YOUR HOMETOWN NEWSPAPER

Weekend of May 12, 1973

### **Busy Seniors**

Only a few weeks are left in the school year and a busy home stretch has been mapped for Plymouth High School seniors before they graduate June 13. The social whirl starts tonight with the annual senior prom.

### **Industrial Arts Students Lauded**

Students from Plymouth-Salem High School earned four first place ribbons in the Michigan Industrial Education Society regional project competitions.

Winners were Ed Dobbs in welding with an engine stand, Vern Dunlap in welding with an hydraulic arbor press. Ken Brownlee in metals with a ball peen hammer and Jeff Lukens in wood technology with a Colonial table.

Ron Borkowski and Eugene Weide took second place honors in welding with an ornamental sword display. Jeff Wilkinson was a third place winner in drafting with an assembly drawing.

### By MARTHA MAHAN

Daniel A. Hartnett is back on the job and "feeling wonderful" five months after undergoing the first kidney transplant ever performed at Detroit's Mt. Carmel Mercy Hospital.

The cheery, 38-year-old Photographic in Highland Plymouth father has gained Park. 30 pounds and says he's "getting back to my old self."

with a donor kidney Nov. 28. Three months earlier, he had lost both kidneys in a surgical procedure known as bisurviving a year by daily use of a kidney machine.

The donor was a young man who arrived at Mt. Carmel's emergency room critically injured. His parents gave permission to transplant his kidneys after his death.

about having the kidney of someone else.

"After all, someone had to "very, very good." die for this to happen."

sense of comedy made him add:

took part in the Tournament of Roses parade at Pasa-

dena. Mrs. Hartnett is a reading specialist in North Dearborn Heights: Harnett, whose friends call him by his middle name of Andre, is vice president of financing and planning for Boulevard

Hartnett's only setback since the surgical transplant Hartnett, who lives at 10893 was its impact on nerves at-Brookwood, was implanted tached to the legs. He couldn't walk at all for a while, but now he gets about with a cane.

"I'm no gazelle," he lateral nephrectomy after laughed. "But I play golf and get around better all the sy O'Day, Janet Van Skott, Griffith. time.

His doctors are "very pleased" at his progress. Hartnett reported.

At the time the operation was performed. doctors said chances are 70 per cent that Hartnett agreed he has a a donor kidney will continue funny feeling sometimes to function for two years and 50 per cent for five years.

Hartnett said the technical It's a feeling "difficult to aspects of the surgery are fathom," he said soberly. described by his doctors as

"All the plumbing is right But a basic good cheer and and functioning," he laughed. Other methods of gauging his progress are basically chemical measurements, Business and Professional Women's Club. (Observer photo).

**CITY OF PLYMOUTH ORDINANCE NO. 73-3** 

AN ORDINANCE TO AMEND THE CODE OF THE CITY OF PLYMOUTH BY ADDING A NEW CHAPTER, WHICH NEW CHAPTER SHALL BE DESIGNATED AS CHAPTER 25, ENTITLED, "CROSS CONNECTION," OF SAID CODE.

THE CITY OF PLYMOUTH ORDAINS:

2.151. Adoption of Rules by Reference. That the City of Plymouth adopts by reference the Water Supply Cross Connection Rules of the Michigan Department of Public Health being R 325.431 to R 325.440 of the Michigan Administrative Code.

2.152. Inspections. That it shall be the duty of the City of Plymouth Water Department, or its authorized representative, to cause inspections to be made of all properties served by the public water supply where cross connections with the public water supply is deemed possible. The frequency of inspections and reinspections based on potential health hazards involved shall be as established by the City of Plymouth Water Department, or its authorized representative, and as approved by the Michigan Department of Public Health. 2.153. Entry to Premises. That the representative of the City of Plymouth

Water Department, or its authorized representative, shall have the right to enter at any reasonable time any property served by a connection to the public water supply system of the City of Plymouth for the purpose of inspecting the piping system or systems thereof for cross connections. On request the owner. essees or occupants of any property so served shall furnish to the inspection agency any pertinent information regarding the piping system or systems on such property. The refusal of such information or refusal of access, when requested, shall be deemed evidence of the presence of cross connections.

2.154. Violations. That the City of Plymouth is hereby authroized and di rected to discontinue water service after reasonable notice to any property wherein any connection in violation of this Chapter exists, and to/take such other precautionary measures deemed necessary to eliminate any danger of contamination of the public water supply system. Water service to such prop-erty shall not be restored until the cross connection(s) has been eliminated in

erty shall not be restored until the cross connection(s) has been enhanced in compliance with the provisions of this ordinance. 2.155. Protection of Potable Water Supply. That the potable water supply made available on the properties served by the public water supply shall be protected from possible contamination as specified by this Chapter and by the state plumbing code and Article 17 of Chapter 96 of this Code. Any water outlet which could be used for potable or domestic purposes and which is not supplied by the potable system must be labeled in a conspicuous manner as:

**IRVING WILLIAM ROZIAN**, a beacon of genius amid Plymouth Township's miles of political nothingness, put down his glass after a lengthy discussion of the Northville and Farmington elections and casually asked if one knew of the State Boundary Commission's appointment Aug. 8 to discuss the City of Plymouth's annexation proceedings against Plymouth Township.

Involved, said this Beck Road homeowner who is a member of that commission, is the city's formal petition from the late '50s to annex an industrial strip along Plymouth Road including such trinkets as Burroughs, Associated Spring, Evans Products and similar marbles.

Well, if you know the writer, then you know what happened in his recreation room as the whole crowd's glasses stood empty. A call to Plymouth City Attorney Chuck Lowe produced nothing but a plea of ignorance to any such hearing, falling back upon the fact that two years ago the City Commission ordered all annexation petitions withdrawn.

Then light dawned, and with brilliance. Mayor James McKeon, a wonderful neighbor whose daily disregard for municipal charter restrictions upon his office has become his hallmark, confirmed that, yes, he knew of the apcoming hearing. And has for several weeks.

To one's consternation, he refused to take a positive position opposing this ancient, forgotten piece of municipal lore. To the contrary, he indicated the municipal government may well covet that Plymouth Road tax base even though it starts a local revolution.

WOE BE UNTO all of us Plymouthites if that happens. Ever since the mayor exchanged a job in packaging for an executive's role in the real estate field, his acumen for land development has increased apace.

To clear the air, two or three years ago, Our Leaders in City Hall voted unanimously to withdraw all of those several annexation petitions that still were pending against the township. That was done when our present state senator, Carl D. Pursell, was taking a fighting posture in favor of unification, and love ostensibly prevailed between the city and township.

AUDITION WINNERS who will be featured with the Plymouth Youth Symphony in its Wednesday concert are (from left) Dan Beerbohm, clarinet; Margaret Lang, viola, and Mark Stephens, French horn.

### Youth Symphony Puts **3** Soloists In Spotlight

The Plymouth Youth Sym- Handeshkin concerto for phony, under the baton of Conductor Michael Endres, will present its final concert

of the season at 8 p.m. Wednesday, May 16 in the auditorium of Plymouth Salem High School.

Featured will be three concerto soloists who were selected through competitive auditions held during April. Winners were Dan Beerbohm, clarinet; Margaret Lang, viola, and Mark Stephens, French horn.

Beerbohm, who is principal clarinet in the Clarenceville will perform the rondo move-

PLYMOUTH the first movement of the viola and string orchestra.

Stephens, a Plymouth High School junior, is principal horn player in both the symphony orchestra and symphony band at the school, in addition to being first chair horn in the Youth Symphony. He has studied horn with Louis Stout of the University

In addition to those featured performances, the full orchestra will present "Short High School symphony band Overture" by Frankenpohl, "Toccata" by Frescobaldi,

kowsky, melodies from "Der Rosenkavalier" by Strauss, second symphony (fourth movement) by Sibelius, and

selections from "South Pacific" by Richard Rodgers. Admission to the concert is

complimentary, but contributions to the Youth Symphony's music education fund will be accepted at the door.

CLOSED MONDAYS

Let LORD BALTIMORE supply the extra closet for winter wear storage -- and you don't have the worry of protecting your winter wear from moths and mildew.

We'll keep your clothes and furs in insured safety and return them to you -- clean and fresh as new whenever you want them.

### A Pampering Plan For **STORING YOUR BEAUTIFUL FURS**

Moths : . . fire . . . heat . . . theft! That's all most cleaners talk about. But we don't. We feel you can take ordinary storage protection for granted.

We'd rather tell you about our plan for pempering your furs'... about the safeguards we take in cleaning and glazing ... about the thoroughness with which we make repairs and control storage temperatures, ... about our preoccupation with constant inspection . . . and, most of all, with our love, concern, and respect for fine pelts.

Do we completely insure furs? Of course! Doesn't everybody? Try us: the more you value your furs, the more you will value our unique pampering plan.

Oldtimers will remember Hillsdale Conferences, Schoolcraft Conferences, Mayflower Hotel Conferences, so many committee assignments concerning the advantages of "one Plymouth" that the whole thing was bogged down because there weren't any other executives to sell. That's where the campaign still rests, such as it is.

Now, this week, "one Northville" has come so close to passage that its eventual creation seems inevitable within the '70s, and Farmington Township has voted to incorporate as the City of Farmington Hills. Only the rural types in Plymouth Township refuse to put the same issue on the ballot.

TRYING TO REPRODUCE four pages of scribblings from Rozian's erudite comments anent this whole situation - whether it becomes Northville, Farmington or Plymouth -- is impossible, for the only vocabulary master his equal in Plymouth Township is Dick Gornick. And Clifton Fadiman would have to referee that match.

A rereading of this essay as far as it has gone shows me that too few individuals have been blamed for too much.

I have a copy of that '50s petition from township residents asking incorporation of the fabled City of Plymouth Heights, for instance. They should be ashamed. In retaliation, then came the city to take a bite, and so it went. Finally, the city got the cemetery and one wonders if that isn't where the whole thing should have been buried.

It's easy enough to fight with Irv Rozian, Jim McKeon, Chuck Lowe, Jay McLaren, Elizabeth Holmes, Helen Richardson, Fred Yockey, Harold Guenther, Bob Sincock and some of our other Stars of Government, about the course "One Plymouth" should take.

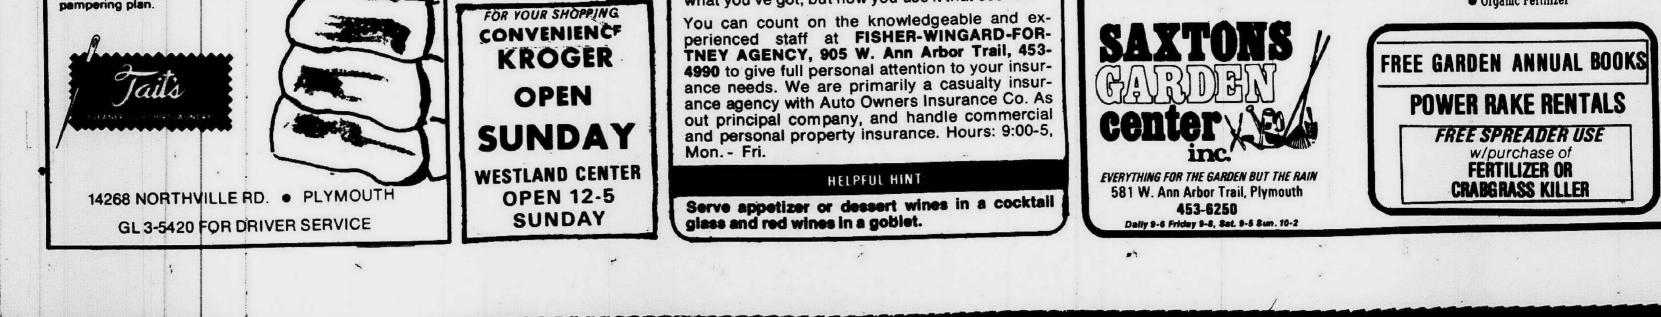

But any one of them who says we will prosper more as a divided community instead of "Plymouth United" is off his rocker. So endeth the lesson.

### 'Go-Go' Is A 'No-No'

In Canton Canton Township trustees are legally preparing to say 'no-no'' to go-go dancers topless or bottomless - before anyone even asks for

permission to bring them into the township. The township board last

week followed the suggestion of its attorney, William Sempliner, to draft an ordinance controlling the controversial type of entertainment.

concerto in A major.

of the Blue Lake International Wind Ensemble which toured Europe last summer. He also was concertmaster of the 1973 Michigan State Fair honors band plans to major in music at Michigan State University.

Miss Lang is principal violist in the Youth Symphony and also in the symphony orchestra of Plymouth High School where she is a junior.

She recently was the winner of the Isbister memorial scholarship sponsored by the Plymouth Symphony and earlier this month appeared as soloist with the Allen Park Symphony. She will perform

### Hollingshead In Mississippi

PLYMOUTH Airman Keith R. Hollingshead, son of Mr. and Mrs. John H. Hollingshead, 41465 Greenbriar Lane, Plymouth, has been assigned to Keesler AFB, Miss., after completing Air Force basic training at Lackland AFB, Texas.

He will be given specialized training in communications - electronics systems. Hollingshead is a 1970 graduate of Plymouth High School.

In man, the brain comprises a larger part of the body weight than any other animal with the exception of certain small birds, such as canaries and humming birds. In the average man, the brain weighs about three pounds. In the average woman, about three ounces less than three pounds is the weight of the brain. Unfortunately, however, the weight of the brain has very little to do with how effective it is as a thinking instrument. In this, as in everything else, it's not what you've got, but how you use it that counts!

MR. AND MRS. RONALD MCDANIEL (Patricia Russell)

### **Patricia Russell Is Recent Bride**

Patricia Russell, daughter of Mr. and Mrs. Richard Russell of Farmington, and Ronald McDaniel, son of Mr. and Mrs. Robert McDaniel of St. Clair Shores, were married in Kingsley Inn April 14.

A reception for 200 guests followed the ceremo-'ny.

The bride's attendants were Susan Mischnick and Sue Withers. Gary McDaniel and Dusty Rhodes were groomsmen.

The couple honeymooned in Hawaii and will make their home in Dallas.

in the sixth.

Harness racing fan\$ thought they had reached the peak a week ago when Wolverine Raceway's Racing Secretary Bill Connors arranged the most attractive card of the year. It was so attractive that it resulted in the first million dollar handle of 1973 for a harness racing operation.

But good as that program was it was to take a backseat to the one that will be presented tonight . . . one that offers purses totaling \$50,300, richest of the meeting.

The all-pace card is headed by a \$10,000 invitational (remember a few years back when only early closing stakes went for that much and the offering for an open invitational was only \$5.000) with a field of six of the fastest pacers competing in the midwest.

finish.

Each of the six has chance of bettering the magic 2:00 clocking and one. Bedford Jet. boasts the state's fastest mile in 1:59.4

The field is so fast that two invitational class pacers of last week were dropped back to the preferred division this time. They are Big Kahuna and Dashing Dancer: each is listed in the secondary feature, the \$6,200 Spring Time Each of the invitational entries has won at the meeting.

Skipper Gene Marx, winner mittee representing the of a week earlier when it Michigan Harness Horsenipped Bedford Jet in a tight stretch duel, is the early fa- horsemen who have been revorite.

Bedford Jet has to be con- for the way this meeting is sidered a definite threat off progressing. We are happy to his 2:01.2 finish behind Skip- announce the fifth boost in per Gene Marx.

Then there are: Trackmasrace in 2:03.2; Shiaway Lad, with a winning time of 2:00.4; Mighty Fire, a victor in 2:00.4.; and Bramble Hall, the west coast speedster with a 2:01.1 last time out.

have fans drooling. Connors end of the meeting on June has matched nine in the pre-20. ferred pace. They are so evenly matched that it is

possible but not probable that all could be in a photo Big Kahuna and Dashing Dancer are rated the early

choices since each has been competing in the invitationals. But that doesn't eliminate such speedy ones as Prince Knox, who won last Saturday in 2:01.4; Shiaway Lester (2:01.4), Tricky Dale (2:01.4), and True Temper (2:02.2). ber and January.

Also listed are: conditioned races worth \$5,300, \$5,100, \$4,900 and \$4,200. Small reason why those close to the racing picture rate this card as one of the best ever presented at Wolverine. try in the race.

Sounds unbelievable but 'tis true that horsemen are sharing in the wave of prosperity at Wolverine Raceway for the fifth time of the season and the fifth time in less than six weeks. Vice President and General Manager Richard Wilson

Thursday announced the fifth increase in purses, boosting the minimum to an all-time

game. men's Association. "It is the sponsible in a large measure The purses, something unprece-

dented in Michigan. Never ter, winner in a preferred before has any track, harness or thoroughbred, hiked the purses so many times. "More than that, if business continues as it has, we feel there is a strong possibility that another increase As if that wasn't enough to will be possible before the

If there is anyway to bring smiles to the faces of the horsemen, it is by telling them of purse boosts . . they love it and enjoy smiling every step to the bank when they collect checks.

**Racing Commissioner Leo** Shirley finally pulled his head out of the sand and announced the first arrest in the investigation of suspected occlusion in gimmick races at the Jackson-at-Northville Downs meetings in Decem-Ray Fuller, veteran driver-

trainer, was arrested by Michigan State Police on charges of attempting to fix a race on Dec. 21 by offering cash to a driver with an en-

squad trailed by three points That's only the first of going into the final event in what could be as many as two different relays. five arrests on similar charges. NOTICE OF INTENT TO RATIFY **TAX-SUPPORTED CONTRACT AND OF RIGHT TO PETITION FOR REFERENDUM THEREON** 

parents.

### TO THE TAXPAYERS AND ELECTORS OF THE TOWN-SHIP OF PLYMOUTH, WAYNE COUNTY, MICHIGAN:

PLEASE TAKE NOTICE that the Township of Plymouth has approved the execution of a contract with the County of Wayne pursuant to Act No. 342, Public Acts of Michigan, 1939, as amended, which contract will provide among other things that said County will acquire certain sewer improvements to Wayne County Metropolitan Sewerage and Sewage Disposal System (Plymouth Township Section) and will issue its bonds to finance the same for said Township, and said Township will pay to said County all sums necessary to retire the principal of and interest on said bonds.

### **TOWNSHIP'S CONTRACT OBLIGATION**

It is presently contemplated that said bonds will be in the principal amount of \$1,500,000, will mature serially from 1976 to 1995, inclusive, and will bear interest not exceeding 6% per annum on the outstanding principal balance, subject to revision pursuant to said contract and Michigan law. By virtue of said contract, the Township will be obligated to pay to the County all sums required to meet debt service payments in accordance with the above or any revised schedule as such payments fall due, and will pledge as security for such obligation its full faith and credit. FURSUANT TO SUCH PLEDGE, THE TOWNSHIP WILL BE REQUIRED TO LEVY AD VALOREM TAXES ON ALL TAXABLE PROPERTY WITHIN ITS BOUNDARIES, WITHOUT LIMITATION AS TO RATE OR AMOUNT, TO THE EXTENT NECESSARY TO MAKE THE REQUIRED PAYMENTS TO THE COUNTY IF OTHER FUNDS FOR SUCH PURPOSE ARE NOT AVAILABLE.

### **RIGHT OF REFERENDUM**

The said contract may be executed by the Township without vote of the electors, as permitted by law, UNLESS A PETITION REQUESTING AN ELECTION ON THE QUESTION OF SUCH EXECUTION, SIGNED BY NOT LESS THAN 10% OF THE REGISTERED ELECTORS OF THE TOWNSHIP, IS FILED WITH THE TOWNSHIP CLERK WITHIN THIRTY (30) DAYS AFTER PUBLICATION OF THIS NOTICE. If such petition is so filed, the contract cannot be executed without an approving vote by a majority of electors voting on the question.

THIS NOTICE is given pursuant to the requirements of Section 5(b)

It was moved by Member Ohno and seconded by Member-Berry to approve the minutes of the regular meeting of March 27, 1973, as distributed Ayes: Members Benson, Berry, Graves, Lawton, Mirto, Ohno and Penar. Navs: None.

sistant Director Masteller and Principal Smith.

Additions to the agenda were called and made

The motion was carried.

Absent: None.

It was moved by Member Graves and seconded by Member Ohno to adopt a resolution prepared by Miller, Canfield Associates, regarding School District Election to be held on June 11, 1973.

Ayes: Members Benson, Berry, Graves, Lawton, Mirto, Ohno and Penar Navs: None

The motion was carried

Sup't. Hoben reported on items for information of the Board as follows: An approval received from State Department of Education for partial reimburse ment of salaries of Community School Directors in the amount of \$12,000: the Safety Committee's appearance in Lansing in support of HB 4080; commu nication from Metropolitan Association of Improved School Legislation regarding membership, and the matter of possible assessment for Lilley Road property between Palmer Road and Cherry Hill to widen that road.

Sup't. Hoben was asked to investigate history of other assessments for paving in the District and to consult with Canton Township Board regarding their feelings on pavement and to consult legal counsel for school liability in the matter of widening Lilley Road.

Deputy Sup't Hogan reported on the status of the Election Campaign and announced a kick-off breakfast for block captains to be held at 9:30 a.m. on Saturday. May 5 in the Canton Cafeteria. He requested a meeting soon with the election steering committee

Dr. Hogan also reported on the Maximum Utilization of School Facilities progress and its Committee of 100 who met on April 7. He commended the Committee for its work to this point in developing a survey plan for community opinion.

Dr. Hogan indicated that the Transportation Study is still in the informationgathering stage and is moving along at a rapid pace. A communication on accreditation for Centennial Educational Park was dis-

tributed from the North Central Association of Colleges and Secondary Schools. Although both Plymouth-Canton and Plymouth-Salem Schools were accredited. the report imposed a warning status for participating in an unapproved activinamely, the Rose Bowl Parade. Mr. Hoben commended Mr. Brown and Mr. Buikema for their work in attaining this accreditation as well as their preparation for the on-site or seventh year evaluation coming next year.

It was moved by Member Berry and seconded by Member Ohno that the Plymouth Community School District refund school tax to the following taxpayers as directed by Mr. Louis H. Funk. Wayne County Treasurer, said refunds resulting from a reduction in the assessment by the Michigan State Tax

**Value Special** 

Rotaryl

ROGER WARD knows how to get every safe mile possible out of his this photo was taken in 1966. Ward's last year in competitive

and the inside checked for possible age.

Bubbles that indicate rubber layer separation are cause for immediate replacement also. A young tire with a sidewall bubble should be taken back to the point of purchase for warranty consideration.

ADJUSTMENTS SUSPENSION

Another point to remember is that shock absorbers also should be checked regularly for effectiveness and correct operation. If the shocks are weak they won't keep those tires on the road and frequent bouncing impact will take its toll in shortened **CRITICAL TOO:** Proper alignment of a car's front-end will help to get more miles out of a set of tires. And if you rotate tires regularly, accurate front-end alignment will improve the wear of all road tires.

High-mileage cars should have their ball joints checked since wear of these components also can lead to rapid tire wear. Maintaining regu-lar wheel balance is another key to longer tire life. The wheels should be balanced according to the car maker's suggestions, or when you feel any unusual minor vibration in the chassis or steering.

**STARTS, STOPS, CORNERS AND CURBS:** Even if you're In a hurry, you should take your time when pulling away from a stop. On the other side of the coin, you should never as a habit use the pan-ic stop, or other such hard-driving techniques as late braking, unless you absolutely must as an evasive you abso maneuve Taking

Taking corners and curves at high speeds is one of the best ways I know to reduce tire mileage. When your car builds up a lot of forward momentum, and you ask the tires to absorb the sideways force of a quick turn, you're burning rubber. If you must drive over curbs or driveway entrances where you work or where you live, take them very slowly. A curb taken at high speed can do more damage to ply cords than the average driver formed or even destroyed.

the weather turns extremely cold, tire pressure drops approximately one pound for every 10 degrees drop in temperature. Conversely, tire pressure increases by one pound for every 10 degrees rise in temperature. WATCH THE WEATHER: When

Regular tire pressure checks should catch pressure changes due to temperature shifts. But the driver who travels from a cold northern state to a warmer part of the nation -or vice versa --should be partic-ularly alert to the need for tire pres-sure adjustments.

**TURNPIKES AND FREEWAYS:** Finally, a tip that will destroy one of the oldest and most harmful myths about tire wear. Ask almost any driver how he should prep his tires before doing any prolonged high-speed driving and he'll tell you to take out some air. And he'd be wrong. You're sup-posed to add air --about 4 psi over normal, in fact.

### **Auto Dealers** Safe Driving Strive For

More than 25,000 automobile dealers will begin their annual high-way safety campaign this spring to make motorists more safe drivingconscious.

The year-long program involving new car and truck dealers is con-ducted by the Auto Dealers Traffic Safety Council. The ADTSC is spon-sored by the Highway Users Feder-ation, a national, non-profit organi-zation of more than 600 business and industry groups concerned about efficient, safe highway transportation

Theme for this year's program is "automobility," defined by the Council as the freedom provided by the "most personal, convenient form of transportation, the car." Goals for the Council's 1973 pro-

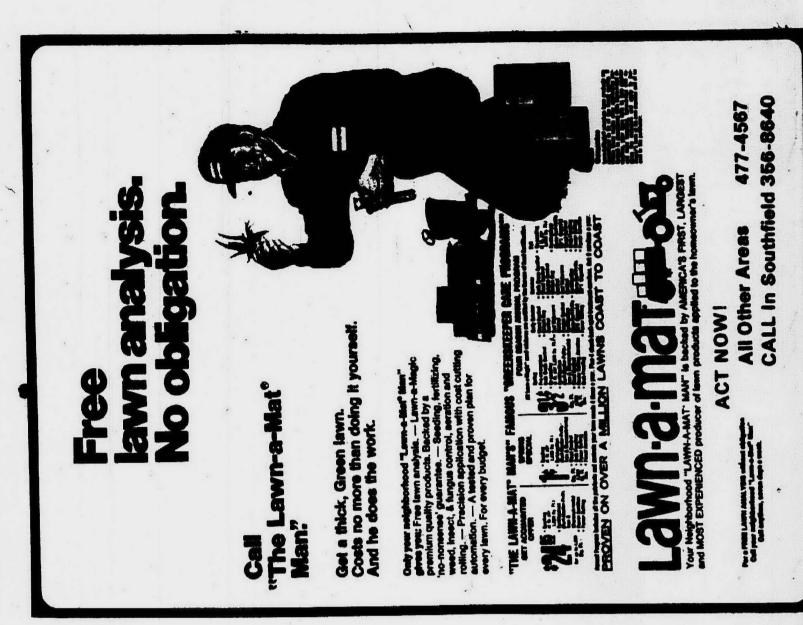

gram are:

 Reduce accidents by encour-aging safe driving habits, vehicle maintenance and highway improvements;

Combat inaccurate and unrea-sonable attacks on personal mobil-

Dramatize highway trans-portation's importance in people's daily lives.

"Response has been immediate and enthusiastic and we anticipate 100 per cent participation by Council members."

## **Auto Club Advises Conserve Car Fuel**

While gasoline supplies have not reached critical shortage stages anywhere in Michigan, motorists should begin making efforts to con-serve car fuel, advises the Automo-bile Club of Michigan. "With gasoline prices on the up-swing, and expected to increase even more this summer, drivers can tighten their purse strings by reduc-ing travel expenses," points out Jo-seph L. Ratke, Auto Club travel manager

"Whether you are taking a cross-country trip or a short hop to the corner grocer, there are a number of ways to cut down on auto gaso-line consumption," Ratka states.

"BY CONSERVING CAR FUEL, motorists can do their part to insure that gasoline remains plentiful throughout the state," Ratke adds. "Any gas shortages are expected to be only local in nature with travelers able to fill up at nearby stations if their first choice is out of fuel." Auto Club officials have issued several recent statements urging motorists not to put off plans for vacation trips this spring and sum-mer because of rumored gasoline

To help motorists getwhe most out of their gasoline this season, Auto of their gasoline this season, Auto cfub has developed a series of guidelines to help conserve fuel.
Keep auto engines tuned with special attention to fuel and air filters, plugs and points plus emission control devised in late-model cars.
Travel at moderate speeds since gasoline mileage is greatly reduced by higher speeds.
Don't overfill fuel tank since gas can overflow while the car is in mo-

tion or when parked on an incline. Fuel also expands and can overflow in hot weather. "Motorists also can form car pools for office commuting," ad-vises Ratke, who suggests com-bining short trips, such as taking children to school, picking up your spouse from work and performing shopping errands on the same out-

celerating gradually and travel at steady speeds whenever possible as stop-and-go driving increases gas consumption. This can be ac-complished by anticipating traffic signals to minimize braking and ac-celeration," he states. "Such practices as accelerating hard when climbing a hill or 'floor-ing' the gas pedal when passing or entering a freeway also should be avoided when feasible." Avoid 'jack-rabbit' starts by "Avoid 'jack-rabbit' and trave

MOTORISTS ARE ADVISED not to use long warm-up periods after starting a cold engine. Instead, drive slowly for a mile or so before reaching cruising speed.
Vacationers should consider the following as well:

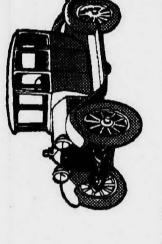

Cut down on use of the airconditioner by beginning your travel day earlier in the morning and pulling off the road during the hottest

.

1

Try to travel lighter than normal.
 Try to travel lighter than normal.
 Excess weight puts added strain on the engine and results in less miles per gallon of gasoline.
 Auto Club reminds that while reducing gasoline consumption, most ducing gasoline consumption, most of the practices it suggests also will decrease exhaust emissions as well as help conserve energy resources.

# **Citizen's Lobby Offers Advice On Repairs**

The Michigan Citizens Lobby of-fered advice today to car owners seeking ways to protect themselves against being cheated or misled by auto repair shops.

"In the six weeks since we an-nounced the results of our auto re-pair survey," Lobby director Doug Ross stated, "several thousand car owners have written or phoned us requesting advice on how to avoid being taken advantage of by auto dealerships and garages."

Ross went on to outline steps every car owner can take to significantly reduce the chances of overpaying for auto repairs:

**BEFORE LEAVING YOUR CAR** at a dealership or garage, obtain two or three price estimates. Getting sev-eral estimates often results in con-siderable dollar savings and isolates the grossly dishonest repairman.

WRITER or mechanic road test your car before recommending repairs. Very few dealerships or garages ac-tually start the engine and drive the car before writing up a service order unless the customer demands it. A road test will increase the likelihood of a correct diagnosis. SERVICE THE THAT INSIST

**DEMAND A WRITTEN ESTI-MATE** of the cost of repair, in-cluding an itemized list of the work to be done. Without a written esti-mate, it is simply your word against the garage's word in any dispute over exactly what repairs you au-thorized and at what price.

WRITE ON THE WORK ORDER that no additional repairs, or work that will result in a bill exceeding the original cost estimate, be done with-out your written or verbal per-mission. This will avoid the situation in which you think you have author-ized a \$50 repair only to find a bill for \$200 waiting for you when you come to pick your car up.

**\$189** 

Three popular tools — shovel, tongs & rake with long wooden handle

Reg.

**BEFORE SIGNING** the work or-der, request that all replaced parts be returned to you when the repair is completed. This will increase the probability that the work you pay for is actually done. **IF YOU BELIEVE** you have been cheated, first complain to the owner of the dealership or garage. Then if you are not satisfied, file a claim against the repair business with the Small Claims Division of Common Pleas Court (in Wayne County) or District Court (in the rest of Mich-igan). No lawyer is required in such

Ross stated, however, that the kind of security car owners desire and deserve will "remain unattai-nable without the legislation regu-lating the auto repair industry which is the Lobby's principal objective." A list of these auto repair tips on a without cost by writing the Michigan Citizens Lobby at 1592 Vernon

Cuirzens Lobby at Road, Trenton 48183.

# Racing Driver Offers **Tips For Your Tires**

By ROGER WARD (Roger Ward was the winner of e Indianapolis '500 in 1959 and the

1962.) I've learned a lot about tires and what makes them last longer, per-form better, thanks to my years as a race car driver and professional tire

Now that I have a performance safety tire on the market with my name on it I'm even more interested in seeing that motorists everywhere get the right facts on prolonging tire life.

The tricks to getting those extra miles of tire life aren't all connected solely with the condition or quality of the tires installed on a car however. Improved driving techniques will help extend tire life, as will taking care of your car's tires from time to time. I have a list of seven things to do that I know will prolong the life of your tires.

**WATCH THAT INFLATION:** Perhaps the greatest single determining factor in tire mileage is the air pressure at which tires are run. Check the owner's manual for your car --this is where the load range data will be useful --and follow the recommended air pressure for the tires you now use. The Department of Trans-

portation estimates that some 33 million tires a year are destroyed by under-inflation. This represents a loss of some \$750 million to car owners. So remember, the few min-utes a simple tire pressure check takes will save you money. If you get a tire that is larger than normally called for on a given car, this is all right --as long as the wheel rim will accept the larger tire. Un-dersized tires could fail you is a stress situation. An undersized tire will not safely carry the payload.

Another point about tires sizes. Be sure that the same tire sizes are in service on the same axle.

**CUTS, BRUISES AND BUB-BLES:** Tires that have sustained ac-tual damage are a serious safety hazard. A sidewall cut can let go when it's least expected, sometimes with disastrous results. So for safe-ty's sake check your tires for cuts, bruises and bubbles. This kind of checking must be done with the tire free of the road, so that it can be spun and checked on the entire circumference of the tread as well as the sidewall that faces into the car. If the tire rubber is abraded over a considerable dis-tance, and the tire fooks as though it may be damaged, there's only one thing to do. Have the tire removed

**DEMAND A COPY** of any document you sign at the time you sign it. Your copy of the original is protection against attempts to write in additional repairs above your signature.

, Observer Newspapers, May 12, 1973, ~ 9

### eparations Make **Travel Easier** Pre 10

Shall we take the kids? That is probably the most debated question after, "Where should we go on vacation?" Whether it's a two-week respite or a four-day weekend, most parents usually bring the childen if they're under 12 years of age. Traveling with tots can be a night-mare, or if planned correctly, good fun. But before starting on any trip, be it across country or a hundred miles to see relatives by car or plane, here are a few helpful hints:

**READ UP** – A few weeks before leaving, talk to children about the trip, explaining what they'll be seeing. Encourage them to write away for information, even if you have to address the envelopes. As mail starts arriving, give each a ma-nila folder to keep the pamphlets. You'll be surprised how meaningful the journey will suddenly become to them.

**ORGANIZE EARLY** - Don't wait till the last minute to check the car, buy clothes, or make hotel/motel reservations. Remember, many

**Check And See** 

places have accommodation plans where children stay for free if they're in the same room as the adults.

motel/hotel rooms can be dis-concerting to tots. Pack your child's favorite sleep toy and a sudsy friend such as bubble bath. Some children don't like taking baths in strange tubs, but a bubble bath makes it fun and more like home. TAKE A LITTLE OF HOME -Strange surroundings, especially

PACK LIGHTLY – No matter what time of year, always carry the min-imum wash/wear clothes. For boys: two slacks or shorts; two crew shirts; a lightweight jacket; underwear; socks; shoes; swimtrunks; pajamas; suit, tie and white shirt. Girls can pack the same, except substitute a dress for the suit, and add a purse or tote bag.

MAKE CAR COMFORTABLE – Adults have trouble sitting in cars for long hours, and so do children. Station wagons are good for long trips. Carry luggage on top of car. Place an army surplus or fitted mat-

TOT TRAVEL by car is so much easier on parent and child when the child's needs are planned for.

tress in back of front seat. Do the same in a sedan, but use luggage to fill in space between front and back seats. Now children have plenty of room to stretch, play and sleep.

BRING GAMES – Twenty ques-tions and other word games are fun while traveling. Once you arrive at the destination, have a game the tots can make. It will give them something to do and then play; for example, take an empty box, punch holes, place clothespins in each hole, assigning point values and toss dime-store bracelets atthem.

FOR VACATION? IS CAR READY

Taking a vacation trip this summer? Planning to take the kids, the water skis, half a ton of luggage and your Irish Setter? Join the happy throngs. Tens of thousands of families will be out there on the super highways with you, hauling trailers, boats, car top carriers and --in too many cases --

pared to handle. To be sure your car is up to the task, have a talk with your automotive service man about the services you'll need to be safe. Remember that brakes will have additional energy to absorb under heavily loaded conditions. Your shock absorbers will have extra work to do, too.

YOUR ENGINE has to be in tune so it will have the get-up-and-go it needs to pass other cars safely and help you avoid possible problems. Steering must be right --and tight. How about your tires? Can they safely carry all that weight? Remember the little things, too --the smeary windshield wiper you've been intending to replace and the turn signal that went on the un-blink last week. The best way to handle a pre-trip auto check-up is to estimate the load you will be carrying. Tell your mechanic that you'll have 200 pounds of luggage on top, the family inside-including Aunt Till's report-ed 180 pounds in the back seat-and your outboard motor in the trunk.

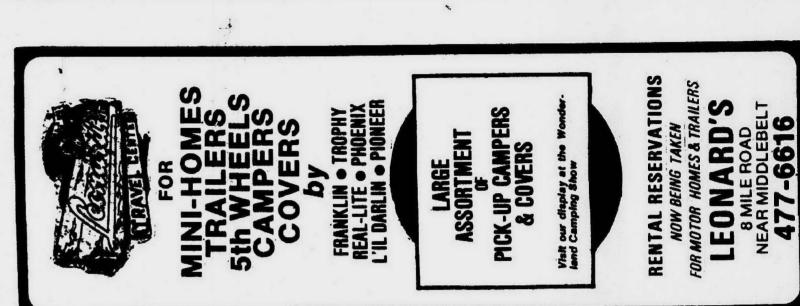

Oh! Not

Then ask him, with that in mind, to bring everything right up to snuff and replace anything that might be on the verge, so you won't be stuck with a problem out in the middle of nowhere.

Avoid Concentrating too much of your load in the rear of the trunk. This can lower the rear of the excessively, affecting your car's handling and its headlight aim. Once you are properly packed and you know the car can carry the load, remember that it will handle differently with all that weight. This is especially true if you use a car top carrier, which adds the elements of wind resistance and higher position-

ing of weight. Don't push yourself --or the car --and you, Aunt Tillie and the kids ought to have the best vacation yet.

**STOP AND SEE** – At regular in-tervals, stop to see points of interest and eat. Rest areas provide places for children to run off excess energy. Pack an insulated jug and cut down on food bills.

TAKE SHOULDER STRAP BAG -Mothers need both hands free to hold onto kids, and plenty of room to carry diapers, food, books, etc. A canvas shoulder bag is the answer. Following these tips will make any vacation, car ride or weekend visit more fun, because the entire family will be enjoying it together.

### 'SYMBOL' ROAD SIGNS MOVE H Know Them! ZO ARE

**Brand New** 

13

These new "symbol" road signs are replacing the conventional "word" signs that we've been famil-iar with throughout our driving caare

ED ENGINES MEAN CLEANER

Observer Newspapers, May 12, 1973

THE CLASSES, which may run from a single day-long session to once-a-week courses of several weeks, are being sponsored as a consumer service by an increasingly broad spectrum of the automotive industry, ranging from small inde-pendent repair shops to major car manufacturers, from franchised dealers to manufacturers of auto

0

Q

Ð

manufacturers, from franchised dealers to manufacturers of auto testing equipment and parts. Surprisingly, though some are sponsored nationally by manufac-turers and industry groups, many seem to have sprung up indepen-dently in response to the needs of women drivers. Though formats and sponsor-ships vary, the courses all have the same goal: to aid the woman motor-ist in understanding her car --not mechanic, but to enable her to

mechanic, but to enable her to handle minor problems and to deal confidently and decisively with ser-vice technicians when their help is needed.

Almost all of the courses offer both classroom lectures and actual demonstrations in shops and ser-

itiated.

**RESPONSE HAS BEEN** terrific, sponsors report, with many classes enrolling two and three times the students originally expected --in turn resulting in more frequent scheduling of classes, often on a year-round basis. vice facilities.

### Weekend of May 12, 1973

POOR ANATOL! He spends a lifetime looking for the right girl, but he's doomed to be unsuccessful. Still, he has a good time trying, and you can share the fun this weekend when the Orchard Ridge Theater Guild presents the play, "The Affairs of Anatol." Here Anatol (Tom Cornfield) is surrounded by (from left) Claudia Karbon, Diane Riesch, Cathe Wheeler, Robin

Schwartz and Carol August. The play will be staged at 8 p.m. Saturday, May 12, in Room J-303, Oakland Community College Orchard Ridge campus, I-696 and Orchard Lake Road, Farmington. You may also see it Thursday through Sunday, May 17-20. Tickets will be sold at the door. (Evert photo)

JANET GLASS of Redford Township and Helene Chambo of Livonia will be featured tonight in the Evenings at Fairlane Festival in Dearborn. Both are sopranos and both belong to the Dearborn Civic Theater. Mrs. Glass will sing selections from "My Fair Lady" and Mrs. Chambo will be heard in selections from "Kismet." They will join with four other Civic Theater members in presenting numbers from musicals the group has staged. The "evenings" are a showcase of the arts in Dearborn, sponsored by the Dearborn Community Arts Council. They began last night (May 11) and open again tonight, at 7:30, in Fairlane, the former estate of Clara and Henry Ford. Tickets will be sold at the door.

### **'Barber'** Concert Is May 19

Old barber shop tunes will be featured at the Northville Presbyterian Men's Club's 13th annual spring concert Saturday, May 19, in Plymouth-Salem High School auditorium, Joy and Canton Center Rds.

More than 60 "Barber Shoppers" will sing during the concert beginning at 7:30 p.m. Tickets are \$1.50 for adults and 75 cents for students.

The We-Way-Co chapter of Sweet Adelines and the Wayne Wonderland Chorus will perform along with three quartets including the Smithsonians from Plymouth, the Tune-Tenders and the Aftershaves.

Proceeds from the annual concert are used to support youth activities and help projects of the Northville Presbyterian Church youth groups.

JENNIFER DEBLOCK of Lyncastle Lane, Farmington, displays her modo-clay sculpture, "The Champion." It will be on display, along with many other student works of art, during the spring art show at Our Lady of Mercy High School, Middle Belt and 11 Mile, Farmington. The show opens at 1 p.m., Sunday, May 13, and runs through May 20. It will be open to the public from 1 to 5 p.m. and 7 to 9 p.m. both Sundays and Saturday, May 19, and from 3 to 5 p.m. and 7 to 9 p.m., during the week. (Evert photo)

### Mother's Day Special

The Farmington Four Cinemas will admit mothers free when accompanied by a family member on Mother's Day, May 13 or Monday, May 14. Mothers will be guests at any of the shows, located at 38215 10 Mile.

### Seniors Movie Rate

The Quo Vadis Entertainment Center in Westland has designated Monday evenings as "senior citizen night" where older citizens can be admitted to any of the four movie theaters for \$1 upon presentation of a Medicare card. The theaters are located at Wayne and Warren Rds.

TROPICAL FISH SHOW May 12 • 13 **OVER 50 TANKS ON DISPLAY** Presented by

ters, the cabaret concerts herald warm summer days, vacations and easy living.

Nero, a masterful pianist. draws on a strong classical background to enrich his compositions and arrangements of composers such as Gershwin and Bacharach. Essentially he is jazz, but not quite and not altogether. Three selections in the Gershwin section of the program - "I Got Rhythm," "Three Preludes For Piano" and "Rhapsody in Blue" -were excellent for showing the extensive Nero talent at the keyboard.

In "I Got Rhythm," styles of classicists such as Mozart and Liszt were mixed with the Wrigley's gum music and all superimposed with a heady serving of Nero himself.

It's really kind of a waste to use a full symphony orchestra for a tune like "Biding my Time," which is, in both structure and feeling, an intimate atmosphere tune.

After the second intermission, it was only the Peter Nero Trio on stage with Dave Troncoso, electric bass, and Cecil Ricca, drums.

Again, Nero took a song such as "Chilling Me Softly" which singer Roberta Flack has sent to the top of the record lists, and slipped in segments by Beethoven and Bach.

The "Jesus Christ Superstar" medley was the best vehicle for showing off the talents of the orchestra with the modern idiom. It's powerful stuff when the 100 or so symphony musicians get into

The perennial pops favorite conductor, Richard Hayman, will be wielding the baton this Saturday evening, May 12 and again on May 16, 17 23, 24, 25 and 26. George Shearing and the Shearing Quintet will be appearing with the orchestra on Wednesday and Thursday, May 23 and 24.

The Hayman concerts on Wednesday and Thursday, May 16 and 17, will include the Rackham Choir and soloists, Bonnie Murray, Anita Darian, Gene Bulland and
