Township Sewer Extension Hinges On Voter Approval

CANTON'S BLUEPRINT for the future calls for an administrative office-recreational complex to be located at Cherry Hill-Canton Center roads, the geographical center of the 36-square mile township. The plan was drawn by Canton planner Mike Manore and engineer Glen Roberts. It envisions a police station, district court and library on the administrative part of the site. The recreation area includes 32 acres of Detroit Edison property which the utility company has agreed to let the township use with certain restrictions. Excluding the

Edison property, the plan encompasses 60 acres, 28 of which the township already owns. Acquisition of the remaining 32 acres hinges on a condemnation suit which is now pending. Township Supervisor Philip Dingeldey "guesstimated" that construction of the city hall would start within a year following settlement of the court suit. The township recently earmarked some of its federal revenue sharing for land acquisition and it's highly probable that some of it will be spent on this project, he WENDOVER

Frank Pellerito - Appl. No. 221, Re Rezoning of the S.W. corner of Ann Arbor
Road and General Drive from M-1 to C-1 for construction of a Family Steak House. (Plymouth Township Planning Commission gave recommended denial on April 18, 1973 and Wayne County Planning Commission gave recommended approval on May 23, 1973

The recommendations of both the Plymouth Township and the Wayne County Planning Commissions were read by Mrs Richardson Mr. Burke asked for a reading of the discussion by the Plymouth Township Planning Commission regarding this application. This was read by Mrs. Richardson. Mr. Houk, representing Mr. Pellerito, appeared before the Board and stated that he had some professional planners come to the location in question

and they had agreed that there was already strip zoning in the area. He stated that the requested C-I resoning would require the close approval of the Township during the planning stages of the project. Mr. Millington stated that Mr. Gates and the Township Planner. Mr. Dietrich, had talked regarding this application and he would like to hear from Mr. Gates as to the result of that meeting Mr. Gates said that the Township Plan-

ner had said that this rezpning would actually get away from strip zoning, that with C-1 zoning, the Township would not have to grant a special use for the Mrs Richardson stated that she felt this was a logical use for this property and that this was different from the previous denial for an eating place on a

nearby corner as that application was for a restaurant in a manufacturing area and further she would like to see the area from General Drive to Lilley Hoad rezoned commerci Mrs. Holmes asked Mr. Gates if this would be a franchise type of oper-

ation Mr. Gates said that it would be a Family Type Steak House and not like

any other that he could visualize at present.

Much discussion followed regarding the type of restaurant and the desire for some firm indication that this would be the actual use for the property. Mr Overholt stated that the Board cannot base rezoning on the use of the property. He also said that the Township had turned down several restaurants in the last year, due to the fact that we would not allow strip zoning. The Township should defend their zoning Ordinance. Mr. Millington declared that this restaurant would add to the tak base and also dress up the corner. Mr. Burke asked Mr. Millington how he could defend this approval when he had been against the rezoning before the Board only a short while ago. Mr. Millington replied that this was entirely different from the last request.

Mrs Holmes asked Mr. Gates why he would buy five sites and then build on none. Mr. Gates stated that they had only completed the purchase on the one lot and also emphasized to the Board that this property in question could be used to build two plants which would be less attractive than one restaurant Mr. Millington moved that the Board approve the request of the applicant on Appl. No. 221 to rezone the S. W. corner of Ann Arbor Road and General Drive from M-1 to C-1 for the construction of a Family Steak House. Mrs Richardson ted the motion, but wanted Mr. Millington to give reasons for the approval. Mr. Millington gave the following reasons 11 would beautify the corner, 2) the adjacent property is retail and would be similar in usage, and 3) this restaurant would be in between the drive-in-type and the Hillside Inn type and a reasonable use for the property. Mrs. Holmes asked whether Mr. Pellerito would give the Township a letter of intent as to what would be built on the property and when Mr. Gates indicated that this would be agreeable. The question was called and the following roll call vote was taken. Yes. Millington, Holmes, Richardson, No. Overholt, Burke, McLaren. The motion failed, due to a tie vote. Mr. Overholt stated that a legal opinion should be obtained and the Item either dismissed or the Board should wait until all members are present

to decide the issue. NEW BUSINESS - John J. Goulet. Secretary - Plymouth Township Planning Commission. Re. Action taken at their meeting of May 16, 1973 (A) Dover Homes, Inc. - Appl. carried unanimously. Stewart C. Oldford, Colony Farm Builders, Inc., Re. Building Permit Fees. A letter from Mr. Oldford was read by Mrs. Richardson. Mr. Oldford appeared before the Board and expressed his dislike for the revised fee schedule, stating that it was unfair and created an additional expense to the purchasers of condominiums. He questioned four separate permits when four units were under the same roof. He said he could not find in the Ordinance where it states that this should be on a unit basis. The building is constructed as one unit and inspections are called for on a one unit basis. A letter regarding this topic from Mrs. Briggs was read by Mrs. Richardson, Mr. Oldford stated that he felt he Mr. Briggs declared that the Board should recognize that trouble in any one

unit would reflect on all other occupants. Mr. Oldford stated that there was supposed to be economy on a mass basis and said that they did not charge for apartments on a unit basis. Mr. Oldford said that the Township operated under the BOCA code and that he felt fees were adequate, and then read the descriphon of a Building from the BOCA code book, but stated that this was not the latest book. Mr. Briggs said that inspections took longer and were more involved with condominiums as opposed to single family dwellings, and that when any portion of a building is completely separated from every other part by masonry or fire walls, each portion of such structure shall be deemed a separate building. Mrs. Richardson moved that the Township Board concur in the policy change as initiated by the Chief Building Inspector. Supported by Mr. Overholt and carried unanimously. Mr. Overholt moved that this item be tabled. Supported by Mr. Burke. In the discussion that followed. Mrs. Richardson said that Mr. Bida has done a fine job and that she had served on the committee to discuss his former resignation from the Township and that if he, in the future, was determined to resign, he should come to the Board first before submitting his letter of resignation. He did not come to the Board first and as a result. Mrs. Richardson felt that the Board should grant

Mr. Overholt said that he did not want to talk him out of resigning, but did want to talk with him first and find out why he wanted to resign. Mr. Millington stated that 50', of the problem was Mr. Bida's not being able to get any thing done at the Recreation Site, due to rainy weather and that he should come to the Board first. Mrs. Richardson said "no." but that the changes were exactly as the Board had requested in our May 7, 1973 meeting with Mr. Hoyt and Mr. Flower. Mr. Burke stated his concern regarding the coverage for elected officials and said that coverage should not go past the term in office. Some discussion regarding this followed. Mrs. Holmes said she felt that the non-union employees should be covered without waiting for the union employees to decide.

Mrs. Richardson felt that if the Board could live with this plan, then it should be tentatively approved and a request made to the Agency to come here and explain the plan to all the employees. St. Aidan Plans Dedication

17500 Farmington Road, Livonia, will celebrate its 10th anniversary Sunday, June 24, by dedicating a new wing and renewed sanctuary.

A reception sponsored by the ladies of the Altar Society will follow the mass.

The new addition, under construction for several months, adds a much-needed meeting room to accommodate increasing parish activities.

The meeting rooms are of the usual school-type construction, but are divisible in a number of ways to suit a variety of group sizes.

In the sanctuary, the existing seating capacity has been maintained, but the worship room and nave have been

As expected Wolverine Raceway ended the most successful campaign in Michigan history with more new records than anyone thought existed. Just mention a record for attendance, wa- its first fall meeting in sevgering or fast miles and Wolverine bettered it during the 82-night meeting which ended last Tuesday.

With business booming from the opening night, the big mile track set an all-time high for wagering with a total of \$54,728,518 for a nightly average of \$667,421. That's considerably better than the previous high of \$642,000 set by Hazel Park several years

All told wagering was up 10 per cent over 1972 and attendance showed a hike of 4.5 per cent with a nightly average of 7,561 and a total of 619,977.

A year ago, Wolverine recorded the first million dollar night with a combined program of Good Ol' Times and the appearance of the fabulous Albatross. Passing the million dollar hurdle was something long dreamed of but far from taking place until the mile track did it.

It was something no other Michigan harness racing plant had come close to making a reality.

That was a year ago ... this season Wolverine had six consecutive million dollar handles on Saturdays. That was the big catalyst in the

Matter of fact, if one totaled the attendance and handle for Northville and Windsor on Wednesday, he would have discovered wagering for the two tracks equaled that of Wolverine on a Wednesday and the same story could be told of attendance. So it is apparent the im-

Proudest individual at the closing night program at Wolverine was Livonia School Supt. Ron Upton who saw his Jane's Amigo win handily in 2:02. The horse, named after Mrs. Upton, was in front at the first turn and never eased up, winning by almost two lengths.

Ron isn't saying much these days but he keeps mumbling about a two-year-old Speedster colt who looks as if it may become one of the state's top juveniles.

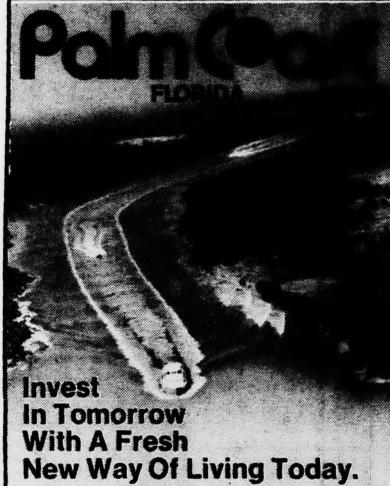

Upton hopes the youngster continues to develop ... he has his eyes on the 1974 Hambletonian. So watch the colt as the season progress-

Youth Is No Barrier To Talented Musician

In the spring, Roger Zacks of Livonia was the only freshman in the Michigan Honors Orchestra when it participated in the Michigan Youth Arts Festival at Mt. Pleasant.

This summer, Roger may very well be the only 14-year-old at the prestigious Tanglewood Music School in Massachusetts.

Roger, who is the son of Mr. and Mrs. Norman Zacks of Maplewood, was first told of the opportunity to win a scholarship by his trumpet teacher, Irving Sarin of Westland. A quick call confirmed that the school needed a trumpet player, but it was thought Roger might be a little young.

An equally quick tape audition convinced the Tanglewood managers that Roger and his trumpet should be in. The Zacks received a telephone call Tuesday morning reporting that Roger had won a \$600 scholarship.

A \$150 Hillside Inn scholarship which he won from the Livonia Youth Symphony will be used to help defray the cost of the eight-week session. Roger has to report for classes July 1.

Last year, Roger was first chair trumpet with the LYS. He also played in the Clarenceville High School Sym- troit. phonic Band.

At CHS, he was also the youngest assistant editor of the school newspaper. This coming year, as a sophomore, he will be the editor. He's the school photographer

Roger has won many first place medals in state competitions, and last summer was first chair trumpet at the Interlochen All-State Youth Camp. He has taken private lessons from Sarin for the past four years, and studies theory and harmony

Sauces Sumptuous ındae

Americans invented the sundae. And Yankee ingenuity is still at work devising lustious ways to top ice

Three tempting examples are Praline Sauce -- rich as the famed Southern candy, fluffy Marshmallow Sauce, and that old smoothie, peanut butter in a saucy new guise.

Stir one up next time you serve ice cream.

Give your budget boost!

WHEN your Observer Carrier collects this month he will offer you a receipt for your hometown newspaper. Take it. And put it safely away with your other important papers

Put it WHERE you can find it, not in the bottom of a drawer or in your pocket so that it comes out of the wash all faded. Put it where you can add others to it so that soon you'll have three -- 'one each for three months.

WHY? Because when you have three Observer Carrier Receipts you really have three Observer Carrier COUPONS worth an Observer Want Ad. Every receipt you receive insures continued delivery of your hometown newspaper AND is worth its face value toward an Observer Want Ad.

that's great too!

HOW? Well, let's say

you've saved three re-

ceipts and have a whole

list of things to sell with a

want ad. Just mail your

receipts along with your

ad or stop by the Observer

Office and place your ad

with a friendly ad taker. It

won't cost you a cent. The

three receipts are our way

of saying "Thanks" for

paying your Observer Carrier. And if we can boost your budget with a free money-earning want ad,
