Fall Festival Ready

For Next Weekend

It's Fall Festival time.

The annual Plymouth tradition that began in 1956 when the Plymouth Rotary Club held a chicken barbecue will be repeated for the 17th time next weekend, Sept. 6-9.

Festival Manager Tony Flum said this year's event will see more groups participating than in the past.

Although the overall plans for the tion alternatives and to festival are "running smoothly," Flum said, some problems have arisen.

MUNICIPAL FINANCE COMMISSION

STATE OF MICHIGAN

We have examined the accompanying balance sheets of the various funds of the Township of Plymouth as of March 31, 1973, and the related statements examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such

as we considered necessary in the circumstances. In our opinion the financial statements mentioned below present fairly the financial position of the various funds of the Township of Plymouth as of March 31, 1973, and the results of their operations for the year then ended in The accompanying report does not include the operation of the Plymouth

Township Water and Sewer Fund which has a fiscal year ending March 31 The accounting records of this enterprise are kept entirely separate from other Township records. A separate audit is conducted of this Fund.

The financial statements referred to in the foregoing opinion are identified. purpose of rendering an opinion on these basic financial statements, taken as a whole The supplementary financial data identified in the contents, although not considered necessary for a fair presentation of financial position and results of operations, are presented primarily for supplemental analysis pur-poses. This additional information has been subjected to the audit procedures

applied in the examination of the basic financial statements and, in our opin-

ion, is fairly stated in all material respects in relation to the basic financial

statements taken as a whole.

# ATTENTION:

# PLYMOUTH TWP. RESIDENTS REFERENCE: SPECIAL ELECTION SEPT. 4, '73

WE URGE YOU TO CONSIDER THE FOLLOWING ACTIONS:

Sewer Bond Issue -- We urge a NO vote on this \* 7 item. The township has traditionally built sewers along the line of need, and not far in advance of development. It is not desirable to accelerate the pace of growth and development as has been happening in adjacent areas. The serious need for increased schools has resulted from this rapid uncontrolled growth. It is also interesting to note that State Representative Mastin's recent study on sewer development in Southeastern Michigan shows us with an existing capacity sufficient to service our population until the year 1990. Opening another additional mile to rapid subdivision growth simply does not make sense except to enrich the coffers of several land speculators active in the area. Our growth pattern is presently controlled; and at a pace consistent with our ability to maintain services. Passage of this issue would mean more people all needing more schools, more fire protection, and generally more of everything that will have to be funded by all township residents.

Hilltop Golf Course -- We urge a YES vote that would allow the township to purchase this property and maintain it in perpetuity for recreational purposes. This can be accomplished at no increase in taxes since revenue sharing funds may be used for this purpose. The course can then be leased to a private firm with the township sharing in the subsequent profits. All township residents thus benefit at no additional cost. Unless this purchase is approved, it is certain that this valuable recreational open space asset will become another subdivision, condominium or apartment complex; a horrible prospect in terms of once again creating a demand for more services through population expansion and increased costs for

Consolidation Issue -- We urge a NO vote in this area. Township government is a viable, streamlined, and economical form of highly responsive government. Citizens may have any desired service that they wish to fund, and this is accomplished with a minimum of bureaucracy, interlocking directorates, department heads, etc. Lines of responsibility and supervision are clearly established; all of this at a cost far less than that usually found in city government. The City of Plymouth, for instance, has a tax levy of 14.5 mills compared to our township rate of 1.5 mills. Township government is also closer to the people and responsive to the electorates' wishes. Municipal bureaucracy creates distance and unresponsiveness as well as vastly increased costs. An example of bigness not being goodness

Police Protection 18sue -- We believe that the township residents must vote their own desires in this area. While our protection may be presently adequate, we certainly have the latitude to fund vastly increased police service if this is an high priority item. The locating of a state police sub-post in the Plymouth area has certainly helped provide additional coverage. The township, however, stands ready to follow the dictates of the citizens in this regard.

IMPORTANT FOOTNOTE: The reader will note that these decisions reflect the common interest of all Township Residents, as opposed to promoting the cause of special interest groups. We earnestly encourage you to follow the above recommendations, but regardless of your inclination, it is of vital importance that you exercise your right to vote.

The alternative, he said, is connecting to sewers where they are being expanded from major population centers."

AMERICAN

It's the age of computer companies and manufacturing companies - of punchcard correspondence and mass production. And maybe that's not all bad, at least in some businesses.

When it comes to our own profession, though, we're against this modern trend. We still think of ourselves as a "people company" - a place where helping is still a personal gesture of human caring.

Neither has done his or her reputation justice in this tale of a jewel thief ring led by Miss O'Neill and the insurance in "Summer of 42" as . land) who tries to retrieve the beautiful and lonesome some of the booty.

Directed by Tom Gries, the movie is an attempt to satirize the flood of cop and robber movies.

The basic problem with the script is that the satiric theme is understated. With a little more emphasis on the absurdity of the overused theme, the movie could have been very funny. Instead, the film wavers between tongue-in-cheek comedy, adventure and philosophizing.

The film revolves around the idea of the extremely rich trying 'to get richer through robbing the other doing a distorted Robin Hood act while trying to get the jewels back for the jewelers. on Sept. 8 at 2 p.m. In the meantime, he tries to score with Miss O'Neill.

#### **ORGANIZATIONS** CHANGE

Because both people and organizations are constantly in flux, it is possible that a contact person listed here is no longer active in the group or that the group itself may have dissolved. If this is true, we would appreciate your calling it to our attention and apologize in advance for any inconvenience caused.

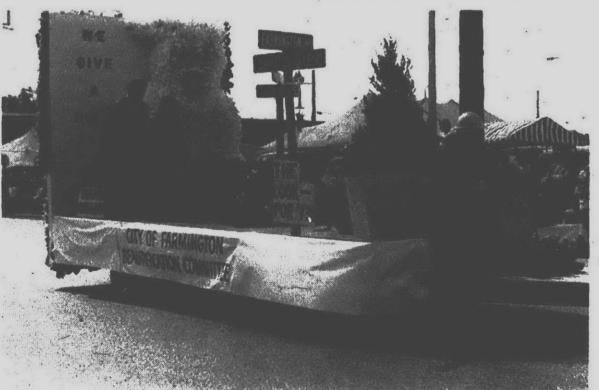

The temperatures may be hot, but once school starts our minds pick up the brisk, faster pace of fall.

Years of school beginning in September has conditioned us-even as adults-to look toward autumn as a time to try something newwhether that be redecorating a room, signing up for a course at a local college or community center or joining a new organization or interest group.

Observerland, an area of established communities, has a long list of clubs and organizations to choose from-to suit people of all ages, interests and modes of thought.

Look through the listing which FOCUS offers: you may well find just the group you're seeking.
