When you have an ordinance, you have to use general terms to cover a variety of circumstances. You have to have an umbrella to encompass all items otherwise not mentioned.

SOME OF the large flagpoles Vos cited were erected prior to the adoption of most recent provisions of the township code, Morgan said. Vos maintains that much of the language has remained the same.

(Flagpoles in front of houses are limited to 35 feet and a permit must be obtained prior to installation, a township building official said.)

Loiselle plans to reappear before the zoning board soon to ask for permission to install a 45-foot flagpole, Vos said

# A 3-D art learning experience

There has been an emphasis on three-dimensional artwork at Lowell Middle School this year to help students relate more easily to the work of visiting artist Peter Rockwell.

One of the most popular projects has been decoy carving, says art teacher Graham Martin.

The students plan their work on preliminary sketches of various views of the bird they chose to familiarize themselves with. The bird is then roughed out on a bandsaw in basswood or white cedar.

The actual carving is done with knives, rasps, rotary rasps and sand-paper. Finally the bird is primed, painted or stained. The finished product becomes a keepsake to display on a mantle or end table. Some students had their works on display for two weeks at Wild Wings Gallery in Plymouth.

# Vets demand funds for Agent Orange tests

By Tim Richard staff writer

One way or another, Keith King and 3,000 other Vietnam war veterans plan to rally at 1 p.m. Wednesday, May 7, on the State Capitol

The Livonia businessman said the veterans will either vent their frustration at lack of action by lawmakers to aid them, or else thank them if they've acted by then.

"On May 7 it will be 11 years ago that we ended our involvement in Vietnam, but for the Vietnam veteran, many of us continue to carry the poison Dioxin in our bodies," said King, state chairman of the Vietnam Veterans of America.

THE HOUSE has passed one bill, and the Senate a slightly different one, to set up reporting and referral procedures for Vietnam-era vets exposed to Agent Orange, chemical defoliants and herbicides. Sponsor of the Senate bill, Rick Fessler, R-West Blomfield, says his bill is better.

King doesn't care which party, which chamber or which lawmaker gets credit, as long as the Michigan Legislature acts.

"The Veterans Administration has not done its job," he said in a State Capitol news conference last week. "We're asking for somewhere around \$300,000, primarily for testing. When you consider there are 322,000 Vietnam vets in this state, you're talking about \$1 for every

> - Keith King of Livonia, state chairman Vietnam Veterans of America

KING, 35, believes he and his 12year-old daughter, Amy, have been harmed by war chemicals. His story:

"I was there from 1969 to '71. I was an MP (military policeman), a convoy escort. I handled an M-60 machine gun from the back of a gun Jeep. I was all over the Central Highlands.

'I developed a rash on my left foot it erupted in Vietnam - that I believe is related to exposure. I went to Walter Reed Hospital, the VA Hospital, other hospitals, and got six different diagnoses.

"My daughter was born with a similar rash on both feet.'

In five years, Vietnam Veterans of America has organized 21 chapters with 13 more in the formation stage.

KING, WHO owns a company called Advertising Concepts, puts total membership at more than 4,000. One chapter is organized per county. King's base is Chapter 9 in Detroit.

He contends the Agent Orange problem is more than a veterans' problem. "Ask the people of Swartz

THE LEGISLATIVE snafu tying up state help is complicated.

First, Rep. Jerry Bartnik, D-Mon-roe County, won 89-0 passage for his House Bill 4069 to set up an office in the state Department of Management and Budget for reporting and referral for Vietnam veterans exposed to war chemicals. Passed in March 1985, it languishes in a Senate committee.

It assigned adrates, the higher than normal miscarriage rates and birth defects in ministration to the Department of Public Health, required a woman on George Claxton, counselor and the commission and made other imadviser to the veterans, said veterprovements. Fessler said, and the ans exposed to Agent Orange appear 'veterans' spokesmen agreed, that

What's the problem?

"A certain House member wants his name on the bill," said Fessler. "I don't care who's the sponsor as long as it's solved."

FESSLER ALSO noted that Democrat Bartnik was author of a House resolution to investigate Senate Majority Leader John Engler's handling of a contract with the Hudson Institute on Michigan's economic future.

In other words, Bartnik's name is mud with GOP leaders.

Bartnik said Republicans fear he wants to run against Republican Sen. Norman Shinkle of Monroe County. He said their fear is groundless be-

cause he already has announced his intention to seek his House seat.

Bartnik accused senaiors of timing passage of their bill with the be-ginning of a Yietnam veterans convention.

Because his bill was passed first, Bartnik wants to keep his bill number but accept the major Senate Republican changes. "I'm willing to take the lesser part of the bill," he said. "What's the excuse? There should be none.'

Meanwhile, the Senate last week provided \$155,000 in funding for testing Vietnam veterans.

That's fine for a year, said Bart-nik, but it's not enough. There should be an administrative structure by law to assure the work of reporting and referral is carried on.

"I think there is good agreement on passing the report. I question whether the implementation will move forward quickly," said Dr. Larry Holcomb in a recent phone conversation. Holcomb said, "Implementation of the report would require more finances for new programs and peo-

ENTITLED 'A Strategy for Improved Pesticide Management in Michigan," the report details recomendations for minimizing the risk to human and environmental health from the use of pesticides.

Specifically the report calls for: • Guidelines on pest manage-ment in public buildings, schools and

hospitals.

Since the Michigan Legislature

passed the Pesticide Control Act of 1976, public concern over pesticide usage has increased. It is recognized that certain chemical compounds used to kill weeds or garden pests, and such indoor menaces as cockroaches and rats, can have harmful effects on humans, pets and wildlife. WITH THIS concern in mind, the

Governor's Cabinet charged a subcommittee composed of the directors of the departments of Agriculture, Natural Resources, Public Health, and Transportation, and representatives of the TSCC and MSU Cooperative Extension Service with finding ways to improve pesticide management and regulation in the

The subcommittee's final recommendation covered 11 areas: public exposure to pesticides, certification of applicators, aerial application, pest management and reduction of pesticide use, notification of pesti-

ple. This is a time when the state is cide applications, pesticide product constituents, worker protection, residue monitoring, law enforcement and pesticide waste disposal.

According to TSCC's Dr. Holcomb the recommnedation are needed and "are a big step forward" in handling the problems associated with pesticide usage statewide.

THE VILLAGE of Milford has already taken matters into its own hands. Holcomb said Milford recently passed an ordinance requiring notification of commercial pesticide applications throughout the village.

The attorney general's office is examining the legality of the ordi-

Holcomb said, "If the atorney general's office knocks down local governments from creating such ordinances, then the state will have to look into the issue of posting.

Holcomb observed that a pesticide bill -- Senate Bill 65 -- introduced by state Sen. Richard Fessler, R-West Bloomfield, is stalled in the Senate Agriculture Committee. Fessler's bill would require public notice when pesticides are sprayed in schools, buildings with public access and neighborhoods.

"There is significant opposition to the bill," said Holcomb.

Holcomb esxpressed concern that implementation of the strategy report could also be stalled. "My philosophy is that the state serves the citizenry, if the public wants a service, they will get the service, he said, adding:

"I frankly feel we will have to have 'people power' to carry the rec-ommendations to implementation."

# Bees: honey of a hobby, or a busy business

By Christine Rizk staff writer

It was a honey of a day for Ralph Alloway, 71, as he presided over his first beekeepers meeting at Schoolcraft College.

Alloway, a Canton Township resident, was anticipating a crowd for the 48th Annual Southeastern Michigan Beekeepers Association conven-

As newly elected president of the association, he directed fellow apiarists to the coffee, doughnuts and, of course, honey displayed on a nearby

The beekeepers gathered at the college April 26 for a daylong seminar designed to allow members to compare notes and learn more about their hobbies, and for some, their livlihoods.

"It's a hobby for some who've only got one or two hives," Alloway said, but there's a lot of people who are definitely in this for the business of producing honey."

tion ranks above both the Michigan and Wayne County beekeepers associations in membership.

And if experience in the trade holds any weight, those attending the Saturday meeting together held more than 100 years in tending bees.

Although a somewhat less than lucrative business, it is, nonetheless, a popular one, especially among students and staff at the university who are interested in the benefits derived from one of our better-known in-

"Most people don't realize the actual benefits we get from bees aside from their honey," explained George Ayers, a Michigan State University department of entomology staff member. "Bees represent the ultimate example of a community working together for the good of the entire community."

AYERS, A BEEKEEPER himself with more than 20 hives, said that a little-recognized fact about bees is that they have had a role in the production of almost every vegetable or WITH 210 members, the associa- fruit raised in the United States to-

day.
"What people don't realize is that bees have had something to do with almost everything that reaches their dinner plates," said Ayers. "Bees pollinate the fruit and vegetables and even the alfalfa that goes to feed the cattle that ends up on our plates."

In fact, Ayers said, indirect benefits from bees totals more than \$18 billion a year, far more than what is

actually derived from a bee's bestknown product, honey.

Although few would argue with the good intentions of scholars, beekeeping still remains predominantly a hobby for most of the members of the association.

"IT'S A STING operation," said Homer Pugh, pun intended, a Troy resident and apiarist of five years. "I

was looking for a challenge and I had a lifelong vicarious interest in beekeeping. In fact, did you know that bees are the only creatures more written about in history next to

Pugh, like fellow members, maintains a relatively small number of beehives, if 50,000 to 75,000 per hive sounds like a minimal amount of bees to have around.

Ken Krawczyk, another Troy resident, considers himself a bee hobbyist with 24 hives spread among neighbor's farms.

"My neighbors don't' mind, after all, the bees pollinate their crops so they enjoy having them around. Bees don't require much care because they are so self-sufficient."

Pugh agreed. "The bees don't need us, remember, we need them."

DENISE TEREBUS, a 26-year-old apiarist and victim of rheumatoid arthritis, testified to how her affection for bees began.

Five years ago, when the pain from her arthritis became unbearable, she and her father recruited the help of Don and Joyce Guthrie, Utica apiarists.

Together with a Vermont doctor specializing in bee therapy, they managed to alleviate the devastating effects of Terebus' malady.

Today, although still plagued with recurring pains in her hand joints, Terebus considers herself lucky. After suffering through as many

as 500 beestings (to help relieve the arthritis) in the past two years, she seldon has to give herself bee injections now.

Setting aside the agricultural and economic benefits of beekeeping, a common strain of thought remained steady among the apiarists. Despite the rather nasty image bees have for the layperson, those familiar with the creatures recognize the lessons to be learned from them.

#### NOTICE OF PUBLIC HEARING ON INCREASING PROPERTY TAXES

PLEASE TAKE NOTICE that on May 14, 1986, at 7:45 o'clock p.m. DST at the Board Room the Board of Trustees of Schoolcraft College will hold a public hearing on the levying in 1986 of an estimated additional proposed millage rate of 0.114 mills for operating purposes pursuant to Act 5, Public Acts of Michigan, 1982.

The Board of Trustees has the complete authority to establish that 2.27 mills be levied in 1986 from within

its present authorized millage rate. The maximum additional proposed millage rate would increase revenues for operating purposes from

ad valorem property tax levies in 1986 otherwise permitted by Act 5, Public Acts of Michigan, 1982, by an estimated five percent (5%).

The figure for increase in revenue for operating purposes is based on the latest estimate of state equalized valuation of property located within the College District. In the event that state equalized valuation as finalized is for any reason higher than the estimate used for this hearing, the Board of Trustees must hold another public hearing before levying millage on any higher valuation.

The purpose of the hearing is to receive testimony and discuss the levy of an additional millage rate. Not less than seven (7) days following the public hearing, the Board of Trustees may approve all or any portion of the proposed additional millage rate.

This notice is given by the Board of Trustees.

# Plymouth Lions have helped blind for 38 years

Max Todd, Harvey Cooper and Al McClow spearheaded the formation of the Plymouth Lions Club the year they were put out to put out to pasture by the Plymouth Jaycees. That was in 1948.

Todd ran the Saddle Ridge Riding Club at Curtiss and Joy roads while Cooper and McClow worked for Evans Products Company. They got the help of Ward Jones of Detroit's Uptown Lions and of Robert Nesbitt of the Northwest Detroit Lions.

Jones made and sold kitchen fans in Plymouth. Nesbitt owned and operated two Detroit area clothing stores. Nesbitt got the Northwest Detroit Club to sponsor the Plymouth group

THE ORGANIZATIONAL meeting was held Dec. 18 at the Saddle

Thereafter, the club met twice a month at the Hotel Mayflower. In 1963, the club moved to Lofy's Arbor-Lil Restaurant, then to the Thunderbird Restaurant. About seven years ago the group returned to the Hotel Mayflower.

Of the 30 charter members only
Bruce Richard, William Fehlig and "During its many years Fehlig, a local Realtor, was the friend, asked him to join.

Bruce Richard, to whom I am indebted for much of the information I have about the Lions, is a retired Ford engineer. He was the club's president in 1963-64. Roland Widmayer, a member of the Lions' first board, is a retired manager of the local Kroger store.

Membership in the club reached its lowest level in the early 1950s. Only ten members attended meetings. Then came the upward trend, with membership today at 65.

Lions International, of which the Plymouth club is a member, was founded in 1917, the year John F. Kennedy was born. Lions clubs are known for providing leader dogs and white canes for the blind.

from Radcliffe College in 1904. She had been taught to speak by her long-time tutor, Anne Sullivan, also a remarkable woman.

After Miss Keller's speach, the Lions took up the challenge and have been active in assisting the blind since. The Lions sponsored Leader Dog for the Blind School at Rochester, Mich., is the largest of its kind in the world. Ward Jones, the first president of the Plymouth Lions, was one of those who helped establish the school.

Lions clubs in Michigan sponsor an eye bank in Ann Arbor in conjunction with the Kellogg Eye Center at the University of Michigan. Through this facility, corneas are made available to those who require them. Lions assist the project financially and encourage people to donate their eyes after death.

Lions also help support the Penrickton Center in Taylor, Mich., an institution for handicapped children who are blind, and the Welcome Home for elderly blind in Grand Ra-

Plymouth Lions make eye examinations and glasses available to needy children through the Plymouth-Canton and Northville school systems. They donate white canes,

wheelchairs and Braille watches. They have helped to support remedial reading camps, given assistance to the Salvation Army, supplied large-print books to the local library and to seniors at Tonquish Creek Manor, given financial help to Growth Works, and contributed toward the cost of The Gathering pavilion in Plymouth.

The club also has built picnic tables for the Township Park.

THE LATE ED MILLER, a life member of the Plymouth Lions, got the club to sponsor a Boy Scout troop which he led for 15 years.

In 1959, Miller received Scouting's highest honor, the Silver Beaver

To support its community projects, Plymouth Lions have used a variety of fund-raisers. Best known is the white-tag sale every spring. Others are the Millionaire's Party held in February at the Cultural Center, the Lions' Fish Fry at the Fall Festival, and the candy cane sale at Christmas time.

In the past, Lions have sponsored a local travel series and built a house. The house, a six-room brick residence built on Ball Street in 1955-56, under the direction of Bill Fehlig, was sold at a price that netted the club \$8,000 for its community projects.

Some time ago, the club formed the Plymouth Lions Foundation, a non-profet corporation to which taxdeductible donations may be made.

# NO COOK THE 30-MINUTE WONDERS

As you linger longer admiring fresh seasonal fruits in the market and on farm stands, think about capturing nature's best for enjoyment over the months ahead. "But, I've never made jam before," you may say. Or, you may think it's simply too much work and takes too much time. With today's no-cook freezer jam method, you don't need a lot of time or fancy equipment. Before you know it, you'll be stashing away fresh fruit jams in the freezer with your very own label.

Today there isn't any guesswork about making no-cook jams because specially developed recipes are clear and concise. All you have to do is add commercial fruit pectin to the fruit mixture and spoon it into plastic freezer containers. Recipes for the no-cook jams in this collection call for specific pectins, either powdered or liquid. It's the pectin that gives a good "set" so that the jam "jams," so to speak. Because the natural pectin in fresh friuts decreases as fruit ripens, it's necessary to supplement it with commercial pectin.

Are you a rather hesitant newcomer to the world of jam making? Then try your hand at either Strawberry-Peach Jam or Raspberry-Pear Jam. Each calls for only three or four ingredients, one of which is a light, relatively new fruit pectin. This light pectin appeals to those who prefer a less sweet spread, since recipes developed especially for its use require one-third less sugar than the regular powdered

Next, you might "graduate" to a tantalizing combination of four fresh fruits in a Fruit Cup Jam. Strawberries, pineapple, oranges and pears unite in a perfect blending of flavors in a jam that promises to make morning toast a gourmet treat. Regular fruit pectin is used in the recipe. This long-term traditional powdered fruit pectin also has its own recipes. Keep in mind that the two powdered pectins - light and traditional - cannot be used interchangeably in recipes because of the difference in recipe sugar measurement.

As you move on with your jam-making adventure, you'll appreciate the convenience of using liquid fruit pectin that comes in pre-measured foil pouches. Peach-Blueberry Jam and Sweet Cherry-Orange Jam (the latter not shown in photo) call for addition of liquid fruit pectin to prepared fruit mixtures, followed by a quick three-minute stir. It's as simple as that!

Before launcing a jam-making session, review these helpful remind-

#### The Fruit

- Use fully ripe fruit at room temperature. Wash just before using.
- · Prepare fruit for one recipe at a time, even though you plan to prepare several recipes in succession.
- Do not use more fruit than is called for in the recipe. The Containers

 Use 1-pint freezer containers or 8-ounce jelly jars with tight-fitting lids. Wash, rinse with boiling water and drain; or, use automatic dishwasher with very hot rinse.

#### The Easy Process

- Never substitute one pectin for another because recipes are developed for a specific pectin.
- Do not reduce the sugar in a recipe. The amount specified in the recipe is needed to ensure correct results. · Do not double recipes. Prepare in separate batches.
- After preparing these jams and allowing them to stand 24 hours at room temperature, it's heartwarming to know they can be kept in the freezer for up to 6 months. Once removed from the freezer, a jam will keep fresh in your refrigerator for up

to 3 weeks. Go ahead and be your creative self now. You'll discover how easy it is to expand your jam-making expertise with seasonal fruits throughout the year.

#### STRAWBERRY-PEACH JAM

- 3-1/2 cups prepared fruit (about 1 pt. fully ripe strawberries and
  - 1-1/2 lb. fully ripe peaches)
  - 3 cups (1-1/4 lb.) sugar 1 box light fruit pectin

First prepare the fruit. Stem and thoroughly crush, one layer at a time, about 1 pint strawberries. Measure 2 cups into large bowl or pan. Peel, pit and grind or finely chop about 1-1/2 pounds peaches. Measure 1-1/2 cups; add to strawberries.

Then make the jam. Measure sugar. Combine pectin with 1/4 cup of the sugar. Gradually add pectin mixture to fruit, stirring vigorously. Set aside for 30 minutes, stirring frequently. Gradually stir in sugar until dissolved. Ladle quickly into scalded containers, filling to within 1/2 inch of tops. Cover at once with tight lids. Let stand at room temperature overnight; then store in freezer. Small amounts may be covered and stored in refrigerator up to 3 weeks. Makes 5 cups or about 6 (8 fl. oz.) containers.

Create irresistible no-cook fresh fruit jams, so easy to prepare, so convenient to store in the freezer for enjoyment year round.

#### RASPBERRY-PEAR JAM

- 3-3/4 cups prepared fruit (about 3 pt. fully ripe red raspberries and about 1-1/2 lb. fully
  - 1 tablespoon fresh lemon juice
  - 3 cups (1-1/4 lb.) sugar
  - I box light fruit pectin

First prepare the fruit. Thoroughly crush, one layer at a time, about 3 pints red raspberries. Measure 2 cups into large bowl or pan. Peel, core and finely chop about 1-1/2 pounds pears. Measure 1-3/4 cups; add to raspberries. Add lemon juice.

Then make the jam. Measure sugar. Combine pectin with 1/4 cup of the sugar. Gradually add pectin mixture to fruit, stirring vigorously. Set aside for 30 minutes, stirring frequently. Gradually stir in sugar until dissolved. Ladle quickly into scalded containers, filling to within 1/2 inch of tops. Cover at once with tight lids. Let stand at room temperature overnight; then store in freezer. Small amounts may be covered and stored in refrigerator up to 3 weeks. Makes 5-1/2 cups or about 7 (8 fl. oz.) containers.

#### FRUIT CUP JAM

- 2-1/2 cups prepared fruit (about 1 pt. fully ripe strawberries, 1/4 medium ripe pineapple. 2 medium oranges and about 1/2 lb. fully ripe pears)
- 4-1/2 cups (2 lb.) sugar
- 3/4 cup water
- 1 box fruit pectin

First prepare the fruit. Stem and thoroughly crush, one layer at a time, about 1 pint strawberries; measure 3/4 cup. Peel, core and finely chop or grind 1/4 medium pineapple; measure 3/4 cup. Peel and section 2 medium oranges; remove all membrane and seeds and crush thoroughly; measure 1/2 cup. Peel, core and finely chop or grind about 1/2 pound pears; measure 1/2 cup. Combine measured fruits in large bowl or pan.

Then make the jam. Thoroughly mix sugar into fruit; let stand 10 minutes. Mix water and fruit pectin in small saucepan. Bring to a full boil and boil 1 minute, stirring constantly. Stir into fruit. Continue stirring 3 minutes. (A few sugar crystals will remain.) Ladle quickly into scalded containers, filling to within 1/2 inch of tops. Cover at once with tight lids. Let stand at room temperature 24 hours; then store in freezer. Small amounts may be covered and stored in refrigerator up to 3 weeks. Makes about 5-1/2 cups or about 7 (8 fl. oz.) containers.

#### PEACH-BLUEBERRY JAM

- 1-3/4 cups prepared fruit (about 1/2 pint fully ripe blueberries and 1 lb. fully ripe
  - peaches)
  - 4 cups (1-3/4 lb.) sugar 2 tablespoons fresh lemon juice
  - 1 pouch fruit pectin

First prepare the fruit. Finely chop or grind about 1/2 pint blueberries. Measure 1/2 cup into large bowl or pan. Peel, pit and finely chop or grind about 1 pound peaches. Measure 1-1/4 cups and add to blueberries.

Then make the jam. Thoroughly mix sugar into fruit; let stand 10 minutes. Add lemon juice to fruit pectin in small bowl. Stir into fruit. Continue stirring 3 minutes. (A few sugar crystals will remain.) Ladle quickly into scalded containers, filling to within 1/2 inch of tops. Cover at once with tight lids. Let stand at room temperature 24 hours; then store in freezer. Small amounts may be covered and stored in refrigerator up to 3 weeks. Makes about 4 cups or about 5 (8 fl. oz.) containers.

#### SWEET CHERRY-ORANGE JAM

(NOT IN PHOTO)

- 1-3/4 cups prepared fruit (about 1-1/4 lb. fully ripe sweet cherries and 1 medium orange) 4 cups (1-3/4 lb.) sugar
- 1/4 cup fresh lemon juice
- 1 pouch fruit pectin

First prepare the fruit. Pit and grind about 1-1/4 pounds sweet cherries. Measure 1-1/2 cups into large bowl or pan. Grate the rind from 1 orange, measure 1/2 teaspoon. Section orange, removing membrane; dice the sections and measure 1/4 cup. Add orange rind and sections to cherries.

Then make the jam. Thoroughly mix sugar into fruit; let stand 10 minutes. Add lemon juice to fruit pectin in small bowl. Stir into fruit. Continue stirring 3 minutes. (A few sugar crystals will remain.) Ladle quickly into scalded containers, filling to within 1/2 inch of tops. Cover at once with tight lids. Let stand at room temperature 24 hours; then store in freezer. Small amounts may be covered and stored in refrigerator up to 3 weeks. Makes about 4-3/4 cups or about 6 (8 fl. oz.) containers.

#### JULIA CHILD'S SYRIAN SALAD

Make a feast out of cold, leftover roast lamb by marinating slices of it and serving them with colorful bulgur salad. Bulgur is cracked wheat, which you can find in the health-food section of your market. It has a little more flavor and texture than rice.

The Marinade: Puree 1 or 2 large cloves of garlic with ¼ teaspoon of salt in a bowl; mash into a smooth paste with a wooden spoon, then mash in the peel (yellow part only) of 1/2 lemon, very finely minced. Also mash in 6 strips of anchovy packed in oil and ¼ teaspoon of ground rosemary or thyme. When all is a fine paste, whisk in 1 tablespoon each of Dijon mustard and lemon juice and 1/2 cup of good oil. (If you add it in droplets and beat vigorously, the sauce should stay emulsified, but it is not a tragedy if it doesn't.)

Blend in 1 or 2 tablespoon of capers, squeezed dry and chopped, and several tablespoons of minced fresh parsley. Season carefully, and you'll have enough sauce to baste and flavor 12 good slices of lamb.

The Bulgur Salad: Pour 1 cup of bulgur into a bowl and stir in 4 cups of boiling water. Let soak for 20 minutes or until tender when you chew a spoonful. Drain, and squeeze by handfuls in the corner of a towel to extract as much water as possible; place in a mixing bowl. Blend in a small, finely grated onion, pressing it with a spoon into the grains, then toss with salt and pepper to taste, 1/2 cup or so of chopped fresh parsley, fresh lemon juice, a tablespoon or more of good olive oil, and other tasty and decorative elements like diced green and/or red peppers, celery, cucumbers, tomatoes, black olives, fresh mint leaves. Mound your salad on a platter, and place the marinated slices of lamb around it.

#### **JULIA CHILD'S** LAMB SOUP

The Stock: Chop or saw your lamb bones into convenient pieces, brown them for 30 to 40 minutes in the upper third of a 425 degree oven with a chopped carrot and chopped onion, drain out the accumulated fat, and scoop bones and vegetables into a large saucepan. Pour a little water into the browning pan; simmer and scrape up the coagulated browning juices, pour them into the saucepan, add water to cover ingredients by an inch, and bring to the simmer. Skim off accumulating scum for several minutes, salt lightly, add a chopped celery stalk, 2 cloves of garlic,

halved but not peeled, a bay leaf, and a good pinch of rosemary or thyme. Cover loosely and simmer 3 to 4 hours, adding more water if needed. Strain and degrease.

The Soup: Simmer the stock with 1/2 cup of barley or lentils or 11/2 cups of almost-cooked beans, plus 1/2 cup each of diced onions, turnips and carrots. When ingredients are tender, season and add a bit of diced tomato for color, simmering 2 minutes, and a good sprinkling of fresh chopped parsley.

# Celebrate Cinco de Mayo

Easy Mole Poblano is a streamlined version of Mexico's bestknown fiesta dish.

is one of Mexico's liveliest national holidays. Commemorating the Mexican army's 1862 victory in battle over the invading French in the small town of Puebla, it's a time for merriment and feasting.

The ideal menu choice for a Cinco de Mayo party is Mole Poblano (MOE-lay poe-BLAH-no), the national dish of Mexico.

Created by nuns in Puebla over 200 years ago to honor visiting church dignitaries, the dish consists of chicken or turkey in a distinctive, dark sauce. Full-flavored and spicy, the sauce traditionally requires twenty or thirty ingredients, including unsweetened chocolate and a multitude of different chiles, seasonings and spices.

For home cooks who love Mexican food but lack time for involved preparation, a streamlined version of this favorite fiesta food has been

Easy Mole Poblano shortcuts preparation while carefully preserving the traditional taste of the original dish. To shorten cooking time, it begins with boneless skinned chicken breasts in place of whole chicken or turkey.

Rice is the traditional accompaniment for this dish and Cumin Avocado Rice is an easy, flavorful choice. Seasoned boldly with cumin, and given a lively flavor boost with picante sauce, avocado and green onion, it provides a colorful complement for the saucy, spicy

### Cheese flavor distinctive

Connoisseurs prize the exquisite, tangy little cheeses from France called chevres. A choice supply of many popular goat-milk French chevres are shipped to the United States. And they're in great demand because there is a chevre to please every cheese lover.

The texture is most distinctive: When the cheese is fresh, it is smooth and spreadable; when mature, it resembles a dry cream cheese. Yet the taste is always recognized by a distinctive bite.

Another special character of chevres is their varied shapes — pyramids, logs, loaves, patties. Sometimes they are wrapped in leaves or dipped in herbs or spices for still more tang.

Their variety makes them extremely versatile. Use the young cheeses as vegetable stuffings or spreads. Drier mature cheeses are great snacks and add unique flavor

# Heroes' lifestyles shown at worst in these 2 losers

If you're into drugs, booze and bad movies, "8 Million Ways to Die" (R) and "Jo Jo Dancer, Your Life Is Calling" (R) should be right up your alley.

Both feature supposedly resurrected substance-at users but the moral lessons get lost in showing decadent lifestyles that led the heroes down the garden path in the first place.

If either film was any good, we could probably come to grips with Richard Pryor's foul language and all the other objectionable activities. But both "8 Million" and "Jo Jo Dancer" (Pryor is in the title role) are so maudlin, boring and poorly constructed that one shudders to think these are "major motion pictures" with all-star casts and significant production budgets.

"8 Million Ways to Die" features Jeff Bridges as Matt Scudder, an alcoholic, gung-ho, macho cop who loses his badge, as the film opens. The rationale appears to be his smart-alecky response to the Police Internal Security Investigation regarding the shooting of a suspect.

IT SEEMED the thing to do at the time since the suspect was viciously beating two of Scudder's fellow cops with a baseball bat. This hardly should be cause for Scudder's dismissal, but it is typical of the film's murky writing, directing and editing.

Well, Scudder hits the bottle; his wife and daughter leave him, and he is hired by a pretty young pros-titute, Sunny Hendryx (Alexandra Paul), who works in a party house run by Chance (Randy Brooks). Chance is sort of a friend of Scudder's. Their relationship is, at best, muddled.

Predictably, Sunny is brutally murdered so Scudder hits the vengeance trail with the reluctant help of Chance's chief prostitute, Sarah Armstrong (Rosanna Arquette).

After Sarah gets drunk one night, her reluctance vanishes and she gets close to Scudder when she isn't fending off the advances of the arch-villain, drug dealer Angel Maldonado (Andy Garcia).

There you have it, enough material for a 30-minute TV cop show, but Director Hal Ashby manages to drag it out to 1% hours by in-terspersing Scudder's AA confessions with alcoholic binges and lots of shouting.

Believe me, there's nothing to shout about. The final shoot-out starts as a shout-out but winds up in such an overly obvious fashion that you will wonder why they picked this way when they had 9 million choices.

"JO JO DANCER, Your Life Is Calling" is a different kind of bad movie - the show-biz confessional. Richard Pryor's autobiographical, semisurrealistic, maudlin and only partially realized attempt to excuse and explain his almost fatal drug abusage is a major failure.

Technically, the film's confused structure is aggravated by an inaudible soundtrack. The film opens with Jo Jo Dancer badly burned and rushed to the Emergency Room. Until the very end, one is led to believe that a free-basing explosion was the cause, but an hourand-a-half later we learn that he had doused himself with booze, which he then ignited.

Throughout the movie, the spirit of the real, resurrected, spiritually refurbished Jo Jo leads us through his life and hard times, explaining why and how he got to the near end of things. A juicy double role for Pryor but . .

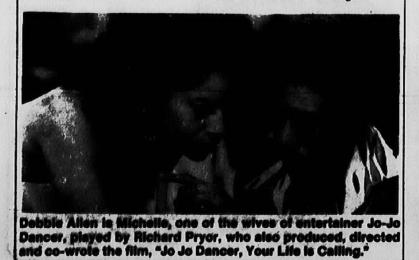

There are echoes of "All That Jazz" and Fellini confessionals but Pryor, who wrote and directed as well as stars in "Jo-Jo Dancer," relies too much on his hallmark, foul language, and seems to equate poor story development with surreal-

THE FILM IS greatly faulted in its glamorous presentation of drugs and fashionable partying. This is supposed to be the confession and resurrection of a reformed substance abuser, but the concluding eulogy for his former self is much too weak. One gets the feeling the burns scared him so he's on the wagon, but only for a while.

Black audiences, long deprived of their proper place in the media, will probably appreciate this film, particularly if they enjoy Pryor's style. But it seems that the longawaited major media opportunities for blacks should not justify a film with such negative values.

It reminds me of a Jewish audience to whom I once showed Al Jolson's "The Jazz Singer." viewers responded how marvelous it was that the first talkie was about a Jewish family. I couldn't agree less because the film's predominant theme is that the road to success is surrender of one's Jew-

In a similar vein, "Jo Jo Dancer" justifies a lot of pretty bad behavior on the grounds of the character's weak confession and his success in the media. Blacks should be just as offended at "Jo Jo Dancer" as I was at "The Jazz Singer."

# Fine California wines arrive

There is some splendid news in the 10 years aging new-wines-to-Michigan department, one of which I suggested in a recent column would in no way happen.

Regular readers will recall I recently extolled the many virtues of the Dunn Vineyard Cabernet Sauvignon 1982, a multi-award winner and deservedly so. Only very small quantities were ever made in this basement-garage operation on Howell Mountain in eastern Napa. The good news is that the wine is now here and available at selected outlets; the bad news is the price, something in the range of \$26-\$28 a bottle. Dunn apparently gave no discount to his shipper, so we must pay the "extra" costs of added handling.

For a most special occasion only, but one that will be made the more memorable with this rich and complex wine. It will benefit from 5 to

The presence of the other new single release surprised me even more than the Dunn. This is the Domaine St. George 1984 Chardonnay, a wine that the Wine Spectator recently listed as a best buy at its California price of \$4.99 and said some most laudatory things about. At this writing I have seen it locally at two outlets (Market Square at \$5.99 and the Merchant of Vino at \$4.99), but a great quantity was shipped and should be readily available by the time you read this.

THE WINE IS full of nice Chardonnay fruit, a bit citrusy, wholly uncomplicated by oak. One suspects it went through malo-lactic fermentation to attain its softness. Very nice. And don't be turned off by those white tartrate crystals at the bottom

of the bottle. They are pure and

I know nothing of this "winery." I suspect it is not one and is simply a d.b.a. Someone did something right with this one!

While I am on a recommending roll, there is a recently published book that is, with one qualification, a real knock-out. It is by the noted wine and food writer Anthony Dias Blue and is forthrightly called 'American Wine" (Doubleday, 1985;

It is essentially a series of brief precis on the separate wineries of the United States, not in Leon Adams' more narrative style, but winery by winery. It appears to be factual, where I have been able to check it out, and is extremely com-

wine

Richard Watson

My only reservation about the book is the presence of commentaries on specific wine issues. Features like this tend to become quickly out-dated, rendering the book less timely in appearance than it really is. But that was a publication decision and one that added no doubt considerably to the cost, a not modest one. However, this is a major publication that complements Adams' and can also stand on its own.

OU WON'T find Broadhead. Michigan, on a map and the notorious Green Pillowcase Bandit of Broadhead is nowhere to be found in the pages of any criminology textbooks.

That, however, doesn't mean they're not real.

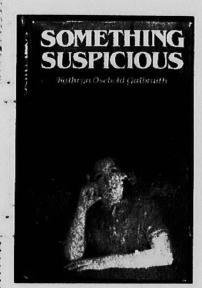

Broadhead, the Green Pillowcase Bandit, and an assorted cast of other characters can all be found in Kathryn Osebold Galbraith's "Something Suspicious" (Atheneum/Margaret K. McElderry, 1985, \$11.95). The mystery, written for children ages 8 to 12, includes a little bit of Plymouth in its pages.

. Galbraith, who now lives in Tacoma, Wash., grew up in Plymouth. She attended grade school at Our Lady of Good Counsel and graduated from Plymouth High School.

'It's sort of a combination of places I've lived, but it doesn't really exist, at least in one place," she said of Broadhead during a recent telephone interview. Broadhead com-bines aspects of Plymouth and Ypsilanti, where the author lived when she was very young.

"Certainly, the town square reminded me a lot of Plymouth."

THE MYSTERY begins with young Lizzie Bruce complaining to her mother that there's absolutely nothing to do.

**BILL BRESLER/staff photographer** 

The summer doesn't stay dull for very long for Lizzie and lvy in "Something Suspicious."

That very night, however, Wendell Bennett, who is president of the National Bank of Broadhead, comes to dinner with what Lizzie considers to be exciting news. The bank in the neighboring town of Green Hills has been robbed, with the robber using a green pillowcase as his signature.

The bank president jokingly asks Lizzie to help keep an eye out for the bank robber. Lizzie takes him up on the offer and convinces Ivy, her best friend, to help out with the job. Before too long, the girls find themselves with too many mysteries to

In addition to "Something Suspicious," Galbraith has written several other books. "Spots Are Special!" (Atheneum/Margaret K. McElderry, 1976) is a picture book for children ages 4 to 8 with black and white illustrations by Diane Dawson.

Her other publications include "Come Spring" (Atheneum/Margaret K. McElderry, 1979), a novel for children ages 9 to 14, and "Katie Did!" (Atheneum/Margaret K. McElderry, 1979), a picture book for children ages 4 to 8 with black and white illustrations by Ted Ramsey.

"SOMETHING SUSPICIOUS" was her first written in the first person. Her earlier books had been written in the third person.

The author found it to be a challenge writing in the first person and writing a mystery that would hold young readers' attention.

"Mysteries are harder. I have a great respect for mystery writers." Galbraith read a number of mysteries while she was working on "Something Suspicious."

Writing a good mystery requires that the author weave sufficient clues into the story.

"When you write mysteries, you have to play fair. You have to put the clues in. They all have to come out in the end and that takes a lot of planning.

The author writes books designed to hold readers' attention; she worries when she sees statistics about the number of hours young people spend watching television.

In addition to getting young people to read and write, Galbraith likes to populate her books with strong female characters.

'I do think it's important to show girls in roles other than passive, domestic. I like girls who are strong, who are full of adventure and fun. I think we should have strong

FOR A NUMBER of years, however, few books for children showed female characters as being strong and independent.

'I do think it's important to show girls in roles other than passive, domestic. I like girls who are strong, who are full of adventure and fun. I think we should have strong heroines.'

- Kathryn Osebold Galbraith children's author

"All the kids who had the fun were boys." The Nancy Drew books, despite their literary shortcomings, were among the relatively few books that showed strong female charac-

"She was important in that sense. Of course, things have changed dramatically and I'm delighted."

The author wanted to emphasize the friendship between the two girls in "Something Suspicious" and the love found in the Bruce family.

Although Lizzie and her older brother, Mitch, tease each other quite a bit and at times get on each other's nerves, there's no doubt they also love each other.

"I wanted to create a very loving family," Galbraith said. "I think it's important to show love between sibl-

Galbraith also tried to make her characters believable.

"LIZZIE AND IVY to me are real people. The longer you live with your characters, the more real they be-

In "Something Suspicious," Lizzie has a slight weight problem; as she describes it, "I'm not fat. I'm just big for my age." Ivy's parents are di-vorced, with Ivy dividing her time between the two households.

"Again, I wanted to show that Ivy's just a fine little girl. It wasn't the end of the world, it wasn't a trauma. It just was."

It took Galbraith about three years to complete work on "Something Suspicious." She didn't work on the book full-time. In addition to writing, she is administrator for the Tacoma Philharmonic, a nonprofit cal music series.

Galbraith has worked as a children's librarian in Seattle, Wash., and as a business librarian at Fordham University in New York City. She has also worked as a librarian

children. The event will be 1-3 p.m. Saturday. Galbraith grew up in Plymouth and now lives in Tacoma, Wash.

for the New York City Rand Institute and for the Family Service Association of America in New York

The children's author received an undergraduate degree in English literature from the University of Michigan. She received a master's degree in library science from U-M in 1970.

GALBRAITH SPEAKS regularly at young authors' conferences and has taught writing workshops for adults. Her husband, Steve Galbraith, is a native of Washington who is employed by the Puget Sound Na-

The author works at her Tacoma Philharmonic job in the morning and writes during the afternoon.

"It's a nice balance," she said. "I need to get out and be with people." When she's having a bad day writing, Galbraith finds it's good to be able to

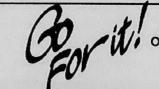

Plymouth-area residents will have an opportunity to meet Galbraith before too long. Plymouth Book World, at 470 Forest Ave. (in Forest Place), will host an autograph party to celebrate the publication of "Something Suspicious" from 1 to 3 p.m. Saturday, May 10.

"It'll be wonderful to see Plymouth again," the author said. Her mother lives here, as do two of her brothers. Another brother lives nearby in Livonia and another one in California.

The author's mother has kept her up-to-date on such things as the Plymouth Ice Sculpture Spectacular.

"That just makes Plymouth so ecial." the author said. "I think Plymouth is very, very lucky that it's kept its personality, but it's grown.

Physicians are well aware that injection of steroids can be harmful if perusid. The recommendation for injection comes from weighing the combility that this therapy will give relief, against the possibility that we medications will bring their own side-effects and hazards.

Joseph J. Weiss, M.D. Rheumatology RECEIVING CORTISONE BY INJECTION

IS DIFFERENT THAN TAKING CORTISONE BY TABLETS injecting a swollen knee or shoulder with cortisone or a similar steroid is a useful way to treat a flare of osteoarthritis or rheumatoid arthritis. Often people are concerned that receiving the injection will be "bad for me," and prefer to live with their pain. Such concern over a steroid injection only denies the individual an opportunity for relief.

Taking cortisone tablets on a daily basis can lead to harmful effects such as weight gain, high blood pressure, and thinning of the bone. Injection therapy avoids these problems. The type of cortisone used is chemically changed so it will have a strong action against Cnflammation, but not cause the other side effects of steroids.

### A defense against cancer can be cooked up in your kitchen.

There is evidence that diet and cancer are related. Some foods may promote cancer, while others may protect you from it.

Foods related to lowering the risk of cancer of the larynx and esophagus all have high amounts of carotene, a form of Vitamin A which is in cantaloupes, peaches, broccoli, spinach, all dark green leafy vegetables, sweet potatoes, carrots, pumpkin, winter squash and tomatoes, citrus fruits and brussels sprouts.

Foods that may help reduce the risk of gastrointestinal and respiratory tract cancer are cabbage, broccoli, brussels sprouts, kohlrabi, cauliflower.

Fruits, vegetables, and wholegrain cereals such as oatmeal, bran and wheat may help lower the risk of colorectal cancer.

Foods high in fats, salt-or nitrite-cured foods like ham, and

fish and types of sausages smoked by traditional methods should be eaten in moderation.

Be moderate in consumption of alcohol also.

A good rule of thumb is cut down on fat and don't be fat. Weight reduction may lower cancer risk. Our 12-year study of nearly a million Americans uncovered high cancer risks particularly among people 40% or more overweight.

Now, more than ever, we know you can cook up your own defense against cancer. So eat healthy and be healthy.

No one faces cancer alone.

2. It is ordained that the Schedule of Industrial Waste Pollutant Strength
Surcharges is hereby adopted and made effective for users of the waste water
system of the Township of Plymouth. Said surcharges to be computed as follows:

COMPUTATION OF INDUSTRIAL WASTE POLLUTANT STRENGTH SURCHARGE The industrial waste pollutant strength surcharge shall be computed in accordance with the following formula:

WHERE:

- Pollutant strength surcharge fee in dollars for the billing period. Volume of waste discharged in the billing period of Mcf (1,000 cubic feet).
- Five-day biochemical oxygen demand of the waste expressed in BOD milligrams per liter (ppm).
  Total suspended solids in the waste expressed in milligrams per "TSS"

SC = 0.0624 V a(BOD-250) + (TSS-300) + c) P-12

- Phosphorous in the waste expressed in milligrams per liter (ppm). Fats, oils and grease. "FOG" Surcharge rates \$/pound for treating BOD, TSS, P and FOG reab,c,d

# Chiefs celebrate Observerland title

By Brad Emons staff writer

They were yelling "Hail to the Chiefs" Saturday night at the 16th annual Observerland Boys Track Re-

Plymouth Canton first-year coach Rob Neu and former coach Mike Spitz each got a victory ride after the Chiefs clinched their first-ever title in the area's premier meet held at Livonia Churchill High School.

Canton scored in 12 of 16 events for a team-high 84 points. The highspirited Chiefs were followed closely by last year's champion, Churchill, which scored 741/2. Redford Catholic Central and Bishop Borgess tallied 74 apiece, making it one of the closest meets ever run at Observerland. (See statistical summary).

"When you have that kind of support behind you, it's good for a couple of seconds on the track," said Neu of his enthusiastic team. "This was nothing shy of a team effort."

Canton's firsts came in the long jump relay (Tyrone Reeves, Roger Trice and Geoff Estevez) and the shuttle hurdle relay (Bryan Whiteley, Jake Michaelson, Larry Allman and Dan Houdek).

The Chiefs added second place finishes in the high jump relay, 6,400meter relay, distance medley relay and sprint medley relay.

"THE KEY EVENTS were the sprint events," Neu said. "Our sprinters rose to the occasion. We knew we would score in the distance and jumping events. Our sprinters had to come through and they did."

But Neu was not only happy for his kids, he was equally happy for Spitz and former Canton assistant John Tarr, who helped bring the Canton program to respectability.

"Mike Spitz was deserving of that shoulder ride," Neu said. "This one belongs to Mike Spitz, John Tarr and the Canton program.'

Eric Gudeman leaps 13-0 to capture the pole vault medal for Churchill Saturday.

As usual, host Churchill scored well in the field events, racking up 28 points. Catholic Central was right behind with 26.

Churchill captured the high jump relay (Jim Rintilla, Steve Galindo and Jason Belaire) and pole vault relay (Eric Brandemihl, Eric Gudeman and Brian Kert).

The Chargers were hurt somewhat when their sprint medley relay squad took a surprising fourth, but then was disqualified for making a baton exchange in an illegal zone.

though we made a mistake here and there," said Price. "Going into the meet we figured we had to place in the 800 relay, but we didn't, and that's where we had to score.

"I don't want to make excuses. Maybe Canton is more alive than people think."

CC's firsts came in the shot put and discus relays (Dan Nash, Tom Eifrid and Matt Fras), as well as the 3,200 relay (Mike Csicsila, Kevin Krasko, John Regan and Jim Fedewa) and 6,400 relay (Jim Kolodziej, Mike Bodner, Regan and

BORGESS, WHICH captured the title in 1984, was on the brink of winning the meet until disaster struck in the shuttle hurdle relay when Sean Darkins went down with a hip pointer. The Spartans, who dominated the sprints, lost a possible eight points in the event.

"Our guys don't feel bad," said assistant coach Marion Pittman Sr. "They did one heck of a job. We're proud after only getting one point in

The Spartans were hurt by the absence of Tom Slawski, one of the area's top discus and shot putters.

# Salem, Canton win duals

Thursday wasn't the best day to run a track and field meet, but the Plymouth Canton girls team made the most of it, beating Walled Lake Western 70-59.

"The wind was terrible," said Canton coach George Pryzgodski. "It was like running in a hurri-cane. They had to have kids hold the hurdles so they wouldn't get blown down.

The Chiefs dominated the meet from 440-yard dash on, outscoring Western 37-4 in the final seven events.

Tricia Carney and Marie Jarosz led the way with a pair of firsts each. Carney won the 220 (29.5) and the 440 (1:07.0), while Jarosz captured the 880 (2:46.0) and the mile (6:05.9).

Sherry Figurski set a Canton long jump record, leaping 15-111/2. That topped Carolyn Nagy's 1985 mark of 15-8.

Lori Schauder won the 330 low hurdles (54.0) and Rachel Mann took the 2-mile run (12:56.0). The Chiefs (2-0) also won the 2-mile relay (11:48.0).

PLYMOUTH SALEM posted its first dual meet win of the season Thursday, topping Walled Lake Central 74-53.

Salem's superior field event team keyed the victory. Shelly Bohlan (29-5), Karen Marciniak and Nancy Rekuc went 1-2-3 in the shot put, while Marciniak (105-1), Bohlan and Keri McBride went 1-2-3 in the discus, staking Salem to a comfortable lead early in the meet.

Amy Johnson then kept Salem on top winning four individual events. She claimed the long jump (15-5), the high jump (4-6), the 110-yard high hurdles (17.8) and the 330 low hurdles (53.16). She earned 20 of Salem's 74 points.

Dena Head was the only other Rock individual winner. She captured the 100 in 12.18.

Salem won both the 440 relay (56.21) and the 880 relay (1:57.66). The Rocks are 1-1.

# Franklin rally upends Salem, 6-5

By Chris McCosky staff writer

Bloodied but not beaten.

That was the war cry of the Livonia Franklin softball team Thursday, after surviving an eight-inning, 6-5 Western Lakes tussle with Plymouth

"Winning this game was a huge lift for us," said Franklin coach Joe Epstein, whose team lost a doubleheader to Garden City April 26. "The Garden City game was a prestige game, and the kids were down after losing. We needed this one bad this win could go a long way for us."

Franklin and Salem came into the game on top of their respective divisions in the Western Lakes and, at times, both played like champions. Salem turned a pretty double-play. pitcher-to-second-to-first. Salem center fielder Mary Jo Callan made two diving catches and just missed a third. Franklin's all-state hurler Tracy Lectka demonstrated her athletic prowess, handling seven chances without error.

Then there were those other

Of Salem's five runs, only one was earned as the Pats committed four errors. Of the six runs scored by Franklin, three were earned.

FRANKLIN'S GAME-WINNING rally typified the good-bad game.

Franklin trailed Salem 5-4 going into the bottom of the eighth. Karen Schoeninger led off with a triple and scored on Cherie Mascarello's single to center. Nothing cheap about that.

But Mascarello went to second when the ball eluded Callan. She went to third on a wild pitch and scored the game-winner on a passed

there and other times we were shaky," said Salem coach Rob Willette. "We can't do that against a good team and expect to win."

Errors and mental mistakes aside, Salem put forth a courageous effort. The Rocks, once on the verge of getting routed, battled back and eventually had the Patriots gasping for air.

Mascarello, 3-for-4 with four RBI, helped stake the Pats to a 4-0 lead with an RBI single in the first and a line-drive, two-run home run up the gap in right-center in the third.

SALEM GOT two runs back in the top of the fourth on a clutch two-out, two-strike single by freshman catcher Darlene Gagleard, then dodged a bullet in the bottom of the fourth.

The Pats loaded the bases with no outs, but Salem pitcher Maggie Meissner worked out of it. She set down the top three hitters in the Patriots' lineup on two infield ground outs and a pop to short.

Denice "whack it" Tackett, who had three of the nine hits Salem off Lectka, knocked in a run in the fifth to pull the Rocks within one, 4-3.

In the seventh, Jessica Handley stroked a triple to right-center field. One out later, Leslie Plichta drove her home with a fly ball to right and the Rocks were even.

They pulled ahead in the eighth. Freshman Ann Mundinger led off with her second hit of the game. She went to second on a bunt by Meissner, to third on a passed ball. Gagleard brought her home with her second hit of the game.

But it wasn't enough Franklin took the second game (which counted as a non-league game) 7-6 scoring seven times in the first two innings. Mascarello and Maria Vesseliou had two hits each

# Salem, Canton get back to winning

That screaming and yelling you may have heard emanating from the Plymouth Salem baseball field Friday was only Salem coach John Gravlin trying to ignite his troops.

It worked. Salem, after blowing an 8-4 lead, scored twice in the bottom of the seventh to defeat Livonia Franklin, 10-9

-2

"I just went into a tirade in the dugout, just went crazy; that's out of character for me. I hate to get that angry, but I'm disappointed with the way we are going at it. We just aren't playing with any intensity," Gravlin said.

A six-run fourth inning, keyed by

back-to-back doubles from Sean Worden and Brian Dawson, gave the Rocks a comfortable lead. But Franklin came back with five runs in the sixth to take a 9-8 lead.

That's when Gravlin administered his verbal attack.

DAWSON WALKED to start the seventh. His older brother, Steve Dawson (who has been out with a shoulder injury), came in to pinch run. Todd Robinson singled Steve Dawson to second. Dawson alertly stole third and came home on an errant throw. Robinson, meanwhile went to second.

Genrich delivered the game-winning single to center field

"We have been playing just well enough to lose," Gravlin said. "We blew a four-run lead to Stevenson, a 7-0 lead to Harrison, a 6-4 lead to North Farmington and an 8-4 lead to Franklin. We just haven't been able to put the nail in the coffin. We just don't show a lot of heart out there.'

Junior left-hander Craig Hawley. making his first pitching appearance of the year, picked up the win in relief. Robinson had three hits, Mike Kesson and Chris Davis two each.

With two out, pinch-hitter Ricky Davis, a pitcher, has six hits in eight at-bats.

> ON WEDNESDAY, North Farmington scored twice in the last of the sixth to defeat Salem 8-7.

Shane Smith absorbed the loss for the Rocks. Jerry Sumner went 3-for-4 with two RBI and Rob Adams went 2-for-3.

Salem is 4-5 on the season.

CANTON 4-16, W.L. CENTRAL 2-6: Fred Crissey has held just two team meetings in 14 years at Canton. He held one last week after his Chiefs had dipped to 2-5 and into the basement of the Western Division.

The result: three straight wins. In game one at Walled Lake Cen-

tral Friday, Mike LaSota and Jeff Lyle teamed up to stymie the Vikings. LaSota worked 31/2 and left with a 3-2 lead. Lyle slammed the door the rest of the way piching nohit ball and fanning eight

Mark Stevens rapped a three-run home run in the first and Lyle added an insurance dinger in the sixth.

LaSota was the winner in game two, as the Canton bats exploded for 19 hits. Lyle hit a two-run homer and Steve Waite a three-run shot.

On Wednesday, the Chiefs ripped Walled Lake Western 17-8. Lyle, in relief of Paul Swartzinski, earned the victory.

Ron Balog knocked in five runs with a double and a triple. Waite hit a two-run homer and Chris Sisler hits a long three-run homer beyond the 380-foot sign in right-center.

"The key thing is that we're play-ing better defense," Crissey said. People tend to get carried away with the offensive thing in high school baseball. We're not making the mental mistakes that had been killing us. And really, the kids ironed out the problems themselves."

The Chiefs are now 5-5.

It's a shame the Michigan Humane Society has to exist at all. The sad truth is, however, that every day thousands of animals are abandoned or abused. And the number isn't

getting smaller, it's increasing.
And so are our expenses. The expenses that let us provide shelter, love and medical care for those innocent victims. Not to mention the expense of investigating and prosecuting hundreds of severe cruelty cases a year.

Please send a donation to the Michigan Humane Society so that we can continue this work.

Imagine how good that will make some poor animal feel. Imagine how good it will make you feel.

# Coast Guard tips for anglers

OK, nautical neighbors, listen up. With spring here, a lot of you fishermen are taking your boats out for the first time this year. So with the growing number of boating accidents, it wouldn't hurt to heed some advice on safe boating.

The U.S. Coast Guard passes along a few tips in that regard. Before launching your boat for the first time, the Coast Guard sug-

gests checking the following: · Don't plan on using the same gas that's been in the boat over the

winter. Dirty fuel can cause engine problems. · Give a thorough check of all the hoses and belts.

· Make sure all hull fittings are functioning properly.

· Also check the battery and electrical system.

THE COAST GUARD also warns against overloading your boat. Life jackets should be readily available and worn when the weather looks

When refueling, close all doors and hatches, and shut off the bilge blower. This can prevent your vessel from becoming engulfed in

A two-way radio should be kept on board in case anything should go askew on your journey. For boats that capsize, it's suggested you stay with the boat. A belly-up boat is easier for rescuers to spot and offers a platform to escape from cold outdoors

Take along charts of the area to make sure where you're going. (If you don't, you could be shacking up with Gilligan and his buddies.) Also take a first aid kit and know how to use what's in it.

It's highly suggested by the Coast Guard that you file a float plan, which includes the boat's name, the type and year, registration number, length, type of power, color, home port, and list of equipment. Point of departure, destination and estimated time of return are certainly items to be included in the float plan.

And leave drinking to the fish. Alcohol and drugs are the leading cause in many boating mishaps.

 A fly-tying demonstration is the featured subject at the Four Season's Fishing Club's May meeting slated for 7:30 p.m. Wednesday at St. Peter and Paul Orthodox Church Hall.

Guest are welcomed to attend the gathering at the hall, located at 36075 West Seven Mile (between Wayne and Newburgh Roads). Refreshments will also be served.

• A 1986 V-8 pickup truck waits for the overall winner of the 1986 Budweiser Salmon Derby, which begins Sunday, May 18, and runs through Sunday, Sept. 14.

All entries in the tournament must be caught in Lake Michigan or Lake Huron, and registered immediately at one of more than 40 official weigh-in stations around the lakefronts.

The fourth annual contest is Michigan's richest salmon derby. The contest features four segments with each winner collecting \$4,000 in prize money. The overall winner receives the truck.

In addition, the fisherman to catch the largest salmon in Lake Huron receives four Cannon Gigi-Troll downriggers.

The entry fee for non-charter boats is \$80 and \$150 for charter boats. Those interested can write to: Bud Reel People Salmon Derby, 1896 E. Midland Rd., Bay City,

• The Department of Natural Resources report good catches of crappie out of Kent, Orchard and Lotus lakes in Oakland County. Perch is being pulled in by fishermen on the Detroit River, Lake Erie and Lake St. Clair.

Walleye are being reeled in near the Edison Plant on Lake Erie.
