the Sept. 7 scrimmage with Churchill, Southfield and Catholic Central. Leshuk stands 6-2 and weighs in at 265 pounds. (Observer photo)

SPEED AND PASSING is what Redford Union football Coach Bob Atkins knows will make or break his '72 season in the Suburban Eight. The size just isn't there for another "black and blue" RU Machine. (Observer photo)

Turf Tips, Quips

By Doc Minard

The Labor Day holiday weekend traditionally is one of the biggest of the year for thoroughbred and harness

racing and it will be for the three tracks currently operating ... Detroit Race Course, Hazel Park and Jackson.

Governor Max, the spectacular three-year-old from the Serendipity Stable of Detroit, will have the spotlight at the DRC Saturday when he races in one division of the Detroit stake, final tuneup for the three-year-olds for the \$100,000 added Michigan Mile on Sept. 16.

The \$35,000 added early closer attracted 16 entries and Racing Director Norris Gwin

split it into two races with each going for \$20,000 added over a distance of a mile and a sixteenth.

The first division, the seventh race, is headed by such speedsters as Glazed Donut, Bold Nobleman, Dr. Neale and Triumphant.

The second includes Governor Max, British Fleet, Tri Jet and Sensitive Music.

AND JUST looking over the field one has to lean toward Governor Max as the standout of the entire program. Seldom has a Michigan owned colt attracted as much attention in racing circles. The only question is whether The Governor has completely recovered from the injuries that forced him to forego all of the three-year-old stakes up to now.

Then on Monday (Labor Day), the DRC will headline the \$10,000 added Labor Day Handicap over a mile and sixteenth for the best-aged performers at the track.

Royal Harmony, the eight-year-old from the Tom Devereaux stable, will be back in action and could be the one to beat. With almost \$600,000 in his bankroll, Royal Harmony is the third richest thoroughbred in competition and his owners have a goal of passing \$600,000 before the end of the Detroit season.

Others listed for the Labor Day feature are Guitar Player, Amber Prey, Joey Bob, Quiet Star, Satin Safe and Peaceful Tom.

Royal Harmony and Joey Bob have been assigned top weights of 124 and 120 respectively.

HAZEL PARK counters tonight (Saturday) with its

weekly \$8,500 invitational pace that has seven entries including: Breadman George, Shiaway Lad, Big Kahuna, Knox Patch, Dave Butler, Skipper Gene Marx, the winner a week ago, and Trackmaster.

Also on the all-pacing program are two \$6,200 preferred events that match all of the better middle class stars. In the first preferred (fifth race) are Tricky Dale, Jay Thorpe, Local Time, P.B. Abbe, Easy O, Aksel Hanover, and Erlana's Valley.

The second preferred (seventh) lists: Michigan Mack, Tee Cee, Hava Good, Kimtruder, Lucky Baron, Gaviland Johnny G.

Out Jackson way, an invitational pace headlines an all-star program Saturday with a field of six including Terry Buter's Ohio B Lee, Hasty Adios, Pepper Byrd, Ruby's Mission Time, Chief Okemos and Knox About.

It will be all-pacers and President and General Manager Leon Slavin has ambitions of bettering the high handle of \$202,717 set a week ago with anticipation of the largest crowd to date.

CLUB PARTIES at Wolverine Raceway have been highly successful during the last few years under the direction of Sandy Walker but who would think a romance and eventual wedding could start at such a gathering.

It did and the happy groom is none other than Paddock Supt. Clayton Smith who currently is honeymooning with his bride of less than two weeks.

Smith just happened to drop in one of the parties two years ago and just happened to meet a chic blonde from Lansing. It all came about when Smitty started to explain some of the fine points of harness racing to a group and the now Mrs. Smith joined the folks to hear his explanations.

Later they were formally introduced and from a club party came a happy wedding. Smitty, who also is employed by the Detroit Racing Association as superintendent of the barn area and grounds, will be back on the job in another week.

MARY ANN SMITTLE

Mr. and Mrs. William Smittle of Blackburn Avenue, Livonia, announce the engagement of their daughter, Mary Ann, to Virgil Philip Leach, son of Mrs. Virgil Leach of Ashurst Avenue, Livonia, and the late Mr. Leach. The bride-elect is a 1972 graduate of Bentley High School and will attend Michigan State University in the fall. Her fiancé graduated from Bentley in 1971 and is an agriculture student at MSU. No wedding date has been set.

MARCIA JACKSON

Mr. and Mrs. William Jackson of Ross Avenue, Livonia, announce the engagement of their daughter, Marcia Lynn, to Dick Simon, son of Mrs. June Shekinian of Hubbard Avenue, Livonia, and Enis Simon of Royal Oak. The bride-elect is a 1971 graduate of Churchill High School and employed by Acts Computing Corp. Her fiancé, a 1970 graduate of Bentley High School, is serving in the U.S. Navy aboard the USS Raleigh. No wedding date has been set.

PATRICIA MAYVILLE

Mr. and Mrs. Daniel Mayville Jr. of Roycroft Avenue, Livonia, announce the engagement of their daughter, Patricia Marie, to Denis J. McCarthy, son of Denis E. McCarthy of Detroit and Mrs. Helen McCormack, also of Detroit. The bride-elect is a 1968 graduate of Stevenson High School, and she and her fiancé both graduated from Schoolcraft College in 1970. The prospective bridegroom served three years in the U.S. Navy. They plan to be married Oct. 28.

CATHERINE TOKARSKI

Mrs. Viola Geer of Wyandotte announces the engagement of her daughter, Catherine Tokarski, to Darrell J. Murphy, son of Mr. and Mrs. Charles Murphy of Tecumseh Avenue, Redford Township. The bride-elect, also the daughter of the late Harold E. Geer, is employed by the Harvey J. Zameck law firm. Her fiancé works for the C&O Railroad. They will be married in October 1973.

SHARON KIVISTO

Mr. and Mrs. Alvar Kivisto of Ann Arbor Trail, Plymouth, announce the engagement of their daughter, Sharon Ann, to Michael James Richard, son of Mr. and Mrs. Bruce Richard of Ivanhoe Drive, Plymouth. The bride-elect is a 1971 graduate of Plymouth High School and a student at Schoolcraft College, where she belongs to Phi Theta Kappa sorority. Her fiancé graduated from Plymouth High School in 1970 and is employed by Inland-Sholz Housing Systems in Ypsilanti. They plan to be married Oct. 13.

MRS. PAUL ARTHUR BERRY (Claudia Christine Chance)

Berrys Married In Germany

The new chapel on the U.S. Army post in Illesheim, Germany, was the setting for the Aug. 1 wedding of Claudia Christine Chance and Sgt. Paul Arthur Berry.

The bride is the daughter of Mr. and Mrs. Joseph Harvey Chance Jr. of Farmington. Mrs. Ivan Berry of Lake Worth, Fla., is the bridegroom's mother.

Officiating for the candlelight ceremony was the Rev. Charles H. Wolcott, chaplain for the Army's First Armored Division, stationed in Illesheim. The bride's parents were on hand for the wedding.

"I was really shocked when I first came here," she said. "I knew there were children like this but I didn't know there were so many."

This was her first experience working with retarded children and at first she couldn't bring herself to look at some of them or hold them.

But now she works with all of them and knows just what it takes to make each one happy in their own way.

That's why she earned the staff's highest personal tribute.

"I didn't have anything else to do that day so I played with her. I was so happy when I got her to eat a little for me."

"She died the next day — and no one had expected it."

"But I always have remembered that."

"I make myself do things for the uglier ones," she said, telling of one experience with a little girl that she went out of her way for.

"I didn't have anything else to do that day so I played with her. I was so happy when I got her to eat a little for me."

"She died the next day — and no one had expected it."

"But I always have remembered that."

they return to this country in November.

BOTH ARE graduates of Farmington High School. The new Mrs. Berry attended Eastern Michigan University and her husband Lawrence Institute of Technology. They will live in Bad Windsheim until the bridegroom's tour of duty is completed and then make their home in the Farmington area.

THE LONG HAUL

When Duncan

Morris ... receives
his Associate of Arts Degree from
Macomb it will be the end of two
years that took ten years to
complete. Duncan enrolled in a
small university after high school
and promptly flunked out. Now
after four years as a Navy electron-
ics expert, he is eager to redeem
his false start for a four year degree
in business administration.

Why would he bother? Why
business administration? Wouldn't
he be better in electronics? Not
according to Duncan. He has
thought about going back to finish
what he started.

How do older students feel
when surrounded by a much
younger student body. Duncan
hasn't any complaints. He finds
himself older and wiser therefore
much more able to appreciate the
freedoms on campuses 'more
conducive to meeting other
students from different back-
grounds. With more junior colleges
in convenient locations teaching a
variety of topics including both
academic and vocational more and
more Michigan residents are taking
an evening course that they
wouldn't have bothered with even
five years ago.

Three motives are most often
cited by older and wiser students
returning to school. The most often
mentioned reason for taking a
course or enrolling as a full time
student is the promise of more
money for less work.

Greater self esteem is an impor-
tant motive of students returning to
school. Perhaps you have always
wanted to be a little more handy

U. OF M EXTENSION

A Hundred

University ... of Michi-

gan graduate-level courses open
the week of September 11 in the
Detroit and Dearborn regional
centers of the University's Exten-
sion Service. In addition, a number
of courses will be given in 154
dozen communities in Oakland
County.

Offered in the late afternoon and

around the house, take shop.
Maybe you have always felt a little
awkward in a conversation about
world events. Maybe you could
bone up in a modern world history
class.

The third reason for the boom in
night class as well as day courses
is that it's fun. The courses may be
taken for no credit and there is no
longer a threat of failure. Instruc-
tors report, however, that a student
taking a course for credit who is
interested in the subject matter
never fails.

The entertainment factor has a
great deal to do with the great
number of courses being offered in
university extensions at local high
schools, in community colleges, or
regularly accredited vocational
school. Animal lovers can take dog
grooming. House wives take cake
decorating, you might prefer a
twelve month course in Swedish
massage. If you're interested in
improving yourself, there is a
course just for you taught in
commuting distance to all Obser-
verland.

Perhaps you aren't too interest-
ed in going on for a degree, why
not consider a course in bridge,
square dancing, photography. The
benefits are terrific not to mention
the interesting people you meet
through a self-help program.

There is really a surprising varie-
ty of subjects to tackle that could
prove to be valuable economically
while making you a more interest-
ing and dynamic person. Check
your area for courses of interest.
Don't limit yourself. Try something
new. You might have a completely
untapped ability that would make
you a millionaire if you gave your-
self a chance.

evening, these courses make it
possible for the serious student to
earn much, if not most, of the
credit needed for a graduate
degree from the University of
Michigan without going to the
campus in Ann Arbor.

They make it possible, too, for
the man or woman who aspired to
work for an advanced degree but
who has been out of college a
number of years to test his ability
and inclination to continue toward
his objective.

MONEY FOR VETERANS

Uncle Sam

Molds... prods, and
cajoles our American youth into
manhood in an effort to provide
protection for all Americans. But
after a soldier has done his stint
Uncle Sam throws him back into
society a changed individual. No
longer a school boy dependent on
parents and officers for direction,
many have floundered about trying
to find a career that is both fulfill-
ing spiritually and rewarding
monetarily.

Today's veteran's benefits were
generally begun after World War II
and slowly broadened during the
Korean Conflict to the present
programs for Vietnam veterans. In
1970 veteran's received more than
\$5 million through the Veterans
Administration. This total is divided
into three types of educational
benefit.

benefits. Vocational rehabilitation
provides the funds for necessary
training expenses, special equip-
ment toward a definite job objec-
tive. Last year the monthly allow-
ance paid in this category was up
to \$135 with increased amounts
for dependents in addition to
compensation.

The War Orphan Education
program provides the funds for
tuition after high school for sons
and daughters of veterans who
died of service connected causes or
who were permanently and totally
disabled from service-connected
causes. Students must usually be
between 18 and 26.

Widows of veterans whose
deaths are judged to be service-
connected, and wives of veterans
who are permanently disabled due
to service-connected causes, are
also eligible for this educational
benefit.

VETERANS FOR EDUCATION

The Third

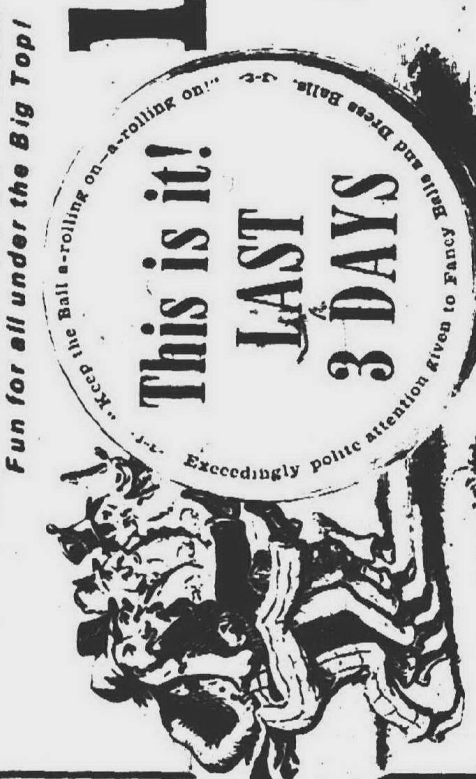

And Most... widely
known program of assistance is the
Veteran's Readjustment Education.
Under this provision, Veterans
who served on active duty for at
least 181 days after January 31,
1955, may receive a monthly
educational assistance under the
GI Bill. The GI Bill went into effect
to help post Korean conflict veter-
ans. The original bill provided from
\$175 for single full-time students to
\$230 for veterans with two
dependents, plus \$13 for each
additional dependent. The benefit
schedule as it stands today is
increased but is identical in eligibil-
ity.

During the period immediately
following the veteran's honorable
discharge, the ex-soldier may be
eligible for unemployment allow-
ances. Initiated recently this
program helps financially until the
veteran is able to find employment.
He may continue to be eligible for
unemployment benefits for 26
weeks if he remains ready and able

to work. This may or may not apply
to a veteran who wishes to collect
these unemployment benefits, but
wishes to enter a vocational train-
ing or college program. The key to
the question of eligibility is "ready
and able to work." A veteran
enrolled in a full-time course of
study would not be eligible.
However, a veteran enrolled in a
night school or similar course of
studies might be able to collect.
If a veteran needs more help
than the GI Bill provides he may
seek aid through other sources
including educational benefits open
to the general citizenry who care to
apply. National Defense Loans,
Teachers Loans, and Guaranteed
Government Loans are a few
government programs open to all
including veterans.

Scholarships are scarce, but
loans are fairly easily granted. Most
educational loans carry a relatively
low interest rate and payments are
generally begun after the borrower
has completed the course for
which the loan was made. The
term is long, the interest low, and
the loans are popular.

WHY COLLEGE!

Joe Smith just graduated from a large mid-western university. He majored in psychology. He worked hard for four years. His parents scrimped for ten to send him to college. Now he is unemployed.

A familiar story perhaps. Everyone knows one. Some even state that a college education is a waste of time because it doesn't provide a guarantee of employment. But who ever said it should.

College is not a sophisticated and expensive technical school. It wasn't meant to be and hopefully it hasn't become one. A liberal arts education provides the student with much more than the mechanics for earning a buck. The major goal of a Liberal Arts program must be to stimulate in each student a resourcefulness, an understanding of change, and a respect for learning. A good liberal arts education familiarizes the student with a variety of disciplines. It trains him to cope with problems in a broad

THE SEARCH FOR A BEGINNING

Observerland readers...

The most popular type of studies lately in our area has been the technical or vocational course. In this type of course the student learns a skill for a career or entertainment. Television commercials inform us daily of secretarial school, truck driver training, key punch programs. All are aimed at helping you advance to a better job with more money.

A new field of entertainment lessons has cropped up in the past five years. Americans with more and more leisure time want to know more about handi-crafts, want to become guitarists and pianists. We want to sew our own clothes and develop our own photography.

Athletic lessons are booming. Teaching pros are in demand. We have time for tennis, so why not learn. Golf is a fine game that must be coached in excellence.

Before you begin your self-improvement program why not discuss your interests with the whole family. Perhaps a family member would be interested in joining you. If you feel uncertain as to what you would like to enroll in, or possibly want to take a course for high school or college credit, see a counselor through your local school system. He will be able to steer you in the right direction for your personal problems.

There are 36 degree granting junior colleges and universities available to you with a tremendous number of courses.

EXPANDING PROGRAM AT SCHOOLCRAFT

Even the most... casual observer will recognize the wide variety offered in the expanding Community Services programs at Schoolcraft College.

No fewer than 45 distinct short courses have been arranged by Community Services Director Ronald Griffith for this fall. Each has been carefully planned and scheduled to provide a balanced adult program. A program focusing on personal enrichment, effective use of leisure time and job upgrading needs.

The classes vary in length from as few as two weeks to as many as 14 weeks, and most get started during the month of September. Registration fees are based on the length of the class and whether the student lives in or outside the College district. The average cost to resident students is \$11.

The program offers classes related to business, culinary arts, fine arts, industrial, liberal arts, math and science, physical education and the social sciences. The registration deadline is September 8, and some of the classes may be full now because registration has been open for some time. Full information is available by calling the Community Services Office at 591-6400, extension 264.

WAYNE COUNTY COMMUNITY COLLEGE

● You can enroll if you're 18 or over or a high school graduate

COLLEGE COSTS VS. COLLEGE VALUE

Could a \$35 night course land you that \$5,000 promotion you have been eyeing? Would a few courses taken in night school finish your high school requirements putting you in a better job bargaining position?

Thousands of Observerland people are discovering that a program of self-help through education can be fun and profitable without being expensive. The tuition costs for night school courses are figured on the time spent in class. A class that meets one night a week for three hours would be a three hour course. At a rate of \$10 per credit hour the course tuition would be \$30.

There are many ways of financing an education. The best way to finance night school is to have a job during the day. Seriously, most night school students work during the day and study in the evening. Many students, however, are unaware of the funds available to them if they would just ask.

Many large corporations will split tuition expenses with their employees. While many companies will subsidize only those courses pertinent to the employees job, a great many will help with any course.

Government loans and grants are available to those enrolled in a full time education effort.

Schools are getting on the credit bandwagon. Students may put their tuition on credit card terms or may make monthly or weekly payments. Banks may arrange a government guaranteed loan at a low rate of interest.

Some schools figure tuition on ability to pay. Most, however, have a set rate per hour. Different types of educational establishments charge widely varying tuitions as a reflection of building costs, faculty expenses and other costs. Out procedures including a chance factor of what the competition charges and what the traffic will bear.

MEDIC

EMS is now operating on an experimental scale on the Northwest side of Detroit. It is staffed by 59 para-medics most of whom have previous skill as military medics. The force has need of 30 additional staff. Jobs are attained through the civil service.

Shortages also exist in other areas of medical service of which former military medics can take advantage. Because of the overwhelming shortage of doctors in the United States it has been found that many tasks of physicians can be fulfilled by properly trained personnel.

Community colleges have been especially active in developing courses in careers such as medical lab technicians and inhalation therapists.

Mercy College and Western Michigan University offer courses in primary physician assistants. The

course can be completed in two years. Graduates will be awarded associate degrees. Marygrove College offers a two year associate degree for orthopedic physician assistants.

A unique facet of these programs is that they have been financed with federal grants that allow the student to continue his education if desired and obtain a four year degree. This can be done at any time without a penalty being imposed for time passed.

The federal government is active in developing career programs for veterans whose skill would otherwise go unnoticed or never be developed.

One of the puzzles of the Vietnam veteran is his reluctance to use the aid that is available. Only about a fifth of veterans take advantage of educational programs
