### Gaylord Corp. Fire **Result Of Arson**

Last Monday night's fire at Gaylord Container Corp., 11333 General Dr., Plymouth Township, was the result of arson, Detective Sgt. James Thomas, of the Michigan State Police arson squad said Friday.

"There is definite proof the fire was the result of arson," the sergeant said. "We have a suspect under investigation."

The fire, which started about 7:20 p.m., was confined to the rear of the building adjacent to the C&O Railroad tracks.

Fire departments from Plymouth Township, Canton Township, Plymouth, Livonia and Northville battled the fire for several hours.

### Yockey: Man Of Accomplishments

Fred L. Yockey, Plymouth's new city manager, is a man of accomplishments, according to reports from Midland, where he previously served.

In a list of Yockey's accomplishments prepared by Midland city officials, several things stand out:

Model housing rehabilitation program developed; biennial city inspection of rental units; codification of city ordinances; development of a master plan for the city; construction of waste treatment facilities.

Other accomplishments attributed to Yockey include: increasing the number of uniformed policemen in the

city from 28 to 41; expanded downtown parking without use of tax funds; improved library facilities.

He also helped create a separate personnel department for the city, administered a \$16.5 million street, sewer bridge, and sidewalk construction program and helped develop a new cemetery for the city.

MANY OF THOSE programs for which Yockey is credited relate to problems faced by Plymouth city offi-

During his 6½ years as Midland's city manager, the tax rate moved from

9.8 mills to 11.5 mills, and Yockey prepared six balanced budgets - each year ending with a surplus.

Yockey told The Mail & Observer he guided four successful annexations to the city and that two more major annexations await only State Boundary Commission approval.

In a surprise move on Jan. 22. Yockey was fired from his \$30,000 a year position by a 3-2 vote of the Midland City Council.

An editorial in Wednesday's edition of The Midland Daily News titled. "Plymouth is Gaining as Midland Loses," says, "It is a sad commentary

that such a man has been removed from office by three votes cast by men of lesser qualification who evidenced a distinct lack of civic responsibility."

It goes on: "Such councilmen ought to know the difference between policy and administration. They must realize their role is to set policy and that they are prohibited from trying to run city departments. Administration is the function of the city manager."

Yockey will take office March 1 exactly three months after Norman M. Gaffney resigned following increased friction between himself and elected Plymouth officials.

### Area Recreation Authority May Be Launched Tuesday

An area-wide recreation authority may be born Tuesday night.

The authority - an idea bandied around for three years -- may reach official infant status when three of the four participating governmental units will consider adoption of a tentative proposal at their seperate meetings Tuesday night.

The Plymouth School Board, the Plymouth Township Board and the Canton Township Board have the tentative recreation authority contract on their agendas this week. The Plymouth City Commission will probably consider the authority's ratification at its March 5 meeting.

Representatives of the four governmental units have already given tentative approval of an agreement. Plymouth, Plymouth Township and the Plymouth School Board have voted to back the plan in principle.

ORIGINALLY Canton Township officials had expressed disapproval of an authority that would be based on the school district area because 30 per cent of Canton lies outside the Plymouth School District.

But Canton Township Supervisor Phil Dingledey said Friday the authority's thinking has changed to encompass all of Canton Township.

Although details to the authority and its financing would be worked out by a yet-to-be-selected board, the cooperation would in essence mean a pooling of the recreational programs and facilities currently offered by the city, the townships and the schools.

TARGET DATE for the authority to be operating is May 30.

Each of the authority's members would be committed to an initial fiveyear participation under terms of the proposal.

The resolution and memorandum of agreement which the four governmental units will consider was drafted by Atty. John Thomas following several meetings between city, township and school officials and recreational groups such as the Plymouth Community Junior Athletic Assn.

According to the proposed resolution and agreement, the authority would be known as the Plymouth-Canton Recreational Authority and would be governed by a nine-member board.

Each participating governmental unit would appoint two members to the board and the ninth representative would be chosen on a rotating basis by the four governments beginning with the City of Plymouth.

"Said recreational board shall meet and organize within a reasonable time after its appointment and (elect officers)," the agreement says.

THE AUTHORITY'S responsibility will be to "plan, structure and operate recreational facilities and programs in the greater Plymouth-Canton area." according to the agreement.

To that end, the authority board may appoint a recreational director and "such other personnel...as deemed necessary" and set their salaries.

The board will have the responsibility to prepare an annual budget for the operation of its programs and activities which would be submitted to the participating governmental units.

According to the terms in the tentative agreement, the budget must also indicate what portion of the total budget will be contributed by the participants.

The authority would be authorized to conduct its activities on its property or that of other public or private property with consent of its owner.

THIS SECTION of the federal income tax form is causing some confusion among local taxpavers say Canton Township Supervisor Phil Dingeldey and Plymouth Township Treasurer Elizabeth Holmes. They warned residents of their communities to put in the name of their town-

ship -- and not the name of their post office address, which is "Plymouth" in most cases.

### **Should Revenue Sharing Be Used** On Public Safety?

The Citizens for Safety Committee is conducting a survey of Plymouth Township and Canton Township residents to determine whether they want their communities to spend federal shared revenue for public safety.

Residents of the townships are asked to list their top three priorities and to mail in this survey.

Plymouth Township residents should send it to: SURVEY, 9167 Redbud, Plymouth, 48170. Canton Township residents should send it to: SURVEY: 43971 Arlington Rd., Plymouth, 48170.

- Public safety.
- Environmental protection.
- Public transportation.
- Recreation. · Health.
- · Libraries.
- · Social services for poor and aged.
- Financial administration.

THE CITIZENS FOR SAFETY COMMITTEE asks residents of the two townships to complete the following and mail it to the addresses listed above: TOWNSHIP:\_\_\_CANTON\_\_\_PLYMOUTH

READING, CORRECTING AND APPROVAL OF MINUTES - Regular Meeting, Jan. 23, 1973. Helen Richardson requested a change be made in the minutes of January 23, 1973 on page 2, line 3 to read 10' instead of 10". On New Business, Item III, No. 1 on remarks of the sidewalks, remove Mrs. Sullivan's name and add the following paragraph: Mrs. Phyllis Sullivan stated that the community needed a total safety program. Overpasses skywalks, crosswalks, reduced speeds in front of schools and sidewalks are

needed, but not sidewalks first or not 40% of Revenue Sharing Funds for sidewalks. She further stated that this would be selfish and would not get students across the busy main streets such as Sheldon Road, Ann Arbon Road, Haggerty Road, Joy Road, Ann Arbor Trail, etc. Mrs. Elizabeth Holmes moved that the minutes be approved as corrected. Supported by Gerald Burke and carried unanimous

moved to approve the bills as submitted in the amount of \$21,667.61. Supported by Mr. Ash and carried unanimously OLD BUSINESS - Howard L. Dunlap, Re: Proposal for maintenance to heating and cooling systems at the DPW office and Township Hall offices.

Helen Richardson moved to accept the proposal for maintenance to the heating and cooling systems at the DPW offices and Township Hall offices from Howard L. Dunlap at a monthly charge of \$24.00. Supported by Russell NEW BUSINESS - James E. Gignac, Fire Chief, Re: Fire Rescue

/Ambulance Vehicles. Helen Richardson read the letter to the Board, and the audience, written by J. E. Gignac, Gerald Burke moved that the Clerk send a letter to Ford Motor Company thanking them for the allotment of \$2,604.20 to be used for the purchase of Heart Pak No. 2 for the equipping of the new rescue vehicles. Seconded by Elizabeth Holmes and carried unanimously. Frank Millington wanted to know if this money was for the equipment on the vehicles or the purchase of new vehicles. Mr. Gignac advised that it was for the Heart Pak No. 2. Helen Richardson asked Mr. Gignac where these two vehicles would be housed when and if purchased. Mr. Gignac explained that they would be housed as follows: 1 piece of equipment at Station 1 and the other at Station 2. The intent of use of the emergency equipment being retired will be used for a year for errands. Mr. McLaren questioned the time element in purchasing equipment now.

Mr. Gignac explained to the Board that there would be no additional nanpower necessary to operate the new equipment. Elizabeth Holmes asked where the equipment would be stored that we presently have. Mr. Gignac reported that Livonia Station No. 6, which is very close to Plymouth Township, is available and Livonia would respond with our pump when an emergency arises and we would return their man to the station.Mr. Gignac also tated that all equipment would be housed indoors. Gerald Burke moved to authorize the Fire Chief to prepare specifications on the two ambulance vehicles, to be presented at the next Board meeting, Feb. 27, 1973. Mr. McLaren advised Mr. Gionac that this did not mean that the Board approved. just that they want to look over the specification.

The question was called and the following roll call vote was taken: Yes: Millington, Overholt, Burke, Ash, Richardson, McLaren. No: Holmes. The motion carried 6 to 1. Mrs. Jan Carney, Chairman, Plymouth Rotary Anns, Re: Requesting

permission to conduct 1973 Plymouth Rotary Ann's Easter Lily Sale or Friday, April 6, 1973 from 4:00 P.M. to 6:00 P.M. and on Saturday, April 7. 1973 from 9:00 A.M. to 3:00 P.M. Russell Ash moved that permission be granted to conduct the Easter Lily Sale as stated in the communication. Supported by Elizabeth Holmes and carried unanimously

Helen Richardson, Clerk, Re: Transfer of funds to overexpended accounts There being no comments Gerald Burke moved to approve the Transfer of Funds as requested by Clerk Richardson. Supported by Gene Overholt and Herald Hamill, Brender-Hamill & Associates, Re: (a) Requesting approval

of Improvement plans for Sycamore Valley Condominiums, Application No 206. Russell Ash moved that the Board adopt the recommendation of the Township Engineer and approve the improvement plans for Sycamore Valley Condominiums, Appl. No. 206 (Sanitary Sewer, Water and Stoem Sewer.) Supported by Elizabeth Holmes. The following roll call vote was taken: Yes: Holmes, Ash, Overholt, Millington, Richardson, McLaren. No: Burke. (Mr. Burke explained that he had been against this proposal from the beginning and that his disagreement had nothing to do with Mr. Hamill). The motion carried 6 to 1.

(b) Requesting approval of Improvement Plans for Plymouth Multiple Partners, Appl. No. 200. Helen Richardson moved that approval of the ndation on the improvement plans for the spartments on the south side of Ann Arbor Road, west of Great Scott, Appl. No. 200 be accepted. Supported by Russell Ash and carried unanimously.

Joseph Bida, D.P.W. Superintendent, Re: Recommending refund to Joseph Ruggirello, Plymouth Hills Mobile Court Trailer Park. Helen Richardson read the communication to the Board from Joseph Bida requesting that the \$30,000.00 be returned to the donor as nothing defininte has been done up to this point in time. Mr. Bida explained that the Water & Sewer Department would have a cost for multiples, trailer parks, motels, condominiums, etc., in the near future which will be in ordinance form and until that time he would recommend that this money be returned. Mrs. Richardson also read a letter from Mr. Ruggirello requesting the refund.

Frank Millington wanted to know why Mr. Ruggirello was requesting the return of his money. Mr. Ruggirello explained that at the time he made his contribution he understood that there would be no further tap-in charges. but in view of the fact that there is going to be a new fee schedule requiring a quarterly contribution based upon each unit within the park for use of Township water, he felt it appropriate to request the return of the \$30.0-00.00 without interest.

Gene Overholt stated that the Board had never said that they would get him water, nor did they say that he wouldn't get water. Mr. Millington stated that the trailer park has been in use at that location for a number of years, and that if money was used as an inducement to get the water out there that the money should be retained in the Township.

Mr. Bida mentioned that Ruggirello's attorney was consulted and that the attorney explained that the money was to be given back to the donor as nothing has been done with the money in the 20 months that it has been in the possession of the Township of Plymouth. Gerald Burke moved to accept the recommendation of Mr. Bida and return

the \$30,000.00 net to Mr. Ruggirello, supported by Gene Overholt, with the following roll call vote: Yes: Holmes, Overholt, Ash, Burke, Richardson, McLaren. No: Millington. The motion was carried 6 to 1.

RESOLUTIONS - Wayne County Road Commission, Re: Resolution and Contract forms for Dust Palliative. Mrs. Richardson advised that this is the same resolution and contract that we approve each year which covers dust pelliative on the unpaved streets of the Township and the cost of chloride would be presented after the bids are taken by the County. Mrs. Holmes moved approval of the Resolution, supported by Gene Overholt and carried unanimously. Russell Ash moved adjournment of the meeting, supported by Gerald Burke. Supervisor McLaren adjourned the meeting at 9:37 P.M.

### Hoben Prepares Study On Educational Park

By KATHY MORAN

**PLYMOUTH** School Supt. John Hoben has prepared a brief history of Centennial Educational Park dating from 1967 when the district purchased three farms to create the 294-acre

A citizen-staff committee formed at that time recommended that four comprehensive high schools sharing some facilities be constructed on the site.

All planning since then has followed that direction. Hoben indicates in the report.

The report was distributed to members of the board of education, some of whom have indicated a reluctance to proceed with plans to split Plymouth-Salem and Plymouth-Canton high schools.

Last spring, some Plymouth board members attempted to halt the two-school planning and turn the direction toward a one-school concept. That attempt failed.

The park's philosophy was questioned at a January board meeting when parents showed

Three trustees have joined the board since the vote last spring, creating the possibility that the new board could one high school.

HOBEN EXPLAINS in the report that a committee of 16 citizens and 16 staff people recommended that four comprehensive high schools be built "in compatible pairs each with unique shared facilities and programs.'

It was thought that by sharing certain facilities, the district could afford extras such as a planetarium, data center which would otherwise entail too much expense.

In 1969, the board approved the purchase of 100 band uniforms with former Supt. James Rossman's recommendation that:

"Inasmuch as there is to become a Centennial Education Park with multiple high school buildings, it is recommended that a standard black basic uniform of the same specifications be

### **Preliminary** Qualification Of Bond Asked

**PLYMOUTH** The Plymouth schools have applied for preliminary qualification of the \$14.15 million bond issue which it will take to the voters for approval on June

The preliminary qualification by State Supt. of Public Instruction John Porter is a necessary step in the election process.

In applying for qualification, the board of education committed itself to a list of priorities if the bond issue passes.

The priorities are an 11th and 12th elementary school at \$1.7 million each; Phase I of a third high school at \$6.5 million; Phase III of Plymouth - Canton High School at \$3.5 million: \$500,000 for purchase of new sites; and \$250,000 for satellite

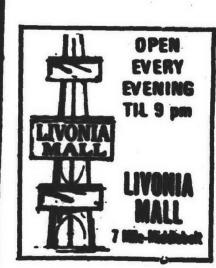

### Tax Refunds **Are Approved**

**PLYMOUTH** were approved by the Plymouth Board of Education.

The refunds resulted from a reduction in assessments by the station. Michigan State Tax Commis-

Robert Beyer of Plymouth will get a \$681 refund and Kenneth Corey of Plymouth Township will get \$117.

The athletic plans followed a similar course with athletic director John Sandmann helping form a separate activities conference for reverse the plans and go for Plymouth-Canton High School. The conference includes athletics, student government, forensics, instrumental and vocal music

and publications, Hoben said. According to directives from the board, students were selected for either of the high schools on a random basis this year. Next year's ninth grade students will be assigned according to an elementary

school feeder system. The administration has not processing center and nature determined which elementary schools will feed into which high school.

### Police, WWCC Offer Hunter Safety Course

**PLYMOUTH** A basic rifle marksmanship and Michigan hunter safety course will be offered Plymouth area boys and girls, ages 12 through 18, starting Tuesday,

The nine-week course, to be held from 6 to 9 p.m. March 27 and from 7 to 9 p.m. the remaining Tuesdays, is limited to 24 students. The \$2 fee must be paid by 6 p.m. March 27. Students must have a parent or guardian sign for the course.

Students are required to attend all nine sessions which will be held at the Plymouth police range, 201 Union St.

Ammunition, .22 cal. rifles and all supplies will be furnished.

Upon successful completion, each student will receive a basic rifle certificate, a Plymouth police Junior Rifle Club shoulder patch, and will be eligible for the Michigan hunter safety certificate.

THE COURSE will be taught by instructors certified by the National Rifle Association and the Michigan Department of Natural Resources from the Western Wayne County Conservation Assn.

It is co-sponsored by the Plymouth Police Department and the Western Wayne County Tax refunds totaling \$1,811 Conservation Club. Additional information may be obtained by contacting Lt. Rodney Cannon at the Plymouth police

In 1823 Thomas Kensett patented the tin can, a container made of sheet iron covered by a thin coating of tin. The tin can was inexpensive but did not replace the glass container until the middle of the 19th century. The early form of tin can was sealed by soldering a disc of metal over a hole in the top of the can. Later brine was used in the can which often, under a high degree of heat, caused the can to burst. It was not until after the pressure of steam heat was used in pressure cookers that canned goods became an accepted part of everyday life.

Mrs. Homer Clark, parent of a band member and Plymouth citizen, rose to speak to the proposal of splitting the-merching band at the Plymouth Educational Park Complex. She listed a number of issues in opposition to the proposal: (1) dilution of quality by a lesser number of students participating; (2) deterring attracting new students tomarching band;(3) "esprit de corps" -- tradition, pride in excellence; (4) costs for separate marching bands uniforms, etc., estimated at \$90,000; (5) band as now established with its leader acts as a unifying influence and a good public relations example, and separation could jeopardize or destroy a rare and unusual thing in this munity." She presented a petition signed by 176 students who request that the band be considered as one Mr. Jeff Person, band member in the Junior class, rose to speak to the issue,

also, as appointed by the student members. He expressed the opinion that the statement made by Sup't. Hoben regarding the band split was considerably lacking in logic and cited Mr. Al Wright of Purdue University an authority on the subject. He hoped that we would "keep our bands not as good as, but

Student Bob DeLano rose to raise several points at issue with administration as well, including the fact that there might not be a balance of instruments if the split were effected tion President and Plymout

citizen spake for the Plymouth Community and requested that the School Board "keep the community together by keeping the band together." President Lewton requested that Mr. James Griffith, Band Director, express his observations on the long-range educational values of the marching band as now established or to be changed. Mr. Griffith felt that there was inadequate housing at this time for splitting bands and for scheduling room facilities; it was financially not feasible and that tradition -- intangible, but vital --

should be considered After all citizens had been given a chance to express their opinions on the issue of the marching band, it was moved by Member Berry and seconded by Member Penar to move Item 5c "Music Recommendation at High School" on the agenda up for discussion by the Board at this time.

It was moved by Member Pener and seconded by Member Benson that for the 1973-74 school year we commit the group bend and orchestra program to be the same as it was this year.

(Discussion on this motion followed. Questions were answered by adminis tration. Member Graves raised the issue of historical background on the Park Complex - one-school vs. two-school concept. Principal Buikema was as k ed to express his views and stated that he was concerned with the music program for the entire year as opposed to an eight-week period during football season. Member Benson felt that the Board should not react in crisis situations such as this but should take time to study. The question was Aves: Members Benson and Penar.

Member Mirto artived at this point.

It was moved by Member Benson and seconded by Member Mirto to table this music program agenda item until after the February work study session and discuss again at the first Board meeting in March. Ayes: Members Benson, Berry and Mirto.

Nays: Members Graves, Lawton, Ohno and Penar.

It was moved by Member Berry and seconded by Member Graves that the music program be split into separate sections for each high school, with one Canton Marching Band, one Salem Marching Band and one Marching Band for Plymouth Centennial Park. (Consensus was that the music staff would work together to study and

recommend what is the best musical program for the entire complex.) It was moved by Member Penar and seconded by Member Benson that the above motion be tabled until the meeting of April 9. Ayes: Members Benson and Penar.

Nays: Members Berry, Graves, Lawton, Mirto and Ohno. The motion was defeated.

It was moved by Member Graves and seconded by Member Ohno that this meeting be ruled into executive session Ayes: Member Graves.

Nays: Members Benson, Berry, Lawton, Mirto, Ohno and Penar.

The motion was defeated Member Mirto expressed the opinion that this issue should be tabled since there are basig-philosophical decisions to be made and that not enough objective information has been given to the Board in order to come to terms with the splitting of all programs at the Park Complex. He felt the Board has an obligation to all future students and not just to keep programs limited.

It was moved by Member Graves and seconded by Member Penar to table the motion made by Member Berry. Ayes: Members Benson, Graves, Lawton, Mirto, Ohno and Penar.

Nays: Member Berry.

A brief recess was called and the meeting reconvened at 10:10 p.m. Member Mirto returned to the meeting following Item 4e(8) on the agenda and did not vote on motions up to that point.

A Status Report on Radio and Television Services and a report on General Specifications and Estimated Cost of a Basic Closed Circuit TV System for the Plymouth Centennial Educational Park were distributed by Mrs. Bonnie Dore and Mr. Tom Lee. A Cash Statement and Budget Report as of December 31, 1972 was Member Mirto returned to the meeting.

Legal Counsel Thomas Healy rose to speak to the matter of tuition payments for the children of Mr. and Mrs. Edward Terry, residing at 7025 Napier Road. He reviewed the background of the case and requested that the Terry children be permitted to remain in the Plymouth School District tuition free and. in addition, recommend a change in school district boundary to include 7025 Napier Road. The Superintendent pledged to follow through personally with legal counsel to obtain necessary resolutions with townships of Northville and Plymouth to effect the change.

Member Berry was excused from the meeting during the above discussion. It was moved by Member Penar and seconded by Member Ohno to defer this matter of tuition payments by Edward Terry for three children attending Plymouth Schools in order to confer with legal counsel and prepare necessary documents for resolutions and that no tuition payments should be made

Bishop Borgess stepped out of its league this week to post a 65-44 basketball victory over Gabriel Richard High School, with Mark Sopko's 18 points pacing the triumph.

Borgess built up a 13-point lead in the first half to hold a 34-21 edge at intermission and then outscored Gabriel Richard by a 31-23 margin in the final two periods.

Behind Sopko's game-leading contribution of 18 points came Mike Milosch with 12 as Borgess boosted its season's record to 9-10. Dan Meyers with 10 points was the only Gabriel Richard player in double figures.

Got a minute? We'd like to ask you a question. Why are you keeping all those things around your home you don't use any more?

That musical instrument, for example. When's the last time anyone played it? And how about that chair? It doesn't match anything now.

All those outgrown toys... still so good... but the way your children are growing up, you know they aren't going to play with them any more. The sports equipment, TV, appliances, tools... even that dog house. Why keep 'em? They really aren't worth anything to you if you no longer use or enjoy them. But, every single one of them is worth good hard cash to someone else. And it's easy to get this cash? With an OBSERVER WANT AD. ## Garden Grow? Your How Does

Does your child think peas come from a box and corn from a can?

This is a dreadful misconception – and one that you can change if your child has a chance to grow some vegetables in a garden of his own. It can be a lot of fun—and a real eye - opener for you, too, if you've never had a vegetable garden, either.

Here are some hints to make this venture a success.

Don't make the garden large. Keep it mini –at least for a first try. You are not trying to feed the whole neighborhood – just educate them!

Choose a sunny spot. Most vegetables won't produce anything unless they get at least six or eight hours of sunshine, the more the better. Also stay clear of trees and shrubs. Their roots will compete.

The soil should be loose and soft and easy to work – or the kids won't be able to dig in it and the plants won't grow well. The best way to improve the soil texture is to work in lots of organic material – compost, peat moss,

sawdust.

JOHNNY AND AMY might as well grow something they enjoy eating -and not a vegetable they "hate." Although all vegetables are fun, some are easier to grow than others, and some yield a crop much more quickly. Also, in limited space, choose kinds that don't take up lots of room.

Radishes can be planted early in the season. The seeds are large enough to be easy to handle and they sprout in a few days, and can be eaten in three weeks. Beans take longer, but are big and easy to plant, and produce a good crop. Most kids like tomatoes. Big ones can be tied to a stake or trellis, but kids might prefer growing the little cherry tomatoes.

In fact, there are all kinds of midget vegetables — tiny heads of cabbage, mini corn plants, etc. that kids seem to have an affinity for.

Why not look through the seed catalogs with your children and let them help choose?

Read the information on the packets. It will give all kinds of good advice — when to plant, how deeply, and how far apart to space the seeds and the plants. It really pays to follow this advice, although a little crowding isn't too serious.

LET THE KIDS pick the vegetables when they are young and tender. They will really taste great.

If the kids — or you — are anxious to get started, start some seeds indoors on a sunny window sill.

### ffer Home Gardener oundant Blooms 0 Variety, Al Annuals

Annuals are plants that complete their life cycle in a single year. In one growing season they sprout from seeds, produce flowers and seeds and then die.

Despite the fact that they have to be planted every year, annuals are great plants for the home gardener because they are easy to grow, are quite inexpensive and produce an abundance of blooms over a long period of time.

annuals is that they give the gardener the chance to try out something different each year -- new sizes, new shapes and new color schemes.

Although there are literally hundreds of annuals that can be grown in local gardens, there are three that are most frequently chosen because they are easy to grow and are very colorful. There are more

Zinnias are natives of Mexico, and they, too, like lots of sunshine. They come in an absolutely fantastic array of colors, including green. Just about every color is represented but blue.

Sizes range from tiny pompoms called Thumbelina Minis which are only four inches high. Other low ones are lilliputs and buttons. Largest of all are the California giants with six inch flowers on four foot plants. MARIGOLDS OFFER, an even greater variety of forms -- although colors are limited to the yellow, gold and orange range. ## Coordinate Interior Decor With Outside Gardens

Have you ever thought of extending your interior decorating outside into the garden?

IF YOUR DECOR

Just think of the advantages of using the same color schemes in the flower garden as you do in the house. Not only will you have bouquets to coordinate with your indoor decor, but the view from the windows will correlate well to visually expand the room into the out - of - doors.

You may not be able to do this for every room in your house, but consider the possibilities for the main rooms -- the living room, family room, kitchen or dining area.
