

Volunteers' Labor Speeds Historical Museum Opening

MRS. NORMA CASSADY, curator of the Plymouth Historical Museum, shown here registering the many items submitted for exhibit, finds the work arduous but pleasant as many of the artifacts bring back fond memories.

By W. W. EDGAR

She was the last person in the world you would expect to see down on her knees mixing paint.

But there she was — Margaret Dunning, donor of the Dunning Memorial Building that will house the Plymouth Historical Museum — tugging away with a paddle to prepare the gray paint and help in the arduous task of getting the latest jewel in the Plymouth Civic Center open to the public.

"Never thought you'd find me on my knees," she said with a smile, "but there still is a great deal of work to be done and I might just as well pitch in and help out."

While the dedicated donor was giving yeoman service to the cause on the first floor, Mrs. Norma Cassidy, curator of the museum, was on the lower floor working away on a set of old-fashioned straight razors for cataloging. Mrs. Cassidy is keeping a record of every artifact that comes into the building — and there are plenty of them.

She was seated at her desk, busy working between an old time hobby horse taken from a merry-go-round, and a rack filled with a horse collar and the rest of the harness that once helped to dress up some of the high stepping steeds that brought

their owners down into the business district on marketing day.

"And over there," she said, "is the old spring buggy that has been in my family for years. I am happy to have it here in the museum where the public can enjoy seeing it."

It was the "painter" upstairs who attracted the most attention as she stirred at the paint and seemed to take pride in the fact that it was loosening up and that she soon would be able to go to work with the brush.

"I don't know how soon we will be able to have the museum open to the public," she ventured, "but I am hoping that in about another month we will be able to set the target day."

That day can't come too soon for the lady who is spending thousands of dollars — the estimated cost of the building has been placed at \$200,000 — to build this memorial to her parents and a gift to the people of the Plymouth Community.

The exterior work on the building is completed, and the interior is nearing the point where the exhibits can be placed and the beautiful new building opened to the public.

As Miss Dunning raised her head and took her eyes off the paint bucket she said,

"Clarence (Moore) has done a great job of building these store fronts and I never saw so dedicated a person getting as much enjoyment out of the task as he is getting."

This street will be a real surprise when people see it for the first time. On one end will be an old time general store and on both sides of the cobbled street will be small stores with exhibits that look like a page out of the early history of the Plymouth area.

"Howard Green and Marion Sober outdid themselves," remarked the lady with the paint brush, "in choosing the color scheme of the stores and it is one of the most realistic scenes depicting by-gone days."

As she keeps counting the days for the opening of her gracious gift, Miss Dunning called attention to the well meaning people who are bringing articles to the museum for display.

"They are bringing broken furniture — chairs without a leg or two — and other items in need of repair," she said. "We just don't have the help nor the time to make the necessary repairs and I wish the folks who bring items would see that they are in good repair."

Other persons are leaving items without leaving the name of the donor and Mrs. Cassidy, the curator, would

like their names and some history of the proposed exhibit.

"We'll soon have an office open," Mrs. Cassidy said, "and then we will be able to obtain the information when the items are left here."

With that she let her eyes scan the large room and she

remarked with more than a little pride, "That's a great conglomeration of items. It's a lot of hard and tedious work getting everything ready."

Meanwhile, upstairs, the lady with the paint brush was ready to go to work. And Michelangelo in his

best day never went to work with more dedication and enthusiasm than Margaret Dunning who is on the verge of realizing a dream — a memorial to her parents that can be enjoyed by young and old alike and be an integral part of the cultural image of her home town.

MICHELANGELO, the noted painter, never was more dedicated to the work on any of his masterpieces than is Miss Margaret Dunning, donor of the building that will house the Historical Museum, shown here mixing paint to help with the task of preparing for the official opening which is still some months away. (Observer photos by Maurie Walker)

Civic Federation Hosts Commission Hopefuls

Plymouth's city commission campaign will begin warming up Monday when the eight candidates appear for public interviews before a panel representing the Plymouth Civic Federation.

Four seats on the seven-member commission will be up for grabs in the general election Tuesday, Nov. 6 and the candidates are:

Norbert Battermann, Joseph Bida, John Cummings,

Mahlon Green, Jack Moehle, Paul Muller, Bernard Schmitz and Donald Watkins.

The news release announcing the interviews characterized the federation as being "non-political," but when this was called to one of the member's attention it was conceded it should have read "non-partisan." Nonetheless, it was admitted that membership totals only about 15 persons. By coincidence,

most are prominent local Republicans.

Chairman is Anthony C. (Tony) Licata, president of the Plymouth Republican Club and one of Gov. Milliken's GOP appointees to the State Reapportionment Commission. Among other members are former mayors James Houk and James J. Barabara as well as such GOP leaders as Nancy Johnson, Carol Sellman, Dick Arlen, Arch Vallier and Charles Newland.

Monday's interviews will be held in the Mayflower Hotel and will begin at 7 p.m. Licata said the basic question will be: "Are Plymouth's elected officials accountable to the people for the annual budgets, expenditures, taxes and city services?"

Licata announced, "Responses to that question will be used as a basis for candidate endorsements by the federation. We are of the opinion that Plymouth city government is beyond the village status. Its officials and administrators must be held accountable for the efficiency of the administration and the justification of its decisions."

Licata added that the interviews will be informal and are open to the public "although only panel members will address the candidates."

Continued on Page 3A

Candidates' Statements Due

Statements from the eight candidates for Plymouth City Commission have been solicited by the Plymouth Mail and Observer.

Each candidate has been asked to submit his statements, including answers to several specific questions, to the paper by noon on Wednesday, Sept. 26.

As a public service, the statements will be run together shortly thereafter.

The candidates are: Norbert Battermann of 1449 Palmer Ave.; Joseph J. Bida of 585 Hamilton St.; John Charles Cummings of 796 S. Mill St., Apt. E-5; Mahlon D. Green of 236 E. Ann Arbor Trail, Box 211; John W. Moehle of 1279 W. Ann Arbor Trail; Paul W. Muller of 1480 Hartough; Bernard D. Schmitz of 1386 Beech; and Donald B. Watkins of 660 Burroughs.

Livonia Interest In Airport Dims

A survey of Livonia businesses shows that a majority of those responding aren't interested in airport development.

Industrial Development Coordinator Dan Gilmartin conducted a mail survey on business interest in an airport. The city council requested the survey while studying a proposal to acquire Mettetal Airport in Canton Township.

The survey, presented to the council this week, drew 82 responses from 175 inquiries. Of the 82 firms responding, about 25 were interested in using a city airport.

Twenty-seven firms said either the company itself or its business associates could use an airport located near the city. Ten of the companies responding own aircraft.

Possible future use of an airport received the same response pattern. Of those responding, 25 said an airport would stimulate usage of air transport while 49 firms said it would not.

A related question, asking whether the firm might use air travel in the future, was answered positively by 24 firms and negatively by 44.

The only question in the survey which differed significantly from the pattern concerned air freight. When asked if a modern airport would be a convenience as an air cargo drop point, 36 firms said yes while 42 said no.

Thirty-four firms supported

acquiring an airport even if it might require a one-half mill tax levy, while 42 firms opposed the project.

A Livonia committee this year requested that the city spend \$5,000 for an engineering report on acquiring an airport for the city. State and federal funds would pay for the greatest share of the study.

Mettetal became the focus of the study because state and federal airport officials already have designated the airport for further development.

Observer Plans Second Seminar On Wednesday

The Observer Newspapers will stage the second of three publicity press relations seminars Wednesday (Sept. 26) in the Observer building, 36251 Schoolcraft in Livonia.

Actually Wednesday's program will be that originally scheduled for Sept. 12 which was postponed due to problems at the plant.

All of those who registered for the Sept. 12 meeting will participate. The Observer has a complete list of registrants and will check names as the participants report for the 8 p.m. session.

A third program has been scheduled for Thursday, Oct. 11. There are a few vacancies and persons desiring to attend should make reservations in the next few days.

Leaf Bags To Be Free

The City of Plymouth has adopted a new policy in helping residents dispose of leaves this fall and will make the task easier by furnishing free trash bags.

In other years residents were asked to pile leaves on the area between the sidewalk and the gutter.

Last spring, the commission ruled that in the future all leaves had to be bagged.

"I informed the city commission that this rule would

be difficult to enforce," City Manager Fred Yockey stated, "and we now have a new policy."

Under this policy, the city will furnish, free of charge, large trash bags into which the leaves can be placed.

"We are putting a limit of 10 bags to each resident," Yockey explained, "and they can be picked up at the fire station at the DPW building."

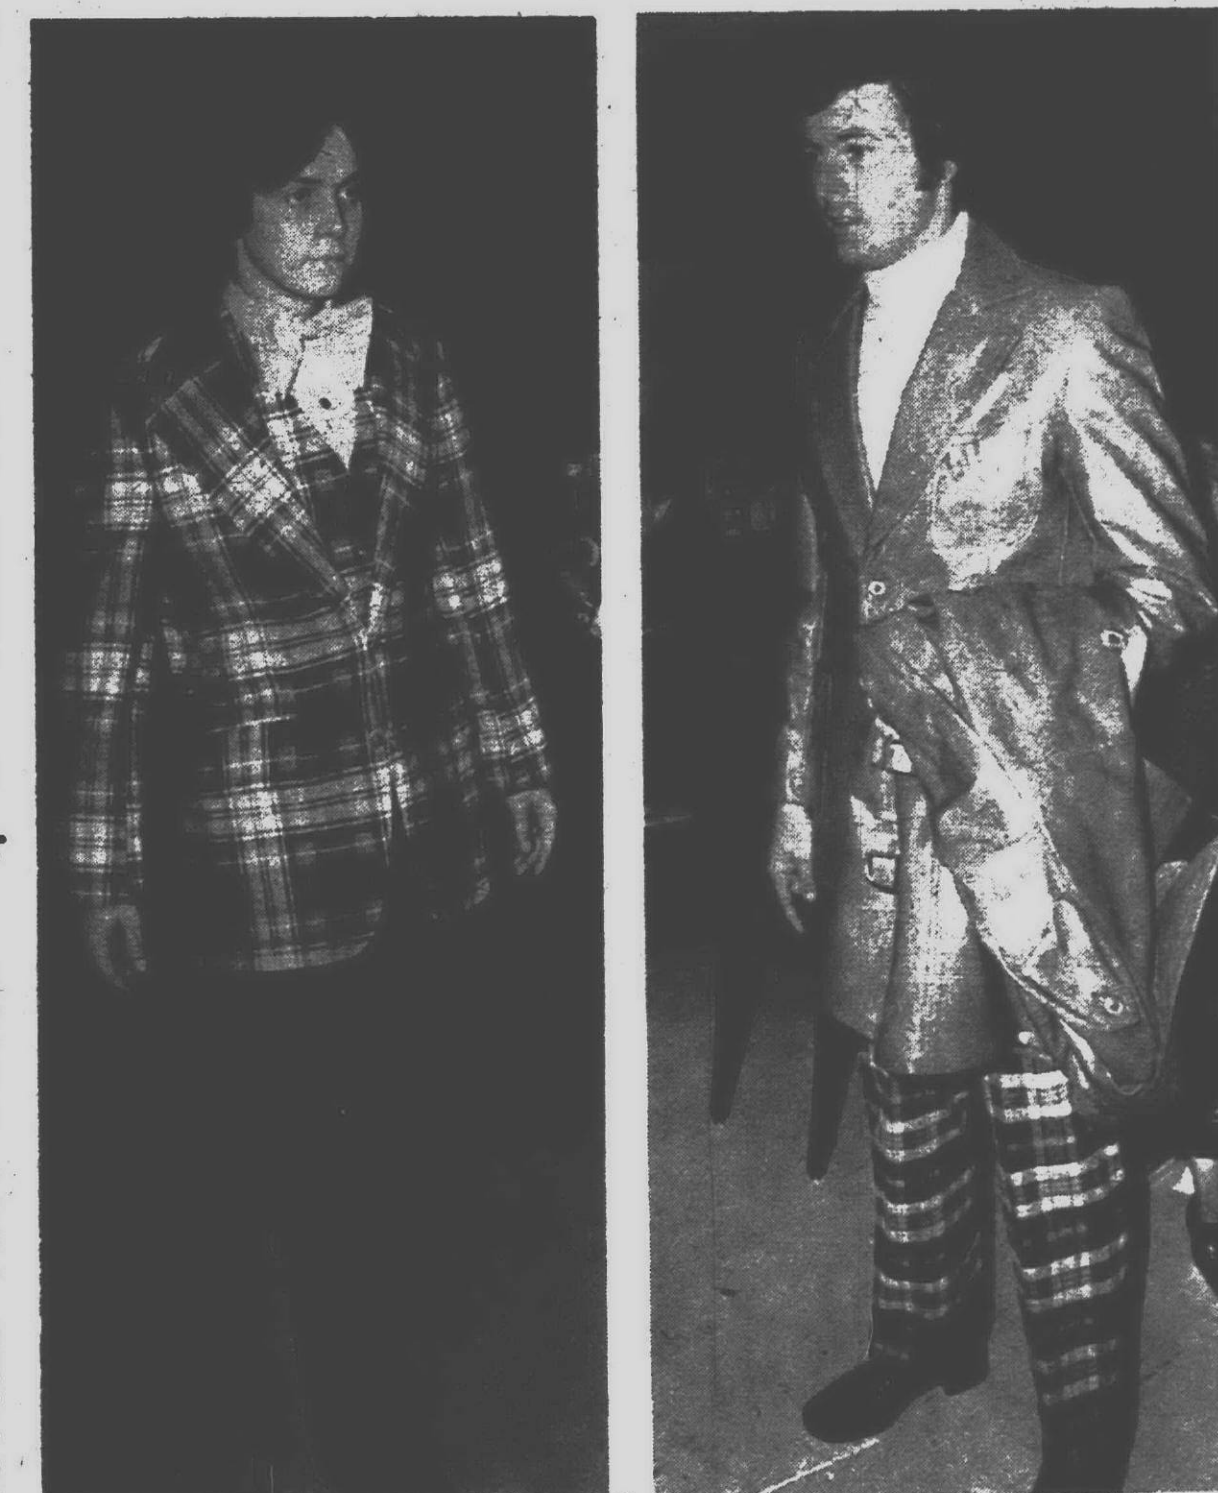

"For those who don't take advantage of this offer, they will be asked to pile the

leaves in the gutters of the various streets.

"By doing this, we will be saving the grass between the sidewalk and the curb and that should help."

Under no conditions should the leaves be burned, as there is an ordinance which prohibits these fall fires along the sidewalks.

The new policy is just for city residents, as Plymouth Township has no such pick-up system during the annual fall leaf blizzard.

MEN'S FASHIONS were on review at a Chamber of Commerce luncheon this week in the Mayflower Hotel and the turnout was so successful that officials are considering following it up with a fashion show of women's attire. More than 70 members and their wives attended, with Mrs. Pat Hann serving as moderator. Apparel was furnished by John Smith of Plymouth, Lent's and Famous Men's stores. (Observer photos.)

CHARLES DERRY, head of Madonna College's TV department, captures the action in the college's new fire protection course. From left: Sgt. Michael Guilmette of the City of Farmington public safety department; Larry Liedel

of Chevrolet's Livonia plant security; Lieut. Lyle Evon of the Inkster fire department; and Lieut. Inspector Theodore Scott of the Westland fire department discuss the workings of a fire extinguisher. (Observer photo)

Safety Course Typifies Madonna's New Look

By W.W. EDGAR

Madonna College, once a school exclusively for girls, has drawn the attention of the academic world by the introduction of a course in fire protection and occupational safety.

It is the first course of its kind offered in any college in the state and has raised a series of questions.

How is it that a school that had its inception as a training ground for the candidates for the sisterhood in the Felician Order should go so far afield in selection of courses?

What type of person would be drawn to the course and what place would it take in the scheme of things in a college curriculum?

"Our offering of this course should not be too surprising," said Sister Mary Danatha, president of Ma-

donna. "Our order (the Felician Sisters) is service oriented, and this was another opportunity to provide a service to the community."

The new course is another step in the many changes that have taken place at Madonna in the past few years. First was the decision in 1972 to become co-educational instead of a girls' college.

Next was the step from a two year to a four year course in liberal arts. And now such courses as fire prevention and occupational safety have been added.

With these changes has come a new type of student body, according to Sister Mary Lauriana, academic dean.

"We now welcome students of all age levels who have diverse economic, racial, experimental and religious backgrounds," she said. "Admission is granted to appli-

cants who can attain their educational goals within the philosophy and academic framework of the college.

"This has brought on a change in the makeup of the student body. Where there was a time when the top age bracket was around 23 years, our last graduating class had many about that age—and some in their 30s."

The new courses—criminal justice and fire prevention—have attracted men and women from the field of law, and the fire prevention program has gone even deeper in working careers.

"The fire prevention course," Sister Lauriana explained, "is attracting members of the various suburban fire departments, lawyers, insurance men and those who work on safety programs in area industries. It is quite surprising, and we are delighted with the response."

So far, 20 students have enrolled. The program can lead to a certificate of achievement, an associate degree or a bachelor of science degree, so students may elect the program suited to their individual needs.

To supervise what has been termed "the upward mobility" of the students, Sister Danatha has named Don Hickman, PhD, to the administrative staff and

Thomas Posler, assistant chief of the City of Westland fire department, as technical advisor.

Both men bring a wealth of experience to their new posts.

Dr. Hickman's academic experience includes two years of service in administrative roles in Philadelphia where he served at the Pennsylvania College of Optometry. Prior to that he served at the State University of New York College at Potsdam. He also had experience as an electronics instructor while serving at the Air Force Center at Ft. Bliss.

Dr. Hickman earned his bachelor and master of science degrees at the Universities of Oklahoma and Wisconsin. His doctorate in functional nutrition is from the Virginia Polytechnic Institute.

Among his main reasons for accepting his role at Madonna, he lists its emphasis on career programs and its "career ladder" approach. This makes available programs of various lengths suited to individual needs.

Posler is a respected member of the Westland fire department and its duties, aside from being the technical advisor, will include lecturing and working in the field.

TRYING ON equipment that will be used in Madonna College's new fire protection course is Sister Mary Danatha, president. Looking on are Lieut. Inspector Theodore Scott of the Westland fire department (left) and Larry Liedel, plant security officer of the Livonia Chevrolet plant. (Observer photo by Bob Woodring)

MSU's Duffy Daugherty To Help Fund Kickoff

PLYMOUTH Leaders of the Plymouth Community Fund are setting their plans early to make sure the industrial phase of the campaign goes over the top — and Duffy Daugherty is going to help them get the job done.

The former Michigan State University head football coach will be in Plymouth Monday, Oct. 1 as guest speaker at a special, invitational meeting of key industrialists.

Object of the meeting will be to acquaint the industrial sector of the local business world with this year's campaign goals, and Daugherty's presence is looked upon as a sure-fire guarantee of capacity attendance. The affair will be held in the Round Table Club.

General chairman of this fall's community fund drive is Leonard Evans, an executive at the Ford Motor Co. plant on Sheldon Road. Chairman of the industrial division is Ralph Brown of Western Electric.

Plymouth has maintained its own community fund, separate from the metropolitan Detroit area's United Fund campaign, since the mid-40s, and never has fallen short of its financial goal.

Each year, however, the biggest segment of the contributions has come from industry — and often these donations have not been made until the last minute, with fate of each campaign hanging in the balance until industrial reports are received.

This is the first year the industrial effort will be off and running before the traditional Kellogg Park torchlighting ceremony signals start of the general door-to-door solicitation. Although Evans has not yet announced the 1973 goal, it is anticipated that the figure will be the highest ever.

Daugherty, a droll Irishman whose spontaneous wit has given the sports world hundreds of so-called "Duffyisms," is now special assistant to the vice president for development at Michigan State.

In his 19-year tenure as head coach, the Spartans won 109 games, lost 69 and tied five. Along the way his teams claimed two Big Ten titles outright and placed second four times.

DUFFY DAUGHERTY

FREDERICK J. DAVENPORT of Canton Township has been appointed director of member relations for the Western Wayne County chapter of the National Assn. of Accountants. Davenport, who lives at 43127 Carlisle Court, is accounting manager of Burroughs Corp., Plymouth plant.

Youth Inc. Sponsors New Workshop Series

PLYMOUTH Contemporary and sometimes controversial issues will be discussed in a new workshop series sponsored by Plymouth Youth Inc.

Workshops concerning a general theme will be held the first week of each month. All meetings will be held at 7:30 p.m. at the center located in the former Plymouth Mail & Observer building at 271 South Main St.

An initial workshop scheduled in October will concern community resources geared to the needs of youth.

Topics and dates for the first series are: "Developing

A Community Newspaper" on Oct. 1; "No More Teachers Dirty Looks" on Oct. 2; and "Drug Education: How

Canton Gives

Liquor License

CANTON The Canton Township Board has awarded a class C liquor license to Robert Tucker, who has indicated he will use it for a chain motel at Ford and Lotz roads. A class C license allows sale of liquor by the glass.

Would You Handle an OD?" on Oct. 3.

November's workshop on minorities will discuss women, farm workers and the North American Indian. Topics and dates are: "The Forgotten American" on Nov. 5; "Women's Liberation: Fact or Fiction" on Nov. 6; and "Huelga: The Strike Continues" on Nov. 7.

During December a workshop on international affairs will be presented. Topics and dates are: "American Involvement in the World: The Roots of Empire" on Dec. 3; "Peace Education: To Insure A Lasting Peace" on Dec. 4; and "Is the War in Indochina Really Over?" on Dec. 5.

By W. W. EDGAR

The Stroller Goodbye Barn Signs

Seated at the breakfast table the other morning, The Stroller's eye caught a headline in the public prints that caused him to gulp his hot coffee, burn his throat and almost go into shock.

And no wonder. There in bold type came the word that the State of Michigan was going to remove another segment of rural America from the scene by painting over the advertising on the farmers' barns along the highways.

Can you imagine a barn without a painting of a large package of Mail Pouch chewing tobacco facing the road?

It would be the same as taking the sheep out of the meadow — if they were facing the highway — or chasing the cows out of the corn.

But our legislators have ruled that the signs are a hindrance to drivers speeding along the winding concrete ribbons and must be removed.

According to the public prints, the old red barns have been placed in the

same category as billboards and now are illegal as advertising space.

What's more, the state is planning to spend approximately \$12,000 to paint over the tobacco signs in colors of the farmers' own choosing.

"That's just fine," growled Don, The Stroller's dirt farmer friend. "What about the other three sides?"

"They're taking away one source of revenue from the farmer and making him paint three sides of his barn when things are bad enough."

Then he shrugged his shoulders, shook his head and asked, "What next? No wonder the farmers are giving up."

There's no telling "what next." But one thing is certain. The ride along the state highways won't seem the same.

There was a time when it was fun to ride along and read the Burma Shave signs. They were interspersed with pictures of a big bull adver-

tising Bull Durham smoking tobacco and then the barns.

First went the shaving signs, then the big bull and now the Mail Pouch signs from the state's highways.

It just won't seem the same.

These rural scenes have been part of America for a century. In New England, for example, you'll see climbing roses on the barns that are attached to the homes. They offer an unforgettable sight.

Moving westward, we get the cattle grazing, the horses roaming the fields and the red barns with the Mail Pouch advertising.

Then, back home in the Dutch Country of Pennsylvania, the barns carry "hex" signs — a signal that the house is not haunted and no one in the family "has gone funny."

It is revelation of family superstition — but let no one attempt to have these Dutch people think otherwise.

It's too bad their beliefs haven't spread to Michigan.

Maybe our old barns with the tobacco ads would be spared — and who knows, maybe we'd get the shaving signs back to read on the way to the hoe-down at the country hotel.

City To Study Cultural Center, Ice Rink Uses

PLYMOUTH So great is the demand for time and space in the new Cultural Center, which only a few months ago was looked upon with some degree of skepticism, that city officials are planning a review of the entire schedule.

"We've got to provide more time for public skating," City Commissioner Robert Sincock said, "and it may be that more than one night each week will be set aside for those who like to whirl around in free skating."

Under the present schedule, Wednesday night is the only time available for those devotees of the blades who prefer to waltz as couples and other combinations that were popular before hockey became the vogue.

"That building never was meant for hockey alone," City Manager Fred Vockey explained, "and we've just got to make a thorough study

of time and space to accommodate the heavy demands."

The ice arena has filled a long felt need for the young hockey players. No longer are they forced to arise in the wee hours of the morning and travel miles to practice.

Aside from the ice arena that is growing in popularity with businessmen at the lunch period, other areas of the building are being used more frequently.

Recreation Director William Zerblis has arranged a complete schedule that takes in all manner of activities as more and more organizations make use of the facilities.

The lone shortage is time for free skating and that will be remedied following the review of the program.

Madonna Dean Dies In Crash

Sister Mary Catherine Homic, 37, dean of students at Madonna College, was killed in an automobile accident Wednesday night.

Two other nuns, Sr. Mary Janice Ziolkowski, 39, and Sr. Mary Rachel Bowal, 54, were seriously injured as was a third passenger, Miss Louise Bego, 36. All are in St. Joseph Hospital in Ann Arbor.

The accident occurred at 8:37 p.m. on U.S. 23, near the M-14 exchange north of Ann Arbor.

A Washtenaw County sheriff spokesman said Sr. Janice was driving the car on U.S. 23 and hit a stalled truck that was without lights.

Deputies said the flatbed truck, driven by Patrick Lee Evans, 20, of 8581 Hix, Westland, was carrying sod. Evans had lost some of the sod on the highway and stopped to pick it up. When he got back into his truck, in the left lane, it failed to start.

Sr. Janice apparently didn't see the truck until the last moment. She swerved to the right, hitting the right rear corner of the truck. The car became wedged under the vehicle.

Sr. Catherine was dead on arrival at St. Joseph Hospital.

Sr. Janice, who is director of college relations at Madonna, underwent heart surgery Thursday. Sr. Rachel suffered a broken ankle, fractured right hand and face lacerations. Miss Bego required plastic surgery.

Police say Evans was not injured and was released pending further investigation.

Funeral services for Sr. Catherine will be held Monday at 10 a.m. in the Mother House chapel of the college. Burial will be in Mt. Olivet Cemetery, Detroit.

The body will be in the parlor of the Mother House of the college from Saturday afternoon until 5:30 p.m. Sunday when it will be moved to the chapel.

Sr. Catherine is survived by her parents, Mr. and Mrs. Anthony Homic of Hamtramck, and a brother, Donald of Warren.

Sr. Catherine and the other two nuns belonged to the Felician order. She was a member of the college's class of 1959.

In addition to being dean of students, she was also a faculty member at Madonna.

Sr. Rachel is a member of the English faculty.

Miss Bego, who owned the car, lives at 1609 N. Wayne Rd. in Westland. She is an employee of the college. Sr. Janice is director of college development.

Salvation Army Leader Dies

LIVONIA Services for N. Helen Arnold, 86, 39112 Lyndon, Livonia, were held in the Salvation Army Church with Brigadier William Roberts officiating. Burial followed in Bradshaw Cemetery in Ontario.

Mrs. Arnold, a retired adjutant of the Salvation Army, died Sept. 14. She was affiliated with the Salvation Army for 37 years, of which the last three were spent with the Plymouth branch.

While in Plymouth, Mrs. Arnold organized a day nursery for defense plant workers which cared for more than 20 children daily.

During her career Mrs. Arnold worked for the organization in Ontario, Canada, Petoskey, Boyne City, Owosso, Cheboygan, Detroit and Pontiac.

Survivors are three daughters, Mrs. Catherine Trapp of Livonia, Olive of Westland and Mrs. Bette Hartwick of Mt. Clemens, and a brother John Doherty of Windsor.

Salem Seniors Slate Session With Advisors

PLYMOUTH Senior-Parent Night at Plymouth Salem High School is scheduled for Wednesday, Sept. 26.

The program will start at 7:30 p.m. in the high school auditorium and will provide parents and students the opportunity to meet with student counselors in small group sessions.

Under an agreement with the school board reached two years ago and when members of the class of '74 were sophomores, all current seniors are enrolled at Salem. Plymouth's other high school in Educational Park, Canton, has an enrollment of only ninth, 10th and 11th graders and will have its first 12th grade senior class next September.

INVITATIONS TO an open house are being mailed to prospective Red Cross volunteers in the northwest area. Henry Mauer, manager of the Red Cross Northwest Regional Office, and Mrs. Leighton Fairham of Plymouth, assistant chairman, are coordinating the mailing. The open house will be held from 3-8 p.m. Tuesday, Sept. 25 at the regional office at 29236 Ford Rd. in Garden City.

Square Dancing Series Is Set

A get-acquainted square dancing party for retirees and senior citizens will be held from 1 to 3 p.m. on Tuesday, Sept. 25 in the Cultural Center, 525 Farmer, under sponsorship of the Parks and Recreation Dept.

Caller will be Helen Covietz and Tuesday's dance will have free admission. The series will continue weekly with an admission of 75 cents.

Each candidate will be allowed 20 minutes to discuss campaign issues and answer the panel's questions.

The federation will make endorsements - though not necessarily for all four seats - and for those it gives its blessing, the federation will provide support in door-to-door literature distribution as a printed "slate."

Commissioners James

McKeon (mayor) and William Silvius have outlived their commission service as permitted in the charter and cannot run again, while Harold Guenther decided not to seek re-election. Battermann, who has twice been appointed to fill vacancies, was ruled eligible as an incumbent, but none of the others has served on the commission previously.

However, this does not mean their records are devoid of public service.

POSTING AND FILING OF CITY COMMISSION MINUTES

CITY OF PLYMOUTH MICHIGAN

Notice is hereby given that on the 21st day of September, 1973, true copies of the minutes of the Regular meeting of the City Commission held on Monday, September 10, 1973, at 7:00 P.M., were posted on the official bulletin board of the City of Plymouth, located at the Southeast corner of the intersection of S. Main Street and Peninsular Avenue, the Southeast corner of the intersection of Starkweather Avenue and W. Liberty Street; the South entrance of the Central Parking Lot facing S. Harvey Street, and also on the bulletin board in the City Hall at 301 S. Main Street. These minutes are posted in accordance with Section 5.11 of the City Charter for the benefit and information of all interested citizens of the City of Plymouth.

PAUL V. BRUMFIELD, City Clerk

Published: September 22, 1973

NOTICE TO BIDDERS

CITY OF PLYMOUTH MICHIGAN

Notice is hereby given that the City of Plymouth, Michigan will receive bids up to 2:00 P.M., E.D.T., Monday, October 1, 1973, for:

NOTICE OF REGISTRATION

REGULAR CITY ELECTION

CITY OF PLYMOUTH, MICHIGAN

Notice is hereby given that registration of qualified electors for the November Regular City Election to be held on TUESDAY, NOVEMBER 6, 1973, will be taken at the Office of the City Clerk during regular office hours until 5:00 P.M., E.D.T., on FRIDAY, OCTOBER 5, 1973, at which time, registrations will close, and no further registrations will be received for said election.

Qualifications of an elector for registration are as follows:

1. Applicant must be a citizen of the United States.
2. At least 18 years of age.
3. A resident of the State of Michigan for forty-five (45) days.
4. A resident of the City of Plymouth on or before the fifth (5th) Friday prior to the Election Day.

Qualified Electors who are properly registered now with the City Clerk will not have to register or re-register; however, if a change of address transpires, make the necessary corrections with the City Clerk.

PAUL V. BRUMFIELD, City Clerk

TOWNSHIP OF PLYMOUTH BOARD OF TRUSTEES REGULAR MEETING SEPTEMBER 11, 1973

The meeting was called to order by Supervisor McLaren at 8:00 P.M. All members were present.

READING, CORRECTING AND APPROVAL OF MINUTES. Regular Meeting, August 28, 1973. Mrs. Richardson stated that Item No. 1 under Old Business in the fifth paragraph, Mrs. Flower stated that the State of California "was proposing to" provide nursery service to its residents, not that they did provide this service. Mr. Overholt stated that this item be taken off the agenda until the next regular meeting. There was some discussion that this item should be taken off the agenda until requested by Mr. Donovan. Mr. Overholt moved that this item be removed from the agenda until further request by Mr. Donovan that the item be put back on the agenda. Supported by Mr. Burke and carried unanimously.

OPENING OF BIDS. One new Four to Five Yard Dump Truck with Box and Hydraulic Hoist. (a) Clashing of Bids. Mrs. Holmes moved that the bids be closed. Supported by Mr. Ash and carried unanimously. The bids were closed at 8:05 P.M.

Mrs. Richardson opened and read the following bids: Lou LaRiche Chevrolet \$5,985.52; Leo Calhoun Ford \$5,589.72 and Carpenter Truck Center-Dodge \$5,917.35.

Mrs. Holmes moved that the above bids be referred to the Acting DPW Superintendent for conformity with the specifications and that he report back at the next regular meeting with his recommendation. Supported by Mrs. Richardson and carried unanimously.

OLD BUSINESS. Gregory I. Donovan, Donovan Associates Inc. Re: House on Brink's Farm - tabled to September 11, 1973 at the request of Mr. Donovan. Mrs. Richardson stated that Mr. Donovan had requested that this item be tabled until the next regular meeting. There was some discussion that this item should be taken off the agenda until requested by Mr. Donovan. Mr. Overholt moved that this item be removed from the agenda until further request by Mr. Donovan that the item be put back on the agenda. Supported by Mr. Burke and carried unanimously.

NEW BUSINESS. Requesting the Board of Trustees to approve or disapprove a Tavern License for the Grecian Village Country Island c/o Alexander D. Christopoulos, 44457 Ann Arbor Road, Plymouth Township.

Mr. Overholt suggested that this name be put on the list, but not recommended at this time, that there were 14 on the list and that due to the length of time remaining with just 5 licenses to distribute, the Township should consider re-evaluating. Mrs. Richardson moved that the name be added to the list for future liquor license and that the Liquor Control Commission be notified that we are not approving the Grecian Village for a License at this time. Supported by Mr. Overholt and carried unanimously.

RESOLVED. by the Township Board of the Township of Plymouth, that there be levied on the taxable property of said Township, for the year 1973, for Township purposes, a tax of 3.25 mills on the State Equalized Value thereof, said value being \$102,130,320 and the Tax amounting to \$332,923.54.

Yes: 7
No: 0

Resolution carried.

Supervisor McLaren suggested that with a full Board present, an item relating to the Firefighters be added to the agenda.

Mr. Overholt moved that the item be added to the agenda, supported by Mr. Burke and carried unanimously.

Supervisor McLaren stated that in regards to the pickets by the Fire Department, the Township needed instructions and direction.

Mrs. Richardson moved that the Board authorize the Township Attorney, representing the Township on the Firefighters negotiations, to file whatever legal action he deems necessary against the Firefighters. Supported by Mrs. Holmes and carried unanimously.

Mr. Ash stated that the Planning Commission was working on Ordinance No. 27 and that the Update Committee operating at the direction of both the Planning Commission and the Township Board was at the point where they have done all they can efficiently as a committee. He said that all that was left to be done was proper language and compilation so that it could be acted upon by the Planning Commission and Township Board. He said that it was outside their capability to do the compilation and that he, Mr. Ash, was requesting that their efforts be given to the Planning Commission for the final work.

Mr. Ash stated that in order for this to go to the Commission it must entail monies that were not within the budget. Mr. Ash stated that he needed some direction from the Board. Mrs. Richardson said that she had received a letter from Mr. Dietrich and that he had estimated that the cost would be around \$6,500.00. But that if this was given to the Consultant, a time limit should be imposed. Mr. Overholt asked if the data was ready now. Mr. Ash said that it would be ready by the September 19, 1973 meeting of the Planning Commission.

Mr. Overholt moved that the above item be added to the agenda. Supported by Mrs. Richardson and carried unanimously.

Mrs. Holmes moved that the committee on the update of the zoning ordinance No. 27 be authorized to provide this data to Mr. Dietrich, the Township Planner, and authorize him to do the professional work necessary to update the Township Zoning Ordinance. Supported by Mr. Overholt and carried unanimously.

Mr. Overholt moved that the meeting be adjourned. Supported by Mr. Millington. Supervisor McLaren adjourned the meeting at 9:40 P.M.

Approved, J. D. McLAREN, Supervisor

Respectfully submitted, HELEN I. RICHARDSON, Clerk

These minutes are a synopsis. The Official Minutes are on file in the Clerk's Office.

DEAF PEOPLE CAN ENJOY the concert by the rock group Sons of Thunder, coming to the Mercy High School in Farmington Sunday, Sept. 23, at 7:30 p.m. The group of nine young people provides sign language to go with the words and contemporary music. Organized through the Catholic Archdiocese of Detroit,

the group is performing at Mercy under sponsorship of Catholic, Lutheran, Assembly of God and Episcopalian organizations that work with the deaf. Tickets are available from the Rev. Kenneth Davis of St. Andrew Episcopal Church in Livonia.

High Holy Days Services Set

Jewish congregations in Observerland are preparing for the High Holy Days, beginning at sundown Thursday, Sept. 27.

Rabbi Martin D. Gordon will officiate for services planned by the Livonia Jewish Congregation, 31840 W. Seven Mile, Livonia.

Services are scheduled Sept. 26, 27 and 28 and Oct. 5 and 6.

Adat Shalom Synagogue, which recently dedicated its new complex of buildings at 29901 Middle Belt, Farmington, plans several special

features for its services. One of them, reinstituting of the Tashlich ceremony at 6:15 Thursday, Sept. 27, comes about because the synagogue property includes a pond stocked with fish.

The ritual, performed on the first day of Rosh Hashanah, the Hebrew New Year, is an acting out of the Micah passage "And thou wilt cast all their iniquities into the depth of the sea."

In the ceremony, those participating go to a body of water that has fish in it and,

after reciting prayers, shake the skirts of their garments over the water, as if physically casting sins upon the water.

Adat Shalom also will have on exhibit during High Holy Day services a selection of rare manuscripts and Mahzorim on loan from the Jewish Theological Seminary of America.

The synagogue's Shlichot service, scheduled to begin at 11:15 Saturday, Sept. 29, will be preceded by a coffee hour beginning at 9:30 p.m.

and a film, "A Chassidic Tale." Rabbi Jacob E. Segal and Rabbi Seymour Rosenbloom will lead the services, with Cantor Nicholas Fenkel and the synagogue choir chanting the liturgy.

The Birmingham Temple, 28611 W. 12 Mile, Farmington, will mark the holiday week with a discussion by Rabbi Sherwin Wine on "The New Year - Predictions" at 8:30 p.m. Friday, Sept. 28. A discussion of the lecture will follow.

ST. PAUL UNITED PRESBYTERIAN CHURCH, 27475 Five Mile, Livonia, has adult Bible classes at 9:30 a.m. Sundays and at 10 a.m. Tuesdays, beginning the week of Sept. 16 and running through Dec. 16. The Rev. William McGaughy will teach the identical classes.

CALVARY BAPTIST CHURCH, 43065 Joy, Plymouth, will host Jim W. Wilson, executive director for the world council of Youth For Christ International, during services at 11 a.m. and 7 p.m. Sunday, Sept. 23. Wilson, formerly vice president for the Far East for YFC, lived six years in Korea where he helped build a hospital, youth center and church in the city of Suwon and ministered to Korean troops engaged in Vietnamese fighting. He has traveled to Asia, South America, the Caribbean and Africa and he and his family now make their home in Geneva, Switzerland.

ST. PAUL LUTHERAN CHURCH, 28085 Middle Belt, Farmington, will welcome Mother Charizetta Waddles as speaker for its Lutheran Women's League meeting Tuesday, Sept. 25, at 7:30 p.m. The public is invited to the church social hall to hear the talk by the founder and leader of the Perpetual Mis-

sion for the indigent. WARD UNITED PRESBYTERIAN CHURCH, Six Mile and Farmington Road, Livonia, will be the setting for a concert of sacred music by the Christian Scholarship Ensemble on Sunday, Sept. 23, at 7 p.m.

THE UNIVERSALIST UNITARIAN Church of Farmington will hear a talk by Joe Samples, a member of the U-U continental denomination committee on recommendations during services Sunday, Sept. 23, at 10 a.m. Samples and Richard Neff, minister of the local church, will discuss religious structures as reflections of religious ideology and theology, presenting a critical view of religious institutions in general and U-U institutions in particular. Coffee and discussion will follow the service.

UNITY OF LIVONIA, 28660 Five Mile, will host Norman Creamer, founder and director of the School of Light and Realization, at 10 a.m. and 1:30 p.m. Saturday, Sept. 22. His topics will be "America - Country of Destiny" and "Man's Response to Energy." Marie Connors will furnish special music.

PRINCE OF PEACE LUTHERAN CHURCH, 28000 New Market, Farmington, is beginning Wednesday after-

noon classes in religious training for grades three to six. Classes began Sept. 19 and will be held for an hour each Wednesday beginning at 4:15 p.m.

MRS. DEE JOSAITES (left) and Mrs. Carole Cramer look over the Farmington Public Library's display of Braille transcribing equipment. It will be at the 12 Mile branch library through September. (Evert photo)

Braille Transcribing Demonstration Set

The machines that turn books and magazines into rows of raised dots which the blind can read will be demonstrated in the auditorium of the Farmington Public Library, 12 Mile between Farmington Road and Orchard Lake Road, on Wednesday, Sept. 26 at 2 p.m.

The Nardin Park Braille Transcribers, beginning their fifth year of sessions to train volunteers for the work, will sponsor the demonstration.

For those interested in a preview, a display of transcribing equipment and manuscripts will be in the library's front showcase throughout September.

The Nardin Park group is affiliated with Tri-County Braille Volunteers, whose members are 200 certified Braille transcribers throughout Wayne, Oakland and Macomb counties.

For the past four years, the Farmington church group has sponsored a class for women willing to learn the work.

In those four years, 65 women have completed the course and become transcribers certified by the Library of Congress.

They now are equipped to transcribe for the blind. This service is offered free, and assignments come to volunteers from agencies all over the country.

A new class will begin this fall at Nardin Park United Methodist Church, 11 Mile between Orchard Lake Road and Middle Belt, Farmington Hills. Tentative starting date is Oct. 3.

Information on the class is available from Mrs. Carole Cramer, 25320 Lyncastle, Farmington, who has headed the program for four years, and from Mrs. Dee Josaites, 33542 Argonne, Farmington, who is taking over this year.

The Nardin Park group also collects Betty Crocker coupons for purchase of a Braille writer, the machine the volunteers are trained to use.

"We're a little more than half way to our goal," Mrs. Cramer said.

There is a nominal fee for the transcribing class, and the group also sells Christmas cards to defray other costs of giving the course. Contributions from organizations such as Lions clubs also have been of major benefit.

Red Cross Asks: 'Be A Volunteer'

The week of Sept. 23-29 is Red Cross volunteer recruitment week for the Southeastern Michigan American Red Cross.

"Spread a Little Love ... Be a Red Cross Volunteer," is the theme of the campaign. The goal is to recruit approximately 600 men and women to serve as Red Cross volunteers.

"Red Cross is, and always has been, an organization of volunteers. Without the skills, warmth, and dedica-

tion of volunteers, none of the services and programs of the organization could function," Mrs. Donald O'Connell, chairman, Red Cross Office of Volunteers, said.

The blood program is the area where volunteers are needed the most. Men and women are needed to help staff bloodmobiles and Red Cross regional blood collection centers, serve as open heart surgery callers and perform clerical duties.

Hospital volunteers are needed to assist in non-professional hospital duties. They provide the extra care that hospital personnel are sometimes too busy to give.

Red Cross is also recruiting transportation service volunteers. Men and women are needed to provide transportation for veterans and servicemen, or their families, to and from hospitals when public transportation is unavailable, and deliver blood to hospitals for open heart surgery.

Other programs where volunteers are needed include Service to Military Families (SMF), lead poisoning control, school health, disaster services, first aid and water safety.

Persons interested in becoming Red Cross volunteers are asked to contact their local Red Cross office.

Rotary Anns Plan Coffee

The Plymouth Rotary Anns will hold a coffee meeting Monday, Sept. 24, at 10 a.m. in the home of Lorraine Gould on Beacon Hill Drive, Plymouth.

Mary Jo Workman, the group's new president, will preside and the co-hostesses will be Mary Brown, Jan Carney and Estelle deBear.

observing life
3 Continuum Courses Begin

Personal growth for women, human relations training for men and life styles for the divorced are the themes of three Oakland University continuum courses beginning Sept. 24.

All three Monday evening courses will be given by the Continuum Center for Adult Counseling and Leadership Training.

The personal growth course begins with a free orientation session at 7:30 p.m. Monday, Sept. 24, in the Church of Our Savior, 6655 Middle Belt, West Bloomfield, and will continue through Oct. 29 with three-hour evening sessions in the church.

Emphasis will be placed on life planning to help women understand themselves and their relationships with others, said Eleanor Driver, continuum center director. The cost of the course is \$40.

The other two courses, both costing \$45, will be held in the Meadow Brook clubhouse at the Adams Road end of the OU campus, with 7:30 to 10:30 p.m. sessions beginning Sept. 24 and ending Oct. 29. A final session of the course dealing with divorce is set from 10 a.m. to 4 p.m. Saturday, Nov. 3.

Human relations training for men, designed to encourage personal growth through improvement of interpersonal skills, will be taught by John Flatter of the Wayne State University guidance and counseling department, and Dr. Joel Fink who has worked in the Boston University human relations center.

Carol Mindley Franson, lecturer and author of "The Divorced Mother," will conduct the seven-session course for divorced persons.

Emphasis will be placed on the emotional problems of being alone.

To register for any of the courses, call the Oakland University continuum center in Rochester.

know no fault

Michigan has passed a brand new no-fault auto insurance law which is effective October 1, 1973. Here's how it affects you:

If you own a car, truck, bus, or trailer, you must have this insurance. If you don't, you could be fined \$500, jailed for one year and lose your driver's license and license plates. Two-wheeled motorcycles are not included.

To get your Michigan license plates you must prove you have this insurance. If you don't have a policy, you must buy one.

Livonia's Jackie Stocks Wins Observer Title

Livonia's Jackie Stocks captured the championship in the 1973 Women's Observerland golf tournament at Whispeering Willows course. Jackie bested a field of 58 with identical 43s for 86, two strokes better than Valerie

Evans, wife of PGA professional Max Evans, who fired a 43-45 for 88. Winner of the first flight was Grace Baldas of Livonia in a playoff against Laura Baumhart. Both scored 96s in the regular 18 holes with

Miss Baldas sinking a 20 foot putt in sudden death to win. Second flight honors belonged to Mary Gilbertson of Livonia with a 48-51 for 99 with second going to Jo Gientke at 52-54 for 106. Lee Fournier of Livonia

came up with her best round of the season to win the third flight with a 54-58 for 112. Marge Kiley was runner-up at 56-61 for 117. The results:

The American Bowling Congress, watchdog over the game of toppling tenpins for the past 70 years, is going to take another look at the rules.

According to word from the ABC office the rules are going to be reviewed and any changes deemed necessary will be recommended to the directors at the next annual meeting.

In making the announcement, ABC officials stated there have been no complaints of the rules as they are. However, it was felt that after 70 years they should be reviewed.

Metropolitan Detroit will have a voice in any recommendations that may be made as Tom McKay, Secretary of the Greater Detroit Bowling Association, has been named as a member of the Review Committee.

THE LADIES CLASSIC at Farmington Lanes moved into the spotlight this week when Jan Vanderwill posted a 673 series -- the highest bowled by a woman in the area this season.

She linked games of 225, 214 and 224 for the count that may stand as a target in the league for a long time.

With her big count Jan beat out Bonnie Barnes, of the Ladies Major League, by a single pin for top scoring honors.

Bonnie had a 267 game in

her big series at Pine Tree Bowl. Other members of the Ladies Major who bettered double century figures included Cora Fiebig 644, Ann Setlock 640 and Penny McLean 617.

Meanwhile the Pine Tree Bowl team registered a 2905 -- highest women's series of the season.

Scoring in most of the men's classics dropped during the week, but Jay Dischong kept up the torrid pace of the early weeks when he came through with a 720 to lead the Westland Classic. His closest rivals were Don McLeod and Fred McLean, each of whom posted a 691.

After a great start Mike Mason fell off a bit in his last two games and had to settle for a 711 count at Bel-Aire. He opened with a 256, then dropped to 229 and closed with a 226.

His closest rival was Jim Beers with 638. Don Walker had 630, Jack Brown 628 and Lee Tutti 622.

One of the proudest bowlers in the area last week was Dossie Hedge. He rolled a 571 series in the Senior Citizens group and took top honors.

Bill Spargo, recently crowned "King" of Metropolitan bowlers is living up to the role.

After three weeks of bowl-

ing in the Michigan Open Classic he is averaging 229. His closest rival, Fred Vitali, is nine points behind at 220.

Marlene Oppen stole the show in the Westland Ladies League with 627 on games of 184, 205 and 238. Sandy Lewis, her closest rival, had a 556 and Irene Glogeski landed third with 553.

Lois Merriman was up to her old tricks at Livonia Lanes where she laced counts of 187, 171 and 189 for a 547. One of the younger members, Joan Ison, had an even 200.

Tom Hay showed the way in the Farmington Lanes Mixed Classic with a 234 in 622 and Mary Randall paced the women with a 200 in 566.

In the Teen Classic it was Kathy Allen with 216 and Don Hunt with a 215 in 569.

Marion Thayer reached double century figures at Mayflower Lanes with a 206 to beat out Beverly Schoetty with 503 and Joan Porta with 517.

Opening night honors in the top league at Oak Park lanes went to Dennis Miller with a 647 gained on games of 221, 223 and 203.

This is a banner season for Emil Wansa, one of the best known of the veteran pin spillers.

For the second time within three weeks he topped 700 in the Wonderland Classic. This time it was a 710, but he had to bow to Bill McKeever who paced the loop with a 712.

Extreme Heat Knocking Off Football Weight

During the extreme heat of early practices, Michigan players lose six to eight pounds per practice with some of the heavier athletes losing as much as 12 to 14 pounds, according to Wolverine head trainer Lindsey McLean.

To combat this loss of fluid, McLean reports that 40 gallons of Wolverine-Ade are consumed on the field alone during each day of two-a-day practices.

Bishop Borgess Looking For Class A Foe

Bishop Borgess High School in Redford Township is looking for a Class A athletic opponent in the Observerland area.

Borgess Athletic Director Ralph Owen has announced he would like to add on his 1974-75 schedules a Class A school from the Observerland area.

Anyone interested should contact him during school hours.

Bentley 3-Milers Topple Thurston

Bentley High captured the first four places along with sixth to blitz Thurston in a non-league cross country match, 16-47.

It was the Bulldogs fourth victory in as many outings along with the Schoolcraft Invitational crown.

Tom Hoesy and Jay Kirksey finished in a dead heat for first place honors. The two Bulldog runners clocked in at 16:34 each.

Next in third place came Bentley's Al Charns in 16:54

followed by Tim Sobolak at 17:05.

Thurston's first finisher was Lou Torcolacci at 17:07.

Then came three more Bulldogs in Paul Bien (17:11), Chuck Kovach (17:36), and Steve Spreitzer (17:41) Thurston's remaining point total came from Jerry Meredith (17:45), Paul Benedict (17:54), Dan Graustein (18:03) and Lou Maceratini (18:13).

The Bentley junior varsity won by a forfeit.

OBSERVERLAND QUINTET helping Central Michigan University along with assistant football coach Herb Derumedi are Dave McCoy (10) and Mike Leiter (67) of North Farmington High, Mike Reardon (73) from Bentley, Rob Hollandsworth (68) from Franklin and Jim Szilagyi (31) of Plymouth.

"SOME PEOPLE KNOW HOW TO LIVE"

Experience gracious living in historic Northville. Conveniently located near schools.

• Step into a superbly styled, 1, 2 or 3 bedroom townhouse... and relax

• Respond to the rich sensation of having your own Maintenance Staff, Clubhouse, and Outdoor Swimming Pool.

• Take advantage of tax reductions based on your proportionate share of real estate taxes and mortgage interest.

• So much can be yours for so little... from \$199 per month (includes maintenance, taxes, heating, recreational facilities)

You too can live in this charming atmosphere. Become someone who "knows how to live."

Turf Tips, Quips

By Doc Minard

After testing the earlier post times for almost two months, the Detroit Race Course management has decided to move the starting time for the first race on Saturdays from 1 p.m. to 1:30.

The shift was announced earlier in the week by Vice President and General Manager Dick Wilson. That's the only change planned for this meeting.

Wilson announced at the start of the 90-day season the DRC would try the earlier post times - 1 p.m. on Saturdays and holidays to 2:30 on weekdays - to see how fans reacted.

The new time scheduled was in direct contrast to the 2:30 post on Saturdays and

holidays and 3:30 p.m. on weekdays.

Wilson pointed out then that he planned to keep the earlier post times for the season. His board of directors met last week, agreed with his policy and approved the 1:30 p.m. shift only after it was explained thousands of patrons were arriving around 1 p.m. and the traffic jam was so big that many didn't get inside the grounds until the start of the second race.

"We are pleased with the way our patrons accepted the new post time," said Wilson. "But we decided to move the Saturday and holidays post to 1:30 p.m. and give fans a better chance to get inside the gates for the first race."

Most of the better distance stars will tangle in the mile and an eighth handicap that headlines today's (Saturday) program.

Racing Secretary Norris Gwynn has a field of 10 going in the ninth race and believes it will be one of the most evenly matched events of the season.

Heading the cast are: Knitted Gloves, Aterradora and Light Charger. The last mentioned came from far back in a distance event a week ago to win going away and could be the favorite this time.

Others in the field are: First Tee, Oklahoma Lil, Miss Ditto, Bold Pride, Had-dit, Breakwater and Hay-along.

Incidentally, Jockey Larry Snyder and Trainer Jack Van Berg are maintaining their winning ways.

With two months remain-

ing of the meeting, Van Berg has a total of 45 winners, far ahead of the 17 for second place Bob Irwin.

Snyder, perennial champion at the DRC, appears to have the 1973 title well in hand. In fact Larry is so far ahead of his rivals that he could go the rest of the meeting without a victory and still win.

At the last reading, Snyder had a total of 87 wins and 55 seconds with his nearest challenger, Ramon Perez, showing only 39 firsts.

Blu Fireball, a speedy Michiganbred at the top of his form, will go after his second straight invitational victory in the \$8,000 invitational pace that headlines Saturday's program at Hazel Park.

Driver-trainer Clyde Snook, one of the veterans of the Detroit area harness racing circuit, isn't predicting a victory but he is confident of one thing: Blu Fireball will be there or thereabouts when the pacers hit the finish line.

Blu Fireball has started 17 times this year and has been in the money a dozen times.

The four year old has earned more than \$40,000 in less than four months and doesn't appear to have reached top form.

He has posted two firsts, two thirds and a second at Hazel Park. He traveled the mile in 2:00.2 in his most recent victory, placing him with the fastest and best at the track.

The invitational drew a field of six but so evenly matched that the final clocking could find as many as five cracking the 2:00 barrier.

The list includes: Shady Mile, winner of three in a row earlier in the meeting; Shilaway Lad, who won two and is considered a definite threat this time; Whirlaway, star of the Joe Adamsky stable; Michigan Mack and Grover C.

Once again Racing Secretary Bill Connors has arranged an all-pacing program which includes a \$7,400 preferred with such fast ones as Echo's Caper, True Temper, Knox Patch, J.R. Rocky, Shady Counsel, Fantasy Girl and Sammy Key.

Pathos With A Catcher's Mitt

By JAN WILLIAMS

Baseball's version of "Brian's Song" has been well executed in "Bang The Drum Slowly." And even though it isn't a true story, the fate of Bruce Pearson will touch more hearts, hopefully, than that of Brian Piccolo.

Pearson, portrayed by Robert DeNiro, isn't cast as a baseball superstar with a promising career ahead of him. He's a born loser and he knows it. He falls in love with the wrong girls, chews tobacco, is unlettered, dumb and dying.

As a catcher for the New York Mammoths (Yankees), Pearson is tagged just "plumb dumb" by the team manager (Vincent Gardenia). And he's constantly "ragged" by his teammates.

His only friend seems to be his roommate, ace pitcher Henry Wiggen (Michael Moriarty).

Prior to spring training, Wiggen takes Pearson to

BANG THE DRUM SLOWLY
now showing at
Terrace
Rating: PG

Mayo Clinic where he finds he has Hodgkin's disease. Trying to keep the secret from the rest of the team and the manager proves to be quite a task.

Wiggen learns Pearson is going to be sent to the farm team and refuses to sign his contract unless they agree to keep Pearson, too. When the manager finally gives in to his terms, he begins an amusing investigation to find out why Wiggen is so attached to Pearson.

Eventually the whole team finds out about Pearson and finally accept him as a friend and teammate.

When Pearson's time is up, there's a moving scene as he says goodbye to Wiggen. But there are no long, drawn out

farewells or dying scenes.

Pearson leaves for his Georgia home, and the team continues to play ball. They win the World Series and Pearson dies. And nobody from the team goes to the funeral except Wiggen.

Director John Hancock ("Sticky My Fingers, Fleet My Feet") does a good job of exploring human relation-

ships and friendships in this film.

It's not heavy on baseball, so women can enjoy it. And it's not too heavy on sentimentality, so men can enjoy it.

There's very little material objectionable for kids, so actually it's a good way for the whole family to spend a couple of hours.

Casting Call

The Franklin Village Players will hold open tryouts for their fall production of "Strange Bedfellows."

Tryouts will be held Sept. 27 and 28 at 8 p.m. in the Franklin Community Church Social Hall. There are 10 female and five male roles to be filled. Ages of the characters range from 30 to 70.

The play is a turn of the century comedy which takes place during the women's suffrage movement. Production dates are Nov. 29, 30 and Dec. 1.

Ballet/Symphony Performance Set

SOUTHFIELD
The Southfield Ballet Company will appear with the Detroit Symphony Orchestra Tuesday, Sept. 25, in Ford Auditorium.

The two performances at 9 and 11 a.m. are jointly sponsored by the Detroit Board of Education and the symphony.

Lynda Chase of Southfield will be featured as lead dancer in the ballet. Also among the cast are Livonia dancers Corinne Cox, Beth Liles, Becky Blodgett and Kim Ebel.

Auditions for the Southfield Ballet Company's 1973-74 season are held every Thursday at 6 p.m. Contact the ballet company, 16990 12 Mile, Southfield, for an appointment.

Ballet classes are also being offered for credit and non-credit by the Southfield

Ballet Company in cooperation with Oakland Community College. They're available to college and high school students with permission of the principal. To enroll contact the Orchard Ridge Campus of the college, 27055 Orchard Lake Road, Farmington.

Rock And Roll Is Revived

A giant Rock and Roll Revival featuring the Ed Sell Production will be the scene in the Plymouth-Canton High School cafeteria Saturday, Sept. 2.

The event, sponsored by the Plymouth YMCA and the Hi-Y Club, is scheduled from 8:30 to 11:30 p.m. Admission is \$1.50 per person. Refreshments will be available and dancing will be permitted.

RU Ties North, Nips Belleville

Redford Union tied North Farmington in a cross country triangular and tipped Bel-

leville in a Suburban Eight match to stand 3-3 overall and 2-0 in Eight competition.

It was RU and North Farmington with 28 points each in the triangular and Farmington Harrison was third with 61.

The Sub Eight outing saw RU edge Belleville, 26-29, at the Eastern Michigan course.

RU's Ed Boynton took first place honors in the triangular with the two Farmington schools, clocking in at 17:42. North took second and third with Paul Hebelera (17:54) and Keith Bailly (18:02).

Fourth was taken by Jim Haggart of RU in 18:11 with Bill Schaffer of North fifth at 18:21, followed by RU's Mike Hasty at 18:26, and North's Mike Carney seventh at 18:31.

RU took eighth, ninth and 10th places in Doug Milne (18:37), Jim Olson (18:42) and John Shannon (18:50). North's Carl Davis came in 11th at 18:59 with Harrison's first finisher placing 12th in Jim Delano at 19:00.

The Panthers captured the Eight meet over Belleville by taking four of the first six places.

Belleville's Bob Conrad ran first at 16:36 with RU's Milne second at 16:43 followed by Mike Yonge of Belleville at 16:57.

It was then three Panthers in Haggart (16:59), Boynton (17:00) and Hasty (17:06) followed by Greca (17:13) and Hau (17:19) of Belleville and Olson of RU at 17:23.

Jaycees Host Racing Card For Students

Garden City, Livonia, Northville, Plymouth, Wayne and Westland students will be offered the opportunity to race their cars and bikes under National Hot Rod Association sanctioned conditions on Saturday, Sept. 29, at 9 a.m. at the Milan Dragway.

The event sponsored by the District 30 Jaycees will be under guidance of professional racing drivers.

For additional information, Richard Buck of the Garden City Jaycees should be contacted.

DETROIT'S IN THE NEWS as the new models finish up their '74 debuts.

BUMPER TO BUMPER:

Keep Your Car Physically Fit

With new car sales hovering around all-time record volumes this year, the pundits and prophets have offered a wide variety of reasons for the boom.

Among the reasons most often cited was this: Cars in the near future may be higher in price due to emissions and safety systems mandated by the government.

Still it seems that many 1973 and 1974-model car buyers want to take advantage of lowest possible prices now and presumably want to keep these cars as long as they can. Certainly, new cars will continue to be attractive buys for millions of motorists annually. The thrill of new car ownership is a never-ending one.

WHILE THE THEORY IS SOUND the motoring public will have to do a lot better job than they have been doing if they want their new cars to last. For the lamentable history of car neglect that has been so evident in this country has always meant that vehicles are ready for the scrap heap well before their time.

There are more motor vehicles junked in this nation every year than there are vehicles registered in all of South America. Only five nations in the world have more cars than the number of cars relegated to scrap heaps here each year.

And a large proportion of our derelict vehicle population got that way because of neglect.

If you want to get your car that extra couple of years, you must pay more attention to car care.

The benefits of car care outweigh the costs considerably.

For example, the nationally syndicated columnist Sylvia Porter recently noted, "Tune-ups pay for themselves in savings on fuel consumption and engine wear. And as gas prices climb, a tune-up will more than pay for itself."

Other instances of how caring for a car lengthens its lifespan and saves money in the meantime are many.

- Changing oil and oil filters and lubrication at recommended intervals helps prevent premature engine and chassis wear.

- Balancing and rotating tires and aligning wheels add 25 per cent or more to the life of a set of tires.

This does not even take into consideration the servicing of safety components that help prevent accidents. Certainly keeping brakes, lights, tires, windshield wipers in good operating condition are keys to safe driving. Maintaining the cooling system is another must for trouble-free driving.

ALSO, MANY CARS are premature junkyard candidates because of body neglect. So, keeping a car clean, free of rust spots and dents can add years and value to your car.

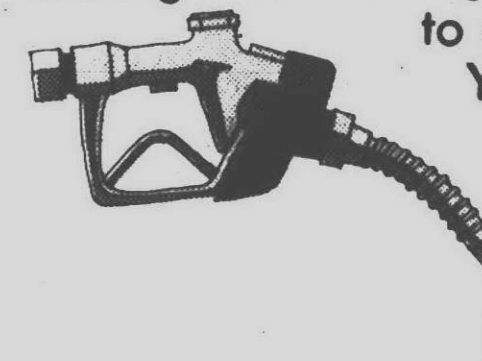

In this approaching fall and winter season, the elements are particularly hard on a car. In colder climates, the ignition and cooling systems especially take a severe beating.

So, to make sure your car gets through the season in good shape and to add those extra years of life to your vehicle, bring it in to your favorite service outlet for a thorough check-up and for necessary services.

Three timely reasons why your car should be tuned regularly.

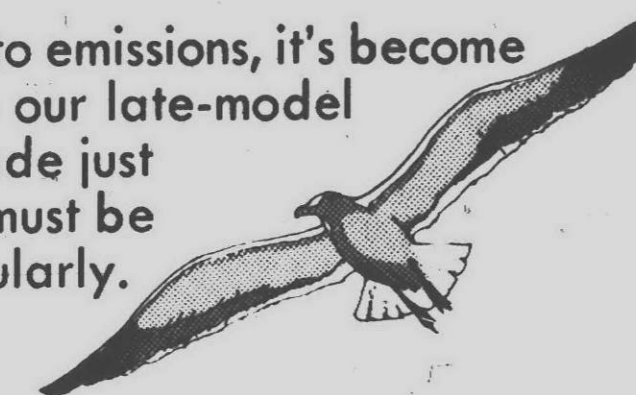

To save gasoline.

During the current gasoline shortage, it's important for us all to conserve the amount of gas we use. Yet tests have shown an untuned car uses 8.2% more gasoline than a tuned car on the average. And that's more than a gallon in every tankful.

To save our environment.

In recent tests and talk about auto emissions, it's become clear that the pollution controls on our late-model cars are working. And it's been made just as clear that the pollution devices must be maintained and the cars tuned regularly. To keep harmful emissions down.

To save yourself from winter weather worries.

Other tests by Champion Spark Plug Company have shown that an untuned car is especially troublesome during winter. Cars needing tune-ups had twice as many "won't starts" as tuned cars. And the untuned cars took an average of 15% longer to start.

More gasoline. Cleaner air. Trouble-free driving. They all can be yours if you take your car in for a tune-up. Once each year or every 10,000 miles. With the spark plug brand 22 million people have switched to. Champion.

Better plugs for everyone.

The best time to put in a lawn is fall! The best one to put in a lawn is the Lawn-A-Mat man!

From his successful experience on over one million lawns coast to coast, the Lawn-A-Mat man knows that Fall seeding is best because:

1. Fall is the seeding time for 15 of 22 seeded grasses including Kentucky Bluegrass and Fescues, the two best kind of lawn grasses.
2. Lawn seed sprouts fastest in cool weather, grows faster too. The Lawn-A-Mat man knows that grass is essentially a cool weather plant. Fall is the time of year when the lawn's enemies, the hot sun, heat, bugs and weeds are on the wane. He agrees with experts who say that Fall is the best time to start a lawn you can be proud of, one that will probably require less expense than you are putting into your present lawn.

Just as Fall is the best time to put in a lawn, the Lawn-A-Mat man is the best man to put in that lawn. Lawn-A-Mat has put in more than one million lawns and has more lawn care professionals from coast to coast than any other service. Its Lawn-A-Mat seed and chemicals are the highest quality, equal to the best you can buy at most garden centers. This means that you get more for your money in the Fall. The Lawn-A-Mat man is offering you Fall Specials to save you even more.

He will do all the work and it will cost you no more than if you did it yourself. All you do is buy the high quality Lawn-A-Mat products and the work will be done free! Take your choice of two Fall Specials or ask your Lawn-A-Mat man about the Annual Greenskeeper Program.

Experts from the U.S. Department of Agriculture say "Fall is the best time to start or renovate a lawn"

FALL SPECIAL \$24.95 (For up to 4,000 sq. ft. Each add'l 1,000 sq. ft., \$5)
FALL CONDITIONING 1¢ (4,000 sq. ft. minimum)
ANNUAL GREENSKEEPER CARE PROGRAM 3 1/2¢ (4,000 sq. ft. minimum)
YOU GET:
Power aeration • Power rolling • Fertilization (35-7-5 Turfmaster Prills) • Reseeding (1 lb. per 1,000 sq. ft.) • Weed control • Grub proofing.
EARLY SUMMER: Weed control • Chinch Bug control • Sod Webworm control • Fungus control • Fertilization (32-7-5 Duro-Turf) • Power rolling.
SUMMER: Crab Grass control • Weed control • Fungus control • Chinch Bug control • Sod Webworm control • Fertilization (32-7-5 Duro-Turf) • Power rolling.

Hibernation Tips Help RV Owners 'Bear' Season

While winter-time offers lots of attractions to recreation vehicle owners, many enthusiasts prefer to put their units away for a well-earned seasonal rest. When storing recreation vehicles during cold weather months, the following procedures should be observed.

Winter precautions recommended by the Recreational Vehicle Institute (RVI) include draining all water from the vehicle's water supply tanks and from sink and shower traps. Use compressed air, if available, to blow the last vestiges of moisture from all pipes and adding about a cupful of anti-freeze to each sink and shower drain to prevent freezing of any moisture remaining in the traps. Ask your RV dealer to recommend the correct anti-freeze product.

Units equipped with handpumps should have these pumps removed for winter storage where they will not freeze up. Sewage holding tanks must be properly emptied and drained, and anti-freeze added, even if the unit is to receive continuous cold-weather use.

But protecting your RV against freeze-up is only part of your winter storage program. RVI recommends the following additional steps:

1. Jack up trailer or motor home, if it is not going to see winter use,

and put it on good, sturdy wooden blocks.

2. Remove all batteries and store in a warm place. Charge should be applied to stored batteries at least twice during the winter months to prevent formation of sulphuric acid crystals on the lead plates and consequent shorting. Tops of batteries should be thoroughly clean and dry before storing.

3. Windows and vents should be tightly closed; however, crack one window open on the sheltered side of your RV to allow some air to enter.

4. Block up refrigerator, water heater, and heater vents, and all outside drains.

5. Cover all upholstery with old sheets or newspapers to prevent fading. Remove and store curtains and drapes. Some manufactured fabrics tend to dry out or crack under very cold conditions -- it is wise to remove seats and cushions covered with such materials.

6. Thoroughly clean the entire vehicle and apply a coat of good, protective wax. Apply grease to all exposed chrome trim, including the backs of rear-view mirrors, hubcaps, radio antenna, etc.

7. Remove snow accumulations from the exterior of the unit as often as possible.

Needed: Mechanics

Five years from now there will be a need for at least 100,000 more mechanics beyond the approximately 600,000 we have now. With more than 120,000,000 cars expected on the roads in 5 years, that is a conservative estimate.

With car population growing at the rate of 3.4 million a year, there is now only one mechanic for each 170 vehicles. The ideal is one for each 80 cars.

Young people apparently do not understand the earnings and opportunities in the job. Average hourly earnings of mechanics in Detroit are now \$6.13, with some making much more. \$25,000 a year is not unusual.

No auto mechanic will ever be out of work, says the industry, and when "young people" are urged to get in, the ladies are not excluded.

CAN YOU SAVE TWO GALLONS OF GASOLINE?

"If everyone in this country used one less gallon of gasoline a week, there wouldn't be a shortage."

That dramatic statement was contained in a newspaper advertisement run by one of the nation's leading oil companies. It seems like an enormous task to cut down on gasoline consumption by more than 200 million gallons a week or 10 plus billion gallons a year. But when the problem is examined on an individual vehicle-by-vehicle basis, the task is not as overwhelming as it first appears.

Consider this. There is about one motor vehicle in this country for every two persons. Thus, if every vehicle would use two fewer gallons of gasoline a week, there would be no shortage.

According to Champion Spark Plug Company, saving this amount of fuel can be achieved, even without reducing the amount of driving done.

THE MAJOR PART of that savings can be achieved by making sure the car's engine is in tune. Tests conducted by Champion in the United States, Canada and Mexico showed what a fuel waster an untuned engine can be.

Cars were tested with an engine overdue for tune-up. (More than 10,000 miles traveled since the last tuneup.) Next cars were checked

with new spark plugs installed and then with a complete tune-up.

With new plugs alone, there was an average fuel savings of 6.2 per cent. Once a complete tune-up was performed, average savings was 8.2 per cent.

Thus between one and two gallons of gasoline per tankful can be saved by a tuned engine. So, if you use a tankful of gas a week, you've almost done your part to help alleviate the fuel shortage.

In addition, a tuned engine starts more easily and considerable fuel is wasted in hard-starting situations. THERE ARE A VARIETY of ways to help make up the rest of the gallonage to bring weekly savings to over two gallons a week.

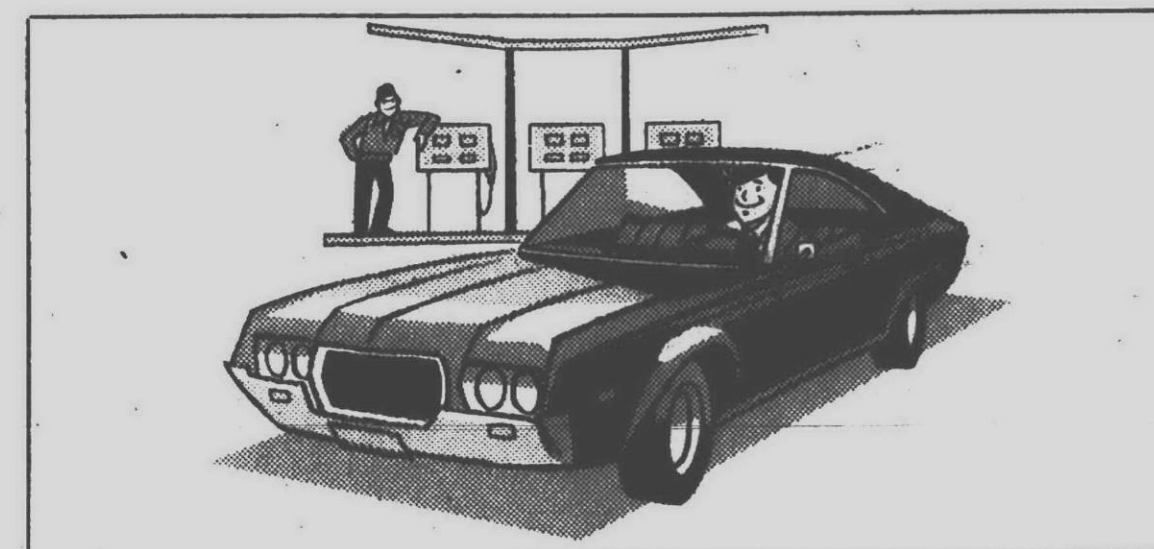

- Make sure your tires are properly inflated. Underinflated tires are gas wasters.

- Accelerate smoothly. "Hot rod" type starts consume enormous amounts of fuel.

- "Play" the traffic lights and avoid stop and start driving as much as possible. If you have to spend long periods of time idling, it's better to shut off the engine.

- Watch your speed. You use over 25 per cent more fuel traveling at 70 miles per hour than you do at 50.

Also, don't overfill your gas tank to avoid possible fuel spillage. Avoid unnecessary use of air conditioning and other power consuming options.

NOT ALL WOMEN confine their driving to shopping expeditions or
journeys to the office. A growing number of women earn their living behind the
wheel of a car, bus or truck. Female school bus drivers, in particular, are
becoming a common sight.

WOMEN DRIVERS TAKE THE WHEEL

Women are no longer taking a
back seat to men when it comes to
driving an automobile.

Studies show they are becoming
nearly half the total population of
licensed drivers -- a direct result of
the ever-increasing number of
women joining the work force and
requiring transportation to and from
their employment.

As shown in the following table
broken down state by state, the na-
tional average of licensed women
drivers has now reached 42.5%.

**PERCENTAGE
OF LICENSED
WOMEN DRIVERS
BY STATE**

Alabama	42.4%

New Profile In Auto Repair

The discerning buyer is always
seeking value and reliability in the
services and products he buys.

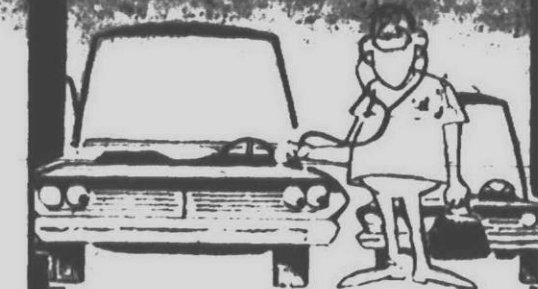

Needless to say, today's typical
auto repair garage has left many
customers feeling cheated when it
comes to honest, first-class auto
repairs.

Two Livonians, Jack Vadori and
Ken Cowher, have spent many years
working in Detroit-area auto deal-
erships. With the opening of their
new repair shop, Quality Auto Elec-
tric, they hope to eliminate some of
the aggravations.

"We know all about the problems
the car owner faces as an innocent
lamb in the hungry den of auto ga-
rages," the two men claim. "We also
know about the inefficiencies which
bog down many large repair estab-
lishments.

On these points, the men feel they
have their competitors licked. Their
modern, landscaped building at
36913 Schoolcraft is equipped with
a \$6,000 electronic tester providing
fast and thorough engine and emis-
sions analyses.

"We have set a goal," Vadori and
Cowher said, "to give the consumer
something he's always wanted: fast,
fair and efficient service done right
the first time and every time."

**AN OUNCE OF

YOUR CAR Isn't worth OWNING.

With every car you buy you're tying up cash in a fat down payment. Laying out hundreds of extra dollars in finance charges. Losing big money in depreciation. Adams Leases has a better way. Not just for corporate executives, but for anyone making over \$10,000 a year.

Adam will lease you any make or model car you can buy, big or small, foreign or domestic. And we'll probably be able to deliver within 48 hours.

How much? Less than your current monthly car payments, most likely. Here are some examples. If they whet your appetite, call your Adam Representative to discuss the customization of your lease.

Car Air Conditioners Need Winter Action

In the wintertime, when a car's heater is in daily use, many motorists neglect to safeguard the cooling capabilities of their air conditioners. Even though the owner has paid \$250 to \$400 or more for an auto air conditioning unit, he cannot take its trouble-free operation for granted.

According to automotive manufacturers, the air conditioner should be turned on and allowed to run for at least five minutes each week in cold weather, or during periods, when it is not in frequent use. These workouts allow the fluids to freely circulate and flush the system, thereby reducing hose clogging. A weekly circulation of the air conditioner fluid also lubricates the seals and other fittings vital to its efficient operation.

The fluid -- or refrigerant -- might be termed the life blood of the air conditioning system. If circulation of the fluid is impaired or if it becomes contaminated with air or water, the air conditioner will not cool sufficiently -- or it may fail completely.

Based on the average of 10,000 miles of driving per year, your car's air conditioning system should be checked and serviced once a year -- or every 10,000 miles, whichever

comes first. This inspection and service should include the following:

- Check cooling system coolant
- Clean intake filters
- Clean condenser fins
- Test the pressure of the system

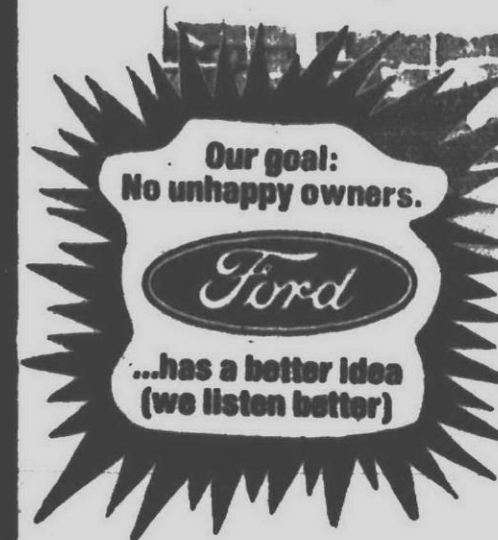

- Check Freon supply
- Tighten all hardware (compressor mounts, condenser mounts, and evaporator mounts)
- Inspect system for leaks (compressor, hoses, couplings and valves)

The five-minute weekly workout during cold spells or periods of infrequent use, plus the annual inspection and preventive maintenance as suggested here, are normally all that's needed to keep an air conditioning system in good working order year after year.

The cost of an annual inspection and tune-up won't break your budget -- but major repairs or full replacement resulting from improper attention could.

Its value and many benefits notwithstanding, the auto air conditioner probably needs less attention than any other automotive system. But the attention it does require is important to its continued efficiency and to the owner's pocketbook.

No Appointment Necessary

Put your cooling system in shape for Winter.

Unless the cooling system is in top shape, your car's performance will suffer. You may experience poor fuel economy, breakdowns—even a shortened life for your car.

To prevent these problems, get Tune-Up No. 2—a complete check-up of your car's cooling system.

And if key parts need replacement, specify Gates, the top quality line of V-belts, hose, radiator caps and thermostats. They're available everywhere.

The Gates Rubber Co.
Denver, Colorado

OBSERVE THE SWISH OF YOUR WIPERS

IN A BLIND as a windshield splashed with winter road slush can provide a moment of terror to any motorist. Replace those worn wipers before poor winter weather sets in -- winter driving is bad enough even with a car in perfect shape.

Like so many other crucial devices, your car's windshield wipers are most likely to fail just when you need them most. During the winter months, windshield wipers have to fight snow, ice, slush, and road salt, as well as the usual rain.

And that is when clear vision is extra important, due to hazardous road conditions. So now is the time to check your wiper blades carefully, and to replace them if they're not in perfect condition.

How should they be checked? And what are the signs that a wiper blade isn't up to par?

The best time to check your blades is during a rainstorm, or just

afterwards, when there's dirty water on the roads. Or you can check them by using your windshield washer or as you go through a carwash. Or even by having someone spray water on your windshield with a hose.

Whenever you choose to test your wipers, you should be sure to check them at all wiper-speed rates they can be set for. And also be sure to check for all of the following signs of malfunctioning.

Streaking -- arcs of unwiped moisture within the wiping area;

Hazing -- a thin, hard-to-see-through film covering most or all of the wiping area even after the blade has just wiped;

Hopping -- a jumpy motion, accompanied by a "chattering" noise as the blade sweeps across the windshield, with some areas left unwiped;

Scalloping -- a ragged outer edge in the wiping pattern;

Rattling -- no visible signs of problems, but the wiper blade assemblies sound as if they're very loose.

If any of these symptoms are present, you should replace as much of your wiper assemblies as is necessary to eliminate the problem. In many cases, all that's needed is new squeegees (the rubber strips that actually wipe the windshield). Try replacing the squeegees first, and if this doesn't solve the problem, replace the entire wiperblade assemblies.

When you do replace all or part of your wiper blades, replace both at the same time; if one is "shot," the other is usually about to give up, as well, and good vision is too important to risk for a few dollars.

One final tip. If you are replacing your wiper blades, consider the new, molded polycarbonate variety. They last longer than the old metal type, and cut down on glare and rattle, as well.

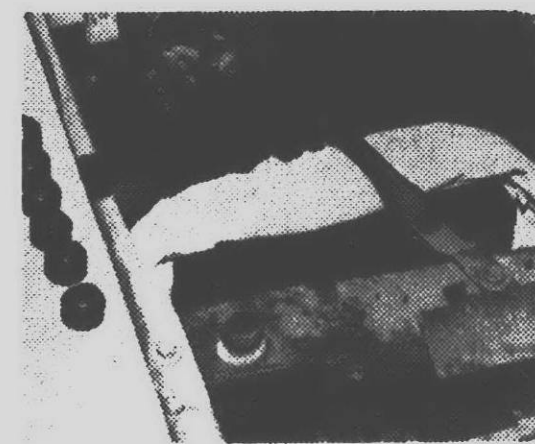

If you've ever had to decide between the inconvenience of a car that won't start and the potential complications of using battery booster cables, here's some advice. Once you learn the proper way of using the life-giving cables, the risk of botching the job is minimal. A word of caution before you even begin: Buy the best cables available. Poor quality cables won't last long and can do damage to the car's electrical system.

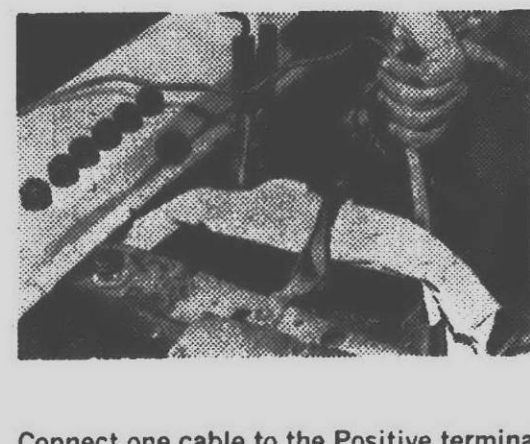

When using cables make sure the vehicles are not touching one another to avoid creating a dangerous electric circuit. Then make sure all battery-operated accessories like lights, radios and heater are turned off. Set your parking brakes and have transmission in neutral or park.

Locate on both batteries the Positive and Negative terminals. These may either be indicated by the letter POS for Positive and NEG for Negative, or by the plus sign (+) for Positive and minus sign (—) for Negative. It may be necessary to use a rag to wipe off grime to locate the markings. The rag becomes further useful as

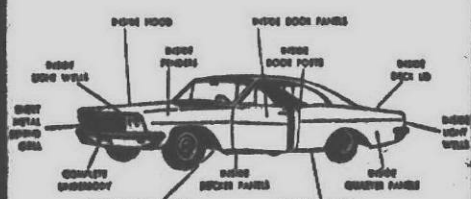

... a cover for the vent holes, since removing the vent caps on both batteries and covering with a cloth is a safety precaution. Not removing the caps creates the danger of an explosion. Now with the engines still turned off it is time to connect the cables themselves in the following manner:

Connect one cable to the Positive terminal of the booster battery and the other end of the same cable to the Positive terminal of the weak battery. Take the other cable and connect to the Negative terminal of the booster battery and to a ground connection of the disabled vehicle (such as the engine block). Start the engine of the booster car and then the engine of the weak car. Once the engine is started disconnect in the reverse order.

If you still have qualms about doing it, then by all means call a professional service outlet. But better yet, get your car's ignition system in shape and avoid the need of ever having to use the cables.

GIVE YOUR CAR A SHIELD OF RUSTPROOFING PROTECTION

Rustproofing compound is sprayed on underside & all enclosed car panels to protect completely.
