## 18 Straight For Bullfrogs

## Bentley Girls Splash On

The Bentley Bullfrogs are at it again!

Bentley's girls swim squad which hasn't lost a meet since late in the 1970 season stretched its streak to 18 vic-

tories with an opening triumph over Suburban Eight foe Trenton, 95-77.

Bentley was independent '71 with an 8-0 mark and 9-0 overall last year along with a

4-0 Inter-Lakes championship crown.

The Bullfrogs are in Suburban Eight competition this season and were paced by double winner Sue Moora-

dian. Miss Mooradian splashed to a :27.0 in the 50 yard freestyle and a 1:10.5 first in the 100 yard butterfly.

The Bentley foursome of Gravila, Mooradian, Sibert and Marshall captured the 200 yard medley relay in 2:05.7. Other individual winners were Andrea Coyle, Debbie Stone, Mary Moore, and Linda Simpson.

Meet results:  
200 MEDLEY RELAY: 1-Bentley (Gravila, Mooradian, Sibert, Marshall); 2-Trenton (Hamp, Lipinski, Gorno, Norwood); Time 2:05.7

400 FREESTYLE RELAY: 1-Trenton (Voegtle, Woodley, Moore, Songer); 2-Bentley (Coyle, Knivale, Poirier, Stone); Time 4:22.2

Thurston's golfers shot 75 (A) and 72 (B) - 147, while Northville posted 72 (A) and 75 (B) - 147. Plymouth Salem and Ypsilanti tied for third at 151.

Other Observerland schools scores: Redford Union (sixth), 155; North Farmington (tie for seventh), 156; Farmington Harrison (14th), 159; Farmington (tie for 18th), 164, and Plymouth Canton (22nd), 175.

The three lowest two-man best ball totals were the 72s by Thurston B, and Northville and Ypsilanti A teams. They, too, went into sudden death to determine how individual trophies should be awarded, Thurston being eliminated on the first hole. Northville and Ypsilanti still were deadlocked after four holes and were declared co-champions when play was stopped because of lightning.

## Northville Tips Eagles In 23-School Tourney

It took a one-hole sudden-death playoff for Northville High to edge defending champion Thurston in the second annual Plymouth-Brae Burn best ball golf tourney.

Twenty-three schools were represented, each with a pair of two-man teams competing in classes A and B. The scores were combined for team totals to determine standings.

## Churchill Hoping For 13th Straight

By TOM DONOGHUE  
Sports Editor

The door to the 1973 prep gridiron season has been unlocked, now comes the real push to swing it wide open.

With one-third of the campaign on the books, the successful foundation of the 19 high schools in Observerland has been installed.

The 19 area contenders being paced now by undefeated Churchill, North Farmington, Franklin, Southfield and St. Agatha have chalked up a combined overall 30-24 record.

A total of 14 league contests are on tap this weekend with nine Observer schools doing battle in seven games tonight.

A 2-1 Plymouth Salem club has the solo afternoon clash at Dearborn High with kick-

off slated for 4 p.m. Rock Coach Tom Moshimer knows his footballers are going to have to come up with a higher performance against Dearborn than they did a week prior in squeaking by Bentley, 18-15.

The Livonia Churchill at Plymouth Canton engagement tonight (8 p.m.) has to be tops on the pressure charts.

Observer's No. 1 ranking Churchill knocked off Walled Lake Western last week for its 12th straight victory and is the lone Class A club in the state still unbeaten from last year.

Canton on the other hand is in its first year of varsity competition, minus a senior class, but Churchill coach Ken Kaestner is not taking

## For 'Forgery'

## State Rebukes Sincok

By EDWARD WENDOVER

City Commissioner Robert J. Sincok has had his real estate salesman license revoked by the state for signing someone else's name to a deed.

The action was taken by the State Department of Licensing and Regulation effective Sept. 18 but was announced in Lansing Thursday.

Sincok who served as mayor of Plymouth from 1961-63 and is a leading candidate for that spot following

the November city election, is a mortgage specialist for J.L. Hudson Real Estate Co. of Plymouth.

The state action was "permanent" but will be appealed, Sincok told The Plymouth Mail & Observer.

"I tried to help a guy, and I got myself in trouble for trying to help him," he said Thursday.

Sincok said the transaction involved was a double-tiered land contract and his signing for another person was done to facilitate the transaction. His attorney

added that Sincok received no commission on the transaction.

"I did this foolishly, actually," Sincok said.

A spokesman for the SDL&R said the falsified signature was brought to their attention by a "citizen's complaint from a person involved in the transaction."

Specifically, he said, "on the transaction he (Sincok) forged someone else's signature on the deed."

"On July 31, after being informed of the complaint, Sincok voluntarily acknowledged the truth of the complaint and waived right to a hearing," the spokesman said.

"He consented to the penalty as determined by the director of the SDL&R."

"The SDL&R can either suspend or revoke a license and after consideration of the facts, the director (of the SDL&R) ordered revoking of his license."

The SDL&R spokesman said that while Sincok could possibly be liable for criminal action for the forgery, his department "felt the problem has been resolved (with the revocation)" and it would not seek further legal action.

The transaction involved a piece of property in the vicinity of Howell.

Sincok has 60 days from the effective date of the action to appeal the issue to circuit court.

## Dept. Holds OpenHouse

National Fire Prevention Week, Oct. 7 through 13, will be observed by the Plymouth fire department with an open house, Fire Chief George Schoeneman said.

"Residents are invited to visit the fire station any day from 8 a.m. to 8 p.m. during the week," the chief said.

"We urge residents to come in and look over the fire equipment, get acquainted with the firemen, and view the various fire prevention displays we will have on hand."

## Observers Honored

Best news reporting . . . best personal column . . . best sports coverage . . . and overwhelmingly the outstanding feature stories.

These were among the accolades bestowed this week upon Observer Newspapers Inc. by the Michigan Press Association for the year ending March 31, 1973 as once again ONI writers captured many of the major honors in the state's premier journalistic competition.

Entries in eight categories were submitted last spring in accordance with MPA circulation classifications, and judging was conducted by a panel of publishers from the Iowa Press Association.

ONI entries were classed among those of the highest circulation (the seven Observers total about 112,000 on each semi-weekly publication date), and these were the awards of excellence which the Observer received:

FIRST PLACE, NEWS REPORTING - Livonia Observer; Wylie Gerdes, editor.

FIRST PLACE, ORIGINAL PERSONAL COLUMN - Publisher Philip H. Power for his weekly "Observation Point."

FIRST PLACE, SPORTS COVERAGE - Observer Newspapers; Tom Donoghue, sports editor.

SECOND PLACE, FEATURE STORY OF THE YEAR - W. Edward Wendover, now editor of the Plymouth Mail & Observer after serving as Redford editor and, before that, general assignment reporter.

THIRD PLACE, FEATURE STORY OF THE

YEAR - Corinne Abatt, general assignment reporter.

HONORABLE MENTION, FEATURE STORY OF THE YEAR - Steve Barnaby, recently promoted from the post of amusements editor to editorship of the Garden City Observer after previous duty as a general assignment reporter.

THIRD PLACE, GENERAL EXCELLENCE - Southfield News & Observer; Emory Daniels, editor.

HONORABLE MENTION, ADVERTISING IDEA OF THE YEAR - ONI advertising staff; Keith E. Ellibee, director.

"Announcement of winners is being made in conjunction with National Newspaper Week (Oct. 9-15), a time when a concentrated effort is made to stress the community service role of a newspaper, along with the relationship between personal freedom and a free press," said MPA Executive Secretary Elmer E. White.

In his personal congratulatory message to Power for ONI achievements, White called attention to expressions of respect for the "high quality" of Michigan newspapers made by the Iowa Press Association judges.

In past years, awards have been limited to the first three places in each category. However, said White, this time the judges found it so difficult to select only the top three that they went on to give honorable mention awards as well.

Winning entries will be dis-

## Turf Tips, Quips

By Doc Minard

Francis Joseph "Big Pat" Paterson, a sportsman who made hundreds of friends in his associations with hockey and harness racing while residing in Detroit, was buried Friday morning. His sudden death at his retirement home in Florida shocked all who knew him as personnel manager at the defunct Metal Mouldings plant, manager of

the plant's hockey team for years, manager of the large racing stable owned by John Toner and C.P. Chamberlin, owners of Metal Mouldings, and then paddock judge at Northville Downs and assistant at Hazel Park and Wolverine Raceways.

It was just two years ago that "Big Pat" as he was best known to all his friends in deference to his daughter, Patricia, who became "Little Pat," retired to Florida with his spouse Betty.

Betty was a longtime employee in the mutual departments of the area thoroughbred tracks.

Although he had been ailing for the past several weeks, Pat appeared well on the road to recovery and was due for a final checkup Tuesday. But it wasn't to be... he died in his sleep early Tuesday morning.

The body was shipped to the Manns-Ferguson Funeral Home in Livonia where services were conducted Friday morning. The high esteem his friends and associates had for him was demonstrated by the hundreds who poured through the funeral home Thursday afternoon and evening.

All who could do was offer a prayer and say a silent goodbye to a good friend of 26 years who looked so well during a visit in January and again in early summer.

Surviving are: a son, Jack Paterson; a daughter, Mrs. Patricia Chapp; wife, Betty; five grandchildren and a brother.

BEA FARBER, the 32-year-old Brighton housewife who became the first woman driver to win a championship at a major meeting when she was crowned at the summer Northville Downs meeting, added new records to her collection at Jackson Raceway recently.

Bea drove Easy Irv, a

four-year-old, to victory in the \$4,500 Silver Anniversary pace in 2:00. That bettered the track record by 2 3/5 seconds. It also was the fastest clocking for a woman driver over a half-mile track, breaking the mark of 2:01.3 set in 1970 by Jayne Bogner at Cleveland's Northfield Park. Easy Irv pulled a single shaft sulky in the victory.

"EVERYTHING FOR THE GARDEN BUT THE RAIN"

**EIGHT AWARDS** were won by Observer Newspapers Inc. in Michigan Press Assn. competition including first place for an original personal column by Publisher Philip H. Power (center), first place for sports coverage by Tom Donoghue, (right) sports editor, and second place for feature story of the year by W. Edward Wendover, (left) editor of The Plymouth Mail & Observer and formerly editor of The Redford Observer. (Observer photo by Bob Woodring).

## Observer Awards

Continued from Page 1  
played at the MPA winter convention in January.

For Publisher Power, this was the second time in four years that his writings have been judged No. 1 by the MPA in the category of personal columns.

"As highly flattered as I may feel personally, the real importance of these highly coveted MPA awards lies in the broad scope of recognition accorded overall ONI excellence," said Power.

"Not only do I share with all others of the staff the warmth of recognition in what is truly a team publication, but I also take this opportunity to salute them collectively and individually as the finest editorial staff of any Michigan newspaper of our nature."

"It is only just that staffers such as Wylie Gerdes, Tom Donoghue and the others who won 1973 awards should bask in the glow of accomplishment. But ONI excellence didn't start in 1972-73, and it won't end there."

"The state and national awards our people have won in the last few years are too numerous to recount. Virtually all of our writers and photographers have been accorded such honors, and I take great pride in saying this merely bespeaks the day-in and day-out job we are trying to do for Observer readers."

**Mrs. Holmes:  
'No Way Did We Flub Up'**

PLYMOUTH  
"No way have we flubbed up."

That was Plymouth Township Treasurer Elizabeth Holmes' reaction to the federal government's announcement that the township was one of several communities which failed to comply with regulations concerning federal revenue sharing.

The revenue sharing division of the U.S. Treasury Dept. said the township was one of 418 Michigan communities which did not complete and return the necessary paperwork relating to their use of the funds to the Washington, D.C.

"We've complied with everything," Mrs. Holmes told the Plymouth Mail & Observer.

She added that copies of the forms and a letter have been sent to the treasury department pointing out the error.

But the apparent mixup will probably hold up the \$11,276 check to the township for some time.

In determining which of the many newspapers that were considered merited the first place award for general news reporting, judges evaluated the issues before them on communitywide importance, timeliness, style of writing, skill in organizing material, depth of research, and the impact of headlines and lead paragraphs.

In rating personal columns, judges took into consideration timeliness of topics, significance of material to the community, handling of topics, appearance and originality.

Sports coverage was judged on a basis of scope, depth of coverage, writing and photographic excellence.

Feature stories, where ONI writers took three of the four awards issued, were considered according to informativeness, balance and timeliness.

Points considered in general excellence of the total paper were general and departmental news, mechanical excellence, advertising enterprise, editorial page, general appearance, makeup, style, and use of pictures.

## Twp. Fire Contract Ratified

PLYMOUTH  
The Plymouth Township firefighters' union and the township have agreed on a three-year contract.

Larry Groth, president of the Local 1496 of the International Assn. of Firefighters AFL-CIO, said he signed a contract agreement following ratification of the pact by his union's members.

Plymouth Township Clerk Helen Richardson said the contract includes a provision to reopen bargaining on economic issues each year and that further details of the pact will be discussed at the Plymouth Township Board meeting at 8 p.m. Tuesday in Plymouth Township Hall.

Mrs. Richardson added that the firemen have been paid back pay due to them for the period between July 1, 1971 and April 30, 1972 and that back pay due from that time to the present would be made soon.

Firemen had rejected that back pay at one point and had picketed township hall to urge the board to settle their contract.

## 'Tropical Birds' Land In Detroit

By CORINNE ABATT  
DETROIT

"Rare tropical birds" — just a phrase the Jamaicans use to describe their young women, yet it sounds good. Probably it was coined to impress travel minded Americans, but it says a lot about the island democracy making a strong bid through the new

Air Jamaica for more tourists.

The latest ripple in the Caribbean winds is the official announcement in Detroit this week of daily jet flights by Air Jamaica from Metro airport to Nassau and on to Jamaica.

These first non-stop flights to the Caribbean from Detroit will begin Dec. 1. And the birds will be on board the tangerine, lemon and magenta striped Super DC-9s to serve a Jamaican feast for the eyes as well as the palate plus a complimentary rum-lime concoction named a Rum Bamboozle by the new airline.

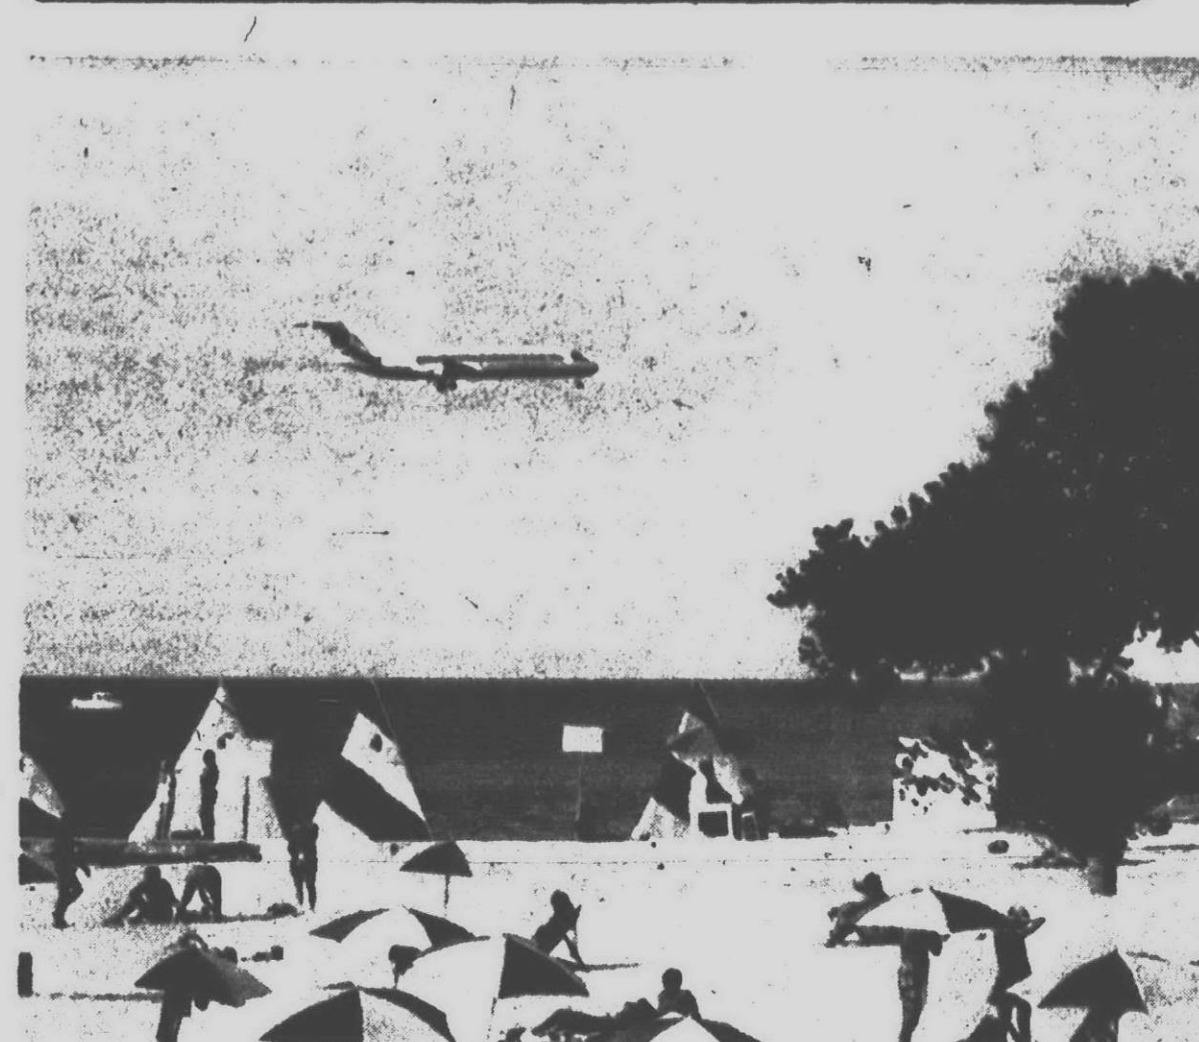

Actually Air Jamaica is four years old; 60 per cent is owned by the Jamaican government, the rest by Air Canada, which provides maintenance, technical assistance and flight crew training.

But we were speaking of those rare tropical birds, some of whom flew into Detroit this week. They come in a variety of earth colors, ranging from off white to creamy brown. They smile a lot, and their eyes flash friendly messages. Maybe our kids would, too, if they had started life in a playpen of endless beaches on a tropical isle.

In any case, the birds sound as good as they look, speaking British English in honey dipped tones that have to rank as one of nature's best remedies for that 20th century malaise — uptightness.

Stewardesses will also double as models on the flights. Under the watchful eye of Sonya Hamilton, manager of flight services development (which, translated, means head of in-flight services), the girls gave a sample of the show by Jamaican designers which will be a part of each flight. If the response at the preview was any indication, the male passengers won't sleep

AIR JAMAICA's super DC-9 jet, similar to those which will serve the Detroit area, flies across famous Doctor's Cave Beach in Montego Bay, Jamaica.

on the plane. Those birds really know how to display their plumage.

The office here at 20700 Greenfield, Oak Park, is the sixth in North America. Flights leave Metro airport daily at 9:30 a.m. arrive in Nassau at 12:30 p.m., Montego Bay, Jamaica at 2:10 and Kingston at 3 p.m.

Jamaica, third largest of the Caribbean islands, with a two million population mixture of Negroes, Caucasians, Chinese, Indians, Portuguese, Jews, Palestinian Arabs and Syrians, is 146 miles long and 51 miles wide.

The lures range from mountain scenery, castle ruins, old Spanish and Eng-

lish architecture, deep sea fishing and miles of beaches studded with new hotels, to night life and a conglomerate culture which the people like to call "pure Jamaican."

## Birthday Celebrated

Clarenceville had the honor of helping world-famous drummer Buddy Rich celebrate his 56th birthday last Sunday.

A cake, complete with candles, was presented to Rich during his SRO performance, the first in the 1973-74 Clarenceville Entertainment Series.

The audience sang happy birthday to the tune played by the Stevenson High School Jazz Band directed by Dick Neal.

Rich, very impressed with the band, said they had a "good sound."

Dennis Wholey of WXYZ, was emcee at the Clarenceville show. Rich, appearing at Clarenceville for the third time, labeled the audience the "best of any place in the world."

## 5 Area Schools Still Unbeaten

Continued from Page 24

the Canton Chiefs lightly and will be out to make it 13 straight.

Suburban Eight action has an 0-3 Redford Union squad at Bentley which is 1-2. The Bulldogs seek revenge for last year's 33-0 loss to RU, and Coach Glen Goode hopes to catch the Panthers without their growl.

Farmington High and Stevenson are in Inter-Lakes action tonight. The 1-1 Farmington Falcons have a battle on their hands with state-ranked Pontiac Northern on the Huskie gridiron and the 1-2 Spartans of Stevenson are at Walled Lake Central.

Other action tonight has Garden City West (2-1) hosting Crestwood in a key Tri-River battle and the 3-0 Blue Jays of Southfield traveling to 3-0 Hazel Park. Southfield is bouncing off an 0-0 season and first year Coach John Finlayson is the first to accept the fact that his Jays will have to come up with a 200 per cent effort to stay with state-ranked Hazel Park.

Tomorrow's action is highlighted by North Farmington High's homecoming battle with Thurston. This clash has to be a key one in the Northwest Suburban race.

Thurston has scored 98 points in its last two games, which include a 67-0 lashing of Oak Park. North which has been ranked No. 10 in the state is sporting a 2-0 mark.

Two miles away from the Raider gridiron will be another Farmington clash with the Harrison Hawks playing host to Walled Lake Western in a Western Six contest.

A 1-2 Clarenceville club is hosting Waterford Kettering Saturday at 2 p.m. in a Wayne - Oakland dual and 2-1 Bishop Borgess is at Divine Child in a Catholic Double A match.

George Lovich's Franklin squad at 3-0 which like North Farmington has every intention of winning the Northwest will be entertaining a 1-2 Garden City East team on Saturday afternoon (2 p.m.) while Southfield Lathrup plays host to Rochester at 8 p.m.

A surprising 3-0 St. Agatha team is scheduled for a Sunday afternoon contest with Lourdes with the 2:30 p.m. clash being played at Hilbert Junior High.

That's the rundown on the area's prep football card for this weekend, the door for the winners is ready to swing and for the losers, well... there will still be five games remaining after this week-end.

## IN THE POCKET

By W.W. EDGAR

An honor that has been a long time coming finally has been bestowed on Marion Ladewig, the Grand Rapids grandmother, and every woman bowler in the state has a reason to feel proud.

She has been acclaimed the "greatest woman bowler of all time" by the veteran bowling writers of America.

Of the 42 members on the committee, Marion was selected No. 1 on 33 ballots. Her closet rival was Mrs. Floretta McCutcheon, long rated the nation's all time queen, who collected only four votes. Others in the top five were Millie Martorella, Doty Fothergill and Sylvia Wene Martin.

Mrs. Ladewig, who has bowled in Observerland, came off the softball diamonds of Grand Rapids to be named "Woman Bowler of the Year" eight times and topped the national all-star field in competition the same number of times during her outstanding career.

The recent revelation that the top male bowlers of the country were soaking their bowling balls in acid to soften the plastic shell is proving to be a challenge to the manufacturers.

They'll have to come up with a ball that has a softer shell and one that will take a better grip on the hard surfaces to produce suitable scores.

Thus far no cases of "ball soaking" have been reported in Observerland.

"There doesn't seem to be as much need for such tactics around here," Ann Setlock, instructor at Garden Lanes, said. "It is only in these places where they use more oil to condition the lanes that a softer shell ball is needed."

A good start doesn't always presage a good ending.

Ray Pederson and Terry Smith are ready to prove it. Bowling in the Bel-Aire Classic, each started with a 279 game and yet couldn't break the 700 barrier. Ray had to be content with a 642 and Terry a 698.

Andy Di Camillo, one of last year's top scorers, showed some of that form again when he placed second to Terry with a 670 and Ed Muir landed third with a 662.

It was a different story in the Westland Classic where Don McLeod turned in a consistent series of 223, 256 and 226 for a 705. At this figure he had a margin of 40 pins over Ron Sharpley, his closest rival, while Rick Capaldi was another 12 pins behind with 653.

Only five bowlers were able to reach double century figures in the Garden Lanes Classic.

Al Massecar topped the field with 658 and was followed by Al Rosebury 637, Fred McLean 634, Herb Werner 622 and Dick Preston 621.

He didn't reach 700, but Dennis Muller was well satisfied with a 675 count in the Oak Park Senior House League. It was the highest series bowled in the league this season.

His closest rival was Mark Goodman with 650 and other in order were Phil Goldsmith 634, Archie Denard 627 and Rick Fishman 602.

The race for top honors at Farmington Lanes was the tightest of the season and, finally, Les Harden, bowling in the mixed classic, gained the honor with a 224 in 654. Next in line — and only three pins behind was Don Krahn who posted a 224 in 651 in the Junior House League.

The high game of the week was a 278 contributed by Ron Hamel in the Nite Owls circuit and Mary Ann Brigensine paced the Canterbury Belles with a 225 in 532 while Connie Louiska topped the Queens with 246 and Ray Roy headed the Legion league with a 654.

Three women tied for high single honors at Mayflower Lanes. Angie Tantin had a

214 in 580, Viola Lloyd a 214 in 506 and Helen Gaston a 214 that failed to put her over the 500 mark.

Doris Turner moved to the top of the women's Honor Roll at Westland with games of 205 and 209 in 576.

With appropriate ceremonies, Finlay MacQueen will officially open his new 40-lane Plaza Bowl in Plymouth Township on Friday, Oct. 12 at 4 p.m.

For the first time this season, scoring fell off in the Wonderland Classic and Tommy Ranes was able to lead the field with a 685.

Gerry Wilson walked off with major honors in the Livonia Ladies Classic with a 492-111-602 that included a high single of 214-37-251. Other high game winners were Lois Merriman 202-23-225 and Delores Dowhan 165-47-212.

## Not A Loser On '73 U-M Squad

University of Michigan doesn't have a single player on its 1973 roster who has ever been in a losing home game. The Wolverines have won 22 straight in Michigan Stadium since a 40-17 loss to Missouri in 1969.

## Chargers Tip Wayne

Livonia Churchill scored its fifth cross country win in seven outings in a 22-23 victory over Wayne Memorial.

Wayne's Ray Nowak took first place honors with a 15:56 clocking with Churchill coming up next with second, third and fourth. Glen Parkinson ran second in 16:11, Don Shaw third in 16:17 and Graig Gully fourth in 16:25.

Brian McGee, of Wayne, finished fifth in 16:32 and was followed by Churchill's George Wright in sixth at 16:32 and Ray Reilly seventh in 16:38.

# Religion Update

Rev. Lester Kinsolving's

An anti-abortion amendment to the U.S. Constitution has been introduced by the unlikely twosome of Sen. James Buckley (Conservative - N.Y.) and Mark O. Hatfield, Oregon's usually liberal Republican senior senator.

This proposed amendment, co-sponsored by Sens. Hughes of Iowa, Bennett of Utah, Curtis of Nebraska and Bartlett of Oklahoma, was promptly denounced by Notre Dame law professor and anti-abortion leader Charles Rice, as being "fatally ambiguous, because it avoids the clear cut term 'moment of conception' ... Instead, it opens the door to the morning - after pill ..."

The proposed Buckley-Hatfield Amendment specifies that "Unborn offspring at every stage of their development" are "human beings," as well as "persons," as the term person is mentioned in the fifth and 14th Amendments.

Even more astounding than this proposal to bestow U.S. citizenship upon all American embryos is the amendment's provision whereby this very same citizenship - in - utero may be arbitrarily (and even temporarily) canceled.

"This Article shall not apply in an emergency (undefined) when a reasonable medical certainty (How can a certainty be unreasonable?) exists that continuation of the pregnancy will cause the death (instantaneous? eventual? probable suicide?) of the mother."

That this proposed amendment is not only ambiguous but a pinnacle of absurdity as well was clearly demonstrated at the Southern Baptist Convention in Portland, by Sen. Hatfield in person.

The attractive and generally intelligent senator was asked during a press conference about the attempt of one young Pennsylvanian to run for the state legislature - by petitioning a court to declare him eligible under the age requirement - on grounds that he had been

conceived in time. (Hatfield: "I never thought about that.")

Would the senator be willing to introduce legislation providing tax exemption for all "unborn children" - and requiring their mothers to procure extra passports while pregnant and abroad? (Hatfield: "No.")

Hatfield, a devout Baptist, has become a regular speaker - sometimes preacher - at church conventions, and even at Mayor Richard Daley's prayer breakfast in Chicago.

He was, therefore, asked just how one of these embryonic citizens can be baptized if it is too tiny to determine its sex - or even to be seen with the naked eye?

Hatfield: "I'm from a tra-

dition that doesn't practice infant baptism."

This thigh-slapper - from a senator who presumably expects to be taken seriously on the very serious issue of abortion - got a lot of laughs.)

From a more serious vantage point than Oregon's funny senior senator, the Jesuit magazine America, as well as the Catholic - edited magazine Commonweal, have both taken a very dim view of supporting either this Buckley - Hatfield amendment, or total prohibition amendments offered by Maryland Congressman Lawrence Hogan and North Carolina Sen. Jesse Helms.

## It's A Gem

# Mineral Show Scheduled

The Michigan Mineralogical Society will hold its 10th annual Greater Detroit International Gem and Mineral Show at Detroit's Light Guard Armory, 4400 E. Eight Mile Road, Oct. 12, 13 and 14.

With special exhibits by the Smithsonian Institute, Cranbrook Institute of Science, Royal Ontario Museum, American Museum of Natural History, the Goddard Collection of Wayne University, and 22 leading gem and mineral dealers participating,

the show is literally priceless.

Detroit's show is unique among similar shows presented throughout the country, by virtue of inviting 3,000 schoolchildren from the tri-county area for a field trip preview and giving them educational packets. The children's tour will be given during the day Friday, Oct. 12.

The show's official opening on Friday, Oct. 12, is at 6 p.m. and it runs through Sun-

day at the same time. Public admission is \$1.50 adults; children, 50 cents.

While the appeal and fascination to the beauty, history, and mystery, of all kinds of specimens taken from the earth once attracted only a few hundred people, collectors, rockhounds, and admirers now number in excess of two million persons. Michigan, alone, has some 8,000 rockhound hobbyists.

A "rockhound" - not a devotee of pop music - is by

definition a person who digs and/or collects rocks. But that seems a marginal definition because today the word embraces lapidary, fossil buffs, lithophyllists, geologists, mother earth scratchers, jewelers, collectors, and people interested in these arts.

Mel Berry, general show chairman, points out throughout the three day presentation some of the nation's leading dealers and wholesalers will be there offering mineral specimens, lapidary material, lapidary and jewelry items, and fossils.

The scope of the Gem and Mineral Show includes: exhibits and demonstrations in lapidary, faceting, minerals, fossils, semi - precious stones, jewelry, opal crosses, silvercraft; competitive and noncompetitive displays in the fields of lapidary and paleontology, as well as mineralogy; and a special feature program which daily brings to its platform renowned speakers.

The first speaker this year will be Dr. Peter Bancroft, whose talk will coincide with the introduction of his new book entitled "The Art of Mineral Collecting." He can be heard at 8 p.m., Friday.

"ONCE A MARINE, always a Marine," apparently also applies to wives, as proved by Mrs. Robert S. Raisch (left) of Lathrup Village and Mrs. Fred Harris of Farmington Hills. Spouses of local members of the Marine Corps Reserve Officer Association volunteered to help the U.S. Marine Band's public concert for the Police Athletic League, Oct. 6 at 8:30 p.m. in the Masonic Temple.

She will be assisted by her husband, George Still, baritone and director of choral music at North Farmington High School, as well as violinist Harold Leistikow and cellist Arlayne Olson.

Mrs. Still, a native of Reading, Pa., first assumed a full time position as church organist, at the age of 11.

Mrs. Still attended Oberlin Conservatory in Ohio, and earned a bachelor degree in music education at Ithaca College.

For the past three years she has studied at the University of Michigan under Robert Clark. With the completion of this recital, she will be awarded the degree Master of Sacred Music.

Her professional appearances in the Detroit area include the following: featured performer at the American Guild of Organists' convention in Ann Arbor and selected artist for the noon recital series in St. Paul Cathedral in Detroit.

# Robin Moore Leads Off Series

**SOUTHFIELD**  
 The Southfield Series opens its fifth luncheon - lecture season on Thursday, Oct. 18 with the appearance of Robin Moore.

Moore, author of the movie, "The French Connection," will speak on "Narcotics, Mafia and Big Business." Ever since the movie, a true story of two New York city detectives who doggedly tracked down and broke a dope smuggling ring, Moore has been crusading against narcotics.

To get background material for his story, Moore made the rounds with the narcotics detectives. He followed the same course for his book, "The Green Berets" which has sold more than three million copies. He

went through guerrilla warfare training and joined the Green Berets in combat operations in Viet Nam.

He served as an aerial gunner in B-17s during World War II, and completed his education at Harvard University upon his return. While at Harvard, the Boston Globe sent him to Europe to write a daily column.

After graduation Moore went into TV as a producer. He later used his experiences as the basis for his first novel, "Pitchman." The book triggered a congressional investigation of malpractice in the television industry.

Series meetings are held at the Raleigh House at noon on the third Thursday of the month.

# Visiting A Cider Mill Is An Autumn Treat

Tangy cider and hot, fried doughnuts will draw thousands of southeast Michigan residents into the countryside this fall to favorite cider mills, according to Automobile Club of Michigan.

"Visiting a cider mill and watching giant presses squeeze tons of red, ripe apples into pure, sparkling juice has become an annual outing for many families," states Joseph Ratke, Auto Club touring manager.

"Each cider mill has its own personality," Ratke states. "Presses range from the vintage, gear-driven to the modern hydraulic type, and operations vary in scope

from large enterprises to family operations." Visitors to mills can either purchase cider by the glass or bottle. Freshly fried doughnuts are also available either singly or by the dozen.

Peak crowds will visit cider mills over weekends until the weather turns cold. Auto Club points out that the best way to avoid long lines that form Saturdays and Sundays at some operations is to visit cider mills on weekdays.

"A visit to a cider mill does not have to be taken only in the fall, although this is the preferred season," states Ratke. "Many operators stay open during the

winter, some into the spring until stored apple supplies are exhausted."

Persons who wish to watch the pressing process are advised to check by telephone before leaving home. Although most cider mills are open seven days a week, pressing operations are often on an irregular schedule, dictated by the availability of apples and the demand for cider.

Persons who want to be sure of the cost for cider or doughnuts also should check in advance since prices are subject to change.

There was absolutely nothing to the play: declarer ruffed the club opening, cashed H A, ruffed another club, ruffed a heart in dummy, ruffed a third club, ruffed a third heart in dummy, ruffed dummy's last club and ruffed his own last heart with a third trump in dummy; now two rounds of trump were cashed, the S A conceded and the doubled slam wrapped around E-W's necks... 12 tricks were ice-cold from the start!

It is the bidding which is so interesting; initially, East's 1 H bid is just fine (they were playing a 16-18 point no trump) but please notice South's excellent judgment in not going insane bidding pre-emptively with his fine hand. He simply bid 2 D.

Now it seems to me that West might've done very well at this point to bid nothing but I admit that that's open to question. One really can't fault 2 H too much; North's leap to 4 D was inspired bidding; please notice that he did not cue bid hearts but was content to make the jump raise.

A lot of you may not like East's 4 H bid but I beg you to notice that that contract is on ice (after all, East hadn't

a peek into South's hand as you do!) the inspired logic behind South's leap to 6 D is a delight. He figured that, with both the opponents bidding hearts so strongly, North was probably void; that left only the S A as an outstanding loser and it was likely inside!

By the way, I refuse to even discuss a 6 H bid by East from you experts with 20/20 hindsight. I'd like to see YOU make that bid AT THE TABLE!!

## Woman's World Art Show Set

"It's a Woman's World," an art show and sale will be presented at the new Orchard Mall in West Bloomfield Oct. 26 to Nov. 3. Sponsored by the Creative Council, an organization of Michigan women artists, the show will feature art work in all media, demonstrations and workshops by member artists, evening entertainment and a fashion show.

The show will include a wide variety of original art work from many different arts and crafts, such as leaded glass, metal sculpture, weaving, macrame, enameling, pottery (stoneware and raku), water color, oil and acrylic.

Members of the Creative Council will conduct demonstrations in loom weaving, forming clay on a wheel, painting, macrame and a demonstration of old-fashioned spinning with a spinning wheel. They also will hold workshops in a variety of crafts and give basic instructions for those wishing to learn.

## Speech, Hearing Assn. Will Meet In Conference

The American Speech and Hearing Assn. will hold its annual fall conference for the first time in Detroit, in Cobo Hall, Oct. 12-15. The professional organization is made up of more than 15,000 in the fields of speech, language or audiology, who are in private practice or employed by the public schools, universities, hospital clinics or public health agencies.

A Franklin Village resident, Mary Randolph Sax, will address the assembly on "A Study of Articulatory Maturational Prediction."

The study investigated the process of articulatory maturation in 387 kindergarten children over a four year period. The results will be discussed in terms of clinical implications.

Mrs. Sax is a former supervisor of the speech correction department of Waterford Schools and a former lecturer in speech and language pathology at Marygrove College. She is now affiliated with the Michigan Speech and Hearing Assn., in East Lansing.

The conference will also feature short courses and group discussions concerning the development, disorders, diagnosis, recommendations and treatment of speech, language and hearing impairments.

### HEW Warns Of Lead Paint

The Dept. of Health, Education and Welfare (HEW) has issued a warning to parents who live in older homes. The paint on your walls and ceiling could be poisoning your children.

Older buildings often have layer upon layer of poisonous lead paint on ceilings, walls and woodwork. Young children, especially those from one to three years old, often are attracted to the taste of lead paint chips and have a knack for finding them.

Children who eat large amounts of lead paint could suffer brain damage, mental retardation, and even death.

Symptoms to watch for in children who may have been nibbling on the poisonous paint are: Crankiness, temper tantrums, stomach aches and throwing up, headaches, poor appetites and drowsiness.

Children may have these symptoms because of other illnesses. However, if the problems persist for more than a week, and no other reason can be found for them, HEW advises you to have the children tested for lead poisoning.

## Idle Corners Converted To Bonus Living Space

Making the ends of a room meet gracefully and effectively in a corner can be a matter of merely adding comfortable seating combined with shelves and cabinets, creating a bonus of pleasant living space.

One area with strong potential for utilizing idle space is under stairs of either first floor or basement. Shelves and small cabinets with sliding doors recessed into a wood-paneled wall convert wasted space into attractive storage.

A banquette built along both walls of the corner, with brightly cushioned foldup seats to allow more storage within, can turn the corner into a relaxing reading nook or conversation area.

If the stairway is open, framing it in with 2x4-inch pine or fir, covered with western cedar board paneling, will allow spacious built-in storage. If stairs already are enclosed, shelves and cabinets can be added.

Another charming and

CUSHIONED FOLDUP SEATS transform idle corner into pleasant leisure area combined with storage.

useful corner conversion is possible in family or dining room, adding low cabinets on converging walls, with shelves of western pine boards above. Part of one wall can have slanted racks, instead of shelves, to hold latest magazines.

Build a low table into the corner to house record changer and tape equipment, or for games and hobby sup-

plies. A hanging lamp and couch complete the corner's furnishings.

## Women On The Go! Travelers Land In Livonia

"You say the Army's sending you to Europe, Calvin," Phyllis Blum's mother said to her brand new son-in-law after a wedding on television a score of years ago.

"Well, you be sure to write to Phyllis every day." The implication was there that after the Army stint was out of the way the young couple would settle down properly in Brooklyn.

"It never occurred to my mother I'd want to go along to Europe," said Phyllis, now a Livonia resident, "and it never occurred to me to do anything else."

The wedding of Phyllis and Calvin Blum on the Bride and Groom television show was the culmination of a series of quiz show appearances the couple had made, and the Army assignment to serve in Germany was the start of a travel fever that has taken them and their children all over the world.

Now, with Army days behind them, they are beginning a new business venture to help others discover, as they have, the enjoyment of exploring new places.

Their Fantastic Travel Service is just getting under way, and Phyllis Blum is ready to pass on an abundance of travel ideas they started picking up on week-

end jaunts from their base. "We went all over Europe," she remembers, "sometimes with a couple of rolls and cheese and a dollar in our pockets."

Eleven countries, one tour of duty and one son later, the couple decided they didn't want to give up their exciting life, so Calvin signed up for another tour. This time the assignment was to the Far East.

Stationed in Japan, the Blums managed a lot of travel to such exotic spots as India and Hong Kong.

They also fell in love with the country and its people, enjoyed teaching English to Japanese children and had another son.

"And I found myself helping a lot of other Army couples see the Far East," Phyllis said. "I became sort of an informal travel counselor."

By this time Calvin Blum had settled on an Army career, so there were assignments in Mississippi and in Newburg, N.Y. The couple's third son arrived while they were in the south.

Then came a stint on Okinawa. From there, Phyllis said, "we went back to Hong Kong and visited Vietnam and flew half way around the world to Spain."

Soon after Okinawa, the Blums reached the time for retirement from the Army and that meant a civilian job and a new life style.

They picked Livonia as home after Calvin was hired as a writer by Sycor in Ann Arbor and, Phyllis said, "It took us about five minutes to adjust to civilian life."

Phyllis has taught gourmet cooking in adult education classes at Stevenson High School and she and her husband both were active in arrangements for their new city's Spree '73. Calvin worked on games and recreation and Phyllis headed a flea market.

Their small daughter, Adina, was born while they were on their final Army assignment in North Carolina, and two years ago the family packed up, baby, bottles and all, and made a return trip to Europe.

"But now we're quite excited about our service for travelers," Phyllis said.

## Color Tours Near Home

By LEM MESEE  
Outdoors Writer

There's a good thing about this gasoline shortage and high prices. A lot of folks are learning they don't have to travel all the way to the upper peninsula or down to the Great Smokies to see colorful autumn trees.

Several metropolitan parks hardly a half-hour's drive from most of us will be at

their best this weekend and next.

If you take your camera along, here's a hint: Don't try to shoot too many trees at once; move in on a couple of branches, and let their blazing color fill the entire picture.

For variety, get the branch between you and the sun so that the light comes through the leaves. The effect is like the sun coming through a stained glass window.

Here are some of the best spots to go and what you can expect to find when you get there:

Kensington Metropark covering 4,300 acres near Milford with easy access from the I-96 Freeway is one of the most beautiful areas for fall.

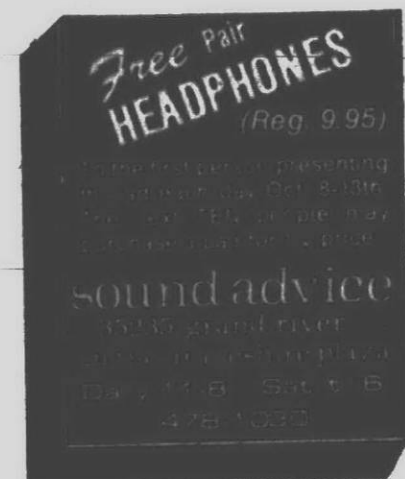

Sumac, Virginia creeper, dogwood and sassafras provide early fall color, followed by aspen, oak and ash which bring new hues to the hills surrounding Kent and Wildwing Lakes. Canada geese inhabit these lakes and Kingfisher Lagoon in front of the nature center and are often searching for a handout from park visitors.

Individual and family groups may take self-guided hikes along the miles of nature trails, which are labeled. Exhibits on display at the nature center help unfold the autumn story, and naturalists are on duty to answer questions from the many visitors. Exhibit hours are 10 a.m. to 5 p.m. on Saturday and Sunday and 1 p.m. to 5 p.m. weekdays, with overflow parking at the west boat launching site.

Marshbank Metropark, located six miles southwest of Pontiac, is open weekends in the fall. It has an excellent view of Cass Lake and is a wonderful picnic spot, with some color throughout the park. Entrance to the 115-acre park is on Hiller Road, a quarter-mile north of Commerce Road.

Hudson Mills Metropark, Dexter-Huron and Delhi Parks, located in Washtenaw County, usually features wonderful color in the fall. These parks are from five to 12 miles northwest of Ann Arbor.

# new fangled & sewing today: old fashioned

By JUDITH BERNE

Two Farmington sewing establishments, each with a different pattern...

To the west, at the intersection of 10 Mile and Grand River, a modern, neon-lit store with bolt after bolt of knit fabric on display entices hundreds of local housewives to "S-T-R-E-T-C-H & Sew". A franchise operation owned for the past year by Hank and Edith Fonde, the shop combines the teaching of a new sewing method and the selling of materials.

To the north, at 13 Mile just west of Orchard Lake Road, a steady flow of men, women and children enters the cozy, dimly lit "Magic Thimble" to have their clothes altered by the Poolellos—Mary and Sam—who have more than 40 years sewing experience. In one-of-a-kind business, rack after rack of pinned and marked clothing attests to the quality of the work turned out.

In both shops, the art of sewing is practiced, though in contrasting fashions.

At Stretch & Sew, teacher Genny Kerutis declared that "after completing eight two-hour lessons in the basic sewing course, you will have a complete wardrobe."

"The patterns are basic, very basic," Genny explained. "Each lesson is devoted to making one item which becomes the foundation for everything else you can make."

As an example, the basic raglan pattern, which is taught in lesson four, can be a short-sleeved top, a long-sleeved dress, a three-quarter-sleeved sweater and many other combinations.

"One pattern can be used for sizes," Genny continued. "The woman with a figure problem need look no further. On the very same pattern sheet sit sizes 28 to 44. The

woman who wears a large size in the hips, but a much smaller size in the bust can easily get exactly the right fit. We also have a queen-size pattern for sizes 42 to 56."

According to Genny, S-T-R-E-T-C-H & Sew takes the detail out and "puts the fun into sewing." Most women who take the course have had some sewing experience. "but never have they sewn like this!"

"There are no bastings, no facings, hardly any pinning. Once you have your 'doso'—the Stretch & Sew word for a transparent man-made fabric used for tracing patterns—the finished product is within your grasp.

## FOCUS

"A pair of slacks can be made in an hour, a T-shirt in half the time, a pair of men's pants in an afternoon."

The store carries only knit fabrics, which do not ravel, eliminating the less creative, more time consuming parts of sewing. In addition, materials are color coordinated, so that the same color may be found in a twill, an alpaca or an orlon, for mixing and matching outfits.

SAM POOLELLO of The Magic Thimble agrees that there are tricks to be learned in sewing. "But," he cautions, "sewing is not something to be learned overnight."

Sam started sewing at the age of 12 in his

native Italy. "In the old country, a tailor was respected, an artist. He wore a needle and white thread—so it should show up well—on the lapel of his coat. Everyone should know he was studying to be a tailor."

"When I came to this country, I spent four years apprenticed to a tailor. I was paid \$10 a week. After three years, I asked for a raise. You know what he said to me... 'No raise, Sam, you are still learning.'"

"It was then, and it is now...the only people really know how to sew are foreigners." Sam and Mary employ four full-time seamstresses and one tailor—all born outside the United States. Occasionally, they will get someone part-time to help out.

"If I advertise for a seamstress, I will get a number of people who tell me they sew at home. I never hire them. Sewing at home and sewing for the public—they just don't go together."

ON THE OTHER HAND, Stretch & Sew caters to the housewife who wants a part-time job. The nine sewing teachers have specific classes they are responsible for instructing and put in a minimum of four hours per week working in the store, so they stay familiar with the stock. Twelve other employees work part-time only in sales.

"It's just the perfect job for me," Genny continued. "I hit the plateau for someone my age. My children were in school...I had done all the crafts, taken all the courses...I didn't want a full-time job."

"I was always hanging around the Stretch & Sew store, so when I was asked to teach I said, 'Yes.' Then I went home and panicked."

Before she had time fully to realize what was happening, Genny was on a plane bound for Eugene, Oregon by way of San Francisco to attend a one-week course which all Stretch & Sew instructors must take.

"I had never been anywhere alone in my life," the Livonia mother of three related, "and suddenly I was in Oregon!"

"I've sewed since I was 16. Before I learned the Stretch & Sew method, I just wasn't producing fast enough. I did it mostly to save money or because I wanted to wear something different from what everyone else had on. But I wasn't really enjoying it."

"Now I'm having so much fun with sewing and with this job, I think it must be sinning."

Sam's and Mary's customers have followed them from the Detroit shop they had for 20 years at Seven Mile and James Couzens. "They come from Southfield and Birmingham, Lathrup and Howell," Sam said.

One of their customers came in to ask if she could have a dress to wear for church on Sunday, only a few days away. "What have you been wearing to church?" Mary asked, with a nod toward the racks of clothes waiting to be altered. "I haven't been going," the customer laughed.

Mary does most of the pinning, Sam the marking and their employees carry out the instructions. "When a garment comes out of here, it's perfect," Sam said with pride. "It is looked over with a microscope. Everyone who works here is an artist."

CLASSES ARE friendly, the methods quick and successful. Teacher Genny Kerutis (center) with Dorothy Quaine (left) and Lee Caponi. (Evert photos)

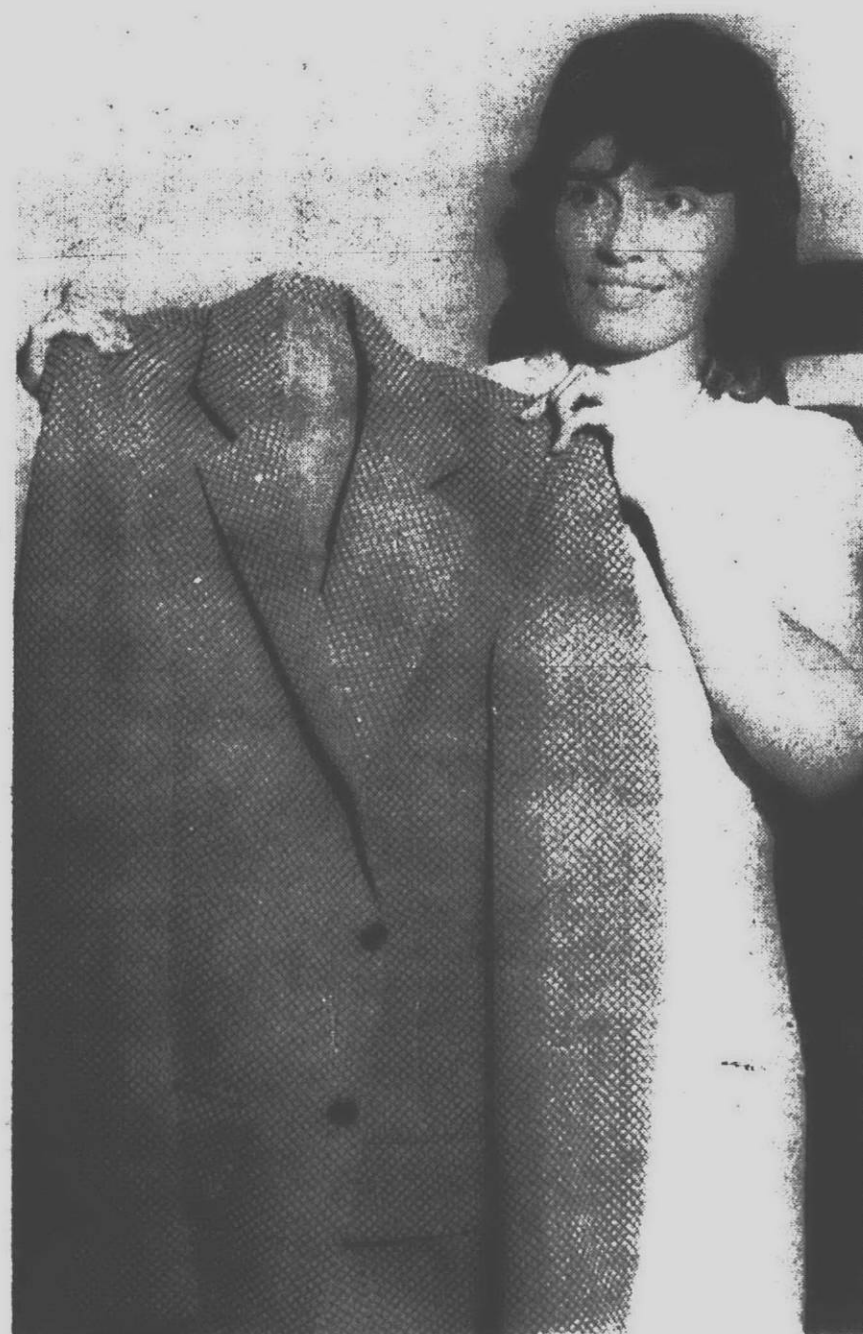

THE OWNERS of Stretch & Sew recently celebrated their first anniversary in the business of sewing.

Hank, a former football coach—first for Ann Arbor High School and later a backfield coach for the growing University of Michigan—says that running his ever-growing enterprise has not allowed him to attend a football game yet this year.

"After coaching for 21 years, to sit in the stands and not be part of the game is not really my speed. I'm having the time of my life right here in this store."

"At this same time last October, we were running 11 classes a week," Edith reported. On their books currently are 27 classes per week...25 women to a class."

Six hundred seventy-five ladies are learning to Stretch & Sew each week.

"I'M A FABRICOLIC," says Genny Kerutis. "You know, like an alcoholic, but with fabrics."

# may we have your attention, please . . .

**WE'D LIKE YOU** to take a few minutes out of your busy life to look at the exciting changes we've made in your home town newspaper.

**FIRST, WE'VE SWITCHED** our weekend publication to Friday so that you'll know what's happening in your home town 24 hours earlier. That's right, the Observer will now be on your doorstep every **FRIDAY** afternoon -- in time to plan your weekend shopping and social activities.

**NEXT, WE'RE DELIVERING** the

new Friday Observer to you folks in Westland and Garden City. This means that for the first time you will receive home town news **TWICE** each week!

**THE THIRD, AND** most exciting news of all, is that the Friday edition of your home town newspaper is now a new size. It's about 11 inches wide and 15 inches deep -- a comfortable size for you to handle. Your new Friday Observer emphasizes local people and local news with features about your friends and neighbors and your home town. **FOCUS:** Suburbia will be there

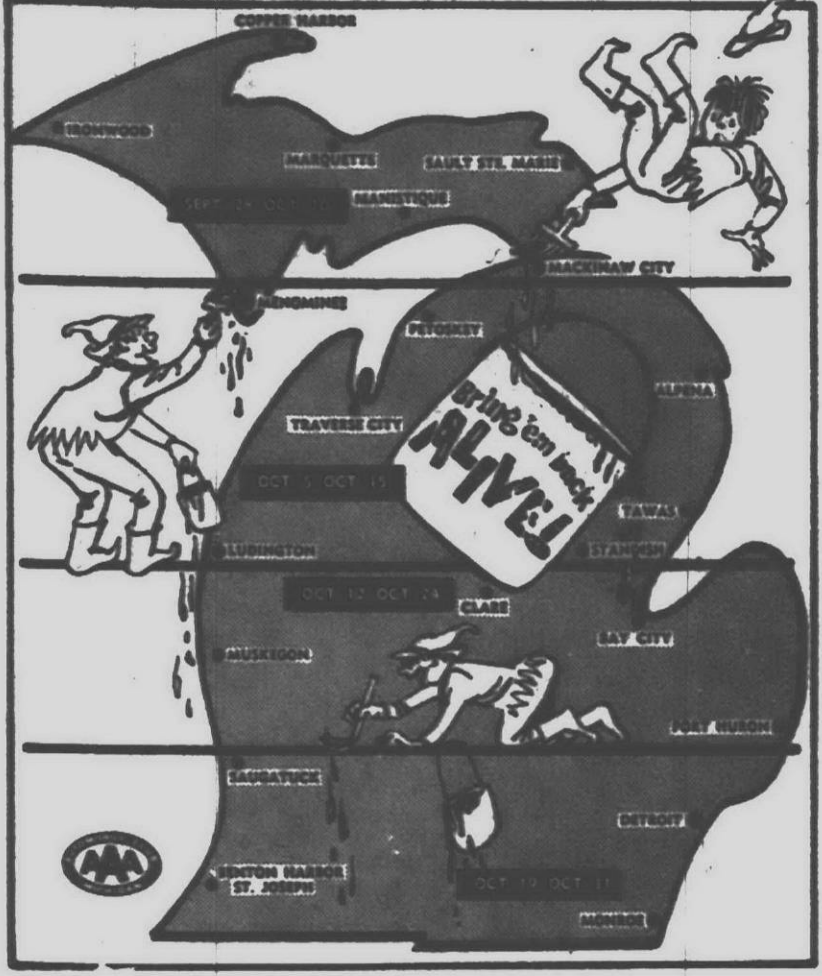

along with Religion, Observing Life, Home & Garden and a lot of other good reading.

**CONDITIONS ARE** constantly changing in this world of ours and we've never been ones to sit back when there's been an opportunity to better serve our communities. We think we've come up with three mighty good ways to do just that. We hope you do, too. Thanks for your attention.

Big Trees Add To State's Color

There are 58 forest specimens spread across Michigan that qualify for the national Social Register of Big Trees, and almost half of them can be viewed through the windshield by fall color tourists, according to Automobile Club of Michigan.  
Michigan has more national championship trees certified by the American Forestry Association than any other continental state except Florida, which has 69. Hawaii is the only state - with 203 champions - that surpasses Florida.  
"Persons who plan trips to view Michigan's big trees this fall will be seeing them in their most colorful setting," states Joseph Ratke, Auto Club touring manager.  
Michigan's countryside is at its radiant best during the fall - when woods and fields change from summer green to a brilliant sea of red, orange, purple, scarlet and brown.  
Auto Club estimates that 600,000 Michigan families will make special trips from now through October to view colors, and they should spend at least \$50 million. The average couple on a weekend color tour in Michigan can expect to spend between \$75 and \$100.  
"Fall color has started to show on the fringes of some forests already," states Ratke. "The peak fall color touring season is expected to begin in the Upper Peninsula by the end of September."  
Auto Club points out that the fall color touring season progresses southward in weekly 50 - to 75-mile stages, terminating in extreme southern Michigan by the end of October.  
How long the color season

lasts in any area depends on the weather. Cold weather with heavy frost and strong winds means a short season. Warm weather with sunny days helps color remain in an area up to two weeks.  
Auto Club's calendar for viewing the most spectacular color in various sections of the state is:  
• Upper peninsula and northern tip of lower peninsula - Sept. 28 to Oct. 10.  
• Northern third of lower peninsula - Oct. 5-15.  
• Central Michigan - Oct. 12-24.  
• Southern Michigan - Oct. 19-31.  
"Every section of the state has record trees that motorists driving through the countryside on fall color tours can easily find," states Ratke.  
"Twenty-five of Michigan's 58 national championship trees are roadside specimens since most can be viewed from the car once located."  
Trees earn their titles as champions based on three measurements: circumference, height and spread at the crown.  
The following list containing locations and dimensions of 25 roadside national championship trees has been compiled by Auto Club with the cooperation of the Michigan Botanical Club:  
**UPPER PENINSULA:**

**READING, CORRECTING AND APPROVAL OF MINUTES** - Regular Meeting, September 11, 1973. Mrs. Holmes moved that the minutes of the September 11, 1973 regular meeting be approved as submitted. Supported by Mr. Burke and carried unanimously.

**OPENING OF BIDS** - Grading and Seeding of Four (4) Ball Diamonds in the Plymouth Township Recreation Property on Ann Arbor Trail and McClung Road. Mrs. Holmes moved that the bids be closed. Supported by Mr. Ash and carried unanimously. The bids were closed at 8:12 p.m. Mrs. Richardson opened and read the following bid: Jack B. Anglin Co., of Novi, Michigan \$10,500.00. Supervisor McLaren said that he had tentatively arranged to have five (5) other bids be tonight, but that they did not show up. Mr. Richardson suggested that the Township Engineers and Mr. Louis Norman examine the bid to see if it meets with the specifications and report back later in the meeting. Supervisor McLaren authorized them to do so.  
**OLD BUSINESS** - Edward Drangulis - Application No. 236. Re: Lot Split - Lot No. 17, Gould Industrial Park. (Recommended approval by Planning Commission on August 15, 1973). Mr. Drangulis appeared before the Board asking that the front section of Lot 17 be split into two parts. At a previous meeting Mrs. Holmes asked if it was possible to have one right of way for both Lots 17 and 18 rather than two or one for each lot. Mr. Drangulis stated that he was able to work out a new proposed lot split which had a common 60' right-of-way. Mrs. Richardson moved that the Lot split for Lot 17 as described in the land survey dated September 15, 1973, and signed by Raphael J. Landis, R.L.S. and submitted this date, be approved, that being parcel A, Parcel B and Parcel C from Lot 17. Supported by Mr. Ash and carried unanimously. Mr. Ash stated that insofar as the previous motion has an effect upon the previous land split of Lot 17 granted by the Township Board at its regular meeting of November 28, 1972 as covered in Application No. 214 with respect to a 40' strip along the southern boundary for access to Parcel "A", Mr. Ash moved that the minutes indicate that the previous motion includes the elimination of such access way on the southern boundary. Supported by Helen Richardson and carried unanimously.  
**NEW BUSINESS** - Robert Rorabacher, Acting D.P.W. Superintendent. Re: Purchase of new Four to Five Yard Dump Truck. Mr. Overholt moved that the Board accept the recommendation of Mr. Rorabacher and award the bid to Leo Callahan for the purchase of a 1974 Dump Truck in the amount of \$5,743.79. Supported by Mrs. Holmes and carried unanimously.  
**AT THIS TIME**, the Board returned back to (b) Awarding of Bids for grading and seeding of Four Ball Diamonds at the Plymouth Township Recreation Property. Mrs. Richardson moved that the Board approve the awarding of the bid to Jack Anglin of Novi, Michigan, for grading and preparation for seeding of the Four Ball Diamonds, in the amount of \$10,500.00. Supported by Mrs. Holmes and carried unanimously.  
**Helen Richardson, Clerk**. Re: Transfer of funds. Mr. Overholt moved that the Board approve the transfer of monies as requested by the Clerk. Supported by Mr. Ash and carried unanimously.  
**John Goetz, Secretary**, Plymouth Township Planning Commission. Re: Action taken at their September 19, 1973 meeting: (a) Land Split - AAA Building, south side of Ann Arbor Road at Sheldon Road. (Planning Commission recommended denial). Mr. Ash moved that the Board concur with the recommendation of the Planning Commission and deny the land split for the AAA building on the South Side of Ann Arbor Road. Supported by Mr. Millington and carried unanimously.  
**Donald Morgan, Engineer, Karr, Watkins & Russell**. Re: Plymouth Center Stewardship Association vs. Township of Plymouth et al. Resolution authorizing Mr. Morgan to represent the Township of Plymouth, as a governmental entity, and the individual named officers of the Township for the Board of Directors. Mrs. Richardson moved that the Board accept the Township Attorney, Donald C. Morgan to represent the Township of Plymouth as a governmental entity and the individual named officers of the Township in the Plymouth Center Stewardship Association, et al. Plaintiffs vs. Township of

Plymouth, et al. Defendants in Civil Action No. 73-238-707-CK. Supported by Gerald Burke and carried unanimously.  
**Department of State Highways**. Re: Contract between Township of Plymouth and Michigan State Highway Commission with regard to modification of Township Water Main on M-14 at Ridge Road. The following Resolution was offered by Russell Ash and supported by Frank Millington.  
**RESOLVED**, that the Township of Plymouth approve the Contract between the Michigan State Highway Commission and the Township of Plymouth for the purpose of finding the right of way of the water main of the parties in agreeing to the modification and construction of a Township water main at the crossing of Highway M-14 at Ridge Road within the limits of the Township and to further authorize the Supervisor, J. D. McLaren and the Clerk, Helen I. Richardson to sign the Contract for the Township of Plymouth.  
Resolution carried unanimously.  
**James E. Gignace, Fire Chief**. Re: Promotion of Charles VanVleck. Mrs. Holmes moved that the promotion of Charles VanVleck to Step No. IV be approved. Supported by Mr. Ash and carried unanimously.  
**MR. OVERHOLT MOVED** that an item regarding a future Storm Sewer installation on the south side of Ann Arbor Road at Haggerty, be added to the Agenda. Supported by Mr. Millington and carried unanimously.  
Mrs. Richardson referred to a letter dated September 24, 1973 from Marathon Oil Company and signed by Robert N. Gubernan, Attorney, which stated that if they were to develop their service station on this parcel at this time and receive zoning for a commercial use on the excess 3 plus or minus acres that the Township would find compatible with its plan, they still would only be willing to commit \$20,000.00 as their share of the storm cost, which had been estimated at \$80,000.00, and further that the economics of their proposed sale would not warrant or justify the requested \$40,000.00 commitment. They further advised that they were sending copies of their letter to Bill Knapp's people defining Marathon's position and advising them that they must solve their present storm sewer problem independent of Marathon's site and its potential development. Mrs. Richardson further stated that due to the Township approving the rezoning for a Bill Knapp's Restaurant and then receiving a building permit for its construction, the Township should not hold up the Restaurant's opening any longer, but should in fact, authorize the signing of the agreement as submitted by the Wayne County Road Commission. Mr. Millington stated that if the Township signed the agreement and in the future, they constructed the sewer, they would undoubtedly never get their money from Marathon. Mrs. Holmes agreed with that statement, but also felt the Township should not hold up Bill Knapp's any longer. Mr. Overholt requested that the letter from Marathon be made a part of the record so that the residents of the Township will know the character and nature of the people they were dealing with and that it was not the fault of the Township that Knapp's restaurant had not been able to open.  
The following resolution was offered by Elizabeth Holmes and supported by Gene Overholt:  
**RESOLVED**, that the Township of Plymouth approve the agreement between the Wayne County Road Commission and the Township of Plymouth, covering storm water drainage on Ann Arbor Road and Haggerty, in Plymouth Township and to further authorize the supervisor J. D. McLaren and the Clerk, Helen I. Richardson to sign the agreement for the Township of Plymouth.  
Resolution carried unanimously.  
**AS MR. CLERK**, FIRE CHIEF, was called out on an emergency and he had requested to be present for discussion of his items, Mr. Overholt moved that items No. IV-3: Fire Station Sites, Item IV-7b Promotion of Sgt. Ernest Hamke, Item No. IV-7c Officer Firearm Training Course and Item No. IV-7d Parking of Fire Department Vehicle in DPW garage, be tabled until the next regular meeting and that all facts be made known to the Board members prior to the meeting. Supported by Mr. Ash and carried unanimously.  
Mr. Overholt moved adjournment of the meeting. Supported by Mr. Burke. Supervisor McLaren adjourned the meeting at 9:42 p.m.
