**EXTRA MILER:** Patsy Alver, educational aide at Fiegel Elementary, was named an Extra Miler at last week's Plymouth-Canton Board of Education meeting for performing above and beyond the call of duty.

Alver is a Plymouth-Canton native who attended Starkweather Elementary and graduated from Plymouth High School when it was housed in what is now Central Middle School. After graduation she worked 10 years as a secretary in guidance and counseling at Plymouth High and left district employment in 1966 to begin a family. She worked at Plymouth Salem High 1967-71 and then worked as a substitute teacher 1972-75 and 1982-85. In January 1985 she was hired as a full-time educational aide at Fiegel. Fiegel Principal Barbara Young said Alver "is extraordinary both in her attitudes and her work, and she makes a difference in the climate and performance of our office and our building."

**SQUEALS ON WHEELS:** Steppingstone Center for Potentially Gifted Children will conduct its "Squeals on Wheels" Halloween party at the Skatin' Station, 8611 Ronda Drive, at Joy in Canton.

The Halloween party started last year as an alternative to "trick or treating" as parents were becoming concerned with the risk of door-to-door "begging." The kids, and some of the parents, dress in full costume and skate 6-9 p.m. There are treats, prizes and refreshments and a prize of a VCR for one winner. Donations are \$2 with proceeds being used to supplement materials needed by the school. For ticket information, call Kiyo Morse at 459-7240.

**TREAT BAGS:** Children can collect their Halloween treats this year with bags being distributed by Henry Ford Medical Centers, including the one in Plymouth at 261 S. Main between Pennington and Church. Parents may pick up the free

# Sidewalk policy may be studied

Two women who asked the Plymouth Township Board to fill gaps in a sidewalk along Sheldon Road may prompt some fine tuning of the township's sidewalk installation policy.

The township's zoning ordinance requires sidewalks in all new residential and commercial developments and at existing parcels where major improvements are made.

However, problems can arise where no further development is possible and sidewalks were never installed — a conceivable situation in older subdivisions abutting major roads.

It then may become necessary to

acquire easements or rights-of-way from individual property owners before sidewalks can be installed.

Negotiating for those rights or obtaining them through legal eminent domain proceedings can take time and money.

**THEN THERE'S** the question of who will pay for the work — priced last year at up to \$6 per foot.

"The boards that have taken it up in the past have never reached unanimity for a process . . . so they have opted not to do projects," said Supervisor Maurice Breen.

"The biggest problem, I think, is to acquire easements. It's awful expen-

sive if you say, yeah, we're going to put a sidewalk down every conceivable route to school. I think if you do it for one, you have to do all."

Gail Wehby and Elizabeth Clement requested the filling of sidewalk gaps on the west side of Sheldon Road from a point north of Pine Tree to Brookside and south of Governor Bradford to north of John Alden.

A well-worn pathway connects existing stretches of sidewalk.

"The safety of our children is our main concern," they wrote. "Throughout the year our children have to contend with mud, standing water, ice, slippery grass and

unshoveled snow. To avoid these hazards they are forced to walk closer to Sheldon Road, which presents a dangerous situation."

**PLANNING DIRECTOR** James Anulewicz said he believes sufficient county-owned right-of-way already is available so additional land wouldn't have to be bought for improvements on Sheldon.

What he isn't too sure of, though, is what — if any — utility poles or trees may have to be moved for the walkway, how much the work actually will cost and who will pick up the tab.

About a half mile of sidewalks

would fill all the gaps along the west side of Sheldon. Figuring installation costs of \$6 per foot and no additional costs for right-of-way acquisition or utility relocations, improvements would run nearly \$16,000.

Breen doesn't seem too sympathetic to the request — at least for now.

"There are paths that have been used by kids for years. The scenario hasn't changed. Some of the people has."

The issue is expected to be discussed in more detail at a future township board meeting.

BILL BRESLER/staff photographer

## Skating to victory

Tom Madden, captain of the Hennessey Engineers steals the puck in a 6-4 win against the Detroit Falcons Friday in the Plymouth Cultural Center. A disappointing crowd of

about 100 turned out for the game. The win gave the Engineers a 3-0 record in league play. For more on the game, see page 1B.

# Deaf dog on the road again

By Tom Henderson staff writer

There's a happy ending for Bear Bryant, the dog who never knew which was louder, his bark or his bite.

After being given up by his owner, Bear, a deaf Australian shepherd, became a star recently — thanks to the Michigan Humane Society, which arranged his appearances on WJR radio and the Madonna College cable TV show.

The dog knocked 'em out. He licked the weather lady's hand on WJR, wagging his tail, perky looking, so happy to be out of the kennel and with people. He responded to sign language on the Madonna show. Sit? No problem. Come? Sure, right away. Stay? Man, that dog was glued. He was cute, intelligent, heart-warming — all the things a dog should be who's trying to get adopted.

Only thing was, no one wanted Bear.

"A family with a deaf child said they wanted him. It was all set," said Sherry Silk, a spokeswoman for the Humane Society. "But they backed out."

WJR broadcasts with 50,000 watts of power. On a good day its signal can be heard in much of the Midwest. Surely that would lead to something. But it didn't.

**IN THE MEANTIME,** Dale Burnett Jr., a long-haul trucker, couldn't get Bear out of his mind. For a year, Burnett had traveled the roads of America with his wife and puppy. But what was no problem soon became one — motel owners who didn't mind a cute puppy didn't want a full-grown shepherd sleeping in their rooms. And two people and a big dog in a semi wasn't exactly roomy. So Burnett decided to give up the dog.

Burnett's home base is Wetumpka, Ala. But he was getting a lot of loads out of the Detroit area and living at a Redford Township motel. "He called every day about the dog. He was just heartbroken," said Silk.

Burnett called one last time. "He said he wanted his dog back," said Silk.

The Society gave Burnett back his dog. Burnett went out and bought a trailer to tow behind the truck so he wouldn't have to worry about motels.

**BAKER** is against a balanced budget amendment — "you just get bookkeeping gimmickry," he said — and opposes limiting funds for abortions.

Baker opposes the development of nuclear power in the U.S. Pursell supports it.

The two don't even share common perceptions about what most concerns those who live in the district.

Carl Pursell

## election '86

Carl Pursell, angling for a sixth term in the U.S. Congress, maintains that constituents in the 2nd District are better served as he gains in experience, seniority and leadership roles.

His challenger, Dean Baker, a 28-year-old teaching assistant/graduate student at the University of Michigan, says he's the candidate with better ideas.

The electorate in the 2nd District, which includes Plymouth Township, Livonia and the city of Plymouth, will decide between the two on Nov. 4.

The choice definitely isn't one between tweedle-dee and tweedle-dum.

Baker, a Democrat, strongly opposes the administration's Strategic Defense Initiative (star wars) and aid to the contra-rebels in Nicaragua.

Pursell, 53, a Republican, supports the Strategic Defense Initiative — at least through its research phase — and financial assistance to the contra.

Pursell said he would support a balanced budget amendment to the U.S. Constitution and a ban on the use of federal funds for abortions except in cases of rape, incest or when the life of the mother is at risk.

"The first one has to be a very basic issue whether the United States is going to end up in a war in the next several years," Baker said. "I think it's clear in Central America we're having another Vietnam-type war there."

"The second, I would say, is where our dollars are going to go. Will our money go into military build-up or will we fund Social Security, Medicare, job training — things of that nature."

"The third one is are we going to get some of our tax dollars back?" Baker said. "We have a five-term congressman and the 2nd District is one of the worst in the nation for getting return on tax dollars."

**PURSELL'S** impressions? "I think a long-term concern is the hope for a strong economy, jobs, and some economic growth to keep the area and district prosperous. I think jobs and employment retraining are critical."

Eighty-four percent of district residents who responded to a recent survey want a balanced budget and no deficit, Pursell said.

"I've signed a pledge to keep the personal income tax frozen and not increase taxes," he said.

And what of the role of the federal government?

"We have constitutional responsibilities to carry out like defense of our country, the federal expressway program, post office," Pursell said. "There is a role in the area of re-

# Tighter solicitation ordinance suggested

A revised peddler/solicitation ordinance is in the works for Plymouth Township.

Provisions have been drafted to require more information of individuals selling magazines, cleaning products and other wares door to door in the township.

If the township board accepts the revisions as proposed, all solicitors or peddlers — profit and non-profit alike — would have to register at

township hall.

However, license fees wouldn't be required of religious, community service, school and political organizations. Groups like Girls Scouts would also be exempt.

Clerk Esther Hulsing requested tightening of the ordinance, which will be reviewed by township administrators and the board.

"This ordinance would protect cit-

izens of Plymouth Township from fraudulent people," said Robert Daly, a law clerk with the firm of Bokos & Plakas. "Also, it protects the door-to-door solicitor as someone who is not trying to break in or cause trouble."

Information required of solicitors would include the individual's name and address, names and addresses of the companies or organizations they represent, how long they intend to

solicit, and a description of the product, if applicable.

Transient merchants — those who stay at a temporary location for brief periods of time — also would be required to post \$1,000 surety bonds.

"The idea is to have a set of standards so if individuals fill out the card, they get a license," Daly said. "The current law leaves a lot of discretion to the clerk to extend a li-

cence . . . That's of questionable constitutionality."

While it may seem that township residents would be inconvenienced with the proposed ordinance, the letter of the law currently requires licensing now, Daly said.

Hulsing said she believes more information required of peddlers and solicitors could go far in keeping out con artists.

# Former teacher here challenges Rep. Law

Kathy Reilly

By Kevin Brown  
staff writer

Two-term Republican incumbent Gerald Law faces a challenge from Democratic challenger Kathy Reilly, an elementary teacher, in the race for the 36th District seat in the state House of Representatives.

The district includes the city of Plymouth and Plymouth Township and about half of Canton Township.

Law, 41, of Plymouth, a former Plymouth Township trustee, was elected to the House in 1982. Currently he serves as vice-chairman of the House Committee on State Affairs and is a member of committees on corrections, insurance and public health.

Reilly, 28, of Plymouth, a former fifth grade teacher at Our Lady of Good Counsel Catholic School in Plymouth, also is co-chairman of the

Plymouth-Canton Council for the Prevention of Child Abuse and Neglect.

She stresses tax reform to relieve burdens on working parents and senior citizens who, she says, "are being taxed right out of their homes." Reilly is against any expansion of the district's three prisons, favors more stringent testing of K-12 students to better insure adequate education, and says the legislature should do more to help single mothers, "the new poor."

Law also stresses tax reform and continued improvement of the state's business climate. He voted for the income tax rollback and stresses a need to reform "the abusive property tax system."

"If you're staying in a good neighborhood, your tax can go up three or four times but your income doesn't increase that fast," Law said. In

some states, "They've limited the amount of percentage that the total tax rate can be on property," he said, suggesting that Michigan adopt similar reform.

Law said an alternative could involve raising the sales tax. "Only voters can do it," he added, noting that the state constitution would have to be amended for this to occur.

Especially for property owners on fixed incomes, the current property tax system "may not be the truest way of assessing people's ability to pay," Law added.

Reilly calls for "a property tax break for everyone," adding she supports Gov. James Blanchard's property tax cut proposal.

"I'm not real thrilled about having three prisons in this area," said Reilly. "I propose that we don't expand them in any way, shape, or form." To head off crime, she proposes bet-

ter education, "especially in inner city areas." Reilly said this would encourage greater success in the job market for those students, and less chance they would turn to crime.

"Being an educator, I've seen children pushed through the system. I think we need to stop doing that."

She advocates reforms in how support payments to single mothers are collected. Reilly calls for direct Social Security deductions from fathers' checks. "So you don't have all these women on ADC, and the money doesn't come out of taxpayers' pockets." Aid to Dependent Children is a state welfare program.

Law, a graduate of Wayne State Law School who holds a master's degree in business administration, is married with two daughters. Reilly holds a bachelor's degree in elementary education; she is also married with two children.

Gerald Law

## Debate fires up 6th Senate race

State Sen. Robert Geake, R-Northville, and challenger Thomas Healy, a Plymouth Democrat and special assistant attorney general, addressed voters Tuesday at a League of Women Voters candidates' night in Livonia. The two are seeking office in the Sixth Senate District which includes Redford.

The election raises a "question of leadership," said Healy, who has served the state Highway Department, Liquor Control Commission,

### election '86

Public Service Commission and Consumer Protection Division.

Saying Geake "has not taken the initiative in representing us," and, "It's time for a change," Healy criticized Geake for a number of prisons being placed in the district.

He also said: "Mr. Geake is not speaking up for the people of this district. In June, he had the opportunity to vote to consider property tax relief. He voted against even bringing the bill onto the floor. In his August literature, he mentioned property tax reform. He knows it's of concern, yet he did nothing."

Geake, vice chairman of the senate appropriations committee, said: "I've been instrumental in getting revenue sharing and money for . . . cities with racetracks (Livonia and Northville) and tornado sirens for Redford."

He also said, "I feel my experience and years of seniority have been a plus for the people of this district. We'll have plenty of new blood, but I also think we need experience."

On crime: Healy said, "I think if we're going to have any kind of deterrent it has to be in the form of

Thomas H. Healy  
6th District

certainly of punishment — some jail time. I think the Legislature can mandate minimum sentences."

Geake: "We need to do more than lock them up. We need to do more in the way of probation and restitution."

On Medicaid-funded abortions: Healy said, "It's a question of equal rights, and a constitutional question. I am opposed to abortion, but . . . I don't see that we can deprive poor people of something that people with money can have."

Geake: "I am strongly opposed to Medicaid funding for abortions. We must look at the rights of an unborn child."

R. Robert Geake  
6th District

## Healy eyes senate seat

Thomas H. Healy, 64, is the Democratic candidate for the 6th District. The district includes the cities of Livonia, Plymouth and Northville and the townships of Canton, Redford, Plymouth and Northville.

Healy lives at 249 Blunk, Plymouth. He has a bachelor's degree from Drexel University and a law degree from the University of Michigan.

He has practiced law for 25 years and is a former assistant attorney general. He presently is a special assistant attorney general.

1. In what areas will federal cutbacks affect the state's budget and where would you shift resources to see that vital needs are met?

Local governments will experience the brunt of federal budget cuts, and will be hard pressed to maintain services without raising taxes or cutting services. The state

is already on record as saying it cannot afford to replace lost federal dollars. However, it can help local governments by subsidizing property taxes through the Homestead Property Tax Credit.

2. Do you believe it's possible to call for a reduction in either the Michigan property or income tax? If so, where, and will it have any effect on services?

Property tax relief would be accomplished by expanding the Homestead Property Tax Credit program; and financing it by closing loopholes that allow banks and insurance companies to pay less than their fair share of business taxes.

3. Does Michigan's Single Business Tax have an adverse effect on attracting and maintaining business in Michigan? If so, how would you change the tax and still maintain

benefits for the disabled and unemployed worker?

No. Surveys have shown that the Single Business Tax is quite competitive with other states' business taxes. The tax has not been raised since its introduction.

The single Business Tax has no effect on benefits for disabled and unemployed workers.

4. What do you believe is the state's role in providing or funding available and accessible child care facilities?

It is the first responsibility of the state to assure that child care facilities meet minimum safety and health requirements. After that, the state can continue to collaborate with local school districts and the private sector to assist families in finding quality care and generally monitor the need for new and innovative programs.

## Geake seeks another term

R. Robert Geake, 49, Republican candidate for the state Senate from the 6th District lives at 48525 W. Eight Mile, Northville.

He holds a doctorate in education and psychology, a master's in guidance and counseling and a bachelor's in special education from the University of Michigan.

Geake was elected to the state House in 1972, 1974 and 1976 and to the state Senate in 1977, 1978, and 1982. Before that he was elected trustee at Schoolcraft College.

The 6th District includes the cities of Livonia, Plymouth and Northville and the townships of Plymouth, Canton, Redford and Northville.

1. In what areas will federal cutbacks affect the state's budget and where would you shift resources to see that vital needs are met?

Although the Supreme Court ruled that the Gramm-Rudman law is unconstitutional, there is still a congressional commitment to reduce spending. As Senate appropriations committee vice chairman, I helped factor proposed federal budget cuts into Michigan's 1987 budget. This required increased state funding for

education, workfare, crime prevention, juvenile justice, health care, senior citizen services, and environmental protection. These programs will all require increased support in the next legislative session.

2. Do you believe it's possible to call for a reduction in either the Michigan property or income tax? If so, where, and will it have any effect on services?

Senate Republicans were first to prepare and pass a true property tax relief plan in 1986. I would expand property tax credits, eliminate school operating taxes on property of senior citizens, reducing their taxes by \$328 million in 1987. Senate Republicans have also introduced legislation to lower the state income tax to 4.2 percent to offset federal tax changes. The Michigan personal exemption, unchanged for 10 years, would be raised to \$1,750 under the Senate's plan.

3. Does Michigan's Single Business Tax have an adverse effect on attracting and maintaining business in Michigan? If so, how would you

change the tax and still maintain benefits for the disabled and unemployed worker?

Michigan leads the nation in the cost of doing business and for the sixth time in seven years has been ranked as having the nation's worst manufacturing business climate according to a national study. The Single Business Tax should be reformed to tax only profits, not gross receipts, and workers and unemployment compensation costs should be removed from the base. Republican bills making these reforms have passed the Senate, but not the Democrat-controlled House.

4. What do you believe is the state's role in providing and funding available and accessible child care facilities?

Adequate child care facilities are beyond the reach of many low-income families. The state must take an active role in developing them both through incentives to schools

## Heintz seeks county seat

Susan J. Heintz, 18715 Sheldon Road, Northville Township, is the Republican candidate for Wayne County Board of Commissioners from the 10th District. The district includes the cities of Livonia, Plymouth and Northville and the townships of Plymouth and Northville.

Heintz, 38, is presently supervisor of Northville Township. She has a bachelor of arts degree in political science from the University of Michigan.

She previously served as elected

township clerk and trustee and executive director of the Conference of Western Wayne. She also worked in the Chevrolet accounting division and as a field office trainer for Travelers Insurance Co.

1. What do you consider the No. 1 priority of the county commission? County infrastructure (roads, sewers, etc.) and deficit.

2. How do you propose to bring the county's budget into balance?

Establish priority list of goals; establish/continue cost savings programs; sell surplus county land.

3. In what ways should a county commissioner be accountable to his/her electorate?

Attempt to come up with ways for better communication including public forums, written communication with constituents and local elected officials. Should be available to constituents to answer questions and help resolve problems.

## Kopka makes county bid

John H. Kopka, 55, 8914 Floral, Livonia is a Democrat running for the Wayne County Board of Commissioners from the 10th District.

The district includes the cities of Livonia, Plymouth and Northville and the townships of Plymouth and Northville.

Kopka, a master technician at Easton Corp., has attended Lawrence Institute of Technology. He also has served in the military.

1. What do you consider the No. 1 priority of the county commission? Cancel the debt by functioning as

a corporation and trim all excess overhead and divest the county of any duplicate functions that are presently in operation today. Example are the parks.

2. How do you propose to bring the county's budget into balance? Transfer the parks to Huron-Clinton Metro Authority. This would also release the sheriff patrols back to the Wayne County Jail which is at present on a two 12-hour shift routine.

Use a commercial food service to

feed the inmates of Wayne County Jail.

These are but a few cost reduction ideas. It's a little difficult to be more precise when you are on the outside.

3. In what ways should a county commissioner be accountable to his/her electorate?

Be honest, keep no secrets. Let them keep abreast at all times. There is no need for them to have to ask questions that concern this. Hold meetings in out-county areas in the evening at least twice a month.

Wardrobe Shopping Service

For her fall wardrobe, she borrowed a few ideas.

She knew what pieces she wanted, but she felt that she could use a little help in selecting the exact styles that would work best for her. And she knew that the right accessories could really pull off the look she wanted. So she went to a great idea source: FYI! They were happy to lend her their expertise. And their legwork, as well.

 search. We have regular programs, Medicare and Social Security, where we provide additional help.  
 "Government should create mo-

mentum for growth and prosperity and increase the quality of life."  
 Pursell said he supports an across-the-board spending freeze and streamlining foreign trade efforts.

"WE NEED to modernize the St. Lawrence Seaway to keep commerce coming through," he said.  
 "I've put those (seaway and research) on a side table. We've got a

deficit to face and money isn't available."  
 While Pursell mentioned the military first when talking about federal obligations, Baker said military spending is the first area he'd cut.

"After you take out Social Security and debt, military spending is more than half the remainder," Baker said.  
 More money should be spent on the environment, education and job training, he said. Less on farm subsidies. He, too, wants more attention paid to trade deficits.

"I think the federal government has to play a very important role in supporting the market economy, the things, I think, the market economy doesn't take care of," Baker said.  
 "The federal government has a very important role in providing an adequate education for our children ensuring that the environment is safe. It has responsibility for the overall well-being of the economy."  
 "I think there are important issues

### STRING LESSONS:

Plymouth Youth Symphony will offer beginning and intermediate lessons on strings for elementary pupils every Thursday of the school year 5:30-6:30 p.m. for beginners and 6:30-7:30 p.m. for intermediate at Plymouth Salem High. The charge is \$60 for the year. To register, call 981-3387 after 6 p.m.

### PARENTAL WORKSHOP:

One of the ways parents learn about how their students are doing is through the parent-teacher conference. From 4 to 8:30 p.m. on Oct. 28 some Plymouth-Canton teachers will learn how to make these conferences more effective. In a workshop designed by the Institute for Personal Power and featuring Dee Dishon, teachers will learn how to keep track of student progress in a variety of ways, involve the student as a participant rather than a spectator and organize the format and content of the parent-teacher conference to make it more effective. The workshop is open to first year and veteran teachers alike.

#### HOW LONG WILL JOINT INJECTIONS LAST?

Injecting inflamed joints with a steroid medication is an accepted therapy in the treatment of arthritis. The steroid preparation used is a relative of cortisone, designed to stay in the joint area injected and not circulate through the body.

The effectiveness of a joint injection depends on two considerations: the source of the inflammation in the joint being injected, and the degree of activity that joint will undertake.

Take the knee as an example. If the steroid injected into that joint can reach the sources of inflammation, then substantial relief from pain is possible. However, if the individual's job or self care needs necessitate a large amount of walking, then the chances are that relief from pain will last only a few days or a week.

The fact that doctors cannot give strong assurances that joint injection will stop pain should not discourage a person from taking advantage of this therapy. In my experience joint injection provides substantial relief. Most patients are gratified for the relieve, since, even if short lived, it is better than no respite at all.

# Would a prestigious optical store like NuVision resort to gimmicks like coupons during their Fall Sale?

(Couldn't hurt.)

There are those who consider it a bit undignified to offer quality eyewear at a discount price. In most cases, the people who feel this way are the people who sell eyeglasses or contact lenses. Not the people who buy them.

After all, most people in the market for designer frames welcome the opportunity to save as much as \$40 on their next pair of glasses. They don't mind taking scissors in hand in order to pay \$20 less for a pair of daily wear soft or extended wear contact lenses.

But, if the prospect of clipping coupons out of a newspaper strikes you as a bit unseemly, feel free to continue paying too much for the latest innovations in eye care. The rest of us will be holding these coupons in our hot little hands and heading to NuVision before the big Fall Sale ends Nov. 22.

**\$40 off frames**  
 priced \$99.01 and up. Choose from select fashion frames. Good only with prescription lens purchase. Expires 11/22/86.

**\$30 off frames**

# Murphy touts court experience

By Teri Banas  
staff writer

This is the sixth in a series of profiles of candidates for the Wayne County Circuit Court. Voters will select three candidates in the upcoming general election on Nov. 4.

John Murphy is in an enviable position these days.

Placing first out of 17 candidates in the race for the Wayne County Circuit bench in last August's primary, most observers believe the Detroit stands the best chance of moving up to the 3rd Circuit this November.

He became an attorney 12 years ago, and has been a judge, starting in the Common Pleas Court and now Detroit's 36th District Court, since 1978.

With the backing of labor groups, Coleman Young, attorneys, Detroit area ministers and civic organizations, things couldn't look sweeter.

Murphy, himself, uses the term "uniquely qualified" when speaking

of his candidacy.

"I've also served as a visiting judge in the Wayne County Circuit Court which gives me the position of actually hitting the ground running (if elected)," he said in a recent telephone interview.

MURPHY, 38, is the only one of the six finalists with judicial experience. The other candidates are Gregory Stempien, Sean Kavanagh, David Szymanski, Kathleen Macdonald and James Rashid.

Murphy became a lawyer in 1974 and four years later was elected to the Common Pleas Court. He earned an undergraduate degree in political science from the University of Michigan and a law degree from Wayne State.

As a working attorney, Murphy specialized in representing labor groups, though he handled some criminal cases and divorce work. He appeared before the Worker's Compensation Commission and in administrative proceedings before the Workers Disability Compensation Bureau.

Murphy calls himself a "pretty level-headed" person, who believes in maintaining dignity for all concerned in his courtroom.

In the district court, he serves as presiding judge of the civil case load docket, and therefore handles administrative details, and decides motions, rather than actually hearing cases.

Murphy said he's seeking this job because "it's the most important trial court in the state of Michigan and I look at this as a promotion."

"Eventually I'll go back to private practice after a term, but I won't be interested in any other judicial position."

ON THE OPERATION of the circuit court, Murphy said the merger under way between the court and Recorder's Court is an important move that will result in speedier handling of civil cases, today a cause of three-to-five year backlogs.

"I believe the circuit court judges can transfer criminal cases to the Recorder's Court, freeing up judges

(to work on) the civil backlog," he said.

"Right now Wayne County judges spend two months out of the year on the criminal docket; that's two months they're not able to work on civil cases."

As for a specialized family law court, handling such matters as divorce cases, child abuse and child custody matters, he likewise felt that would expedite cases while offering needed "special attention."

"I don't believe the court gives it serious attention (currently)," Murphy said. "I believe the problems with the family are such that the court should have a specialized court."

HE ALSO believes judges should continue to be elected by the public rather than appointed, even though it's generally accepted that voters take little interest in judicial races. "It's more democratic that way," he said.

Murphy said there are three qualities essential to a good judge: "Patience, patience and more patience."

# DNR mulls plan to force Canton to halt pollution

Officials of the state Department of Natural Resources will decide this week what strategy to use to force Canton Township from pumping raw sewage into the Rouge River.

The DNR's Surface Water Quality Division chief Frank Baldwin said documents are being presented to DNR chief Gordon Guyer over Canton's failure to comply with anti-pollution controls.

At issue is Canton's recent decision to opt out of the North Huron Valley/Rouge Wastewater Control System, which state and county officials say would solve excessive river pollution and bring Canton in "compliance" with water quality standards.

BALDWIN SAID the DNR may go to court or ban sewer system tap-ins that could halt future de-

velopment in the township. "The director (Guyer) is committed that the state will take the action necessary to address the problem in Canton Township," Baldwin said while attending a state Water Resources Commission meeting in Livonia.

The comments were made after a contingent of state officials, led by commission chairman James Murray, went to Canton Friday morning.

The "group stopped at two Canton sites where the township has installed outdoor pumps to prevent raw sewage from flooding into residential basements."

Visited were the Winds Condominium complex on Haggerty south of Cherry Hill, where raw sewage is pumped across a parking lot and into a catch basin, and another spot at Cherry Hill.

# Plymouth developer eyes county land

By Teri Banas  
staff writer

Robert DeMattia, the Plymouth developer who built the sprawling Plymouth-West Industrial Complex, has made a \$13.7 million offer to develop 750 acres of county land in Northville Township.

DeMattia's plans to build a massive complex at the Five Mile-Beck area, including an industrial park, offices, homes, light industry, commercial businesses and some recreational uses.

The bid was the only one made on the largest portion of nearly 1,000 acres of county-owned property that recently became the center of County Executive William Lucas' plans for raising new money. The county is facing a cash flow shortage and approaching deficit that ranges \$30-\$70 million, depending on county or state estimates.

COUNTY OFFICIALS will meet to discuss DeMattia's proposal and four others, which were bid on two remaining parcels there, at a meet-

ing sometime this week, said a Lucas spokesman.

The decision will then be made on whether Lucas will recommend the proposal to the county commission.

If all parcels were sold at the top and/or available bids, the county could reap \$15,129,000, considerably less than earlier county projections of \$23-25 million.

"Those were the figures bantered about," said county purchasing agent Doug Gniwek.

Gniwek said he was "disappointed" that more bidders did not apply, though he considered the bids that did follow to be "more than reasonable," averaging \$17,000-\$20,000 an acre.

"These were not low bids; we just expected more bids," he said.

In total, five bids were received (one from DeMattia which included four parcels).

## Making some changes Peggy Sue tackles past, tough guys face future

Have you ever wondered how you'd do it, if you had the opportunity to do it over again? Science fiction gives us the chance to set matters right, or even improve upon the game.

Michael J. Fox went "Back to the Future" having conveniently, albeit accidentally, rearranged the past to make his present more palatable.

"Peggy Sue Got Married" (PG-13) and went back to see if she wanted to change things while a couple of "Tough Guys" (PG) have a ball taking matters into their own hands in the present.

Behind these very entertaining films are serious issues of whether or not we're happy with who we are, where we are and what we're doing as well as the most important question: Would you change things if you could?

"Back to the Future" answers that question with a resounding "Yes" and adolescent wish-fulfillment carries the day.

**PEGGY SUE BODELL** (Kathleen Turner) married her high school sweetheart, Charlie (Nicholas Cage), when they graduated. Now, 25 years and two children later, at their class reunion, Peggy Sue collapses and falls back through time to regain consciousness in her 1961 high school.

Obviously that's quite a shock for

a matronly mother of two grown children, particularly since she's having marital problems. But it does give Peggy Sue the opportunity to reconsider her life-choices and whether or not she really wanted to marry Charlie in the first place.

The film has a nice nostalgic touch with Peggy Sue appearing at the class reunion in a "prom dress" reminiscent of an earlier time. That segues nicely to antique cars and the dim, plastic 1961 decor. Francis Ford Coppola's direction, as well, has the quiet spirit of those happy, pre-Vietnam days.

Kathleen Turner's performance is excellent as a disturbed matron attending a class reunion without her husband. Good acting, clothing and hairstyles notwithstanding, however, Turner is a little too chunky and matronly to make it as a teenager.

"Peggy Sue Got Married" does have a nice touch and is pleasant entertainment. Some may complain about its deterministic philosophy that says you can't change things, be satisfied with what you have.

**THERE'S NO** progress possible with that view but if you believe it's appropriate to take matters in your own hands, you'll appreciate two lovable "Tough Guys" who do just that.

### the movies Dan Greenberg

Harry Doyle (Burt Lancaster) and Archie Long (Kirk Douglas) are released from prison after serving 30 years for train robbery.

Who robs trains any more? Harry Doyle and Archie Long, that's who, and they're proud of it. Throughout their own imprisonment they've kept in shape. So have Douglas and Lancaster, who look terrific for two older gentlemen appearing together for the seventh time in their long film careers. "I Walk Alone" in 1947 was their first.

In "Tough Guys" Archie is supposed to be 67 and Harry 71. They don't look old and certainly don't act it. Hilarious complications develop as society tries to fit them in the positions prescribed for elderly parolees.

Their parole officer, Richie Evans (Dana Carvey), places Harry in a retirement home where he meets and again romances an old girlfriend, Belle (Alexis Smith), who teaches aerobics to the home's elderly inhabitants.

**ARCHIE IS SET** to work as a bus boy. At the old gym, now a high-style exercise parlor with lots of girls in fashionable sweats, Archie meets Skye Foster (Darlanne Fleugel) and they start keeping house together.

None of this sits well with the establishment. Just to complicate matters, Deke Yablonski (Charles Durning), the policeman who caught them 30 years ago, is hanging around waiting to nab them again. Leon B. Little (Eli Wallach) is a near-sighted hitman who has waited 29 years to fulfill a contract on Harry and Archie.

With that superb supporting cast and Douglas and Lancaster's style, charm and considerable acting skill, "Tough Guys" provides a delightful evening at your local theater. Don't miss it.

Another excellent film, "Round Midnight," inspired by incidents in the lives of jazzman Bud Powell and his French friend, Francis Paudras, is as fine a piece of jazz film as you'll ever see.

Kathleen Turner is Peggy Sue Kelcher and Nicholas Cage is Charlie Bodell in "Peggy Sue Got Married." The film comedy examines their relationship today, as well as in their early years.

Directed by Bernard Tavernier, the film also features Herbie Hancock who composed, arranged, conducts and plays some of the best jazz you'll ever hear.

**THE FILM IS** loosely based on the relationship of Paudras and Powell but includes incidents from Lester Young's life as well as from saxophonist Dexter Gordon's experience.

Gordon plays Dale Turner, the name given this composite character, and Francois Cluzot is Paudras.

If you have even the slightest interest in the cool jazz of the '50s, you'll be entranced with "Round Midnight," a marvelous portrayal of those musicians and the French appreciation of "Le Jazz Hot."

## Don't be a 'winesap,' paying more than bottle is worth

The winesap is not only an apple. I wish I could claim credit for the above statement but, alas, I cannot. I saw it somewhere, was charmed by it and failed to note the source. This is all the credit I can give the author.

The title appeals doubly for its charm and accuracy. It was called to mind recently as I surveyed some of the local wine stores, seeking out the various goodies they hold.

Looking at labels is fun. Looking at price tags frequently is not. And the word is out that prices are again on their way up, an especially painful condition after two or three years' relative stability on the domestic scene and actual decreases with imports.

The increasingly weakening dollar and the banker-dependent California wine industry are but two of the causes of this bad news.

All the more reason, then, not to

be an innocent "winesap" by paying inordinate amounts for wine choices. A review of the wines on shelves even now shows that it is possible to pay a great deal for a bottle.

**IT IS NOW** possible to spend (using California Cabernets as an illustration) \$25 each for the three Diamond Creeks, about the same for the 1981 Duckhorn, \$27 for Chateau Montelena, \$22 for Clos du Bois Marlstone and \$30 for the 1980 Mondavi Reserve. The Kenwood Artist series, between its 1979 and 1982 issues, has risen from \$19 to \$28. Jerry Luper's new 1982 is a handsome \$37.50. These are all pretty heavy numbers.

The careful buyer will note that the following are also available: Liberty School at \$7, Glen Ellen for about \$5, Fetzer's excellent 1982 Mendocino for \$8, the Beaulieu Rutherford at \$11, the Westside Mer-

### wine Richard Watson

lot at \$6 and the very serviceable Almaden 4-liter jug at \$8. The 1984 Goal! from Smith and Hook at \$5 is another fine value.

A later column will address another aspect of the "winesap" phenomenon: the person who will not drink generic wines and the fine values he or she thereby misses.

**NEW RELEASE** notes: The vini-

culturists in the back room at Mondavi have done it again. Mondavi's recently released 1984 Red is another stunner. At that price for a 1.5-liter bottle, it is a clear Best Buy. I do not believe that there has been a weak issue from the winery since it began vintage-dating these bottles in 1979. This one is grapey and warm.

There are also some sparkling wines from California. Shadow Creek has three, all in the under the \$15 range. The non-vintaged brut may be the best, fresh with hints of citrus and yeast, but all are well made. On a smaller scale, look for Culbertson, a cool weather property in the Temecula area above San Diego. There is a brut and a blanc de noirs and both are good buys.

Corbett Canyon, formerly the woebegone Lawrence Winery, has finally arrived in Michigan. There has been a much greater change than the name of the place in a couple of years. A fine winemaker, Cary Gott, was brought in and the old cooperage and methods were thrown out dramatically.

A decent everyday winery was born almost overnight. It has, to date, issued four wines at modest prices in full liter bottles, some sound varietals in 750 ml sizes and, most important, a 1984 Reserve Chardonnay at about \$11 that is a marvel.

Alas, it has just been announced that Gott has left Corbett for the Monterey Vineyards. Let us hope his successor will do as well as he did.

**FINALLY, THE M.G. Vallejo** label is now available, a 1985 Chardonnay and a 1983 Cabernet. At under \$5 each, the wines were made at (and by?) Glen Ellen of Sonoma, a place that simple refuses to make a weak wine.

The Napa Valley hotline is again operating: 1-800-262-7286. The message changes weekly and runs into early November.

## brevities

### ● DEADLINES

Announcements for Brevities should be submitted by noon Monday for the Thursday issue and by noon Thursday for the Monday issue. Bring in or mail announcements to the Observer, 489 S. Main, Plymouth 48170.

### ● ATHLETIC BOOSTERS

Monday, Oct. 20 — Plymouth Canton High School Athletic Boosters will meet at 7:30 p.m. in Room 108 of Canton High School. All parents of students in sports at the high school are welcome to attend.

### ● SPOOKTACULAR

Monday, Oct. 20 — Registration is being taken through Oct. 20 in person or by telephone (453-0750) in Dunning-Hough Library, 223 S. Main, for Plymouth Library's two Halloween programs.

The first program for ages 4-8, and/or older children who do not like scary stories, will feature funny stories, crafts, games and treats 10:30-11:30 a.m. Saturday, Oct. 25, at the library. The second program for ages 8-12, and/or younger children who like scary stories, will feature scary tales, crafts, games and treats 7:30-8:30 p.m. Thursday, Oct. 23, at the library.

### ● CHILD ABUSE SERIES

The Plymouth-Canton Council on the Prevention of Child Abuse and Neglect is sponsoring workshops on the prevention of child abuse, specifically sexual abuse. Reservations may be made by calling Kathy Reilly, 459-2067. Each workshop will be 7:30-9:30 p.m. as follows:

- Wednesday, Oct. 22, Erickson Elementary.
- Monday, Nov. 17, Bird Elementary School.

### ● EAST MIDDLE CONCERT

Thursday, Oct. 23 — East Middle School choruses will present a concert in the school gym beginning 7:30 p.m. A theme of "That Was Then,

This Is Now" will include music from many eras.

### ● RUMMAGE SALE

Thursday, Oct. 23 — First United Methodist Church will have a rummage sale from 9 a.m. to 5:45 p.m. at the church, 45201 N. Territorial west of Sheldon, Plymouth. A buck-a-bag sale will be 6-8 p.m. The sale will support the mission program of the church. Items to be contributed for the sale may be taken to the rear door of the church building from 8:30 a.m. to 4:30 p.m. Monday, Oct. 20.

### ● STEPPINGSTONE OPEN HOUSE

Friday, Oct. 24 — The Steppingstone Center for Potentially Gifted Children will be holding an open house 7:30-9 p.m. at the school, 15525 Sheldon, Northville, near the Sheldon Road exit off M-14. Turn west at the flashing yellow light just north of Five Mile and follow the winding road about half a mile to the Dieter Recreation Building.

Classrooms will be open with exhibits of student endeavors, special projects and day-to-day work. In the foyer bulletin boards will display the Steppingstone participation in the Plymouth Fall Festival, and information about current and planned events. Staff will be on hand to answer questions and share information.

### ● HALLOWEEN PARTIES

Saturday, Oct. 25 — Canton Parks and Recreation is sponsoring the popular Halloween Parties for Canton children ages 3-12, 9:30-10:30 a.m. for ages 3-7 and 10:45-11:45 a.m. for all other ages in the Canton Recreation Center on Michigan Avenue at Sheldon. Children should come in costume for the party, which will include a costume judging contest, cartoons, refreshments and more surprises. Sign up in advance.

# Plymouth had a ten cent store in the 1930s

(Part 3)

Forty-five years ago, Plymouth had a blacksmith shop, a chocolate syrup factory, an artificial ice company, a hospital and a ten-cent store. These and many other commercial establishments that thrived here in the 1930s have, like the snows of yesteryear, departed from the local scene.

The blacksmith was Closson Chambers who did his work at 757 S. Main. The chocolate syrup factory, operated by Choice Foods Inc., was at 1000 General Drive.

Louis Norma recalls that chocolate syrup factory wasn't here very long. "I think part of the building was used when the plant for Pilgrim Drawn Steel was put up. But the smell of chocolate stayed around for years. They used to dump the syrup residue into the ground. You could smell it whenever the earth was dug up."

THE PLYMOUTH Artificial Ice Company (so-called because its ice was not cut from a pond in the traditional manner) was at 852 W. Ann Arbor Trail. The hotel was razed in

1927, but the ice company continued in business through the 1930s.

The old hotel barn, in which the ice company was housed, had been Ebenezer Penniman's Seminary School building in 1840 and had stood on the site of today's Central Middle School.

Penniman donated it to the school system in 1853. When it was replaced by a brick school in 1884, the frame structure was moved behind the hotel to serve as a barn. It was torn down in 1941 when an A&P store was built on Ann Arbor Trail near the entrance to today's Central Parking Lot structure.

The Plymouth Hospital was located at 218 S. Main, where Schweitzer Real Estate Inc. — Better Homes and Gardens is now in business. The hospital was begun in 1932 by sisters Lena and Alma Weist. Surgeons from the Detroit area came to Plymouth to perform operations here during the hospital's early years. Local physicians, surgeons and dentists also treated patients at the establishment.

At least 175 babies came into the

past and present

Sam Hudson

world there. It had reputation for cleanliness. The hospital ceased in 1953 when Lena Weist died. Her sister, Alma, lived in the building as a recluse until her death in 1977.

THE RED BOOK listed three department stores in Plymouth in 1939.

Goldstein's was at 376 S. Main, Simon's at 370 S. Main, and Taylor and Blyton's at 336 S. Main.

Plymouth also had a "new and modern ten cents store" in the 1930s and later. It was the D. & C. Store, which many Plymouth housewives have missed since it went out of business. It was located at the corner of S. Main and Ann Arbor Trail.

Automobiles that have not been on the market for years were obtainable in Plymouth in 1939. You could

buy a Studebaker or a Willys at Jack Miller's at 1008 Starkweather; a DeSoto at John Chapman's at 1094 S. Main; a Hudson or a Terraplane at Smith Motor Sales at 285 N. Main.

Ernie Allison was operating his Chevrolet agency at 331 N. Main, Carl Shear his Buick dealership at 640 Starkweather, Earl Mastic his Dodge and Plymouth agency at 710 Ann Arbor Road, and Paul Wiedman his Ford dealership at 470 S. Main, next to the Mayflower Hotel.

George Hough sold Pontiacs at 876 Fralick Avenue, Harold Coolman had Cadillacs at 275 S. Main, Jack Selle, who later was to succeed Carl Shear as the Buick dealer in Plymouth, was in business with his father. They had an automobile body bumping shop, J.W. Selle and Son, at 744 Wing Street.

THERE WERE two piano tuners in town. Herbert Culver was at 1033 W. Ann Arbor Trail. Clarence Stevens was at 240 N. Harvey. Clarence's advertisement in the Red Book contained his photo and explained that he was the piano tuner for Ypsilanti Normal (today's Eastern Michigan University).

Clarence was the oldest man in Plymouth when he died in 1969 at the age of 103. He once told a reporter that he had required the services of a physician only twice in his entire life. He told me he owed his longevity to exercising regularly.

Plymouth still had justices of the peace in 1939. Five were listed in the Red Book. They were: John S. Dayton, who was also municipal judge; Norman Miller, who was also Township Clerk; and William C. Webber, Hal P. Wilson, and George W. Richwine.

In his early days as an attorney, John Dayton was a partner of Paul Voorhies, attorney general of the state of Michigan from 1931 to 1933. It was Dayton's wife who published the Red Book.

George Richwine, father of Perry Richwine, had a harness and leather goods store at the junction of Ann Arbor Road and Ann Arbor Trail in earlier years, it had been on Penniman Avenue near the Penn Theater. Richwine was well known for the quality of the harnesses he made.

The justice of peace system of courts was abolished in the constitution that Michigan adopted in 1963. It was replaced in 1969 by a system of district court judges who legally are trained and whose compensation is in the form of salaries rather than fees on which the justices of peace depended.

The mayor of Plymouth in 1939 was L. E. Wilson, and the city manager was C.H. Elliott. An article by Elliott in the Red Book indicated that Plymouth was one of the first cities in the U.S. to adopt the city-manager type of government.

Elliott also pointed out that the city's tax rate of \$13.30 was one of the lowest in the state of Michigan for cities of this size.

(To be continued)

### Academics and the Bible

To the editor:

Not surprisingly, in a controversy like the one now brewing around the banning of movies and other materials at Centennial Educational Park, one will find more than one side to the issue. I hope to show yet another perspective.

I trust your readers will not simplify this issue into a polarized view of "secular humanist" teachers against "born again" Christians, while central administrators try to do a careful, political dance between the two, issuing directives to the only side they can direct. There also are others caught in the middle of this conflict.

I am a new teacher at the park. I also am a new Christian. Because I have insight into (and sympathies with) the attitudes of people on both sides of the argument, I have begun to feel compelled to offer my posi-

tion publicly in hopes of speaking for others who find themselves in a similar situation.

When I became a Christian, many elements of my life were finally resolved and ordered. But, about many other elements, I suddenly discovered I was grossly ignorant. Questions needed answering, not only about what I was experiencing but how I should live and what I should stand for. I am finding the answers to these questions and many more in a book which, ironically, has itself been banned for many reasons, in many cultures, at many different times in history.

"The Bible" has survived dozens of attempts to eradicate its unconventional teachings, and not always because only Christians defended it. Often, it was defended by the intelligentsia, the educated people of the time, the teachers, as it were, who knew that this beautiful book was the one most likely to be read by a wide segment of society and thus encourage thinking, literacy and inquiry.

Now, oddly, this book, once used exclusively as the foundation of a public education system, has become the source some people use to try to justify banning other pieces of literature and art forms. It is largely because of this that, like any good evangelist, I want to turn to it, to justify a more tolerant (and more Jesus-like) attitude toward those materials which exhibit thinking and values different from, or even alien to, our own.

The Book of Proverbs is one of the most insightful and poetic in the Old Testament. It still offers modern society sound counsel about the nature of wisdom, knowledge and instruction. One needs look no further than Chapter 1, verse 5 to find that, "A wise man will hear, and will increase learning; and a man of understanding shall attain unto wise counsels."; or verse 7, which indicates, "The fear of the Lord is the beginning of knowledge, but fools despise wisdom and instruction."; and later, verses 20 through 22 say, "Wisdom crieth without; she uttereth her voice

in the streets; she crieth in the chief place of concourse, in the openings of the gates, in the city she uttereth her words, saying, How long, ye simple ones, will ye love simplicity? and all the scornors delight in her scorning, and fools hate knowledge?" At this point I leave it to your readers to decide on which side of this issue God find Himself.

The question is not whether God approves of the showing of any particular movie in the classroom. At issue is the principle of academic freedom (tempered within the framework of the rights of the students, their parents and their teachers).

If it hadn't have been for educated people insisting on academic freedom, "The Bible" itself might not have survived to us in its present form.

The principle of academic freedom is much larger than any of the movies to which it is applied. It is a principle which Christians, parents, teachers, administrators and students must preserve, even at great cost. It is a principle which deserves

our working in tandem because it is the fundamental element of value and integrity in a free, public education system.

Steve D. Marsh  
Ann Arbor

### Board rude to students

To the editor:

A little background first. Plymouth-Canton Board of Education meetings are usually attended by those who are paid to attend and by a few stalwart citizens. However, it is common practice for special interest groups to show up in droves for a particular issue. These citizens generally leave the meeting soon after their issues are aired.

Of course it would be terrific if the school board could play to a packed house each time but frankly the meetings just don't have mass appeal.

Last week (Oct. 13) a group of parents expressed a concern, the board suggested a next step from them,

and the parents departed. Another group of parents aired a concern, the board gave them a next stop, and the parents left.

Then a group of students aired a concern. The only response they got was a condescending and patronizing lecture from one of the board members, no next step was offered to them and, like the groups before them, they left.

But — this time — the departure was criticized by a board member who snidely commented that all the students were interested in was their own issue and not about the rest of the agenda items.

Why were these comments reserved for the kids whose behavior had been orderly and appropriate? Why were those previous groups of parents not similarly criticized? I wonder if we teach our government classes that "You can't fight city hall." That's what these students learned at this meeting.

I was angered to see them treated so rudely by those two elected officials. I was sorry to see that no board members showed them any

# Rezoning sought for SC development

By Teri Banas  
staff writer

The Indiana company Schoolcraft College selected to develop 16.5 acres of college land has proposed a mix of office buildings, an eight-story hotel and restaurant for the site at I-275 and Seven Mile.

P.R. Duke and Associates will ask the Livonia Planning Commission to allow commercial use of that vacant southwest corner — on what's considered prime western Wayne County development land — Tuesday night.

According to documents submitted to city planners, officials with the Indianapolis-based company are still uncertain whether it would be profitable to land another hotel in the area, though.

"They're just not certain whether the market would support another hotel," said city planner John Nagy.

Until they decide otherwise, the company has sketched an alternate use for the property that replaces the hotel with a third, four-story office building. Designs illustrate the proposed restaurant as a one-story structure.

CITY COUNCIL president Robert Bishop, who discussed plans with two Duke officials last week, said he was impressed that an out-of-state company recognized "the I-275 corridor as a smart place for them to invest their money. I think that is good for the community."

"The whole package seems like a reasonable proposal. It seems to be along the lines (of other developments) in the area," Bishop said.

Nagy said he saw no "obstacles" to approving the rezoning request. A review of the company's site plans would follow once they're final.

The land is currently zoned for public use.

The city officials said that spokesmen for Duke, who appeared before a city council briefing last week, mentioned a couple of hotel chains they have discussed the project with, but as of last week no commitments were made.

Companies that Duke officials named were Radisson and Marriott. Marriott is developing two hotel units in the nearby Laurel Park development to the east.

Kenneth Lindner, president of the Schoolcraft College Development Authority, which is overseeing the development, said the authority "endorses the treatment of the site as it accommodates either alternative," in a letter he sent city officials.

The authority will consider final site plans at its next meeting.

BASED ON documents on file, the

single-story restaurant would front Seven Mile while the hotel and two office buildings, connected at their top level, would set back just south of the restaurant.

The order of the buildings would remain the same if the hotel was replaced with a third office building, according to submitted plans.

Though Nagy saw no obstacle to plans at this point, the city engineering department has asked for available information for further review.

Assistant city engineer Gary Clark has said there is "limited capacity" in the available storm sewer. He said it "appears necessary" for developers to detour water runoff into holding ponds.

He also raised questions about the area's sanitary sewer capacity, not-

ing that the recently installed Seven Mile Sewer Line was not designed for anything "other than public land use" for the Schoolcraft property.

In deciding to locate another hotel in the area, the developers are likely to take into consideration the proposed and under way hotel projects that have been mushrooming since the Livonia Holiday, the first to develop among the new hotels in the area, was built six years ago.

Besides the Holiday, others in existence along the I-275 "Golden Corridor" include the Novi Hilton near Eight Mile and the Quality Inn, on Six Mile.

AREA PROJECTS under way include the 240-room Embassy Suites in the Victor International Complex,

between Seven and Eight Mile roads; a two-hotel complex by Marriott in the Laurel Park development on Six Mile; the 10-story hotel Jona development near Meijers Thrifty Acres off Eight Mile; a 128-room Skyline Inn near there; and the Livonia Holiday's own proposed 96-room expansion.

Duke partner Mark J. Rougeux and Gary A. Burk, president of Duke Construction, were unavailable for comment last week.

Schoolcraft College struck a development deal with the Duke firm this year as a means to generate more revenue for the college.

## County land draws 5 bids

Continued from Page 5

Besides the DeMattia offer, which was proposed for a total of four of the six parcels, another parcel, this one for 51 acres, garnered a \$1.2 million bid from a Detroit-based conglomerate called Riverwood Associates. Riverwood has proposed a townhouse development there.

A third parcel, listing 10.5 acres, generated three bids ranging from \$89,930 to \$211,600. The bidders included Jean Hirs of Birmingham (\$217,000), APN Development Co. of Farmington Hills (\$211,600) and Dumar Development of Westland (\$89,930).

THE LAND was put up for sale more than one month ago even though a dispute still remains between county and state officials over the proper title to the land.

Located on the site of the former state-run Wayne County Child Development Center, state officials say they're entitled to recoup the cost of improvements made on the site before the county disposes it.

Other tenants — a Meals on Wheels program and a private school, for instance — are still located there. But tenants have long known of the county's plans to someday sell the land.

DeMattia, who lives in Northville, is a major general contractor who works throughout southeastern Michigan. He is also a member of the Wayne County Economic Development Corporation.

Oct. 15 was the deadline for all bids.

## Tiny crowd sees Engineers open home campaign

By **Tedd Schneider**  
staff writer

As first impressions go, this one wasn't bad. Not bad at all.

The Hennessey Engineers skated to a 6-4 win against the Detroit Falcons Friday night in the first-ever Junior A-level hockey game at the Plymouth Cultural Center.

A somewhat disappointing crowd of about 100 turned out for the game. It took an empty-net goal by Larry Pilut with seven seconds remaining to clinch a tight victory that had looked like a blow-out at the start.

The Plymouth-based Engineers skated to a 2-0 first-period lead and then shocked the Falcons when forward Leif Gustafson took a pass from linemate Pilut just five seconds after the second-period faceoff and knocked the puck home, past Falcon goalie Brandon Reed.

"I had visions in the realm of a runaway," Engineers coach A.J. Baker said of the quick start. "But the game got a lot tougher as it went along."

"The Falcons have a lot of talented players and they're not the type to just give up after 20 minutes of hockey and go home."

That's where some of the Falcon fans might have felt like heading during the first period, though.

**THE ENGINEERS** were handling everything Detroit threw at them, particularly Hennessey goalie Dave Church. Church had to take the heat during several Falcon power plays.

The breaks were going Hennessey's way too.

Five minutes into the game, with Hennessey leading 1-0, the Falcons had a two-man advantage and an open net when Church slid to the ice, diving to stop a shot.

But the Falcons couldn't convert.

Engineers defenseman Chris Kaske went on to score the second goal of the game at 10:18 on a wicked slap shot from the left side just inside the blue line.

Bryan Krygier, the team's leading scorer, and J. Jewett drew assists on

the goal. Hennessey outshot Detroit 13-8 in the period.

Things got considerably tighter after Pilut's quick second-period tally.

Denny Felsner opened up the Falcon scoring with a wrist shot that beat Church 2:04 into the period.

After Krygier returned the margin to three goals, Falcon forward Don Stone took a pretty pass from teammate Chris Hathaway, who was stationed behind the net, for the visitors' second goal.

**AND SOME** hard work around the net by Pat Deangelis payed off with the Falcons' third goal at 13:05.

With the score 4-3 and the Hennessey "rout" a thing of the past, tempers flared with a little more than five minutes remaining in the second period.

Hathaway and the Engineers Jeff Smith were given double minors for roughing and 10-minute misconducts for fighting. The fracas resulted in several other minor penalties as well.

With 1:31 remaining, Engineers defenseman Dan Frantti restored the two-goal margin with assists from Krygier and Eric Kapelanski.

The third period started out tentatively, with both teams feeling each other out, according to the Engineer coach.

"There was a time there where our kids were figuring out what to do," said Baker. "I guess they were so cautious because they had seen the lead slip and they didn't want to throw the game away."

The Falcons, who boast six players from the Plymouth-Canton area, made the last six minutes a game to remember after Mike Bachusz knocked the puck past Church from the blue line.

The Engineers held on though, and moved their record to 3-0 in league play.

Hennessey was scheduled to play against the Falcons Sunday in Fraser before returning home to face Computware at 8:15 p.m. Friday.

Engineers' J. Jewitt skates past Falcons' Don Barton Friday night in the Junior A season opener at the Plymouth Cultural Center Ice Arena.

Only 100 fans were on hand to see the Plymouth-based Engineers beat the Falcons 6-4.

BILL BRESLER/staff photographer

## Pioneer ousts Salem

Ann Arbor was full of surprises for the Plymouth Salem soccer team Saturday.

First of all, the Rocks figured they would be playing Ann Arbor Huron in the Class A district final. Wrong. Ann Arbor Pioneer was the opponent, and Pioneer blanked the Rocks 3-0.

Another outstanding season for the Rocks with nothing to show for it — no league title, no district title.

"Pioneer's a great team," Salem coach Ken Johnson said. "Fast, big, aggressive. And we played on a short, wide field which was to their advantage. They were just too quick for us."

It was the first time all season the Rocks were shut out. They only took five shots on the Pioneer net.

"I thought this was our chance (to win a district)," Johnson said. "I think maybe we had too many easy games toward the end of the season. The intensity wasn't there. We weren't getting to the ball."

**THE ROCKS** advanced to the finals by blasting Ypsilanti 10-0 on Wednesday. Ted Hanosh scored three times to pace the attack. His fourth hat-trick of the season gives him 15 goals — a single-season scoring record for Salem.

The Rocks have one more Western Lakes match to play. They play Franklin today.

"I told the kids if they want some goals, one more win this season and we'll have the record for most wins in a season," Johnson said.

Salem is 13-4-1.

Pioneer advances to the regional semifinals Wednesday and will play either Harper Woods, Notre Dame or Grosse Pointe South.

## Glenn boots Salem, 3-0; Canton rolls it up

That does it. It's time to organize a football game in Observerland between Plymouth Salem and Livonia Franklin. Two decent football teams with befuddling 1-6 records.

Call it the "If it weren't for bad luck, we'd have no luck at all Bowl."

Plymouth Salem banged, bashed and bruised for four quarters Friday night with Western Lakes Division front-runner Westland John Glenn. The Rocks forced four turnovers and didn't yield a touchdown to the normally high-powered Rocket offense.

And lost the game, 3-0.

Goodness. Let's review Salem's heartbreaking season. After a 49-0 jolt from Trenton, Salem loses 7-6 to Livonia Churchill, rout Walled Lake Central 42-6, lose 16-15 to Stevenson, lose 6-0 to Farmington, and 22-14 to North Farmington.

And now this 3-0 to John Glenn.

"I'll tell you the truth, I expected to win this game," said Salem coach Tom Moshimer. "This was the best defensive game we played all year."

Glenn amassed 100 total yards — all on the ground. Salem gained 102 yards — 60 on the ground, 42 passing.

**THE DIFFERENCE** in the game was a second-quarter, 35-yard field goal by Glenn's Tony Svaluto. He missed two other field goal attempts.

Turnovers stalled both teams. Salem mounted a serious drive in the first quarter, one of the Rock's two goal-line threatening drives of the night. With the ball on the Glenn 19, the Rocks fumbled it away. Later, the Rocks were halted on the Glenn 15.

The Rocks committed three turnovers on the night.

Glenn didn't take good care of the ball either with the four turnovers. Salem's Doug Prater had two interceptions. Joe Jouppi, Dave Frigerio and Kurt Urban — the Rocks' punishing linebacker trio — consistently sealed off Glenn's running attack.

In any case, the Rockets (6-1) will take the win. It assures them of a share of the Lakes Division title. De-

pending on the tie-breaker (state playoff points), Glenn, North Farmington or Livonia Stevenson will meet Farmington Harrison Saturday for the Western Lakes championship.

**CANTON 26 NORTHVILLE 0:** Look what woke up — the Plymouth Canton offense.

In its last four games, Canton had scored a total of 20 points. Friday night, the Chiefs made up for lost time.

Neil Hubert made his first start at quarterback for the Chiefs. He responded by scoring three touchdowns, rushing for 32 yards and completing five of 11 passes for 118 yards.

Under Hubert's guidance, the Chiefs amassed 337 total yards — easily their best effort of the season.

Hubert opened the scoring in the second quarter with a 12-yard TD jaunt. Ron Balog scored on a 2-yard run in the third quarter and Hubert added a 4-yard scoring run.

Hubert's 1-yard dive in the final quarter closed the scoring. Mike Grey kicked a pair of extra points for the Chiefs.

Speedy tailback Roger Trice carried the ball eight times for 83 yards, keying Canton's 219-yard rushing effort on the night. Tony Boucher caught four of Hubert's passes for 85 yards.

The Canton defense was its normal stingy self. Led by Scott Browne and Wes Johnson, the Chiefs checked Northville on 72 total yards. Scott Higgs picked off a pass for the Chiefs, while Browne and Johnson each recovered fumbles.

The win snaps a four-game losing streak for the Chiefs and leaves them with a 3-4 record. They will host Farmington next Friday. Northville, 2-5, will host Salem Friday.

**STEVENSON 19, W.L. CENTRAL 7:** Livonia Stevenson secured its share of the Lakes Division title Friday night dominating Walled Lake Central.

Salem's Joe Jouppi hurries Glenn quarterback Steve Hawley Friday night. Glenn had 0 yardage passing, but won the game 3-0.

BILL BRESLER/staff photographer

### The good Shepherd

Doug Shepherd of Plymouth, along with co-driver Ginny Reese, drove his Dodge Charger to a first-place finish recently

at the Ojibwe National Pro Rally in Grand Rapids, Minn. Shepherd has won 16 straight pro rally races in his Dodge.

## Lineup change ignites Ocelots

The new-look Lady Ocelots clicked for four goals Wednesday and shut out Oakland University 4-0, giving Schoolcraft College its 11th win in 15 soccer matches.

SC scored twice in each half, with Denise Piwko, Elizabeth Peters, Jane Moylan and Sara Brassell getting goals. Doreen Beagle performed well in the nets and center-midfielders Tina Bazar and Dorene Dudek controlled the game.

The win, combined with victories the previous weekend over visiting Florissant Valley CC (2-1) and Meramec CC, showed marked improvement in the Lady Ocelots. Coach Ed Dudek has been switching and adjusting his lineup ever since SC lost 3-0 to Monroe (N.Y.) CC.

"Monroe is still ahead of anyone we faced," said Dudek, referring to the wins FVCC and MCC, two NJCAA tournament-berth contenders. "The only reason I'm (switching players' positions) is because I know we can't beat Monroe without changes."

Dudek moved Sheri Wolfe up from defense to right wing, switched center forward Piwko to left wing and inserted midfielder Moylan at center forward. The new front line is bigger, and each possesses a strong leg.

DUDEK HAD reservations about the moves because of what they could do to the defense. But with his daughter, Dorene, and Bazar back at

### Schoolcraft sports

midfield after each served five game, NJCAA-ordered suspensions (Bazar because she played on a club team at Ferris State, Dorene because she played five games last year before being injured), the SC coach ordered the alterations.

Against FVCC, Bazar headed in a Dudek corner kick and Peters converted a Moylan pass as the Lady Ocelots built a 2-1 halftime lead and made it stand up. Against MCC, Ba-

zur again scored after a Dudek corner kick and Piwko and Peters added goals, with Moylan earning an assist.

SC's 3-0 lead at the half prompted this praise from Dudek: "That was the best half we've played all year."

The Lady Ocelots have three more games in their regular season — at the University of Michigan Wednesday, and at home against Central Michigan (Saturday) and Purdue (Sunday). After that, nothing is scheduled until the NJCAA tournament Nov. 26-29.

"I think those wins (last weekend) gave us a lock for nationals," said Dudek. Now the question is how far will they go?

## North Farmington ousted in state tournament

It's tough to make much noise in the Class A state soccer tournament when you face the No. 1-ranked team in the pre-districts.

Such was North Farmington's fate Wednesday, as Livonia Churchill ousted the Raiders 5-1.

"We played real flat," said North coach Cathy Cole. "We were real fired up to play but Churchill got a penalty kick early. That first goal seemed to take something away from us. It's no excuse, really, but it kind of broke the guys' hearts."

Sophomore Khaled Zeidan scored twice for the Chargers (16-0-1). Torin Gniewek, Brian Thomas and Pete Alexander also scored for Churchill.

Jon Houser scored North's lone goal. The Raiders fall to 11-5-1 on the season, three of the losses were to Churchill.

CATHOLIC CENTRAL 4, GRAND BLANC 2: Redford Catholic Central won a pair of boys soccer games last week.

On Thursday, the Shamrocks raised their season mark to 10-4-4 with a 4-2 non-league triumph over Grand Blanc in a match at Livonia's Jaycee Park.

On Wednesday, CC downed Dearborn Edsel Ford, 3-0, behind two Craig Thiel goals in a pre-district game.

Thiel, notching his 11th of the season, tallied the game-winner with only one minute left in the first half against Grand Blanc. Jason Ries assisted on the goal.

In the second half, the Brown brothers, Aaron and Jeff teamed up for an insurance goal.

Jeff also scored on a 40-yard di-

rect kick and Aaron tallied CC's first goal during first-half action.

Mike Hampton and Pat Allen scored for the Bobcats.

CC outshot Edsel 19-9 and recorded nine corner kicks.

Thiel had two goals, getting assists from Brian Thiel, his brother, and Joe Arndt. Jeff Brown scored CC's final goal on a breakaway with three minutes left.

Goalie Casey Burke posted his second straight shutout in state tourney play.

STEVENSON 4, NORTHVILLE 0:

On Wednesday, Lars Richters' two goals and one assist carried Livonia Stevenson (16-0-3) to the pre-district victory over visiting Northville.

The No. 2-ranked Spartans scored three goals in the second half to put the game away.

Richters, a senior striker, ran his goal and assist totals to 26 each. Ray Barnas also had a goal and an assist while Pete Galea scored once. Eric Schwedt assisted on both of Richters' goals.

Kurt Williford was the Spartans' defensive standout.

## Rocks rip Vikes, near Lakes title Canton in Western hunt

By Chris McCosky staff writer

How important is Jill Estey to the Plymouth Salem girls basketball team? Check this out:

The sophomore point guard was ill and didn't start Thursday at Walled Lake Central. After one quarter, Salem turned the ball over nine times and trailed 13-7.

Enter Estey. Salem turned the ball over just three times and outscored Central 19-6 in the second quarter and went on to rout the Vikings 58-35 in a key Western Lakes Lakes Division contest.

In that second quarter, Estey forced two turnovers early then made three consecutive steals during a 15-2 Salem run. Central committed 11 turnovers in that fatal quarter (26 total).

"Jill was sick yesterday, and we only wanted to play her a couple of quarters tonight," said Salem coach Fred Thomann. "Luckily, we got in a position to do that."

"She keys our defense because she's so quick. The steals we were getting in the second and third quarter we just missed in the first quarter. Plus, our running game is much better when she's on the court."

Salem is now 10-0 in the Western Lakes, 12-1 overall.

CANTON 42, W.L. WESTERN 35: Plymouth Canton made up for a severe height disadvantage Thursday night with sagging, pressurized defense that forced Walled Lake Western to gun from the perimeter.

Just what the doctor ordered for the Chiefs. The win keeps Canton in contention for the Western Lakes Western Division title Canton and Northville, each with 6-4 records trail Churchill (7-3) by one game.

"It was a combination of things for us tonight," said Canton coach Rob Neu. "On defense we were getting great help-side play and we dropped our guards way down. We made it very difficult for them to get the ball into the post area. Offensively, we made fewer turnovers and had better shot selection."

Karen Boluch scored 16 to lead all scorers. Michelle Fortier added eight.

Diane Hall was Western's leading scorer with eight. The Warriors fall to 5-5 in the league, 6-6 overall.

Canton is 7-6 on the season. The Centennial Educational Park basketball teams (Canton and Salem) are a perfect 4-0 against Walled Lake teams this season.

THE WIN just about locks up the Lakes Division title for the Rocks. They have a two-game lead over Westland John Glenn and a three-game edge on Central. Salem has six league games remaining, four against teams with records below .500.

"We're in a real good spot now," Thomann said. "We still have to go to Glenn (Nov. 6), but unless we really slip up that game won't be for the division championship."

Dena Head did not score in the first quarter. That's the last of the good news for Walled Lake Central. She scored 12 points in the second quarter and finished with 20 points and 16 rebounds. She also made numerous passes that very few high school players can make and she was a demon on defense. She blocked five shots.

Kristen Hostynski kept Salem in contention early, scoring six of the Rocks' first 11 points. She finished with 10. Jessica Handley took over the offense in the second half scoring 12 of her 16 points. Barb Krug and Kerri McBride were also very effective for the Rocks inside and on the boards.

Dena Head scored 20 points and grabbed 16 rebounds for Salem Thursday.

FOR CENTRAL (7-3 in the league, 9-3 overall), Pam Fitzgerald and Diana Bolin scored 10 each. Central was without starter Amy Freeman. She is out indefinitely with mononucleosis.

"We have been sluggish lately, and I don't really know why," Thomann said. "Tonight we finally started to move the ball around. The ball was getting out of people's hands. That's one thing that high school players don't really understand. The dribble is a great weapon, but the pass really puts the defense in a bind."

# Western, Central can't match CEP

The Plymouth Canton swim team, facing a crucial Western Lakes dual meet Thursday, got a chance to relax a bit Thursday.

The undefeated Chiefs blasted Walled Lake Western 125-42. They won every event.

Michelle Stackpoole won two events. She took the 200-yard individual medley (2:36.1) and the 100 freestyle (1:02.4). She also swam a leg of Canton's winning 200 medley relay. She teamed with Sue Schendel, Sarah Schmitz and Val Gildhaus on a 2:22.0.

Other individual winners were Danielle Dickinson in the 200 freestyle (2:12.8), Cassie Cummins in the 50 free (26.99), Lisa DeJong in diving (224.6), Julie Cox in the 100 butterfly (1:00.9), Shannon Beeding in the 500 free (6:42.3), Kristy Brugger in the 100 backstroke (1:11.2) and Gildhaus in the 100 breaststroke (1:20.1).

Sarah Schmitz, Amy Schmitz, Dickinson and Cox teamed to win the 400 freestyle relay in 4:04.2.

Canton (6-0) swims Western Division challenger Livonia Churchill at home Thursday.

PLYMOUTH SALEM picked up

## swimming

its first Western Lakes dual meet win Thursday against Walled Lake Central, 138-30. The Rocks won every event.

Katie Vesnaugh was a double winner. She captured both the 200 free (2:20.2) and the 500 free (6:07.6).

Other Salem winners were Stacy Anderson in the 200 IM (2:37.4), Cindy Elliott in the 50 free (27.4), Tina Aquino in diving (170.7), Shannon Murphy in the 100 butterfly (1:06.9), Heather Bunch in the 100 freestyle (1:01.2), Debbi Kelley in the 100 backstroke (1:13.1) and Erin Olson in the 100 breaststroke (1:17.8).

Bunch, Olson, Murphy and Elliott won the 200 medley relay in 2:05.4. Tracy Meszaros, Dawn Shiek, Murphy and Elliott won the 400 freestyle relay in 4:01.7.

Salem is 4-4 overall, 1-3 in the Western Lakes.

# Chiefs run to Western crown

Crown the Plymouth Canton Chiefs cross country teams Western Lakes Western Division champs for 1986.

The Canton contingents clinched the title Thursday with a double win against Northville. The boys won a close 25-31 decision, while the girls won on forfeit. Only four Mustang girls ran in the race. Both teams finished with 8-1 dual meet records, 5-0 in the league.

For the boys, it was their second consecutive division title. For the girls, it had been a long time coming.

"We didn't have enough girls in the program to compete last year," said Canton coach George Pryzgodski, in his first season with the Chiefs. "It feels real good. The first time I saw

a cross country meet was last year. I didn't really know what to expect. But I knew the girls from track, and I knew we had some great athletes."

Lori Penland (21:19), Sherry Figurski (22:18), Cindy Spessard (22:25), Angie Miller (22:40) and Jenny Kincer (23:13) grabbed the first five places at Cass Benton Thursday. Canton took nine of the first 10 spots. Rounding out the field were Michelle Young (23:16), Missy Jasnowski (23:40), Tricia Carney (23:41) and Jenny Jarosz (24:03).

THE BOYS race was a war. "A dandy race," is how Canton coach Jim Hayes described it.

The Chiefs gave away the first two places. Northville's Kevin Haas won

the race in 16:29. But the Canton pack roared in at third, fourth, fifth, sixth and seventh places in a span of 33 seconds.

Jay Swiecki was the first Chief

(17:13). He was followed in by Kirk Roessler (17:39), Dean Juergens (17:42), Matt Hall (17:45) and Bart Hall (17:46). Al Byrnes placed 10th in 17:52.

### PLYMOUTH-CANTON COMMUNITY SCHOOLS NOTICE TO BIDDERS

The Board of Education of Plymouth-Canton Community Schools invites the submission of sealed bids for the addition to the Gallimore Elementary School. Bids will be received until 3:00 p.m. on Tuesday, October 28, 1986, at the Board of Education offices, 454 South Harvey Street, Plymouth, Michigan. Bids will be publicly opened after the time for receipt of bids at the Board of Education offices.

The plans and specifications under which the work is to be done may be examined at the offices of the Architect, IMP Associates, Inc., 1191 West Square Lake Road, Bloomfield Hills, Michigan 48013 or at the offices of the Construction Manager, Barton-Malow Company, 13155 Cloverdale, Oak Park, Michigan 48237. Copies may be obtained for bidding purposes by making a deposit of TWENTY-FIVE DOLLARS (\$25.00) per set, in check only, payable to the Plymouth-Canton Community Schools. This deposit will be refunded upon return of the plans, in good condition, within ten (10) days after the date and time for receiving bids. Bidding documents will be made available to bidders on or about October 20, 1986. Bidders shall mail or deliver deposit checks to the Construction Manager, Barton-Malow Company, at the American Center Building, 27777 Franklin Road, Suite 800, Southfield, Michigan 48034. Attention: Charles Opperman, (313) 351-4519, where bidders may pick up the bidding documents or arrange for shipping of the documents. Copies may also be examined at the offices of F. W. Dodge Corporation, Detroit, or at the offices of The Construction Association of Michigan (formerly known as The Builders Exchange of Detroit).

A certified check, bank draft, negotiable U.S. Government Bonds (at par value), Small Business Administration Guaranteed Securities, or a Bid Bond in an amount equal to not less than five percent (5%) of the total amount of the proposal shall accompany the bid.

The Board of Education reserves the right to accept any proposal, to reject any or all proposals, to waive defects in proposals, and to make the award in its own best interests. No bid may be withdrawn within sixty (60) days after the actual date of the opening thereof.

Proposals are requested for the following categories. Each category is a separate and distinct bid. Bidders may submit bids on more than one category and may also combine bids on both categories. Each bidder shall, however, enter individual bids for each of the categories he is bidding. Refer to the work descriptions in Section 01010, SUMMARY OF WORK - BID PACKAGE NO. 3. Proposal categories are as follows:

- 1-1 Grading, Concrete & Masonry
- 1-2 Structural & Miscellaneous Metals
- 1-3 Roofing
- 1-4 Carpentry & Interior Finishes
- 1-5 Mechanical
- 1-6 Electrical

### OFFICIAL NOTICE TO THE CITIZENS OF THE CHARTER TOWNSHIP OF CANTON

OF PUBLIC HEARING TO CONSIDER APPROVAL OF A PROJECT PLAN AND THE ISSUANCE OF THE BONDS PROPOSED THEREIN AS SUBMITTED TO THE TOWNSHIP BOARD OF THE CHARTER TOWNSHIP OF CANTON BY THE ECONOMIC DEVELOPMENT CORPORATION OF THE CHARTER TOWNSHIP OF CANTON

#### FOR FORD LILLEY ASSOCIATES LIMITED PARTNERSHIP PROJECT

PLEASE TAKE NOTICE that pursuant to Act 338 of the Public Acts of Michigan of 1974, as amended, The Economic Development Corporation of the Charter Township of Canton has submitted a project plan to the Township Board for its approval.

Said project plan deals with the construction and equipping of a 73,000 square foot 3 building shopping center facility to be owned by Ford Lilley Associates Limited Partnership, to be used by Ford Lilley Associates Limited Partnership, and to be located on a project area or site described as follows:

The Westerly 600 ft. of Parcel Number One of the attached Boundary Survey excepting therefrom that part taken for the relocation of the Ford Road Right-of-Way.

Parcel 1 - Part of the Northeast 1/4 of Section 14, Town 2 South, Range 8 East, Canton Township, Wayne County Michigan. Described as beginning at a point on the North Line of Section 14 distant North 89° 20' 37" East 250.00 feet from the North 1/4 corner of Section 14, Town 2 South, Range 8 East, and proceeding thence along the North Line of Section 14, North 89° 20' 37" East 678.87 feet; thence South 00° 37' 09" West 600.00 feet; thence South 89° 20' 37" West 672.38 feet; thence due North 599.89 feet (recorded as 600.00 feet) to the point of beginning containing 9.30 acres. Subject to the rights of the public and of any governmental unit in any part thereof used, taken or deeded for street, road or highway purposes. Subject to Easements and Restrictions of Record.

The street address of the facility is 42043 Ford Road, Canton, Michigan. Said project plan details all information required by law relative to said project and its impact on the community. No persons will be displaced from the project area as a result of this project. Said project plan also proposes the issuance of revenue bonds by said Economic Development Corporation in a maximum principal amount not to exceed \$4,100,000 to assist in the financing of said project.

The Township Board will meet at 7:00 o'clock p.m., Eastern Standard Time the 11th day of November, 1986, at the Township Offices located at 1150 S. Canton Center Road, Canton, Michigan, and will conduct a public hearing.

The public hearing shall consider the advisability of the Township Board approving, modifying or rejecting by resolution said project plan and the issuance of bonds as proposed therein.

THIS NOTICE is given pursuant to the requirements of Sections 10 and 17 of Act 338, Public Acts of Michigan, 1974, as amended. The project plan and relevant maps or plats are available for inspection at the Township Clerk's office.

All interested citizens are encouraged and will be offered an opportunity at said hearing to address the Township Board concerning said project, said project plan, and the bonds proposed to be issued. Written comments may also be submitted to the Township Clerk prior to said hearing.

# CREATE YOUR OWN *Designer* ICED COFFEE

These designer iced coffees are sleek, sophisticated and super-easy because they're made with instant coffee. From left to right: Creamy Coffee Soda, Spiced Brazilian Coffee and Apricot Coffee Frost.

If you're one of those savvy people who feel most comfortable in unique, designer clothing, then you'll really be turned on by this collection of stylish, designer-inspired drinks. They're smart, they're sleek, they're sophisticated. And they're super-easy. Once your ingredients are assembled, you can combine them in minutes.

The two important points about these cool sippers are their good taste and their versatility. Serve them practically anytime! Add a scoop of ice cream or sherbet, if this suits your mood, and serve with spoons as well as straws.

The Creamy Coffee Soda, Mocha Milkshake, Spiced Brazilian Coffee and Apricot Coffee Frost make excellent substitutes for formal desserts. The Coffee Collins is a spirited, irresistible, any-time drink. Serve in tall, tall glasses or bold glass tankards. Lavish with whipped topping, if you like, and pass around a box of rich chocolates or indulgent cookies for added luxury. Now that's style!

## Spiced Brazilian Coffee

- 1 square unsweetened chocolate
- 2 cups regular or decaffeinated instant coffee
- 1/4 cup sugar
- 1 teaspoon cinnamon
- Dash of nutmeg or allspice
- 1-1/2 cups milk
- 1-1/2 teaspoons vanilla

Heat chocolate and coffee in saucepan over very low heat, stirring constantly until chocolate is melted and mixture is smooth. Bring to a boil, reduce heat and simmer for 2 minutes, stirring constantly. Add sugar and spices. Gradually stir in milk. Heat thoroughly, stirring occasionally. (Beat with rotary beater to blend, if necessary.) Remove from heat; add vanilla. Cool or pour over crushed ice in tall glasses. Top with whipped topping and chocolate curls, if desired. Makes 3 3/4 cups or 6 servings. NOTE: Recipe may be doubled.

## Coffee Collins

(not pictured)

- 2 teaspoons superfine granulated sugar
- 1 teaspoon regular or decaffeinated instant coffee
- 1 tablespoon water
- 1 egg white
- 1 ounce rum, vodka or gin
- Ice cubes or crushed ice
- Ginger ale, chilled

Combine sugar, instant coffee, water and egg white in small shaker or bowl. Shake or beat until coffee and sugar are dissolved. Stir in rum. Pour over ice in tall glass; fill glass with ginger ale and stir. Makes about 1 cup or 1 serving.

## Perfect Iced Coffee

(not pictured)

- 1/4 cup regular or decaffeinated instant coffee
- 4 cups water
- Ice cubes or crushed ice

Place instant coffee in pitcher or coffee server. Add a small amount of the water and mix well. Gradually add remaining water, stirring well. (This helps prevent excessive foaming.) Pour over ice in tall glasses. Serve with cream and sugar, if desired. Makes 4 cups or 4 servings.

For 1 serving, use 1 rounded teaspoon instant coffee and 1 cup water. For 16 servings, use 1 cup instant coffee (2-oz. jar) and 1 gallon water.

## Apricot Coffee Frost

- 1 cup milk
- 1 cup apricot or peach nectar\*
- 2 tablespoons sugar\*
- 1 tablespoon regular or decaffeinated instant coffee
- Ice cream

\*Or use pineapple juice and 1/4 cup sugar.

Combine milk, nectar, sugar and instant coffee in bowl. Beat with rotary beater or blend in electric blender until frothy. Top with scoop of ice cream and garnish with strawberry and peach, if desired. Makes about 2 cups or 4 servings.

## Mocha Milkshake

(not pictured)

- 1 cup cold water
- 2 teaspoons regular or decaffeinated instant coffee
- 1/2 teaspoon cinnamon
- 1 teaspoon vanilla
- 1 pint chocolate ice cream
- Ice cubes

Measure all ingredients into blender. Cover and blend 10 to 15 seconds. (Or beat all ingredients in mixing bowl with rotary beater.) Serve immediately over ice cubes in tall glasses. Makes about 2 2/3 cups or 3 or 4 servings.

## Creamy Coffee Soda

- 1-1/2 teaspoons regular or decaffeinated instant coffee
- 1 tablespoon sugar
- 1 tablespoon water
- 1/2 cup (about) ice cream
- 1/2 cup (about) club soda or ginger ale, chilled

Measure instant coffee and sugar into tall glass. Add water and stir until coffee and sugar are dissolved. Add ice cream, stir in soda and serve at once. Garnish with a stemmed maraschino cherry and mint sprig, if desired. Makes about 1 cup or 1 serving.

### CREATE YOUR OWN SPECIAL SIGNATURE DESIGNER COFFEES

Here are some special ideas that will make these coffees uniquely yours:  
**USE COFFEE ICE CUBES** — for more pronounced flavor. Use 1 tablespoon instant coffee per cup of cold water and stir. Pour into ice cube trays and freeze.  
**VARY YOUR SWEETENERS** — try honey, brown sugar, maple syrup, grenadine syrup. For after-dinner iced coffee drinks, add a splash of liqueur — creme de cacao, for instance.  
**GARNISH WITH GLAMOUR** — your own little touches add individuality and charm — a sprig of mint, a slice of fruit on the rim of the glass, a whole, ripe strawberry on a skewer, a dollop or two of whipped topping.  
**USE STYLISH GLASSWARE** — while the traditional iced coffee glass is a tall, slim one, use a variety of smart-looking glassware — big glass mugs, double old-fashioned glasses, oversized balloon glasses, tall champagne flutes.

# 2,000 varieties of cheese tempt many palates

Cheese has been one of the most popular nutritious foods for people from the high Himalayas to the Sahara region. According to legend, cheese was "discovered" thousands of years before Christ by a traveler who placed milk into a pouch made of a sheep's stomach to carry with him.

During the journey, the sun's heat and the enzymes in the lining of the stomach pouch changed the milk into curds of cheese and whey. Changes and improvements have produced countless varieties of cheese that range in texture from soft to hard and in flavor from mild to sharp.

Various kinds of cheese are known by more than 2,000 names; however, some differ only slightly.

Many similar cheeses are named for the localities where first produced. For example, cheese with visible veins of blue-green mold was named roquefort because it was made in the village of Roquefort, France. In Italy, a similar cheese was named for the town of Gorgonzola and in England for the town of Stilton.

French roquefort is made from the ewe's milk in the Roquefort region, while bleu cheese is made from other than ewe's milk elsewhere in France; in the United States and Canada it is blue cheese.

In the United States, prior to 1851, cheese was made on farms for the family and for sale in nearby towns. In Rome, New York, cheese-making changed from a family art to a great industry when the first factory was built and began producing cheddar cheese. Through the application of controlled scientific methods, American cheese-makers have successfully manufactured virtually all types of cheese and have created distinctive, original, domestic varieties such as brick, colby, and Monterey.

CHEESE IS defined as the fresh or matured product obtained by draining the whey after coagulating casein, the major protein in milk. The casein is coagulated by

acid from selected microorganisms and/or by milk-clotting enzymes added to milk.

The resulting curd is cubed, cut, heated, drained, and salted. Fresh, or uncured, cheese, such as cottage and cream, can be eaten immediately.

The drained curds may be "knitted" or "stretched" prior to salting. Manipulation of the drained curd affects texture of cheese.

Ripening, or curing, of the knitted or stretched curd includes exposure to a temperature-humidity controlled environment for a specified length of time. Changes during curing are brought about by specially selected enzymes, bacteria, mold, yeast, or combinations of these added curing agents in or on the cheese.

During ripening, nutrients, such as protein, fat, and carbohydrate (lactose), are changed to simpler compounds that produce the characteristic flavor and affect the final texture of the cheese.

Various kinds or combinations of milk are used in making specific types of cheese. For example, cottage cheese curds are made from skim milk, cheddar cheese from whole milk, cream cheese from milk plus cream, and swiss and edam from mixtures of whole and skim milk. Most cheese produced today is made from heat-treated or pasteurized milk.

CHEESE IS a concentrated source of many of the nutrients of milk. It contains the protein, vitamin A, riboflavin and the mineral calcium.

Recent U.S. government surveys have shown that many Americans are consuming less than the recommended amount of calcium. A prolonged calcium deficiency may lead to serious health problems. One is osteoporosis. It is a painful, crippling bone disease that affect at least 15 million Americans.

The cause of high blood pressure is complex. But, there is increasing evidence that one significant factor in its development is a shortage of calcium in the diet.

# Apple a day is healthy advice

Good news for people who reach for an apple when they're running short of energy. Doctors and dietitians agree that there's a great deal of merit to the old adage "an apple a

day keeps the doctor away." According to clinical nutritionist June Roth, the best advice for a healthy body is "to treat yourself to an apple every day." The apple is

low in calories and high in fiber. Health experts find the apple to be a good defense against the stresses of today's lifestyles.

Because apples contain complex carbohydrates, Roth says, they are metabolized more slowly than simple sugars. "Apples are guaranteed to give you high energy for at least two hours after eating," she notes. The old-fashioned technique of getting an energy boost mid-morning or mid-afternoon by having coffee and something sweet "will only let your body down fast after a quick fix."

Apples' pectin content is a very valuable asset, according to Barbara Haas, a Washington, D.C., nutritionist. "Stress produces cholesterol in the body," she observes. "The pectin lowers cholesterol - you'll feel better and may live longer feeling better if you use fruit to stay healthy."

The bulk fiber in apples can also aid the body's natural processes and help reduce the chances of getting colon cancer or other digestive tract problems. For weight watchers, one

apple contains only 80 calories, one milligram of sodium, and no cholesterol. Apples provide vitamins A and C, calcium, potassium, and phosphorus.

Part of the popularity of apples stems from their convenience. Busy people find it easy to pack an apple into a brown bag or a briefcase.

"I can tell people what to eat, but I can't make them eat it," says Susan Foresman, a nutritionist and recipe development expert. "But they naturally turn to something that is sweet and crunchy." Nowadays, fresh apples are even appearing as an alternative dessert in delicatessens and fast food restaurants.

Dr. Philip Maiese is a dentist who also practices what he preaches. He eats apples "every day to cleanse my gums and keep my front and back teeth strong."

"Of course, a health-conscious cook can sneak an apple into any course," Foresman laughs. "When I serve sandwiches to guests, I always garnish them with a few apple slices. It's healthier than potato chips and prettier, too!"

# Suburban Life

Julie Brown editor 459-2700

Monday, October 20, 1986 O&E

(P.C.)C

Canton's Rosemary Smith is teaching the etiquette class for children. The new class is offered by Plymouth-Canton Community Education, a service of the Plymouth-Canton Community Schools.

photos by BILL BRESLER/staff photographer

Learning about good telephone manners is fun for Sarah Goldsmith.

## Manners

### Common courtesy helps kids

By Julie Brown  
staff writer

**J**UST A little bit of courtesy can do wonders. Children who learn the basics of good manners get off to a good start, according to Canton's Rosemary Smith.

"As they grow up, they feel a little more self-assured."

Smith is teaching a class, "Etiquette Fun for the Young," offered by Plymouth-Canton Community Education. The new class for 6-8-year-olds meets Wednesday afternoons at Plymouth Canton High School.

A total of 11 students are in the class, all of them girls.

"I'm quite surprised," said Smith, who had expected some boys to take the etiquette class, which began in early October.

During a recent class session, Smith got things started by asking the youngsters just what purpose good manners serve.

"It makes life a little easier," she said.

Although the children managed to answer the questions, their thoughts

did wander a bit.

**SOME SQUIRMED** in their seats and gave answers that were humorous, although not necessarily rude. Throwing food, for example, was considered rude by the girls; passing food at the table was preferable.

"Why is it important to say 'Excuse me?'" Failing to do so hurts people's feelings, Smith said.

"It leaves a bad feeling, right?"

Smith explained that it's best not to laugh when someone falls off a chair. An inquiry about the person's health and well-being will be much appreciated, although snickering will not be.

"The point is everybody does something embarrassing sometimes."

The girls also practiced answering and speaking on the telephone. The question of just how to handle collect calls was a tough one for the class.

"In other words, you have to think and you have to listen," Smith said.

Crank calls, sales calls and emergency calls were also covered during the class session. The girls learned that it's best to ask "May I ask who is calling?" rather than the blunt

"Who's this?"

Taking telephone messages was also a part of the class activity. The girls learned that it's best to avoid dialing the numbers shown in television commercials. Doing so can end up costing too much money, Smith said, creating needless headaches for parents.

"Your parents will have the final say-so, if you can buy it."

**THE GIRLS** also learned how to handle wrong numbers and practiced giving and accepting invitations by telephone.

The homework for the day was writing a thank-you note. Other topics covered during the 10-week class include table manners, company etiquette and more.

Smith has taught similar material to Girl Scouts.

"I enjoy working with them," she said of the youngsters.

Learning about good manners gives children's self-esteem a boost, she said. It gives them self-assurance, helping them learn how to deal with other children and with adults.

"They feel comfortable knowing what to do."

Rachel Dory practices answering the telephone the right way.

These phones aren't working, but they're put to good use during the "Etiquette Fun for the

Young" class at Plymouth Canton High School.
